

O game 1091

Chapter 1091 - Bloody tentacles!

Lin Tianhao looked towards the direction of Da Luo City, and in his line of sight, the outline of a giant python appeared.

However, this giant python was very strange, with a small head, and the body became larger as it went further back.

Blocked by the mist, Lin Tianhao couldn't see clearly.

Hei Tianao Zhen narrowed his eyes slightly. He was also blocked by the mist and couldn't help but take two steps forward.

“Swoosh—”

The sound of air being torn apart rang out, and that “giant python” slapped towards Hei Tianao Zhen.

That's right.

Not biting, but slapping!!

When the “giant python” approached Hei Tianao Zhen, Lin Tianhao could see clearly that it was not a giant python at all, but a huge blood-red tentacle.

There were dozens of black holes of varying sizes on the tentacle.

These black holes greedily devoured everything around them. Before even touching Hei Tianao Zhen, the huge suction force emanating from the black holes dragged Lin Tianhao into them.

Hei Tianao Zhen formed hand seals, trying to break free from the pulling force of the black holes.

But as Hei Tianao Zhen's body blurred, he was still in the same place, not moving out.

“Restricting displacement?”

Lin Tianhao narrowed his eyes slightly. Hei Tianao Zhen was a powerhouse in the Half-Emperor Realm, yet the black holes on this tentacle could restrict Hei Tianao Zhen's displacement. This was a bit too outrageous.

“Boom—”

The blood-colored tentacle heavily slapped Hei Tianao Zhen's body, smashing Hei Tianao Zhen's body into pieces.

This was not the real Hei Tianao Zhen.

Substitution Technique!!

At the critical moment, Hei Tianao Zhen barely managed to use the Substitution Technique, dodging the tentacle's attack with his movement speed.

“Whoosh whoosh whoosh—”

In that instant, Lin Tianhao had already made his move.

Feather arrows pierced through the sky, hitting the blood-colored tentacle in front.

The expected damage numbers did not appear. A piece of flesh fell off from the place where the feather arrow hit.

“Bloodfeeder!”

Nidalee's somewhat surprised voice rang in Lin Tianhao's mind.

“This guy is also not from our Milky Way world. Bloodfeeders are relatively terrifying existences in the endless starry sky.”

“These things have extremely strong combat power and very complete vitality. It is rumored that they can be reborn from a drop of blood!!”

“Not only that, they still have the power to fight when encountering top powerhouses, because if a Bloodfeeder suffers attacks to a certain extent, it will drop such flesh to dissolve the attack.”

Lin Tianhao raised his eyebrows. His output ability was still too strong, directly suppressing the opponent.

At this moment.

After Hei Tianao Zhen used the Substitution Technique to avoid the blood-colored tentacle's attack, he waved his hand and blasted out a punch.

The fist wind howled, and in the blink of an eye, it arrived in front of the blood-colored tentacle.

The black holes on this blood-colored tentacle rotated frantically, actually swallowing and absorbing Hei Tianao Zhen's attack.

However, the blood-colored tentacle could not swallow and absorb Lin Tianhao's attack. Instead, Lin Tianhao knocked off chunks of flesh one after another.

“Be careful!!” Hei Tianao Zhen shouted in a low voice.

Lin Tianhao's expression changed slightly, because another blood-colored tentacle appeared, sweeping towards Lin Tianhao from his left hand side.

Lin Tianhao wanted to dodge, but found that the suction force erupting from the black holes on this blood-colored tentacle made Lin Tianhao unable to resist.

Lin Tianhao did not try to use Space Blink, because Hei Tianao Zhen had just failed to use a displacement skill. He had used a substitution-type skill to successfully avoid the blood-colored tentacle's attack.

Therefore.

Lin Tianhao directly used the Quicksand Substitute!!

This was a skill that Lin Tianhao obtained when he killed the Sand Rainbow God.

But this distance still allowed Lin Tianhao to avoid the blood-colored tentacle's attack.

Only.

The distance of five meters was still too close.

Lin Tianhao had just landed when the suction force from the black vortex on the blood-colored tentacle enveloped Lin Tianhao, wanting to drag Lin Tianhao into the black vortex.

Seeing this scene.

Lin Tianhao did not dare to be negligent, and sacrificed the Novice Longbow. Feather arrows pierced through the sky, frantically shooting towards the black hole in front.

At the same time as he made his move.

Lin Tianhao tried his best to distance himself.

However, the suction force of these black holes was very strange, pulling not only his body, but also his soul.

“Boom!!”

At this moment.

Hei Tianao Zhen raised his hand and blasted out a punch. The space vibrated slightly, and the huge impact force shook the blood-colored tentacle away.

Lin Tianhao was able to breathe, and instantly distanced himself.

At the same time.

Lin Tianhao gave up Heavenly Punishment Lockhead, activated Three Heads Six Arms, and began to attack frantically.

Now Lin Tianhao's attack speed, without activating Heavenly Punishment, had already exceeded one hundred.

Three Heads Six Arms, coupled with Arrow From the Heart, fired five or six hundred arrows towards the front in one second.

This blood-colored tentacle was very huge, and Lin Tianhao's feather arrows did not need Heavenly Punishment Lockhead to hit.

Weren't these black holes on the blood-colored tentacle very good at devouring? Then Lin Tianhao would try to see how much these black holes could devour.

As Lin Tianhao expected, in less than three seconds, ripples spread out from the black holes on the blood-colored tentacle.

The space centered on the black holes began to distort, followed by a deafening roar.

The huge blood-colored tentacle was actually directly blown up by Lin Tianhao's damage.

“As expected.”

The corners of Lin Tianhao's mouth rose, and a playful smile appeared on his face.

The reason why he thought of using damage to fill the black holes.

Was because of the Silver-Eyed Octopus!!

The Silver-Eyed Octopus had given Lin Tianhao a skill similar to this before.

Although this skill looked like it could devour damage, it had an upper limit.

And the upper limit of this skill was not very high.

Therefore.

Lin Tianhao thought of directly filling it with damage.

The result was also very obvious, he gambled correctly.

After this blood-colored tentacle was shattered by Lin Tianhao, Lin Tianhao immediately looked at the second tentacle.

But this second tentacle disappeared like lightning.

Lin Tianhao did not pursue, because the surroundings were full of mist. In this situation where danger could be encountered at any time, it was better to be more stable.

“You are too perverted.”

Nidalee couldn't help but say.

“Even gods would have a headache when encountering Bloodfeeders, but you actually drove them away so easily.”

Lin Tianhao raised his eyebrows slightly and said:

“Not really, although my damage is very high, compared to a god in full state, there should still be a relatively large gap.”

Nidalee shook her head. Before he could say anything, Hei Tianao Zhen said from the side.

“Lord, I also know some gods, but there are too few who can be compared with you.”

“Your attack quality is too high.”

“You should know, ordinary attack, high-level attack, god-level attack, saint-level attack.”

“The quality levels of these attacks are completely different.”

Chapter 1092 - Artifact Space: The Mysterious Old Man!

Having said that.

Heitian Ao really paused slightly before continuing:

"In the simplest terms, it's the same size but different weight."

Nidlee F laughed and said:

"Heitian Ao's statement is very accurate."

"A cubic meter of water and a cubic meter of metal have different masses."

"If the Blood Feeder's tentacles can hold ten thousand cubic meters of water, they may not be able to hold one hundred cubic meters of metal."

Lin Tianhao understood. After all, the damage effect of his Hand of Heavenly Punishment was god-tier.

This was also why he seemed so powerful when dealing with those weakened gods before.

"Snow Emperor, to be honest, as far as I know, below the God King realm, no one can use saint-level attacks with such high frequency to damage enemies like you."

"Even in my prime, I could barely do this, and I still needed to rely on some external force."

Lin Tianhao nodded slightly, understanding in his heart.

At this moment.

Great Luo City, towards the east gate.

The Yin Yang Joy Sect Master was breathing rapidly, looking at Great Luo City with some surprise.

"This Blood Feeder is clearly stronger than us, why did it run away?"

The Cold Tower Master frowned and said:

"One tentacle of this Blood Feeder was already difficult for us to deal with. It should have more tentacles. There's no reason for it to run away."

"Unless..."

Hearing this.

Having said that.

The Cold Tower Master paused slightly before continuing:

"I just don't know who came."

"Among the people who came this time, even Dean Baili would find it difficult to do. He hasn't recovered to his peak state since his fight with the Snow Emperor last time."

"And the Snow Emperor's combat power is strong, but the Blood Feeder is very special, so the probability of it being him is not high."

Hearing this.

The Yin Yang Joy Sect Master immediately understood what the Cold Tower Master wanted to say.

"You mean the Lord of Luo Tian?"

The Cold Tower Master took a deep breath and continued:

"If it's the Lord of Luo Tian, then perhaps it's still okay. As long as there's no conflict of interest, the Lord of Luo Tian won't easily attack us."

"I'm afraid that the Blood Feeder left and it has nothing to do with us."

Hearing this.

The Yin Yang Joy Sect Master's expression changed drastically, "You mean, something else in this Ancient God Secret Realm came to Great Luo City and scared away the Blood Feeder?"

...

While the Yin Yang Joy Sect Master and the Cold Tower Master were discussing, Nidlee F also raised the same question.

"The Blood Feeder's combat power should be more than this. The strength of this Blood Feeder can't be just this little. It's running away a bit strangely."

Lin Tianhao frowned slightly, "You mean someone else is eyeing Great Luo City with us?"

"No."

"The probability of it being something else is higher."

"Dean Baili of the Academy, the Yin Yang Joy Sect Master, they don't have this strength."

"If it were the Lord of Luo Tian, then this Blood Feeder probably wouldn't be able to escape."

"Therefore, the greater probability is the natives here."

Lin Tianhao took a deep breath, "Natives?"

"What natives are still here? They've all been invaded by the Endless Starry Sky, right?"

In such a short period of time, Lin Tianhao had encountered guys from the Endless Starry Sky one after another.

What was the situation in this Ancient God Secret Realm? It seemed clear enough.

He just didn't know how Monkey and Lin Qingqing were doing.

As it stood now.

Village Chief Wang's strength should not be enough to protect Lin Qingqing and Monkey.

Nidlee F smiled wryly.

"Snow Emperor, looking at the current situation in the Ancient God Secret Realm, I really suspect that the people of the Ancient God Secret Realm went to the God Realm back then."

Lin Tianhao spread his hands and said:

"If you want to know the answer, just go in and take a look."

While the two were talking, they had already arrived at the west gate of Great Luo City.

Looking at the magnificent west gate, Lin Tianhao couldn't help but raise his eyebrows.

Because this city gate was actually a divine artifact!!

Great Luo City Gate: First-Grade Divine Artifact!!

...

Was this the gold content of the Ancient God Secret Realm? Even the city gates were divine artifacts.

Although it was only the lowest first-grade divine artifact, it couldn't be ignored.

At this moment.

The city gate was tightly closed. Lin Tianhao raised his hand and placed it on the city gate, trying to push it open.

But a ripple immediately rippled on the city gate. Lin Tianhao staggered and actually entered a strange space.

"Is this the space in the city gate?"

Lin Tianhao looked around and suddenly found an old man with white hair sitting in front.

Lin Tianhao looked up, but couldn't see any information at all.

This old man didn't even have an attribute panel to him!!!

This was too incredible.

Even if the opponent was very, very strong, it was impossible for Lin Tianhao not to see anything at all.

At least...

He should be able to see a question mark!!

Lin Tianhao couldn't even see a question mark on this old man.

Nidlee F and Heitian Ao looked at the old man vigilantly. Obviously, they also realized the old man's extraordinary nature.

"How long has it been? Someone has finally come."

The old man said faintly, his voice was old and desolate, making people feel pity for him as soon as they heard his voice.

Lin Tianhao frowned slightly. This was a voice changing people's emotions. There were many people who possessed such methods in his previous life.

Not to mention others, even Lin Tianhao himself had such skills, which could change other people's emotions.

For example, when Lin Tianhao killed the Wrath Red God, he obtained a skill [Wrath Infection].

The skill of Wrath Infection was to release an invisible wave. People who came into contact with the wave would involuntarily become angry and do some impulsive things.

When Lin Tianhao killed the God of Compassion, he also obtained a similar skill: [Compassion].

The effect of Compassion was that Lin Tianhao could use his power to influence all living beings and mobilize the sad emotions of all living beings.

This type of skill acts on actions, because this type of skill can mobilize other people's emotions unconsciously.

If people with a weak sense of vigilance were caught, they might not even have reacted yet.

"Junior Snow Emperor, I don't know how to address you, senior?"

"Snow Emperor?"

The white-haired old man was slightly startled, then couldn't help but laugh.

"Speaking of which, I know three Snow Emperors."

"Two mortals in the Great Emperor Realm, and one God Emperor, they all major in ice and snow, and they are all called Snow Emperor."

Lin Tianhao smiled awkwardly, "Maybe this title is a bit too easy to have the same name."

Not to mention anything else.

Just the people of the Mountain and Sea Empire alone number no less than a trillion. It is very common for them to have the same name.

Chapter 1093 - Eat God!!

Seemingly thinking of Lin Tianhao's earlier question, the white-haired old man said menacingly:

"I am a Blood Eater. You have not yet become a god, so you may not know about Blood Eaters."

Lin Tianhao's expression changed slightly. A Blood Eater??

This guy, about whom he couldn't see a single piece of information, was actually a Blood Eater!!

If he said the wrong thing, they might end up fighting.

The most important thing was, could he win?

Lin Tianhao asked himself, and the answer was that there was a high probability he couldn't.

"Don't be so nervous."

The white-haired old man noticed the change in Lin Tianhao's expression and couldn't help but smile slightly.

"If I wanted to attack you, I would have done so when you attacked my little pet."

"Don't be angry. My little pet was just testing your strength and didn't mean to kill you."

"As for what to call me, just call me Old White."

Lin Tianhao respectfully bowed and said:

"Hello, Senior White."

Old White nodded slightly and said:

“Seeing that you are so young but already so powerful is quite rare. What do you want from this ancient mystic realm?”

“Treasures, preferably things that can improve the grade of me and the people around me.”

Old White nodded. “Then go into the city. I only pulled you in here because I haven't seen a living person in too long.”

Hearing this.

Old White pondered for a moment before slowly saying:

“Why did you have to ask this question of all things?”

“Some were captured and became slaves, and some were eaten.”

“A very small number of lucky ones escaped into the endless starry sky, no one knows where they went.”

Lin Tianhao couldn't help but gasp. Although he had some guesses, hearing Old White's words still shocked him greatly.

There were at least twenty-one God Emperor-level experts in this ancient mystic realm.

“Don't be so surprised. In the endless starry sky, gods are the weakest beings.”

Lin Tianhao couldn't help but gasp. When he saw the Dao Source God's clone at the Godslayer Academy, he learned about the situation above gods and knew some things about the endless starry sky.

Now it seemed he had underestimated the endless starry sky.

“Then why didn't Senior attack me?” Lin Tianhao asked.

The white-haired old man shook his head and said:

“It's an agreement. We Blood Eaters don't kill mortals.”

“Especially mortals with extraordinary talent, we don't kill.”

Hearing this.

Lin Tianhao instantly realized something.

“You kill gods?”

“Smart.”

The white-haired old man nodded slightly. “The flesh of mortals is not tasty. Gods have experienced ascension tribulations, and their bodies, flesh, souls, and even the power within them are purer.”

“Eating gods is much better than eating mortals.”

Lin Tianhao took a deep breath. “Then I should be glad I haven't become a god.”

“Hahaha, it's all the same. If you become a god, you at least have the qualifications to be on the dinner table. If you don't become a god, you don't even have the qualifications to be on the dinner table.”

Lin Tianhao sighed. "Since Senior won't kill this junior, then this junior will take his leave."

With that said.

Lin Tianhao turned to leave.

"Wait."

Just then, Old White called out to Lin Tianhao.

"The projection beside you is interesting. She is... a god?!"

Projections have no aura. If you only look at the projection, you shouldn't be able to tell the realm.

But Old White actually saw some information.

"Hahaha, don't be nervous. It's just a projection, not a real god."

"I can see that she should have already fallen. I guess she was a god of this ancient mystic realm."

Lin Tianhao said helplessly:

"Senior has a discerning eye."

"So she really is a god projection!!"

Old White stared at Nidalee with some greed.

"If I'm not mistaken, this god's body should be on you."

Saying this.

The white-haired old man actually licked his lips, and his gaze towards Nidalee became even more greedy.

“What do you want to do?!”

Even Nidalee, a powerhouse at the God King level, couldn't help but feel nervous at this moment.

For no other reason than that.

This Old White was too strange.

Lin Tianhao directly locked the damage transfer onto this white-haired old man.

Although he didn't know his name, he could cast the spell directly since he was right in front of him.

“What did you do to me?!”

Old White's gaze instantly fell on Lin Tianhao, and a vast and mighty aura instantly pressed down on Lin Tianhao, making it impossible for Lin Tianhao to move.

“I... I didn't do anything?”

Lin Tianhao opened his mouth with difficulty, even more shocked in his heart.

Because this guy actually discovered it.

Even the dean of the Hundred Li Academy couldn't detect the damage transfer method. Only when he really endured the damage transfer would he notice it.

But this Old White was too outrageous.

“Nothing?”

“You're kidding me!!”

The white-haired old man raised his hand and grabbed Lin Tianhao's neck from afar, lifting Lin Tianhao up.

Hei Tianao really wanted to attack, but a black hole appeared under his feet.

There was a terrifying pulling force in the black hole, dragging Hei Tianao's body and soul, making it impossible for Hei Tianao to move.

“What a brilliant method. You clearly know that you were the one who did it, but you can't dodge or avoid it at all.”

With that said.

The white-haired old man stared at Lin Tianhao meaningfully.

“Tell me, what method did you use on me just now.”

Lin Tianhao looked at the white-haired old man coldly.

“I won't tell you. If you have the ability, then kill me!!”

Hearing this.

The white-haired old man sneered. "What? Do you think I can't kill you?"

"Others may be afraid of your resurrection mechanism, but I won't be afraid."

With that said.

The white-haired old man raised his hand and pointed, and Lin Tianhao only felt his entire consciousness begin to sink.

But it only sank a little, and soon resisted the power of the soul invasion.

"Eh..."

A look of astonishment appeared on the white-haired old man's face.

"Interesting, you can actually withstand my soul invasion."

Lin Tianhao gritted his teeth and, at the moment when the white-haired old man looked at him, activated the power of rules: Heart Demon 邪!!

This Heart Demon 邪 was the reward Lin Tianhao obtained when he cleared the Yellow Springs Underworld.

This is not a skill, not a supernatural power, but a real power of rules.

Even during the Saint Land Lord Hegemony Competition, Lin Tianhao did not use this Heart Demon 邪.

It was because he felt that it had not reached this point yet.

This Heart Demon 心魔 can trigger the inner demons in a person's heart, allowing them to enter a fantasy and face the inner demons in their hearts.

Consuming one million maximum health points!!

The white-haired old man was dazed for a moment when he was impacted by Lin Tianhao's Heart Demon.

It was this moment that Lin Tianhao could finally move.

He didn't run, but directly output!!

Chapter 1094 - Green-toothed ghost!

Given the terrifying power displayed by this white-haired old man, running is likely useless.

Lin Tianhao has Heavenly Punishment Lock, as well as the high damage from Heavenly Punishment Hand and the damage from Source Burning.

Even if Heart Demon Attraction can only hold this white-haired old man for a second, Lin Tianhao can use this opportunity to deal very high damage.

Not only that.

Lin Tianhao also has Time Stop!!

If it really doesn't work, then use Time Stop again!!

Even if it means losing maximum health, he has to take a gamble.

However.

This time, the damage Lin Tianhao dealt made him dumbfounded!!

-1.5 billion!!

-1.5 billion!!

.....

Is this damage value high?

It can be considered very high.

But the problem is, Lin Tianhao's damage should be more than this.

Lin Tianhao's expression was extremely solemn. The white-haired old man's strength once again exceeded Lin Tianhao's expectations.

It should be Physique Transformation!!

But even with Physique Transformation, it's almost impossible to reduce his damage to this extent.

Unless...

Lin Tianhao's damage amplification methods are useless against the white-haired old man; only then can it be explained.

Otherwise.

This white-haired old man is too strong.

At this moment.

Lin Tianhao realized that he had underestimated the effect of Heart Demon Attraction.

The white-haired old man's expression changed again and again. He raised his hand and offered a lotus treasure lamp.

The lotus treasure lamp floated above his head, and strands of power gathered at his brow, trying to help him resist the invasion of the Heart Demon.

Lin Tianhao also didn't waste time. With Three Heads Six Arms plus Arrows Follow the Heart, Lin Tianhao maximized the output he could deal.

"-1.5 billion!!"

"-1.5 billion!!"

.....

The damage is as low as ever, but with Lin Tianhao's Three Heads Six Arms and Arrows Follow the Heart, in the Heavenly Punishment state, he can shoot more than two hundred arrows per second.

As for not using his talent?

He can't hit him at all!!

Lin Tianhao just tried it; if he doesn't use Heavenly Punishment, the feather arrows will be dodged by the white-haired old man.

The white-haired old man's stats are so strong that they're unreasonable.

But even now, with Lin Tianhao shooting two hundred arrows per second, dealing 300 billion damage per second, it doesn't seem to pose much of a threat to the white-haired old man.

Because the white-haired old man's health regeneration is more than 300 billion per second.

To achieve this level of health regeneration, the white-haired old man's health must be no less than 100 trillion!!

Lin Tianhao has no idea how long Heart Demon Attraction can hold this old man.

Lin Tianhao is unlucky to encounter such a monster here today!!

Nidelieff looked solemn.

"Snow Emperor, this guy is definitely an existence above the gods. I estimate that he can only take action in this artifact space. Once he leaves here, he will no longer be able to take action."

Lin Tianhao narrowed his eyes slightly. Nidelieff made a lot of sense. He attacked while retreating, ready to leave here at any time.

But Lin Tianhao was still unwilling to give up.

Because he still has Death Reincarnation.

Lin Tianhao nodded lightly and left the artifact space directly.

The old man's strength is too strong, so strong that Lin Tianhao can't believe it.

Until now.

Among the people he has fought, this white-haired old man should be the strongest person Lin Tianhao has encountered, without exception.

Even.

The opponents Lin Tianhao encountered before are not worth mentioning in front of this white-haired old man.

Even if they are added together, they are no match for this white-haired old man.

There are still many strong people in this world; after all, one cannot be careless.

Lin Tianhao's damage amplification methods are not low in grade, but if he encounters high-grade gods or existences above the gods, will his damage amplification methods still be effective?

There is also Physique Transformation.

If he encounters someone with a relatively high degree of Physique Transformation, the damage he can deal will be greatly reduced.

Not to mention other things.

Just the degree of his own Physique Transformation is enough to make many people autistic, even without damage transfer.

Coming out of the space inside the artifact gate, Lin Tianhao retreated rapidly. This Ancient God Secret Realm is too dangerous.

"I'm already like this; have the others already died?"

Lin Tianhao couldn't help but say.

Heitian Ao really shook his head, "That's really hard to say; maybe the others are luckier?"

As soon as Heitian Ao really finished speaking, Nidelieff continued:

"Snow Emperor, just explore Da Luo City. If that old man can come out, he will be able to find you no matter where you are in the Ancient God Secret Realm."

"If he can't come out, then it doesn't matter; you can stay in Da Luo City."

Lin Tianhao nodded lightly. Nidelieff made sense. He's already in Da Luo City; if he leaves now, it would be a wasted trip.

Thinking like this.

Lin Tianhao jumped up, flew over the city wall, and landed steadily in Da Luo City.

After entering Da Luo City, Nidelieff continued:

"Snow Emperor, I'll give you directions. First, plunder the large shops; turn left five kilometers ahead."

Lin Tianhao raised his eyebrows slightly, and his figure turned into a stream of light and rushed out.

Although there is fog blocking it, five kilometers is not far.

"After turning left, there are another seven kilometers. There is the Divine Talisman Building, one of the three major talisman shops in Da Luo City, which contains countless talismans. Many talismans can even threaten the gods."

Lin Tianhao's eyes lit up.

This Nidelieff still understands him.

The first stop is the Divine Talisman Building. Taking the talismans will directly improve his combat power.

After a while, Lin Tianhao arrived at the Divine Talisman Building.

The gate of the Divine Talisman Building was tightly closed. Lin Tianhao didn't dare to be careless and summoned a dead spirit to open the door.

If he is dragged into some strange space again, he will really become autistic.

"Creak—"

There was no danger. The door opened.

But after the door opened, the creaking sound continued.

"Creak... creak..."

The creaking sound came very rhythmically. Lin Tianhao's expression was solemn. He looked into the Divine Talisman Building and saw an old servant in gray clothes lying on a deck chair, his body swaying rhythmically with the deck chair.

The creaking sound was coming from this old deck chair.

Qing Ya Ghost Fiend (Star Glory): Level 9714.

Health Points: ???

Attack: ???

Skills: ???

Lin Tianhao found that he could see some of this guy's attributes.

But health points, attack, and skills are all question marks.

Normally speaking.

He should be able to see the attributes of an eight-turn Star Glory level monster.

He can't see the attributes of this Qing Ya Ghost Fiend, probably because this thing is not a product of the Milky Way world.

He can only see the other party's grade and level, but the specific data cannot be seen.

"A guest has arrived."

Chapter 1095 - Green tooth nails!

The Greenfang Ghostfiend sat up, a smile on his face.

"Come in, friend."

Lin Tianhao raised an eyebrow slightly. Judging from the name, this Greenfang Ghostfiend was not a good person.

To be precise.

There probably weren't many good people left in this Ancient Mystic Realm.

"There are still people in Da Luo City?" Lin Tianhao asked, feigning surprise.

"Yes, quite a few."

The Greenfang Ghostfiend replied matter-of-factly:

"When the Ancient Mystic Realm suffered a great change, some died, some escaped, and then there were those like us, existences below the gods. Those guys didn't bother to kill us, so we survived."

"Which guys?" Lin Tianhao frowned.

The Greenfang Ghostfiend nodded, "You've come this far, you should have encountered those guys."

"Oh, oh, oh, I remember, that great being laid down a rule, not allowing gods to take action. Those guys should be hiding."

Lin Tianhao narrowed his eyes and asked:

"Are you talking about the Blood Eaters?"

Hearing this.

The Greenfang Ghostfiend couldn't help but nod, "That's right, those guys like to eat gods. We, who are below the gods, were able to survive instead."

"Then what about this fog?" Lin Tianhao asked.

"I don't know about the fog either. When I came out of the cellar, the Ancient Mystic Realm was shrouded in fog."

"Those guys said they wouldn't kill those below the gods, and we don't have the ability to leave here, so we can only live here."

Hearing what the Greenfang Ghostfiend said, Lin Tianhao couldn't help but frown slightly.

What the Greenfang Ghostfiend said was consistent with some of the information the white-haired old man had revealed before.

But regardless of whether what the Greenfang Ghostfiend said was true or not, Lin Tianhao came here following the guidance to get things for free.

Now he was suddenly being told that he had to pay, how could that be?

"Why don't you go back to the cellar and hide for a while?" Lin Tianhao said with a smile.

Hearing this.

The Greenfang Ghostfiend's expression changed. He looked at Lin Tianhao, then at the Darkheaven Proudtrue beside Lin Tianhao, and nodded, saying:

"Understood."

With that, the Greenfang Ghostfiend quickly left.

“This is not a good thing.”

Darkheaven Proudtrue frowned and said:

“Judging from his reaction, this place has been robbed more than once.”

Lin Tianhao spread out his hands and began to stroll around the Divine Talisman Tower.

There were talismans on the first floor, but as Darkheaven Proudtrue said, these talismans were trash.

They were basically things that only those at the third or fourth tier would use.

To be honest, even Lin Tianhao was too lazy to take them.

After all, even the most bottom-tier adventurers were basically at the fourth tier now.

At this time.

The Greenfang Ghostfiend was actually lying on the recliner on the second floor again, not too surprised to see Lin Tianhao arrive.

But Lin Tianhao's expression changed slightly when he saw him.

Not only Lin Tianhao, but even Darkheaven Proudtrue couldn't help but change his expression.

Because the Greenfang Ghostfiend's attribute panel had changed.

Greenfang Ghostfiend (Grandmaster): Level 12591!

Health Points: ???

Attack: ???

Skills: ???

When Lin Tianhao was on the first floor, the Greenfang Ghostfiend he saw was clearly only a Star Radiance level at the eighth tier.

But now, he had become a Grandmaster level at the ninth tier!!

Both the grade and level had increased.

The moment he saw the Greenfang Ghostfiend, Lin Tianhao even wondered if they just looked alike.

“What? Little brother isn't interested in the things on the first floor?”

The Greenfang Ghostfiend looked at Lin Tianhao with a smile, saying:

“If you're not satisfied with the first floor, I'll go to the third floor, you take a look at the second floor.”

“Wait!!”

Lin Tianhao immediately stopped the Greenfang Ghostfiend.

The Greenfang Ghostfiend smiled slightly and said:

“Little brother wants to know why my grade has increased from Star Radiance to Grandmaster, right?”

“Yes.” Lin Tianhao nodded.

The Greenfang Ghostfiend smiled and said:

“You misunderstood. I'm not the one from the first floor. Each floor has a Greenfang Ghostfiend. We were raised by the owner of this Divine Talisman Tower to guard it.”

“The higher you go, the stronger the Greenfang Ghostfiend. The Greenfang Ghostfiend on the third floor is already at the King level.”

Lin Tianhao narrowed his eyes.

“There are a total of five floors here. Is the one on the fifth floor a Greenfang Ghostfiend in the Great Emperor Realm?”

The Greenfang Ghostfiend nodded, “Yes, but little brother, you don't have to worry. We won't attack casually. These talismans are no different from waste paper to us.”

“These talismans are useless against those guys.”

Lin Tianhao frowned slightly. What the Greenfang Ghostfiend said seemed to be correct.

Moreover.

If he could become stronger every time he went up a floor, then that would be too outrageous.

Therefore.

It seemed more reasonable that there was a Greenfang Ghostfiend on each floor.

However.

This was the Ancient Mystic Realm. Some things might seem outrageous, but that might be the truth.

Most importantly.

Nidelifu had been to the Divine Talisman Tower before. She had just told Lin Tianhao through voice transmission that she had never heard of any Greenfang Ghostfiend in this Divine Talisman Tower.

So...

“Swish, swish, swish——”

Lin Tianhao attacked directly.

Because there was no need to be soft-hearted, this Greenfang Ghostfiend was likely not a creature from the Milky Way world.

Sometimes, being kind was not a good thing. Killing this Greenfang Ghostfiend directly was the most appropriate thing to do.

As for whether there would be a King-level Greenfang Ghostfiend on the third floor after killing this Greenfang Ghostfiend, he would know by going up and taking a look.

Seeing that Lin Tianhao actually attacked him directly, the Greenfang Ghostfiend's expression changed drastically. He flashed and rushed towards the third floor.

But before he reached the stairs, a viscous black tentacle appeared under his feet, and this black tentacle forcibly fixed the Greenfang Ghostfiend in place.

-91.7 billion!!

One arrow, instant kill!!

Without any accident, he killed him easily.

“Ding, congratulations, you have successfully killed the Greenfang Ghostfiend, a server-wide announcement is about to be made, do you want to hide your name?”

“No.”

“Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Greenfang Ghostfiend, hereby announced, hoping that the majority of adventurers will continue to work hard!!”

.....

Lin Tianhao stepped forward and began to loot the corpse.

“Ding, you have obtained Greenfang Nail +2.”

“Ding, you have obtained Talisman +17.”

“Ding, you have obtained Free Attribute Points +500.”

“Ding, you have obtained Gold Coins +100,000.”

“Ding, you have obtained.....”

.....

Another bunch of things. Lin Tianhao simply checked and found that they were all useless.

Only this Greenfang Nail was slightly useful. This Greenfang Nail was used to seal people.

By injecting enough Greenfang Nails into various acupoints on a strong person's body, you could seal the opponent, making them permanently unable to move.

This made Lin Tianhao a little scared.

If someone used this method to deal with him, would he be able to withstand it?

Chapter 1097 - Five levels of reincarnation, trapped!

"No."

"Full server announcement: Congratulations to player Snow Emperor for successfully killing the Green Fang Ghost Fiend. Special announcement, hoping all adventurers will continue their efforts!!"

... ..

"Ding, you have obtained Green Fang Nail +2."

"Ding, you have obtained Talisman +5."

"Ding, you have obtained Free Attribute Points +2000."

"Ding, you have obtained Gold Coins +2000000."

"Ding, you have obtained..."

... ..

Just like before, everything was normal.

The only differences were the grade of the Talismans and the Green Fang Nails, which had been improved.

There were also more Free Attribute Points and Gold Coins.

But the more it was like this, the more uneasy Lin Tianhao felt.

Was this good luck or bad luck?

Even this Emperor-level powerhouse didn't put up any resistance.

This was too unbelievable.

According to this reasoning, would there be powerhouses in the Great Emperor realm on the fifth floor?

If there was a Green Fang Ghost Fiend in the Great Emperor realm on the fifth floor, would they be the same as the Green Fang Ghost Fiends he encountered below?

Would they directly compromise, or would there be a fierce battle?

But no matter what, having come this far, Lin Tianhao was still prepared to go up and take a look.

What if the powerhouse in the Great Emperor realm on the fifth floor was also lying flat? Wouldn't that be a win-win situation, easily resolved?

After collecting all the Talismans on the fourth floor, Lin Tianhao stepped towards the fifth floor.

Upon reaching the fifth floor of the Divine Talisman Tower, Lin Tianhao once again saw the Green Fang Ghost Fiend.

Still lying on the recliner, still with that indifferent, as if seeing through everything in the world appearance.

Green Fang Ghost Fiend (Emperor Level): Level 16518.

Health Points: ???

Attack: ???

Skills: ???

As expected!!

This was also within expectations.

Great Emperor Realm!!

Lin Tianhao couldn't help but gasp.

It really was a Great Emperor realm powerhouse.

“Why are they so pessimistic, not even resisting?” The Great Emperor realm Green Fang Ghost Fiend said helplessly.

Lin Tianhao raised his eyebrows slightly and said with a smile:

“They all feel that there is no meaning in living. Rather than living as food, it is better to die.”

“What about you? A powerhouse in the Great Emperor realm shouldn't be so pessimistic, right?”

The Great Emperor realm Green Fang Ghost Fiend smiled and said:

“I sensed a glimmer of hope in the dark, so I don't want to be killed so easily.”

Having said that.

The Great Emperor realm Green Fang Ghost Fiend pointed to the surrounding Talismans, “Take whatever you like, they are all useless things now.”

Lin Tianhao looked at the Great Emperor realm Green Fang Ghost Fiend and said:

“Have you ever thought about leaving the Ancient God Mystic Realm with me?”

He had already observed when he came in before that the Divine Talisman Tower had a total of five floors.

But now... ..

Above the fifth floor, there were actually higher floors!!

This was too unbelievable.

Especially... ..

The fifth floor was already a Green Fang Ghost Fiend in the Great Emperor realm, so what about the sixth floor?

It was terrifying to think about!!

If he were to speculate like this, what kind of existence would the sixth floor be?

Above the Great Emperor?!

Lin Tianhao couldn't help but feel a chill down his spine just thinking about it.

Noticing Lin Tianhao's gaze, the Great Emperor realm Green Fang Ghost Fiend chuckled and slowly said:

“Don't worry, in the current Divine Talisman Tower, my grade is the highest.”

Lin Tianhao breathed a sigh of relief upon hearing this.

This Green Fang Ghost Fiend seemed to have no need to deceive him.

After collecting all the Talismans on the fifth floor, Lin Tianhao then looked towards the direction of the sixth floor.

Although the Great Emperor realm Green Fang Ghost Fiend had just told Lin Tianhao that there was a high probability that there would be no powerhouses above the Great Emperor realm on the upper floors.

Lin Tianhao still didn't dare to set foot easily.

“Water Condensation Clone!”

Lin Tianhao formed a hand seal, manifesting a clone and controlling his clone to walk up to the sixth floor.

However.

When Lin Tianhao's Water Condensation Clone went up, the situation on the sixth floor stunned Lin Tianhao.

Because the expected stronger person did not appear.

His Water Condensation Clone appeared on the first floor!!

And also saw the Star Radiance level Green Fang Ghost Fiend on the first floor!!

Hei Tianaozhen was quietly waiting, waiting for Lin Tianhao to make a decision.

“Go downstairs!!”

If he wanted to verify the thoughts in his heart, he could know the answer by taking a look at the first floor.

With this thought in mind.

Lin Tianhao brought Hei Tianaozhen to the first floor.

As soon as he arrived on the first floor, Lin Tianhao saw the Water Condensation Clone standing in the first floor lobby.

The Star Radiance level Green Fang Ghost Fiend wasn't too surprised to see two Lin Tianhao.

“Clone?”

“It seems you have already walked through all five floors.”

Lin Tianhao looked towards the direction of the entrance, where the door was open.

“Let's go!!”

Lin Tianhao had already looted the Divine Talisman Tower, so it was time to leave next.

However.

When Lin Tianhao stepped out of the gate of the Divine Talisman Tower, the scene in front of him instantly changed, and he returned to the fifth floor of the Divine Talisman Tower.

Seeing Lin Tianhao appear here, the Great Emperor realm Green Fang Ghost Fiend smiled slightly and said:

“Can't get out?”

Lin Tianhao frowned slightly and asked: “What's going on?”

The Great Emperor realm Green Fang Ghost Fiend shook his head and said:

“Rules restrict, you can't get out, and I can't get out either. It seems that you can't do what you said before about enslaving me and taking me out.”

Lin Tianhao's eyes narrowed slightly, “What if I can get out of here? Would you submit to me?”

Hearing this.

The Great Emperor realm Green Fang Ghost Fiend shook his head, "No."

"Didn't you already say before? Whether it's becoming food or becoming a slave, I'm not willing."

"Just consider myself sealed. There are not a few gods sealed between heaven and earth, and it won't make a difference with one more."

Lin Tianhao turned around and went downstairs.

But the Great Emperor realm Green Fang Ghost Fiend called out to Lin Tianhao and said:

"Going up there will be closer."

Lin Tianhao didn't listen to the Great Emperor realm Green Fang Ghost Fiend, but continued to go downstairs.

Arriving at the first floor gate again, Lin Tianhao looked at Hei Tianaozhen, and then looked at the Star Radiance level Green Fang Ghost Fiend.

"Why can't I leave here?" Lin Tianhao asked.

The Star Radiance level Green Fang Ghost Fiend shook his head, "I don't know, but as long as you walk out of the Divine Talisman Tower, you will immediately return to the fifth floor of the Divine Talisman Tower."

"There is no way to leave?" Lin Tianhao asked.

"I don't know, anyway, we haven't found a way to leave." The Star Radiance level Green Fang Ghost Fiend said indifferently.

Chapter 1098 - Face the emperor and the battle begins!

Lin Tianhao frowned. If that was the case, it would indeed be a bit troublesome.

Especially since among these Azure Fang Fiends, there was also a Great Emperor Realm expert.

If even a Great Emperor Realm expert couldn't get out of here, could he?

"When did you realize you couldn't get out?" Lin Tianhao asked.

This Star Radiance-level Azure Fang Fiend smiled and said:

"From the moment these grey mists enveloped the Ancient Mystic Realm, we couldn't get out anymore."

"It's not just us. There are many mortals in our Great Luo City, and they are the same."

"We can't get out, but our voices can be transmitted out."

Lin Tianhao glanced at this Star Radiance-level Azure Fang Fiend meaningfully.

"I think you're lying."

The Star Radiance-level Azure Fang Fiend spread out his hands. "I don't need to lie to you. If you don't believe me, just kill me."

Lin Tianhao stared intently at this Star Radiance-level Azure Fang Fiend.

The Azure Fang Fiend's source aura on each of the five floors was exactly the same, and their ranks were exactly one level higher.

This seemed a bit unscientific no matter how you looked at it.

Sometimes, excessive coincidences definitely meant there was a problem.

“How long have you been here?” Lin Tianhao asked.

The Azure Fang Fiend pondered slightly before slowly saying:

“I can’t quite remember. I don’t know if it’s been five thousand years or five thousand five hundred years.”

“I can be considered a veteran of this Divine Talisman Tower.”

Lin Tianhao chuckled. This Azure Fang Fiend’s answer almost certainly confirmed that there was something wrong with this Azure Fang Fiend.

Because at that time, the Divine Talisman Tower didn’t have such a thing as the Azure Fang Fiend.

When Nidelief had come to the Ancient Mystic Realm, it hadn’t been five thousand years.

“You’re lying!!”

“At that time, the Divine Talisman Tower didn’t have Azure Fang Fiends at all.”

“The rules of this Divine Talisman Tower, that’s you, right?”

“The Azure Fang Fiends on each floor, although their ranks have been improved, their source aura is exactly the same as yours.”

“You’re not afraid of being killed because you have the power of rules blessing you, just like these five floors, it’s a small reincarnation.”

This Star Radiance-level Azure Fang Fiend shook his head and laughed:

“Little brother, your imagination is a bit rich. As for what you said about me not being here five thousand years ago, that’s also nonsense.”

“I’ve always been here!!”

Hearing this.

Lin Tianhao smiled noncommittally and said:

“It doesn’t matter. After killing you, I’ll go kill that Great Emperor Realm Azure Fang Fiend. Naturally, there will be an answer.”

This Star Radiance-level Azure Fang Fiend frowned slightly and said:

“But I don’t want to die yet.”

Lin Tianhao raised his eyebrows and said:

“You don’t want to die, then fight me. Let me see if you really don’t want to die!!”

“Swish, swish, swish——”

Lin Tianhao didn’t hesitate to attack. The feather arrows tore through the air, accurately hitting this Star Radiance-level Azure Fang Fiend.

Although this Star Radiance-level Azure Fang Fiend had already used a displacement skill.

Under Lin Tianhao's Heavenly Punishment Lock, ordinary means of escape were useless.

However.

The kill notification from the feather arrow didn't come, that Star Radiance-level Azure Fang Fiend didn't die!!

"As expected, there's something wrong with you!!"

"There's nothing wrong with him."

"Little brother, since he doesn't want to die, why do you insist on killing him?"

"In the current environment of the Ancient Mystic Realm, there aren't many people who still want to live."

"The other few didn't want to live, you killed them, I didn't intervene, but he still wants to live, let it go!"

Lin Tianhao narrowed his eyes. The combat power displayed by this Great Emperor Realm Azure Fang Fiend just now was a bit too strong.

But his damage transfer had already locked onto that white-haired old man.

He couldn't lock onto this Great Emperor Realm Azure Fang Fiend now.

"I don't trust you, unless you are willing to join my forces and submit to me."

Hearing this.

This Great Emperor Realm Azure Fang Fiend shook his head and said:

“Little brother, don’t be so overbearing. You are trapped in the Divine Talisman Tower and can’t get out, and we are also trapped here and can’t get out. We can be considered to be in the same boat, why bother to force each other?”

Lin Tianhao snorted softly. “As the saying goes, those who are not of my race must have different hearts.”

“You are not creatures of the Milky Way world. I have reason to suspect that the things here are your doing.”

“I only have one sentence, join my forces and submit to me, and we will find a way to leave here together!!”

Lin Tianhao was setting a trap!!

With the entry that joining the Mortal Palace would definitely mean loyalty to him, as long as these two Azure Fang Fiends could join his forces, the remaining matters would be much easier to handle.

The Great Emperor Realm Azure Fang Fiend stared at Lin Tianhao and said:

“We can work together to find a solution. Even if we say we join your forces, it’s just a verbal promise.”

“This has no substantial use. It’s better for us to cooperate and find a solution together.”

Lin Tianhao raised his eyebrows slightly. “Cooperate?”

“No, no, no, we can’t talk about cooperation, after all, you have been trapped here for so many years.”

“In my opinion, either your strength is not enough, or you have problems yourselves!”

At this point.

Lin Tianhao paused slightly before continuing:

“But you are a Great Emperor Realm expert, the probability of your strength not being enough is very low, so I would rather believe that you are the ones who are making it impossible to get out.”

This Great Emperor Realm Azure Fang Fiend shook his head and said:

“If you think so, then I can only say that you are wrong, completely wrong.”

“So many Divine Emperors in the Ancient Mystic Realm fell as soon as they fell. Although I am also a Great Emperor Realm, I am only a Great Emperor among mortals. Compared with Divine Emperors, there is still a world of difference.”

Lin Tianhao smiled noncommittally and said:

“That’s the problem. I don’t trust you, so either you submit to me, or I will eliminate you.”

Hearing this.

This Great Emperor Realm Azure Fang Fiend frowned and sighed:

“If that’s the case, then go ahead. It’s not a strange thing for someone to accompany me in a fight.”

Lin Tianhao’s expression was serious. Facing this Great Emperor Realm Azure Fang Fiend, he had no chance of winning, not even a little bit.

But even if there was no chance of winning, he had to fight.

Thinking of this.

Lin Tianhao sacrificed the Shura Divine Sword.

He had just tried the Heavenly Punishment Lock, and it couldn't threaten this Great Emperor Realm Azure Fang Fiend.

Therefore.

Lin Tianhao could only place his hope on the Evil Sword Immortal form.

Although the damage value in the Evil Sword Immortal form was not as good as the Hand of Heavenly Punishment, the attack level was higher than the Hand of Heavenly Punishment.

“Swish, swish, swish——”

Chapter 1099 - 295 arrows per second!

“Shu shu shu——”

As the feathered arrows pierced the sky, Lin Tianhao also brandished the Shura Divine Sword in his hand.

In an instant, thunder and fire rolled in.

“Freeze!”

The Qingya Ghost Fiend of the Great Emperor Realm acted very simply, directly immobilizing Lin Tianhao.

Lin Tianhao's body could not move, but the arrows, guided by his heart, continued to be released.

“Disperse!”

Lin Tianhao wanted to continue attacking, but he only felt an extremely terrifying soul force impacting his mind, and his entire soul fell into a state of confusion, and the arrows guided by his heart were thus interrupted.

Lin Tianhao's immunity to soul-based attacks was very high, so it was only a moment of confusion, and Lin Tianhao's consciousness began to recover.

Arrows guided by heart, continue!

The Qingya Ghost Fiend of the Great Emperor Realm couldn't help but be a little surprised to see this scene.

Although his soul impact was not aimed at killing Lin Tianhao, it was not difficult to make a being of Lin Tianhao's level confused for a while.

“Interesting.”

Even if Lin Tianhao barely withstood his first wave of soul impact, the Qingya Ghost Fiend of the Great Emperor Realm was not surprised, and even had a faint smile on his face.

“Again!!”

“Could it be... the warning from that Lord to me?”

Thinking that he had gone to the Divine Talisman Building today, such behavior was indeed a bit out of line.

But just as the white-haired old man thought this way, a soul impact several times stronger than the previous one rushed into his mind.

Even if he was prepared at this time, he felt a little dizzy in his head.

“Lord, this lowly one knows his mistake, please forgive this lowly one this time for the sake of this lowly one's years of diligence.”

The white-haired old man respectfully saluted the air.

Although he was a bit out of line today, it was not a big mistake after all.

Therefore.

The white-haired old man felt that as long as he apologized properly, that Lord should not bother with him.

However.

What he didn't expect was.

The third soul impact came!!

This time, the power of the soul impact was even stronger.

“Lord, please forgive me!!”

The white-haired old man knelt down with a thud. He didn't expect that he would make that great one so angry just by going out for a walk.

But the surroundings were very quiet. Apart from his own slightly nervous breathing, there was only his weak heartbeat.

After a while, everything returned to calm, and he no longer suffered any harm, which made him overjoyed.

“Thank you, Lord, for your kindness!!”

...

As for why the white-haired old man would suffer three soul impacts.

That was naturally because after the Qingya Ghost Fiend of the Great Emperor Realm continuously impacted Lin Tianhao twice, he found that Lin Tianhao was still able to recover quickly, which led to the third time.

But the result was...

The third soul impact, Lin Tianhao still recovered quickly.

“Interesting, really interesting.”

The Qingya Ghost Fiend of the Great Emperor Realm stared at Lin Tianhao, full of interest in Lin Tianhao.

“You were actually able to withstand my three soul impacts, which is indeed a bit beyond my imagination.”

Lin Tianhao raised his eyebrows, “There are many things I can do that you wouldn’t expect.”

Although Lin Tianhao was still immobilized and unable to move, the arrows guided by his heart continued to be released.

“Alright, since that’s the case, then sink into oblivion!”

The Qingya Ghost Fiend of the Great Emperor Realm took out a tortoise shell.

A powerful suction force erupted from the tortoise shell, and it actually sucked Lin Tianhao into it.

After Lin Tianhao was sucked into it, one Qingya nail after another appeared and struck into the major acupoints around his body.

Lin Tianhao raised his eyebrows slightly. Every Qingya nail that struck his body would take away hundreds of millions of his health points.

And all of this damage was fed back to the white-haired old man.

-3.03 million!!

-3.03 million!!

...

The damage value transferred to him each time was not too high. At least, based on the white-haired old man's physical transformation and his amazing health points, this damage was not worth mentioning.

The damage value that Lin Tianhao transferred to the white-haired old man had exceeded one billion, but the actual damage suffered by the white-haired old man was only 3.03 million.

This may have damage reduction, but more of it should be due to physical transformation.

At this moment.

The white-haired old man was a little dumbfounded.

This damage value can be said to be of little harm, but extremely insulting!!

He could be sure that it was definitely not done by that great one.

Because if that great one took action, the degree to which he lost health would definitely be more than this.

Putting aside everything else.

This bit of damage was no longer punishment, but humiliation.

“Is it that kid?!!”

After being puzzled, the white-haired old man instantly had an answer in his heart.

“What did he do to me before, but I never realized what he did to me, it seems that it is only now being reflected.”

The white-haired old man's face was extremely gloomy, because he could not think of anyone else besides Lin Tianhao.

At this moment.

Lin Tianhao had already been trapped in the tortoise shell.

And Lin Tianhao directly maxed out his attack speed.

He directly piled all the free attribute points on his body onto attack speed.

The attack speed, which was already over a hundred, was instantly raised to two hundred and ninety-five with the blessing of eight million free attribute points!!

Of course.

This was just ordinary attack speed, not Heavenly Punishment attack speed.

If the Heavenly Punishment attack speed was raised to two hundred and ninety-five, then Lin Tianhao would really be defying the heavens.

“Shu shu shu—”

Two hundred and ninety-five arrows per second bombarded the tortoise shell. With Lin Tianhao's output ability, even if this tortoise shell was a Sacred Artifact, Lin Tianhao would be able to shatter it.

Sure enough.

Under Lin Tianhao's fierce offensive of two hundred and ninety-five arrows per second, the tortoise shell began to tremble violently in less than half a minute.

“How could this be?”

The Qingya Ghost Fiend of the Great Emperor Realm was very shocked to see the tortoise shell in his hand begin to tremble violently, and even emit a buzzing sound.

“This kid is indeed a bit too strong!!”

As soon as he said these words, tiny cracks actually appeared on the tortoise shell in his hand.

“Not good.”

Although this tortoise shell was not a Sacred Artifact, it was extremely extraordinary to him. If it was destroyed in Lin Tianhao's hands, he would really have no place to cry.

“Get out of here!!”

The Qingya Ghost Fiend of the Great Emperor Realm raised his hand and pointed at the tortoise shell, and Lin Tianhao, who was trapped in the tortoise shell, immediately flew out.

Chapter 1100 - Set up a trap: Emperor-level rule life form!

“I underestimated you.”

This Great Emperor Realm Cyan Fang Ghost Fiend stared intently at Lin Tianhao, “Two hundred and ninety-five arrows per second, each arrow containing the power of a Saint.”

Having said that.

The Great Emperor Realm Cyan Fang Ghost Fiend pondered for a moment, then said:

“I have no intention of being your enemy, you don’t need to force me.”

“You—”

The Star Radiance Realm Cyan Fang Ghost Fiend beside him was a little annoyed.

“Why are you so stubborn?”

The Great Emperor Realm Cyan Fang Ghost Fiend pondered slightly before saying:

“Not being able to get out of here has nothing to do with us, if you don’t believe it, I can’t help it.”

“So, we only have to fight.”

Lin Tianhao said indifferently, “After killing you, I will figure out how to deal with the remaining matters myself.”

The Great Emperor Realm Cyan Fang Ghost Fiend snorted coldly, “Incomprehensible!”

“How can there be such an unreasonable person like you in this world.”

Having said that.

The Great Emperor Realm Cyan Fang Ghost Fiend unhesitatingly attacked, raising his hand and sending a palm strike towards Lin Tianhao’s chest from afar.

-7.1 billion!!

That’s a lot of damage.

Lin Tianhao has a physical transformation, as well as damage transfer and various damage reductions.

Under such circumstances, being able to take away 7.1 billion of his health points is enough to show that the Great Emperor Realm Cyan Fang Ghost Fiend was truly enraged just now.

“Your damage reduction ability is truly terrifying!!”

The Great Emperor Realm Cyan Fang Ghost Fiend's expression changed again and again. He had seen many experts, including some super geniuses.

But compared to Lin Tianhao, those super geniuses were nothing but small fry.

"Swish, swish, swish—"

Lin Tianhao activated Heavenly Punishment Lock-On, and feather arrows flew towards the Great Emperor Realm Cyan Fang Ghost Fiend.

He wasn't sure how much power these Heavenly Punishment Feather Arrows could wear down from the Great Emperor Realm Cyan Fang Ghost Fiend.

But he had no choice, he had to fight.

Even.

He couldn't mention letting them join the Mortal Palace anymore.

Because if he acted too deliberately with a Great Emperor Realm expert, it would instead make him suspicious.

Lin Tianhao's actions made the Great Emperor Realm Cyan Fang Ghost Fiend somewhat annoyed.

He stared intently at Lin Tianhao and said:

"Little brother, I can agree to your request, we can all submit to you, we can join your forces, but we can't establish a master-servant contract with you."

"Actually, as far as you're concerned, as long as a Great Emperor Realm expert like me joins your forces, you can get a lot of rewards, right?"

What the Great Emperor Realm Cyan Fang Ghost Fiend said was correct, but what Lin Tianhao could get was more than what the Great Emperor Realm Cyan Fang Ghost Fiend thought.

But Lin Tianhao was still silent, he frowned and fell into thought.

“Little brother, we have already compromised, there is no need to be so aggressive, why don’t we try it, what if we can really break this rule together?”

Lin Tianhao stared at the Great Emperor Realm Cyan Fang Ghost Fiend, pondered for a moment, then nodded and said:

“Okay, I’ll trust you this once.”

As soon as he finished speaking.

Lin Tianhao took out two tokens, “From today onwards, you are elders of my Mortal Palace.”

“Okay.”

The Great Emperor Realm Cyan Fang Ghost Fiend smiled and took the token.

The Star Radiance Realm Cyan Fang Ghost Fiend did the same.

Seeing them accept the Elder tokens, a satisfied smile appeared on Lin Tianhao’s face.

“Ding, congratulations, you have successfully recruited an Emperor-level... Ding... Ding... Ding... Data is unstable, re-detecting...”

Lin Tianhao's expression changed slightly, wasn't this Cyan Fang Ghost Fiend in the Great Emperor Realm? Why does it seem like this Cyan Fang Ghost Fiend has a problem now?

"Ding, congratulations, you have successfully recruited an Emperor-level Rule Lifeform [Cyan Fang Ghost Fiend], reward Contribution Points +100 billion."

Lin Tianhao: ???

Contribution Points, 100 billion???

At this moment, Lin Tianhao even felt like he had misheard.

A full 100 billion Contribution Points!!

At the same time.

Lin Tianhao finally reacted.

He... did he pick up a bargain?

This guy isn't an ordinary Emperor-level.

The Cyan Fang Ghost Fiends on each of the five floors should be the same, only their levels are different due to the rules.

The Great Emperor Realm Cyan Fang Ghost Fiend also realized something the moment he took the token.

Just when Lin Tianhao thought he could smoothly take this Emperor-level Rule Lifeform into his possession.

The surrounding space began to become chaotic.

To be precise.

The surrounding power of rules became chaotic.

The entire Divine Talisman Tower began to distort, and a mysterious force spread out in all directions.

“You’re resisting?!”

Lin Tianhao frowned and stared at the Great Emperor Realm Cyan Fang Ghost Fiend.

He himself is a Rule Lifeform, at this time he should be using his own power of rules to contend with Lin Tianhao’s Absolute Loyalty rule.

“Galaxy Eye!”

Lin Tianhao stared at the eyes of the Cyan Fang Ghost Fiend and released the skill.

This Galaxy Eye can confuse enemies, allowing them to see the endless starry sky in the next five seconds.

“Compassion!”

“Rage Infection!”

Lin Tianhao attacked one after another. Whether it was Compassion or Rage Infection, these were things that Lin Tianhao had obtained when he killed the gods, which could affect other people’s emotions.

Now that Lin Tianhao used them, he wanted to limit the opponent from resisting his power of rules.

The deceptive effect of the Galaxy Eye was almost useless.

After all, he was a Great Emperor Realm expert, and the Galaxy Eye had too little influence on Great Emperor Realm experts.

But what Lin Tianhao didn't expect was that Compassion and Rage Infection gradually mobilized the emotions of this Cyan Fang Ghost Fiend.

The originally distorted Divine Talisman Tower began to gradually stabilize.

A satisfied smile appeared on Lin Tianhao's face, because he could already feel that there was some kind of connection between him and this Cyan Fang Ghost Fiend.

"You win..."

The Cyan Fang Ghost Fiend sighed heavily, "I underestimated you too much, I didn't expect that you would still possess such a powerful rule power!"

Lin Tianhao raised his eyebrows and smiled:

"This can only show that my guess was correct, you are the culprit who prevented me from getting out."

Hearing this.

The Cyan Fang Ghost Fiend smiled and nodded, "No wonder you were able to escape from that octopus monster's hands, you are much stronger than I imagined."

“Octopus monster?”

Lin Tianhao frowned slightly, because when he encountered the octopus monster, he didn’t escape.

On the contrary.

It was the octopus monster that was beaten away by Lin Tianhao.

“It’s that white-haired old man, he even chased after me to the Divine Talisman Tower, I helped you stop him.”

“He can come out of that Divine Artifact space?”

Lin Tianhao’s expression changed slightly. He had a deep understanding of how strong the white-haired old man was.

If that old guy could come out of the Divine Artifact space, it would definitely be a huge threat to Lin Tianhao.
