Chapter 211 - Silver mount: Flame Turkey King!

The people of the Anna family panicked, caught off guard by the sudden attack of the undead army.

"Why?"

Anna Jue Lin roared, "I've already given you the Gods' Blessing pre-quest scroll, why are you still doing this?"

"Is this the magnanimity of a strong person?"

Lin Tianhao coldly looked at Anna Jue Lin, "Going back on your word, would you have given it to me if I didn't have the strength?"

"From the moment you wanted to cheat, you were already preparing for this calamity."

"The Anna family will be destroyed because of you!"

Anna Jue Lin roared, "Boy, do you really think a fourth-rank undead summoner is so vulnerable?"

Anna Jue Lin waved the skull staff in his hand, and three fourth-rank skeleton ghost fire leopards emerged from the ground.

Lin Tianhao remained unmoved.

Anna Jue Lin thought he had the power to resist, which only meant he didn't understand Leona enough.

Leona was the King of the Star Kingdom, and also a dual ice and fire attribute Archmage. She was several times stronger than an ordinary fourth-rank platinum-level Archmage.

This was the ability granted to Lin Tianhao by the Godslayer mark when he killed the God of the Undead.

As long as Lin Tianhao killed a creature, he could enslave its soul to fight for a month, with a maximum of one million.

These undead were equivalent to Lin Tianhao's summons, so after they killed the people of the Anna family, Lin Tianhao could directly enslave their souls to join the battle.

With this ebb and flow, the Anna family quickly couldn't hold on.

As for Anna Jue Lin.

Under Leona's attack, he had no power to resist.

In less than fifteen minutes.

The battle ended.

The Anna family, not a single one remained.

Kivettim, who was on the side, looked at Lin Tianhao with some trepidation, fearing that Lin Tianhao would be unhappy and destroy him as well.

After all, Anna Jue Lin was a fourth-rank expert, and he was easily destroyed without Lin Tianhao taking action, let alone him.

"Se... Senior..."

Kivettim said tremblingly, "I... I have not disrespected Senior in any way, please be merciful and don't kill me."

"I'm not a bloodthirsty person."

Lin Tianhao shook his head, "Judging by your appearance, you seem to need the Gods' Blessing pre-quest scroll very much."

Kivettim nodded, "Yes. I heard that if you have the Gods' Blessing pre-quest scroll, you can exchange it for unexpected benefits from adventurers."

"Do you know anyone else who has the Gods' Blessing pre-quest scroll?" Lin Tianhao asked.

Kivettim nodded repeatedly, "I do know one other person who has the Gods' Blessing pre-quest scroll."

"Who?"

"To the east of here is the Ze Bu Du Ocean. There is an island called Ze Lian Island on the ocean. The island owner there has the Gods' Blessing pre-quest scroll."

"Oh?"

Lin Tianhao nodded with interest, "Thanks."

Afterward.

Lin Tianhao looted everything in Anna's territory, and then rode his Gale Horse slowly towards the east.

Sitting on the horse, Lin Tianhao took out the Sea's True Meaning Secret Book and began to study it, understanding the true meaning contained within.

True meaning is different from skills, its power is above skills.

If attack methods were to be divided, the most basic would naturally be basic attacks.

Then there are skills, which are divided into ordinary skills, forbidden spells, and divine powers.

Lin Tianhao has not yet come into contact with forbidden spells, but he has come into contact with ordinary skills and divine powers.

Three Heads Six Arms belongs to divine powers, which are generally learned by warrior professions.

Forbidden spells are generally learned by mages, and the two are on par.

Above forbidden spells and divine powers are true meaning and laws.

True meaning can be regarded as the prototype of laws.

True meaning and laws are actually a kind of application of the rules of heaven and earth.

Whether it is a forbidden spell or a divine power, it is driven by one's own power as the foundation.

The biggest difference is that true meaning does not consume mana, while forbidden spells and divine powers basically consume mana, and the amount of mana consumed is not low.

When Kivettim said that the other party was on the island, Lin Tianhao had the idea of comprehending true meaning.

It is very, very difficult to comprehend true meaning on your own.

But if you have a true meaning secret book, it will be much easier to comprehend.

Perhaps because of his ten years of experience in his previous life, Lin Tianhao's comprehension became smooth and he gradually entered a better state.

At this moment, a relatively special all-server announcement interrupted Lin Tianhao's comprehension.

"All-server announcement, congratulations to player Ambition Taoist for being the first to comprehend true meaning, reward: free attribute points +200, gold coins +10000, special equipment +1, special skill +1, gold-level flying mount +1. This is a special announcement, hoping that all players will continue to work hard."

.....

Lin Tianhao: ???

He had already started to comprehend, what was going on?

According to his speed, he would be able to comprehend true meaning in at most one more day.

Special equipment, special skills, and gold-level flying mounts, these things would all be of great use to Lin Tianhao at this stage.

"What a pity."

Lin Tianhao was a little helpless, but there was nothing he could do.

He could only continue to study with his head down.

The second person to comprehend true meaning should also receive good rewards.

"All-server announcement, congratulations to player Dream Chasing Yanxue for being the second to comprehend true meaning, reward: free attribute points +100, gold coins +5000, special equipment +1, gold-level necklace +1, silver-level flying mount +1. This is a special announcement, hoping that all players will continue to work hard."

Lin Tianhao: ???

Was he kidding, was comprehending true meaning as easy as picking cabbage?

He was comprehending, and other people were rushing to comprehend?

Damn it!

Speed up.

Half a day later.

Under Lin Tianhao's hard work, he finally comprehended the first stage of the Sea's True Meaning.

"Ding, congratulations, you are the third player to comprehend true meaning, an all-server announcement is about to be made, do you want to hide your name?"

"No."

"All-server announcement, congratulations to player Snow Emperor for being the third to comprehend true meaning, reward: free attribute points +50, gold coins +3000, special equipment +1, silver-level mount +1. This is a special announcement, hoping that all players will continue to work hard."

Third, not bad.

Lin Tianhao did not check the special equipment first, but first checked the silver-level mount.

Flame Fire Chicken King: Silver.

Level: 50.

Usage requirements: None.

Effect 1: The Flame Fire Chicken King can run at a speed of 110 per second for five hours.

Effect 2: From a high place, the Flame Fire Chicken King can spread its wings and dive, with a maximum movement speed of 330.

Note: Mounts cannot be used in combat. Diving too steeply may cause damage to it. If running at high speed exceeds five hours, the movement speed will continue to decrease. If running at high speed exceeds ten hours, the Flame Fire Chicken King is at risk of death. Please use with caution.

Chapter 212 - Encounter the dream-chasing smoke and snow!

This...

Lin Tianhao felt a little like complaining.

Why wasn't he a flying mount?

The first and second were both flying mounts, wasn't this messing with his mentality?

Even if it wasn't a Silver-grade one, a Bronze-grade flying mount would have been nice.

But this...

This was a gank from the system.

Lin Tianhao then checked the special equipment from this reward.

Wind Chaser Button: Special.

Equip Requirement: None.

Effect: After using a mount, increases the mount's movement speed by 20%.

Durability: 100.

Lin Tianhao smiled helplessly; this special equipment was just so-so.

Withdrawing his thoughts.

Lin Tianhao began to feel the power of the Essence of the Sea.

Without reaching the sea, Lin Tianhao could only use a tiny bit of the Essence of the Sea's power.

However, according to Lin Tianhao's previous life's understanding of Essence.

Essence is divided into three stages, each stage further divided into early, middle, and late levels.

The first stage of Essence is called the Gravity Stage.

Lin Tianhao could now be considered at the early Gravity Stage.

At the Gravity Stage, the Essence can be used in very few combat situations; simply put, it allows one to mobilize the power corresponding to the Essence they comprehend.

To use Essence in combat, one needs to reach the next stage, the Solidification Stage.

The Solidification Stage is about solidifying the mobilized Essence power into attack methods.

The most common is a wind blade; for the sea, it would be a water column or a whirlpool.

Reaching this stage gives the Essence relatively good combat power.

As for the third stage of Essence, Materialization!

As the name suggests, the third stage can materialize what was solidified in the second stage.

For example, a wind blade.

The wind blade in the second stage is simply condensed from wind elements, flimsy and without a foundation.

The third stage can turn it into a true Essence wind blade.

Using carbon and diamonds as an analogy is more appropriate.

Carbon and diamonds have the same elemental structure, but the hardness between the two is vastly different.

If the wind blade solidified in the second stage is carbon, then the wind blade materialized in the third stage is a diamond.

Of course.

Materializing is still a bit far off for Lin Tianhao.

Improving Essence by even a small level is extremely difficult, especially later on; it's possible to not improve for a year or even several years.

Of course.

Lin Tianhao wouldn't be that exaggerated.

He has the Essence Secret Manual, which can greatly shorten this time.

Sitting on the back of the Flame Turkey King, after another two hours, Lin Tianhao saw the endless ocean.

That should be the Ze Budu Sea that Kiff Taimu mentioned.

Putting away the Essence Secret Manual, Lin Tianhao told the Flame Turkey King to speed up and rush to the seaside.

It couldn't fly, so it could only stop at the seaside.

Lin Tianhao raised his hand.

A strand of seawater slowly flew towards Lin Tianhao, circled him once, and finally flew back.

This was the level that the early Gravity Stage could achieve; don't even think about using it for combat.

Only.

He needed to go to Zelian Island.

Without a flying mount, he could only take a boat.

The Child of the Sea title would allow Lin Tianhao to cross the seabed.

But unless absolutely necessary, Lin Tianhao didn't plan on walking across the seabed himself.

Looking around, Lin Tianhao saw a pier in the distance.

Urging the Flame Turkey King on, he soon arrived at the pier.

A ship was loading cargo here, and many slaves were carrying goods onto the ship.

As soon as Lin Tianhao arrived, several guards with spears pointed them at Lin Tianhao.

On the freighter, several archers also aimed their arrows at Lin Tianhao.

"Stop."

A soft reprimand came, followed by a woman walking over.

"Player?"

Lin Tianhao was a little surprised.

Although players can hide their nicknames, there is still a clear distinction between them and NPCs.

"You're also a player?"

Obviously, the female mage had recognized Lin Tianhao's identity, which was why she had stopped those people from attacking.

"Yes."

The female mage looked at the Flame Turkey King under Lin Tianhao, and seemed to think of something, and couldn't help but ask: "Are you Snow Emperor?"

Lin Tianhao knew that she was speculating based on the previous server-wide announcement.

Although the Flame Turkey King had wings, it couldn't be determined if it could fly, but its Silver quality couldn't be hidden.

The first Wild Ambition Daoist was a Gold-grade mount.

The second and third were Silver-grade mounts.

Only, the second person to comprehend Essence was Dream Chaser Smoke Snow, who was a woman.

Therefore, the final answer was beyond doubt.

A man with a Silver-grade mount at this stage could almost certainly be Snow Emperor.

"Correct." Lin Tianhao nodded.

The female mage took the initiative to reveal her game nickname.

"Dream Chaser Guild Leader, Dream Chaser Smoke Snow, Snow Emperor's reputation precedes you, I wonder if you could give me a friend slot."

Lin Tianhao was stunned; what luck he had to meet Dream Chaser Smoke Snow here.

"Sorry, we're not familiar."

Dream Chaser Smoke Snow had never directly offended Lin Tianhao, but her nepotism had caused Lin Tianhao a lot of suffering in his previous life.

"I know you're still angry about me bringing people to surround and kill you before, but the bounty was really too high, I was also..."

Lin Tianhao raised his hand to interrupt Dream Chaser Smoke Snow.

"Uh... you misunderstood, I was abused in the spring when I was wanted, if I were to hold grudges, many players would die."

At this point.

Lin Tianhao continued: "Besides, the people you brought at the time, I killed in a few seconds, to be honest, I just thought you were inexplicable, make me angry? Not really."

Dream Chaser Smoke Snow's mouth twitched.

Lin Tianhao's words were euphemistic, and she naturally heard them.

In Lin Tianhao's opinion, what happened before was like an ant biting him, and then being trampled to death by him.

No, they were trampled to death before they even bit Lin Tianhao.

"Anyway, what happened at that time was my fault, I heard that you are selling Life Orbs, I am willing to offer 20,000 gold coins, may I..."

"Sorry."

Lin Tianhao interrupted Dream Chaser Smoke Snow again.

"Since you know about the Life Orb, you should know that even if I ask for 20,000, Berserker Blade will still buy it."

Dream Chaser Smoke Snow sighed, she hesitated for a moment, but couldn't help but ask.

"Snow Emperor, have I offended you somewhere? If so, I apologize to you."

Lin Tianhao chuckled, "Forget it, you should be busy with your own mission, I also have my own things to do."

With that.

Lin Tianhao brushed past Dream Chaser Smoke Snow.

Dream Chaser Smoke Snow hesitated to speak, but in the end, she didn't say anything.

Lin Tianhao then came to a passenger ship and said to the boatman above:

"I want to go to Zelian Island, I wonder if you can give me a ride?"

Chapter 213 - The boatman poisoned!

The boatman, upon hearing Lin Tianhao's words, frantically waved his hands.

"Esteemed guest, you absolutely cannot go to Zelian Island! It has been invaded by demons. I heard that even their island lord has been demonized."

Lin Tianhao frowned. He was counting on the Zelian Island Lord's Gods' Blessing pre-quest scroll to gather the blessings of ten Eastern gods.

The boatman's eyes darted around.

The Blazing Fire Chicken King was burning with flames and was a Silver-grade mount. It looked somewhat imposing.

Lin Tianhao knew there was a chance and took out a handful of gold coins.

"Moreover, I certainly won't let you make the trip for nothing."

Seeing the gold coins in Lin Tianhao's hand, the boatman nodded without hesitation and said righteously:

"Alright, eliminating demons and defending the righteous path is the duty of boatmen like us. Young master, board the boat, and I will take you to Zelian Island."

The boatman invited Lin Tianhao onto the boat and casually took the gold coins from Lin Tianhao's hand.

"Esteemed guest, sit tight, we're setting off."

Lin Tianhao sat on the boat. The boat was not big and swayed somewhat on the sea.

"Boatman, how long will it take to get to Zelian Island from here?"

"If we're lucky, three days. If we encounter storms, it might take longer."

Lin Tianhao frowned slightly. It was a bit slow.

However, Lin Tianhao was already used to it.

In the Vast Continent, sometimes escorting goods could take half a month, and he wouldn't accept it without a nutrition pod.

Moreover.

With the Book of Life and Death continuously stacking health points, he wasn't worried.

Besides that.

He could also continue to comprehend the True Meaning of the Sea on the boat.

Comprehending the True Meaning of the Sea on the ocean was twice as effective.

According to Lin Tianhao's estimation, he could probably reach intermediate level of Gravity in five days.

After sailing on the boat for half a day, the boatman came in with a pot of tea and a plate of pancakes.

"Young master, it's cold at sea, have some hot tea and some dry food."

"Okay, put it on the table."

Lin Tianhao glanced at it, unmoved.

In Twilight of the Gods, you can't casually eat food given by NPCs.

Otherwise, you wouldn't even know how you died.

In the Footprints of the Snow Corpse, he only dared to take a small bite first before continuing to eat, and that was to trigger the plot.

Here at sea, there's no village ahead and no shop behind. If he put some poison in it, there would be nowhere to run.

"Young master, eat the pancakes while they're hot. They won't taste good when they're cold."

Lin Tianhao smiled, picked up a pancake, and took a small bite.

"Ding, you have been poisoned and will continuously lose health."

-10.

-10.

-10.

.....

Lin Tianhao gave the boatman a faint smile.

"The pancake tastes good. Would you like to have some too?"

The boatman shook his head repeatedly, "No, I have my own."

"Okay."

Lin Tianhao picked up the pancake and started eating.

-20.

-20.

.....

Three bites.

-30.

Four bites.

-40.

Soon, Lin Tianhao finished a pancake.

-100.

-100.

.....

The boatman's eyes lit up when he saw Lin Tianhao finish a pancake.

Earlier, he saw Lin Tianhao casually take out a handful of gold coins.

He was sure.

Lin Tianhao had even more gold coins in his hand.

His poison could continuously drain health. As long as you ate one, you would lose more than a thousand health per second.

Even if you only took one bite, you would lose a hundred health per second.

Ordinary adventurers would definitely not be able to withstand it.

However.

What he didn't know was that Lin Tianhao was no ordinary person.

He had a Purification Jade Pendant.

Of course.

The boatman didn't expect to succeed with just the pancake. Even if he didn't eat the pancake, he would still be poisoned.

Just then.

Lin Tianhao smelled a strange smell from the teapot.

Not stinky, not fragrant, very strange.

"Ding, you have been poisoned and will continuously lose health."

-100.

-100.

.....

This was the boatman's backup plan. Even if he didn't eat, he would still be poisoned and continuously lose health.

Seeing that Lin Tianhao had eaten the pancake and smelled the poisonous air from the teapot, the result was already without suspense.

"Boatman, I gave you so many gold coins, yet you still poisoned me. Isn't that unkind?"

The boatman grinned hideously.

"Young master, you can't blame me for this. If you're to blame, blame yourself for being inexperienced. Today, you can only admit defeat."

Lin Tianhao smiled noncommittally: "Do you think that this little bit of poison can kill me?"

"Hmph, don't try to act tough. You ate the pancake and smelled the poisonous air from the tea. Now you are continuously losing two thousand health per second, right?"

Lin Tianhao had a disguise black robe, so the boatman couldn't see his health loss.

"Alright, take me to Zelian Island."

Lin Tianhao threw out another handful of gold coins. He didn't take action to kill the boatman because he didn't know the location of Zelian Island.

If he killed the boatman, it would not be easy for him to go to Zelian Island.

"A dying person, what tricks are you still playing?" the boatman said vigilantly.

Lin Tianhao waved his hand, "Row your boat, if you want to wait for me to lose all my health and die, then you can wait."

The boatman looked at Lin Tianhao with some suspicion.

He was too calm.

It made the boatman a little uneasy.

"Okay."

The boatman continued to row the boat. The corner of his eye was always staring at Lin Tianhao, waiting for Lin Tianhao to die so he could take the good things on Lin Tianhao's body.

Only.

An hour later.

Lin Tianhao was safe and sound.

Two hours later.

Lin Tianhao was still safe and sound.

"Glug ~"

The boatman couldn't help swallowing a mouthful of saliva, and cold sweat permeated his head.

He had personally seen Lin Tianhao eat the pancake.

Undoubtedly.

Lin Tianhao was poisoned.

But two hours had passed, and Lin Tianhao actually said he was safe and sound.

At this time, the efficacy of his poison had passed, and he knew in his heart that he had encountered a tough opponent today.

"Young master, it was this old man who was blinded by greed and shouldn't have had designs on you. You are generous, please don't kill me."

The boatman knelt down in front of Lin Tianhao with a thud.

He knew.

Lin Tianhao could withstand his poison, and killing him must be as easy as flipping his hand.

"Row your boat, if I wanted to kill you, you would have died long ago."

The boatman breathed a sigh of relief.

But in a flash, he became vigilant again, "Young master, I know you want to go to Zelian Island, that's why you didn't kill me."

"You have to guarantee that you won't kill me when you get to Zelian Island, otherwise, even if I jump into the sea, I will never take you to Zelian Island."

The boatman said decisively.

At the same time, he pretended to prepare to jump into the sea.

I have to say, this boatman is quite smart, worried that Lin Tianhao would kill him after arriving at Zelian Island.

"Okay, I guarantee, as long as you take me to Zelian Island, I will never take action to kill you," Lin Tianhao said.

The boatman stared at Lin Tianhao, "Do you keep your word?"

"Of course, a real man keeps his word. If I say I won't take action to kill you, then I won't take action to kill you."

The boatman nodded in relief, then withdrew the pancakes and tea.

Then he took out dry food from his arms, "Young master, this is not poisoned, eat this, it will probably take more than two days."

"Row the boat quickly," Lin Tianhao urged.

Chapter 214 - Zelian Island Map!

Two days later!

A strange wave appeared on Lin Tianhao's body.

The true meaning of the sea reached the middle stage of gravity!

This speed was faster than Lin Tianhao had expected.

Perhaps it was because of drifting at sea.

Or perhaps...

Lin Tianhao had comprehended the true meaning in his previous life, although it wasn't the true meaning of the sea, it was like drawing a gourd according to a model for him, he had experience, so his progress was faster.

Mid-stage of gravity.

Lin Tianhao could feel that he could drive the seawater to make the boat travel faster.

Carefully sensing the power of the ocean, the seawater began to push the waves, allowing the boat to speed up.

The boatman was a little surprised.

Because he found it easier to row, as if an invisible force in the sea was pushing the boat forward.

"May the great sea god Poseidon bless and protect your faithful followers."

As a veteran of sailing at sea, the boatman knew very well that any unusual occurrence could be accompanied by danger.

It was precisely because of this that he rowed even harder, wanting to get away from this sea area as soon as possible.

Two hours later.

A sesame-seed-sized island appeared in front.

Of course.

The island couldn't really be that big, it was just because the distance was relatively far, so it looked smaller.

After reaching Zelian Island, Lin Tianhao realized that this Zelian Island was bigger than he had imagined.

There were quite a few merchant ships coming and going.

Moreover.

Lin Tianhao saw the cargo ship that Zhu Meng Yanxue had taken before.

Her destination was also Zelian Island.

He just didn't know what she was doing on Zelian Island.

In his previous life as a small gold farmer, he was not qualified to team up with Zhu Meng Yanxue, let alone ask about her itinerary.

The boat docked at the shore.

The boatman respectfully sent Lin Tianhao off the boat.

Lin Tianhao smiled slightly at the boatman, the boatman didn't dare to stay and immediately rowed away.

But as soon as his oars moved, his body turned into an ice sculpture, and then shattered.

It was none other than Leona in her undead state who had made the move.

Lin Tianhao would not be soft-hearted towards this kind of person.

If his strength wasn't strong enough, he might have been a dead man today.

Since he had the intention to kill him, Lin Tianhao would naturally not be soft-hearted.

This small episode did not affect others, Lin Tianhao threw the shattered ice of the boatman into the sea piece by piece.

“In the next life, be a good person.”

After doing this, Lin Tianhao boarded the island.

After getting on Zelian Island.

Lin Tianhao walked towards the prosperous area.

He didn't use a mount, that would be a bit too ostentatious.

At least.

He had to figure out the situation on Zelian Island first.

“Master, I have sensed a trace of the Silver Eye's remaining aura.”

The voice of the God of the Undead sounded in Lin Tianhao's mind.

Lin Tianhao nodded secretly, it seemed that this Silver Eye Octopus was not as strong as he had imagined.

Following the main road forward, Lin Tianhao saw a city that was not too big.

“Binhai City.”

Lin Tianhao stepped into Binhai City, most of the NPCs here were level 30 to 40, a few reached level 50, as for those above level 50, Lin Tianhao didn't know.

This was probably not Lin Tianhao's destination.

Lin Tianhao walked into a grocery store and asked the owner: “Do you have a map of Zelian Island?”

“Of course, I don't know if you want a detailed one or a rough one.”

“Detailed.”

Mainly because he didn't lack gold coins, Lin Tianhao didn't care about the price.

“The detailed one is not cheap, one thousand gold coins per copy.”

Lin Tianhao frowned slightly, it was so expensive, a detailed copy actually required one thousand gold coins.

After all, it was just a map of an island.

“Sir, what is that expression on your face, we, Zehai Merchants, have always been clear about our prices, and we don't cheat the old or the young.”

“The detailed map marks the distribution of towns on Zelian Island, family forces, wild monster distribution, docks, and records of wild monsters that often appear in the nearby sea area, and so on.”

“These are all explored by our people bit by bit.”

Lin Tianhao took out one thousand gold coins and put them on the table, “Give me one.”

The shop assistant handed a map to Lin Tianhao.

Lin Tianhao glanced at it slightly, it was indeed very detailed.

Lin Tianhao took out another five hundred gold coins and put them on the table, “Little brother, I heard that there are demons rampant on this Zelian Island, this matter...”

The shop assistant silently put away the gold coins that Lin Tianhao took out, leaned closer, and said:

“Sir, you have asked the right person to ask me about this matter, to be honest, my second uncle's sister-in-law's boss's wife went to Old Wang's house as a guest the day before yesterday night, and happened to run into a demon.”

“According to that boss's wife, at that time, the demon had many eyeballs on its body, densely packed, all eyeballs, that scene, just thinking about it makes you shudder.”

Lin Tianhao pretended to be serious and said: "That's really dangerous, how could there be demons on this Zelian Island for no reason?"

"Who says it isn't."

The shop assistant was also very helpless, he leaned closer to Lin Tianhao and said in a low voice:

"However, there are rumors that this is related to the island owner of our Zelian Island, the truth is unknown, but our island owner has indeed not shown his face for some time."

Lin Tianhao nodded, "Then where does the island owner of this Zelian Island usually live?"

"Of course, it's Zelian Fortress, that's the most central area of Zelian Island, countless strong people, no one can step into Zelian Fortress without the island owner's order."

"Thank you."

Lin Tianhao smiled and immediately prepared to leave.

Just at this moment.

The shop assistant called out to Lin Tianhao.

"Sir, I see that you are full of wealth, you must be a remarkable big shot."

"Tonight, the Zelian Chamber of Commerce in Zelian City will hold a large auction, it is said that sea beast mounts and equipment evolution scrolls will be auctioned inside, you should still have time if you go now."

Lin Tianhao's eyes lit up.

Sea beast mounts were very rare.

Equipment evolution scrolls were also very precious to him.

“Thank you very much.”

Lin Tianhao opened the map, selected the direction of Zelian City, and galloped away, riding the Flame Fire Chicken King.

The appearance of the Silver-grade Flame Fire Chicken King attracted the attention of many passers-by.

The sun was setting.

Lin Tianhao finally arrived at Zelian City.

Of course.

There was no night in the second-level area, the sunset was the limit.

The specific time depended on the game time to determine.

After Lin Tianhao entered Zelian City, he took a look.

The Zelian Fortress where the island owner of Zelian Island lived was in the very center of Zelian City.

After attending the auction, he could go directly to Zelian Fortress.

Just at this moment.

A carriage galloped forward.

“Get out of the way, get out of the way.”

The coachman driving the carriage ruthlessly whipped the passers-by who were unable to dodge with the long whip in his hand.

Chapter 215 - Capital Verification: Is it possible that I have more than 5 billion gold coins?

Lin Tianhao frowned.

Because the coachman's whip was already coming down on him.

Perhaps seeing the Crimson Fire Chicken King that Lin Tianhao was sitting on, the whip retracted its force as it was about to fall, and struck to the side instead.

The carriage also stopped in front of Lin Tianhao.

From inside the carriage, an unruly voice came.

“Xiao Tuzi, what's going on?”

Xiao Tuzi immediately responded respectfully, “Young Master, a young man is blocking the way. His mount is not simple, I dare not...”

“Hmph, in this Ze Lian City, is there anyone Ze Lian Dongling can't afford to offend?”

Ze Lian Dongling snorted coldly, “Tell that kid outside to get lost, or he'll taste the torment of soul searing.”

The coachman looked at Lin Tianhao somewhat nervously.

He knew that Lin Tianhao, with such a majestic mount, was not to be trifled with.

He could only pray that Lin Tianhao would move aside on his own.

Lin Tianhao sneered. In the game, there were quite a few second-generation heirs who bullied others like this.

Not every second-generation heir had lofty aspirations like Di Xuejian and Leona.

Most of them relied on the foundation of their fathers to act like tyrants.

“Young brother, the other party is the island lord's adopted son, you should move aside quickly.”

An old man with a hunched back persuaded from the side.

Lin Tianhao remained unmoved, instead patting the Fire Chicken King beneath him.

The Crimson Fire Chicken King, understanding Lin Tianhao's intention, crowed directly.

After a loud crow, the Unicorn Horse panicked, its legs weakened, and it directly knelt down to Lin Tianhao's Crimson Fire Chicken King.

This sudden change caused the coachman to fall, and Ze Lian Dongling inside the carriage also tumbled out.

“Damn it, are you looking for death!”

Ze Lian Dongling stood up from the ground somewhat disheveled. He had rat-like eyes and limbs that were unusually long, making him look like a bamboo pole.

After steadying himself, he roared at Lin Tianhao.

But upon seeing the Crimson Fire Chicken King beneath Lin Tianhao, a smile appeared on his face.

“Kid, I am the adopted son of the Ze Lian Island Lord. You just bumped into me. Give me your mount, and I will reluctantly forgive you.”

The coachman leaned close to Ze Lian Dongling and said in a low voice:

“Young Master, I already made your identity clear just now...”

“Shut up!”

The coachman's words were clearly reminding Ze Lian Dongling that his words were somewhat idiotic.

After all, he had already said it just now, but Lin Tianhao still didn't give him face.

“Kid, what's your decision?”

Lin Tianhao looked at Ze Lian Dongling with the eyes of an idiot.

“What are you? You're not worthy of wanting my mount!”

Ze Lian Dongling laughed in anger, “Good, very good, very good.”

“If it were before, there might still be people on this Ze Lian Island that we would be wary of.”

“Today, even if you have a fourth-rank expert behind you, you still have to behave yourself.”

Lin Tianhao smiled noncommittally, urging the Crimson Fire Chicken King to slap Ze Lian Dongling away with a claw.

-558.

A small damage number appeared.

Although mounts don't have a big impact on the battle situation, they aren't completely without combat power.

It's just that their combat power is relatively low.

“Ah, ah, ah, brat, you're looking for death.”

Ze Lian Dongling roared repeatedly, his rat-like eyes turning silvery-white at this moment, and a strange aura emanating from his body.

“Stop!!”

A low shout came.

Then a golden-armored general rode a Unicorn Horse quickly and stood between Lin Tianhao and Ze Lian Dongling.

“Third Uncle, this kid...”

“Shut up!!”

Ze Lian Baoku shouted coldly, "A useless thing, only knows how to cause trouble outside."

After speaking,

Ze Lian Baoku turned his gaze to Lin Tianhao.

"Young Master, my nephew has not been well-disciplined, please forgive him. Here is a silver-grade longbow, as an apology to the Young Master."

Lin Tianhao glanced at the silver longbow.

It was just a small conflict, he didn't need this little compensation, but it was enough.

Of course.

Lin Tianhao's trip was originally for a purpose, and if he could avoid making things bigger, then he wouldn't make things bigger.

"Forget about the item, I don't lack that little bit, I want to meet your Island Lord."

Hearing this.

Ze Lian Baoku's eyes narrowed slightly, "Our Island Lord is currently in seclusion and is not receiving guests, please understand, Young Master."

"Alright, then I'll pay a visit another day."

Lin Tianhao didn't rush things.

One reason was because there was an auction tonight that he valued.

Another reason was that the aura that Ze Lian Dongling had unleashed before was not right.

The God of the Undead told Lin Tianhao telepathically that the aura Ze Lian Dongling had unleashed before was somewhat similar to that of the Silver-Eyed Octopus.

Or rather.

It was the power aura of the Silver-Eyed Octopus, only very weak.

After Ze Lian Dongling was taken away, Lin Tianhao strolled around Ze Lian City.

The Ze Lian Chamber of Commerce was a six-story Western-style building with various white sculptures on it.

Lin Tianhao swaggered over here on his mount.

A shop assistant from the Ze Lian Chamber of Commerce immediately walked out respectfully.

“Young Master, you can't ride a mount inside, we have a special mount rest area.”

Lin Tianhao waved his hand, put the mount into his mount space, and then walked in.

“I heard you're holding an auction today.”

“Yes, we will be holding a large auction here today, but before the auction, we need to verify funds.”

Lin Tianhao was not surprised, fund verification was a routine operation.

“Let's go.”

The shop assistant led Lin Tianhao to a luxuriously decorated room.

Inside this room, there was an old man with a goatee, next to him was a crystal ball, and in front of the crystal ball was a bronze mirror.

The old man with the goatee smiled at Lin Tianhao.

“Put your hand on the crystal ball, and the money in your backpack will be displayed.”

“Okay.”

Lin Tianhao put his hand on the crystal ball.

The next moment.

The crystal ball flashed red light.

“Alarm, alarm, abnormal detection.”

The old man with the goatee's expression changed, “How could there be an abnormality? This crystal ball can detect up to five billion gold coins.”

Lin Tianhao was relieved and said calmly: “Is it possible that my gold coins are more than five billion.”

Lin Tianhao himself doesn't have five billion yet, but he has opened a bank using the Adventurers' Guild, and the gold coins stored in his hand have already exceeded ten billion.

The old man with the goatee asked in disbelief: "You mean, your gold coins have already exceeded five billion?!"

Chapter 216 - Back to Blue Shell!

"Yes."

Lin Tianhao's answer was still very calm.

The old man with the goatee trembled with excitement, this was a super big client.

"Please come inside, young master, I will apply for the supreme private room for you."

Lin Tianhao was very calm. Sometimes, it was necessary to show off a little.

Especially since he was unfamiliar with Ze Lian Island, it would be troublesome to meet the island owner without some background.

The supreme private room was very luxurious, with two bunny-eared girls serving inside.

Lin Tianhao looked up at the bunny-eared girls. Their figures and appearances were top-notch, not inferior to internet celebrities at all.

"Young master, you can order Xiaobi and Xiaoluo to do anything for you."

Lin Tianhao waved his hand, his gaze not lingering on them for too long.

"Bring me the auction catalog, and also, pour me a cup of tea."

"Okay, young master."

Both bunny-eared girls were a little disappointed, but they seemed to be used to it.

After all, those who could come to the supreme private room were not lacking bunny-eared girls.

... ..

Ze Lian Fortress.

Ze Lian Dongling was still a little annoyed.

“Third Uncle, why did you stop me? This is Ze Lian City, I have never been bullied before. Now that I am valued by Lord Silver Eyes, why should I still swallow my anger?”

Ze Lian Baoku snorted coldly, “Foolish, if I hadn’t appeared in time, you would have caused us big trouble.”

“Is that kid’s background very big?”

Ze Lian Dongling couldn’t help but ask.

“Do you know the Starry Kingdom?”

Ze Lian Dongling nodded, “Of course I know, a kingdom bordering our Chaotic Lands, with ordinary foundations, the strongest is only a Tier 3.”

“Hmph, that was before. Not long ago, the Starry Kingdom changed its king. It is now a Tier 4 Icefire Archmage, and his grade is Platinum.”

Ze Lian Dongling gasped, “A Tier 4 Platinum Icefire Archmage, even a Tier 5 Gold Archmage may not be his opponent.”

“Listening to what you’re saying, Third Uncle, is that person protected by the new king of the Starry Kingdom?”

Ze Lian Baoku shook his head.

“That is...”

Ze Lian Baoku took a deep breath and said meaningfully: “He annihilated the Starry Kingdom and killed that Tier 4 Platinum Icefire Archmage.”

“What?!”

“That’s impossible!”

Ze Lian Dongling was a little doubtful if he had misheard.

Could that unremarkable young man be so powerful?

“The news won’t be wrong, because the person who brought the news just came from there.”

As the voice fell.

A woman stepped out.

If Lin Tianhao were here, he would definitely recognize that this person was none other than Zhu Meng Yanxue.

Ze Lian Baoku nodded, “I think the most urgent task is to find out what Xue Di’s purpose is in coming here? If he is here for Lord Silver Eyes, we have to find a way to drive him away, even if it’s a risk.”

Ze Lian Baoku had just finished speaking when a voice came from outside.

“Lord Baoku, news has come from the Ze Lian Chamber of Commerce.”

Ze Lian Baoku frowned slightly, “Come in.”

A copper-armored warrior stepped in and respectfully said to Ze Lian Baoku:

“Lord Baoku, the president of the Ze Lian Chamber of Commerce personally sent a message, saying that a VIP with assets exceeding 5 billion gold coins has appeared in the Ze Lian Chamber of Commerce.”

“Oh?”

Ze Lian Baoku was a little interested.

He knew how much those family forces on his Ze Lian Island were worth.

Maybe some individual families could have hundreds of millions of funds.

But for billions, it would probably only be their Ze Lian family.

As for 5 billion, that would have to be the total assets of those super powers in the Chaotic Lands.

“Treat him well, I will go over personally later.”

... ..

Ze Lian Chamber of Commerce, Supreme Private Room.

Without letting Lin Tianhao wait too long, the auction finally began.

“Welcome all distinguished guests for taking the time out of your busy schedules to participate in this auction held by the Ze Lian Chamber of Commerce.”

“I am the auctioneer for this auction, Aili Yarou.”

Aili Yarou’s voice was moving, and every frown and smile seemed to be able to stir up people’s restless hearts.

Lin Tianhao was still as calm as ever.

“Yarou won’t waste the time of the guests. Please welcome the first auction item, the Deep Sea Night Pearl.”

“This is a night pearl from the depths of the ocean, which can illuminate the night. It is a good thing for those who are preparing to go to the Vast Continent.”

There is no night in the Chaotic Lands.

The use of this Deep Sea Night Pearl is not great.

Only in the Vast Continent, after there is night and day, will it be more convenient to use this thing.

“The starting price of the Deep Sea Night Pearl is 1,000 gold coins, and each price increase must not be less than 50 gold coins.”

As soon as Aili Yarou’s voice fell, the voices of price increases were endless.

“One thousand five.”

“One thousand eight.”

“Two thousand.”

... ..

Lin Tianhao shook his head. The value of the Deep Sea Night Pearl in the Vast Continent is generally not less than 10,000 gold coins.

And it is still out of stock.

“Ten thousand gold coins.”

Lin Tianhao casually raised the price. He was not short of gold coins, and he also wanted to see if there were any connoisseurs.

Obviously.

There was not.

After Lin Tianhao said the price of 10,000 gold coins, no one raised the price anymore.

“Supreme private room, the sound is coming from the supreme private room. How long has it been since a distinguished guest has entered the supreme private room.”

“I don’t know what kind of big shot it is. It would be great if I could make friends with such a big shot.”

“It is said that to enter the supreme private room, the verification of funds needs to exceed 1 billion.”

... ..

Below, in a private room.

Bu Li Yan's spiritual eyes flashed with a hint of hope.

"Supreme private room... If the person inside is willing to help, the crisis of our Bu Li family may be solved."

... ..

The auction continued.

The second auction item was quickly sent up.

"Mana Recovery Shell, recovers 10 points of mana per second, does not occupy an equipment slot, and the mana recovery will not be interrupted during battle. I believe it will be of great help to all mage friends."

"Mana Recovery Shell, starting price 2,000 gold coins, each price increase must not be less than 100 gold coins."

"Twenty thousand."

Lin Tianhao said his price calmly.

Many mages below were gnashing their teeth. 20,000 gold coins could buy a lot of mana recovery potions.

Spending more gold coins for such an equipment, and possibly offending an unknown big shot, is not rational.

Therefore.

Lin Tianhao took the Mana Recovery Shell with 20,000 gold coins without any suspense.

Next was the third item, the fourth item, the fifth item...

Eight auction items in a row.

Except for two silver-grade equipment, Lin Tianhao really felt that they were useless. He did not bid for them, and Lin Tianhao directly took all the others.

Even if he couldn't use them, he could put them in the guild warehouse for other people in the guild to use.

Chapter 217 - A high price of 100 million!

"Next, the item we are about to auction will surely be of great interest to everyone."

Aili Yaru smiled as a huge glass tank was wheeled onto the stage.

The whole place erupted in excitement.

Because they all knew, the sea beast mount was here.

Lin Tianhao was also somewhat interested, after all, riding a sea beast mount was much faster than taking a boat.

And its grade was Silver.

To be fair.

In the vast Haomiao Continent, common and elite sea beast mounts were okay.

But any black iron grade sea beast mount was rare, and the higher the grade, the rarer it became.

"Today, let us witness this Silver-grade sea beast mount together."

Aili Yaru lifted the red cloth, revealing a sea turtle that was not even as big as Lin Tianhao's Flame Fire Chicken King.

You must know.

Sea beasts are mostly larger than land mounts of the same level.

But this sea turtle was too small.

Explosive Water Tiger Turtle King (Juvenile): Silver.

Level: 1.

Usage Requirement: None.

Effect: In the sea, the Explosive Water Tiger Turtle King can move at high speed for three consecutive days, with amazing endurance. In its juvenile stage, its movement speed is 60. If it reaches adulthood, its movement speed in the sea can reach 150.

Note: The Explosive Water Tiger Turtle King is an amphibious mount. Its movement speed on land is slow, please use it with caution.

Seeing this description.

Many people were tempted.

Don't underestimate the Explosive Water Tiger Turtle King's current size, it's only level one. If it continues to grow, it will become very large.

Moreover.

Among sea beast mounts.

Turtle mounts have always been the top dogs.

Their backs are relatively flat and have a large area, able to accommodate more people.

Even more outrageous, the turtle's back is like a huge island, where you can build houses and structures.

This Explosive Water Tiger Turtle King won't reach that extent, but according to Lin Tianhao's calculations, its body will easily grow to a hundred meters.

"Juvenile Explosive Water Tiger Turtle King, starting price is 200,000 gold coins, with each bid increasing by no less than 1,000 gold coins."

"500,000."

The person in Box Three below Lin Tianhao took the lead in raising the price, increasing it by 300,000 in one go.

"Everyone knows the value of this Explosive Water Tiger Turtle King, there's no need for such probing, 2 million."

Lin Tianhao then realized that some of the people below were quite wealthy.

As Box One raised the price to 2 million, fewer and fewer people bid.

"2.1 million."

"2.3 million."

.....

The hesitant bidding after 3 million indicated that the final price would probably be around 3 million plus.

Sure enough.

After his bid of 4 million, no one continued to bid.

"Then let us once again congratulate the VIP in the Supreme Box for winning the Explosive Water Tiger Turtle King at the high price of 4 million gold coins."

Lin Tianhao remained calm, he got a bargain.

It was indeed a bargain.

A Silver-grade sea beast mount could be auctioned for tens of millions in the vast Haomiao Continent.

And a Silver-grade turtle sea beast mount would cost at least twice as much.

The reason Lin Tianhao could get it at such a low price was likely because the people here hadn't been to the vast Haomiao Continent much.

In addition.

Zephyr Lotus Island's overall economic level was clearly not comparable to the vast Haomiao Continent, which gave him the opportunity to find a bargain.

"Today's second-to-last auction item is also the focus of this promotion. I believe many of the distinguished guests present are here for it."

A red wooden tray was brought up by a blonde, blue-eyed beauty in a cheongsam.

Lin Tianhao looked at Xiao Bi in surprise, "Second-to-last? Isn't there only one last item in the auction brochure?"

Xiao Bi respectfully explained:

"Young Master, our Zephyr Lotus Chamber of Commerce always has a grand finale item at every large auction. This is an unwritten rule."

"Oh."

Lin Tianhao became somewhat expectant.

The second-to-last item was an equipment evolution scroll. This Zephyr Lotus Chamber of Commerce had some good stuff.

"Equipment Evolution Scroll, starting price is 10 million gold coins, with each bid increasing by no less than 100,000 gold coins."

Aili Yaru's voice rang out, but just the starting price made many people flinch.

No.

To be precise, the required increase of 100,000 gold coins with each bid was already enough to make people flinch.

"15 million."

"23 million."

"30 million!!"

.....

The price soared.

The corners of Lin Tianhao's mouth twitched involuntarily.

Those who could spend a fortune on an equipment evolution scroll probably had decent equipment in their hands.

Lin Tianhao silently noted the boxes that were bidding fiercely. It was necessary to find out what equipment they had that made them willing to spend a fortune on an equipment evolution scroll.

"41 million."

After the price exceeded 40 million, the rate of increase slowed down.

"50 million."

Lin Tianhao once again raised the price.

The price of 50 million gold coins was already too much for some people to bear.

There were a few families on Zephyr Lotus Island with assets of over 100 million.

But was it worth bidding over 50 million for an equipment evolution scroll?

"51 million."

Just when Lin Tianhao thought he could successfully win, a slightly childish voice rang out.

This was the first time tonight that Lin Tianhao's bid had been suppressed.

"52 million." Lin Tianhao bid.

That slightly childish voice didn't hesitate at all and immediately raised the price again.

"60 million!"

"80 million!"

When it came to having more money, Lin Tianhao had never been afraid of anyone.

This equipment evolution scroll could be used for a wide range of purposes. Using it on ordinary equipment would naturally be a waste and not worth the money.

But if it was used on powerful equipment, it would be a different story.

For example, Lin Tianhao's Purification Jade Pendant, which already had a 90% reduction in control and various negative effects.

Continuous improvement was very meaningful.

"85 million."

That childish voice sounded slightly strained, obviously the price was approaching the limit of what he could afford.

"100 million!!"

Lin Tianhao didn't give him any chance, and raised the price again in one go.

"As expected of a big shot in the Supreme Box, he's really rich. Buying an equipment evolution scroll for 100 million is a bit too much of a premium, isn't it?"

"Who knows, we can't speculate about the affairs of big shots."

.....

When the price reached 100 million, the childish voice didn't sound again.

In the end, Lin Tianhao won the equipment evolution scroll at the high price of 100 million.

It was indeed a high price.

Even in the vast Haomiao Continent, it was difficult to reach this price.

But did Lin Tianhao care about gold coins?

He didn't care. Gold coins were just a string of numbers to him.

"Congratulations to the VIP in the Supreme Box for winning the precious equipment evolution scroll for 100 million."

Aili Yaru said passionately, auctioning off an item for 100 million was a considerable achievement.

"Next, let me solemnly invite the grand finale item of this auction to make its shining debut!"

Chapter 218 - The secret key to Poseidon Island!

A small dwarf with a petite stature and sky-blue eyes walked out unhurriedly.

His appearance immediately caused a stir among many people.

"It's Lord Fujū Haifei! He is the Zeilian Chamber of Commerce's fourth-tier gold assassin! He's actually taking action himself."

"It seems that this final item is truly extraordinary, otherwise Lord Fujū Haifei wouldn't have appeared in person."

"No wonder I saw important figures from outside Zeilian Island arriving today; they probably received some news beforehand."

... ..

Lin Tianhao was also intrigued.

More precious than an equipment evolution scroll? What could it be?

A talent evolution flower?

A divine-level talent awakening stone?

Or... a scroll for a pre-quest for the Blessing of the Gods?

If that's the case, then it'll be interesting.

After Fujū Haifei went on stage, he flipped his hand, and an ancient box appeared in his hand.

The box wasn't big, so the probability of it being a scroll was somewhat low.

"Today's last item, I believe, will definitely excite you."

"The Poseidon Island Key."

The box opened, and an ancient key appeared in everyone's sight.

This key was light blue all over, like a blue crystal.

It emitted a faint glow inside the box. This glow was clearly not strong, yet it enveloped the entire venue.

"What's the use of this Poseidon Island Key?" Lin Tianhao asked the nearby Xiaobi.

Xiaobi looked at Lin Tianhao with some surprise, as if wondering how someone could not even know about the Poseidon Island Key.

"Poseidon Island is where Lord Poseidon resides. I don't know why, but Lord Poseidon is asleep on Poseidon Island, and the Poseidon Island Key is the token to enter Poseidon Island."

Lin Tianhao was a little speechless, "It doesn't seem to be of much use, does it?"

"Young Master is joking. If Lord Poseidon is completely asleep, it would naturally be useless, but Lord Poseidon has a wisp of remnant soul that is in a state of awakening."

"If you can get guidance from Lord Poseidon's remnant soul, it would truly be greatly beneficial. Of the three fourth-tier platinum-level experts in the Land of Chaos today, two of them achieved their accomplishments after receiving guidance from Lord Poseidon."

"Remnant soul?"

A faint smile that was difficult to detect appeared on the corner of Lin Tianhao's lips.

If it's a remnant soul, then it's likely not a deep sleep.

It should be severely injured, or even like the Ice and Snow Goddess, already killed.

At the very least, it's in a sealed state.

But no matter what the situation, this is good news for Lin Tianhao.

"Poseidon Island Key, starting price is ten million, and each bid must not be less than one hundred thousand."

Fuju Haifei opened his mouth unhurriedly.

As soon as he finished speaking, the sound of bidding rose one after another.

"Fifty million!"

"Sixty million!"

"Eighty million!!"

... ..

Without any stagnation, the price of the Poseidon Island Key had already approached one hundred million!

In the end, there was no suspense, the price exceeded one hundred million, and it didn't stay there for too long. It continued to rise.

"One hundred and twenty million."

"One hundred and thirty million."

"One hundred and fifty million!!"

... ..

The speed of price increase slowed down after reaching one hundred and fifty million.

Hundreds of millions of gold coins.

Betting that Poseidon can guide their fourth tier, this price is a bit high for many people.

Of course.

While others felt that over one hundred million was too high, Lin Tianhao didn't care.

After all, his goal was to help Poseidon ascend to the God Conferring List. This was a matter of great righteousness, so how could he care about such a small amount of money.

"Two hundred million!!"

Lin Tianhao was still the same as before, raising the price directly to a new height with an attitude of not treating gold coins as gold coins.

"Two hundred and five million."

Someone was still trying to compete with Lin Tianhao.

"Two hundred and fifty million."

Lin Tianhao's response was simple, directly raising the price.

"Two hundred and fifty-five million."

However.

What Lin Tianhao didn't expect was that the person in VIP room number two actually raised the price again.

"Deliberately raising the price?"

Lin Tianhao looked in the direction of VIP room number two, and at the same time, the sound of bidding had already sounded.

"Three hundred million!!"

He wanted to see what the person in VIP room number two was doing.

"Three hundred and five million."

Lin Tianhao smiled.

Lin Tianhao could tell from the other party's tone that they were deliberately raising the price.

Inside VIP room number two.

Bittel Rosen had a smug smile on his face.

"Don't you have a lot of gold coins? I only need to make a slight move to make you spend one or two hundred million more gold coins."

Bittel Rosen didn't have any fear because of Lin Tianhao's identity.

He himself was a third-tier gold-level warrior, and his elder brother was one of the three platinum-level fourth-tier experts in the Land of Chaos.

In the entire Land of Chaos, there was no one he couldn't afford to offend.

Before, he was very unhappy when he saw Lin Tianhao constantly bidding at high prices, and now that he found an opportunity, he deliberately raised the price, wanting Lin Tianhao to spend money for nothing.

However.

He didn't wait for Lin Tianhao to continue bidding.

The price remained at three hundred and five million.

"Three hundred and five million once, is there anyone who needs to raise the price?"

Fuju Haifei's voice sounded, as if knocking a heavy hammer in Bittel Rosen's mind.

Bittel Rosen stared at the direction of the Supreme VIP room.

He had clearly heard from Lin Tianhao's tone before that he was determined to win, so why did he give up for no reason?

"Three hundred and five million twice."

Fuju Haifei's voice continued to come, and Bittel Rosen panicked a little.

Three hundred and five million!!

This had already exceeded the price of the Poseidon Island Key.

Normally, it was one hundred and fifty million to one hundred and eighty million, but now, the price had been called to three hundred and five million by him.

He really wanted to say he didn't want it anymore.

But Fujū Haifei was right there.

The extremely rare fourth-tier gold-level assassin in the Land of Chaos, if he dared to go back on his word.

Then he would definitely not be able to leave the Zeilian Chamber of Commerce alive.

"Three hundred and five million for the third time, congratulations to the VIP in VIP room number two for successfully bidding for the Poseidon Island Key."

Bittel Rosen's heart was bleeding.

Three hundred and five million gold coins, he could still take it out even if he sold everything he had.

But once this money was spent, he would really return to the pre-liberation era!

Bittel Rosen looked at the Supreme VIP room where Lin Tianhao was with resentment.

He blamed all the mistakes on Lin Tianhao.

In his opinion, if Lin Tianhao hadn't stopped raising the price, he wouldn't have lost so much.

But what he didn't know was that in the Supreme VIP room, Lin Tianhao's cold gaze was also watching VIP room number two.

Maliciously raising the price, is it fun?

Since that's the case, Lin Tianhao had no choice but to let him raise the price in the underworld.

As the last item ended, the items Lin Tianhao bid for were sent up one after another.

Lin Tianhao put on the mana regeneration seashell, and then picked up the equipment evolution scroll.

Without the slightest hesitation, Lin Tianhao directly used the equipment evolution scroll on the Purification Jade Pendant.

"Ding, you used the equipment evolution scroll on the Purification Jade Pendant, your equipment Purification Jade Pendant is evolving..."

Chapter 219 - Buriyanling's request for help!

"Ding, congratulations, your Purification Jade Pendant has successfully evolved."

Lin Tianhao glanced at it, the control reduction and negative effect reduction of the Purification Jade Pendant had increased by one percent, reaching ninety-one percent.

As expected.

It was about what Lin Tianhao had thought, after reaching ninety, the enhancement effect of the equipment evolution scroll was reduced a lot.

However, Lin Tianhao didn't care, as long as he continued to improve, he would eventually be able to achieve control immunity.

Just at this moment.

The door of the Supreme Private Room was knocked, and a gentle voice came from outside the door.

"From the Buli family, Buli Yanling seeks an audience with you, sir."

Lin Tianhao raised his eyebrows, was this triggering a new plot?

Thinking of this.

Lin Tianhao signaled Xiaobi to open the door.

Xiaobi opened the door, revealing a woman with long pink hair and delicate features.

After Buli Yanling came in, she knelt down in front of Lin Tianhao with a thud.

Buli Yanling (Black Iron): Level 59.

Health Points: 612580 / 612580.

Attack: 2985.

Skills: Fireball, Great Fireball, Chain Fireball, Explosive Fireball, Protective Fireball, Healing Fireball.

Lin Tianhao: ???

This is indeed a ball girl who plays with fire.

Lin Tianhao's gaze moved down from Buli Yanling's face, and he couldn't help but marvel.

As expected of a ball girl, the scale is indeed unmatched by ordinary people.

"Cough cough."

Lin Tianhao coughed lightly twice, pretending to be dignified and said:

"In your eyes, is this seat such a lecherous person?"

Buli Yanling was panicked in her heart, and immediately kowtowed, "Yanling dares not, Yanling really can't come up with anything worthy of your help, sir."

Lin Tianhao waved his hand, "This seat is busy with ten thousand things every day, and I don't have time to deal with the affairs between your small families."

Buli Yanling's expression dimmed, she bit her lip, and took out a scroll from her bosom.

"Sir, I really don't have any other valuable things, Yanling knows that you don't lack this small equipment evolution scroll, but I still hope that you can spare a little hand to help our Buli family."

Lin Tianhao squinted his eyes, it really was an equipment evolution scroll.

"Cough cough..."

Lin Tianhao coughed lightly twice, and casually took the equipment evolution scroll over.

"It's indeed ordinary, but seeing your sincere request, tell me, what kind of trouble has your family encountered?"

Buli Yanling was pleasantly surprised, and immediately said:

"Sir, our family recently discovered a blue crystal mine in the family territory, this should have been a good thing, but a common man is innocent, but possessing jade becomes a crime, so we were targeted by the Kifu family, they want to destroy our Buli family and seize the blue crystal mine."

"If you can save our Buli family, in addition to the equipment evolution scroll, we, the Buli family, can offer ninety percent of the blue crystals from the blue crystal mine."

Lin Tianhao's eyes narrowed slightly.

Kifu family?

Kifu Taimu?

This is a bit interesting.

In the Land of Chaos, plundering by force is not a strange thing.

"That's easy to say, I'll go to the Kifu family for a sit-down and have a good talk with them, I believe they will give up on attacking your Buli family."

"Thank you, sir."

Buli Yanling nodded excitedly, in her opinion, with such a big figure willing to take action, the Kifu family would definitely not dare to act rashly again.

"You should go back first, I still have some things to deal with in the city."

Buli Yanling nodded, "Okay."

After Buli Yanling left, Lin Tianhao used the equipment evolution scroll again.

"Ding, you have used the equipment evolution scroll on the Purification Jade Pendant, your equipment Purification Jade Pendant is evolving..."

"Ding, I'm very sorry, your Purification Jade Pendant's evolution has failed."

Lin Tianhao was stunned, was there something wrong, it failed?

Damn it!

It only increased to ninety-one percent and it failed!

Even if it was going to fail, shouldn't it have increased to ninety-nine point nine percent?

Lin Tianhao was a little helpless, it was normal for equipment evolution to fail to this extent.

It's just a pity.

Of course.

Lin Tianhao still has principles, although the equipment evolution scroll failed, he promised Buli Yanling, so he will still go to the Kifu family.

Before this.

Lin Tianhao wants to go and chat with the person in private room number two about his experiences.

Is raising the price fun?

Then I'll send him something even more fun.

Private room number two.

Bit Rosen's eyelids kept twitching, he always felt that something bad was about to happen.

But he didn't care, he was waiting, waiting for Lin Tianhao to appear.

Lin Tianhao waited for a while, but the person in private room number two still hadn't come out, which made Lin Tianhao frown.

Just.

Before he could continue waiting, someone else came.

"Hello, honored guest, our boss from the Zelian Chamber of Commerce would like to meet you."

It was the voice of the goatee old man.

"Come in."

Lin Tianhao said calmly.

The door opened.

Zelian Baoku appeared in Lin Tianhao's sight.

Their eyes met.

A look of surprise appeared on Zelian Baoku's face, "So it's you, Young Master."

Lin Tianhao didn't have any intention of wasting words, and asked straight to the point:

"I wonder if you have anything to ask me for."

Zelian Baoku smiled helplessly, "A powerful sea beast has appeared near our Zelian Island, and I would like to ask you, Young Master, to help us."

Lin Tianhao smiled noncommittally, he always felt that Zelian Baoku couldn't be trusted.

"Then what can I get?" Lin Tianhao asked.

Zelian Baoku said straight to the point: "That depends on what you want, Young Master."

"A Gods' Blessing pre-quest scroll, a Divine-grade talent awakening stone, either will do."

Hearing this.

The corners of Zelian Baoku's mouth couldn't help but twitch twice, was this making a request? This was simply robbery.

"You want a Gods' Blessing pre-quest scroll? Is that why you want to see our Island Lord?"

Obviously.

It was no secret that the Zelian Island Lord possessed a Gods' Blessing pre-quest scroll.

"I guess so."

Zelian Baoku shook his head, "Young Master, if that's the case, you may be disappointed."

"The Gods' Blessing pre-quest scroll is extremely precious to our Island Lord, and he is unlikely to give it to others without special circumstances."

Lin Tianhao wasn't surprised, smiled, and said:

"Well, there's always a need to try, isn't there? Maybe I can really help your Island Lord?"

Zelian Baoku shook his head, "This time I sincerely invite you, Young Master, to help us fight the sea beast, if you want those two things, I'm afraid I can't afford to hire you, Young Master."

"Killing a sea beast naturally doesn't require such precious things, how about an equipment evolution scroll?"

Lin Tianhao didn't expect to get the Gods' Blessing pre-quest scroll so easily.

After all, if it wasn't for Anna Jue Ling's request that happened to be at the point of Lin Tianhao's knife, Lin Tianhao wouldn't have been able to get the Gods' Blessing pre-quest scroll so easily.

Chapter 220 - I'll take you to the spring to take a bath!

Ze Lianbaoku only pondered for a moment before nodding in agreement.

"Okay, one equipment evolution scroll."

"Ding, Ze Lianbaoku has issued you a mission: Help Ze Lian Island kill the two-headed blood-striped crocodile."

"Mission requirements: Kill the two-headed blood-striped crocodile within three days."

"Mission penalty: Unknown."

"Mission reward: Equipment evolution scroll +1."

"Ding, do you accept?"

Lin Tianhao narrowed his eyes slightly. This was really stingy. He said one equipment evolution scroll, and he really only gave one.

"Isn't your reward a bit too stingy? You should at least give two hundred free attribute points."

Ze Lianbaoku shook his head, "Young master, two hundred... I really can't give that much. Fifty at most, how about it?"

Lin Tianhao rolled his eyes, this was really stingy.

Ze Lianbaoku changed the mission reward.

Lin Tianhao thought for a moment and still accepted it.

First, infiltrate the Ze Lian family, and then we'll talk about the rest.

"By the way, who is the person in Box 2?"

Lin Tianhao asked suddenly after accepting the mission.

"This..."

Ze Lianbaoku hesitated, "Theoretically, we cannot reveal the identities of our guests."

"Didn't you just say theoretically?"

Ze Lianbaoku smiled helplessly, "His name is Bit Rosen, a third-tier gold-level warrior."

"His strength is only okay, but his elder brother, a fourth-tier platinum-level expert, that's where his confidence lies."

"Oh."

Lin Tianhao nodded, "Thank you for telling me."

Ze Lianbaoku smiled and said, "We plan to depart tomorrow morning to hunt the two-headed blood-striped crocodile. I hope you can arrive on time, young master."

"No problem."

Lin Tianhao responded simply. He had the Kunlun Mirror. To go to a place he'd been before, he only needed to open the Kunlun Mirror to travel there.

After seeing Ze Lianbaoku off, Lin Tianhao took out the Book of Life and Death, temporarily erased the name of the vampire marquis Mindekadu, and then wrote the name of the third-tier gold warrior Bit Rosen.

In Box 2.

Bit Rosen was still waiting for Lin Tianhao to come out.

But the result was that Lin Tianhao had not yet appeared, and he started to lose blood crazily.

-121758!!

-121758!!

...

Under the continuous stacking of the Book of Life and Death, Lin Tianhao's health had reached more than 11.17 million.

The Heart of Heavenly Punishment was already three stars before Lin Tianhao even arrived in the Land of Chaos.

The three-star Heart of Heavenly Punishment, relying on the Book of Life and Death, could stack 259,200 health points every day.

The bond with Fatty could increase Lin Tianhao's health by 10%.

In addition, the Tears of the Goddess of Life could increase Lin Tianhao's health by 20%.

In other words.

Lin Tianhao's accumulated health had a 30% increase.

Therefore.

The Book of Life and Death actually increased Lin Tianhao's health by 336,960 points per day.

Six days had passed since Lin Tianhao's Heart of Heavenly Punishment reached three stars.

Therefore, Lin Tianhao's current health had exceeded 11 million.

The Book of Life and Death was a continuous damage of 1% + 10,000 of his maximum health, so naturally it was just over 120,000.

"Damn, what's going on? Why am I losing blood for no reason?"

The power of the Book of Life and Death had already exceeded the imagination of ordinary creatures.

Bit Rosen couldn't figure out what was going on, but he knew that if he didn't go to the altar, he would definitely die.

Lin Tianhao watched Bit Rosen rush out and run towards the resurrection altar of Ze Lian City.

"Whoosh!"

An arrow pierced through the air.

Bit Rosen stopped, his eyes fixed on the person who suddenly attacked.

Lin Tianhao showed Bit Rosen a meaningful smile.

"Go take a bath in the spring, and I'll chat with you later."

After saying that.

Lin Tianhao turned into a shadow and left Ze Lian City.

After leaving Ze Lian City, Lin Tianhao used the Kunlun Mirror to return to Anna's territory.

After Lin Tianhao destroyed Anna's territory before, it was controlled by the Kief family.

Returning here again, Lin Tianhao directly entered the territory.

"Who goes there? This is the private territory of the Kief family. Please retreat."

A tall, strong man blocked Lin Tianhao's path.

Before Lin Tianhao could speak, another person came quickly.

"Are you blind? Don't you recognize Lord Xue?"

Kief Temu scolded the strong man and said politely to Lin Tianhao:

"Senior Xue, please come in quickly. If you have any instructions, just say so."

"Who is in charge of your Kief family now?"

Hearing this.

Kief Temu said subconsciously.

"My second uncle."

"Oh? Then take me to see your second uncle."

Kief Temu nodded, "Okay."

Not long after.

Under the leadership of Kief Temu, Lin Tianhao saw Kief Temu's second uncle.

Kief Hongzu!

"Second uncle, this is Senior Xue."

Kief Hongzu was also a third-tier gold level, but his level was higher than Kief Temu's, already level 189.

In Twilight of the Gods.

The first tier is level 20, the second tier is level 50, the third tier is level 100, and the fourth tier is level 200.

Therefore, levels between 100 and 200 all belong to the third tier.

If there are level differences, there will naturally be strength differences.

When Kief Hongzu saw Lin Tianhao, he was very enthusiastic and humble.

He had already learned about Lin Tianhao's strength from Kief Temu.

"Senior Xue has graced us with his presence. We were unable to welcome you properly. I hope..."

"There's no need for polite words."

Lin Tianhao interrupted Kief Hongzu and asked calmly:

"I heard that you have been eyeing the Bu Li family recently?"

Kief Hongzu's heart skipped a beat, because he sensed that Lin Tianhao's tone implied he was here to question them.

"That's true, but we haven't really attacked the Bu Li family yet. If Senior has any instructions, we will definitely do as you say."

Lin Tianhao smiled, this Kief Hongzu was quite sensible.

"I'm protecting the Bu Li family. You must not cause any more trouble for the Bu Li family in the future."

"Yes, yes, yes, since Senior Xue has spoken, we will definitely not cause any more trouble for the Bu Li family in the future. Tomorrow, no, tonight I will personally visit and apologize."

Lin Tianhao showed a satisfied smile after hearing these words.

"Good, I hope you keep your promise and don't go back on your word like Anna Jue Lin."

Hearing these words.

Cold sweat instantly broke out on Kief Hongzu's forehead.

He knew very well the fate of Anna Jue Lin and the Anna family. It would be no exaggeration to describe it as tragic.

...

On the other side.

Bu Li Yanling felt uneasy after returning home.

"I wonder if that young master will take it to heart. An equipment evolution scroll is not worth mentioning to that young master at all."

Bu Li Yanling was restless. She was afraid, afraid that Lin Tianhao would not put in any effort, and then their Bu Li family would be finished!

Just then.

An urgent voice came from outside from a maid.

"Miss, something bad has happened! The Kief family head, Kief Hongzu, is here!!"
