Chapter 191 - Kill the God of the Dead!

Lin Tianhao's lips curled up in a faint smile, "Can't sit still anymore?"

The God of Undead was somewhat ashamed and angry, but seeing his health continuing to decline, he ultimately suppressed the anger in his heart.

"Snow Emperor, I didn't lie to you. What do you want? Money, power, or special treasures, I have them all here."

"Five God-given equipment pieces, ten Divine-grade Talent Awakening Stones, twenty Talent Evolution Flowers, fifty special equipment pieces, and ten thousand free attribute points. I only want this much, isn't it too much?"

God of Undead: ? ? ?

Too much?

How do you have the nerve to say such a thing?

He's not a Supreme God, not even a God-King. Five God-given equipment pieces is already shameless.

As for the rest, only the free attribute points are somewhat reliable, but in his current state, taking out a thousand free attribute points wouldn't be a big problem, but ten thousand? Is he really being treated like an ATM?

"No problem."

Although the God of Undead cursed Lin Tianhao's ancestors for eighteen generations, he agreed readily.

"Then give them to me," Lin Tianhao said.

The God of Undead hesitated, "There's only one God-given equipment piece currently, the Divine-grade Talent Awakening Stones are gone, given to Potala Heavenly Dragon. Three Talent Evolution Flowers, two special equipment pieces, and one thousand free attribute points. I'm not lying to you, this is really all I can offer right now."

"How about I compensate you for the rest later?"

Lin Tianhao rolled his eyes, "Only this much? How dare you call yourself a god? I feel like the king of the Star Kingdom is richer than you."

The God of Undead was despised again, but what could he do? He could only suppress the anger in his heart.

"Snow Emperor, I only just revived, the power I can wield is minimal, so the things I can offer are naturally few."

"But rest assured, I am a god, my word is my bond. As long as you let me go this time, I will definitely give you all these things in the future."

Lin Tianhao picked his ear. Why did the God of Undead's words sound somewhat familiar?

"How about this, you give me the things you just mentioned first, and the rest later," Lin Tianhao said.

The God of Undead was secretly delighted. Sure enough, humans are really foolish, actually believing his words.

Who says gods can't lie?

Anyway, he, the God of Undead, hadn't received any such rule.

"Ding, you have received a gift from the God of Undead."

"Ding, you have obtained equipment +3."

"Ding, you have obtained Talent Evolution Flower +3."

"Ding, you have obtained free attribute points +1000."

A satisfied smile appeared on Lin Tianhao's face. One God-given equipment piece, two special equipment pieces, three Talent Evolution Flowers, and one thousand free attribute points.

Not bad, not bad.

The God of Undead was probably sealed for too long, his brain was fried, actually giving him so many benefits so easily.

"Snow Emperor, I've given you the things, shouldn't you stop your attack?"

The God of Undead asked softly.

Lin Tianhao looked blank, "Haven't you given everything yet?"

"What do you mean not given everything? I've given you everything. You need to stop attacking so I can recover and give you the other rewards later."

The God of Undead roared in exasperation, "What good will killing me do you? The things I give aren't cheap."

"God of Undead, I didn't play you. I gave you the conditions, and you agreed. It's your fault for not giving everything, why blame me?"

Lin Tianhao looked innocent, as if he wasn't the one at fault.

"Ahhh!!"

"Snow Emperor, you forced me to do this. Even if I have to slumber for another ten thousand years, I will make you pay the price."

The God of Undead was truly enraged, being played by an adventurer like this made him completely unbearable.

"Undead Heart, hidden deep within the source, heed my call, bring your greatest malice, and curse Snow Emperor, this villain who deserves to die a thousand times, let him suffer the greatest pain in this world."

"Using the Heart of Origin to curse me?"

Lin Tianhao's expression changed slightly. A curse from a god using the Heart of Origin was definitely not simple.

A gray-white beam of light descended from the sky, with a hint of divine blessing.

But Lin Tianhao knew that things were definitely not simple.

"Ding, you have been cursed by the God of Undead. Before the ninth reincarnation, the damage you take will be increased tenfold."

Lin Tianhao's pupils suddenly shrank. The God of Undead was really stirring up trouble.

Before he could think more, Lin Tianhao heard the notification sound in his mind again.

"Ding, you have killed the God of Undead. A server-wide announcement is about to be made. Do you want to hide your name?"

"Hide."

"Server-wide announcement: Congratulations to player Hidden Nickname for killing the God of Undead. This announcement is hereby made, hoping that all players will continue to work hard."

... ..

"Ding, your guild has been upgraded to seven stars. All guild members receive mana +10000."

"Ding, your guild has been upgraded to eight stars. All guild members receive luck +1."

After killing the God of Undead, Lin Tianhao's guild leveled up two stars in a row.

Not only that,

Lin Tianhao's red name value was directly cleared. This was the benefit of killing a god.

"Investiture of the Gods, collect!!"

Lin Tianhao sacrificed the Investiture of the Gods, and a great power 荡漾 from within the Investiture of the Gods, carrying the Great Dao of Heaven and Earth, covering the God of Undead.

"Ahhh, what is this thing? I don't want to go in."

The soul of the God of Undead was struggling frantically, but it was useless.

The power of the Investiture of the Gods, even saints couldn't resist it, let alone a god who had already died.

Even if the God of Undead was unwilling, he still couldn't escape the fate of being included in the Investiture of the Gods.

In the Investiture of the Gods, there was finally the first god.

At the same time,

The Godslayer Mark fluctuated, obviously because Lin Tianhao had killed a new god.

Godslayer Mark: Divine-grade.

Effect 1: You will not be affected by divine power.

Effect 2: For every god you kill, you can plunder one of their powers.

[Currently killed gods: Ice and Snow Goddess (you are immune to ice and snow-based damage and negative effects), God of Undead (you can enslave the souls of the creatures you kill, lasting for thirty days, with a maximum number of one million)]

Compared to before, a new effect was added.

This effect is a bit fierce.

It was much stronger than the Undead Revival Scroll he had obtained before.

He could enslave the souls of those he killed, with a maximum number of one million.

In other words,

Lin Tianhao could quickly create an undead army of millions, and the stronger the creatures killed, the stronger their souls would naturally be.

Even if the soul's combat power was not as good as before, a million was still a qualitative change caused by quantitative change!!

"Awesome, I was still thinking it would be a bit troublesome to break through Tianxing City, but now... hehe, Tianxing City, are you ready to be baptized by the undead army?"

Chapter 192 - The first deity to be listed in the Investiture of the Gods!

Putting away his thoughts, Lin Tianhao began to check the rewards from this time.

The first reward, without a doubt, was the Undead God himself.

Lin Tianhao opened the God Conferring List and summoned the Undead God.

The Undead God with sixteen arms and sixteen legs appeared in front of Lin Tianhao, looking ridiculously funny.

"You... What did you do to me? Why do I have the urge to kneel down and worship you?"

The Undead God looked at Lin Tianhao in disbelief, he was very surprised that he had come back to life.

But seeing Lin Tianhao again, he actually felt that Lin Tianhao was so great that he couldn't help but want to kneel down and worship him.

"Wait."

The Undead God's face showed an unbelievable expression.

"I have recovered to my peak state, hahaha, I have actually recovered to my peak state, that's great."

"Snow Emperor, weren't you very arrogant just now? Now that I have recovered to my peak state, you shall die!!"

The Undead God wanted to attack Lin Tianhao, but a sense of guilt arose spontaneously.

It seemed that deep in his heart there was a voice telling him:

How can I attack the great Snow Emperor, I simply deserve to die.

Lin Tianhao was not worried about the Undead God attacking, because of the God Conferring List, Lin Tianhao was the master of the Undead God.

This was not a simple enslavement, but a direct binding from the depths of the soul.

"Kneel down!"

"Great Snow Emperor, I wonder if there is anything your humble servant Sadrin Gaimon can do for you?"

The Undead God knelt on the ground respectfully, waiting for Lin Tianhao's instructions.

Just now he still had some different ideas.

At this time, his different ideas had been completely extinguished.

All that remained in his heart was absolute faith in Lin Tianhao.

"Give me all the good things on you."

The Undead God also did not resist in the slightest, and handed over his sixteen main weapons, as well as his natal artifact.

Lin Tianhao picked up a complete spear.

Undead Spear: Demigod grade.

Equipping requirement: Undead demigod grade and above creatures.

Effect 1: HP + 30,000,000.

Effect 2: Undead means enhanced by 100%.

Effect 3: Mana + 1,000,000.

Effect 4: Attack power + 100,000.

Effect 5: Increase normal attack distance by 100%.

Effect 6: Lifesteal + 30%.

Effect 7: Attack speed + 10.

Effect 8: Critical hit + 100%.

Effect 9: Armor penetration + 45%.

Effect 10: Attacks have a 10% chance to tear the opponent's soul, causing continuous soul damage.

Wear resistance: Indestructible.

Lin Tianhao took a deep breath, this was actually a demigod-level equipment, an equipment that Lin Tianhao could not even touch in his previous life.

Afterwards, Lin Tianhao picked up a long knife with cracks on it.

The attributes were also very gorgeous, but the indestructible part had become... Wear resistance: 91.

"Was this long knife initially in an indestructible state?"

"Yes."

The Undead God answered very respectfully.

"However, under the attack of the Snow Emperor, its indestructible characteristic was defeated."

Lin Tianhao nodded, "So indestructible equipment is not safe, it will still be destroyed."

The Undead God said helplessly: "Not entirely, indestructible equipment generally has to encounter dimensionality reduction strikes to destroy its indestructible characteristic."

"My equipment is a demigod-level indestructible equipment, to destroy its indestructible characteristic, at least an indestructible pseudo-god-level equipment is needed to do it."

Lin Tianhao took a deep breath, he probably understood what the Undead God meant.

Indestructible is not absolute, among indestructible equipment, there are also high and low levels.

High-level indestructible equipment can destroy low-level indestructible equipment.

After figuring out these things, Lin Tianhao understood a little.

"Speaking of which, you really don't have any god-level talent awakening stones anymore?" Lin Tianhao asked.

He now needed god-level talent awakening stones very much.

When he first awakened his talent, that god-level talent awakening stone only awakened part of his talent.

From this point of view, if he obtained another god-level talent awakening stone, there was hope to further awaken his super god-level talent.

The Undead God pondered for a while, "I really don't have any here, but, besides giving Potala Heavenly Dragon one, there is another person, I also gave him a god-level talent awakening stone."

"Who?"

Lin Tianhao's expression became excited, if the god-level awakening stone had not been used, he could completely use it.

"His nickname is Physical True God."

Lin Tianhao's eyes lit up, because Physical True God was Glasses' nickname.

Lin Tianhao didn't even bother with the others, he directly went offline, and then used external equipment to call Glasses.

After a while, Glasses answered the phone.

"Brother Hao, what's wrong?"

Lin Tianhao didn't beat around the bush, and directly asked: "Glasses, do you have a god-level talent awakening stone?"

"Yes."

"Then have you used it?"

Lin Tianhao was a little nervous, if it had been used, then he would really be depressed.

"No, Fatty gave me a saint-level talent awakening stone, and it awakened my talent."

"Can you give it to me?"

Lin Tianhao still didn't beat around the bush.

"No problem, but I'm still in the ancient tomb, I can only trade it to you when I come out."

"Okay."

Hanging up the phone, Lin Tianhao clenched his fist excitedly.

After working hard for so long, it really came without any effort, the god-level talent awakening stone, he was finally going to get it.

Re-entering the game.

Lin Tianhao calmed down and glanced at the Undead God's natal artifact.

Those attributes were truly inhumanly extravagant.

Of course, Lin Tianhao couldn't use it at all, this was of no use to Lin Tianhao.

"What about other things? Like Divine Blessings? Like free attribute points?" Lin Tianhao asked.

The Undead God shook his head, "I don't know, there were some before, but after dying, my strength recovered to its peak, and those things that could be given to adventurers are gone."

Lin Tianhao frowned, this was somewhat similar to summoners.

In his previous life, someone had enslaved a wild mission NPC, after being enslaved, that mission NPC could no longer issue missions, let alone take out rewards.

The Undead God's current situation seemed to be like that.

Although it was a little imperfect, Lin Tianhao was still very happy.

The Undead God in his peak period, if he encountered other gods in the recovery stage, wouldn't that be a massacre?

After killing them, he could then include them in the God Conferring List, and the snowball would inevitably roll bigger and bigger.

After being excited, Lin Tianhao quickly calmed down.

Other people being powerful was ultimately just external force, just like the former King Abra of the Star Kingdom, his summons were strong, and the protectors around him were also strong, but didn't he still die in Lin Tianhao's hands?

To put it bluntly, it was because as the summoner's main body, King Abra was not particularly powerful.

Chapter 193 - Kunlun Mirror!

Therefore.

Lin Tianhao wouldn't become complacent just because he enslaved a god; his goal was to become so powerful that he was unmatched.

Now, his super-god-level talent had the potential to push him to such a height.

Next was to check the other rewards.

First was the God-given equipment.

Book of the Undead: God-given.

Equip Requirement: Exclusive to Snow Emperor.

Effect 1: Reduces soul-type damage and negative effects by fifty percent.

Effect 2: After you die, you will enter an invincible state, unaffected by any attacks, and can continue fighting for five minutes (Note: You will not be able to move in this state).

Durability: Indestructible.

(Note: Cannot be dropped, cannot be stolen, cannot be transferred).

Lin Tianhao's lips curled up; this thing was good.

Five minutes of invincibility, although you can't move, was enough.

Especially in unexpected situations, it could catch many people off guard?

As for the first effect, that was also quite outrageous.

Soul attacks could be considered quite powerful in the Twilight of the Gods.

Directly immune to fifty percent was very outrageous.

Lin Tianhao speculated that the reason it was only reducing fifty percent was largely because there was a God of Death above the God of the Undead.

But that didn't matter anymore. For Lin Tianhao, what the God of the Undead gave this time was already very good.

Next, there were two special equipment pieces.

Replacement Scepter of the God of the Undead: Special.

Equip Requirement: Undead Mage, Undead Summoner.

Effect 1: HP + 500,000.

Effect 2: Mana + 50,000.

Effect 3: Spell Power + 5000.

Effect 4: Spell Penetration + 20%.

Effect 5: Your Undead-type damage + 10%.

Effect 6: The monsters you kill will be resurrected as undead, obeying your commands (Note: These undead can only exist for three minutes).

Durability: 100.

Lin Tianhao frowned. This thing didn't seem to help him at all.

Undead Mage, Lin Tianhao thought briefly. He did recall a few awesome Undead Mages, but he wasn't very familiar with them.

After all, people like Su Li, who sacrificed themselves for others, had outstanding character, and such high popularity, were rare in the entire Twilight of the Gods.

Some were willing to sacrifice themselves for others, and some had good character, but their strength was lacking, their talent was lacking, and those wouldn't do either.

Lin Tianhao could only put away the Replacement Scepter of the God of the Undead first and see if there would be a chance to trade it away later.

The last special equipment piece.

Replacement Ring of the God of the Undead: Special.

Equip Requirement: Undead-type class.

Lin Tianhao spread his hands. No chance. Lin Tianhao didn't even bother to look at the attributes after that and just put it away.

This time, only the God-given equipment, the Book of the Undead, was good; the rest was trash.

In addition to that, Lin Tianhao also got three Flowers of Talent Evolution.

This was a huge gain.

After checking all the gains, Lin Tianhao left the ancient tomb.

Of course.

Before leaving, there was one more thing to do.

Lin Tianhao summoned the God of the Undead.

After the God of the Undead came out, he respectfully knelt down to Lin Tianhao.

“Great Snow Emperor, I wonder if your servant, Sadrin Gayue, has anything he can do for you?”

Lin Tianhao pointed to himself and said, “The curse you cast on me, shouldn't you undo it now?”

The God of the Undead was stunned for a moment. “Great Snow Emperor, that was a curse I launched by consuming the Heart of Origin in a last-ditch counterattack. To remove it would damage my current Heart of Origin.”

“What would happen if it damages your current Heart of Origin?” Lin Tianhao asked.

“I will enter an extremely weak state.”

Lin Tianhao couldn't help but roll his eyes. “If I hunt creatures for you and replenish your undead, you can recover quickly, right?”

“Yes, Snow Emperor.”

“Alright, then undo the curse for me.”

Lin Tianhao didn't have much need for the God of the Undead for the time being.

Moreover.

He was going to attack the Star Kingdom next, and many people would die by then. Rather than waste them, it would be better to use their undead to help the God of the Undead recover.

The God of the Undead raised his hand and plunged it into his chest, then grabbed a grayish-white heart and handed it to Lin Tianhao.

“The home of the undead, the beating heart, the guidance of arrival, the dissipation of power...”

The God of the Undead muttered continuously, and a heart similar to the one in his hand appeared above Lin Tianhao's head.

The power of the two hearts eroded each other, and finally dissipated at the same time.

Lin Tianhao's pupils shrank.

No wonder the God of the Undead said that removing his curse would put him in an extremely weak state; it turned out he needed to sacrifice his heart.

It was only because he was a god; if this were on someone else, they would probably already be dead.

“Go back and recuperate. I will be hunting many creatures next, so hurry up and recover.”

Lin Tianhao put the God of the Undead into the God Conferring List.

Then he came out of the ancient tomb.

Breathing the fresh air outside, Lin Tianhao only felt refreshed.

In the ancient tomb, it was somewhat depressing.

This trip that Potala Tianlong brought him on, his gains could be described as outrageous.

Finally.

There was the Scroll of Divine Blessing Pre-Quest given by Mad Blade.

When he met the God of the Undead, the task on the Scroll of Divine Blessing Pre-Quest was completed.

It was just that Lin Tianhao's red name value was too high at the time, so he didn't dare to use it, fearing that he would attract the blessing of the Empress Houtu again.

It wasn't that the blessing of the Empress Houtu was bad, but he now needed the blessings of ten Eastern gods, and he already had the blessing of the Empress Houtu.

“Use the blessings of the gods.”

“Ding, the gods are bestowing blessings upon you...”

“Ding, you have received the blessing of the Queen Mother of the West...”

“Ding, you have obtained the Kunlun Mirror.”

Kunlun Mirror: God-given.

Equip Requirement: Exclusive to Snow Emperor.

Effect: You can use the Kunlun Mirror to traverse space and go to any place you have been to.

Durability: Indestructible.

(Note: Cannot be dropped, cannot be stolen, cannot be transferred).

Seeing this effect, Lin Tianhao couldn't help but gasp.

This thing was a bit too awesome.

Being able to traverse space through the Kunlun Mirror, saving time on the road was a small matter; the most important thing was that it could be used to escape.

Although Lin Tianhao didn't seem to have any place he needed to escape to for the time being, having such a thing was still very awesome.

This time, getting the blessing of the Queen Mother of the West meant that Lin Tianhao had received the blessings of eight Eastern gods; he was only two Eastern gods' blessings away from completing the quest.

“Leona, since you forced Grand Marshal Lorraine Muye and Prime Minister Kesenluo to death, causing me to lose two Scrolls of Divine Blessing Pre-Quest, then I can only destroy your kingdom and earn back the Scrolls of Divine Blessing Pre-Quest.”

Lin Tianhao opened the Kunlun Mirror, took a step, and disappeared.

As expected of God-given equipment, it was awesome!

Chapter 194 - The Ice and Fire Wizard!

The footprints of the Snow Corpse!

Lin Tianhao came here again.

He came with no other thoughts, just simply wanting to stack his health points to ten million before leaving.

However.

When Lin Tianhao descended upon the Snow Corpse's footprints, he was somewhat surprised.

Because there was no longer any snow in the Snow Corpse's footprints, but rather lava fissures that could be seen everywhere.

Lin Tianhao continued forward, but the previous village had disappeared.

The Novice Village returning and disappearing was normal, but what exactly was going on here?

Lin Tianhao advanced all the way to the Mortal Palace.

However.

The Mortal Palace had been completely destroyed, and the statue of the Lord of the Mortal Palace was shattered into pieces, lying scattered on the ground.

What exactly happened in the Snow Corpse's footprints after he left?

Arriving at the place where he had killed the remnant soul of the Ice and Snow Goddess, Lin Tianhao's expression suddenly changed drastically.

Because the seal of the Ice and Snow Goddess had been destroyed, and beneath the seal, Lin Tianhao saw five crystal coffins.

In the first crystal coffin was a huge woman's head, the size of a millstone, and even through the crystal coffin, one could see that her appearance was extraordinary.

The second crystal coffin contained an arm, and the third was the same.

The fourth coffin, also the largest coffin in the center, contained the main body.

The fifth contained the right leg.

"I didn't expect that the Ice and Snow Goddess would actually be sealed here after being dismembered, truly miserable."

Lin Tianhao sighed, but it also confirmed the power of the gods, that even after being dismembered like this, and still under seal, they could still re-condense a remnant soul.

"No left leg?"

Lin Tianhao suddenly noticed a very interesting thing: the Ice and Snow Goddess had no left leg.

"Could it be that this Ice and Snow Goddess is a cripple?"

Lin Tianhao's expression was a little strange, of course, Lin Tianhao didn't really believe that the Ice and Snow Goddess was a cripple.

Moreover, the seal here had been destroyed, which meant that someone had been here.

And the Ice and Snow Goddess's left leg was probably taken away by someone.

Thinking of this.

A cold glint flashed in Lin Tianhao's eyes, someone was going to make trouble.

He didn't think that someone would go to the trouble of taking away a leg of the Ice and Snow Goddess just to satisfy some special fetish.

It was likely that they had ulterior motives.

What could a god's left leg be used for?

"Divine Might!!"

Lin Tianhao's pupils suddenly constricted, if someone, like him, could ignore Divine Might.

Holding a god's left leg filled with Divine Might, what would happen?

Lin Tianhao couldn't say about other places, but at least in the Starry Kingdom, that person could definitely walk sideways.

Under normal circumstances, only the king of the Starry Kingdom could take away this Snow Corpse's Footprints instance dungeon.

After all, not everyone had a God-given equipment like the Kunlun Mirror.

Moreover, the Kunlun Mirror was considered very awesome among God-given equipment.

The real Kunlun Mirror could travel through time and space, but the Kunlun Mirror that Lin Tianhao obtained had been weakened, and could only travel through space, but it was still very powerful.

Therefore.

It was almost certain that the one who took the Ice and Snow Goddess's left leg was the current king of the Starry Kingdom, Leona.

What would she do after taking the Ice and Snow Goddess's left leg?

Counterattack!!

Lin Tianhao seemed to be able to imagine it.

Using the Divine Might remaining in the Ice and Snow Goddess's left leg to suppress the strongholds in the Demon Cave, sweeping all the way through.

Opening the Kunlun Mirror, Lin Tianhao took a step and arrived outside Blackwind City!

"Boom boom boom!!"

As soon as he arrived here, Lin Tianhao saw countless ice cones bombarding Blackwind City like they were free.

The Nightwalkers in Blackwind City were affected by the Divine Might and could not put up effective resistance at all.

Lin Tianhao glanced over and saw Leona.

She held a staff in one hand and an iron chain in the other.

The iron chain extended out and was tied to a crystal coffin.

That crystal coffin was none other than the Ice and Snow Goddess's left leg.

"Swish swish swish!!"

Lin Tianhao didn't hesitate to attack, and arrows poured towards Leona's location.

Leona sensed something and raised her eyes to look at the location where Lin Tianhao was.

"Hmph, Snow Emperor, you've finally appeared."

Leona snorted coldly, and shields appeared one after another in front of her, constantly resisting Lin Tianhao's attacks.

One shield could block two of Lin Tianhao's arrows before shattering.

"The damage threshold of one shield is about one million."

Lin Tianhao muttered to himself, not caring, and continued to increase his output, trying to keep Leona pinned down here as much as possible.

But then Lin Tianhao was surprised again.

Because Leona's attack on Blackwind City did not stop.

"She can cope with me while also dividing her attention to deal with Blackwind City, how is this possible!!"

Lin Tianhao still knew a lot about the combat power of the Twilight of the Gods.

Even if Leona was a Platinum Grade Three-Turn Limit Great Mage, it was still impossible for her to deal with Blackwind City while coping with him.

Unless... Leona was Diamond Grade.

Or... she had already reached the terrifying level of Four-Turn!!

The upper limit of the Starry Kingdom was Two-Turn, and Three-Turn was already very powerful in the Starry Kingdom, only the previous king, Abel, Lorin Muyue, Lorin Muyuan, and others had reached that level.

How could anyone reach Four-Turn, this was simply unscientific.

But now Lin Tianhao had no time to think about the problem of whether it was scientific or not.

He could not watch Leona destroy Blackwind City.

"God-Slaying Whip!"

Lin Tianhao turned into a streak of light and rushed up.

Leona saw this scene and sneered, "Overestimating yourself, thinking that you are immune to ice and snow damage, so you can fight me?"

As soon as the words fell.

Leona put down the iron chain, and a brand new staff appeared in her hand.

It was a staff filled with fire attributes.

Lin Tianhao's expression changed slightly, he seemed to have thought of something.

Before he could fully understand, flames instantly appeared under his feet, enveloping Lin Tianhao.

Lin Tianhao dodged sideways, avoiding Leona's attack.

"Ice and Fire Great Mage!!"

"You were in Novice Village to absorb the origin power of the Drought Demon, so as to break the Three-Turn Limit and enter the Four-Turn ranks."

He had thought before about why someone like Leona would stay in Novice Village.

Now seeing Leona's attack, he had an answer in his heart.

"Snow Emperor, you are very smart, I didn't want to be your enemy, but unfortunately Lorin Muyuan and Kesson Luo gave you the task of becoming the king of the Starry Kingdom."

Leona said unhurriedly.

"I know that with your temperament, you will never give up the temptation of two Blessings of the Gods, therefore, we will inevitably go to opposite sides."

Lin Tianhao's expression was indifferent, and he said indifferently: "What's the use of saying those things now? Since you have decided to fight, then fight!"

After speaking, Lin Tianhao did not retreat, and rushed up again with the God-Slaying Whip in his hand.

"Four-Turn Ice and Fire Great Mage, let me try, how high is your combat power!"

Chapter 195 - Dragon Team!

"Instant Slash!"

In an instant, Lin Tianhao arrived behind Leona, and the God Striking Whip slammed down.

"Resist Fire Ring."

"Overlord Body!!"

Leona reacted quickly, immediately casting Resist Fire Ring.

But this was completely within Lin Tianhao's expectations, so before the Resist Fire Ring's effect could even activate, he had already activated his Overlord Body.

"Bang!"

The God Striking Whip came down head-on, so fast and at such close range that even Leona couldn't react in time.

But Lin Tianhao's God Striking Whip still didn't hit her head, as it was blocked by a layer of ice shield.

Although the ice shield shattered after blocking Lin Tianhao's God Striking Whip, it did manage to block it.

“Automatic protection shield?”

Lin Tianhao raised his eyebrows.

He was certain that Leona hadn't reacted in time to use the ice shield, so it could only be an automatic defense.

Similar to his automatic defense flying sword, as long as he wore it, the flying sword would automatically defend against attacks.

It wasn't strange for mages to have this kind of life-saving skill.

But it was precisely because of the existence of this ice shield that Leona had time to react.

Her body flickered and disappeared, leaving an ice golem in place, while her real body had already appeared thirty meters away, maintaining a safe distance from Lin Tianhao.

“Substitute Ice Golem?”

Lin Tianhao knew about some of the signature skills of mages.

The Substitute skill was a common life-saving skill for mages, but of course, not many mages could learn this type of skill in the early stages of the game.

Lin Tianhao's mind was highly focused, so as soon as Leona landed, a rain of arrows was already pouring towards her.

“What a madman.”

While unleashing the arrows, Lin Tianhao was also moving closer to Leona.

In the distance from Blackwind City.

Many players were paying attention to this great battle.

After all, Leona had been pulling a crystal coffin, crushing everything in her path, until she reached Blackwind City.

They also wanted to see what the outcome of this battle would be.

Of course.

Even more so.

They were hoping for another national war, because every national war brought them enormous gains.

“Amitabha.”

Potala Tianlong looked at Leona with some sympathy.

Others didn't know who killed the God of the Undead, but he knew.

Lin Tianhao was able to kill the God of the Undead, and in Potala Tianlong's view, it would be no difficult task for him to kill Leona.

“Study hard, watch carefully, Snow Emperor is strong not only in skills and attributes, but also in this combat awareness.”

A tall middle-aged man said in a deep voice to the people beside him.

“His combat awareness, his control of the battle situation, his use of weapons, can really be repeatedly observed and learned.”

A mage behind the middle-aged man said with some incomprehension, “Dragon Team, his battle is indeed very pleasing to the eye, but I don't think we are necessarily worse than him.”

The middle-aged man glanced at the mage and snorted coldly, “Luo Yu, you are just lucky to have awakened a double-Saint-level talent, but in terms of operation and combat awareness, you are far behind.”

Prosperity Falling Rain pouted unhappily, “Okay, I'll learn, but even if I want to learn, I'll learn from Leona.”

The middle-aged man looked at the battle between Lin Tianhao and Leona, and his voice sounded again.

“Shadow Kill, you have fought against Snow Emperor, what's the feeling?”

Shadow Kill was stunned for a moment before saying, “At that time, I just felt that his operation was very strong, his attributes were very high, and I was done for after only two moves.”

The middle-aged man nodded, and said with a straight face, “But Shadow Kill, when will you change your ways?”

Shadow Kill lowered his head somewhat ashamed, “It's a pity not to rob a wild boss with low health.”

“Pity my ass, are we short of that wild boss? And you didn't succeed in robbing it and continued to cause trouble, what am I supposed to say about you? Are you really playing this as an ordinary game?”

Shadow Kill opened his mouth, and finally said helplessly, “Dragon Team, I know I was wrong.”

“Hmph, compared to being a person, you are far behind Berserker Blade, you should learn from Berserker Blade when you have time.”

Having said that.

Dragon Team hesitated for a moment, and he took out a Talent Evolution Flower.

“You take this Talent Evolution Flower, let Blade find an opportunity, and you go and apologize to Snow Emperor.”

Prosperity Falling Rain said from the side, “Dragon Team, this Talent Evolution Flower is so precious, how can we give it away?”

“And.....”

“Enough!!”

Dragon Team waved his hand and interrupted Prosperity Falling Rain, “Are you really stupid or pretending to be stupid?”

“The whole server announced that someone killed the God of the Undead before, who do you think killed the God of the Undead? Looking at our Dragon Country server, who has the strength to kill a god?”

“Most likely it's Snow Emperor.” Shadow Kill said.

Prosperity Falling Rain pouted and continued, “Even if it's him, so what?”

“I don't believe he can kill a god in peak condition, it's probably a god who has just recovered, whose power is less than one-millionth of its peak.”

“Give me Snow Emperor's attributes, and I can kill him too.”

“You...!”

Dragon Team gritted his teeth, obviously angered.

“You don't even have his attributes with your double-Saint-level talent, and you still want it, strong attributes, strong operation, strong combat awareness, do you know how outrageous such a person is?”

“And.....”

Dragon Team changed the subject, his eyes becoming deeper and deeper.

“I feel like he knows more about the Twilight of the Gods than we do.”

Shadow Kill pondered for a moment and said, “Dragon Team, if that's the case, then forget about the Talent Evolution Flower, I saw that the Henry Group is offering a reward for Snow Emperor, how about I go offline and travel abroad?”

Dragon Team raised his eyebrows, “Can you do it alone?”

“No problem, you know me.”

“Okay, call Xiao Nie to go with you, go quickly and come back quickly, also, the report can only say you are traveling abroad.”

“Understood.”

A faint smile appeared on Shadow Kill's face, he returned to Kuangzhan Territory, and then silently went offline.

.....

This was just a small episode.

At this time, Lin Tianhao and Leona had clashed over a thousand times in the arena.

In close combat.

Leona was not stronger than Lin Tianhao.

In addition, the God Striking Whip in Lin Tianhao's hand was almost invincible.

Leona's various defensive measures were not enough in front of the God Striking Whip.

“Bang!!”

In another confrontation, Leona retreated to distance herself from Lin Tianhao.

“Snow Emperor, does it have to be this way?”

Leona's expression became serious; she originally forced Lorraine Muyuan and Corsenro to death, thinking that she could easily handle Snow Emperor with her fourth-tier strength.

But now, she realized that she seemed to be wrong, terribly wrong!

Chapter 196 - Defeat Leona!

Especially since Leona had heard the full-server announcement of the God of the Undead being killed.

Although the nickname was hidden.

But in the Star Kingdom, besides Xue Di, Leona couldn't think of anyone else who had the ability to kill the God of the Undead.

In the previous exchange.

Leona felt Lin Tianhao's power even more, making her lose the desire to continue fighting.

"Want to negotiate again?"

Lin Tianhao smiled noncommittally, "Tell me, don't you think it's ridiculous that you always have to fight before seeking negotiations."

Leona didn't think there was anything wrong with that, and said bluntly:

"It's always been like this, only after fighting can you know how to negotiate."

Lin Tianhao looked at Leona with interest, "Okay, then tell me, how are you going to negotiate?"

"You set the conditions, but no God's Blessing."

A cold light flashed in Lin Tianhao's eyes, "I gave you a chance to negotiate before, but you didn't cherish it. In that case, today, let's have one of us die here."

As soon as he finished speaking.

Lin Tianhao sacrificed the Guardian Tower.

"Come on, let me, a first-rank archer, learn from your strength as a fourth-rank Archmage."

The Guardian Tower grew in the wind, enveloping both Lin Tianhao and Leona.

"Xue Di, do you have to make things irreconcilable?"

Leona's face was extremely gloomy, and Lin Tianhao could feel the great anger brewing in her heart.

But Lin Tianhao didn't care at all, "I don't know if you received the message I asked Di Xuejian to bring you before."

"I can support you to the position of King of the Star Kingdom, and I can also pull you down from this position."

Leona understood that there was no possibility of negotiation today.

Between them.

Someone must fall.

It's ridiculous to say.

Compared to Lin Tianhao, she only had one chance.

Because if Lin Tianhao falls, he can be resurrected.

What about her?

If she falls, she won't even have a chance to be resurrected.

But things have come to this, it's useless to say more.

"Come on, I also want to see if you, Xue Di, are really invincible."

"If killing you once doesn't work, then kill you ten times, if ten times doesn't work, then kill you a hundred times, until you are frightened."

Lin Tianhao smiled noncommittally, "Okay, I look forward to you killing me."

"Whoosh whoosh whoosh!!"

The words fell.

Lin Tianhao raised his hand and suppressed with feather arrows.

Leona had an ice shield in one hand, and the other hand was actually releasing fire attribute skills.

-3.

-6.

-9.

.....

Under this scorching temperature, Lin Tianhao began to lose health continuously.

Very low.

There is a 90% reduction due to the purification jade pendant.

However, this damage seems to be really low.

But soon Lin Tianhao knew what the problem was.

As the temperature rises, the speed at which Lin Tianhao loses health is also increasing.

-90.

-93.

-96.

.....

Still very low, but the rate of increase is very fast.

Moreover, unlike ordinary continuous health loss of once per second, this scorching heat loss is ten times per second.

Lin Tianhao wrote Leona's name in the Book of Life and Death, harming each other, who wouldn't?

However.

Lin Tianhao also realized.

It is almost impossible to rely solely on feather arrow suppression to suppress Leona.

In that case.

Then use the old tricks from before.

"Three Heads Six Arms!!"

Lin Tianhao used three heads and six arms, and put on the God-Smiting Whip and the Nine-Combination Longbow.

The 100% armor-piercing effect of the God-Smiting Whip was immediately demonstrated.

The ice shield that could originally block two of Lin Tianhao's arrows can now only offset one of Lin Tianhao's arrows.

Not only that.

Because of the addition of the Nine-Combination Longbow under the three heads and six arms.

Lin Tianhao's output ability has become even more terrifying.

Before, Leona could still deal with Lin Tianhao, but now, Lin Tianhao's output ability has directly doubled!

The addition of the Nine-Combination Longbow doubled it, and the armor-piercing of the God-Smiting Whip turned two arrows into one arrow, doubling it again.

The output ability has doubled, but Leona's output ability has not improved like this.

Therefore, she was suppressed by Lin Tianhao in just one encounter.

Moreover.

The side holding the God-Smiting Whip can also use the other hand to take back the blue potion, so that their blue amount can be kept at a relatively healthy level as much as possible.

Of course.

Ordinary blue recovery potions are definitely not good, Lin Tianhao uses two-star great blue recovery potions, which cost ten gold coins per bottle.

Ordinary mage players are estimated to only prepare two or three bottles on their bodies.

But Lin Tianhao is different, he asked his clone to buy 10,000 bottles.

A two-star great blue recovery potion can restore 500 blue in ten seconds, which is a good blue recovery potion.

It's just a bit expensive, and it's a one-time consumable.

But does this matter?

It doesn't matter.

Lin Tianhao has gold coins.

Seeing Lin Tianhao taking a two-star great blue recovery potion every ten seconds, Leona felt her scalp tingle.

She is finding it increasingly difficult to resist Lin Tianhao's attacks.

Moreover.

Although most of Lin Tianhao's attacks were blocked by the ice shield, they could still trigger the effect of the Heavenly Fire Meteor.

Therefore, Leona is now in the same situation as the God of the Undead.

She can't beat Lin Tianhao in terms of frontal output, and defense is also a bit difficult.

Especially with the head lock of the Book of Life and Death and the range-based bombardment of the Heavenly Fire Meteor, there is no chance at all.

"Really TM perverted!"

Leona couldn't help but cursed angrily, she has many skills, many of which are very powerful.

But.

She is now having a hard time even defending, and there is no chance to use those powerful skills.

"Is this the fourth-rank Ice and Fire Archmage? Much weaker than I thought."

Lin Tianhao smiled.

Leona's expression was extremely sinister, and she shouted angrily: "Ice and Fire Lotus!"

A lotus flower bloomed from under Lin Tianhao's feet.

Her using skills on Lin Tianhao means that there will be a deficit in her defense.

-531089.

-531089.

Critical hit!

-1062178!

.....

One after another damage numbers bloomed above Leona's head, causing huge damage numbers.

In just one encounter, tens of millions of health points were gone.

Leona is just a mage after all, even if she is a platinum-level fourth-rank Archmage and belongs to the King of the Star Kingdom, her health bar is a bit supermodel.

But she can't withstand Lin Tianhao's terrifying output.

"Universe Infinity, Flying to the Sky and Escaping to the Earth!"

Leona bit her red lips lightly, and an ice-blue flag appeared in her hand.

The flag exploded in Leona's hand. In the next moment, she disappeared from the Guardian Tower.

Lin Tianhao's face changed.

He used the Guardian Tower to prevent Leona from running away, but he didn't expect Leona to actually run away.

"You can run away, but you can't run away from the temple. I want to see where you can run!"

Chapter 197 - Occupy the ten main cities!

Lin Tianhao put away the Guardian's Tower and glanced at the Ice Snow Goddess's left leg. This item was left behind by Leona. Lin Tianhao tried to put it into his inventory, but he couldn't.

To be precise.

He had tried to put this item away when he was in the Snow Corpse's footprints, but unfortunately, he failed.

Unable to put away the Ice Snow Goddess's left leg, Lin Tianhao chose to give up and stepped into Blackwind City.

The black-robed leader looked a little solemn when he saw Lin Tianhao's arrival.

Lin Tianhao's eyes became increasingly sharp.

"Next, let me lead you to counterattack Sky Star City and cut off Leona's head."

"Good, Leona killed so many people in our Demon Cave. This time, she must pay the price."

Suddenly, a server-wide announcement echoed in the Dragon Country region.

"Server-wide announcement, congratulations to player Blood War Bodhi for being the first to go to the Vast Continent, reward: Free attribute points +200, gold coins +50000, unlimited gold-grade set + 1, skill

book for current class + 3, hereby announced, hoping that the majority of players will continue to work hard."

.....

Lin Tianhao raised his eyebrows. This hadn't changed because of his appearance.

Blood War Bodhi was still the first to go to the Vast Continent.

Of course.

He was only the first in the Dragon Country region.

Lin Tianhao had noticed while browsing the forums that players from other servers had completed their second job change and had most likely gone to the Vast Continent as well.

However, this was not important to Lin Tianhao. All he had to do was strengthen himself as much as possible to cope with the future cataclysm.

Next.

Under Lin Tianhao's leadership, the Demon Cave army advanced triumphantly, occupying the ten main cities without any pause.

This feat shocked many players in the Dragon Country region.

"Damn!"

"Damn, damn, damn, let me ask, should I join the Demon Cave now? This is too outrageous."

"What's that? I personally saw the Snow Emperor shooting my job-change mentor to death with a '咻咻'."

"Hehe, it's obvious you have no experience. I'm from Blackwind City. My job-change mentor wasn't killed, but he ran away. However, the Nightwalker's mentor is much easier to talk to than the original mentor."

"That's right, the task difficulty is low, and the rewards are generous. You should be happy that your job-change mentor was killed."

.....

With the ten main cities breached, only the royal city of the Star Constellation Kingdom, Sky Star City, remained.

Lin Tianhao knew.

The main reason Leona hadn't stopped them was that she wanted to use Sky Star City as the final battlefield, concentrating all her forces for a desperate fight.

The decisive moment was about to arrive!

Sky Star City, Royal Palace Hall!

Leona looked solemn. There were many people in the hall.

Village Chief Wang, Loring Muye, several city lords of the main cities who hadn't been killed, and several other Third-Order powerhouses.

These people.

Were almost all of the Star Constellation Kingdom's top combat power.

In the past.

They were high and mighty.

Players had to try every means to please them in order to accept tasks from them.

They could make players excited for a long time with just a little benefit.

But today.

They all looked very solemn.

Only because the critical moment for the survival of the Star Constellation Kingdom had arrived.

"You all know the strength of the Snow Emperor."

Leona spoke first, "He is immune to ice and snow damage, and after being killed, he can be resurrected in place in three seconds. It's useless for us to kill him."

Hearing Leona's words.

The others all looked very solemn. Although they didn't want to admit it, this was the truth.

"At this critical moment for the survival of the kingdom, Your Majesty, we must fight to the death."

Loring Muye said solemnly. He knew very well that if they retreated from this battle, the Star Constellation Kingdom would be gone.

"Two things!"

"First, stall the Snow Emperor. Don't ask for output, just stall him. Our goal is to kill the Demon Cave leader. The Snow Emperor will help the Demon Cave because the black-robed leader promised him enough benefits. As long as the black-robed leader dies, the Snow Emperor's benefits will naturally be gone."

Loring Muye's eyes lit up, "Your Majesty is wise."

Leona raised her hand, interrupting Loring Muye's words.

"Second, if there are casualties, Village Chief Wang, I will have to trouble you to step forward. Here, you have a refresh mechanism, and you can be refreshed again after death."

Village Chief Wang nodded. This was a small matter for him.

"No problem."

Leona took a deep breath, her expression becoming unusually serious.

"Finally, and most importantly, if Village Chief Wang dies, then give up the Star Constellation Kingdom, hide in the Blackwind Mountains, and go to the Land of Chaos."

"What?!"

Everyone present was shocked.

"Your Majesty, the Star Constellation Kingdom is our root..."

"Living is our root. I have fought against the Snow Emperor. His strength, alas..."

Leona sighed and didn't continue speaking.

Obviously, she didn't want to boost the morale of others and diminish her own prestige.

"I hope you can strictly implement the two points I mentioned."

Loring Muye and the others nodded, although they all felt very aggrieved.

But there was nothing they could do. The Snow Emperor's strength had already exceeded the scope they could control.

"Alas, I originally thought these adventurers were just chicks that could be easily fooled."

Loring Muye sighed, "But I never thought that we would be forced to the end of the road by an adventurer one day."

.....

Blackwind City, City Lord's Mansion.

The black-robed leader was very happy, letting out a hearty laugh.

"Hahaha, in less than a day, we actually took all the main cities. Great, it's so great. I've never fought such a happy battle."

Lin Tianhao shook his head, "Don't be too happy too soon. This is just the beginning."

"Sky Star City is the key."

The black-robed leader nodded, "That's right. If I'm not mistaken, Leona should want to have a final battle with us in Sky Star City."

"Not with you, but with me."

The black-robed leader was stunned, "Snow Emperor, what do you mean by that?"

"What I mean is that you're not going. Not only are you not going, but I'm also going to escort you back to the Demon Cave."

"Escort?"

The black-robed leader was stunned for a moment, then reacted, "Snow Emperor, are you saying they want to kill me?"

"Why would I help you?"

"Because of two Divine Blessing Pre-Quest Scrolls and a God-level Hidden Class Change Scroll."

Chapter 198 - On the eve of the decisive battle!

"They want me to stop. It's difficult to defeat me. Even if they are lucky enough to kill me, it won't help."

The black-robed leader suddenly understood, "You mean they will kill me, cutting off your chance to get the reward, thereby making you give up attacking Tianxing City."

Lin Tianhao nodded, revealing a smile of 'a child can be taught,' "That's right."

"Then does our Nightwalker army need to go?" the black-robed leader asked.

Lin Tianhao answered without hesitation: "Of course, we need to go."

"As far as I know, Leona has gathered an army of 500,000 in Tianxing City. If your Nightwalker army doesn't go, it will be difficult for me alone to fight so many troops."

"Moreover, Leona is likely to start a national war, allowing adventurers to join the battle. These are all troubles."

Of course.

Lin Tianhao's real thought was, your Nightwalker army must go.

How else can more creatures die to help the God of the Undead recover?

The black-robed leader didn't suspect Lin Tianhao's impure motives.

After all, Lin Tianhao has already taken down the ten main cities.

Moreover.

He also felt that what Lin Tianhao said made sense.

"Let's go, I'll escort you back to the Demon Cave."

Lin Tianhao didn't use the Kunlun Mirror. It's better not to let the black-robed leader know about this thing for the time being.

It is very necessary to appropriately hide some of one's own methods.

There were no dangers encountered during the escort, and the black-robed leader was escorted to the entrance of the Demon Cave all the way.

In fact, Lin Tianhao really wanted to enter the interior of the Demon Cave to take a look. He walked to the door, also wanting to see if the black-robed leader would invite him to enter the Demon Cave.

However, he didn't.

"Black-robed leader, you must stay alive."

"For the great cause of the Demon Cave, for the great cause of the Nightwalkers, I will definitely live well."

The black-robed leader looked serious, "Snow Emperor, the matter of attacking Tianxing City is left to you. My Nightwalker army is also entrusted to you."

Lin Tianhao nodded with a smile, "Don't worry, Tianxing City will definitely be taken!!"

Having said that.

Lin Tianhao added: "Black-robed leader, I used the Guardian Tower to trap Leona before, and I even had a chance to kill her."

"But she used an ice-blue flag and was actually teleported away from the Guardian Tower."

"I want to ask, do you have any items that can interrupt her teleportation?"

Leona is the new king of the Star Kingdom, and she is also a rare fourth-job Archmage. The benefits of killing her should be considerable.

Among the fourth-job, there are still grades.

Some are ordinary, some are elite, and Leona should be platinum.

However, ordinary platinum-level fourth-job Archmages should not be as good as Leona.

Because Leona is also ice and fire dual-elemental.

Not only that.

She is also the king of the Star Kingdom.

Perhaps many people think that the judgment of strength is the grade and level.

Similar to the player's talent and level.

But Lin Tianhao knew that this was not the case.

Among the NPCs, there is also a status bonus.

For example, the black-robed leader, as the leader of the Demon Cave, he is a gold-level third-job, but he is more powerful than ordinary gold-level third-jobs, because of his position as the leader of the Demon Cave.

Leona is the same.

Killing King Abel had already gained such a rich reward, and killing Leona would definitely be even more rewarding.

Besides.

There is also Lin Tianhao's personal grudge with Leona in this.

If Leona is not killed, Lin Tianhao will feel uncomfortable.

The black-robed leader hesitated slightly, thinking of Leona's terror, he still took out an ice-blue rune from his arms.

This ice-blue rune is only the size of a palm, with strange runes on it.

Cosmos Locking Rune: Special item.

Effect: After activation, it can prevent displacement, teleportation, etc. within a kilometer radius of the space where it is located, lasting for five minutes.

Note: This item is a one-time item and will be destroyed after use.

Lin Tianhao raised his eyebrows slightly. How is this thing so much like the Sea God's thing?

This black-robed leader is a bit interesting.

The leaf of the Tree of Knowledge taken out before came from the Vast Expanse Infinite Palace, the holy land of the Vast Expanse Empire.

Now, this Cosmos Locking Rune is also extraordinary. It can lock a space for five minutes, and even displacement skills cannot be used.

The key is.

From Lin Tianhao's judgment, this thing is very likely related to the Sea God.

Besides the God of the Undead and the Ice and Snow Goddess, is there a third god in the Star Kingdom?

Lin Tianhao is not sure, but it is probably not like this.

The leaf of the Tree of Knowledge that the black-robed leader took out before was not a product of the Star Kingdom, and this Cosmos Locking Rune may not be either.

"Okay, wait for my good news."

After Lin Tianhao got the Cosmos Locking Rune, he turned and left.

Not long after he left, a ball of black mist walked out of the Demon Cave, and a low, hoarse voice came from the black mist.

"Lord, this chess piece, Snow Emperor, is not very controllable. If this continues, it may affect your overall situation in the future."

"Leona is a lesson from the past."

The black-robed leader's voice changed dramatically at this time, no longer the previous dullness.

But a gentle and refined scholar's voice.

"Chess piece?"

"If you think like this, then you will indeed follow in Leona's footsteps. Leona regarded Snow Emperor as a chess piece, that's why she is facing the crisis of national destruction today."

Having said that.

The black-robed leader's voice became serious.

"Snow Emperor may become a disruptor of our era. Father said that he sensed an impending catastrophe, not to mention us little people, even those eighth-job and ninth-job adults may fall in large numbers."

The person in the black mist was silent for a while before saying: "Then what should we do next?"

"Let Snow Emperor subvert the Star Kingdom. I think he is so eager to seek the blessings of the gods. There should be another purpose, perhaps the same thing we want to do."

.....

Tianxing City.

The masters of the Star Kingdom gathered, and an army of 500,000 was waiting in battle.

The players in Tianxing City were also invited out of Tianxing City one by one.

Yes.

It's an invitation!

If it were in the past, it would not be an invitation, but a direct expulsion.

Now the situation of the Star Kingdom, the players will still need to participate in the war next.

The battle for the survival of the Star Kingdom is about to begin.

Tianxing City, the Royal Palace.

"Your Majesty, everything is ready, just waiting for Snow Emperor to come and start the final battle," Lorraine Muye respectfully said.

Leona stood up suddenly.

"The country has reached a critical moment of survival. I must admit that my previous arrogance has brought about such terrible results, but since it is already like this, then let me end this war!"

Chapter 199 - The peak battle is about to begin!

Outside Sky Star City.

The Nightwalker army had also gathered 500,000 troops.

Leading the army were five Third-Rank Gold Generals from the Nightwalkers.

Although Lin Tianhao was nominally in command, whether they listened to his orders was another matter entirely.

The Nightwalkers of the Demon Cave and the Starry Kingdom had clashed many times, but never on such a large scale as today.

"Brother Hao, what's the plan?"

Zhou Xiaopang and Monkey were the first to arrive, knowing that today's events were unusual.

In this real moment of decisive battle, many people might die.

"I'm coming."

Suddenly.

Lin Tianhao received a message.

He saw that the message was from Su Li.

“I might not be of much help, but I still felt I should come.”

Lin Tianhao replied with one word, “Okay.”

Su Li's message had just arrived when Shooting Through the Sky's message came.

“Guild Leader, any instructions? Do we act freely, or do you have a plan?”

The Qi family from Sky Bow Mountain!

“This humble monk is also willing to contribute what little strength he has.”

At the same time.

The chat group Lin Tianhao had created was also buzzing with messages.

Crazy Blade: @Snow Emperor, Snow Emperor, our Crazy Battle Guild has gathered 100,000 people, just waiting for the battle to start and slaughter the Starry Kingdom's army.

Asura Yize: Holy crap, Blade, are you crazy? Bringing 100,000 people to help Snow Emperor, if you all lose levels, your guild will suffer a huge loss.

Floating Corpse Wolf: I also brought 20,000...

Asura Yize: ???

Asura Yize: Crazy, crazy, you guys are really crazy.

Snow Emperor: What are you guys doing joining in the fun? I suggest you start a national war later and go help the Starry Kingdom's army; earning more free attribute points is the way to go.

Floating Corpse Wolf: ???

Snow Emperor: I'm not kidding. I'm also doing a quest. Why make it so passionate? If you want passion, there will be plenty of opportunities in the future.

Crazy Blade: Really? My 100,000 people aren't just for show.

Snow Emperor: Really. I'll try to avoid attacking you later, but be careful and don't charge recklessly.

Crazy Blade: Got it.

... ..

After replying to the messages in the group, Lin Tianhao said the same thing to Su Li, Shooting Through the Sky, Potala Heavenly Dragon, and the others.

He told them to go help the Starry Kingdom.

As for Fatty and Monkey, they naturally had to stay by Lin Tianhao's side.

After all, Lin Tianhao had accepted a quest for them from the Black Robe Leader.

It would be a bit much if they turned against him.

Outside Sky Star City, the two armies faced off!

The atmosphere was extremely tense.

Gubu Jin Heshan walked up to Lin Tianhao, “Snow Emperor, can we start the operation?”

He was one of the five Third-Rank Gold experts of the Nightwalkers, a Berserker.

Of course.

It was a hidden class among Berserkers.

Lin Tianhao didn't know the specifics of the hidden class.

“Attack.”

Lin Tianhao slowly stood up and walked towards Sky Star City step by step, followed by the vast army of 500,000 Nightwalkers.

“Kill! Kill! Kill!”

As Lin Tianhao walked forward, the Nightwalker army behind him began to beat drums and shout, creating a massive spectacle.

The sound soared into the sky, shocking many players.

This was a genuine 500,000 people shouting in unison; the level of shock was unimaginable.

“Mommy, this is too scary. How many people is this? Five million?”

An unknown player said, trembling.

Someone next to him rolled his eyes, “What are you thinking? Five million? There are at most a million troops here, but the momentum is indeed terrifying.”

“I estimate there aren't even a million troops, but it doesn't matter; this is a real-life army battle, even more exciting than those 3D movies.”

... ..

Many players were discussing.

At the same time.

Many streamers saw the business opportunity and began broadcasting this epic battle.

“Hello everyone, I'm Violent Little Bear, the little streamer who was killed by Snow Emperor so many times that I couldn't leave the spawn point.”

“Today, I will be broadcasting for you, our Dragon Country's epic battle, with over ten million participants, no less than 100,000 Third-Rank and Fourth-Rank experts, and led by our Dragon Country's God of Archers, Snow Emperor, truly unprecedented.”

Violent Little Bear's mouth was like a machine gun, constantly firing.

If Lin Tianhao heard his words, he would probably roll his eyes non-stop.

Ten million participants? No less than 100,000 Third-Rank and Fourth-Rank experts?

He had no idea about the Starry Kingdom's strength.

It wasn't just Violent Little Bear; many streamers were broadcasting, and this peak battle immediately attracted the attention of many people.

At least 90% of the players in the Dragon Country were paying attention to this peak battle.

“Swoosh!!”

With Lin Tianhao's arrow piercing the sky, this peak battle officially began.

“Swoosh swoosh swoosh!!”

Arrows rained down.

Not from Lin Tianhao, but from inside Sky Star City.

Arrows filled the sky, flying towards them in a parabolic arc, the number of arrows was astonishing, dense and numerous, like a torrential downpour, falling with a whoosh.

“Kill!!”

With Lin Tianhao's order, the Nightwalker army began to charge.

“Swoosh swoosh swoosh!!”

Arrows came overwhelmingly, and arrows went overwhelmingly.

One catapult after another launched huge stones.

One red-clothed cannon after another was loaded with shells, firing devastating cannonballs.

Nightwalkers fell continuously.

On Sky Star City, soldiers also fell continuously.

Lin Tianhao's arrows seemed to have eyes, constantly locking onto the soldiers filling the red-clothed cannons, ending their sinful lives.

“Global Announcement: Due to the Nightwalkers' large-scale attack on Sky Star City, the national war is now open. Each kill of a Nightwalker will grant generous rewards. This announcement is hereby made, hoping that all players will actively participate!”

... ..

The national war has begun!!

Crazy Blade led an army of 100,000 players, cutting in from the rear, and the Nightwalker army was attacked from both sides.

“Breach the city!!”

“Slay Leona, and the national war will naturally end!”

Lin Tianhao ordered again, charging at the front, abandoning his bow and arrows, and quickly reaching the city gate.

The God-Smiting Whip in his hand slammed fiercely on the city gate.

The heavy city gate was vulnerable under Lin Tianhao's attack, falling apart.

Behind the city gate, a huge ditch had been dug, with barbs gleaming coldly in the ditch.

The Nightwalkers charging in the front fell directly into the ditch, getting a thorough piercing.

Countless arrows flew towards Lin Tianhao.

At this city gate, Lin Tianhao's space for maneuvering was limited, and a large number of arrows caused considerable damage to him.

-1985.

-1799.

-2001.

... ..

One damage number after another appeared.

The damage from a single arrow wasn't high, but Lin Tianhao was covered by arrows, and dozens of arrows hit him in one encounter, causing him to lose tens of thousands of health points.

Well.

A full one percent of his health!

Chapter 200 - 100% armor-piercing horror!

Lin Tianhao released an arrow, instantly replenishing his health bar while killing an archer.

“Shoo, shoo, shoo!!”

Lin Tianhao stood alone, each archer falling one after another.

However, he soon discovered that there were experts among these archers.

Someone was deliberately attacking his hands with precision, disrupting his attack frequency.

It must be said.

This approach was very effective.

It was similar to when Lin Tianhao had previously killed the Twisted Treant King, using arrows to interrupt the Twisted Treant King's raising of its hands, thereby interrupting its spellcasting.

Archers need to aim for ranged attacks.

For an archer, hitting a target fifty meters away was already considered good.

To hit an arm and interrupt its attack would be even more difficult.

Initially, no one targeted Lin Tianhao in this way.

But after Lin Tianhao killed more than a dozen archers, he was subjected to such targeting.

Lin Tianhao did not activate his Unyielding Body skill, but instead strategically retreated.

He let the Nightwalkers charge forward, using wooden planks and stones to fill the ditch, creating an opportunity to break through.

However, countless arrows were already flying towards him, and if hit, he could be shot into the ditch by the impact of these arrows.

What awaited him would be endless attacks.

Unyielding Body!!

Leaping Strike!!

Monkey didn't hold back any skills.

He used two skills right away, and that's why he landed on the opposite bank.

-1.

-1.

Critical Hit

-2.

.....

The archers' arrows landed on Monkey, like scratching an itch, posing no threat to him at all.

You need to know.

Monkey's armor has now broken through 80,000, and these archers' attacks are simply not enough to break through his defense.

As for Zhou Xiaopang.

The archers' damage was even less worth mentioning to him, the damage he took wasn't even as much as he healed.

“Shoo!!”

An arrow with a noticeably faster flight speed landed on Monkey.

-2985.

Nearly three thousand damage, the attacker was a Silver Archer at the peak of second job advancement.

The probability of his attack exceeding 80,000 was very low, so it was likely that his armor penetration was decent, thus causing relatively good damage to Monkey.

But Monkey was never a sitting duck.

His stats, placed among the archers, were like a wolf among sheep.

“Whirlwind Slash!!”

“Cross Slash!!”

“Moon Wheel Quartet!!”

One skill after another landed, as if not caring about mana consumption.

As for whether Monkey would lack mana?

That was impossible.

Warrior skills don't consume much mana, and Monkey has over 200,000 mana.

In the current stage, when it comes to mana, there are really few who can compare with him.

In addition, Monkey's super high attack speed, movement speed, and attack power make him truly unstoppable, dominating in all directions.

Zhou Xiaopang also joined the battle at this time, compared to output ability, Zhou Xiaopang was not that great.

But he could reflect damage, and also had three passive skills: Double Shield, Double Armor, and Double Slash, making him equally formidable.

This proves the saying.

I'll stand still, you can attack as you please, let's see who dies first!!

“Xuedi, help!!”

Just at this moment.

Gubu Jinheshan's voice came.

Lin Tianhao secretly thought it was bad.

Sure enough.

When he was attacking the city gate here, Leona led Lorin Makino and others, suddenly attacking from the side, catching the Nightwalker army off guard.

Especially Leona.

Her ice and fire dual-elemental area-of-effect spells landed, and the Nightwalkers couldn't withstand them at all.

“Shoo, shoo, shoo!!”

As soon as Lin Tianhao appeared, arrows poured towards Leona, suppressing Leona's attacks.

Only.

Before his arrows landed on Leona, Lorin Makino blocked his arrows with a spear.

“Xuedi, your opponents are us.”

Village Chief Wang also rushed out, he and Lorin Makino, one in front and one behind, wanted to contain Lin Tianhao.

Lin Tianhao's expression changed slightly, without the slightest hesitation, and without any intention of talking nonsense, he directly attacked.

“Three Heads Six Arms.”

Ninefold Longbow, Nether Longbow, God Slaying Whip!

Lin Tianhao's strongest form now.

“Shoo, shoo, shoo!!”

Lin Tianhao's arrows were released, the arrows blessed by the God Slaying Whip had particularly terrifying lethality.

First arrow.

Cracks appeared on the spear in Lorin Makino's hand.

Second arrow.

The spear in Lorin Makino's hand shattered directly.

“How could it be so terrifying?!”

Lorin Makino was shocked, but he was prepared.

A Novice Wooden Sword appeared in his hand, and he began to resist Lin Tianhao's attacks.

“Novice Wooden Sword?”

Lin Tianhao smiled playfully.

On the God of the Undead, he had experimented, indestructible equipment could still be destroyed.

Sure enough.

In less than a hundred arrows, cracks appeared on the Novice Wooden Sword.

Incredulous expressions appeared on the faces of Lorin Makino and Village Chief Wang.

Under Lin Tianhao's five arrows firing simultaneously, a hundred arrows was only 0.5 seconds.

Before Lorin Makino and Village Chief Wang could think more, Lin Tianhao's arrows poured out again.

Another 0.5 seconds.

The Novice Wooden Swords in the hands of Lorin Makino and Village Chief Wang shattered together.

“What the hell!!!”

Lorin Makino was dumbfounded, he could be considered well-informed, but this operation of breaking novice equipment really made him a little dumbfounded.

Only.

Before he could think more, Lin Tianhao's arrows poured towards him again.

“Damn it, not giving a chance to live.”

Lorin Makino cursed angrily, quickly taking out new weapons, but they still shattered in less than a second.

The arrows landed on him, dealing terrifying damage.

-531999.

-531999.

-520000.

.....

Lin Tianhao's damage directly stunned Lorin Makino.

At the same time.

Heavenly Fire Meteor was triggered.

A large number of fireballs fell from the sky.

“Withdraw!!”

Village Chief Wang wanted to rescue Lorin Makino, but under the suppression of Lin Tianhao's arrows, he had no chance at all.

Heavenly Fire Meteors continued to fall, coupled with Lin Tianhao's high damage, Lorin Makino was already in danger.

Not only him.

Village Chief Wang's health was also rapidly declining.

“Glacial Shield!!”

Leona made a move.

One ice shield after another appeared, blocking Lin Tianhao's arrows.

“I'll cover you, retreat!” Leona roared.

Lin Tianhao's strength once again subverted her imagination.

“Guardian's Tower!”

Lin Tianhao sacrificed the Guardian's Tower, taking Leona into it.

Inside the Guardian's Tower.

Lin Tianhao launched a frantic attack on Leona.

Outside.

Lorin Makino's eyes were tearing apart, he wanted to rescue Leona.

But Village Chief Wang held him back, “The king told us to retreat, don't go, it's useless.”

“If we leave, the king will be able to leave without worries.”
