

O game 1161

Chapter 1161 - Mo Yuan!

The girl with the twin tails spread her hands and said:

“It doesn’t seem like you can blame this yellow-haired monkey either. The Snow Emperor is about to tear down his home. If he didn’t fight back, that would be a problem.”

“These things aren't important.”

Lin Tianhao controlled the Black Demon and came in front of the yellow-haired monkey.

“Killing this yellow-haired monkey, we should be able to improve again.”

“Seconded,” said Fist Emperor.

In fact, now that they have reached their current realm, it is more difficult than ascending to heaven if they want to improve their cultivation.

But now, they can increase their cultivation just by fighting monsters.

Where can you find such a good thing?

“Kill!” said Daoist Ambition.

Lin Tianhao immediately controlled the Black Demon and slapped it down.

“Bang!!”

The Black Demon's ferocious head was smashed into pieces by the Black Demon's slap, and brains splattered everywhere.

"You... you're a little too brutal," the twin-tailed girl couldn't help but say.

Lin Tianhao waved his hand, "One hit to the spot, isn't that better?"

As soon as he finished speaking.

"Sure enough, it's improved again."

Fist Emperor, Monk of Wine and Meat, and even Daoist Ambition all showed smiles on their faces.

Mainly.

It was too difficult for them to improve their martial arts realm now that they had reached their current level!!

This monster-killing leveling up is so... wonderful!!

Most importantly.

After killing these monsters, their cultivation was not just improved a little.

If you were to describe it in terms of cultivation, killing one monster would improve their cultivation as much as three or four years of hard work.

At the same time.

Lin Tianhao also saw a ball of light floating above the yellow-haired monkey's body.

He raised his hand.

Lin Tianhao grabbed the ball of light, and in the next moment, a small pill appeared in his hand.

True Self Pill: Special.

Usage Requirements: None.

Effect: After swallowing, no living being in this copy can copy you, transform into you, or transform you in any form.

Durability: 100.

(Note: This item is a one-time use item and disappears after use.)

Lin Tianhao raised his eyebrows. This pill... was a bit too useless.

It only prevents being copied.

In this area where he is now, even if someone copied him, he would be able to tell.

After all, he is now being protected like a star, who would come to copy him?

Suddenly.

Lin Tianhao thought of a very bad thing.

That is...

Could someone copy him and then go to the rear troops?

Not only him, but also Daoist Ambition and others.

If they were copied and went to the logistics troops to cause trouble, the probability would be very high.

“I think this thing should be used by you, Daoist Ambition.”

Daoist Ambition was slightly surprised. He took the True Self Pill from Lin Tianhao’s hand and was slightly surprised:

“Why me? Wouldn’t it be better for you to use it yourself?”

Lin Tianhao shook his head and said:

“Although I have influence in the Twilight of the Gods, I haven’t been able to do anything substantial.”

Hearing this.

Lin Tianhao didn’t need to say more, Daoist Ambition already understood what Lin Tianhao meant.

In fact, to put it bluntly, Lin Tianhao has no real power.

Only.

The guys in this copy can hear what they say in the copy.

Therefore.

In this place, when speaking and doing things, try not to reveal information as much as possible.

However.

Daoist Ambition shook his head and said:

“Snow Emperor.”

“I think it’s most suitable for you to use this thing.”

“The strength of these clones is relatively balanced. According to my estimation, their overall combat power should be equivalent to...”

At this point.

Daoist Ambition seemed to realize something and did not say the rest of his words.

“Anyway, their combat power is still very different compared to ours.”

“Even if they impersonate us, their strength is not equal, and it’s easy to be discovered.”

“So, it’s better for you to use it.”

Lin Tianhao thought for a moment, Daoist Ambition seemed to be right.

He took the True Self Pill and swallowed it directly.

The True Self Pill was a bit salty, but there was nothing else special about it.

After Lin Tianhao took the True Self Pill, he picked up the short fork on the ground.

Water Monkey Short Fork: Silver.

Wearing Requirements: Warrior.

Effect 1: Health + 1,000,000.

Effect 2: Health Recovery + 1000 per second.

Effect 3: Attack Power + 230,000.

Effect 4: Attacks inflict 20% grievous wound effect.

Effect 5: Armor Penetration + 10%.

Durability: 97.

The attribute bonus of this short fork seems to be good.

Health, health recovery, attack power, grievous wound, armor penetration, it is relatively comprehensive.

The countless stats of the warrior class can basically be satisfied.

“You guys can keep this short fork, it’s useless to me.”

Lin Tianhao is not good at using short forks, it is really useless for him to hold it.

Suddenly.

Lin Tianhao seemed to think of something and said casually:

“We don’t have attribute panels, is it because we didn’t change jobs offline? We can’t enjoy the attribute values of this equipment, is it also because we didn’t change jobs, right?”

Daoist Ambition nodded, “It’s very possible. There are copies offline, which means that we should also be able to change jobs offline.”

“It’s just that we didn’t find it before.”

The twin-tailed girl hesitated and said:

“You guys came here, and you know so little about this place?”

The twin-tailed girl said before that she would not say her purpose for coming here.

But it is certain that she came here after mastering certain clues.

“I know you must know something, but if you don’t say it, I don’t want to embarrass you.” Daoist Ambition smiled.

The twin-tailed girl waved her hand, “My grandma told me, I’m not sure if it’s true or false.”

“This place is called Moyuan, the ink of ink.”

“Hundreds of years ago, a family discovered this copy. They found that not only could they become stronger in this copy, but they could also increase their lifespan, so they settled down here.”

"Of course, at that time, they didn't know this was a copy. They called this place Moyuan, because there is a abyss below the underground river, and the abyss is ink-colored, hence the name Moyuan."

Lin Tianhao and the others did not interrupt the twin-tailed girl's words.

Understanding more about the information here is still very useful to them.

"That family spent their entire lives exploring Moyuan. My grandma doesn't know exactly how far they explored."

"I only know that each level of Moyuan has a gatekeeper, and each time you pass a level, you can get a resurrection coin."

"It is a real resurrection coin that can resurrect dead people. It is said that people who have died for no more than seven days will be completely healed of their injuries and illnesses if they use the resurrection coin to resurrect."

Chapter 1162 - Riverbed, traces of battle!

Hearing this.

Taoist Yexin then spoke:

"So, you came here for resurrection coins?"

"That's right."

The twin-tailed girl nodded heavily, "My grandmother's condition, I don't know how much longer she can hold on. Resurrection coins are very important to me."

Taoist Yexin was silent. After a while, he said:

"According to what you said, if there are only one or two resurrection coins, I wouldn't dare guarantee them to you."

The twin-tailed girl nodded, "I know, but the further we go, the more resurrection coins are rewarded."

The blind swordsman frowned slightly, "But if that's the case, then our deduction about the Dragon Keepers, is it wrong?"

The twin-tailed girl shook her head, "I don't know about that."

"However, one thing is certain, the villagers of Ao Long Village are not the family that discovered Mo Yuan."

"Because the family that discovered Mo Yuan is surnamed Zhang, and among the four major families in Ao Long Village, there is no Zhang surname."

"Zhang surname?"

Lin Tianhao frowned. He didn't have any impression of the Zhang family.

Even in his previous life, when the Twilight of the Gods merged with reality, although there were also Zhang families rising, according to what Lin Tianhao knew, it seemed that no one could connect with this Mo Yuan.

"Yes."

"Grandma said that the Zhang family is not a large family. Each generation actually only has dozens of people, and among these dozens of people, only less than ten are qualified to enter Mo Yuan."

"How does your grandmother know so much about this place?" Taoist Yexin asked.

The twin-tailed girl smiled and said:

"Isn't this a very obvious question? My grandmother knows someone from the Zhang family."

Hearing this.

Fist Emperor subconsciously asked:

"Didn't the person from the Zhang family say anything about the situation inside Mo Yuan?"

The twin-tailed girl hesitated, then nodded slightly.

"They said some things. Perhaps because of the resurrection coins, the Zhang family regarded this life-and-death secret as the reincarnation point of this world."

"In addition, Mo Yuan is unfathomable, so the Zhang family speculated that beneath Mo Yuan is the legendary Underworld."

"They explore Mo Yuan, and also revere Mo Yuan."

Fist Emperor continued to ask:

"Such a secret matter, the Zhang family would actually tell your grandmother."

Taoist Yexin smiled and said:

"That's not surprising. Her grandmother has a special status, and besides, the Zhang family regards the depths of Mo Yuan as the Underworld, so naturally they would revere her grandmother."

Taoist Yexin looked at the underground river below and asked softly:

"According to what you said, we should enter this underground river next, right?"

The twin-tailed girl nodded and said:

"Yes, the underground river is the entrance and also the exit."

"But."

"The Zhang family didn't mention the situation of Ao Long Village. I don't know what's going on."

Lin Tianhao looked around. He had some guesses in his heart.

The Twilight of the Gods and reality have not yet merged, but some relics that originally existed on Blue Star may be quietly reviving.

"I don't know about that. Anyway, he didn't say."

Taoist Yexin smiled and said:

"That means the Zhang family is still holding back something. Your grandmother used some means to get those things out, right?"

The twin-tailed girl smiled awkwardly and said:

"Indeed, I used a little trick."

Lin Tianhao smiled and said:

"The risk of going into the water is relatively high, but with our current lineup, it's not impossible to go down the underground river."

"I'll let Black Demon sweep through the area first to observe the situation."

"Okay."

Taoist Yexin nodded.

In the current situation, going into the water seems to be inevitable.

Actually, if Lin Tianhao wasn't here, they wouldn't care about going into the water.

After all, during their days in the 749 Bureau, they experienced a lot of bizarre things.

They had encountered many things that were legendary, even things that hadn't even been mentioned in legends.

The main thing is that the Snow Empress is too special to Dragon Country, so they have to be more conservative when making decisions.

"Rumble—"

Black Demon was like a humanoid destruction machine, tearing open wide gaps in the ground.

The underground river below was exposed.

This underground river extends towards the depths of the Qinling Mountains. As of now, the end of the underground river cannot be seen.

However.

The further forward, the deeper the water in the underground river, initially turquoise, then dark green.

Further ahead.

At a glance, the water below is already black.

Everyone present is relatively experienced.

Taoist Yexin couldn't help but frown.

"Even with my penetrating vision, it's being blocked so severely. The water depth in this area should be no less than five hundred meters."

Not to mention an underground river.

Even some large rivers on the surface, there are not many that can reach a water depth of more than five hundred meters!!

Moreover.

Judging from the current situation here, this should not be the deepest place!

However.

The water level of this underground river seems to have dropped, and riverbeds can be seen exposed on both sides.

"Look there."

Taoist Yexin said.

Hearing this.

Everyone looked in the direction Taoist Yexin was looking.

Only to see on the riverbed below, there were traces of burning bottles.

And the area was very large.

At a glance.

There were traces of burning bottles in an area of thousands of square meters on the left side of the riverbed below.

Not only that.

There were also some traces of battles left on the riverbed.

Seeing this scene, Lin Tianhao couldn't help but frown.

Because in a normal instance, the two batches of people entering the instance before and after should not be able to meet.

Just looking at the traces of the battle there, Lin Tianhao could roughly deduce it.

Someone had experienced a fierce battle there.

"Looking at the traces of the battle here, it's a bit like Captain Li's methods."

Monk Jiro frowned slightly and said in a deep voice:

"Several places on this riverbed were created by the Nine Echo Fist, and there are also several places with traces of the Horse-Chopping Saber."

Hearing this.

Lin Tianhao couldn't help but frown, "If that's the case, does that mean that the information revealed to us by that [Xiao Duo] who appeared at the beginning is all true?"

"Only."

"Clones should be our enemies, why would she tell us so much information?"

Hearing this.

Taoist Yexin shook his head, "I don't know, maybe it's a smokescreen."

"Let's go down and take a look."

Now there is a riverbed below, walking on the riverbed is relatively safe.

The main thing is.

The Great Mountain Pass is ahead, even with Black Demon's combat power, it would still be difficult to open the mountain.

After all, Black Demon has a lot of nuclear energy in his body, but it is not endless.

"I'll go down first."

Fist Emperor took the initiative to go down and lead the way.

Chapter 1163 - Weird: Back to square one!

Lin Tianhao summoned the Black Demon back, and the Ambitious Taoist also followed Lin Tianhao.

It was obvious.

The Ambitious Taoist really cared about Lin Tianhao's safety.

After descending to the riverbed, the Drunken Monk took out a night vision device for Lin Tianhao.

"Wear this, it's high-tech."

Lin Tianhao took it and put it on. The originally pitch-black underground riverbed instantly lit up.

Although it was not comparable to a normal day, it was equivalent to the light on a cloudy day. It was indeed magical.

As expected.

Dragon Country's technology is always half-hidden, half-revealed.

Research to fifteen, announce five!!

Lin Tianhao had never even heard of this kind of high technology before.

Fist Emperor carefully surveyed the situation here, and his expression couldn't help but become serious.

"Judging from the combat situation, Captain Li must have been seriously injured here at the time."

"Judging from the traces, he should have gone in the direction of the underground river entrance."

The Ambitious Taoist said:

"It should only be about half an hour away from the entrance. Let's go and see if Captain Li is still here."

Fist Emperor nodded and walked ahead first.

Then.

Before they had gone far, the riverbed ahead came to an end. To go forward, they needed to get into the water.

"Look up."

Lin Tianhao pointed to the top, where an opening had been blasted open.

There was light coming from this opening, which should lead to the surface.

The Drunken Monk leaped up and rushed out through the opening.

Not long after he went up, a slightly excited voice came.

"We're out."

The Ambitious Taoist grabbed Lin Tianhao and jumped out of the hole above with Lin Tianhao.

This hole led to a thicket of bushes between Ao Long Village and the entrance to the underground river.

At this time, the Drunken Monk was standing on a large tree, looking into the distance.

"We really came out. The Ao Long Village in front has returned to normal."

Immediately afterward.

The Blind Swordsman, the Twin-Tailed Girl, the Drunken Monk, and others also came out one after another.

Looking at the situation above, the Mole Rat couldn't help but say:

"If I had known it was so simple, I would have just tunneled out from the beginning."

Lin Tianhao frowned slightly. It seemed that they had indeed overcomplicated the situation inside Ao Long Village.

Based on the current situation, the underground river is the root cause.

"This hole should have been blasted out by Captain Li. He came out of here, so he is likely still alive."

The Drunken Monk jumped down from the tree, immediately pouring a bucket of cold water on everyone's faces.

Lin Tianhao looked in the direction of Ao Long Village and said in a deep voice: "Out? I don't think so. Perhaps, from the moment we entered the underground river, we truly entered this instance."

The others present were a little puzzled, but the Twin-Tailed Girl said:

"Ao Long Village is still a ruin. Although the villages around Ao Long Village are gone, the places originally destroyed by the Black Demon are still there."

"If we were outside, the logistics department would definitely notice the Black Demon's destruction."

"Unless..."

"Something has also happened to the logistics department."

The Ambitious Taoist frowned slightly and shook his head, saying:

"Something may have happened to the logistics department, but I think what Xue Di said is right."

"Because if something happened to the logistics department, the higher-ups would send someone over immediately."

As soon as the Ambitious Taoist finished speaking.

Ao Long Village, which had been destroyed and turned into ruins, returned to normal.

Not only Ao Long Village, but even the hole they had just come up from, everything, everything had returned to normal.

"Be careful."

The Ambitious Taoist seemed to realize something, and he grabbed Lin Tianhao's shoulder.

The surrounding space rippled, and in the next instant, everyone was dumbfounded.

They... they appeared on the helicopter.

This was the helicopter that had brought them here before.

The helicopter slowly stopped in the open space outside the camp. Everyone present looked at each other, with expressions of disbelief on their faces.

"This..."

Fist Emperor hesitated.

The Mole Rat was even more shocked and opened his mouth wide.

"Let's go."

The Ambitious Taoist's expression was uncertain. They were all here, but the Twin-Tailed Girl was not.

They...

Seemed to have returned to when they had just arrived in the Qinling Mountains.

The only difference was that Bureau Chief Zuo Tianyang was not on the plane!!

"Bureau Chief Zuo is not here."

The Drunken Monk said solemnly, "That little girl is not here either."

The Ambitious Taoist shook his head, signaling the Drunken Monk not to speak.

Getting off the plane.

The burly middle-aged man walked over. His gaze fell on Lin Tianhao, and he said respectfully:

"I have received the news, Xue Di. This operation will be jointly commanded by you and the Ambitious Taoist. We will fully cooperate with your actions."

"The old bureau chief is currently in a state of disconnection. We will tell you the information about the manifested ancient land without reservation. You can also ask us any questions you have."

Captain Li's opening remarks were exactly the same as when Lin Tianhao and the others had arrived here before.

Next.

Lin Tianhao still asked the previous question.

Captain Li's answer was exactly the same as before.

"Hand."

The Blind Swordsman said in a deep voice.

Captain Li stretched out his hand somewhat puzzled.

The Blind Swordsman grabbed Captain Li's hand and raised his hand to cut a small opening on Captain Li's finger.

Bright red blood slowly flowed out.

"What's wrong?" Captain Li asked in confusion.

The Blind Swordsman's face became even more ugly.

"It's okay, Blind Swordsman encountered something before and was afraid that you would be infected, so he wanted to see your blood. Take us to the entrance of the underground river," said the Ambitious Taoist.

The Blind Swordsman squeezed out a smile, "Yes, take us to the entrance of the underground river."

On the way.

Captain Li still explained the situation here again.

Everyone listened patiently, trying to find some problems in Captain Li's words.

Immediately afterward.

"Moo——"

The dragon's roar came, and everything returned to the original state.

Everything that happened next was the same as before.

They encountered Xiao Duo, who seemed to have been subjected to a petrification curse, and everything fell into an unknown dead end.

"Captain Li, take Duo Duo back to the camp first. We will survey the situation here and then decide on a plan," said the Ambitious Taoist.

Captain Li didn't think much about it and left with Xiao Duo.

After Captain Li left, Fist Emperor frowned and said:

"What's going on?"

"As Xue Di said, we are still in the instance."

"You should all be able to feel that the cultivation we gained from killing those two monsters before is still there."

After speaking.

Fist Emperor's gaze fell on Lin Tianhao, "Xue Di, you have the most experience here. Can you tell what's going on?"

Lin Tianhao smiled and said:

"As I said before, we are now truly entering this instance."

"If I'm not mistaken, if we leave directly, we will return to the helicopter and return here again."

Chapter 1164 - The Zhang family in Mo Yuan!

"Then who are they?"

Fist Emperor continued to ask:

"Just now, Blind Sword Old Man tried, those people all have blood, not replicants."

Lin Tianhao pondered slightly and said:

"Two possibilities, one is that they are all bewitched, but the probability is very low."

"The second is that these are our memories. We are still on the riverbed of the underground river. When we entered the underground river, we were already hallucinated by some powerful existence."

Hearing this.

Taoist Wild Ambition's expression changed slightly. He pinched his fingers with both hands and chanted complicated incantations.

Immediately afterwards.

Taoist Wild Ambition's body actually emitted a faint white glow, and the whole person disappeared from their sight.

"Looks like I'm right."

Lin Tianhao looked at Taoist Wild Ambition disappearing in front of him, and a smile appeared on his face.

At this moment.

The Mole Rat, who had been lacking a sense of presence beside Lin Tianhao, instantly attacked Lin Tianhao.

It's just.

Before his attack could land on Lin Tianhao, it was grabbed by Black Demon's arm.

This sudden change caused the expressions of the other people present to change slightly.

"We stepped into the illusion. The other party can make that twintail girl disappear from our illusion, and can also replicate a person in our illusion to attack us."

Hearing this.

A soft voice suddenly sounded.

"Very clever, but, have you ever thought that when you were hit, you were already taken away by me alone?"

Lin Tianhao instantly felt a chill down his spine, and then, he was shocked to discover.

His control over Black Demon crumbled.

The surrounding scenes had undergone earth-shattering changes.

He was now tied up like a dumpling, and a woman in a white dress was dragging him forward constantly.

The surroundings were extremely dark, and there was no underground river on either side. He inexplicably appeared in a tomb passage.

The reason it was called a tomb passage was because the scene here was very similar to the tomb passages in the tomb raiding TV series that Lin Tianhao had watched.

"Beauty, let's talk things over, okay?" Lin Tianhao grinned.

"Don't worry, I won't kill you. Xiao Duo, who came to find you before, was me. If I wanted to harm you, I could just tell a lie," the white-skirted woman replied.

Lin Tianhao was slightly startled, "Then why are you capturing me?"

"If you really have no malice, why not choose to come out and talk to us openly."

Hearing these words.

The white-skirted woman shook her head and said:

"Of course not, there are people from the Ye family among you. These Ye family people are not as disciplined as the Zhang family at all."

Lin Tianhao instantly thought of something.

The Ye family...

Previously, Captain Li said that a member of the Ye family had disappeared from Aolong Village.

And the twintail girl had also said something about the Zhang family.

"Then why are you capturing me?" Lin Tianhao couldn't help but complain.

The white-skirted woman shook her head and said:

"It's not that I want to capture you, but that I want to protect you. You are not safe with them."

"Among them, someone wants to kill you."

Lin Tianhao frowned slightly, "Who?"

"Don't know."

Lin Tianhao: "..."

"Then you said someone wants to kill me."

Finally.

The white-skirted woman dragged Lin Tianhao into a tomb chamber.

Here, pots, pans, and everything else were complete.

Most importantly.

In the middle of the room, against the wall, was placed an ice bed emitting cold air.

"No way."

"Tomb passage, white dress, jade bed, you wouldn't be the legendary Ancient Tomb Sect Little Dragon Girl, would you?"

Hearing these words.

The white-skirted woman instantly turned her head, her beautiful eyes staring straight at Lin Tianhao.

Lin Tianhao's expression changed slightly, and his expression became more solemn.

Because the eyes of this white-skirted woman were vertical pupils!!

A person with vertical pupils is a demon!!

This sentence is not a joke.

This guy is a demon!!

Combining the fact that Lin Tianhao had just said the words "Little Dragon Girl", this white-skirted woman had such a big reaction.

It seemed that some problems could already be deduced.

This white-skirted woman is a dragon!!

Dragon Girl!!

"Are you a Dragon Girl?" Lin Tianhao still asked with a forced smile.

The white-skirted woman nodded slightly, "I don't know what Ancient Tomb Sect you are talking about, but I am indeed a Dragon Girl."

"Strictly speaking, I am half-dragon and half-human."

"Half-dragon and half-human?" Lin Tianhao was a little surprised.

The white-skirted woman nodded, "Yes, in this world, being able to cultivate a dragon can be considered as the ancestors' graves emitting green smoke."

"But even dragons are not immortal, so they can only combine with people with strong bloodlines."

"That's how I was born."

Lin Tianhao frowned slightly, which was really unexpected for Lin Tianhao.

"We have no old grudges and no recent animosity, there's no point in you capturing me."

"I said, I'm not going to catch you, but to protect you. If I wanted to be malicious towards you, wouldn't it be easier to just kill you."

"Also, I need to confirm one thing."

"What is it?" Lin Tianhao asked subconsciously.

"Confirm whether you are like me, a descendant of the Dragon Clan."

"Me? A Dragon Man?"

Lin Tianhao was slightly startled, "You think I'm also half-human and half-dragon?"

"Of course not."

"If you were half-human and half-dragon, I would be able to see it at a glance."

The white-skirted woman shook her head and said seriously:

"This is very strange. Dragon bloodlines, in addition to being passed down through reproduction, can also be passed down in other ways."

"For example, my father, he once used his essence blood to give a person the bloodline of the Dragon Clan."

"I've never seen a dragon before," Lin Tianhao said.

"Maybe your father has seen a dragon," the white-skirted woman said.

"Whether you have the bloodline of the Dragon Clan or not, I can take you to the front to try it out."

Lin Tianhao said helplessly:

"Even if you want to try, you should let me go first."

The white-skirted woman frowned slightly, "I can't beat your companions, I'm afraid you'll run away."

Lin Tianhao: "..."

"I won't run."

"Really?"

"Really!!"

"Still, forget it, I'll let you go when we get there. It's easier for you if I drag you like this, isn't it."

Lin Tianhao was a little tearful.

This Dragon Girl can't be reasoned with at all.

"What level of dragon is your father? Is he still here?" Lin Tianhao asked.

"I have never seen my father at all. My mother was pregnant with me for ten years and nine months before I was born."

"And at that time, my father disappeared."

"I also followed my father's aura to find my way here."

Lin Tianhao was a little surprised and said:

"You're not a native here?"

"Of course not."

The Dragon Girl shook her head, "I'm here to find my father. In your words, I should be the Zhang family member you're talking about."

Chapter 1165 - Test the dragon stone!

"Oh?"

The Dragon Lady continued, "My name is Zhang Linglong."

"Hello, Sister Zhang," Lin Tianhao said.

"Then what's the matter with the four families in Aolong Village?" Lin Tianhao asked.

The Dragon Lady frowned slightly and said, "Driven by greed, they were schemed against and became sacrifices."

"Could you explain in detail?" Lin Tianhao asked.

Zhang Linglong said without hesitation:

"I'm actually not very sure how long this place, Moyuan, has existed."

"When I came, I discovered the uniqueness of Moyuan, especially the resurrection coins that can bring people back to life, which are regarded as treasures by those of us with dragon bloodlines."

At this point.

Zhang Linglong paused slightly before continuing:

"However, we are not the only Zhang family to have discovered Moyuan. There is also a mysterious force. They also discovered Moyuan and learned some secrets about it."

"This Moyuan needs sacrifices?" Lin Tianhao asked.

Zhang Linglong took a deep breath and nodded, "Yes."

"The opening of Moyuan requires sacrifices, and those people are the sacrifices for the opening of Moyuan."

At this point.

Zhang Linglong paused again, "Actually, it's not just that, there's another force involved."

“Another force?” Lin Tianhao really didn’t expect that this Moyuan, hidden deep in the Qinling Mountains, could attract so many people.

“Yes.”

“Dragon Keepers!”

“Like our Zhang family, but their development is not as good as ours. When they first came here, it was exactly the node of the Flood Dragon transforming into a Dragon.”

“They wanted to use living people to help the Flood Dragon withstand the tribulation during its transformation into a Dragon. This coincided with the mysterious force behind the scenes, and the two reached a cooperation.”

Lin Tianhao’s mouth twitched and he said:

“So, there’s also a Horned Dragon in this Moyuan?”

Lin Tianhao’s expression changed slightly, “No dragons have appeared in this world, could they all have come to this Moyuan?”

Zhang Linglong shook her head and said:

“I’m not sure about that. It feels like the dragons are huddling together for warmth.”

“But... I think they have some kind of mission in Moyuan.”

“Because.”

“I can feel the aura of their existence, but I can’t feel their vitality.”

Hearing this.

Lin Tianhao was shocked.

“According to what you’re saying, are those dragons all dead?”

Zhang Linglong shook her head, “I don’t know. Since I have the bloodline of the Dragon race, I naturally don’t want anything to happen to them.”

While speaking.

Zhang Linglong dragged Lin Tianhao into a circular stone chamber.

This circular stone chamber was very large. Preliminary estimates suggest it should be about the size of two basketball courts.

The top of the stone chamber was also very high from the ground. It seems it must be at least ten meters.

This place.

Should be inside the mountains of the Qinling Mountains.

The most important thing is.

This stone chamber is so big, and there are no lights, but it’s as bright as day, and everything around can be seen clearly.

“This is where our Zhang family members verify the Dragon race bloodline. You place your palm on the stone orb in the center.”

“If you possess the Dragon race bloodline, the stone orb will emit light.”

“The more intense the light it emits, the more it proves that your Dragon race bloodline is more concentrated and noble.”

As Zhang Linglong said this, all the silk threads wrapped around Lin Tianhao’s body disappeared.

Lin Tianhao regained his mobility. His first priority was to gather his mind and sense the location of the Black Demon.

Unfortunately.

He was going to be disappointed.

He couldn’t sense the location of the Black Demon here at all.

But this was also expected. This Zhang Linglong didn’t seem to have any malice towards him.

However.

Does he really have the Dragon race bloodline?

To be honest.

Lin Tianhao had really suspected that he had an extraordinary background.

Otherwise, it would be fine if his talent was awesome, but why was his sister's talent so outrageously strong too?

Thinking of this.

Lin Tianhao walked to the stone orb in the center.

This stone orb was more than half a person tall, and it was densely engraved with countless dragons.

At the top was a majestic five-clawed golden dragon, which was also the largest in size.

The other dragons were very small. Some of the dragons were even only as long as Lin Tianhao's finger.

However.

Whether it was a big dragon or a small dragon, they were all carved vividly.

Lin Tianhao raised his hand and placed his palm on the stone orb.

However.

The expected light emanating from the stone orb did not come.

"Looks like I sensed it wrong," Lin Tianhao said.

At this point.

Lin Tianhao paused for a moment before asking with some uncertainty:

“Now that you’ve discovered that I’m not a Dragon race, you’re not going to attack me, are you?”

Zhang Linglong shook her head and said seriously:

“Most of the people in our Zhang family are actually not bad.”

“And I said before, I have no malice towards you and won’t harm you.”

Lin Tianhao breathed a slight sigh of relief.

Although he didn’t feel any malice when chatting with this Zhang Linglong.

But Zhang Linglong was, after all, a Dragon person, with unfathomable methods. Lin Tianhao wasn’t sure if she would suddenly attack him.

However.

Just as Zhang Linglong’s words fell.

“Crack, crack—”

Two soft sounds. Lin Tianhao’s overall strength had been improved because of killing those two monsters before, and this naturally included his hearing.

Lin Tianhao immediately turned his head.

“Crack, crack, crack—”

Cracks began to appear on the stone orb.

The cracks became more and more numerous, and in the blink of an eye, the cracks covered the entire stone orb.

Lin Tianhao's expression changed, "This... this has nothing to do with me!!"

"This is impossible!!"

Zhang Linglong strode over.

"No, no, no, this is absolutely impossible!!"

"This is the Dragon Verification Stone."

Lin Tianhao smiled helplessly and said:

"Calm down, it's just a rock after all. After a long time, it might have weathered."

Zhang Linglong's expression was extremely gloomy.

"Impossible!!"

"The Dragon Verification Stone is indestructible. Even if I used all my strength, I wouldn't be able to leave a trace on it."

"Not just me, but the strong people of our Zhang family throughout the generations have tried to open this Dragon Verification Stone, but all of them ended in failure."

Lin Tianhao raised his eyebrows and said:

“Since the people of your Zhang family all want to open the Dragon Verification Stone, and now that the Dragon Verification Stone has been opened, shouldn’t you be happy?”

Zhang Linglong glared at Lin Tianhao and scolded:

“Legend has it that there is a Dragon Pearl inside this Dragon Verification Stone. As long as someone can open the Dragon Verification Stone, this Dragon Pearl will recognize them as its master.”

At this point.

Zhang Linglong looked at Lin Tianhao in disbelief again, and said in horror:

“But this is impossible. When you just touched the Dragon Verification Stone, the Dragon Verification Stone clearly didn’t react.”

“And, with your strength, it is absolutely impossible to open the Dragon Verification Stone by force!!”

Zhang Linglong’s expression was uncertain, “Could it be...”

“Could it be me!!”

“Could it be because I have been guarding this Dragon Verification Stone day and night that I have finally moved this Dragon Verification Stone?”

“I... am finally going to get the Dragon Pearl!!”

Chapter 1166 - Fusion of dragon balls, inheritance of the dragon clan!

Zhang Linglong was extremely excited!

Dragon Ball!!!

This had an unimaginable attraction even for the true Dragon race.

Not to mention that he was only half-human and half-dragon.

If he could obtain this dragon ball and become a true dragon in one leap, improving his dragon bloodline level and concentration would be easy.

“Crack, crack, crack—”

Blinding rays of light shot out from the stone ball.

Zhang Linglong subconsciously raised his hand to block it in front of his eyes.

Lin Tianhao also wanted to raise his hand to block it in front of his eyes, but just as his hand was raised, he was surprised to find that these seemingly dazzling rays of light did not affect him in the slightest.

“Whoosh—”

The cracked stones on the stone ball fell to the ground with a crash, revealing a milky white bead the size of a ping pong ball inside.

“Is this the Dragon Ball?”

Zhang Linglong stepped forward and raised his hand to grab the dragon ball.

Merely.

Before her palm could touch the dragon ball, it was shaken away by an invisible force.

“Give it to me!!”

Zhang Linglong did not give up, and the aura around her body suddenly soared.

On the arm that was stretched out, cyan scales appeared, and the palm vaguely turned into a dragon claw!!

However.

This seemingly extremely powerful attack, after approaching the dragon ball, seemed to be trapped in a quagmire, making it difficult to move forward.

“Boom—”

This time.

The power of the shock erupted from the dragon ball was even stronger, directly blasting Zhang Linglong away.

However.

Lin Tianhao, who was standing in front of the dragon ball and closest to the dragon ball, was still not affected in the slightest.

At this moment.

Lin Tianhao had already guessed something.

Although it was a bit bizarre, this might be the real thing!!

The stone ball opened because of him!!

“It’s you!!”

Zhang Linglong also reacted. She widened her eyes, her face full of disbelief.

“How could it be? When you just touched the stone ball, the stone ball didn’t emit a trace of light.”

Lin Tianhao spread his hands and said:

“I’m not too sure about this situation either.”

Just as Lin Tianhao’s words fell, the milky white dragon ball slowly flew to the top of Lin Tianhao’s head.

The light converged.

The dragon ball actually flew directly into Lin Tianhao’s heart.

Immediately afterwards.

Lin Tianhao felt as if he had been enlightened, and his whole person entered a state of precarious enlightenment.

His body involuntarily levitated in mid-air, and his whole person emitted a faint white light.

Strands of pure energy washed over Lin Tianhao’s eight extraordinary meridians.

His meridians were constantly broken, reorganized, and widened by this energy.

The flesh and bones also became more resilient in this process.

And in Lin Tianhao's dantian, a milky white bead slowly condensed.

At the same time.

A dragon-shaped phantom appeared behind Lin Tianhao.

Seeing this scene, Zhang Linglong couldn't help but stagger back.

"Five... Five claws!!!"

The dragon-shaped phantom behind Lin Tianhao had five claws.

This dragon-shaped phantom was gray-black, and even though it was just a phantom, it still made her want to kneel down and worship it.

The dragon-shaped phantom flew around Lin Tianhao, and let out an excited dragon roar.

"Moo—"

The sound of the dragon's roar resounded throughout the world, shaking all directions.

...

Underground river.

On the riverbed.

When the ambitious Taoist and others, who had already escaped the illusion, heard the sound of the dragon's roar, their faces showed horror.

"This..."

Mole Zhang opened his mouth and said in disbelief: "This dragon roar is a little different from the previous two."

Ambitious Taoist nodded heavily and said seriously:

"It's a little different, because this dragon roar contains a powerful vitality!!"

The previous two dragon roars had no vitality.

They had all suspected whether it was the sound made by a dragon now.

Maybe it's just a recording!

But this dragon roar was completely different.

"This... There really is a dragon down here, a living dragon!!"

...

Inside the circular stone chamber.

After the dragon-shaped phantom behind Lin Tianhao hovered and circled for several weeks, it flew into Lin Tianhao's body from the top of Lin Tianhao's head.

The next moment.

Lin Tianhao had some inheritance in his mind!!

A true inheritance!!

Controlling fire!!

Controlling water!!

Calling wind and rain, summoning thunder and controlling electricity!!

Lin Tianhao learned these skills that should have only existed in legends in an instant.

This... even gave Lin Tianhao the feeling that he actually knew these methods, but he just forgot them, and then suddenly remembered them today.

This feeling was very mysterious, and Lin Tianhao himself couldn't explain it clearly.

In addition to this.

Lin Tianhao could feel that the power in his body had been greatly improved.

Even.

Lin Tianhao had a feeling that he could now compete with the Black Demon.

"This..."

Zhang Linglong widened her eyes, her face full of disbelief.

“You...you...”

Lin Tianhao frowned and looked at Zhang Linglong.

He now felt that with his current strength, he should be able to rub Zhang Linglong on the ground.

“It seems that your feeling is not wrong, I should really have the bloodline of the Dragon race!”

Zhang Linglong’s expression was gloomy, “I have been guarding this stone ball for twenty years, and you say you want to cut it off.”

Lin Tianhao smiled helplessly and said:

“It’s not my fault.”

Zhang Linglong waved her hand and squinted her eyes and said:

“You have obtained the inheritance in the Dragon Ball. Since everyone is a member of the Dragon race, then we will become bigger and stronger and create glory again.”

Lin Tianhao raised his eyebrows slightly, “What do you want to do?”

Zhang Linglong grinned and said:

“Mo Yuan is a huge treasure. My ability is limited, and there are not many places I can explore.”

“But now that you have obtained the Dragon race, if you and I join forces, sweeping Mo Yuan is definitely not a difficult thing.”

Lin Tianhao rolled his eyes, but Zhang Linglong reminded Lin Tianhao and couldn't help but ask:

"Before, the old director of our 749th Bureau led a team in. Can you find them?"

Zhang Linglong nodded and shook her head again, saying:

"Someone did come here some time ago. Listening to their conversation, it is estimated that it was the old director of the 749th Bureau you mentioned."

"However, the old director of the 749th Bureau is a bit outrageous and has already gone to the middle three floors of Mo Yuan."

"The middle three floors of Mo Yuan?"

Lin Tianhao was slightly surprised, "Could it be that Mo Yuan has nine floors?"

"Not bad."

Zhang Linglong nodded, "Below Mo Yuan, there are nine floors in total. We are now on the third floor of the upper three floors, which is also the limit I can reach."

"If you go further down, it will be very dangerous. I needed to guard the Dragon Test Stone before, so naturally I couldn't leave here."

Lin Tianhao raised his eyebrows and scolded: "You don't even dare to go to the middle three floors, but you want me to go."

"By the way, there was someone here not long ago. Do you know where he is?"

Chapter 1167 - Memory conduction!

"Zuo Tianyang?" Zhang Linglong asked.

Lin Tianhao nodded.

Previously, Zuo Tianyang had entered the underground river alone. Lin Tianhao really wanted to know where he was now.

"He should still be on the upper three levels. I have to go find him."

Zhang Linglong said seriously:

"This Zuo Tianyang is also very special. He also has dragon blood, but his dragon blood is very special. It doesn't seem to belong to him."

At this point.

Zhang Linglong paused slightly before continuing:

"This Zuo Tianyang is not bad either. If you trust Zuo Tianyang, then we can pull him in."

"Anyway, we all have dragon blood. We are the Dragon Clan Trio, invincible, and will kill our way through Moyuan."

Lin Tianhao: "..."

I didn't realize that Zhang Linglong was so chuunibyou.

"I need to retrieve my Black Demon. Also, I need to find Bureau Chief Zuo."

"The Black Demon is a bit troublesome. It was taken away by that ambitious Daoist."

"But finding Zuo Tianyang is no problem."

Lin Tianhao frowned slightly, "How about we go and join up with the Ambitious Daoist and the others?"

"No way."

Zhang Linglong shook her head and rejected the idea without even thinking, "Did you think I was joking with you earlier?"

"I can tell you responsibly that there really is someone in your previous team who wants to kill you."

Lin Tianhao raised his eyebrows slightly and said:

"I'm not saying I don't believe you. I just want to use this opportunity to find this guy and then deal with him."

"Then."

"You're in the dark, I'm in the light, we cooperate from the inside out, how about it?"

Zhang Linglong frowned and said:

"You are taking a risk."

"I have obtained the Dragon Clan's inheritance, and my strength is no longer what it used to be."

"However."

"After I go back, I can still pretend to be a weakling, so they won't be too wary of me."

After listening to Lin Tianhao's words, Zhang Linglong still frowned and said:

"Although what you said sounds reasonable."

"But it's still too dangerous for you to do this. After all, the enemy is in the dark, and there are other guys in this Moyuan."

Lin Tianhao shook his head and said:

"It's not necessarily a loss for me to owe you a life."

Hearing this.

Zhang Linglong was silent.

Especially after seeing the five-clawed black dragon phantom appear behind Lin Tianhao during the process of him fusing with the Dragon Pearl, Zhang Linglong felt that Lin Tianhao was extraordinary.

Lin Tianhao's dragon blood must be extraordinary.

In addition to the attitude of the 749 Bureau towards Lin Tianhao, investing in Lin Tianhao is definitely not wrong.

"Okay, go back then."

Zhang Linglong said helplessly:

"However, after you go back, someone will definitely ask you why you can still go back. What are you going to say?"

Lin Tianhao smiled and said:

"This question naturally needs Zuo Tianyang to take the blame."

"You go find Zuo Tianyang first, and then I'll run into Zuo Tianyang as if I'm escaping, and then... take Zuo Tianyang to see the Ambitious Daoist and the others."

Zhang Linglong nodded and said:

"Come with me."

After saying that.

Zhang Linglong led Lin Tianhao forward, "It is rumored that this Moyuan is divided into nine levels, and each level has its own unique dangers."

"Next, I will pass the information of the upper three levels to you. As for the fourth level, I only know the way to get there, but I have never set foot in it."

At this point.

Zhang Linglong raised her hand and pointed it at Lin Tianhao's brow.

In the next instant.

A surge of memory flooded into Lin Tianhao's mind.

"So magical."

Lin Tianhao couldn't help but exclaim.

Even after the Twilight of the Gods merged with reality in his previous life, not many people knew this method.

"It's just a small trick, nothing impressive."

Zhang Linglong waved her hand very modestly, "With your current strength, you can actually do it too. This is actually a conduction technique when mental power is strong to a certain extent."

At this point.

Zhang Linglong touched Lin Tianhao's brow again.

In the next instant.

Lin Tianhao learned this conduction skill!!

This... doesn't seem as difficult as imagined.

When mental power is strong to a certain extent, you can extract a part of your memory.

Simply put, it's a memory fragment.

Then, organize the memory fragments that you need to transmit to others, and then use mental power to replicate them and transmit them into the other party's divine consciousness.

This...

is memory transmission!!

However.

This kind of memory transmission also needs to consider whether the recipient can withstand it.

After all, if you are not careful and forcibly inject mental power into the other party's brain, it may cause the other party's mental consciousness to collapse, causing irreversible damage.

After receiving the information transmitted by Zhang Linglong, Lin Tianhao also had some understanding of the upper three levels of Moyuan.

The first level of Moyuan is the six-armed water monkeys and some mechanisms.

After those six-armed water monkeys are killed, new six-armed water monkeys can reappear after a period of time.

This time is probably about twelve hours.

If you are lucky, you may even avoid the six-armed water monkeys, find the mechanism, and come to the second level.

And the monsters on the second level are the invisible ghost mothers!

The invisible ghost mothers cannot be seen with the naked eye, only sensed.

And the invisible ghost mothers have the ability to hallucinate, which will cause people to have hallucinations.

As for the third level, it is a zombie, a small zombie.

This little zombie is elusive and can replicate!

The people who are replicated look exactly the same, making them difficult to deal with.

No matter which level the monsters are on, they cannot visit other levels at will, unless they are people who followed into Moyuan, then they can go to other places.

"There are monsters with replication abilities only on the third level, why did we encounter them in Aolong Village?" Lin Tianhao asked.

Zhang Linglong led the way while saying:

"Because the first person to kill this kind of monster can perfectly obtain the corresponding monster's skills."

"Even because the person who obtains it is more powerful, the effect will be better with the same skills."

After hearing Zhang Linglong's words, Lin Tianhao's expression couldn't help but sink.

"So, is someone trying to stop us?"

Lin Tianhao had always thought that the guy who could replicate them was a big boss behind the scenes.

Belonging to a copy boss.

But now it seems that he was wrong.

This is not a copy boss at all, but a person.

Zhang Linglong nodded seriously and said:

"The water in this Moyuan is very deep, and there are many people eyeing this cake of Moyuan."

"Moreover."

"Recently, there are not only people from your 749 Bureau who have come to Moyuan, but also people from other forces."

"To be precise, they are people from other countries!!"

Chapter 1168 - Goodbye, Zuo Ju, murder!

Hearing this.

Lin Tianhao couldn't help but shrink his pupils.

There are people from other countries?

To be honest.

For example.

Killing him is fake, and the real purpose is to send people in and infiltrate these offline dungeons that Longguo is trying to conquer!!

However.

This is just Lin Tianhao's own speculation. Lin Tianhao himself is not sure if this is the case.

But one thing is certain.

Foreigners have entered Moyuan!!

"Since this is the case, then we have to speed up," Lin Tianhao said.

Zhang Linglong brought Lin Tianhao to the second floor.

As soon as he came up.

Zhang Linglong said:

"He is in the stone cave on the second floor. You can go over now."

Lin Tianhao was slightly surprised. His mental power had also been greatly improved after merging with the Dragon Ball.

But compared with Zhang Linglong, his ability seemed a little insignificant.

Zhang Linglong had transmitted memories to Lin Tianhao before. Therefore, Lin Tianhao knew exactly where the stone cave on the second floor was.

After Lin Tianhao left, a figure suddenly appeared beside Zhang Linglong.

He looked a little old and said softly:

"Do you think he can take you to the lower three floors?"

Zhang Linglong glanced at the person and said:

"You are already this old. Are you not afraid of being caught and dismembered by the people from the 749th Bureau for teasing them up there?"

Hearing this.

The short, thin old man smiled slightly and said:

"Different positions naturally lead to different decisions."

"Stupid!"

Zhang Linglong scolded:

"You only see the gains and losses in front of you, but you never thought that the future situation is no longer at the national level."

"It's planets, even star fields."

The short, thin old man shook his head and said:

"What? Are these idiots in Longguo all holding on to the idea of protecting the world as their own responsibility?"

"They are just a bunch of good-for-nothings who only know how to shout slogans. Otherwise, how could even a department like the 749th Bureau be so easily infiltrated?"

Zhang Linglong snorted coldly, "We have known each other for a long time. I advise you not to have any ideas about Xue Di."

The short, thin old man smiled and said:

"Then I may have to say sorry. The order from above is that Xue Di is not allowed to leave Moyuan alive."

"After all, this may be the only opportunity for Xue Di to leave Longguo's protection and run to this remote mountain forest on his own initiative."

"If we miss this opportunity, it may be more difficult for us to deal with Xue Di than ascending to heaven."

Zhang Linglong said angrily:

"It's useless. I have a resurrection coin. If you can kill him, I can save him."

"Unless... you are confident that you can beat me."

The short, thin old man shook his head and said:

"I heard the movement at the Dragon Test Stone before. It seems that Xue Di also has dragon blood, that's why you are trying so hard to protect him."

Zhang Linglong raised his eyebrows and said:

"Since you know, you should understand what you should do."

"There are many dragons in Moyuan. If you fight against our dragons here, you may not be able to escape unscathed."

Hearing this.

The short, thin old man smiled contemptuously.

"Zhang Linglong, when did you start playing the trick of pretending to be powerful? There were indeed many dragons in Moyuan before, but how many are left now?"

"They may all be buried in the lower three floors of Moyuan."

Zhang Linglong said with a stern face:

"Anyway, as long as I'm here, don't even think about touching Xue Di."

The short, thin old man said disdainfully:

"You overestimate yourself too much. Xue Di... cannot leave Moyuan alive."

.....

Second floor.

Stone cave.

Zuo Tianyang was sitting cross-legged in the stone cave, with tiny beads of sweat on his forehead.

He had just experienced an attack from the Invisible Ghost Mother.

Although he was not injured, the mental shock caused by the hallucination was still too strong.

He was not in a good state at all.

Just at this moment.

Zuo Tianyang suddenly raised his head and scolded:

"Who?"

"Me."

Lin Tianhao walked out with a smile.

Seeing Lin Tianhao appear, Zuo Tianyang did not take it lightly. He drew out the long sword from his waist with a whoosh.

"Don't come over!!"

Lin Tianhao smiled helplessly:

"Director Zuo, don't be so nervous. I'm not a hallucination, nor a copy."

Zuo Tianyang looked serious and still did not put down the sword in his hand.

Lin Tianhao raised his eyebrows, took out a small knife, and prepared to cut his finger.

But...

Before he could cut it, Lin Tianhao stopped.

Because after his body was controlled and transformed, it had become extremely tough.

This small knife might not be able to cut his finger.

Putting away the small knife, Lin Tianhao chose to bite his finger open.

"Look, there is blood." Lin Tianhao smiled.

Zuo Tianyang asked with a stern face:

"Where is your Black Demon?"

"That's a long story. I was kidnapped. That person said that someone in our team wanted to kill me. Kidnapping me was to protect me."

"I believe you."

Zuo Tianyang said.

Lin Tianhao was slightly stunned and said:

"You believe me a little too easily, don't you think?"

Hearing this.

Zuo Tianyang said with a smile:

"I already believed you when you bled. Plus, what you said is very outrageous, so I believe you even more."

"If it were a hallucination, it should say something that would make me believe it easily."

Lin Tianhao smiled helplessly. He actually wanted to come clean with Zuo Tianyang when he came, but he didn't expect Zuo Tianyang to believe him so easily.

"You said someone in the team wanted to kill you. Do you know who it is?" Zuo Tianyang asked.

Lin Tianhao shook his head and said:

"I don't know. I came to you to pull you into the team. Let's look for it together."

Zuo Tianyang thought for a moment and said:

"If the person who revealed this information to you is telling the truth, then we can first rule out Fist Emperor and Daoist Ambition. There is no doubt about the loyalty of these two people."

Lin Tianhao was slightly stunned and said with a wry smile:

"Director Zuo, you make me panic when you say that."

"In TV dramas, the first ones to be ruled out are usually the real answers."

Zuo Tianyang was slightly stunned, and then he laughed out loud.

"Hahaha, you're right about that."

"In this environment, no one is absolutely without problems, including me."

"Especially after this assassination attempt on you, we have all thought deeply about it."

Lin Tianhao waved his hand and smiled:

"How should I put it? Among these people, the one I trust the most is Daoist Ambition, followed by you."

"I don't know about the other people."

"Groundhog saved me at a critical moment, so he doesn't seem to have any problems. Alas, it's still difficult to tell."

Zuo Tianyang exhaled a mouthful of turbid air and said:

"Since that's the case, then let's go back."

Lin Tianhao slowly got up and walked out of the stone cave with Zuo Tianyang.

But just at this moment.

Lin Tianhao suddenly turned his head and clasped his hands together, just in time to clamp the long sword that Zuo Tianyang had suddenly stabbed.

"I was wondering why you would believe me so easily."

Chapter 1169 - Goodbye Captain Li, dissuade!

"How is that possible?!"

[Zuo Tianyang]'s eyes widened, filled with shock.

"You concealed your strength!!"

Lin Tianhao didn't explain, raising his other hand and directly striking [Zuo Tianyang]'s abdomen with a palm from afar.

[Zuo Tianyang]'s body flew out, but Lin Tianhao pressed his advantage, striking [Zuo Tianyang]'s forehead with another palm while he was still in the air.

"Bang——"

With a muffled sound, the [Zuo Tianyang] before them gradually turned into dust, leaving only a soul avatar bone.

Lin Tianhao looked around and said in a deep voice:

"Director Zuo, come out."

As Lin Tianhao's voice fell, a figure descended from above the stone cave.

He looked at Lin Tianhao with suspicion and asked:

"Are you really the Snow Emperor?"

Lin Tianhao nodded with a smile, "Genuine article."

"Then you..."

Obviously.

Zuo Tianyang looked at Lin Tianhao meaningfully, and copied Lin Tianhao's earlier action, biting his finger.

"You just said that someone in our 749 Bureau wants to kill you?" Zuo Tianyang asked.

Lin Tianhao nodded slightly, "I also heard it from others, to be precise, the Zhang family here."

"The Dragon-Raising Family, the Zhang family?" Zuo Tianyang raised an eyebrow.

Lin Tianhao nodded, "Does Director Zuo know about this Zhang family?"

"I know a little."

Zuo Tianyang nodded, "After all, the Dragon race is closely related to our Dragon Country, and the Dragon-Raising Family Zhang is the representative family among the Dragon Country's Dragon-Raising Families."

"It's just that twenty years ago, the Zhang family's people began to disappear one after another. Now that I hear you say this, they should have come to this Mo Yuan to raise dragons."

Lin Tianhao hesitated, but in the end, he didn't reveal the true purpose of the Zhang family's arrival here.

"Director Zuo, I came to you because I want you to take me back so we can find the person in the 749 Bureau who wants to kill me together."

Zuo Tianyang pondered slightly and said:

"Alright, I originally wanted to explore the way myself. Now that you've all come, we might as well go together."

"Okay."

After reaching an agreement with Zuo Tianyang, the two headed towards the next level.

However.

Before the two could reach the next level, they ran into Taoist Yexin and the others.

They also noticed Lin Tianhao and Zuo Tianyang.

Everyone looked at each other, but no one spoke.

"Release the Black Demon, whether I am the Snow Emperor or not, the Black Demon can prove it," Lin Tianhao said.

Taoist Yexin frowned slightly, waved his hand, and the Black Demon appeared beside him.

Lin Tianhao chuckled and with a thought, the Black Demon appeared beside him.

"This..."

A smile finally appeared on Taoist Yexin's face.

Lin Tianhao used it, and his heart was in his throat.

If something happened to Lin Tianhao, then he would truly be a sinner of Dragon Country.

"Director Zuo, why are you back too?"

Perhaps because of everything that happened in Ao Long Village before, Taoist Yexin didn't trust anyone as much anymore.

Director Zuo squeezed a drop of blood from the finger he had bitten earlier.

"Mm."

Taoist Yexin then nodded.

Lin Tianhao looked around, Fist Emperor, Wine-Meat Monk, Mole and others had all come.

It was just that the twin-tailed girl from the beginning, Lin Tianhao hadn't found her yet.

"Snow Emperor, where did you go?" the Blind Swordsman asked.

Lin Tianhao grinned and said:

"After everyone was hallucinated, I was captured by a monster."

"Later, I was rescued by the Zhang family on the way."

"The Zhang family?"

Taoist Yexin raised his eyebrows slightly, "I see."

"The situation in this Mo Yuan is getting more and more complicated."

Lin Tianhao smiled and said:

"The Zhang family told me some news about this Mo Yuan, and I also learned some news about the old director from her."

"Oh?"

Hearing Lin Tianhao say that he had news about the old director, the people present were a little excited.

The purpose of their trip was the old director!

If they could find the old director, then exploring Mo Yuan wouldn't be that important.

Of course.

That was just wishful thinking.

Not to mention anything else in this Mo Yuan, just the revival coin alone was worth their time and effort to explore.

"This Mo Yuan is divided into nine levels, divided into the upper three levels, the middle three levels, and the lower three levels."

"Only after every three levels can you leave Mo Yuan."

"And the old director and the others have already gone to the middle three levels."

... ..

Including the situation of the upper three levels in Mo Yuan.

"That Zhang family member, not related to you by blood or anything, why would she tell you so much? What if this is a trap?" Fist Emperor said.

Lin Tianhao spread his hands and smiled bitterly:

"To be honest, I'm not sure whether to believe this Zhang family member's words, but she saved my life, and I think it's still somewhat credible."

Having said that.

Lin Tianhao looked at Mole and frowned:

"Before, in the illusion, Mole suddenly attacked me, indicating that at that time, the Mole beside us was already a replica."

Mole smiled awkwardly and said:

"Snow Emperor, I don't know either. After being hallucinated, the scene I saw was different from yours."

"I was also awakened by Senior Yexin. When he awakened me, I was in Ao Long Village."

Taoist Yexin nodded slightly and said:

"It has been verified that Mole has no problems."

Lin Tianhao nodded slightly. Among the people in front of him, Taoist Yexin was the person he trusted the most.

As for the others.

Lin Tianhao's trust level was actually not very high.

Even...

Including Zuo Tianyang.

"I know the strategy for the upper three levels of Mo Yuan and can take you down directly," Lin Tianhao said.

Lin Tianhao also wanted to explore Mo Yuan, there must be some great secret hidden in this Mo Yuan.

Not to mention the real world.

Even looking at the entire Twilight of the Gods, there were very few places that could reward revival coins.

And the upper three levels have been explored almost completely, and it is still relatively difficult to continue to gain anything here.

Therefore.

Lin Tianhao planned to directly explore the middle three levels.

Under Lin Tianhao's leadership, the group quickly arrived at the third level of the upper three levels.

Lin Tianhao had gone up from this third level before, so he was relatively familiar with the situation here.

"The entrance to the middle three levels is ahead."

Lin Tianhao strode towards the front.

Everything went smoothly.

Only.

When they arrived at the entrance to the middle three levels, a person appeared in front of them.

This person looked like Captain Li.

The reason for saying that he looked like Captain Li was because the way this person looked at them was completely different from Captain Li.

"Stop here."

[Captain Li] said indifferently, "I advised the old director when he went to the middle three levels before, and he is now out of contact."

"Now, I also want to advise you."

Chapter 1170 - Showdown, run away!

Ambition Taoist frowned and said:

"Who exactly are you? If you are sincere, you should show yourself to us in your true form."

"This is my true form."

[Captain Li]'s tone was still indifferent.

He directly bit his finger, and a drop of bright red blood flowed from his fingertip.

"However, I am not the Captain Li you are familiar with. I am his clansman, my surname is Ye!"

"Ye?"

In fact, when the person in front of him said that he was not Captain Li, Lin Tianhao's first reaction was that they were twin brothers.

But now he also says he is not.

"Surname Ye? Could you be the missing Ye kid from Aolong Village?"

Ye Yanglong smiled and said:

"Yes, I am Ye Yanglong, a native of Aolong Village, just like your Captain Li, Li Zhenlong."

Fist Emperor frowned and said:

"Captain Li is not from Aolong Village."

"He is."

Ye Yanglong's answer was very affirmative.

"Many things cannot be explained in a few words."

"But, I can definitely tell you that you cannot set foot in the middle three levels of Moyuan."

"Leave now, and everything is still in time."

Ambition Taoist was silent for a while.

After a short while.

He then turned his gaze to Lin Tianhao.

"Snow Emperor, rescuing Old Bureau Chief is not a mandatory task for you. I will have Fist Emperor send you away."

Obviously.

Ambition Taoist did not see that Lin Tianhao's body had been transformed by the Dragon Clan.

The first thing he thought of was how to let Lin Tianhao retreat completely.

Lin Tianhao narrowed his eyes slightly and said with a smile:

"Now that we are here, I am a little unwilling to leave."

"This Moyuan looks like a place with great opportunities, and I don't want to miss it."

Hearing this.

Ambition Taoist smiled helplessly and said:

"Snow Emperor, you can put in some effort in the Twilight of the Gods, and the rewards will be greater than here."

Lin Tianhao looked at Ambition Taoist meaningfully. He could actually understand Ambition's thoughts.

Now, he only needs to lie low.

"In the beginning, we knew too little information about this place. We needed Black Demon to explore the way, but now, we don't need it anymore."

Ambition Taoist said very seriously:

"You are too important to the Dragon Kingdom. There is no need to take risks."

Lin Tianhao hesitated to speak, and finally said:

"Moreover, you should have discovered not only resurrection coins here, but also other things that are very important to you, otherwise you would not have risked coming here."

Ambition Taoist took a deep breath and smiled bitterly: "We didn't say anything, but you still discovered it."

"Are you not angry that we have concealed something from you?"

Lin Tianhao waved his hand and said:

"It is normal for you to conceal something from me. No matter how strong I am, I am still a newcomer. It is reasonable that you do not have a high degree of trust in me."

Having said that.

Lin Tianhao paused slightly before saying:

"Aolong Village has existed for so long. With your abilities, it is impossible that you have not discovered it."

"Also, Li Zhenlong and this Ye Yanglong in front of you, it is not convincing to say that they have nothing to do with you."

Lin Tianhao's voice was not loud, but it made Ye Yanglong's face show a strange smile.

"You asked me to come, this should be your intention, Bureau Chief Zuo."

Zuo Tianyang was slightly startled and said:

"What makes you say that?"

"I contacted the Zhang family member. That Zhang family member has some tricks, but she is not as strong as Ambition Taoist, and it is impossible for her to hallucinate so many of us at the same time."

"So, Ambition Taoist was cooperating in the performance from the beginning."

Ambition Taoist smiled helplessly and said:

"Snow Emperor, your thinking is too sensitive."

"Now that we have reached this point, you should know our purpose and our worries."

"Then you should know that leaving now is the best time."

Lin Tianhao nodded lightly.

This time he came to get power from the Dragon Stone under absolute secrecy!

This is the purpose of his trip!

In fact, when Zhang Linglong said that she sensed the blood of the Dragon Clan on Lin Tianhao, Lin Tianhao thought of Zuo Tianyang.

Zuo Tianyang has a dragon in his left eye, a real dragon!!

He probably also discovered that he has the blood of the Dragon Clan.

In addition.

The Chief personally asked him to come to Qinling, this request was unreasonable from the beginning.

Therefore.

When Lin Tianhao came to Qinling, he was guessing what the Chief's purpose was.

Until he obtained the blood of the Dragon Clan in the Dragon Stone, and then associating it with Zuo Tianyang, it seemed that everything could be explained.

However.

He was able to directly obtain the Dragon Ball, which should have been beyond Zuo Tianyang's expectations.

As for why he went to so much trouble.

The first thing Lin Tianhao thought of was the mole!

The fact that he obtained the Dragon Clan inheritance must not be known to others.

But.

After Lin Tianhao obtained the Dragon Clan inheritance, his expectations for this Moyuan became even greater.

In addition.

They probably also wanted to use this opportunity to fish.

To catch the mole hidden in the 749 Bureau.

"I don't want to leave." Lin Tianhao said solemnly.

"I have experienced more copies than you. This Moyuan is different from the copies I have encountered in the past."

"This Moyuan must hide a great secret."

"But..."

Ambition Taoist still wanted to dissuade Lin Tianhao.

"Your safety is the most important thing."

Lin Tianhao smiled and said:

"There are so many experts from other countries, they are not fools either."

"If I guess correctly, Qinling should be very lively now."

"If I rashly show my head now, I will probably be attacked by the crowd."

Lin Tianhao's eyes were sharp and he said very seriously:

"Moyuan is very attractive, and I am also very attractive."

Ye Yanglong, who was not far away, couldn't help but laugh.

"Hahaha, Ambition, Snow Emperor has said it so clearly, then let's all go together."

Ambition Taoist hesitated to speak, and finally nodded and said:

"We can go together, but should we first find out the mole?"

Hearing this.

The expressions of the people present were slightly condensed.

Especially Drill Rat, Blind Sword Old Man, and Wine Meat Monk.

Although they are all members of the 749 Bureau, they are more like Lin Tianhao, belonging to the 749 Bureau that came halfway.

If the 749 Bureau wants to suspect, they are probably the first batch of suspects.

"Our 749 Bureau has a mole mixed in. We have also investigated this mole for a long time, but we have not reached a conclusion."

"This time, it can also be regarded as using the means of the Zhang family to find out the truth."

While speaking.

Ambition Taoist looked towards Drill Rat, Wine Meat Monk, and Blind Sword Old Man.

"Whoosh—"

Before Ambition Taoist could say anything, Drill Rat instantly burrowed into the ground and ran away.
