

Online game: I have super god-level talent

#23 - Chapter 23 The operation failed!

Shadow Kill's understanding of the game wasn't very high.

He also wasn't too clear on Lin Tianhao's purpose in doing this.

But he still chose to trust Lin Tianhao.

After Lin Tianhao used the combo damage of the Floating Arrow Technique to cripple Elfus, Shadow Kill attacked.

Five consecutive critical hits, each strike causing bleeding, took Elfus away.

"Global Announcement, Congratulations to player Hidden Nickname for completing the first kill of Elfus. Special announcement, hoping that all players will continue to work hard."

"Global Announcement, Congratulations to player Hidden Nickname for completing the first kill of Elfus. Special announcement, hoping that all players will continue to work hard."

.....

Beginner Village, Village Chief's courtyard.

The old village chief's expression suddenly changed upon hearing this notification.

Before, when he heard that Wang San and Wang Si had been killed, he was a little excited in his heart.

But this little excitement lasted for less than ten minutes before he heard the global announcement that his subordinate Elfus had been killed.

"Loot the corpse."

Lin Tianhao walked to Elfus's side, and immediately found the Ice Flame Magic Ore.

"I want this thing."

Shadow Kill frowned, after all, it was his quest item.

"You can't take this thing back, and I'm not taking it to submit the quest."

Lin Tianhao explained, because the next actions still required Shadow Kill's cooperation.

"You can have all the other things on Elfus's body."

Hearing this, Shadow Kill's eyes lit up.

He immediately came over to loot the corpse.

Only after the corpse looting was over did his expression improve.

At this time, Lin Tianhao was also looting the corpses of Wang San and Wang Si.

"Ding, you have obtained Bronze-grade and below weapon repair experience +1."

"Ding, you have obtained 12 pieces of equipment."

"Ding, you have obtained Gold Coins +5."

"Ding, you have obtained a special item: Corpse Qi Collection Bottle."

.....

Lin Tianhao first put away all the items before looking at Shadow Kill.

"Now that the three NPCs are dead, go back and tell the old village chief that you encountered Wang San and Wang Si on the road, and with the help of your guild, you killed Wang San and Wang Si."

Hearing these words.

Shadow Kill was a little surprised.

"If I say that, will the old village chief believe it?"

"He has to believe it, because he has no evidence to prove that you are lying."

Hearing this, Shadow Kill felt like he was being put on the fire.

"If the blacksmith Wang and the old village chief compare notes, then I won't be exposed."

"Moreover, what should I say when the old village chief asks who killed Elfus?"

"Just say you don't know, you hadn't even entered the mine when Elfus was already dead."

Shadow Kill was silent, and after a while, he asked, "Can you tell me, why are you doing this?"

"For a bigger mission."

Lin Tianhao's eyes were firm, he had even considered not doing the old village chief's mission to hunt ten bosses, and instead trying his best to complete the mission on the mission scroll.

After discussing the story with Shadow Kill, Lin Tianhao finally showed a smile on his face.

After Shadow Kill left.

Lin Tianhao took out the Corpse Qi Collection Bottle.

Corpse Qi Collection Bottle: Special item.

Effect: After killing humanoid monsters, adventurers, and NPCs, you can obtain Corpse Qi. If the Corpse Qi Collection Bottle is full, you may receive an amazing quest.

Progress: 46/100.

Lin Tianhao raised his eyebrows, collected the Corpse Qi from Wang San, Wang Si, and the others, and the progress increased from 46 to 49.

There are still fifty-one Corpse Qi missing before this bottle can be filled.

However, Lin Tianhao was not in a hurry at all.

If he can't collect that much Corpse Qi later, then he can only attack those lovely players.

Looking at the time, Lin Tianhao first returned to the Beginner Village.

Entering the blacksmith shop.

"Blacksmith Wang, I'm really sorry, I hadn't even found Elfus when I heard the notification that he was killed."

Lin Tianhao pretended to be ignorant, as if this matter had nothing to do with him.

Blacksmith Wang looked at Lin Tianhao meaningfully, "Snow Emperor, in our Beginner Village, who else besides you has the ability to kill Elfus and my two apprentices?"

This time, Blacksmith Wang did not call Lin Tianhao an adventurer, but directly called Lin Tianhao's game nickname.

Lin Tianhao knew that Blacksmith Wang suspected him.

"Blacksmith Wang, I have no reason to do this. The Beginner Village is full of hidden dragons and crouching tigers. Before, I was attacked by an assassin who instantly killed my partner."

Hearing these words, Blacksmith Wang frowned. He stared at Lin Tianhao, seemingly wanting to see if Lin Tianhao was lying.

However.

He couldn't see anything.

"It's a pity for my two apprentices."

"It's an even greater pity for that Ice Flame Magic Ore. If you can help me find the Ice Flame Magic Ore, I can give you a Platinum-grade necklace."

"Ding, Blacksmith Wang has issued a quest to you."

"Quest Requirement: Find an Ice Flame Ore."

"Quest Penalty: None."

"Quest Reward: Platinum-grade Necklace +1."

Lin Tianhao raised his eyebrows. Blacksmith Wang was anxious.

For that Ice Flame Magic Ore, he was willing to offer such generous conditions.

At this stage, Gold-grade weapons are already very perverted, Platinum-grade, that is even more likely to affect the current game balance.

"Okay, I will do my best."

Lin Tianhao accepted this quest, as for whether to give it or not, he definitely wouldn't give it for the time being.

"Snow Emperor, I await your good news."

After doing these things, Lin Tianhao went offline to eat.

This afternoon was the time for his sister's surgery.

Although the early stages of the game were precious, Lin Tianhao still went to the hospital after eating.

Watching his sister being pushed into the operating room, Lin Tianhao clenched his fists.

"Sister, you must be okay."

Although Lin Tianhao had already paid the surgery fee.

However, the hospital doctor had previously told Lin Tianhao that brain surgery was extremely risky and had a certain probability of failure.

And even if the surgery was successful, there was still a relatively high probability of a vegetative state.

As long as he could save his life, Lin Tianhao would accept it even if it was a vegetative state.

Because a vegetative person can also enter Gods Twilight.

In Gods Twilight, if he improves his strength, when the great cataclysm comes in five years, Gods Twilight will merge with reality.

The strength in the game can also be materialized, so even if his sister is a vegetative person, she can recover.

Waiting anxiously outside the operating room.

After about two hours.

The door of the operating room was finally opened.

A doctor in a white coat walked out with a worried look on his face.

Lin Tianhao's heart skipped a beat, and he immediately rushed over, "Doctor, how is my sister?"

The doctor sighed, which made Lin Tianhao's heart hang in his throat even more.

"The surgery failed. The cerebral hemorrhage spread to the cerebellum, and now it is beyond help."

Lin Tianhao staggered, almost falling to the ground.

"How could this happen?!!"

"No, no, there must be a way!"
