

O game 1231

Chapter 1231 - Black Mountain Wizard!

As Lin Tianhao dodged the stone tablets, chains flew out from among the fallen ones.

These chains wrapped towards Lin Tianhao.

The stone tablets falling from the void also formed an encirclement, with numerous chains attempting to bind Lin Tianhao.

Lin Tianhao continuously released feather arrows, trying to block these chains.

Under the feather arrows of Lin Tianhao's Heaven's Punishment Lock, these chains were shattered one after another.

After dealing with the withered wood, Qingya Ghost Fiend didn't idle either, immediately rushing to support Lin Tianhao.

However, before he could get close, a layer of frost appeared on his body.

His expression changed, and the power around him surged out, dissipating the frost on his body.

Just as the frost on his body had been shaken off, snowflakes began to fall from the sky again.

These snowflakes seemed to drift randomly, but upon closer inspection, one could discover that.

Each snowflake had tiny, intricate runes flowing on it.

Qingya Ghost Fiend immediately summoned the Tower Within a Tower to protect himself, his face grim as he surveyed his surroundings.

"Burial Sky, Nether Snow, why aren't you staying in your Mount Duoluo, what are you doing running to our Great Luo City?!"

Obviously.

Qingya Ghost Fiend recognized the identities of those who had attacked.

As Qingya Ghost Fiend's voice fell, a man and a woman stepped through the void.

The man was burly, over three meters tall, with muscles bulging all over his body, giving people a sense of explosive power just by standing there.

The woman wore a snow-white coat, which was open, revealing a surprisingly revealing outfit that showed off her hot figure.

The man carried a huge stone tablet on his back, the intricate runes on the tablet making people feel as if they were about to be dragged into it with just one glance.

The woman walked in the void with a hint of lotus steps.

The only difference was that with each step she took, frost rippled out from under her feet, as if the void was frozen.

Qingya Ghost Fiend's expression was solemn.

"What? Do you think that now that Lord Three Emperors are dead, you can come to our Great Luo City to run wild?"

Burial Sky raised his head and laughed, his rough voice filled with a strong sense of ridicule.

"Qingya boy, you're really going backwards as you live, actually cooperating with a human."

Qingya boy!!

This Burial Sky really had a big mouth.

However.

Qingya Ghost Fiend didn't refute, but frowned and asked:

"Burial Sky, who I cooperate with doesn't seem to need your approval, right?"

"Qingya boy, don't say we're not giving you face."

"We only want half of the God King's corpse, as for the rest, we don't care."

Qingya Ghost Fiend was about to speak when the sky suddenly darkened, and dark clouds covering the sky pressed down.

"Since they want half, how about giving the other half to this old man who's like a candle in the wind?"

As the voice fell.

A gaunt old man walked slowly from above the dark clouds.

Just as he said, he was like an old man who was like a candle in the wind, and a slightly stronger wind might be able to blow him down.

Lin Tianhao's eyes narrowed slightly, today's situation was a bit out of control.

Not many people knew about the fact that he had the corpse of a god.

These guys.

Seemed to be from outside Great Luo City.

In that case.

There could only be one explanation.

That was...

Someone deliberately leaked the news to these guys outside Great Luo City.

As for who it was, it seemed that there was no need to guess.

It must be those guys from Moon Gazing Tower.

Or perhaps the Advisor, the Three Emperors of the Insect Demon, and those people!

However.

Even if Lin Tianhao knew who had leaked the news, he could do nothing about it.

Seeing how aggressive these guys were, he knew that today's matter would probably be difficult to end.

Especially from Qingya Ghost Fiend's expression, it could be seen that these three were not ordinary people.

"Black Mountain Witch Lord, you're not being fair, I and Nether Snow are only splitting half, and you want to enjoy half by yourself, that's not fair," Burial Sky laughed.

"Fair?"

Black Mountain Witch Lord's mouth turned up, sneering:

"Where is there any fairness, I don't want your half, why are you targeting this old man."

Lin Tianhao didn't speak, it would be best if this Black Mountain Witch Lord and Burial Sky and Nether Snow fought among themselves.

That way he could reap the benefits, that would be the best.

But what Nether Snow said next made Lin Tianhao feel as if he had fallen into an ice cellar.

"How to divide it will be discussed later, in any case, we have to get the God King's corpse first, right?"

"This little baby killed the Octopus, so we can't underestimate him."

Lin Tianhao: "..."

I'm just a small fry at the fifth rank.

Why are you paying attention to me!

Lin Tianhao was really crying without tears, why was the spearhead aimed directly at him.

"Snow Emperor, hand over all the God King's corpse on your body."

Nether Snow's indifferent gaze fell on Lin Tianhao, she looked at Lin Tianhao, her eyes without a trace of emotion.

Lin Tianhao frowned slightly and said:

"I don't have it."

"God King's corpse, you think too highly of me, where would I get the God King's corpse from?"

Nether Snow smiled and said:

"If I had the God King's corpse, I wouldn't admit it either."

"If you don't hand it over, then I'll kill you and search your body."

Lin Tianhao's expression sank, "Are you really treating me like a pushover?"

"Hehe, you're right, who else is a pushover here if not you?" Black Mountain Witch Lord said with a smile.

Lin Tianhao didn't waste any words, these people were all shrewd, using any tricks in front of them would be useless.

"I said I don't have the God King's corpse on me, if you don't believe me, I can't do anything about it."

"However, if we really have to fight, I'm not afraid of you!!"

So what if they were three Great Emperor powerhouses!!

If it really didn't work, he would just return, anyway, he would never admit defeat, he would never admit defeat in this life.

"Alright."

Nether Snow smiled slightly and said: "I'll hold back Qingya boy, you guys deal with Snow Emperor."

Qingya Ghost Fiend's expression sank, he wanted to attack, but Nether Snow blocked his way.

"Qingya boy, you know my strength, be sensible and watch the show with me, if you don't attack, I won't attack either, how about it?"

Qingya Ghost Fiend gritted his teeth.

Although he didn't want to admit it, he was indeed no match for Nether Snow outside the God Rune Tower.

Going all out would most likely only result in him and Nether Snow splitting the outcome six to four, with Nether Snow taking six and him four!!

"Snow Emperor, you just withstood a round of Burial Sky's attacks, now, try my attack!"

As the words fell.

Black Mountain Witch Lord raised his hand and pointed, and the black cloud behind him flew towards Lin Tianhao.

Lin Tianhao wanted to unleash the Evil Sword Immortal form, but found that his body couldn't move.

Chapter 1232 - The value of the four words Common Lord of Heaven and Earth!

However, Lin Tianhao still used Arrow From the Heart immediately, and the feathered arrows pierced through the sky like they were free, flying towards the Black Mountain Witch Lord.

“The sky is dark... please close your eyes!”

The Black Mountain Witch Lord smiled slightly at Lin Tianhao.

In the next instant.

Lin Tianhao felt his vision obstructed, and he couldn't see anything else.

The Heavenly Punishment Lockhead required being able to see, and this blinded his eyes, preventing him from seeing everything around him, and thus unable to continue archery.

Suddenly.

Lin Tianhao felt his body, and even his soul, enter a mysterious state.

His soul seemed to leave his body, able to clearly see everything around his body.

Including the Black Mountain Witch Lord in the distance.

Those black mists could not block Lin Tianhao's vision at all.

This scene.

Was too magical.

So magical that Lin Tianhao felt unbelievable.

“This is... Unity of Heaven and Man?”

“At your level, being able to reach the state of Unity of Heaven and Man is already commendable. I didn't expect that you, kid, have even developed the Mind's Eye.”

“Mind's Eye?”

Lin Tianhao was slightly stunned. He had heard of the Mind's Eye in his previous life.

It was said that the Mind's Eye could see through all illusions and directly hit the essence of things.

Because reaching the level of the Mind's Eye meant that seeing things was no longer simply relying on the eyes.

But... the heart!

The things seen with the heart and the things seen with the eyes are usually different.

Lin Tianhao kept urging Arrow From the Heart. Since the fight had already begun, there was no possibility of retreat.

- 11.2 billion!!

- 11.3 billion!!

...

The amount of health the Black Mountain Witch Lord lost while receiving Lin Tianhao's feathered arrow attacks was not much.

“Interesting, interesting!!”

A smile appeared on the Black Mountain Witch Lord's face. He raised his hand and pointed again, and a large amount of black mist wrapped Lin Tianhao's feathered arrows containing the power of the Heavenly Punishment Lockhead.

These feathered arrows containing the Heavenly Punishment Lockhead were suspended in the void, unable to move forward at all.

“Absolute hit, unavoidable, hahaha, little guy, you are really interesting.”

After saying that.

The Black Mountain Witch Lord pointed his finger on a feathered arrow, and this feathered arrow dealt damage.

- 11.3 billion!!

These feathered arrows are suspended in the void. The Black Mountain Witch Lord can choose to bear the damage or not.

If he doesn't want to bear it, these feathered arrows will hang there.

Compared to the Black Mountain Witch Lord.

Lin Tianhao's situation was much worse.

When the Black Mountain Witch Lord's black mist surged onto Lin Tianhao's body, Lin Tianhao began to lose health crazily.

- 15.2 billion!!

- 15.2 billion!!

...

The damage Lin Tianhao suffered was not particularly high, but the frequency was particularly fast.

Almost every second, he would suffer dozens of such damages.

"It's really more and more beyond my expectations. You only lost more than 10 billion health points. Although this is not my full strength, your strength is still not to be underestimated."

"In that case, let's try my move again!"

After saying that.

The Black Mountain Witch Lord took out a piece of purple jade pendant.

This purple jade pendant flew out of the Black Mountain Witch Lord's hand and turned into a purple thundercloud, floating above Lin Tianhao's head.

Next.

This purple thundercloud began to drop lightning.

"Pa pa pa—"

Lightning fell crazily, and Lin Tianhao also suffered huge damage.

- 9.9 billion!!

- 10 billion!!

...

The frequency of this lightning falling was also very fast.

Lin Tianhao's health continued to decline.

"You two, are you still playing?"

Mingxue's indifferent voice sounded.

"If you think this is fun, then I'll take Xuedi away."

Hearing this.

The Black Mountain Witch Lord grinned, revealing his full mouth of yellow teeth.

"Hahaha."

"Miss Mingxue, don't worry, we will end the battle now."

After saying that.

The Black Mountain Witch Lord shot again.

He instantly came behind Lin Tianhao, and his pair of withered hands slapped towards Lin Tianhao's head.

Lin Tianhao's face sank. He wanted to resist, but his body couldn't move.

“Absolute Slow!”

Lin Tianhao released one of his absolute skills without hesitation.

Under Absolute Slow, he could last a little longer.

It's just that.

The attacks of these black mists and thunderclouds did not slow down because the Black Mountain Witch Lord was hit by Absolute Slow.

“What are you doing so slowly?”

Zangtian looked at the Black Mountain Witch Lord, who was slapping towards Lin Tianhao in slow motion, and his whole person was not well.

Didn't you say you were serious? Why are you still playing like this!!

The Black Mountain Witch Lord was suffering in his heart.

“It's not that I'm playing, it's that this kid used a skill on me!!”

The Black Mountain Witch Lord couldn't help but complain.

His words surprised Heitian Ao, and an incredible look appeared on his face.

“Skill?”

Zangtian knew the Black Mountain Witch Lord very well. What skill could make him slow down like this?

And just as Zangtian was thinking like this, his body also became slow.

It's just that, compared to the Black Mountain Witch Lord, the degree of slowness of his body was not serious.

In the distance.

Mingxue watched this scene with interest and said:

“Qingya kid, can you tell me why you are cooperating with this kid?”

“Do you want to use his hand to leave the Ancient God Secret Realm?”

Qingya Ghost Fiend hesitated slightly before saying:

“We are actually all gifted people, who should have roamed the universe, but we are trapped in this Ancient God Secret Realm.”

“Are you... willing?”

Mingxue smiled and said:

“What's the use of being unwilling? It's all caused by greed.”

“Someone doesn't want us to leave the Ancient God Secret Realm.”

“Let's not talk about whether he can really help you leave the Ancient God Secret Realm.”

“Even if he really does, do you think you will be fine after you go out?”

Qingya Ghost Fiend smiled mysteriously and said:

“If someone else takes me away, I might have something happen.”

“But if he takes me away, I won't have anything happen.”

“The Lord of Heaven and Earth takes people away from here, as long as we don't mess things up, nothing will happen.”

“Lord of Heaven and Earth?”

When she heard these words.

Mingxue's face changed drastically. She immediately stood up and shouted:

“Stop it!!”

Zangtian and the Black Mountain Witch Lord had excellent hearing. When they heard the words Lord of Heaven and Earth, they had already stopped subconsciously.

They knew the value of the four words Lord of Heaven and Earth better than ordinary people.

"Is what you said true?"

The Black Mountain Witch Lord withdrew his attack. Lin Tianhao was still unable to move at this time.

Qingya Ghost Fiend nodded and said:

"I don't need to lie to you. He is the Lord of Heaven and Earth, the successor of the Milky Way World in the future."

The Black Mountain Witch Lord stared at Qingya Ghost Fiend, and then turned his gaze to Lin Tianhao.

"This guy is a bit unique, but it doesn't seem enough to say that he is the Lord of Heaven and Earth."

Chapter 1233 - Invincible and virtual, playing with Zangtian!

Qingya Ghost Fiend smiled helplessly, "With you two experts of the Great Emperor Realm attacking him alone, he naturally can't use many of his methods."

"However, if he weren't the Lord of All Heavens, which fifth-rank professional could withstand your kind of attack?"

Qingya Ghost Fiend's words made Black Mountain Witch Monarch fall into thought.

Mingxue and Zangtian also stepped forward.

Zangtian said with a grin: "The fact that you are the Lord of All Heavens is indeed a bit puzzling."

"But I think that Qingya kid isn't stupid; there must be a reason why he chose Snow Emperor."

Having said that.

Zangtian's eyes sank, and he said:

"However, Qingya Ghost Fiend's reasoning is not my reasoning!"

"Snow Emperor, you need to prove to us that you are the Lord of All Heavens."

"What qualifications do you have to make me prove it to you?"

Zangtian's expression changed, and he rebuked:

"Even if you are the Lord of All Heavens, you are only at the fifth rank now."

"If we are determined to kill you, you still won't survive!!"

"A Lord of All Heavens who has grown up is the real Lord of All Heavens; those who haven't grown up are not worthy of being called the Lord of All Heavens."

Lin Tianhao smiled playfully and said:

"Compared to you experts of the Great Emperor Realm, I am indeed not yet fully grown, but if I want to leave, you can't stop me."

"Hahaha!!"

Zangtian laughed loudly and said:

"Snow Emperor, you really have a big mouth."

"If I don't want you to leave, try leaving!!"

As soon as he finished speaking.

Zangtian stood the stone tablet he was carrying behind him.

In the next moment.

Lin Tianhao felt that his body, soul, and everything were imprisoned in that stone tablet, making him unable to move.

"If I want to leave, I can naturally leave; I don't plan to leave now," Lin Tianhao said.

Zangtian chuckled and said:

"Snow Emperor, you're so stubborn; do your parents know?"

Mingxue waved his hand and said:

"Zangtian, don't be rude."

"No matter what, this person is the Lord of All Heavens; it's not appropriate for you to say that to him."

Having said that.

Mingxue's eyes fell on Lin Tianhao, and he said:

"I believe you are the Lord of All Heavens; we have been trapped in this Ancient God Secret Realm for too long, and we have lost contact with the outside world, so a lot of information is outdated."

"But I can see that you haven't been growing for long, and being able to reach your current level is by no means accidental."

Having said that.

Mingxue changed the subject and said:

"Whether you are the Lord of All Heavens or not is not important; I believe you can lead us out of here."

Lin Tianhao smiled and said:

"You're quite smart; I don't actually know if I'm the Lord of All Heavens, but I am indeed a bit different from ordinary people."

Zangtian's eyes narrowed and he said:

"I choose not to believe you."

Lin Tianhao: "..."

"Then what's the point of talking nonsense?"

"You!!"

"Regardless of whether you are the Lord of All Heavens, I must beat you up today!"

Looking at Zangtian, who was attacking again, Lin Tianhao smiled slightly and released Invincible Etherealization.

In the Invincible Etherealization state, all living beings at the Saint level and below cannot attack Lin Tianhao.

Similarly.

Lin Tianhao cannot attack others in the Invincible Etherealization state.

Not only that.

Lin Tianhao's movement speed will increase by a million times in the Invincible Etherealization state, lasting for twenty-four hours!!

Zangtian's attack suddenly landed, but it didn't hit Lin Tianhao.

Instead, Lin Tianhao dodged it with a flash.

"This... how is this possible?!"

He had just used means to imprison Lin Tianhao.

Even if Lin Tianhao had some means to exempt himself from his control skills.

But based on the speed of his attack, there was no reason for Lin Tianhao to be able to avoid it.

Zangtian was a little unwilling to give up and attacked Lin Tianhao again.

This time.

He was faster, his attacks were more ruthless, and his methods were even more tyrannical.

But Lin Tianhao was able to avoid each of his attacks with ease.

It was even like an old man playing with a naughty child; Zangtian felt that he was only a little bit away from attacking Lin Tianhao each time, but each time he was just that little bit short.

This made Zangtian very angry; he expanded his domain, but Lin Tianhao always stood at the edge of his domain, and no matter how he expanded his domain, he couldn't touch Lin Tianhao at all.

In fact, if it was just a simple increase in movement speed by a million times, it would still be very difficult for Lin Tianhao to achieve this kind of perfectly timed teasing of Zangtian.

But Lin Tianhao also had the unconscious state of Harmony with Heaven and Man.

This Zangtian was like a clown in front of him, not worth mentioning.

"Hahaha, Zangtian, I didn't expect you to be played with one day."

Black Mountain Witch Monarch laughed loudly; he wasn't in a hurry to attack now.

Zangtian snorted coldly and rebuked:

"It's weird; it wasn't like this just now."

As soon as he finished speaking.

Zangtian attacked Lin Tianhao again.

The result was no suspense at all; the whole process showed what it meant for an old man to play with a naughty child!

Zangtian, a dignified expert of the Great Emperor Realm, was like a child without any ability to fight back in Lin Tianhao's hands, being wantonly teased by Lin Tianhao.

"Now, do you still think I'm being stubborn?"

Lin Tianhao looked at Zangtian with a smile, saying unhurriedly:

"I said, if I want to leave, none of you can stop me; do you believe it now?"

Zangtian stared at Lin Tianhao in disbelief and rebuked:

"Your methods are indeed very strong, but if I'm not mistaken, if I can't attack you, you can't attack me either."

Lin Tianhao grinned and said:

"Did you only realize that now? It seems that not all experts of the Great Emperor Realm are smart."

"You, you should just have good luck to be able to reach the Great Emperor Realm."

"You—"

Zangtian was so angry that he gritted his teeth.

"You're talking nonsense!!"

"I, Zangtian, rose from humble beginnings; I was once in my small world, even worse than ordinary cultivators, just a useless person who couldn't cultivate!"

Lin Tianhao smiled and said:

"Then, you chose to become a blood feeder, using blood food to strengthen yourself, right?"

Zangtian snorted coldly and rebuked:

"Throughout history, which strong person hasn't grown up stepping on mountains of white bones?"

Having said that.

Zangtian changed the subject and said extremely seriously:

"But there is one thing I cannot deny; what you said is true."

"If you want to leave, I can't stop you!"

Black Mountain Witch Monarch walked up and said with a smile:

"Alright, Snow Emperor, we came back because the Three Emperors of the Insect Demons passed on a message to us, saying that you have the corpse of a God King on you!"

"It's not just us; there are many others who have received the news, but most of them have chosen to wait and see and haven't directly taken action."

"We came just to test your strength on behalf of the adults behind us."

Chapter 1234 - Blood eaters are half human!

Lin Tianhao wasn't too surprised.

After all, Qingya Ghost Fiend had said before that the strength of that Lord Three Emperors could rank in the top five in this Ancient God Mystic Realm.

This not only spoke of the power of Lord Three Emperors, but also revealed another piece of information.

In the Ancient God Mystic Realm, there should be three or four others who are even more powerful than Lord Three Emperors.

"And then?"

"What have you guys found out now?" Lin Tianhao asked.

Black Mountain Witch Sovereign pondered slightly and said:

"You... are very strong, very strong. Below the Great Emperor, you have few rivals. You are likely to be the Chosen of the World."

"After all, you are only at the fifth transition, yet you have the strength to contend with Emperor-level experts, and some of your methods can already contend with us Great Emperor realm experts."

"Not to mention us, even those adults behind us were not as powerful as you at your level."

Mingxue nodded and said with a smile:

"Actually, even if Qingya Ghost Fiend didn't say it, I never really intended to fight you to the end."

"Your output and damage resistance capabilities far exceed those of people at your level."

Lin Tianhao smiled noncommittally and said:

"So, what is your decision?"

"Let's not interfere with each other. Everyone minds their own business. If you want to obtain the inheritance, we Blood Eaters will not attack you, and we hope you can be merciful."

Lin Tianhao's eyes narrowed slightly, somewhat surprised.

He really didn't expect that this Mingxue would be so easy to talk to.

"What about the Insect Demon Three Emperors and the others?" Lin Tianhao asked.

"They are your enemies. You can deal with them however you want, we will not interfere."

Lin Tianhao's eyes lit up. If that was the case, it could save a lot of trouble.

"Can you represent all the Blood Eaters in the Ancient God Mystic Realm?" Lin Tianhao asked.

Killing these Blood Eaters would benefit Lin Tianhao.

But he had already obtained the thing that could imprison the origin of the soul. Even if he didn't kill these Blood Eaters, as long as he could obtain the inheritance, it wouldn't be a problem.

"Yes and no."

"I can guarantee that King-level or higher Blood Eaters will not attack you. Of course, no matter what level of Blood Eater, if they主动attack you, you can counterattack."

Lin Tianhao was really surprised.

"I am just a professional. You Blood Eaters live by eating people. Why do you still do this?"

Hearing this.

Black Mountain Witch Sovereign couldn't help but laugh and said:

"Hahaha, Snow Emperor, you still don't understand Blood Eaters."

"We Blood Eaters are divided into two types, one is rational, and the other is irrational."

Black Mountain Witch Sovereign said very seriously:

"Snow Emperor, most of the irrational Blood Eaters are extremely ferocious and will indiscriminately devour all the blood food they see."

"As for the rational Blood Eaters, more than half of them are actually humans."

Lin Tianhao was slightly startled, "More than half of you are humans?"

To be honest.

This really surprised Lin Tianhao.

He didn't know much about Blood Eaters, but he still felt that Blood Eaters eat people!

"We Blood Eaters like to eat gods, like to eat Primordial Anomalies, like to eat Ancient Ferocious Beasts."

"It's because these beings have pure bloodlines, and they taste delicious and sweet when eaten, and they can also increase strength."

"But humans are different. We are also humans, and we generally don't eat people of the same race, and human flesh is extremely smelly, and human blood is extremely fishy, the taste is unbearable, let alone eating it."

Lin Tianhao smiled and said:

"If according to what you said, then how can there be so many demons who like to eat people."

Mingxue said seriously:

"Snow Emperor."

"The essence of this is different. Demons like blood, and we think the things that smell fishy and smelly may feel like the best delicacy in the world to them."

Lin Tianhao waved his hand and said seriously:

"Okay."

"I can agree to everything you just said."

"But that strategist, the Insect Demon Three Emperors, and Zheng Liuyan..."

Before Lin Tianhao could finish speaking.

Black Mountain Witch Sovereign said decisively:

"Snow Emperor, we said we wouldn't interfere, so we won't interfere."

"What's more, didn't the Insect Demon Three Emperors deliberately release news to us this time just to use us?"

"It's a good thing for us if these guys die."

Lin Tianhao nodded and smiled:

"Since that's the case, how about you join forces with me?"

To be honest.

With Lin Tianhao's current strength, plus Qingya Ghost Fiend and Black Sky Proud Truth, it would still be a bit troublesome to deal with the strategist, the Insect Demon Three Emperors, and Zheng Liuyan.

If Black Mountain Witch Sovereign, Burial Sky, and Mingxue were willing to take action, it would be much easier to deal with the strategist and the Insect Demon Three Emperors.

Black Mountain Witch Sovereign pondered slightly and did not immediately agree.

Lin Tianhao knew.

Black Mountain Witch Sovereign and the others didn't want to bear the infamy of uniting with the human race to deal with their own race.

Although most of the Blood Eaters are humans.

But they have now been divided into the category of Blood Eaters. After staying for a long time, they will subconsciously have a distinction between the human race and the Blood Eaters.

Qingya Ghost Fiend smiled and said aside:

"Everyone, helping my lord this time can also be considered as forming a good relationship. In the future, if anything happens, everyone can be considered friends."

Hearing this.

Burial Sky and Mingxue looked at each other, and both of them looked at Black Mountain Witch Sovereign at the same time.

If any one of them went to help Lin Tianhao, it could be said that the Blood Eaters were helping humans slaughter their own race.

But if they took action together, it would be the strategist and the Insect Demon Three Emperors who used Black Mountain Witch Sovereign and others, and were sanctioned by Black Mountain Witch Sovereign and others.

"Okay, we'll give you this favor!"

Black Mountain Witch Sovereign nodded with a smile. It wouldn't be a big loss for them to sell Lin Tianhao a favor.

As for the slander of others, whether there is it or not, it is harmless to them.

Not to mention anything else.

The things that Lin Tianhao is showing now are still worth making friends with.

The most, most, most critical point!

It's not that Lin Tianhao is the Chosen of the World, but that they can't keep Lin Tianhao.

Burial Sky said before that even if Lin Tianhao was the Chosen of the World, he would still give Lin Tianhao a lesson.

What really made them give up on attacking Lin Tianhao was Invincible Etherealization!

Their three Great Emperor realm experts couldn't keep Lin Tianhao alone.

If Lin Tianhao left, they would have one more potential enemy.

After all, in the universe starry sky, in the vast world.

There are countless stories of counterattacks and revenge. Some people's families are destroyed, leaving only a single seedling, but they accidentally obtain an opportunity, grow all the way against the current, and finally complete their revenge.

Some people are humiliated by being rejected for marriage, cultivate diligently, become famous in one fell swoop, and suppress all directions, making the person who rejected the marriage regret it!

Therefore, if you can't destroy the other party's entire clan, then hide your killing intent until you can destroy their entire clan before taking action!

Chapter 1235 - Surround the master!

It was extremely unwise to make enemies when they couldn't even deal with the person in front of them.

After all.

What if this person grew to a height that they could not reach one day?

Don't think anything is impossible.

This kind of thing is very, very likely.

“In that case, let's go find them.” Lin Tianhao said with a smile.

The Insect Demon Three Emperors and Zheng Liuwuyan were fine, but that Master, he was someone who could go toe-to-toe with Qingya Ghost Fiend.

If he could kill him and enslave his undead, it would be a great boost to Lin Tianhao.

Besides.

The soul origin of the Great Emperor realm would also allow Lin Tianhao to stack a lot of health.

“Okay.”

Everyone agreed and immediately went to find Master, the Insect Demon Three Emperors, and the others.

Lin Tianhao was still in a state of invincible invulnerability, allowing him to move at high speed.

Master and the others were powerful, and if he wasn't careful, they might really get away.

Swamp Dungeon!

Lin Tianhao came here under the guidance of the Black Mountain Witch Lord.

According to the Black Mountain Witch Lord, Master and the Insect Demon Three Emperors were below this swamp.

Offering the Shura Divine Sword, Lin Tianhao bombarded the swamp with explosions.

“Insect Demon Three Emperors, Master, come out and die!!”

Lin Tianhao roared and howled, like an incompetent and furious clown.

Inside the swamp dungeon.

Master couldn't help but reveal a smug smile when he saw this scene.

“Hahaha, this Snow Emperor is furious, it must be the Black Mountain Witch Lord and the others who attacked the Snow Emperor. The Snow Emperor can be resurrected, but Qingya Ghost Fiend cannot.”

One of the Insect Demon Three Emperors respectfully bowed and said:

“Master is wise, I think that traitor Qingya Ghost Fiend is already dead.”

Another of the Insect Demon Three Emperors pondered slightly and asked in confusion:

“If that's the case, how did this Snow Emperor find this place?”

Master waved his hand and said:

“We have spread the news widely, and there are many blood eaters who know we are here.”

“The Snow Emperor can't beat the Black Mountain Witch Lord and the others, but he can beat those ordinary blood eaters. It's not difficult to get news about us from those ordinary blood eaters.”

After all.

Their blood eaters are a group of greedy guys who would sell their own father for a little benefit.

After speaking.

Master, the Insect Demon Three Emperors, and Zheng Liuwuyan flew out of the swamp dungeon.

“Hahaha, Snow Emperor, what happened? Why are you so angry?” Zheng Liuwuyan laughed and asked knowingly.

Lin Tianhao pretended to be very angry.

Looking at their smug faces, Lin Tianhao sneered in his heart.

If it weren't for his own skills, he might really become their laughing stock.

“Have you laughed enough?” Lin Tianhao asked coldly.

Master smiled contemptuously and said:

“What? So angry?”

Lin Tianhao looked at Master and the others coldly and said:

“If you have laughed enough, then you can be on your way.”

Hearing this.

Master was slightly stunned. He looked at the Insect Demon Three Emperors and then at Lin Tianhao.

“What did he just say?”

“He wants to send us on our way?”

“Snow Emperor, has your brain been damaged? You couldn't kill us when Qingya Ghost Fiend was around. Now you say you want to kill us. Do you think you have the ability?”

Zheng Liuwuyan chuckled and said:

“Master, he's just furious. For this kind of person, even if they can be resurrected, it's enough to kill them a few times.”

“Moreover.”

“It's not bad to seal him up. So what if he can be resurrected? Being sealed is no different from being dead.”

Master nodded heavily and smiled:

“Okay, that's a good idea.”

Lin Tianhao didn't want to waste any more words and said indifferently: “Do it.”

As Lin Tianhao's voice fell, Qingya Ghost Fiend stepped out.

Seeing this scene.

Master was a little surprised, “You haven't died yet?”

“Of course he hasn't died!”

The Black Mountain Witch Lord also stepped out, “We did fight, but we didn't fight to the death.”

“Black Mountain Witch Lord?”

Master's expression changed drastically, and he questioned:

“Black Mountain Witch Lord, what do you mean by this? Could it be that you also want to help a human to deal with us blood eaters!!”

The Black Mountain Witch Lord did not answer, but another person answered him.

Snowflakes floated in the sky, and Mingxue's voice rang out from the void.

“Master, didn't you want to use us to deal with the Snow Emperor by having the Insect Demon Three Emperors spread the news?”

“But, are you treating us all as fools? How dare you use us!!”

The Insect Demon Three Emperors and Zheng Liuwuyan subconsciously leaned closer, their faces showing fear.

In the current situation, they were already in a dead end.

Master was a powerhouse in the Great Emperor realm, and if he tried his best, he still had a chance to escape.

But they were different.

They were surrounded by Qingya Ghost Fiend, Mingxue, and the Black Mountain Witch Lord, three powerhouses in the Great Emperor realm, and even if they wanted to escape, they had no chance.

“Black Mountain Witch Lord, Mingxue, what do you mean by this?”

Master's expression was extremely ugly. He did want to use the Black Mountain Witch Lord and the others to deal with Lin Tianhao.

He thought that the Black Mountain Witch Lord and the others might watch from the sidelines and not take action personally.

But he never dreamed that the Black Mountain Witch Lord and the others would not only not attack Lin Tianhao, but would instead be drawn over by Lin Tianhao to attack them.

“That's right, Lord Witch Lord, Lord Mingxue, we are all blood eaters, what we said is true, the Snow Emperor really has the corpse of a God King!”

Zheng Liuwuyan said with a smile.

Master also tried his best to squeeze out a smile and said:

“Mingxue, Black Mountain Witch Lord, I didn't lie to you. You can have the God King's corpse if you don't want it at all. How about we attack the Snow Emperor together now?”

“Enough!”

At this moment.

A stone tablet fell from the sky.

Immediately afterwards, a tall and burly figure descended from the sky and landed on the stone tablet.

“Master, it's already come to this, you should just accept your fate!”

Master's expression was gloomy, and he gritted his teeth and said:

“Accept my fate?”

“I really don't understand, what exactly did the Snow Emperor give you? Qingya Ghost Fiend helps him, and you also help him. What is wrong with this world!!”

“You are blood eaters, blood eaters!!”

After speaking.

Master turned around and wanted to escape.

But Lin Tianhao had already taken action.

“Absolute Standpoint!!”

Absolute Standpoint is a skill attached to the Heavenly Punishment Cloak, and even a Saint cannot break through it.

Moreover.

The enemy units shrouded in Absolute Standpoint will have all their attributes reduced by 20%!!

Chapter 1236 - The master blew himself up!

Absolute Stand lasts for fifteen minutes. As long as I kill Master Xue within these fifteen minutes, I can succeed.

The moment Absolute Stand was activated, Lin Tianhao's invincible ethereal state also ended.

Arrow From the Heart was activated, and a large number of arrows flew towards Master Xue.

For a powerhouse of his realm, the skill level of teleportation was very, very high.

But even in this situation, he was still stopped by Lin Tianhao.

If he had been stopped by Zang Tian, Ming Xue, or even the Black Mountain Witch Lord, Master Xue would have been able to accept it.

But he was stopped by Lin Tianhao.

“How exactly did you do it?!!”

Master Xue widened his eyes, staring intently at Lin Tianhao.

Because he discovered that he was not only trapped, but all of his attributes had also dropped by twenty percent.

Although it was only a temporary decrease of twenty percent, it was still terrifying.

He was a powerhouse in the Great Emperor Realm!!

And not the kind of newbie in the Great Emperor Realm, but even so, he was stopped by Lin Tianhao, who was only at fifth reincarnation.

“Kill!!!”

Lin Tianhao's eyes were sharp. This Absolute Stand could only last for fifteen minutes.

Master Xue was, after all, a powerhouse in the Great Emperor Realm. If he wanted to stall for fifteen minutes, it was not impossible.

The Insect Demon Three Emperors and Zheng Liuwuyan were minor problems.

Lin Tianhao had the Azure Fang Ghost Fiend and the Black Heaven Proud True Spirit White-Haired Old Man's undead attack, so the Insect Demon Three Emperors and Zheng Liuwuyan had no way out.

The focus this time was still on Master Xue.

Three Heads Six Arms was activated, coupled with Arrow From the Heart.

Lin Tianhao maximized his damage output.

With the Black Mountain Witch Lord and the others attacking, there was a very good thing for Lin Tianhao, and that was that he could maximize his damage output!

Three Heads Six Arms plus Arrow From the Heart was not like before, when he only had one Arrow From the Heart.

Under Lin Tianhao's full output, even a powerhouse in the Great Emperor Realm had to be careful.

“Xue Di, you have forced me into a desperate situation. Even if I die, I will drag someone down with me!!”

Master Xue was furious. When had he, a dignified powerhouse in the Great Emperor Realm, been forced to such a point?

As Master Xue's voice fell, the flesh and blood all over his body began to swell, and his whole person turned into a ball of flesh, looking ugly and hideous.

“Come on!!”

“It's been a long time since I've had such a high-intensity battle. Let me see how much you guys are worth!!”

Master Xue, who had swelled into a ball of flesh, turned into a stream of light and rushed towards Lin Tianhao.

Zang Tian waved his hand, and countless steles blocked Lin Tianhao's path, trying to stop Master Xue's impact.

“Bang, bang, bang——”

However, these steles were completely unable to stop Master Xue. One stele after another was instantly shattered.

“Freeze!”

Ming Xue spoke indifferently, and the flesh ball Master Xue was instantly frozen.

But only for a moment. The flesh ball Master Xue broke through Ming Xue's freezing power and continued to crash towards Lin Tianhao's location.

The Black Mountain Witch Lord's expression darkened, and he rebuked:

“Vaporization, Star Shift!”

Lin Tianhao's body turned into a cloud of black mist, instantly disappeared, and when he reappeared, Lin Tianhao had already arrived beside the Black Mountain Witch Lord.

“Unreasonable, charging head-on, huh!”

The Black Mountain Witch Lord said in a deep voice. His voice had just fallen when the flesh ball Master Xue crashed over again.

Lin Tianhao frowned slightly. The Black Mountain Witch Lord had already attacked, blocking in front of him.

“Boom——”

With a loud noise, the Black Mountain Witch Lord was directly knocked away.

Lin Tianhao frowned slightly, trying to use Spatial Blink to avoid the impact of the flesh ball Master Xue.

But at this time, Lin Tianhao realized that most of his movement skills had turned gray.

Normal locking skills will turn most skills gray. It is relatively rare for only movement skills to turn gray like this.

“Stele Replacement!”

Zang Tian let out a low shout, and Lin Tianhao was replaced again. In the place where Lin Tianhao was originally standing, only a stele remained.

And this remaining stele was completely unable to stop the flesh ball Master Xue, and it was shattered in an instant.

“We have to find a way to block him.”

The Black Mountain Witch Lord said in a deep voice, "In his current state, if we can block his impact, the backlash on him will be very great."

Zang Tian frowned slightly, and said somewhat helplessly:

"My steles can't stop him. Do you have a better method?"

Hearing their words, Lin Tianhao's eyes lit up, "I'll do it!"

If it was just to block the flesh ball Master Xue, Lin Tianhao felt that he still had hope.

The Black Mountain Witch Lord and Zang Tian were both very surprised. They didn't know what means Lin Tianhao had to say such a thing so presumptuously.

But they had both seen some of Lin Tianhao's tyrannical methods. Therefore, when Lin Tianhao said this, although they were surprised, they did not deny Lin Tianhao's suggestion.

At this time, the flesh ball Master Xue crashed towards Lin Tianhao again.

Obviously, he regarded Lin Tianhao as the culprit and wanted to kill Lin Tianhao.

Lin Tianhao looked at the approaching flesh ball Master Xue. This time, he no longer chose to dodge, but directly resisted head-on.

Absolute Block!!

Lin Tianhao did not hesitate to use his skill. The level of this Absolute Block was very high.

With the impact of the flesh ball Master Xue, it was almost impossible to break through Lin Tianhao's Absolute Block.

“Boom——”

With a loud noise, the flesh ball and Lin Tianhao collided together.

Absolute Block successfully blocked the flesh ball Master Xue.

The moment the flesh ball Master Xue collided with Lin Tianhao, it exploded directly, with flesh and blood flying everywhere, extremely bloody!

“Blocked... blocked it!!”

Zang Tian was very surprised.

There was no other reason. He still had a relatively clear understanding of the defensive ability of his stele.

His stele could not stop the flesh ball Master Xue, but Lin Tianhao not only blocked the flesh ball Master Xue, but was not affected in the slightest.

The flesh ball exploded, revealing Master Xue's original appearance.

However, at this time, Master Xue was extremely weak. He stared intently at Lin Tianhao, his eyes full of disbelief.

He really couldn't understand how Lin Tianhao blocked him.

This... was really too incredible!!

“How could it be... how could it be...”

“Hahaha, I didn't expect that I, who have been wise all my life, would fall into the hands of you, a mere fifth reincarnation brat.”

Master Xue laughed maniacally, and the aura on his body became extremely violent.

“Not good, he's going to self-destruct!!”

The Black Mountain Witch Lord's expression changed drastically. He did not hesitate at all and turned around to run.

Zang Tian and Ming Yue also turned around and ran.

They also didn't expect that Master Xue would self-destruct as soon as he said he would. This was too decisive!!

As a powerhouse in the Great Emperor Realm, they would not easily self-destruct unless it was absolutely necessary.

But as a result, this Master Xue self-destructed without the slightest hesitation.

Watching Master Xue self-destruct, Lin Tianhao did not dodge, because he had to steadily take Master Xue's kill!

Chapter 1237 - Collect the five elements inheritance!

As for the Grand Tutor blowing himself up to take him down?

Lin Tianhao felt that the possibility was still small.

Although his damage transfer hadn't cooled down yet, the damage reduction brought about by his physical transformation alone already put Lin Tianhao in an invincible position.

Even if a powerhouse in the Great Emperor realm self-destructed, Lin Tianhao still felt that he had a certain chance of withstanding it.

Besides this.

Lin Tianhao's Heavenly Punishment equipment also had fatal defense.

Therefore.

Even if the power of the Grand Tutor's self-destruction was truly extremely terrifying, Lin Tianhao could still withstand it.

“Boom—”

Along with a loud noise, a huge damage number popped up above Lin Tianhao's head.

-152.99 billion!!

The power of a powerhouse in the Great Emperor realm self-destructing was still not to be underestimated.

But Lin Tianhao still withstood it.

At the instant the Grand Tutor self-destructed, Lin Tianhao also heard the Twilight of the Gods notification.

“Ding, congratulations, you have successfully killed Moni Xunfeng, a server-wide announcement will be made soon, do you want to hide your name?”

“No.”

“Server-wide announcement, congratulations to player Xue Di for successfully killing Moni Xunfeng, this is a special announcement, hoping that all adventurers will continue to work hard!!”

... ..

With the Grand Tutor resolved.

The remaining Three Emperors of the Bug Demons and Zheng Liuwuyan all revealed expressions of despair.

Zheng Liuwuyan immediately shouted loudly:

“Don't kill me, I can be a slave or a servant, I can do anything, please don't kill me!!”

Upon hearing this, the Three Emperors of the Bug Demons also immediately shouted loudly:

“Lords, please be merciful, we are also willing to submit, please have mercy, lords.”

Lin Tianhao narrowed his eyes slightly, these blood eaters were indeed somewhat useful.

But Lin Tianhao still felt that killing them might be better.

“I think it's better if you die.”

Lin Tianhao continued to attack.

With Three Heads and Six Arms and arrows fired from the heart, the Three Emperors of the Bug Demons and Zheng Liuwuyan were already destined to die.

“No, don't!!”

Zheng Liuwuyan roared in despair, but it was to no avail.

Lin Tianhao had already attacked, so naturally, he couldn't be soft-hearted.

A large number of arrows poured down on Zheng Liuwuyan, and coupled with the fact that Zheng Liuwuyan had just been severely injured by Qingya Guisha and Heitian Aozhen, Zheng Liuwuyan was already at the end of her rope.

“Ding, congratulations, you have successfully killed Zheng Liuwuyan, a server-wide announcement will be made soon, do you want to hide your name?”

“No.”

Next.

The Three Emperors of the Bug Demons were also killed one by one by Lin Tianhao.

Server-wide announcements rang out one after another, but they couldn't cause much of a stir.

After all.

Compared to Lin Tianhao killing gods before, the Zheng Liuwuyan and the Three Emperors of the Bug Demons that Lin Tianhao killed now were nothing at all.

The battle ended.

Only then did Lin Tianhao start looting corpses.

“Ding, you have obtained Skill Book +2.”

“Ding, you have obtained Equipment +3.”

“Ding, you have obtained Free Attribute Points +2000.”

“Ding, you have obtained Item +2.”

“Ding, you have obtained Gold Coins +5 million.”

“Ding, you have obtained Resurrection Coin +1.”

“Ding, you have obtained...”

... ..

Lin Tianhao looted the Grand Tutor's corpse.

It had to be admitted that the things looted from the Grand Tutor's corpse were truly numerous.

Especially.

He actually looted a Resurrection Coin from the Grand Tutor's corpse, which Lin Tianhao had never expected.

Next.

Lin Tianhao looted the corpses of Zheng Liuwuyan and the Three Emperors of the Bug Demons again.

The harvest was still very good, but there were too few things that had a high degree of compatibility with Lin Tianhao.

To be precise.

It wasn't that the degree of compatibility wasn't high, it was mainly that there was too little equipment suitable for Lin Tianhao to use now.

Lin Tianhao's various attributes were very high now, and equipment that only increased attribute points didn't help Lin Tianhao much.

Currently, what Lin Tianhao needed more were affixes!

Some powerful affixes would be of the greatest help to Lin Tianhao.

But that didn't matter, with the Grand Tutor and the others resolved, Lin Tianhao had one less big trouble in this Ancient God Secret Realm.

Only.

Lin Tianhao still had ideas about the plant-based alien species in the underground.

Even.

Lin Tianhao wanted to ask Heishan Wujun and the others to see if they knew about the situation of this plant-based alien species.

Without even showing its true form, it chased him and Qingya Guisha around, that plant-based alien species was truly unreasonably strong.

“Xue Di, your goal has been achieved, then we'll meet again!”

Heishan Wujun cupped his fist at Lin Tianhao and turned to leave.

Mingxue and Zangtian also left one after another, leaving Lin Tianhao and Qingya Guisha here.

“Let's go, let's continue to obtain inheritance.”

Let's take down all kinds of god inheritances first, and the rest can be discussed later.

In the blink of an eye.

A week had passed.

Lin Tianhao had obtained the god inheritances of the five elements of metal, wood, water, fire, and earth in this week.

This was an unprecedented success.

Although Lin Tianhao also encountered some obstacles during this period, these obstacles were not too big for Lin Tianhao.

“Lord, right near us, there happens to be the residence of a Wind-type God King, this Wind-type God King is an extremely rare control-type God King.”

Lin Tianhao was slightly surprised, “Wind-type? Control-type?”

In the past few days.

Under the introduction of Qingya Guisha and Nidelie Fu, Lin Tianhao had a relatively clear understanding of the gods.

Gods, like professionals, also have classifications.

However.

Because gods comprehend the Great Dao and use the laws of the Great Dao as the foundation for battle.

Therefore.

The factions of the gods are not the same as those of professionals.

They are mainly divided into four types: healing, control, strong attack, agility attack, defense, and support.

Healing is mainly for healing, restoring health and mana, and removing negative statuses.

Control is mainly for controlling, silencing opponents, and restricting opponents.

Strong attack is mainly responsible for frontal attacks and main output.

Agility attack is mainly based on agility, attacking from the side, flexibly advancing and retreating, harassing opponents, assisting strong attack in dealing damage, or restricting the opponent's squishy output position.

Defense is mainly for defending against attacks, which is very similar to shield warriors.

The final support can give teammates various BUFFs.

Increasing teammates' attack power, defense power, attack speed, movement speed, and other attributes, making teammates fight more comfortably.

Even if they cultivate the same laws of the Great Dao, the systems may be completely different.

Similarly, with wind-type laws, some focus on violent output, while others focus on control.

This is also why Qingya Guisha said that there was a wind-type control-type God King here, which caused Lin Tianhao to be somewhat surprised.

After all.

Lin Tianhao personally still felt that wind-type control was somewhat unsatisfactory.

Generally, it is ice-type, some pursue the ultimate output, and some pursue the ultimate control.

This is also why Qingya Guisha said that there is a wind-type control-type God King here, which is why Lin Tianhao was somewhat surprised.

After all.

Lin Tianhao personally still felt that wind-type control was somewhat unsatisfactory.

“Lord, don't underestimate this one, back then he was a fierce man who could simultaneously restrict three God King-level powerhouses of the same level!”

Chapter 1238 - The God of Wind!

Hearing this, Lin Tianhao was even more surprised.

Wind-type God King, control type, simultaneously restricting three God Kings of the same level!!

Saying this out loud does sound a bit unbelievable.

"Are you talking about the Binding Wind God King?" Nidelieff's voice sounded.

Hearing this.

Qingya Guisha nodded and said:

"That's right, I'm talking about the Binding Wind God King!"

"This Binding Wind God King can also be considered an existence that is ridiculously strong."

Lin Tianhao's eyes narrowed slightly. He wasn't too sure how strong this Binding Wind God King was, but he would know after taking a look.

Led by Qingya Guisha, Lin Tianhao arrived in front of a canyon.

"This canyon is the territory of the Binding Wind God King. Due to certain reasons, this canyon is located at a wind gap, and strong winds blow all year round."

"Moreover, these strong winds contain some special power that can cause relatively large damage to the origin of the soul."

Lin Tianhao's eyes narrowed slightly. He had not yet stepped into this Binding Wind Canyon, but the strong winds here were already making Lin Tianhao's skin ache.

Lin Tianhao and Qingya Guisha stepped into the Binding Wind Canyon. The wind here had become smaller, but Lin Tianhao clearly felt even more uncomfortable.

-100000.

-100000.

...

One damage number after another popped up above Lin Tianhao's head.

"Ding, you have been impacted by the Soul Demonic Wind, reaction speed decreased by 50%, movement speed decreased by 50%, comprehension speed decreased by 50%, attack speed decreased by 50%, movement speed decreased..."

...

Lin Tianhao was a little dumbfounded. This Soul Demonic Wind was a bit too evil, reducing so many attributes at the same time.

The only good news was that it didn't reduce health points.

His Heavenly Punishment attack speed had not decreased.

For Lin Tianhao, this had no impact at all.

Health points and Heavenly Punishment attack speed were the key to Lin Tianhao's current stage of battle.

Lin Tianhao had just set foot in the Binding Wind Canyon when a shadow appeared in front of Lin Tianhao.

This shadow was wearing a blue robe, and he looked at Lin Tianhao with interest, saying:

"How many years has it been? There are actually humans who can reach here."

Lin Tianhao's eyes narrowed slightly. This shadow wearing a blue robe was more like a projection like Nidelieff.

"Are you the Binding Wind God King?" Lin Tianhao asked.

The man in the blue robe nodded and said:

"I used to be the Binding Wind God King, but now, I am just an insignificant projection, not worth mentioning!"

Lin Tianhao waved his hand and said:

"This Ancient God Secret Realm was invaded by Blood Eaters back then. You are in the realm of the God King, it's understandable that you couldn't stop them."

Hearing this.

The Binding Wind God King shook his head and smiled:

"Are you trying to find excuses for me?"

"If that's the case, then there's no need at all."

"The winner is king, the loser is the bandit, this is how the world is."

"It's like big fish eat small fish, and small fish eat shrimp, this is a law in itself."

"Isn't the essence of this world the survival of the fittest!!"

"The Blood Eaters are strong, so we become food."

Lin Tianhao was silent. After a while, he slowly said:

"That was in the past. Now, I think I can change these things."

Hearing this.

The Binding Wind God King's shadow couldn't help but stand up.

"Human kid, some things cannot be changed, just like mice love rice, and cats catch mice."

"If you forcibly try to change this survival law, then there will be problems."

Lin Tianhao hesitated, but finally said:

"Binding Wind God King, I came here to obtain your inheritance. Are you willing to give your inheritance to me?"

The Binding Wind God King's shadow shook his head and said:

"Forgive my arrogance, but before I was killed, I didn't leave any inheritance behind."

"However, I have the inheritance of a Wind-type Godfiend here. If you are interested, you can give it a try."

Lin Tianhao's pupils suddenly shrank, and an unbelievable look appeared on his face.

The inheritance of a Wind-type Godfiend?!!

Godfiends!!

At the beginning of chaos, there were three thousand Godfiends, and each Godfiend possessed strength comparable to a saint.

"You have the Wind-type Godfiend inheritance?!"

Lin Tianhao really didn't quite believe it.

He always felt that this was a trap set by the Binding Wind God King.

Saying it was the inheritance of a Godfiend, anyone with a little ambition would try to obtain the inheritance of a Godfiend by any means.

"That's natural."

The Binding Wind God King's shadow answered very affirmatively.

"The fact that you can stand in front of me means that you are destined to be no ordinary person."

"I have the Wind-type Godfiend inheritance, it just depends on whether you can get it or not."

Lin Tianhao's eyes narrowed slightly. As long as the Wind-type Godfiend inheritance was real, that was enough.

The Binding Wind God King's shadow seemed to know that Lin Tianhao still didn't quite believe it, so he continued:

"The control system of the Wind-type God King, besides me, who else have you seen?"

"Who else do you know?!"

Lin Tianhao did not answer.

To be honest.

Lin Tianhao was still a little cautious about the Binding Wind God King saying that he had the inheritance of a Wind-type Godfiend.

Not for anything else, just because of what the Binding Wind God King said.

The Wind-type taking the control system, Lin Tianhao had never heard of it in all his years, both in this life and the previous one.

Therefore.

Lin Tianhao still believed what the Binding Wind God King said.

"The Godfiend inheritance is no small matter. Even if I believe you, you wouldn't be willing to hand over any inheritance willingly, would you."

The Binding Wind God King grinned and said:

"It's definitely not okay to hand it over for nothing. You want the Wind-type Godfiend inheritance, that's not impossible."

"However, you need to give me a physical body."

Hearing this.

Lin Tianhao instantly understood what the Binding Wind God King wanted to do.

"You want to seize my body?!"

The Binding Wind God King smiled slightly and said:

"You really guessed it right, I want to seize your body."

"I, a dignified God King realm expert, wandering in this Binding Wind Canyon with just a remnant soul, it's a bit inappropriate."

Lin Tianhao was silent.

This is the Twilight of the Gods!!

With the power of rules shrouded, where can he find a physical body for the Binding Wind God King?

Normally speaking, no matter who he kills, there will only be one result.

That is, the corpse disappears, leaving only a light ball to touch the corpse.

"Binding Wind God King, you may be overestimating me. Where am I going to find a corpse for you?" Lin Tianhao asked.

The Binding Wind God King looked at Lin Tianhao with a smile and said:

"Where do you need to go to find a corpse for me? Don't you already have the corpse of a God King realm expert on your body?"

Hearing the Binding Wind God King's words, Nidelieff's projection instantly appeared beside Lin Tianhao.

"You kid, your calculations are really loud!!"

Seeing Nidelieff's projection appear, the Binding Wind God King smiled slightly and said:

"Speaking of which, Nidelieff, you can also be considered a senior. Your corpse is useless anyway, lending it to me for a while shouldn't be a problem, right."

Chapter 1239 - Shocked Wind God King!

Nidleyth's face was ashen, and she said angrily:

"I am a woman. You, a man, still want to seize my corpse. Are you looking down on me too much?"

Upon hearing this.

The remnant soul of the Wind Restraint God King just smiled playfully and said:

"Nidleyth, don't be so angry. I don't mind, why do you mind?!!"

"Besides, the ownership of your corpse is not up to you now."

At this point.

The Wind Restraint God King's gaze fell on Lin Tianhao, and he said with a smile:

"Snow Emperor, you can consider whether it is worth giving up the inheritance of the wind-type god and demon for a God King's corpse?"

Hearing this.

Lin Tianhao couldn't help but laugh and said:

"There's no such thing as worth it or not. I'm just curious, why can't I have both?!!"

"I want the God King's corpse, and I also want the inheritance of the wind-type god and demon."

The remnant image of the Wind Restraint God King's eyes narrowed, and a cold light flashed in his eyes.

"Arrogant!!"

"I give it to you, and you can get it. If I don't give it to you, you won't get anything."

Lin Tianhao grinned and said:

"You're the first person I've met who's as arrogant as you."

"A remnant image, the main body doesn't even dare to come out, and you're still spouting nonsense here."

The remnant image of the Wind Restraint God King raised his hand and pointed.

"Remnant image, killing you is enough!"

As the Wind Restraint God King pointed out, a miniature tornado flew out from his fingertip.

This miniature tornado flew towards Lin Tianhao, but only halfway there, Lin Tianhao realized something was wrong.

Because behind him, a giant tornado had formed at some unknown time, and in the blink of an eye, it attacked Lin Tianhao's rear.

Lin Tianhao frowned slightly. Under the lock of this tornado, most of his skills turned gray.

"Overlord Body!"

Lin Tianhao instantly activated Overlord Body, but after activating Overlord Body, the number of skills that could be used increased by a few, but it still didn't help much.

But Lin Tianhao didn't sit still and wait for death. Feather arrows flew towards the remnant image of the Wind Restraint God King.

However, the remnant image of the Wind Restraint God King disappeared instantly.

"Snow Emperor, your strength is undeniable, but as an archer, if you lose the target of your attack, how much strength can you exert?"

Lin Tianhao's Eye of Insight instantly unfolded, trying to find the hidden Wind Restraint God King.

Unfortunately.

This was destined to disappoint Lin Tianhao.

His Eye of Insight did not find any trace of the Wind Restraint God King.

But the tornadoes gathering from all around became more and more numerous. Before these tornadoes even approached Lin Tianhao, they caused Lin Tianhao's skin to ache and his soul to tremble.

-15.23 million!!

-15.52 million!!

.....

These tornadoes had not yet swept over Lin Tianhao, but the damage they dealt still surprised Lin Tianhao.

Even so.

Qing Ya Ghost Fiend actually told Lin Tianhao that this Wind Restraint God King was a God King who was good at control.

"Master, this Wind Restraint Canyon is a wind gathering point. The Wind Restraint God King's strength can be greatly improved here."

Nidleyth's voice rang in Lin Tianhao's ears.

Rolling thunder swept towards the front.

These tornadoes were not greatly affected when facing Lin Tianhao's sword energy.

But when they came into contact with the heavenly thunder and earthly fire ignited by Lin Tianhao, these tornadoes also began to disintegrate.

However.

What Lin Tianhao wanted to do was not just to disintegrate these tornadoes.

He wanted to destroy the Wind Restraint Canyon.

At the same time as Lin Tianhao ignited the heavenly thunder and earthly fire, Lin Tianhao's Arrow from the Heart was also activated.

Feather arrows pierced the sky and swept towards one side of the Wind Restraint Canyon.

This Wind Restraint God King was occupying the geographical conditions of the Wind Restraint Canyon. If he destroyed this Wind Restraint Canyon, he wondered if the Wind Restraint God King could still sit still.

Ordinary energy feather arrows did not have a strong destructive power to the Wind Restraint Canyon, and Lin Tianhao did not expect to rely on ordinary energy feather arrows to cause much damage to the Wind Restraint Canyon.

What Lin Tianhao was waiting for was Heavenly Fire Meteor!

Now Lin Tianhao's Heavenly Fire Meteor had been upgraded to six stars.

A six-star Heavenly Fire Meteor could simultaneously ignite hundreds of millions of meteor fire rain.

These hundreds of millions of meteor fire rain fell from the sky, causing a powerful range damage, and its effect was extremely terrifying.

Especially.

Because Lin Tianhao had not been able to attack high-level powerhouses, the probability of triggering this Heavenly Fire Meteor was still relatively high.

In just a few seconds, Lin Tianhao triggered the Heavenly Fire Meteor.

A large number of meteor fire rain fell from the sky and smashed into the Wind Restraint Canyon.

Inside the Wind Restraint Canyon.

The Wind Restraint God King, who was hidden in the dark, couldn't help but show a look of astonishment on his face when he saw this scene.

"What is this?!"

The visual impact of these hundreds of millions of meteors falling from the sky was too strong.

Especially.

Although these hundreds of millions of meteors had not yet landed, the remnant image of the Wind Restraint God King could still feel the terrifying power contained in these meteors.

"Boom boom boom boom boom - -"

Hundreds of millions of meteors fell from the sky, and a formation immediately lit up inside the Wind Restraint Canyon.

Trying to stop Lin Tianhao's Heavenly Fire Meteor.

But how could the Heavenly Fire Meteor, which had already reached six stars, be so easily blocked.

However.

As a formation once left by a powerhouse in the God King realm, and occupying the geographical location of the Wind Restraint Canyon, the strength of this formation was still not to be underestimated.

"Boom boom boom boom boom - -"

When the first Heavenly Fire Meteor triggered by Lin Tianhao all fell, this protective shield was not greatly affected.

Even if the Wind Restraint God King here might not even have one ten-thousandth of the combat power of his peak period.

But the formation he left behind was still terrifying!!

Inside the Wind Restraint Canyon.

The remnant image of the Wind Restraint God King breathed a sigh of relief, and a smug smile appeared on his face.

"It seems that I still overestimated the Snow Emperor. My formation has borrowed the wind from this Wind Restraint Canyon. How could the Snow Emperor so easily defeat my formation!!"

Thinking like this.

The remnant image of the Wind Restraint God King looked in the direction of Lin Tianhao, still full of solemnity.

"Even so."

"The heavenly thunder and earthly fire ignited by the Snow Emperor are still not to be underestimated. They can make the tornadoes I condense collapse, truly terrifying!!"

At this point.

The Wind Restraint God King raised his eyes to look at the sky.

His eyes widened, and his face was full of disbelief.

"This...this this this..."

"How is this possible?!!"

In the pupils of the remnant image of the Wind Restraint God King, a large number of Heavenly Fire Meteors fell from the sky, smashing towards the Wind Restraint Canyon.

That's right!!

Lin Tianhao triggered the Heavenly Fire Meteor for the second time!!

Hundreds of millions of Heavenly Fire Meteors fell again, directly causing the Wind Restraint God King to stay put!!

Chapter 1240 - The deterrent power of Skyfire Meteor!

"This is impossible!!"

"How could it be so terrifying!!"

The remnant soul of the Wind Restraint God-King widened his eyes.

This is hundreds of millions of heavenly fire meteors!!

Even at his peak, he couldn't use this level of attack continuously multiple times.

But what the heck is Xue Di?

To put it bluntly, he's just a small fry who has only reincarnated five times.

This kind of person.

Even if he's strong, he can't possibly defy the law of conservation of energy!!

If the basic attributes are not enough, it is impossible to support the release of some powerful skills.

For example...

Some of Lin Tianhao's skills consume mana. If mana is not enough, even health will be consumed.

Therefore.

If a skill like Heavenly Fire Meteor is released normally, the consumption must be very, very huge.

And such a skill must have a very long cooldown time.

Unless...

The control over the Great Dao is very, very high.

There are two benefits to comprehending the Dao: one is to improve the skill effect.

Attack types increase damage, healing types increase healing effects, each is different.

Besides this.

This comprehending the Dao also has a second very, very huge benefit, that is, comprehending the Dao can speed up skill release and reduce consumption.

Similar to Lin Tianhao's Heavenly Fire Meteor skill effect, if it were a wind-based skill, the Wind Restraint God-King himself could actually do it.

And there wouldn't be too much consumption.

It's just that.

Even for him, releasing this intensity of skill continuously would put a lot of pressure on him.

This is also why the Wind Restraint God-King was so surprised when he saw Lin Tianhao triggering Heavenly Fire Meteor.

The frequency of triggering Heavenly Fire Meteor is too terrifying!!

“Boom boom boom boom boom——”

The Heavenly Fire Meteors collided with the formation of Wind Restraint Canyon, causing ripples in the Wind Restraint Canyon formation.

Lin Tianhao narrowed his eyes, slightly surprised.

Nidalee Leif saw Lin Tianhao's surprise and said with a smile:

“This formation was left behind by the Wind Restraint God-King after all.”

“In this Wind Restraint Canyon, it has also been blessed, so naturally it is not so easy to break.”

“Boom boom boom boom boom——”

The speed at which the Heavenly Fire Meteors fell was very fast, but this second Heavenly Fire Meteor was still blocked by the formation of Wind Restraint Canyon.

But Lin Tianhao could still see that after blocking his second Heavenly Fire Meteor, the protective shield of the Wind Restraint Canyon formation was obviously thinner.

Seeing that his formation had blocked Lin Tianhao's second Heavenly Fire Meteor attack, the Wind Restraint God-King's remnant shadow was relieved.

That's right.

He didn't just breathe a sigh of relief, but directly relaxed.

There was no other reason.

He could continuously release this level of attack three to five times at his peak, but that was basically the limit.

No matter how powerful Lin Tianhao was, his essence as a five-time reincarnator could not be changed.

In the eyes of the Wind Restraint God-King's remnant shadow, this was all that Lin Tianhao could do.

One more time?

That's simply impossible.

If a small fry who has only reincarnated five times could continuously release this level of attack four or five times, he could swallow this Wind Restraint Canyon whole!!

Just as the Wind Restraint God-King's remnant soul was thinking this way, firelight appeared above the sky.

The third Heavenly Fire Meteor is coming!!!!

Seeing this scene.

The Wind Restraint God-King's remnant shadow was completely stunned.

He couldn't figure it out, he really couldn't figure out why, why could a small fry who has only reincarnated five times continuously trigger this level of attack five times.

This is really incredible.

“Who exactly are you?!!”

The Wind Restraint God-King's remnant shadow finally couldn't sit still, he walked out quickly, and a hint of tension and fear had already appeared in his eyes.

At first.

The Wind Restraint God-King's remnant shadow felt that he could easily manipulate Lin Tianhao.

After all, he was backed by Wind Restraint Canyon, and he had all the right time, place, and people. He had no reason not to be able to manipulate Lin Tianhao.

To put it bluntly.

Even if he couldn't beat Lin Tianhao, he still had the super formation built on this Wind Restraint Canyon.

He was naturally in an invincible position.

But now.

The Wind Restraint God-King's remnant shadow was a little depressed.

There was no other reason.

This place completely exceeded his imagination.

"You are not the first god to ask me this, of course, you are destined not to be the last."

Having said that.

Lin Tianhao paused slightly before continuing to say:

"You just said that you have the inheritance of the wind-based god and demon, is that true?"

Hearing this.

The Wind Restraint God-King nodded with a smile and said:

"I am a dignified powerhouse in the God-King realm, I wouldn't deceive you on such a matter."

"I see that your bones are clear and your talent is extraordinary. You are indeed a genius that is rare to see in a century."

"If you are willing, I can accept you as a closed-door disciple."

"You have also seen that I only have this remnant shadow now. By becoming my disciple, the Wind Restraint God-King, you can not only obtain everything I have."

"It's not just inheritance, it's everything I have!!"

"This is a benefit that many gods cannot give, but I, a powerhouse in the God-King realm, can give it."

Having said that.

The Wind Restraint God-King paused slightly before continuing to say:

"Moreover."

"There is also the inheritance of the wind-based god and demon that I just mentioned, I can also give it to you!!"

"The inheritance of a god and demon, not to mention that you are only apprenticing to a God-King, even if you apprentice to a God-Emperor powerhouse, it is difficult to say that you can obtain the inheritance of a god and demon."

The Wind Restraint God-King's remnant shadow kept tempting Lin Tianhao, seemingly just wanting Lin Tianhao to become his disciple.

But having lived two lives, Lin Tianhao saw through human nature too thoroughly.

What was the Wind Restraint God-King's remnant shadow's attitude towards him before?

Now his attitude has undergone a 180-degree change, no, a 360-degree turnaround. Why is this?

Isn't it because he's strong!!

But even so, it is impossible for the Wind Restraint God-King to really give everything he has to Lin Tianhao as he said.

Especially the inheritance of the wind-based god and demon, even more impossible!!

The greed of gods is even greater than that of humans.

The Wind Restraint God-King's remnant shadow can still mobilize such powerful power, it is impossible for him not to have the ambition to revive.

He is a God-King, but only a God-King!!

The inheritance of a god and demon, and it is still the inheritance of a wind-based god and demon that is aligned with his Great Dao!!

Not to mention for a God-King, even for a God-Emperor powerhouse, that is a fatal temptation!!

Having lived two lives, Lin Tianhao knows very well how difficult it is for a god to become a saint.

No god would give up their chance to become a saint!!

Especially.

To give up for him, a young man he has never met, that is even more impossible!!
