

O game 1251

Chapter 1251 - Be obedient...and don't be possessed!

The powerful electric current instantly straightened the black dragon's massive body, causing it to emit a shrill dragon's roar.

Having reached the Celestial Phenomenon Realm, Daoist Wild Ambition's combat power had clearly increased significantly.

On the other side.

The Big-Headed Boy was also besieged by Zuo Tianyang, the Blind Swordsman, and the Dragon-Tiger Venerable, and was being beaten back steadily.

The Dragon-Tiger Venerable, after all, had walked a certain distance in the Celestial Phenomenon Realm, so even if standing still consumed internal energy very quickly, he could still hold on.

... ..

Lin Tianhao knew.

The power within his body probably wouldn't last too long, so he followed the black dragon's example, simultaneously thrusting out both palms, unleashing dragon flames.

“Moo—”

The black dragon cried out miserably again, its dragon head struggling to crash towards Daoist Wild Ambition.

The thick iron chains were pulled by the black dragon, its movements not fast, but underwater, it had a natural advantage.

This impact still forced Daoist Wild Ambition to retreat.

The black dragon swung its tail, whipping towards Lin Tianhao.

Some of its dragon scales had already been scorched and melted by Lin Tianhao, and the intense pain made it exceptionally angry.

But as the dragon's tail was about to strike Lin Tianhao, it actually deviated slightly, brushing past Lin Tianhao's body.

Lin Tianhao frowned.

“Leave...”

A hoarse, low, and somewhat manic voice came from its mouth.

“I...”

“I can't control myself...”

Ignoring his injuries, he charged towards the Groundhog.

“No...”

“No...”

The clarity in the black dragon's eyes began to be swallowed by darkness.

“Moo——”

It let out an angry roar, charging towards the Dragon-Tiger Venerable like a madman.

It wanted to help the Big-Headed Boy break free.

The Big-Headed Boy was also stalling, as long as he could hold back the Dragon-Tiger Venerable and the others, waiting for the internal energy in their bodies to dissipate completely, then they would all have to stay and become food.

“Don't get entangled, leave!” Daoist Wild Ambition said in a deep voice.

He could tell.

The Dragon-Tiger Venerable and Zuo Tianyang all wanted to deal with the Big-Headed Boy, including the black dragon.

But Daoist Wild Ambition's original intention had not changed, what he wanted to do was still to let Lin Tianhao leave here alive.

“Leave!!”

The Dragon-Tiger Venerable was very unwilling, but in this Black Pool, it was not easy for him to deal with this Big-Headed Boy.

Everyone swam rapidly downwards, and everyone left.

The Big-Headed Boy still wanted to pursue, but was stopped by the black dragon.

All the way down.

Lin Tianhao didn't know how long he had been swimming, but a glimmer of light finally appeared ahead.

... ..

Above the Black Pool.

The black dragon opened its bloody maw, and Wang Chongfeng was directly spat out by the black dragon.

The Big-Headed Boy grabbed Wang Chongfeng in one hand, and with a wave, a drop of black liquid was injected into Wang Chongfeng's brow.

The Big-Headed Boy grabbed Wang Chongfeng and rushed out of the water, throwing Wang Chongfeng on the ground.

"Puff..."

Wang Chongfeng spat out a large amount of black liquid, his whole person was very disheveled, soaked all over, and his eyes also revealed fear and a bit of relief after surviving a disaster.

Only.

When he saw the Big-Headed Boy in front of him, he couldn't help but widen his eyes, looking around.

"No need... to look."

The Big-Headed Boy's cold voice sounded.

"Your friends... have all gone to the sixth level, here... you're the only one."

"I also... injected... black liquid into your body, you don't... resist."

Wang Chongfeng felt the internal energy in his body constantly dissipating, he gritted his teeth, "What do you want me to do?"

He had already been eaten by the black dragon, but now he was not dead, which could only mean that he still had value to this Big-Headed Boy.

"Big fish..."

The Big-Headed Boy spoke somewhat intermittently, his eyes sometimes clear, sometimes turbid, as if he was already on the verge of losing control.

Wang Chongfeng looked around, he wanted to refuse, but he knew that he had no reason to refuse.

Now.

Use a one-time summoning card to hold back the Big-Headed Boy, and then run away.

Thinking like this.

Wang Chongfeng took out a one-time summoning card.

The Big-Headed Boy curiously looked at the small card in Wang Chongfeng's hand, thinking about something.

"Come out, Icefield Wolf King!!"

This was a one-time summoning card that Wang Chongfeng had recently materialized, a two-thousand-level platinum-level summon.

According to Wang Chongfeng's estimation, holding back the Big-Headed Boy would definitely not be a problem.

If possible.

He even wanted to kill this Big-Headed Boy to eliminate future troubles.

However.

He had only just summoned the Icefield Wolf King, and had not yet issued the order to attack, when he felt a chill on his neck.

The Big-Headed Boy had already squatted on his neck at some point, two pale legs stepping on his left and right shoulders, and slightly swollen hands pinching Wang Chongfeng's neck.

"Gulp..."

Wang Chongfeng swallowed, and fine beads of cold sweat appeared on his forehead.

"Don't be excited."

"I'll let the Icefield Wolf King jump down now."

The Big-Headed Boy urged:

"Quick."

Wang Chongfeng did not dare to be negligent, and immediately commanded the Icefield Wolf King to jump into the Black Pool.

Deep in the Black Pool.

The black dragon opened its bloody maw and swallowed the Icefield Wolf King in one bite.

“Still... want.”

The Big-Headed Boy did not come down from Wang Chongfeng's body.

Wang Chongfeng took out another one-time summoning card, this time he summoned a Bloodthirsty Giant Bear.

The Bloodthirsty Giant Bear was tall and had plenty of flesh.

A glimmer of light appeared in the Big-Headed Boy's dark eyes, “Quick.”

Wang Chongfeng immediately let the Bloodthirsty Giant Bear jump into the Black Pool.

“Again.” the Big-Headed Boy said.

Wang Chongfeng still had one-time summoning cards in his hand, but he knew that if he gave them all, he would really have no way out.

“No... more.”

“However, I can make such cards.” Wang Chongfeng said.

Wang Chongfeng had already decided that as long as he entered the Twilight of the Gods, he would ask the Berserker Blade for help.

In any case, he absolutely could not die here.

“These... aren’t?”

Four one-time summoning cards appeared in the Big-Headed Boy's hand.

These four.

Were exactly Wang Chongfeng's entire fortune.

“You... want to die?” The Big-Headed Boy's small hand grabbing Wang Chongfeng's neck exerted a little force.

“No... no... don't!” Wang Chongfeng was terrified.

He felt that his neck was about to be crushed by the Big-Headed Boy.

The Big-Headed Boy slightly loosened his grip.

“Quick!”

Wang Chongfeng immediately took the one-time summoning card.

One summon after another appeared, all jumping into the Black Pool.

He had also heard before that the black dragon should not be allowed to eat things.

But now, he really had no choice.

“Materialize... materialize!”

The Big-Headed Boy jumped down from Wang Chongfeng's shoulders.

“Don’t... don’t run.”

“You will... become a demon.”

The corners of Wang Chongfeng's mouth twitched.

He naturally knew that the drop of black liquid could not only accelerate the dissipation of the internal energy in his body, but also turn him into a demon.

“I don't want to become a demon.” Wang Chongfeng said eagerly.

The Big-Headed Boy's dark eyes glanced at Wang Chongfeng:

“Be obedient... won't become a demon.”

Chapter 1252 - Demonic bat!

Wang Chongfeng: "... ..."

He initially thought that by aligning himself with Lin Tianhao and the 749 Bureau, he could achieve great success.

But the result... ...

Alas!

Too many tears to tell!

... ..

Beneath the Black Pool.

Lin Tianhao, Daoist Ambition, and the others swam towards the light.

The moment they passed through the light, a sense of weightlessness came over them.

Lin Tianhao fell towards the ground.

In the air.

Lin Tianhao twisted his body and landed steadily on the ground.

After landing.

Lin Tianhao looked up at the Black Pool above.

Just like the underground river he had seen before, there seemed to be an invisible barrier between this Black Pool and the sixth level.

The water of the Black Pool was suspended above, not a single drop falling.

Even.

After they passed through that invisible barrier, their clothes and hair were all dry.

Not even a single drop of the liquid from the Black Pool came down with them.

After everyone had come down, Lin Tianhao couldn't help but frown.

“Where are Zhang Linglong and the Six-Fingered Witch?”

They came down together.

Zhang Linglong and the Six-Fingered Witch had avoided the Black Dragon with them and swam towards the bottom of the Black Pool.

But they were now gone.

Zhang Linglong was understandable, she might have returned to the fifth level, but what about the Six-Fingered Witch?

She had no reason to disappear.

Could it be that Zhang Linglong had captured the Six-Fingered Witch?

Zuo Tianyang's expression was a little unsightly, "With her strength, unless she left voluntarily, it shouldn't be possible for her to disappear without us noticing."

Whether it was Zhang Linglong or the Big-Headed Boy.

Even if they joined forces, it would be impossible for the Six-Fingered Witch to disappear so silently.

Lin Tianhao looked at Daoist Ambition and asked with sound transmission:

“Your arrangement?”

“No.”

Daoist Ambition replied with sound transmission.

Why the Six-Fingered Witch would choose to leave was indeed a bit strange.

Did the Six-Fingered Witch herself have a problem, or did she discover a problem with the team?

“Alright, we'll talk about the Six-Fingered Witch later, the top priority now is to send Snow Empress away from Mo Yuan.” Daoist Ambition said.

Lin Tianhao glanced meaningfully at the Six-Fingered Witch and asked:

“You're not leaving?”

Daoist Ambition hesitated, but finally said:

“Leaving, with you.”

“However.”

“I'm responsible for escorting you away, and after you return to Dragon Capital, I will come again.”

Lin Tianhao wanted to say something, but seeing Daoist Ambition's determined gaze, he didn't say anything more.

Even if he wanted to persuade, he could wait until after leaving Mo Yuan to persuade.

It would be best if he could dissuade him, but if he couldn't, Lin Tianhao couldn't force Daoist Ambition to stay.

"Look around, this is the sixth level of Mo Yuan, see where the passage to leave Mo Yuan is." Daoist Ambition said.

Lin Tianhao looked around, they were currently in a circular tomb chamber.

Above was the Black Pool, and in the four directions of east, south, west, and north, there were passages.

"My left eye can only penetrate this black mist for twenty meters, and cannot see too much useful information."

If Wang Chongfeng was here, he could have used a one-time summoning card to explore the way.

Now, among these people, only Zuo Tianyang's army ants could be used to explore the way.

A large number of army ants crawled towards the four tunnels in the southeast, northwest, and north.

When these army ants came into contact with the black mist, they appeared unusually violent.

After a moment.

Zuo Tianyang exclaimed:

"My army ants have lost control."

This sudden change caught Zuo Tianyang off guard.

“Your army ants should be demonized.”

Lin Tianhao walked towards the black mist, "This black mist probably has a similar effect to the black pool water above."

“Amitabha.”

Venerable Dragon Tiger uttered a Buddhist proclamation, “Let me do it.”

Venerable Dragon Tiger at this time looked slightly embarrassed. The previous battle, coupled with the black liquid in his body, made him very uncomfortable.

He knew.

Even if he did nothing, the disintegration of the inner strength in his body was inevitable.

Rather than that.

It's better to try to explore the way.

Venerable Dragon Tiger stepped into the black mist, and after a moment, he retreated.

“What Snow Empress said is true, in the black mist, the inner strength in my body disintegrates faster.”

“Moreover, the demonizing effect of this black mist on the human body is even more serious.”

The crowd looked at each other, their expressions extremely solemn.

They didn't know which of these four passages was the right one.

“Let's go, if anyone can't hold on and is about to become demonized, then kill them and revive them with resurrection coins.”

Daoist Ambition's eyes were sharp, and he said very decisively.

Each level down in Mo Yuan is even more terrifying.

He must ensure that Lin Tianhao can leave safely.

As for the others.

It was no longer that important.

Especially after Wang Chongfeng was swallowed by the Black Dragon, his idea became even stronger.

“First adjust your breathing and recover, then set off.” Daoist Ambition said.

In the battle at the Black Pool, although the duration was not long.

But the Black Pool was special after all, and their consumption was not low.

Lin Tianhao obtained the Dragon Clan inheritance, sat cross-legged, and began to recover the inner strength in his body.

An hour later.

Venerable Dragon Tiger stood up and said: "Let's go."

There was a black liquid in his body, and although meditation could restore some inner strength, the effect was very poor.

Continuing to drag on, he didn't know how long he could last.

The crowd got up, and most of them had recovered almost.

Venerable Dragon Tiger took the lead and walked in front.

His two subordinates followed closely behind, Daoist Ambition followed beside Lin Tianhao, Zuo Tianyang and Groundhog were behind Lin Tianhao, and Blind Swordsman and Ouyang Songxue were at the end.

As for the passage.

Walk directly towards the east passage in front.

Entering the range covered by the black mist, Lin Tianhao felt the inner strength in his body begin to disintegrate faster, and wisps of black air tried to invade his body.

Lin Tianhao tried to resist, but it was of no use.

These black airs were completely beyond his ability to resist.

Even Dragon Flame could not stop these black airs.

Walking in the passage for less than five minutes, the Zen staff in the hand of Venerable Dragon Tiger in the front suddenly swung out.

A ray of Buddha light illuminated the black mist and flew towards the top of the passage.

Lin Tianhao looked over.

He saw a human-shaped bat hanging upside down on top of the passage.

This humanoid bat was black all over, and its eyes were as black as ink.

“Be... .. careful.”

Groundhog covered his chest and squatted down, with blood gushing out of his mouth and nose.

Ouyang Songxue, Zuo Tianyang and others all covered their chests, their faces showing pain.

“It's... .. ultrasonic waves...”

Ouyang Songxue gritted his teeth and said.

Before the bat was discovered, it had already launched an attack.

“Wah—”

Groundhog uncontrollably spat out a large mouthful of blood, including some visceral debris.

Groundhog is dead! !

Chapter 1253 - A hundred times of enlightenment!

This...

Lin Tianhao's pupils suddenly contracted, this sonic attack was too terrifying.

Ahead.

The Dragon-Tiger Venerable's Zen staff had already shattered the head of this demonized bat.

The feeling of enlightenment surged again, allowing Lin Tianhao's realm to have a slight improvement once more.

Ouyang Songxue, the Blind Swordsman, and the others were not as severely affected as Tunneling Rat, but they were all injured to varying degrees.

Lin Tianhao had also felt the sudden attack just now.

However, he only felt a slight tremor in his internal organs and had no other problems.

Unexpectedly, Tunneling Rat had actually died directly.

"Take Tunneling Rat and leave, don't rush to revive him yet," Zuo Tianyang said.

Lin Tianhao shook his head, "His internal organs have been shattered, he must be revived immediately, otherwise even a revival coin cannot guarantee a 100% revival."

Two lifetimes of experience.

Lin Tianhao knew.

Revival coins are not omnipotent.

If the body is damaged too severely, the difficulty of revival will also increase.

The Wild Ambition Taoist immediately took out a revival coin and revived Tunneling Rat on the ground.

After Tunneling Rat was revived, he gasped for breath.

He himself had not expected to die so suddenly, it was too abrupt.

“I'm sorry, I dragged you down.”

Tunneling Rat said apologetically.

The Wild Ambition Taoist waved his hand and said:

“It's nothing.”

After the words fell.

The group continued forward, but everyone was more cautious.

Tunneling Rat had already come to Lin Tianhao and the Wild Ambition Taoist's side.

Bats are gregarious animals, there cannot be only one, there will definitely be more later, and in greater numbers.

If Tunneling Rat is killed by the sonic waves again, they cannot possibly not save him.

Although they obtained some revival coins in the Lonely King's Palace, they cannot withstand such losses.

“Here they come again!!” The Dragon-Tiger Venerable's voice came.

This time there were three demonized bats, which were vulnerable in the hands of the Dragon-Tiger Venerable.

Three consecutive enlightenments were still very refreshing.

This also made Lin Tianhao and the others understand that the sonic attacks of these demonized bats were very strong.

Because it was ultrasonic, they could not hear it, and in this black mist, if it were not for the moment the sonic attack arrived, it would be difficult for them to detect it.

Moreover, the sonic attack was extremely strong, instantly killing Tunneling Rat.

It must be known.

Tunneling Rat's position was already relatively far back.

Even Zuo Tianyang, the Blind Swordsman, and others were injured because of this.

However.

These demonized bats only had this one trick, and once used, they had little combat power left.

Next.

Lin Tianhao and the others encountered several more waves of demonized bats in succession.

The results were all “experience babies”, after withstanding their sonic attacks, they were quickly killed.

The Dragon-Tiger Venerable was also happy to loot the corpses.

It was just because the situation here was special, and no one asked the Dragon-Tiger Venerable what he had looted.

Under such circumstances.

The Dragon-Tiger Venerable was willing to take the lead and walk in front, and these demonized bats were also killed by him.

What he looted from the corpses was not that important to Lin Tianhao.

After solving three more waves of demonized bats, the passage ahead began to widen.

From the initial width of two or three meters, it expanded to seven or eight meters.

Moreover, this width was still expanding.

“Something's not right.”

Something abnormal must be a demon.

The changes here were not like entering the stone chamber before, looking at the surrounding situation, they should still be in the passage.

It was just that the passage had widened.

“Be careful!”

The moment Lin Tianhao's words fell, the Dragon-Tiger Venerable's urgent shout came.

Along with the Dragon-Tiger Venerable's voice.

The Wild Ambition Taoist immediately unfolded a golden light protective shield.

Zuo Tianyang, the Blind Swordsman, Tunneling Rat, and others were all using their inner strength to defend with all their might.

“Boom—”

In just an instant.

Tunneling Rat's body exploded next to Lin Tianhao.

“Puff puff puff—”

Two people next to the Dragon-Tiger Venerable vomited blood, their faces pale.

Ouyang Songxue bled from all seven orifices and fell straight down.

The Blind Swordsman and Zuo Tianyang also had blood flowing non-stop from their mouths and noses.

The Dragon-Tiger Venerable at the very front had blood flowing from the corner of his mouth, obviously also injured.

Lin Tianhao and the Wild Ambition Taoist looked the most normal.

But Lin Tianhao did not know how the Wild Ambition Taoist was.

However, he just felt his internal energy surge and his internal organs vibrate. If it were not for the Wild Ambition Taoist and the Dragon-Tiger Venerable blocking most of the damage for Lin Tianhao.

This time Lin Tianhao estimated that he would suffer heavy damage.

Buddhist light rose up, and Lin Tianhao could clearly see that on the top of the passage in front, there were densely packed hundreds of demonized bats hanging upside down.

After these demonized bats carried out the first round of attacks, they flapped their wings and flew towards the Dragon-Tiger Venerable and the others.

The Dragon-Tiger Venerable roared angrily, not retreating but advancing, rushing into these demonized bats.

Lin Tianhao's hands simultaneously transformed into dragon claws and also killed his way up.

The Wild Ambition Taoist also rushed into the battlefield, wrapped in the power of thunder.

One demonized bat after another was killed.

Time and time again, enlightenment surged, and Lin Tianhao's feeling of internal energy surging finally felt a little better.

The Blind Swordsman and Zuo Tianyang and the others gathered together, always on guard against possible dangers.

Hundreds of demonized bats were killed by Lin Tianhao, the Dragon-Tiger Venerable, and the Wild Ambition Taoist in a short while.

After solving these demonized bats, Lin Tianhao could clearly feel that his strength had been greatly improved.

This was not only an improvement in inner strength cultivation, but also an improvement in physique.

He obtained the Dragon Clan inheritance, and his physique was already very strong.

Now that he had received hundreds of enlightenments, his physique had once again undergone a transformation.

Not only Lin Tianhao, Zuo Tianyang, the Blind Swordsman, and others, they were all seriously injured just now.

Now their injuries have all recovered, and their auras are even stronger than before.

After solving these demonized bats, Lin Tianhao also participated in looting the corpses.

“Ding, you have obtained the fangs of the demonized bat.”

“Ding, you have obtained the fangs of the demonized bat.”

... ..

Lin Tianhao was slightly disappointed, what was this thing?

It was not equipment, nor was it a skill.

Fangs of the demonized bat: Special.

Usage requirements: None.

Effect: This is a material used for alchemy, and has nothing special in itself.

Wear resistance: 100.

Lin Tianhao: "..."

This thing was just an alchemy material, it was indeed a bit of a waste of expression.

Lin Tianhao originally hoped to drop some good things.

Looting the corpses ended.

Lin Tianhao and the Wild Ambition Taoist walked back.

Tunneling Rat's body exploded, the ground was covered in blood, making people tremble with fear.

Ouyang Songxue bled from all seven orifices, his death was tragic.

The Wild Ambition Taoist did not hesitate, directly took out a revival coin, and used it without hesitation.

However.

Tunneling Rat did not revive.

The second one...

The third one...

It was not until the fourth one that Tunneling Rat finally revived.

The body exploding still had too much impact.

It took a full four revival coins to revive Tunneling Rat.

Chapter 1254 - The woman in the crystal ball!

The Gopher sat on the ground, still shaken, his eyes vacant.

The most crucial thing was.

He had just been killed and didn't receive the amplification from the enlightenment.

If he encountered this situation again, he would not escape death.

Including the previous times.

Five resurrection coins had already been used to save the Gopher.

But when looking at Ouyang Songxue, Taoist Yexin hesitated.

He had no friendship with Ouyang Songxue.

Ouyang Songxue had even tried to snatch their resurrection coins before.

He truly hesitated to use a resurrection coin to revive this kind of person.

Seeming to see Taoist Yexin's thoughts, Venerable Longhu chanted a Buddhist prayer.

“Amitabha, saving a life is better than building a seven-story pagoda, let me do it.”

As he spoke.

A resurrection coin appeared in Venerable Longhu's hand.

Ouyang Songxue was only bleeding from all seven orifices; one resurrection coin successfully revived him.

This made Venerable Longhu breathe a slight sigh of relief.

He was afraid that one wouldn't be enough and he would have to spend several.

“You two stay behind us and focus on protecting them later.”

Taoist Yexin said seriously.

Their few resurrection coins, if they were used up at the rate the Gopher was dying, would really be used up quickly.

After this incident, they didn't encounter any more dangers.

Occasionally, demonized bats would appear, but they were truly just there to provide experience.

After this full enlightenment, everyone except Ouyang Songxue and the Gopher had their overall strength significantly improved.

The tunnel ahead narrowed and forked.

Everyone didn't think much about this; they could only rely on their intuition to choose.

As for using geomancy like tomb raiders, that was meaningless.

This was Mo Yuan.

Some things couldn't be measured by common sense.

The further they went, the more forks appeared, and everyone realized something was wrong.

"Could this be a maze, trapping us in it and making us come into contact with this black mist for a long time?"

"Depleting our internal energy, causing us to gradually demonize."

Zuo Tianyang's expression was somewhat gloomy; there were indeed more and more forks here.

These forks twisted and turned, making everyone feel uneasy.

"I remember every choice at every intersection very clearly. If you're really worried, we can return the way we came."

They had already walked this far; no one knew what the situation inside was.

But if they returned the way they came, they would have walked so far for nothing.

“Keep going, remember every intersection,” Taoist Yexin said.

Lin Tianhao pondered for a moment, but still didn't say anything.

However, Lin Tianhao knew that even if they went back, they most likely wouldn't be able to get out.

They should already be trapped here; this was a maze!

“If we encounter demonized bats again, don't kill them, just injure them, and then we'll follow the demonized bats,” Lin Tianhao said.

Bats can determine direction through echolocation, especially in situations with many forks.

Before long.

The group encountered a bat again.

According to Lin Tianhao's instructions, they injured the bat and followed it.

The demonized bat's flying speed wasn't too fast; everyone just sped up their pace and followed.

Moreover.

Lin Tianhao also discovered another benefit: with this bat leading the way, the demonized bats they encountered later wouldn't attack them.

This surprised Lin Tianhao somewhat.

After successively dealing with a dozen demonized bats, a spot of light finally appeared ahead.

“Be careful.”

Lin Tianhao reminded them.

The front might be the exit, or it might be a place of danger.

Walking towards the light, the injured demonized bat was the first to pass through.

Venerable Longhu and his two subordinates followed closely behind.

Lin Tianhao and Taoist Yexin also arrived.

As soon as he stepped into this place, Zuo Tianyang subconsciously blocked his eyes.

Because the light here was too strong, his eyes couldn't bear it.

However.

Lin Tianhao and Taoist Yexin both narrowed their eyes at the same time and didn't raise their hands to shield their vision.

Because if they shielded their vision for even a moment, and someone attacked them, the consequences would be unimaginable.

Taoist Yexin was somewhat surprised; he had lived long enough and had rich experience.

Raising a hand to shield from strong light was a subconscious action.

Even if he knew he shouldn't shield like that, when he actually encountered it, few people could resist.

But Lin Tianhao, no matter what, should only be a young man; this subconscious reaction was actually the same as his.

Could it be that he had developed it in the Twilight of the Gods?

Lin Tianhao ignored Taoist Yexin. After adapting to the light here, Lin Tianhao looked at the place emitting the light.

It was a huge crystal ball.

However.

What Lin Tianhao was concerned about wasn't the crystal ball, but rather that there was actually a woman inside the crystal ball.

A woman with a pair of pure white wings on her back.

She seemed to be frozen inside the crystal ball, not moving, just suspended there.

"Who is that?" Zuo Tianyang asked.

Taoist Yexin shook his head and met up with Venerable Longhu.

At this time.

Venerable Longhu grabbed the injured demonized bat, sealed its mouth, and tied up its hands and feet.

If they encountered such a maze again, this demonized bat would still be useful.

"I don't know."

"However."

"This should be where we can leave Mo Yuan."

Looking at the array patterns ahead, Venerable Longhu said seriously.

"Okay."

A smile appeared on Taoist Yexin's face.

"Snow Emperor, I'll take you away, and what about you?" Taoist Yexin looked at Zuo Tianyang and the others.

Zuo Tianyang thought for a moment, "If we leave now, if we come down again, we'll still meet the black dragon again."

Venerable Longhu smiled slightly and said:

"I think we can leave. The fifth floor to the sixth floor is already the black dragon. I think the risk is too great later on."

"Let's develop steadily in the Twilight of the Gods."

Having said that.

Venerable Longhu grinned at Lin Tianhao and said:

“Snow Emperor, if there's a chance, take me with you in the Twilight of the Gods.”

“Easy to say,” Lin Tianhao said.

Venerable Longhu's position was not a problem, at least that's how he showed it so far.

Although some powerful experts in the previous life were afraid of death, there were still some powerful experts who fought to the death.

Just then.

The crystal ball above actually fell down.

The huge crystal ball smashed on the ground.

“Pa — —”

With a loud bang.

The crystal ball shattered, and a layer of light waves instantly swept through the entire stone chamber.

After being swept by the light waves, Lin Tianhao's expression changed slightly.

Because he found that his five senses were rapidly fading, and his movements became very slow.

Not just him.

Taoist Yexin, Venerable Longhu, and the others all moved like slow motion, comical... terrifying!

Chapter 1255 - Tragic, the entire army was wiped out!

Inside the crystal ball.

The woman with a pair of pure white wings stepped out, moving normally, unlike Lin Tianhao and the others, who moved sluggishly.

Her eyes were calm, without any emotion.

The Dragon-Tiger Venerable's Buddha light spread out, and his movements also slightly improved.

But it was only a little bit.

He couldn't even achieve the movement level of a normal person.

"Puchi--"

Just at this moment.

A feather instantly flew out, piercing the Dragon-Tiger Venerable's sole, pinning it to the ground.

Fresh blood flowed from the Dragon-Tiger Venerable's sole.

"Shoo shoo shoo--"

One feather after another flew towards Lin Tianhao, the Ambition Taoist, and the others.

The feathers pierced through their soles, pinning them to the ground.

The moment the feather flew over, Lin Tianhao dragon-scaled his legs.

"Clang clang--"

Two sounds of metal colliding rang out, and Lin Tianhao blocked the feather.

The Ambition Taoist also released golden light, which allowed him to escape unscathed.

But the others were not so lucky, their soles were pierced by the feathers and pinned to the ground.

They were already moving extremely slowly, and now they were pinned to the ground, making it difficult to even walk.

"Bang--"

The moment the Ambition Taoist blocked the feather with golden light, the woman with wings on her back instantly arrived in front of the Ambition Taoist, knocking him away and slamming him into the stone wall.

"Pu--"

The Ambition Taoist felt a sweetness in his throat and spat out a mouthful of blood.

Lin Tianhao waved his hand and punched the winged woman.

The winged woman didn't dodge, she simply raised her hand and grabbed Lin Tianhao's palm.

"Ignorant."

The winged woman's eyes were indifferent when she looked at Lin Tianhao, with a hint of mockery.

Lin Tianhao retracted his fist and punched again.

But his movements were too slow, he couldn't touch the winged woman at all.

The winged woman simply sidestepped to avoid Lin Tianhao's attack.

The Ambition Taoist had already stood up at this time, lightning gathering in his palms.

"Shoo shoo--"

However.

They had not anticipated this situation.

The Blind Swordsman endured the pain, leaped up, his soles passing through the feather, bringing out a string of blood beads.

The two swords in his hands slashed towards the winged woman, the sword light flowing.

"Shoo--"

However.

Before the swords could land, the Blind Swordsman's aura completely collapsed.

Because...

A feather pierced through his chest, penetrating his body.

After the feather pierced through the Blind Swordsman's body, it also brought out a string of blood.

The Blind Swordsman's eyes widened, and his body slowly fell.

"Fierce-Eyed Vajra!"

The Dragon-Tiger Venerable roared, and a Fierce-Eyed Vajra appeared behind him...

"Shoo shoo--"

But as soon as the Fierce-Eyed Vajra formed, two feathers pierced through the Dragon-Tiger Venerable's eyes.

The feathers shot in through his eyes and flew out from the back of his head.

"Venerable!!"

The two people next to the Dragon-Tiger Venerable were shocked and angry when they saw this scene.

The two of them rushed towards the winged woman regardless.

The corners of the winged woman's mouth rose slightly, outlining a hint of playfulness.

"Shoo shoo--"

Two more feathers, piercing through their hearts!!

In just three breaths, the Blind Swordsman, the Dragon-Tiger Venerable, and the two subordinates of the Dragon-Tiger Venerable were all killed!!

This...

Lin Tianhao gritted his teeth.

Were his previous guesses all correct?

The Ambition Taoist and the others really died in this Mo Yuan in their previous lives.

This time.

Perhaps he will also die here.

Alas...

He had worked so hard for so long, but was he going to end up dying here for no reason?

Lin Tianhao was unwilling!!

Reborn.

He had counterattacked all the way, stepping on piles of white bones, to achieve today's achievements, but if he died here, he was unwilling.

"Go, otherwise we will all die in vain!"

The Ambition Taoist transmitted his voice to Lin Tianhao using a secret technique.

Lin Tianhao was shocked, he had guessed what the Ambition Taoist wanted to do.

"Go!!"

The Ambition Taoist transmitted his voice again.

In the next instant.

The Ambition Taoist's aura became abnormally violent, his body was shrouded in golden light, and lightning rolled around him, rushing towards the winged woman.

Zuo Tianyang also leaped up, his left eye emitting a demonic light.

Vaguely.

Lin Tianhao seemed to hear the sound of a dragon's roar.

"Go!!"

This time.

It was Zuo Tianyang's voice transmission.

They were already prepared to do everything they could to cover Lin Tianhao's departure.

Lin Tianhao felt grief in his heart, but he knew.

If he didn't leave, the efforts of the Ambition Taoist and Zuo Tianyang would be sacrificed in vain.

Lin Tianhao's body was covered with dragon scales, and the power of his whole body was driven to the extreme.

He ran towards the direction he came from.

The Mole Rat covered Lin Tianhao, blocking in front of Lin Tianhao.

"You must live!"

"Live..."

Zuo Tianyang's voice transmission arrived, Lin Tianhao looked back, and saw a feather piercing through Zuo Tianyang's back and flying out, piercing Lin Tianhao's heart.

The Ambition Taoist relied on golden light to cover his whole body, barely blocking the winged woman.

The winged woman rushed towards Lin Tianhao.

She had obviously seen that Lin Tianhao was going to run.

"Boom--"

However.

Just as she was about to move, the Ambition Taoist in front of her exploded in place!!

The Ambition Taoist knew that his current movement speed could not stop the winged woman.

Therefore.

He did not hesitate to self-destruct his dantian, allowing the majestic inner strength in his body to be released instantly, thereby erupting a powerful impact.

He succeeded.

The powerful inner strength shock wave knocked the winged woman away.

But with the dantian self-destructed, the thunder and golden light on the Ambition Taoist's body disappeared.

"Shoo shoo--"

Two feathers flew out at the same time, one flying in from the chest, piercing the heart.

One flew in from the center of the eyebrows, piercing the brain.

Obviously.

The Ambition Taoist's self-destruction of the dantian made the winged woman a little annoyed, and this shot was unreserved.

Lin Tianhao finally returned to the tunnel, and his movement speed was restored.

His body turned into a shadow, disappearing into the tunnel in an instant.

...

Lin Tianhao ran frantically, with anger, unwillingness, despair, sadness... all kinds of emotions in his heart.

He originally thought.

After reaching the sixth floor, he could bring the Ambition Taoist and the others out safely.

But the result...

He thought too simply.

The Ambition Taoist and the others still died in Mo Yuan.

He worked so hard, but he still couldn't seem to change the fate of the Ambition Taoist and the others.

There were more and more forks in the tunnel, and Lin Tianhao didn't know how long he had been running, and his breathing was a little rapid.

He leaned against the side of the tunnel, breathing heavily.

Thinking of Zuo Tianyang, the Blind Swordsman, and the Ambition Taoist dying tragically, Lin Tianhao clenched his fists involuntarily.

Especially.

They died to save him.

"How could this happen..."

Lin Tianhao was grief-stricken.

But just at this moment, a figure suddenly appeared in the black fog in the distance...

Chapter 1256 - Meet Zhang Linglong and improve your strength!

Lin Tianhao's expression darkened, and his dragon claw-like hands slowly rose, his cold eyes fixed on the figure.

He wasn't sure if it was the winged woman who had come after him.

If it was, then that would be perfect.

If he hadn't been so slow in his movements there, Lin Tianhao felt that he would have had a chance to deal with that woman.

That woman's feathers looked powerful, but in reality, they couldn't break through Lin Tianhao's dragon scales at all.

Nor could they penetrate the Golden Light of the Wild Ambition Taoist.

In other words.

Her feather attacks weren't actually that powerful.

It was only because everyone's movement speed was greatly restricted in that stone chamber.

Her movements and attacks were not affected at all, which made her seem much stronger.

"It's me."

Just then.

Zhang Linglong's voice came.

Lin Tianhao slowly got up, still not letting his guard down.

In this Mò Yuān, even people's appearances could be copied, and the voice was the same, which didn't prove that the other party was Zhang Linglong.

Zhang Linglong raised her hands and walked over.

After Lin Tianhao saw her appearance clearly, he breathed a slight sigh of relief.

"Bite your finger," Lin Tianhao said.

Although it had been a while since he had encountered a copycat.

Lin Tianhao still wanted to be careful.

He needed to live.

There were resurrection coins in this Mò Yuān.

As long as he could get more resurrection coins, and then think about how to crack the ghost thing that slowed their movements.

He had a chance to resurrect the Wild Ambition Taoist and the others.

Zhang Linglong bit her finger, and blood flowed out.

This made Lin Tianhao feel a little relieved.

"Where did you run off to? Why didn't you come down with us?"

"I saw the Six-Fingered Witch escape, so I followed her."

Lin Tianhao took a deep breath and said:

"They're all dead."

Zhang Linglong's pupils shrank suddenly, and a look of shock appeared on her face.

"How could it be..."

"The strength of the Wild Ambition Taoist..."

Lin Tianhao waved his hand and said:

"There's no need to lie to you."

"The one who killed them was a woman with a pair of white wings. The Wild Ambition Taoist and Zuo Ju died to save me."

Zhang Linglong was silent, and after a while, she asked:

"Then what are you going to do next?"

"Find resurrection coins, improve my strength, and resurrect them!"

If there were no resurrection coins, Lin Tianhao would really have no way.

But there were resurrection coins in this Mò Yuān, and there was still a chance to save them.

Zhang Linglong nodded, "Okay, I'll help you."

"This is a maze, but I've roughly figured out the situation here."

"There are a total of four exits here, but three of them are dead ends."

"You should have stepped into the exit of a dead end, which is why the Wild Ambition Taoist and the others died."

At this point.

Zhang Linglong changed the subject and continued:

"And the four passages that came down from the Black Pool at the beginning should actually only have one that is a living path, and the four exits of the remaining three passages are all dead ends."

"In other words."

"There are a total of fifteen dead ends, and only one living path."

Listening to Zhang Linglong's words, Lin Tianhao's expression became even more gloomy.

"If we follow what you say, isn't our probability of finding an exit very low?"

"Guessing is definitely very low, but if you follow me, you don't need to guess."

Lin Tianhao was a little surprised, "You know how to find the exit?"

Zhang Linglong nodded lightly, "Yes."

"This maze looks intimidating, but I saw it in an ancient well in Ao Long Village before."

"It also said how to crack this maze."

"What method?" Lin Tianhao asked.

"Three right, four left, seven middle, then four left, three right, seven middle," Zhang Linglong said.

Lin Tianhao knew.

This was the choice of the tunnel.

"Then what about the beginning? There are four passages in the stone chamber under the Black Pool, how do you determine which passage is the right one?"

Zhang Linglong smiled slightly, "Only the right one can walk out of this mantra, the wrong one will encounter a dead end exit before finishing this mantra, or there will be no exit after finishing it."

Lin Tianhao understood.

It was much easier to deal with with a mantra.

"This is the second one I've explored, and now I've just reached the seven middle of the first mantra, and next is four left and three right."

Lin Tianhao nodded and asked:

"Did you encounter any danger in the first tunnel you entered?"

"Yes, demonized bats."

"Their sonic attacks are very strong, but that's just the sonic wave, and it's easy to deal with them if you resist it."

Zhang Linglong thought for a while and said again:

"Xue Di, how much do you know about the Six-Fingered Witch?"

"I don't know," Lin Tianhao said seriously.

"What's wrong? Did you find anything?"

Zhang Linglong hesitated for a moment, but still said:

"I don't know how to say it, but she seems to be very familiar with this place. My tracking of aura is very strong, but I was still thrown off by her."

Lin Tianhao waved his hand, "We'll talk about her matter later, let's go find the demonized bats first."

"Find... demonized bats?"

Originally, Zhang Linglong thought that Lin Tianhao would want to find an exit.

But Lin Tianhao actually wanted to find demonized bats.

Strength was the root of everything, although killing a demonized bat didn't improve much.

But as long as enough demonized bats were killed, the increase in strength was still not to be underestimated.

"That's right, it's to find demonized bats."

Lin Tianhao answered very seriously.

Zhang Linglong thought slightly, and already understood Lin Tianhao's thoughts.

In the following time.

Lin Tianhao and Zhang Linglong began to look for demonized bats in this tunnel.

Lin Tianhao didn't let go of any of the demonized bats they encountered.

His realm was also quietly improving at this time.

However.

Lin Tianhao was not clear about the advancement of the martial arts realm.

Moreover.

Lin Tianhao could feel that his realm seemed to be a little different from that of the Wild Ambition Taoist and the others.

In the blink of an eye.

Three days passed.

In these three days, Lin Tianhao killed more than five hundred demonized bats.

"Okay, there shouldn't be any demonized bats left here now."

Lin Tianhao had basically killed almost all of the four tunnels.

After killing so many demonized bats, only he and Zhang Linglong had enlightenment.

Each demonized bat could increase Lin Tianhao's power more.

These three days.

Lin Tianhao's combat power had obviously improved.

If he felt that he and the Wild Ambition Taoist were on par before.

Then now.

Lin Tianhao felt.

Even if the Wild Ambition Taoist and the Dragon Tiger Venerable joined forces, he would have the power to fight.

As for more.

He hadn't fought, and Lin Tianhao wasn't sure.

In these three days.

Lin Tianhao and Zhang Linglong also found the direction of the exit.

Just because they wanted to hunt demonized bats, Lin Tianhao and Zhang Linglong had not gone out.

To be honest, Lin Tianhao was not confident in his heart about going to the winged woman to resurrect the Wild Ambition Taoist and the others now.

Chapter 1257 - Extreme speed, demonized youth!

Lin Tianhao's strength had indeed improved.

However, the double-winged woman's stone chamber was too strange, with its slow movement. Even with Lin Tianhao's current strength, it would be difficult to move at a normal person's speed inside.

Like that.

For him to go in there and revive Taoist Wild Ambition and the others would be like a fool's dream.

Therefore.

He had to think of other ways.

Thinking this, Lin Tianhao and Zhang Linglong arrived at the location of the exit.

Stepping towards the exit ahead, as they passed through the black mist, faint candlelight shone on Lin Tianhao and Zhang Linglong's faces.

Lin Tianhao also immediately observed this so-called exit stone chamber.

This stone chamber was the size of two basketball courts.

Around the stone chamber, oil lamps were lit in a circle, the faint light illuminating the chamber.

Above the stone chamber, coffins were tied with iron chains, hanging in the air.

"Are you sure... this is the exit?" Lin Tianhao couldn't help but ask.

Mainly because.

No matter how he looked at it, this didn't seem like an exit.

Before, in the double-winged woman's stone chamber, Lin Tianhao could at least see a passage in front of the chamber.

But here.

It seemed that only the place they came in from had a passage.

Wait!

Lin Tianhao instantly turned his head.

The passage they had just come through had disappeared.

"I'm not sure either. What I saw under the ancient well before... was like this."

As Zhang Linglong's voice fell, a hoarse voice suddenly came.

"Because..."

"That's what I drew!"

Along with the voice, Lin Tianhao saw a raggedly dressed youth appear on top of a coffin.

Lin Tianhao narrowed his eyes and asked:

"Who are you?"

The raggedly dressed youth smiled and said:

"A lucky one."

"You are not from Ao Long Village. I won't kill you, get out!"

As the youth's voice fell, the disappeared passage behind Lin Tianhao reappeared.

Lin Tianhao frowned and said:

"Do you have a grudge against Ao Long Village?"

The youth stared at Lin Tianhao with icy eyes, "If you don't get out, you die!"

This youth didn't want to communicate with Lin Tianhao at all.

Zhang Linglong was already very strong, and these past few days with Lin Tianhao, her strength had improved a lot.

"Courting death!"

The youth snorted coldly, and in the blink of an eye, he had already arrived beside Zhang Linglong.

Zhang Linglong was shocked and subconsciously raised her hand to attack.

But before her attack could land, the youth appeared behind Zhang Linglong like a ghost.

"Bang—"

The youth kicked out, sending Zhang Linglong staggering.

"Such fast speed."

Zhang Linglong was surprised, but she had also just noticed.

This youth's speed was fast, but his attack power wasn't very good.

If it were someone stronger, that kick just now wouldn't have made her stagger, it probably would have kicked her flying directly.

Zhang Linglong produced a long whip, and with a snap, the whip lashed out at the youth.

The youth's expression didn't change at all, and he didn't even intend to dodge.

Finally.

When the long whip was only a hair's breadth away from the youth, even giving the impression that it had already struck him.

The youth moved.

He avoided Zhang Linglong's whip attack at a speed that was difficult to catch with the naked eye.

Snap—

The long whip rose again.

But after several consecutive attacks, the youth had dodged them all.

Zhang Linglong's face was very ugly.

This youth's speed was too fast, so fast that it made her feel unbelievable.

"Bang—"

The youth attacked again, still kicking Zhang Linglong, making her stagger.

Sure enough!

This youth's speed was very fast, but his shortcomings were also very obvious.

Lin Tianhao was a little surprised.

Although the double-winged woman he had encountered before didn't have strong attacks, she wasn't as weak as this youth.

"I wanted to let you live, but you insisted on courting death."

The youth produced a bronze dagger, and the moment he held the dagger, the youth's entire aura changed.

A chilling aura swept over him.

The youth holding the dagger and the youth without the dagger were two completely different people.

Seeing the youth disappear from in front of her again, Zhang Linglong was shocked.

"Clang—"

When she reacted, an arm covered in dragon scales had already blocked the youth's attack.

This also gave Zhang Linglong a chance.

She didn't even turn around, directly using her inner strength to shock the youth back two steps.

If she had turned around just now, with the youth's speed, he would have definitely dodged.

Lin Tianhao raised his hand, trying to grab the youth's wrist.

But as the youth retracted his arm, the dagger stabbed the back of Lin Tianhao's hand, and his body leaped back.

Lin Tianhao opened his mouth and spat out a mouthful of Dragon Flame.

The youth had no leverage in the air, and it would be difficult to change his shape to avoid Lin Tianhao's Dragon Flame.

Unless... he used a skill.

To Lin Tianhao's surprise, this youth didn't seem to have any skills to dodge.

But the next moment.

This youth showed Lin Tianhao a move where he stepped on his right foot with his left foot, actually using this to jump a few points higher and sideways to avoid most of the Dragon Flame.

A small amount of Dragon Flame burned the youth's waist, instantly scorching his already ragged clothes, and also burning a piece of his skin.

The burning damage of Dragon Flame was continuous, even if Lin Tianhao didn't continue to attack, it would be enough for this youth to suffer.

"I kindly let you leave, but you are aggressive and want to put me to death, you... are the same as those beasts from Ao Long Village!!"

"All deserve to die!!"

The youth's eyes began to turn black, soon becoming as black as ink, just like the big-headed boy.

Black gas rolled around his body, strands of black gas spreading out from him.

His aura increased again.

Weirdness, bloodlust, madness...

Various auras permeated the youth's body.

The place that had been burned by Lin Tianhao's Dragon Flame actually began to recover quickly.

Lin Tianhao's pupils suddenly shrank, "Retreat!"

Based on the speed this youth had shown before, coupled with the combat power he was now exuding, Lin Tianhao's chances of winning would be very low if they really fought.

Of all the martial arts in the world, speed is the only thing that can't be broken!

These eight words were not said randomly.

Look at what happened before.

The youth's attack was a "trash", but he was still able to rely on his speed to tease Zhang Linglong.

However.

At this time, the retreat was gone, and Lin Tianhao slammed his dragon claw fist fiercely against the stone wall behind him.

That was the location of the previous passage.

"Bang—"

Along with a loud noise.

The passage cracked and gravel fell, but the expected passage did not appear.

The moment the dragon claw landed, Lin Tianhao's other dragon claw subconsciously blocked in front of his chest.

"Clang—"

The youth's dagger stabbed onto Lin Tianhao's dragon claw, sparks flying.

He kicked towards Lin Tianhao's crotch, Lin Tianhao slightly shifted his body, avoiding this life-ending kick.

At the same time, he didn't retreat but advanced, grabbing towards the youth's thigh.

Chapter 1258 - The child who was thrown into the ancient well!

Zhang Linglong also didn't just stand by and watch.

The long whip in her hand lashed out towards the demonized youth's back.

The demonized youth retracted his leg, leaning his body backward, avoiding Zhang Linglong's long whip attack, while also directing Zhang Linglong's long whip towards Lin Tianhao.

Because he was facing Lin Tianhao just now, Zhang Linglong's long whip came from behind him.

He dodged, so naturally Lin Tianhao would bear the brunt.

But Zhang Linglong's control over the long whip had reached its peak, her arm and wrist exerting force simultaneously, causing the long whip to retract while the whip's head wrapped around the demonized youth's neck.

The demonized youth's dagger stabbed out diagonally, deflecting the long whip, and his figure transformed into a blur, instantly reaching Zhang Linglong's right side.

The dagger stabbed straight at Zhang Linglong's waist.

Zhang Linglong didn't dodge, with the demonized youth's current speed, her chances of dodging were slim.

“True Dragon Bell!”

A illusory black bell enveloped Zhang Linglong, and on the black bell, there were dragon shadows moving, and a dragon's roar could faintly be heard.

The demonized youth's dagger stabbed onto the black bell, unable to penetrate further.

He didn't linger in battle, retreating after a single unsuccessful strike.

“Boom—”

As he retreated, before he could land, a bomb exploded beneath his feet.

This was the bomb Lin Tianhao had just thrown out, intended to restrict the demonized youth's movements.

His Mechanical Overlord could precisely control the timing of these bomb explosions.

The explosive force of the bomb detonating beneath his feet instantly sent the demonized youth flying.

Lin Tianhao and Zhang Linglong acted almost simultaneously, rushing towards the demonized youth in the air.

Judging from the demonized youth's previous performance, he shouldn't have any effective means of avoiding Lin Tianhao's attack in the air.

“Bang bang bang...”

The heavy coffins crashed heavily on the ground, making a series of dull thuds.

“You deserve to die, the people of Ao Dragon Village also deserve to die, then let these damned people tear you all apart.”

The demonized youth's hoarse voice came.

His voice carried a hint of madness, sending chills down one's spine.

“Peng peng peng...”

The coffin lids fell one after another, and from the coffins, figures with hideous faces, black eyes, and black aura emerged.

Lin Tianhao's expression darkened.

These guys.

Seemed to be the villagers he had seen in Ao Dragon Village before.

Combined with what the demonized youth said earlier.

The mural that Zhang Linglong saw in the ancient well was left by him.

Did this mean that the demonized youth deliberately left the mural, with the intention of luring those villagers from Ao Dragon Village over.

And then... kill them all!!

What kind of deep hatred could drive someone to do such a thing?

However.

The villagers of Ao Dragon Village were indeed not good people.

While pondering these things.

Lin Tianhao's hands didn't stop, rushing forward, his dragon claws directly piercing through a person's chest.

Then, he retracted his dragon claws and swung out.

Shattering a person's head.

The scene was extremely bloody, but Lin Tianhao seemed to be accustomed to it, not even blinking an eye.

“Clang—”

Just at this moment.

The demonized youth's dagger stabbed towards Lin Tianhao's lower back.

Lin Tianhao didn't have time to dodge, and could only condense dragon scales to withstand the demonized creature's attack.

After the demonized youth realized that he couldn't break through Lin Tianhao's dragon scales, he turned and attacked Zhang Linglong.

As Zhang Linglong whipped away a villager from Ao Dragon Village, her body also leaped up, flying into the air.

She was luring the snake out of its hole!

The demonized youth clearly couldn't move or dodge easily in the air.

As long as the demonized youth dared to chase after her, she and Lin Tianhao would have a certain chance of killing this youth.

However.

This youth also knew his weaknesses, and after realizing that he couldn't attack Zhang Linglong, he turned to attack Lin Tianhao again.

Lin Tianhao wasn't worried either, first solving these villagers of Ao Dragon Village.

As for this youth.

His attacks couldn't break through his dragon scale defense, as long as he paid attention to condensing dragon scales.

Soon.

These villagers of Ao Dragon Village were all taken down by Lin Tianhao.

Next.

He could wholeheartedly deal with this demonized youth.

This demonized youth's attacks weren't strong, but his speed was indeed too fast for Lin Tianhao to capture.

Especially.

After being scared and blown away the first time, he was even more cautious.

He completely avoided places where Lin Tianhao had placed bombs.

The fact was that this place was about the size of two basketball courts, and it was too difficult for Lin Tianhao to cover it with bombs.

Zhang Linglong landed next to Lin Tianhao, and said with a hint of helplessness:

“Xue Di, this guy is a bit tricky, it seems like we can't break each other's moves.”

Lin Tianhao also saw it, if he looked at this demonized youth from the perspective of a dungeon, there should still be plot on him.

“Alright, since we can't break each other's moves, can we talk?”

The demonized youth snorted coldly, “As expected, just like those beasts from Ao Dragon Village.”

“When they think they can control me, they attack, and when they realize they can't beat me, they think about reconciliation!”

Lin Tianhao waved his hand and said:

“You're wrong, I can't tell the difference between victory and defeat with you.”

“Moreover, I'm also very curious, why do you have such a big hatred for Ao Dragon Village.” Lin Tianhao asked.

He changed the topic, and there was no need to argue with the demonized youth about the previous question.

“They are a bunch of beasts!!”

“My younger brother, younger sister, were all thrown into the ancient well by them, many many... children, were all thrown into the ancient well by them.”

“I... am no exception.”

Lin Tianhao knew this and asked softly:

“You are the child who was thrown into the ancient well back then?”

The demonized youth nodded, his icy eyes staring at Lin Tianhao.

“Are you from the Dragon race?”

“I have some Dragon race blood, what? Do you have a grudge against me too?”

The demonized youth snorted coldly, “The children who were thrown into the ancient well were all captured by the Lonely King's Palace and became ghosts under the Lonely King's sword.”

"I happened to encounter the war between the Lonely King's Palace and the Dragon Palace, and that's how I escaped by chance."

"At that time, I was only eight years old, and I have been living a precarious life in this dark Mo Yuan for fifteen years."

Hearing this.

Lin Tianhao couldn't help but gasp.

"Speaking of which, I should indeed thank you Dragon race, but you Dragon race have also eaten a lot of children, I should also hate you."

Lin Tianhao waved his hand and smiled:

"I am human, just with Dragon race blood, I don't eat children."

Chapter 1260 - Gene toes, genetic transformation!

Stowing away the bronze dagger, Zhang Linglong also finished looting the corpse.

"I found three resurrection coins, and... a toe," Zhang Linglong said.

"Huh?"

Lin Tianhao was overjoyed upon hearing about the three resurrection coins.

But what was a toe?

"I want one resurrection coin; you can have the rest."

“Take a look at this toe; I’m a fairy, I don’t need this stuff.”

Lin Tianhao glanced at Zhang Linglong.

She was indeed beautiful, but calling herself a fairy was a bit much.

Lin Tianhao took the resurrection coins and put them away, then examined the effects of the toe.

Gene Toe: Special.

Usage Requirement: Consumption (best effect when eaten raw).

Effect: After eating, your gene shackles will be slightly opened, completing gene transformation, which can enhance your physique and accelerate your cultivation speed, etc.

(Note: It is recommended to eat as soon as possible; fresh gene items have the best effect. It’s hard to earn money, and it’s hard to eat shit, but toes are not hard to eat!)

Durability: 100.

Lin Tianhao's mouth twitched. Was this gene toe serious?

It seemed like the eyeball that Dragon Tiger Venerable ate before should have a similar effect to this gene toe.

He ate it without hesitation, his mentality was still strong.

Lin Tianhao's mentality was also good.

If it were the time of the Great Cataclysm in his previous life, Lin Tianhao would have eaten this gene toe without hesitation.

Yes.

He only hesitated, he didn't give up.

Having lived two lives.

Lin Tianhao's psychological endurance was far beyond what ordinary people could compare to.

Today, he even took out a bottle of mineral water from his storage ring to clean the gene toe.

Although...

This gene toe was very clean.

"Chicken feet, duck feet, pig trotters... chicken feet, duck feet, pig trotters... chicken feet, duck feet, pig trotters..."

Lin Tianhao silently recited the "scripture" and ate the gene toe in one bite.

Don't mention it.

Crispy, the taste was not bad.

Seeing this, Zhang Linglong couldn't help but give Lin Tianhao a thumbs up.

"A person like you will definitely achieve very, very high achievements in the future."

"If it were someone else, not to mention having your current achievements, even if they had half, they probably wouldn't eat it."

Lin Tianhao waved his hand and said:

"Becoming stronger is not shameful."

"Eating this thing is better than those who turn against their brothers and backstab their lovers to become stronger, right!"

Hearing this.

Zhang Linglong smiled and nodded, "Your mentality is really stronger than many people."

Lin Tianhao hesitated, and finally said:

"Zhang Linglong, could you also give me the resurrection coin in your hand?"

"You want to resurrect Daoist Yexin and the others?" Zhang Linglong asked.

Lin Tianhao nodded heavily and said:

"They died to save me, I have to go."

Zhang Linglong looked at the center of the stone room and said:

"From here, you can also leave Moyuan, but if you want to save Daoist Yexin and the others, your life and death will be unpredictable."

Lin Tianhao took a deep breath, his eyes resolute, and said:

“Some things must be done.”

“They died to save me, I should go.”

“What’s more, I think the probability of saving them is at least 30% or more.”

Zhang Linglong said seriously:

“This is gambling with your life!!”

“They are already dead. If you also die here, the future of Dragon Country will be even more troublesome.”

Lin Tianhao smiled helplessly and said:

“People are not machines after all; there is always some emotion. If I were a machine, I would leave now and go back to Ragnarok to develop properly.”

“But I am a person!”

“They died to save me. I have the ability to save them. I have no reason to retreat!”

Zhang Linglong smiled and said:

“That’s right, we can solve this demonized youth, why can’t we solve that guy.”

“I’ll give you the resurrection coin; I’ll go crazy with you.”

After taking the resurrection coin that Zhang Linglong handed over, Lin Tianhao asked:

“Just now, the demonized youth only had half of his body left. We could have asked him questions, but you...”

“I know what you want to say.”

Zhang Linglong interrupted Lin Tianhao.

“From the moment I killed the demonized youth, I knew that this would make you suspect me.”

Lin Tianhao said: “I don’t want to hear this; I want a reasonable explanation.”

Zhang Linglong gave all the resurrection coins to Lin Tianhao. Lin Tianhao still hoped that Zhang Linglong could say something reasonable.

But Zhang Linglong shook his head, “He knows some secrets about me. He couldn’t tell before I took action.”

“But I went all out; can he guess who I am?”

Lin Tianhao frowned and asked:

“Then who are you?”

Lin Tianhao did have some doubts about Zhang Linglong’s identity.

Zhang Linglong shook his head and smiled bitterly:

“I’ve already killed him to silence him, and you’re still asking.”

“However.”

“I can tell you that I have no malice towards you.”

Lin Tianhao stared into Zhang Linglong’s eyes, trying to see if what Zhang Linglong said was true.

After a moment.

Lin Tianhao nodded and said:

“Okay, I believe you.”

“Thank you,” Zhang Linglong said.

Lin Tianhao hesitated for a moment, then asked again:

“Do you know who made these experimental subjects? Who is the Mad King in the demonized youth’s mouth?”

Lin Tianhao had been to Lonely King Palace and knew who the Lonely King was.

But Lin Tianhao didn’t know who the Mad King was.

“Most likely it’s the village chief of Aolong Village. Apart from him, I don’t have a better guess.”

“This Moyuan is bigger than you think; I haven’t been to many places either.”

Lin Tianhao nodded, "Let's go, let's try to lure the snake out of its hole."

There was no better choice now.

He was going to the stone room where the two-winged woman was.

But at this moment.

Lin Tianhao felt a heat surge from his lower abdomen, flowing towards his limbs and bones.

Wherever the warm current flowed, Lin Tianhao felt that his flesh, muscles, and bones were beginning to transform.

After obtaining the Dragon Clan inheritance, Lin Tianhao's physique had undergone a major transformation.

Repeated enlightenments had also improved Lin Tianhao's physique, but it had not yet reached the point of transformation.

Now.

After eating the gene toe, his physique transformed again.

However.

Obviously, the degree of this transformation was not as good as the degree of transformation when he obtained the Dragon Clan inheritance.

Gene shackles restricted the upper limit of the human physique.

Lin Tianhao could vaguely feel that the gene shackles in his body were beginning to loosen, and the Dragon Clan bloodline was awakening even more.

If Lin Tianhao could only transform his limbs into dragon claws before.

And his body could only deliberately condense dragon scales.

Then now, at least one-third of his upper body could maintain the dragon scale-covered state for a long time.

The activation at the gene level did help Lin Tianhao a lot.

This process lasted for a full two hours.

Lin Tianhao could still move during these two hours.

But he still chose to stay here and carefully feel the changes and improvements that gene transformation brought to himself.

Undeniably.

This gene toe was really worth eating!
