Chapter 1221 - There is no smoke in the willow!

Lin Tianhao nodded, collected all the ruins, and flew in one direction.

He needed to test.

He wanted to see if taking away this pile of ruins would change the range of the imprisoned soul source.

Now.

It was still here.

Lin Tianhao killed a Qingmian Beast that Qingya Guisha had just brought back.

As a result... it worked!!

The sin value of the killed Qingmian Beast hovered above its corpse.

Lin Tianhao took this pile of ruins directly twenty kilometers away.

Killing another Qingmian Beast, the sin value was still in front of the Qingmian Beast's corpse.

A satisfied smile appeared on Lin Tianhao's face.

"The thing is in this pile of ruins."

This location was already beyond the scope of Dongshuo God King.

After two consecutive tests, Lin Tianhao wanted to see if there was anything he was looking for in this pile of ruins.

“That’s really great.”

Heitian Ao Zhen showed a hint of excitement on his face.

He was now tied to Lin Tianhao. The stronger Lin Tianhao was, the greater the help he would be to him.

Next.

It was to filter out these things from this pile of ruins.

“My lord, use my Primordial Black Tower!”

Heitian Ao Zhen sacrificed his Primordial Black Tower, “To ensure nothing goes wrong, screen it in my Primordial Black Tower.”

Lin Tianhao nodded.

That was exactly what he wanted.

After all, it was a Saint-level item, and there could be no accidents.

“Heitian Ao Zhen, you screen it, Qingya Guisha, you take me to other places, I want to kill other blood feeders.”

Although this Saint-level item had not yet been screened out, it was already in the Primordial Black Tower.

Let Heitian Ao Zhen screen it slowly, and he could do the things he hadn't finished before.

He had already delayed for more than a day, and there were so many opportunities in this Ancient God Secret Realm.

Lin Tianhao didn't want to miss too much.

After all, there were not many ordinary people who came to the Ancient God Secret Realm this time.

Whether it was their strength or their keen sense of opportunity, they should not be underestimated.

Qingya Guisha thought for a while and said:

“My lord, with our current background, we can basically walk sideways in this area.”

“Inheritance, treasures, hunting blood feeders, you can have it all!!”

Lin Tianhao nodded in satisfaction and said:

“You understand me very well.”

Qingya Guisha grinned and said:

“Since this subordinate has already pledged allegiance to you, my lord, I will naturally consider everything for you.”

“Next, we are going to Wangyue Tower.”

“Wangyue Tower?” Lin Tianhao raised his eyebrows.

“Yes.”

Qingya Guisha nodded.

“There are seven kings and one emperor in Wangyue Tower, a total of eight blood feeders.”

“These eight blood feeders are quite strong, but compared to us, they are still much inferior.”

“And Wangyue Tower originally belonged to a god force. Although there are no God King realm experts sitting there, there are several half-step God Kings, and there may be inheritance among them.”

“Okay.”

Lin Tianhao nodded.

He had the Good Fortune Jade Disc, so these inheritances were not so necessary for him.

What he valued more was the power of the laws recorded by the Good Fortune Jade Disc.

Record the laws first, and the rest will be much easier to handle.

Wangyue Tower.

Under the leadership of Qingya Guisha, they did not encounter any trouble along the way and arrived smoothly in front of Wangyue Tower.

Inside Wangyue Tower.

The sound of the zither floated out.

The sound of the zither made people feel relaxed and happy. Just listening to the sound of the zither, people could not help but imagine a beautiful woman in light gauze playing the zither on the Wangyue Tower.

“Lord Qingya, this human is not high-level, but his flesh and blood smells so good. It must be delicious to eat.”

The corners of Lin Tianhao's mouth twitched. Good fellow, he wanted to eat him as soon as he opened his mouth.

Qingya Guisha smiled and said:

“If you want to eat him, aren't you afraid of breaking your teeth?”

As Qingya Guisha's voice fell.

Pink petals fell in the sky above Wangyue Tower.

Then.

Four fair-skinned, well-proportioned, and delicate-featured handsome men carried a sedan from above Wangyue Tower.

And on the side of the sedan, there was also a very handsome man scattering flowers.

“Lord Qingya, you came in person, you shouldn't just want to chat with me for a few words, right.”

The sedan curtain opened, and a charming woman was lying on her side in the sedan. On the left and right sides, there were two handsome young men massaging her shoulders and legs.

“You really know how to enjoy yourself.” Qingya Guisha said with a smile.

The woman in the sedan covered her mouth and chuckled:

“Qingya Guisha is really joking. Women, who wouldn’t want to have a hundred or so handsome men around them?”

“I only have seven, I’m already suffering.”

The corners of Lin Tianhao's mouth twitched, only... seven?

Suffering?

Sure enough.

When women become lustful, there is nothing for men to do.

“Okay, let’s get down to business.”

The woman in the sedan straightened her body.

“The one next to you is Xue Di. Recently, many blood feeders have suffered. I can also guess the purpose of you bringing him here.”

“Although it’s strange that you, Lord Qingya, want to help a human, I don’t want to die yet.”

“Tell me, what do you want me to do? So that you won’t kill me.”

“Is it offering my body... or offering my body?”

“Besides this skin, I don’t seem to have anything valuable.”

Lin Tianhao supported his forehead. For a moment, he didn't know what to say.

“You are quite smart, but whether to kill you or not depends on the meaning of my lord.”

“Lord...”

The enchanting woman’s eyes fell on Lin Tianhao and said:

“Hello, my lord, little girl is Zheng Liuyan, I have been practicing dual cultivation for many years, just so that one day I can serve you, my lord.”

The charming woman directly leaned up.

“Stop!!”

Lin Tianhao snorted softly.

He didn't dare to touch this woman.

The charming woman smiled charmingly and said:

“Just say what you want, my lord, as long as you don’t kill this slave, whatever you say, my lord, is what you get!!”

Lin Tianhao took a deep breath.

This Zheng Liuyan was also a King-level expert, and still a cruel blood feeder!!

But the performance shown was no different from the fallen women in Baihua Tower.

"If you really think so, I guess I won't kill you."

"But you are not sincere."

Zheng Liuyan retreated back to the sedan and said:

"How am I not sincere? You smell so good, I just want to eat you, what's wrong with that?"

As Zheng Liuyan's voice fell, three people walked out of Wangyue Tower.

The auras of these three people were extremely powerful. Besides the three of them, there was also a figure on the top of Wangyue Tower.

He stood above Wangyue Tower, and Lin Tianhao couldn't see his appearance at all, nor could he feel his aura.

This guy is very strong, very, very strong!!

"Qingya Guisha, you traitor, helping a human to slaughter our blood feeders!!"

Chapter 1222 - Besiege and stand up!

Qing Ya, the Ghost Fiend, frowned and hurriedly cupped his hands toward Lin Tianhao, saying:

"My lord, it was my miscalculation. I didn't expect them to be prepared."

Lin Tianhao smiled slightly. These Blood Eaters weren't fools; it wasn't strange that they would prepare in advance.

Their gathering together wasn't a bad thing for Lin Tianhao.

Lin Tianhao had enough confidence in his own strength.

"Qing Ya, the Ghost Fiend, I don't understand you being so obsequious to a human."

"However, I can now give you one last chance."

"Because of you, I originally wanted to introduce you to my lord so we could work together on a great cause."

"Work together on a great cause?"

The Advisor sneered and said:

"Humans have always been food. When did we need to work together with humans on a great cause?"

Having said that.

The Advisor paused slightly before continuing:

"I see now that you are completely devoted to this human. Since that's the case, then all of you should die!!!"

As soon as he finished speaking.

A pair of wings actually unfolded behind the Advisor.

These wings had no feathers and looked more like bat wings.

However, when these wings unfolded, they were a full thousand meters long.

On the wings, there were even dark golden runes flowing, and a profound and bizarre aura pressed toward Lin Tianhao.

"To use your full strength right away, you really think highly of me."

Qing Ya, the Ghost Fiend, summoned the Tower in a Tower, and his entire aura also became strange and unpredictable.

Lin Tianhao had already made his move.

An arrow released from the heart locked onto the Advisor.

At the same time.

The Three Heads and Six Arms were instantly deployed, and arrows rained down.

But just as Lin Tianhao unleashed his arrows, a curse mark appeared above Lin Tianhao's head.

In an instant.

Lin Tianhao's Three Heads and Six Arms were forcibly retracted, and most of Lin Tianhao's skill bar turned gray.

The one who attacked wasn't the Advisor, but a handsome man beside Zheng Liuyan.

Above Wangyue Tower.

The Advisor swooped down, and Lin Tianhao's arrows all stopped when they were still several meters away from him, unable to continue forward.

A Great Emperor Realm expert!!

He couldn't be fought head-on!!

Qing Ya, the Ghost Fiend, also rushed out, blocking the Advisor.

A battle was about to break out.

While retreating, Lin Tianhao unfolded his Rifting Domain.

"Boom—"

In just one exchange, Lin Tianhao's Rifting Domain was already shattered.

Immediately afterward.

It was Hei Tianaozhen's domain that unfolded.

As a half-step Emperor Realm domain, Hei Tianaozhen's domain still held up.

The main reason was that only a few handsome men beside Zheng Liuyan were attacking Lin Tianhao now.

Zheng Liuyan hadn't made a move yet, and the other three who came out of Wangyue Tower hadn't made a move yet.

"Finish this quickly!"

Zheng Liuyan slowly spoke, saying, "Three Insect Demon Emperors, don't hold back."

As soon as she finished speaking.

Zheng Liuyan's body transformed into countless petals, rushing toward Lin Tianhao.

Lin Tianhao's expression sank. He wanted to retreat, but found that his body couldn't move.

This kind of confinement power was strong and terrifying.

Lin Tianhao's eyes narrowed slightly, and he fully drew his arrow released from the heart, attacking with all his strength.

He didn't plan to dodge, nor did he plan to use any other fancy methods.

Arrow Released from the Heart + Heavenly Punishment Lock-On + Resurrection in Place.

These three skills alone were enough to make Lin Tianhao invincible.

As for seals.

Lin Tianhao had Return and Absolute Legend, so unless it was a Saint-level seal, it would be difficult to pose a threat to Lin Tianhao.

-5.5 billion!!

-3.1 billion!!

-3.3 billion!!

.....

Zheng Liuyan's attacks fell on Lin Tianhao like raindrops.

Apart from the first attack dealing more than five billion damage, the subsequent attacks were basically only a little over three billion.

However.

The moment Lin Tianhao's arrows landed, Zheng Liuyan couldn't help but change her expression.

-72.9 billion!!

-72.9 billion!!

.....

Zheng Liuyan's physique had also been transformed, allowing her to offset a large amount of damage.

But even so.

She still suffered more than 70 billion damage.

Moreover.

Lin Tianhao's arrows were also very dense and unstoppable.

Her health was high, but she couldn't withstand Lin Tianhao's powerful output.

The most crucial thing was.

Even if the damage Lin Tianhao dealt was high, Lin Tianhao's health recovery ability was extremely terrifying.

The Hand of Heavenly Punishment had now reached five stars, and Lin Tianhao could recover 5% of his maximum health with each normal attack.

And Lin Tianhao's current health had exceeded 2.5 trillion!!

Five percent was also more than 120 billion!!

This was just the health that Lin Tianhao could recover with one arrow.

Although Zheng Liuyan's attack frequency was very high, she still couldn't pose a threat to Lin Tianhao.

The damage she dealt wasn't even as much as Lin Tianhao recovered, so how could she fight?

The Three Insect Demon Emperors also attacked Lin Tianhao at the same time. Their attacks were tyrannical and ruthless, and they also landed on Lin Tianhao like raindrops.

The result was.....

Lin Tianhao's health began to drop, and the seven handsome men also attacked.

Without any fancy moves, Lin Tianhao only relied on Arrow Released from the Heart, and his health recovery was still not enough.

His health began to drop continuously, but the rate of decline wasn't too fast.

After all, Lin Tianhao's damage reduction value was too high.

However.

Zheng Liuyan was happy to see Lin Tianhao's health dropping.

After all.

Although she was enduring Lin Tianhao's attacks, her health recovery value was also extremely high when she was outputting with all her strength.

Therefore.

She could barely withstand Lin Tianhao's damage.

As long as Lin Tianhao was killed, everything would be over.

As for Qing Ya, the Ghost Fiend.

If Lin Tianhao was killed, then he would have nothing to say.

On the other side.

Qing Ya, the Ghost Fiend, and the Advisor were fighting fiercely, evenly matched, and neither could gain the upper hand.

Finally.

Lin Tianhao's health bar dropped to 10%.

"Only 10% left, kill him!!" Zheng Liuyan said ferociously.

But as soon as she finished speaking.

She saw Lin Tianhao's health begin to recover rapidly.

This was exactly Withered Wood Meeting Spring.

Although the severe injury effect Lin Tianhao was currently suffering was very high, the value restored by Withered Wood Meeting Spring was all of Lin Tianhao's maximum health!!

This was not a small number.

Even while suffering from severe injuries, Lin Tianhao's health still recovered to 40%.

"Damn it!!"

Zheng Liuyan couldn't help but curse.

She was about to finish off Lin Tianhao, but as a result, Lin Tianhao recovered 30% of his health in one breath.

However.

Just as Zheng Liuyan wanted to continue attacking, she suddenly found that her body had become extremely sluggish, and her attack frequency had suddenly decreased.

Chapter 1223 - Handsome man of the wind, your enlightenment speed has increased!

This was naturally Lin Tianhao's doing.

Absolute Slow!

With Zheng Liuyan as the main force of output, Lin Tianhao's Absolute Slow could reduce the damage Lin Tianhao suffered, allowing him to catch his breath.

Lin Tianhao was stalling.

After all, such a hearty opportunity to stack health points was rare.

He could stall a little longer, and after being killed, he could use 原地复活 (instant revive).

To be precise.

After being killed, he could also enter a spirit state for five minutes.

In the spirit state, he could maximize his output.

Five minutes.

He would be invincible.

Of course.

This was just wishful thinking.

After all, his spirit state could be broken.

Previously, in the Ancient City of Heart Demons, Baili Qianrou had revealed that.

She could break Lin Tianhao's spirit state.

If Baili Qianrou could do it, Zheng Liuyan and the others might not be able to.

Lin Tianhao's health bar was being reduced again.

A miracle had not yet occurred, and Death Reincarnation had not been triggered.

In this battle, Lin Tianhao had already fallen into a disadvantage.

"Die, die!!"

Zheng Liuyan's face was contorted.

Lin Tianhao remained noncommittal.

He had not used his full strength, and the reason he was fighting like this was entirely because he felt that it could stack more health points.

After all, it was not easy to find such a resistant guy normally.

If Lin Tianhao really wanted to win quickly, he wouldn't even need to use other means, he would just need to attack those seven handsome men first.

Standing and fighting!!

Was just for stacking health points.

Finally.

Under the unremitting efforts of Zheng Liuyan, the Insect Demon Three Emperors, and others, Lin Tianhao was finally killed.

After Lin Tianhao was killed, the spirit form appeared.

The spirit form of Lin Tianhao directly unleashed full firepower, locking onto these guys.

"What a persistent ghost!!"

Zheng Liuyan gritted her teeth, Lin Tianhao's endless tricks made her very annoyed.

"Even after death, you still want to cause trouble!!"

Zheng Liuyan shouted angrily, raising her hand and blasting towards Lin Tianhao's forehead.

In an instant.

The space of heaven and earth fluctuated, and a space vortex was formed in the center of Lin Tianhao's eyebrows.

Lin Tianhao's spirit body began to flicker, and eventually, it disintegrated uncontrollably.

This was completely within Lin Tianhao's expectations.

These blood eaters were powerful enough, and his spirit state was useless.

After solving Lin Tianhao, everyone present immediately killed Qingya Guisha.

"Qingya Guisha, your master is dead, now, can you tell me why you would defect to a human?"

Qingya Guisha frowned slightly and said in a deep voice:

"Careful!"

Just at this moment, the military advisor shouted out.

In the rear.

Lin Tianhao did not know when he had revived, and a large number of arrows were pouring down on Zheng Liuyan.

Zheng Liuyan's expression changed slightly, and her expression was a little gloomy.

She attacked Lin Tianhao again.

"I'll hold this kid back, you guys join forces to deal with Qingya Guisha."

Obviously.

Zheng Liuyan had also discovered that Lin Tianhao was too strange, and he could revive after being killed.

Continuing like this was not a good thing.

Therefore.

In just an instant, Zheng Liuyan had made arrangements.

Lin Tianhao chuckled, this Zheng Liuyan was a little naive.

Hold him back?

She had to be able to hold him back!

If it was just Zheng Liuyan alone, Lin Tianhao wouldn't even need to attack her with his arrows, he could directly attack those seven handsome men.

Zheng Liuyan rushed forward, and Lin Tianhao's next arrows went to attack the others.

A large number of arrows flew towards a handsome man.

This handsome man was only king-level, and it was almost impossible for him to quickly recover his health when fighting with Qingya Guisha.

In this way.

It would be a fool's dream for him to withstand Lin Tianhao's arrow attacks.

"You're courting death!!"

Zheng Liuyan was furious, that was her third most beloved subordinate!!

-215.1 billion!!

-215.1 billion!!

...

This handsome man was obviously not as resistant as Lin Tianhao.

Judging from the current situation, this handsome man would be killed by Lin Tianhao in less than a second.

Zheng Liuyan's face changed wildly, but there was nothing she could do.

Seeing this scene, the Insect Demon Three Emperors shot at the same time, causing Lin Tianhao's arrows to hover in mid-air.

However, with the power of the Insect Demon Three Emperors, it was impossible to completely suspend Lin Tianhao's arrows in mid-air.

What's more.

Lin Tianhao's arrows were still increasing.

They might be able to barely suspend a hundred arrows, but what if they had to suspend a thousand arrows, ten thousand arrows?

Even the Insect Demon Three Emperors could not do it.

"Alas, it's useless."

One of the Insect Demon Three Emperors sighed helplessly, "He... was playing with us from the beginning, he could have killed your subordinates first."

"But he didn't, he doesn't care."

"Because."

"Even if we kill him, it won't have any impact on him."

Zheng Liuyan's face was livid.

She naturally knew this.

Even.

She also knew.

There was also a half-Emperor realm expert in Lin Tianhao's body.

He had never used his full strength from beginning to end, he was just playing with them.

"Let go, kill Qingya Guisha!!"

The Insect Demon Three Emperors knew that it was meaningless to continue to consume with Lin Tianhao.

All they could do was help the military advisor quickly solve Qingya Guisha.

If the military advisor could free his hand, he might be able to solve Lin Tianhao.

They had just let go.

The arrows hit the handsome man.

"No!!"

Zheng Liuyan was very desperate.

"Run, run quickly!!"

Zheng Liuyan knew that the result of her subordinates staying here was a dead end, if they didn't run now, there would be no chance.

However.

The first handsome man to be locked on by Lin Tianhao was instantly killed.

"Ding, congratulations, you have successfully killed the Handsome Man of Wind, a server-wide announcement is about to be made, do you want to hide your name?"

"No!"

"Server-wide announcement, congratulations to player Xuedi for successfully killing the Handsome Man of Wind, hereby announced, I hope the majority of adventurers will continue to work hard!!"

...

"Ding, congratulations, you have successfully killed the Handsome Man of Wind, your wind element Great Dao comprehension speed has increased by 10%."

Lin Tianhao's eyes lit up, there was actually such a thing, this was something Lin Tianhao had not expected.

There was such a good thing, then he would not be polite.

Zheng Liuyan's eyes were about to split open, but Lin Tianhao's arrows had already locked onto others.

Those handsome men wanted to run away, but the result was of no avail.

Because...

Heitian Aozhen had made a move.

These king-level handsome men had no chance of escaping in front of the half-Emperor realm Heitian Aozhen.

Chapter 1224 - Noble percentage damage!

"Snow Emperor!!"

Zheng Liu Wuyan roared, gritting her teeth as she said:

"Snow Emperor, today's matter has nothing to do with them. If you have any issues, come at me!!"

Lin Tianhao was slightly taken aback. This Zheng Liu Wuyan was quite responsible.

"Didn't they attack me just now?"

“Is it too late to beg for mercy now?”

As soon as she finished speaking.

Lin Tianhao directly ignored Zheng Liu Wuyan’s frantic attacks, and his feather arrows shot towards the other handsome men.

“No, no, no, stop it! They are all my darlings!!”

Zheng Liu Wuyan’s attacks became more and more frantic, her eyes bloodshot as she roared:

“Stop it, you old hag!!”

Lin Tianhao turned a deaf ear and continued to attack.

“Ding, congratulations, you have successfully killed the Handsome Man of Fire. A server-wide announcement will be made soon. Do you want to hide your name?”

“No!”

“Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Handsome Man of Fire. Special announcement, hoping that all adventurers will continue to work hard!!”

... ..

“Ding, congratulations, you have successfully killed the Handsome Man of Fire. Your Fire element Dao comprehension speed has increased by ten percent.”

A satisfied smile appeared on Lin Tianhao’s face. This was great.

The faster the Dao comprehension speed, the better. It's good to stack up the Dao comprehension speed.

These handsome men must not be let go.

"No!!!!"

Zheng Liu Wuyan roared, "I'm going to fight you to the death!!"

Zheng Liu Wuyan spread her hands out, chanting an ancient incantation.

In the next moment.

Black holes began to appear on Zheng Liu Wuyan's body.

When these black holes appeared, Lin Tianhao's health bar began to plummet.

"In the face of percentage damage, even if you have trillions of health points, you will have to kneel before me!!"

Percentage damage?

It sounded awesome.

Absolute Block!!

Lin Tianhao released the skill without hesitation.

With Absolute Block, everyone else is trash!!

“Bang—”

Zheng Liu Wuyan’s attack landed instantly.

Lin Tianhao’s health did not drop at all.

Seeing this scene, Zheng Liu Wuyan was stunned for a moment.

She didn’t understand.

This was her noble percentage damage, and the level she displayed was very, very high.

With Lin Tianhao’s level, it was impossible for him to block her percentage damage.

However.

The truth was.

Her noble percentage damage was completely blocked by Lin Tianhao.

“No, no, no, how is this possible!!”

“What kind of monster are you!!”

Zheng Liu Wuyan’s worldview was about to be shattered.

How could Lin Tianhao be so powerful?

She couldn't understand, and she couldn't accept it.

How could Lin Tianhao be so powerful?

She was shocked, but Lin Tianhao was not idle.

"Ding, congratulations, you have successfully killed the Handsome Man of Wood. A server-wide announcement will be made soon. Do you want to hide your name?"

"No!"

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Handsome Man of Wood. Special announcement, hoping that all adventurers will continue to work hard!!"

... ..

"Ding, congratulations, you have successfully killed the Handsome Man of Wood. Your Wood element Dao comprehension speed has increased by ten percent."

"Ding, congratulations, you have successfully killed the Handsome Man of Ice. A server-wide announcement will be made soon. Do you want to hide your name?"

"No!"

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Handsome Man of Ice..."

... ..

Lin Tianhao could be said to have successfully killed all seven handsome men.

They had no power to resist in Lin Tianhao's hands.

The seven handsome men had different attributes.

They were the five elements of metal, wood, water, fire, and earth, as well as the two mutated attributes of wind and ice.

"Die, you old hag!!"

"You can block me once, but can you block me twice?!"

Zheng Liu Wuyan roared repeatedly, attacking again.

As Zheng Liu Wuyan's attack landed again, Lin Tianhao's health plummeted by ten percent!!

Don't underestimate it.

With each palm strike, the power contained in each of Zheng Liu Wuyan's hands was 5% of the maximum health.

Lin Tianhao had also heard of percentage damage, but this was the first time he had encountered such a high percentage of percentage damage like Zheng Liu Wuyan's.

Even Lin Tianhao's skill, Source Burning, could only burn 0.1% of the maximum health.

And this damage value could still be resisted.

Not Absolute Block, but as long as the level was high enough, it was possible to block Lin Tianhao's Source Burning.

“Die!!”

Zheng Liu Wuyan slapped down again. Lin Tianhao did not dodge. He had Resurrection on the Spot. At this time, he could see how strong this percentage damage was.

If each palm strike could knock off 10% of his maximum health, then even a god would have to kneel.

However.

After this attack, the black holes on Zheng Liu Wuyan’s body disappeared, and Zheng Liu Wuyan’s aura was also obviously weakened.

Lin Tianhao grinned, “I thought your skill was so powerful? It’s nothing more than that!”

Despite what he said.

Lin Tianhao still used Source Replication.

Although this skill was average, Lin Tianhao still didn’t mind learning it.

On the other side.

With Hei Tianao intervening, the Three Demon Emperors of the Insect Clan could not assist Master, and the battlefield was once again separated.

In a one-on-one situation, Zheng Liu Wuyan was still in a weakened state and could not fight Lin Tianhao at all.

Her health regeneration was high, but Lin Tianhao’s damage was not to be underestimated.

When the two fought, she could barely contend with Lin Tianhao, but her health was still dropping non-stop.

And Lin Tianhao was fighting completely without taking damage, stacking health on Zheng Liu Wuyan.

“Withdraw!!”

When Master saw this, he already understood.

Today’s situation had already determined the outcome.

Continuing to stalemate like this would not end well for them.

Especially.

If Zheng Liu Wuyan was killed by Lin Tianhao, there would be basically no way to retreat.

Zheng Liu Wuyan’s expression turned ashen when she heard Master say to withdraw.

All seven of her subordinates had been killed by Lin Tianhao. How could she accept withdrawing at this time?

“Wuyan, give up. I know you are very distressed, but where there is life, there is hope.”

Zheng Liu Wuyan took a deep breath.

She could also see the situation clearly.

Continuing to fight would only lead to their defeat.

“Withdraw!!”

In the end.

Zheng Liu Wuyan also chose to retreat.

She and the Three Demon Emperors of the Insect Clan instantly moved closer to Master.

Master opened his arms, and a spatial rift spread towards Lin Tianhao and the others.

And they disappeared in an instant.

Lin Tianhao’s eyes narrowed slightly. It was still difficult for Lin Tianhao to keep a strong person at the Great Emperor Realm who was determined to leave with Lin Tianhao’s current combat power.

“How is it?” Lin Tianhao asked, “That Master seems to be very fierce.”

Hearing this.

Qing Ya Guisha smiled helplessly, “Indeed fierce, but he and I are evenly matched.”

“If it is in my God Talisman Building, then I can beat him easily, if it is in his territory, he can also beat me easily.”

Chapter 1225 - Planning: Five elements attributes!

Lin Tianhao smiled helplessly and said, "What a pity."

"If it weren't for this Master Ye's intervention, everyone at Wangyue Tower would have died."

Qingya Guisha nodded and said with a wry smile:

"It's indeed a pity. Moreover, this matter will soon spread. It will be even more troublesome for us to kill blood eaters next."

"It might even attract people from the other two cities and the Eighteen Mountains to target us."

Lin Tianhao sighed. He had also thought of this problem.

"I don't know much about the Ancient God Mystic Realm. In this situation, what do you think I should do best?" Lin Tianhao asked.

Qingya Guisha pondered slightly and said:

"My lord, you have already entered the unconscious state of unity between man and nature at the Puppet Arrow Divine King. My idea is to integrate the five elements and construct a domain with five elements attributes."

"Oh?"

Lin Tianhao raised his eyebrows slightly, and Qingya Guisha continued:

"There are many attributes between heaven and earth, divided into metal, wood, water, fire, earth, wind, thunder, ice, light, darkness, space, time, and so on."

"However, the origin of the many attributes between heaven and earth is born after the five elements attributes are fused with each other."

"Mastering the five elements attributes, in theory, is to master all the attributes between heaven and earth."

Lin Tianhao nodded heavily, he had also heard of this.

However, this thing only exists in theory.

Just like... in theory.

People can live forever.

At least.

In his previous life, Lin Tianhao had heard of quite a few people who cultivated the five elements attributes at the same time.

But the result was that none of these people who cultivated the five elements attributes could evolve other attributes through the five elements attributes.

Even if someone can condense water into ice, it cannot be regarded as an ice attribute, but forcibly condense water into ice cubes, which is essentially different from the ice attribute.

"Okay, then start with the five elements attributes!"

Lin Tianhao has the Creation Jade Plate, and he may not be able to reach that step in the future.

Next.

Qingya Guisha began to lead Lin Tianhao to continue searching for inheritances related to the five elements attributes near Daluo City.

The five elements attributes are the most common among many attributes, and they are also relatively easy to comprehend.

Therefore.

Most of the gods who have attained enlightenment and become gods have actually passed through one of the five elements attributes.

The five elements attributes can be regarded as the bottom among many attributes.

However, in the same level, those who cultivate the five elements attributes are not as good as those who cultivate the higher attributes.

The Fire Attribute Divine King can't beat the Space Attribute Divine King.

At least.

In the collision of the power of rules, the Fire Attribute Divine King is completely incomparable to the Space Attribute Divine King.

This is also why Lin Tianhao initially asked Qingya Guisha, basically all of them are higher attributes.

Because the truly powerful ones are the higher attributes, this is beyond doubt.

Of course.

What Qingya Guisha said is also true.

If you comprehend all the five elements attributes to a relatively high level, it is indeed possible to evolve other attributes through the five elements attributes.

And it is relatively easy to obtain the inheritance of these ordinary gods.

When Lin Tianhao and Qingya Guisha went to obtain these inheritances.

Outside Daluo City, a hundred miles east, there is a misty swamp.

Under this misty swamp, there is an underground palace.

At this time.

In this misty swamp, Master Ye, Zheng Liuyan, and the Worm Demon Three Emperors gathered here.

"Master Ye, this matter cannot be left like this, they must pay the price."

Hearing this.

Master Ye frowned slightly and said:

"You have also seen the skills of the Snow Emperor. We have no way to deal with the Snow Emperor at all. If we continue to fight the Snow Emperor, we will not end well."

Zheng Liuyan gritted her teeth and said:

"Master Ye, the Snow Emperor will not let us go. He killed so many blood eaters. This time he came to Wangyue Tower, it is obvious that he is here to destroy our Wangyue Tower."

"Now if we don't find a way to deal with him, what will we do when he grows higher and higher in this Ancient God Mystic Realm?"

Master Ye sighed heavily and said with a wry smile:

"You ask me what to do? I don't know either!"

"It's okay to deal with the Snow Emperor, but how should the Lord of Luo Tian be dealt with?"

"The Three Emperors are in the hands of the Lord of Luo Tian, and they don't even have a chance to escape. What can we do?"

"What we can do now is to live as long as possible."

"No!!"

Zheng Liuyan shouted angrily.

"Master Ye, how can you be so cowardly?!"

"Humans have always been our blood food, but what about now?"

"We are being bullied by a human like this, and you still want us to hide."

Master Ye stood up suddenly and rebuked:

"Zheng Liuyan, pay attention to your attitude!!"

"I have no obligation to help you. If you want to avenge your male pets, then go by yourself, don't come to me."

Zheng Liuyan was silent. Asking her to find Lin Tianhao is not asking her to die?

The Worm Demon Three Emperors also looked at each other.

Finally, one of the Worm Demon Three Emperors said aside:

"Master Ye, Zheng Liuyan is indeed a little excited, but I think what Zheng Liuyan said makes sense."

"Judging from the situation of fighting the Snow Emperor this time, he is not so terrible after all."

"The main thing is Qingya Guisha and another half-emperor realm powerhouse."

"If we can win over some more people, it is entirely possible to solve the Snow Emperor."

Hearing this.

Master Ye was silent.

"What I am worried about is not entirely the Snow Emperor, but also the Lord of Luo Tian!"

"When the Lord of Luo Tian killed the Three Emperors, I saw the battle process from a distance."

"The Lord of Luo Tian is too strong, so strong that it is unbelievable, so strong that it doesn't look like an Emperor level."

Hearing this.

Zheng Liuyan also calmed down and said slowly:

"Could it be a twelve-turn Great Emperor powerhouse, or even like the Three Emperors, possessing multiple Great Emperor rules!!"

The Three Emperors possessed nine Great Emperor rules at their peak.

People like the Three Emperors are still very, very few in the vast continent.

But in the endless star sea, there are still some such people.

Especially the powerhouses of the God Emperor and Half-Saint level.

They cannot cross the threshold of the saint, and they have a long lifespan, so they can naturally study other avenues.

Master Ye took a deep breath and said:

"Regardless of whether the Lord of Luo Tian is a twelve-turn multi-Great Emperor rule powerhouse, there is one thing I can be sure of."

"Based on my observation of the Lord of Luo Tian last time, none of us should be able to compete with him, even if the people from the other two cities take action together, it will be difficult to compete with him."

At this point.

Master Ye changed the subject and continued:

"The Snow Emperor can be resurrected, and it is very troublesome to kill him, so what we can do is to kill Qingya Guisha and the half-emperor powerhouse beside him."

Chapter 1226 - Geocentric vine!

"Okay."

Zheng Liu Wuyan nodded heavily, "Let's do it this way."

"I'll be satisfied if we can kill the Green Tooth Ghost Fiend."

Everyone is a Blood Feeder.

They can fight fiercely among themselves for Blood Food, even if it means bloodshed.

After all, that's their own business.

But the Green Tooth Ghost Fiend is helping a human to slaughter them, the Blood Feeders, which is unacceptable to them.

"Spread the word that the Snow Emperor has the corpses of gods, and not just one, but also the corpse of a God King!!"

"The Green Tooth Ghost Fiend wants to monopolize the corpses of the gods and has partnered with the Snow Emperor to hunt down their own kind!!"

The Strategist quickly made a decision.

"Also, as for us, let's wait and see, find an opportunity to kill the Green Tooth Ghost Fiend, and if possible, kill the Half-Emperor strongmen around the Snow Emperor as well."

Zheng Liu Wuyan smiled and said:

"Strategist is wise."

"We'll go and do it now."

The Insect Demon Three Emperors turned and left.

Seeing the Insect Demon Three Emperors leave, Zheng Liu Wuyan went straight up to the Strategist.

"Strategist... .."

"I was just rude to Strategist, and I feel very guilty. Next, let me serve Strategist well."

As she spoke.

Zheng Liu Wuyan squatted down in front of the Strategist.

... ..

It was the inheritance of a Fire-type God.

Just a common Fire-type God's inheritance, not very strong, only so-so.

However.

Lin Tianhao didn't care, just like what the Green Tooth Ghost Fiend said.

After he entered the state of Harmony between Man and Heaven, his speed of comprehension became faster.

Under this speed of comprehension, coupled with the Jade Butterfly of Creation and various blessings to the speed of comprehension.

Lin Tianhao's comprehension can be said to be smooth sailing.

Even though Lin Tianhao hadn't spent much time comprehending, the Fire Law had already entered the Perfection of True Intent.

Next.

Under the leadership of the Green Tooth Ghost Fiend, Lin Tianhao went to the territory of a Wood-type God.

To call it a territory was actually just a slightly larger cave dwelling. To put it bluntly, in the Ancient God Mystic Realm, how much territory could an ordinary God own?

There were so many experts in the God King Realm and God Emperor Realm in the Ancient God Mystic Realm.

In front of this Wood-type God's territory was a courtyard, not too large in area.

Behind the courtyard was a cave dwelling.

According to the Green Tooth Ghost Fiend, the residential structure of many ordinary Gods who entered the world was basically like this.

The outer courtyard was mainly the place where the Gods' descendants lived, including some servants.

As for the interior of the cave dwelling, it was generally the God's own residence, unless it was a God who practiced dual cultivation. Even couples rarely shared a cave dwelling.

Moreover.

From the Green Tooth Ghost Fiend's mouth.

Lin Tianhao also learned that there was very little pure love between Gods. Most Gods were together just to continue a bloodline of stronger descendants.

Otherwise.

Gods could completely marry mortals.

After all, mortals were easy to control, but the bloodline level of the children born to Gods and mortals was difficult to surpass the God's own, and their achievements were also difficult to surpass the God's own.

Besides.

It was difficult for mortals and Gods to have offspring.

Because the level of the two was too different.

Especially when male Gods and female mortals combined, even if they were lucky enough to conceive offspring, the female mortal's body would find it difficult to withstand the growth of the male God's offspring in her womb.

Of course.

If this mortal possessed an extremely powerful bloodline, then he or she would undoubtedly be a treasure.

Such a person, regardless of gender, would attract the favor of some powerful existences.

After all.

Most Gods encountered countless obstacles in continuing their bloodline.

Finding different-sex mortals to combine with in batches could also give birth to offspring, but most of these offspring had defects and were difficult to grow to a higher level.

Stepping into the courtyard of this Wood-type God, in the center of the courtyard, there was a small sapling.

This sapling was very fragile, swaying slightly in the wind, as if it could be blown down by the wind at any time.

Lin Tianhao looked around, and there was nothing unusual.

With a wave of his hand.

Lin Tianhao summoned the Wind Handsome and the others who had been killed by him before.

They had now become the undead enslaved by Lin Tianhao, and under Lin Tianhao's command, they walked towards the front.

They had just passed through the small sapling in front when several vines instantly burst out of the ground and lashed out at Wind Handsome.

Wind Handsome instinctively dodged, but the vines came suddenly, and his dodge was still a bit too slow.

-2.9 billion!!

-3.2 billion!!

-3.3 billion!!

... ..

Several vines lashed out at Wind Handsome, dealing one high amount of damage after another.

Immediately afterwards.

More and more vines burst out of the ground and lashed out at Wind Handsome and other undead.

This time.

Wind Handsome's figure was erratic, and he actually managed to avoid all the attacks of the vines by relying solely on his footwork.

But the number of vines spreading out from the soil was increasing.

In the blink of an eye, there were already hundreds of vines lashing out at Wind Handsome and other undead.

Lin Tianhao narrowed his eyes and launched Arrow from the Heart, shooting towards the small sapling.

This small sapling appeared here a little too abruptly.

Regardless of whether there was a problem with it, he would know by trying it out.

Sure enough.

At the same time as Lin Tianhao's feather arrow flew towards the small sapling, a large number of vines lashed out at Lin Tianhao's feather arrow, trying to destroy it.

However.

Such defense was of no avail.

Lin Tianhao's feather arrow, which was attached with the Lock of Heavenly Punishment, made the obstruction of these vines meaningless.

The feather arrow hit the small sapling.

-261.1 billion!!

-261.1 billion!!

+130.5 billion!!

+130.5 billion!!

+10 billion!!

+10 billion!!

... ..

Lin Tianhao took a deep breath. The Wood-type's means of healing were truly powerful.

If the Hand of Heavenly Punishment after evolution was not considered, Lin Tianhao's strongest healing skill would be Dead Wood Rejuvenates.

The healing degree of this skill was definitely heaven-defying!!

Percentage healing, and such a high percentage healing!!

The healing effect of this small sapling should not be underestimated either.

However.

Although it healed a lot, it could not completely offset the damage of Lin Tianhao's feather arrow.

But in an instant, a large number of feather arrows covered the small sapling.

"Ding, congratulations, you have successfully killed the Earth Core Ball Vine, a server-wide announcement will be made soon, do you want to hide your name?"

"No."

Lin Tianhao said lightly.

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Earth Core Ball Vine, hereby announced, hoping that adventurers will continue to work hard!!"

... ..

After solving the Earth Core Ball Vine, Lin Tianhao stepped forward to loot the corpse.

This Earth Core Ball Vine healed so much, maybe it would drop some powerful skills.

However.

This Earth Core Ball Vine recovered health when attacked, which was similar to the effect of the Bloodthirsty Dragon Armor.

Chapter 1227 - Continuous poisoning!

However.

The skill level of the Bloodthirsty Dragon Armor is still too low. When facing some powerful opponents, its effectiveness will be greatly reduced.

“Ding, you have obtained Equipment +5.”

“Ding, you have obtained Skill Book +3.”

“Ding, you have obtained Free Attribute Points +200.”

“Ding, you have obtained Gold Coins +5000.”

“Ding, you have obtained...”

.....

Lin Tianhao checked the equipment, which was purely for show.

The equipment dropped by the Earth Core Vine was useless to Lin Tianhao.

As for the skill books...

Unsurprisingly.

They were also useless!!

He had fantasized about dropping some powerful skills, but the result still disappointed him.

As for the remaining items, they were better than nothing.

Just two hundred free attribute points were like a drop in the bucket for the current Lin Tianhao, not worth mentioning.

Next.

Lin Tianhao had Wind-like Handsome Man and the others continue scouting the way, splitting up to act.

This courtyard was quite large. Judging from the courtyard passages leading in and out, Lin Tianhao estimated that it could easily accommodate hundreds or even thousands of people.

They dispersed to explore, in case there were dangers in other rooms.

As for the front, Lin Tianhao still had Wind-like Handsome Man in the lead, with him following behind.

With the undead scouting the way, Lin Tianhao was also much more careful when walking.

Although this was just the residence of an ordinary god, Lin Tianhao still didn't let his guard down.

An ordinary god was still a god.

Moreover.

Who knew if Qingya Ghost Fiend's information was accurate.

After all, Qingya Ghost Fiend only entered the Ancient God Mystic Realm later to eat leftovers. Lin Tianhao wasn't sure how much he knew about the Ancient God Mystic Realm.

As for Nidelieff.

She wasn't a permanent resident of the Ancient God Mystic Realm either. She generally knew the situation of the Ancient God Mystic Realm, but she didn't know much about the specific details.

Qingya Ghost Fiend looked around and said:

“My lord, you don't need to be so cautious. In this kind of place, even if the god here hasn't died yet, with the strength of the two of us, we can completely handle it.”

Lin Tianhao smiled and didn't refute.

What Qingya Ghost Fiend said was correct.

Ordinary gods were indeed not too strong.

“Have you been here before?”

Qingya Ghost Fiend was stunned and said:

“No, what's wrong?”

“Since you haven't, how can you be sure that there are no dangers here?”

Qingya Ghost Fiend was taken aback before saying:

“Isn't it because I didn't sense anything?”

Lin Tianhao smiled and said:

“Didn't sense anything? If you could sense it, it wouldn't be a danger.”

“Let's go.”

“Let these undead walk in front. It won't take us much more time.”

Qingya Ghost Fiend nodded, but still asked with some doubt:

“My lord, you can revive on the spot. There's really no need to be so careful.”

Lin Tianhao sighed and said:

“Revive on the spot? But there are always times when you can't revive.”

“There's a saying widely circulated among us humans, almost everyone knows it.”

“What saying?” Qingya Ghost Fiend asked.

“To capsize in the gutter.”

“Many strong people often don't die because they encounter opponents who are too strong to hunt them down, but because... they capsize in the gutter!”

As Lin Tianhao's voice fell, from the room explored by Fire-like Handsome Man on the left, there was a loud noise. Immediately afterward, Lin Tianhao saw Fire-like Handsome Man unleash his domain, and flames soared into the sky.

A winding, coiled flame dragon struck towards the direction in front of him.

Lin Tianhao and Qingya Ghost Fiend jumped up and flew into the air.

There.

Lin Tianhao saw a small wooden figure.

Profound Wood Ancient Man (King-level): Level 10000.

Health Points: 312.57 billion / 313.11 billion:

Attack: 5.9 billion.

Skills: Regeneration, Resurrection, Recovery, Transformation, Evolution, Endless Vines, Endless Clones, Flesh Reproduction, Berserk, Super Armor...

Lin Tianhao's eyes narrowed, slightly surprised that the Profound Wood Ancient Man's health points were on the high side for a King-level.

This was also reasonable.

The vitality of the wood element was inherently stronger than some other attributes.

Fire-like Handsome Man was in an undead state, and his combat power was only 70% of his peak state.

However.

The opponent, Profound Wood Ancient Man, was, after all, a wood element. With the attribute countering situation, Fire-like Handsome Man should still have a chance of winning.

But the result surprised Lin Tianhao somewhat.

Because this Profound Wood Ancient Man was constantly splitting into clones. The health points and skills were not as good as the Profound Wood Ancient Man's main body, but the attack power perfectly inherited the Profound Wood Ancient Man's attack power.

Not only that.

The Profound Wood Ancient Man's vines were not afraid of flames. The vines pierced through Fire-like Handsome Man's flame domain and lashed towards Fire-like Handsome Man.

Not just one.

But countless vines. The clones had vines, and the ground had vines. As soon as they attacked, vines from all directions swept towards Fire-like Handsome Man.

“Space Blink!”

In an instant.

Lin Tianhao directly used Space Blink.

The moment Lin Tianhao blinked away, a scarlet vine appeared under his feet.

The vine was extremely sharp, with some barbs on it. Just looking at it like this gave Lin Tianhao a very strong sense of oppression.

“You didn't sense this, did you?” Lin Tianhao looked at the scarlet vine.

This scarlet vine was too strange.

If it weren't because Lin Tianhao had already entered the state of unconscious unity of heaven and man, he probably wouldn't have been able to avoid this attack just now.

“Strange.”

Qingya Ghost Fiend frowned, “This vine is right in front of my eyes, but my divine sense can't capture its existence at all.”

“Be careful!”

Lin Tianhao retreated, but it was already too late.

“Ding, you have been poisoned by the Fantasy Flower Poison, and will enter a state of continuous health loss.”

-190,000!!

-190,000!!

.....

One after another damage numbers popped up above Lin Tianhao's head.

“Ding, you have been poisoned by the Fission Ancient Flower Poison, the damage you take will be increased by 100%, lasting for five minutes.”

“Ding, you have been poisoned by the Weird Bean Flower Poison, all healing effects you receive will be reduced by 50%, lasting for five minutes.”

“Ding, you have been poisoned by the White Lotus Ancient Poison, and will enter a state of continuous health loss.”

.....

Lin Tianhao received a series of prompts.

These poisons came too suddenly.

However.

These were all minor problems for Lin Tianhao.

Lin Tianhao's high damage reduction, coupled with Life Transformation, and Lin Tianhao's poison resistance, this poison was completely tickling Lin Tianhao.

Even compared to Lin Tianhao's current health points, it wasn't even tickling.

As for Qingya Ghost Fiend, his health loss wasn't as easy as Lin Tianhao's.

At this time, Qingya Ghost Fiend was losing more than 500 million health per second.

This was because Qingya Ghost Fiend himself had some poison resistance and his life had undergone transformation.

Otherwise, he would lose even more health.

Chapter 1228 - Mysterious plants underground!

Azure Fang, the Ghost Fiend, also noticed Lin Tianhao's health depletion. Looking at his own, he was momentarily at a loss for words.

"My lord, for a moment, I truly felt that you were the darling of this world," he said.

Lin Tianhao smiled and said, "Didn't the Puppet Arrow God King say that I am the co-lord of the world? Naturally, I can be considered the darling of the world."

Azure Fang, the Ghost Fiend, didn't continue talking to Lin Tianhao. He looked at the crimson vines and coldly said:

"Hiding your head and showing your tail, you seek your own death!!"

As soon as he finished speaking.

Azure Fang, the Ghost Fiend, struck out with a palm from a distance, trying to tear the crimson vines apart.

Before the palm print could land, the crimson vines directly retreated into the ground.

And at the instant these crimson vines retreated into the ground, nine crimson vines simultaneously attacked Azure Fang, the Ghost Fiend, from different directions.

Azure Fang, the Ghost Fiend's expression slightly changed. He couldn't sense these crimson vines at all. He could only discover them at the instant they appeared.

He deployed his domain.

These crimson vines frantically lashed out at Azure Fang, the Ghost Fiend's domain, smashing fine cracks into it.

“How is this possible?”

Azure Fang, the Ghost Fiend, was shocked. He really hadn't expected that his domain, at his level, would actually be cracked by these vines.

This was somewhat unbelievable.

However.

Lin Tianhao didn't pay attention to Azure Fang, the Ghost Fiend, at this time. Instead, he first dealt with the Xuanmu Ancient Man.

The Xuanmu Ancient Man's recovery ability was indeed formidable. Most importantly.

He could also decompose into a large number of clones.

Each clone looked almost exactly like the original with the naked eye.

Besides this.

There were also a large number of vines attacking Fire Gentleman and the others from different directions.

If Lin Tianhao wanted to attack the Xuanmu Ancient Man again at this time, the Xuanmu Ancient Man had already遁入 (dùn rù -遁入 means to escape into, usually in the context of hiding) into the ground, leaving only the vines to continue attacking Lin Tianhao and the others.

“Evil Sword Immortal Form!”

A cold glint flashed in Lin Tianhao's eyes as he summoned the Asura Divine Sword.

In an instant.

Heavenly thunder and earth fire were drawn by Lin Tianhao. Streaks of heavenly thunder fell from the sky, splitting these vines into pieces.

On the ground.

Earth fire spewed out, burning the vines to ashes.

However.

A crimson vine instantly wrapped around Lin Tianhao's feet.

Lin Tianhao dodged, followed by a second, a third...

The number of vines increased, but Lin Tianhao's Asura Divine Sword cut down even more vines.

In the blink of an eye.

The number of vines destroyed by Lin Tianhao's heavenly thunder and earth fire had already exceeded one thousand.

Seemingly noticing Lin Tianhao's heavenly thunder and earth fire, the master of these vines also knew that they couldn't be fought head-on.

The surrounding vines quickly遁入 (dùn rù -遁入 means to escape into, usually in the context of hiding) into the ground. In an instant, all of these vines disappeared.

Azure Fang, the Ghost Fiend, coldly snorted and scolded:

“Coming when you want, leaving when you want, aren't you taking me too lightly?”

As soon as he finished speaking.

“Hehe, found you.”

“Come out for me!”

Azure Fang, the Ghost Fiend, leaped up. His palm seemed to be grabbing something in the air.

The earth shook and the mountains swayed, and the ground cracked layer by layer.

Not to mention the Wood-type God's courtyard, even the ground within ten miles outside of the vine garden completely cracked open.

Lin Tianhao's expression darkened.

Azure Fang, the Ghost Fiend, had grabbed something.

“Pa—”

Just at this moment.

A dark golden vine pierced through the void and instantly appeared in front of Azure Fang, the Ghost Fiend.

With one strike, it directly sent Azure Fang, the Ghost Fiend, flying.

-31.5 billion!!

A huge damage number appeared above Azure Fang, the Ghost Fiend's head.

At the same time.

A crack appeared in the place where Azure Fang, the Ghost Fiend, had been attacked by the golden vine, and thin vines spread out from Azure Fang, the Ghost Fiend's wound, trying to entangle him.

“Ah—”

Azure Fang, the Ghost Fiend, let out a miserable cry, because there were also vines spreading inside the wound, piercing through his flesh and sweeping towards his heart.

“Shua!”

Azure Fang, the Ghost Fiend, endured the pain and grabbed the vines in the wound, directly pulling out a mass of vines.

These vines were covered in blood, showing that this was no small matter for Azure Fang, the Ghost Fiend.

-20.1 billion!!

-20.2 billion!!

...

One after another damage number appeared, not posing too great a threat to Azure Fang, the Ghost Fiend.

But this one strike made Azure Fang, the Ghost Fiend, so embarrassed.

Even Azure Fang, the Ghost Fiend, couldn't help but feel annoyed at this time.

“Did you think that just because you're hiding underground, I have no way to deal with you?”

Azure Fang, the Ghost Fiend, roared angrily and summoned the Tower in a Tower.

The Tower in a Tower continued to grow larger in his hand, and then suddenly slammed down.

The entire courtyard of this Wood-type God was razed to the ground by the Tower in a Tower!!

At this time, here.

Only a huge Tower in a Tower remained, and one could barely see that there used to be a God's courtyard here.

“Rise for me!!”

With a wave of Azure Fang, the Ghost Fiend's hand, the Tower in a Tower rose from the ground. At the same time, a huge magic circle appeared on the ground.

The magic circle contained a powerful pulling force, dragging the guy underground out.

Within a ten-mile radius, the earth shook and the mountains swayed again, and the ground cracked and shattered layer by layer.

Then.

Lin Tianhao finally saw a hint of crimson.

However.

Just when Lin Tianhao thought that Azure Fang, the Ghost Fiend, would be able to pull this guy out from underground.

Three more golden vines struck Azure Fang, the Ghost Fiend, from three different directions.

Azure Fang, the Ghost Fiend's expression slightly changed.

“I'll do it!”

Lin Tianhao also saw that the thing underground was extraordinary.

This so-called Wood-type God had cultivated an incredible thing under his own courtyard.

Feather arrows cut through the sky. No matter how powerful these golden vines were, Lin Tianhao didn't believe that they could withstand his feather arrows.

As expected.

Lin Tianhao's feather arrows hit these golden vines, easily forcing them back.

“Rise!!”

Seeing that Lin Tianhao could block these golden vines, Azure Fang, the Ghost Fiend, had no worries and fully activated the Tower in a Tower, trying to drag it out from underground.

Just when Lin Tianhao thought that Azure Fang, the Ghost Fiend, was about to succeed, a black vine cut through the sky and struck towards Lin Tianhao.

At the same time.

There was also another black vine striking towards Azure Fang, the Ghost Fiend.

Lin Tianhao frowned, because from this black vine, Lin Tianhao actually felt a hint of threat.

The crimson vines at the beginning, the golden vines later, and now the black vines.

What exactly is this thing underground?

Being able to contend with Azure Fang, the Ghost Fiend, for so long, its realm is not difficult to guess.

Emperor-level!!

This guy underground can basically be confirmed to be Emperor-level, and the level may even be lower than 10,000, or even a demigod or pseudo-god.

Chapter 1229 - Alien species in the starry sky, unknown creatures!

It's rare for a deity to be able to cultivate a Great Emperor.

Don't think that Great Emperors are common.

The Ancient God Secret Realm is too unique.

Qing Ya Guisha and the others entered here from the Endless Star Sea.

If it were anyone else, they wouldn't even have the qualifications to enter the Endless Star Sea.

The fact that Qing Ya Guisha and the others can traverse the Endless Star Sea and dare to enter this Ancient God Secret Realm, wanting to get a share of the pie here, already says a lot.

Even for a deity, it is extremely difficult to cultivate a powerhouse at the Great Emperor Realm.

“Bang, bang, bang—”

While Lin Tianhao was blocking these two black vines, on the other side, more black vines were sweeping towards Lin Tianhao.

Lin Tianhao's expression changed slightly, and he took out the Shura Divine Sword again.

Heavenly Lightning and Earthly Fire were invoked, and sword energy swept across the heavens and earth.

“Tear—”

The black vine was actually torn open by Lin Tianhao, creating a gash.

Streams of pitch-black liquid poured out from within the black vine.

“Careful!!”

Lin Tianhao's expression suddenly changed.

Because his unconscious state of unity with heaven and earth sensed an extremely strong crisis.

Although Qing Ya Guisha was doubtful, when Lin Tianhao said this, he immediately retreated.

The moment Lin Tianhao and Qing Ya Guisha retreated.

Those pitch-black liquids flew towards Lin Tianhao as if they were alive.

Lin Tianhao dodged, but these liquids chased relentlessly behind Lin Tianhao, not giving Lin Tianhao any chance to dodge.

Lin Tianhao's sword energy slashed towards these black liquids, but these black liquids seemed to be alive, and they directly separated, avoiding Lin Tianhao's sword energy.

Qing Ya Guisha unfolded his domain, trying to block these black liquids.

However, when the black liquids came into contact with Qing Ya Guisha's domain, they actually began to corrode Qing Ya Guisha's domain.

“What the hell is this thing?!!”

Qing Ya Guisha's expression changed drastically.

His domain couldn't stop these black liquids either, it could only barely slow down the flight speed of these black liquids.

“Nidre Leef!!”

Lin Tianhao shouted in a low voice.

“Do you recognize this thing?”

This black liquid was too terrifying, Qing Ya Guisha's domain would be corroded, if Lin Tianhao was hit by these black liquids, he couldn't guarantee whether he could withstand it.

Nidre Leef finally emerged after being yelled at by Lin Tianhao.

"It doesn't seem to be something from our Milky Way World, it should be a variant introduced from the Endless Starry Sky."

"Or it comes from another world."

Lin Tianhao took a deep breath and asked: "Is there a countermeasure?"

Lin Tianhao's movement speed was very fast, and he could barely parry.

"Master, if I can pull it into the Tower within a Tower, perhaps I can use the rules of the Tower within a Tower to deal with it." Qing Ya Guisha said.

Nidre Leef shook his head and said:

"That definitely won't work, this black liquid can corrode your domain, your Tower within a Tower will definitely not be able to withstand it."

"Moreover, the vitality of plant-based life is also extremely terrifying, and coupled with the fact that it is always hidden underground, it will be too difficult for you to kill it."

Lin Tianhao's expression was gloomy.

This thing was too strange!!

Putting aside everything else.

Even though these vines were right in front of him, Lin Tianhao's divine sense couldn't sense them at all.

Lin Tianhao could also move freely underground, but the problem was that he mainly relied on his divine sense underground.

If he had to use his eyes, only the Fiery Eyes of Truth would work.

As for the Eyes of Insight, they couldn't 窥探 to the depths of the ground either.

Even with a large range, it still required his gaze to reach it!

“Xue Di, give up!!”

Nidre Leef said very confidently.

“Some ancient variants are like this, as long as they guard their own territory, they are naturally invincible.”

Lin Tianhao's expression was gloomy, he scolded:

“But I think it should be on my God Sealing Board!”

Lin Tianhao's eyes showed a fierce light.

This guy was too strange and too powerful.

Thinking of this.

Lin Tianhao flew into the sky again, towards the top of the firmament.

The black liquid chased relentlessly from behind, and Lin Tianhao's Heavenly Punishment Locks aimed at these black liquids.

These black liquids actually swallowed Lin Tianhao's feather arrows.

Lin Tianhao frowned and said:

“Withdraw!”

At the same time.

Lin Tianhao still locked a large number of feather arrows onto these black liquids.

Qing Ya Guisha also knew that they hadn't even seen the main body of the thing underground and had already been beaten like this.

If they continued, they estimated that it would be difficult to withstand it.

Lin Tianhao and Qing Ya Guisha opened up a long distance, and then the black liquid retreated.

After the black liquid retreated, Lin Tianhao breathed a sigh of relief and said helplessly:

“Hei Tian'aozhen, and Nidre Leef, you all come out.” Lin Tianhao said in a deep voice.

Hei Tian'aozhen and Nidre Leef both emerged, they looked at each other and said helplessly:

“Master, do you still want to kill your way back?”

Lin Tianhao nodded, “This thing is so strong, I have no reason to let it go.”

“Moreover.”

“Aren't you curious as to why there is such a powerful monster in this place?”

Hei Tian'aozhen smiled bitterly and said:

“Master, listen to my advice, too much curiosity is not a good thing.”

“On this point, I agree with Senior Nidre's opinion, give up.”

Lin Tianhao's expression sank, giving up was something he really didn't want to do.

Intuition told Lin Tianhao that that thing was very strong, if he could integrate the thing underground into the God Sealing Board, then his territory would be safer in the future.

Underground.

This was actually a place that was very difficult for all major territories to defend.

Generally, a huge formation was set up underground.

However, such a formation, because the range area was too large, the defensive power was very weak, basically it was just a trigger-type formation.

And this time.

This monster hidden underground made Lin Tianhao feel that this was a very rare opportunity.

Qing Ya Guisha pondered slightly before saying:

“It's actually possible to fight this thing, its biggest problem is that we can't attack its main body.”

“Similar to this level of plant-like variant, even if we cut off a hundred, or even a thousand vines, it will be difficult to damage its foundation.”

Nidre Leef sighed and said seriously:

“No.”

“Haven't you noticed that the attacks of the things underground have been increasing?”

“At the beginning, the red vines, even those King-level undead were struggling to deal with.”

“Even if you don't take action, they will die in the hands of these vines.”

“The golden vines later have already been able to confront Qing Ya Guisha.”

“And then the black vines later, have been able to chase you.”

Speaking to this point.

Nidre Leef paused slightly before continuing to say:

“Haven't you considered that the guy underground might have even more powerful vines?”

Chapter 1230 - A stone tablet falling from the sky!

Lin Tianhao was silent.

He had indeed been too eager to put this underground plant-type variant on the list of gods.

In addition, the combat power displayed by this plant-type variant was too strong, especially those black vines and black liquid.

Therefore.

Lin Tianhao subconsciously thought that these black vines were already the strongest vines of this plant-type variant.

But now, after hearing Nidelif's words, he realized that he had underestimated that guy.

They hadn't even seen the opponent's main body, what if there were even stronger vines?

At that time, they might not even have a chance to escape.

Although.

He and Qingya Guisha were already the ceiling of the current stage.

If this plant-type variant had any other means, there was only one possibility.

It was an eleventh or even twelfth turn existence.

As for the tenth turn.

Lin Tianhao felt that the tenth turn shouldn't be this strong.

With these guesses in his mind, Lin Tianhao gradually calmed down.

“Lord, this Ancient God Mystic Realm will be open to the public, and we will have many opportunities.”

Heitian Aozhen said solemnly:

“There is no need to risk your life.”

“The skill level of this kind of existence may even be higher than your skill level, Lord.”

Lin Tianhao smiled wryly and nodded, saying:

“I was too greedy, let's go somewhere else first.”

Currently, they were unable to go and cause trouble for this plant-type variant.

However.

Lin Tianhao wasn't completely without a chance.

Because there was also the Lord of Luo Tian!

The Lord of Luo Tian could even kill the Three Emperors, and his combat power should not be underestimated.

Moreover.

The Lord of Luo Tian's knowledge was also beyond the reach of ordinary people.

Perhaps.

The Lord of Luo Tian would know some useful information.

After thinking clearly about these things.

Lin Tianhao looked at Qingya Guisha and said:

“Let's go somewhere else, we will continue to acquire inheritance.”

“Okay.”

Seeing that Lin Tianhao had given up the idea of fighting the plant-type variant to the end, Qingya Guisha also breathed a sigh of relief.

To be honest.

When facing that plant-type variant, Qingya Guisha really had a deep sense of powerlessness.

Especially.

This plant-type variant clearly had black vines, but it revealed them little by little.

Even... ..

Even Qingya Guisha felt that the plant-type variant was a bit like an old man teasing a naughty boy.

Although it was a bit bizarre to say that, the more Qingya Guisha thought about it now, the more afraid he became.

“Okay, Lord, I will take you to find a residence of a wood-type god again.”

Qingya Guisha agreed readily and led Lin Tianhao away from the direction where the plant-type variant was located.

Lin Tianhao nodded, but still looked back at the direction where the plant-type variant was located.

He remembered that place in his heart.

One day, he would go back again.

Go back and see the true face of this plant-type variant, and go back and kill it!

... ..

At this time.

In the Ancient God Mystic Realm.

Many blood eaters had already received the news.

The Snow Emperor had the corpse of a god, and more than one corpse of a god!

Even the corpse of a god king was there.

Many of the strong men in the Ancient God Mystic Realm now were just here to pick up the leftovers.

Not to mention gods, they didn't even eat much high-level mortals.

Now, suddenly learning the news of the corpse of a god, they were all extremely excited.

In the swamp palace.

Zheng Liuyan's face showed a smug smile.

“Master, the news has now spread, and I believe someone will soon take action against the Snow Emperor.”

“At that time, we can also find an opportunity to take action.”

Master nodded and smiled:

“Not bad.”

Having said that.

Master shook his head helplessly again and said:

“It's just a bit of a pity, we estimate that it will be difficult for us to get a share of the god's corpse in the Snow Emperor's hands.”

Hearing this.

A cold light flashed in Zheng Liuyan's eyes.

“It's not a pity!”

“As long as we can make the Snow Emperor pay the price, then these are all worth it.”

“What's more, if we don't release the news, we will never be able to get the god's corpse from the Snow Emperor with just us.”

... ..

“Lord, ahead is the orchard of a wood-type god.”

“After he was killed, all the fruit trees planted in his orchard withered, and the danger here should not be that great.” Qingya Guisha said respectfully.

This time, for the sake of stability.

He specifically brought Lin Tianhao to this territory where he clearly knew that the god here had been killed.

The territory where the plant-type variant was located, Qingya Guisha only knew that it used to be the territory of a wood-type god.

As for more, he actually didn't know much.

But this orchard was different.

Qingya Guisha knew relatively more, so that he could avoid the possibility of encountering danger again.

Lin Tianhao nodded, he actually didn't quite believe that he could be so unlucky that he could encounter that kind of plant-type variant everywhere.

However.

Lin Tianhao still let the undead scout the way.

It was just a pity for Feng Zhijunnan and the others.

Lin Tianhao and Qingya Guisha ran away, but Feng Zhijunnan, Huo Zhijunnan, and the others couldn't run back with them.

In Lin Tianhao's perception, Feng Zhijunnan and Huo Zhijunnan had already been annihilated.

Now Lin Tianhao didn't have many high-level undead that he could mobilize, so he could only let ordinary undead scout the way for the time being.

After all, if he lost some more high-level undead, Lin Tianhao would not be able to afford it.

Entering the orchard, it seemed to be much safer here.

The withered fruit trees seemed to have completely lost their vitality, and they no longer had any vitality.

However.

Lin Tianhao's undead had just entered the orchard when they were attacked.

“Shoo shoo shoo——”

Sharp thorns flew rapidly towards the undead like feathered arrows.

Ordinary undead didn't have much resistance against these rapidly flying thorns.

After all, they were things left by gods, and even if they were a little worse, they wouldn't be too bad.

“Wood-type gods are really different from other gods.”

Lin Tianhao muttered to himself.

At the same time.

Qingya Guisha had already taken action.

These dead trees that emitted sharp thorns seemed a little vulnerable in Qingya Guisha's hands and were directly swept away.

But at this moment.

Above the sky, a stone tablet fell from the sky and smashed towards the top of Lin Tianhao's head.

Lin Tianhao subconsciously retreated, but immediately afterward.

More and more stone tablets fell from the void, and they became faster and faster.

Every time a stone tablet fell, Lin Tianhao could feel the pressure on his body increase by a few points.

I saw that these stone tablets emitted black light, and these black light enveloped Lin Tianhao.

Restricting Lin Tianhao's body, making Lin Tianhao's soul also sluggish.

Lin Tianhao had an unconscious state of unity between man and nature, so he could predict these stone tablets in advance.

As for the slowing effect of these black lights on Lin Tianhao, it could be ignored.

Because Lin Tianhao's boots of heavenly punishment could immunize any slowing effect!
