

## O game 1191

Chapter 1191 - The woman in black died!

Five minutes, it's neither long nor short. If you're scrolling through short videos, it probably passes in the blink of an eye.

But if you're being burned, friends who have been burned before should know that five minutes of being burned feels no different from five hours.

Finally.

These long five minutes came to an end.

Daoist Yexin tore off another strand of hair from the woman in black.

He also took out a straw doll.

"No, I'll confess, I'll confess everything, please don't burn it, I beg you not to burn it."

Daoist Yexin turned a deaf ear once again, as if he hadn't heard anything, and skillfully lit the straw doll again.

"Ahhh—"

Only after the woman in black's hoarse and piercing screams rang out did Daoist Yexin seem to belatedly react.

"What did she just say? She confessed?"

"Did I hear wrong? Isn't it said that even if a ninja dies, they won't betray their country?"

"I must have misheard. That's the bad thing about being old, I'm hard of hearing."

The woman in black endured immense pain, but still tried her best to say:

"You didn't hear wrong, I confess, I really confess. I don't ask you to spare my life, I only ask that you give me a quick death."

Daoist Yexin's words were like the whispers of a demon, making the woman in black shudder.

"What are you all doing? Kill me, kill me!!"

The woman in black roared frantically. She really wanted to die now, she had never had such a strong desire to die.

But sometimes, death is truly a luxury.

She could only place her hopes on her companions.

Hoping that her companions could kill her and free her.

"Are you looking for them?"

Lin Tianhao grinned, and then Hei Mo dragged out a rope.

Five guys with twisted limbs and dislocated jaws were tied to these ropes.

These ninjas' ninjutsu was indeed superb, but they all had electronic devices on them.

If Lin Tianhao's Mechanical Overlord could only control a radius of five hundred meters at the beginning, it would still be difficult to find all these people.

But today is different.

With each empowerment, the range of Lin Tianhao's Mechanical Overlord has expanded to more than ten thousand meters.

Within this range, Lin Tianhao can sense any mechanical object.

After all.

Most of the mechanical objects on Blue Star are currently "unowned."

Therefore.

As long as these ninjas have mechanical objects on them, they will have nowhere to hide in front of Lin Tianhao.

No matter how they run, Lin Tianhao will find them.

Unless they leave the range of Lin Tianhao's Mechanical Overlord.

However.

With Hei Mo's supersonic pursuit, it was too difficult for these people to leave the range of Lin Tianhao's Mechanical Overlord.

But even so, Lin Tianhao still found it incredible.

When the woman in black saw that her companions had been captured by Lin Tianhao, her pupils couldn't help but dilate.

"How is this possible..."

Lin Tianhao grinned, "Nothing is impossible."

Not to mention that the woman in black was a little surprised.

Even Zuo Tianyang and Daoist Yexin were a little surprised.

Wang Chongfeng couldn't help but say:

"Xue Di, your puppet is a bit too strong."

Lin Tianhao smiled noncommittally and said:

"I have a little strength, not as strong as you think."

Hearing this.

Zuo Tianyang couldn't help but roll his eyes.

Hei Mo isn't strong?

In the entire Blue Star, there are only seven reverse nuclear-bound powerhouses, and Hei Mo is one of them.

Anyone who says Hei Mo isn't strong is disrespecting reverse nuclear binding.

"Alright, now I'll ask and you answer. If there's half a word of nonsense, I'll continue to burn."

"I'll talk, I'll talk, just ask."

Daoist Yexin asked without hesitation:

"Where is the headquarters of your Ninja Alliance? Give me the list of ninjas you know."

The woman in black was stunned.

She originally thought that Daoist Yexin would ask her something about Mo Yuan.

But what's going on?

He asked, but the first thing he asked was about the Ninja Alliance, what's going on?

"I..."

Daoist Yexin took out a straw doll and said very calmly:

"If you find it difficult, you don't have to say it."

Seeing the straw doll in Daoist Yexin's hand, the woman in black trembled in horror.

She wanted to retreat, but her acupoints were sealed, and trembling was already the limit she could bear.

"No... don't."

"I really can't say, I can tell you about Mo Yuan, anything I know, I can tell you."

Daoist Yexin didn't respond, but directly tore off a strand of hair from the woman in black.

"No... don't!!"

"Please, really don't, I can't take it, I really can't take it!!"

"Ahhh—"

The moment Daoist Yexin lit the straw doll again, the woman in black's hoarse and sharp screams echoed in Aolong Village.

Zuo Tianyang took a deep breath, stepped forward to Daoist Yexin's side, and said:

"Senior Yexin, that's enough, right? We still have to move forward."

Daoist Yexin glanced indifferently at the woman in black, his pupils turning grayish-white at this moment.

After the woman in black saw Daoist Yexin's grayish-white eyes, her expression became dull.

"How long have you been in Mo Yuan?"

"Twenty-four days."

"Are you cooperating with Ye Yanglong?"

"Yes."

"Where is the old director of our 749 Bureau now?"

"In front, I don't know which level specifically, but most likely still in the middle three levels."

...

Under Daoist Yexin's grayish-white eyes, the woman in black answered Daoist Yexin's questions in a daze.

Wang Chongfeng was stunned.

Obviously.

He could also see that, with Daoist Yexin's strength, he could have used such methods from the beginning to make the woman in black confess everything one by one.

"Tell me everything you know about Mo Yuan."

A slight struggle appeared between the woman in black's eyebrows.

But it was only a moment of struggle, and she returned to her original dull appearance.

"Mo Yuan is a legacy of the God-Making Era of the past in this world, most likely an Eastern copy, with a real dragon inside."

"Ye Yanglong said that Mo Yuan is actually Burial Dragon Abyss."

"Many dragon clan powerhouses have fallen in Burial Dragon Abyss."

"There are even powerhouses from the Second God-Making Era who stayed in this world, true or false is unknown."

...

The woman in black told all the information she knew one by one.

"Where is the headquarters of your Ninja Alliance?" Daoist Yexin asked.

However.

When the woman in black heard Daoist Yexin's question, she became extremely frightened, and a line of blood flowed from the corner of her mouth.

In the next instant, the woman in black died on the spot!!

Chapter 1192 - Being caught like a fish!

"There are still five here?" Lin Tianhao said.

He could also see some things; the Taoist Priest Ambition had a high level of hatred for these guys.

Even.

It wouldn't be hard to imagine what Taoist Priest Ambition would do if he knew where the Ninja Alliance was.

"Forget it, I've asked more than a dozen, and they die as soon as I ask! Die as soon as I ask!"

As he finished speaking.

Taoist Priest Ambition began to chant a spell.

In the next instant.

The spell hit the five ninjas that Lin Tianhao had captured.

The five ninjas immediately let out shrill screams.

Amidst screams and despair, the five slowly died.

Lin Tianhao looked around and directly transmitted his voice:

“Actually, I know where the Ninja Alliance is.”

Hearing this.

Taoist Priest Ambition widened his eyes, his face full of disbelief.

They had investigated Lin Tianhao's information, but to be honest.

The information they learned about Lin Tianhao was too different from what Lin Tianhao was actually showing.

Especially the last time they went to pick up Lin Tianhao, Lin Tianhao predicted who would attack him, and even turned the person who was going to attack him into his subordinate.

Such actions were too strange!!

If Taoist Priest Ambition knew that Gu Limo had come to Dragon Country because of Lin Tianhao, and was even helping Lin Tianhao with things, he would probably be even more surprised.

After all.

The few people who are still outside presiding over the overall situation have already been shocked.

Of course.

When Lin Tianhao said that he knew where the Ninja Alliance was, Taoist Priest Ambition was already shocked.

“Where is it?”

Taoist Priest Ambition suppressed the shock in his heart and asked through voice transmission.

“Let's talk about it when we get back.”

Lin Tianhao was really afraid that Taoist Priest Ambition would do something out of line in his current state.

“Don't worry.”

“I will tell you, no matter what you want to do!”

Based on Taoist Priest Ambition's performance just now, Lin Tianhao had no doubt that Taoist Priest Ambition would not hesitate to kill them after knowing the location.

Taoist Priest Ambition saw Lin Tianhao's worry, he smiled and nodded, transmitting his voice:

“Your worries are a bit unnecessary, haven't you heard that old people become cunning?”

Lin Tianhao smiled awkwardly and said:

“Let's go, there are so many monsters and snakes in Moyuan now, let's find the old director first.”

“Yeah.”

Zuo Tianyang nodded and continued to lead the group forward.

When passing through Aolong Village, Lin Tianhao suddenly stopped.

Because in the small courtyard at the entrance of Aolong Village, he saw something hanging under the eaves that looked familiar to him.

“Whoosh—”

Black Demon turned into a streak of afterimage and rushed straight in.

But the moment Black Demon entered the small courtyard, he disappeared from the sight of Lin Tianhao and the others.

Lin Tianhao's pupils suddenly shrank, it seemed like he was being fished!!

The thing hanging under the eaves just now was none other than the famous Resurrection Coin in Moyuan.

“We're being fished.”

At the same time that Lin Tianhao answered Wang Chongfeng, a large number of army ants had already poured into the small courtyard where Black Demon had disappeared.

Without any surprise.

After entering the small courtyard, the army ants also disappeared at a speed visible to the naked eye.

“Did you see the thing hanging under the eaves? That's a Resurrection Coin, I just wanted Black Demon to get the Resurrection Coin.”

At the same time.

Lin Tianhao discovered that he still had control over Black Demon.

“I'll scout the way, you guys follow behind.”

Wang Chongfeng took the initiative to scout the way.

He had a great need for the Resurrection Coin, this small courtyard was too strange, things that went in disappeared.

“I've spread out the army ants, you go in.” Zuo Tianyang said.

Wang Chongfeng didn't hesitate at all and rushed straight in.

After Wang Chongfeng entered, Taoist Priest Ambition followed closely behind, while Zuo Tianyang and Lin Tianhao entered the small courtyard at the same time.

After entering the small courtyard, the surrounding scene underwent earth-shaking changes.

They were now...

It seemed like they had returned to the underground river.

It was dark all around, under their feet was a dilapidated ship, overhead was a rock wall, and under the ship was river water.

Lin Tianhao looked around.

He found that other than Zuo Tianyang who had entered with him, everyone else was gone.

Zuo Tianyang also realized this problem, he said in a deep voice, "This may be an illusion."

"An illusion?"

Lin Tianhao didn't think so, it wouldn't be strange for a dungeon like Moyuan to have a sub-dungeon within it.

"Look ahead."

At this moment.

A black shadow appeared in front of Lin Tianhao and Zuo Tianyang.

This black shadow was hanging upside down on the rock wall, a pair of scarlet eyes staring intently at Lin Tianhao and Zuo Tianyang.

"Be careful behind you!!"

Lin Tianhao turned around instantly, and the harpoon in his hand stabbed out fiercely.

“Puchi.”

The harpoon pierced through a piranha with a mouth full of sharp teeth, and bright red blood flowed from the piranha's wound.

And the monster hanging upside down on the rock wall also pounced on Lin Tianhao.

As it got closer.

Lin Tianhao could see clearly that this was a monkey with a pair of bat wings on its back.

It also had a long spear in its hand, and a cold light flashed on the spear, stabbing towards Lin Tianhao.

Lin Tianhao threw the harpoon out of his hand, flying towards the bat monkey.

At the same time.

Lin Tianhao opened his mouth wide and spat out a mouthful of dragon flame.

The bat monkey only had time to block Lin Tianhao's harpoon before being swallowed by Lin Tianhao's dragon flame.

The terrifying power contained in the dragon flame instantly obliterated it.

In an instant.

That feeling of enlightenment came again.

When the Moyuan dungeon ends, Lin Tianhao's combat power is estimated to be greatly improved.

However.

Judging from the current situation, there are many people entering Moyuan.

These people are likely to gain something in Moyuan.

After solving the bat monkey, more and more piranhas in the water pounced on Lin Tianhao.

“Get out—”

Lin Tianhao's dragon might spread out, and the originally ferocious and bloodthirsty piranhas were like mice seeing a cat, and began to flee frantically.

This dragon clan inheritance is quite useful.

Otherwise.

Even if Lin Tianhao was good, it would not be easy to solve these piranhas.

“Is someone talking?”

Zuo Tianyang's expression was solemn, this kind of thing should not be asked from his mouth.

With his hearing, if someone was talking, someone was talking, and if no one was talking, no one was talking.

It was very strange that he couldn't even be sure.

“Something is talking, but it's not a person.”

Lin Tianhao looked towards the cabin of the ship.

In the cabin, a pale-faced little boy was lying on the window, a pair of ink-black eyes looking at Lin Tianhao, his mouth opening and closing, not knowing what he was saying.

But Lin Tianhao knew that this faint voice came from this little boy.

Chapter 1193 - The giantess of corpses!

Zuo Tianyang's expression slightly froze, his face flickering with a cold light.

A large number of army ants surged towards the little boy.

Lin Tianhao couldn't help but find it strange where Zuo Tianyang got so many army ants from.

Because no matter what scene he switched to, Zuo Tianyang could summon army ants, which was somewhat beyond Lin Tianhao's expectations.

After all, Lin Tianhao also controlled a leech army, but he couldn't summon them in this instance like Zuo Tianyang could.

After these army ants approached the little boy, they seemed to suffocate and began to struggle desperately.

But it was all in vain.

After a while.

These army ants began to die in large numbers.

Zuo Tianyang snorted coldly and released a talisman from his hand.

The talisman flew in front of the little boy and exploded, lightning sweeping towards the little boy.

The smile on the little boy's face became more and more strange. His figure blurred and disappeared.

However.

When the little boy reappeared, he was behind Zuo Tianyang, and he directly rode on Zuo Tianyang's shoulders.

"Be careful!"

Lin Tianhao arrived in front of Zuo Tianyang in an instant, and punched the little boy with a tyrannical fist.

A look of fear flashed in the little boy's eyes, and his figure retreated like a ghost.

Lin Tianhao didn't chase after him, but opened his mouth and spat out a mouthful of dragon flames.

The dragon flames swept across the world, and instantly enveloped the little boy.

But Lin Tianhao could feel that the little boy had already run away.

"Looking for death!!"

Zuo Tianyang shouted angrily and chased out from Lin Tianhao's side.

At this time, with his left eye as the center, streaks of blood-colored lines spread out from Zuo Tianyang.

Lin Tianhao also chased out. This little boy was obviously stronger than some of the monsters he had encountered before.

Most importantly.

There are resurrection coins here. If he could clear this place, he would most likely get a resurrection coin.

Zuo Tianyang and Lin Tianhao joined forces and instantly forced the little boy into a desperate situation.

"He's still a child, he's still a child! How can you adults bully a child like this!!"

An extremely cold voice suddenly came.

The moment the sound came, the surrounding temperature dropped sharply.

Lin Tianhao and Zuo Tianyang subconsciously looked up, because a behemoth was slowly rising from the water.

This behemoth was a fat, bloated woman.

To be precise.

She is a female giant!!

Because her upper body above the water was already over ten meters.

The overall height should be no less than sixteen meters.

"Two ants, who allowed you to bully my son."

The bloated female giant opened her mouth, and a fishy stench came over her face.

Her mouth was full of sharp teeth, and meat scraps hung on the sharp teeth. Just one glance was disgusting.

However.

The bloated female giant didn't intend to talk nonsense with Lin Tianhao and Zuo Tianyang. She raised her palm, which was even larger than a millstone, and slapped it down towards Lin Tianhao.

Lin Tianhao's expression changed slightly. He didn't even want to open his mouth, but slapped out with both hands at the same time, and flames surged towards the other party's body.

"Sizzle, sizzle, sizzle—"

The high temperature of the dragon flame was not comparable to ordinary flames.

"Ant, you hurt me, I'm going to slap you into meat paste, rub you into meatballs and boil them into soup!!"

When the words fell.

The female giant actually withstood the injury again and slapped down towards Lin Tianhao.

Lin Tianhao's face sank. This female giant likes to be roasted by flames, so what else can Lin Tianhao say? Of course, fulfill her!!

Flames poured out from above his palms.

"Ah, ah, ah——"

The flames roasted her palms.

But this time, the female giant didn't retract her palm, but slapped down with Lin Tianhao's dragon flame.

She... has gone crazy.

A powerful force swept in, trying to slap Lin Tianhao into meat paste.

But Lin Tianhao was not a vegetarian either. His figure turned into a shadow. The moment he avoided the attack, he took out a rocket launcher from his storage ring.

Under the control of the mechanical dominator, the rocket launcher fired a shot at the female giant almost the moment it appeared.

"Whoosh——"

"Boom——"

The sound of the rocket launcher firing and the sound of the explosion sounded one after another.

The powerful explosive power of the rocket launcher shook the female giant back again and again.

"Ah, ah, ah!!!"

"Damn it, damn it!!"

A blood hole was blown out of the female giant's chest, but what flowed out of the blood hole was not blood.

It was rotten flesh and black blood.

A stench came from the blood hole on the female giant's chest, causing Lin Tianhao to frown slightly.

Even in his previous life, this kind of disgusting monster was rare.

The main thing is the smell!!

There are also monsters like corpses, and there is also a stench, but there is almost nothing that can compare to the female giant in front of him.

"Come on, with such a large size, if you don't be a target, who will."

A silver-white Gatling gun appeared in Zuo Tianyang's hand.

The Gatling gun spewed out fire snakes, and the bullets flew towards the female giant as if they were strung together.

"Da da da——"

The bullets poured down frantically, and each bullet would cause considerable damage to the female giant.

The little boy in the dark didn't sit idly by either.

He immediately rushed towards Zuo Tianyang.

He was still very afraid of Lin Tianhao's dragon flames.

"Hmph, I've been waiting for you."

Facing the little boy who suddenly attacked from behind, Zuo Tianyang not only didn't panic at all, but even seemed to have expected it. He turned around and grabbed the little boy.

The little boy wanted to avoid it, but Zuo Tianyang's palm turned into a shadow in this instant, and instantly grabbed the little boy who was already retreating.

The little boy's expression changed slightly.

"Mom——"

A sharp cry came from the little boy's mouth.

Because the blood lines on Zuo Tianyang's palm began to climb up the little boy's arm at a speed visible to the naked eye.

The female giant saw her son being attacked and roared hideously.

"Damn it, all of you deserve to die!!"

Her body trembled, and pieces of rotten flesh began to fall from her bloated body.

After these rotten flesh landed, they turned into zombies.

These zombies rushed towards Lin Tianhao with ferocious faces.

The female giant wanted to use the zombies to hold back Lin Tianhao, and then go to support her son herself.

Her huge palm slapped towards Zuo Tianyang.

Lin Tianhao snorted coldly, sprinted, stepped on the head of a zombie, and used his strength to fly into the sky, and then shot out dragon flames from both palms.

This time.

Lin Tianhao jumped so high, the dragon flame flew towards the female giant's head.

If the female giant dared to continue attacking Zuo Tianyang, then her head would be burned by Lin Tianhao's dragon flame.

But Lin Tianhao still underestimated the female giant's determination to save her son...

Chapter 1194 - Miserable woman!

The giantess raised her other hand to shield her face. The hand attacking Zuo Tianyang not only didn't slow down but even sped up a bit.

Lin Tianhao narrowed his eyes slightly.

Dragon Flame scorched the giantess's palm, causing her to grit her teeth in pain, yet she didn't retreat in the slightest.

This fellow is a ruthless person!!

Seeing this, Zuo Tianyang had no choice but to release the little boy, retreating and dodging the giantess's slap.

Although Zuo Tianyang released the little boy, the blood-colored纹路 patterns transmitted from Zuo Tianyang's body to the little boy's arm didn't disappear.

Even.

Those blood-colored patterns continued to spread, instantly covering the little boy's entire left arm.

Lin Tianhao, not caring about anything else, continuously used his harpoon, blasting the heads of these corpses.

"Come on, let you see the real firepower!!"

Relying on the Mechanical Overlord's control over mechanical objects, Lin Tianhao held a Gatling gun in each hand, bullets pouring out as if they were free.

This scene stunned Zuo Tianyang. He had seen people cheat, but never like this.

The recoil and vibration of a Gatling gun, even he couldn't use two Gatling guns simultaneously.

Yet now, Lin Tianhao not only controlled two Gatling guns simultaneously but did so more skillfully than he could with one.

"Is this a natural battle maniac?"

Zuo Tianyang couldn't help but gasp. "Even without considering his combat power in the Twilight of the Gods, he can still become a rising star in our 749 Bureau."

In fact, Zuo Tianyang felt that if it weren't for Lin Tianhao's information being too mysterious.

Otherwise.

Letting Lin Tianhao become the director of their 749 Bureau wouldn't be impossible.

Lin Tianhao's information was available, and he had seen it.

But it didn't match what Lin Tianhao was doing at all.

Under the suppressive firepower of the Gatling guns, these corpses were finally all killed.

The giantess, having shaken off all the decaying flesh, returned to the size of a normal woman.

This woman... is actually quite good-looking.

This was Lin Tianhao's first reaction upon seeing this woman.

After shaking off the decaying flesh, she said urgently:

"Don't hurt my son, please, don't hurt my son."

At this moment, she was scantily clad, and her pleas were somewhat pitiful, a world apart from the hideous, flesh-covered giantess she had been before.

"Who are you?" Lin Tianhao didn't continue to attack.

He felt that he might have triggered a plot within the dungeon.

Because generally speaking, monsters do have second and third forms.

But usually.

These second and third forms are more ferocious combat forms.

The woman's situation was likely triggering a dungeon plot.

"I... I'm not from Aolong Village. I was sold here. My husband, my husband sold me. He's a demon. He sold me and even sold his own son!!"

The woman seemed to recall some extremely bad past events, roaring hideously, surrounded by monstrous resentment, becoming extremely ferocious.

"I don't care who you are. You can't hurt my son!!"

With that.

The woman lunged at Zuo Tianyang like a madwoman. "You hurt my son. I want you to die!!"

"If you attack now, your son will really be beyond saving."

Lin Tianhao said indifferently, his words carrying a hint of coldness.

"No, no, no, don't kill my son. As long as you let my son go, I'll do anything."

"Really, anything. Please!"

Saying that.

The woman actually directly lifted her clothes.

Zuo Tianyang subconsciously looked away, but Lin Tianhao didn't avert his gaze.

After all, there were people in his past life who deliberately used such methods to make you look away.

Attacking you when you look away.

This situation would be very bad.

If possible.

Lin Tianhao felt he should be able to handle these guys.

So.

Even if Lin Tianhao suffered a little, he couldn't shift his gaze.

"No need, no need. We are all good people. You fix your clothes."

With that.

Lin Tianhao said to Zuo Tianyang:

"Director Zuo."

Zuo Tianyang immediately understood Lin Tianhao's meaning. He made a hand seal, and the blood-colored patterns on the little boy's body began to dissipate, finally disappearing completely.

The little boy hid behind the woman, looking at Zuo Tianyang and Lin Tianhao with some fear.

As if Lin Tianhao and Zuo Tianyang were bad guys trying to kidnap him.

Zuo Tianyang smiled slightly and said:

"We're really not bad people. We're from the government. You can tell us any grievances you have."

As he spoke.

Zuo Tianyang also took out his credentials.

Seeing the credentials in Zuo Tianyang's hand, the resentment on the woman's body subsided a little.

"You're really from the government?"

"Really." Zuo Tianyang replied affirmatively.

"This Aolong Village is a devil's village. They're not people; they're beasts."

"After that damned husband of mine sold me here."

"They made me have children, constantly."

"With different people!"

"But I couldn't see any of the children I gave birth to."

"Until one day, I heard my son say that they threw the children I gave birth to into the well."

"Those were my children, their children too. They were just born, not even full-term yet."

"They are devils, cold-blooded and ruthless devils."

"It's not just me. There are many women in Aolong Village who are like me, becoming baby-making machines for these devils."

Lin Tianhao frowned. If that was the case, then the problem of Aolong Village was more troublesome than they had imagined.

"Then why are you here?" Lin Tianhao asked.

"The devils of Aolong Village discovered something amazing in Mo Yuan. They entered Mo Yuan one after another, but after entering, most of them never came out again."

"The people of Aolong Village became fewer and fewer. Finally, they forced us to enter Mo Yuan as well."

"After entering Mo Yuan, I discovered that they had replicated an identical Aolong Village here. Most of the villagers who entered here and didn't leave lived here."

"They seemed to be trapped here and couldn't get out, only a few people could get out."

"Which ones?" Lin Tianhao asked.

"The village chief, the Ye family's... Ye Yanglong, Ye Zhenlong, and Ye Tianlong."

"The Wang family's Wang Chongjia, Wang Chongfeng..."

"Wait!!"

Lin Tianhao and Zuo Tianyang's expressions changed slightly.

"Who did you say? Wang Chongfeng?!"

Chapter 1196 - The woman rowing the boat!

Wang Chongfeng spoke with such conviction, as if every word he said was true.

"Did everyone in your Aolong Village go to the Beijing Film Academy for further studies? Your acting skills are all top-notch," Zuo Tianyang said.

"Previously, Ye Yanglong also spoke with sincerity, and we believed him. We didn't expect that he not only schemed against me but also collaborated with those Japanese bastards."

Wang Chongfeng was on the verge of tears, saying:

"Even in a family, there are good and bad people. We're just from the same village. Just because Ye Yanglong is dishonest doesn't mean I am too, right?"

Lin Tianhao didn't say anything. Regarding Wang Chongfeng's matter, he should listen to Taoist Yexin and Zuo Tianyang.

However, it was undeniable.

He hadn't noticed any problems with Wang Chongfeng before.

There were so many people in Aolong Village; it was impossible for everyone to have problems.

"You say you don't have a problem, then you should know Ye Yanglong, and Ye Yanglong should also know you."

“When you met before, Ye Yanglong didn't say he knew you.”

Wang Chongfeng smiled awkwardly and said:

“After all, it's been so many years since we last met. When we suddenly meet, we don't really understand each other's intentions.”

“In this situation, how could we easily recognize each other?”

Taoist Yexin looked at Wang Chongfeng coldly and said:

“We're not unreasonable people. As long as you're willing to accept my curse mark, and after we get out and verify that what you've said is true, I'll personally apologize to you and give you a resurrection coin.”

Wang Chongfeng frowned. He had clearly seen Ye Yanglong's fate before.

But he also knew.

If Taoist Yexin could cast a curse mark on Ye Yanglong without him noticing, he could do the same to him.

The reason he said this was itself a test for him.

“Okay.”

Wang Chongfeng said very seriously.

Only then did Taoist Yexin reveal a satisfied smile.

He made a hand seal and placed a curse mark on Wang Chongfeng.

After dealing with Wang Chongfeng's matter, Lin Tianhao took out the resurrection coin he had just obtained.

Durability: 100.

A very simple effect.

"This resurrection coin can only resurrect creatures that have died for no more than a week, so you probably won't be able to use it."

"What?"

Wang Chongfeng asked in shock, his face full of astonishment: "Didn't the rumors say that the resurrection coins here can resurrect creatures that have died within half a year?"

Lin Tianhao spread his hands and said:

"But the description on this resurrection coin is like this."

Zuo Tianyang, Taoist Yexin, and Wang Chongfeng all checked the effects of the resurrection coin.

After reading the effects of the resurrection coin, Wang Chongfeng was completely dispirited.

"How... how could this be!!"

"It was supposed to be half a year, how could it only be seven days!!"

Lin Tianhao raised his eyebrows and said:

“Resurrection coins are also divided into different grades. This should be the most ordinary resurrection coin.”

Wang Chongfeng nodded slightly, “I hope so.”

“Everyone, take a rest and eat something,” Zuo Tianyang said.

The group started a bonfire outside the small courtyard and made something to eat.

They had been down in the Moyuan for most of the day. Although each enlightenment would greatly replenish their energy.

But without eating anything, they were still somewhat unable to bear it.

After eating.

The surroundings were still very quiet, and they didn't encounter any danger again.

The gains from this trip to Aolong Village were not small.

Especially the resurrection coin that Lin Tianhao obtained, which could be of great use at critical moments.

Lin Tianhao, Taoist Yexin, Drill Mouse, Wang Chongfeng, and others continued to move forward together.

As for Black Demon.

There was no way to bring him out for the time being.

Exchanging a resurrection coin for Black Demon.

To be honest.

Lin Tianhao felt like he was at a great loss.

After all, Black Demon's combat power was so strong, but now he was trapped inside.

If Black Demon had been killed in a great battle, Lin Tianhao might not have felt so bad.

Black Demon's loss was too sudden and too inexplicable!!

It felt like...

Black Demon hadn't even had the chance to show off his abilities before he was done for.

Now Lin Tianhao could only hope that he could find a way to release Black Demon in other places later.

Passing through Aolong Village.

Aolong Village sloped downwards at a sixty-degree angle. Below the slope was not only endless darkness but also some mist, making it impossible for Lin Tianhao to see what was in the dark mist.

Following this slope, Lin Tianhao and his group walked for half an hour before the slope finally ended. At the end of the slope appeared the underground river water.

Lin Tianhao and Taoist Yexin exchanged glances.

Because they had observed before that the underground river should be above their heads.

Now they had walked for so long and actually encountered another underground river here.

However.

The most important thing was.

There was no road ahead. In this environment of the Moyuan, the risk of going into the water was still too great.

“Someone's coming.”

Lin Tianhao looked ahead. In the mist of the underground river, a faint candlelight appeared.

As the candlelight continued to enlarge, the outline of a small boat appeared.

Standing on this small boat was a bare-chested, burly woman.

If you didn't look at her face, this would be a complete muscle man!!

But she happened to be a woman, and she seemed to be not very old.

“Do you want to take a boat?” the burly woman asked.

Lin Tianhao smiled and said:

“Beauty, whether we take the boat or not depends on your price, right?”

Zuo Tianyang and Taoist Yexin were both stunned.

Beau... Beauty?

They were both wondering how Lin Tianhao could talk such nonsense so seriously.

With this burly appearance, probably no normal person would be able to stand her.

However.

The burly woman actually smiled shyly after hearing Lin Tianhao's address.

“You're annoying, telling such obvious truths!”

“If you want to pass through here, I'll charge you two resurrection coins!”

Hearing this.

Lin Tianhao and the others looked at each other.

Two resurrection coins!!

She really thought highly of them.

“Then I can't afford it,” Lin Tianhao said helplessly:

“The few of us together can't even produce one resurrection coin.”

“You're lying!!”

The burly woman shook her head, "I can feel that you have a resurrection coin on you."

Lin Tianhao curled his lips and said:

"Beauty, I only have one, I really can't afford it."

"It looks like we can only swim across."

Hearing this.

The burly woman grinned and said:

"Swim across?"

"That probably won't work. With your small body, you'll turn into a skeleton before you can swim ten meters."

"Is it because of the corpse maggots in the water?" Lin Tianhao asked.

The burly woman smiled and nodded, "Since you know, then get on the boat."

Chapter 1197 - Three resurrection coins!

"A resurrection coin is a resurrection coin, but I can only take three people across."

The burly woman acted as if she was at a disadvantage.

As if she could win, it was all because of Lin Tianhao's reputation.

Lin Tianhao grinned and said:

“Beauty, you see there's no one else here. Aren't you afraid that we might do something to you?”

The burly woman smiled slightly and said:

“A woman like me, daring to row a boat in this kind of place, naturally has some skills. If you want to make a move, then wait to feed the corpse maggots.”

Lin Tianhao grinned and said:

“You noticed?”

“Knowing I'm an ogre, you still dare to get so close to me.”

As soon as she finished speaking.

The burly woman instantly made a move, grabbing Lin Tianhao's wrist.

Immediately after.

Lin Tianhao felt a tremendous force coming, and his body was uncontrollably dragged into the water.

“Be careful!!”

Wang Chongfeng's expression changed drastically. He wanted to help, but Lin Tianhao was standing right by the bank of the underground river, and was directly dragged down.

Daoist Yexin and Zuo Tianyang also looked panicked, but neither of them had intended to take action.

Otherwise.

With their strength, they would have been able to react.

Because.

Lin Tianhao had anticipated this scene, so he had secretly transmitted his voice to Zuo Tianyang and Daoist Yexin, telling them not to take action.

At this moment.

The burly woman dragged Lin Tianhao into the cold underground river.

In the next instant, countless densely packed corpse maggots swarmed over.

These corpse maggots frantically tore at the burly woman.

“How... how could this be?!”

The burly woman's eyes widened, and emotions such as pain, fear, despair, and confusion flooded her heart.

She had been living with these corpse maggots for a long time, so how could they suddenly attack her?

She really couldn't understand why these corpse maggots would attack her so frantically.

But in the next instant.

She understood.

“This... how is this possible!!”

“How can you have this kind of aura? In this era, how can there still be such a high-level existence with Dragon bloodline!!”

“No, no, no, I was wrong...”

The burly woman begged for mercy frantically, but it was already too late.

In just a few breaths, her body was gnawed into white bones, with not even a speck of flesh remaining.

After the burly woman was killed, the familiar feeling of enlightenment surged into his mind again.

Lin Tianhao's overall strength was improved again. The increase was not particularly large, but it was stable.

Lin Tianhao leaped out of the water, his body temperature rising, and the clothes on his body were dried in a moment.

“Invincible!!”

Wang Chongfeng couldn't help but give Lin Tianhao a thumbs up.

“Xue Di, with you around, we really have a lot less trouble.”

Lin Tianhao waved his hand and said with a smile:

“Alright, let's go.”

Lin Tianhao took the lead and boarded the boat.

And in his hand, there were already three more resurrection coins.

This was what the burly woman had dropped just now.

But Lin Tianhao didn't say anything, and just quietly put them away.

Two of these three resurrection coins were the same as before.

But one was obviously different, it could revive creatures that had died within three months.

This cycle was longer, and the space in which it could be used was also larger.

In fact, everyone knew that Lin Tianhao had looted the corpse, but Lin Tianhao didn't say anything, so even if they were curious, they didn't ask anything.

Getting on the boat, Lin Tianhao controlled the corpse maggots to propel the boat forward underwater.

Under the propulsion of the corpse maggots, the boat sailed towards the depths of the underground river.

After sailing on the river for more than ten minutes, a waterfall appeared ahead.

Daoist Yexin activated a golden light protection shield to cover everyone.

The boat passed through the waterfall smoothly.

But.

After passing through the waterfall, the scene behind the waterfall was completely beyond Lin Tianhao's expectations.

Because behind the waterfall, there were singing birds and fragrant flowers, lush vegetation, and even rice paddies and vegetable gardens, which was simply a paradise.

“This...”

Wang Chongfeng, Drill Mouse and others couldn't help but widen their eyes.

“This Moyuan is too magical.” Drill Mouse couldn't help but sigh.

Lin Tianhao grinned and said:

“The more magical a place like this is, the higher the danger factor usually is.”

Just as Lin Tianhao finished speaking, Daoist Yexin said somewhat strangely:

“Isn't that Aolong Village ahead?”

“Aolong Village again?!”

Zuo Tianyang was also stunned for a moment.

Lin Tianhao didn't think there was anything to it.

The repeated appearance of Aolong Village indicates that this Moyuan instance is inextricably linked to Aolong Village.

Thinking of this.

Lin Tianhao couldn't help but look at Wang Chongfeng.

Ye Yanglong became a wild monster in the Moyuan instance.

Zheng Gumei was the same.

What about Wang Chongfeng?

Although Wang Chongfeng took the initiative to accept Daoist Yexin's curse mark, Lin Tianhao still didn't quite trust Wang Chongfeng.

This is the real world. If it were in Twilight of the Gods, Lin Tianhao would have chosen to kill Wang Chongfeng first.

As for the others.

It didn't matter.

Sometimes, it's better to kill the innocent than to let one guilty person go free. Lin Tianhao would rather let others regret it for eternity than let himself regret it!

Even now.

Lin Tianhao still had the intention to kill.

He wanted to kill Wang Chongfeng!!

This person was likely to be a troublemaker, and it would be safer to kill him.

But Lin Tianhao also knew.

Wang Chongfeng might be able to manifest weapons and equipment from Twilight of the Gods, which would be of great significance.

The group disembarked, and Daoist Yexin raised his hand to put the boat into his storage space.

It would be troublesome if there were no boats to go back later.

Judging from the situation here, this is most likely the fifth level of Moyuan.

There is Aolong Village on the fourth level, and there is also Aolong Village on the fifth level.

I just don't know.

Who will they meet in this fifth-level Aolong Village?

Walking along the ridges of the farmland outside Aolong Village.

Lin Tianhao was checking the surroundings, and behind him were densely packed corpse maggots.

Black Devil could no longer be relied upon. Having some trump cards was better than anything else.

These corpse maggots were much larger than normal corpse maggots, and if there was danger, their combat power could not be ignored.

However.

This Aolong Village was unusually quiet. Lin Tianhao and his party walked all the way to the entrance of the village, but they didn't see a single person.

Judging from these rice paddies and vegetable gardens, there should be many people here.

“Let my corpse maggots scout the way.”

Having experienced the incident of entering the instance within an instance in the small courtyard before, Lin Tianhao was now more vigilant.

He didn't want them to be separated again after entering the village and enter another instance within an instance, that would be troublesome.

A corpse maggot entered this brand new Aolong Village and did not disappear.

Chapter 1198 - Eat corpse beetles raw!

Lin Tianhao and the others breathed a slight sigh of relief, but the next moment...

What Lin Tianhao and the others didn't expect was that this Corpse Beetle that had entered Ao Long Village died after walking not far into the village!!

It died very suddenly, without any warning.

Even with Lin Tianhao's current strength, he couldn't figure out how this Corpse Beetle had died.

Then.

Lin Tianhao controlled three more Corpse Beetles to enter the Ao Long Village in front of him.

The result was also without suspense.

These three Corpse Beetles died directly after crawling not far into Ao Long Village.

Next.

Lin Tianhao began to experiment with Corpse Beetles.

The result was that.

As long as the Corpse Beetle entered Ao Long Village, it would die in less than five seconds.

"Could it be that there is some kind of poisonous gas in this Ao Long Village? The Corpse Beetle enters it, absorbs the poisonous gas, and dies on the spot," Groundhog said.

Lin Tianhao frowned slightly. Groundhog's statement was possible.

Although they hadn't discovered any poisonous gas in Ao Long Village.

After all, there is a saying that it is colorless and odorless, killing people invisibly!!

Although this sentence sounds a bit exaggerated, it may not be true.

According to Lin Tianhao's speculation, the probability is still quite high.

"What to do?"

Wang Chongfeng asked.

Lin Tianhao grinned and said:

"It's simple, you go and try it out to see if there is poisonous gas ahead."

"Corpse Beetles are too small and have no reference value in testing poison."

"But you are different, you have no problem at all."

Wang Chongfeng really wanted to say, isn't my life a life? He actually wanted me to test the poison.

However.

Before Wang Chongfeng could say anything, Lin Tianhao continued:

"And you also saw that if you don't go to test the poison, who will?"

"Taoist Yexin, or Bureau Chief Zuo, or me?"

Wang Chongfeng opened his mouth. He wanted to say that there were also Groundhog and Old Man Xia Jian.

But he just thought about it and didn't say it.

"Isn't there any way?"

"Yes."

Lin Tianhao smiled, "I was just kidding you to see how you would react."

While speaking.

Lin Tianhao controlled another Corpse Beetle to enter Ao Long Village.

This time.

Not only was the Corpse Beetle that entered Ao Long Village fine, but it was also alive and kicking there.

Lin Tianhao raised his eyebrows slightly, with a smile on his face, "Doesn't this mean it won't die?"

"This..."

"What's going on?!"

Groundhog was shocked. He was also thinking about how to break the situation, but Lin Tianhao had already completed it.

Lin Tianhao grinned and said:

"Those vegetables, I let the Corpse Beetles eat some vegetables from the vegetable field, and then, it was fine."

After saying that.

Lin Tianhao used three more Corpse Beetles to try, and directed these Corpse Beetles to speed up and continue to explore in Ao Long Village.

The result was that.

These four Corpse Beetles, before and after, were all alive and kicking inside, and there was no problem at all.

"Then I'll eat some more vegetables, and then I'll go in and test the poison," Taoist Yexin said.

Upon hearing this.

Old Man Xia Jian immediately stopped him:

"No, Senior Yexin, you are too important to our Dragon Kingdom, you can't have anything happen to you."

Taoist Yexin shook his head and said:

"Don't worry, since I have this idea, I naturally have the power to protect myself."

"Moreover, didn't Snow Emperor already experiment that eating those vegetables can make you immune to the toxins inside?"

Taoist Yexin picked a cabbage and ate it raw.

Before he could eat a few bites.

Taoist Yexin's expression changed drastically, and he pinched his fingers with both hands at the same time, sealing his acupoints.

But it was still a bit slow, his body began to turn cyan-gray, and his lips and eye sockets also turned purplish-black.

"Not good."

Zuo Tianyang flashed to Taoist Yexin's side, trying to help Taoist Yexin force out the toxins in his body.

However.

As soon as Zuo Tianyang and his internal energy came into contact with Taoist Yexin, he also showed signs of poisoning.

His body turned cyan-gray, his lips and eye sockets turned purplish-black, and his whole person became listless.

"How could this be!!"

Groundhog also wanted to rush up.

Taoist Yexin sternly said:

"Don't come over, this poison is very domineering, it can be transmitted through internal energy, and I don't rule out other ways of transmission."

Zuo Tianyang and Taoist Yexin can be said to be the backbone here. The two of them being poisoned at the same time made Groundhog a little flustered.

Lin Tianhao's expression changed again and again. The Corpse Beetles died when they entered Ao Long Village, indicating that there should be poison in Ao Long Village.

But after the Corpse Beetles ate the vegetables, they were fine when they entered Ao Long Village.

If the vegetables were really poisonous, how could the Corpse Beetles be fine?

Where is the problem?

Lin Tianhao looked at the Corpse Beetles he controlled.

There are two explanations.

The first.

The Ao Long Village ahead is a trap within a trap. Someone simulated his control of the Corpse Beetles. In fact, his Corpse Beetles disappeared after entering Ao Long Village.

Someone deceived Lin Tianhao and the others by simulating Corpse Beetles.

Making Lin Tianhao and the others feel that there is poison in it!!

And the Corpse Beetles are immune to the toxins in those vegetables, so they are guided into the misunderstanding that vegetables can detoxify.

As for the second possibility, it is almost the same.

That is, the Corpse Beetles really die when they enter Ao Long Village, because something was planted in the Corpse Beetles themselves.

They will die if they enter Ao Long Village, but they will not die if they eat vegetables and then enter Ao Long Village.

No matter which of these two possibilities it is, these Corpse Beetles and these vegetables will be fine.

Since this is the case.

Lin Tianhao already had a bold and crazy idea in his mind.

That is...

Corpse Beetles are the antidote for Taoist Yexin and Zuo Tianyang.

Just as Lin Tianhao thought of this, Taoist Yexin had already grabbed a Corpse Beetle, tore it open, and ate it.

Obviously.

Taoist Yexin also thought of this.

But...

Eating Corpse Beetles raw!!

Lin Tianhao couldn't deny that the visual impact was too strong.

Corpse Beetles!!

Things that grow by eating corpses and carrion, as a human, to eat raw...

Lin Tianhao took a deep breath.

He can only pray now that these Corpse Beetles can really detoxify, otherwise, this sin will be suffered in vain.

"This...why eat Corpse Beetles!!"

Wang Chongfeng couldn't bear to look directly, and he didn't understand why he had to eat Corpse Beetles raw.

This is too disgusting!!

However.

As soon as Wang Chongfeng's words fell, Taoist Yexin had already begun to recover.

Seeing Taoist Yexin begin to recover, Zuo Tianyang didn't waste any time, grabbed a Corpse Beetle, tore it open, and ate it raw.

The sound of chewing the Corpse Beetle's shell was so crisp.

If you didn't look with your eyes, but just listened to the sound, you would think they were eating some delicacy.

Chapter 1199 - Gravity Blacksmith!

After the two recovered, Wang Chongfeng couldn't help but say:

"You guys are really awesome!"

Taoist Yexin smiled, picked up a corpse beetle and handed it to Wang Chongfeng.

"Eat it."

Wang Chongfeng quickly waved his hand and said:

"No, no, no, I won't eat it."

Taoist Yexin chuckled, "You think I'm joking with you? If you don't eat the corpse beetle, you'll just wait here to die?"

Hearing this.

A look of astonishment appeared on Wang Chongfeng's face.

Only then did he realize that although he hadn't been poisoned, he was trapped here.

To leave, going back was the underground river, and going forward was Ao Long Village. Neither direction was a path he wanted to take.

"Based on the current situation, there must be something in the corpse beetle that combines with these vegetables to resist the toxins in Ao Long Village."

"So, you have to eat these vegetables, and you have to eat these corpse beetles."

"Ah——"

Wang Chongfeng was a little崩溃.

He had imagined that entering the Mo Yuan might involve all kinds of dangers.

"Is there a possibility that the corpse beetles only die when they enter Ao Long Village, and nothing will happen to us when we enter Ao Long Village?"

Wang Chongfeng still had some wishful thinking.

However.

Lin Tianhao shook his head and said:

“Then the person who set up this scheme would be an idiot, unless they were 100% sure that we would use corpse beetles to scout the way.”

“Corpse beetles plus vegetables can detoxify, this should be the solution.”

Taoist Yexin pondered slightly and said:

“If you want to know if this is the solution, I’ll try it and see.”

With that said.

Taoist Yexin directly entered Ao Long Village.

When Taoist Yexin entered Ao Long Village, he was safe and sound, without any reaction.

To ensure the accuracy of the test, Lin Tianhao had two corpse beetles follow Taoist Yexin, one on the left and one on the right.

The result was.

The two corpse beetles died, but Taoist Yexin was completely fine.

“Looks like you have no choice.” Taoist Yexin said.

Lin Tianhao frowned. In his two lifetimes, he couldn't accept eating corpse beetles raw.

But to have to eat corpse beetles raw without even seeing the enemy was a bit too frustrating.

Wang Chongfeng, Driller Mouse, and others were also hesitant.

It was Blind Swordsman who took the lead. He grabbed a corpse beetle and came to the place where Taoist Yexin had eaten vegetables before, eating the vegetables first, then the corpse beetle!

That was decisive!

“What a ruthless person!!”

Wang Chongfeng couldn't help but gag just from watching others eat.

The visual impact of this scene was always so strong.

“I am from Ao Long Village, and my physique is different from ordinary people. Would I not need to eat corpse beetles to enter Ao Long Village?”

Wang Chongfeng still had some wishful thinking.

But for safety, he still prepared a corpse beetle and some vegetables.

“Aren't you afraid you won't have time to eat them?” Lin Tianhao asked with a smile.

Wang Chongfeng smiled and said:

“No problem, I'll try.”

It was obvious.

Wang Chongfeng really didn't want to eat corpse beetles raw.

However.

The whole place was silent.

Zuo Tianyang, Blind Swordsman, and Taoist Yexin had just eaten corpse beetles raw.

The result... ..

They only needed to hold the corpse beetle and vegetables to enter.

“Can I say corpse beetles are delicious?” Zuo Tianyang's mouth twitched, his expression extremely unnatural.

Lin Tianhao didn't say anything. Like Wang Chongfeng, he entered Ao Long Village with a corpse beetle in one hand and vegetables in the other.

Like Wang Chongfeng, he was also safe and sound.

Driller Mouse was the same.

Taoist Yexin's face darkened.

“Wang Chongfeng, I suspect you knew the solution a long time ago.”

“No, no, no, I really didn't know before, it was a coincidence.”

“It better be a coincidence!!” Taoist Yexin gritted his teeth.

After entering Ao Long Village, only a small number of Lin Tianhao's corpse beetles that had eaten vegetables followed in, as for the others, they couldn't be brought in.

These corpse beetles were not very helpful for combat, they could only be used for scouting.

Now Lin Tianhao and the others were very familiar with Ao Long Village, and every step they took was very smooth.

However.

After passing through most of Ao Long Village, Lin Tianhao and the others hadn't encountered anything, as if there really was nothing in this village.

Taoist Yexin looked around, the more he looked, the stranger he felt.

“It's coming.”

At this moment.

Blind Swordsman said in a deep voice.

“Clang... clang... clang——”

The sound of a blacksmith hammering iron came, the sound was very muffled, and every time the sound fell, Lin Tianhao felt his body become heavier.

“What is it?”

Wang Chongfeng's expression changed, "Gravity suppression?"

Lin Tianhao looked at the corpse beetles he had brought, their bodies couldn't bear the weight and were all flattened.

"Clang clang clang——"

The sound of hammering became more and more frequent, and Lin Tianhao could clearly feel that the pressure on him was getting greater and greater.

"Swish——"

Taoist Yexin's body turned into a stream of light and disappeared in front of everyone in the blink of an eye.

Lin Tianhao's eyes narrowed slightly, and a figure was forced out of a house in Ao Long Village by Taoist Yexin.

This was a short middle-aged man.

He was very fast, but compared to Taoist Yexin, he was not worth mentioning.

The moment he appeared, Blind Swordsman also attacked.

Without Lin Tianhao's intervention, the blacksmith was killed by Taoist Yexin after only ten seconds.

The feeling of enlightenment surged, and Lin Tianhao was promoted again.

This blacksmith was a bit weak.

After solving the blacksmith, they began to loot the corpse.

This time, they looted a sledgehammer.

This was the first time they had looted this kind of heavy, large weapon.

Taoist Yexin looked at the sledgehammer in his hand, seemed to have thought of something, and said:

“I’ll take this sledgehammer first.”

Lin Tianhao didn't say anything, this sledgehammer was indeed useless to him.

Moreover.

Ao Long Village should be the fifth level of Mo Yuan. Judging from the previous situation, the difficulty coefficient of the fifth level of Mo Yuan should be far more than this.

After all, whether it was the woman who was killed by Lin Tianhao earlier, or the poisonous gas in Ao Long Village later.

Or even the current blacksmith, they didn't seem that powerful.

Ye Yanglong and the spider demon on the fourth level of Mo Yuan, their strength was not comparable to this place.

Just as Lin Tianhao was thinking this, Blind Swordsman's expression changed drastically, “Run!”

As Blind Swordsman's voice fell, the entire Ao Long Village began to close from both sides like a book.

The speed of this closure was extremely fast. The moment Blind Swordsman reminded them, Ao Long Village had already closed in on everyone.

“Boom——”

With a loud noise.

Taoist Yexin propped up a golden light shield, covering everyone in it.

The closing earth was blocked by the golden light and temporarily stuck.

From the houses, vines with sharp barbs extended out, stabbing towards Lin Tianhao and the others.

Chapter 1200 - Giant Piranha Plant!

“Clang clang clang——”

The blind swordsman attacked, repelling all the vines.

“You guys go up, I’ll hold them back.” Daoist Yexin said urgently.

Even for him,

it was unrealistic to withstand the pressure of the earth closing in for a long time.

Lin Tianhao didn't waste any words, he also knew that the power of the Ao Long Village's closing should be from the outside, only by rushing out could this crisis be resolved.

Lin Tianhao, the blind swordsman, and Zuo Tianyang took the lead, with Mole and Wang Chongfeng actively leading the team, rushing upwards.

A large number of vines with barbs attacked Lin Tianhao and the others.

The blind swordsman held his sword in both hands, blocking a large number of vines.

Lin Tianhao and Zuo Tianyang were also able to easily block the remaining ones.

After rushing out, Lin Tianhao could finally see the situation outside clearly.

Where they were was not Ao Long Village at all, but clearly inside a giant man-eating flower.

The earth that had just closed was just two huge petals of the man-eating flower.

If these petals were allowed to close completely, then they would all become food for this man-eating flower.

It's just that.

This man-eating flower was too huge.

The entire Ao Long Village was just a scene it used to lure prey.

Fortunately, Daoist Yexin was fierce enough, relying on his own strength to block the closing of this man-eating flower.

Seeing this scene.

Zuo Tianyang, Mole, and Wang Chongfeng were also extremely shocked.

Especially Zuo Tianyang and Mole.

They could be considered to have seen many bizarre things.

But something like this, a man-eating flower, so huge, and able to disguise itself as a village to confuse them, was still very rare.

Lin Tianhao was only shocked for a moment before rushing towards the root of the man-eating flower.

Weaving and dodging, Lin Tianhao had already reached the bottom of the man-eating flower.

Looking at this man-eating flower from below, the visual impact was much greater.

Lin Tianhao didn't waste any words, opening his mouth and spitting out a mouthful of dragon flames.

The dragon flames burned the roots of the man-eating flower, the intense pain causing the man-eating flower to start twisting frantically, countless vines with barbs sweeping towards Lin Tianhao.

“Clang clang clang—”

The blind swordsman and Zuo Tianyang and the others went all out to block these vines for Lin Tianhao.

“Ah—”

A heart-wrenching scream echoed in the darkness.

This scream was neither male nor female, very strange.

At the same time.

Daoist Yexin, covered in golden light, also rushed out of the man-eating flower.

He couldn't help but be shocked when he saw this man-eating flower.

Mainly because this man-eating flower was too big.

Along with the fall of the man-eating flower, the familiar feeling of enlightenment surged, and Lin Tianhao's strength was improved again.

Lin Tianhao directly grabbed the light orb from killing the man-eating flower in his hand.

However.

What made Lin Tianhao a little speechless was that he grabbed a seed.

Giant Man-Eating Flower Seed: Special.

Usage Requirements: None.

Effect: After planting, you will get a giant man-eating flower after a certain period of time.

Durability: 100.

Lin Tianhao really wanted to slap himself.

His luck was really bad.

What was this thing?

It was of no use to him at all.

“Director Zuo, you guys from Division 749 can have this.”

Lin Tianhao threw the giant man-eating flower seed to Zuo Tianyang.

Zuo Tianyang took the giant man-eating flower seed.

After seeing the introduction above, Zuo Tianyang's expression also became a little strange.

If there was no Twilight of the Gods, this thing would indeed be useful to their Division 749.

But because of the existence of the Twilight of the Gods, by the time their Division 749 cultivated this giant man-eating flower, the Twilight of the Gods would almost have merged with reality.

At that time.

Even if this giant man-eating flower was cultivated, it would not be of much use.

After all, judging from just now, they could be considered to have entered the belly of the man-eating flower, but the result was that the man-eating flower was killed instead.

After the Twilight of the Gods merged with reality, the strength of this giant man-eating flower might not even require the experts of the seventh-rank domain to take action.

A few fifth or sixth-rank experts should be able to solve this giant man-eating flower.

“I can't touch the corpse at all.” Lin Tianhao sighed helplessly.

His hand was really unlucky!

After solving the giant man-eating flower, Lin Tianhao began to look around.

This was a huge open space, with white bones everywhere around the open space.

Some were human, some were animal.

Suddenly.

Zuo Tianyang seemed to have noticed something and rushed over quickly.

At this time.

Zuo Tianyang stopped in front of a skeleton.

This skeleton didn't seem to be anything special.

Except... his fingers!!

His left hand had six fingers!!

Six-Fingered Devil?

Lin Tianhao immediately thought of a relatively classic character.

“It shouldn't be...”

Daoist Yexin said with some uncertainty:

“We were able to solve this man-eating flower, they have no reason not to be able to solve it.”

Hearing this.

Lin Tianhao knew.

There should have been someone with six fingers in the team that entered from Division 749 before.

Zuo Tianyang took a deep breath and said:

“Senior Yexin, you and I both know in our hearts that we happened to discover that corpse maggots plus vegetables can detoxify, what if the old director and the others hadn't discovered this year?”

“If they had forced their way in here, they might not have been able to retreat unscathed.”

Obviously.

Zuo Tianyang still felt that the owner of this skeleton was someone from their Division 749.

“Moreover.”

“This time, the person who stayed behind was Daoist Yexin, so everyone was fine.”

“But if the person who stayed behind was me? I might not be able to hold on for long, and this man-eating flower would close.”

Lin Tianhao took two steps forward, patted Zuo Tianyang on the shoulder, and said:

“Director Zuo, don't think so much, regardless of whether it's him or not, we can't change anything now.”

“Yes, we can!!”

Zuo Tianyang turned his head sharply, staring at Lin Tianhao intently.

“Xue Di, you have resurrection coins in your hand, you can resurrect him!”

Lin Tianhao smiled awkwardly and said:

“The resurrection coins in my hand can only resurrect creatures whose death time does not exceed seven days.”

In fact, Lin Tianhao still had a resurrection coin that could resurrect deaths within three months.

But intuition told Lin Tianhao that this corpse was not from Division 749.

At least the previous old director led the team, if they had an accident so easily, Lin Tianhao still didn't quite believe it.

“Seven days...”

Zuo Tianyang pondered slightly and said:

“There's still a chance, maybe his death time doesn't exceed seven days?”

Daoist Yexin said seriously:

“Director Zuo, I know what you're thinking, but have you thought about it, if this guy is really the corpse of the Six-Fingered Witch, why didn't the old director and the others take her corpse away?”

Zuo Tianyang hesitated, but ultimately didn't say anything more.

“I don't know, I'll take the corpse away first, I hope the higher-level resurrection coins Xue Di mentioned are really ahead!”
