Chapter 221 - Platinum level fourth-level fighter!

Bu Liyan Ling's heart skipped a beat, and she immediately asked, "How many people did he bring?"

"Just him and Kifu Taimu."

The maid's tone was doubtful.

Recently, the two families have been somewhat tense, yet they only sent two people.

Bu Liyan Ling was also puzzled and quickly walked towards the reception hall.

In the reception hall.

The old butler of the Bu Li family was cautiously receiving Kifu Hongzu and Kifu Taimu.

With the disappearance of the Bu Li family's patriarch and Bu Liyan Ling taking over, the Bu Li family was currently in a period of transition.

If the Kifu family came looking for trouble, the Bu Li family really wouldn't be able to handle it.

Bu Liyan Ling entered from outside, forcing a smile on her face.

The old butler was shocked.

He had guessed all sorts of possibilities.

For example, the other party was here to discuss the distribution of the blue crystal mine, or even to offer his own young lady and a large amount of wealth from the Bu Li family in exchange for being let go.

It was also possible that a friend of the patriarch had helped, prompting the Kifu family to prepare for a good talk.

But the only thing he hadn't expected was that Kifu Hongzu was here to apologize and even brought a silver weapon.

Bu Liyan Ling took a deep breath, and before she could speak, Kifu Hongzu continued:

"Miss Yan Ling, we were just blinded by profit before. I hope Miss Yan Ling can forgive us."

Kifu Hongzu's words were polite, without the slightest hint of being a superior.

Bu Liyan Ling hesitated for a moment, but couldn't help but ask, "Did you come because of that black-robed young master?"

Kifu Hongzu nodded and said, "That's right, it was indeed instructed by Young Master Xue."

Bu Liyan Ling was pleasantly surprised. She had been worried that Lin Tianhao would take the things and not do anything, but she didn't expect Lin Tianhao to handle it so quickly.

Moreover.

He even made Kifu Hongzu personally come to apologize. This method is too strong.

"If Miss Yan Ling has nothing else, we'll take our leave."

After seeing Kifu Hongzu and Kifu Taimu off, Bu Liyan Ling said to the old butler beside her:

"Immediately start mining the blue crystal mine."

"Yes."

The old butler nodded, but couldn't help but ask curiously:

"Miss, that Young Master Xue..."

"A great figure I met by chance. I gave him an equipment evolution scroll and promised him 90% of the blue crystal mine, and only then was he willing to take action."

The old butler was still surprised, "How could such a great figure take action for such a small thing?"

At this point.

The old butler looked Bu Liyan Ling up and down again, and said softly, "That's a young master, Miss, do you think there might be a possibility..."

Bu Liyan Ling wasn't stupid and had already guessed the old butler's thoughts from his eyes.

"How is that possible? That great figure is not lacking women around him."

... ..

Ze Lian City.

Resurrection Altar.

Bit Rosen shrank back in the resurrection altar, afraid to come out. Only by relying on the high health regeneration of the resurrection altar could he barely survive.

"What kind of attack is this? How can it last for so long?"

Bit Rosen was very annoyed, muttering and cursing.

He had just finished speaking.

When he saw a black-robed youth appear outside the resurrection altar.

"It's you!!"

When Bit Rosen saw Lin Tianhao, he immediately became extremely angry, "What exactly did you do to me?!"

Lin Tianhao smiled noncommittally, "It doesn't matter. Didn't you like raising prices so much? Is bathing in the spring water fun now?"

Bit Rosen gritted his teeth in anger.

"Brat, my elder brother is a Platinum Grade Tier 4 powerhouse. You won't have a good time going against me."

Lin Tianhao still maintained a calm and indifferent demeanor, "Then let him come over. I'd like to get to know him too."

In fact, Lin Tianhao also had an idea.

A Platinum Grade Tier 4 powerhouse should have a God's Blessing pre-quest scroll in his hand, right?

If he was willing to take out the God's Blessing pre-quest scroll to protect his younger brother, Lin Tianhao wouldn't be unable to agree.

"What exactly do you want?"

Bit Rosen stared at Lin Tianhao, knowing that he might have kicked a steel plate this time.

Lin Tianhao's strange attack was something even his elder brother didn't possess.

In addition to the identity of a big shot that Lin Tianhao had shown before, he had a guess in his heart.

The person in front of him.

Is likely also a Tier 4 powerhouse, and the grade will not be lower than Platinum Grade.

As for Tier 5.

Bit Rosen didn't think about it, because it was impossible.

Why does an area have an upper limit? In fact, from the perspective of the player's vision, it is the monsters that determine the upper limit.

Killing monsters lower than one's own level does not give experience points, of course, bosses are excluded.

But even so.

In the Star Kingdom, the strongest are only level 50 monsters. There are stronger ones in the Land of Chaos, but the highest is only level 100.

Although this highest is on the surface, it does not rule out the existence of extremes that surpass the limit, similar to the yellow-skinned weasel in the novice village, but that is ultimately a very small number.

Therefore.

Level 100, commonly known as the Tier 2 limit, is the limit of these Tier 2 areas in the Star Kingdom and the Land of Chaos.

Breaking through this limit is not impossible, you need to find another way, similar to the way Anna Jue Lin wanted to advance to Tier 4 before.

It is impractical to find a mentor for a regular job change, you can only use special items to sacrifice for a job change.

But even so, it also involves an upgrade problem.

Level 100, after completing Tier 3, how to upgrade to level 200?

There are no level 200 monsters to brush, so you can only brush level 100 bosses to accumulate experience points.

Even so.

It is very difficult to accumulate to level 200.

As for going further, accumulating from level 200 to level 500 to complete Tier 5, that is basically a fantasy.

Lin Tianhao looked at Bit Rosen indifferently, "Let your elder brother come over."

Before Bit Rosen could respond, a muffled voice came from behind.

"I'm here."

Bit Baku was slender, and the muscles on his body were solidified to a terrifying degree.

Obviously not strong.

But Lin Tianhao felt an extremely strong sense of oppression.

Moreover.

Lin Tianhao saw the golden gauntlets on his hands at a glance.

Fighter!!

If you want to say what profession is the most restrained by Lin Tianhao, there is no doubt that it is a fighter.

Mages, archers, priests, summoners, and other professions, when facing fighters, it is best not to let them get close, otherwise, there is a high probability of being comboed to death.

"Your younger brother maliciously raised the price, making me very unhappy. Tell me, how should this matter be handled?"

Lin Tianhao put on the posture of a social elder brother, as if today you will not pay a few million out, the matter will not be over.

"An archer, who gave you the courage to talk to me like this?"

Bit Baku's cold gaze fell on Lin Tianhao, and a murderous aura erupted from his body.

The people who were watching from afar felt this murderous aura, and their faces turned pale, and they all ran away.

Chapter 222 - New pre-quest scroll for Blessing of the Gods!

Lin Tianhao looked at Bitter Baku very calmly, "If you think you can compete with me, you can try."

Bitter Baku's eyes narrowed slightly, with a cold glint flashing in them.

To be honest.

Seeing his younger brother, Bitter Rosen, continuously losing health, he was also apprehensive.

This method was a bit too unbelievable.

He couldn't do it.

"If my brother has done something wrong, I will naturally discipline him, so I won't trouble you to worry about it."

Lin Tianhao smiled noncommittally and said, "If you could discipline him well, I wouldn't have taken action."

"You!!"

Bitter Baku was angry. As one of the three strongest individuals in the Land of Chaos, not many people dared to disrespect him so much.

However, Lin Tianhao gave him a sense of unfathomable depth. Coupled with Anna Jue Lin's recent advancement to Fourth Rank and the destruction of his family, he became even more vigilant.

"Then what do you want?"

Bitter Baku finally compromised. The Sea God Island was about to open again, and he didn't want to create unnecessary complications.

"First, give me the Sea God Island key. Second... give me your Gods' Blessing pre-quest scroll."

Lin Tianhao was very certain that Bitter Baku had a Gods' Blessing pre-quest scroll.

After all, the Vast Continent was a place where Ninth Rank was the limit. This kind of treasure was generally controlled by the top individuals in an area.

This was why, whether it was in the Novice Village or the Starry Kingdom, Lin Tianhao did his best to obtain the Gods' Blessing.

Because after going to the Vast Continent, it would be very difficult to get a Gods' Blessing pre-quest scroll from a Ninth Rank powerhouse.

"Young man, you can't just ask for whatever you want. The Sea God Island key can be given to you, I can even give it to you for free."

At this point.

Bitter Baku changed his tone and said coldly, "But you shouldn't even think about the Gods' Blessing pre-quest scroll."

Lin Tianhao wasn't surprised at all. After all, Bitter Baku would never hand over the Gods' Blessing pre-quest scroll for just this matter.

As for forcibly taking it.

If the other party would rather die than give it up, then there was no point.

"I'm not the kind of person who is overly aggressive. The Sea God Island key, plus an equipment evolution scroll, and I will let bygones be bygones."

If he really killed Bitter Rosen, then it would be as difficult as ascending to heaven for him to get the Gods' Blessing pre-quest scroll from Bitter Baku.

Since that was the case.

It would be better to take a step back.

Of course.

If Bitter Baku wasn't even willing to give him an equipment evolution scroll, then Lin Tianhao wouldn't be soft-hearted.

Bitter Baku hesitated for a moment. After a short while, he nodded.

"As you wish. However, I want to know your identity."

Lin Tianhao smiled, "I am an adventurer, named: Snow Emperor!"

Hearing this.

Bitter Baku gasped, "The Snow Emperor who helped the Demon Cave destroy the Starry Kingdom!!"

As one of the three strongest individuals in the Land of Chaos, he naturally knew everything that happened in the neighboring Starry Kingdom.

"That's right."

Lin Tianhao nodded.

Bitter Baku glanced at Lin Tianhao meaningfully, "If that's the case, perhaps I can give you my Gods' Blessing pre-quest scroll."

"That would be great."

Bitter Baku took out the Gods' Blessing pre-quest scroll and the equipment evolution scroll.

Then, he looked at Bitter Rosen and scolded, "Idiot, take out the Sea God Island key."

Bitter Rosen tremblingly took out the Sea God Island key and respectfully handed it to Bitter Baku.

Bitter Baku gave all three items to Lin Tianhao.

Lin Tianhao put away the Sea God Island key and the equipment evolution scroll, and checked the Gods' Blessing pre-quest scroll.

"The order of the Land of Chaos has been disrupted for too long. A new kingdom should really be established."

"Quest Requirements: Help the Bitter family unify the Land of Chaos and establish a brand new kingdom."

"Quest Penalty: Unknown."

"Quest Reward: Gods' Blessing +1, Free Attribute Points +1000."

"Accept Quest?"

Lin Tianhao's eyes narrowed slightly. This Bitter Baku had some big ambitions.

He wanted to establish a regime here and become the ruler of a country.

"Actually, I don't understand. Even if you become the ruler of a country, your chances of advancing further are slim. Why not leave here and go to the more vast Vast Continent?"

Lin Tianhao didn't want to accept this quest. After all, Bitter Baku was only one of the three strongest individuals.

The other two most likely also had Gods' Blessing pre-quest scrolls.

If he accepted Bitter Baku's quest, it would mean that he was standing against the other two.

What Lin Tianhao wanted was to maximize his benefits.

"We believe in the ocean, and the Sea God is in the Land of Chaos. Leaving here would be our greatest loss."

"Oh."

Lin Tianhao understood, "I accept your quest."

At first, Lin Tianhao was worried about standing against the other two, but Bitter Baku's words reminded him.

These people believed in the Sea God. What if the Sea God made it onto the God Conferment List?

"You are quite straightforward. Then I will wait and see. If you need any help, you can ask."

Bitter Baku still had a lot of confidence in Lin Tianhao.

After all, the Starry Kingdom's high-end combat power was average, but its foundation was deep, at least not something that ordinary families like them could compare to.

But even so.

It was still destroyed by Lin Tianhao.

"Snow Emperor, I've given you the items, so my brother..."

Lin Tianhao took out the Book of Life and Death and erased Bitter Rosen's name from it.

Bitter Rosen noticed that he was no longer losing health, and was overjoyed, but also a little scared.

This kind of inexplicable lock-on and high health loss was really too unbelievable.

... ..

Outside the Land of Chaos.

The Vampire Marquis Minder Kaido led Village Chief Wang, Luo Lin Muye and others to this place.

"According to the news, the Snow Emperor is in the Land of Chaos. This time, I will suck him dry, seal him in the Demon Suppression Coffin, and prevent him from escaping for all eternity."

Luo Lin Muye complimented, "With Marquis Lord taking action, the Snow Emperor will not escape death."

"Hmph, if it weren't for that strange health loss before, the Snow Emperor would already be dead."

Minder Kaido snorted, "Now that I am no longer affected by that strange health loss, killing the Snow Emperor is as easy as pie."

Minder Kaido had just finished speaking when damage numbers suddenly appeared above his head.

-121999.

-121999.

... ..

Minder Kaido's expression changed drastically. He had just been talking about the strange health loss, but he didn't expect that he would start losing health again now.

This was naturally Lin Tianhao's masterpiece. After erasing Bitter Rosen's name, Lin Tianhao wrote the Vampire Marquis Minder Kaido's name.

Chapter 223 - Mutated coconut crab!

Village Chief Wang frowned, "We've only just arrived in the Land of Chaos, and Xue Di has already used such bizarre attack methods. Could it be that he has already sensed our arrival?"

"How is that possible...?"

Luo Lin Muye subconsciously shook his head, but thinking about it, it was indeed too coincidental.

They had only just arrived in the Land of Chaos, and Xue Di had already taken action again. It was truly strange.

"Hmph, no matter the reason, Xue Di must die."

Min De Kaidu snorted coldly.

... ..

Ze Lian City.

After sending Bi Te Baku away, Lin Tianhao took out the equipment evolution scroll.

"Use."

"Ding, you have used the equipment evolution scroll on the Purification Jade Pendant. Your Purification Jade Pendant is evolving..."

"Ding, congratulations, your Purification Jade Pendant has successfully evolved."

Lin Tianhao was secretly delighted. The Purification Jade Pendant's value increased from ninety-one percent to ninety-two percent.

"Keep going, work hard, strive forward, only eight percent left."

Lin Tianhao's eyes were firm. The goal was right in front of him. Once he had complete crowd control immunity, as long as absolute damage couldn't kill him, he would be invincible.

Having been in the Land of Chaos for so long, Lin Tianhao had not yet gone to see the monsters of the Land of Chaos.

In the Land of Chaos, there were monsters up to level 100, which would be good for stacking health points.

He unfolded the map.

Lin Tianhao determined a direction.

"It's you, Mutated Coconut Crab."

Lin Tianhao locked onto a type of level 70 monster that was numerous and respawned quickly.

In fact, Lin Tianhao's current health points wouldn't be much different between level 100 and level 70 monsters.

Lin Tianhao valued the quantity and respawn speed more.

Half an hour later.

Lin Tianhao finally saw a group of coconut crabs on a silver-white beach.

Mutated Coconut Crab: Level 70.

Health Points: 7959 / 7959.

Attack: 1385.

Skills: Rampage, Pincer Strike, Tear, Corrosive Saltwater, Petrifying Skin.

As an ordinary monster, the Mutated Coconut Crab had five skills, which was commendable.

"Swoosh!"

An arrow was released.

- 7959.

The Mutated Coconut Crab fell, dropping some copper coins and a piece of ordinary equipment.

"Not bad luck, it dropped equipment on the first kill."

Although it was useless to Lin Tianhao, Lin Tianhao still picked up the equipment.

Continue.

Ordinary Mutated Coconut Crabs didn't have high health points or attack power, so killing them was easy and stress-free.

Moreover, because of Lightning Leap and Heavenly Fire Meteor, Lin Tianhao quickly spawned the Elite Mutated Coconut Crab.

Mutated Coconut Crab (Elite): Level 70.

Health Points: 43960 / 43960.

Attack: 3018.

Skills: Rampage, Pincer Strike, Tear, Corrosive Saltwater, Petrifying Skin, Sand Escape.

The Elite Mutated Coconut Crab was noticeably larger than the ordinary one, with increased health points and attack power, and an additional skill, Sand Escape.

Too bad.

Its health points were still too low.

One arrow, still just one arrow.

If Lightning Leap was triggered, a whole group would die.

Lin Tianhao's damage was too high now. To stack health points, he still needed to find high-level dungeons, and they had to be Hell-difficulty dungeons with tough monsters.

Otherwise, he really couldn't stand killing them.

After a while.

The Black Iron Mutated Coconut Crab was also killed by Lin Tianhao.

Mutated Coconut Crab (Black Iron): Level 70.

Health Points: 929300 / 929300.

Attack: 12251.

Skills: Rampage, Pincer Strike, Tear, Corrosive Saltwater, Petrifying Skin, Sand Escape, Acid Rain, Deadly Charge, Body of Steel, Berserk.

The Black Iron Mutated Coconut Crab finally had higher stats.

However.

Lin Tianhao's current damage, one arrow down, even without a critical hit, was more than 600,000 true damage.

This Black Iron Mutated Coconut Crab could withstand at most two arrows.

A Black Iron Mutated Coconut Crab could only stack six health points.

Critical hit!!

One arrow!!

Lin Tianhao was depressed. He originally thought he could withstand two arrows, but now it seemed he was too naive.

Triggering a critical hit, the Black Iron Mutated Coconut Crab was instantly killed.

Boring.

If it weren't for the Book of Life and Death constantly stacking health points for Lin Tianhao, he would really be depressed.

This is too outrageous!

However, this Black Iron Mutated Coconut Crab's title wasn't Mutated Coconut Crab King, indicating that behind it there was also a Bronze-level, or even a Silver-level one.

Therefore.

Lin Tianhao wasn't discouraged and continued to farm.

About fifteen minutes later, finally, the Bronze-level Mutated Coconut Crab that Lin Tianhao had been waiting for appeared.

Mutated Coconut Crab (Bronze): Level 70.

Health Points: 4599120 / 4599120.

Attack: 27980.

Skills: Rampage, Pincer Strike, Sandstorm Tear, Corrosive Saltwater, Petrifying Skin, Sand Escape, Acid Rain, Deadly Triple Slash, Corrosive Quicksand, Berserk, Body of Steel.

Stronger!

This is a little interesting.

Especially the four million plus health points, it seemed like it could withstand a few more attacks from Lin Tianhao.

- 662580!!

The damage number of the first arrow caused the Bronze Mutated Coconut Crab's health bar to plummet.

This time, Lin Tianhao was lucky, and several consecutive arrows didn't crit, and it took seven arrows to kill this Bronze Mutated Coconut Crab.

It stacked twenty-one health points for Lin Tianhao.

Tears welled up!

The Book of Life and Death is still good.

Otherwise, even if he awakened the Heart of Heavenly Punishment, it would be unrealistic to stack health points comfortably without health points.

It can only be said, thank you to the great Goddess Houtu.

If the Gods' Blessing were to come again with a God-given equipment that continuously drains health, that would be comfortable.

Of course, don't think about it for now, it's almost impossible.

In the following time, Lin Tianhao was here farming monsters to stack health points, stacking as much as he could.

The next day, early in the morning.

Lin Tianhao returned to Ze Lian City.

Ze Lian City, Ze Lian Fortress gate.

Ze Lian Baoku was already waiting here. Besides him, there was also a mage, an archer, and a shield warrior.

However.

Lin Tianhao knew that mage.

"Zhu Meng Yan Xue..."

Put down the attribute page, those who are interested can take a look.

The main text content is enough for two thousand words, I didn't use the attribute panel to pad the word count, haha.

Chapter 224 - The flying mount is very fast, but what if I take out the Kunlun Mirror?

Dream Chasing Smokesnow showed Lin Tianhao a smile, "Snow Emperor, you also accepted the task of the Zelian Blood Pool."

Zelian Blood Pool laughed from the side: "You guys know each other, that's great. We'll all work together to kill the Two-Headed Bloodscale Crocodile as soon as possible."

Lin Tianhao nodded, but his intuition told him that there was something wrong here.

Previously, Dream Chasing Smokesnow had come with the merchant ship, and judging from Dream Chasing Smokesnow's situation at the time, she had some say on that merchant ship.

This shows that Dream Chasing Smokesnow has been in the Land of Chaos for some time and has established a certain foundation for herself.

She came to the Land of Chaos in advance, established a certain foundation for herself, and before that, she had successfully comprehended the True Meaning.

According to Lin Tianhao's speculation, Dream Chasing Smokesnow is doing a chain quest, and it's a chain quest of no low level.

In his previous life, Lin Tianhao's impression of Dream Chasing Smokesnow was that her luck attribute was very high, whether it was farming monsters or triggering hidden quests or other things.

Everywhere was revealing that she possessed extraordinary luck.

Not only that.

In his previous life, the second person to comprehend the True Meaning was not her. To be precise, the first was not Taoist Ambition either.

However, Taoist Ambition is understandable, because with Lin Tianhao's money, he should enter the game faster than in his previous life.

As for Dream Chasing Smokesnow.

That can only mean that she, like Glasses, changed her game trajectory because of the things he did.

In the Twilight of the Gods.

Everyone has their own opportunities, and Lin Tianhao has no intention of interfering with Dream Chasing Smokesnow's opportunities.

But.

The premise is that Dream Chasing Smokesnow should not set her sights on him.

Dream Chasing Smokesnow hesitated for a moment and said to Zelian Blood Pool.

"I have something I want to say to Snow Emperor alone."

"Snow Emperor, would you do me the honor?"

Lin Tianhao tapped the longbow with his finger and didn't refuse, walking to a corner to the side.

"What's the matter?"

"Add me as a friend, there are some things that are really inconvenient to say in front of Zelian Blood Pool."

Dream Chasing Smokesnow sent a friend request.

In order to find his sister, Lin Tianhao had already opened up his friend requests, changing it to everyone can apply.

After a little thought, Lin Tianhao chose to accept.

After accepting, Dream Chasing Smokesnow sent a message directly.

"I'm doing a quest. I know what you want is the Scroll of the Gods' Blessing Prerequisite Quest. The island lord of Zelian Island has it, and I can get it. How about we cooperate?"

Lin Tianhao didn't directly agree, "Let's talk about it when you get the Scroll of the Gods' Blessing Prerequisite Quest."

After replying to the message, Lin Tianhao returned to the team.

Zelian Blood Pool said jokingly: "Smokesnow, Snow Emperor, you two are really a match made in heaven, and your names both have the character 'Snow' in them, it's quite a fate."

"Zelian Blood Pool, don't play matchmaker randomly. It's almost time, let's set off," Lin Tianhao urged.

Dream Chasing Smokesnow also said from the side: "The sooner we deal with the Two-Headed Bloodscale Crocodile, the better for everyone."

Zelian Blood Pool nodded, "Okay, let's set off."

Lin Tianhao sat on the Crimson Flame Turkey King. Although it wasn't necessary, Lin Tianhao still did it.

After all, if you can ride a mount, why walk?

And then...

Dream Chasing Smokesnow released her mount, a Giant-Winged Purple Bird.

"Snow Emperor, why don't you ride my mount? Carrying a few people is no problem at all, and it's faster."

The corner of Lin Tianhao's mouth twitched. She really wanted to piss him off.

"I shouldn't have summoned a mount."

Lin Tianhao shook his head secretly. What should he do now? Should he ride or not?

"I won't ride it. I'm more comfortable riding my own mount. Zelian Blood Pool, just mark the location for me."

As he said that, Lin Tianhao opened the map.

Zelian Blood Pool hesitated, but in the end, he didn't say anything, marking the location on Lin Tianhao's map.

"Then we'll wait for you when we get there."

Zelian Blood Pool only felt that Lin Tianhao was stubborn and making things difficult for himself. After all, in terms of travel speed.

The flying Giant-Winged Purple Bird was obviously faster than the running Crimson Flame Turkey King.

It's just that Lin Tianhao insisted on doing so, and he couldn't say anything.

After they left, Lin Tianhao took out the Kunlun Mirror and stepped out.

He arrived at a silver-white beach. Not far away, there were also mutated coconut crabs running happily.

The location Zelian Blood Pool gave him was not far from here.

Lin Tianhao rode the Crimson Flame Turkey King for a short distance and successfully arrived at the location marked by Zelian Blood Pool.

On the Giant-Winged Purple Bird.

Zelian Blood Pool shook his head helplessly, "Although Snow Emperor is powerful, he still has a childish side."

"I didn't expect him to be so naive either."

Dream Chasing Smokesnow shook her head. In her opinion, Lin Tianhao stubbornly riding the Crimson Flame Turkey King was a childish act.

"We estimate we'll be there in another five minutes. He probably just left the city not long ago."

...

Lin Tianhao sat on the beach, feeling a little bored while waiting, so he took out a few crab legs and grilled them.

These were dropped from the mutated coconut crabs. They were edible, and at this stage, they were just for satisfying cravings.

After the game and reality merge, this will be real food.

When the crab legs were almost grilled, the Giant-Winged Purple Bird stopped in front.

Dream Chasing Smokesnow and Zelian Blood Pool and the others walked down from the Giant-Winged Purple Bird.

And then.

They saw a scene that left them dumbfounded.

Lin Tianhao was eating grilled crab legs, with a bonfire in front of him. It looked like the crab legs had just been grilled.

"This..."

Dream Chasing Smokesnow and Zelian Blood Pool and the others were all dumbfounded.

They had flown straight over here. How could Lin Tianhao, riding the Crimson Flame Turkey King, be faster than them?

And it looked like he was much faster.

Lin Tianhao had no intention of explaining to them.

Holding the grilled crab legs, he stood up, took a delicious bite, and then said: "You're finally here, let's start the action."

Zelian Blood Pool smiled awkwardly, "Okay, let's start the action."

"This action is dangerous, so we couldn't find a suitable priest. During the battle later, we must be careful, careful, and even more careful."

Zelian Blood Pool's expression became serious.

"This Two-Headed Bloodscale Crocodile is a Rank 4 Gold-level sea beast. It's amphibious and extremely powerful. If it bites you, you might even suffer terrifying bleeding damage that is difficult to heal."

Lin Tianhao wasn't impatient. Sometimes, understanding your opponent isn't a bad thing.

In his previous life, he had seen too many powerful people trip up because they underestimated their opponents.

Because you can't guarantee that your opponent is a sly old fox, hiding methods you don't know about.

You also can't guarantee that your opponent can achieve the feat of using four ounces to move a thousand pounds, and you will be the stepping stone for others to become famous.

"I won't say much more. Everyone cooperate in the battle. Old Burke and I will attract the firepower from the front together, and you guys will output with all your strength."

Chapter 225 - Two-headed blood-marked crocodile!

"No problem."

Dreaming Snow nodded.

Ze Lianbaoku took out a huge piece of carrion.

The air was instantly filled with a fishy stench.

Dreaming Snow immediately covered her nose and mouth. The smell was too stimulating for her.

But Lin Tianhao was unmoved, only frowning slightly.

In his previous life, Lin Tianhao had seen many things more disgusting than this.

It was easy to guess that this thing was used to attract the two-headed blood-striped crocodile.

Some things are disgusting to humans, but for some monsters, they are rare and good things.

Ze Lianbaoku glanced at Lin Tianhao in surprise. Even with preparation, this kind of carrion was unbearable.

But Lin Tianhao's performance was too calm.

It seemed.

Such a scene was commonplace for him.

Facing the Tier 4 Gold-rank two-headed blood-striped crocodile, they would naturally be under pressure.

Wait.

Lin Tianhao suddenly realized something.

Tier 4 two-headed blood-striped crocodile?

This didn't seem to be the way to describe wild monsters or bosses.

In his previous life.

This kind of adjective was usually used for... pets.

Because Lin Tianhao had recently been in contact with Tier 2, Tier 3, and even Tier 4 experts.

He had become accustomed to this way of speaking.

So when Ze Lianbaoku said Tier 4 Gold-rank before, he didn't think there was anything wrong.

Now that they were about to fight, he realized.

Ze Lianbaoku may have misspoke earlier.

This two-headed blood-striped crocodile was most likely not a wild boss, but a pet of some existence.

Only in this way.

Could Ze Lianbaoku's description of it be explained.

But.

In this chaotic place, who is so powerful that they can enslave a Tier 4 Gold-rank boss as a pet?

Of the other two Tier 4 Platinum-rank experts in the chaotic land, is one of them a summoner?

While Lin Tianhao was thinking, on the sea in front, two huge reefs were rushing towards them at high speed.

Lin Tianhao activated his Immaculate Eye to see clearly that they were not reefs, but two crocodile heads emerging from the water.

Two-Headed Blood-Striped Crocodile (Tier 4 Gold): Level 209.

Health Points: 9800W/9800W.

Attack: 115800.

Skills: ???

Lin Tianhao narrowed his eyes. Approaching a small goal of health points, this guy's strength was indeed not bad.

Normally, a level 210 Gold-rank boss should have about 60 million health points.

Of course, secret realms, dungeons, and mutated types may exceed this value.

From this health point, Lin Tianhao could also judge.

This guy should be a pet.

Because pets can also exceed the conventional value by a lot.

There is a very essential difference between pets and wild monsters.

That is, pets can wear equipment.

It's just that the equipment that pets can wear is mostly rare, but it's not completely non-existent.

“Don't worry, wait until it gets closer to fight.”

Ze Lianbaoku held his breath, he was still a little worried about something going wrong in this battle with such a gap.

The two-headed blood-striped crocodile approached the shore, and its huge body, like a small hill, appeared in the sight of Lin Tianhao and the others.

After it rushed ashore, the head on the left opened its bloody mouth and bit into the carrion.

The head on the right was not to be outdone, and when the head on the left was chewing, it also opened its bloody mouth and bit down.

“Now!”

The archer beside Ze Lianbaoku took the lead.

Feather arrows pierced the air.

-18905.

A decent damage number appeared.

However.

Compared to the two-headed blood-striped crocodile's nearly 100 million health points, this damage was too low.

Fortunately, this archer's attack speed was not slow, and his attack speed exceeded 8.0 per second.

Fifteen thousand damage per second!

If there were some critical hits, it would be even higher.

“Roar!!”

The two-headed blood-striped crocodile roared, and its huge tail, like a giant Seven Wolf cigarette pack, swept over.

Old Burke inserted the golden shield, more than half a person tall, into the sand. A huge energy shield appeared on the shield.

“Boom!”

The tail of the two-headed blood-striped crocodile struck the shield, the energy shield shattered, and Old Burke also flew out.

-135870!!

The two-headed blood-striped crocodile's attack, still hitting the shield warrior with the highest defense, also dealt more than 130,000 damage.

Its Dragon Tail Sweep was not a normal attack, but a skill, so the damage value was higher than the attack power.

“Boom!!”

A huge fireball bombarded the head of the two-headed blood-striped crocodile.

Magic critical hit!

-12110.

Scorching.

-500.

-500.

.....

It was Dreaming Snow who attacked, and this attack was a magic critical hit, and it was still facing a Tier 4 Gold-rank pet 159 levels higher than her.

It can only be said.

Dreaming Snow's luck attribute was really high, otherwise, with such level and grade suppression, it would be impossible to deal a magic critical hit.

In addition.

Dreaming Snow's scorching damage should be a fixed value of true damage, which was even more interesting.

There were very few means of scorching true damage, especially at this stage.

In battle.

Ze Lianbaoku rushed up to restrain it from the front.

“It seems I still have to take action.”

Lin Tianhao raised the Netherworld Longbow in his hand.

The output ability of these people was too poor.

Dealing more than 10,000 damage per attack, how long would it take to hit?

“Swish swish swish!!”

Lin Tianhao's feather arrows poured out.

-691314.

-691314.

.....

One damage number after another appeared.

Lin Tianhao fired forty arrows per second, that is, in one second, he removed more than 27 million health points from the two-headed blood-striped crocodile.

“This.....”

Ze Lianbaoku, Dreaming Snow, Old Burke and others all showed ghostly expressions when they saw Lin Tianhao's damage.

Dreaming Snow was okay, she still had some understanding of Lin Tianhao's damage ability.

Merely.

She was still very surprised, after all, in her speculation, Lin Tianhao's DPS was good if it was several million.

This.....

Her speculation was only a fraction of Lin Tianhao's DPS.

The two-headed blood-striped crocodile with nearly 100 million health points couldn't even withstand Lin Tianhao for four seconds.

“Roar!!”

The two-headed blood-striped crocodile was also frightened by Lin Tianhao's attack. It roared and turned its two huge heads to suck in seawater fiercely.

+1000W.

+1000W.

In the blink of an eye, it recovered 20 million health points.

This should be some kind of powerful blood recovery skill.

Even though it recovered a large amount of health, the two-headed blood-striped crocodile had no intention of fighting, and it rushed madly towards the ocean.

“Stop it.”

Ze Lianbaoku roared, his body turned into an afterimage, blocking in front of the two-headed blood-striped crocodile.

“Boom!”

The two-headed blood-striped crocodile spewed out frost from its mouth, and Ze Lianbaoku was instantly frozen.

Chapter 226 - The distribution of forces in the land of chaos!

Old Burke immediately stepped forward, slamming the heavy shield in his hand onto the head of the two-headed blood-striped crocodile.

“Overlord Body.”

“Berserk.”

“Tidal Triple Shield!”

At this moment, Old Burke went all out.

He wanted to buy time for Lin Tianhao, because with Lin Tianhao’s output ability, the two-headed blood-striped crocodile would die in less than four seconds.

The two-headed blood-striped crocodile also knew that it couldn't fight head-on, and both heads simultaneously opened their bloody mouths.

One head spewed out frost, and the other head spewed out blood light, two rays flying towards Lin Tianhao.

Although it launched an attack, the two-headed blood-striped crocodile didn't linger. It also activated Overlord Body and Berserk simultaneously, rushing towards the sea.

“Flaming Red Lips!”

Dreaming Snow's attack followed closely.

Flaming Red Lips is a relatively common mage control skill.

It's just a pity.

In the Overlord Body state, even if hit by Flaming Red Lips, the two-headed blood-striped crocodile could not be controlled.

Lin Tianhao had the Boundless Sea Cosmos to restrict it, but he didn't do so.

Because, he felt that this two-headed blood-striped crocodile had a secret, and killing it like this wouldn't be a good thing.

As expected.

With the blessing of Overlord Body and Berserk.

The two-headed blood-striped crocodile's body turned into an afterimage, knocking away Zelian Burke, who was trying to block it, and escaped into the sea.

“Damn it.”

Zelien Burke cursed, not knowing what to say now.

Lin Tianhao's terrifying output startled the two-headed blood-striped crocodile, which made it run away at all costs.

It's just that.

Now he doesn't even have the courage to blame Lin Tianhao.

With Lin Tianhao's burst damage ability just now, it wouldn't even take a second to kill him!

He doesn't dare to offend this terrifying existence right now.

"This two-headed blood-striped crocodile is too cunning."

Lin Tianhao shook his head, pretending to be regretful. At the same time, he also wanted to get information to see why Zelien Burke wanted to kill the two-headed blood-striped crocodile.

Dreaming Snow also frowned: "The two-headed blood-striped crocodile's movement speed is too fast. In the Overlord Body state, it can't be stopped at all."

Zelien Burke's expression was a little ugly.

"Snow Emperor's damage is too high. After this time, it probably won't appear for a long time."

Lin Tianhao rolled his eyes, "Is it wrong to have high damage?"

Zelien Burke quickly waved his hand, "Of course it's not wrong to have high damage, but we may have to think of another way."

“There's no way. I'm a landlubber, and fighting underwater is a bit unrealistic. Besides, it looks like it will be even faster in the ocean.”

Lin Tianhao's words were naturally nonsense.

He has the title of Son of the Sea and also mastered the True Meaning of the Sea. His combat power will only be stronger, not weaker, after going into the sea.

However, Lin Tianhao couldn't trust Zelian Burke and the others, so it was still necessary to hide some of his methods appropriately.

Moreover.

As one of the strongest people in an area, the good things in his hands are definitely not limited to the pre-quest scrolls for the Blessing of the Gods.

Before that.

Lin Tianhao needed to first understand the distribution of power in the Land of Chaos.

When he was in the Star Kingdom, he basically understood the overall situation of the Star Kingdom.

But Lin Tianhao knew very little about this Land of Chaos.

After Zelian Burke and others left, Lin Tianhao took out the Kunlun Mirror and stepped out.

Lin Tianhao came to the Kief family in the Land of Chaos.

The last time he came, Kief Hongzu had explained that as soon as Lin Tianhao came, he was immediately treated as an honored guest.

“I want to understand the distribution of power in the Land of Chaos.”

Lin Tianhao didn't beat around the bush and directly stated his needs.

Kief Hongzu was not surprised and directly said: "In the Land of Chaos, the main forces are eight Third Rank Gold level forces and three Fourth Rank Platinum level forces. The forces are assigned according to their highest combat power level."

“As for the others, there are also individual Third Rank Gold level experts, but very few.”

Kief Hongzu explained the distribution of power in the Land of Chaos little by little.

In the Land of Chaos.

There are four strongest forces.

They are the Peter Family, the Horn Family, the Sea God Temple, and the Blood Raven Tower.

The first three forces all have Fourth Rank Platinum level experts in charge.

The Blood Raven Tower does not have a Fourth Rank Platinum level expert in charge, but it has two Fourth Rank Gold level experts and several Third Rank Gold level experts. Its overall strength is even stronger than the Horn Family and the Peter Family.

But compared with the Sea God Temple, it is still a bit weaker.

In addition to these four peak forces, there are also seven forces with Third Rank Gold level experts in charge. There were originally nine, but the Anna Family was destroyed by Lin Tianhao.

The disappearance of the head of the Buli Family also reduced the number from nine to seven.

As for the Third Rank Silver level, Bronze level, and even lower forces, there are even more.

The foundation of the entire Land of Chaos is much higher than that of the Star Kingdom.

It's just a pity that they are fighting on their own and are not unified. Otherwise, with the strength of the Land of Chaos, they would have flattened the Star Kingdom long ago.

I'm afraid that even the Netherworld Land is not as good as the foundation of the Land of Chaos.

“Sea God Temple, Horn Family, Blood Raven Tower...”

Lin Tianhao muttered to himself, “Then start with the Horn Family.”

Thinking like this.

Lin Tianhao asked Kief Hongzu to give him a detailed map of the Land of Chaos.

Taking the map and riding the Flame Fire Chicken King, Lin Tianhao began to set off.

Horn Family.

It is also an old family in the Land of Chaos with a deep foundation.

Lin Tianhao rode the Flame Fire Chicken King to the Horn Family.

The Horn Family was built by the sea, occupying a bay.

As soon as Lin Tianhao arrived here, the voice of the God of the Undead passed into his mind.

“Master, I have sensed the aura of the two-headed blood-striped crocodile.”

Lin Tianhao's eyes narrowed slightly. Is that two-headed blood-striped crocodile the Horn Family's pet?

Regardless of whether it is or not, Lin Tianhao is prepared to go in and find out.

Arriving at the gate of the Horn Family.

Before Lin Tianhao could speak, a woman walked out.

“Snow Emperor, the head of the family has been waiting for a long time.”

Lin Tianhao's eyes narrowed slightly. Did the head of the Horn Family know that he was coming?

Or guessed that he was coming.

“Okay.”

Lin Tianhao followed the woman into the Horn Family.

The Horn Family's building complex is very large, like a small city.

After passing through layers of buildings, the woman stopped in front of a quaint small building.

“Snow Emperor, the head of the family is waiting for you inside.”

Chapter 227 - Horn Guoling's deep calculations!

Lin Tianhao pushed the door open and entered.

Inside the entrance was a front yard, not too big.

Only after passing through the yard gate could one reach the small building.

The small building's door was open, and one could see a short, fat old man writing calligraphy inside.

Lin Tianhao stepped inside.

“Sit.”

The short, fat old man didn't raise his eyes, but finished writing the last character before looking up.

“Snow Emperor, I’ve long admired your name.”

“Since the old gentleman knew I was coming, he must also know my purpose.”

The short, fat old man nodded, “I know, the items are already prepared for you.”

As he spoke.

The short, fat old man held an equipment evolution scroll in one hand and a scroll for the prelude to the Gods' Blessing in the other.

This straightforwardness was a first for Lin Tianhao.

“What do you want?”

Lin Tianhao asked.

The other party knew him and his purpose, obviously having some understanding of him.

“Take me to level 500.”

“Both items, I’ll give them to you together.”

Lin Tianhao narrowed his eyes slightly, “You’re only at third job advancement, to reach level 500, you still need a fourth job advancement in between.”

“Don’t worry about that, as long as you agree, I can complete my fourth job advancement right now.”

The short, fat old man was very calm.

Lin Tianhao didn't immediately agree, even if the short, fat old man reached the fourth job advancement, that would only be level 200.

There was still a gap of 300 levels to reach level 500.

In this second job advancement area, killing monsters lower than one's own level wouldn't grant any experience points.

Of course.

Bosses were an exception.

But even so.

Killing bosses that were too far below one's own level would give very little experience points.

Unless there was a place where bosses could be spawned in batches, this task would be time-consuming and laborious.

However...

There was another exception.

If... if Lin Tianhao could kill the Sea God, then he could complete this task in one fell swoop.

His main goal in the core of the Chaotic Lands this time was to kill the Sea God. If he could kill the Sea God, he could maximize his gains in the Chaotic Lands.

"Alright, I'll accept this task."

The short, fat old man revealed an excited smile.

"Ding, Horne Guo Ling has issued you a quest: Take him to level 500."

"Quest Requirement: Within three months, take him to level 500."

"Quest Penalty: Unknown."

"Quest Reward: Blessing of the Gods + 1, Equipment Evolution Scroll + 1, Free Attribute Points + 200."

It had to be said that the rewards given by Horne Guo Ling were not bad, and the time was relatively generous.

"Agree."

Horne Guo Ling smiled slightly at Lin Tianhao, "As long as you don't leave the Chaotic Lands, I can participate in sharing experience points."

"That's great."

Lin Tianhao smiled.

Killing the Sea God was not possible for the time being, but killing monsters was not the only way to get experience points.

Killing other NPCs, especially those at the third and even fourth job advancement, would also give good experience rewards.

Wait...

Lin Tianhao suddenly realized something.

This Horne Guo Ling was truly hiding a knife behind his smile.

He actually knew that it was almost impossible to take him to level 500 by killing wild map bosses.

If he wanted to reach level 500, the most direct way would be to hunt other third and fourth job advancement NPCs.

This task.

Was actually similar to Bitbaku's task.

Even.

This task was even more clever than Bitbaku's task.

If he reached level 500, even if it was just gold rank, he could still be said to be the number one person in the Chaotic Lands.

And if he wanted to take him to level 500, many third and fourth job advancement experts would die in the Chaotic Lands, which could be considered clearing obstacles for him.

These NPCs of the Twilight of the Gods were truly cunning.

I just don't know.

If Horne Guo Ling knew that he was planning to kill the Sea God to take him to level 500, what would he think?

“Old gentleman, shouldn’t you be doing your fourth job advancement?” Lin Tianhao asked.

Horne Guo Ling nodded, and a light blue fragment appeared in his hand.

“This fragment... has divine power on it, it’s something of the Sea God Poseidon.”

The voice of the God of the Undead echoed in Lin Tianhao’s mind.

Lin Tianhao understood.

He watched Horne Guo Ling use this fragment to complete his job advancement.

Half an hour later.

Horne Guo Ling successfully completed his job advancement.

“Next, I will go into seclusion, and I hope Snow Emperor, you can complete the task as soon as possible.”

“Don’t worry, I will work hard even if you don’t say so.”

Lin Tianhao smiled, “If there’s nothing else, I’ll take my leave first.”

After coming out of the Horne family, Lin Tianhao rode the Flame Turkey King to the Sea God Temple.

The Sea God Temple did not belong to any family, but was a sect-like force, where strength was respected.

However, according to what Lin Tianhao knew, they were loyal followers of the Sea God Poseidon, and if someone possessed the power of the ocean, they would be extremely revered.

The Sea God Temple was on an island, and to go to the Sea God Temple, one had to obtain the approval of the Sea God Temple Elder.

There was a branch of the Sea God Temple at the port leading to the Sea God Temple.

Lin Tianhao stepped into this place.

Inside the Sea God Temple branch, many believers were reverently listening to the explanation of a thin old man.

After Lin Tianhao came in, he did not disturb them, but sat aside and took out the Secret Book of the True Meaning of the Sea to study.

His action made a young man not far from Lin Tianhao very dissatisfied.

He stared at Lin Tianhao with cold eyes, and reprimanded in a low voice:

“How dare you be so bold as to read other books while Elder Gu Fen is giving his explanation.”

Lin Tianhao glanced at the young man and ignored him.

The young man became somewhat annoyed when he saw this.

He lowered his body, moved in front of Lin Tianhao, and reached out to snatch the Secret Book of the True Meaning of the Sea from Lin Tianhao's hand.

“Bang!”

Before his hand could touch Lin Tianhao's secret book, he was kicked to the ground by Lin Tianhao.

-701518.

This kick directly turned the young man into a near-death state, and even the armor on his body cracked under Lin Tianhao's kick.

“What’s going on?”

Elder Gu Fen’s deep voice came, and his gaze converged on Lin Tianhao and the young man.

The young man was a little frightened by Lin Tianhao's kick.

But upon hearing Elder Gu Fen's voice, he immediately gained confidence, stood up and pointed at Lin Tianhao, reprimanding:

“Elder Gu Fen, this person is actually reading other books while you are giving your explanation, he really doesn’t put you in his eyes.”

Hearing this.

The other believers began to accuse Lin Tianhao one by one.

“Who is this person? Wearing a black robe, he doesn’t look like a good person at all.”

“Elder Gu Fen is someone who comprehended the True Meaning of the Sea not long ago. It is a great honor to listen to Elder Gu Fen’s lectures, but this kid is actually reading other books.”

... ..

Elder Gu Fen couldn't help but feel a little annoyed when he heard that someone was reading other books while he was giving his explanation.

Ever since he comprehended the True Meaning of the Sea half a month ago, even if it was only Elementary Gravitation, his status in the eyes of the Sea God Temple and believers had risen.

This kid in front of him dared to read other books while he was giving his explanation, it was too presumptuous.

“Young man, do you think that what I, Gu Fen, am lecturing is not as good as the things in your book?”

Chapter 228 - Evil god believer?

Lin Tianhao touched his nose with a strange expression, "Indeed, it's not as good as what's in my book."

He wasn't making it up.

The Sea's True Meaning of Elder Gu Fen was only at the Elementary level of Gravity.

But the Sea's True Meaning secret book in his hand contained the core content of the entire Sea's True Meaning.

However.

Lin Tianhao's words caused those believers to show extremely angry expressions.

"Who is this person? How dare he be so arrogant, what can be learned from a book?"

"Exactly, daring to say that what Elder Gu Fen teaches is not as good as what's in a book is simply blasphemy against Elder Gu Fen."

"This kind of person should be sunk to the bottom of the sea and eaten by sea beasts."

Lin Tianhao opened the first page of the Sea's True Meaning secret book and placed it in front of Elder Gu Fen.

Elder Gu Fen had already comprehended the Elementary level of Gravity in the Sea's True Meaning, so it didn't matter if he looked at the first page.

Just one glance.

Elder Gu Fen's gaze was attracted.

"Sea...Sea's True Meaning secret book!!"

Even though he only looked at the first page, Elder Gu Fen still recognized the thing in Lin Tianhao's hand.

He was a little excited and thought to himself: "If I can obtain this Sea's True Meaning secret book, my position in the Sea God Temple will definitely rise."

Elder Gu Fen raised his head and carefully looked at Lin Tianhao.

After confirming that there was no such big figure like Lin Tianhao in the entire Sea God Temple, or even the entire Chaotic Lands, he could no longer hide his greed.

"Capture him, what he has in his hand is the Silver Eye Book, it must be destroyed by me personally!!"

As soon as Elder Gu Fen spoke, he put a big label on Lin Tianhao's head.

When his believers heard that the thing in Lin Tianhao's hand was actually the Silver Eye Book, their faces became ferocious.

"Damn it, I could tell at a glance that this kid wasn't a good person, I didn't expect him to be a believer of an evil god."

"Kill him, we can't let him spread the Silver Eye Book."

"This kind of person should be cut into a thousand pieces, everyone attack together."

... ..

Elder Gu Fen's believers immediately confronted Lin Tianhao with weapons.

Elder Gu Fen, standing behind, had a playful smile on his face.

Just a lucky little person, killing him is just killing him, as long as he obtains the Sea's True Meaning secret book and masters a complete True Meaning, no one will care what he once did.

Lin Tianhao coldly glanced at Elder Gu Fen's believers.

He didn't attack, because there was no need.

These believers were too weak.

He had Heavy Armor Reflection and Bloodthirsty Dragon Armor, plus his more than eleven million health points, these people attacking him would only die faster than him.

Indeed.

In just a few seconds, these believers discovered that they were losing health faster by attacking Lin Tianhao.

And Lin Tianhao's health bar only dropped a tiny bit.

"As expected of a believer of an evil god, he has already obtained the protection of the evil god's power, immediately notify the Sea Guard team, he must be executed on the spot."

Elder Gu Fen was both shocked and angry, but he wasn't flustered at all.

His believers were weak, so it was reasonable that they couldn't beat Lin Tianhao.

As long as the Sea Guard team arrived, Lin Tianhao was destined to be the fish on the chopping board, he would definitely die.

"Bold believer of an evil god, how dare you run wild in our Sea God Temple."

Lu Yugu Shan led a group of Sea Guard experts and rushed in, surrounding Lin Tianhao.

A group of Tier 2 Black Iron level warriors, plus two archers and two mages.

The lineup was okay, but unfortunately there was no priest.

Elder Gu Fen coldly looked at Lin Tianhao, "Hand over the Silver Eye Book, and I can give you a chance to be leniently dealt with."

Lin Tianhao sneered, and the God-Slaying Whip fell into his hand.

Shadow Chasing Instant Kill!

In the blink of an eye, Lin Tianhao came behind Lu Yugu Shan and smashed the God-Slaying Whip down.

"Boom!!"

A loud noise.

Lu Yugu Shan's helmet was smashed to pieces.

At the same time.

A huge critical hit damage value popped out from the top of Lu Yugu Shan's head.

1409580!!

One hit, a little over 1.4 million damage.

The arena was silent.

Everyone gasped.

Lu Yugu Shan was just a Tier 2 Black Iron level NPC, plus his equipment, his health points only barely exceeded 1.5 million.

Lin Tianhao's attack almost killed him.

"This..."

Elder Gu Fen was frightened and stepped back involuntarily.

He was a Tier 3 Bronze level, but because he had been pampered for a long time, he hadn't had a serious fight in a long time.

He was directly scared out of his wits by Lin Tianhao's attack.

"Elder Gu Fen, this believer of an evil god is too powerful, only you can take him down."

Elder Gu Fen's believers immediately focused their attention on Elder Gu Fen.

In their eyes.

Elder Gu Fen was powerful and omnipotent.

However.

When their eyes focused on Elder Gu Fen, they saw that Elder Gu Fen's pants were already wet.

Shit-yellow liquid kept dripping from his pants, accompanied by a fishy stench.

"Elder...Elder Gu Fen, what...what's wrong with you?!"

Some believers guessed something, but more believers couldn't believe it.

Elder Gu Fen was scared to pee, how was that possible?!

Elder Gu Fen was powerful, an omnipotent existence, how could he be scared to pee?

However.

Seeing Elder Gu Fen trembling and retreating, with a terrified expression, even if they were unwilling to believe it, they had to admit that the omnipotent Elder Gu Fen in their hearts was really scared to pee.

"You...what do you want to do? I'm telling you, I'm an elder of the Sea God Temple, you can't kill me."

Elder Gu Fen said in a panic: "If you kill me, the Sea God Temple won't let you go."

Lin Tianhao held the God-Slaying Whip in his hand and walked towards Elder Gu Fen step by step.

Elder Gu Fen shouted in horror: "Protect me, what are you all doing standing there? Stop him quickly."

The members of the Sea Guard team looked at each other, they had all witnessed Lin Tianhao's damage just now.

With that kind of damage, their captain was almost killed instantly, let alone them.

"You...don't come over, I know I was wrong, please let me go."

Elder Gu Fen completely couldn't hold it anymore, and knelt down to Lin Tianhao with a plop.

"Elder...Elder Gu Fen knelt down to this believer of an evil god?"

"How could he do this? Didn't he say that he would rather die than submit to a believer of an evil god? How could Elder Gu Fen kneel down?!"

... ..

Elder Gu Fen's believers were completely disappointed at this time.

However, Lin Tianhao didn't stop because Elder Gu Fen knelt down, he walked to Elder Gu Fen unhurriedly.

"You, a dignified elder of the Sea God Temple, kneel down to me, a believer of an evil god? And you kneel down in front of so many believers, you might as well die!"

Chapter 229 - Are you talking about the golden equipment that breaks at the slightest touch?

"Bang, bang, bang!"

Elder Gu Fen kowtowed frantically, "No, no, no, you are not a follower of the evil god, I was wrong, it was my shamelessness that slandered you."

"I beg you, sir, please be magnanimous and don't hold it against a small character like me."

Lin Tianhao raised the God Striking Whip, pressing it against Elder Gu Fen's forehead.

“If apologies were useful, what would we need fists for?”

As soon as he finished speaking.

The God Striking Whip in Lin Tianhao's hand fell instantly.

Elder Gu Fen was terrified, even if his practical combat ability was weak, at this critical moment of life and death, he no longer held back and began to resist frantically.

Berserk!

Overlord Body!

Ocean Wave Fist!

In an instant.

Elder Gu Fen released his skills one after another.

However.

Lin Tianhao's God Striking Whip was unstoppable, smashing onto Elder Gu Fen's forehead at a speed that left afterimages.

Critical Hit!!

Elder Gu Fen was so scared that his liver and gallbladder were splitting, and he turned around to flee.

But how could he escape Lin Tianhao's movement speed of over forty.

In the instant he hadn't even turned around, Lin Tianhao's God Striking Whip had already fallen again.

“No!!”

Elder Gu Fen was a Bronze Tier Level 3, and with his identity as an Elder of the Sea God Temple, his equipment was not bad, enough to withstand a few attacks from Lin Tianhao.

But he didn't want to withstand Lin Tianhao's terrifying damage even once.

“Bang!”

-1409618!!

Another terrifying damage number.

Elder Gu Fen completely panicked, Lin Tianhao's attack speed was too fast.

His damage number had just appeared when Lin Tianhao's third attack had already arrived.

“Stop!”

A furious shout came, followed by a flying knife, wanting to block Lin Tianhao's attack.

“Bang!”

The flying knife collided with the God Striking Whip, and without any suspense, the flying knife shattered directly.

Lin Tianhao's third strike once again smashed onto Elder Gu Fen's forehead.

After this third strike landed, Elder Gu Fen only had a sliver of health left, and any random attack could kill him.

"I told you to stop, didn't you hear me?"

A figure stood between Lin Tianhao and Elder Gu Fen.

Lin Tianhao looked coldly at the woman who suddenly appeared, wearing golden armor, and said indifferently:

"You want to protect him?"

Na Hu Qingyun looked at Lin Tianhao meaningfully.

For some reason, Lin Tianhao's eyes and aura gave her a very strong sense of oppression.

"He is, after all, the Foreign Affairs Elder of our Sea God Temple, even if he has made mistakes, it should be handled by our Sea God Temple!"

Hearing this.

Lin Tianhao pointed the God Striking Whip in his hand at the woman, "Either get out of the way, or die!!"

Na Hu Qingyun took a deep breath, she didn't stop him, but instead retreated to the side.

She saw Lin Tianhao's damage just now, and she also saw him shattering her flying knife with one strike.

She was not Lin Tianhao's opponent.

If they fought, she wouldn't have the slightest chance of winning.

“Lord Qingyun, save me, save me, I know I was wrong.”

Na Hu Qingyun bit her lip and said, “What happened? If Gu Fen is really at fault, I will definitely give Senior a satisfactory answer.”

This was, after all, the Sea God Temple.

If she did nothing and watched Gu Fen be killed, it would be too humiliating for the Sea God Temple's reputation.

“You speak.”

Lin Tianhao looked at Gu Fen indifferently.

Elder Gu Fen only felt like he was being stared at by the God of Death, and immediately hid behind Na Hu Qingyun.

“Lord Qingyun, he is a follower of the evil god, he has the Silver Eye Book in his hand.”

Lin Tianhao smiled.

It had come to this.

To still try to distort the truth, it was laughable!

Na Hu Qingyun instantly became vigilant.

For such a powerful follower of the evil god to appear here was not a good thing for her, or for the entire Sea God Temple.

However.

Na Hu Qingyun didn't directly believe Gu Fen's words, but instead looked at Lin Tianhao.

"Is what Gu Fen said true?"

Lin Tianhao sneered, "A woman with big breasts and no brains."

As soon as he finished speaking.

His body turned into an afterimage, and the God Striking Whip instantly smashed onto Gu Fen's forehead.

Clearing Gu Fen's last bit of health.

"You!!"

Na Hu Qingyun trembled with anger.

The person in front of her was too presumptuous, actually killing their Sea God Temple's Foreign Affairs Elder in front of her.

"You are too presumptuous!!"

Na Hu Qingyun summoned a golden spear, pointing it directly at Lin Tianhao.

“I know I am not your opponent, but this is a branch of the Sea God Temple, if an evil villain like you just walks away like this, the reputation of the Sea God Temple will be ruined!”

Lin Tianhao smiled noncommittally, “You have more backbone than this Gu Fen, but you are not much stronger than him.”

As soon as he finished speaking.

Lin Tianhao smashed the God Striking Whip in his hand onto Na Hu Qingyun's golden spear.

“Bang!”

The precious golden spear was forcibly shattered.

“Hiss—”

The surrounding crowd gasped.

The golden weapon was actually destroyed like it was made of paper.

This, it was too terrifying.

“Are you really a follower of the evil god?”

Na Hu Qingyun's palm trembled slightly, being able to destroy a golden-level weapon with one blow, besides a follower of the evil god, she couldn't think of anyone else who could do it.

“Follower of the evil god?”

Lin Tianhao smiled contemptuously, he raised his hand, and the surrounding seawater gathered towards him.

“In your opinion, only followers of the evil god can possess powerful strength?”

Na Hu Qingyun's face showed an unbelievable expression when she saw Lin Tianhao's means of gathering seawater.

“The True Meaning of the Sea, Intermediate Gravity!!”

“You... you are a follower of the Sea God!!”

Lin Tianhao smiled noncommittally, “Guess what the Silver Eye Book in Gu Fen's mouth is?”

Having said that.

Lin Tianhao opened the first page of the True Meaning of the Sea Secret Book for Na Hu Qingyun to see.

Na Hu Qingyun naturally recognized the thing that Elder Gu Fen could recognize at a glance.

She wasn't really stupid either.

She understood the reason after a little thought.

Elder Gu Fen's evil intentions arose from his courage, seeing that the person in front of him was young, and not a big figure from the Land of Chaos.

Therefore, he slandered him, wanting to take the True Meaning of the Sea Secret Book for himself.

“Senior, I apologize to you for the parasites in our Sea God Temple. Now that Gu Fen has been killed by you, our Sea God Temple can make compensation to you.”

“Compensation?”

The corner of Lin Tianhao's mouth rose, “I won't ask for too much, just give me a piece of equipment evolution scroll.”

“Uh...”

Na Hu Qingyun's expression froze.

“Senior, I really don't have this equipment evolution scroll, or, how about I compensate you with a golden-level piece of equipment?”

Lin Tianhao sneered, “Are you talking about that golden-level equipment that shatters with one touch?”

Na Hu Qingyun froze again.

Looking at her golden spear that was shattered all over the ground, she didn't know what to say for a moment.

“Senior, I really can't come up with anything better. If Senior is willing, you can go to the Sea God Temple headquarters with me, and I will apply for more valuable compensation for Senior, how about that?”

Lin Tianhao was going to the Sea God Temple anyway, so he nodded directly.

“Okay, I hope the compensation you apply for won't disappoint me.”

Chapter 230 - Temple of Poseidon: Luyuwahong!

Na Fox Qingyun arranged for the Sea Guard team to handle the aftermath, and then personally led Lin Tianhao to the headquarters of the Sea God Temple.

The Sea God Temple is located on Tianhai Island.

It's not too far from Sea God Island, and there are many strong people on it.

Of course.

In Lin Tianhao's view, there are many good things.

This time he came to the Sea God Temple, he was ready to get some good things.

Compared to other forces, Lin Tianhao should be the easiest to get good things in the Sea God Temple.

Because... he has the title of Son of the Sea.

This title is definitely like a true god in front of the Sea God Temple experts who believe in the Sea God.

Taking the big ship of the Sea God Temple, Lin Tianhao leaned against the window, blowing the sea breeze while reading the Secret Book of the True Meaning of the Sea.

Two hours later.

Lin Tianhao finally arrived at Tianhai Island.

"Senior, we're here."

Na Fox Qingyun said respectfully, she personally took Lin Tianhao off the boat.

Tianhai Island is somewhat different from Zelian Island. The Zelian Fortress of Zelian Island is in the very center of the island.

The Sea God Temple is built by the sea. As soon as you get off the boat, you are at the Sea God Temple pier, and in front of you is the magnificent Sea God Temple.

Lin Tianhao followed Na Fox Qingyun through layers of guards and finally came to the main hall of the Sea God Temple.

"Senior, please wait a moment, I have already notified several inner hall elders of our Sea God Temple."

Lin Tianhao was not surprised. There are also special communication methods between NPCs. It's normal to notify in advance.

Outside the main hall, three people walked in.

The person walking in the center was holding a staff, wearing golden equipment, and with her light blue long hair, she had a mature beauty.

It's just that the aura of keeping strangers away from her made Lin Tianhao a little surprised.

This woman is also a Tier 3 Gold rank.

However, her level is much higher than Na Fox Qingyun's. She is already level 195, only five levels away from the Tier 3 limit.

On his left and right sides were a warrior and an archer, both Tier 3 Gold rank experts at the limit.

"Priest?"

Lin Tianhao was a little surprised.

Because he discovered a problem after coming to the Land of Chaos: priests seem to be very scarce here.

"Fifth Elder."

Na Fox Qingyun said respectfully.

The blue-haired woman nodded slightly and looked at Lin Tianhao.

"I heard Qingyun talk about your matter. It is indeed our people who did wrong."

"What compensation do you want?"

Lin Tianhao grinned, "I'm a very easy-going person. You can just give me a few Equipment Evolution Scrolls."

The blue-haired woman thought for a moment before saying slowly: "A few are unlikely, how about one?"

Lin Tianhao pretended to ponder. He didn't expect the other party to really give him a few Equipment Evolution Scrolls.

"One is fine. Who told me to be so easy-going?"

The blue-haired woman didn't say much and directly took out an Equipment Evolution Scroll.

Lin Tianhao was about to reach out to take it, but a voice came from outside the hall.

"Wait."

Along with the sound, a middle-aged man in golden armor, tall and thin, walked in from outside the hall.

The blue-haired woman frowned slightly when she saw the person coming and bowed, "Lord Wahong."

"Kill to silence?!"

Lu Yu Wahong put a big hat on Lin Tianhao's head as soon as he opened his mouth.

Lin Tianhao looked at Lu Yu Wahong with interest and chuckled: "You said I killed someone to silence them, do you have any evidence?"

"My words are evidence!!"

Lu Yu Wahong said coldly: "Otherwise, how do you explain why you had to kill Gu Fen?"

"Why I do things is none of your explanation!" Lin Tianhao said indifferently.

Na Fox Qingyun pulled Lin Tianhao, "Senior, this is our Sea God Temple's Tier 4 Gold rank Grand Elder."

Lin Tianhao didn't care. So what if he's a Tier 4 Gold rank?

"Boy, you killed someone from our Sea God Temple and still want to extort us. I think you've got the wrong target."

Lin Tianhao smiled, "So, you don't want to give compensation?"

"Of course!"

Lu Yu Wahong replied decisively.

"Not only will we not give compensation, but I now suspect that you are a believer of the Evil God. You came to our Sea God Temple with ulterior motives."

Believer of the Evil God?

Again!!

Na Fox Qingyun immediately explained: "Elder Wahong, this senior has mastered the Intermediate level of the Sea's True Meaning of Gravity and also possesses the Secret Book of the Sea's True Meaning."

"Stupid!"

Lu Yu Wahong scolded softly, "Having the Secret Book of the Sea's True Meaning doesn't mean he believes in the Sea God."

"This person is hiding in a black robe, hiding his head and showing his tail, how can we believe him?"

"I still know something about Gu Fen. I believe what he saw before was the Silver Eye Book. This kid was worried that things would be exposed, so he killed to silence him."

Lin Tianhao sneered, making Lu Yu Wahong feel a little unnatural.

"What are you laughing at?"

"I'm laughing at the fact that your head is full of shit."

"You!!"

Lu Yu Wahong was furious and scolded: "You brat, you believer of the Evil God, you dare to speak wildly here."

After saying that.

Lu Yu Wahong took a step forward, and the Zhanmadao in his hand slashed towards Lin Tianhao's head, with a majestic aura and amazing power.

Na Fox Qingyun couldn't bear to look directly.

Although Lu Yu Wahong's attack had not yet collided with Lin Tianhao's attack, she could already foresee the result.

"Stop!"

The blue-haired woman scolded softly, and a dark light landed on Lu Yu Wahong.

Lu Yu Wahong's speed instantly dropped a notch.

At the same time.

The warrior next to the blue-haired woman rushed up and blocked Lu Yu Wahong's attack with the long sword in his hand.

"What do you mean by this?"

Lu Yu Wahong's cold eyes fell on the blue-haired woman.

"Our Sea God Temple is a place where we reason. Shouldn't Lord Wahong clarify the matter before talking about other things?"

Hearing this.

Lu Yu Wahong snorted coldly, "Are you also questioning my judgment?"

The blue-haired woman said in a deep voice: "Lord Wahong, according to your reasoning, what is this young master's motive?"

"If he just wanted to come to the Sea God Temple, he didn't need to take out the Secret Book of the Sea's True Meaning, and there was no need to take out any Silver Eye Book. He only needed to show his Sea's True Meaning."

A cold light flashed in Lu Yu Wahong's eyes. He wasn't really stupid, but just like Elder Gu Fen.

Greed for wealth!

He is a Tier 4 Gold rank and has an extraordinary status in the Sea God Temple.

But in the Land of Chaos.

The real powerhouses are all Tier 4 Platinum ranks.

If he wants to complete the transformation of life, he needs to master a complete true meaning at the very least.

And the Sea's True Meaning is the best choice.

With his Tier 4 Gold rank strength, looking at the entire Land of Chaos, who can he not kill except for the three Tier 4 Platinum rank powerhouses?
