

O game 1111

Chapter 1111 - What Luo Tianzhi is mainly doing!

And the white-haired old man's spirit stood where his corpse lay, watching Lin Tianhao loot his body.

This scene was somewhat comical.

"Ding, you have obtained Black Hole Qiankun Mirror + 1."

"Ding, you have obtained Skill Book + 2."

"Ding, you have obtained Special Item Black Hole Tentacle + 7."

"Ding, you have obtained Free Attribute Points + 5000."

"Ding, you have obtained Gold Coins + 10 million."

"Ding, you have obtained... ..."

... ..

This white-haired old man was indeed a powerhouse at the Great Emperor realm, bringing quite a few benefits to Lin Tianhao.

After putting away all the items obtained from looting the corpse, Lin Tianhao finally led everyone back to the Divine Talisman Tower.

After returning, Lin Tianhao asked:

"Tell me, what do you know?"

Qingya Ghost Fiend smiled slightly, "This Cold Tower Master should possess an ice-attribute Origin Spirit Body."

"Origin Spirit Body?"

Lin Tianhao was also a little surprised, as this was information he didn't know before.

"That's right, it's the Origin Spirit Body," Qingya Ghost Fiend said.

The Cold Tower Master took over the conversation from the side, saying:

"I have also researched the Origin Spirit Body, but there are very, very few records about it."

Lin Tianhao smiled and said:

"Why do you say that?" Lin Tianhao asked.

The Silver Armor General stood out and said seriously:

"Hall Master, do you know why I compromised so quickly? It's because I saw the skills of an Origin God from you."

"Skills of an Origin God?"

Lin Tianhao himself was a little confused, wondering when he had obtained the skills of an Origin God.

"Yes, it's the skill you use to enslave the undead."

"You enslaved the soul of that octopus man, but the octopus man was a powerhouse at the Great Emperor realm! Don't say that you are just a mortal, even if you were a god, or even a God-King, it would be almost impossible to enslave the soul of the octopus man."

"To be able to do this, it can almost be certain that your skills come from an Origin God, or even an Origin Saint!!"

Lin Tianhao thought of the God of the Undead, as the skill was obtained from the God of the Undead.

This skill was indeed a bit too perverted.

After all.

Based on the God of the Undead's level, it shouldn't have given him something of this level.

But in an instant.

Lin Tianhao already had a guess in his heart.

In fact, besides this skill to enslave the undead, he also had some methods that he couldn't explain.

For example... ..

Instant Resurrection!!

Could an ordinary person give this skill?

Lin Tianhao might not have felt anything before, but thinking about it carefully, instant resurrection, this skill was too perverted.

It was so perverted that it directly placed him in a position of immortality.

Because the instant resurrection skill was also useful in real life, which was too terrifying!!

Besides this.

The God Conferring Board was personally acknowledged by the Source God of Dao, and the Source God of Dao personally gave the God Conferring Board to Lin Tianhao.

Coincidentally, Lin Tianhao took in the God of the Undead after obtaining the God Conferring Board, and coincidentally, he obtained the skill to enslave the undead after taking in the God of the Undead.

Not only that.

The rule of absolute loyalty upon joining the Mortal Hall clearly had a master behind it, and most likely it was this Source God of Dao.

Some of his skills were indeed too strong to be something he should have at this stage.

Even... ..

At this moment, Lin Tianhao had a crazy idea in his mind.

Could his rebirth be related to all of this!!

"What does this have to do with the Origin Spirit Body?" Lin Tianhao asked.

Qingya Ghost Fiend said very seriously:

"It's very simple, in a world, there is only one Origin God of each element. If the Origin God of that element falls, or leaves this world for a long time."

"Then this world will cultivate a new Origin God."

"The current situation of this Cold Tower Master is very likely that he is the newly selected candidate for the Origin God of this world, and the Godhood is ice-attribute."

Having said that.

Qingya Ghost Fiend said with some envy:

"In other words, as long as the Cold Tower Master doesn't court death himself, he can theoretically become a God smoothly."

"He is currently at the Emperor rank. If he becomes a God, then he will be a God Emperor. Furthermore, with his status as an Origin God, even a God Emperor powerhouse may not be his opponent."

"Is it that good?"

Before Lin Tianhao could speak, the Cold Tower Master himself was stunned.

He actually knew that his special physique was very powerful, but he never thought that his special physique would be so powerful.

"Alright, since we've already talked about this, then let's first go and obtain the inheritance of a God. Among the God Emperors, are there any of the ice-snow element?" Lin Tianhao asked.

The Cold Tower Master had already joined the Mortal Hall. If he could raise the Cold Tower Master's rank to the Great Emperor realm, and then let the Cold Tower Master go to the God Realm to become a God!!

What did this mean?

He possessed an Origin God, or rather, an Origin God Emperor!!

Qingya Ghost Fiend nodded, "Okay."

"Fortunately, there really is a God Emperor inheritance site of the ice-attribute near our Da Luo City."

Lin Tianhao's eyes lit up, as this meant they didn't have to run around.

"Then let's go over now."

Qingya Ghost Fiend and the Silver Armor General led the way, along with Lin Tianhao, the Yin Yang Joy Sect Master, and the Cold Tower Master, a group of five people, heading towards the ice-attribute God Emperor inheritance site near Da Luo City.

"The front is it."

Because it was near Da Luo City, Lin Tianhao and the others didn't spend much time before arriving here.

Only.

Just after arriving here.

Lin Tianhao saw three acquaintances.

Lord of Luo Tian, Monkey, and Village Chief Wang!!

When he saw Monkey and Lord of Luo Tian together, Lin Tianhao already had the answer in his heart.

Without thinking, he knew.

Most likely, the Lord of Luo Tian seriously injured that Third Emperor, allowing Monkey or Lin Qingqing to pick up the leak.

"Brother Hao."

When Monkey saw Lin Tianhao, a look of surprise appeared on his face.

"Why are you here?"

Lin Tianhao looked at Monkey, then looked at the inside of the inheritance site, and vaguely guessed something in his heart.

"It's Qingqing, she's already inside. The Lord of Luo Tian said that the God Emperor inheritance here is suitable for Qingqing."

Lin Tianhao raised his eyebrows and looked at the Lord of Luo Tian.

The Lord of Luo Tian smiled slightly and said:

"What? You also want the inheritance here?"

Lin Tianhao shook his head and pointed to the Cold Tower Master beside him.

"It's not me who wants it, but him."

"But now that Qingqing has already entered, then there's nothing to say. I will naturally give it to Qingqing."

Hearing this.

The Lord of Luo Tian chuckled and nodded, saying:

"I'll guard here, you go and busy yourself with your own affairs."

Lin Tianhao raised his eyebrows and asked with some doubt:

"Lord of Luo Tian, aren't you entering here to do your own thing?"

The Lord of Luo Tian smiled and said:

"Am I not doing what I need to do now?"

Chapter 1112 - The inheritance of the Burning Ice Emperor!

Lin Tianhao was slightly stunned, "The thing you need to do is to help Qingqing obtain the God Emperor's inheritance?"

"Yes."

The Lord of Luo Tian nodded, "I know you have many questions in your heart. What I can tell you is that an adult asked me to come to the Ancient God Mystic Realm."

"She also said that after entering the Ancient God Mystic Realm, there would be a task for me, and then..."

"The task she gave me was to help Gui Ye Wuqing obtain the God Emperor's inheritance. This ice-type God Emperor's inheritance is just the beginning. There are more God Emperor inheritances to go after."

Lin Tianhao was shocked in his heart.

The Lord of Luo Tian, a powerhouse who slaughters Great Emperors like dogs, would actually call others 'adults' and follow their orders.

The most, most, most crucial point is, what kind of existence did Lin Qingqing curry favor with?

To actually be able to have this existence ask the Lord of Luo Tian to help Lin Qingqing obtain the God Emperor's inheritance.

The Lord of Luo Tian looked at Lin Tianhao's expression and couldn't help but smile, saying:

"Snow Emperor, I know you have many doubts in your heart, but that's all I can say."

Lin Tianhao frowned. This matter was indeed a bit outrageous.

Looking at the Lord of Luo Tian's appearance, he didn't seem to be lying.

"How did that Three Emperors die?" Lin Tianhao asked.

Upon hearing this, the monkey said excitedly:

"Brother Hao, Senior Luo Tian seriously injured the Three Emperors, and then I finished him off. I gained a lot this time."

Lin Tianhao smiled at the Lord of Luo Tian and said:

"Thank you."

The Lord of Luo Tian waved his hand and said:

"It's not entirely because of your reputation, but also because of the one inside."

Hearing these words.

Lin Tianhao meaningfully looked towards the inside of the inheritance land.

Lin Qingqing, from the moment she entered the Twilight of the Gods, had been revealing strangeness everywhere.

"Listening to your meaning, you plan to give her all the God Emperor inheritances here?" Lin Tianhao asked.

The Lord of Luo Tian smiled and nodded, "This is not my intention, this is the intention of that adult."

Having said that.

The Lord of Luo Tian changed the subject and continued to say:

"She has such a good relationship with you, you will help me, right?"

Lin Tianhao raised his eyebrows and asked:

"You are so strong, do you still need my help?"

"No matter how strong I am, I am only one person, but the God Emperor inheritances in this Ancient God Mystic Realm are still not too few."

"I have already instructed the person who came in with me, he will not have any designs on those God Emperor inheritances."

"But whether the Master of the Demon Flood Dragon Cave and the Dean of Baili Academy will have designs on those things, that's hard to say."

Lin Tianhao smiled and said:

"That's no problem, I can find them and tell them."

In fact, it's more than just telling them.

Lin Tianhao now has the Silver Armor General and the Cyan Fang Ghost Fiend, two Great Emperor realm powerhouses, by his side. If he doesn't do something, it seems like he's letting down the two by his side.

Especially the Dean of Baili Academy.

If he could bring him under his command, and then promote the development of Confucianism in the Mountains and Seas Empire, that would seem pretty good.

Confucianism is one of the few paths that doesn't rely on talent and has a chance to achieve the pinnacle!

Before becoming a god, talent is extremely important. After becoming a god, the role of talent will become much smaller.

But.

Usually, if the talent is not good, it is impossible to grow to the point of becoming a god at all.

Therefore.

If you want to become a god, talent becomes one of the most important prerequisites.

But besides this path, if you want to become a god, there are actually other paths you can take.

For example, body refiners, such as Confucianism.

These are more representative and more powerful paths to becoming a god.

However.

Whether it is a body refiner or Confucianism, it is extremely difficult to become a god.

But.

If there is a relatively powerful inheritance as a trace, then the situation is different.

This Baili Academy, being able to become the holy land of Confucianism, the benefits it can bring him are immeasurable.

"Sovereign of Cold Pavilion, it seems that your luck is not very good." Lin Tianhao said.

The Sovereign of Cold Pavilion smiled bitterly and said:

"If I can't get the God Emperor's inheritance, the God Emperor's inheritance is also fine."

God Emperor, God Emperor, a difference of one word, but the difference is like heaven and earth.

Cyan Fang Ghost Fiend pondered slightly and said:

"That's easy to handle. Not far from here, there is the inheritance of the Burning Ice God Emperor. Although the Burning Ice God Emperor is not a powerhouse in the Great Emperor realm, he is not too far from the Great Emperor realm."

Hearing these words.

A look of surprise appeared on the face of the Sovereign of Cold Pavilion.

"Then let's go over there."

Lin Tianhao didn't want to waste time either.

A group of five people came to the inheritance land of this Burning Ice God Emperor.

This was a palace, and there was an ice-blue array in front of the palace gate. Before approaching, Lin Tianhao felt wisps of cold air.

"The inheritance assessment of each god has been weakened to varying degrees. With the strength of the Sovereign of Cold Pavilion, he should be able to pass easily." Cyan Fang Ghost Fiend said.

The Sovereign of Cold Pavilion nodded and walked towards the palace gate.

After the Sovereign of Cold Pavilion entered the inheritance land, Lin Tianhao slowly opened his mouth and said:

"You wait for him here. Cyan Fang, you come with me to find someone."

Cyan Fang Ghost Fiend nodded and left with Lin Tianhao.

The Silver Armor General and the Sect Master of the Yin Yang Joyful Union Sect stayed here.

"Is your excellency going to find the Master of the Demon Flood Dragon Cave?"

Lin Tianhao nodded, "In this Ancient God Mystic Realm, how is it easier to find people?"

Cyan Fang Ghost Fiend pondered slightly, "Generally speaking, going directly to find the bosses of various places is the easiest way to do it."

"For example, the previous boss of our Great Luo City was the Three Emperors. In this Ancient God Mystic Realm, there are three cities and eighteen mountains, and each place has a boss sitting in charge."

Lin Tianhao's eyes narrowed slightly, his expression a little dignified.

"Are the strengths of the bosses in these places about the same as the Three Emperors?"

Cyan Fang Ghost Fiend shook his head and said:

"That's not necessarily the case. There are also differences in the strengths of these adults. According to my estimation, the strength of the Three Emperors should be able to rank in the top five among these adults."

"Oh?"

Lin Tianhao became a little interested. This Three Emperors was actually only in the top five.

"In this case, this place is much more dangerous than it looks on the surface."

Cyan Fang Ghost Fiend waved his hand and smiled:

"That's not necessarily the case, because these adults generally don't attack people below the level of gods without authorization."

Having said that.

Cyan Fang Ghost Fiend paused slightly before continuing to say:

"But your excellency, that thing on you cannot be spread out, otherwise it will be very dangerous."

Chapter 1113 - Mechanical bamboo forest!

Lin Tianhao naturally knew what the Azure Fang Ghost Fiend was talking about.

It was Niddry F's corpse!

These Blood Eaters were already so excited just knowing he possessed a god's corpse.

If they knew that the god's corpse he had was a God King, he didn't know how excited they would be.

"I know."

Lin Tianhao nodded lightly before continuing, "What kind of relationship do you have with the big shots in these places?"

The Azure Fang Ghost Fiend shook his head. "Not much. Lord Three Emperors is already dead. To put it bluntly, my relationship with Lord Three Emperors wasn't very good."

"Moreover."

"In the Ancient God Mystic Realm, each faction has a strong sense of territory. The Ancient God Mystic Realm is like a giant cake that has already been clearly divided up."

Lin Tianhao nodded lightly. The white-haired old man that his damage transfer was locked onto was now dead, and he had lost this great support of damage transfer.

It would take half a month for the damage transfer to cool down.

It was somewhat dangerous to rashly go looking for the Demon Flood Dragon Cave Master and the Dean of Hundred Li Academy.

"Then let nature take its course. What kind of inheritance do you think would be suitable for me in this vicinity?" Lin Tianhao asked bluntly.

He had the Jade Disc of Creation, so no matter what attribute the inheritance was, Lin Tianhao could accept it all.

Previously, Lin Tianhao had considered choosing the best of these divine inheritances, but after talking with the Lord of the Heavens.

Lin Tianhao suddenly felt that he could accept everything!

His own comprehension speed was already very, very fast with the blessing of various effects.

"My lord is an archer. In this Ancient God Mystic Realm, around the Great Luo City, there is an archer inheritance of the God King realm."

"Acceptable."

Lin Tianhao didn't hesitate. His current achievements in archery were not as good as in swordsmanship.

But now.

The main combat method Lin Tianhao relied on was still archery.

This archer inheritance of the God King realm might bring unexpected gains for Lin Tianhao.

Under the lead of the Azure Fang Ghost Fiend, Lin Tianhao quickly arrived at the so-called inheritance place of the archer of the God King realm.

This place was not within the Great Luo City, but in a bamboo forest outside the Great Luo City.

"Ahead is the inheritance place of the Puppet Arrow God King," said the Azure Fang Ghost Fiend.

Lin Tianhao released the Eye of Insight, but the mist above the bamboo forest blocked his investigation.

His divine sense also couldn't be released over a long distance.

Lin Tianhao stepped into the bamboo forest. As soon as he came in, Lin Tianhao didn't find anything unusual. It seemed that this was just an ordinary bamboo forest.

The breeze was gentle, blowing towards him, making people feel very familiar.

Suddenly.

A bamboo leaf brushed across Lin Tianhao's arm.

-10.21 million!!

A huge damage number popped up above Lin Tianhao's head.

This damage value was a bit too high.

-1.09 million!!

-1.05 million!!

...

Not only that.

The place on Lin Tianhao's arm that was scratched by the bamboo leaf had already begun to bleed.

Seeing this scene.

Lin Tianhao couldn't help but gasp.

His physical body transformation degree was already very high, but he still suffered such high damage.

The most crucial thing was.

This was just the damage from a single leaf.

Immediately afterwards...

Lin Tianhao saw more and more bamboo leaves falling from the sky above the bamboo forest.

These bamboo leaves looked ordinary, and the speed of falling was not fast.

But when Lin Tianhao faced these falling bamboo leaves, he had a feeling that he couldn't avoid them.

At this moment.

Lin Tianhao sacrificed a novice wooden sword and turned around to release the skill Block.

A feather arrow actually arrived behind him silently.

Fortunately, Lin Tianhao's vigilance was high enough to react.

However.

Just as Lin Tianhao released Block towards this feather arrow, the feather arrow actually flickered in front of him.

Immediately afterwards.

The feather arrow flickered from in front of him to below him, hitting his right leg.

-190 million!!

This time, the damage Lin Tianhao suffered was even higher.

Not only that.

His body was instantly frozen.

These feather arrows came with skill effects.

"Overlord Body!"

Lin Tianhao activated the Overlord Body skill without hesitation, but the freezing effect on his body did not dissipate.

The level of the Overlord Body was too low to dissolve the freezing effect.

"Boom boom boom—"

At this moment.

Nine lightning bolts fell continuously on top of Lin Tianhao's head.

-12.41 million!!

-12.44 million!!

...

One damage number after another popped up above Lin Tianhao's head.

This was still just the passive skill effect attached to the normal attack.

However.

This was just the beginning.

In the bamboo forest, one feather arrow after another streaked across the sky and flew towards Lin Tianhao's location.

These feather arrows were silent, without the slightest sound.

In addition, the obstruction of the gray fog greatly affected Lin Tianhao's divine sense, perception, and vision.

Basically, they would only be noticed when the feather arrows were very close.

Lin Tianhao did a backflip, avoiding several feather arrows, but before he landed, he was hit by a feather arrow again.

-190 million!!

-191 million!!

...

Successive damage numbers popped up above Lin Tianhao's head.

Lin Tianhao's expression changed slightly, "Special feather arrows!!"

In addition to energy feather arrows, there were also special feather arrows similar to the ones just now.

The feather arrows that attacked Lin Tianhao just now were special because Lin Tianhao didn't even notice these feather arrows when they approached him.

This meant that these feather arrows could avoid the detection of divine sense.

It was a bit similar to when Lin Tianhao fought the World-Destroying Mechanic in the Earth's Core World before.

The World-Destroying Mechanic used some weapons with special coatings, and those weapons could avoid Lin Tianhao's divine sense detection.

But now Lin Tianhao didn't have so much time to think.

After these bamboo leaves scratched him, there would be a continuous bleeding effect.

And the effect of these feather arrows was even more outrageous.

Because the lightning strikes weren't just nine.

But every three seconds, nine lightning strikes would fall.

This was too outrageous!!

Now he had been hit by five arrows in a row.

In other words.

Every three seconds, forty-five lightning strikes would fall.

The most crucial thing was.

He still hadn't discovered who was attacking him.

This had already fallen into absolute passivity.

-191 million!!

-192 million!!

...

Again, several damage numbers popped up above Lin Tianhao's head.

It's under his feet!!

Lin Tianhao's expression changed slightly, and his body leaped into the air.

Divine sense couldn't detect it, and vision was limited, so it was too difficult to accurately capture these feather arrows.

Chapter 1114 - I think killing you is important!

“Looking with your eyes is useless; perceive with your heart.”

Nidleeve's voice echoed.

Lin Tianhao narrowed his eyes slightly, perceive with his heart?

“Feather arrows can avoid the detection of divine sense through special means, and can also achieve a silent effect through techniques or skills.”

Having said that.

Nidleeve paused slightly before continuing:

“But when a feather arrow cuts through the sky, it will definitely affect the flow of air. It can confuse your eyes, ears, and divine sense...”

“But if you perceive with your heart, you will definitely discover it.”

Lin Tianhao took a deep breath; he understood the principle Nidleeve was talking about.

That state was too difficult to enter.

Lin Tianhao knew about this in his previous life, but actually achieving it was extremely difficult.

Because this was not a skill, nor a divine power.

But a state.

Lin Tianhao had the good fortune to talk to someone who could achieve this in his previous life.

In his words, this state was about integrating oneself into the world, making oneself a part of this world, a part of this air.

However.

Achieving this was still too difficult.

“Three Heads, Six Arms!!”

Lin Tianhao unhesitatingly activated Three Heads, Six Arms. In the state of Three Heads, Six Arms, Lin Tianhao could more easily observe the surrounding situation.

Feather arrows continued to fly in, and Lin Tianhao used Three Heads, Six Arms to continuously shoot out feather arrows.

The feather arrows collided with each other in the air, mutually canceling each other out.

Not only that.

Lin Tianhao also shot feather arrows towards the depths of the bamboo forest based on his judgment, thereby causing damage to those guys hidden in the depths of the bamboo forest.

Seeing this scene, Nidleeve said somewhat helplessly:

“You... this is completely overwhelming with brute force.”

Lin Tianhao smiled noncommittally. His current attack speed of 295, coupled with the powerful power contained in his feather arrows, it didn't seem like there was anything wrong with saying it was overwhelming with brute force.

Lin Tianhao hovered in mid-air, Three Heads, Six Arms plus shooting arrows from the heart was a complete and utter crush.

Whether it was feather arrows or bamboo leaves.

None could get close to Lin Tianhao's body, and would be hit and destroyed by Lin Tianhao's feather arrows.

Most importantly.

Lin Tianhao was also able to use a large number of feather arrows to restrict those guys who were shooting arrows from the dark.

Under the baptism of Lin Tianhao's feather arrows, the feather arrows flying from the dark became fewer and fewer.

Lin Tianhao flew towards the direction from which the feather arrows were flying.

As soon as Lin Tianhao approached, an ominous premonition surged into his heart.

Immediately after...

“Boom—”

With a loud noise.

Lin Tianhao was directly blown away, and scarlet damage numbers appeared above his head.

- 3.9 billion!!

This Puppet Arrow God King was really an old schemer.

Lin Tianhao didn't expect that this guy would actually leave such a trick.

Most importantly.

These self-destructing bombs also had a coating that isolated divine sense detection; his divine sense didn't detect the bombs inside the wooden puppets at all.

At the moment when these puppets exploded, the ground began to shake, and one feather arrow after another flew out from the ground, flying towards Lin Tianhao.

A cold glint flashed across Lin Tianhao's eyes. While leaping up, a large number of feather arrows poured out.

“The Puppet Arrow God King's test should be about insight, the insight of being one with the world.”

“But you just happened to encounter you, a freak.”

Hearing Nidleeve's words, Lin Tianhao couldn't help but roll his eyes and said:

“When did I become a freak?”

What was he relying on?

He was relying on his own strength!!

Was there a problem?

There was no problem at all.

Thinking of this.

Lin Tianhao shot his feather arrows towards the ground.

Under the ground, one wooden puppet after another was destroyed by Lin Tianhao; everything here.

After solving these wooden puppets, Lin Tianhao didn't take it lightly.

The guy who arranged these things was not a good person; he was too calculating.

“You... are a bit too shameless.”

Just as Lin Tianhao was pondering whether he would encounter danger again, a phantom appeared in front of Lin Tianhao.

Puppet Arrow God King: Remnant Soul State.

Health Points: ???

Attack: ???

Skills: ???

Lin Tianhao frowned slightly; there was no suspense, all were question marks.

“I have met Senior.” Lin Tianhao smiled slightly.

“Senior said that this junior is shameless; this junior doesn't quite agree. After all, Senior didn't specify how to pass the level.”

While speaking, Lin Tianhao also felt a little strange.

Even if the wooden puppets were not mechanical items, what about the bombs inside the wooden puppets? Weren't they mechanical items either?

Logically speaking, his Mechanical Heart should have detected the bombs inside the wooden puppets.

“What you said is not wrong, but I have never said that after solving these wooden puppets, I will give you the inheritance.”

Hearing this.

The corners of Lin Tianhao's mouth rose slightly, and he said with a smile:

“It would naturally be better to have the inheritance, but if not, then this junior can slaughter a god. The rewards that can be obtained should also be quite good.”

The Puppet Arrow God King was slightly stunned, and his expression instantly sank.

“You kid, you have a bit of ambition.”

“It is already not easy for my remnant soul to survive until now. Can you not try to kill me at every turn?”

Lin Tianhao spread his hands and said:

“Killing you is beneficial to both you and me.”

This Puppet Arrow God King was at least a powerhouse at the God King realm. If he directly killed him, what could he obtain?

Seeming to see the killing intent revealed on Lin Tianhao's body, the Puppet Arrow God King's expression sank.

“You don't really want to kill me, do you?”

Lin Tianhao raised his eyebrows, “Can't I?”

“Haven't you heard that a skinny camel is bigger than a horse, especially since this is on my territory.”

The Puppet Arrow God King's voice carried a hint of coldness.

He originally just wanted to tease Lin Tianhao a few words, but he didn't expect that Lin Tianhao would want to kill him without saying a word.

“The current rules of heaven and earth do not allow the appearance of gods, but you are able to appear in front of me. I guess, compared to your peak state, you are now vastly different, and may not even be as powerful as an ordinary Emperor-level expert.”

Hearing this.

The Puppet Arrow God King's expression became somewhat unnatural.

However, he quickly calmed down and said with a smile:

“You are not wrong about this, but my inheritance was left behind during my peak state.”

“If you kill me, my inheritance will also be automatically destroyed.”

“For you, is killing me more important, or is the inheritance more important? It goes without saying, right?”

“I think killing you is important.”

Lin Tianhao said calmly, the killing intent in his eyes even more undisguised, causing the Puppet Arrow God King to feel a little apprehensive.

Chapter 1115 - Micro flying puppet!

Is a God King expert important, or a God King's inheritance important?

This hardly needs any thought.

Feeling the genuine killing intent from Lin Tianhao, the Puppet Arrow God King subconsciously took two steps back.

"I have many good things in my inheritance. If you kill me, you'll get nothing."

Lin Tianhao grinned and said:

"I'll weigh the pros and cons myself. So, you should just die!!"

"Shu shu shu——"

Lin Tianhao's feather arrows pierced through the sky, flying towards the Puppet Arrow God King's remnant soul.

The Puppet Arrow God King's expression changed slightly. He hadn't expected Lin Tianhao to attack him without a word.

Moreover.

He felt that even if Lin Tianhao wanted to kill him, he could have pretended to be friendly and tricked him out of his inheritance first.

To be so... impatient to attack him made the Puppet Arrow God King wonder if he was really some kind of irresistible delicacy!!

But no matter how he looked at it, he was just a remnant soul of a God King.

What reward could he get from killing him?

A few thousand free attribute points, plus some insignificant things?

How could these compare to his inheritance?

However.

He no longer had the chance to think so much.

Lin Tianhao's feather arrows were already close at hand.

His figure blurred, and he disappeared from Lin Tianhao's sight.

However, Lin Tianhao's feather arrows were imbued with the power of the Heavenly Punishment Lock, and they caught up almost instantly.

The feather arrows flew towards the depths of the bamboo forest, and to Lin Tianhao's surprise, the bamboos in the bamboo forest began to move, with one bamboo after another blocking the path of Lin Tianhao's feather arrows.

"Bang bang bang—"

Without any suspense.

These bamboos were destroyed one after another by Lin Tianhao's feather arrows.

"My lord, you probably can't kill him."

At this moment.

Nidolie's voice sounded in Lin Tianhao's mind.

Lin Tianhao raised his eyebrows and said:

"He's just a remnant soul. Why do you think I can't kill him?"

Nidelle gave a wry smile and said:

"Puppet Arrow God King, puppet first, then arrow."

"He is highly skilled in archery, but even more so in puppetry."

Lin Tianhao nodded slightly. The wooden puppets made by the Puppet Arrow God King and the human-shaped bombs were indeed unique.

At least.

Being able to be unaffected by Lin Tianhao's mechanical dominance was already very powerful.

"Snow Emperor, your feather arrows are of a very high level, but after being by your side for so long, I've also discovered that your feather arrows aren't unstoppable."

"As long as the power is sufficient, your feather arrows can be completely destroyed."

Lin Tianhao raised his eyebrows and smiled:

"What you said is true, but he is, after all, just a remnant soul."

Just as Lin Tianhao's voice fell, the feather arrows that had been chasing after him shattered one after another.

"Did he block them?"

Lin Tianhao was indeed a little surprised.

Because under his Fiery Eyes of Truth, he saw many flying puppets much smaller than mosquitoes flying towards him.

These flying puppets were transparent and made no sound during flight.

Lin Tianhao narrowed his eyes. If it weren't for his Fiery Eyes of Truth, he wouldn't have been able to detect these flying puppets at all.

"Shu shu shu——"

Now that the Puppet Arrow God King had already made his move, it was impossible for Lin Tianhao to sit still and wait for death.

Feather arrows pierced through the sky, accurately destroying these flying puppets.

Lin Tianhao didn't receive any rewards for killing these flying puppets.

However, when Lin Tianhao's feather arrows hit these flying puppets, the flying puppets exploded directly.

The power of the explosion was enormous, completely unlike the power that such a small thing could unleash.

More and more of these miniature mechanical puppets flew in from all directions, covering the sky and the earth, flying towards Lin Tianhao.

"There are so many, are they free?" Lin Tianhao couldn't help but complain.

Nidelle smiled and said:

"Snow Emperor, puppeteers can use the puppets they make to mass-produce other low-end puppets."

"The number of miniature flying puppets like the Puppet Arrow God King should not be less than ten billion."

The corners of Lin Tianhao's mouth twitched, and he asked through voice transmission:

"You seem to know a lot about this Puppet Arrow God King."

Hearing this.

Nidelle nodded seriously and said:

"Of course I know, after all, there is also competition and rivalry between God Kings."

"This Puppet Arrow God King has reached the God King level in both puppetry and archery, and is not far from the God Emperor level."

"It's no exaggeration to say that the Puppet Arrow God King is a relatively famous existence among God Kings."

Lin Tianhao frowned slightly and asked:

"Since you know so much about him, then tell me, in this situation, how can I kill him?"

There were too many of these miniature mechanical puppets, and they were too small.

Besides.

These miniature flying puppets also flew very fast.

If he didn't use the Heavenly Punishment Lock, it would be difficult for Lin Tianhao to attack these miniature flying puppets with his normal attacks.

As for opening a domain to resist?

That would be too simple, because these miniature flying puppets would explode outside the domain, causing impact to the domain.

These miniature flying puppets were self-detonating machines, approaching Lin Tianhao and then self-detonating.

What Lin Tianhao couldn't accept the most was that this miniature mechanical puppet was so small, yet it could have such a strong power, which was really a bit puzzling.

"Find his remnant soul and attack his remnant soul."

"The Puppet Arrow God King has been here for who knows how long, and the number of puppets in his hands must have reached an unimaginable level."

Lin Tianhao frowned. This was a bit troublesome.

In this situation, the Puppet Arrow God King would definitely not show his face.

Lin Tianhao's Three Heads and Six Arms + Arrow from the Heart, plus the Space-Ripping Domain.

With various methods combined, he could barely block these miniature flying puppets.

However.

The main reason he could block these miniature flying puppets was because of the Heavenly Fire Meteor and Lightning Leap!!

These two range-based passive skills had unexpected effects when targeting these miniature flying puppets.

Especially the Heavenly Fire Meteor.

Every time Lin Tianhao triggered the Heavenly Fire Meteor, it would cause an indiscriminate range bombardment of the bamboo forest.

In addition, Lin Tianhao's normal attacks had no level or grade suppression against these miniature flying puppets.

As such.

Lin Tianhao's probability of triggering the Heavenly Fire Meteor would be significantly increased.

The originally verdant bamboo forest was already scarred under Lin Tianhao's Heavenly Fire Meteors.

However.

This Puppet Arrow God King was even more patient than Lin Tianhao had imagined.

Even though the bamboo forest was destroyed, he still used these miniature flying puppets to constantly attack Lin Tianhao.

Chapter 1116 - Investiture of the Gods: Lord of Heaven and Earth!

“Lord, could it be that the Puppet Arrow God King has already run away?” Hei Tianao’s voice echoed in Lin Tianhao’s mind.

Lin Tianhao frowned slightly. The situation Hei Tianao mentioned was not impossible.

These miniature flying puppets should have an automatic attack mode.

Thinking like this.

Lin Tianhao began to fly forward rapidly.

Everywhere he passed.

There were miniature flying puppets everywhere.

These miniature flying puppets kept obstructing Lin Tianhao's steps, preventing him from advancing quickly.

"You're so strong, why come to my territory to cause trouble?"

Just then.

The Puppet Arrow God King's voice came from all directions.

It was as if the Puppet Arrow God King's voice was coming from all directions, through dozens of speakers of different sizes, making Lin Tianhao feel somewhat uncomfortable.

"Then who do you think I should target?" Lin Tianhao asked.

"There are so many blood feeders in Daluo City, why don't you target them? Killing those blood feeders will definitely give you more rewards than killing me."

"If you're willing to stop here, I'll pass on my inheritance to you, how about it?"

If Lin Tianhao could also mass-produce these massive numbers of miniature flying puppets, what would the result be?

This seemed to require no further thought, the answer was already obvious.

In future team battles, even legion battles, large-scale national wars, the role of these miniature puppets would not be underestimated.

“Okay, come out, let’s talk,” Lin Tianhao said.

To Lin Tianhao’s surprise, the Puppet Arrow God King appeared directly in front of Lin Tianhao, as if he had no guard at all.

“Aren’t you afraid that I’m tricking you into coming out, and then attacking you?” Lin Tianhao asked.

“As a God King powerhouse, you’re being too careless.”

The Puppet Arrow God King shook his head and smiled:

“I’m not afraid, your talent is very strong. Although you do things that are unpredictable, you are a human, and as a human, you and the blood feeders will definitely become enemies.”

“As the saying goes, the enemy of my enemy is my friend. You have the potential to kill a large number of blood feeders, and for this reason alone, I should help you.”

Lin Tianhao smiled noncommittally and said:

“You should have heard the global announcement earlier, I killed a blood feeder in the Great Emperor Realm, shouldn’t you give me some reward?”

The Puppet Arrow God King pondered slightly before saying:

“My inheritance is the best reward.”

Lin Tianhao nodded lightly and said nonchalantly:

“Alright then, I can obtain your inheritance first, but I don’t guarantee that I won’t kill you.”

“Being killed by you in your current state is better than staying here.”

The Puppet Arrow God King was silent, and after a while, he said:

“Killing me, it seems you really won’t get that many benefits.”

Hearing this.

Lin Tianhao spread his hands and said with a smile:

“Perhaps it won’t be of much benefit to me, but it could be of great benefit to you.”

The Puppet Arrow God King looked at Lin Tianhao with a suspicious expression, “Saying such things, it’s as if you have the Investiture of the Gods on you.”

Lin Tianhao grinned and said:

“You’ve actually discovered such a secret matter.”

Lin Tianhao possessing the Investiture of the Gods was no longer a secret in the Vast Continent.

However, in the Ancient God Realm, it should still be unknown to the people in the Ancient God Realm for the time being.

Hearing Lin Tianhao's words, the Puppet Arrow God King's eyes widened, his face full of disbelief.

"You're not joking, are you? You really possess the Investiture of the Gods? And not some imitation?"

Lin Tianhao nodded seriously and said:

"Absolutely true."

Hearing this.

The Puppet Arrow God King was still somewhat incredulous, and couldn't help but ask in surprise:

"The real Investiture of the Gods can send gods onto the list after killing them, how could you possibly have the real Investiture of the Gods?!"

Clearly.

It was difficult for the Puppet Arrow God King to believe Lin Tianhao's words, simply because the Investiture of the Gods was too perverted.

After the words fell.

Lin Tianhao raised his hand, and a volume of ancient books appeared in his hand.

This ancient book appeared simple, heavy, and unremarkable in Lin Tianhao's hand.

If one didn't have enough discernment, they would only find this ancient book ordinary and unremarkable.

But although the Puppet Arrow God King was only in a remnant soul state, he was, after all, a former God King.

When he saw this volume of ancient books in Lin Tianhao's hand, the Puppet Arrow God King fell silent.

Immediately afterwards.

An unparalleled sense of shock swept through his entire body.

The Puppet Arrow God King took a deep breath and looked at Lin Tianhao meaningfully, saying:

"I didn't expect, I really didn't expect that that person would decide on the candidate for Lord of Heaven and Earth so quickly."

Lin Tianhao raised his eyebrows, "Having the Investiture of the Gods means being the Lord of Heaven and Earth?"

The Puppet Arrow God King nodded emphatically and said seriously:

"That's natural, the Investiture of the Gods is something that only the Lord of Gods is worthy of possessing. With the Investiture of the Gods in your hands, for your use, then you are the Lord of Gods, and also the Lord of Heaven and Earth."

"Listening to you, it seems like I'm very awesome," Lin Tianhao said.

The Puppet Arrow God King nodded emphatically and said:

"With the Investiture of the Gods, you're not just seemingly awesome, you're really awesome!!"

“The Lord of Heaven and Earth is invincible below the Saint, and can exchange one-for-one above the Saint.”

“In this situation where Saints are difficult to be born, the Lord of Heaven and Earth is the ceiling-like existence.”

Lin Tianhao smiled and said:

“Then are you willing to be killed by me?”

“Willing.”

The Puppet Arrow God King agreed very readily.

Having said that.

The Puppet Arrow God King paused slightly before continuing to say:

“If my body was still here, I actually wouldn’t have agreed so readily.”

“But now my body no longer exists, and it’s impossible for my remnant soul to return to its peak state.”

“No, it’s possible, with the Investiture of the Gods in your hand.”

Lin Tianhao smiled and said:

“Was your body eaten by the blood feeders?”

Hearing this.

The Puppet Arrow God King's expression instantly collapsed.

"Snow Emperor, can't you say something that makes people happy? It's not good to poke someone's sore spot as soon as you open your mouth."

Lin Tianhao smiled helplessly and said:

"Although I already know your situation, it's still hard to imagine that these God Kings and God Emperors will become food for others."

Having said that.

Lin Tianhao paused slightly before smiling bitterly:

"But looking at your situation, it seems that this Lord of Heaven and Earth of mine is useless."

"If I was here when the Ancient God Realm was invaded, it wouldn't have been of any use, and I might have become food as well."

The Puppet Arrow God King shook his head, "That's not necessarily true, after all, you are a mortal, and those guys don't seem to like eating mortals very much."

Chapter 1117 – I'm not trash, you are!

Lin Tianhao couldn't help but roll his eyes. Was this supposed to be comforting?

"Let's go, let's go see your inheritance."

The Puppet Arrow God King nodded lightly, then raised his hand and pointed.

The bamboo forest, which had been devastated by Lin Tianhao's attacks, was actually recovering at a speed visible to the naked eye.

In the blink of an eye.

The bamboo forest had returned to its original state.

"Snow Emperor, this bamboo forest is actually the place where my archery is inherited."

"The main reason my archery has reached its current level is because of the unity of man and nature, and the integration of body and heaven and earth."

"As long as you can achieve the unity of man and nature and the integration of body and heaven and earth, even if you don't practice archery, you can still achieve relatively high achievements in other paths."

"The main reason I have achieved such high achievements in the art of puppetry is because of the artistic conception of the unity of man and nature and the integration of body and heaven and earth."

Lin Tianhao raised his eyebrows. He knew that achieving the artistic conception of the unity of man and nature and the integration of body and heaven and earth was too difficult.

"I know what you are worried about. If you rely on yourself for this step, it is indeed very, very difficult."

"However, this bamboo forest was created by me with great effort. In addition, with my assistance, as long as your comprehension is not too bad, you will be guided by me into the state of unity of man and nature."

"As for the next step of integrating the body into heaven and earth, as long as you have accumulated enough insights, you will naturally be able to enter."

Lin Tianhao nodded.

There was one point that the Puppet Arrow God King was very right about, and that was that the realm of the unity of man and nature and the integration of body and heaven and earth was very practical.

This was not limited to archery, but also applied to other paths.

Unfortunately.

Lin Tianhao had the Creation Jade Disc, and the path he pursued was destined to be not singular.

“I will launch an attack on you next. You must give up conventional means of detection such as eyes, hearing, and divine sense, and use your heart to feel the direction of these attacks and dodge them.”

“You don’t have to worry, these attacks will not cause you much damage.”

Lin Tianhao was not afraid.

He stepped into the center of the bamboo forest.

“Let’s begin.”

-74121!!

As the Puppet Arrow God King said.

This attack did not cause much damage to Lin Tianhao.

This little bit of damage was basically negligible to Lin Tianhao.

After all, Lin Tianhao's current health had already exceeded 10 trillion, and this amount of health loss was harmless.

But what surprised Lin Tianhao was that he had been on full alert just now.

After all, he knew that the Puppet Arrow God King would attack him.

But when he was cut by the bamboo leaf just now, he only realized that he had been attacked when he was injured.

But before being attacked, he had no idea where the attack came from.

"Calm down."

"Regard yourself as a part of this world, don't have any extra thoughts, and feel everything around you."

"Don't use your eyes, divine sense, or hearing. Human potential is infinite. Trust your sixth sense, that is your truly powerful weapon."

The Puppet Arrow God King's voice came slowly, and his voice seemed to have magic power. When Lin Tianhao heard it, he couldn't help but sink into it and couldn't extricate himself.

Lin Tianhao's heart gradually calmed down at this time.

However.

At the moment when Lin Tianhao's heart calmed down, the things that happened in his previous life, scene after scene, bit by bit, uncontrollably flooded into Lin Tianhao's mind.

Teammates died tragically, killed by monsters...

Traitors appeared in the base city where he was located, and the army of the Alele star system launched a surprise attack. In order to preserve the living force, the old, young, women and children had to be abandoned to escape, and a large number of old, young, women and children wailed and fell...

The plan for distributing rewards had been discussed, but because he had no talent, a large portion was deducted...

In the base city, he was always assigned to perform the most dangerous tasks. No matter how hard he tried, he would always be ridiculed, ridiculed, and even arbitrarily beaten and scolded...

Just because he... he was a useless person without talent!!

Snow Emperor... what a resounding name. Those who don't know would think he was a great emperor of the ice and snow realm...

The result... is a useless person without talent!!

Waste!!!

A person as weak as dust, in order to survive, had to swallow his anger...

Is there fairness in this world?

No...

Never!!!

The law of the jungle, survival of the fittest!!

This is the rule of this world!!

If he was strong enough, or if he had a strong background, would Wu Xiaodao dare to stab him in the back?

He wouldn't dare!!

If he was in a high position, if he had an amazing background, could the culprit who turned his sister into a vegetable... still be at large?!

No, definitely not!!

These bits and pieces appeared in Lin Tianhao's mind, and Lin Tianhao's calm heart began to be chaotic and crazy.

Hahaha!!

You all think I am a useless person without talent, garbage!!!

But have you seen it?!

I, Snow Emperor, am not trash, not garbage. I, Snow Emperor, have talent!!

I have a peerless super-god-level talent!!

It's done, I've done it, hahaha!!

Being crowned emperor is within reach!!

You are the waste, you are the garbage!!

I... am the Lord of Heaven and Earth!!

The true Lord of Heaven and Earth, dominating the world, traversing the universe!!

At this time.

Lin Tianhao, standing in the center of the bamboo forest, was like a madman.

Sometimes silly laughter, sometimes madness, sometimes anger...

All kinds of emotions flooded Lin Tianhao's heart.

And the Puppet Arrow God King, standing in front of Lin Tianhao, looked at the crazy Lin Tianhao, not only was he not surprised, but he even showed a meaningful smile on his face.

It seemed...

He had expected Lin Tianhao to be like this.

"What a fool, he actually agreed to such a stupid request to actively give up his five senses!!"

A voice came from a distance, and a strong man with a bare chest was seen, who had appeared above the bamboo forest at some point.

The Puppet Arrow God King raised his eyes and glanced at the bare-chested strong man, and said indifferently:

"You are not welcome here, please leave."

“Hehe, not welcome me?”

The bare-chested strong man chuckled, “This guy has a god’s corpse on him. I can’t control what kind of deal you have with him, but I want the god’s corpse in his body.”

Hearing this.

The Puppet Arrow God King frowned slightly, obviously he did not expect that Lin Tianhao would actually have something like a god’s corpse on him.

“You say he has it, so he has it?”

“If he really had a god’s corpse on him, do you think he would be able to walk here alive?”

The bare-chested strong man shook his head and said with a smile:

“What’s impossible? Don’t you know that he killed that octopus guy?”

“The people who came in with him have even killed Lord Three Emperors.”

Chapter 1118 - Turning sides at the last minute!

The Puppet Arrow God King sneered and said:

"Since you know this, you still dare to act, aren't you afraid of being buried here too?"

The bare-chested strongman chuckled and said:

"Afraid?"

"If I were afraid, I wouldn't be here."

"We Blood Eaters, feed on gods, who isn't risking their lives?"

"This ancient god's secret realm has been silent for so long, and finally a god's corpse has appeared, I can't possibly let it go."

Having said that.

The bare-chested strongman raised his eyebrows slightly and said with a smile:

"What's more, I didn't come alone."

As the bare-chested strongman's voice fell, Qingya Ghost Fiend stepped out.

Seeing this scene.

The Puppet Arrow God King narrowed his eyes. He naturally knew that Qingya Ghost Fiend had come with Lin Tianhao.

Although he didn't know what the relationship between Lin Tianhao and Qingya Ghost Fiend was, judging from the previous situation, they didn't seem to be enemies.

Even so.

Qingya Ghost Fiend is also a Blood Eater. With two Blood Eaters in the Great Emperor realm joining forces, it is almost impossible for him to deal with them in his current state.

"Puppet Arrow God King, you are just a remnant soul now, it's better not to meddle in other people's business."

"We only want the god's corpse, don't ask for trouble!!"

Hearing this.

The Puppet Arrow God King was silent.

Lin Tianhao had shown him hope, but now, he seemed unable to protect this hope.

Only.

After a slight hesitation, the Puppet Arrow God King's eyes gradually became firm.

Even if he couldn't protect it, he had to protect it.

In the current ancient god's secret realm, there are still a large number of Blood Eaters.

To solve these Blood Eaters, he must rely on the Snow Emperor.

What's more.

The Snow Emperor is now at a critical juncture. If it is interrupted at this time, it will be difficult for the Snow Emperor's state of mind to reach the state of harmony between man and nature.

To achieve the harmony between man and nature, one must first face the fear in one's heart and release the truly powerful force in one's heart.

Only in this way can one achieve the harmony between man and nature!!

Just now.

The Puppet Arrow God King subtly triggered the fear in Lin Tianhao's heart, and this was the most critical step.

Many people want to reach the state of harmony between man and nature, but it is extremely difficult.

Because it is too difficult to comprehend this ethereal thing by relying on oneself.

But what does the harmony between man and nature have?

It's too ethereal. For many people, there is no reference object. They can only rely on comprehension or a flash of inspiration.

By chance, perhaps the lowest-level mortal can also step into the realm of harmony between man and nature.

Searching bitterly, even a strong person in the Great Emperor realm may not have results after searching for a hundred years or even a thousand years.

"Puppet Arrow God King, judging from your appearance, you seem to want to fight."

The bare-chested strongman said jokingly, "Do you really think you are still the high and mighty dual-element God King you once were?"

"No, you have now fallen into the mortal world. If you don't know what's good for you, I will let your soul fly away!!"

The Puppet Arrow God King snorted coldly and said:

"You are not qualified to make my soul fly away."

"This is my territory. On my territory, I still have some confidence in dealing with you."

"Is that so?"

The bare-chested strongman dismissed it and said:

"Overestimating yourself, since you want to die, then I will fulfill you!!"

The words fell.

The bare-chested strongman turned into a stream of light and rushed towards the Puppet Arrow God King.

Before he could get close to the Puppet Arrow God King, a large number of feather arrows flew from all directions towards the bare-chested strongman.

These feather arrows were silent and undetectable by divine sense.

"Qingya, attack together."

The bare-chested strongman also knew the principle that a starving camel is bigger than a horse.

What's more, this is the Puppet Arrow God King's territory.

Although he was arrogant in his words just now and didn't seem to take the Puppet Arrow God King seriously at all.

But when he really fought, he still had to be cautious.

"Okay."

Qingya Ghost Fiend formed a hand seal, "Mirror image reverses yin and yang, the building turns the universe upside down!!"

A phantom of a building within a building descended from the sky and flew towards the Puppet Arrow God King.

The Puppet Arrow God King's expression changed drastically, and his figure retreated rapidly.

"Want to run, it's too late!!"

The bare-chested strongman attacked instantly, trying to block the Puppet Arrow God King's escape route.

Only.

Just as he rushed out, the phantom of the building within a building above his head had already fallen.

"Boom—"

The phantom of the building within a building completely enveloped the bare-chested strongman, and the tyrannical power suppressed the bare-chested strongman inside the building within a building.

"Attack together, kill him!!"

The bare-chested strongman's expression changed drastically, "Qingya Ghost Fiend, what are you doing!!"

This sudden change made the bare-chested strongman's heart horrified.

He had thought that there might be an uneven distribution of the spoils when dividing the god's corpse later, and a big fight would break out.

But he never thought that Qingya Ghost Fiend would attack him at this time.

"Qingya Ghost Fiend, you want to swallow the god's corpse alone!!"

"But have you ever thought that if we break up, can you still get the god's corpse?"

Hearing this.

Qingya Ghost Fiend said unhurriedly:

"The Snow Emperor has already agreed to give me the god's corpse. You came here to snatch what originally belonged to me, didn't you?"

Having said that.

Qingya Ghost Fiend looked at the Puppet Arrow God King and said seriously:

"Puppet Arrow God King, let's join forces and solve this Great Arm Ape."

The Puppet Arrow God King narrowed his eyes. This sudden change made the Puppet Arrow God King a little unexpected.

However, he didn't mind taking action to solve one of these two Blood Eaters who were fighting among themselves.

Next.

It was the Puppet Arrow God King and Qingya Ghost Fiend joining forces to besiege the bare-chested strongman.

This bare-chested strongman was also quite capable. After being sneak attacked by Qingya Ghost Fiend first, and then being continuously attacked by the Puppet Arrow God King and Qingya Ghost Fiend, he was still able to resist.

"Qingya Ghost Fiend, leave a line in life, so we can meet again in the future. I don't want the god's corpse anymore, let's stop here!!"

Qingya Ghost Fiend sneered and said:

"You say you don't want it and you don't want it?"

"Great Arm Ape, based on my understanding of you, if you can't get the god's corpse, you will definitely publicize the fact that the Snow Emperor has a god's corpse on her."

"By then, no one will be able to end it!!"

Having said that.

A cold light flashed in Qingya Ghost Fiend's eyes, and his killing intent erupted without any concealment.

"So, please die!!"

... ..

The Puppet Arrow God King and Qingya Ghost Fiend were joining forces to besiege the bare-chested strongman.

And at this moment.

The magic patterns around Lin Tianhao's body became more and more numerous, and the whole person exuded a bloodthirsty, violent, cold, and fierce atmosphere mixed together, frantically ravaging this world.

"Snow Emperor, you are too cruel. Just because there was a conflict of interest with you, you slaughtered my entire family!!"

"Snow Emperor, there are so many people in our Land of Chaos. Only a few leaders want to stop you from reviving the Mountain and Sea Empire. Why did you indiscriminately kill all of us."

Chapter 1119 - The long dragon of resentment is on the verge of becoming a devil!

"Cold, so cold!!"

"Snow Emperor, do you know how cold the underworld is? You murderous devil, you fiend of the human realm, you should come down to hell with us!!"

Familiar yet strange faces appeared before Lin Tianhao.

These faces all revealed 狰狞恐怖 (zheng ning kong bu) - ferocious and terrifying expressions.

They roared and howled at Lin Tianhao, extending withered, grotesque hands, trying to drag Lin Tianhao into endless darkness, into that bottomless, desolate hell.

"Get lost!!"

A cold glint flashed in Lin Tianhao's eyes, and a powerful aura emanated from his body.

"Among you, who didn't deserve to die!!"

"Scheming and plotting, hindering my revival of the Mountains and Seas Empire, preparing to seal me on Sea God Island, didn't you deserve to die?"

"Everything was decided by the higher-ups? Didn't you participate? A killing machine was destroyed, and you tell me you're just a screw on this killing machine, you're not guilty!!"

"To hell with the bullshit logic, if you win, you enjoy the fruits of victory, if you lose, it's that you're not at fault!!"

"It's all my fault alone, alright? When I was alive, I killed you, and now that you're dead, turned into resentment, turned into corpse fiends, I'll kill you again!!"

The more Lin Tianhao spoke, the more powerful his aura became.

The terrifying, unstoppable aura spread from Lin Tianhao's body, suppressing these resentful souls and corpse fiends so they couldn't even lift their heads.

"Ahhh--"

"Fallacious arguments, all fallacious arguments! You are the master of a sacred land, you are the owner of the Mountains and Seas Empire, you should have a heart of compassion for all living beings."

"Compassion my ass, in this world, in any dynasty, which emperor didn't ascend to the throne by stepping over mountains of corpses and seas of blood!!"

"To be able to become stepping stones on my path of growth should be considered your honor!!"

"Remember, to be killed by me, the Snow Emperor, is not your shame, but the greatest honor for you guys who aren't even worthy of having your names remembered!!"

These resentful spirits and corpse fiends were rendered speechless by Lin Tianhao, they had originally planned to come out and drag Lin Tianhao down when he faced his inner fears.

But now it seemed.

They had overestimated themselves.

A large number of resentful spirits and corpse fiends gathered together, actually forming a long dragon of resentment.

This dragon of resentment blotted out the sky and covered the sun, its head was like a mountain, appearing before Lin Tianhao, giving people a strong sense of oppression.

"Roar--"

The dragon of resentment roared at Lin Tianhao, and the powerful shockwave shook Lin Tianhao back half a step.

Lin Tianhao braced himself, and roared back at the dragon of resentment.

At this moment.

In the bamboo forest.

The battle between Qingya Ghost Fiend and Puppet Arrow Divine King against Great Arm Ape was nearing its end.

Great Arm Ape tried many methods to escape from here, but ultimately failed.

Besides the fact that Qingya Ghost Fiend's tower-in-tower was very good at trapping people, the Puppet Arrow Divine King's bamboo forest also made a great contribution.

"Qingya Ghost Fiend, I admit defeat today, but do you think I didn't leave any backup plans?"

"If I die here, the news of the Snow Emperor possessing a god's corpse will spread immediately."

"At that time, no matter how strong you are, you won't be able to protect this god's corpse."

Qingya Ghost Fiend sneered, "Don't try to scare me, we're not fools, who would foolishly spread the news of the god's corpse?"

"Do you dare? You wouldn't dare either!!"

The Puppet Arrow Divine King frowned upon seeing this.

"You're not going to kill him?"

Qingya Ghost Fiend smiled slightly and said:

"Puppet Arrow Divine King, don't worry, I have a great use for keeping this Great Arm Ape."

After speaking.

Qingya Ghost Fiend then looked towards the direction where Lin Tianhao was.

At this moment.

Lin Tianhao's body was covered in 魔纹 (mo wen) - demon patterns.

"How could this happen?"

Qingya Ghost Fiend frowned, "He seems to be turning into a demon."

The Puppet Arrow Divine King also revealed a look of astonishment.

Clearly.

He himself did not expect that Lin Tianhao would turn out like this.

"I'm not sure, I only brought out the fear in the depths of his heart, logically speaking, there shouldn't be such a serious change."

Hearing this.

Qingya Ghost Fiend sighed helplessly, "You may have thought things too simply, although I haven't interacted with him much, I can be sure that he must be carrying something that ordinary people can't imagine."

The Puppet Arrow Divine King smiled wryly, and said unhurriedly:

"There's no point in thinking so much now, if he turns into a demon, then there's no fun to be had."

Hearing this.

Qingya Ghost Fiend's expression was a little serious, he didn't know what to say.

He was absolutely loyal to Lin Tianhao, but as the Puppet Arrow Divine King said, at this moment, there was nothing they could do.

Unless it was a god or a saintly-type powerhouse, otherwise, there shouldn't be many who could interfere with Lin Tianhao's current situation.

As for the Puppet Arrow Divine King.

He used to be a god, but now, although he still carried the title of a god, his strength was still vastly different from a true god.

At this moment.

Lin Tianhao was directly facing the dragon of resentment.

Although Lin Tianhao was not afraid in his heart, after fighting with this dragon of resentment for a dozen rounds, the result was that he was completely no match.

This dragon of resentment was simply overwhelming him.

"Hahaha, is this the invincible Snow Emperor? Looking at your current disheveled appearance, you seem to be nothing more than this."

Lin Tianhao's face was slightly gloomy.

In this state, he couldn't use many of his methods.

Facing this dragon of resentment, he was too passive.

He couldn't figure out the attacks of the dragon of resentment every time.

To be precise.

It was because he didn't have the Fiery Eyes of Truth.

And the attacks of this dragon of resentment were too erratic, making it difficult for Lin Tianhao to discover its attack trajectory.

"Bang--"

Lin Tianhao was once again sent flying by this dragon of resentment.

"Snow Emperor, weren't you very arrogant just now? Now, show me how arrogant you are!!"

"What you said before was right, but also wrong!!"

"In this world, there aren't so many grand principles, there are only eight words: the strong eat the weak, survival of the fittest!!"

The dragon of resentment looked at Lin Tianhao, full of triumph, wildness, arrogance, and a bit of madness.

Lin Tianhao clenched his fists involuntarily.

In front of him, the dragon of resentment once again used a dragon tail swing to strike towards Lin Tianhao.

Lin Tianhao's expression changed slightly, he could feel the dragon of resentment's attack coming.

But he couldn't see it clearly.

The attack speed of the dragon of resentment was too fast, even though the dragon of resentment's body was huge, when the speed reached a certain point, it still made it difficult for Lin Tianhao to see clearly.

"Bang--"

Without any suspense.

Lin Tianhao was sent flying by the tail of the dragon of resentment.

Chapter 1120 - The cold air invades, enlightenment!

"Angry? Desperate?"

The wraith dragon looked at Lin Tianhao mockingly, its voice filled with disdain, playfulness, and a hint of teasing.

"But so what? You are ultimately powerless. In front of me, you have no power to resist."

"Snow Emperor, once, you were so invincible, once, you were so high and mighty!!"

"Our life and death were all in your hands."

"And you chose to let us die!!"

"You are the one who truly deserves to die. Today, I will pass judgment on you and make you pay the price for what you have done!!"

The wraith dragon's voice seemed to explode in Lin Tianhao's mind, making him extremely uncomfortable.

Looking at the wraith dragon pouncing towards him, Lin Tianhao's emotions became more and more violent.

These are just a group of ants that I once killed. Now that they are combined, what qualifications do they have to yell at me!!

These guys should all die, die, die!!!!

"Hahaha, very angry? But so what?"

"You are just raging in vain now, it has no effect on me, hahaha!!"

... ..

Lin Tianhao became more and more angry, and the aura around him was rising.

But along with the rising aura, dense magic patterns began to appear on Lin Tianhao's body.

And on his real body, it was no longer limited to magic patterns, but also demonic energy surrounding Lin Tianhao.

At this moment.

Lin Tianhao no longer looked like a human being. He was like a great demon who had walked out of the abyss.

His whole body exuded a powerful, invincible aura.

"He's about to become a demon."

The Puppet Arrow God King's face became even more unsightly. Although he stimulated the fear in Lin Tianhao's heart, which could itself trigger the demon in his heart.

But the Puppet Arrow God King still felt that, given Lin Tianhao's current age, even if he had a demon in his heart, so what!!

"Everyone has a Buddha in their heart, and the Buddha suppresses the demon. If the Buddha falls and the demon comes out, that person will become extremely terrifying."

This light is the Buddha in his heart!!

"What exactly has he experienced?!!"

The Puppet Arrow God King couldn't help but mutter to himself.

Qingya Ghost Fiend took a deep breath and said seriously:

"Now, let's think about how we should deal with it if he becomes a demon!!"

"Don't underestimate him. If his strength is completely demonized, neither you nor I can stop him even if we join forces."

Hearing this.

The Puppet Arrow God King hesitated, and finally sighed:

"If he really becomes a demon, I will let him kill me, make him stronger, and then... kill you all!!"

"Once, this Ancient God Secret Realm was our purgatory on earth. When he becomes a demon, this Ancient God Secret Realm will be the purgatory on earth for you blood eaters."

Hearing this.

Qingya Ghost Fiend couldn't help but cursed:

"You are really a madman. I now suspect that you deliberately made him become a demon."

The Puppet Arrow God King shook his head, "I really didn't expect that he would become like this."

"I thought he would fail, but I didn't expect him to become a demon!!"

Just when Qingya Ghost Fiend and the Puppet Arrow God King were very helpless, the demonic energy around Lin Tianhao actually began to slowly dissipate.

"Huh..."

The Puppet Arrow God King's eyes lit up, and a look of surprise appeared on his face.

The dissipation of the black energy meant that Lin Tianhao's condition was improving.

At this time.

In Lin Tianhao's inner world, Lin Tianhao, who was originally about to lose control, suddenly felt a chill flowing out of his chest.

This chill instantly extinguished the violent aura in Lin Tianhao's heart, and his whole heart actually began to calm down under this chill.

Seeing the change in Lin Tianhao's body, the wraith dragon's face changed again and again.

"How could this be?"

"You were clearly on the verge of becoming a demon, how could you suddenly recover."

Not to mention this wraith dragon, even Lin Tianhao himself was very surprised.

However.

Lin Tianhao could still vaguely guess the reason.

The chill that remained in his body when he was in Wanglai City.

He couldn't find this chill in his body himself. If it hadn't been for the effect of this chill in Wanglai City, Lin Tianhao himself wouldn't have been able to determine the authenticity of this chill.

Now that this chill has reappeared, it can be regarded as helping him.

Especially.

After being baptized by this chill, Lin Tianhao's state of mind seemed to have grown.

This kind of growth is different from the kind of dust-free state of mind when he realized the Tao before.

It's very strange, Lin Tianhao himself couldn't explain it.

At this moment.

The wraith dragon, enraged, attacked again.

Lin Tianhao looked up. At this time, the wraith dragon's speed seemed to be still very fast, but it also seemed to be very slow.

Lin Tianhao moved, almost brushing past the wraith dragon's claws, avoiding this attack.

The wraith dragon was slightly stunned, obviously not expecting that Lin Tianhao could actually react.

"Roar—"

The wraith dragon roared at Lin Tianhao and attacked Lin Tianhao again.

In an instant.

The wraith dragon's attack was like a storm, attacking Lin Tianhao from various angles.

Lin Tianhao's expression was calm and composed. Between dodging and maneuvering, he avoided the wraith dragon's attack every time with danger.

If someone was watching, they would find that although Lin Tianhao avoided the wraith dragon's attack every time was very thrilling.

But in fact, every time it seemed to be a pre-judgment, it was completely a kind of teasing of the wraith dragon.

The wraith dragon roared again and again, completely unable to do anything to Lin Tianhao.

Now he is like a clumsy big black bear, waving his hands and feet in front of Lin Tianhao, performing his clumsy performance.

"Roar Roar Roar—"

The wraith dragon roared again and again. How arrogant he was before, how angry he is now.

"So angry?"

Lin Tianhao looked at the other party with a smile, with a shallow smile on his face.

"You are right, in this world, the weak are prey to the strong, and the fittest survive."

"You are weak, so, you should die!!"

As Lin Tianhao's voice fell, he rushed up directly.

In this inner world, Lin Tianhao has no weapons, but his fists are his weapons.

He easily avoided all the wraith dragon's attacks and came to the wraith dragon's front accurately.

Then...

"Boom—"

With a punch, Lin Tianhao's fist hit the wraith dragon's head, which was like a hill.

The power was not too strong, but it still scattered some of the wraith energy on the wraith dragon's body.

"It seems that you are not strong, just a little wraith dragon made of cotton."
