Chapter 1291 - Ben Zhongben: Dragon Country!

As the words of Taoist Yexin fell, the purple smoke began to move forward.

When the purple smoke was about to reach the tunnel, it didn't go out, but started circling along the edge of the stone chamber.

One circle... two circles... three circles...

"It seems to be affected and is starting to circle," Venerable Longhu said.

Hearing this.

Taoist Yexin frowned, "Not necessarily. I still think that Bureau Chief Zuo and the others are still here."

Lin Tianhao glanced at them and followed.

He followed the purple smoke around the stone chamber, one circle, two circles... three circles!

When Lin Tianhao finished the third circle, the space in the stone chamber trembled slightly.

The expressions of everyone present changed!

A dungeon within a dungeon, triggered!

Then.

As if it were an ocean tide, it swept Lin Tianhao and the others away.

When Lin Tianhao recovered, he found that he had been swept to the shore by a wave.

Lin Tianhao quickly got up.

The sky here was clear, and as far as the eye could see, there was an endless ocean.

And he, at this moment.

Seemed to be on a deserted island in the ocean.

Inside the coastline, there were coconut trees and some vegetation.

But as soon as Lin Tianhao looked over, he saw a huge skeleton.

This skeleton seemed to be left by some kind of flying bird. The wings had turned into white bones. Just these white bone wings, the distance when spread should not be less than twenty meters.

He walked around the stone chamber three times and came here.

Looking around.

Taoist Yexin and Corpse Ancestor Tianyue were no longer by his side. This dungeon had isolated them.

Walking towards the inside of the island, to know the specific situation of this dungeon, he could only discover the truth by entering it.

Lin Tianhao walked along the island. Before long, Lin Tianhao saw a man and a woman fighting in front.

They encountered a green-haired wolf over three meters tall.

These two, a man and a woman, one a warrior and the other a mage, were constantly using their skills, but they didn't do much damage to the green-haired wolf.

Lin Tianhao frowned slightly. This dungeon seemed to be a story-driven dungeon.

Story-driven dungeons are more troublesome, but usually, you can get more things and richer rewards in story-driven dungeons.

Lin Tianhao felt it. At this time, the skill jade pendant brought him the Slow Space skill.

Lin Tianhao unfolded Slow Space. In the next instant, the movements of the green-haired wolf and the two professional players became extremely slow.

"It's a domain!!"

The female mage's face showed horror, "There is a strong person with a domain near us."

As soon as the female mage finished speaking, Lin Tianhao sacrificed the Gatekeeper's spear, and with a fierce thrust, the spear pierced through the green-haired wolf's throat and out of the back of its neck.

One shot, fatal.

Seeing this scene.

The two professional players quickly bowed to Lin Tianhao, "Thank you, senior, for saving us."

While they were speaking, they were also inadvertently looking at Lin Tianhao's clothes.

Because Lin Tianhao's clothes were completely different from the clothes on their island.

"What are your names?" Lin Tianhao asked.

"What is this place?" Lin Tianhao asked.

Zhou Xiaofeng and Ge Yanling were both a little surprised, but looking at Lin Tianhao's appearance, they were relieved.

"Hello, this is Dragon Island. Senior is not from Dragon Island?"

Lin Tianhao nodded and said seriously:

"By accident, I was swept here by the waves."

Hearing this.

Zhou Xiaofeng nodded, "With the strength of senior, there is no problem surviving on this Dragon Island."

"The two of us are preparing to go to Dragon City. I wonder if senior is willing to escort us to Dragon City."

"As a reward, I can give senior a Talent Evolution Flower."

Lin Tianhao's eyes lit up. He hadn't been looking for Talent Evolution Flowers for a while.

It's not that Talent Evolution Flowers are not important.

On the contrary.

Talent Evolution Flowers are very important to Lin Tianhao.

Just look at the effect three evolved from the Hand of Heavenly Punishment to know.

However, Talent Evolution Flowers are relatively difficult to obtain. He needs too many Talent Evolution Flowers to evolve his talents.

Even if it is to evolve the Brain of Heavenly Punishment and the Heart of Heavenly Punishment, each requires ten Talent Evolution Flowers.

If he continues to evolve the Hand of Heavenly Punishment, then he will need to consume even more Talent Evolution Flowers.

"How long does it take to get to Dragon City from here?" Lin Tianhao asked.

Hearing this.

Zhou Xiaofeng said:

"At our speed, it will take about half a day. If senior helps clear the monsters, then we estimate it will be much faster."

Half a day to familiarize himself with this dungeon, and get a Talent Evolution Flower by the way, it doesn't seem to be a problem.

"Okay." Lin Tianhao agreed.

Zhou Xiaofeng pointed out the direction for Lin Tianhao, and then led Lin Tianhao towards Dragon City.

Along the way, the three did encounter some monsters.

But Lin Tianhao was already invincible just relying on the power of his physique and the Gatekeeper's spear.

"Senior is so powerful, have you considered staying on Dragon Island?"

Lin Tianhao raised his eyebrows and said:

"I have my own relatives and friends, I will not stay on Dragon Island."

Hearing this.

Zhou Xiaofeng was slightly disappointed.

"Senior wants to leave, but it is not an easy thing."

"As far as I know, there is no land or island within 100,000 kilometers of our Dragon Island."

Lin Tianhao raised his eyebrows. This is not surprising.

After all, this is a dungeon. Even if this dungeon is very large, it is not too outrageous.

Existences similar to the Ancient God Secret Realm and the Ancient Dynasty Secret Realm cannot be called dungeons. They should be called secret realms, or even a small world.

The so-called lack of land and islands within 100,000 kilometers is because this dungeon only has this Dragon Island.

"Do you still have something you want me to help with?" Lin Tianhao asked.

Zhou Xiaofeng hesitated and said:

"That's right."

"With the strength of senior, you can completely show your talents in the Dragon Kingdom."

Lin Tianhao smiled and said:

"There is no need to beat around the bush, just tell me what's the matter."

Zhou Xiaofeng nodded and said:

"Senior, I also have another identity, which is the young master of the Flying Dragon Chamber of Commerce in Dragon City. The reason why I am rushing to Dragon City this time is because my father was suddenly killed, and the Flying Dragon Chamber of Commerce needs me to take charge of the overall situation."

Speaking of this.

Zhou Xiaofeng smiled bitterly, "But you also saw that with the strength of my wife and I, it is too difficult to gain a foothold."

Lin Tianhao thought slightly and said:

"Even if I help you stabilize the situation, after I leave, with your strength, you still won't be able to defend it."

Chapter 1292 - Missions, killers, and strong people in three fields!

Lin Tianhao was also an old hand. Not to mention a place where strength is paramount, even in ordinary companies.

If you don't have enough strength, even if you sit in a high position, you will inevitably be pulled down one day.

Zhou Xiaofeng took a deep breath and said:

“Let's talk about future things later. If Senior is willing to help me, if it doesn't work out, three Talent Evolution Flowers; if it works out, ten Talent Evolution Flowers.”

Lin Tianhao narrowed his eyes slightly. This reward was indeed putting him on the spot a bit.

If he refused, it would seem a bit irrational.

After all, even if it didn't succeed, there were still three Talent Evolution Flowers.

If it succeeded, he wouldn't have to worry about the aftermath. He could just take the reward and help.

“Okay, if I can help you, I will definitely help.” Lin Tianhao said.

It would be foolish not to take a reward when it's offered.

Moreover.

Lin Tianhao wasn't quite sure what constituted clearing this instance.

After all, story instances weren't like monster-slaying instances, where you could just blindly rush forward.

Along the way.

“We're almost at Dragon City. There are basically no wild monsters around here.” Zhou Xiaofeng said.

At this point.

Zhou Xiaofeng's expression turned serious, “But Senior, I estimate that some people don't want me to return to Dragon City. The path I chose, full of wild monsters, should have avoided many assassins.”

“But now that we've reached this point, those assassins probably have reacted.”

Lin Tianhao smiled and said:

“All I've done along the way is fight wild monsters. I haven't fought anyone yet. I don't know how strong the professionals here are.”

As Lin Tianhao's voice fell, a feathered arrow sliced through the sky, flying towards Zhou Xiaofeng.

Lin Tianhao flicked his spear, deflecting the feathered arrow.

Immediately afterwards, more feathered arrows flew over. Judging by the attack frequency, there should only be one archer in the dark, and the attack speed barely reached 2.0, and the projectile speed only reached the level of a novice archer in Twilight of the Gods.

Two arrows per second, even for the current Lin Tianhao, it wasn't difficult to block them.

Just as Lin Tianhao deflected the feathered arrow in front of him, he performed a 'returning spear' with his spear, pointing it towards Zhou Xiaofeng's back.

The assassin in stealth behind Zhou Xiaofeng was shocked. He subconsciously wanted to use his dagger to block Lin Tianhao's spear.

The action of raising his hand came out, but the assassin's movements slowed down too much.

The spear pierced through his chest. Lin Tianhao pulled out his spear and continued to block the incoming feathered arrows.

One spear locked his throat!

It had a certain deterrent effect on the assassins in the dark.

But when they thought about the benefits they could get after killing Zhou Xiaofeng, they no longer held back. Three warriors launched a charge towards Lin Tianhao.

Lin Tianhao's eyes narrowed slightly. In the distance, a mage condensed a basketball-sized fireball and threw it at Lin Tianhao.

These skills, these methods, were so clumsy, like rookies who hadn't left the novice village.

Originally, when Lin Tianhao learned that this was the Dragon Country, he thought there might be some powerful existences here.

Although he thought so in his heart, Lin Tianhao's left hand had already spewed out a ball of dragon flame, instantly killing a warrior.

At the same time, the spear in his hand slammed down, and the warrior in the middle was forced to retreat by Lin Tianhao's strike.

Then, the spear once again deflected two feathered arrows. Lin Tianhao opened his mouth and spewed out a ball of dragon flame, killing another person.

The spear then casually dispersed the incoming fireball.

“Retreat!!”

The mage in the distance couldn't help but change his expression and immediately retreated.

"It's your turn to die."

Lin Tianhao's lips curled up.

Because at this time, the Skill Jade Pendant granted him the Skill Swift Shadow Movement.

With just a flash, Lin Tianhao had already arrived next to the mage, and incidentally, the last warrior who hadn't been killed was also killed by Lin Tianhao with one spear.

This scene was too fast, so fast that none of the people present had reacted.

The mage was shocked. Before she could react, Lin Tianhao kicked her to the ground and then turned around to deal with the archer.

"Do you have any questions?"

Lin Tianhao held his spear against the mage's throat, scaring the mage into trembling.

Three warriors, one assassin, one mage, one archer!

Six people!

As a result, they didn't even last a minute in Lin Tianhao's hands.

"Who sent you?" Zhou Xiaofeng asked symbolically.

Hearing this.

The mage snorted coldly, "Kill or cut, as you please."

"I just didn't expect that there would be such an expert by your side."

Zhou Xiaofeng smiled slightly and said:

"Since you don't want to say, then there's no need to live."

As the words fell.

The long sword in his hand slashed down, and the mage's head was chopped off.

Lin Tianhao cleaned up the battlefield.

What he actually valued more was the archer's bow and arrows.

His main profession was an archer. Although he didn't have the attribute bonus inside Twilight of the Gods, his archery skills could still cause considerable damage.

Especially when facing this kind of long-range attack method, using bows and arrows would be easier.

After cleaning up the battlefield, Lin Tianhao, Zhou Xiaofeng, and Ge Yanling continued to move forward together.

"Zhou Xiaofeng, you recognized my domain before. On this Dragon Island, are there many people who have domains?"

Zhou Xiaofeng shook his head repeatedly and said:

“Of course not many. I know of only three in total.”

“One is the island owner of Dragon Island, who is also the lord of our Dragon Country.”

“The second is the Great General of our Dragon Country.”

“The third is the ocean overlord, the Lapis Lazuli King, whose main body is a Lapis Lazuli Great Shark.”

Lin Tianhao raised his eyebrows. Three strong people with domains.

His Slowing Domain was just a skill, which didn't mean that he could be compared with domain experts in other aspects.

“What level are you two?” Lin Tianhao asked.

Because he discovered a problem, that was that he seemed unable to see the levels of these professionals in Dragon Country.

“I am a level 19 warrior, and my wife is a level 17 mage.”

Lin Tianhao frowned slightly. This level was too low.

“How is your strength in Dragon Country?” Lin Tianhao asked.

Zhou Xiaofeng smiled and said:

“Among the younger generation, I can be considered an outstanding person.”

Level 19? Outstanding?

“Then what about your lord? What level of existence is that?” Lin Tianhao asked.

Zhou Xiaofeng pondered slightly and said:

“It is said to be a level 50 powerhouse, and with many years of accumulation, his combat power is already extremely terrifying.”

Level 50... a domain powerhouse?

Lin Tianhao felt that this Dragon Country was a little different from what he thought.

In terms of combat power, the combat power that Zhou Xiaofeng and Ge Yanling showed before was indeed that of a beginner of level 10+.

In addition to these weak assassins, they all proved one point, that is, the level system here should be the same as in Twilight of the Gods.

These professionals here are really weak!

Chapter 1293 - Dragon City!

As for the Dragon Country's ruler and the Great General of the Nation, their titles are impressive, but they are likely stuck at level 50, unable to improve.

It's just that people like them, stuck at level 50 for too long, their combat power should not be underestimated.

However.

Here's the problem.

This is a place full of newbies, yet Zhou Xiaofeng casually offers a Talent Evolution Flower, which is a bit too extravagant.

Most importantly.

Completing the subsequent tasks will also reward you with ten Talent Evolution Flowers.

"What's the situation with your Flying Dragon Chamber of Commerce?" Lin Tianhao asked.

Zhou Xiaofeng took a deep breath and said:

"The Flying Dragon Chamber of Commerce was established by my father and two uncles. We own 60% of the shares, and the two uncles each own 20%."

"The control of the Flying Dragon Chamber of Commerce has always been in my father's hands, but this time my father suddenly died. I suspect someone designed to harm my father, with the aim of controlling the Flying Dragon Chamber of Commerce."

Lin Tianhao narrowed his eyes and said:

"What is the relationship between your father and those two uncles?" Lin Tianhao asked.

Zhou Xiaofeng said without hesitation:

"They have always wanted to increase their shares and are dissatisfied with my father's arbitrary decisions. They have argued a lot about this."

"It's just that the Flying Dragon Chamber of Commerce's cake is not small, so they haven't separated yet, otherwise they would have separated long ago."

"However."

"Our Flying Dragon Chamber of Commerce has money. My father's equipment and skills are quite good. Normally, even a level 40 expert may not be able to kill my father."

Hearing this.

Lin Tianhao couldn't help but frown and said:

"Then do you have any suspects, for example, who killed your father?"

Zhou Xiaofeng shook his head and sighed:

"I don't know."

"My two uncles are both level 35. Although their skills and equipment are also good, it is unlikely that they could kill my father silently."

"Is it possible that he was poisoned first and then killed?" Lin Tianhao asked.

Zhou Xiaofeng shook his head again, "I haven't seen my father's body yet, so I can't say for sure about the specific situation."

Lin Tianhao thought for a while and then asked:

"Then in Dragon Country, are there any other chambers of commerce or forces that compete with your Flying Dragon Chamber of Commerce?"

"No."

Zhou Xiaofeng answered very definitely.

"Throughout the entire Dragon Country, our Flying Dragon Chamber of Commerce occupies a large number of industries. There are other chambers of commerce, but they can't compare with our Flying Dragon Chamber of Commerce at all."

Competitors are ruled out.

Then it may be the same as Zhou Xiaofeng, perhaps it was done by the other two shareholders of the Flying Dragon Chamber of Commerce.

But he needs to take a look to know the specific situation.

They arrived at Dragon City.

Dragon City is not too big in scale. Zhou Xiaofeng explained from the side:

"Dragon City is the largest city in Dragon Country, with a population of over one million."

Lin Tianhao raised his eyebrows, one million people?

That scale is indeed very small!

But as a country within a country, the scale of Dragon City is already quite good.

As soon as they arrived in Dragon Country, Zhou Xiaofeng took out a flower.

"Senior, this is the Talent Evolution Flower I promised you."

Lin Tianhao took the Talent Evolution Flower.

Talent Evolution Flower: Special.

Effect: After use, it can evolve talent and improve talent to a certain extent.

Durability: 100.

(Note: Talent Evolution Flower is a one-time consumable and disappears after use.)

It had been a long time since he had seen this Talent Evolution Flower.

Lin Tianhao had a bold idea in his mind.

Could he use the Talent Evolution Flower in this situation?

"Use."

Lin Tianhao activated the Talent Evolution Flower.

"Ding, because you have not yet awakened your talent, you cannot use the Talent Evolution Flower. Please awaken your talent before using the Talent Evolution Flower."

As expected.

He still failed.

He wanted to exploit a BUG, but his idea was too simple.

"Senior, next I will..."

Lin Tianhao raised his hand to interrupt what Zhou Xiaofeng was about to say, and replied with a smile:

"You can do whatever you want to do, don't worry too much about me. I'll just be your bodyguard."

"If I have any ideas, I will communicate with you."

Now that the specific situation has not been clarified, Lin Tianhao still feels that he should not influence Zhou Xiaofeng's decision.

Let Zhou Xiaofeng make his own decisions, and he can take a look at the situation first.

"Also, don't always make me go up."

Zhou Xiaofeng nodded and said very seriously:

"Senior is Junior's trump card. Naturally, the trump card cannot be used all the time. Unless it is absolutely necessary, Junior will not ask Senior to take action."

Just as the group of three entered Dragon City, a tall and thin old man quickly greeted them.

His eyes were red and there were still tears on his face.

"Young President, you are finally back. President, he..."

"Alas..."

Zhou Xiaofeng said seriously:

"Uncle Liu, don't be too sad. What has happened cannot be changed. We still have to live our lives."

The tall and thin old man, called Uncle Liu, nodded and said:

"Young President, it was the President who gave me a second life. If it weren't for the President, I would be a gambling addict, and I don't know when my hands and feet would be broken by those debt collectors and thrown into the sea to feed the fish."

"But the President, he is still so young..."

Sadness also appeared in Zhou Xiaofeng's eyes.

"Take me to see my father."

Uncle Liu glanced at Lin Tianhao, "Young President, this is..."

Because of Lin Tianhao's strange clothes, Zhou Xiaofeng had already asked Lin Tianhao to change his clothes in advance, but bringing back a stranger suddenly still aroused Uncle Liu's suspicion.

"My friend," Zhou Xiaofeng said.

Uncle Liu nodded and said seriously:

"Young President, Uncle Liu speaks more directly, I hope you don't be angry."

"The President has just passed away, and the interests of the Flying Dragon Chamber of Commerce are really too great. There are countless eyes staring at our Flying Dragon Chamber of Commerce."

Uncle Liu's words were also very obvious, that is, people who are close to Zhou Xiaofeng now may have other thoughts.

"Thank you, Uncle Liu, for reminding me. I still have this bit of judgment."

Hearing this.

Uncle Liu hesitated to speak, and finally sighed:

"Young President, I'll take you to see the President."

"President's such a big family business, I still hope you can keep it."

Zhou Xiaofeng nodded and said:

"Uncle Liu, you are not an outsider, and I don't want to lie to you. With the current situation of the Flying Dragon Chamber of Commerce, relying on me alone, even with you, we can't keep it. We need friends!"

Chapter 1294 - Enter the city and explore!

Uncle Liu gave Lin Tianhao a meaningful look, then his gaze fell on Zhou Xiaofeng.

"Young Master Zhou, please come with me."

Uncle Liu led the way, with Lin Tianhao, Zhou Xiaofeng, and Ge Yanling following behind.

As Lin Tianhao walked, he observed the surroundings.

Dragon City was not considered prosperous, and the items sold in the shops were fairly normal.

This made Lin Tianhao even more surprised.

Was the Talent Evolution Flower something that could be taken out casually?

After all.

Even though Zhou Xiaofeng was the Young Master of the Flying Dragon Merchant Guild, the most powerful person in this Dragon Country was only level fifty.

Although in Gods Twilight, the level cap of a place doesn't greatly affect rewards, taking out a Talent Evolution Flower at level nineteen was a bit outrageous.

Under Uncle Liu's lead, Lin Tianhao and the others arrived in front of a large courtyard.

At this time, white lanterns had already been hung at the entrance of the courtyard.

People were coming and going at the courtyard entrance, and it seemed that many people had come to offer condolences.

Lin Tianhao and the others entered the courtyard, and in the main hall in front of the courtyard, a stone coffin was placed.

Because of the heavy humidity on the island, wooden coffins were rarely used.

Relatively speaking.

Stone coffins could be preserved for a longer time.

Seeing Zhou Xiaofeng's arrival, two middle-aged men with bloodshot eyes in the main hall immediately stood up.

“Xiaofeng, you're finally back.”

The one who spoke first was a slightly chubby middle-aged man.

“Second Uncle, Third Uncle...”

“What exactly is going on? Father was in such good health, how could he just die?!”

Hearing this.

The slightly chubby middle-aged man said:

“Xiaofeng, we are already investigating. Currently, we suspect that Big Brother was assassinated by an assassin after being poisoned.”

As expected!

Zhou Xiaofeng understood in his heart that his father had been killed silently.

Unless it was the three powerhouses with domains who took action, or... this one beside him, it should be difficult for others to kill his father without anyone knowing.

But the three domain powerhouses of Dragon Country, one is in the sea, the other is the King, and the other is the Great General of the country.

Upon hearing this.

Uncle Liu knelt down with a thud.

“Young Master, please be aware that my life was given to me by the Guild Master. How could I possibly poison the Guild Master!”

“What is the result of the investigation by the yamen?” Zhou Xiaofeng did not deal with Uncle Liu's matter first, and did not even let Uncle Liu get up.

The slightly thinner middle-aged man said seriously:

“The yamen has dispatched Yun Fengxin to investigate personally. The current result is still unknown, because we are all suspects, so Yun Fengxin has only talked to us twice and has not said the result of the investigation.”

At this point.

The slightly thinner middle-aged man changed the subject and said solemnly:

“Xiaofeng, Big Brother died suddenly, and there are many rumors outside. After all, our commercial layouts often disagree with Big Brother.”

“But Xiaofeng, whether you believe it or not, I must tell you that the Third Uncle is most grateful to your father in this life. Our quarrels are all for the Flying Dragon Merchant Guild, and there is absolutely no personal grudge.”

“I would never do anything to harm Big Brother.”

The slightly thinner middle-aged man said confidently.

“Third Uncle, what are you talking about? No matter what others say, I trust Third Uncle.”

“Of course, that also includes Second Uncle.”

After speaking.

Zhou Xiaofeng looked at Uncle Liu again and said:

“Uncle Liu, what did my father eat before he was killed?”

“It was just normal meals and pastries. I checked and tasted each one, just like usual.”

Zhou Xiaofeng pondered slightly, took the incense, and offered incense and kowtowed with his wife, Ge Yanling.

Lin Tianhao just watched.

Based on the ability Zhou Xiaofeng has shown so far, he is not too stupid.

“I'm back, I have to go to the yamen.”

Zhou Xiaofeng did not stay at home for long. After offering incense, he prepared to leave.

Uncle Liu quickly said:

“I'll accompany Young Master.”

“No need.”

Zhou Xiaofeng waved his hand, “My father just died, and there are still many things at home that need Uncle Liu to take care of.”

Uncle Liu hesitated, but Zhou Xiaofeng didn't give him a chance to speak at all, and left with Lin Tianhao and Ge Yanling.

Dragon City, Yamen.

Zhou Xiaofeng led Lin Tianhao and Ge Yanling into the yamen.

The people working in these yamen all knew Zhou Xiaofeng's identity, and one of them said:

“Master Yun had guessed that Young Master Zhou would come early in the morning. Young Master Zhou can go directly to the back hall.”

Zhou Xiaofeng nodded and bowed to Lin Tianhao.

“Please wait a moment, Senior, I'll be right back.”

“Yanling, you wait here too.”

Lin Tianhao nodded without saying a word.

Zhou Xiaofeng didn't let him go in together, is he also suspicious of him?

This possibility cannot be ruled out.

After all, Lin Tianhao's appearance was too abrupt, and he had the ability to kill his father.

It is reasonable for him to be suspicious.

Of course.

This is just Lin Tianhao's own guess. It may also be that Zhou Xiaofeng is worried that if he takes Lin Tianhao and the others in, that Master Yun Fengxin will not tell the truth.

A yamen servant greeted Lin Tianhao and Ge Yanling to sit down. While making tea for Lin Tianhao and the others, the yamen servant asked with a smile:

“This young master looks very unfamiliar. He's not from the Flying Dragon Merchant Guild, is he?”

Lin Tianhao nodded and said:

“I am indeed not from the Flying Dragon Merchant Guild. Young Master Zhou has suffered a great change, and I was invited to protect his safety.”

Hearing this.

The yamen servant was a little surprised.

“This Young Master Zhou is quite cautious, he specifically found an outsider to protect himself.”

Lin Tianhao smiled and said:

“I don't care about that. I took the benefits, and I just need to protect Young Master Zhou.”

The yamen servant hesitated and said:

“I shouldn't be nosy, but if it is really an internal conflict within the Flying Dragon Merchant Guild, perhaps someone can offer an even greater price than Young Master Zhou to ask you to defect.”

“Or, directly kill you.”

Lin Tianhao narrowed his eyes and said:

“I'm just a young kid, the probability of killing me will be higher.”

The yamen servant nodded and said:

“After you entered the city, several corpses were found on the road you came from.”

“The person who killed them acted cleanly and neatly. One person destroyed a killer squad in a short period of time. He is a top-notch expert.”

Lin Tianhao was not surprised. Zhou Xiaofeng's father's status was unusual. Zhou Xiaofeng returned to the city, and he could guess that assassins would take action. The people in the yamen must also be able to guess it.

“Why bother beating around the bush? If you have something to say, just say it.”

This yamen servant seemed to be here to pour tea, but in reality, he was here to test him.

“It's nothing. We are the headquarters yamen servants of Dragon Country. We have records of the few experts in Dragon Country.”

“And you are not among the experts of Dragon Country.”

At this point.

Another person came quickly and whispered a few words in the yamen servant's ear.

Chapter 1295 - I thought I was solving a case, but it turned out to be a massacre!

With Lin Tianhao's hearing, he could still hear what the other party was saying from this distance.

After that person finished speaking, the yamen runner took two steps back, looking at Lin Tianhao with great vigilance.

"Young master is not from the Dragon Country?!"

What that person had just said was that after comparison, there was no such person as him in the Dragon Country.

Obviously.

From the moment he arrived in Dragon City, he had been targeted and his identity had begun to be investigated.

"Could young master be sent by that person from the sea?" The yamen runner said seriously.

This yamen runner didn't quite believe Lin Tianhao's words.

Zhou Xiaofeng had actually said this before.

There is no land or islands within a hundred thousand kilometers of Dragon Island.

To be soaked in the sea and arrive here alive is almost impossible.

After all, apart from the threat of the sea, the powerful sea beasts in the sea are the greatest terror.

There is a powerful sea beast with a domain near their Dragon Island.

"You don't need to worry, my coming here is accidental, and I won't stay here for too long," Lin Tianhao said.

He is still in the Ink Abyss, and he hasn't figured out the situation of this 'book within a book'.

However.

He will definitely leave here.

After speaking.

Lin Tianhao continued to ask:

"May I ask, have any other people come to the island?"

"Because there are more than a dozen people who were separated from me."

Zuo Tianyang, the Blind Swordsman, and Wang Chongfeng, who disappeared first, should have also entered this 'book within a book'.

The later Taoist Yexin, Dragon Tiger Venerable, and Corpse Ancestor Tianyue should also be in this 'book within a book' at this time.

"I don't know."

The yamen runner shook his head, "My position is low, and there are some things I can't access at all."

"This time, young master, your matter is precisely because the president of the Flying Dragon Chamber of Commerce was killed, and it is because of this kind of urgent case that needs to be solved that I happened to come into contact with someone like you."

Lin Tianhao was a little disappointed.

Zuo Tianyang and the Blind Swordsman have been in this 'book within a book' for much longer than him.

And here there is a complete facial recognition identity comparison system.

With their strength, they should have made a name for themselves.

Unless...

They are not in this Dragon Country.

Without waiting too long, Zhou Xiaofeng came out from inside.

After he came out, he said to Lin Tianhao:

"Let's go, back to the mansion."

Along the way, Zhou Xiaofeng was silent, not knowing what he was thinking.

Whether he was pretending to be profound or really being profound, this approach was fine.

It wasn't until they returned to the Zhou family's mansion that Zhou Xiaofeng called Lin Tianhao to the room.

"Senior."

Lin Tianhao was a little surprised, "You want to tell me you know?"

Zhou Xiaofeng shook his head and said:

"I don't like doing things in a roundabout way, if I'm going to do it, I'll do it thoroughly!"

"What are you going to do?" Lin Tianhao asked.

"Kill!!!"

A cold light flashed in Zhou Xiaofeng's eyes, "My second uncle, third uncle, Uncle Liu, and their confidants, descendants, and family members, kill them all!!!"

Upon hearing this.

Lin Tianhao was shocked.

This was something he hadn't seen through.

Zhou Xiaofeng's murderous intent was so heavy.

"And my wife, Ge Yanling!!!"

Lin Tianhao was slightly stunned. Zhou Xiaofeng wanted to make a quick decision, which he could understand.

But Zhou Xiaofeng didn't even spare his own wife, Ge Yanling, which was somewhat crazy.

"Killing so many people, the yamen runners will definitely take care of it."

Zhou Xiaofeng smiled and said:

"With senior's strength, even the lord of the country and the great general of the country may not be able to deal with you, so your action is the safest."

"You don't plan to investigate?" Lin Tianhao asked.

Zhou Xiaofeng nodded, "Investigation is just a waste of time. Since the other party dares to act, they must have made thorough preparations."

"The murderer must be someone who has a conflict of interest with our Flying Dragon Chamber of Commerce. The people I can think of are my second uncle, third uncle, Uncle Liu, and my wife."

"Only these four have the motive and the ability."

"Rather kill by mistake than let go."

Zhou Xiaofeng's eyes were fierce, "If I don't kill them, I may not even live until the investigation results come out."

"As the saying goes, it's easy to dodge a spear in the open, but hard to guard against an arrow in the dark. Offense is the best defense."

Lin Tianhao chuckled and said:

"Since you have such thoughts, why did you go to the yamen runner?"

"Yun Fengxin and I are old acquaintances, and we have a good relationship. Seeing her this time is just to have her pass a message for me that I want to clean up the Flying Dragon Chamber of Commerce."

"In the future, the shares of my second uncle and third uncle will belong to the Dragon Country, and 30% of my share will be used for the yamen runners and military expenses of the Dragon Country."

Lin Tianhao couldn't help but gasp when he heard Zhou Xiaofeng's arrangements.

To be honest.

Before he came.

His inner real guess was a plot-solving plot instance.

As a result...

This is definitely a killing plot instance.

"Aren't you afraid that people will not be satisfied and swallow an elephant, leading the Dragon Country into the game? If they want to eat the 30% that you want to pocket, then you will lose even more."

Zhou Xiaofeng smiled and said:

"People want face, trees want bark, the Dragon Country is so big, if they want to hollow me out, I will choose to only want 5%, retreat behind the scenes, and be a mascot."

"For the sake of face and reputation, they won't refuse to give up 5%."

"Of course, that is the retreat I will take when I can't hold on later."

Lin Tianhao now felt that he had indeed underestimated Zhou Xiaofeng.

The people of this Dragon Country are just low-level, not low-intelligence.

"So, you won't have anything to do if you kill my second uncle and them, and you may even receive attention from above and talk about bigger cooperation."

"For example, the sea beast with the domain, if senior can help solve the Glazed Giant Shark, the benefits that senior can get are immeasurable."

Lin Tianhao's eyes narrowed slightly, this Zhou Xiaofeng had planned everything.

"Moreover, as you said, even if I sit in the position of president, with my ability, I can't sit firmly at all."

"Since that's the case, let the Dragon Country take me along."

"What I want is wealth and glory, not to mention 30%, even 5% is enough for me to live a free and easy life."

Lin Tianhao really wanted to applaud Zhou Xiaofeng, this idea is amazing!!

"Tonight, my second uncle, third uncle, and their families will be eating at my house," Zhou Xiaofeng said.

Lin Tianhao's eyes narrowed slightly, and he frowned, "Helping you to the top, but I didn't think about killing so many people."

Zhou Xiaofeng was not surprised, and said with a smile:

"I still have eleven Talent Evolution Flowers in my hand, in addition to that, I can also give you three Resurrection Coins."

Lin Tianhao raised his eyebrows, eleven Talent Evolution Flowers, plus three Resurrection Coins, he seemed to have no reason to refuse.

Chapter 1296 - The general's plot!

"Five," Lin Tianhao said.

Although he felt that three would have been enough, Lin Tianhao felt that asking for two more wasn't an outrageous request.

"Four,"

However,

Zhou Xiaofeng didn't agree immediately, but instead started to haggle.

Clearly,

He knew that his price was already at the limit.

"Alright."

Although Lin Tianhao was greedy, he also knew his limits.

After the conditions were agreed upon, Lin Tianhao could only pray that the skill jade pendant would generate Slowing Space and Swift Shadow Movement tonight.

This way, he could quickly resolve the battle.

Night fell.

The Zhou family mansion, the evening banquet began.

Everyone present was very sorrowful, whether it was an act or genuine, at least they put on the appearance.

“Xiaofeng, your father's matter is already settled, the Flying Dragon Commerce Association cannot be without a leader for a day. I and your third uncle have discussed it, you are the president of the association, this point cannot be changed no matter what.”

“However, you are still young and may not fully understand the deceit and trickery of commercial warfare. Your third uncle and I will temporarily manage the Flying Dragon Commerce Association.”

Just at this moment.

A long spear pierced through the body of Zhou Xiaofeng's second uncle.

Following him were the third uncle, Uncle Liu, and their families.

Lin Tianhao was not a good person, nor was he soft-hearted.

From the moment he decided to take action, the fate of these people was already sealed.

Lin Tianhao's luck wasn't too good. The skill jade pendant only had one skill at this time: Shadow Puppet Hands!

Although it was a bit lacking.

Lin Tianhao himself had the Slowing Domain, so Shadow Puppet Hands could control Zhou Xiaofeng's third uncle and Uncle Liu.

In the end,

Only Ge Yanling, Zhou Xiaofeng, and Lin Tianhao remained in the field!

Everyone else was killed, leaving no one alive.

Ge Yanling looked at the corpses on the ground with some lingering fear, a hint of horror flashing in her eyes.

After a moment,

Ge Yanling looked at Zhou Xiaofeng, who had a calm expression.

“Is this all your doing?”

Zhou Xiaofeng nodded and said:

“Investigation is meaningless. No matter who did it, I won't be able to sit firmly in the position of president later.”

“They all have to die for my position to be secure.”

Ge Yanling nodded, gave Zhou Xiaofeng a thumbs up, and said with a smile:

“Xiaofeng, with your decision-making skills, the Flying Dragon Commerce Association will definitely be able to grow bigger and stronger in your hands in the future.”

“Puchi—”

The moment Ge Yanling's words fell, a silver-white spear pierced through her chest.

She looked down at her chest, her eyes filled with horror.

“Even... even me...”

Zhou Xiaofeng nodded lightly, "You are also a suspect, and if you die, then tonight will be the night the Flying Dragon Commerce Association was massacred, and the young president Zhou Xiaofeng escaped under the protection of his guards."

"If you don't die, then it will be the young president of the Flying Dragon Commerce Association hiring a murderer for internal strife!"

Ge Yanling's beautiful eyes widened, staring fixedly at Zhou Xiaofeng.

"How could the people in the yamen believe such a statement?"

"Of course they will believe it."

Just at this moment, a young woman in yamen attire walked in.

Seeing this.

Ge Yanling seemed to understand something, spat out a large mouthful of blood, and died.

Yun Fengxin glanced at Zhou Xiaofeng, then her gaze fell on Lin Tianhao.

"The General is very interested in you. I wonder if you would be willing to meet the General?"

Lin Tianhao raised his eyebrows slightly, this was also within Zhou Xiaofeng's expectations.

Once he showed enough strength, the higher-ups of the Dragon Kingdom would definitely notice him.

He could also come into contact with bigger tasks, so as to obtain more benefits.

"No problem."

Lin Tianhao felt.

To clear this Dragon Kingdom instance, it was most likely related to the Dragon Kingdom's ruler.

“The rest of the matter, I will trouble Master Yun.” Zhou Xiaofeng bowed and left with Lin Tianhao.

After Lin Tianhao and Zhou Xiaofeng came out of the Zhou family, a burly fellow walked out from a corner of the Zhou family mansion.

His aura was obviously different from the aura of those people Lin Tianhao had encountered before.

“General.”

Zhou Xiaofeng respectfully bowed to the middle-aged man.

Lin Tianhao's eyes narrowed slightly, this Zhou Xiaofeng, still had arrangements!!

Yun Fengxin... had fallen for it!!

“With so many people dead, there always needs to be someone to give the people an explanation.”

“Yun Fengxin, a well-known figure in the yamen, with good potential, but unfortunately, she only has strength and no background,” the General said.

Hearing the General's words, Zhou Xiaofeng said:

“From now on, there will be no Yun Fengxin in this Dragon Kingdom. The General's backyard will have one more maid.”

The General smiled slightly and said:

"I originally wanted to give her a title, but unfortunately, when I hinted at her, she pretended not to understand, so I can't be blamed."

The corners of Lin Tianhao's mouth twitched, these people who play tricks are all dirty at heart.

Zhou Xiaofeng was also just a pawn.

Perhaps from the death of Zhou Xiaofeng's father, or even the death of Zhou Xiaofeng's father, it was all within the calculations.

If that was the case.

Then Zhou Xiaofeng's father... wasn't killed by Zhou Xiaofeng himself!!

After all, based on the previous situation, someone could poison and silently assassinate Zhou Xiaofeng's father.

Such a person, apart from those people in the Zhou family who were killed by him, and Zhou Xiaofeng himself, it was actually possible to kill his father.

But this seemed to have nothing to do with him anymore, minding his own business was the best policy.

"The matter has been completed, my reward," Lin Tianhao said.

Zhou Xiaofeng's heart was too dirty, he still wanted to get his reward first.

"Good."

Zhou Xiaofeng directly took out eleven Talent Evolution Flowers and four Resurrection Coins.

After confirming that his things were fine, Lin Tianhao cupped his hands and said:

“Since there's nothing else for me to do, I'll leave first.”

Hearing this.

The General smiled and said:

“Don't be anxious, I have something I want to ask Mr. to help with.”

Lin Tianhao's eyes narrowed slightly, he already had a guess in his heart.

He roughly knew the situation of this instance.

Zhou Xiaofeng wanted to put the imperial robe on the General!!

The General had strength and an army, if he added the Flying Dragon Commerce Association, what would the result be?

This looked like a struggle within the commerce association due to internal interests.

But in reality, this was a struggle for the throne.

“It seems you have guessed something,” the General said with a smile.

“Our momentum is already established, if we can get the help of the young master, then it will be a sure thing.”

Lin Tianhao frowned, was the Dragon Kingdom's ruler a fool?

The General under his command had already reached this point, didn't he have any countermeasures?

Lin Tianhao felt.

There should be countermeasures, otherwise this instance would be too simple.

Help the General to ascend the throne, clear the instance.

However.

The reason why this instance was simple for him was because he himself was too strong.

If it was someone like Groundhog, no, even if Zuo Tianyang came, it would be quite difficult to do what he did.

Chapter 1297 - Dragon washing liquid!

Lin Tianhao smiled and said:

"I'm new here, and participating in a bit of business competition is no problem, but participating in a larger struggle would be inappropriate."

The General nodded, "You don't trust me?"

"That's also true. We're meeting for the first time. You don't understand me, nor do you understand this Dragon Country."

"Being cautious is good, but as long as you're willing to observe, I can give you five Resurrection Coins."

Lin Tianhao raised his eyebrows. Getting five Resurrection Coins for doing nothing, that reward is quite good.

“Then if I help you? What can I get?” Lin Tianhao asked.

The General pondered slightly, “Ten Resurrection Coins, ten Talent Evolution Flowers, and three drops of Dragon Cleansing Fluid.”

“Dragon Cleansing Fluid?”

Lin Tianhao narrowed his eyes. He had heard of this thing in his previous life. One drop could give a human the bloodline of a dragon, and with almost no side effects.

In his previous life, some people were stuck at the seventh or ninth rank and couldn't advance further, so they were thinking about advancing through other methods.

Among them, bloodlines were a major direction.

Because some races become gods upon adulthood, without needing to put in much effort.

Combining the human race with the bloodlines of these divine beasts could allow the human bloodline to become beast-like, thereby raising the upper limit.

Back then, the Dragon Blood Warrior and the White Tiger Warrior were classic examples.

However, it was very troublesome for humans to fuse with the bloodlines of divine beasts.

A slight carelessness could lead to cultivation deviation, or bloodline rejection, resulting in death.

This Dragon Cleansing Fluid could allow people to obtain the dragon bloodline with almost no side effects, making it an extremely precious item.

For the weak, Dragon Cleansing Fluid could enhance their bloodline; for the strong, Dragon Cleansing Fluid could enhance their combat power, adding wings to a tiger!

Therefore,

the price of Dragon Cleansing Fluid was very high in his previous life, with each drop being sold at an astronomical price.

“I can help you, but whether it succeeds or not, my rewards cannot be reduced.”

“Moreover.”

“You need to give me the rewards first. In case of defeat, I don’t want to get nothing.”

Upon hearing this,

the General only pondered slightly before saying:

“Alright.”

With a powerhouse like Lin Tianhao, he didn’t believe the other party would go back on his word.

This was the dignity of a powerhouse.

The General took out ten Talent Evolution Flowers, ten Resurrection Coins, and three drops of Dragon Cleansing Fluid.

After getting the items, Lin Tianhao smiled and said:

“Then I wish the General a swift victory.”

The General laughed loudly, “Hahaha, with your help, young master, I naturally cannot fail.”

“Let’s go, let’s catch the culprit first!”

“Yun Fengxin is audacious. For the sake of the Flying Dragon Chamber of Commerce’s assets, she actually killed the three major shareholders and many senior executives. She’s truly insane!!”

The crime had already been prepared. If Yun Fengxin was still inside, she wouldn’t be able to get out alive.

The General led people into the Zhou family’s residence.

“Yun Fengxin, you have such great audacity!!”

The General shouted sharply.

With just this one sentence,

Yun Fengxin understood what was going on.

She didn’t even say another word and turned to run.

The General coldly snorted, “After killing so many people, you still want to escape!”

The General took a step forward, his body turned into a blur, and in an instant, he was already in front of Yun Fengxin.

Yun Fengxin's expression changed slightly. She drew two short swords from her waist and slashed at the General's sides.

The General sneered, "Like a mantis trying to stop a chariot, overestimating yourself!"

As soon as he finished speaking,

the General actually struck first, hitting Yun Fengxin in the chest with a punch.

Yun Fengxin flew backward, and in the air, she threw out the short sword in her left hand, flying towards the General.

While the General dodged the short sword, he reached out and grabbed the hilt, then threw the short sword back.

The short sword flew back at a faster speed than when it came.

Yun Fengxin's expression changed slightly. A talisman appeared in her hand, and the talisman exploded in front of her, creating a substitute, while she herself fled away.

But as she was about to run again, her body froze.

Looking down,

she saw a feather arrow in her chest.

The feather arrow pierced through her body from behind, her heart was pierced, and all the strength and vitality in her body were fading at a speed visible to the naked eye.

The one who attacked was none other than Lin Tianhao.

“Good archery, but I still wanted to take her as my bed-warming maid.”

The General praised, then walked to Yun Fengxin.

Lin Tianhao smiled and said:

“People like her are not easy to control. I solved her for you, which is a good thing for you.”

Yun Fengxin was already a pawn. If she was taken as a concubine by the General, her future life would be dark.

Rather than that,

Lin Tianhao might as well kill her to eliminate future troubles.

Yun Fengxin widened her eyes, dying with unresolved resentment.

The General shook his head, “What a pity. Even if I didn’t take her as a concubine, I could have enjoyed myself first.”

At this point,

the General changed the subject and continued:

“But it doesn’t matter. If she’s dead, so be it. This Dragon Country isn’t short of beauties.”

After speaking,

the General took out a bottle of dark green liquid.

The dark green liquid was poured on Yun Fengxin's body.

Yun Fengxin's body began to rapidly rot and melt, and in just a few breaths, it turned into a pool of blood.

Then the General poured another bottle of kerosene and ignited the blood.

The blood steamed in the flames, turning into water vapor and floating into the sky.

"Resurrection Coins are too annoying. Ordinary resurrection coins can hardly resurrect her now."

Lin Tianhao raised his eyebrows, looked at Zhou Xiaofeng, and asked:

"Was your father also like this?"

Zhou Xiaofeng nodded and said:

"Yes, in our Dragon Country, people with some status and position do this when they die, otherwise they would easily be resurrected."

Lin Tianhao narrowed his eyes and said:

"Then how can you be sure that your father is dead?"

How can one determine someone's identity just by the remaining bloodstains on the ground?

“The bloodstains on the ground can be used to detect identity,” Zhou Xiaofeng said.

Lin Tianhao still felt there was a loophole, “If that’s the case, isn’t it possible to leave a pool of blood, then ignite it, and it will become like this?”

“People might not need to actually die.”

At this point,

Lin Tianhao's gaze swept over Zhou Xiaofeng and the General.

“So, do you know who killed the president of the Flying Dragon Chamber of Commerce?”

The General wasn't stupid either. He shook his head and said:

“You mean, Zhou Feilong isn’t dead, and this is luring the enemy in!!”

Lin Tianhao nodded, “Just a random guess, not necessarily accurate.”

“I initially thought the president of the Flying Dragon Chamber of Commerce was killed by you, but if not, there might be a problem here.”

Zhou Xiaofeng frowned and said:

“Senior, could it be that you’re overthinking things?”

Chapter 1299 - Goodbye, Left Bureau!

Lin Tianhao narrowed his eyes slightly and said indifferently:

“Then shouldn't I thank you for pleading for me?”

“That's natural.”

The Glassy Giant Shark nodded with a smile, “As fellow sea beasts, I pity you for having cultivated to this level with such difficulty. That's why I don't want you to sacrifice yourself here for nothing.”

“Today, I'll spare your life. You will stay by my side and serve me for a hundred years, and then I will set you free!”

“Serve you for a hundred years? Set me free?”

Lin Tianhao really wanted to laugh. After his entire body was dragon scaled, he was naturally in an invincible position.

“Are you dissatisfied?”

The Glassy Giant Shark frowned slightly, a look of displeasure on her face.

The Dragon Country Lord smiled and said:

“Glassy King, whether it's humans or sea beasts, there are always those who don't appreciate your good intentions.”

Lin Tianhao sneered, “I was originally planning to leave after the Grand General died, but with your attitude, I have to help the Grand General put on the dragon robe today.”

He could have chosen not to interfere, after all, the person who issued the mission was already dead.

But.

He was now prepared to intervene because he couldn't allow such a beautiful place like Dragon Island to be ruled by self-righteous idiots.

“Impudent!!”

The Glassy Giant Shark shouted angrily, “The opportunity has already been given to you. If you don't cherish it, then you can't blame us.”

All the people surrounding the Zhou family's mansion were stunned on the spot. Zhou Feilong, Zhou Xiaofeng's father, who was in charge of commanding outside, was now staring with wide eyes, staring at the Dragon Country Lord and the Glassy Giant Shark who had been turned into sieves as if he had seen a ghost.

“The Country Lord and the Glassy King are dead!!”

Zhou Feilong had resurrection coins. With the current situation of the Dragon Country Lord and the Glassy Giant Shark, it was entirely possible for them to be resurrected.

However, Zhou Feilong didn't dare to move, and the others present didn't dare to move either.

“Run!!”

Zhou Feilong didn't dare to resurrect the Dragon Country Lord and the Glassy Giant Shark. After only a brief moment of stunned silence, he ordered them to escape.

In the current situation, not escaping meant certain death.

Lin Tianhao first resurrected the Grand General. The Grand General was burned to death by flames.

It cost Lin Tianhao three resurrection coins to resurrect the Grand General.

After the Grand General was resurrected, he was a little confused when he saw that there were no attacks around him.

Lin Tianhao said with a smile:

“Grand General, the price you gave before is not enough.”

The Grand General was slightly stunned, and Lin Tianhao continued to say:

“I killed the Dragon Country Lord and the Glassy Giant Shark.”

“What?!!”

The Grand General widened his eyes, his face full of disbelief.

He was indeed shocked that two domain experts were killed by Lin Tianhao alone.

“Come and see.”

Lin Tianhao brought the Grand General to see the corpses of the Dragon Country Lord and the Glassy Giant Shark, and he still couldn't recover for a long time.

These were two of the strongest three in their Dragon Country, but they were killed by Lin Tianhao just like that.

This... this is too outrageous!!

“How did you do it?”

Looking at the two people who had been turned into sieves, the Grand General still found it hard to believe his eyes.

Lin Tianhao smiled and said:

“You don't need to worry about this. Tell me, shouldn't you give me more rewards?”

“Add, must add, double the rewards!!”

A satisfied smile appeared on Lin Tianhao's face, and he said:

“Moreover, it took me a full thirteen resurrection coins to resurrect you. You have to pay me back for that.”

“Thirteen?”

The Grand General's expression darkened, “These two guys really went for the kill, actually destroying my body so badly.”

“No problem, I don't have that many now, but give me two hours, and I'll go get them now.”

“This is the double reward I promised you.”

The Grand General gave Lin Tianhao another ten Talent Evolution Flowers, ten resurrection coins, and three drops of Dragon Cleansing Liquid.

A satisfied smile appeared on Lin Tianhao's face.

He didn't need to take action for the next thing. The Grand General had been preparing for so long, now he only needed him to take over, and these were all small problems.

Two hours later.

The Dragon Country was completely overthrown, and the Grand General took over.

This brief confrontation ended because of Lin Tianhao's absolute strength crushing them.

After the Grand General took control of the overall situation, he immediately sent Lin Tianhao twenty resurrection coins.

Lin Tianhao looked at the twenty resurrection coins in his hand, with a strange look on his face.

“This number is not right.”

The Grand General smiled and said:

“This is what you deserve. I know you won't stay here for long. You have your own destination.”

“I hope that we can meet again in the future. At that time, the Dragon Country may not be the small island it is now. In the future, our Dragon Country will definitely stand at the peak.”

Lin Tianhao smiled and said:

“Then let's meet at the peak.”

“Hahaha, okay, meet at the peak!!”

As soon as Lin Tianhao finished speaking, a beam of light hit Lin Tianhao.

In the next instant.

Lin Tianhao was teleported back and appeared in the stone room under the Black Pool.

As soon as Lin Tianhao appeared, he saw three people.

Wang Chongfeng, Zuo Tianyang, and the Blind Swordsman.

“Snow Emperor, you're finally back.”

Lin Tianhao didn't go over immediately. The sixth level of Mo Yuan had clones.

Lin Tianhao couldn't confirm their identities.

After all, they weren't there when they used the password before.

Seemingly seeing Lin Tianhao's thoughts, Wang Chongfeng took the initiative to say:

“Snow Emperor, you don't have to worry, I'll prove it to you.”

As soon as he finished speaking.

Wang Chongfeng put on the game helmet. After a while, light clusters gathered in front of him, and a summoning card was manifested.

Seeing this scene.

Lin Tianhao breathed a sigh of relief, but he was still very vigilant.

“You can prove it, but what about them?”

Wang Chongfeng smiled and said: “They all left the dungeon after me, so there shouldn't be any problem with their identities.”

Lin Tianhao frowned and said:

“Then let's wait first.”

As soon as he finished speaking, Lin Tianhao asked curiously:

“Are the dungeons you entered the same?”

“Not the same, but they are roughly the same. They are all inside the island.”

Lin Tianhao nodded and said:

“Then it seems that everyone is on the island.”

The Blind Swordsman said with a smile:

“The dungeons on this island are similar to the dungeons in Twilight of the Gods, but their overall combat power is not strong, but the rewards are exceptionally generous.”

Chapter 1300 - News from the old director!

Lin Tianhao shook his head and said:

“It's not that the instance is too weak, but because you are too strong.”

“This kind of instance should be designed according to the actual situation. Currently, in real life, besides powerhouses like Wild Ambition Taoist and Corpse Ancestor Tian Yue, who are inversely core-bound, you are the first echelon.”

“If it were someone else, it would not be easy to complete this instance’s mission.”

Zuo Tianyang suddenly understood, “So that’s how it is.”

“We are now worried about Drill Rat. If he can’t get out, it will be troublesome.”

Lin Tianhao pondered slightly and said:

“Drill Rat’s individual output ability is indeed not very good, but his ability to drill into the ground can easily cause problems in such an instance.”

Just at this moment.

Another person appeared out of thin air.

This person who suddenly appeared was none other than Hei Xiaomeng.

When Zuo Tianyang and the others disappeared, Hei Xiaomeng had not yet transformed into human form. Suddenly seeing a stranger appear, Zuo Tianyang, Blind Swordsman, and Wang Chongfeng instantly stood up, adopting a defensive posture.

“No need to be like this, she is Hei Xiaomeng, the black dragon from the Black Pool. She is now exploring the Mo Yuan with us.”

Hearing this.

A look of shock appeared in Zuo Tianyang’s eyes.

“She’s stronger.”

Hei Xiaomeng waved her hand and said:

“No need to be so nervous, I won’t do anything that would be detrimental to you.”

Having said that.

Hei Xiaomeng looked at Lin Tianhao with some surprise.

“I’m already doing missions fast enough, I didn’t expect you to be even faster than me.”

Lin Tianhao waved his hand and said:

It was easier to confirm the identities of Lin Tianhao and the others, they just needed to use the code.

With Corpse Ancestor Tian Yue and Wild Ambition Taoist coming out, the identities of Zuo Tianyang and Blind Swordsman could also be verified.

Thankfully.

They were all on their side, no problem.

After that.

They passed on the verbal code, and in the future, they would use sound transmission to confirm whether they were on the same side.

Next, Dragon-Tiger Venerable also returned.

“Where is Zhang Linglong?” Lin Tianhao asked.

Zhang Linglong’s strength was even above Zuo Tianyang.

Zuo Tianyang had already appeared here, there was no reason why Zhang Linglong hadn’t come out.

Zuo Tianyang shook his head and frowned:

“I don’t know, we suspect she was the first to come out and has already left.”

“Although Zhang Linglong cooperates with us on the surface, she hides many secrets and it is very likely that she is acting alone.”

Lin Tianhao nodded, not caring about Zhang Linglong, but now Drill Rat was still missing.

“This Drill Rat, shouldn’t he be unable to complete the mission, right?”

“If he dies in the instance, there won’t be a chance to save him.”

Hearing this.

Wild Ambition Taoist shook his head, “Drill Rat is a bit weak, but he shouldn’t be unable to complete the mission.”

“And Dragon-Tiger Venerable’s two followers haven’t come out either, let’s wait a little longer.”

Lin Tianhao then turned his gaze to Dragon-Tiger Venerable.

“Dragon-Tiger Venerable, you should have gained a lot in this instance, right?”

Hearing this.

Dragon-Tiger Venerable’s mouth twitched, but he still pretended to be calm and said a Buddhist prayer:

“Amitabha.”

“This poor monk did indeed gain a little this time.”

“Here are ten resurrection coins, still eight short.”

Lin Tianhao was slightly disappointed.

Dragon-Tiger Venerable only got ten resurrection coins in this instance?

To be honest.

Lin Tianhao didn’t quite believe it.

Looking at his appearance, it seemed like he didn’t want to hand over all the resurrection coins he had.

“Snow Emperor, we will wait for them for three days. If they still can’t come out, then we will accompany you to find the Mad King.”

“Everyone has wasted a lot of time here, we can’t continue to waste time here.”

Wild Ambition Taoist spoke again, he was very clear about Lin Tianhao's significance to Dragon Country, and even the entire Blue Star, in the future.

Wasting time here meaninglessly was not appropriate.

"You can continue to enter Twilight of the Gods for these three days, I will protect you, and call you at the first sign of trouble."

Lin Tianhao nodded lightly, he thought so too.

"Okay, then I'll have to trouble you."

"Wang Chongfeng, you too, go into the game and materialize things. If we fight the Mad King next, it will probably be very troublesome."

"Okay."

Lin Tianhao and Wang Chongfeng put on their game helmets and entered the game.

Shu Feng Canyon.

Lin Tianhao was still here.

Lin Tianhao began to continue completing the things he hadn't finished before.

Comprehending the Dao!!

Qing Ya Ghost Fiend led him to obtain the Five Elements inheritance, and now was the time to digest and absorb it.

His attributes were already very high, and the path he would take next would be more about bloodlines, physique, soul, and comprehending the Dao.

He needed to improve his power level from the essence.

Time passed very quickly while comprehending the Dao, and in the blink of an eye, two days had passed.

Lin Tianhao received an external call.

Could it be that Drill Rat and the others had already come out?

Thinking like this, Lin Tianhao logged off without hesitation.

Just after logging off.

He saw Wild Ambition Taoist looking at Lin Tianhao with a face full of smiles, and said:

“Snow Emperor, good news.”

Lin Tianhao didn’t see Drill Rat and the others, and subconsciously asked:

“What good news?”

“Old Bureau Chief has already obtained the game pod that can materialize more things. Currently, Old Bureau Chief is on the eighth level of Mo Yuan. The Mad King we are looking for is on the seventh level, the Lonely King is on the eighth level, and according to speculation, the Dragon King should be on the ninth level.”

“Normally speaking, you need to solve the corresponding King on each level before you can go to the next level, but Old Bureau Chief took a shortcut and went to the eighth level.”

Having said that.

Wild Ambition Taoist paused slightly, then continued:

“In addition, you can leave each of the lower three levels without having to fight to the ninth level. Old Bureau Chief has already left first.”

This news was indeed very encouraging.

“Moreover, Old Bureau Chief has also told me the information he learned about the Mad King’s abilities. We still have a chance of winning against the Mad King.”

Lin Tianhao’s eyes lit up. If he could solve the Mad King and complete the second hidden mission, he would gain even more benefits.

As for the Lonely King and the Dragon King later, it didn’t matter whether he went or not.

“Drill Rat and the others haven’t come out yet, are we still waiting?” Lin Tianhao asked.

Wild Ambition Taoist took a deep breath and said:

“We’re not waiting anymore. I’ll have Wang Chongfeng leave a sound transmission talisman here, and I’ll also leave a note and a mobile phone so they can leave directly if they come out.”

“As long as they can see the information we left, there will be no problem.”
