Chapter 201 - Kill Leona!

Luo Lin Muye glanced meaningfully in the direction of the Guardian Tower.

He really wanted to take action.

But he knew he no longer had the ability to change anything.

Carrying out the mission Leona had arranged beforehand was the best course of action.

Inside the Guardian Tower.

Leona was still trapped in her previous predicament.

Under Lin Tianhao's frantic attacks, she could only barely parry.

But once Heavenly Fire Meteor was triggered, she wouldn't even be able to parry.

She had anticipated today's situation.

But the thought of the Starry Kingdom being destroyed in her hands still filled her with reluctance.

But even if she was unwilling, what could she do?

"Once Luo Lin Muye withdraws, I will also go to the Land of Chaos, and with the preserved forces, we can completely return and kill our way back after Xue Di leaves the Starry Kingdom."

"Without Xue Di's help, the Nightstalkers of the Demon Cave are just a bunch of chickens and dogs. By then, the Starry Kingdom will still be mine."

Leona thought to herself.

She had planned everything perfectly.

With her strength as a Fourth-Rank Dual-Element Great Mage, it was entirely possible for her to develop.

No one in the Starry Kingdom could compete with her.

By then, she could also sweep across all directions like Xue Di.

However.

Watching her own health points get lower and lower, Leona calculated the time.

"Luo Lin Muye and the others should have withdrawn by now. It's time for me to leave too."

Leona's gaze fell on Xue Di.

"Xue Di, because of my mistakes, I have temporarily lost the Starry Kingdom."

"But you will eventually leave this place, and I will inevitably return to my peak."

As she spoke.

Leona once again offered that ice-blue banner.

"Want to run? No way!"

Lin Tianhao instantly used the Vast Sea Universe Talisman.

At the same time.

Leona also crushed the ice-blue banner.

The air suddenly became silent.

Because Leona didn't leave; she was still in the Guardian Tower.

"This... This is impossible?!"

Leona's face was filled with disbelief. The priority of her ice-blue banner was extremely high, yet it was still interrupted.

"Leona, you must die here today. Since you made a mistake, you must bear the corresponding consequences."

Leona's expression became extremely solemn.

"Name your price, and let me leave."

Leona stared at Lin Tianhao.

She felt that with Lin Tianhao's profit-driven personality, as long as the price was right, Lin Tianhao would not refuse.

Leona gritted her teeth and said, "You should understand that you won't get so many benefits if you kill me."

Lin Tianhao sneered, "Yes, I might lose out, but so what?"

"Some grievances cannot be resolved with a little profit. Remember, don't use your petty cleverness to scheme against me. You can't afford the consequences of making me unhappy."

Lin Tianhao didn't stop. Leona's eyes were bloodshot.

She counterattacked frantically, but it was to no avail.

"Xue Di, what exactly do you want? Just because I used you, you have to kill me?"

"The kingdom is destroyed, and I'm willing to give you the benefits. There's no conflict that can't be resolved."

Leona was really scared. It hadn't been easy for her to reach her current achievements.

Very, very easy.

She had never thought that she might die.

But when that day really came, she was so terrified.

However.

No matter what she said.

Lin Tianhao had no intention of holding back.

"Xue Di, if you want to kill me, even if I die, I'll bite off a piece of your flesh."

Leona knew Lin Tianhao's determination to kill her, so she no longer held back.

The power of ice and fire elements surged from her body, frantically pouring towards Lin Tianhao.

-89521.

-85692.

.....

Damage numbers popped up above Lin Tianhao's head.

But Lin Tianhao remained unmoved, still frantically outputting damage.

Leona's health dropped much faster than Lin Tianhao's.

"Xue Di, if you kill me, someone will avenge me. You are digging your own grave!!"

Leona roared ferociously.

Like a clown, she no longer had the nobility of a princess, nor the majesty of a king.

All that remained was hysterical helplessness.

Lin Tianhao didn't care. He actually had some guesses. In the lost princess dungeon back then, there were two crystal coffins.

The coffin containing Princess Leona was empty, while the other crystal coffin contained a mummy.

One place, two coffins.

It all looked like a joint burial.

It was just that Lin Tianhao had completed the first clear after killing the Iceflame Corpse King at that time, so he didn't think much about the mummy.

Now it seemed.

That mummy was very likely Leona's lover, and judging from Leona's appearance, her lover's strength might even be above his.

But that didn't matter anymore.

Even if he was more powerful than Leona, so what? What did he have to fear!

Finally.

Under Lin Tianhao's frantic output, Leona's health was emptied, and she fell in front of Lin Tianhao.

"Ding, you have killed King Leona. A server-wide announcement is about to be made. Do you want to hide your name?"

"No."

"Server-wide announcement: Congratulations to player Xue Di for successfully killing King Leona. This announcement is made to encourage all players to continue their efforts."

.....

Blackwind Mountain Range.

Luo Lin Muye and Village Chief Wang had just entered the mountain range when they heard the server-wide announcement.

Their eyes were bloodshot, and they were extremely angry.

"Ahhh, Xue Di, I'm going to kill that bastard Xue Di."

Luo Lin Muye immediately prepared to rush back.

However, Village Chief Wang raised his hand to stop Luo Lin Muye.

"What's the use of you going now? Can you beat Xue Di?!"

"Then what do we do? Are we just going to be cowards and do nothing?" Luo Lin Muye roared.

Village Chief Wang took a deep breath and comforted, "Go to the Land of Chaos. The king's plan was that if we were no match, we would retreat into the Land of Chaos and retake the Starry Kingdom after Xue Di leaves."

"Then the king's revenge won't be avenged?"

Village Chief Wang glared at Luo Lin Muye, "Avenge? What are you going to use to avenge? Even if you kill him, he can still be resurrected."

"That's not necessarily true."

Just then, a clear female voice sounded, and then a woman with a remarkable appearance walked in.

Chapter 202 - A new country is established: the Kingdom of the Vast Sea!

The person who came was wearing a purple robe, and their eyes were dark red.

The smooth, long hair seemed to have a life of its own, constantly wriggling, making people shudder.

She walked step by step.

A faint black aura emanated from her body.

Wherever she passed, plants and trees withered.

Seeing the person who came.

Luo Lin Mu Ye and the others were slightly surprised.

“Bing Fuli Si!”

“You... How could you become like this!”

Luo Lin Mu Ye was somewhat incredulous, and her question was already very subtle.

Because anyone with eyes could see that Bing Fuli Si had already fallen into the demonic path.

Bing Fuli Si, the city lord of Bingxue City.

Seeing Lin Tianhao immune to ice and snow attacks, she was convinced that Lin Tianhao had obtained the ultimate blessing of the Ice and Snow Goddess, which led to the collapse of her faith and her fall into the demonic path.

“It doesn’t matter anymore, you just need to know that we have a common enemy.”

Bing Fuli Si spoke indifferently.

Village Chief Wang asked from the side: “City Lord Li Si, you just said that this is not necessarily the case, is there any way to deal with Xue Di?”

Bing Fuli Si nodded, “That’s right, I have observed Xue Di’s battles, he can continuously become stronger in battle, wanting to kill him is very, very difficult.”

“However, if we can make him fall asleep and then seal him, what awaits him will only be endless darkness.”

Luo Lin Mu Ye sighed, “Alas, imagination is beautiful, but how can we make Xue Di sleep? He is now outputting at full power, we don’t even have a chance to fight back.”

“We are indeed not enough, but there is someone who possesses such power.”

A smile appeared on Bing Fuli Si’s face.

As her voice fell, a man wearing a dark red robe and with a pair of sharp teeth walked out.

“Vampire!!”

Luo Lin Mu Ye’s expression changed drastically, he could feel an extremely strong sense of oppression from this vampire.

“That’s right, this is a noble among vampires, Marquis Min De Kai Du.”

“He also has another identity, the lover of King Lei O Na, the King was able to successfully enter the fourth rank precisely because he received the help of Lord Min De Kai Du.”

Hearing this.

Luo Lin Mu Ye and the others felt a little more at ease, “What do you need us to do?”

“When the time is right, you will naturally know.” Min De Kai Du said indifferently.

That kind of superior attitude seemed to completely disregard Luo Lin Mu Ye and the others.

“If it weren’t because I had just awakened, I wouldn’t need your help at all.”

.....

Tianxing City.

After Lei O Na was killed by Lin Tianhao.

The whole server announcement sounded again.

“Whole server announcement, due to the death of King Lei O Na of the Star Kingdom, the national war is over, hereby announce, I hope the majority of players will act cautiously.”

.....

Lin Tianhao didn’t care, he walked to Lei O Na’s corpse and started touching it.

“Ding, you have obtained equipment +3.”

“Ding, you have obtained skill book +3.”

“Ding, you have obtained free attribute points +300.”

“Ding, you have obtained gold coins +100000.”

“Ding, you have obtained the keepsake of the Vampire Marquis +1.”

“Ding, you have obtained...”

.....

One item after another appeared, Lin Tianhao glanced at the skills, they were all for mages.

Keepsake of the Vampire Marquis: Special item.

Introduction: The token of love that Vampire Marquis Min De Kai Du gave to Lei O Na, if you accidentally obtained this thing, please note that Min De Kai Du will kill you with extremely cruel means, do not doubt the ruthlessness of a Vampire Marquis.

Lin Tianhao: ???

What the hell is this.

It's okay if there is no attribute bonus, but it tells you that you are being targeted as soon as you come up.

Damn it!

Lin Tianhao cursed and took out the Book of Life and Death, and then wrote the name of Vampire Marquis Min De Kai Du on it.

“It’s really hell, I’ve been looking forward to it for so long, but this is the only reward.”

Lin Tianhao was somewhat disappointed.

This was somewhat mismatched with the reward he had imagined.

Exiting the Guardian Tower.

Lin Tianhao began to lead the Night Walker army to carry out the finishing work.

Some of the remaining Star Kingdom soldiers were still resisting, and some had already begun to flee.

The Demon Cave Night Walkers advanced triumphantly, stormed into Tianxing City, and completely occupied Tianxing City.

The Star Kingdom completely collapsed!

The black-robed leader personally came to Tianxing City to preside over the finishing work.

Lei O Na was already dead, the Star Kingdom was defeated like a mountain, and there were not many people who could threaten him anymore.

“Whole server announcement, the Star Kingdom has been destroyed, the Demon Cave has established a new kingdom, renamed the Hanhai Kingdom, the new country is established, the whole country celebrates, all Hanhai Kingdom adventurers gain +5 free attribute points, +1000 experience points, hereby announce, I hope the majority of players will continue to work hard.”

.....

This was a real national celebration, and the players were in a good mood.

Five free attribute points and one thousand experience points are not too much.

But this is the Star Kingdom, no, it should be said that it is the Hanhai Kingdom, that is, all the players in the entire Dragon Kingdom region have received such a bonus, which is the strengthening of the entire Dragon Kingdom region.

“Xue Di! Xue Di! Xue Di!!”

“Xue Di! Xue Di! Xue Di!!”

.....

In the streets and alleys, in the wild, especially outside Tianxing City, there were many people calling Lin Tianhao’s name.

Lin Tianhao used to have prestige, just because he himself was strong.

But this time.

Lin Tianhao led the entire Dragon Kingdom region to a higher level.

All players have been improved.

Perhaps the improvement of a single player is not significant, but from an overall perspective, the improvement is still considerable.

In Tianxing City.

Lin Tianhao looked at the black-robed leader.

“Congratulations.”

The black-robed leader was very happy, “Hahaha, Xue Di, this time it’s really thanks to you.”

“This is the reward I promised you, two pre-quest scrolls for the Gods’ Blessing, and a job transfer scroll for the God-level hidden class Ninefold Shield Warrior. In addition, for the three of you, I will give you an additional two thousand free attribute points each.”

The black-robed leader waved his hand and gave rewards to Lin Tianhao, Fatty, and Monkey.

“Not only that, God Fatty Invincible, Monkey of the Great Sage Equaling Heaven, I will give you each a set of gold-level unrestricted suits.”

“Okay.”

Monkey and Fatty were very happy, each got two thousand free attribute points, and a set of gold-level unrestricted suits, the attributes can be greatly improved.

“Fatty, this Ninefold Shield Warrior has a high degree of compatibility with you, you take it to transfer.”

Lin Tianhao directly threw the God-level hidden class transfer scroll to Fatty.

Fatty jumped up excitedly.

“Brother Hao, you are so good, I even suspect that you have ulterior motives towards me.”

“Roll!!”

Lin Tianhao cursed angrily.

Monkey urged: “Quickly transfer to see, I haven’t been in contact with a God-level hidden class yet.”

“Okay.”

Zhou Xiao Pang picked up the job transfer scroll and used it directly.

Above the sky, a khaki beam of light descended from the sky, enveloping Zhou Xiao Pang in it.

Zhou Xiao Pang’s body floated in mid-air, as if he was receiving some kind of power baptism.

Chapter 203 - Two blessings from Poseidon!

A moment later.

Zhou Xiaopang descended from the sky, his entire demeanor subtly changed.

“Hahaha, this... this is just too awesome.”

Zhou Xiaopang was so excited he almost jumped up.

“Maximum damage reflection is ninety percent. Maximum stacking of nine shields, maximum acquisition of nine skills, maximum gain of ninety percent tenacity, maximum damage reduction of ninety percent, maximum infliction of ninety percent grievous injury effect.”

Lin Tianhao: ? ? ?

Is this the God-tier hidden class?

Zhou Xiaopang continued, "Not only that, my health, armor, and magic resistance come with growth, automatically increasing by ten thousand health, one hundred armor, and one hundred magic resistance every day."

Lin Tianhao's mouth twitched slightly. He knew that God-tier hidden classes were awesome.

But he didn't expect them to be this awesome.

"Of course, all of this requires a growth-type job change."

Zhou Xiaopang continued, "I've only just changed jobs, and all six passive skills are only at the Double level."

"The growth attributes are 100 health, one magic resistance, and one armor."

Lin Tianhao nodded secretly. Obtaining a God-tier hidden class is only the first step, not a one-step solution.

There is a subsequent growth mechanism.

After all, the mechanism of Twilight of the Gods is Nine Transformations, Demigod, Pseudo-god, and finally the true God.

If changing jobs to a God-tier hidden class could be achieved in one fell swoop, it would be too simple.

Lin Tianhao was also a hidden class in his previous life.

He knew that the job change mechanism of hidden classes was different from that of regular classes. Different hidden classes had different job change requirements.

However, with the strength of Zhou Xiaopang's Ninefold Shield Warrior, it can definitely be considered extremely outrageous.

Further unlocking should also be very difficult.

Of course.

This is not Lin Tianhao's concern for the time being.

He will support Zhou Xiaopang, but the core is still his own strength.

He now possesses the blessings of eight Eastern gods: Mother Earth, the Old Man of the Moon, the Jade Emperor, the Fire God Zhurong, the Third Prince Nezha, the God of Wealth, the Supreme Lord Lao, and the Queen Mother of the West.

According to the requirements.

He needs to collect the blessings of ten Eastern gods in order to revive the ancient Eastern kingdom.

Not only that.

Shui Ruyan's task is also the blessings of ten Eastern gods.

According to Lin Tianhao's guess, Shui Ruyan should have a Super God-tier hidden class with a very high compatibility with her.

Seeing how Zhou Xiaopang's God-tier hidden class is already like this, Lin Tianhao can be said to be even more eager for a Super God-tier hidden class.

He completed the Black Robe Leader's mission this time and happened to get two opportunities for the blessings of the gods.

If he is lucky enough to obtain the blessings of two non-repeating Eastern gods, he can take another step forward and complete these two tasks.

“Ding, you used the Blessing of the Gods.”

“Ding, the gods are bestowing blessings upon you...”

“Ding, you have obtained the Blessing of Poseidon, God of the Sea...”

Lin Tianhao: ? ? ?

Does he need the Blessing of Poseidon? He wants the Blessing of Eastern gods.

Damn it!

Don't mess around, okay?

“Ding, you have obtained the skill Vast Sea Cosmos.”

Vast Sea Cosmos: Special.

Learning Requirement: Limited to Xue Di.

Effect: After use, centered on you, teleportation, displacement, flying, and other means cannot be used within a radius of one thousand meters, lasting for five minutes.

Consumption: None.

Cooldown: 1 hour.

Proficiency: Cannot be upgraded.

(Note: You and your teammates are not affected by this effect.)

Lin Tianhao's eyes lit up. Although the Blessing of Poseidon made him a little unhappy, this skill, Vast Sea Cosmos, seemed to be very good.

In the future, if he wants to mess with someone, they won't even have a chance to run.

However.

Based on Lin Tianhao's judgment, this restriction, like the Undying True Body of the God of the Undead, has certain limits.

For example.

Undying True Body.

It is said to be undying, but when the Cycle of Death is triggered, isn't it still going to die?

Because the strength of the Undying True Body is not as good as the Cycle of Death, the priority of the Cycle of Death is higher.

This Vast Sea Cosmos should be similar.

At least.

Lin Tianhao feels.

If someone uses Vast Sea Cosmos on him, he can still leave using the Kunlun Mirror.

Because the priority of the Kunlun Mirror is greater than that of Vast Sea Cosmos.

Including the first time Lin Tianhao used the Guardian Tower to trap Leona, Leona was able to leave the Guardian Tower with the ice-blue flag, also because Leona's ice-blue flag had a higher priority.

But no matter what.

The skill Vast Sea Cosmos is also very awesome.

Perhaps there are things with a higher priority than Vast Sea Cosmos, but there are definitely not many.

Especially those related to teleportation, displacement, and other means, are even rarer.

“God bless me.”

Lin Tianhao took out the remaining Scroll of the Prerequisite Quest for the Blessing of the Gods.

“Use the Blessing of the Gods.”

“Ding, the gods are bestowing blessings upon you...”

“Ding, you have obtained the Blessing of Poseidon, God of the Sea...”

Lin Tianhao: ? ? ?

He is now somewhat wanting to curse.

What is this?

Two Blessings of the Gods, both from Poseidon.

Damn it!

These two Scrolls of the Prerequisite Quest for the Blessing of the Gods must have flowed out of Poseidon's hands.

What a damn thing!!

Two Blessings of the Gods, and he didn't even get one Eastern god.

“Ding, you have obtained the title Son of the Sea.”

Son of the Sea: Special Title.

Equipping Requirement: Limited to Xue Di.

Effect 1: In the ocean, you can move freely, and your movement speed is increased by three times.

Effect 2: In the ocean, your attacks will not be hindered or weakened by seawater, excluding fire attribute attacks.

Effect 3: In the ocean, your health and mana recovery speed are increased by three times, excluding life-stealing abilities.

Note: Wearing this title can earn the respect of most races in the ocean.

Lin Tianhao raised his eyebrows.

Son of the Sea?

Does Poseidon not even try to hide his advantage?

Him? He wants to be my old father?

Is he worthy?

He's not worthy!

Thinking like this, Lin Tianhao muttered and equipped the title Son of the Sea.

“When I have the chance, I'll send Poseidon to the God Conferred List and see who is whose old father.”

Although he obtained two Blessings of the Gods, now a headache has come.

He is still two Blessings of Eastern gods short of collecting ten Blessings of Eastern gods.

Before the second job change.

Where is he going to get those two Blessings of Eastern gods before the second job change?

Before the second job change, besides the Vast Sea Kingdom, he can also go to the Land of Chaos and the Underworld Kingdom.

The Underworld Kingdom is basically all Underworld Race, and they are somewhat xenophobic. I'm afraid it won't be easy to obtain the Blessing of the Gods there.

Then.

Only the Land of Chaos is left.

It's a mixed bag there, with people from all walks of life. Maybe he can gain something.

"Fatty, Monkey, take a look, and if it's about right, go to the Vast Continent for a job change. I may have to stay here for a while."

Chapter 204 - The second talent: the heart of divine punishment!

Monkey took the lead and asked, "Brother Hao, is there anything we can help with?"

Lin Tianhao spread out his hands, "No, after you go to the Vast Continent, just try your best to improve your strength."

"Also, don't easily join the local forces of the Vast Continent."

After the players arrive at the Vast Continent, the playability is greatly improved.

At that time, in addition to a very small number of basic tasks, to receive good tasks, you usually need to join a force.

After going through Novice Village and Star Kingdom, players have become accustomed to receiving rewards for doing tasks.

Otherwise, relying solely on the experience points and rewards from killing monsters, the leveling time for ordinary players would be at least 50% longer.

And in the Vast Continent, joining a force can bring many benefits, such as the protection of the local force.

In the Vast Continent, there is an Adventurers Guild, which is just for posting some simple bounty missions, and the rewards are relatively average.

The key is, there is no fixed salary and residence permit.

That's right.

A damn setting.

In the Vast Continent, there is a setting for residence permits. Only with a residence permit can you enter the city, otherwise you need to pay a separate fee each time you enter the city.

Under normal circumstances, of course, it doesn't matter, but if you are not in good condition and rely on basic recovery, it will be very slow.

Moreover, it costs money to revive in the city after death.

This setting looks very bad.

However, it is precisely because of this setting that players develop the habit of cherishing their lives when they are in the Vast Continent, and they will not easily die unless absolutely necessary.

This also laid a basic foundation for the great disaster five years later.

The biggest benefit of entering the city is accepting tasks, and the second is the resurrection altar. Those in poor condition can restore their condition at the resurrection altar.

Besides that.

In the Vast Continent, there is a setting for night.

This is actually normal.

However, Novice Village and Star Kingdom are all daytime, in order to allow players to improve faster and familiarize themselves with the game.

In the Vast Continent, after night falls, visibility will drop sharply, and the monsters at night will be enhanced, greatly increasing the difficulty of killing monsters at night.

After instructing Fatty and Monkey, Lin Tianhao's gaze fell on the Black Robe Leader.

Mounts become especially important.

As for the Kunlun Mirror.

That requires him to go to a place first.

His One Qi Transforming Three Purities clones can also run around, but they will dissipate once attacked.

And walking around is really too inefficient, getting a mount will definitely be much more convenient.

The Black Robe Leader couldn't help but roll her eyes, "We're still friends if we're not joking."

"I'm not joking, I'm serious, 10 billion gold coins, how about it?"

"What?!"

The Black Robe Leader originally thought that Lin Tianhao was just joking, but when Lin Tianhao said 10 billion gold coins, she was very surprised.

"Can you really take out so many gold coins now?" the Black Robe Leader asked.

"Not for the time being, but paying a deposit of 100 million is not a big problem."

The Black Robe Leader snorted coldly, "Let's not talk about whether you have so many gold coins, even if you do, you can't buy it."

"The Vast Limitless Palace only accepts a small amount of barter for dragon eggs, and more dragon eggs are digested internally and used to recruit genius powerhouses."

Having said that.

The Black Robe Leader looked at Lin Tianhao with interest.

"But with your talent, if you join the Vast Limitless Palace, you should be able to get a dragon egg."

"Should?"

Lin Tianhao smiled noncommittally, "We'll see."

"If you don't have a dragon egg, do you have any other mounts?"

The Black Robe Leader grinned, "You've really asked the right person, do you want a Gale Horse? How about 20,000 gold coins each?"

Lin Tianhao raised his eyebrows, this is not bad.

Because the selling price of Gale Horses in the Vast Continent is around 50,000 gold coins.

"Okay, give me 10,000 first."

"Get lost!!"

The Black Robe Leader's face darkened, "I can give you a maximum of ten, I still have to pay 300,000 gold coins."

Lin Tianhao smiled helplessly and said, "Okay, then let's have ten."

The Gale Horse doesn't have much combat power, it's considered one of the better basic mounts.

Well.

After all, Lin Tianhao's first mount in his previous life was a Prairie Pig.

Lin Tianhao shuddered at the thought of those days of riding a pig on the road.

However, at the time, as a gold farming wage earner, the Prairie Pig was already good.

After paying 200,000 gold coins, Lin Tianhao received ten Gale Horses.

Gale Horse: Ordinary.

Level: 50.

Usage requirements: None.

Effect: It can maintain a movement speed of 50 + running for two hours.

Note: If the movement speed exceeds two hours, it will continue to decrease, and if it exceeds eight hours, there is a risk of exhaustion, please use with caution.

Lin Tianhao was already used to it.

He kept one for himself, and gave one each to Fatty, Monkey, Glasses, Goudao Wangu, and Su Li.

Lin Tianhao gave the remaining ones to Shooting Through the Sky. The Qi family of Heavenly Bow Mountain is amazing at archery, and they are also excellent at mounted archery, so it is good to give it to them.

To be honest.

Goudao Wangu is a bit sad now.

Lin Tianhao also considered whether or not to give Goudao Wangu the God-level Talent Awakening Stone for Glasses.

But it was just a slight thought.

Lin Tianhao strengthened his belief.

It is king to be strong oneself.

I will help Goudao Wangu when I have the opportunity.

After dealing with the affairs of the Hanhai Kingdom, Lin Tianhao habitually released a full-server announcement, looking for his sister Lin Qingqing.

But it was still useless, and there was no response.

Fatty, Monkey, and Glasses had also helped Lin Tianhao send full-server announcements, but the result was the same.

Lin Qingqing seemed to have disappeared into the sea, disappearing without a trace.

If he hadn't gone offline to confirm that Lin Qingqing was indeed in the game state, Lin Tianhao would have really suspected that something was wrong.

Putting away his thoughts.

Lin Tianhao got on the Gale Horse and headed towards the Land of Chaos.

To go to the Land of Chaos, you need to pass through the Black Wind Mountains, and then cross a few big mountains to get there.

But it's not easy to get there.

It is unrealistic to cross the Black Wind Mountains in less than three days.

Of course.

With the Gale Horse, it's different, and it's not a problem to shorten the time by half.

The mountains behind are also difficult to cross, and the key is that you can't ride a horse up them.

You can only walk on your own.

Riding a horse in the Black Wind Mountains, Lin Tianhao also specifically chose routes with more monsters.

He killed all the way, trying to stack up as much health as possible.

Three days later.

Lin Tianhao, who was climbing a mountain, received a message from Glasses.

"Brother Hao, I'm out, I've sent you the God-level Talent Awakening Stone."

Lin Tianhao's eyes lit up, the God-level Talent Awakening Stone he had been thinking about finally came, I wonder what talent he can get this time.

Taking out the God-level Talent Awakening Stone, Lin Tianhao used it without hesitation.

"Ding, you have used the God-level Talent Awakening Stone..."

"Ding, due to your high talent, the God-level Talent Awakening Stone can only awaken part of your talent."

"Ding, congratulations on awakening the talent: Heart of Heavenly Punishment!"

Chapter 205 - Are you sure you want to rob me?

Heart of Heavenly Punishment (Super God-Tier): 1 Star

Effect 1: Every time your skills deal damage to a living being, permanently increase 1 point of health.

Effect 2: The additional effects of your equipment, including but not limited to skills, summons, burning, splash damage, etc., permanently increase 1 point of health for every instance of damage dealt to a living being.

Proficiency: 0 / 1000.

Lin Tianhao was stunned for a moment. Previously, only basic attacks could stack health.

Now it's different.

Skills can also stack health.

Before, Lin Tianhao felt that Lightning Leap and Heavenly Fire Meteor somewhat affected his ability to stack health.

But now it seems.

These two skills are simply powerful tools for him to stack health.

Wait!!

If Lightning Leap and Heavenly Fire Meteor are powerful tools.

Then what about the Book of Life and Death!!!!

Lin Tianhao's Book of Life and Death is currently locked onto the vampire marquis, Mindekai Duo.

At this moment.

Lin Tianhao saw his health begin to rise continuously.

+1.

... ..

In less than seventeen minutes, Lin Tianhao received a system notification.

"Ding, your talent, Heart of Heavenly Punishment, has been upgraded to two stars."

Like Hand of Heavenly Punishment, after Heart of Heavenly Punishment is upgraded to two stars, each instance of damage will stack two points of health.

+2.

+2.

+2.

-9801.

Lin Tianhao: ???

He was stunned for a moment. His health was increasing nicely, so why was he losing health?

That's right.

It was just health loss, not a reduction in maximum health.

He hadn't taken any attacks, nor had he encountered any negative statuses, so why was he losing health?

-9801.

-9801.

... ..

This health loss didn't stop; it was still continuing.

"Book of Life and Death, damage reflection."

Lin Tianhao quickly reacted.

He was still a little confused, but the number 9801 seemed a little familiar.

Wasn't this exactly one-tenth of the health he was losing per second from the Book of Life and Death?

The ratio was just right, so without a doubt, it was damage reflection.

"This Mindekai Duo has some ideas, actually thinking of using damage reflection to target me."

It's just a pity that this level of damage reflection is harmless to Lin Tianhao.

The Bloodthirsty Dragon Armor had already reached six stars, absorbing thirty percent of damage as health, which was equivalent to a thirty percent damage reduction.

In addition to this.

With Lin Tianhao's current health, he had a base health regeneration of over eight hundred per second.

In addition to this.

Resurrection currently regenerates five thousand health for Lin Tianhao per second.

Tears of the Goddess of Life can regenerate ten thousand health for Lin Tianhao.

Without even equipping the Nine Harmony Longbow, Lin Tianhao's current health regeneration ability was already close to sixteen thousand per second.

Adding in the thirty percent damage reduction, this little bit of damage reflection had a negligible impact on him.

In addition to this.

Lin Tianhao himself also had heavy armor damage reflection.

Although the heavy armor reflection had only reached three stars in the last battle, with only three percent damage reflection, it could still reflect over two hundred damage.

The damage wasn't high, but the insult was strong.

Withdrawing his thoughts.

Lin Tianhao no longer paid attention and continued to walk towards the Land of Chaos.

Blackwind Mountains.

Inside a cave.

There was a hidden resurrection altar here, belonging to a hidden map of the Hanhai Kingdom.

At this time, Mindekai Duo and Lorraine Mu Ye and others were here.

Looking at the damage numbers constantly popping up above his head.

Mindekai Duo's expression was very gloomy.

"Xue Di, you have successfully angered me."

Lorraine Mu Ye frowned, "What do we do now?"

"Wasn't the corpse of the Ice and Snow Goddess brought out by Leona? If I can obtain a drop of her blood, I will be able to recover quickly."

"At that time, killing Xue Di will be easy."

Hearing this.

Lorraine Mu Ye's expression became even more serious.

"The Ice and Snow Goddess is our faith. We can't bring ourselves to touch her remains."

Mindekai Duo snorted coldly, "How could Leona have subordinates as pedantic as you? She can touch the corpse of the Ice and Snow Goddess, so why can't you?"

Village Chief Wang, who was on the side, stepped forward to smooth things over.

"Lord Mindekai Duo, please calm your anger. It's not that we're unwilling, it's just that even if we were willing, with our strength, it's unlikely that we'd be able to obtain divine blood."

Mindekai Duo scolded: "Knowing that you trash are useless, I have a special gourd here. As long as you open the coffin containing the Ice and Snow Goddess's left leg, this gourd will be able to extract a drop of divine blood."

Lorraine Mu Ye still wanted to say something, but Village Chief Wang stopped him.

"Okay, I'll go."

After saying this.

Village Chief Wang said to Lorraine Mu Ye, "Mu Ye, in extraordinary times, we must use extraordinary means. I hope you can understand."

Lorraine Mu Ye opened his mouth, but in the end, he didn't say anything.

"Yes, I'll help you. The Ice and Snow Goddess's left leg is outside Blackwind City. There are strongholds guarded by grotto-heaven experts there."

"That's right."

Bing Fuli Si showed a smile on her face, "You don't need to worry too much. I will take action this time. Even if the Black Robe Leader comes in person, I can stop him."

... ..

Another three days passed.

Outside the Land of Chaos.

Lin Tianhao finally arrived here.

Traveling was really a headache. Dragons, ah, I really need a dragon mount to shorten the travel time.

More than a day ago, Lin Tianhao's Heart of Heavenly Punishment reached three stars, and now his health had also broken through the nine million mark, reaching a terrifying nine million six hundred and fifty thousand.

The existence of the Heart of Heavenly Punishment, coupled with the Book of Life and Death, made it easier and simpler for Lin Tianhao to stack health now.

"I hope I can gain something here."

Looking at the Land of Chaos in front of him, Lin Tianhao thought to himself.

Stepping into the Land of Chaos, the front was full of jagged rocks, and some dried blood stains could be seen on some of the stones.

It seemed that battles often occurred here.

Lin Tianhao had never been to the Land of Chaos in his previous life, and he didn't know much about it.

He only knew that it was a mixed bag, with people from all walks of life, and it hid many strong people.

Arriving at this jagged rocky place, Lin Tianhao was just about to continue walking forward when he saw five or six strong warriors walking out from behind the stones in front of him one after another.

There were also two archers and a mage who were using the stones as cover, staring at Lin Tianhao with fierce eyes.

Immediately after.

Behind Lin Tianhao, five people also walked out from behind the boulders on the left and right sides, looking at Lin Tianhao with fierce eyes.

In the very center in front of Lin Tianhao, the tall warrior holding a wolf's tooth club slammed his wolf's tooth club on the ground and said fiercely.

"This mountain was opened by me, this tree was planted by me, if you want to pass through here, leave money to buy your life!!"

Robbery?

This was very common in the later stages of the game.

How did these bandits from the Land of Chaos, the highest level of whom was only level fifty, have the courage to rob him?

Rubble Valley Bandit Leader (Black Iron): Level 50.

Health: 699840 / 735801.

Attack: 3298.

Skills: Wolf Tooth Whirlwind, Savage Smash, Bloodthirsty Wolf Tooth, Burning Blood Rage, Berserk.

With these attributes, Lin Tianhao was really speechless.

How dare they!!

How dare these trash attributes stand in front of him and say they wanted to rob him!

"Are you sure... you want to rob me?"

Chapter 206 - Anna Ziling!

The bandit leader raised the mace in his hand, pointed it at Lin Tianhao, and said arrogantly: "That's right, I'm here to rob you, got a problem with that?"

Lin Tianhao raised an eyebrow and lifted the Netherworld Longbow in his hand.

Seeing this.

The bandit leader narrowed his eyes, showing no fear, and even pointed to his forehead.

"Come on, shoot me dead if you have the guts!"

The other bandits followed suit, laughing loudly, obviously not believing that Lin Tianhao, a small archer, could kill their boss with one arrow.

To be precise.

They didn't even think Lin Tianhao's attack could knock off one percent of their boss's health.

After all, their boss had 700,000 health points, and one percent was 7,000.

A level 50 first-job archer, without any special opportunities, basically only had an attack power of two or three thousand.

"Since you've made the request, it would be a bit unreasonable not to grant it."

The bandit leader was still pointing at his head, "Come on, shoot me dead, can you even hit me from this far?"

"咻!"

The arrow pierced through the air.

But killing a Black Iron boss didn't even give a first kill notification.

Could it be that before he came, other players had killed this guy?

Lin Tianhao didn't know, but it didn't matter anymore.

"Gulp~"

The sound of someone swallowing saliva rang out, and everyone else present stared blankly at this scene.

Their leader.

In Lin Tianhao's hands, couldn't even withstand one arrow.

"Oh my god, there's a pervert!"

The mage was the first to react, shouting and turning to run.

The other bandits also fled in panic.

"咻咻咻!!"

Lin Tianhao released his arrows, ending the sinful lives of these bandits.

Next was the delightful corpse-looting session.

"Ding, you have obtained the equipment Luan Shi Mace."

"Ding, you have obtained the skill book Overlord Body."

"Ding, you have obtained +1200 gold coins."

"Ding, you have obtained +50 free attribute points."

.....

Lin Tianhao was a little surprised, he actually looted free attribute points.

In other words.

This Luan Shi Valley bandit leader should have been his first kill, because if it wasn't the first kill, even if he looted free attribute points, there wouldn't be so many.

A Black Iron-level boss, a second kill generally doesn't give free attribute point rewards.

Even if a few do give them, the amount wouldn't be too high, usually only five points, or twenty points.

"If that's the case, then it's likely that there are no global announcements in the Land of Chaos."

Lin Tianhao thought to himself.

But none of this matters anymore.

With the Book of Life and Death continuously stacking health points, he can more safely do what he wants to do.

All the way forward.

Lin Tianhao encountered a caravan.

He didn't pay too much attention to it, and continued to move forward on his Gale Horse.

Suddenly.

Someone called out to him.

"Young master, please wait."

Lin Tianhao looked back and saw the caravan's carriage parked on the side, and a loli with pigtails got out of the carriage.

Anna Ziling (Black Iron): 50.

Health Points: 1058908 / 1058908.

Attack: 8159.

Skills: Chain Fireball, Repelling Fire Ring, Explosive Fireball, Earth Flame Technique, Lava Roar, Flame Substitute.

Lin Tianhao was a little surprised.

A mage, also a level 50 Black Iron-level boss, actually had higher health points than the bandit leader.

It seems that her equipment should be good, and the relative bonus is relatively high.

"What's the matter?" Lin Tianhao asked.

Anna Ziling pointed to the Gale Horse Lin Tianhao was sitting on and said: "Young master, I wonder if you are selling this mount? I am willing to offer 100,000 gold coins."

Lin Tianhao frowned slightly, 100,000 gold coins, in the Vast Continent, could buy two Gale Horses.

But Lin Tianhao still needed it himself, so naturally he couldn't sell it to her.

"Not selling."

Anna Ziling was not discouraged.

"Young master, how many gold coins would you be willing to sell it to me for?"

"Ten million!"

Lin Tianhao said casually.

If Anna Ziling was really willing to take out 10 million gold coins, then he could sell it to her.

"Okay, I can't give such a high price."

Anna Ziling shook her head with some disappointment, and then signaled the coachman to continue moving forward.

Lin Tianhao was a little surprised.

It is said that there is no order in the Land of Chaos, and there are many people who fight at the slightest disagreement.

Unexpectedly, this Anna Ziling was so easy to talk to.

"I wonder if I can take the liberty to ask, do you know where there are third-job experts?"

The Gods' Blessing Pre-Quest Scroll is not easy to obtain.

In the Land of Chaos.

Lin Tianhao felt that at least a third-job expert would be needed to possess this thing.

"Oh? My grandfather is a third-job great mage, do you have something to do with finding a third-job expert?"

"Indeed, I have something to do, I wonder if you can introduce me?"

An old butler-like person beside Anna Ziling whispered:

"Miss, don't agree to him, this person's origin is unknown, he might be a robber with ulterior motives."

Anna Ziling didn't care, "If he is a robber, he can do it now, I think he really has something to do with seeing grandfather."

The old butler still wanted to say something, but was suppressed by Anna Ziling's eyes.

"Okay, then you can come with me back to Anna Territory."

"Thank you."

Lin Tianhao rode the Gale Horse, following beside Anna Ziling.

He was also thinking about what he wanted to do when he came to the Land of Chaos.

Two Gods' Blessing Pre-Quest Scrolls, the more the better.

After all, the equipment dropped by monsters has good attribute bonuses, but does Lin Tianhao lack attributes?

Obviously not!

In the past, he might have lacked mana, but with the mana orb and the guild leveling up, his current mana is completely sufficient.

All the way forward.

The journey was not smooth, and they encountered several waves of bandits along the way.

But none of them required Lin Tianhao to take action, the caravan's escort team cleared them themselves.

But the same is true.

The guards are not in good condition now.

Before they went far, the caravan stopped again.

Immediately after.

Lin Tianhao saw a group of horse bandits rushing up.

"It's... it's the horse bandits of the Sand Forest."

Someone in the guard team exclaimed, and couldn't help but start to retreat, obviously, the horse bandits of the Sand Forest were well-known.

"Miss, hide under the secret compartment of the carriage, no matter what happens, don't come out."

The old butler was very anxious, and then looked at Lin Tianhao and said: "Little brother, you have a Gale Horse, hurry up and escape, don't lose your life here."

Chapter 207 - The scene was cleared in one second, shocking everyone!

Lin Tianhao remained unmoved. "I haven't met Miss Anna's grandfather yet, how could I leave like this?"

The old butler sighed, "Foolishness! The Sand Forest bandits are monsters who eat people without spitting out bones."

As soon as he finished speaking, a bandit with a large broadsword roared from the front:

"Everyone dismount! Hand over your valuables! If you don't listen, don't blame your Grandpa Sha's Ghost-Slaying Blade for showing no mercy!"

The guards one by one placed their belongings on the ground, hugged their heads, and squatted down.

Lin Tianhao's gaze fell on the broadsword bandit.

Sand Forest Bandit Third Leader (Bronze): Level 70.

Health Points: 3,985,000 / 3,985,000.

Attack: 11,580.

Skills: Mad Blade Eighteen Slashes, Spiral Triple Slash, Cross Slash, Long Blade Block, Toss, Triple Thrust, Earth-Shattering Stone Cleave, Gale Charge, Super Armor, Berserk.

Lin Tianhao didn't care.

With a critical hit, this Sand Forest Bandit Third Leader couldn't withstand four of his arrows.

The old butler got off the carriage and said to Lin Tianhao:

"Young friend, yield! Hand over some money, and perhaps you can save your life."

"Yield?"

Lin Tianhao chuckled, "He's not worthy of me yielding."

The guard captain in the distance saw Lin Tianhao still sitting on the Gale Horse, unmoved, and angrily said:

"You brat, get off your horse! You'll get us all killed!"

"Shut up!"

Lin Tianhao coldly rebuked.

The Sand Forest Bandit Third Leader rode his鬃毛 horse, which was noticeably shorter than Lin Tianhao's Gale Horse, to the front of Lin Tianhao.

"Boy, nice mount, big temper. But, do you know who I am?"

"A dying man," Lin Tianhao replied calmly.

The Sand Forest Bandit Third Leader sneered, "A dying man? So, you can kill me."

"Yes!"

"Hahaha!!"

The Sand Forest Bandit Third Leader laughed, as if he had heard the biggest joke in the world.

"Boy, which family's young master are you, to be so arrogant?"

The old butler, seeing this, quickly said:

"Third Leader, please calm down. We are from the Anna family. Old Master Anna is a Third-Rank Archmage. Can you show some respect? We are willing to offer treasures..."

"Slap!!"

The Sand Forest Bandit Third Leader lashed the old butler with a whip.

"You talk too much."

"A Third-Rank Archmage is indeed intimidating, but have you ever heard of the Sand Forest Bandits being afraid of anyone?"

The old butler's face was unsightly, but what the Sand Forest Bandit Third Leader said next truly made him despair.

"Originally, I was wondering whether to kill you or not, but since you've brought up your backing, then I can't let you go even more."

"The wrath of a Third-Rank Archmage is still a bit troublesome."

As soon as he finished speaking.

The Sand Forest Bandit Third Leader picked up the Ghost-Slaying Blade and was about to kill the old butler.

Critical Hit!!

- 1,185,000.

- 1,185,000.

... ..

Four consecutive arrows directly emptied the Sand Forest Bandit Third Leader's health points.

"Ding, you have killed the Sand Forest Bandit Third Leader. Since you have not changed jobs, you cannot gain experience points."

Silence!

Pin-drop silence!!

Everyone stared at this scene in stunned silence.

Finally.

The guard captain couldn't help but swallow a mouthful of saliva.

"This... this is a one-hit kill! ?"

He didn't even see Lin Tianhao's movements clearly, and the Sand Forest Bandit Third Leader was killed.

The other bandits, after a brief moment of stagnation, did not flee, but charged towards Lin Tianhao like madmen.

"Kill him!"

"If he doesn't die, we won't be able to explain ourselves to the Second Leader when we return."

"Whoosh whoosh whoosh!"

Five arrows fired simultaneously, two hundred arrows per second!

One second!!

In just one second, more than a hundred bandits had all fallen.

Only this Third Leader needed four arrows; the other bandits basically only needed one arrow. A very few needed two, but it was completely unnecessary.

Because the jumping damage of lightning could complete the finishing blow.

The field fell silent again.

Still, pin-drop silence!

The old butler could be considered well-informed, but at this moment, cold sweat involuntarily seeped from his forehead.

Terrifying!

This is really too terrifying!!

What is the background of this unremarkable young man in front of him, to possess such powerful strength?

That's right.

He seems to want to see the old family head!

What is his purpose? Could it be that he has ulterior motives towards their Anna family?

Lin Tianhao didn't care so much. He came to the Sand Forest Bandit Third Leader's corpse and began to loot it.

He received a reward of fifty free attribute points, the same as the previous bandit leader.

Although there was a difference in level and grade between the two, the reward of free attribute points was relatively fixed.

Otherwise, if he reached the ninth rank in the future, wouldn't he get tens of thousands of free attribute points for killing a random monster?

The reason why the attribute point rewards were similar was because the monsters were powerful, and the players would continue to grow.

Unless it was killing existences like King Abraham and Queen Fiona, who not only were bosses but also had special identities, would he be able to obtain more free attribute points.

"Old butler, okay, the trouble is all resolved, we can continue to set off."

"Yes, yes, yes."

The old butler nodded repeatedly and immediately invited Anna Ziling out of the secret compartment in the carriage.

At this time, the guard captain finally reacted.

With a plop, he knelt in front of Lin Tianhao and kowtowed frantically to Lin Tianhao.

"Senior, spare me, senior, this junior didn't know of senior's heaven-defying abilities and shouldn't have spoken disrespectfully to senior."

As he spoke.

He put his equipment and gold coins in front of Lin Tianhao in one go.

"This junior doesn't have anything valuable, it's all here, please senior spare me."

This is a chaotic place.

People could be killed at the slightest disagreement.

Lin Tianhao glanced at it.

They were indeed all trash.

The equipment was only level fifty Black Iron equipment.

As for the gold coins.

Those more than a thousand gold coins really felt like they were taken out to humiliate him.

"Pick up your things and get lost!"

"Thank you, senior, for the grace of not killing me."

The guard captain didn't dare to take anything and ran away in a puff of smoke.

At this time.

The other guards quickly ran up.

"Senior, these are the spoils of the bandits you killed, they have all been counted for you."

Lin Tianhao was not polite and took them all.

Of course, he had to take the things that he had dropped from killing monsters.

"Eh..."

Suddenly, Lin Tianhao saw something that interested him.

Chapter 208 - Grandpa Anna!

In Lin Tianhao's line of sight, a flag with an icy blue surface appeared.

This flag was somewhat similar to the flag Leona had used before.

Lin Tianhao picked up the flag, and its attributes came into view.

Sea God Teleportation Flag: Special Item.

Effect: Use to teleport to a designated water area nearby, with a maximum teleportation distance of 100 kilometers.

Note: This item is a one-time use item and will disappear after use.

That bandit who was just killed should have had this item, but unfortunately, Lin Tianhao's damage was too high, and the speed of his kill was too fast.

This led to the bandit not even having the chance to use this Sea God Teleportation Talisman before he died.

He only vaguely guessed that the gods' slumber was to compress their power, to avoid being detected by more powerful beings.

This can be understood as ordinary people are insignificant dust, which is extremely difficult for those powerful beings to discover.

And gods are like balls of light, which are very conspicuous even in the eyes of those higher-level beings.

In order not to be discovered by those higher-level beings, the gods of several camps decided to slumber, using the power of the gods to create the Twilight of the Gods.

Then let the creatures of Blue Star quietly become stronger in the Twilight of the Gods, and seek a glimmer of hope for Blue Star after the Great Cataclysm comes.

Five years.

Very few players can reach the level of gods, but there is still a glimmer of hope.

Of course.

All of the above are just things that Lin Tianhao speculated from some clues in his previous life.

He doesn't know the specific reason.

Half a day later.

Following Anna Ziling's caravan.

Lin Tianhao finally arrived at Anna's territory!

In the Land of Chaos.

There are no countries.

There are only territories.

Large territories can develop into cities, while small ones may only have dozens of people living there.

Anna's territory is a typical family territory.

The nobles living here are members of the Anna family, and the rest are basically civilians and vassals of the Anna family.

A faint smile appeared on Lin Tianhao's face.

He knew that he was finally going to see Anna Ziling's grandfather, the Third Rank Great Mage.

Even if he didn't have the Gods' Blessing Pre-Quest Scroll in his hand, he would definitely know some clues.

"Young Master Xue, I'm going to see my grandfather and explain your intentions to him."

"Okay."

Under the arrangement of the old butler, Lin Tianhao stayed in the Anna family's mansion, in the main room.

After a while, the old butler's voice came from outside the door.

"Young Master Xue, the old master invites you over."

Lin Tianhao nodded and left with the old butler, arriving at the entrance of a unique bamboo garden.

After arriving at the entrance, the old butler respectfully said, "Young Master Xue, the old master is inside."

Lin Tianhao stepped into it and saw an old man cooking there in the bamboo garden.

He put a plate of braised pork ribs on the table, which already had several dishes that looked good.

"Young Master Xue, come and sit down. I was afraid you wouldn't be used to our taste, so I specially consulted ancient books and made some Eastern-style dishes."

Lin Tianhao was not polite and sat down directly.

"Is it just the two of us? Or are there other people? You've made so many dishes."

Old Man Anna grinned, "It's just the two of us, but with a distinguished guest visiting, we naturally need to be more grand."

The two sat opposite each other, and Old Man Anna poured Lin Tianhao a glass of wine, his enthusiasm making Lin Tianhao a little uncomfortable.

"Young Master Xue, I heard from that girl Ziling that you have something to ask me, feel free to speak."

Lin Tianhao smiled and didn't beat around the bush, "Old Man, I heard that you are a Third Rank Great Mage."

"A little false fame, not worth mentioning," Old Man Anna waved his hand.

Lin Tianhao grinned, "False fame is not important, I just want to ask Old Man Anna, do you have the Gods' Blessing Pre-Quest Scroll here?"

Hearing this.

Old Man Anna was not surprised and said bluntly.

"I do."

Lin Tianhao was a little surprised, it was so easy.

"I want it."

Old Man Anna couldn't help laughing and took the initiative to serve Lin Tianhao soup.

"Hahaha, Young Master Xue, you are a bit of an amateur to say that. What is the Gods' Blessing Pre-Quest Scroll? Who wouldn't want it?"

Lin Tianhao took the soup bowl from Old Man Anna's hand, with a smile on his face.

"I certainly can't take it for nothing, Old Man, you can make any request."

Old Man Anna pondered for a while, "To be honest, I really don't have any desires. If I had to say one, it would be that I've worked hard for decades, but I still can't complete the Fourth Rank."

Lin Tianhao's eyes narrowed slightly, "So, this is Old Man's request?"

"Of course."

Old Man Anna nodded, "As long as you can help me complete the Fourth Rank, the Gods' Blessing Pre-Quest Scroll is yours."

Lin Tianhao pondered slightly.

Since there is room for negotiation, then the problem is not big.

"I don't know what attribute Old Man is as a Great Mage?"

To break through the shackles and go further.

Either the area where you are located is upgraded.

For example, Di Xuejian, Leona, they once hoped to complete the upgrade of the Star Kingdom.

As long as the upgrade is completed, their growth limit can be further improved.

Generally, a higher-level homologous promotion is required.

That is, to obtain a higher-level job transfer item, relying on the job transfer altar, to complete the job transfer.

Otherwise, like Leona, perform overlapping job transfers.

Originally a Third Rank Great Mage of the Ice attribute, combined with the Fire attribute, to complete the fusion of the Ice and Fire attributes, becoming a Fourth Rank Ice and Fire Great Mage.

Of course.

This is not so simple, otherwise the entire Star Kingdom would not have only one Leona who completed the Fourth Rank.

Old Man Anna raised his head and smiled, "Young Master Xue, it's impossible, my attribute is extremely rare."

Lin Tianhao's heart sank.

If this is the case, then the difficulty of helping Old Man Anna complete the Fourth Rank will be very high.

"Old Man, you should at least tell me, even if it's to let me give up, I have to know why I'm giving up."

Old Man Anna smiled, "Okay, it's not a secret anyway, it doesn't matter if I let you know."

After the words fell.

Old Man Anna raised his hand, and a gray-white light flowed in his palm.

The next moment.

A undead skeleton appeared next to the dining table.

"I am a Third Rank Undead Great Mage, how about it, have you given up?" Old Man Anna smiled.

Lin Tianhao looked at the undead skeleton, with a strange smile on his face.

Undead Great Mage? The god you believe in is still lying in my God Sealing List!

Chapter 209 - Kifutaimu's expression changes in seconds!

“Grandpa, I can help you...”

Before Lin Tianhao could finish speaking, a hearty laugh came from outside the bamboo garden.

“Hahaha, Old Jue Lin, you can’t refuse me this time.”

As the voice faded.

A middle-aged strong man with curly golden hair strode in.

As soon as he came in, he couldn't help but be stunned when he saw Lin Tianhao sitting opposite Anna Jue Lin.

“Old Jue Lin, who is this young man?”

Anna Jue Lin grinned, “A young man with the same purpose as you.”

Hearing this.

The golden-haired strong man's face sank, and he sneered: "Young man, you can't meet Old Jue Lin's requirements. You should give up on the Scroll of Divine Blessing Prerequisite Quest."

Lin Tianhao didn't care and said calmly: "Whether I can meet Grandpa's requirements is my business, it has nothing to do with you."

“Hmph, ambitious, but even if you can meet the requirements, it doesn’t matter, because I will definitely be faster than you.”

The golden-haired strong man snorted coldly.

He took out a fragment from his arms.

“This is a weapon fragment once used by the God of the Undead that I obtained after going through all kinds of hardships. There is a high probability that it can help Old Jue Lin complete the fourth job advancement.”

“What?!”

Anna Jue Lin stood up excitedly. He quickly came to the golden-haired strong man and devoutly looked at the weapon fragment of the God of the Undead.

“This aura, I can’t be wrong, it must be a weapon fragment of the God of the Undead.”

After a brief moment of excitement.

Anna Jue Lin turned around and said to Lin Tianhao: “Young Master Xue, I may have to disappoint you.”

“You have also seen that my friend has found the weapon fragment of the God of the Undead. With the help of the power in it, there is a high probability that I can complete the fourth job advancement.”

Lin Tianhao smiled indifferently, "Grandpa, don't worry, isn't the requirement you mentioned to complete the fourth job advancement?"

“Since that’s the case.”

“Then let’s try it. If you successfully advance with the help of this weapon fragment, then I will turn around and leave. But if you fail to advance, please give me a chance.”

Lin Tianhao was indeed not in a hurry.

Because he had just communicated with the God of the Undead, and he was the God of the Undead, as long as he was by his side.

Not to mention just a weapon fragment, even a complete weapon he had used, if he didn't want Anna Jue Lin to successfully advance, Anna Jue Lin would definitely fail.

Anna Jue Lin looked at the golden-haired strong man.

The golden-haired strong man nodded and said: "Young man, you are also reasonable, then let's do as you said."

"But I can definitely tell you that you have no chance. The weapon fragment of the God of the Undead is more than enough to help undead-type professions complete the fifth or even sixth job advancement."

"This mere fourth job advancement has no possibility of failure."

Lin Tianhao smiled noncommittally and said: "Don't be so sure, this is after all a two-star area, what if it fails?"

Star-level areas are normal upgrades, and the second job advancement is the limit.

As for the one-star area, the normal first job advancement is the limit.

"Alright, I'll know the result after I try it."

Anna Jue Lin devoutly held up the weapon fragment of the God of the Undead and chanted some spells that Lin Tianhao couldn't understand.

But at this moment.

"Boom boom boom!!"

In the sky.

Six millstone-sized fireballs flew towards the bamboo garden.

Anna Jue Lin's face changed, and he immediately stopped the job advancement. With a wave of his hand, a huge bone shield appeared in front of him.

The bone shield blocked the fireballs.

At the same time, a sinister voice came.

“Old Jue Lin, I haven’t even completed the fourth job advancement yet, and you want to complete the fourth job advancement? Have you asked me if I agree?”

Lin Tianhao frowned, another person was looking for trouble.

The Anna family also came with dozens of people, surrounding them.

“Red Beard, what do you mean by this?” Anna Jue Lin reprimanded, suppressing his anger.

The Red Beard old man sneered, “Our two territories are not far apart. Before, you and I were both third job advancement great mages, so we were naturally at peace.”

“But now you want to secretly complete the fourth job advancement and break the balance, how can I agree?”

Lin Tianhao covered his forehead, it was so troublesome.

“Get out now, you can still live, if you don’t leave, then stay here forever!”

Lin Tianhao's voice was not loud, but it exploded in the field like a thunderclap.

"Old Jue Lin, is this kid a junior in your family? Is this how you discipline your juniors?"

"Whoosh!"

Lin Tianhao didn't want to talk nonsense.

He attacked directly.

The feather arrow landed on the Red Beard old man.

-605110!!

No critical hit!

But still, a damage number exceeding 600,000 appeared.

This is the benefit of the Heart of Heavenly Punishment cooperating with the Book of Life and Death.

Lin Tianhao can easily stack health points when doing quests.

"Hiss—"

Many people in the field gasped.

One arrow!

600,000+ damage, this... is too terrifying!

Two golden warriors immediately stood in front of the Red Beard old man, looking at Lin Tianhao with wary expressions.

The Red Beard old man trembled and said: "Old Jue Lin, where did you find such a monster?"

Anna Jue Lin snorted coldly, "Aren't you leaving yet? Do you really want to die here?"

The Red Beard old man glanced at Lin Tianhao solemnly and left with his men in disgrace.

The golden-haired strong man next to Lin Tianhao swallowed.

Before, he had somewhat underestimated Lin Tianhao.

But seeing the damage dealt by Lin Tianhao's arrow, he only felt a chill down his spine.

In his current state, how many arrows could he withstand?

"Thank you, Young Master Xue, for your help."

Anna Jue Lin smiled politely at Lin Tianhao.

The golden-haired strong man was a little restless.

He was hesitating, hesitating whether to let Anna Jue Lin continue the job advancement.

If Anna Jue Lin successfully advanced, with the strength of this Young Master Xue, would he kill him to silence him?

After a brief struggle, the golden-haired strong man quickly said:

“Old Jue Lin, how about we forget it? I see that Young Master Xue really wants the Scroll of Divine Blessing Prerequisite Quest, I won’t cut off his love.”

Hearing this.

Anna Jue Lin was a little disappointed and reluctantly handed the weapon fragment of the God of the Undead back to the golden-haired strong man.

He also knew.

The golden-haired strong man should be scared.

After all, anyone would be scared knowing that their competitor is so terrifying.

After receiving the weapon fragment of the God of the Undead, the golden-haired strong man respectfully handed it to Lin Tianhao with both hands.

“Young Master Xue, I am Kifu Taimu of the Kifu family, a third job advancement golden-level warrior. Nice to meet you, a small token of my appreciation, please accept it, Young Master Xue.”

Lin Tianhao was a little surprised.

I have to say.

This Kifu Taimu is quite sensible.

“Although I don’t need this thing, but seeing that you are so sensible, I will reluctantly accept it.”

Lin Tianhao picked up the weapon fragment of the God of the Undead.

This is also a demigod-level weapon fragment, which is not uncommon for the God of the Undead.

After all, his sixteen weapons are all demigod-level.

"God of the Undead, how could your weapon fragment be here? Who broke it?"

After Lin Tianhao got the weapon fragment, he subconsciously communicated with the God of the Undead.

Chapter 210 - The secret book of the true meaning of the sea!

The God of the Undead responded through telepathy: "This... I don't really remember either. Back during the God Wars, I had hundreds of demigod-level weapons shattered."

Lin Tianhao was stunned, but the God of the Undead continued, "However, there might be a Cthulhu God nearby."

"Oh?"

Lin Tianhao was a little surprised. Before he could continue communicating, Anna Jue Lin rubbed her hands together, staring eagerly at the weapon fragment of the God of the Undead in Lin Tianhao's hand.

"Young Master Xue, that..."

Lin Tianhao knew what Anna Jue Lin was thinking, so he directly threw the weapon fragment to her.

"Here, don't forget our agreement."

With the help of the God of the Undead, he could complete the fourth job advancement even without this fragment.

However, the God of the Undead was Lin Tianhao's trump card, and he didn't plan to use it unless absolutely necessary.

"Please rest assured, Young Master Xue. I, Anna Jue Lin, am a woman of my word and will never go back on my promise."

Lin Tianhao didn't care.

If Anna Jue Lin dared to refuse, he would turn her entire territory upside down.

While Anna Jue Lin was undergoing her job advancement, the voice of the God of the Undead came again.

"That's a Silver-Eyed Octopus, named Silver-Eye·Nicolás, a descendant of the Black Goat of the Woods, Shub-Niggurath."

Lin Tianhao frowned slightly.

A deity from the Cthulhu mythos.

In his previous life, he had encountered some, but they were mostly ghouls and other extremely weak beings, and there had been almost no direct confrontations.

Black Goat of the Woods.

A very powerful existence in the entire Cthulhu mythos.

It possesses terrifying life and reproductive abilities, and has spawned a large number of creatures.

The God of the Undead is already an above-average existence in the Western mythology system, so he shouldn't be unable to defeat a descendant of the Black Goat of the Woods.

"We were evenly matched, but that wasn't my prime. My natal divine artifact was damaged, and all my divine artifacts and pseudo-divine artifacts were shattered. Otherwise, I wouldn't have been using a semi-divine artifact as a weapon."

Lin Tianhao nodded, understanding in his heart.

"Then do you know what this Twilight of the Gods is all about?"

Hearing this, the God of the Undead became solemn, "It cannot be spoken."

Lin Tianhao didn't ask further. He knew that even the God of the Undead couldn't reveal the secrets of the Twilight of the Gods.

Or rather.

If the secret of the Twilight of the Gods were to be spoken by a god, it might trigger some unknown change.

"Also."

"Within five years, it's best if Your Excellency doesn't let me use too much power, preferably controlling it to one ten-thousandth, or even one millionth."

Lin Tianhao narrowed his eyes slightly.

The God of the Undead's words confirmed some of his guesses.

In his previous life, although some people vaguely revealed that the Twilight of the Gods was created by the main god of the Milky Way using the power of the gods.

Lin Tianhao wasn't very clear about the specifics.

Since he couldn't figure it out for the time being, Lin Tianhao simply stopped thinking about it.

He withdrew his thoughts and looked at Anna Jue Lin, who was undergoing her job advancement.

With the secret help of the God of the Undead, Anna Jue Lin didn't encounter any problems during her job advancement and completed it very easily.

"Hahaha, I've finally completed my job advancement! Fourth job advancement, is this the power of the fourth job advancement? It's so wonderful!"

Anna Jue Lin laughed somewhat ecstatically.

"Old man, isn't it time for you to fulfill your promise?"

Anna Jue Lin's eyes rolled around. Lin Tianhao knew that she was up to no good with just one look.

"Young Master Xue, the Gods' Blessing Pre-Quest Scroll is no small matter, and this weapon fragment isn't yours either. You're completely using someone else's flower to offer to Buddha, or..."

"You want to go back on your word?"

Lin Tianhao narrowed his eyes, his gaze falling on Anna Jue Lin.

Anna Jue Lin snorted softly, "Young Master Xue, I know you're strong. Perhaps the third job advancement me wasn't your opponent."

"But now, I've already completed the fourth job advancement. Do you think I'm still afraid of you?"

Lin Tianhao smiled, "A fourth job advancement Undead Grand Magister, you're really amazing."

As soon as he finished speaking.

Lin Tianhao raised his hand, and a large amount of undead power surged out from his palm.

Leona and the tens of thousands of city guards killed by Lin Tianhao appeared together, surrounding the entire Anna territory.

Anna Jue Lin was stunned.

Especially when she sensed Leona's fourth job advancement aura, her body couldn't help but stagger backward.

A Platinum-grade fourth job advancement was much stronger than her Gold-grade fourth job advancement.

The entire Anna territory was dumbfounded.

What was going on?

Why were they suddenly surrounded by an undead army?

After a brief moment of shock, many people in the Anna territory became excited.

"Hahaha, it must be the old patriarch, he has entered the fourth job advancement realm! Only the old patriarch can summon so many undead in one breath."

"Too strong! In the future, our Anna territory will definitely be able to develop further in the Land of Chaos."

"Is this the work of a fourth job advancement undead summoner? Too strong! I am honored to be born into the Anna family."

... ..

Compared to the excitement of the Anna family members outside, Anna Jue Lin was somewhat apprehensive.

She said in disbelief, "You... aren't you an archer?"

Lin Tianhao looked at Anna Jue Lin coldly, "Give me the Gods' Blessing Pre-Quest Scroll."

"Okay, I'll give it to you, but you can't attack."

"No problem," Lin Tianhao replied simply.

Anna Jue Lin breathed a sigh of relief and respectfully handed the Gods' Blessing Pre-Quest Scroll to Lin Tianhao.

After obtaining the Gods' Blessing Pre-Quest Scroll, Lin Tianhao used it without hesitation.

"Ding, you have used the Blessing of the Gods."

"Ding, the Gods are bestowing blessings upon you."

"Ding, you have received the blessing of the Goddess Mazu."

"Ding, you have obtained the Mystic Tome of the Essence of the Sea."

Lin Tianhao's eyes lit up. He had an extra tome in his hand.

Mystic Tome of the Essence of the Sea: Special.

Introduction: Read carefully and understand the contents above, and you will comprehend the Essence of the Sea.

Lin Tianhao was a little excited. This was the complete version.

He had obtained a tome before, but it was incomplete, and it was directly a Law Tome, making it even more difficult to comprehend.

After obtaining what he wanted, Lin Tianhao waved his hand and said indifferently, "Annihilate the Anna family."

Leona took the lead, and ice and fire magic descended on Anna Jue Lin's head in an instant.

Anna Jue Lin immediately summoned a bone shield to block, and at the same time questioned, "Young Master Xue, didn't you say you wouldn't attack?"

"I didn't attack!"

Lin Tianhao replied calmly. Perhaps there were good people and innocent people in the Anna family, but when he was prepared to attack, he would not hold back.

Because in the Great Cataclysm of his previous life, Lin Tianhao had seen too many people who were soft-hearted or full of sympathy, and ended up losing their lives.

Either don't attack, or if you do, don't hold back. They are a family. If you kill one person, the others will not sit idly by. Hatred will eventually continue until one side is completely destroyed.

Tens of thousands of undead city guards also swarmed up.

The people of the Anna family originally thought that these undead were summoned by Anna Jue Lin, but when they were attacked, they were all terrified.

"How... how could this be? How could the old patriarch's summons attack us!"
