Chapter 1081 - Normal attack to detoxify!

Lin Tianhao's face darkened, his gaze sweeping over the Dean of the Hundred Mile Academy and the Sect Master of the Yin Yang Joyous Union Sect, among others.

"I've already made it very clear, nothing will happen."

"Moreover, if I really wanted to kill the Dean of the Hundred Mile Academy, he would already be dead, and wouldn't have lived to this day."

At this point.

Lin Tianhao paused slightly before continuing in an icy tone:

"I'm leaving now, if you think you can stop me, then you are welcome to try!"

Lin Tianhao really felt like he was giving them too much respect.

He tried to talk nicely, but none of them took him seriously.

The Sect Master of the Yin Yang Joyous Union Sect smiled wryly:

"Snow Emperor, isn't the Ancient God Mystic Realm about to open in a few days... ..

"At this crucial moment, everyone just hopes to avoid unnecessary complications, please don't misunderstand."

Lin Tianhao waved his hand and said:

With that.

Lin Tianhao summoned the Kunlun Mirror and returned to the Sand Sea Poison City once again.

Seeing Lin Tianhao return so quickly, the bamboo hat man was slightly surprised, but he didn't say a word.

After Lin Tianhao entered the Sand Sea Poison City, the Poison Emperor Guardian immediately followed.

“Snow Emperor, have you found a way?”

In such a short time, if it were anyone else, it might not be worth anticipating.

But after interacting with Lin Tianhao during this time, the Poison Emperor Guardian's regard for Lin Tianhao had been steadily increasing.

“I got some trinkets from the hands of several Holy Land Lords, I don't know if they will be useful, I came to try them.”

Hearing this.

The Poison Emperor Guardian's eyes lit up.

The things taken from the hands of the Holy Land Lords must have some effect, it's just that he didn't know exactly how effective they would be.

He came to the inky black poison crystal again.

Lin Tianhao took out the Profound Treasure Poison Pearl and carefully placed it in front of the inky black poison crystal.

“Boom—”

Almost the moment the Profound Treasure Poison Pearl touched the inky black poison crystal, it exploded directly.

“This... ..

Lin Tianhao originally had a glimmer of hope, but now it seemed that he was thinking too simply.

Since the Profound Treasure Poison Pearl was useless, then he would try something else.

Nine Transformation Poison Dissolving Pill!!

Lin Tianhao placed the Nine Transformation Poison Dissolving Pill in front of the inky black poison crystal.

Only three "sizzling" sounds were heard, and the Nine Transformation Poison Dissolving Pill had already been corroded to dust.

This difference... ..

Was a bit too big.

At least there were three "sizzling" sounds, so it probably resolved a tiny bit of the poison.

Next.

It was the Nine Grade Poison Dispersing Needle!!

To be honest.

Among the things he got from the Sect Master of the Yin Yang Joyous Union Sect and the others this time, Lin Tianhao had the highest expectations for this Nine Grade Poison Dispersing Needle.

Because this thing disperses the poison, rather than absorbing it.

Absorption has an upper limit, but dispersing is different.

Lin Tianhao stood the Nine Grade Poison Dispersing Needle on top of the inky black poison crystal.

Sure enough.

A large amount of poisonous liquid spread out.

Seeing this scene.

Both Lin Tianhao and the Poison Emperor Guardian smiled.

“It's working!!”

If the inky black poison crystal could be transformed into poisonous liquid, it would be much easier to deal with.

But the smiles of Lin Tianhao and the Poison Emperor Guardian had just appeared when they froze on their faces.

The reason was none other.

The Nine Grade Poison Dispersing Needle also exploded.

Lin Tianhao and the Poison Emperor Guardian looked at each other, both with a look of helplessness in their eyes.

“It seems like none of them are working.”

Lin Tianhao smiled bitterly and took out the tortoise shell that the Dean of the Hundred Mile Academy had given him.

To be honest.

Since the previous items had no effect, even if this tortoise shell could absorb ten times the poison of the Profound Treasure Poison Pearl, how much could it absorb?

But being able to absorb a little was still something, so Lin Tianhao was prepared to try it.

Thinking like this.

Lin Tianhao carefully placed the tortoise shell on top of the inky black poison crystal.

“Boom—”

Without any suspense, the tortoise shell that the Dean of the Hundred Mile Academy had given him also exploded directly.

“Useless.”

The Poison Emperor Guardian shook his head, his expression somewhat dim.

Lin Tianhao chuckled and said:

“Actually... .. I still have a method, it might be useful, but there is also a high probability that it won't be.”

Since life force can dissolve poison, what about attacks?

For example... ..

His Feather Arrows!!

If he used the rules of Heavenly Punishment Lock to lock onto this inky black poison crystal, would his Feather Arrows be able to hit this inky black poison crystal, and would they be able to dissolve the poison in the inky black poison crystal?

In any case, he would know the answer by trying.

With this in mind.

Lin Tianhao took out the Novice Longbow.

“Swish swish swish—”

The Feather Arrows streaked across the sky, accurately hitting the inky black poison crystal.

However.

The moment Lin Tianhao's Feather Arrows hit the inky black poison crystal, they were corroded by the poison and dissipated into the void.

Lin Tianhao didn't stop attacking, he even unleashed Three Heads Six Arms and Arrows from the Heart, pushing his Feather Arrow attacks to the extreme.

“Swish swish swish—”

The Feather Arrows fell on the inky black poison crystal like a meteor shower.

The Poison Emperor Guardian watched from the side.

Not only him, but the huge Flood Dragon head also stretched out, staring at Lin Tianhao attacking the inky black poison crystal.

The more Lin Tianhao attacked, the tighter his brow furrowed.

His attacks were already very strong, but the inky black poison crystal didn't even budge.

When he was in the Dragon Cave, he used Heavenly Punishment Lock to destroy the buildings of the Dragon Cave.

But today, he had tried his best, yet the inky black poison crystal still didn't budge.

“It seems useless.”

The Poison Emperor Guardian frowned and spoke.

He actually hoped it would be useful, but he couldn't feel any reduction in the poison contained in the inky black poison crystal at all.

Lin Tianhao was slightly disappointed. If this method didn't work, it would be troublesome for him to dissolve the poison in the inky black poison crystal, it would be a super big trouble.

Not to mention anything else.

Just looking at the things that the Dean of the Hundred Mile Academy and the Sect Master of the Yin Yang Joyous Union Sect took out, they were so insignificant in front of this inky black poison crystal.

If he were to collect things like Profound Treasure Poison Pearls to dissolve the poison, how many would he need?

Would ten thousand Profound Treasure Poison Pearls be enough? Probably not!!

Perhaps even one hundred thousand Profound Treasure Poison Pearls might not be enough.

“Don't stop, it's working.”

At this moment.

The huge Flood Dragon head spoke, its voice huge, directly exploding in Lin Tianhao's mind.

Chapter 1082 - Ink girl!

Lin Tianhao's eyes lit up. He himself had just felt it was useless.

But he didn't expect things could take a turn for the better.

If his normal attacks could dissolve the toxins in the dark-colored poison crystals, it would be much easier to solve.

“We also tried attacking before, but our attacks couldn't even dissolve the venom...”

The Poison Emperor Guardian frowned, as he hadn't felt any weakening of the dark-colored poison crystals.

Before the black Flood Dragon could explain, Heitian Aozhen appeared beside Lin Tianhao.

"It's because of the level of power. My lord's power level is very high. If these dark-colored poison crystals don't dissolve my lord's attacks, they will be shattered."

"It... is consciously resisting."

Hearing this.

The Poison Emperor Guardian and the black Flood Dragon both showed incredulous expressions.

"Senior Nidelief had said before that the Sand Sea Poison Emperor shouldn't be put to sleep by toxins."

"Could you come out and meet us."

Lin Tianhao was lost in thought, and couldn't help but retreat behind Heitian Aozhen.

He had personally experienced how outrageous these dark-colored poison crystals were.

If these dark-colored poison crystals really had a problem and suddenly attacked him, then he would really be depressed.

It wouldn't be a big deal if he died, after all, he could be resurrected.

If the Dean of Baili Academy died, and the Ancient God Secret Realm was about to open, who knew how long they would have to wait.

Just as Lin Tianhao retreated behind Heitian Aozhen, poisonous mist diffused from the dark-colored poison crystals.

These poisonous mists quickly gathered into a human figure.

This was a young girl with a dark green body. After she appeared, her gaze was fixed on Lin Tianhao.

Lin Tianhao felt a little hairy from her gaze. Could it be that she was angry because he had been shooting at her just now!

But this was completely a misunderstanding!

He didn't know that these dark-colored poison crystals were conscious.

If he had known earlier, he could have negotiated with the dark-colored poison crystals.

There was no need to resort to violence for things that could be solved amicably, that would be too hurtful.

"Who... are you?"

The dark-colored girl stared at Lin Tianhao and asked with some clumsy speech.

Lin Tianhao raised his eyebrows and smiled:

"Who am I? I am the Snow Emperor."

"No."

The dark-colored girl shook her head, "I... I seem... to have seen... you."

The dark-colored girl spoke intermittently, seemingly because she hadn't spoken for too long and was still unable to say a complete sentence fluently.

“You've seen me? Where?” Lin Tianhao asked subconsciously.

He had returned after being reborn, and although he had been to many places, in the end, they were all in the Vast Continent.

Even the Mocha Latin Great Desert he was in now, or the Endless Sea and Overseas Lands he had been to before.

Strictly speaking, they all belonged to the Vast Continent's territory.

If he had to say that he had been to a very far place, it should be the Godslayer Academy.

Because the Godslayer Academy didn't seem to be in the Milky Way World.

But.

In all the places he had been to, Lin Tianhao had no impression of these dark-colored poison crystals.

“I don't remember.”

Seemingly having adapted to speaking, the dark-colored girl's speech began to flow smoothly.

“That was a long, long time ago. At that time, I wasn't in the Milky Way World yet. It was you... who brought me here.”

Lin Tianhao was stunned, pointed at himself, and asked with a look of astonishment:

“No, the information in your words is a bit too much.”

“Not to mention how long you've been in the Milky Way World, just the time you've been in this Sand Sea Poison City, at that time, I wasn't even born yet.”

Lin Tianhao said with certainty, because even if he added his age from his previous life, it was impossible for him to be the one who brought the dark-colored girl to the Milky Way World.

The dark-colored girl stared at Lin Tianhao for a long time again, “The appearance can't be wrong, your ability... shouldn't be able to disguise in front of me.”

Lin Tianhao frowned slightly, “Then that's an accident. My appearance changed when I entered the Twilight of the Gods.”

If the appearance in the game was exactly the same as the appearance in real life, that would be terrible. Then they, these high-level players, could be killed offline at any time.

The dark-colored girl shook her head. She still stared at Lin Tianhao and said:

“I'm looking at your bone structure, not your facial features.”

“There are a thousand people with a thousand faces, and the bone structure is the same. I've seen many people, and your bone structure is the most special.”

“What's so special about it?” Lin Tianhao asked.

The dark-colored girl looked at Heitian Aozhen, then looked at the Poison Emperor Guardian and the black Flood Dragon, and finally shook her head.

“Some things can't be said now.”

Lin Tianhao frowned slightly, "You're not trying to fool me, are you."

At this point.

Lin Tianhao changed the subject, "But what you said is not important, what's important is, I want to revive the Sand Sea Poison Emperor, can you help?"

If a problem can be solved by negotiation, then solve it by negotiation.

"The Sand Sea Poison Emperor voluntarily fell into slumber, it has nothing to do with me. If he wants to wake up, he can wake up at any time."

Lin Tianhao was slightly stunned. A powerhouse at the Great Emperor realm would actually take the initiative to fall into slumber.

The Poison Emperor Guardian directly denied the dark-colored girl's statement and rebuked:

"Nonsense, the Poison Emperor wanted to become a Saint back then, but you say that he wanted to fall into slumber himself."

"I'm not lying."

The dark-colored girl was very calm, "If you don't believe me, you can try and see if you can wake him up."

As soon as the words fell.

The dark-colored crystals actually began to peel off from the Sand Sea Poison Emperor's body.

The Sand Sea Poison Emperor's body was presented in front of Lin Tianhao.

Lin Tianhao frowned slightly. The Sand Sea Poison Emperor still had his eyes closed, with no sign of waking up.

“Poison Emperor.”

The Poison Emperor Guardian called out softly, wanting to try and wake up the Sand Sea Poison Emperor.

“Poison Emperor, I'm Little Seven, wake up, open your eyes and look at us.”

The Sand Sea Poison Emperor didn't respond to the Poison Emperor Guardian's call, he was still lying in the void like a corpse.

The black Flood Dragon approached the Sand Sea Poison City, his face a little ugly.

“The dark-colored poison crystals in the Poison Emperor's body are indeed gone, his vitality has always been there...”

The black Flood Dragon didn't continue.

Because if he continued, there would only be one conclusion.

That is, the Sand Sea Poison Emperor really chose to fall into slumber himself.

“Why would the Poison Emperor choose to fall into slumber?”

The Poison Emperor Guardian asked in confusion.

“Trapped by love.”

The dark-colored girl said faintly, “What is love in this world, that it teaches people to promise life and death to each other.”

The corners of Lin Tianhao's mouth twitched. Talking about love, wasn't that a waste of time?

Who in their right mind would fall in love, they usually went straight to the point.

Chapter 1083 - Exploding, love between personalities!

“Beset by love?! ”

The Poison Emperor's guardian widened his eyes, “How would I know? I am the Poison Emperor's most loyal guardian. I should know everything about the Poison Emperor.”

The ink-colored girl shook her head and said:

“There are many things you don't know, for example... do you know that your Poison Emperor has seven personalities?”

The black dragon pondered and said:

“I've noticed something, but what does that have to do with him being beset by love?”

The Poison Emperor's guardian also nodded, “This is the Poison Emperor's dark history. Some people know about it, but basically no one discusses this issue.”

“There's nothing wrong with discussing multiple personalities, right?” Lin Tianhao said.

The Poison Emperor's guardian hesitated, and even the black dragon's expression became somewhat unnatural.

The ink-colored girl's lips curled up slightly, and a smile appeared on her face.

“The Sand Sea Poison Emperor is male, but among his seven personalities, two are female personalities...”

The corner of Lin Tianhao's mouth twitched. He couldn't have heard wrong, right?

Among the seven personalities, two are female personalities?

This is really outrageous to the extreme.

Whether in the Twilight of the Gods or in the real world, Lin Tianhao had more or less heard of and seen some people with multiple personalities.

But their multiple personalities are often the same gender as the main personality.

As for someone like the Sand Sea Poison Emperor, with seven personalities, two of which are female, this was the first time he had heard of it.

“Wait!!!”

Lin Tianhao widened his eyes, a crazy idea emerging in his mind.

“You wouldn't be saying that the Sand Sea Poison Emperor's personalities are in love with each other, would you?”

The ink-colored girl nodded slightly, “Inconceivable, but that's the truth. I was shocked for a long time when I found out.”

The Poison Emperor's guardian and the black dragon didn't step out to refute anything.

“This is a big piece of gossip.”

Even Hei Tianao couldn't help but laugh.

This was gossip about a Great Emperor-level powerhouse.

“The Sand Sea Poison Emperor has already immersed himself in his own personality world. His seven personalities are currently dealing with the relationship between them.”

“If this relationship is not handled well, the Sand Sea Poison Emperor will most likely not awaken.”

Lin Tianhao's expression instantly fell.

He originally thought he was only one step away from reviving the Sand Sea Poison Emperor.

But now, he was actually being told this.

“Unless you can enter the Sand Sea Poison Emperor's personality world and awaken him within it.”

Lin Tianhao raised his eyebrows slightly, “That's not impossible, but how can I enter the Sand Sea Poison Emperor's personality?”

“That's the problem.”

The ink-colored girl sighed and said:

“An ordinary person has no chance of setting foot in the personality world of a Great Emperor.”

Lin Tianhao frowned. It was really hard for him to accept this kind of thing happening just as he was about to complete the task.

“What about you?”

Lin Tianhao looked at the Poison Emperor's guardian and the black dragon.

They had followed the Sand Sea Poison Emperor for many years, they might have a solution.

“We don't know either.”

The Poison Emperor's guardian said helplessly, “If this ink-colored girl hadn't said so, we probably wouldn't even know these things.”

“I'm not an ink-colored girl, I'm called the Heavenly Ink Witch.” The Heavenly Ink Witch said.

Nidleyth hesitated and said:

“The personality world is a very special existence. Although it's not as ethereal as the imagined world, it's not something ordinary people can touch.”

“Don't talk about mortals, even gods find it difficult to set foot in other people's personality worlds.”

Having said that.

Nidleyth changed the subject and continued:

“But, there are no absolutes in the world. Although we cannot enter the Sand Sea Poison Emperor's personality world, we can instill thoughts in him, make him give up love, and then awaken.”

“That is, the forced awakening method!!”

“This method can be used when someone is possessed or when their body is occupied by another personality. It's very effective.”

Hearing this.

Lin Tianhao's eyes lit up.

That was great.

“That's not bad, what should I do?” Lin Tianhao asked.

“Find a dream weaver, a powerhouse at the Great Emperor level. You should at least look for a dream weaver above the King level.”

Lin Tianhao frowned slightly. Dream weavers were already rare sub-occupations.

Among the major sub-occupations, although dream weavers were not as consistently popular as alchemists and artifact refiners, this sub-occupation was extremely helpful to adventurers.

It was difficult to comprehend the Dao.

But if they were powerful dream weavers, they had the ability to pass on some laws to you in the form of dreams.

Thus making the originally extremely difficult path of comprehending the Dao extremely easy.

Lin Tianhao raised his eyebrows slightly and began to think about the dream weavers of the Vast Continent.

To be honest.

It was difficult to find even a handful of King-level professionals in a place like the Vast Continent, let alone a King-level dream weaver.

That was a super rare commodity among rare commodities.

“I can only try to find one.”

Lin Tianhao was somewhat depressed after coming out of Sand Sea Poison City.

Because the problem that could have been solved with ordinary attacks had now become troublesome.

After coming out of Sand Sea Poison City, Lin Tianhao returned to the Mortal Palace as soon as possible.

Seeing Lin Tianhao return.

The Dean of Hundred Li Academy, the Sect Master of Yin Yang Joy Sect, and others breathed a sigh of relief.

Although Lin Tianhao said that nothing would happen when he left, they really didn't know if nothing would really happen.

Especially the Dean of Hundred Li Academy, he was playing with his life with Lin Tianhao.

“Snow Emperor, I wonder if the things we gave you were useful?” the Sect Master of Yin Yang Joy Sect asked.

Lin Tianhao smiled bitterly, “They all exploded.”

Hearing this.

The Sect Master of Yin Yang Joy Sect was stunned for a moment.

The Dean of Hundred Li Academy asked suspiciously from the side:

“Even the tortoise shell I gave you exploded?”

“They all exploded.” Lin Tianhao said.

The Dean of Hundred Li Academy sighed, “Snow Emperor, if that's the case, I suggest you give up. We can't handle this level of poison.”

Hearing this.

Lin Tianhao couldn't help but frown and said:

“Although your things were useless, I found other ways to solve it.”

Having said that.

Lin Tianhao paused slightly before continuing:

“But I encountered a new problem and need a dream weaver.”

The Dean of Hundred Li Academy smiled and said:

"You came to the right person when you came to me. Our Hundred Li Academy has a dream weaver, and he is a Grandmaster-level dream weaver."

As the Dean of Hundred Li Academy's voice fell, Nidleyth's voice sounded in Lin Tianhao's mind.

"Useless, the gap is too big. A King-level dream weaver might be useful, but don't even consider a Grandmaster-level one."

Chapter 1084 - King-level dreamer: Great Dream Hunter!

Lin Tianhao shook his head, "Dean Baili, a grandmaster-level Dream Master isn't enough. At the very least, it needs to be a King-level Dream Master, preferably an Emperor-level, or even a higher grade Dream Master."

Upon hearing this.

The Dean of Baili Academy spread his hands, "If you say that, then I really can't help you."

"King-level?!"

"And a rare sub-class like Dream Master, are you dreaming?"

"No, anyway, I, Baili Xiayue, have lived quite a long time, and a King-level Dream Master is unheard of."

"Perhaps the Central Continent has them, but given the current situation of the Central Continent, I don't recommend you go."

Lin Tianhao couldn't help but rub his forehead.

As expected!!

None of these tasks to revive an empire are simple.

He originally thought that reviving the Mo Kesha Kingdom was a lucky find, but he didn't expect it to be so troublesome.

Just as Lin Tianhao was about to ask the Lord of the Heavens.

The Master of the Demon蛟 Cave Mansion smiled and said:

"Dean Baili, just because you haven't heard of it, doesn't mean it doesn't exist."

Lin Tianhao's eyes lit up, and he looked at the Master of the Demon蛟 Cave Mansion, "Do you have news of a King-level Dream Master?"

The Master of the Demon蛟 Cave Mansion nodded with a smile, "In our Demon Flame Sea Territory, there is a King-level Dream Master."

"How can I find her?" Lin Tianhao asked.

The Master of the Demon蛟 Cave Mansion spread his hands, "I know where she lives, but she has a strange temper and is difficult to talk to."

"Most importantly, she is very strong. If you provoke her, you will be in big trouble."

Lin Tianhao raised his eyebrows slightly and said:

"Now is the time when the arrow is on the string and must be fired. Besides, I'm going to ask her for help, so I won't conflict with her."

Hearing this.

The Master of the Demon蛟 Cave Mansion looked at Lin Tianhao with suspicion.

To be honest.

He didn't quite believe Lin Tianhao.

Based on his understanding of Lin Tianhao, he felt that if Lin Tianhao couldn't reach an agreement with this King-level Dream Master, the probability of them fighting was very high.

And as Lin Tianhao's guide, he would likely be targeted by that King-level Dream Master.

Lin Tianhao saw through the little thoughts of the Master of the Demon蛟 Cave Mansion at a glance.

"As long as you take me to see this King-level Dream Master, regardless of whether she helps me or not, I can take you into the Ancient Mystic Realm in the first batch."

Upon hearing this.

The Master of the Demon蛟 Cave Mansion agreed almost without hesitation.

"No problem, I'll take you there now."

"If we are fast enough, we can arrive in six or seven hours."

Lin Tianhao nodded, "You tell me the direction, and I'll give you a ride."

Lin Tianhao had basically been to most of the coastlines connecting the Vast Continent.

Whether it was the Xitu Empire coastline, the Underworld Sea Territory, or the Endless Sea Territory, Lin Tianhao had been there.

"Towards the Underworld Sea Territory."

The Master of the Demon蛟 Cave Mansion said.

Lin Tianhao raised his eyebrows slightly, but didn't say anything. He directly summoned the Kunlun Mirror and took the Master of the Demon蛟 Cave Mansion to the Underworld Sea Territory.

Starting from the Underworld Sea Territory, Lin Tianhao and the Master of the Demon蛟 Cave Mansion traveled in the ocean for more than three hours, and finally arrived at a sea area burning with black flames.

"Ahead is the Demon Flame Sea Territory."

The Master of the Demon蛟 Cave Mansion continued to lead Lin Tianhao forward.

Before long.

The Master of the Demon蛟 Cave Mansion arrived in front of a cave mansion.

"Great Dream Cave Mansion?"

Lin Tianhao raised his eyebrows slightly. The Master of the Demon蛟 Cave Mansion respectfully came to the front of the Great Dream Cave Mansion and bowed respectfully towards the inside of the Great Dream Cave Mansion.

"Sister Great Dream, are you there?"

"Speak your business, don't ask if I'm here!!"

An impatient voice came from the Great Dream Cave Mansion.

"Yes, yes, yes, this person beside me is Emperor Xue, the Master of the Mortal Palace, and also the current ruler of the Vast Continent."

"I know, the guy who sealed the Vast Boundless Palace, what... are you here today to recruit me?"

Lin Tianhao stepped forward and also bowed respectfully.

"Senior Great Dream, if you are willing to join the Mortal Palace, this junior would be delighted."

"However, this junior has something he wants to ask Senior Great Dream to help with today."

Hearing this.

The stone door of the Great Dream Cave Mansion opened, and a woman as fat as a ball appeared in Lin Tianhao's sight.

She was also holding dried small fish in her hand, eating one piece at a time, and eating it with relish.

"I can help you, but what can you give me?"

Lin Tianhao raised his eyes and looked over.

Great Dream Hunt (Emperor-level): Pseudo-God.

Health Points: ???

Attack: ???

Skills: ???

Lin Tianhao was slightly surprised, Great Dream Hunt?

This name is a bit strange.

Especially.

Emperor-level Pseudo-God!!

This grade is a bit higher than Lin Tianhao imagined.

"What do I want? Of course, the more things I want, the better." Great Dream Hunt said.

"You are the Master of the Mortal Palace, just give me one or two treasures to improve my grade."

Lin Tianhao: ???

Just give?

Are you even human!!

Lin Tianhao himself is very short of treasures to improve his grade, and he has to give one or two to others.

"Emperor Xue, what is that expression on your face? My appearance fee has always been very expensive. In the Vast Continent and its surrounding areas, you shouldn't be able to find other King-level Dream Masters besides me."

This big fatso looks silly, but she is not stupid at all!

She is very clear about her own scarcity, so she wants to blackmail Lin Tianhao.

"I don't have that." Lin Tianhao shook his head.

"Then help me raise my grade to the Semi-Emperor realm. That shouldn't be too much, right?"

Lin Tianhao said with a dark face:

"Semi-Emperor realm? I myself am not at the Semi-Emperor realm, how can I help you raise it to the Semi-Emperor realm."

Great Dream Hunt shook her head, "You can't give this, and you can't give that, then tell me, what can you give me?"

Lin Tianhao pondered for a while and said, "I can give you a Great Emperor Dream."

A key to improving the grade of a Dream Master is to have stronger people let them dream, to give them experimental subjects.

Therefore.

Lin Tianhao finding a Dream Master to give the Sand Sea Poison Emperor a dream is naturally an attractive thing.

It's like... seeking a child with a lot of money!

Even if there is no money, as long as the object of seeking a child is fair-skinned and beautiful, it is okay to pay some money.

And an Emperor-level powerhouse that can be dreamed of is no different from a fair-skinned, beautiful, long-legged beauty for a Dream Master.

Even the temptation is more than that.

Sure enough.

After Great Dream Hunt heard that it was someone at the Great Emperor realm, her expression changed instantly.

"Cough cough."

"The person you are looking for me to dream of is a powerhouse at the Great Emperor realm? If that's the case, then I can offer a discount."

Lin Tianhao shook his head and said:

"No, I want it for free. Not only that, but you must also help a few of my friends dream and improve their level of law."

Chapter 1086 - The only way: enter the world of personality!

Da Meng Hunting took a deep breath, his expression somewhat solemn.

"To be honest, I don't even have a 10% certainty. The situation with the Sand Sea Poison Emperor is much more troublesome than I imagined."

“Let's put it this way.”

“Ordinary people's split personalities are like several personalities in a small house, or at most a building.”

“But the Sand Sea Poison Emperor's current personality world is comparable to a small world. His seven personalities are like the protagonists of this small world, managing their own lives here.”

Lin Tianhao's expression changed slightly. A personality world comparable to a small world?

This was a bit too terrifying.

“Then what do we do?”

The Poison Emperor Guardian couldn't help but ask.

They had already found a King-level Dream Weaver, but they didn't expect things to still be so troublesome.

Da Meng Hunting pondered slightly, “There are currently only two methods.”

“The first is to forcibly enter the Sand Sea Poison Emperor's personality world, but what I want to tell you is that in the Sand Sea Poison Emperor's personality world, everything you originally possessed will disappear.”

“You will appear in the Sand Sea Poison Emperor's personality world with any possible identity. All I can do is make the people who enter as strong as possible.”

Lin Tianhao frowned slightly, “What about the other method?”

The Sand Sea Poison Emperor possessed his own personality world. It would be too dangerous for him to rashly enter it.

Because Nidelle Fu had just told Lin Tianhao that if he was killed in the Sand Sea Poison Emperor's personality world, the best outcome would be a loss of one-third of his soul power.

If it was serious, the soul power could be reduced by more than half in one breath.

This was a permanent loss. Although it wouldn't lead to complete death, the price was indeed not small.

Da Meng Hunting spread his hands, helplessly saying:

"You shouldn't even ask about the second one. The second method is to forcibly awaken the Sand Sea Poison Emperor, but I can't do it. Emperor-level Dream Weavers probably can't do it either. As for God-level Dream Weavers, you probably can't find one."

"Don't even mention the vast mainland, even looking at the entire Divine Continent, it's almost impossible to find a God-level Dream Weaver."

"Because God-level Dream Weavers can't improve any further in this Divine Continent. If God-level Dream Weavers appear, they are likely to go to the God Realm."

Lin Tianhao was silent.

It was said to be a choice between two, but he seemed to only have one choice left.

Gamble with at least one-third of his maximum soul power to revive the Sand Sea Poison Emperor!!

Was this worth it?

Lin Tianhao was silent, he really didn't have an answer in his heart.

"I need to consider it."

Although the success would bring huge gains, the consequences of failure were not something he could bear.

"I'll go in."

The Poison Emperor Guardian took the initiative to stand up.

"And for the Sand Sea Poison Emperor's personality world, I can only allow one outsider to exist in his personality world."

After hearing Da Meng Hunting's words, Lin Tianhao instantly felt that it was dangerous to let the Poison Emperor Guardian enter the Sand Sea Poison Emperor's personality world.

Not to mention anything else.

Just based on the Poison Emperor Guardian's level of admiration for the Sand Sea Poison Emperor, it was almost certain that if he couldn't awaken the Sand Sea Poison Emperor, he would definitely sink into it.

When that time came.

If the Poison Emperor Guardian didn't come out, it would be difficult for him to enter the Sand Sea Poison Emperor's personality world again.

"Actually, there is another way to awaken the Sand Sea Poison Emperor, and that is to find the person closest to the Sand Sea Poison Emperor to enter his personality world, commit suicide in front of him, and tell him that only by waking up can he save the person he cares about most."

"This method is also very common, and the effect is very obvious."

Lin Tianhao frowned and said:

“That's probably hopeless. These are all his subordinates, and I don't have any connection with him.”

The Poison Emperor Guardian looked at Da Meng Hunting, then turned his gaze to Lin Tianhao.

“Snow Emperor, I know what you're worried about. I can guarantee that I hope the Poison Emperor awakens more than anyone else. Let me enter the Poison Emperor's personality world!!”

The Poison Emperor Guardian knew that Da Meng Hunting was the person Lin Tianhao had invited. If he wanted to enter the Sand Sea Poison Emperor's personality world, he would ultimately have to see what Lin Tianhao thought.

Lin Tianhao shook his head and said:

“I believe that you really hope that the Sand Sea Poison Emperor will wake up, but I must also tell you something.”

“But if you enter the Sand Sea Poison Emperor's personality world and find that you can't awaken the Sand Sea Poison Emperor, what will you do?”

Having said that.

Lin Tianhao smiled and shook his head before continuing:

“I guess you won't choose to come out of the Sand Sea Poison Emperor's personality world. You will always follow the Sand Sea Poison Emperor, even if it's in this form of consciousness.”

“Right?”

Faced with Lin Tianhao's question, the Poison Emperor Guardian was at a loss for words for a moment.

Although he wanted to deny it, he had to admit that Lin Tianhao was right.

His infatuation with the Sand Sea Poison Emperor had reached the point of near obsession, otherwise it would have been impossible for him to guard the Sand Sea Poison City for so many years.

"Poison Emperor Guardian, I want the Sand Sea Poison Emperor to wake up, and I will definitely do it no matter what method I use."

"If you stay in the Sand Sea Poison Emperor's personality world and don't come out, and I can't enter the Sand Sea Poison Emperor's personality world, then I won't be able to awaken the Sand Sea Poison Emperor."

The Poison Emperor Guardian gritted his teeth and said:

"Snow Emperor, I understand your worries. It is your mission to awaken the Poison Emperor."

"How about this, you give me half a year. If I can't awaken the Poison Emperor within half a year, I will come out myself."

"What if you don't come out?" Lin Tianhao asked.

The Poison Emperor Guardian said with a determined look:

"If I don't come out by then, then you don't have to be polite and just kill me."

"As long as my main body dies, my consciousness will naturally disappear from the Poison Emperor's personality world."

Lin Tianhao frowned slightly, "Half a year is too long, my mission can't wait that long."

The Poison Emperor Guardian's expression was a bit ugly. He had already shortened the time to half a year.

If he had to awaken the Sand Sea Poison Emperor in the Sand Sea Poison Emperor's personality world in less than half a year, that would be too difficult.

It could even be said to be almost impossible.

"Actually, don't even say three months, one month is enough."

"In the Sand Sea Poison Emperor's personality world, time is much faster than the outside world. Personality worlds and consciousness worlds are all like this."

"Because time usually passes very quickly in worlds constructed from imagination."

Chapter 1087 - Go to the ancient mysterious land!

"According to your estimation, one year in the Sand Sea Poison Emperor's personality world is roughly equivalent to four days here."

"Which means one day outside is three months inside, and one month is about seven and a half years."

Da Mengshou said very seriously:

"Putting aside everything else, although the Sand Sea Poison Emperor's current personality world has a certain scale, it looks like it's just a slightly larger secret realm world. Two or three years should be enough."

Lin Tianhao frowned as he looked at the Poison Emperor Guardian. The Poison Emperor Guardian's loyalty really moved Lin Tianhao. He really didn't want to kill the Poison Emperor Guardian unless absolutely necessary.

"I said it!!"

The Poison Emperor Guardian replied decisively, "No matter what the final result is, I won't regret it."

"The worst outcome is that I die, but so what? Being able to see the Poison Emperor before I die, I'll have no regrets!!"

At this point.

A mischievous smile actually appeared on the Poison Emperor Guardian's face.

"Hehe, I'm also going to see seven different Poison Emperors, and two of them are women. To be honest, I'm really looking forward to it."

Lin Tianhao couldn't help but roll his eyes and asked:

"Looking at you now, you wouldn't be thinking of having a sweet romance with the female Sand Sea Poison Emperor, would you?"

Upon hearing this.

The Poison Emperor Guardian smiled awkwardly, "If that's the case, then that would be even better, hahaha..."

"You dare!!"

The black Flood Dragon's angry roar came.

"The Poison Emperor's personality and gender would never allow such a thing to happen."

"And have you thought about it, if you really had something happen with the Poison Emperor, how should your relationship be handled after the Poison Emperor awakens?!"

"Continue the sweet romance." Da Mengshou said with an excited face.

"Superior and subordinate, fan and idol, and most importantly, your genders. If this continues, then it will definitely be a sweet romance."

"No way!!"

The black Flood Dragon shouted in a low voice, the huge sound causing Lin Tianhao's eardrums to ache.

"I will never allow such a thing to happen, absolutely not!!"

The Poison Emperor Guardian said with a smile:

"Lord Black Dragon, don't be so excited, I'm just joking, just joking."

"You better be joking!!" The black Flood Dragon said coldly.

The Poison Emperor Guardian nodded solemnly and said:

"The Poison Emperor is sacred in my heart, inviolable. How could I possibly do such a thing?"

"And my sexual orientation is very normal, a proper straight man. I myself can't accept such a thing."

At this point.

The Poison Emperor Guardian looked at Da Mengshou.

"Senior, can you send me into the Poison Emperor's personality world now?"

Da Mengshou shook her head and said:

"We still have to wait. The Sand Sea Poison Emperor's personality world is too special. I need to set up an array first, which will be more stable."

"Okay, okay, I'll wait. I've waited so many years, so I don't mind waiting a little longer."

Lin Tianhao looked at the Poison Emperor Guardian like this and always felt that he was a little unreliable.

If he really doesn't come out after a month, what should he do? Kill him?!

The thought only flashed through Lin Tianhao's mind for a moment, and he already had the answer.

Kill!!

Small measures are not the mark of a gentleman, and one without poison is no true man!!

What's more.

This was what he and the Poison Emperor Guardian had agreed upon in advance.

If the Poison Emperor Guardian died because of this, then that was the Poison Emperor Guardian's own bad luck.

Next.

Da Mengshou began to set up the array.

Lin Tianhao wasn't too anxious either.

Anyway, there were still a few days before the time to enter the Ancient God Secret Realm, so there was no need to panic at all.

Three days later.

Da Mengshou finally set up her array.

"Poison Emperor Guardian, you can prepare yourself. Next, don't resist. I will send you into the Sand Sea Poison Emperor's personality world."

"During this process, I will try my best to enhance your strength, status, and so on in the Sand Sea Poison Emperor's personality world."

"However, because your own power is also limited, it's hard to say to what extent it can be done."

The Poison Emperor Guardian nodded heavily and said seriously:

"I understand."

Lin Tianhao took a deep breath and watched Da Mengshou cast her spell.

Although Lin Tianhao had already prepared for the worst, if the Poison Emperor Guardian could awaken the Sand Sea Poison Emperor, that would undoubtedly be the best outcome.

"Good luck."

Lin Tianhao smiled.

The Poison Emperor Guardian smiled knowingly, "Good luck!!"

Under Da Mengshou's spellcasting, the Poison Emperor Guardian sat down cross-legged.

Da Mengshou formed hand seals with both hands and pointed at the center of the Poison Emperor Guardian's eyebrows, pulling out a wisp of consciousness from between the Poison Emperor Guardian's eyebrows.

Da Mengshou carefully guided the Poison Emperor Guardian's consciousness and slowly sent it into the Sand Sea Poison Emperor's eyebrows.

This process seemed very fast, but Da Mengshou seemed to be completely exhausted. Sweat began to roll down frantically, and the whole person looked as if she had lost more than ten pounds.

This was because Da Mengshou's body shape was too obese, so losing ten pounds wasn't obvious.

"You ate yourself so fat just for this moment?" Lin Tianhao couldn't help but ask.

Da Mengshou nodded lightly and let out a long breath of stale air.

"There's no challenge in giving ordinary people a dream, I don't like it."

"Giving powerful people a dream consumes too much of my own energy. If it weren't for the fact that I have an easy-to-gain-weight constitution, I probably wouldn't be able to become a King-level Dream Master."

Upon hearing this.

The corners of Lin Tianhao's mouth couldn't help but twitch. This easy-to-gain-weight constitution and Dream Master...

These two could actually be linked together!!

Sure enough.

There's a reason why some professions are rare. After all, there will always be some strange conditions.

Lin Tianhao calculated the time. There was still more than a day before the agreed time to open the Ancient God Secret Realm.

He could still wait.

After all, one day outside was three months in the Sand Sea Poison Emperor's personality world.

Maybe the Poison Emperor Guardian would give him a surprise, who knows.

However.

That's how this world is.

The more you expect something, the less likely it is to come.

A day passed in the blink of an eye.

The Poison Emperor Guardian didn't react, and the Sand Sea Poison Emperor didn't react either.

Lin Tianhao smiled wryly. It looks like this is a no-go.

"I have to leave first, I'll come back after a while," Lin Tianhao said.

The time to go to the Ancient God Secret Realm as agreed has arrived, and he needs to go there.

After coming out of the Ancient God Secret Realm, it should be about the same.

According to Lin Tianhao's estimation, this trip to the Ancient God Secret Realm should only take a month or two if it's fast enough.

Returning to the Mortal Hall.

The Dean of the Hundred Mile Academy and the Lord of Luo Tian had already met.

Seeing Lin Tianhao appear, the Lord of Luo Tian got up directly, without dragging his feet, and said directly:

"Let's go, let's go open the Ancient God Secret Realm."

Chapter 1088 - Extreme luxury: the ground is paved with life gems!

Everyone remained silent. The Lord of Luo Tian looked at Lin Tianhao and said:

"For the first batch entering the Ancient God Mystic Realm, each person possessing an ancient key can bring three others."

"I'll only bring one person, so there are two slots left. You can see who you want to bring."

Hearing this, everyone's gaze fell on the person next to the Lord of Luo Tian.

This was a young man with some gray hair at his temples, but with delicate and handsome features.

If one didn't look at his hair, his age shouldn't exceed eighteen.

Mo Wenqing (??): ???

Health Points: ???

Attack: ???

Skills: ???

Everything was a question mark, and it was a name that Lin Tianhao had never heard before.

Mo Wenqing!!

Lin Tianhao hadn't heard of this name, but judging by the looks, this Mo Wenqing was also an extraordinary figure.

At least.

These question marks alone were enough to prove his extraordinariness.

The Dean of Baili Academy brought all three people he could bring.

However.

What surprised Lin Tianhao slightly was that of the three people he brought, besides one being from Baili Academy, the other two were the Lord of Han Lou and the Sect Master of the Yin Yang Joy Sect.

As for Lin Tianhao, he hadn't really decided who to bring.

Otherwise, he wouldn't have so easily promised the Lord of the Demon Flood Dragon Cave.

Regarding his own people from the Mortal Palace, Lin Tianhao hadn't really thought of suitable candidates.

If Fatty and Glasses entered the Ancient God Mystic Realm with him, they wouldn't be treasure hunting, but delivering food.

The only candidates Lin Tianhao could think of, besides the Lord of the Demon Flood Dragon Cave, were Village Chief Wang.

Village Chief Wang had already signed a contract with Lin Tianhao, and because Village Chief Wang also had the protection of a resurrection mechanism, taking him into the Ancient God Mystic Realm.

If he could gain something, it would also be a good thing for Lin Tianhao.

"I plan to bring the Lord of the Demon Flood Dragon Cave and Village Chief Wang, so I haven't used up all my own slots."

"If you really don't have suitable candidates, I do have two friends I can let try."

Lin Tianhao was referring to Monkey and Lin Qingqing.

As for Fatty.

This guy could become stronger just by lying down. When he and Monkey became stronger, wouldn't that be the same as Fatty becoming stronger?

"Alright, then call your friends," said the Lord of Luo Tian.

Lin Tianhao immediately notified Monkey and Lin Qingqing, asking them to send their locations so he could use the Kunlun Mirror to bring them over.

Before long.

Everyone was in place, and next was to go to the Ancient God Mystic Realm.

"Where is the Ancient God Mystic Realm?" Lin Tianhao asked.

The Dean of Baili Academy smiled slightly and said:

"The Ancient God Mystic Realm is located three hundred miles east of your Mortal Palace, in Luo Xuan City."

Hearing this.

Lin Tianhao had a slight impression.

Luo Xuan City was one of the top-tier major cities in the Mountain and Sea Empire.

In the Mountain and Sea Empire, even the main cities were divided into levels.

Mainly first-tier, second-tier, and third-tier, based on the city's size, population, and other factors to determine the city's level.

A first-tier major city like Luo Xuan City usually had a population of no less than one hundred million!!

Not only in terms of population, but in other aspects as well, first-tier major cities had a significant lead.

A group of twelve people headed to Luo Xuan City.

Within the Mountain and Sea Empire, this was very smooth.

Before long, they arrived at an open space outside Luo Xuan City.

The Dean of Baili Academy looked at the Lord of Luo Tian and respectfully gave a salute.

"Senior, is it here?"

The Lord of Luo Tian nodded lightly and took out his ancient key.

Lin Tianhao and the Dean of Baili Academy, seeing this, also took out their respective keys.

The three keys had different notches, and the moment these three ancient keys appeared, a mysterious force began to pull the three keys together.

During the process of the three keys merging, with Lin Tianhao, the Dean of Baili Academy, and the Lord of Luo Tian as the center, array patterns began to spread outward from under their feet.

"Ding, congratulations, you have successfully opened the Ancient God Mystic Realm, reward Enlightenment Points +20, Free Attribute Points +2000."

Lin Tianhao raised his eyebrows. Opening the Ancient God Mystic Realm could actually earn rewards, but these rewards were relatively ordinary for Lin Tianhao.

With the opening of the Ancient God Mystic Realm, a pillar of light descended from the sky, enveloping Lin Tianhao and the others.

"Global Announcement, the Ancient God Mystic Realm has officially opened! All adventurers can enter the Ancient God Mystic Realm in one month. Please prepare yourselves, adventurers. The Ancient God Mystic Realm, a shortcut to becoming a god, you deserve it!!"

... ..

Hearing such a global announcement, Lin Tianhao couldn't help but be slightly stunned.

He felt.

That the adventurers of the Twilight of the Gods in his previous life had a very low level of development in the Twilight of the Gods.

Just what the global announcement said, the Ancient God Mystic Realm, a shortcut to becoming a god!!

This was a global announcement!!

It wouldn't be fooling people, therefore, the Ancient God Mystic Realm was likely to allow people to become gods, or accelerate the birth of gods.

Regardless of the situation, it could basically be confirmed that the Ancient God Mystic Realm was a huge treasure trove.

"Damn, did I hear wrong? Is someone about to become a god already??"

"No way, I'm only at Fifth Revolution, and someone is about to become a god already?"

"You're at Fifth Revolution, which only means you're trash. I've already completed Sixth Revolution. It's just that Seventh Revolution is too difficult, otherwise I would have already reached Seventh Revolution."

... ..

Many people also noticed those eight words.

The Ancient God Mystic Realm, a shortcut to becoming a god!!

These eight words had an immense allure for the adventurers of the Twilight of the Gods.

Many people began to explore the location of the Ancient God Mystic Realm. Major forces and top players all began to take action.

It had been more than a year since the servers of the Twilight of the Gods opened, and their understanding of the Twilight of the Gods was not low.

Just by hearing these eight words, they could realize the benefits of the Ancient God Mystic Realm.

And at this time.

As the light fell, Lin Tianhao, the Dean of Baili Academy, the Lord of Luo Tian, and others entered the Ancient God Mystic Realm.

Just as they entered the Ancient God Mystic Realm, Lin Tianhao was stunned.

Underneath their feet, every blade of grass and every tree was extraordinary.

"Damn, am I seeing things? Using Life Gems to pave the ground."

From under their feet, extending to the unknown end ahead, everything was paved with Life Gems!!

And the surrounding flowers, plants, and trees were also crafted from various rare treasures.

"This... is this the Ancient God Mystic Realm?"

Monkey had already started trying to pry up the Life Gems, but found that he was completely unable to shake these Life Gems with his strength.

The surrounding rare treasures were the same. They could be seen, but could not be taken.

Lin Tianhao transmitted his voice to Nidalee Fiv, asking:

"Senior, do you know about this place?"

Nidalee Fiv pondered for a moment before saying:

"I know. I once lived here for a period of time. The luxury here is something even ordinary gods would envy."

Chapter 1089 - Three cities and eighteen mountains!

"The kind of life gem paving you see now is already child's play in the Ancient God Mystic Realm, because only the public roads in the Ancient God Mystic Realm use such low-grade stuff as life gems!!"

Nidalee's words were like a heavy hammer, directly hitting Lin Tianhao's chest.

Life gems, these are still low-grade stuff?

Each of these life gems has a uniform value, permanently increasing 100 health points!!

A single life gem is not worth mentioning, but the life gems here, stepping down, are no less than a hundred!!

And there are even more rare treasures around. Although they are relatively common, they are not of particularly outrageous value, but they are still very helpful to ordinary adventurers.

Lin Tianhao took a deep breath, suppressing the shock in his heart.

Is this the life of a god?

Indeed!!

Even a little something that leaks out from under the feet of a god can make mortals snatch it like crazy.

“Now that we have entered the Ancient God Mystic Realm, I believe everyone has their own purposes for entering the Ancient God Mystic Realm. Let's part ways here. I hope everyone can gain something in the Ancient God Mystic Realm.”

The dean of Baili Academy took the initiative to speak.

Lin Tianhao raised his eyebrows slightly. Sure enough, these old guys are very cunning. They all know about the Ancient God Mystic Realm and don't want to play with him after entering.

But this is exactly what Lin Tianhao wants, because he has Nidaleeve!!

Nidaleeve has lived in the Ancient God Mystic Realm. No matter how bad her understanding of the Ancient God Mystic Realm is, it can't be that bad.

The master of the Magic Flood Dragon Cave bowed to Lin Tianhao, "Thank you, Snow Emperor, I will take my leave first."

Next, the sect master of the Yin Yang Joy Sect, the master of Hanlou, and others left one after another.

Lin Tianhao looked at the Lord of the Heavens and asked with a smile:

“What about you?”

The Lord of the Heavens smiled and said:

“I don't like being followed. I'm used to being alone. Mo Wenqing, you can leave too. I'm going to do my own thing.”

These people left one by one, and in the end, only Village Chief Wang, Monkey, and Lin Qingqing were still with Lin Tianhao.

Monkey was still trying to pry off the life gems on the ground, but the result was unsurprisingly useless!!

“Don't bother trying.”

Lin Tianhao said.

“These life gems are enchanted. To shake these life gems, you need to be at least a half-saint.”

Monkey was stunned when he heard this.

“Isn't this a waste of natural resources? Isn't it better to pave with marble? Using life gems.”

Lin Tianhao smiled and said:

“It doesn't matter. What about you? Are you going to follow me, or act on your own?”

Lin Qingqing raised her eyebrows and asked:

“Brother, what's your relationship with these people? I mean, if we encounter them alone, will they attack us?”

“If there is no conflict of interest, they probably won't attack you, but if there is a conflict of interest, then it's a different story.”

Lin Qingqing nodded, "If that's the case, I want to act alone, or Monkey can come with me."

“Why?” Lin Tianhao asked subconsciously.

Lin Qingqing said very seriously:

Lin Tianhao smiled with satisfaction and said.

“The fact that you can say this shows that you have really grown up.”

Lin Qingqing pouted and said:

“I'm just maximizing my interests. This Ancient God Mystic Realm will be open to adventurers in a month, which means the difficulty coefficient shouldn't be particularly high.”

“At least, mid-level adventurers have a chance to get benefits here.”

Lin Tianhao nodded. Not only did Lin Qingqing think so, but he himself thought so too.

If he brought Lin Qingqing with him, what would be the biggest benefit?

That might be to沾 a bit of Lin Qingqing's luck.

It is undeniable that Lin Qingqing is really like a child of fortune. Countless opportunities seem to be waiting for her in line.

Anyway, from the occasional chats Lin Tianhao had with Lin Qingqing, Fatty, Monkey, and others during this period, he could see it.

Lin Qingqing is too ridiculously lucky.

If it were a completely unknown mystic realm, Lin Tianhao might have considered keeping Lin Qingqing by his side.

But now.

The situation is different.

He has Nidaleeve. As a nerve who lived in the Ancient God Mystic Realm, Nidaleeve's understanding of the Ancient God Mystic Realm far exceeds ordinary people's imagination.

“Village Chief Wang, you can go with them too.”

Lin Tianhao let Village Chief Wang go with Lin Qingqing and Monkey. He has Black Sky Proud True. Village Chief Wang following him would be of little help to him.

It's better to let Village Chief Wang go with Lin Qingqing and them.

After the distribution, Lin Tianhao parted ways with Lin Qingqing and them.

After only Lin Tianhao was left, Nidaleeve emerged.

She looked around and said with some emotion:

“Time really flies. This place used to be very lively, but now everything has changed.”

Lin Tianhao raised his eyebrows slightly and smiled:

“I can see that, but where should we start?”

“The Ancient God Mystic Realm has three cities and eighteen mountains, as well as countless scattered small courtyards.”

“The three cities are mainly inhabited by gods below the God King Realm. The creators of the three cities are three God Emperor powerhouses, namely the Eastern Frost God Emperor, the Tai Luo God Emperor, and the Polish God Emperor.”

“Two Eastern God Emperors and one Western God Emperor.”

“And the eighteen mountains are the eighteen peaks where the God Emperors live.”

Lin Tianhao was slightly startled.

“So many God Emperors?”

Just from what Nidaleeve said, there are already twenty-one God Emperors.

“Far more than that.”

Nidaleeve shook her head, “In our era, gods were not valuable at all. Not to mention anything else, those who are qualified to enter the Ancient God Mystic Realm are either shockingly backed or have strong strength.”

“Ordinary gods are not qualified to enter the Ancient God Mystic Realm at all.”

Hearing these words, Lin Tianhao couldn't help but gasp.

The situation in this Ancient God Mystic Realm is even more outrageous than Lin Tianhao imagined.

“Then where should we start?” Lin Tianhao asked.

“In terms of rewards, I think there are the most things in the three cities, but the probability of obtaining inheritance in the three cities is very small.”

“And the treasures in the eighteen mountains may not be as many as in the three cities, but there is a high probability of possessing inheritance.”

Lin Tianhao thought for a moment and said:

“Go to the three cities.”

He doesn't really lack inheritance now.

Since he's here, it's true that he should get more rewards.

“Okay, the closest one to here is Tai Luo City.”

“When the Tai Luo God Emperor created Tai Luo City, he recruited many alchemists and weapon refiners. Therefore, in Tai Luo City, there is a high probability of obtaining a lot of equipment and pills.”

“Ouyang Wenlong, can't you still contact the Snow Emperor? If this continues, I'm really going to die!!”

Even with the spring water healing, it's not an instant full recovery.

Before, when Lin Tianhao was absorbing the venom, the rate of health depletion wasn't too fast, so he could use his own health regeneration and the spring water's regeneration to recover his health.

But the damage Lin Tianhao just transferred, nearly a hundred million damage per second, was really a bit too terrifying.

“We can't contact him, we've already had people try.”

The Dean of Baili Academy looked extremely gloomy, he really wished he could tear Lin Tianhao to pieces right now.

But he just couldn't do anything about Lin Tianhao.

Sand Sea Poison City.

Lin Tianhao looked at the dark ink poison crystal, and suddenly realized a problem.

“The Dean of Baili Academy seems to be quite resistant.”

Hearing this.

Hei Tianao was stunned for a moment, "Master, I would've forgotten if you hadn't said anything, but the Dean of Baili Academy didn't die just now, he's really resistant."

The Poison Emperor Guardian glanced at Lin Tianhao and said:

“Snow Emperor, your previous method doesn't seem to be working.”

Lin Tianhao spread his hands helplessly and said:

“Then we can only take our time.”

Lin Tianhao was also very depressed, even with the damage transfer, he was already very resistant, but he was still instantly killed.

If he continued to be instantly killed like this, then the Dean of Baili Academy would definitely die.

Coming out of Sand Sea Poison City, Lin Tianhao saw the man in the bamboo hat outside Poison City.

The man in the bamboo hat smiled slightly, "I accepted the mission and won't leave for the time being. I'll stay here and not allow anyone else to enter Sand Sea Poison City."

Lin Tianhao raised his eyebrows slightly and smiled:

“Actually, I have the same idea. This place is too special, and I don't want anyone causing trouble.”

Returning to Fan Palace.

Lin Tianhao saw the Dean of Baili Academy in the spring water.

The Dean of Baili Academy also sensed Lin Tianhao's return.

He stared at Lin Tianhao and couldn't help but grit his teeth, saying:

“Snow Emperor, are you warning me, or do you really want to kill me!!”

The Dean of Baili Academy was very angry now, that feeling of walking through the gates of hell was too uncomfortable.

Lin Tianhao smiled awkwardly and said:

“Misunderstanding, I forgot about this.”

The Dean of Baili Academy said gloomily and angrily:

“You need to know, I almost died.”

“Didn't you not die?” Lin Tianhao grinned.

Hearing this.

The Dean of Baili Academy waved his hand and said:

“I don't want to hear so much. Snow Emperor, take away this damage transfer thing you have. I don't want to die inexplicably at any time.”

Lin Tianhao smiled awkwardly and said:

“Dean Baili, such a powerful skill is not something I can control if I want to.”

“It will take some time before this skill can be canceled.”

Hearing this.

The Dean of Baili Academy gritted his teeth, the anger in his heart was still rising.

“How long is this 'some time' you need?” The Dean of Baili Academy asked.

It was too scary.

Not only the Dean of Baili Academy, but even the Sect Leader of the Yin Yang Joy Sect, the Master of the Cold Tower, and the Master of the Demon Flood Dragon Cave, all looked at each other.

Just because Lin Tianhao's skill was too perverted.

It was only the Dean of Baili Academy, the Dean of Baili Academy who took second place in the Holy Land Hegemony Competition.

If it were any of them, if Lin Tianhao locked onto them, the result wouldn't be too good.

Lin Tianhao grinned, "I'm just doing a task, mainly because it hasn't been completed yet."

“It's good that you're all here, I have something I want to ask you.”

“What?”

The Sect Leader of the Yin Yang Joy Sect asked quickly, "If we can help, we will definitely not refuse."

After seeing the power of Lin Tianhao's damage transfer, they already had an answer in their hearts.

You can offend anyone, but you must never offend Lin Tianhao!!

Otherwise, this one damage transfer alone would be enough to make them not know how they died.

“Do you have anything that can resolve toxins?” Lin Tianhao asked.

Hearing this.

The Sect Leader of the Yin Yang Joy Sect looked slightly better, she said with a smile:

“I naturally have things that can resolve toxins, we all have them.”

After speaking.

The Sect Leader of the Yin Yang Joy Sect took out a dark green bead from her bosom.

“This Profound Treasure Poison Bead can absorb the toxins between heaven and earth. My Profound Treasure Poison Bead has already absorbed a lot of toxins, but the proportion has not yet reached one-third of the limit.”

Lin Tianhao's eyes lit up, this Profound Treasure Poison Bead seemed pretty good.

Taking the Profound Treasure Poison Bead from the Sect Leader of the Yin Yang Joy Sect, Lin Tianhao checked its attributes.

Profound Treasure Poison Bead: Special.

Usage Requirements: None.

Effect: Can absorb the toxins in a certain range nearby into it, until it turns black, then it cannot continue to absorb toxins.

“We have it too.”

The Master of the Demon Flood Dragon Cave took out a pill.

“This is the Nine Transformation Toxin Dissolving Pill, which can dissolve most toxins.”

The Master of the Cold Tower also took out a silver needle.

“This is a Nine-Rank Toxin Dispersing Needle, as long as it is stuck on the toxin, it can extract the toxin and disperse it.”

The Dean of Baili Academy frowned, he hesitated for a moment, and still took out a tortoise shell.

“The effect of this tortoise shell is similar to the Profound Treasure Poison Bead, but it can absorb and store at least ten times more toxins than the Profound Treasure Poison Bead.”

Hearing this.

Lin Tianhao's face was full of joy.

This feeling is great.

“Then thank you, I'll go try it.”

“Don't!!”

The Dean of Baili Academy and the Sect Leader of the Yin Yang Joy Sect instantly panicked.

Mainly because Lin Tianhao had almost killed the Dean of Baili Academy before, and now that he was going again, they were really afraid of whether the Dean of Baili Academy would be able to survive.

“You don't have to worry, I won't go up myself this time, I'll just use your things to try it.”

“I'm still scared!!”

The Dean of Baili Academy grabbed Lin Tianhao's wrist tightly, where was the appearance of Dean Baili, who used to be calm and breezy.

Especially.

His phrase "I'm still scared" already contained too much content.

Seeing this scene.

A shallow smile appeared on Lin Tianhao's face, and he said seriously:

“Dean Baili, I know your worries, but you can really rest assured, nothing will happen, I guarantee it.”

The Dean of Baili Academy looked at Lin Tianhao suspiciously, not knowing why, looking at Lin Tianhao like this, he panicked even more.

“The Ancient God Secret Realm is not only what you want to enter, I also want to enter, I can't harm Dean Baili.”

Lin Tianhao said righteously.

But the Sect Leader of the Yin Yang Joy Sect still said:

"Snow Emperor, why don't you wait until you come out of the Ancient God Secret Realm before trying."

Chapter 1090 - Plant monster!

"Are these all things of the God-level?" Lin Tianhao asked subconsciously.

After all, those who lived here were all gods, and relatively powerful ones at that.

Therefore.

The things here should all be God-level.

"Not necessarily, after all, gods also have descendants, and the number of mortals in the Ancient God Secret Realm is not small."

Lin Tianhao nodded lightly and continued to ask:

"Will there be any danger here? Also, do you know why they all left the Ancient God Secret Realm back then?"

So many gods, logically speaking, there is no reason for them to all leave just like that. This is indeed a bit unbelievable.

"I don't know."

Nidalee Frou shook her head, "I have lived in the Ancient God Secret Realm, but I am not a permanent resident of the Ancient God Secret Realm."

"There are too many strong people here. I don't feel comfortable living here. A God King is very powerful in the outside world, but here, they are only at a mid-level."

"You can't even bully an ordinary person casually, in case their father or grandfather is a God Emperor or God Emperor."

Lin Tianhao couldn't help but smile. Nidalee Frou's words hit the nail on the head.

In a place like the Ancient God Secret Realm, you really can't mess around.

Nidalee Frou led the way, and Lin Tianhao advanced quickly.

"Are there any dangers in this Ancient God Secret Realm?" Lin Tianhao asked again.

Nidalee Frou shook her head, "If people have all left, then there should only be some remaining formations and mechanisms. With your strength, you should be able to handle them."

Lin Tianhao nodded. As he walked with Nidalee Frou, Lin Tianhao began to notice something was wrong.

Fog began to rise around them, and the visibility became lower and lower. Most importantly, Lin Tianhao's Eye of Insight was also being affected by this fog.

It's not that the Eye of Insight couldn't continue to observe things in the distance.

But now, when he looked out with his Eye of Insight, everything was a vast expanse of white, and he could see very little.

"A maze?"

Nidalee Frou looked around, "I don't remember there being a maze here."

"There's something in the fog."

Just then.

Black Heaven Proud True's voice came.

Lin Tianhao summoned Black Heaven Proud True, who formed a hand seal, and a black protective shield enveloped Lin Tianhao and him together.

There were many of these sounds, dense and extremely harsh, making Lin Tianhao feel a pain in his chest.

"Swish swish swish—"

Lin Tianhao sacrificed the Novice Wooden Sword, activated the Evil Sword Immortal form, and swung it towards the fog.

The sword energy, wrapped in heavenly thunder and earthly fire, swept away.

"Ding, you have killed a Geocentric Magic Cicada, experience +100, free attribute points +1."

"Ding, you have killed a Geocentric Magic Cicada, experience +100, free attribute points +1."

... ..

Lin Tianhao's eyes lit up. This was also a surprise.

"What is a Geocentric Magic Cicada?" Lin Tianhao asked.

Nidalee Frou frowned slightly and said:

"The Geocentric Magic Cicada is not something from the Milky Way Galaxy. It comes from the outer starry sky."

Lin Tianhao was a little surprised, "Could it be that the people of the Ancient God Secret Realm left because they were attacked by the outer starry sky back then?"

"I don't know."

Nidalee Frou shook her head, "Anyway, I haven't seen anyone who was in the Ancient God Secret Realm back then. The news said they all went to the God Realm, but I have set foot in some areas of the God Realm and haven't found anyone from the Ancient God Secret Realm."

Lin Tianhao raised his eyebrows and a crazy idea was born in his mind.

"Senior, what if, just maybe, the people of the Ancient God Secret Realm didn't leave the Ancient God Secret Realm alive back then? What if they were all trapped to death in the Ancient God Secret Realm?"

Nidalee Frou was silent. After a while, she said:

"Your idea is too crazy. Even in the outer starry sky, the overall combat power of the Ancient God Secret Realm is extremely terrifying."

"I'm just guessing casually. Let's deal with these guys first."

Lin Tianhao was killing enthusiastically. These Geocentric Magic Cicadas rewarded free attribute points. His heavenly thunder and earthly fire were all area-of-effect damage, so one sword could kill dozens of them.

This way, he could quickly accumulate a large number of free attribute points.

However.

Before Lin Tianhao had killed many of these Geocentric Magic Cicadas, he felt a pressure descending from the sky.

Lin Tianhao looked up and saw an extremely huge thing in the sky above the fog.

Lin Tianhao couldn't see its appearance clearly, he could only see its crimson eyes, which were bigger than millstones.

"Swish swish swish—"

The moment he saw this huge monster, Lin Tianhao used Arrow Follows the Heart.

The feather arrow cut through the sky and flew towards those crimson eyes with the blessing of the Heavenly Punishment Lockhead.

"Run!!!!"

Black Heaven Proud True's urgent voice came. He grabbed Lin Tianhao and teleported directly away.

The moment Lin Tianhao teleported away, a flower appeared under his feet, a man-eating flower!!

If Black Heaven Proud True had been a little slower, Lin Tianhao would have been swallowed by this man-eating flower.

"Can't fight it."

Black Heaven Proud True's face was extremely ugly, "The pressure that monster gave me was even stronger than the pressure Luo Tian's Master gave me."

Black Heaven Proud True carried Lin Tianhao while running away, and explained to Lin Tianhao in an extremely serious voice.

Lin Tianhao couldn't help but gasp when he heard Black Heaven Proud True's words.

This was a bit outrageous.

Stronger than Black Heaven Proud True, how was he supposed to deal with that?

"Senior, did the Ancient God Secret Realm have this thing before?" Lin Tianhao asked.

Nidalee Frou fell into thought. After a while, she slowly said:

"It should be something cultivated by the Devil Plant God Emperor. Our location just now was very close to where the Devil Plant God Emperor lived."

"Although that thing had eyes, its attack method was a man-eating flower. Therefore, I guess it is very likely to be some kind of plant-based monster."

Lin Tianhao frowned tightly and couldn't help but complain:

"The Devil Plant God Emperor left, that's fine, but why didn't he take away these monsters he cultivated?"

He had only just entered the Ancient God Secret Realm, and Lin Tianhao had already learned a lesson.

The level of danger in this Ancient God Secret Realm should not be ignored.

Perhaps.

It also depends on luck.

"Senior, let's choose a safer path to enter the city."

That was a plant-based monster, would there also be weird-based, monster-based, demon-based, and other kinds of strange monsters later!!

Nidalee Frou thought for a while and said:

"I'll try my best to avoid the residences of gods like beast tamers."

After speaking.

Nidalee Frou led Lin Tianhao onto a completely new path.

Nidalee Frou led Lin Tianhao around seven turns and eight turns. This way was much safer, and they didn't encounter any more short-sighted things coming out to attack Lin Tianhao.

Until they were about to reach Tai Luo City, Black Heaven Proud True once again stood in front of Lin Tianhao.

"There's something... ..."
