

## O game 1241

Chapter 1241 - Wild Saint!

Therefore.

This Wind God King must have his own plans.

"I don't believe a word you say. I think killing you is the best thing to do!"

He has the Investiture of the Gods. If what this Wind God King said about the inheritance of the Wind element god and demon is true, then he can completely kill the Wind God King and send him to the Investiture of the Gods.

The Wind God King's expression sank, and he said:

"We have no past grievances and no recent grudges. Why do you insist on killing me?"

Lin Tianhao didn't explain. Any further words would be superfluous.

The feather arrow cut through the sky.

Seeing this scene, the Wind God King's expression changed drastically, and a hint of horror appeared on his face.

"Lord, save me!"

Lin Tianhao narrowed his eyes slightly. Does this Wind God King have someone behind him?

Or is it that...

This guy isn't the real Wind God King at all.

Just then.

A wind blade cut through the sky and flew towards Lin Tianhao.

Lin Tianhao tried to dodge, but this wind blade was completely unavoidable.

Lin Tianhao waved his sword energy, trying to destroy this wind blade with his sword energy.

However.

To Lin Tianhao's surprise.

His sword energy couldn't even touch this wind blade at all.

This... It's just like his Heaven's Punishment Feather Arrow, completely unstoppable!!

This is too strange.

Lin Tianhao locked onto the wind blade with his arrow, and the feather arrow flew towards the wind blade.

This time.

The wind blade began to entangle with Lin Tianhao's feather arrow.

The two intertwined.

In the end.

At the place where the wind blade and the feather arrow intertwined, the space even began to crack layer by layer, making people feel incredible.

“Sage-level power of rules!!”

Lin Tianhao's expression was solemn.

Because his Heaven's Punishment Lock is the power of a sage-level rule, the fact that this wind blade can entangle with his feather arrow to this extent.

This actually says a lot.

“It seems that you really possess the inheritance of the Wind element god and demon.”

Lin Tianhao looked at the Wind God King very seriously.

The Wind God King respectfully bowed towards the Wind God Canyon, “Thank you, Lord, for taking action.”

After speaking.

The Wind God King looked at Lin Tianhao again and said:

“Snow Emperor, don't be ignorant of what's good for you. If you continue like this, you will surely die!!”

Lin Tianhao frowned, but he didn't refute anything.

Now that the gods cannot take action, so who is the one who took action?

A sage?!

Lin Tianhao wasn't too sure, but he didn't dare to think about it either.

The reason is simple.

According to legend, during the Chaos Era, the Great God Pangu slaughtered three thousand gods and demons to prove his Dao.

Therefore.

Most of the three thousand gods and demons should have already fallen.

While thinking about these things, Lin Tianhao launched the feather arrow again.

Just one wind blade wouldn't scare Lin Tianhao away.

Anyway, Lin Tianhao really didn't believe that there would be a real god or demon in this place.

Watching Lin Tianhao attack again.

From within the Wind God Canyon, more and more wind blades appeared.

Colliding with Lin Tianhao's feather arrow, tearing Lin Tianhao's feather arrow apart.

Lin Tianhao's figure involuntarily retreated, and even the Cyan Fang Ghost Fiend was involuntarily retreating.

The reason is simple.

This was really too strange.

A sage?!

This wasn't just Lin Tianhao's idea.

The Cyan Fang Ghost Fiend knew the level of Lin Tianhao's feather arrow, and in the current situation, it really made him feel that there might be a sage inside the Wind God Canyon.

Although Lin Tianhao was retreating, his output didn't stop.

His feather arrows continued to pour out, but the other party hadn't appeared yet.

Lin Tianhao still wanted to force the other party out.

Even if it was really a sage-level expert, Lin Tianhao would accept it!!

If a sage appeared here, it would most likely be a sage from the Milky Way Galaxy.

To be honest.

Even if things really came to a head, he would most likely be fine.

After all, the Source of Dao God didn't seem to want anything to happen to him.

However.

Lin Tianhao was destined to be disappointed.

He couldn't see the situation inside the Wind God Canyon, but there was a continuous stream of wind blades appearing, blocking Lin Tianhao's Heaven's Punishment Feather Arrow.

To be honest.

Lin Tianhao really encountered this kind of situation for the first time.

This was too outrageous!

He was already considered very outrageous, but he didn't expect that someone could contend with him at this time.

This wasn't a pure crushing of power, but a confrontation at the level of rules.

“Snow Emperor, give up!!”

Nidelieff's subtle voice sounded in Lin Tianhao's mind.

“These wind blades are not simple. There is most likely a sage inside the Wind God Canyon!!”

Lin Tianhao took a deep breath.

He had naturally guessed it too, but he still didn't want to give up.

“Junior Snow Emperor, if a sage is present, please come out and meet me!!”

Lin Tianhao bowed.

Facing a sage-level expert, Lin Tianhao still had to have the respect he should have.

The Wind God King frowned slightly and scolded:

“Snow Emperor, how noble are the God King experts? How can you see them just because you want to?”

Lin Tianhao glanced at the Wind God King indifferently and didn't speak.

He was waiting.

Waiting for the response from the person in Wind God Canyon.

Just then.

The world instantly became silent.

A woman wearing a cyan dress and a veil walked out.

Her eyes were cyan, and her gaze fell on Lin Tianhao.

Lin Tianhao was also looking at this cyan-clothed woman.

Lin Tianhao didn't feel any pressure from this cyan-clothed woman.

However, the Cyan Fang Ghost Fiend beside Lin Tianhao was standing there, motionless, as if he had been frozen in place.

Not only the Cyan Fang Ghost Fiend, but also the Wind God King's remnant shadow was also frozen in place.

Experts in the Great Emperor realm could be frozen and unable to move. This level of quality was too great.

Suddenly.

Lin Tianhao felt that wind seemed to appear under his feet, and he was instantly dragged into a magical space.

Here, everything around was blank.

Only Lin Tianhao in this not-so-large space seemed a little lonely.

"Who are you?" Lin Tianhao asked.

The cyan-veiled woman shook her head and didn't answer the question, but continued to say:

"Snow Emperor, have you... ever been defeated?"

Lin Tianhao's eyes narrowed slightly, and he said with a smile:

"Of course I've been defeated. To be honest, I've even been spawn-camped twice."

"Spawn-camped?"

The cyan-veiled woman smiled slightly, "That's not a bad choice."

After speaking.

The cyan-veiled woman didn't raise her hand, and Lin Tianhao didn't even see her make any attacking movements.

Lin Tianhao's figure subconsciously took a step back.

Because the cyan-veiled woman didn't make any movements just now, Lin Tianhao's Heaven's Punishment Heart-Protecting Mirror's fatal defense had already been triggered.

Sage... Sage!!

Lin Tianhao's pupils suddenly shrank. If Lin Tianhao had initially suspected that this cyan-veiled woman was similar to the Three Emperors, killing beings with sage-level rules.

But now, the move that the cyan-veiled woman revealed really shocked Lin Tianhao.

This guy was really too terrifying!!

The most important thing was.

How could he have encountered a wild sage for no reason!

Chapter 1242 - It cannot be said. It cannot be explained!

Next.

This woman in cyan robes and a veil still didn't make a move, but Lin Tianhao's Heaven's Punishment equipment's death-prevention defenses were triggered one after another.

Lin Tianhao started to panic.

He had Return and Absolute Teleportation.

Both of these skills were very strong, but Saint-level powerhouses should be able to interrupt both of these skills!

It would be very, very difficult for him to rely on these two skills to escape.

“Ding, you have been killed, level -1.”

“Ding, you have been killed, level -1.”

.....

Lin Tianhao frowned slightly, looked at the woman in cyan robes and a veil, and asked:

“What do you want?”

“Send you back to level one.”

The woman in cyan robes and a veil answered very simply, she didn't make a move, nor did she move, just standing there.

Lin Tianhao's health bar was cleared time and time again.

Lin Tianhao hesitated, but he didn't say anything more.

This woman in cyan robes and a veil was definitely a Saint.

There was definitely no way to fight her.

Run?

There was also no way to run, after all, Lin Tianhao's power was there, even if he wanted to run, it wouldn't be realistic.

Lin Tianhao was killed again and again.

Because he had to wait for the resurrection time each time, Lin Tianhao had been killed back to level one for more than eight hours.

“Alright, your goal has been achieved, what else do you want to do?”

Lin Tianhao was very calm.

To be honest.

Lin Tianhao really didn't think that this Saint he had never met would really obliterate him.

“Aren't you afraid?”

The woman in cyan robes and a veil asked, her tone extremely flat, and there was nothing special about it.

“I'm not afraid!”

Lin Tianhao replied.

The woman in cyan robes and a veil looked at Lin Tianhao with a smile and said:

“That's right, you've been so smooth all the way, how could you be afraid?”

At this point.

The woman in cyan robes and a veil looked at Lin Tianhao again and said:

“Do you think that I am just another part of your growth path, your stepping stone?”

Lin Tianhao shook his head and said very seriously:

“A Saint Realm powerhouse should not be a stepping stone.”

“Saint?”

A hint of disdain appeared on the face of the woman in cyan robes and a veil, and a trace of emotion was revealed in her eyes.

She really felt displeased that he regarded her as a Saint Realm powerhouse.

“Even with a resurrection mechanism, I can completely kill you, do you believe it?”

Lin Tianhao didn't answer, he was really a little panicked.

Seeing that Lin Tianhao didn't speak, she couldn't help but said with a smile:

“So you are also afraid.”

Lin Tianhao smiled awkwardly and said:

“Senior, as long as it is a living person, they will be afraid, this is inevitable.”

At this point.

Lin Tianhao looked at the woman in cyan robes and a veil again seriously and asked:

“Senior, tell me, what exactly do you want to do?”

The woman in cyan robes and a veil said with a smile:

“Since you sincerely asked, then I will be merciful and tell you.”

Lin Tianhao: “.....”

Do Saints also like to do this?

“I want to take you as my disciple.”

Lin Tianhao was stunned, how could she want to take him as a disciple as soon as she opened her mouth, was there something wrong?

“I can tell you clearly that I am above the Saint, you won't lose by taking me as your teacher.”

Lin Tianhao smiled helplessly and said:

“Senior, you are so strong, why do you have to take me as your disciple?”

“Our paths are different, you won't get any benefits from taking me as your disciple either.”

The woman in cyan robes and a veil glanced at Lin Tianhao and couldn't help but said:

“My human race's heavenly pride has appeared out of nowhere, as a powerhouse of the human race, I naturally hope that you can one day reach the pinnacle and stand at the peak of this world.”

Lin Tianhao raised his eyebrows slightly, with a strange look on his face.

This statement was actually somewhat convincing.

After all, Lin Tianhao had seen many people in his previous life who had done everything they could for the continuation of the human race.

If they saw a human race's heavenly pride with extraordinary talent, they would have the heart to cultivate them, this didn't seem to be an unreasonable thing.

Lin Tianhao pondered slightly, he didn't quite trust the words of this woman in cyan robes and a veil.

“If that's the case, then why did you send me back to level one.”

Hearing this.

The woman in cyan robes and a veil smiled and said:

“Snow Emperor, it's easy for you to level up, sending you back to level one can show my strength, and it won't cause you any substantial damage.”

Lin Tianhao shook his head and said:

“I may have to disappoint you, I don't want to be your disciple, I have my own path to take, a very clear path.”

To be honest.

Lin Tianhao's words were already gambling with the woman in cyan robes and a veil.

He also wanted to see if this woman in cyan robes and a veil had other purposes.

Because if it was a human race senior who really hoped for the rise of the human race's descendants, it would be almost impossible to force them.

After hearing Lin Tianhao's words, the woman in cyan robes and a veil couldn't help but frown.

“How much do you know about me? How clear are you about the path you want to take?”

“Why are you so sure that the path you want to take is different from mine?”

Hearing this.

Lin Tianhao asked casually:

“You're right, I really don't know you, but the feeling you give me is that the path you take is different from the path I take.”

Lin Tianhao hesitated, and finally said slowly:

“I don't know who you are, I don't know what abilities you have, and I don't know what you want to do.”

The woman in cyan robes and a veil was silent, she raised her eyes to look above the sky.

A pair of cyan eyes seemed to penetrate the sky and looked towards the unknown land.

“My name cannot be spoken, my realm cannot be said, and my abilities cannot be easily displayed, otherwise, there will be big problems.”

Lin Tianhao's pupils suddenly shrank.

“You came here behind that existence's back, you are not.....”

Lin Tianhao still wanted to say something, but found that he couldn't speak.

The woman in cyan robes and a veil made a gesture of silence to Lin Tianhao.

“Snow Emperor, some things, some people, their names cannot be recited casually, there will be problems.”

Lin Tianhao took a deep breath, trying to calm his heart as much as possible.

What is the identity of this woman in cyan robes and a veil, why is she here, and what is her relationship with Shu Feng?

What is her own identity?

“Snow Emperor, the things I can show you, I have already shown you, the next step is up to you to choose.”

Lin Tianhao frowned slightly and said:

“Besides killing me all the time, what did you show me?”

"I still say the same thing, I think our paths are different, so don't force me, okay?"

Hearing this.

A cold light flashed in the eyes of the woman in cyan robes and a veil, and she said indifferently:

"No one has ever refused such a strong person as me to take them as a disciple."

Chapter 1243 - Crazy bitch!

Lin Tianhao smiled wryly and said:

"It is my honor to be seen by you, Senior, but everyone has their own path to walk, so I can only say sorry."

The blue-robed veiled woman stared at Lin Tianhao, the coldness in her eyes growing stronger.

"I said."

"No one has ever been able to refuse me, and you are no exception."

"If you don't agree, I can take you away from the Milky Way Galaxy, I can make you wish you were dead."

Lin Tianhao shook his head and said:

"Senior, I am timid, please don't threaten me."

"Why does a strong person like you have to make things difficult for a nobody like me?"

The blue-robed veiled woman snorted coldly and said:

“Snow Emperor, you are not a nobody, if you were really a nobody, I wouldn’t have taken a liking to you just based on your Super God-tier talent.”

Lin Tianhao narrowed his eyes slightly, the meaning of the blue-robed veiled woman’s words made Lin Tianhao somewhat astonished.

It wasn’t strange that she could see that he possessed a Super God-tier talent.

But now she was actually saying that what she valued was not his Super God-tier talent?

Thinking of this.

Lin Tianhao thought of the issue of his subsequent talents.

He had now awakened the Hand of Heavenly Punishment, the Heart of Heavenly Punishment, and the Brain of Heavenly Punishment, three Heavenly Punishment series talents.

However.

He had used God-tier Talent Awakening Stones to awaken all three of these talents.

But when Lin Tianhao wanted to awaken his fourth talent, he was prompted that he needed a Super God-tier Talent Awakening Stone to awaken it.

Could his subsequent talents be above the Super God-tier?

“Then what do you value?” Lin Tianhao asked.

“Could it be that you think I am the Source God of Dao...”

Lin Tianhao wanted to casually say the name of the Source God of Dao, because Lin Tianhao was sure that if he said the name of the Source God of Dao, it would definitely attract the attention of the Source God of Dao here.

The appearance of this blue-robed veiled woman was too strange.

She appeared here, reduced him to level one, and then said she wanted to take him as a disciple.

No matter how you looked at it, it was strange.

“You did it on purpose!!”

The blue-robed veiled woman stared at Lin Tianhao and said:

“You want to say his name, attract his attention, and then let him come and save you, right?”

Lin Tianhao smiled wryly and said:

“Senior, I just want to live, is there something wrong with that?”

The blue-robed veiled woman chuckled and said:

“If you want to live, it’s very simple, as long as you become my disciple, that’s all.”

Lin Tianhao shook his head again, “No way.”

Upon hearing this.

The blue-robed veiled woman raised her hand and pointed, and the Cyan Fang Ghost Fiend beside Lin Tianhao instantly knelt down.

“Yes, or no!”

Lin Tianhao’s expression sank, and he gritted his teeth:

“No way.”

“Bang—”

The moment Lin Tianhao’s voice fell, the Cyan Fang Ghost Fiend’s body instantly exploded, turning into ashes.

The faint connection between Lin Tianhao and the Cyan Fang Ghost Fiend also disappeared.

This meant that the blue-robed veiled woman had really killed the Cyan Fang Ghost Fiend.

“Because of this alone, I am even less likely to become your disciple.”

Hearing this.

The blue-robed veiled woman raised her hand and beckoned, and Hei Tianaozhen actually flew out directly, suspended in mid-air.

“Yes, or no!!”

Lin Tianhao glared fiercely, “You’ve gone too far.”

“Bang—”

The blue-robed veiled woman did not hesitate at all and directly attacked.

Hei Tianaozhen’s body instantly exploded.

“My patience is limited, yes, or no!!”

“Bang bang bang—”

The equipment on Lin Tianhao’s body exploded one after another.

Even the equipment in Lin Tianhao’s backpack was no exception.

This method was too strong and too strange.

The Tears of the Goddess of Life exploded, and Lin Tianhao’s maximum health plummeted by twenty percent.

In just a few breaths.

Apart from the Investiture of the Gods, the Book of Life and Death, the Carving Knife, and the Heavenly Punishment equipment on Lin Tianhao’s body.

All other equipment exploded!!

Lin Tianhao’s expression was extremely cold.

This woman was simply a madwoman.

First killing the Cyan Fang Ghost Fiend, then killing Hei Tianaozhen, and now destroying so much of his equipment.

“Yes, or no?”

The blue-robed veiled woman said indifferently.

Lin Tianhao did not hesitate to use the skill Return.

But the result was... failure!!

He did not return!!

Lin Tianhao used Absolute Shuttle, but it was still the same, he failed!!

“Still struggling?”

The blue-robed veiled woman looked at Lin Tianhao indifferently.

She raised her hand and beckoned, and the Little General who had been subdued by Lin Tianhao also appeared here.

“Bang—”

The blue-robed veiled woman didn’t even ask and directly crushed the Little General’s body.

Even in death, the Little General didn’t know what was going on.

“Yes, or no?”

Lin Tianhao was burning with anger, he couldn't wait to kill the blue-robed veiled woman right now.

But he couldn't do it.

“Become my disciple, and I can resurrect them.”

The blue-robed veiled woman's tone softened slightly.

“You're dreaming!!”

Lin Tianhao roared:

“If you have the ability, take me away from the Milky Way Galaxy, then you should have many ways to make me become your disciple.”

Lin Tianhao was not overwhelmed by anger.

Just as he said.

If the blue-robed veiled woman could take him away from the Milky Way Galaxy, there would be no need for such trouble at all.

The reason she was doing these things was because she couldn't take him away.

“You crazy woman, come on!!”

“As long as you can take me away from the Milky Way Galaxy, I will kneel down and kowtow to become your disciple!!”

Lin Tianhao knew.

Fatty, Lin Qingqing, and Monkey were still in the Ancient God Secret Realm.

The Lord of Luo Tian was also there.

With the strength and methods displayed by this madwoman, it was possible to break the resurrection mechanism and kill Fatty and Lin Qingqing.

Therefore.

Lin Tianhao had to draw the firepower to himself.

Anyway, he definitely couldn't become her disciple, judging from the current situation, becoming her disciple would definitely lead to big problems.

This apprenticeship might be similar to joining the Mortal Palace, or even more excessive.

For example.

As long as he became the disciple of the madwoman in front of him, his talent would be stripped away.

This madwoman was simply not human.

The blue-robed veiled woman looked at Lin Tianhao indifferently, sneering:

"What?"

“Want to anger me with such clumsy means? Are you underestimating me too much?”

As soon as the voice fell.

The blue-robed veiled woman raised her hand again and grabbed into the void.

However.

This time, she didn't grab anything back.

“Eh—”

A look of astonishment appeared on the blue-robed veiled woman's face.

On the other side, the Lord of Luo Tian's expression changed drastically, and his forehead was covered in cold sweat:

“Resurrect and get out!!”

The Lord of Luo Tian did not hesitate to attack Lin Qingqing and the others.

He went all out with this attack, and Lin Qingqing and Monkey were instantly killed.

But Village Chief Wang was not directly killed because his health was too high.

Chapter 1244 - The Source of Tao appears!

However.

Just as the Lord of Luo Tian was about to strike again, he found himself unable to move, and this included Village Chief Wang, who had not yet been killed.

The next moment.

Lin Tianhao was brought by the woman in the blue dress and veil to where the Lord of Luo Tian was.

“That’s a bit interesting.”

The woman in the blue dress and veil looked at the Lord of Luo Tian with interest.

“Beneath the gods, there is actually someone like you, how strange, how bizarre!”

Lin Tianhao clenched his fists and shouted angrily:

“Stop it!!”

Time was limited, and Lin Tianhao didn't want to watch the Lord of Luo Tian die in front of him.

“Looks like he’s very important to you.”

The woman in the blue dress and veil said with a smile:

“Then the thing I just said, is it a yes or a no?”

While speaking.

The woman in the blue dress and veil had already reached out and grabbed the Lord of Luo Tian's neck from a distance.

“Yes, yes, yes.....”

Lin Tianhao immediately spoke up, he knew that if he was even slightly slow, the Lord of Luo Tian would probably die.

Under this circumstance.

Lin Tianhao still had only one choice.

That was Time Stop!!

Of course.

Time Stop wouldn't allow them to escape either.

But.

Lin Tianhao gritted his teeth, hesitant.

His hesitation wasn't about whether or not to acknowledge her as his master.

But rather, if Time Stop was used on an opponent that was too strong, it would deduct his maximum health points if he didn't have enough blue energy.

His current health points were very high, but the strength of this woman in the blue dress and veil was equally terrifying.

But Time Stop was his last trump card.

Besides that.....

There was also the Engraving Knife.

But Lin Tianhao was currently unable to move, so it was almost impossible to use the Engraving Knife.

“You want to delay time.....”

The aura around the woman in the blue dress and veil suddenly changed, as if she would crush the Lord of Luo Tian in the next instant.

Lin Tianhao quickly said:

“Wait.”

“I'll acknowledge you as my master, but you have to revive Hei Tianaozhen and Qingya Guisha first.”

“Small problem.”

The woman in the blue dress and veil grabbed from a distance, then tapped three fingers in succession.

With these three taps, Hei Tianaozhen, Qingya Guisha, and the Little General were all revived from the void.

“Kneel!”

Lin Tianhao wanted to say something, but the woman in the blue dress and veil interrupted him.

“If you dare to talk nonsense again, everyone will die!”

Lin Tianhao knew.

The woman in the blue dress and veil was definitely not joking. Since she said that, if Lin Tianhao dared to talk nonsense, she would definitely kill everyone present.

“Three.....”

“Two.....”

.....

The voice of the woman in the blue dress and veil exploded in Lin Tianhao's mind.

Lin Tianhao's soul couldn't help but tremble.

The woman in the blue dress and veil was deliberately intimidating Lin Tianhao's soul, just to make Lin Tianhao compromise.

Because she felt.

Lin Tianhao was already on the verge of a final struggle, he had no reason to refuse.

“Worship your grandma!!”

At this moment.

The space around the Lord of Luo Tian collapsed layer by layer.

The body of the Lord of Luo Tian, which was originally frozen, actually began to move.

His whole body's essence, energy, and spirit began to burn at this moment.

“Source... God... of... Dao!!”

“Bang——”

The Lord of Luo Tian's body exploded the moment he said these words, turning into ashes!!

Lin Tianhao's eyes instantly turned red when he saw the Lord of Luo Tian's body explode!!

Even more so, a monstrous anger surged in his heart!!

Even more than when Hei Tianaozhen and Qingya Guisha died in front of him.

Regardless of whether it was Hei Tianaozhen or Qingya Guisha, Lin Tianhao had always regarded them as his subordinates.

Lin Tianhao had lived two lives, and had long seen through the fickleness of the world, and his mentality was much stronger than many people.

But now.

Seeing the Lord of Luo Tian die in front of him like this, his body exploding like this.

Lin Tianhao couldn't accept it!!

Because Lin Tianhao regarded the Lord of Luo Tian as a friend, a true friend.

Now that the Lord of Luo Tian had died to save him, the anger in his heart was beyond words.

“Damn it!!”

The woman in the blue dress and veil was furious, she grabbed Lin Tianhao's shoulder, and the space in front of her instantly cracked open.

Lin Tianhao had no power to resist at all, and was directly grabbed by the woman in the blue dress and veil and rushed into the space crack.

When they landed again, Lin Tianhao and the woman in the blue dress and veil had appeared on a withered planet.

Lin Tianhao's fingertips trembled, and the anger in his heart was already difficult to suppress.

In an instant.

Dao patterns appeared around Lin Tianhao's body, his eyes also turned dark red, and his whole person's aura became extremely manic.

“Kill!!”

“Kill!!”

“Kill!!”

.....

Lin Tianhao roared in a low voice, actually breaking free from the control of the woman in the blue dress and veil.

“Die!!”

“Go to hell!!”

Feather arrows pierced through the sky, and the moment Lin Tianhao used Arrow Follows the Heart, his whole person's aura also became extremely terrifying.

In an instant.

Lin Tianhao seemed to have become the greatest demon between heaven and earth.

He rushed towards the woman in the blue dress and veil frantically.

The woman in the blue dress and veil's expression changed slightly, she tried to control Lin Tianhao, but it was to no avail.

Just as Lin Tianhao was about to engage her in close combat, a voice resounded in Lin Tianhao's mind.

“Wake up!!”

A very heavy voice.

Lin Tianhao's dark red eyes gradually recovered, and the magic patterns on his body also began to fade.

In an instant.

Lin Tianhao regained his clarity.

Immediately afterwards.

Lin Tianhao saw a figure appear in front of him.

This figure stood in front of Lin Tianhao, but at such a close distance, Lin Tianhao couldn't see this figure clearly.

His whole person was shrouded in a layer of unknown mist, giving Lin Tianhao an extremely strong sense of oppression.

Although he couldn't see the person's appearance clearly, Lin Tianhao could still sense it.

This person... was the Source God of Dao.

“You shouldn't have targeted him.”

The Source God of Dao's voice sounded, calm, without the slightest emotion, but it gave people inexplicable pressure.

The woman in the blue dress and veil sneered and said:

“I really didn't expect that someone like you would also be willing to be a pawn, just because.....”

“Shut up!!”

The Source God of Dao scolded with some anger.

“Some things can be said, some things absolutely cannot be said.”

Hearing this.

The woman in the blue dress and veil smiled playfully and said:

“Are you telling me not to say it because you're afraid of hitting your sore spot?”

“From the beginning, you should have understood that you are just a pawn. Are you, someone like you, really willing to become a pawn?”

Lin Tianhao listened to these words of the woman in the blue dress and veil.

His mind and soul were shaken!!

The person in front of him could basically be confirmed to be the Source God of Dao.

But what was this woman in the blue dress and veil saying?

Pawn?!

The Source God of Dao, such a strong person, would actually become a pawn?

No matter how he heard it, Lin Tianhao felt it was unbelievable.

Chapter 1245 - Erase memory, Lord Luotian's murderous intention!

“You're saying too much.”

The voice of the Origin God of Dao sounded.

Although Lin Tianhao had very little contact with the Origin God of Dao, he could still recognize the Origin God of Dao's voice.

This was the Origin God of Dao's voice!

He didn't deny what the woman in the cyan veil said, so what did that mean?

Lin Tianhao didn't dare to think too much about it.

It was too terrifying to think about!

The Origin God of Dao, what kind of existence was that!

Even with Lin Tianhao's current talent and growth rate, he had never thought of surpassing the Origin God of Dao.

He only felt that.

If possible.

Perhaps one day in the future, he might reach the realm of the Origin God of Dao, which would already be amazing.

But the more it was like this, the more incredible Lin Tianhao found it.

The experiences of his past and present lives made Lin Tianhao feel as if he was caught in a huge vortex.

This... made it somewhat incomprehensible and unacceptable to him.

"If I don't say it, can you pretend that none of this exists?"

“I'm not like you; I will fight for what I want.”

“People like you are destined to be reduced to pawns, reduced to being someone else's... good person!!”

The more Lin Tianhao listened, the more incredible he found it. What exactly was going on?

Lin Tianhao didn't know.

But he really didn't dare to think too much about it.

This was too terrifying!

“Get out!!”

The Origin God of Dao's cold voice sounded, “If you really think you can beat me, you can try!”

Hearing this.

The woman in the cyan veil smiled contemptuously, “I'll get out, you're amazing, okay!”

“Deceiving yourself, wanting something but not daring to try, you're really embarrassing!!”

After saying that.

The woman in the cyan veil seemed to be worried that the Origin God of Dao would really attack, so she turned around and disappeared.

Lin Tianhao wanted to say something but stopped. What happened today completely subverted Lin Tianhao's imagination.

The Origin God of Dao was a pawn!

What simple seven words, but it was these seemingly simple seven words that made Lin Tianhao feel a chill down his spine.

He knew about the Origin God of Dao and had some understanding of the Origin God of Dao's level.

But even a powerhouse like the Origin God of Dao was actually just a pawn.

And when the woman in the cyan veil was saying these words, Lin Tianhao always felt that the Origin God of Dao's being reduced to a pawn was related to him.

“You have many doubts?”

The Origin God of Dao turned to look at Lin Tianhao.

Lin Tianhao nodded and said:

“She said you are a pawn.”

“This matter was my negligence; she shouldn't have appeared here.”

“Don't worry, someone will deal with her if she tries to make a move against you.”

Having said that.

The Origin God of Dao looked at Lin Tianhao meaningfully, "Forget it, she wants to change the current situation."

"But some things are already destined."

As soon as he finished speaking.

Lin Tianhao still wanted to say something, but he found that his body couldn't move.

In the next moment.

Lin Tianhao appeared in the Ancient Godly Secret Realm. He was suspended in mid-air, and the surrounding time seemed to be paused.

The Origin God of Dao raised his hand and pointed, and the Lord of Luo Tian, who had been killed, was directly resurrected.

Immediately after.

The Origin God of Dao raised his hand and grabbed, and Lin Qingqing and the monkey were directly grabbed back.

With another point, Lin Qingqing and the monkey's levels increased by one, returning to the level when they were killed by the Lord of Luo Tian.

After that.

With a wave of the Origin God of Dao's hand.

Lin Qingqing, the monkey, Village Chief Wang, including Lin Tianhao, Qing Ya Ghost Fiend, and others, all had a moment of恍惚.

The Origin God of Dao pulled out fragments of their memories like peeling silk from a cocoon.

The Lord of Luo Tian recovered from his frozen state, and he looked at this scene in disbelief.

He wanted to ask why, but he didn't dare.

He was strong, but he was only strong at his level.

Facing an existence like the Origin God of Dao, he didn't have the slightest power to resist.

But in the end.

He still couldn't help but ask:

“Why not erase my memory as well?”

The Origin God of Dao erased the memories of Lin Tianhao, Lin Qingqing, and others, and the Lord of Luo Tian could still see this.

The Origin God of Dao looked at the Lord of Luo Tian indifferently and said:

“I am sorry to you, so I will leave your memory.”

The Lord of Luo Tian was a little懵逼.

He had no intersection with the Origin God of Dao at all, and the Origin God of Dao opened his mouth and said that he was sorry to himself. What was going on?

“I don't understand, what have you done to be sorry to me? You resurrected me, I should be grateful to you.” The Lord of Luo Tian said very frankly.

“You really don't know?” The Origin God of Dao asked.

The Lord of Luo Tian stared at the Origin God of Dao for a long time, and then his gaze fell on Lin Tianhao.

The Origin God of Dao waved his hand and said:

“It's good if you think of it, and it's okay if you don't, don't try to change anything.”

“That person today, she was too stupid.”

The Lord of Luo Tian subconsciously asked: “Is she dead?”

Hearing this.

The Origin God of Dao shook his head and said:

“I didn't kill her, and I don't know if she's dead, but she won't have a good end.”

“She thinks too highly of herself and dares to do anything.”

The Lord of Luo Tian took a deep breath.

What kind of existence was that woman in the cyan veil, that even her life and death could not be controlled by herself?

“So...”

The Lord of Luo Tian hesitated to speak, but finally gritted his teeth and asked:

“Are you really a pawn?”

The Origin God of Dao didn't answer, just sighed faintly.

“Alright, don't do anything stupid, I'm leaving.”

After saying that.

The Origin God of Dao disappeared.

In the next moment.

“Boom boom boom boom boom——”

Above the sky.

Countless meteors fell from the sky and smashed onto the protective shield of the Binding Wind Canyon.

Inside the Binding Wind Canyon.

The remnant image of the Binding Wind God King was furious, and he roared:

“Stop, stop for me!!”

Before the Binding Wind Canyon, Lin Tianhao was still attacking the Binding Wind Canyon.

The feather arrows were mechanically released.

Lin Tianhao looked at the Binding Wind Canyon in front of him and always felt that he seemed to be missing something.

But he couldn't remember what he was missing.

He looked at the Qing Ya Ghost Fiend beside him, and couldn't help but think in his mind.

What would it be like if the Qing Ya Ghost Fiend's body exploded?

This idea was very strange.

Even Lin Tianhao himself didn't know why he had this idea.

Inside the Binding Wind Canyon.

The voice of the remnant image of the Binding Wind God King came again.

“Snow Emperor, stop quickly, we can discuss anything!!”

.....

On the other side.

The Lord of Luo Tian, who was helping Lin Qingqing obtain the inheritance of the Great Dao, had a complicated expression.

The memories of the others had been erased.

His memory was still there.

What had just happened was unbelievable even with his temperament.

He turned his head and looked in the direction of Lin Tianhao, with a complicated expression.

In his eyes, there was even a faint flash of killing intent.

But soon.

This faint killing intent turned into a deep sense of powerlessness.

In the end, everything just turned into a faint sigh.

Chapter 1246 - The God of Wind is imprisoned!

“Senior Luo Tian, why do you sigh?”

Village Chief Wang asked respectfully.

He also felt like he was missing something, but he couldn't quite put his finger on it.

Lord Luo Tian shook his head and said, “It's nothing, just thinking about some things from the past.”

Lord Luo Tian wasn't exactly lying.

The things that just happened were, after all, things of the past.

Village Chief Wang frowned, feeling like something was wrong, but looking at everything around him, he really couldn't remember what was wrong.

... ..

Wind Restricting Canyon.

Above the sky.

More skyfire meteors fell.

Lin Tianhao had triggered the skyfire meteor for the fifth time.

The remnant spirit of the Wind Restricting God King tried to negotiate with Lin Tianhao, but Lin Tianhao didn't care at all.

As for the inheritance of the Wind Elemental God and Demon, the Wind Restricting God King didn't mention a word.

Lin Tianhao also seemed to have forgotten about the inheritance of the Wind Elemental God and Demon, completely losing his memory of it.

Today.

Qingya Ghost Fiend brought him to Wind Restricting Canyon, trying to obtain the inheritance of the Wind Restricting God King.

Now.

He encountered the arrogant remnant spirit of the Wind Restricting God King.

Wanting to use the favorable timing, location, and people of Wind Restricting Canyon to attack him, but now, he was about to break the protective array of Wind Restricting Canyon with his passive skill, Skyfire Meteor.

All of this.

The sixth skyfire meteor fell, and the array of Wind Restricting Canyon could no longer withstand it, and cracks appeared in the protective array.

“Snow Emperor, I have a divine artifact in my hand, as long as you can stop, the divine artifact in my hand is yours.”

Lin Tianhao's mouth turned up, a playful smile appeared on his face, and said:

“If I kill you, the divine artifact on you will naturally be mine.”

“Boom——”

With a loud noise.

The array of Wind Restricting Canyon finally couldn't withstand it and collapsed instantly.

A large number of skyfire meteors smashed towards the remnant spirit of the Wind Restricting God King.

Lin Tianhao's Heavenly Punishment Lock also locked onto the remnant spirit of the Wind Restricting God King.

Feather arrows cut through the sky, and Lin Tianhao continued to attack Wind Restricting Canyon.

And the Heavenly Thunder Earth Fire in his hand slashed towards the remnant spirit of the Wind Restricting God King.

The remnant spirit of the Wind Restricting God King could only roar in impotent rage at this time.

The Wind Restricting Canyon was destroyed by the skyfire meteors, and the wind speed dropped sharply.

The wind elemental power that the remnant spirit of the Wind Restricting God King could mobilize was also sharply reduced.

Qingya Ghost Fiend guarded Lin Tianhao from beginning to end, protecting Lin Tianhao from being attacked by the Wind Restricting God King.

Without the geographical advantage of Wind Restricting Canyon, the remnant spirit of the Wind Restricting God King was no match for Lin Tianhao.

A large number of feather arrows locked onto the remnant spirit of the Wind Restricting God King.

“No!!”

The remnant spirit of the Wind Restricting God King roared in despair, but was quickly enveloped by Lin Tianhao's feather arrows.

“Ding, congratulations, you have successfully killed the Wind Restricting God King, a server-wide announcement is about to be made, do you want to hide your name?”

“No!!”

“Server-wide announcement, congratulations to Snow Emperor for successfully killing the Wind Restricting God King, reward free attribute points +100,000, class-specific King-level equipment +1, hereby announce, hoping that the majority of adventurers will continue to work hard!!”

... ..

Lin Tianhao's server-wide announcement of killing the Wind Restricting God King sounded, and Lin Tianhao directly included the Wind Restricting God King in the God Conferring List.

Subsequently.

He went to obtain the inheritance of the Wind Restricting God King.

Having previously obtained the inheritance of so many gods, Lin Tianhao could be considered familiar with the process of obtaining the inheritance of the Wind Restricting God King.

After obtaining the inheritance of the Wind Restricting God King, Lin Tianhao began to check the skills obtained by the Godslayer Mark from the Wind Restricting God King after killing him.

As for the gods of soul origin that Lin Tianhao killed before.

Not only could they not be sent to the God Conferring List, but even the Godslayer Mark could not obtain the skills on them.

This was indeed a pity, after all, no matter what, the skills of those guys should not be too weak.

Now there were too few skills worth learning for Lin Tianhao, and it was estimated that only the Blessing of the Gods skill, and the skills obtained by the Godslayer Mark after he killed the gods, were slightly useful to Lin Tianhao.

Even the Non-Law Silent Arrow obtained from the Puppet Arrow God King before was not of great help to Lin Tianhao.

Retracting his thoughts.

Lin Tianhao began to check the skills obtained from the Wind Restricting God King.

Wind Restricting God King (Wind God Imprisonment): Actively releases a cyan beam of light. Enemy units within the range covered by the cyan beam of light will have their bodies and souls imprisoned for three seconds. The cooldown time is fifteen minutes and consumes 10,000 mana.

Note: The range of the cyan beam of light will continue to expand as your understanding of the Great Dao of Wind increases, but the consumption and cooldown will not increase.

Lin Tianhao's eyes lit up, this skill was good.

And looking at the skill introduction, this was a very typical area-of-effect skill.

Just as Lin Tianhao wanted to experiment with these two skills, he heard the sound of an external device calling.

Lin Tianhao immediately went offline.

He had been online for quite a while this time, and it was estimated that Taoist Ambition had completed his breakthrough.

Celestial Phenomenon Realm.

I wonder what Taoist Ambition's celestial phenomenon will be like.

Lin Tianhao took off his game helmet and his gaze fell on Taoist Ambition in front of him.

At this time, Taoist Ambition was looking at Lin Tianhao with a smile.

“How is it? Didn't I disturb you?”

Lin Tianhao grinned and said:

“If you had come a little earlier, you would have disturbed me.”

“But fortunately, when you called me, I had just killed a God King.”

Taoist Ambition rolled his eyes, and the others around him couldn't help but roll their eyes at Lin Tianhao.

Lin Tianhao glanced at the crowd around him and asked with feigned surprise:

“Can't be, you haven't even killed a God King, have you?”

Taoist Ambition: “...”

Blind Sword Old Man: “...”

Zuo Tianyang: “...”

“Stop pretending, if you don't pretend, we're still friends.”

Lin Tianhao said with an innocent look:

“I'm not pretending, killing a God King, isn't that just a matter of having hands?”

Taoist Ambition said with a dark face:

“Hehe, Snow Emperor, I just broke through to the Celestial Phenomenon Realm not long ago, and I really want to find someone to practice with now.”

Lin Tianhao quickly waved his hand and said:

“Senior Ambition, this junior is just joking, don't take it seriously.”

Lin Tianhao still had self-awareness, although he was very strong now, the gap was still very obvious compared to Taoist Ambition who had already reached the Celestial Phenomenon Realm.

“Alright, get up.”

Taoist Ambition pulled Lin Tianhao, who was sitting on the ground, up.

“You just went offline, do you want to adapt first?”

Whether it was ordinary people or martial artists like them.

After going offline from Twilight of the Gods, they all needed to adapt.

After all, Twilight of the Gods was too realistic.

After adapting to the powerful power in Twilight of the Gods, and then returning to reality, feeling the weak power of their own body, many people couldn't adapt to it all at once.

Chapter 1247 - Enter Blackpool!

Lin Tianhao waved his hand and said, "It's okay. What are you planning to do next?"

Daoist Yexin took a deep breath, glanced in the direction of the Lonely King Palace, and said, "Let's go into the water and go to the sixth level."

Lin Tianhao was not surprised. Going to the sixth level was definitely a risk.

The situation in Moyuan is so complicated that it definitely won't work if you don't go into the water.

Everyone present looked very solemn. "I have already asked the Mole Rat to investigate, and it is indeed possible to go down to the sixth level there."

"Okay."

Lin Tianhao knew that in a place like Moyuan, nothing was absolutely safe.

The so-called no danger is relative.

Lin Tianhao wanted to leave Moyuan.

No matter how many things in Moyuan attracted Lin Tianhao, the current Moyuan was no longer suitable for him to continue exploring.

As for Daoist Yexin and the others, it would be best if Lin Tianhao could persuade them to leave together, but if not, there was nothing he could do.

Moreover.

They now have resurrection coins in their hands, so it's okay to take appropriate risks.

Under the leadership of Venerable Longhu, Lin Tianhao, Daoist Yexin, and others returned to the circular stone chamber again.

In the center of the stone chamber, there was a pool of water, the water was black, like ink.

Lin Tianhao had seen this pool of water before, and also knew that this pool of water was likely the passage to the sixth level.

"I'll go."

No one spoke, but Old Man Xia Jian took a step forward.

He squatted down and touched the pool water, and there was nothing unusual.

Subsequently.

His whole body lay on the ground, as if listening to some sound.

After a while.

Old Man Xia Jian got up and prepared to go into the water.

"Amitabha."

Venerable Longhu stepped forward and said:

"Sometimes, you don't necessarily have to follow the rules."

When the words fell.

An angry Arhat appeared behind Venerable Longhu.

The angry Arhat roared and jumped up, slamming heavily on the ground.

Subsequently.

This angry Arhat frantically waved his fists, blasting a hole in the side of the pool.

This hole extended to the side.

Seeing this scene.

Lin Tianhao frowned slightly.

Venerable Longhu wanted to draw out the pool water below.

If there was no pool water, and the situation below could be seen clearly, it would be much safer.

"That's difficult, right?"

"Indeed, I have already tried it, but it is useless. It is impossible to drill down from here at all."

Venerable Longhu smiled slightly and did not explain anything.

Lin Tianhao vaguely guessed something.

Venerable Longhu shouldn't really want to lower the water level.

He is probably experimenting with something.

As the hole smashed by the angry Arhat became larger and larger, Lin Tianhao also discovered the problem.

"The water level of the pool has not dropped."

Logically speaking.

Such a big hole has been torn open above, and the pool water poured into this hole, the pool water level should have dropped.

But the result was that it didn't drop at all.

"Amitabha."

Venerable Longhu said a Buddhist chant, "It seems that this place is not directly accessible to the sixth level. It is estimated that there is still a passage below that allows the pool water to flow back up."

At this point.

Venerable Longhu stepped to the hole dug by the angry Arhat, jumped directly in, and then sat cross-legged, his body, and even his entire bald head, were submerged in the black pool water.

This should be Venerable Longhu's second experiment, that is, whether there will be any impact if the black pool water covers his body.

If he directly experimented in the center of the pool, it would be very dangerous if something attacked from below the pool.

Opening a hole on the side and drawing the pool water over for experimentation would be much safer.

Although it is more troublesome, this is a matter of losing your life. If you can eliminate the danger as much as possible, then eliminate the danger.

After half an hour, Venerable Longhu jumped out of the pool.

"After this black pool water covers my body, the internal energy in my body will be consumed faster. It doesn't have much impact on me if I don't fight, but if I fight, it will greatly shorten my continuous combat time."

At this point.

Venerable Longhu looked at Mole Rat and Old Man Xia Jian and the others again.

"This is for me. If it were you, it is estimated that you would not be able to stay in the water for two hours, and the internal energy in your body would be completely consumed."

Lin Tianhao frowned, "Generally, in this kind of situation, the deeper you go, the greater the consumption of internal energy."

"In this water, without internal energy, physical strength will also be exhausted quickly."

At this time.

The importance of Black Demon is reflected again.

If Black Demon was here, let Black Demon explore the way. He has no internal energy, and as for the consumption of physical strength, it is not worth mentioning for Black Demon.

Another day of missing Black Demon.

"I'll do it."

Old Man Xia Jian stood up without hesitation.

"I am more familiar with the dark environment, and besides, I am blind, so it doesn't matter if anything happens."

Lin Tianhao hesitated to speak, but in the current situation, the risk of Old Man Xia Jian going into the water is very high.

"Wang Chongfeng."

Daoist Yexin called out, "Let your summoned beast go down to explore the way, and Xia Jian will be in the middle."

"Venerable Longhu, you are in the third position, Xue Di is fourth, and I am fifth."

"Don't go down one by one like dumplings. The five of us will go down together, and the rest will stand by. Zuo Ju, you are responsible for commanding. If we don't come up, don't come down."

"If I really go to the sixth level, I will leave from the sixth level again, and then come to meet you to leave."

At this point.

Daoist Yexin looked at Venerable Longhu again, "Your subordinates too, stay here, how about that?"

Venerable Longhu nodded, "No problem, this is the best way in this situation."

No one knows the situation underwater. If they go down like dumplings, what if Xia Jian doesn't come up?

Whether there is danger below, or Old Man Xia Jian has gone to the sixth level, what will they do?

Continue to let others explore the way?

That would really become Calabash Brothers saving Grandpa, going down one after another to die.

With Zuo Tianyang above, and Witch Six Fingers and the others, as long as they are stable, there will not be too much danger.

The danger on the fifth level itself is not likely to threaten Zuo Tianyang and the others.

Unless... ..

It's someone else.

But if it is someone else, they will not easily attack in the face of the 749th Bureau and the people of the Great Sect.

Wang Chongfeng summoned a golden big fish, obviously he was prepared.

The golden big fish was in the front, Old Man Xia Jian was second, Venerable Longhu was third... ..

According to Daoist Yexin's arrangement just now, Lin Tianhao and the others swam downwards.

It can only be said.

Daoist Yexin really protected Lin Tianhao too well.

Venerable Longhu is in front, and Daoist Yexin himself is behind, even if there is really any danger underwater, it is unlikely that he will be in trouble.

Chapter 1248 - Do you guys still have any fish?

The moment Lin Tianhao entered the pool, he felt the strength in his body begin to dissipate.

This must be what Venerable Dragon-Tiger was talking about, the accelerated loss of internal energy.

Going down through the black pool water, the range Lin Tianhao could see didn't change from when he was on the ground.

He could still see very far.

It was as if...

After entering the pool water, something changed in his eyes, allowing him to no longer be hindered by the pool water.

Venerable Dragon-Tiger, Old Man Blind Sword, the golden fish, and even a place very far in front of the golden fish, Lin Tianhao could see them all.

Lin Tianhao discovered.

Behind the iron chain, a head appeared.

The head of a child.

The child's face was pale, seemingly because he had been soaked in the water for too long, and his entire head was a bit swollen.

With a wave of his hand, Lin Tianhao sent a water arrow rapidly flying forward.

Seeing this scene.

Venerable Dragon-Tiger, Old Man Blind Sword, and Taoist Wild Ambition were all shocked.

They simultaneously looked toward the direction Lin Tianhao's water arrow was attacking.

Just as the water arrow was about to hit the big-headed boy, the big-headed boy instantly retreated behind the iron chain and disappeared.

Taoist Wild Ambition sped up and swam to Lin Tianhao's side, golden light appearing around him, isolating the pool water and enveloping Lin Tianhao within it.

"What's going on?"

"I can see very far in this pool water, very far. Behind the iron chain in front, a child's head just popped out."

Taoist Wild Ambition was slightly surprised, "You lead the way, I'll go with you."

"Okay."

The group swam toward the iron chain.

Behind the iron chain, nothing was found.

"Are you... looking for me?"

Just at this moment.

A childish voice with a hint of evil charm came from behind Lin Tianhao.

Lin Tianhao and the others subconsciously turned their heads to look, only to see a huge, swollen head appear behind them.

This head was over three meters in diameter, appearing so abruptly behind them, catching everyone present off guard.

Lin Tianhao's expression changed slightly, and he turned to run, several water arrows flying out.

The swollen head that appeared above was a projection, the real swollen head was below!!

Before Lin Tianhao's attack could arrive, the golden fish had already begun to fall downward.

Looking closely, they discovered that the golden fish's belly had been hollowed out with a bloody hole, and the little boy's swollen head was sticking out from that bloody hole.

A pair of deep, dark eyes looked at Lin Tianhao and the others, with a hint of playfulness and mockery.

"He's in the fish's belly," Lin Tianhao shouted.

Old Man Blind Sword charged forward, both swords attacking simultaneously, slashing at the fish.

"Amitabha!"

Venerable Dragon-Tiger also charged over.

"Be careful!!"

Lin Tianhao shouted urgently.

Because in the depths of the pool, a pair of basketball-sized, dark eyes opened.

The pool water was black, and the eyes were also black, and they were in the depths of the pool.

If they hadn't suddenly opened, Lin Tianhao wouldn't have noticed them.

But by the time Lin Tianhao said these words, it was already a bit late.

The owner of those eyes opened its bloody maw and swallowed the golden fish in one gulp, and at the same time, it continued to swallow Old Man Blind Sword without slowing down.

"Fierce Vajra!"

Venerable Dragon-Tiger immediately attacked, the Fierce Vajra instantly charging over, its hands propping up the upper jaw of this behemoth, and its feet bracing against its lower jaw, only then preventing Old Man Blind Sword from being swallowed directly.

And just at this moment.

Taoist Wild Ambition's golden whip flew out, wrapping around Old Man Blind Sword, pulling Old Man Blind Sword up from below.

Old Man Blind Sword escaped from the behemoth's mouth, and the Fierce Vajra also immediately retreated.

The behemoth's huge bite force sent out a muffled sound, and Lin Tianhao even suspected that it would break its own jaw.

When this behemoth closed its bloody maw, Lin Tianhao could finally see its appearance clearly.

This is... a dragon!!

Lin Tianhao knew that there was a dragon beneath this Mo Yuan, but he never thought that he would actually encounter a dragon here!!

Taoist Wild Ambition and Venerable Dragon-Tiger looked at the huge dragon head, and both of their expressions became very unsightly.

"Let's go up!" Taoist Wild Ambition said.

The two of them brought Lin Tianhao and Old Man Blind Sword and instantly rushed up.

The black dragon's pair of dark eyes just stared at the group leaving, and didn't attack again.

Or rather.

It was already unable to attack again.

Because Lin Tianhao saw that on the black dragon's body, there were huge iron hooks.

These iron hooks were deeply embedded in the black dragon's flesh.

And the other side of the iron hooks was connected to thick iron chains.

The thick iron chain that Lin Tianhao and the others had seen before was one of them.

Coming out of the black pool water, Zuo Tianyang immediately stepped forward and asked:

"How was it?"

"There's a dragon down there," Taoist Wild Ambition said in a deep voice.

His voice wasn't loud, but it silenced everyone present.

A dragon!!

"This is difficult," Zuo Tianyang said with a wry smile. "It seems we can only look for other passages to the sixth level."

With a dragon here, plus the black pool water accelerating the consumption of their internal energy, fighting a dragon underwater would be too dangerous.

"Not necessarily."

Venerable Dragon-Tiger smiled slightly.

Hearing this, Zuo Tianyang subconsciously asked:

"It's not a real dragon?"

If it wasn't a real dragon, Taoist Wild Ambition and Venerable Dragon-Tiger would still have a chance to fight.

"It is."

Venerable Dragon-Tiger smiled and said:

"But this dragon was trapped in this black pool water by an expert, and the true energy in its body should have been completely exhausted. It also has chains locking it down. We might not be able to win against it."

A true dragon without true energy and whose body was locked up by chains, they really might be able to defeat it.

"You don't need to worry too much. Even if we can't beat it, it's locked up by iron chains, and we can still retreat safely."

Lin Tianhao hesitated, but finally said:

"This black pool water should also have a negative effect."

Taoist Wild Ambition nodded and said:

"Staying in this black pool water for a long time should make people go demonic."

"But this is extremely weak, unless you're in this pool water for months, or even years, otherwise it's very difficult to make someone go demonic."

Six-Fingered Witch's expression changed slightly, "If that's the case, then the dragon underwater has already gone demonic?"

Venerable Dragon-Tiger nodded, "That's right, it has indeed gone demonic, but it has no internal energy in its body, and it hasn't eaten for a long time. Even in a demonic state, it's useless."

"However."

"The golden fish was eaten by that dragon, which might have a slight impact."

As soon as Venerable Dragon-Tiger's voice fell, the childish and evil voice suddenly sounded.

"Do you... have any more fish?"

## Chapter 1249 - The real dragon under the black pool!

Lin Tianhao's expression changed, after all, it was this life-threatening voice that took away the golden fish, and even the blind swordsman almost got taken away.

At this moment.

In the black pool.

The head of the big-headed boy, a little swollen from being soaked in water, emerged again.

His eyes were dark, and wisps of demonic纹(wen, patterns) were flowing on his body.

He should be like the dragon below, already demonized.

But he spoke so clearly now.

"Sister hasn't eaten in a long time, I can pay for it."

The big-headed boy took out three resurrection coins from his body.

His swollen little hand held a few resurrection coins and handed them over, looking so sincere.

"There are no more fish, but there are other animals," Wang Chongfeng said subconsciously.

These are resurrection coins.

A one-time summoning card in exchange for three resurrection coins, he's making a killing, isn't he?

Zuo Tianyang couldn't help but glare at Wang Chongfeng.

"Are you crazy? That dragon hasn't been replenished much yet, it's easier to fight.

If you let it eat more, it's not impossible for it to break free from the Dragon Binding Cord and rush up."

Hearing Zuo Tianyang's words, the big-headed boy pleaded:

"Don't hurt sister, sister is a good person."

Lin Tianhao looked at the big-headed boy and asked:

"Can I talk to your sister?"

The big-headed boy shook his head, "Someone injured sister some time ago, and she can't speak now. She doesn't even talk to me when I talk to her."

Hearing this.

Lin Tianhao and the others knew what was going on.

The dragon under the black pool should not have been completely demonized at first. Like the big-headed boy, she still retained her own consciousness.

It's just that she was injured by someone not long ago, and her last bit of consciousness also collapsed.

"We just want to go to the sixth level of this Moyuan, we don't necessarily have to kill her," Lin Tianhao said.

Dragon Tiger Venerable frowned slightly, he didn't really agree with Lin Tianhao's point of view.

"Snow Emperor."

"You are a bad person, I won't allow anyone to hurt sister!!"

The aura on the big-headed boy became more and more violent, the black pool water around him began to boil, and a long dragon formed from black liquid rushed towards Dragon Tiger Venerable.

"Overestimating yourself!!"

Dragon Tiger Venerable snorted coldly and slapped out a golden Buddha seal.

The golden Buddha seal hit the black dragon gathered by the pool water, directly shattering the black dragon.

The pool water fell everywhere.

And in this pool water, a drop of pool water rushed towards Dragon Tiger Venerable at a speed visible to the naked eye.

Dragon Tiger Venerable immediately blocked his body with his Zen staff, and the Buddha's light in front of him shone brightly, trying to block this drop of black liquid.

But what no one present expected was that this drop of black liquid actually broke through Dragon Tiger Venerable's Buddha's light protection and hit the center of his eyebrows.

Dragon Tiger Venerable's expression changed, but the expected damage did not come.

He seemed to be fine.

It's just that there was a drop of black liquid on the center of his eyebrows.

"Are you okay?"

The barefoot, enchanting woman quickly helped Dragon Tiger Venerable.

Dragon Tiger Venerable's expression sank, "The same as in the black pool, even faster than in the black pool, the inner strength is collapsing."

"There are also wisps of demonic energy invading my body and soul!"

As soon as he finished speaking.

Dragon Tiger Venerable was already sitting cross-legged, the Buddha's light around him converged into one point, and charged towards the center of his eyebrows.

However.

The black liquid seemed to be conscious, and actually avoided the impact of the Buddha's light.

Daoist Wild Heart raised his hand and pointed towards the black liquid on Dragon Tiger Venerable's body, but before he could point it, the black liquid had already disappeared and merged into Dragon Tiger Venerable's body.

The aura around Dragon Tiger Venerable's body continued to rise, trying to destroy the black liquid.

After a while.

Dragon Tiger Venerable's forehead was already covered in cold sweat.

"Venerable, how is it?" the enchanting woman asked.

Dragon Tiger Venerable shook his head and said solemnly:

"Cannot be resolved."

Lin Tianhao narrowed his eyes slightly, raised his hand and placed it on Dragon Tiger Venerable's body, and his inner strength rushed towards Dragon Tiger Venerable's body.

Soon.

Lin Tianhao found that drop of black liquid.

Lin Tianhao also tried to help Dragon Tiger Venerable remove this drop of black liquid.

But the result was failure, his power could not touch this drop of black liquid at all.

Every time his power was about to touch this black liquid, this black liquid would collapse.

"Don't try."

Dragon Tiger Venerable sighed heavily.

He had already walked a relatively long distance in the Celestial Phenomenon Realm, and he couldn't solve it, it would be too difficult for others to solve it.

"Will you become demonized?"

The enchanting woman asked.

Dragon Tiger Venerable nodded, "This power is beyond my ability to resist. I won't be demonized in a short time, but I don't know what will happen later."

Having said that.

Dragon Tiger Venerable changed the subject, his eyes became unusually firm.

"Go into the water, slay the dragon!"

"Snow Emperor, I know what you want to say, but in this situation, slaying the dragon is the best choice."

"The power in my body is collapsing. When the power in my body collapses, it will be up to you. The probability of wanting to slay the dragon is very, very low."

Lin Tianhao understood what Dragon Tiger Venerable meant. If he waited until the inner strength in Dragon Tiger Venerable's body was exhausted by the black liquid, it would be even more troublesome later.

"Okay, slay the dragon!!"

Lin Tianhao was not an indecisive person either. No matter whether this choice was right or wrong, he had no better choice.

As long as he could leave here alive, everything would be fine.

"Wait!"

At this moment.

A familiar voice sounded.

Along with the voice, Lin Tianhao saw Zhang Linglong walking over.

Dragon Girl, Zhang Linglong!

Seeing her appearance, Lin Tianhao couldn't help but smile and said:

"Do you know the true dragon below?"

Zhang Linglong nodded and said seriously:

"I know her, a poor...dragon trapped here."

"She was originally a true dragon with an extremely rare bloodline return to ancestry in the dragon clan, and her future achievements were limitless."

"But she was plotted against by people in the clan, who extracted her dragon marrow and trapped her here."

Lin Tianhao frowned slightly. In this way, this dragon was really pitiful enough.

"She is affected by the water of the black pool, her true energy is collapsing, and she has fallen into the demonic path," Zhang Linglong said helplessly.

Lin Tianhao pondered slightly and asked:

"What do you want us to do?"

"Give her something to eat, let her regain consciousness, and then let you go to the sixth level."

"No!"

Dragon Tiger Venerable shouted sharply:

"Amitabha!"

Seeming to feel that his emotions were wrong, Dragon Tiger Venerable said another Buddha's name.

"In the current situation, if we give her something to eat, what if she recovers and doesn't let us go to the sixth level?"

"A true dragon that has already been demonized, if one day, a hidden dragon emerges from the abyss, it will be a disaster for the entire Dragon Kingdom!"

Chapter 1250 - Wang Chongfeng was swallowed!

"As the director of the 749 Bureau, I vote for Venerable Dragon-Tiger."

Zuo Tianyang said in a deep voice.

"We can gamble, but the Dragon Kingdom cannot."

"The tens of millions of people around the Qinling Mountains cannot."

Zhang Linglong became somewhat anxious, "You believe me, I can negotiate."

Daoist Yexin wanted to say something but hesitated, his gaze falling on Lin Tianhao.

"Snow Emperor, what do you think?"

"Kill!"

A cold glint flashed in Lin Tianhao's eyes; indecision is never a good thing.

He could rather kill by mistake than allow his life to be placed on such uncertain matters.

Zhang Linglong stared blankly at Lin Tianhao, "You won't even give me a chance?"

"If big sister doesn't attack you, will you not hurt big sister either?"

"Yes."

Lin Tianhao replied very affirmatively.

If they could avoid fighting, that would naturally be best.

Venerable Dragon-Tiger, however, frowned deeply.

Because the opportunity to slay a dragon was too rare.

More importantly.

This dragon had already become demonic; if they didn't slay it now, there would be big trouble when the hidden dragon emerges from the abyss later.

Zuo Tianyang also remained silent, his expression complex.

Clearly.

He also didn't want to let go of the dragon below.

As the director of the 749 Bureau, he had a responsibility to eliminate any threats from supernatural forces to ordinary people.

Especially... a being like a true dragon.

"Follow what Snow Emperor says."

"If we can successfully reach the sixth level, then we won't fight."

Daoist Yexin directly made the decision.

This dragon was trapped in the Black Pool, making it an excellent opportunity to kill and seal it.

However, even Venerable Dragon-Tiger couldn't break the attacks of that big-headed boy.

If Lin Tianhao were hit by such an attack, it would be very troublesome.

Ensuring that Lin Tianhao could retreat safely was the most prudent approach.

After Lin Tianhao left safely, they could think of other ways to deal with the remaining issues.

"And me, you have to remove the black liquid you injected into my body!"

Venerable Dragon-Tiger reluctantly said these words; he, a dignified Celestial Phenomenon realm expert of a major sect, actually needed a little monster to help him.

The big-headed boy gritted his teeth, "You are a bad person."

"But as long as you don't hurt big sister, I can help you remove it."

"Good."

Venerable Dragon-Tiger nodded.

This drop of black liquid was indeed troublesome; even if he succeeded in slaying the dragon, it would be difficult for him to resolve this drop of black liquid.

Reaching an agreement.

The group swam towards the depths of the water.

Even so.

Venerable Dragon-Tiger and Daoist Yexin still protected Lin Tianhao.

Arriving again at the location of the black dragon, the expressions of everyone present were extremely solemn as they looked at this gigantic black dragon.

Dragon!!

Even Zuo Tianyang felt extremely shocked.

The big-headed boy hugged the black dragon, seemingly trying to soothe the black dragon's emotions.

"You guys leave quickly."

Lin Tianhao's group quickly swam downwards.

However.

Just as Lin Tianhao's group was swimming down, a wicked smile appeared on the big-headed boy's face.

"Big sister... needs food!"

"All of you stay here and become big sister's food!"

Just as Lin Tianhao's group had swam halfway, the big-headed boy instantly moved.

He dashed forward and arrived in front of Wang Chongfeng.

Clearly.

He had already observed that Wang Chongfeng was the weakest among these people.

"True Thunder Talisman!"

Wang Chongfeng threw out a talisman, which exploded, and lightning spread towards the big-headed boy.

The big-headed boy sneered, dodged Wang Chongfeng's attack, and grabbed Wang Chongfeng in one fell swoop.

"Your life ends here!"

Venerable Dragon-Tiger roared angrily; before he could make a move, the Blind Swordsman had already attacked with his dual swords.

"Moo—"

At that moment.

A dragon's roar sounded, and a huge sonic wave, carrying black pool water, blasted Venerable Dragon-Tiger, Lin Tianhao, and the others away.

Daoist Yexin's golden whip flew towards Wang Chongfeng, attempting to save him.

From the beginning.

This big-headed boy had never intended to let them go.

"Falling Thunder Technique!"

The black dragon's sonic wave also struck Daoist Yexin, and the golden whip couldn't reach Wang Chongfeng at all.

Daoist Yexin could only use a Falling Thunder Technique first, to see if it could force the big-headed boy back.

However.

The big-headed boy dodged the Falling Thunder, but the black dragon swallowed Wang Chongfeng in one gulp, regardless of everything!!

Wang Chongfeng was swallowed into the black dragon's belly, and even with a resurrection coin, it would be very difficult to revive him.

"Fierce-Eyed Vajra, Dragon and Tiger Move Together!"

Venerable Dragon-Tiger roared angrily, "I said long ago that these beasts can't be trusted, damn it!!"

After speaking.

The three Celestial Phenomenon behind Venerable Dragon-Tiger simultaneously attacked the big-headed boy.

Daoist Yexin also formed a hand seal, and a Dharma Idol wrapped in lightning appeared behind him.

"Puhua Heavenly Lord!"

Daoist Yexin's first Celestial Phenomenon was the Nine Heavens Resounding Thunder Puhua Heavenly Lord, which was an instant level up.

The four Dharma Idols simultaneously attacked the big-headed boy; could this big-headed boy withstand it?

"Come on, come on, all of you stay here!"

The big-headed boy laughed hideously, he opened his bloody mouth, the corners of his lips splitting all the way to his ears.

A large amount of black, thick liquid spewed out from his open bloody mouth.

These black, viscous liquids spread in all directions.

Lin Tianhao could clearly feel that the consumption of his inner strength was even faster.

"Damn it!"

Venerable Dragon-Tiger's main body also charged forward.

He had been hit by that drop of black liquid before, and the consumption of his inner strength was already relatively fast.

Now, this big-headed boy was actually accelerating the rate at which his inner strength was consumed.

If this dragged on, his fate would be the same as Wang Chongfeng.

Lin Tianhao also knew that he couldn't sit still and wait for death.

His hands simultaneously transformed into dragon claws, and he pounced towards the black dragon.

The black dragon's eyes were pitch-black, and it exuded demonic energy, having already lost its mind.

However, upon sensing the aura of the dragon race's bloodline on Lin Tianhao's body, a slight ripple actually appeared in its pitch-black eyes, and its attacking movements also paused.

Lin Tianhao didn't care so much, and his hands, transformed into dragon claws, grabbed towards its dragon body.

"Ci la—"

A crisp sound rang out.

A series of sparks appeared on the black dragon's dragon scales, and Lin Tianhao's dragon claws only left a few white marks on its dragon scales.

Lin Tianhao was shocked.

Was this the body of a true dragon?

In the instant that thought was born, Lin Tianhao's other dragon claw had already thrown a punch.

"Peng—"

The powerful force on the fist knocked the black dragon's huge body back a little.

But that was all.

It didn't cause much damage to the black dragon.

"Double Thunder Overlay Technique!"

Daoist Yexin flashed behind the black dragon, and his palms, wrapped in lightning, simultaneously struck the black dragon's back.
