

## Online game 171

Chapter 171 - If I release the dominance, how will you respond?

Here, using a bow and arrow was a bit inconvenient, so Lin Tianhao immediately transformed into an afterimage and charged forward, holding the God-Slaying Whip.

He was very fast, but someone had already blocked in front of Archmage Abid.

Luo Lin Muye used his novice wooden sword to block Lin Tianhao's attack.

Novice wooden sword, indestructible!

Even a divine weapon like the God-Slaying Whip was helpless.

But how fast was Lin Tianhao's attack speed? With an attack speed of 39.2, after this normal attack landed, the second normal attack was already heading towards Luo Lin Muye's waist.

Luo Lin Muye's expression changed drastically, he could only see Lin Tianhao's arm turning into an afterimage and the God-Slaying Whip.

"Bang!"

The golden equipment on his body shattered in response, and at the same time, a huge damage number appeared above his head.

-492638!!

Luo Lin Muye gasped, Lin Tianhao's output ability was really too terrifying, this one blow made him tremble with fear.

Lin Tianhao, however, didn't think much of it, and even had a faint smile on his face.

With an attack speed of nearly forty per second, Luo Lin Muye had only just reacted when Lin Tianhao's attacks fell like a storm.

"Looking for death!!"

A golden warrior charged from behind Lin Tianhao, and his simple and unadorned Savage Charge hit Lin Tianhao, causing Lin Tianhao's health to drop slightly.

-59982!!

Dealing nearly 60,000 damage with one skill was already quite good.

However.

This attack only took away less than one percent of Lin Tianhao's health, which made the golden warrior stunned.

"Damn, is his health bar this thick?"

While he was stunned, Lin Tianhao had already turned around and given him a head-on blow.

Although it was a weak point attack, it didn't crit.

Because he was wearing a golden helmet.

Even so, his golden helmet was still shattered by Lin Tianhao's strike.

"What kind of monster is this?!"

Di Xuejian was shocked, and immediately condensed an ice shield in front of him.

But the ice shield was useless in front of the God-Slaying Whip, like a piece of paper, it was shattered layer by layer by Lin Tianhao.

"Is this the terror of the Snow Emperor?"

Another figure rushed out, this time it was Village Chief Wang, who attacked with his novice wooden sword, wanting to knock Lin Tianhao away.

They needed a control skill, and then connect enough control chains.

Only in this way could they kill Lin Tianhao.

"Bang!!"

However.

They could block Lin Tianhao's attacks, and Lin Tianhao could also block their attacks.

The God-Slaying Whip fell, forcibly shaking Village Chief Wang's attack back.

Now Lin Tianhao's attack speed, looking at the entire Star Kingdom, besides Monkey, there shouldn't be a second person who can compare with him.

Of course, Shui Ruyan and Hanba, as well as those people in Sunset Town, might also have such a terrifying attack speed.

But they are not Lin Tianhao's opponents.

Besides that.

There is also Leona who might have a faster attack speed than Lin Tianhao.

But Lin Tianhao doesn't know now that Leona is a fourth-rank powerhouse.

.....

While Lin Tianhao was fighting the crowd alone, Zhou Xiaopang and Monkey also launched an attack on Gu Feng City.

They were very smart, they only started after entering Gu Feng City.

However.

They were also very stupid, and were quickly surrounded by the city guards.

Monkey's attack speed is fast, movement speed is fast, and damage is high, so he can pull a bit.

But Fatty was a bit tragic, being constantly besieged, even with nearly nine million health points, it seemed so insignificant at this time.

He was slowly grinded to death, and only killed a dozen city guards before he died.

Monkey was much more heroic, killing three or four hundred city guards before being killed.

But this was useless for breaking through the city.

At this time, they also received the message sent by Lin Tianhao, "Hone your combat experience, don't care about levels."

At this time, Monkey and Fatty also understood Lin Tianhao's thoughts, and the two set off again to attack Gu Feng City.

They completely treated Gu Feng City as their training ground.

.....

Inside the Guardian Tower.

The battle was very anxious, Lin Tianhao had already shattered more than ten pieces of golden equipment.

But he hadn't killed any opponents yet.

However.....

Di Xuejian was about to not be able to hold on.

Lin Tianhao's 8.3 million health points, one percent is 83,000, plus the 10,000 base damage of the Book of Life and Death.

Now Di Xuejian loses 93,000 health per second.

Even if Di Xuejian's health recovery ability is good, and there are priests and health recovery potions to recover health.

But at this time, it seems a bit insignificant, facing this terrifying health loss ability, it can't be said that it's useless, it can only be said that it's average.

Losing several million health points in one minute, Di Xuejian's health bar is already less than one-tenth.

"Don't mind me, kill him!!"

Di Xuejian's eyes were tearing apart, obviously already a bit crazy.

Lin Tianhao's mouth rose, a faint smile appeared on his face.

"Princess Di Xuejian, do you think you can get rid of me just by dying?"

Lin Tianhao constantly blocked attacks with the God-Slaying Whip, although he parried a bit awkwardly, he didn't panic at all.

Because he knew that if these people didn't run away today, they would all die!

He only needed to hold on.

"Snow Emperor, it's over!"

Village Chief Wang's body turned into a stream of light, and actually wrapped Lin Tianhao.

Immediately afterwards.

Lin Tianhao only felt a terrifying suction force acting on his body, making him somewhat unable to resist.

"Knocked him flying!"

Village Chief Wang sneered, "Kill the Snow Emperor, Princess Di Xuejian's continuous health loss can be lifted."

I have to say.

Village Chief Wang is so..... naive!!

He actually thought that as long as Lin Tianhao was killed, Princess Di Xuejian could be saved.

Today, he is destined to be disappointed.

No suspense!

Under their crazy attacks and control connections, Lin Tianhao's health quickly bottomed out.

"Invincible Golden Body!"

Lin Tianhao released the Invincible Golden Body in advance.

Luo Lin Muye sneered, "Snow Emperor, don't make unnecessary struggles, delaying time is useless."

Lin Tianhao smiled noncommittally, was he delaying time?

No, he wasn't, he wanted to make these people completely despair.

Withered Wood逢Spring!!

After Lin Tianhao's health fell below ten percent, Withered Wood逢Spring was triggered.

Village Chief Wang's pupils shrank, "Increase the output intensity."

As soon as his voice fell, he saw a purification light light up on Lin Tianhao's body.

"Want to purify him upon landing, dream on!!"

Village Chief Wang, Luo Lin Muye and the others frantically connected in the air, so that Lin Tianhao's purification was only a moment of uncontrol.

"Hehe, all good, but, if I use the Overlord Body skill, how will you deal with it?!"

A new skill lit up on Lin Tianhao's body, it was the signature skill on most bosses: Overlord Body!!

Chapter 172 - A desperate battle!

"Over... Overlord Body!!"

Disbelief was written all over the faces of Lorraine, Mu Ye, and the others.

Overlord Body.

Forced crowd control immunity.

This was one of the most overpowered crowd control immunity skills in Twilight of the Gods.

They never dreamed that Lin Tianhao would use this skill.

Lin Tianhao had obtained Overlord Body skill books a long time ago, and more than just one.

But before, because he was an archer, he couldn't learn the skill.

But now.

He already possessed dual main classes, so naturally, he could learn the Overlord Body skill.

Not only that.

He had also learned the Berserk skill.

It was just that most of the time he fought with arrows, and rarely engaged in close combat, so Lin Tianhao hadn't used it.

Because.

Lin Tianhao knew very well that to live longer, he needed to hide his trump cards.

For example, his normal attack amplification was hidden until he killed King Abra.

This Overlord Body skill was the same.

Just when Lorraine, Mu Ye, Village Chief Wang, and the others saw hope, he used the Overlord Body skill, plunging them into utter despair.

When Di Xuejian saw Lin Tianhao's Overlord Body land, she couldn't help but sigh.

She knew that she couldn't escape death today.

“Ding, you have killed Princess Di Xuejian, a server-wide announcement will be made, do you want to hide your nickname?”

“No.”

“Server-wide announcement, congratulations to player Snow Emperor for killing Princess Di Xuejian, hereby announced, hoping that all players will continue to work hard.”

“Server-wide announcement, congratulations to player Snow Emperor for killing Princess Di Xuejian, hereby announced, hoping that all players will continue to work hard.”

... ..

The server-wide announcement rang out.

Many players were stunned. First, King Abra died, and now Princess Di Xuejian was killed.

Moreover, this time the nickname wasn't hidden, making it clear that Snow Emperor was the one who did it.

Outside Lonely Wind City.

The black-robed leader had a faint smile on his face, “After so many years, will our Demon Cave finally become the master of this country?”

... ..

Heavenly Star City, Royal Palace.

Inside the Snow Corpse's Footprints dungeon.

“Snow Emperor, when I find the Ice Goddess and obtain the source of power, I will definitely trap you in the Star Kingdom forever!”

Leona's eyes flashed with killing intent.

She knew.

Lin Tianhao's adventurer characteristic meant that he could be resurrected after death.

However.

She could imitate sealing the Demon King's son, Grelo Lorensen, and seal Lin Tianhao.

“As long as I trap you, when the disaster in the dark descends, you will only have one way to die!”

Leona's eyes became even colder. Looking at the Ice Serpent rushing up, she slapped it without hesitation.

The powerful and terrifying force shattered the Ice Serpent's head.

... ..

Guardian's Tower.

After killing Princess Di Xuejian, Lin Tianhao used the Book of Life and Death to lock onto the golden priest.

Continuous health loss began.

The health loss of more than ninety thousand per second was terrifying.

Lin Tianhao, holding the God Striking Whip, fought fiercely with Village Chief Wang, Lorraine, Mu Ye, and the others.

“Berserk!”

Village Chief Wang shouted angrily and used Berserk without hesitation.

“Berserk!!”

Lin Tianhao also didn't hold back, releasing Berserk. He instantly felt his strength, speed, and other basic attributes increase.

As for the reduction of armor and magic resistance caused by Berserk, it was harmless to Lin Tianhao.

Because Lin Tianhao's armor and magic resistance were negligible.

“Bang, bang, bang!”

The few of them collided dozens of times in the blink of an eye, fighting very fiercely.

“Three Clouds Pierce, Heart Locking Burst!”

Archmage Abed continuously waved his staff, obviously activating some incredible ultimate move.

Lin Tianhao narrowed his eyes slightly, but didn't care.

When Archmage Abed was casting, he had already released Instant Slash and flew towards the golden priest.

“Stop him!”

Lorraine, Mu Ye, used a Cloud Piercing Strike to block Lin Tianhao's path.

Lin Tianhao's attack wasn't really meant to kill the golden priest, but to create distance from Archmage Abed.

“Space Blink!”

When Archmage Abed's skill was about to land, Lin Tianhao used Space Blink, creating distance once again.

“Not good!”

Lin Tianhao secretly thought something was wrong, because his two-stage displacement didn't create enough distance from Archmage Abed's casting range.

He had just used consecutive displacements to run out of Archmage Abed's casting range, so that even if he couldn't interrupt the casting, he could avoid the skill attack.

But after his two-stage displacement, he found that a khaki-colored light was already gathering on his chest.

“Boom!!”

With a loud bang.

The khaki-colored light exploded from Lin Tianhao's chest, and Lin Tianhao was instantly blown away.

“Now is the time.”

Village Chief Wang turned into an afterimage and arrived in front of Lin Tianhao in an instant, following up with the knock-up effect.

Lorraine, Mu Ye, also rushed up, continuously hitting Lin Tianhao with knock-up effects.

“Snow Emperor, let's see what tricks you have this time.”

Lorraine, Mu Ye's face was ferocious, and his expression was extremely sinister, filled with hostility towards Lin Tianhao.

Lin Tianhao raised the corner of his mouth, revealing a faint smile on his face.

These people were still hoping to kill him.

Lin Tianhao put away his equipment and gave up resisting.

Finally.

Under the persistent attacks of Village Chief Wang, Lorraine, Mu Ye, and the others, Lin Tianhao finally fell.

Because his red name value was too high, Lin Tianhao's level dropped back to level one.

He became a level one newbie again.

Lin Tianhao didn't care, after all, leveling up was commonplace for him.

Moreover, dropping levels didn't reduce attributes, the only thing that might be affected was equipment with level requirements.

But this had little impact on Lin Tianhao, after all, most of Lin Tianhao's equipment didn't have level requirements.

Three seconds later.

Lin Tianhao resurrected on the spot!

Village Chief Wang gasped. This wasn't the first time he had seen Lin Tianhao resurrect on the spot, but seeing it again now, he still found it unbelievable.

“Let's retreat!”

Village Chief Wang sighed. He knew that they couldn't stop Lin Tianhao.

Lin Tianhao could resurrect on the spot, but they couldn't. They would really die.

Of course, he wouldn't, but Lorraine, Mu Ye, Archmage Abed, and the others would.

“Village Chief Wang, are we just leaving like this? I'm not reconciled!!”

Lorraine, Mu Ye's eyes were bloodshot. No one knew that his feelings for Princess Di Xuejian were extraordinary.

But now Princess Di Xuejian had actually died in Lin Tianhao's hands, making it difficult for him to accept.

“Let's wait for the King. As long as the King comes out of the Snow Corpse's Ruins, he will definitely be able to sweep away everything. At that time, no one will be able to control us.”

Lorraine, Mu Ye, gritted his teeth. Although he didn't want to admit it, this was the truth. So many experts joining forces, it was so difficult to kill Lin Tianhao even once.

Moreover, Princess Di Xuejian had also fallen, and not only that, the golden priest, Luther, was also about to fall.

"You retreat first. I can resurrect. I'll hold off Snow Emperor."

Chapter 173 - There is a God of the Dead in the Star Kingdom!

"Okay."

Lorraine Mu Ye and the others began to evacuate one after another.

Village Chief Wang tried his best to stop them, but Lin Tianhao didn't intend to let them leave so easily this time.

His movement speed and attack speed were both faster than Village Chief Wang's, so it was impossible for Village Chief Wang to hold him back.

However, Lin Tianhao also knew that he couldn't keep everyone.

Therefore, he targeted Archbishop Abed. Besides Princess Tixuejian and that golden priest, Lin Tianhao also wanted to keep Archbishop Abed.

Lorraine Mu Ye and the others noticed Lin Tianhao's intentions, and his expression became somewhat solemn.

"Go!!!"

Village Chief Wang roared, "If you don't leave now, none of you will be able to leave."

As soon as he finished speaking.

Village Chief Wang rushed towards Lin Tianhao like a madman, his eyes becoming more and more ferocious.

Lorraine Mu Ye stared at Lin Tianhao with hatred in his eyes.

"Snow Emperor, with the Ice and Snow Goddess as my witness, I, Lorraine Mu Ye, will definitely kill you and grind your bones to ashes. If I break this oath, may I be struck by lightning!!"

When he said these words, Lorraine Mu Ye's eyes were already bloodshot.

He was very angry, very, very angry.

Lin Tianhao ignored him, "Wait until you can beat me."

"No."

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing Archbishop Lutwas. Special announcement, hoping that the majority of players will continue to work hard."

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing Archbishop Lutwas. Special announcement, hoping that the majority of players will continue to work hard."

.....

The fall of a golden priest was also a huge loss for the Star Kingdom.

Next.

Lin Tianhao wrote Archbishop Abed's name on the Book of Life and Death.

Abed's head began to show continuous health loss.

He knew he was dead.

"Is there no way?"

"Sister, I may not be able to help you get revenge. Snow Emperor is too strong."

As soon as he finished speaking.

Archbishop Abed's eyes gradually became fierce and crazy.

Immediately afterwards.

He waved his staff and began to chant.

"Great God of the Undead, the humble Abed is willing to dedicate his soul and all his life, and implore the God of the Undead to bestow blessings to help me destroy the evildoer!"

When Lin Tianhao heard this, an unbelievable expression appeared on his face.

"Abandoning faith, selling the soul..."

For a mage, it was unbelievable to abandon faith or sell the soul.

But these two incredible things actually happened in front of him.

Before he could think about it, a dead gray beam of light fell from the sky, enveloping Archbishop Abed.

Abed's flesh and blood began to burn rapidly, and finally turned into a skeleton man burning with flames.

In his hand was a skeleton staff, and a cold and terrifying aura emanated from him.

"Undead Summoning, return, those souls killed by the Snow Emperor!"

Archbishop Abed waved the staff in his hand. In the next instant, the soil around Lin Tianhao broke open, and skeletons appeared in Lin Tianhao's sight.

King Abra (Undead), Archbishop Abiel (Undead), Queen Fiodingyu (Undead)...

These...

Were all existences that Lin Tianhao had killed before.

Lin Tianhao gasped.

Undead Summoning.

Lin Tianhao was no stranger to this skill.

In Undead Summoning, there was a ability called Spirit Capture, which could capture the souls of the dead and use them for their own purposes.

It was just that Spirit Capture could be considered a very powerful method in Undead Summoning.

Except for a few saint-level or higher talents that might acquire Spirit Capture in the early stage, most of them would have such skills in the later stage.

Moreover.

There were many restrictions on Spirit Capture. Not everyone who died could be captured, and it depended on the strength of the person performing Spirit Capture.

Even if the capture was successful, the captured person would only have part of their strength before death.

In this regard, the God Conferring List was much more powerful than Spirit Capture.

The God Conferring List did not care about the opponent's strength. Even if a god fell, Lin Tianhao could forcibly include them in the God Conferring List.

And after entering the God Conferring List, their strength would not be affected in the slightest, and they would still be at their peak state.

In this regard, Spirit Capture was much worse than the God Conferring List.

Back to the topic.

Archbishop Abed only sacrificed himself today, and he could not have had the opportunity to use Spirit Capture before.

In other words.

King Abra, Archbishop Abiel and other undead were not summoned by his Spirit Capture.

But... the God of the Undead!

This was a very bold and terrifying guess, and only if this guess was true could it explain why Archbishop Abed was able to summon them to fight now.

While thinking about this, Lin Tianhao had already collided with King Abra's summoned beast.

Queen Fiodingyu also turned into a phantom and rushed towards Lin Tianhao.

Princess Tixuejian also turned into a streamer and charged over.

Lin Tianhao held the God Striking Whip and directly used Three Heads and Six Arms.

With the blessing of Three Heads and Six Arms, Lin Tianhao withstood the pressure alone.

Village Chief Wang on the side sighed when he saw this scene, "Archbishop Abed, your sacrifice is worth it. At least, it helped us confirm a message."

When he said this, Village Chief Wang glanced at King Abra meaningfully.

Obviously.

Village Chief Wang also knew what it meant for King Abra's undead to appear here.

He left, leaving only the crazy Archbishop Abed and a group of undead constantly attacking Lin Tianhao.

Under the continuous attacks of the Book of Life and Death, the mage with relatively thinner health ultimately failed to withstand it and fell under the continuous health loss of the Book of Life and Death.

In the past, the health loss of the Book of Life and Death was not much, but now the continuous health loss of more than 90,000 per second, even a third-level powerhouse like Archbishop Abed could not withstand it.

"Ding, you have killed Archbishop Abed. A server-wide announcement will be made soon. Do you want to hide your nickname?"

"No."

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing Archbishop Abed. Special announcement, hoping that the majority of players will continue to work hard!!"

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing Archbishop Abed. Special announcement, hoping that the majority of players will continue to work hard!!"

Chapter 174 - Capture the spirits and send the generals and the light of heaven!

As Lin Tianhao killed the Archmage Abed, King Abella, Queen Fiodin Rain, Princess Tixuejian, and all the other undead collapsed and disappeared.

After all, they only appeared here relying on the power of the undead summoner. Now that the Archmage Abed, who summoned them, is dead, they will naturally perish with him.

Next.

It's time for the enjoyable loot-grabbing session.

"Ding, you have obtained the Golden Priest Set + 1."

"Ding, you have obtained Skill Book + 3."

"Ding, you have obtained Free Attribute Points + 50."

"Ding, you have obtained Gold Coins + 9999."

"Ding, you have obtained... .."

... ..

Lin Tianhao's first loot grab was from the Golden Priest Lutvas.

Lin Tianhao only glanced at Lutvas's golden set before putting it away.

The reason is simple: it requires level 150 to equip.

In his previous life, most players only reached level 150 after half a year.

Because in Twilight of the Gods, leveling up becomes more and more difficult later on.

In addition, leveling up only rewards five free attribute points, so fewer players will be keen on leveling up later on.

More players will pursue skills and special equipment.

And equipment.

Of course.

According to priority, special equipment has the highest priority. As for God-given equipment, even high-level players rarely come into contact with it.

Second, it's skills.

Third, it's normal equipment.

The reason why skills have a high priority is because the earlier you obtain a skill, the earlier you can grind proficiency.

Once the proficiency is maxed out, the skill can accompany you for life.

The same goes for special equipment. Most special equipment can accompany you for life.

The Golden Priest Set is unusable, but the skill book made Lin Tianhao's eyes light up.

Heavenly Light: 1 Star.

Learning Requirement: Priest.

Effect: You release a beam of healing light on a friendly unit, healing the friendly unit for (10000 + 50% Magic Power) health points, and removing all negative effects and continuous bleeding except for knock-ups and curses.

Consumption: 100MP.

Cooldown: 120 seconds.

Proficiency: 0 / 1000.

(Note: After this skill is upgraded, it can be applied to multiple friendly units at the same time. Each star upgrade doubles the number of friendly units it can be applied to.)

Lin Tianhao's eyes lit up. This skill is a bit awesome.

Healing and restoring health are easy to talk about. After all, priests don't lack skills in this area.

But healing and restoring health while also providing a purification effect makes this skill awesome.

Moreover.

How should this be described?

If you have to describe it, then it's two words: perverted!!

This is not just an ordinary perversion, but an extremely terrifying perversion!!

In addition to Heavenly Light, there are two other priest skill books that dropped.

Compared to Heavenly Light, these two priest skills are relatively average.

Next is looting Princess Tixuejian.

"Ding, you have obtained Golden Equipment + 4."

"Ding, you have obtained Special Equipment + 1."

"Ding, you have obtained Skill Book + 1."

"Ding, you have obtained Free Attribute Points + 100."

"Ding, you have obtained Gold Coins + 12999."

"Ding, you have obtained... ..."

... ..

Lin Tianhao's eyes lit up. This time, he actually obtained a piece of special equipment. Lin Tianhao chose this special equipment immediately.

Mana Orb: Special.

Equipping Requirement: None.

Effect: Mana + 50000.

Durability: 100.

The corners of Lin Tianhao's mouth rose, and a smile appeared on his face.

It's like getting what you lack.

He lacks mana, and this Mana Orb, like the Life Orb, only has one effect, but this one effect is quite terrifying.

With the blessing of 50,000 mana, Lin Tianhao suddenly doesn't lack mana.

Apart from the Mana Orb, the other equipment dropped by Princess Tixuejian can be ignored.

The equipping requirement is level 200, which is even higher than the Golden Priest's equipment requirement. It is simply not something that current players can equip.

Finally.

There is Archmage Abed left.

I wonder what this archmage, who sacrificed his soul and life, can provide for himself.

"Ding, you have obtained Golden Equipment + 1."

"Ding, you have obtained Skill Book + 1."

"Ding, you have obtained Free Attribute Points + 100."

"Ding, you have obtained Gold Coins + 9999."

"Ding, you have obtained... ..."

... ..

Lin Tianhao was slightly disappointed. This equipment is a bit unworthy.

Staff of Undead Summoning: Golden.

Equipping Requirement: Summoner.

When Lin Tianhao saw this, his pupils shrank. No level requirement, that's a bit interesting.

Effect 1: Mana + 5000.

Effect 2: You can summon the creatures you have killed to help you fight. You can only summon those killed within the last 24 hours, and the undead summons only have 60% of their strength before death, limited to 10, and limited to summoning once a day, lasting for 24 hours or until killed.

Effect 3: Magic Power + 1000.

Effect 4: Health Points + 10000.

Effect 5: All your undead summons' damage is increased by 5%.

Durability: 100.

Lin Tianhao's eyes lit up. This equipment seems to be not bad.

He can't use it, but he can give it to Su Li.

The only summoner beside Lin Tianhao that he trusts is Su Li.

In addition, there is also a skill book.

Capturing Spirits and Commanding Generals: 1 Star.

When Lin Tianhao saw the name of this skill, he gasped. How lucky would you have to be to explode such a perverted skill as Capturing Spirits and Commanding Generals at this stage.

Learning Requirement: Summoner.

Effect: You can capture undead as your own summoned beasts to help you fight. Currently, you can only capture one. The captured undead can only exert 50% of their strength before death.

Consumption: 500MP.

Cooldown: 30 minutes.

Proficiency: 0 / 1000.

(Note: Try not to capture undead that are too much stronger than yourself, otherwise it is easy to fail. Capturing the undead you killed will increase the probability of success.)

Lin Tianhao took a deep breath and could only say that Su Li was lucky.

This skill was actually exploded in the Starry Kingdom.

If you didn't step on ten piles of dog shit when you went out, you really wouldn't have such luck.

For Lin Tianhao this time, the biggest gain should be the Mana Orb. This thing can most directly make up for Lin Tianhao's shortcomings.

Besides.

It is now the Guardian Tower under his feet. This Guardian Tower is undoubtedly a special equipment, and it is likely to be an indestructible special equipment.

Chapter 175 - Disobeying the order, empty city plan!

Guardian's Tower: Special.

Equip Requirement: None.

Effect: You can forcibly bring one or more people into the Guardian's Tower and construct terrain within the Guardian's Tower that is advantageous to yourself and your teammates for combat. You cannot leave the Guardian's Tower until the enemy units kill you and your teammates.

Durability: Indestructible.

Lin Tianhao's lips curled up. Wasn't this thing tailor-made for him?

He, Monkey, and Fatty, working together, it was no exaggeration to say that in the Starry Kingdom, whoever they targeted would die, without any chance of survival.

Putting away the Guardian's Tower, Lin Tianhao headed to Lonely Wind City. He hadn't forgotten the real purpose of this trip.

Since he couldn't get what he wanted from Leona, he would just have to slaughter his way through the Starry Kingdom and take what he wanted himself.

He arrived at Lonely Wind City.

Fatty and Monkey also happened to be there.

"Brother Hao, is the trouble resolved?"

Seeing Lin Tianhao appear, Fatty's face showed a look of surprise.

Lin Tianhao smiled, "Not completely resolved. Next, I'll take you guys to attack Lonely Wind City together."

Lonely Wind City, City Lord's Mansion.

Lonely Wind City Lord, Gu Feng Nalin, was currently arranging manpower, obviously planning something.

"City Lord, it's bad, they're attacking the city again."

Gu Feng Nalin frowned and scolded with a cold face: "They've attacked three times already, isn't it always the same?"

"No, City Lord, this time it's not just them, that black-robed archer is here too."

"What?!"

Gu Feng Nalin stood up abruptly, a look of fear flashing in her eyes.

"What exactly do those bastards from the Demon Cave want to do? Do they really want to destroy our Starry Kingdom?"

"What about the new king? Is she just going to sit idly by? The old king even personally led the troops..."

As Gu Feng Nalin spoke, a sound transmission talisman flew over, the sound entering her ears.

Hearing the sound entering her ears, an unbelievable expression appeared on Gu Feng Nalin's face.

Because the message Gu Feng Nalin received was only one thing, and that was to activate the city protection array and evacuate with the treasures.

"Evacuate?!"

"It's easier said than done, evacuate with what? Lonely Wind City is the base of operations that our Gu Feng family has managed for so many years. Doesn't the new king know how much effort our Gu Feng family has put into this place?"

The old man beside Gu Feng Nalin narrowed his eyes and said: "Miss, the black-robed archer is powerful and cannot be fought head-on."

"Since it's difficult to part with, then we'll fight!!"

A strong killing intent burst out from Gu Feng Nalin's eyes.

"But even the old king who personally led the troops died at the hands of the black-robed archer. Fu Ling Changyue, known as a genius commander, couldn't even last fifteen minutes against the black-robed archer."

"Hmph, I know that long-range combat is not advisable. In that case, let's have a battle of positions."

Gu Feng Nalin snorted coldly, "Don't those bastards from the Demon Cave want our Lonely Wind City? Then we'll feign a retreat and set up an inescapable net within Lonely Wind City."

"Once they enter the city, kill!!"

Having said that.

Gu Feng Nalin narrowed her eyes, "Also, use the gunpowder we obtained from the Eastern Ancient Kingdom."

"Lonely Wind City is the lifeblood of our Gu Feng family. If we can't defend it, then even if we destroy it, we will never let those bastards from the Demon Cave get it cheaply."

The old servant in green took a deep breath and said: "Miss, should we use the power of the God of the Undead..."

Hearing this.

Gu Feng Nalin narrowed her eyes and fell into thought.

After a while.

"If there is a chance to kill the black-robed leader, then we can make a move. If not, then don't expose it."

... ..

Outside Lonely Wind City.

Lin Tianhao didn't think about so many fancy things.

He unhesitatingly attacked.

"Shoo shoo shoo!!"

Arrows pierced through the air, and the city guards quickly fell.

In less than thirty seconds, Lonely Wind City had already collapsed, and the army was scattered.

A faint smile appeared on Lin Tianhao's face.

This battle was somewhat beyond his expectations.

After all, with the strength of Lonely Wind City, they should have been able to withstand some of his attacks.

Moreover.

Lin Tianhao remembered that during the national war in his previous life, Lonely Wind City had used the red-coated cannons.

But this time, not a single red-coated cannon was fired, which was somewhat strange.

"Brother Hao, you're too fierce. You collapsed Lonely Wind City as soon as you arrived."

Lin Tianhao shook his head and said meaningfully.

"You're thinking too much. Lonely Wind City is even stronger than Black Wind City and Ice Snow City."

"The reason why it collapsed so quickly, there should only be two answers."

"Which two?" Fatty asked subconsciously.

Monkey ridiculed from the side: "Fatty, can't you even think of that? It's obvious that they're trying to preserve their strength and prepare for a counterattack."

"However, what is the other possibility?"

Obviously, Monkey hadn't guessed the other possibility either.

"That is... there's a trap."

Lin Tianhao smiled unhurriedly, then sent a message to Mad War Blades.

"Blades, do you have people in the south gate direction of Lonely Wind City? Help me take a look, are there a large number of NPCs evacuating from Lonely Wind City?"

Lin Tianhao's location was the north gate. He didn't see the NPCs of Lonely Wind City retreat, which meant that it could only be the south gate.

Because from his position, if a large number of NPCs retreated from the east gate and west gate, he would have been able to see them.

"No NPCs are retreating."

Mad War Blades quickly responded.

In fact, his people had come over when they saw Lin Tianhao heading to Lonely Wind City.

According to his previous habits, there might be some kind of bounty mission.

First come, first served, right?

The corners of Lin Tianhao's mouth rose, and a faint smile appeared on his face.

"As expected, there's a trap!"

Fatty immediately asked: "What's going on?"

Lin Tianhao smiled, "I just asked Mad War Blades. No NPCs are retreating from Lonely Wind City, which means they are all in Lonely Wind City, waiting for us to go in."

"Then... catching a turtle in a jar!"

Monkey couldn't help but curse: "These NPCs are really smart. I often find that the wisdom of NPCs is not like a program developed by artificial intelligence at all, but more like a living person with the ability to think and have emotions!!"

Lin Tianhao glanced at Monkey meaningfully and said: "Your feeling is right. Gods' Twilight cannot be simply measured by a game."

"So, try to become stronger in Gods' Twilight as much as possible."

Monkey and Fatty both nodded. Fatty smiled from the side: "I also think that Gods' Twilight is like a fantasy world. If many things weren't data-driven, I would have thought this was a real world."

Lin Tianhao waved his hand, "Let's go, let's enter Lonely Wind City."

Chapter 176 - The violent little bear who can't walk out of the resurrection altar!

The fatty was a little surprised, "Brother Hao is mighty, knowing there's a trap and still going in."

"Hehe, maybe it's not a trap, but an explosion," Lin Tianhao said with a smile.

"An explosion?"

"The explosion of a bomb, be careful, try to maintain your elegance when you get blown away later."

Lin Tianhao joked.

Then he led the fatty and the monkey to the city gate of Gu Feng City.

Without approaching immediately, Lin Tianhao used a feather arrow to destroy the city gate.

After the city gate was opened, every household had their doors tightly closed, as if it really was a city that had been breached.

Just at this moment.

A player wearing... a complete set of newbie equipment appeared in front of Lin Tianhao.

He pointed his newbie staff at Lin Tianhao and said:

"Snow Emperor, no need to play tricks in front of me."

He spoke very domineeringly.

"I, Violent Little Bear, challenge you by name, do you dare to fight?"

Lin Tianhao raised his eyebrows. He was just a little surprised, how could a player challenge him without a bounty.

It turned out to be a streamer.

Violent Little Bear.

A streamer who likes to leech off popularity, wanting to leech off everyone's popularity.

Actually.

His strength is not bad, but it is this behavior of courting death and leeching off popularity everywhere that keeps his level not high.

"Leeching off my popularity?"

Lin Tianhao smiled noncommittally, then took out the Book of Life and Death and directly wrote Violent Little Bear's name on it.

Then...

Violent Little Bear died on the spot.

Wearing a full set of newbie equipment, he anticipated that he would die, so he dressed like this.

But Lin Tianhao didn't care about dropping his equipment.

This guy challenged him by name, so he would let him know what consequences he would have to bear for challenging him by name.

His popularity is not something anyone can leech off of.

Violent Little Bear was killed and was still talking to the viewers in the live broadcast room while in the resurrection state.

"As expected of the Snow Emperor, this strength, I am convinced."

A group of viewers also mocked him.

"Does the Snow Emperor need you to be convinced? Do you have the power to resist in front of the Snow Emperor?"

"Speaking of which, the streamer is really unscrupulous for popularity, aren't you afraid of being killed back to level one by the Snow Emperor?"

...

Violent Little Bear grinned, "As far as I know, the Snow Emperor is not the kind of person who holds grudges, he will feel relieved after killing me once."

After saying this, Violent Little Bear had already entered the resurrection countdown.

"Old irons, who do you think it's good to leech off next?"

The viewers in the live broadcast room were just about to make a fuss, and then they saw Violent Little Bear, who had just been resurrected, die again.

Violent Little Bear:???

Violent Little Bear: What's going on? Why did I die again? I looked at the kill log, it was the Snow Emperor who killed me, but I'm at the resurrection altar in Tianxing City, he's in Gu Feng City, how did he kill me?

Seeing Violent Little Bear die again as soon as he was resurrected, his live broadcast room became even more lively.

"Hehe, Brother Bear, you provoked the wrong person, you provoked the Snow Emperor, you're dumbfounded now."

"Speaking of which, do you know how it was done? Gu Feng City is still some distance away from Tianxing City, no matter how powerful the Snow Emperor is, it's impossible to shoot an arrow from Gu Feng City to Tianxing City, right?"

"Is there a possibility that it's a continuous health drain skill? For example, the mage's burning passive can continuously drain health for fifteen seconds, and the Snow Emperor's continuous health drain may last longer than burning, a minute, or even two minutes."

Many people were convinced by this player's analysis.

Although continuous health drain skills are relatively rare, even if it's not 10%, at least about 3% of mages have this type of skill.

Lin Tianhao is now the number one player in Twilight of the Gods, at least in the Star-Moon Kingdom, Lin Tianhao is the number one player.

As for other servers, it can only be said that it's not that Lin Tianhao is not powerful, it's just that the players on other servers are stubborn.

Even if Lin Tianhao's record of capturing the main city is passed on, they still think that some players on their server are more powerful than Lin Tianhao.

Of course.

This does not affect the judgment of the players in the Dragon Kingdom server.

They don't care if Lin Tianhao has a powerful lock-on skill that continuously drains health for one minute, or even five minutes.

But their guesses are not entirely correct.

Lin Tianhao's Book of Life and Death can indeed lock on to continuously drain health, but it's not one minute, nor is it five minutes.

But... Lin Tianhao can remotely lock on indefinitely until the opponent is completely dead.

When locking on to King Abel, he had high health, high health regeneration, and the palace altar to regenerate health.

Lin Tianhao's Book of Life and Death could only cause him a little trouble, but that was just a little trouble.

As long as he doesn't leave the palace, this continuous health drain is useless to him, which is why Lin Tianhao couldn't kill him with the Book of Life and Death before.

Next...

A very magical scene appeared. As soon as Violent Little Bear resurrected, he would die immediately.

He also quickly dropped from level twenty-one to level one.

The key is that even after dropping to level one, he still couldn't get out of the resurrection altar.

As soon as he resurrected, he would fall immediately.

"Ahhh!"

"What the hell is going on? I can't take it anymore, what kind of godly skill is this from the Snow Emperor."

Violent Little Bear's scalp was numb.

Fifteen minutes!

Resurrect and die, resurrect and die, without even having the chance to walk out of the resurrection altar.

Seeing Violent Little Bear collapse like this, the people in his live broadcast room became excited, and there were more and more people.

"I'm relieved to see the streamer like this now."

"You've finally kicked a steel plate, not everyone's popularity can be leeched off of, but speaking of which, is the Snow Emperor's continuous health drain skill a bit perverted, it's been fifteen minutes."

"Squatting, squatting, blindly guessing that the streamer will die for another forty-five minutes, it's not too much for the Snow Emperor's continuous health drain skill to last for an hour, right?"

...

They were constantly discussing.

And at this time, the instigator, Lin Tianhao, was fighting wits and courage with Gu Feng Nalin.

Inside Gu Feng City, it was full of devastation!

If those players saw it, they would be greatly shocked, is this still the main city from before?

It would not be an exaggeration to say that this is a war-torn city that has been bombarded.

"Boom!"

Another loud noise, the floor under Lin Tianhao's feet was blown open, and Lin Tianhao was also blown up and flew up.

After rotating three hundred and sixty degrees in the air, he landed.

-35800.

A huge damage number appeared, this damage is quite terrifying, it took away about 0.4% of Lin Tianhao's health!!

"It's a landmine again."

Lin Tianhao frowned. Not long after he entered Gu Feng City, the monkey was sent away.

He died very aggrievedly.

He didn't even see anyone, he was blown to death.

"Brother Hao, what should we do? There are bombs everywhere."

Zhou Xiaopang is thick-skinned, but his health bar is only half left.

Lin Tianhao is even more miserable, only one-third left.

Chapter 177 - The Butterfly Effect: Signs of the God of the Dead's revival!

Lin Tianhao didn't have any resistance; the fact that he had a third of his health left was entirely due to his quick reaction speed.

However.

This feeling still made Lin Tianhao very upset.

This battle of attrition was really giving him goosebumps.

He hadn't even seen the enemy, and he was already about to be blown to smithereens.

Thinking this, Lin Tianhao erased Violent Little Bear's name from the Book of Life and Death and wrote down Gu Feng Nalin, the City Lord of Gu Feng City.

Tianxing City.

Revival Altar.

Violent Little Bear was already feeling hopeless, and looking at his revival countdown, he couldn't wait any longer.

This was too miserable.

“Hahaha, Violent Little Bear is really something, he hasn’t even left the altar yet.”

“Hehe, it looks like Violent Little Bear will have some difficulty leaving the altar today.”

“He even dared to provoke Boss Xue Di, this is what they mean by, ‘Heaven's sins can be forgiven, but self-inflicted sins cannot be escaped.’”

... ..

Many people were teasing Violent Little Bear in his livestream.

But as long as there were people watching, there was popularity.

As the saying goes, even haters are fans, and if he ended the broadcast now, he would have died for nothing.

After reviving.

Violent Little Bear thought that he would definitely be instantly killed like before.

But this time.

Something very surprising happened to him.

He didn't die.

“Hahaha, I didn’t die, I didn’t die, look, I didn’t die, hahaha!!”

Violent Little Bear was so excited that he danced around and even grabbed a player who had just revived and started dancing with him.

“Hahaha, look, look, I didn’t die!”

Violent Little Bear was like a madman, scaring the player into running away.

The livestream was also filled with question marks and exclamation points.

“Is it over? It's just fifteen minutes of continuous health loss, I thought Xue Di's continuous health loss skill would last at least thirty minutes.”

“What are you thinking? Is fifteen minutes weak? A normal burning skill only lasts about fifteen seconds.”

“It’s indeed perverted, dying thirty times after being killed once is equivalent to losing thirty levels. To put it bluntly, the streamer was level twenty-one before, so he still owes Boss Xue Di nine levels.”

... ..

Violent Little Bear's livestream became somewhat lively.

And Lin Tianhao didn't care about these things.

As for his Book of Life and Death lasting fifteen minutes?

Hehe!

It was just that he needed it now, otherwise Lin Tianhao could keep that Violent Little Bear from leaving the revival altar for five years.

In Gu Feng City.

Gu Feng Nalin was originally very happy.

Because Xue Di's health was only one-third left, and after being blown away dozens more times, Xue Di might be killed by him.

To be honest.

She was a little excited.

Xue Di, who hadn't been dealt with by cities such as Blackwind City, Ice Snow City, and Fuling City, was going to be killed by her today, how could she not be excited.

"Hehe, Xue Di, is nothing more than this!"

Gu Feng Nalin's expression changed as soon as she said this, because her health bar suddenly dropped by more than 90,000.

"Who?!"

Gu Feng Nalin looked around in disbelief.

The old servant in green beside her shook his head, "Miss, no one is attacking you nearby."

Gu Feng Nalin's eyes changed, "Head-locking curse?"

Looking at the damage numbers constantly appearing above her head, Gu Feng Nalin's face was very ugly.

This damage was also extremely high for her.

As the city lord of the main city, she had always been planning strategies and had broken through the limits of the second rank and reached the level of an ordinary third rank cultivator.

Her health had long exceeded 50 million.

But Lin Tianhao's current damage value was far more outrageous than she thought.

More than 90,000 per second, which was more than 5 million per minute.

She would fall in just ten minutes.

If she wanted to live.

She could only enter the revival altar of Gu Feng City and use the health recovery effect of the revival altar of Gu Feng City to help her withstand the damage.

But.

She looked over.

And just happened to see a person at the entrance of the revival altar.

It was none other than the black-robed archer Xue Di, and there was a warrior following him.

“Miss, we must go to the revival altar, otherwise, with your current health and health recovery ability, you will definitely die in at most two hundred seconds.”

Gu Feng Nalin bit her lip, “What's the use even if I go out?”

“You and I are both clear about Xue Di's damage, neither of us can withstand his damage.”

The old servant in green's face was a little gloomy, “If we don't go out, we will die, if we go out, we will also die, only by going out can we have a chance.”

Gu Feng Nalin took a deep breath, and a faint smile appeared on her face.

“Since Xue Di wants to fight head-on, then let him have his wish.”

Hearing this.

The old servant in green seemed to have thought of something and said in shock:

“Miss, are you planning to expose your undead attributes now?”

Gu Feng Nalin nodded heavily and said: “If we don't expose our undead attributes now, we really won't have any chance at all.”

As soon as she finished speaking.

Gu Feng Nalin turned into a streak of afterimages and rushed towards Lin Tianhao.

The old servant in green followed closely behind, his body turned into a stream of light and rushed towards Lin Tianhao.

“Here it comes.”

Lin Tianhao's mouth turned up, and he immediately prepared to get up and fight.

But before he could get up, his expression changed, and the Netherworld Longbow in his hand instantly switched to the God-Slaying Whip.

The God-Slaying Whip swept towards his back.

“Boom!!”

A loud noise.

The God-Slaying Whip hit a giant skeleton man behind him.

Cracks were beaten into the bones of the giant skeleton man.

“Is his attack so fierce?”

Gu Feng Nalin was taken aback, she knew that Lin Tianhao was very fierce, but she didn't expect Lin Tianhao to be so fierce.

She was very clear about the defense of that giant skeleton man, but it actually only took one attack from Lin Tianhao for such huge damage to appear.

Gu Feng Nalin was very surprised, and Lin Tianhao was equally surprised.

Because this guy has no health points!!

Puppet?

Or... special equipment?

Lin Tianhao was not very clear, but the attribute of this thing was undead attribute, Lin Tianhao clearly felt it.

"I met an Abid Archmage before who was exposed to the undead attribute, and this time the City Lord of Gu Feng City also has the power of the undead attribute."

Lin Tianhao became more and more certain that there was an undead god in the Starry Kingdom.

Moreover, this undead god is reviving.

Only in this way can it be explained why it is so easy to come into contact with the undead god in the high-level.

But.

In his previous life, Lin Tianhao didn't know about the news of the undead god in the Starry Kingdom.

What link led to the revival of the undead god?

It didn't appear in the previous life, but it appeared this time, which can only mean that it was the butterfly effect caused by his rebirth!!

Chapter 178 - Kill Gufeng Nalin!

However.

To be able to revive a God of the Undead, that's not something a small butterfly effect could achieve.

Who has the ability to create such a massive butterfly effect?

He certainly doesn't!

His first contact with the undead attribute was when Grand Magister Abid sacrificed his life and soul.

Lin Tianhao's first thought was of Fatty and Monkey.

Both of them are very powerful, and both have become powerful with his help.

However, Lin Tianhao doesn't have much time to think about this now, because Qingyi Old Servant and Gu Feng Nalin have already attacked.

Lin Tianhao used Instant Kill, attacking Gu Feng Nalin.

Gu Feng Nalin is now locked by his Book of Life and Death, so killing Gu Feng Nalin first is the best choice.

“Bang!!!!”

Lin Tianhao's God Striking Whip slammed onto Gu Feng Nalin's shield, causing a series of cracks to appear on Gu Feng Nalin's shield.

“Bang!!!!”

“Bang!!!!”

Lin Tianhao's attack speed was so fast that he shattered Gu Feng Nalin's shield in an instant.

Gu Feng Nalin's expression changed drastically, and an unbelievable look appeared on her face.

She thought she had already thought of Lin Tianhao as very powerful, but she didn't expect Lin Tianhao's strength to exceed her imagination.

“Bang!!!!”

Another God Striking Whip fell, dealing a critical hit, and nearly a million damage points appeared above Gu Feng Nalin's head.

“Get out of the way!!”

Qingyi Old Servant rushed up, wanting to block Lin Tianhao's attack.

Unfortunately.

His idea was a bit naive.

Under Lin Tianhao's God Striking Whip, apart from indestructible equipment, other equipment was not worth mentioning.

“Bang!!!!”

Lin Tianhao easily smashed the long sword in Qingyi Old Servant's hand into pieces.

“Damn it, what's going on with this guy? Why is he so outrageous?!!”

Qingyi Old Servant really felt his scalp tingling. He really couldn't imagine that adventurers at this stage could really be so powerful?

After Lin Tianhao forced Qingyi Old Servant back, he rushed towards Gu Feng Nalin.

Gu Feng Nalin's expression changed, and a solemn look appeared on his face as his figure turned into a blur.

In an instant.

Gu Feng Nalin had already appeared in the revival altar.

Obviously.

Gu Feng Nalin also realized that her health couldn't withstand Lin Tianhao's damage.

She had just taken a critical hit from Lin Tianhao, and lost another million health points.

Making her ten seconds closer to death.

Seeing Gu Feng Nalin rushing into the revival altar, a playful smile appeared on Lin Tianhao's face.

“Hehe, this time, it's your turn to take off, Gu Feng Nalin, please maintain your elegance.”

Lin Tianhao's voice had just fallen when Gu Feng Nalin's feet exploded instantly.

“Boom!!!!”

With a loud noise.

Gu Feng Nalin was blown away.

“Landmine!!”

Incredulous looks appeared on the faces of Gu Feng Nalin and Qingyi Old Servant.

Before, they were the ones who used landmines to blow up Lin Tianhao, but this time.

Gu Feng Nalin was actually blown away.

“Bombs are not the only thing you know how to play with!!”

Before Gu Feng Nalin, who was in the air, could fall, her body touched a steel wire, and two bouncing mines exploded at the same time.

“Boom boom!!!!”

Another loud noise came, and Gu Feng Nalin's body was blown further up.

The huge explosion also destroyed the revival altar. Gu Feng Nalin's idea of relying on the revival altar to recover health was destined to fail.

“Damn it!!”

Qingyi Old Servant's expression changed drastically, and he wanted to rescue Gu Feng Nalin.

Unfortunately.

He no longer had that opportunity.

Zhou Xiaopang, who had been watching the battle, joined the battle.

He taunted, controlling Qingyi Old Servant.

Then, he used Savage Charge, connecting the control.

Before the control ended, Fatty activated Berserk.

Lin Tianhao switched to the Netherworld Longbow, and the feathered arrows were fired frantically.

“Swish swish swish!!”

Feathered arrows poured out.

-499999.

-499999.

-999998.

.....

One after another, huge damage numbers appeared, and Gu Feng Nalin's health began to drop rapidly.

“Miss!!”

Qingyi Old Servant shouted in a low voice, and flames flickered in his eyes.

That was... Undead Fire!!

Lin Tianhao narrowed his eyes slightly.

He knew that Qingyi Old Servant was preparing to fight desperately.

Unfortunately.

He couldn't save Gu Feng Nalin.

Lin Tianhao's attack speed was so fast that he couldn't imagine it at all.

Tens of millions of damage in one second.

“Ding, you have killed the City Lord of Gu Feng City, Gu Feng Nalin. A server-wide announcement will be made. Do you want to hide your name?”

“Don't hide.”

“Server-wide announcement, congratulations to player Xue Di for successfully killing the City Lord of Gu Feng City, Gu Feng Nalin. This announcement is hereby made, and it is hoped that the majority of players will continue to work hard!!”

“Server-wide announcement, congratulations to player Xue Di for successfully killing the City Lord of Gu Feng City, Gu Feng Nalin. This announcement is hereby made, and it is hoped that the majority of players will continue to work hard!!”

.....

Gu Feng Nalin was killed.

Lin Tianhao breathed a slight sigh of relief. After all, killing one first would reduce some of the pressure on him.

Undead creatures must never be underestimated, otherwise, a huge price will be paid.

“Ah ah ah ah!!!”

Qingyi Old Servant roared repeatedly, “Xue Di, you deserve to die, you deserve to die!!”

Qingyi Old Servant's body turned into a stream of light, and he instantly killed Lin Tianhao nearby.

Lin Tianhao switched to the God Striking Whip.

Qingyi Old Servant's attack was very fierce under his rage.

In the blink of an eye, the overwhelming attacks enveloped Lin Tianhao.

Lin Tianhao held the God Striking Whip, defending impeccably.

Today, Qingyi Old Servant's ending was already doomed.

After Qingyi Old Servant's attack ended, Lin Tianhao shot without hesitation, killing Qingyi Old Servant with an even more ferocious and violent attack.

“Ding, you have killed Gu Feng Qingyi of Gu Feng City. A server-wide announcement will be made. Do you want to hide your name?”

“Don't hide!”

“Server-wide announcement, congratulations to player Xue Di for successfully killing the City Lord of Gu Feng City, Gu Feng Qingyi. This announcement is hereby made, and it is hoped that the majority of players will continue to work hard!!”

“Server-wide announcement, congratulations to player Xue Di for successfully killing the City Lord of Gu Feng City, Gu Feng Qingyi. This announcement is hereby made, and it is hoped that the majority of players will continue to work hard!!”

.....

Along with the server-wide announcement ringing out again.

Tianxing City.

In the palace.

Luo Lin Muye's expression was a bit gloomy, and he overturned his table with a slap.

“Damn it, this Gu Feng Nalin actually disobeyed the imperial decree. Isn't this wasting our forces?”

.....

In Gu Feng City.

Lin Tianhao breathed a slight sigh of relief, but at this moment, the bodies of Gu Feng Nalin and Qingyi Old Servant, who had already been killed, suddenly floated into the air.

A deathly gray beam of light descended from the sky, enveloping the bodies of Gu Feng Nalin and Qingyi Old Servant.

“Not good!!”

Chapter 179 - The sour feeling from the soul attack!

Lin Tianhao's pupils suddenly constricted, because he knew why Gu Fengnalin's blue-clad old servant had undergone such a transformation.

This is...

Divine Blessing!

Somewhat similar to the Blessings of the Gods.

But...

It's likely even more powerful than the Blessings of the Gods.

Because the power of Divine Blessing is very strong, extremely strong.

Especially since the God of the Undead is still in the Star Kingdom, which is equivalent to the descent of a local deity's power, the strength of such power is immeasurable.

“Boom!!”

With a loud crash, the heavens collapsed and the earth cracked.

In mid-air.

The originally deceased Gu Fengnalin slowly opened her eyes.

Those were eyes as black as ink, without a trace of luster, like black holes.

Upon seeing those eyes, Lin Tianhao couldn't help but frown.

Zhou Xiaopang leaned over, "Brother Hao, what's wrong with this woman? She looks a little off."

"Besides, we haven't even looted the corpse yet, what's going on with this resurrection?"

"What's going on?"

Lin Tianhao's mouth twitched slightly. He always felt that Fatty's words were a little... inappropriate.

"She has received the power infusion of the God of the Undead. Now, she... should be called the messenger of the God of the Undead, commonly known as: Divine Messenger!"

Gu Fengnalin's ink-black eyes stared at Lin Tianhao, the corners of her mouth raising in a bizarre arc.

"To even know about Divine Messengers, you do indeed know a thing or two. To be able to die at the hands of the messenger of the great God of the Undead is your honor!"

As soon as the words fell.

Gu Fengnalin raised her hand and whispered: "Soul Imprisonment!"

Lin Tianhao only felt his body tighten, unable to move.

The Purification Jade Pendant reduces control effects by ninety percent, but Lin Tianhao still felt the terror of this imprisonment force.

After Lin Tianhao was imprisoned, Gu Fengnalin reached out, and a grayish-white energy palm appeared on Lin Tianhao's chest, instantly piercing through.

-198547!!

A huge and terrifying damage number appeared above Lin Tianhao's head.

Just as this damage number appeared, Gu Fengnalin had already raised her other hand.

A grayish-white energy palm still appeared, passing through Lin Tianhao's body.

-198656!!

Another huge damage number appeared.

“Soul Tear!!”

Gu Fengnalin tore her two hands to the sides, and Lin Tianhao only felt a heart-wrenching pain, as if his soul was really being torn apart.

-596858!!

Above Lin Tianhao's head, a huge damage number appeared again.

After this set of attacks, Lin Tianhao lost more than 600,000 health points.

And Lin Tianhao hadn't even broken free from Soul Imprisonment yet.

“Soul Stripping!”

Gu Fengnalin raised her hand again, and a grayish-white glow appeared in her palm.

That glow instantly struck Lin Tianhao's brow.

Again, that agonizing pain.

The damage acting on the soul is truly outrageous.

Even Lin Tianhao, who has a very strong tolerance, gasped in pain.

“Black Bear Elbow Strike!”

Zhou Xiaopang didn't stand idly by.

He had already attacked when Lin Tianhao was imprisoned.

It's just that his speed was too slow compared to Gu Fengnalin.

He only rushed in front of Gu Fengnalin when her second skill acted on Lin Tianhao.

However.

This is not too late.

After Lin Tianhao broke free from the control of Soul Imprisonment, the feather arrows in his hand were unhesitatingly released.

“Swish swish swish!!”

Feather arrows shrouded Gu Fengnalin.

Nine bone shields appeared around Gu Fengnalin, these nine bone shields constantly rotating around Gu Fengnalin, constantly resisting Lin Tianhao's attacks.

“Soul Wail!”

Just as Lin Tianhao attacked Gu Fengnalin, the blue-clad old servant's attack followed closely.

Lin Tianhao narrowed his eyes slightly, both of them simultaneously receiving the power infusion of the God of the Undead.

This is a little abnormal.

The resurrection of the God of the Undead should be a recent event.

Neither Gu Fengnalin nor the blue-clad old servant are likely to be ultimate believers of the God of the Undead.

But they actually simultaneously received the power infusion of the God of the Undead, why?

Do they both have some unspeakable secret?

Or perhaps...

The God of the Undead is targeting him!!

Of course.

Lin Tianhao is more inclined to believe that Gu Fengnalin and the blue-clad old servant have a secret, which is why the God of the Undead is helping them so unreservedly.

But this is no longer important.

Receiving the power infusion of a god is not quite the same as ordinary Blessings of the Gods.

Especially since Gu Fengnalín and the blue-clad old servant are not players, but boss-level figures.

If he can kill them, he will definitely have unexpected gains.

According to what Lin Tianhao knew in his previous life, based on the current state of Gu Fengnalín and the blue-clad old servant.

If he can kill them, at least special equipment or props will drop, and even Divine Blessings are not impossible.

Thinking of this.

Lin Tianhao used Xuanbing Wings to create distance.

At the same time, a bottle of Greater Red Potion went down.

This is the first time Lin Tianhao has consumed a health recovery potion in battle.

There are too many lock-on skills with undead attributes.

It's almost impossible to rely on positioning to dodge.

“Divine Blessing, Undying True Body!”

The blue-clad old servant's ink-black eyes carried a hint of mockery.

He rushed towards Lin Tianhao.

“Xue Di, today, you will surely die. With the blessing of the Undying True Body, I can maintain absolute immortality for half an hour!”

Hearing this.

Lin Tianhao was a little surprised.

“Really? That's great!”

He fired five arrows simultaneously, more than two hundred arrows per second.

He could stack more than six hundred health points per second. That's more than 30,000 per minute, and more than 300,000 in ten minutes.

This blue-clad old servant can maintain immortality for thirty minutes, so the health points he can stack on the blue-clad old servant can break through one million.

Awesome!

This blue-clad old servant is simply a good person.

“Damn, what kind of attack is this, why is it so painful!!”

Zhou Xiaopang took a skill from Gu Fengnalin, causing his body to tremble in pain.

“Damn it, I've already turned the pain sensitivity down to ten percent, how can it still be so painful.”

Lin Tianhao smiled. Of course it hurts, after all, this is an attack acting on the soul.

“Swish swish swish!!”

Although Lin Tianhao paid attention to Zhou Xiaopang, the movements in his hands did not stop.

The high damage and terrifying lifesteal ability allowed Lin Tianhao's health bar to quickly refill.

“Xue Di, are you still human?”

Seeing Lin Tianhao's health bar refill, the blue-clad old servant's eyes widened, and some cracks even appeared in his ink-black eyes.

Lin Tianhao's mouth rose, revealing a shallow smile.

“I am human, but you are not, an undead monster who has sold his soul and body!!”

Chapter 180 - What is the God of the Dead?

Lin Tianhao had no intention of arguing with the old servant in green.

He said this purely to provoke the old servant in green.

After all, if the old servant in green ran away with his Undying True Body, it would indeed be a bit troublesome for him.

It would be a pity not to make good use of such a good monster for stacking health points.

Moreover, because he had received the power of the God of the Undead, he would definitely get special equipment or items if he killed them.

Lin Tianhao didn't want to waste this multi-beneficial opportunity.

Therefore,

the old servant in green was enraged by Lin Tianhao and rushed towards Lin Tianhao with a ferocious look.

"Undead Howl!!!"

A range skill instantly landed on Lin Tianhao and Zhou Xiaopang.

-108598!!

-69850!!

Two damage numbers appeared.

Lin Tianhao felt his scalp tingle.

He was taking more than 40,000 more damage than Zhou Xiaopang, which was not a small amount.

This was the difference in dual resistance.

Moreover, after changing jobs to become a warrior, one could generally learn damage reduction skills.

Of course, the damage reduction skills of ordinary professions were usually trash.

Truly powerful damage reduction skills could even reduce damage by 80%.

As for why Lin Tianhao knew, it was because there was a guy in his previous life who had such a damage reduction skill.

He had the talent of dual increase and decrease, increasing damage while reducing damage taken.

Lin Tianhao didn't know exactly how he upgraded his stars, but Lin Tianhao did know that after that guy's talent was maxed out, he would have 80% damage reduction and 80% damage increase.

This was terrifying.

He should have taken 100,000 damage, but he only took 20,000.

He should have dealt 100,000 damage, but he could deal 180,000 damage, which was quite brutal.

Moreover,

because his damage reduction was a special damage reduction, not a dual resistance damage reduction, even true damage, critical hits, burning, and other damage could all be reduced.

These thoughts flashed through Lin Tianhao's mind, but they did not affect his combat frequency.

Lin Tianhao attacked, and feather arrows constantly pierced through the air.

This little damage was not enough to kill him.

"Death Fate: Soul Shatter!"

While Lin Tianhao was fighting against the old servant in green, Gu Feng Nalin's attack arrived again.

"Guardian's Shield!"

Zhou Xiaopang was quick-witted and came to Lin Tianhao's side in the blink of an eye.

A huge shield phantom appeared on the shield in his hand, trying to block Gu Feng Nalin's attack.

Gu Feng Nalin sneered disdainfully, "How can a mere Guardian's Shield block my attack."

"Boom!!"

Gu Feng Nalin's attack landed on the Guardian's Shield.

The next moment.

She was dumbfounded.

Only a trace of cracks appeared on Zhou Xiaopang's huge energy shield.

That was all!

"Sure enough, it's fierce. I've encountered a level 50 silver BOSS, and it couldn't leave a trace on my Guardian's Shield."

Zhou Xiaopang was a little surprised.

But Gu Feng Nalin was even more surprised.

"How is it possible? After taking such a strong blow from me, only cracks appeared on your shield."

Gu Feng Nalin felt unbelievable, but she didn't think much about it. In the next moment after being blocked by Zhou Xiaopang's attack, she had already used a new skill.

"Three Souls: Overlapping Rift!!"

"Boom!!"

As soon as Gu Feng Nalin's new skill was used, Zhou Xiaopang's Guardian's Shield shattered.

Zhou Xiaopang also took more than 80,000 damage.

"Terrifying!"

Zhou Xiaopang gasped, but he still stood in front of Lin Tianhao.

"Hmph, even if your defense is high, you are still vulnerable in front of the envoy of the gods."

Gu Feng Nalin snorted coldly. She raised her hand, and the shield in her hand instantly flew towards Zhou Xiaopang.

Lin Tianhao narrowed his eyes slightly. This attack was extraordinary.

Zhou Xiaopang was not afraid at all. The shield in his hand instantly switched to a novice shield and collided with the shield that Gu Feng Nalin flew over.

This time.

Even with Zhou Xiaopang's defense, he lost more than 100,000 health points.

Not only that.

The powerful impact force wrapped in Gu Feng Nalin's shield knocked Zhou Xiaopang away.

While Zhou Xiaopang was still in the air, the old servant in green's bone sword had already reached Lin Tianhao.

Their purpose.

Still wanted to kill Lin Tianhao.

It's a pity.

They underestimated Lin Tianhao too much.

Lin Tianhao switched to the God-Slaying Whip and instantly collided with the old servant in green's bone sword.

"Bang!!"

With a soft sound.

Cracks appeared in the bone sword in the old servant in green's hand, making his expression more and more gloomy.

"Undead Curse!"

Although Lin Tianhao forced back the old servant in green with one blow, Gu Feng Nalin's new skill had already landed on Lin Tianhao.

-19659!!

-19659!!

.....

Lin Tianhao began to lose health continuously, this lock-on curse skill.

It was somewhat similar to the Book of Life and Death, but that was it.

"Since you want to play continuous health loss, then let's play together."

Lin Tianhao retreated, then took out the Book of Life and Death, preparing to write down Gu Feng Nalin's name.

"Now is the time!!"

Gu Feng Nalin and the old servant in green seemed to have been prepared for a long time.

After Lin Tianhao took out the Book of Life and Death, two gray-white chains flew out of their hands at the same time.

"Soul Chain!!"

Two soul chains were wrapped around the Book of Life and Death in Lin Tianhao's hand at the same time.

Lin Tianhao narrowed his eyes slightly, with a faint smile on his face.

"Xue Di, this is the item you gave me to continuously lose health, right? Now, it's mine."

A ferocious smile appeared on Gu Feng Nalin's face, as if she was excited to be able to snatch Lin Tianhao's powerful item.

Gu Feng Nalin and the old servant in green exerted force at the same time, trying to take away the Book of Life and Death in Lin Tianhao's hand.

"Crack, crack!!"

As soon as they began to exert force, cracks began to appear in the gray-white chains in their hands.

Finally, it shattered with a bang.

"How is it possible?!!"

Incredible expressions appeared on the faces of Gu Feng Nalin and the old servant in green.

"This soul chain is a special equipment bestowed by the great God of the Undead, how could it be broken like this."

Lin Tianhao smiled noncommittally.

The special equipment of the God of the Undead is amazing?

Trash!!

Moreover.

His Book of Life and Death is a God-given equipment, how can ordinary special equipment be compared?

What's more, the Book of Life and Death is a God-given equipment bestowed by the Houtu Goddess. What is the God of the Undead? How dare he come to touch porcelain?

Although the God of the Undead is also a god, the difference between him and the Houtu Goddess is not a star and a half.

A faint smile appeared on Lin Tianhao's face, "If this is all you've got, then the battle can be over."

As soon as the words fell.

Lin Tianhao rushed up with the God-Slaying Whip in hand.

Not far away.

A shadow rushed over, and this person was none other than the resurrected Monkey.

"Brother Hao, I'll assist you, let's kill these two guys!"
