

## O game 1101

Chapter 1101 - The current situation of the ancient mysterious realm!

The Green-Toothed Ghost Fiend nodded, smiling and saying:

“Of course, he can come out of that divine artifact space, but you don't need to worry too much, my lord. He is very strong in the divine artifact space, but after leaving it, his strength will be greatly reduced.”

“Just like me, I am very strong in this Divine Rune Tower. Even your holy-level feather arrow attacks, I can easily block.”

At this point.

The Green-Toothed Ghost Fiend paused slightly before continuing:

“Moreover.”

“This Great Luo City has long been divided into regions by a lord. He cannot cross the boundary casually.”

“Lord?”

Lin Tianhao's expression changed slightly. Whether it was the white-haired old man or this Green-Toothed Ghost Fiend, in Lin Tianhao's view, they were already terrifyingly strong.

But in the Green-Toothed Ghost Fiend's words, there seemed to be an even more powerful lord.

“Yes.”

The Green-Toothed Ghost Fiend nodded heavily, "This lord's identity can be understood as the current city lord of Great Luo City. He is very strong, terrifyingly so."

"He was originally Nine Emperors in one, but later in the Ancient God Secret Realm, six of his heads were chopped off, leaving only three. We also call him the Three Emperors Lord."

At this point.

The Green-Toothed Ghost Fiend lowered his voice a little before continuing:

"Each head of the Three Emperors Lord represents a kind of emperor-level power of rules, and each possesses emperor-level combat power."

"He is the combination of three emperor-level powerhouses, but the combat power he can unleash is far from what three emperor-level powerhouses joining forces can match."

"At that time, we could also obtain a large amount of blood food."

"But the result is that the space of the Ancient God Secret Realm and the Endless Star Sea was blocked, and we couldn't leave the Ancient God Secret Realm, so we were trapped here in a disguised form."

Lin Tianhao frowned slightly, and the Green-Toothed Ghost Fiend continued:

"But the Three Emperors Lord predicted that the Ancient God Secret Realm will definitely open to the outside world again. At that time, we can still obtain a large amount of blood food."

Hearing this.

Lin Tianhao felt a little chilled.

"In this Ancient God Secret Realm, are there many strong people of your level?"

The Green-Toothed Ghost Fiend shook his head and said:

“The emperor level is already very powerful. The blood feeders who attacked the Ancient God Secret Realm in the beginning have basically left.”

“Most of those who are left are actually guys who came in later to eat leftovers. As a result, they didn't get to eat the leftovers, but were trapped here instead.”

Lin Tianhao raised his eyebrows. If that was the case, it seemed not bad.

Then... ..

The most difficult to deal with should be that Three Emperors Lord!!

“Do you think it is possible for me to contend with that Three Emperors Lord?” Lin Tianhao asked directly.

The Green-Toothed Ghost Fiend shook his head and said: “There is almost no possibility. The Three Emperors Lord's combat power is very strong, and his power of rules is also extremely terrifying.”

“According to my estimation, although your power of absolute loyalty is overbearing, it may not be able to compete with the Three Emperors Lord's power of rules.”

Lin Tianhao was not too surprised, after all, the Green-Toothed Ghost Fiend was just resisting his [Absolute Loyalty] rule.

That Three Emperors Lord was indeed very likely not to be affected by [Absolute Loyalty].

“I heard that there are many inheritances left by gods in this Ancient God Secret Realm. Is this true?” Lin Tianhao asked.

“Of course, it's true.”

The Green-Toothed Ghost Fiend answered very affirmatively, “The group of blood feeders who attacked the Ancient God Secret Realm at the beginning were very powerful. They enjoyed eating gods, and they didn't care about ordinary creatures.”

“Those blood feeders not only did not destroy the inheritances left by the gods, but also simplified some of the tests left by the gods.”

“They even put some cultivation resources of the Ancient God Secret Realm into those inheritances, for one purpose... .. Creating gods!!”

Lin Tianhao couldn't help but twitch his mouth when he heard this, “Creating gods, and then eating gods, right?”

“Yes.”

The Green-Toothed Ghost Fiend smiled and spread his hands, “In your human words, this is called farming. To get delicious blood food, you naturally need to invest some nutrients.”

“Then what? Where did that group of blood feeders go now?” Lin Tianhao asked.

The Green-Toothed Ghost Fiend replied calmly:

“My lord, creating gods is not a matter of overnight. They left the Ancient God Secret Realm to find blood food elsewhere.”

“After they left, a large number of ordinary blood feeders poured into here, preparing to eat leftovers.”

“Then the entrances and exits of the Ancient God Secret Realm and the Endless Star Sea were closed, and everyone could no longer return to the Endless Star Sea, and could only stay here.”

“Are there any god inheritances of time, space, darkness, light, or power, kendo, life, sacredness, death?”

Lin Tianhao really looked down on ordinary god inheritances.

If he were to take action, he would naturally need a more powerful god inheritance.

“Time? Space? Life? Sacredness?”

The Green-Toothed Ghost Fiend looked at Lin Tianhao in astonishment and said:

“My lord, you think too highly of this Ancient God Secret Realm. If there were three or more god emperors of these attributes, that group of blood feeders would not dare to set foot here at all.”

“Especially time and life, even saints would be afraid if they risked their lives.”

Lin Tianhao spread his hands helplessly, “Listening to you, the gods here are not very strong.”

“Not really.”

The Green-Toothed Ghost Fiend shook his head, “Some gods here are still relatively strong.”

“It's just that those attributes you mentioned have basically gone to the God Realm.”

“Even gods are very different.”

“The degree of importance that ordinary attribute gods and these high-ranking attribute gods receive in the God Realm is completely different.”

Lin Tianhao was slightly disappointed and said: "Then there must be wind, thunder, ice, and fire."

"Those are all there, including kendo, but they have not reached the god emperor level."

"But, seeing your sword energy that attracted heavenly thunder and earthly fire before, I guess you don't like ordinary kendo inheritances."

As soon as the Green-Toothed Ghost Fiend finished speaking, a figure appeared at the entrance of the Divine Rune Tower.

"Kid."

Lin Tianhao turned around to look, and it was none other than the white-haired old man.

The white-haired old man raised his hand and slammed it on Lin Tianhao's shoulder.

-320 million!!

While Lin Tianhao was taking damage, a damage number also appeared above the white-haired old man's head.

"It really is you!!"

The white-haired old man stared at Lin Tianhao with cold eyes, "What did you do to me? Why is the damage you take transferred to me?!"

Chapter 1102 - Master, help!

Lin Tianhao spread his hands and said:

"I want to tell you, I didn't do anything to you, do you believe it?"

“What do you think?” the white-haired old man said angrily.

“You want me to be the vessel to bear your injuries, you’re courting death!!”

Looking at the white-haired old man with an angry face, a playful smile appeared on Lin Tianhao’s face.

“Can I be blamed for this? Who told you to want the things on me.”

The white-haired old man raised his hands, and a terrifying suction force acted on Lin Tianhao, trying to pull Lin Tianhao over.

Seeing this scene.

Qingya Ghost Fiend raised his hand and pointed, and a layer of barrier unfolded in the Divine Talisman Building, isolating the white-haired old man’s power outside.

Seeing this scene.

The white-haired old man’s expression changed, and a nameless anger rose in his heart.

“Old ghost, what do you want to do!!”

Qingya Ghost Fiend smiled noncommittally and said:

“Octopus guy, this is my territory, and I won’t allow you to run wild here.”

The white-haired old man’s face was ashen, he stared at Qingya Ghost Fiend, and said:

“Old ghost, this kid schemed against me. You saw just now that the damage I suffered will be transferred to him.”

“I can’t accept this.”

“You want the corpse of the god on him, we’ll split it three-seven, but you have to give me this kid.”

Hearing this.

Qingya Ghost Fiend couldn’t help but laugh out loud.

“No, are you kidding me? Three-seven split, and I still have to give him to you, have you been depressed in the Ancient God Secret Realm for too long and your brain is broken.”

“Him, and the corpse of the god on him, why can’t I have them all?”

“Old ghost!!”

The white-haired old man’s voice became a bit lower, he stared at Qingya Ghost Fiend, and scolded:

“Qingya Ghost Fiend, we are on the same side, don’t push things too far.”

“This kid’s methods are strange, he stirred up the inner demons in my heart before, you yourself, I’m afraid you can’t handle him.”

Qingya Ghost Fiend chuckled and said:

“Octopus guy, whether I can handle him or not, you don’t need to worry about it, you’ve overstepped your bounds, you should leave!”

“You!!”

The white-haired old man raised his hand and pointed at Lin Tianhao, and roared:

“Qingya Ghost Fiend, the wheel of fortune turns, you won’t have a good end.”

“Shua shua shua——”

As soon as the white-haired old man’s voice fell, Lin Tianhao had already made his move.

He wanted to try and see how much fighting power the white-haired old man had without being in that artifact space.

The white-haired old man shouted angrily, and a barrier appeared around him, shattering all of Lin Tianhao’s feather arrows.

This wave was just a mutual probing.

“Kid, you won’t have a good end.”

Lin Tianhao chuckled, “Whether I have a good end or not, it seems you don’t need to worry about it.”

“But you, if you really want to kill me, come into this Divine Talisman Building, let’s fight it out.”

The white-haired old man was so angry that his hands trembled slightly after hearing Lin Tianhao’s words.

“Old ghost, you’re a good one, I’m going to find Lord Three Emperors to uphold justice now.”

“Go, go now.”

Qingya Ghost Fiend chuckled.

“It’s best to let the entire Great Luo City, and even all the blood eaters in the entire Ancient God Secret Realm know that you were beaten around in circles by a fifth-rank professional.”

The white-haired old man clenched his fists and sneered:

“Hmph, saying so much, isn’t it just wanting to eat alone.”

“Isn’t it just losing face? I’ve been in the Ancient God Secret Realm for so many years, would I still care about this thing called face?”

“If it’s going to be known to everyone, then it’s going to be known to everyone, it’s not bad to have everyone come and share the meat together at that time.”

In this instant, Lin Tianhao had already developed a murderous intent.

His Heavenly Punishment Lock, coupled with Qingya Ghost Fiend’s power, it was not entirely impossible to solve this white-haired old man.

In an instant.

The atmosphere became extremely tense, and they could all feel that if one word was wrong, a big fight might break out.

The white-haired old man stared at Lin Tianhao for a while, and the atmosphere became more and more tense.

“Snow Emperor, it seems you’ve encountered trouble.”

At this moment.

The voice of the Yin Yang Harmony Sect Master came.

Immediately afterwards.

Lin Tianhao saw the Yin Yang Harmony Sect Master and the Cold Building Master walking over.

Lin Tianhao raised his eyebrows slightly, these two guys seemed to have come at just the right time.

“Who is this little old man? He can actually threaten you, Snow Emperor?”

Hearing this.

Lin Tianhao couldn't help but smile and said:

“Not strong, just a mortal in the Great Emperor Realm!!”

“Great Emperor Realm? Mortal?”

Can these two things be put together?

Lin Tianhao raised his eyes slightly, with a playful smile on his face, these two guys came at just the right time.

“Master, Uncle Master, you've finally come, this old guy wants to kill me.”

Yin Yang Harmony Sect Master: ? ? ?

Cold Building Master: ? ? ?

You kid, you're just spouting nonsense, right!!

The white-haired old man couldn't help but change slightly when he heard Lin Tianhao's address to the Yin Yang Harmony Sect Master and the Cold Building Master.

"Hmph, are you this kid's elders?"

The white-haired old man did not act rashly, but was instead on full alert.

There was no other reason.

Although Lin Tianhao's overall combat power didn't seem too strong, he was still able to disgust him.

These two elders of his were both Emperor-level masters, and maybe they had some incredible methods, so he might not be able to withstand it.

"You two taught a good disciple."

The Yin Yang Harmony Sect Master waved his hands repeatedly and said:

"Senior, don't misunderstand, we are not familiar with him, he is doing it on purpose, just wanting you to target us."

The white-haired old man frowned slightly and said:

"Whether you are together or not, I don't know, but there is one thing I can be sure of, and that is that you are all outsiders."

“Since this kid has disgusted me, and I have no way to deal with him now, then I’ll find some compensation from you.”

At this point.

The white-haired old man raised his hand and slapped out a palm.

Seeing this, the Cold Building Master made a hand seal and pointed out instantly, and an ice wall appeared in front of him.

“Bang——”

Without any suspense, the ice wall exploded directly.

At the moment when the ice wall exploded, the Yin Yang Harmony Sect Master and the Cold Building Master behind the ice wall had disappeared.

“Want to run?”

The white-haired old man snorted coldly, his figure moved, and he had disappeared.

Lin Tianhao breathed a sigh of relief, if he had just fought with the white-haired old man, he wouldn’t have had much confidence either.

Especially.

Looking at the current situation in the Ancient God Secret Realm, if these blood eaters knew that he had a god’s corpse on him, who knew how crazy they would be.

Everything else was fine, the main thing was that Lord Three Emperors, Lin Tianhao had no chance against him.

"Snow Emperor, if there really comes a time when there is no way out, will you hand me over?"

Chapter 1103 - A full meal, a full meal!

"What do you think?" Lin Tianhao asked.

Nidalee Frit nodded with a smile and said:

"I know the answer."

Having said that.

Nidalee Frit hesitated slightly before saying:

"Then I can only pray that you don't go down a dead end."

"Becoming food, that would be too miserable for me."

Lin Tianhao smiled helplessly and said:

"I also don't want to be forced into a dead end."

"However, you don't need to worry too much about this issue. In the Ancient God Secret Realm, even God Emperors can become food. It wouldn't be too miserable for you to become food."

Nidalee Frit gave a wry smile and said:

"Then you should be more stable."

"Stable?"

Lin Tianhao chuckled and shook his head, saying:

"Stability is useless. This is an opportunity. Kill that old thing. In the next month, we will be relatively safer in the Ancient God Secret Realm."

Killing the white-haired old man, enslaving his soul, and with the addition of the Azure Fang Ghost Fiend, Lin Tianhao's situation would be much better.

The Azure Fang Ghost Fiend plus the white-haired old man, and Hei Tianaozhen, would be enough to give Lin Tianhao the power to protect himself.

After all, the Azure Fang Ghost Fiend had already said that there are not many experts like him in the current Ancient God Secret Realm.

As long as those experts in the Great Emperor Realm don't join forces, everything will be fine.

"You are really a madman," Nidalee Frit couldn't help but say.

However.

Lin Tianhao had already rushed out with the Azure Fang Ghost Fiend.

Outside Da Luo City.

The Sect Master of the Yin Yang Joyful Union Sect and the Master of the Cold Tower were still caught up by the white-haired old man.

"Although the flesh and blood of mortals is not so delicious, you are, after all, Royal-level experts. I will just make do with a mouthful."

The Sect Master of the Yin Yang Joyful Union Sect waved his hands repeatedly, saying:

"Senior, I am not clean. I am sick. I also cultivate the Joyful Union Cultivation Method. You understand, even dogs would despise it."

The white-haired old man sneered, "Stop with the act. You two, obediently become my food."

The Cold Tower Master and the Yin Yang Joyful Union Sect Master looked at each other, and a cold glint flashed in their eyes.

In the current situation, they can no longer leave if they want to.

"Senior, if you have to say it like that, then we have to fight this battle today, no matter what?"

"What? You two Royal-level experts, do you think you can threaten me?"

Although that's what he said.

The white-haired old man did not take it lightly at all.

Only because Lin Tianhao had given him a hard time, and these two were obviously much higher in realm than Lin Tianhao.

Therefore.

If this battle really starts, his chances of winning are not particularly great.

However.

As a strong man in the Great Emperor Realm, he still felt that he was naturally in an invincible position.

The Cold Tower Master struck out with both palms, and the cold air instantly enveloped the two blood-colored tentacles, attempting to freeze them.

However, the black holes on the blood-colored tentacles directly devoured all of this cold air.

"Boom—"

The blood-colored tentacles slapped down, and the devouring power in the black holes pulled on the bodies and souls of the Sect Master of the Yin Yang Joyful Union Sect and the Master of the Cold Tower, making them unable to move.

The two almost simultaneously tried to teleport, but the result was failure.

The Sect Master of the Yin Yang Joyful Union Sect and the Master of the Cold Tower reacted quickly enough.

After discovering that the teleportation skill was useless, the two immediately used the Substitution Technique.

Using the Substitution Technique, the two narrowly avoided the white-haired old man's round of attacks.

Only.

Just as they had avoided this first round of attacks, a swamp appeared under their feet, slowing their movements, and a gray mark appeared above their heads.

They... were silenced!!

At the same time.

Two tentacles slapped down again from two different directions.

Seeing this scene.

The Sect Master of the Yin Yang Joyful Union Sect snorted coldly, "Yin Yang True Body!!"

The body of the Sect Master of the Yin Yang Joyful Union Sect instantly grew larger, and she raised her hand to grab the blood-colored tentacle.

The other arm even raised a large machete and slashed down fiercely.

The Cold Tower Master on the side did not sit idly by. With a wave of his hand, ice cones condensed one after another, enveloping the blood-colored tentacle.

The Sect Master of the Yin Yang Joyful Union Sect and the Cold Tower Master joined forces, but in front of the white-haired old man, they only had the power to parry, without the slightest chance to fight back.

"Is this all you've got?"

The white-haired old man sneered, "Looking at you, your strength doesn't seem to be very good."

Originally, the white-haired old man was worried that the Sect Master of the Yin Yang Joyful Union Sect and the Master of the Cold Tower would have some particularly powerful methods.

But after this fight, he realized that these two guys were obviously higher in level than Lin Tianhao, but their combat power was not even as good as Lin Tianhao.

The Sect Master of the Yin Yang Joyful Union Sect and the Master of the Cold Tower both looked very ugly. They each had trump cards that they had not used.

But those trump cards were used to fight desperately and would not be used easily unless absolutely necessary.

"Senior, if you kill us, it will be difficult for anyone to come to the Ancient God Secret Realm in the future, and it will be very difficult for you to have more blood food."

"As long as you promise to let us go, we can guarantee to prepare enough blood food for Senior."

Hearing this.

The white-haired old man chuckled, "Guarantee?"

"In this world, human guarantees are the least trustworthy things."

"You guarantee? Is it credible?"

"Blood food is only real when it is eaten, everything else is empty talk!!"

The Sect Master of the Yin Yang Joyful Union Sect couldn't help but frown.

"Senior, if you insist on doing this, then we will perish together, even if it means destroying everything."

"Oh?"

The white-haired old man chuckled, "Perish together, how scary."

"Threaten me, you are not qualified enough!!"

As the white-haired old man's voice fell, another voice rang out.

"Octopus guy, it's not good for you to overstep your boundaries like this."

Hearing this.

The white-haired old man raised his eyes and instantly noticed the Azure Fang Ghost Fiend and Lin Tianhao.

"You let him out?" The white-haired old man's expression changed slightly.

The Azure Fang Ghost Fiend nodded and smiled:

"That's right, the Snow Emperor handed over the corpse of the gods as a pledge of allegiance and promised to give me more blood food in the future."

"A full meal and a steady supply, I can still tell the difference."

The white-haired old man's expression changed slightly, "Then what are you doing here?"

"The Snow Emperor is the master of the holy land of the Vast Continent, and these two are also the masters of the holy land of the Vast Continent."

"I am here, naturally, to obtain more and better blood food from the Vast Continent," the Azure Fang Ghost Fiend said with a smile.

Chapter 1104 - Dominate the market with one company or compete with other companies?

Qingya Ghost Fiend's words were naturally discussed with Lin Tianhao in advance.

Because Lin Tianhao knew very well that no matter what, he must not let others know that he had subdued Qingya Ghost Fiend.

Therefore.

If they were to attack the white-haired old man today, there must be a legitimate reason.

"Hmph, old ghost, you are really greedy, aren't you afraid they'll deceive you?"

Hearing this.

Qingya Ghost Fiend smiled playfully and said:

"Deceive me? The person who can deceive me hasn't been born yet!"

"Qingya Ghost Fiend, even if you want to cooperate, I should be the one cooperating with them, it's not your turn!!"

Qingya Ghost Fiend chuckled, "Octopus guy, is this your territory?"

"It's not, right!!"

"Since this is not your territory, what qualifications do you have to turn them into your own?"

After hearing these words.

The white-haired old man sneered and said:

"Qingya Ghost Fiend, are you trying to start a fight?!"

"After you leave the Divine Talisman Building, how much combat power do you have left?"

Qingya Ghost Fiend sneered, "Talking about me, what about yourself?"

"Do you think that if you are not in your Divine Gate space, how much combat power do you have left?"

At this point.

Qingya Ghost Fiend changed the subject and continued to say:

"Octopus guy, don't blame me for not giving you a chance. If you leave now, I won't pursue the matter."

"But once we start fighting, it won't be fun if I accidentally kill you."

The white-haired old man was so angry that he laughed instead, and laughed loudly:

"Hahaha, Qingya Ghost Fiend, you really have a big mouth, kill me? Even in your Divine Talisman Building, it is impossible for you to kill me."

"Is that so?"

Qingya Ghost Fiend chuckled.

Lin Tianhao then stepped forward and said:

"Yin Yang Harmony Sect Master, Hanlou Master, let's join forces to deal with this old thing."

Hearing this.

The Yin Yang Harmony Sect Master was slightly stunned, but he quickly reacted.

If they join forces to kill the white-haired old man, and then they turn around and join forces to kill Qingya Ghost Fiend, today's situation may be broken.

Of course.

There is also another possibility.

That is, Lin Tianhao has reached some kind of agreement with Qingya Ghost Fiend, and after killing the white-haired old man.

Lin Tianhao and Qingya Ghost Fiend will kill them both, and the ones who ultimately become blood food will be them.

The current situation is somewhat delicate.

Qingya Ghost Fiend and the white-haired old man are obviously in an antagonistic state.

If they can use the conflict between the white-haired old man and Qingya Ghost Fiend to escape, it would be much better than joining forces to kill the white-haired old man.

However.

There is still a problem.

That is, what should they do next?

After all, judging from the current situation, what will be the result if they don't accept Lin Tianhao's offer?

"Okay."

Now that the arrow is on the string, they have no choice but to shoot, they have no more room for choice.

Although the Yin Yang Harmony Sect Master agreed, she had already thought that if there was a chance later, she would just run away.

"You two, I know what you are thinking. If you don't kill this old thing today, where can you run to?"

"I have already discussed it with Lord Qingya. As long as we solve this old thing, he can take us to the Land of Divine Inheritance to help us grow. We only need to provide Lord Qingya with blood food regularly."

Lin Tianhao naturally knew that the Yin Yang Harmony Sect Master and the Hanlou Master wanted to run away.

If they really ran away, then today's matter would be a hornet's nest.

"Qingya Ghost Fiend, you really have a good plan, using the Divine Inheritance as bait."

Qingya Ghost Fiend smiled and said:

"Since you already know, then I have even less reason to let you live."

"If you die, I can maximize my own interests."

Hearing this.

The white-haired old man was furious, he looked at Qingya Ghost Fiend and scolded:

"Kill me, not to mention whether you can do it, even if you really do it, how will you explain it to Lord Three Emperors?"

Qingya Ghost Fiend smiled and said:

"Of course, I will use blood food to explain."

"I have already negotiated everything, and we will have a constant supply of blood food in the future."

"And if you die, there will be one less person to share the blood food. I think Lord Three Emperors will not only not be angry, but may even reward me."

"You——"

The white-haired old man was really disgusted by Qingya Ghost Fiend today.

"You two, if you really make a move, you will be doomed."

"Now, I can still restrain Qingya Ghost Fiend. If something happens to me, then whatever Qingya Ghost Fiend says, you will have to do. There is no way out."

"So, how about you cooperate with me?"

Obviously.

The white-haired old man was also a little worried, worried that if he fought with Qingya Ghost Fiend, plus Lin Tianhao and the others, he might really die here.

Therefore.

Luring the Yin Yang Harmony Sect Master and the Hanlou Master to form a balance of power is the only chance.

"As for the Divine Inheritance, I can also help you obtain it."

The conditions are the same, and another choice is given.

"Whether it is one family dominating, or a balance of power, you decide for yourselves."

The Yin Yang Harmony Sect Master and the Hanlou Master looked at each other, and they already had an answer in their hearts after exchanging glances.

"Snow Emperor, it's not that we don't give you face, it's that you, you should also make the same decision."

"If one family dominates, it will not end well later."

Obviously.

The Yin Yang Harmony Sect Master also knew that if they gave all the power to Qingya Ghost Fiend, then they would be fish on the chopping board, at his mercy.

"What about you?"

Lin Tianhao looked at the Hanlou Master.

"Kill!!!"

The Hanlou Master took out a staff, "Kill this old guy, I believe in your judgment, Snow Emperor."

The Hanlou Master's decision stunned the Yin Yang Harmony Sect Master.

He obviously did not expect that the Hanlou Master would do this.

Unless...

The Hanlou Master wants to join hands with the Snow Emperor to solve Qingya Ghost Fiend after solving the white-haired old man.

"Since that's the case, then let's do it."

"Swoosh swoosh swoosh——"

Lin Tianhao made a move without hesitation.

The Hanlou Master also waved his staff, and an ice-blue magic circle appeared under the white-haired old man's feet.

The white-haired old man took a step, trying to break through the ice-blue magic circle.

Chapter 1105 - The Three Emperors have fallen!

However.

Before the white-haired old man could even lift his foot, his entire being turned into an ice sculpture, unable to move.

"Careful."

The Azure Fang Ghost Fiend said in a low voice, because he had already noticed that the white-haired old man was not frozen, it was just a trick.

In the next instant.

The white-haired old man had already appeared behind the Cold Tower Master.

"Yin Yang Reversal, return!!"

The Yin Yang Harmony Sect Master shouted, and the space around the white-haired old man, who was already behind the Cold Tower Master, fluctuated violently, instantly pulling him back into the ice-blue formation.

As soon as he was pulled back, a large number of ice cones flew towards the white-haired old man.

Lin Tianhao narrowed his eyes, activating Three Heads Six Arms, Evil Sword Immortal Form, Arrow from the Heart, and Heavenly Punishment Lock!!

In an instant, all of Lin Tianhao's forms were activated.

When dealing with this white-haired old man, there could be no trace of softheartedness, directly using the most powerful form, at the fastest speed, to kill the white-haired old man.

"Blood Shadow: Tower within a Tower!!"

The Azure Fang Ghost Fiend made a hand seal, and an illusory five-story tower descended from the sky, enveloping the white-haired old man.

The white-haired old man roared, "Devouring Black Hole!!"

A huge black hole appeared above the white-haired old man's head, and this huge black hole forcibly swallowed the Azure Fang Ghost Fiend's five-story tower.

"Freeze—"

The Cold Tower Master waved the staff in his hand, freezing the white-haired old man.

But the freezing effect only lasted for an instant before it was broken.

The Cold Tower Master's freeze could still freeze the white-haired old man for a moment, but Lin Tianhao's Eye of Freezing couldn't freeze him even for a moment.

Lin Tianhao's normal attacks had a certain chance to freeze the opponent, but if the opponent's tenacity or CC immunity reached a certain level, CC immunity would occur.

However.

To have 100% CC immunity, the difficulty coefficient was still very high.

It's just.

Now, Lin Tianhao's Heavenly Punishment Lock's feather arrows were shattered before they even hit the white-haired old man.

On the other hand, Lin Tianhao's Heavenly Lightning and Earthly Fire still had an impact on this white-haired old man.

"Don't stop, increase the output."

The Azure Fang Ghost Fiend shouted, then took out a scarlet talisman.

This scarlet talisman grew larger upon seeing the wind, and even more scarlet rays of light flew out from the scarlet talisman, these scarlet rays of light wrapped around the white-haired old man.

"Azure Fang Ghost Fiend, today, do you have to fight me to the death?"

The white-haired old man was annoyed, this was not the Divine Gate space.

Here, facing Lin Tianhao's endless attacks, the white-haired old man had already felt the pressure.

After all, Lin Tianhao's attack level was too high, he was now facing the Azure Fang Ghost Fiend's attacks head-on, and he also had to split his strength to block the attacks of the Yin Yang Harmony Sect Master and the Cold Tower Master.

If it was just the Yin Yang Harmony Sect Master's level, even if there were two or three more, he would not be afraid at all.

But Lin Tianhao gave the white-haired old man a huge pressure.

"Octopus, are you admitting defeat now? Do you think I'll let you go?"

"I don't know, if I let you break through, will you still be able to withstand the Snow Emperor's attack."

As soon as the words fell.

An dark golden spear appeared in the Azure Fang Ghost Fiend's hand.

He held the dark golden spear, and on the spear, there was a flood dragon phantom constantly running.

In the next instant.

The Azure Fang Ghost Fiend disappeared from in front of Lin Tianhao, and when he reappeared, he was already above the white-haired old man's head.

That dark golden spear was magnified dozens of times, descending from the sky, sweeping away everything in its path.

The space around the white-haired old man collapsed layer by layer, and the powerful power seemed to tear the world apart.

And under this strike of the Azure Fang Ghost Fiend, Lin Tianhao's feather arrows finally hit the white-haired old man.

-3 billion!!

-3 billion!!

.....

Whether it was 1.5 billion or 3 billion, the threat to him was not too great.

But Lin Tianhao's normal attacks also contained various passive effects.

Although the Source Burning was not triggered, passive effects such as Heavenly Fire Meteor, Eye of Freezing, and Lightning Jump would still be triggered.

The Eye of Freezing had almost no control effect, and the damage bonus of Lightning Jump was also negligible.

But the Heavenly Fire Meteor still had a good effect.

However.

The effects of these passive skills were relatively average.

What was really strong was, Death Reincarnation!!

Lin Tianhao was betting, betting that he could trigger Death Reincarnation.

Just when Lin Tianhao and the others were fighting fiercely with the white-haired old man, a server-wide announcement suddenly sounded.

"Server-wide announcement, congratulations to player Hidden Nickname for successfully killing the Three-Headed Emperor Demon, hereby announce, hoping that adventurers will continue to work hard!!"

.....

When this server-wide announcement sounded, the white-haired old man's expression showed a moment of trance.

Even the Azure Fang Ghost Fiend couldn't help but be shocked.

Seeing their reaction, Lin Tianhao subconsciously asked:

"What's going on?"

Although Lin Tianhao had some guesses in his mind, he still couldn't believe it.

The existence that was invincible in the Azure Fang Ghost Fiend's mouth was killed?

Especially...

Now, there are only three adventurers in the Ancient God Mystic Realm.

Him, Lin Qingqing, Monkey!!

Although Lin Qingqing and Monkey were already top-notch powerhouses among adventurers, compared with the Three Emperors who could even beat ordinary Emperor-level rule lifeforms, the difference was not small.

The Azure Fang Ghost Fiend said in shock:

"The Three Emperors, the Three Emperors have been killed."

The Azure Fang Ghost Fiend gave Lin Tianhao a definite answer.

The Yin Yang Harmony Sect Master and the Cold Tower Master showed surprise on their faces after hearing the Azure Fang Ghost Fiend's answer.

There was no other reason.

To be called "Lord" by the Azure Fang Ghost Fiend, how strong would they have to be?

And at this time, there were only three adventurers in the Ancient God Mystic Realm.

Lin Tianhao was here, and the remaining two were not.

In other words, the other two that Lin Tianhao brought in killed this Three Emperors.

"How is that possible?!!"

The white-haired old man couldn't believe it, his whole person was like he had seen a ghost.

"Is it a Saint?!"

"There must be a Saint who took action, otherwise how could the Three Emperors be killed!!"

The reason why the white-haired old man would say such a thing, it was obvious that he felt that the Three Emperors were already the number one person under the gods.

And the gods can't take action now, then...

Who else can kill the Three Emperors? The answer is already obvious, a Saint!!

It's just.

The white-haired old man's idea was a bit ridiculous.

However.

Lin Tianhao didn't stop his attack, the battle was still going on.

This white-haired old man must die.

Even though the potential threat of the Three Emperors had been inexplicably resolved, he still couldn't let go of the white-haired old man.

Chapter 1106 - Abnormality discovered, death cycle triggered!

"Mirror of No Life, Gate of Emptiness Without Light!"

The white-haired old man simultaneously formed hand seals, his powerful aura spreading in all directions.

Before him, a blood-colored mirror appeared, emitting an eerie red light.

Wherever the red light passed, black holes appeared in the heavens and earth, devouring everything, and restricting everyone's souls.

Behind the white-haired old man, a bronze gate appeared, and he pushed his hands towards it, seemingly trying to open it.

However...

Each time the bronze gate was pushed open a little, the white-haired old man's face paled.

His entire essence, energy, spirit, and even his original soul, were rapidly collapsing and dissipating as the bronze gate opened.

And as the bronze gate slowly opened, the devouring power emanating from those black holes grew stronger.

This terrifying devouring power swept through the heavens and earth.

Upon seeing this, the Green Fang Ghost Fiend's expression changed drastically, and he roared:

“Octopus, you’re really going all out.”

“But if we’re going to fight to the death, then let’s all fight together.”

As soon as he finished speaking.

Lin Tianhao took the lead and rushed out.

“No need to rush, I’ll do it!!”

Lin Tianhao faced the black holes head-on, and their powerful devouring force pulled at his body and soul.

At the same time.

Under the effect of damage transfer, the white-haired old man's soul and body were also devoured and pulled, unable to move.

“Damn it!!”

The white-haired old man was furious, he tried his best to push open the bronze gate, but he did not expect to be schemed against by Lin Tianhao in this way.

“Don’t hold back, he seems to be trying to use this bronze gate to escape.”

The Yin Yang Harmony Sect Master saw through the white-haired old man's intention and spoke urgently.

Hearing this.

Lin Tianhao didn't dare to be careless, and signaled the Green Fang Ghost Fiend to attack with all his strength.

With the Green Fang Ghost Fiend's full attack, coupled with Lin Tianhao's damage transfer, and the immense damage the white-haired old man had to endure to open the bronze gate.

At this moment.

The white-haired old man's body was actually unable to withstand it, and seemed to be on the verge of collapse.

“Damn it, damn it!!”

“Green Fang Ghost Fiend, Lord Three Emperors is already dead, if I die too, you won’t have a good end either!!”

The white-haired old man was very unwilling, he wanted to escape, but the Green Fang Ghost Fiend restricted him too well.

In this situation, it was almost impossible for him to escape.

What he had to do next was to find a way to survive.

Lin Tianhao was disgusting, but not enough to threaten his life.

Thirty billion damage per arrow, a hundred arrows is only three hundred billion damage.

For him, who was in the Great Emperor Realm, he could still withstand it.

“If we want to survive, we shouldn't be fighting amongst ourselves, but should join forces.”

The white-haired old man knew that in this situation, the possibility of him escaping was already very slim.

Therefore.

The white-haired old man wanted to win over the Green Fang Ghost Fiend.

Here.

As long as the Green Fang Ghost Fiend changed his mind, this crisis could be resolved.

Lord Three Emperors had already fallen.

As long as the Green Fang Ghost Fiend wasn't stupid, he should find a way to cooperate with him.

If the Green Fang Ghost Fiend was still in a normal state, he might really cooperate with the white-haired old man.

But now the Green Fang Ghost Fiend was absolutely loyal to Lin Tianhao.

Therefore.

Whatever the Green Fang Ghost Fiend did was decided by Lin Tianhao.

To stop now, it was obviously impossible.

"Hmph, Octopus, isn't it too late to compromise at this time." The Green Fang Ghost Fiend snorted coldly.

Hearing this.

The white-haired old man was furious and couldn't help but roar:

“Green Fang Ghost Fiend, I’ll compromise your ass, what I’m saying is the truth, in the current situation of the Ancient God Secret Realm, cooperation is undoubtedly the best choice if we want to be safe and sound.”

The Green Fang Ghost Fiend sneered and said disdainfully:

“I don’t think so, you’re about to be killed by me, of course you’ll say that cooperation is the best choice.”

“In my opinion, killing you is the best choice.”

“Damn it!!”

After hearing the Green Fang Ghost Fiend's words, the white-haired old man couldn't help but curse.

He really felt that there was something wrong with the Green Fang Ghost Fiend's brain.

But he had known the Green Fang Ghost Fiend for more than a day or two, and he knew him somewhat.

Lord Three Emperors had already been killed, no matter what perspective you looked at it from, the Green Fang Ghost Fiend should agree to cooperate with him.

“That’s not right, Green Fang Ghost Fiend, you’re not right, very not right.”

“You...could it be that you have some weakness in the hands of the Snow Emperor!!”

The white-haired old man only dared to think that the Green Fang Ghost Fiend had some weakness in Lin Tianhao's hands.

As for the Green Fang Ghost Fiend being enslaved by Lin Tianhao, the white-haired old man didn't dare to think about it at all.

Because no matter how he thought about it, it was impossible for Lin Tianhao to enslave a powerhouse of the Green Fang Ghost Fiend's level.

The gap between their realms was too great.

In fact, not only did the white-haired old man have this idea.

Even the Yin Yang Harmony Sect Master and the Cold Tower Lord felt that something was not quite right.

After all, standing in the Green Fang Ghost Fiend's position, he seemed to should abandon his past grievances and cooperate with the white-haired old man.

But the result was that the Green Fang Ghost Fiend didn't even think about it, and every answer was very decisive.

They were puzzled, but now was not the time to get to the bottom of things.

After all, as far as they were concerned.

If Lin Tianhao really had some weakness of the Green Fang Ghost Fiend, it would not be a bad thing for them.

After all, at its root, they were not enemies with Lin Tianhao.

They also believed.

Lin Tianhao would not attack them for no reason.

Thinking of this.

The Yin Yang Harmony Sect Master and the Cold Tower Lord's attacks became even more fierce.

Various methods emerged one after another, and the two could be said to be拼命 for Lin Tianhao.

If the white-haired old man ran away today, it would definitely be a big trouble in the future.

“Shoo shoo shoo——”

Lin Tianhao's own feather arrows also didn't stop, frantically attacking the white-haired old man.

Finally.

After Lin Tianhao didn't even know how many arrows he had shot, the Cycle of Death he had been waiting for finally triggered!!

The white-haired old man's health bar suddenly plummeted, and it looked like it was about to clear the white-haired old man's health bar.

But at this moment.

A golden light flashed around the white-haired old man.

“Death Immunity?”

Lin Tianhao raised his eyebrows slightly, it wasn't a strange thing that a powerhouse of the white-haired old man's level could have death immunity.

Chapter 1108 - Accident, little general!

Lin Tianhao took a deep breath; his attacks didn't stop.

The white-haired old man could block his Cycle of Death once, twice.

But Lin Tianhao didn't believe the white-haired old man could block it a third time, a fourth time!!

While Lin Tianhao was being attacked, Qingya Guisha, Heitian Aozhen, and others weren't just watching; all their various methods targeted the white-haired old man.

The white-haired old man roared repeatedly, his entire being consumed by rage.

And Lin Tianhao's undead army fought like they didn't value their lives; together, they forced the white-haired old man into a desperate situation.

"Almost there, almost about to kill this old thing."

Lin Tianhao could clearly feel that the white-haired old man was struggling in his death throes; at this moment, as long as he pressed on, the probability of killing the white-haired old man was still very high.

Not to mention anything else.

When the third Cycle of Death was triggered, the white-haired old man would definitely die.

"咻 — —"

Just at this moment.

A stream of light flew from the horizon, and a vast pressure instantly swept out.

Immediately following.

A silver-white spear fell from the sky, heavily slamming into the ground.

Lin Tianhao's expression slightly changed.

This sudden change was too abrupt.

At this crucial moment when they were about to kill the white-haired old man, such a change was not a good thing.

"Qingya Guisha, I see you've really gone mad."

After the silver spear landed, a young general in silver armor suddenly appeared beside the silver spear.

"Haven't you heard? Lord Three Emperors has been killed; among the people who came to our Ancient God Mystic Realm this time, there are extraordinary experts."

"At this time, instead of thinking about uniting, you're actually fighting amongst yourselves here."

Qingya Guisha frowned slightly and said in a deep voice:

"Little General, this matter has nothing to do with you."

The silver-armored general sneered, "Nothing to do with me?"

"If I just stand by and watch you kill the Octopus Man, won't I be next?"

"In my opinion, you've probably already been bought off by this human."

At this point.

The silver-armored general paused slightly before continuing:

"Ordinary blood food definitely wouldn't be enough to buy you off."

"I think this human kid has the corpses of gods, and there should be more than one."

Lin Tianhao raised his eyebrows; although the silver-armored general's speculation was incorrect, after he appeared, Lin Tianhao had already learned the silver-armored general's information from Qingya Guisha's voice transmission.

This silver-armored general is one of the few Great Emperor experts in Da Luo City.

They were already struggling so much to deal with one white-haired old man, and now another Great Emperor realm expert has arrived; it's impossible for them to kill the white-haired old man.

Even worse.

This silver-armored general might even join forces with the white-haired old man; at that time, he would be in danger.

"Little General, your analysis is correct; this human kid really does have the corpses of gods."

"Let's deal with this human kid together, and we'll split the corpses of gods on him equally."

Hearing this.

The silver-armored general's eyes revealed an undisguised look of greed.

"Hmph."

The silver-armored general snorted coldly, "Qingya Guisha, you really have no shame; we've known each other for so many years, and you actually want to take it all for yourself!!"

Qingya Guisha raised his eyebrows, a playful smile on his face.

"Take it all for myself?"

The silver-armored general smiled noncommittally and said:

"Qingya Guisha, I won't refute your words, but everyone is here today, and Lord Three Emperors has already been killed by these outsiders."

"According to my idea, let's deal with these outsiders and divide the corpses of gods equally, how about it?"

The Sect Master of the Yin Yang Harmony Sect and the Master of the Cold Building were already involuntarily retreating, because they had already realized that if they really fought, their strength would just be sending them to their deaths.

"Divide equally?"

Qingya Guisha sneered and shook his head:

"Why should I divide it equally? Can't I just take it all for myself?"

"Take it all for yourself?"

The silver-armored general smiled playfully, "Qingya Guisha, you have to think clearly; it's easy to choke to death when you take it all for yourself!!"

"If I join forces with the Octopus Man, do you think you'll still be able to return to the God Talisman Tower?"

A cold glint flashed in Lin Tianhao's eyes.

"Fight!!"

"咻咻咻 — —"

To be honest.

Letting the white-haired old man go like this, Lin Tianhao was really unwilling.

Especially since.

If they didn't deal with the white-haired old man now, they wouldn't have a good ending after the white-haired old man recovered.

Feather arrows cut through the air, flying towards the white-haired old man.

Lin Tianhao had to gamble, trigger the Cycle of Death, and kill the white-haired old man, so that he would have the ability to break the current stalemate.

"Overestimating yourself!!"

The silver-armored general shouted angrily, holding the silver spear, he arrived in front of Lin Tianhao in the blink of an eye, and the spear pointed at Lin Tianhao's brow.

- 29.2 billion!!

One spear knocked off nearly 30 billion of Lin Tianhao's health; this silver-armored general's methods were truly powerful.

But Lin Tianhao didn't care and continued to output damage to the white-haired old man.

However.

The silver-armored general was also a little surprised that his spear only knocked off less than 30 billion of Lin Tianhao's health.

"The damage reduction is so high; no wonder he was able to force the Octopus Man into such a mess."

The silver-armored general didn't panic at all and frantically attacked Lin Tianhao.

But soon he discovered.

His attacks were useless against Lin Tianhao.

Because Lin Tianhao's health regeneration was too fierce!!

Although the silver-armored general's attacks came with a very high grievous injury effect.

But the main source of Lin Tianhao's life steal was the normal attack health regeneration from the Hand of Heavenly Punishment.

As an effect attached to a transcendent-grade talent, this normal attack health regeneration was difficult to be affected by grievous injuries.

At least.

Grievous injury effects of too low a level couldn't affect Lin Tianhao's health regeneration.

"Damn it, how can there be such a freak!!"

The silver-armored general was a little dumbfounded; he was a Great Emperor expert known for his offense, but now, facing Lin Tianhao, he was so humble!!

Lin Tianhao didn't even resist, letting him output damage as he pleased, but his terrifying damage still couldn't kill Lin Tianhao.

"Little General, save me!!"

The more fiercely the silver-armored general attacked, the more health the white-haired old man lost.

Coupled with the attacks of Lin Tianhao, Qingya Guisha, Heitian Aozhen, and others, he lost health even faster.

The silver-armored general turned to look and saw that the white-haired old man's health bar was already less than one-third.

"You're too weak!!"

The silver-armored general's expression was a little unsightly; he directly attacked Qingya Guisha.

In the silver-armored general's opinion, as long as he held back Qingya Guisha, then even if the white-haired old man was weak, he should be able to deal with the remaining few people.

But the moment he faced Qingya Guisha, Lin Tianhao's third Cycle of Death targeting the white-haired old man was triggered!!

Chapter 1109 - Compromise, add another powerful general!

The white-haired old man had withstood Lin Tianhao's two death cycles, and this third death cycle had reached the limit of what he could bear.

In an instant.

The white-haired old man's health bar was emptied, and he fell on the spot.

"Ding, congratulations, you have successfully killed the Black Hole Octopus. A server-wide announcement will be made soon. Do you want to hide your name?"

"No."

"Server-wide announcement, congratulations to player Xue Di for successfully killing the Black Hole Octopus. Special announcement, hoping that all adventurers will continue to work hard!!"

... ..

The silver-armored general was stunned when he saw the white-haired old man being killed by Lin Tianhao.

Obviously.

He didn't expect that he was already blocking the Cyan Tooth Ghost Fiend head-on, so how could the white-haired old man be killed?

"This octopus guy is really useless!!"

The silver-armored general couldn't help but curse.

The Cyan Tooth Ghost Fiend looked at the silver-armored general with a smile.

"Cyan Tooth Ghost Fiend, you're a bit too confident. You just fought a big battle with the octopus guy, do you think you still have the strength to kill me now?"

"Why not?"

The Cyan Tooth Ghost Fiend smiled playfully, "Haven't you heard a saying? Riches are found in danger, and lost in danger."

"From the moment you had designs on the corpse of that god, you should have known that you wouldn't have a good end."

A cold light flashed in the silver-armored general's eyes, and he said coldly:

"Cyan Tooth Ghost Fiend, you don't really want to attack me, do you?"

Hearing this.

The Cyan Tooth Ghost Fiend smiled playfully, "What? Do you still think I'm joking with you?"

The silver-armored general sneered, "You dare to do this because of this little guy, right? He has instant kill methods, right?"

"That's how the octopus guy was killed by him."

"But even if he has instant kill methods, he's still not worth mentioning in front of me!!"

As soon as he finished speaking.

The silver-armored general took the lead in attacking. The silver spear in his hand plunged fiercely into the ground, and he shouted in a low voice:

"Life and Death Duel Arena, open!!"

As the silver-armored general's voice fell, Lin Tianhao only felt his body being dragged uncontrollably by a force.

"Absolute Block!!"

Lin Tianhao released the skill without hesitation.

Absolute Block can block the effects of most skills and is considered a very domineering blocking skill.

When deciding to attack this silver-armored general, the Cyan Tooth Ghost Fiend had already told Lin Tianhao through voice transmission.

This guy has a very powerful method, which is to be able to forcibly drag people into a space.

In this space, it's endless, and the space will only end when one side dies.

The most terrifying thing is.

In addition to opening this space, the silver-armored general will consume his own power.

Next, maintaining this space will draw on the power within the opponent's body.

Therefore.

Even existences more powerful than the silver-armored general will have a headache when facing such methods from the silver-armored general.

Until now.

No one has been able to gain an advantage in this space.

"How is this possible?!"

The silver-armored general showed an unbelievable expression when he saw that his attack was actually blocked by Lin Tianhao.

The level of his space is very high, and ordinary methods cannot block it at all.

Unless... It's a saint-level defense method!!

After figuring this out, the silver-armored general knew that this battle couldn't be fought today, otherwise his end would be exactly the same as the white-haired old man's.

But just as the silver-armored general wanted to escape, the white-haired old man, who should have already died, appeared again, blocking his retreat.

"Octopus guy?!"

"Undead?!"

"Enslaved undead!!!!"

The silver-armored general's eyes widened. The moment he saw the white-haired old man, he already understood what was going on.

Enslaved undead!!

The most important thing is!!

The white-haired old man is a powerhouse of the Great Emperor realm. Under normal circumstances, powerhouses of the Great Emperor realm will not be easily enslaved as undead.

Even if an undead-type god personally takes action, it is difficult to do this.

Unless...

The silver-armored general thought of something, and the shock on his face became even more intense.

Being able to enslave undead of the Great Emperor realm, it's either a saint-level enslavement skill, or... it's the World Source Main God!!

At the beginning of the birth of each world, a group of main gods will be born along with time.

This group of main gods is the beginning of world order.

When a world is just beginning to condense, it needs elements of heaven and earth, so there must be a main god who controls the elements of heaven and earth, that is, the so-called initial god.

Metal, wood, water, fire, earth, wind, thunder, ice, time, space, and so on.

In addition to this.

There are also special attributes such as darkness, light, death, and life.

These most primitive attributes constitute the initial rules of the world.

These most primitive main gods may not necessarily be very high in realm, but they must be people who have mastered a certain rule to the extreme.

The silver-armored general didn't know which situation Lin Tianhao belonged to, but no matter which situation Lin Tianhao belonged to, when he was able to enslave the undead of the Great Emperor realm, he was already destined to have no chance of escaping today.

"Let's talk it over, I don't want to die. If there's anything, everyone can talk about it."

The silver-armored general knew.

If he really fought Lin Tianhao today, then he would only have one way to die.

"I'm not a bloodthirsty person. As long as you submit to me and join my forces, I can spare your life."

In fact, Lin Tianhao knew that even if he made the silver-armored general submit to him, including the Cyan Tooth Ghost Fiend, they would probably be asked to leave once they left the Ancient God Secret Realm.

But Lin Tianhao didn't care.

It may not be a bad thing for them to go to the God Realm to open up new territories.

After all, judging from the current situation, he will definitely go to the God Realm in the future.

When he goes to the God Realm, it may not be a bad thing to have a group of people who are absolutely loyal to him.

The most important thing is.

Currently.

In the Ancient God Secret Realm.

Lin Tianhao needs more helpers so that he can maximize his interests.

"No problem."

The silver-armored general agreed very readily.

Joining Lin Tianhao's forces would allow him to survive, and with his Great Emperor realm cultivation, he would definitely be entrusted with important tasks in Lin Tianhao's forces.

"Okay, from today onwards, you will be an elder of my Mortal Hall."

Lin Tianhao threw out an elder token.

Seeing the elder token thrown out by Lin Tianhao, the silver-armored general was slightly surprised.

He originally thought that Lin Tianhao would ask him to sign a master-servant contract, and he had even thought about how to pull Lin Tianhao.

But he didn't expect that Lin Tianhao would just give him an elder token and let him join this Mortal Hall or whatever.

Chapter 1110 - The special thing about the owner of Han Tower: the original spiritual body!

"Ding, congratulations, you have successfully recruited a Great Emperor realm powerhouse to join the Mortal Palace, Mortal Palace contribution value +10 billion!!"

Lin Tianhao's eyes narrowed slightly. This silver-armored general actually only gave Lin Tianhao 10 billion contribution points.

When he recruited Qingya Ghost Fiend before, he had given Lin Tianhao a full 30 billion contribution points.

While Lin Tianhao was checking the contribution points, the silver-armored general's expression couldn't help but change slightly.

A powerful force of rules was restricting his body, soul, and even the thoughts deep within his heart.

"How could this be?!"

The silver-armored general widened his eyes, his face full of disbelief. He really couldn't believe that just joining someone's forces would cause him to endure such a powerful force of rules.

He wanted to resist, but the strength of this force of rules completely exceeded his imagination.

Qingya Ghost Fiend took two steps forward, patted the silver-armored general on the shoulder, and said with a smile:

"Little General, since you have already decided to submit, then there is no need to resist anymore."

Upon hearing these words.

The silver-armored general instantly understood everything.

The silver-armored general bowed to Lin Tianhao.

And Lin Tianhao's gaze fell on the Yin Yang Harmony Sect Master and the Cold Tower Master.

"You seem to already know my secret," Lin Tianhao said with a smile.

The Yin Yang Harmony Sect Master and the Cold Tower Master both had slight changes in their expressions.

The Cold Tower Master quickly waved his hand, "Snow Emperor, don't worry, what happened today, we will keep it in our stomachs, and will definitely not tell anyone."

The Yin Yang Harmony Sect Master also said repeatedly:

"Snow Emperor, we can swear, we will definitely not say what happened today."

Upon hearing these words.

Lin Tianhao smiled playfully, and took out two Mortal Palace Elder tokens.

"Choose for yourselves."

The Yin Yang Harmony Sect Master and the Cold Tower Master looked at each other, both of them were struggling, after all, as long as they agreed to join the Mortal Palace, they would become Lin Tianhao's servants.

They themselves were masters of holy lands, if they were to become Lin Tianhao's servants, wouldn't that be a laughingstock?

But the two of them also looked at the other two people beside Lin Tianhao.

The silver-armored general and Qingya Ghost Fiend were both powerhouses of the Great Emperor realm, with these two Great Emperor realm powerhouses present, they had no chance to escape.

"I don't have much time, last five seconds," Lin Tianhao said indifferently.

The Yin Yang Harmony Sect Master and the Cold Tower Master were both masters of holy lands, their choices were a bit too slow.

"Sigh..."

The Yin Yang Harmony Sect Master sighed helplessly, his whole person's expression becoming listless.

"I am willing to join the Mortal Palace."

Today was really bad luck for eight lifetimes.

But on second thought, if it weren't for the appearance of Lin Tianhao and others, he would have been killed when facing the white-haired old man.

"Ding, congratulations, you have successfully recruited the Yin Yang Harmony Sect Master into the Mortal Palace, reward contribution value + 5 billion."

"Ding, congratulations, you have successfully recruited the Cold Tower Master to join the Mortal Palace, reward contribution value + 10 billion."

Lin Tianhao's expression changed slightly.

The Yin Yang Harmony Sect Master was only a Royal grade existence, but he was actually able to provide Lin Tianhao with 5 billion contribution points.

Of course.

If you consider the Yin Yang Harmony Sect Master's own identity, it doesn't seem strange that she can bring 5 billion contribution points to Lin Tianhao.

But what about the Cold Tower Master?

In Lin Tianhao's impression, this Cold Tower Master was on par with the Yin Yang Harmony Sect Master.

Since they were on par, how could the amount of contribution points brought be so huge.

With this thought.

Lin Tianhao directly looked at the Cold Tower Master and said:

"Cold Tower Master, do you have something special about you?" Lin Tianhao asked.

The Cold Tower Master chuckled, "Compared to you, Lord, my special point can be completely ignored."

Lin Tianhao's eyes narrowed slightly, and he said with a smile:

"Then tell me, what is so special about you."

The Cold Tower Master nodded and said:

"Lord, my cold energy is inexhaustible, which means that if our strengths are equal, and we fight a war of attrition, I am not afraid of anyone."

Lin Tianhao's pupils suddenly shrank, the cold energy was endless?

"This is somewhat similar to my feather arrows."

Upon hearing these words.

The Cold Tower Master shook his head and said:

"Lord, it's not like that, you are an adventurer, living in this fourth God-creation era, you have been favored by that great existence."

"Besides the resurrection mechanism, you adventurers have actually been favored in many other ways."

Lin Tianhao nodded with a smile, "You want to say that we adventurers, especially archers, normally consume blue energy with our basic attacks, but this has been abolished."

Lin Tianhao had memories of two lifetimes, so he naturally knew this.

Under normal circumstances, an arrow would consume one point of blue energy.

This is actually a small problem for most ordinary archers.

After all, Lin Tianhao had endured it for ten years in his previous life, and his attack speed was only a dozen.

Even if the attack speed is full, the amount of blue energy consumed per second is only a dozen points.

Just bring some blue recovery items to make up for this problem.

"Moreover."

The Cold Tower Master paused slightly before continuing to say:

"My cold energy will also continue to increase in level with the passage of time and the improvement of my own realm."

"During the Holy Land Master competition before, Lord, you should have noticed that my cold energy is very high-level, and some Holy Land Masters' control immunity skills are useless against my cold energy."

Lin Tianhao nodded lightly, it seemed that this Cold Tower Master was indeed special.

"Don't you even know what your situation is?" Lin Tianhao asked.

Upon hearing these words,

The Cold Tower Master shook his head and said somewhat helplessly:

"Lord, I really don't know what's going on with me."

"You should know that in this world, the strong prey on the weak, and it is a sin to possess a treasure."

"If I possess such a special physique, but it spreads out, it will inevitably bring disaster to me and even the entire Cold Tower."

"Therefore."

"I have been secretly investigating, and I have also discovered some clues, but there are very, very few."

Qingya Ghost Fiend looked around and said with a smile:

"I might know something, let's go back to my Divine Talisman Tower and talk about it."

"Yes."

Lin Tianhao nodded and smiled:

"Wait a minute."

The white-haired old man was killed by Lin Tianhao, but he hasn't touched the corpse yet, if he just leaves like this, then it would be a bit too wasteful.

Lin Tianhao walked to the front of the white-haired old man, squatted down, and began to touch the corpse.
