Chapter 231 - The Lord of the Temple of Poseidon appears!

As long as Lin Tianhao is killed.

Getting the secret book of the True Meaning of the Sea, what else matters?

Nothing matters!!

Even if the truth comes out later and it's discovered that he was wrong, so what?

Will the Sea God Temple hold him accountable for a dead man?

To take a step back.

Even if they really investigate, he can take the secret book of the True Meaning of the Sea and leave the Sea God Temple.

All the paths.

Lu Yuwahong has considered them clearly.

Now.

He only needs to kill Lin Tianhao, and then it's a great success.

"Hmph, what's the use of saying so much useless stuff? When facing believers of the Evil God, rather kill by mistake than let one go."

Lu Yuwahong held his horse-chopping saber horizontally.

"Whoever obstructs me again, don't blame my blade for showing no mercy."

The blue-haired woman seemed thoughtful, she had obviously seen some of the tricks in this.

Na Fox Qingyun, who was beside her, also smelled a trace of unusual flavor.

Lu Yuwahong's forceful attack was really unreasonable.

Even if he really suspected Lin Tianhao, there was no need to insist on killing Lin Tianhao now.

So, there is only one answer.

Lu Yuwahong has a reason to kill Lin Tianhao at all costs.

"Lord Wahong, think twice."

The blue-haired woman said meaningfully.

Lu Yuwahong knew that the blue-haired woman had seen through his plan, but he didn't care.

"Hmph, there's nothing to think about when it comes to killing believers of the Evil God."

As soon as the words fell.

Lu Yuwahong once again slashed at Lin Tianhao with the horse-chopping saber in his hand.

This time.

No one stopped him.

Na Fox Qingyun knew the result, and the blue-haired woman also knew the result, but the results they knew were completely opposite.

Na Fox Qingyun had personally witnessed Lin Tianhao's power, while the blue-haired woman felt that the young Lin Tianhao couldn't compete with Lu Yuwahong.

Lu Yuwahong himself thought so too.

"Believer of the Evil God, die!"

"Bang!"

Lu Yuwahong's horse-chopping saber collided with Lin Tianhao's God-Slaying Whip.

The result was without suspense.

It was precisely this suspense-free result that shocked the blue-haired woman and Lu Yuwahong.

Even Na Fox Qingyun, who had already guessed the result, couldn't help but gasp.

In one collision, a Gold-grade weapon was shattered.

Such means were really too unbelievable.

"Who exactly are you?"

Lu Yuwahong asked in horror.

Lin Tianhao responded with a smile that was not a smile: "Didn't you say it all? Believer of the Evil God."

"Today, in the name of a believer of the Evil God, I will kill you, do you... have anything to say."

Hearing these words.

Lu Yuwahong's face changed drastically, and he immediately wanted to escape.

But Lin Tianhao wouldn't give him a chance.

Guardian Tower!!

Boundless Sea Cosmos!!

Lin Tianhao took Lu Yuwahong into the Guardian Tower, and with the addition of the Boundless Sea Cosmos, Lu Yuwahong was just a lamb to be slaughtered in front of Lin Tianhao.

"Who exactly are you?!"

Lu Yuwahong was terrified, he was just like the previous Ancient Tomb Elder, terrified, desperate, wanting to escape, but in front of Lin Tianhao, he didn't even have a chance to escape.

Lin Tianhao took out the Underworld Longbow.

Feather arrows poured out.

Even without a critical hit, that arrow still dealt over 700,000 damage, which was terrifying.

Lu Yuwahong immediately took out another Gold-grade weapon, wanting to compete with Lin Tianhao.

But Lin Tianhao directly put away the Underworld Longbow and rushed up with the God-Slaying Whip.

Lu Yuwahong's weapon was like paper in front of the God-Slaying Whip.

It was easily destroyed and vulnerable.

One hit dealt over 700,000, ten hits dealt 7 million.

Twenty-eight million per second.

Even Lu Yuwahong, who was a fourth-rank, still couldn't withstand Lin Tianhao's damage.

In less than four seconds, Lu Yuwahong fell.

Lin Tianhao stepped forward indifferently and began to loot the corpse.

"Ding, you have obtained Skill Book + 2."

"Ding, you have obtained Free Attribute Points + 100."

"Ding, you have obtained the Sea God Temple Grand Elder Token."

"Ding, you have obtained Gold Coins + 15000."

"Ding, you have obtained..."

.....

Lin Tianhao obtained a pile of things again.

It was a bit of a pity that he didn't get any equipment.

The main reason was that Lu Yuwahong's equipment was shattered by Lin Tianhao.

Lin Tianhao walked out of the Guardian Tower and threw Lu Yuwahong's body into the hall.

"Hiss— —"

The sound of gasping for air rang out.

A powerhouse like Lu Yuwahong was actually killed by Lin Tianhao in just a few seconds.

It wasn't that Lu Yuwahong was too weak, but that he didn't have an indestructible weapon in his hand, so he couldn't fight Lin Tianhao at all.

Because no matter what weapon he used, it would be easily shattered by Lin Tianhao.

He wasn't a fighter, and once he lost his weapon, his combat power would be weakened by more than half.

The result was that he was beaten to the point of scurrying around with his head in his hands under Lin Tianhao's God-Slaying Whip.

With the Guardian Tower and the Boundless Sea Cosmos, Lu Yuwahong didn't even have a chance to escape and was beaten to death by Lin Tianhao.

"Wa... Lord Wahong is dead!!"

The blue-haired woman was a little unbelievable.

Too fast.

Lu Yuwahong, who was powerful in his heart, actually died.

In the core area of the Sea God Temple, in a small courtyard.

The middle-aged man who was trimming the flowers suddenly raised his eyes, and a look of disbelief appeared in his eyes.

"Wahong is dead?!"

Thinking like this.

The middle-aged man took a step forward, his body turned into a cloud of water, and disappeared.

In the hall.

Everyone's eyes were focused on Lin Tianhao.

They were all a little at a loss.

They all saw that Lu Yuwahong was at fault first in today's matter, and they originally thought it was just a show of force.

But the result exceeded their expectations.

"Now that the flies who were looking for trouble have been dealt with, shouldn't you give me the Equipment Evolution Scroll?"

Lin Tianhao looked at the blue-haired woman with a smile.

The blue-haired woman subconsciously handed the Equipment Evolution Scroll in her hand to Lin Tianhao.

Before Lin Tianhao could use it after getting the Equipment Evolution Scroll, a figure stepped in.

"Can you tell me what happened? Why would the Grand Elder of our Sea God Temple die here."

Seeing the person coming.

Na Fox Qingyun, the blue-haired woman, and others immediately became serious.

"Temple Master."

Lin Tianhao glanced at the middle-aged man, he knew that the main character had arrived.

"He deserved to die, so I killed him," Lin Tianhao said calmly.

His words were shocking.

Daring to speak like this in front of the Sea God Temple Master, was he really not afraid of death?

But when they thought of Lin Tianhao's terrifying strength, they were relieved.

Killing their Grand Elder in a matter of seconds, even their Temple Master probably didn't have such terrifying combat power.

After hearing Lin Tianhao's words, the Sea God Temple Master's expression did not change at all, and he couldn't tell whether he was happy or angry.

"Well, the person is already dead, so there's no use in saying anything else, young man, what should I call you?"

"Snow Emperor."

Chapter 232 - This subordinate greets His Excellency the Son of the Sea!

The Sea God Temple Master revealed an expression that said, 'As expected'.

"I heard not long ago that the famous Snow Emperor had come to our Land of Chaos. I didn't expect that he would target our Sea God Temple so quickly."

Lin Tianhao chuckled softly, "Temple Master is joking. When did I target you guys?"

"Killing our Sea God Temple Grand Elder in our Sea God Temple headquarters, is that not targeting our Sea God Temple?"

The Sea God Temple Master asked.

Lin Tianhao shook his head, "Didn't I just say? He deserved to die, and he was the one who attacked first. I was just passively defending myself."

Hearing this.

The corners of the mouths of the other people present twitched.

Passive defense?

Passive defense that can kill a Fourth Rank Gold-level powerhouse in less than four seconds?

"Oh? Then tell me, how did he deserve to die?"

Lin Tianhao said calmly: "He said I was a believer of the Evil God without any evidence and even attacked me."

"Oh?"

The Sea God Temple Master looked at Lin Tianhao with interest.

"Then how are you going to prove that you are not a believer of the Evil God?"

"Why should I prove that I am not a believer of the Evil God? If he says I am, then he should prove it. If you also want to say I am, then the person who should prove it is you, not me."

The Sea God Temple Master narrowed his eyes, "Your statement is reasonable, but no matter what, you killed our Grand Elder in the Sea God Temple. Shouldn't you give an explanation?"

"Explanation?"

"Indeed, an explanation should be given. Before, your Elder Gu Fen slandered me and took a piece of equipment evolution scroll. Now your Grand Elder slanders me, you should at least give me two pieces of equipment evolution scrolls as compensation."

The Sea God Temple Master sneered.

Obviously.

Lin Tianhao's words made him unable to hold back.

"If I weren't standing in front of you, I would have suspected that I had misheard."

"Killing someone in our Sea God Temple and still wanting our Sea God Temple to compensate you."

The Sea God Temple Master's smile became more and more sinister.

The blue-haired woman and Naho Qingyun and the others couldn't help but take two steps back.

Because they knew.

Their Temple Master was a little angry.

"What? Do you have any objections?"

Lin Tianhao asked indifferently, as if he didn't feel the Sea God Temple Master's anger at all.

"It is said that a young man who is successful can be arrogant to the ninth heaven, but this is the first time I have met someone as arrogant as you."

"Then it can only be said that your knowledge is shallow."

"Good, very good, very good."

The Sea God Temple Master laughed in anger, and a trident appeared in his hand.

This trident radiated a faint blue light.

Holding this trident, the Sea God Temple Master's aura instantly rose a level.

"Be careful, Master, the weapon in his hand is a God-given weapon."

The voice of the God of the Undead sounded in Lin Tianhao's ear.

Lin Tianhao was slightly surprised.

But he quickly understood.

Although with his Fourth Rank Platinum level strength, he was theoretically not qualified to become Sea God Poseidon's direct subordinate.

But Sea God Poseidon had no other better choice, so he could only settle for second best.

Lin Tianhao himself also had God-given equipment, so he naturally knew the terror of God-given equipment.

"Sea Domain!"

The Sea God Temple Master didn't hold back at all. He waved the trident in his hand and directly used the domain skill in this Sea God Trident.

Sea water surged from all directions, submerging Lin Tianhao.

Domain!

This was a very powerful method.

No matter what profession, after reaching a certain level, they would awaken the domain.

It could even be said.

After reaching a certain level, ordinary skills and methods could no longer influence the battle.

The real competition was mainly about domain and rules.

For example.

The True Meaning of the Sea that Lin Tianhao was currently comprehending could be regarded as the prototype of a rule.

It was just.

After Lin Tianhao was enveloped by the sea water, he didn't panic. There was even a strange expression on his face.

Because in this Sea Domain, not only was he not affected in the slightest, but he also felt that his body was much lighter.

Attack speed, movement speed, blood recovery speed, and overall improvement.

"This... the title of Son of the Sea is playing a role."

"Young man, now, can you still be so arrogant?"

The Sea God Temple Master looked at Lin Tianhao playfully.

In his opinion, once his Sea Domain came out, Lin Tianhao would definitely lose his fighting faith.

Ordinary people are not flexible in the seabed and cannot breathe, so it is impossible to fight.

And his Sea Domain was not an ordinary seabed, it could bring all-round suppression to the opponent.

Their Sea God Temple was able to firmly occupy the top position in the Land of Chaos, and his Sea Domain was indispensable.

"Have you ever thought that if a person is arrogant, he must have the capital to be arrogant."

Lin Tianhao walked to the front of the Sea God Temple Master as if he was taking a leisurely stroll, and seemed to be completely unaffected by the Sea Domain.

"This... how is this possible?!"

The Sea God Temple Master's face was full of disbelief, "Even if you have mastered the True Meaning of the Sea, it is impossible to walk so leisurely in my Sea Domain."

"Very surprised?"

Lin Tianhao smiled, "Then have you ever thought that I may have other identities, an identity so high that you have to bow down and submit."

The Sea God Temple Master's eyes instantly locked on Lin Tianhao, and he trembled: "You... what other identity do you have?"

He didn't think Lin Tianhao was joking.

A person who could walk leisurely in his Sea Domain, there was no need for such a person to deceive him.

Lin Tianhao lifted the hood of his black robe, revealing his title of Son of the Sea.

"This... this..."

The Sea God Temple Master was as if he had seen a ghost. His pupils dilated, his breathing was rapid, and his body began to tremble slightly because of the shock.

"Son of the Sea, Son of the Sea God?!?!"

The Sea God Temple Master was originally a calm person. His emotional fluctuations in ten years were not as great as this day.

After a brief shock, the Sea God Temple Master immediately put away the Sea Domain.

Everything returned to calm.

The others did not know what happened inside the Sea Domain.

But seeing that Lin Tianhao and the Sea God Temple Master were safe and sound.

Naho Qingyun and the blue-haired woman thought that Lin Tianhao was intimidated by their Temple Master's Sea Domain.

That was a skill attached to a God-given equipment, and its horror was naturally unimaginable.

However.

What happened next made their jaws drop.

The Sea God Temple Master took a step back after putting away the Sea Domain and knelt down to Lin Tianhao respectfully.

"Your subordinate, Cost Mo Yuan, the Sea God Temple Branch Temple Master in the Land of Chaos, pays his respects to the Son of the Sea."

"Son... Son of the Sea?"

Naho Qingyun and the others were dumbfounded.

It was at this moment that they noticed.

The disguise on Lin Tianhao's body was gone, and a title was revealed on Lin Tianhao's body.

Son of the Sea!!

In just an instant.

Several people reacted and knelt down together.

"Your subordinates pay their respects to the Son of the Sea!"

Chapter 233 - The shells are coming!

Lin Tianhao waved his hand and said indifferently, "You may all rise."

The Sea God Temple Master was the first to stand up, the others were half a beat slower, and followed suit.

"Child of the Sea, do you have any instructions for us this time you've come to our Sea God Temple?"

The Sea God Temple Master asked respectfully.

The Sea God Temple Master was excited. He looked at Lin Tianhao and asked, "Child of the Sea, do you think I have a chance?"

Lin Tianhao raised his eyebrows, "With me here, you think the spokesperson would be you?"

The Sea God Temple Master smiled wryly, "Is the Child of the Sea going to personally serve as the Sea God's spokesperson?"

"That's right."

Lin Tianhao nodded, "But my foundation is not strong enough yet, and I need your help."

"Although you cannot become the Sea God's spokesperson, as an elder, you can become a Great Divine Envoy."

The Sea God Temple Master's eyes lit up, "Thank you, Child of the Sea."

Lin Tianhao waved his hand, "As I said, my foundation is not strong enough right now, and I need your help."

"I wonder how the Child of the Sea needs his subordinate to help?"

"Equipment evolution scrolls, divine-grade talent awakening stones, talent evolution flowers, things like that."

Lin Tianhao hesitated for a moment, but still didn't mention the Gods' Blessing pre-quest scroll.

That would be a bit of a giveaway.

Moreover, according to Lin Tianhao's speculation.

The Gods' Blessing pre-quest scroll in the Sea God Temple Master's hand will likely receive the Sea God's blessing.

Although more divine blessings are always welcome, Lin Tianhao doesn't really need the Sea God's blessing for the time being.

"Equipment evolution scrolls and talent evolution flowers I have, but I don't have any divine-grade talent awakening stones here."

Lin Tianhao narrowed his eyes.

He could tell that the Sea God Temple Master had them, but he wasn't planning on giving them.

Or rather, there was some kind of Heavenly Dao rule restricting it, that such things needed to trigger a specific quest to be rewarded.

Giving them away directly would violate the Heavenly Dao rules.

Or rather, it was the current game rules of the Twilight of the Gods.

Lin Tianhao successfully obtained an equipment evolution scroll and a talent evolution flower from the Sea God Temple Master's hands.

Adding to what the blue-haired woman gave Lin Tianhao, he now had two equipment evolution scrolls in his possession.

As for talent evolution flowers, Lin Tianhao had now accumulated six.

With four more, he could evolve his super-god-grade talent once.

He just didn't know what it would evolve into.

"Use equipment evolution scroll."

"Ding, you used an equipment evolution scroll on the Purification Jade Pendant. The Purification Jade Pendant is evolving..."

"Ding, congratulations, your Purification Jade Pendant has successfully evolved."

Lin Tianhao's eyes lit up. This time it went smoothly, and it was a direct success.

But when he saw the increase in the Purification Jade Pendant's stats, he wanted to curse again.

Ninety-two point five percent!!

After breaking ninety, a successful evolution would increase it by one percentage point, but now it only increased by 0.5 percentage points.

Is he playing Pinduoduo tricks on himself here?

Although Lin Tianhao also knew that the later the upgrade, the more difficult it would be, he didn't expect it to be so outrageous.

"Again."

Lin Tianhao used the second equipment evolution scroll as well.

"Ding, you used an equipment evolution scroll on the Purification Jade Pendant. The Purification Jade Pendant is evolving..."

"Ding, we regret to inform you that your Purification Jade Pendant's evolution has failed."

Lin Tianhao: "..."

This is difficult!

At this rate, who knows how long it will take to evolve the Purification Jade Pendant to one hundred percent.

This harvest was still somewhat unsatisfactory for Lin Tianhao.

But he didn't have any good reason to ask for more things at the moment.

"Let's leave it at that for now. As the Sea God Temple Master, you should discipline the people under your command more."

"Strength is important, but character cannot be ignored."

The Sea God Temple Master nodded repeatedly, "The Child of the Sea is right to teach me."

Lin Tianhao thought for a moment, then asked, "Are there any other adventurers in this Land of Chaos?"

Lin Tianhao stirred up trouble in the Star Kingdom, but still couldn't find his sister.

That means.

His sister is most likely not in the Star Kingdom.

If she is in the second-tier area, then there are still the Land of Chaos and the Netherworld two places.

The Netherworld is relatively special. Ordinary players entering the Netherworld will be affected by the Netherworld aura, continuously losing health.

Therefore.

Lin Tianhao guessed that his sister was most likely in the Land of Chaos.

"Land of Chaos..."

"I rarely manage outside affairs. Na Hu Qingyun, you often run around outside, do you know any useful clues?"

Upon hearing this.

Na Hu Qingyun immediately stepped forward and said respectfully:

"Temple Master, Child of the Sea, I have recently come into contact with an adventurer whose profession is quite special, a Mechanic."

Lin Tianhao was slightly surprised.

The Mechanic is a profession that is weak in the early stage, strong in the mid-stage, and average in the later stage.

The early stage is weak because Mechanics need mechanical blueprints to make weapons or mechanical puppets, commonly known as robots.

Including the landmines and bounding mines that Lin Tianhao had come into contact with before were all the work of Mechanics.

But landmines and bounding mines are generally defensive and difficult to use for attacking.

In the early stage, they can also make some mechanical puppets to fight, but they are all basic, with average combat power, and easily destroyed.

Making mechanical puppets is relatively expensive. Without a large amount of capital investment, it is difficult to create powerful Mechanics.

In this regard.

Mechanics are even more difficult than mages.

Mages are also weak in the beginning, but more because the skill levels are too low.

Just release them more and increase the skill levels, and the mages will naturally become stronger.

"Do you know the Mechanic's name?" Lin Tianhao asked.

Na Hu Qingyun shook her head, "Her name is hidden. All I know is that she is a level 50 female profession and has already completed her second class change."

"Alright."

Lin Tianhao was a little helpless. He didn't know where his sister had run off to, and he still couldn't find her.

"If there's nothing else, I'll leave first."

Lin Tianhao didn't plan to stay in the Sea God Temple. He had other things to do.

"Respectfully see off the Child of the Sea."

The Sea God Temple Master and the others bowed respectfully.

"Boom!"

Just then.

A loud noise came from the plaza outside the Sea God Temple's main hall.

The entire Sea God Temple trembled slightly.

"What's going on?"

The Sea God Temple Master took a step forward, Lin Tianhao was not slow, turning into an afterimage and running out.

He saw a large pit with a diameter of more than ten meters appearing in the central plaza of the outer Sea God Temple, and the pit was still smoking.

"Whoosh!!"

In the sky.

A shell the size of a human head flew towards them.

"Dodge!"

The Sea God Temple Master exclaimed and immediately dodged.

Lin Tianhao had already moved the moment he saw the shell.

The worst was the blue-haired woman who had just run out. She had just come out when the shell was already at her feet.

"Boom!!"

Chapter 234 - Oenendo·Lone Sword!

A white light rose from the blue-haired woman's body, a passive protection skill.

But it was only for a moment.

The white light was shattered by the cannon's attack.

The blue-haired woman was blasted away by the massive impact of the cannonball.

-69589.

The huge damage number that appeared surprised even Lin Tianhao.

"The Land of Chaos, has such a powerful mechanic?" Lin Tianhao asked.

The Sea God Temple Master shook his head, "I've never heard of any mechanics in the Land of Chaos."

Na Hu Qingyun gritted her teeth and said, "Could it be the adventurer I mentioned? She's an adventurer, not a native of our Land of Chaos."

"Hmph, who cares who she is, attacking our Sea God Temple, death!"

The Sea God Temple Master rushed to the seaside, where twelve huge ships were located a few hundred meters from the pier.

Each ship had two cannons.

The cannonball just now seemed to be just to lure out the experts of the Sea God Temple.

As soon as the Sea God Temple Master appeared, three cannons fired together, the cannonballs drawing parabolas in the air, accurately smashing towards the Sea God Temple Master.

The Sea God Temple Master roared, "Ninefold Wave Surge!"

In front of the Sea God Temple Master, huge waves rose into the sky, sweeping towards the ships.

The cannonballs bombarded the huge waves, blasting holes one after another, but to no avail.

These holes recovered in an instant, continuing to sweep towards the twelve ships.

Just then.

Above the ships, a dazzling sword light cut through the sky, splitting the waves in two.

"The Sword of Oneddo!"

"Damn it, how dare you!"

The Sea God Temple Master roared in exasperation.

In the direction of the ships, a middle-aged man stood at the forefront of the ships, holding a long sword.

One man and one sword, full of oppression.

"Who is he?"

Lin Tianhao asked Na Hu Qingyun not far away.

Being able to make the Sea God Temple Master so solemn, the other party is likely to be a fourth-rank platinum level.

He had already met Bitbaku and the Sea God Temple Master, the three fourth-rank platinum level existences in the Land of Chaos.

He had not yet met the mysterious fourth-rank platinum level powerhouse of the Horne family.

Na Hu Qingyun's expression was solemn, "He is Oneddo Lone Sword."

"He used to be one of us in the Land of Chaos, but because he believed in the evil god Silver Eyes, he was expelled by us."

"When he was expelled, he was at the limit of platinum level third rank, not even fourth rank, but if our Temple Master didn't have the weapon bestowed by the Sea God, it would be difficult to be his opponent."

Lin Tianhao understood in his heart that he was obviously unwilling to be defeated in the beginning, and now that he has made a comeback, it is estimated that he will bring a lot of trouble to the Sea God Temple.

"Cosmic Abyss, during the God War, if our God hadn't been sneak attacked and plotted against by that old six, the God of the Undead, how could he have been suppressed by Poseidon, that inferior god."

"Now that our God is about to be resurrected, this world will be our God's paradise, and you, can only become the nourishment of this world."

He will attack the Sea God next, and with him alone, it is really a bit troublesome to kill the Sea God.

If he can kill this Oneddo and enslave his soul, he will have more chances of winning when facing the Sea God.

"Okay, let the battlefield be left to these juniors to play, we, have our own battlefield!"

Oneddo Lone Sword said with a bit of teasing.

Then he turned into an afterimage, walking on the water, and ran towards the east side of Tianhai Island.

The Sea God Temple Master's expression was solemn, "Child of the Sea, I will have to trouble you to pay more attention to the battle here."

Lin Tianhao shook his head, "No, I'll go with you to deal with this evil god believer."

"As long as he dies, the rest of these people are not to be feared."

The Sea God Temple Master hesitated slightly and nodded, "Okay."

Lin Tianhao and the Sea God Temple Master ran east together.

Oneddo Lone Sword didn't run too far, waiting for him in an open space in front.

"Cosmic Abyss, our grievances have continued for seven years, and today, there should be an end after all."

There is a strange light on the long sword in Oneddo Lone Sword's hand.

Lin Tianhao didn't have much contact with Cthulhu gods in his previous life, but the feeling Lin Tianhao got was that they were more like alien beasts than gods.

Their forms are strange, their abilities are strange, and they have extremely powerful inheritances.

In other words.

Whether it is Eastern gods or Western gods.

They all have one thing in common.

That is, they become stronger by relying on cultivation, incense, or faith, merit, enlightenment, and so on.

They all become stronger through their own efforts.

And the power of Cthulhu gods is inherent.

They don't need to cultivate, they only need to grow to gradually become stronger, and finally even grow to the level of gods.

They are born arrogant, at least, towards humans, most Cthulhu gods are extremely arrogant.

Because they think that humans are humble ants, and they are the masters of the universe race.

The core of the universe was created by their father god.

These are not important now.

For Lin Tianhao, what he is pursuing is above the gods, whether it is Cthulhu gods or those powerhouses in the Alethe star system, as long as they dare to stop him, he will tear them all apart.

"Buzz——"

With a muffled sound, the battle began.

The Sea God Temple Master holding the Sea God Trident has already collided with Oneddo.

"Clang clang clang!!"

In just a breath, the two had collided dozens of times.

Lin Tianhao didn't make a move, he took out the God-Slaying Whip and waited for an opportunity to move.

He had already used Vast Sea Universe once before, and there was a one-hour cooldown.

Without Vast Sea Universe, Lin Tianhao was not absolutely sure to kill Oneddo.

Therefore.

He can't act rashly.

He needs to wait.

.....

Horne Family.

In a garden.

A little boy is standing in front of a two-headed blood-patterned crocodile, his tender palm gently stroking the head of the two-headed blood-patterned crocodile.

The ferocious two-headed blood-patterned crocodile is like a Shiba Inu, squinting its eyes, very enjoying the little boy's caress.

Just then.

Horne Guoling, the head of the Horne family, walked in respectfully.

He respectfully saluted the little boy and called out, "Old Ancestor, everything is going according to your plan."

"After Xue Di left, he first killed Gu Fen, the third-rank bronze elder of the Sea God Temple, and then killed Lu Yu Wahuong, the fourth-rank gold level."

"News just came that a fierce battle broke out at the Sea God Temple, I just don't know who is stronger, the Sea God Temple Master or Xue Di."

The little boy took a deep breath and said, "Xue Di is just an adventurer after all, there is no doubt about her strength, but after all, Ke Simo Yuan has domain skills, it's really hard to say what the result will be."

Chapter 235 - The humiliation of being negative seven hundred and fifty!

Huo En Guo Ling nodded, "No matter what, the Snow Empress killed the Grand Elder of the Sea God Temple, so they can be considered to have formed a deadly feud."

The little boy nodded with a smile, "I didn't expect that in order to help you level up, the Snow Empress would take action against the Sea God Temple first."

.....

They all thought Lin Tianhao was taking action against the Sea God Temple, but little did they know that Lin Tianhao just wanted to seek his own benefits.

As for accepting Huo En Guo Ling's mission, that was also because Lin Tianhao had planned to kill the Sea God Poseidon.

Since he was going to attack the Sea God Poseidon anyway, it would be better to use the experience points to exchange for a blessing from the gods than to waste them.

Tianhai Island.

Lin Tianhao was still watching the battle.

The battle prowess of the Sea God Temple Master and Er Neng Duo were evenly matched, neck and neck.

The battle between fourth-rank Platinum levels already looked like the real deal.

But.

Lin Tianhao knew that neither of them had used their full strength yet.

"Clang!!"

Another confrontation.

The two retreated, facing each other.

"Er Neng Duo, this way, no one can break the other's moves. If we want to determine the winner, let me see how far your Infinite Eye Domain has grown."

The Sea God Temple Master said in a deep voice.

Lin Tianhao knew that the real show was about to begin.

A collision between domains!!

Actually, it's just that they are the leaders in this second-rank area, and they have both come into contact with gods.

Otherwise, at their fourth-rank Platinum level, it would be impossible for them to comprehend a domain.

"Alright, I also want to see how much control you have over the Sea Domain."

Er Neng Duo inserted his long sword into the ground.

In the next instant.

Centered on him.

Silver-white eyes constantly appeared in the surrounding space.

Even though Lin Tianhao was not directly stared at by these silver-white eyes, he could still feel a terrifying sense of oppression.

"Ding, you are affected by the Infinite Eye Domain, and all attributes are reduced by three percent."

Lin Tianhao didn't know whether to laugh or cry. His Purification Jade Pendant could immunize 92.5% of negative effects.

Even so, it still reduced his attributes by three percent, which meant that Er Neng Duo's Infinite Eye Domain suppressed him by 40%.

This was without directly targeting him, which was already very impressive.

The Sea God Temple Master was unwilling to be outdone and released his own Sea Domain.

A sea storm appeared, enveloping the Sea God Temple Master.

After the two activated their domains, the domains began to collide crazily.

Those silver-white eyes contained a strange power, constantly colliding with the power of the sea water.

"True Meaning of the Sea!"

A cold light flashed in the Sea God Temple Master's eyes as he used his trump card.

A huge blue dragon condensed from sea water and charged towards Er Neng Duo.

"Interesting, it seems that you haven't been idle these years."

Er Neng Duo drew out his long sword, and countless silver-white eyes appeared on the sword as well.

"Boom!!"

The long sword struck the blue dragon, bursting out with a huge impact.

On the other side.

Under the indiscriminate bombardment of artillery shells, the Sea God Temple was already struggling to resist.

On the ship.

A delicate-looking woman silently watched the battle outside.

Behind her, a mechanical puppet the size of a basketball floated.

"Almost, Er Neng Duo's side should be erupting into a domain battle now. Go, bring the Sea God Ancient Crystal."

"Almost there."

Lin Tianhao had been observing the battle between them.

Now that Er Neng Duo and the Sea God Temple Master's domains were both a little unstable, their battle should have entered its final stage.

"Shadow Chasing Instant Kill!"

Lin Tianhao rushed up with the God-Smiting Whip in hand.

Er Neng Duo's expression sank, and the long sword full of silver-white eyes collided with Lin Tianhao's God-Smiting Whip.

"Clang!!"

One collision, evenly matched.

The attack speed of both of them was terrifyingly fast.

"Clang clang clang."

In the blink of an eye.

The two had collided dozens of times.

"Cosmic Abyss, I didn't expect you to hire outside help."

Er Neng Duo roared angrily, and hundreds of sword energies burst out from his body, forcing Lin Tianhao and the Sea God Temple Master back.

"This is not outside help, this is one of our Sea God Temple's people."

"Bullshit!!"

Er Neng Duo rebuked loudly.

As soon as his voice fell, a crimson firework rose from the direction of the Sea God Temple battle and finally bloomed.

Seeing this firework, a smug smile appeared on Er Neng Duo's face.

"Forget it, I'm not in the mood to argue with you. My purpose this time has been achieved, so I won't play with you anymore."

"Hold him back."

Lin Tianhao scolded lightly.

He didn't care what Er Neng Duo's real purpose was in attacking the Sea God Temple this time.

This time, he didn't plan to let Er Neng Duo leave.

An underling with a domain was still very helpful to Lin Tianhao.

"Boundless Sea Cosmos!"

The Sea God Temple Master made his move, and the skill he used made Lin Tianhao exclaim, "Good fellow."

If I had known you had the Boundless Sea Cosmos, I wouldn't have bothered with those tricks.

"Berserk!"

"Three Heads Six Arms!"

Lin Tianhao didn't hesitate and activated both skills at the same time.

Nether Longbow and Ninefold Longbow rained down arrows.

In an instant, the arrows enveloped Er Neng Duo.

Er Neng Duo's sword energy crisscrossed in front of him, frantically resisting Lin Tianhao's arrows.

But he was not the God of the Undead. He didn't have sixteen arms, let alone sixteen demigod-level weapons.

Faced with Lin Tianhao's overwhelming attacks, he was quickly beaten back.

-709085!!

-709085!!

.....

Huge damage numbers appeared one after another, making it difficult for Er Neng Duo to parry.

"Silver Eye: Soul Corrosion!"

Er Neng Duo roared angrily. Under the Boundless Sea Cosmos, let alone teleportation, he couldn't even use movement skills.

Suppressed by Lin Tianhao's arrows, he was already at his wit's end.

Lin Tianhao only felt his all attributes plummet by 3%.

At the same time.

Four silver-white eyes appeared around him.

These silver-white eyes stared at him intently, giving him a strong sense of oppression.

At the same time.

Continuous health loss appeared above Lin Tianhao's head.

-750.

-750.

.....

"Not bad skill, but unfortunately, I have the Purification Jade Pendant."

The continuous health loss of this skill was 10,000, and Lin Tianhao reduced it by 92.5%.

The all attributes reduction should have been 40%.

But now Lin Tianhao only suffered 3%.

I don't know where Leona got such a perverted Purification Jade Pendant.

"Ah ah ah!!"

"How could this be?!!"

Er Neng Duo was numb when he saw that Lin Tianhao's attack speed and damage were hardly affected.

But when he saw -750 health loss popping up above Lin Tianhao's head, he completely collapsed.

His so powerful skill, on Lin Tianhao's body, was just...

-750???

Chapter 236 - A control skill that surpasses the overlord!

The damage number puzzled Er Nengduo.

But even more than that was despair.

He wanted to attack Lin Tianhao.

However, he couldn't move, and his other skills couldn't even break through Lin Tianhao's dense rain of arrows, leaving him utterly hopeless.

He wanted to escape.

But the Hall Master of the Sea God Temple had already arrived behind him.

"Overlord Body."

"Berserk."

"Third Silver Eye!"

A crack split open on Er Nengduo's forehead, scarlet blood seeping out, and a silver-white glow enveloped the fissure.

Subsequently.

An eye of pure silver actually emerged from within this crack.

"Be careful."

The voice of the God of the Undead echoed in Lin Tianhao's mind.

Before his voice even faded, they heard Er Nengduo roar.

"You brat, die for me!!"

A silver-white ray shot towards Lin Tianhao.

Lin Tianhao's arrows turned to dust under this silver-white ray.

Because of the God of the Undead's warning, Lin Tianhao had already dodged before the ray arrived.

But the speed of this ray was simply too fast; Lin Tianhao only narrowly avoided the vital parts and was hit in the shoulder.

-1000100.

A huge damage number popped up above Lin Tianhao's head.

A million points of damage, terrifying indeed.

Most importantly.

This ray wasn't even burst damage; it was continuous, chasing after Lin Tianhao's behind.

The Hall Master of the Sea God Temple, wielding the Sea God Trident, fiercely stabbed it into Er Nengduo's forehead, dealing considerable damage.

Critical Hit!

-329850!!

The damage value was high.

But Er Nengduo turned a blind eye, the ray continuing to chase Lin Tianhao.

-1095800!!

Another damage number exceeding a million, Lin Tianhao's health plummeted.

Fortunately, with the damage reduction and health regeneration of the Bloodthirsty Dragon Armor, Lin Tianhao's health dropped slightly less.

"Child of the Sea, hold on; he can't maintain this move for long."

Lin Tianhao maxed out his speed, wanting to say, 'I can't hold on for long either'.

Because the ray's speed was too fast, his movement speed made it difficult to distance himself from the ray.

While the Hall Master of the Sea God Temple was speaking, Lin Tianhao took another hit, his health plummeting again.

The crucial point was.

"Your attack is over; now it's your turn to die."

Lin Tianhao's arrows poured out once more.

Er Nengduo had lost a lot of health from the Sea God Temple Hall Master's attacks during the three seconds he used the ray.

Now, facing Lin Tianhao's attacks again, he was already somewhat overwhelmed.

"Silver Eye: Void Touch!"

Er Nengduo roared, his aura instantly weakening significantly, and his mana bar also plummeted.

"Consuming Source Blood Energy?"

Lin Tianhao was shocked, a bad feeling welling up in his heart.

In the Twilight of the Gods, most skills consumed mana to cast.

A small number of skills consumed health to cast.

Besides these two types of skills, there were also some more special skills.

These skills were collectively known as Forbidden Spells, and they consumed different things to cast.

Some permanently reduced attributes, such as permanently reducing maximum health, permanently reducing maximum attack power, and so on.

When Er Nengduo cast this skill just now, he consumed Source Blood Energy, which was maximum health.

His health would permanently decrease by a portion.

Not only that, but his mana had also plummeted sharply just now.

This skill would be extremely terrifying.

Lin Tianhao thought a lot, but it was just a fleeting moment.

Behind Lin Tianhao and the Hall Master of the Sea God Temple, a huge silver eye appeared respectively.

This silver eye seemed to be hidden in the void, only opening its eyes from the void at this moment.

After the silver eye opened, a tentacle extended from the silver eye, wrapping around Lin Tianhao with lightning speed.

The same was true for the Hall Master of the Sea God Temple.

They were instantly entangled.

"Overlord Body!"

Lin Tianhao's reaction was extremely quick.

The moment the tentacle touched Lin Tianhao, he had already activated Overlord Body.

However.

Something incredible happened to Lin Tianhao.

His Overlord Body, and even the purification and crowd control reduction ability of the Purification Jade Pendant, were actually ineffective.

"This is... a higher level of control!!!"

In just an instant, Lin Tianhao understood the reason.

The reason he was able to use Death Reincarnation to kill the Blue-Clothed Old Servant who had activated Undying True Body was because the level of Death Reincarnation was higher than Undying True Body.

So even if the Blue-Clothed Old Servant had activated Undying True Body, Lin Tianhao was still able to trigger Death Reincarnation.

The fact that his Overlord Body and Purification Jade Pendant didn't work could only mean that the skill level of this tentacle binding was too high.

"Today's shame, I, Er Nengduo, will remember it in my heart; if I return after Nirvana in the future, I will surely cut off your heads!"

Er Nengduo ran without looking back, and while running, he didn't forget to make threats.

A full fifteen seconds passed before Er Nengduo ran far away, and this skill finally became ineffective.

"Blazing Fire Chicken King!"

Lin Tianhao rode the Blazing Fire Chicken King and chased directly after him.

At the same time.

Taking out the Book of Life and Death, Lin Tianhao rewrote the name to Er Nengduo · Lonely Sword!!

After the Blazing Fire Chicken King rushed to the seaside, Lin Tianhao immediately switched mounts to the Explosive Water Tiger Turtle King.

To increase his speed, Lin Tianhao also used the True Meaning of the Sea.

Er Nengduo's movement speed was very fast, but under Lin Tianhao's desperate pursuit, the distance between him and Lin Tianhao was still constantly closing.

"Save me."

Er Nengduo shouted loudly towards the direction of the ship.

On the ship.

The woman who was already preparing to evacuate had a look of astonishment on her face.

"The Hall Master of the Sea God Temple can threaten Er Nengduo?"

She was somewhat incredulous.

After all, it had already been agreed upon before this operation, but now there was actually a change.

"Frontal artillery barrage."

The woman didn't turn the guns around; instead, she appeared before the deck herself.

"Go!!"

One mechanical puppet after another appeared on the deck, quickly flying towards Lin Tianhao's location.

Lin Tianhao frowned slightly.

"Dive!"

The Explosive Water Tiger Turtle King immediately dived into the water.

Lin Tianhao's movement speed in the water wouldn't be affected in the slightest; instead, it would be boosted.

"Boom boom boom!!"

Above the water, the mechanical puppets began to self-destruct.

The huge impact stirred the seawater, trying to stop Lin Tianhao's pursuit.

"Swoosh swoosh swoosh!"

Lin Tianhao wasn't a pushover either; arrows flew towards Er Nengduo.

The benefit of the passive skill Basic Attack Amplification was now evident.

Under normal circumstances, Lin Tianhao wouldn't be able to attack Er Nengduo right now.

It was precisely because Basic Attack Amplification increased the basic attack distance that Er Nengduo entered his basic attack range.

"Not good."

The woman on the deck secretly thought something was wrong and immediately had a mech block in front of Er Nengduo and self-destruct.

The shockwave of the self-destruction could temporarily block Lin Tianhao's arrows.

But Lin Tianhao had too many arrows; one self-destruction simply couldn't block them all.

Chapter 237 - Sea boots!

A large number of arrows rained down on Er'nengduo, completely emptying his already meager health points.

"Ding, you have killed Er'nengduo · Lone Sword. Since you have not yet changed jobs, you cannot gain experience points."

Lin Tianhao's face showed a smile, finally killing this guy.

On the deck.

Seeing Er'nengduo being killed, the female mechanic instantly unfolded a pair of mechanical wings on her back. The wings fluttered, flying towards the distance.

"Hehe, fly? Don't you know that archers are best at shooting eagles?"

Lin Tianhao chuckled, raised his bow and shot.

Whoosh!

One arrow!

-71258.

Instantly killed!!

She was easily killed.

This female mechanic only had a little over 71,000 health points, so the damage Lin Tianhao dealt was only this much.

After the female mechanic was killed, a mechanical arm fell out.

Lin Tianhao was a little surprised, "Sure enough, different people have different opportunities. So quickly, she actually got such a good thing."

Mechanical Arm.

It can greatly increase the speed of making mechanical objects. A high-quality mechanical arm is very valuable.

Lin Tianhao picked up the mechanical arm.

Effect 3: Increases the movement speed of mechanical puppets by 1 point.

Effect 4: Mana + 4000.

Effect 5: Health + 50000.

Durability: 97.

This female mechanic's stat allocation is a bit extreme.

Her free attribute points probably didn't add any health points at all. Otherwise, with this mechanical arm adding 50,000, her total health points couldn't possibly be only 71,000.

After all, other equipment will add some health points.

Because of the characteristics of Twilight of the Gods, most players are unlikely to go for extreme stat allocation routes.

After all, the risk factor of extreme stat allocation is too high.

After putting away the mechanical arm, Lin Tianhao came to Er'nengduo's corpse again and began to loot the body.

"Ding, you have obtained Skill Book + 2."

"Ding, you have obtained the Golden equipment Sea-Treading Boots."

"Ding, you have obtained Free Attribute Points + 200."

"Ding, you have obtained the Book of Silver Eyes + 1."

"Ding, you have obtained..."

.....

Looting corpses brings happiness.

This time, he got a lot of things again.

Sea-Treading Boots: Gold.

Equipment Requirement: Level 50.

Effect 1: You can walk and run on the sea.

Effect 2: Movement Speed + 5.

Effect 3: Critical Hit 20%.

Effect 4: Magic Resistance + 300.

Effect 5: Armor + 500.

Durability: 100.

This equipment is a little bit helpful to Lin Tianhao.

Lin Tianhao didn't have any other good boots for the time being, so he directly equipped them.

In addition to this.

Lin Tianhao obtained two skill books this time.

To be precise.

There were also two books when he killed the Grand Elder of the Sea God Temple before, a total of four skill books.

These four skill books are all warrior-type, and Lin Tianhao can also learn them, but in Lin Tianhao's view, these four skills are not as helpful to him as basic attacks.

Most of the warrior's skills have damage bonuses based on attack power.

But Lin Tianhao's attack power can't be said to be non-existent, but compared to the damage his basic attacks can deal, that little attack power bonus is really not worth mentioning.

Putting away his thoughts.

Lin Tianhao returned to the Sea God Temple.

As for the twelve ships, they were easily resolved after the Sea God Temple Master returned.

At this time, the Sea God Temple can be described as riddled with holes, with large and small pits everywhere, and countless ruins.

"Is your Sea God Temple so poor? You don't even have a protective formation."

The Sea God Temple Master smiled wryly, "The Sea God's Chosen One is laughing at us."

"I believe the Sea God's Chosen One has also discovered a problem along the way, that is, there are very few priests in our Land of Chaos."

"Yes." Lin Tianhao nodded.

"Not only priests, but even fewer formation masters. There is simply no one who can set up a guardian formation."

Lin Tianhao twitched the corner of his mouth, "Why?"

"The Land of Chaos is too chaotic. Ordinary priests have no combat power and it is difficult to survive here."

"As for formation masters, they are popular professions. There is no need to stay in our Land of Chaos at all. As long as they reach the second rank, they basically leave."

Lin Tianhao understood.

To put it bluntly, in this situation in the Land of Chaos, basically only combat professions can stay.

Others.

Few are willing to stay.

"Do you know what Er'nengduo came here to do?" Lin Tianhao asked.

The Sea God Temple Master was silent for a while, and replied: "The Sea God Ancient Crystal is gone."

"Sea God Ancient Crystal?"

Lin Tianhao had never heard of it. He knew very little about Poseidon, the Sea God.

"A crystal containing divine power that can maintain the operation of a large formation. It seems that the female mechanic wanted to use it to maintain the operation of a powerful mechanical puppet, so she came here."

The voice of the God of the Undead sounded in Lin Tianhao's mind, explaining the reason to Lin Tianhao.

The Sea God Temple Master's judgment was similar to that of the God of the Undead. He said:

"I suspect that the female mechanic should have obtained an extremely powerful mechanical puppet, possibly even surpassing the fourth rank."

"She needs the Sea God Ancient Crystal to power that puppet, which explains why Er'nengduo wanted to help her."

"Because if a puppet beyond our level appears, Er'nengduo may be able to rule the Land of Chaos with that puppet."

Lin Tianhao nodded.

The Sea God Temple Master's analysis was very reasonable.

In his previous life, some mechanics had such opportunities.

They obtained powerful mechanical puppets from ancient secret realms, but they lacked energy crystals to run them.

However, in his previous life, Lin Tianhao had never heard of any powerful mechanics in the early stages of the game.

Could it be that his rebirth has caused a butterfly effect?

Also...

Lin Tianhao suddenly thought of a possibility.

Could this female mechanic be his sister?

In the Land of Chaos, he has not been able to contact her, so this possibility is not non-existent.

Lin Tianhao was just thinking about it. Reason told Lin Tianhao that the probability of this female mechanic being his sister was very small.

Because according to Lin Tianhao's speculation.

This female mechanic's mechanic profession was likely obtained from Lone Wind City.

Since she obtained it from Lone Wind City, she must know him.

But none of this matters anymore. Lin Tianhao will continue to his next stop.

"The Sea God Temple has been destroyed like this, so it needs to be rebuilt well next. I'll leave first."

Lin Tianhao waved his hand, he was going to the next place.

"Farewell, Sea God's Chosen One."

The Sea God Temple Master did not try to keep him, and watched Lin Tianhao leave.

Lin Tianhao did not use the Kunlun Mirror to leave, but rode the Bursting Water Tortoise King and headed south.

The place he was going this time was not on an island, and was exactly the opposite of the places Lin Tianhao had been to before.

Of course.

Before setting off, Lin Tianhao did not forget to write the name of the Vampire Marquis Mindekaidu on the Book of Life and Death.

Chapter 238 - The psychological game with Zhu Meng Yan Xue!

Before, in order to kill Onedo, Lin Tianhao had changed his name to Onedo's.

Now that Onedo is dead, he naturally has to change it back.

Land of Chaos.

In a mountain forest.

Just as Mdkadur had finished sucking the blood of a red-haired boar king, he discovered that the continuous loss of blood that had disappeared not long ago had reappeared.

"Ahhh, this is too much! Find him, find Xue Di for me! I will tear him to pieces."

"Lord Kdadur, Xue Di's whereabouts are erratic, and we don't have any influence in the Land of Chaos yet, so it's a bit troublesome to investigate."

Luo Lin Muye said with a frown.

"If we don't have influence, then create it."

Village Chief Wang shook his head, "Creating influence is too slow. It's best to support an existing force. Lord Kdadur can transform the rulers of some large forces into vampires and make them obey your orders."

.....

One day later.

Outside Blood Crow Ancient City.

Lin Tianhao rode the Flame Fire Chicken King, holding the Secrets of the True Meaning of the Sea in his hand, reading as he headed towards Blood Crow Ancient City.

When he arrived at the gates of Blood Crow Ancient City, Lin Tianhao put away the Secrets of the True Meaning of the Sea.

"Finally here."

Lin Tianhao exhaled a breath of stale air and urged the Flame Fire Chicken King to enter Blood Crow Ancient City.

In the Land of Chaos, the Blood Crow Tower, which was more powerful than the Horn Family and the Bit Family, both of which had Tier 4 Platinum experts, was located in this Blood Crow Ancient City, despite lacking Tier 4 Platinum experts itself.

On the city walls of Blood Crow Ancient City, a man dressed in black robes, just like Lin Tianhao, calmly watched Lin Tianhao riding the Flame Fire Chicken King.

Beside him was a woman with a hideous scar on her face, who also saw Lin Tianhao.

"Master, just as you predicted, he's here."

The black-robed man chuckled, "He couldn't gather everything he needed in the Star Kingdom, so he wants to run to our Land of Chaos to gather them."

"What is he looking for?" the scarred woman asked curiously.

The black-robed man did not answer, but instead said:

"Pass down the order, say that I am going into seclusion and will not see anyone."

"Also, no matter who it is in the Blood Crow Tower, they must never offend Xue Di."

"Understood," the scarred woman nodded.

.....

After Lin Tianhao entered Blood Crow Ancient City.

He went straight to the Blood Crow Tower.

The Blood Crow Tower was the city lord's mansion of Blood Crow Ancient City, and it was very conspicuous.

Lin Tianhao swaggered to the entrance of the Blood Crow Tower on the Flame Fire Chicken King.

A guard respectfully ran up, "What can I do for you, young master?"

"I want to see your tower master."

The guard seemed to already know Lin Tianhao's intention, and shook his head, saying:

"I'm really sorry, our tower master is currently in seclusion and is not receiving guests recently."

Lin Tianhao frowned.

Not receiving guests?

"I wonder when the seclusion will end?"

The guard shook his head, "I don't know, maybe three years, maybe five years."

Lin Tianhao raised his eyes and looked towards the Blood Crow Tower. This Blood Crow Tower master seemed to be deliberately avoiding him.

But it didn't matter. Sometimes, it's not up to him whether he wants to avoid him or not.

So many people in the Land of Chaos want to stir up trouble, and it's almost impossible for a force like the Blood Crow Tower to remain aloof.

Lin Tianhao found an inn near the city lord's mansion of Blood Crow Ancient City and stayed there.

A little bit of gold coin expenditure was nothing to him.

In the room, it would be more convenient for him to use the Kunlun Mirror to teleport to other places.

After doing these things.

Lin Tianhao prepared to continue studying the True Meaning of the Sea.

His current efficiency in stacking health points was too low, relying on the Book of Life and Death was the way to go.

Spend some time studying the True Meaning, as for the others, he could let the bullets fly for a while.

The Land of Chaos was already chaotic enough on the surface, and his appearance this time would only make the Land of Chaos even more chaotic.

He spent two days in Blood Crow Ancient City reading the Secrets of the True Meaning of the Sea, during which time he went offline to replenish nutrient solution and also took a look at his younger sister Lin Qingqing.

Lin Qingqing's current condition was all good, and the external device still showed that she was in the game.

Entering the game again.

Lin Tianhao received a message, it was sent by Zhu Meng Yanxue.

"Xue Di, I got what you wanted."

Zhu Meng Yanxue sent a photo, which was a photo of the Gods' Blessing pre-quest scroll.

"A photo, not enough sincerity."

Zhu Meng Yanxue liked to play little tricks.

Ordinary people definitely couldn't beat her, but Lin Tianhao had seen too much in his previous life, and he wouldn't be easily manipulated by a photo from Zhu Meng Yanxue.

"I did get the thing, if Xue Di is interested, we can talk."

Zhu Meng Yanxue was certain that the Gods' Blessing pre-quest scroll was extremely important to Lin Tianhao, so she dared to be so fearless.

However.

What awaited her was no news. Lin Tianhao didn't bother with her at all.

He did need the Gods' Blessing pre-quest scroll, but didn't Zhu Meng Yanxue need it?

The Gods' Blessing pre-quest scroll was very important to any player. If she really wanted to take it out for trade, then it meant that she was plotting something bigger.

Similar to Horn Guoling and Bit Baku, the difficulty coefficient of the tasks on the Gods' Blessing pre-quest scrolls they took out was very high.

At least.

They wouldn't get so many benefits if they used the blessings of the gods.

Moreover, they couldn't use them either.

Many of the things in the hands of NPCs are prizes, which can only be taken out as rewards, but cannot be taken for themselves.

This is the rule of Twilight of the Gods.

What they can do is to help themselves become stronger as much as possible within the rules.

NPCs are like this, and players are even less likely to suffer losses easily.

Another day passed.

Ze Lian City, in the Ze Lian Fortress.

Zhu Meng Yanxue couldn't sit still.

Time was precious, and she didn't want to waste too much time here.

Currently, some players have exceeded level 80.

If she delays any longer, the gap between her and the top players will become larger and larger.

After all, not everyone is like Lin Tianhao, who doesn't have a great need for leveling up and can stack health points indefinitely.

The way for ordinary players to become stronger is to level up. Of course, those five free attribute points are not enough to make players stronger.

The most useful thing about leveling up is that you can equip more advanced equipment.

A set of level 10 equipment and a set of level 50 equipment, with the same quality, have completely different attributes.

Not only that.

When the level goes up, you can access more tasks, kill more advanced monsters, and naturally get more and stronger skills.

And if you get these skills first, you can improve your skill proficiency first.

Watching the players on the level榜 increase their levels, Zhu Meng Yanxue felt even more uncomfortable than losing a level.

"Xue Di, this time I'm here with sincerity."

Zhu Meng Yanxue took the initiative to find Lin Tianhao again, even though she knew that doing so would lose her initiative, but she really couldn't afford to wait.

Lin Tianhao opened the chat box and saw that Zhu Meng Yanxue had sent the content of the Gods' Blessing pre-quest scroll.

Chapter 239 - Heavenly Blood Buddha!

"The great Silver-Eyed God is about to revive. One of its tentacles was torn apart and scattered throughout the Land of Chaos. Please help retrieve the fragments of the Silver-Eyed God's tentacle."

"Task Requirement: Retrieve the fragments of the Silver-Eyed God's tentacle within three months (0/5)."

"Task Penalty: Unknown."

"Task Reward: Blessing of the Gods."

A bland reward. The task difficulty doesn't seem particularly high, but the reality is unknown.

"I'll give you this scroll. Consider it you owing me three favors, how about it?"

Lin Tianhao refused without even thinking.

"One, and say whatever it is now. I still need to consider it."

Zhumeng Yanxue gave a wry smile.

She knew she was at a disadvantage, but she didn't expect to be this disadvantaged.

Lin Tianhao didn't like Zhumeng Yanxue, this was subjective.

She was different from Ying Sha, who had offended Lin Tianhao in the novice village before. Fighting over a boss was a conflict of interest.

His dislike for Zhumeng Yanxue stemmed from her personality.

If it weren't for the Gods' Blessing pre-quest scroll, he wouldn't even want to bother with Zhumeng Yanxue.

Therefore, one condition was the limit of what he could do.

Moreover.

He also wanted to see the specifics of this condition; otherwise, even if he had to give up this Gods' Blessing pre-quest scroll, he wouldn't help Zhumeng Yanxue.

“Help me find someone, Abelru, the younger brother of King Abela of the Star Kingdom. I followed the clues here to the Land of Chaos.”

Lin Tianhao was a little surprised.

King Abela of the Star Kingdom's younger brother, Lin Tianhao had some impression of this prince, but not much.

He wasn't clear on what Zhumeng Yanxue wanted to do by finding Abelru, but if it was just finding someone, it wasn't unacceptable to him.

"I can agree to your request, but you have to give me the Gods' Blessing pre-quest scroll first."

"No way."

Zhumeng Yanxue refused without even thinking.

If she gave the item to Lin Tianhao, what if Lin Tianhao didn't help?

"If that's the case, then I can't help you."

Lin Tianhao responded just as decisively, as if he didn't care about the Gods' Blessing pre-quest scroll in Zhumeng Yanxue's hands.

"No!"

Zhumeng Yanxue hesitated. She had already used the power of Zelian Island to search, but the result was fruitless.

She couldn't think of anyone else here who could help her.

Poseidon Temple, Blood Raven Tower.

These forces were indeed powerful, but she didn't yet have the ability to have the Poseidon Temple and Blood Raven Tower help her find someone.

"I'll give it to you."

"Ding, Zhumeng Yanxue has traded you the Gods' Blessing pre-quest scroll. Do you want to accept?"

“Accept.”

Lin Tianhao obtained the Gods' Blessing pre-quest scroll, “You made a smart decision.”

With that, Lin Tianhao took out the Kunlun Mirror and stepped out.

When he reappeared, Lin Tianhao had already arrived at the headquarters of the Poseidon Temple.

The Poseidon Temple was still under renovation, but after the last incident, many people in the Poseidon Temple recognized Lin Tianhao.

“Greetings, Son of the Sea.”

Two warriors who were supervising the renovation ran over quickly and respectfully saluted Lin Tianhao.

“I want to see your temple master.”

Lin Tianhao said calmly.

“We will go and invite the temple master immediately.”

Poseidon Temple Master Kos Moyeon came before Lin Tianhao.

“Your subordinate, Kos Moyeon, greets the Son of the Sea. I don't know what the Son of the Sea commands.”

Lin Tianhao didn't like beating around the bush and said directly: “You have been talking about evil god believers before. I wonder if the evil god you are talking about is that silver-eyed octopus?”

Hearing this.

Kos Moyeon wasn't surprised and nodded: "It is."

"I heard that one of its tentacles was torn apart and scattered throughout the Land of Chaos. Do you know where they are?"

Kos Moyeon hesitated for a moment, but still said: "Our Poseidon Temple has two sections, the Horne family has one section, the Blood Raven Tower has one section, and I don't know where the last section is."

Lin Tianhao's eyes lit up.

He was lucky to have learned the clues to four sections in one breath.

"These are the two sections of our Poseidon Temple. If you need them, take them."

Kos Moyeon took out two scarlet tentacles, with silver-white eyes on the tentacles, which looked extremely strange.

Lin Tianhao took the two tentacles from Kos Moyeon's hand, "Thanks."

"What are you saying, sir? It is my honor to be able to serve you."

At this moment.

An interesting all-server announcement sounded, attracting Lin Tianhao's attention.

"All-server announcement, congratulations to player Tianren Xuefo for joining the Bailoke Temple and becoming the first player on the server to join the Holy Land. Special announcement, I hope all players will continue to work hard."

... ..

Tianren Xuefo... ..

The Sakura Country Tianren is similar to the ancient warriors of the Dragon Country, with extraordinary combat power.

And this Tianren Xuefo himself has powerful combat skills, and also has a talent that can infinitely increase attack power.

Every time he kills a wild monster no lower than his own level, he can permanently increase his attack power by one point.

This talent can also be considered god-level, and relatively speaking, it is a weaker god-level talent.

But a god-level talent is still a god-level talent. A weaker god-level talent is still a god-level talent.

If it were just like this, Lin Tianhao wouldn't have a deep impression of him, let alone attract his attention.

After all, during his time in the Land of Chaos, other players are also exerting their strength, and all-server announcements of first clears of dungeons and first kills of bosses are emerging one after another.

The reason why Lin Tianhao has a deep impression of this Tianren Xuefo.

Is because in the past, nine countries including Sakura Country, the United States, and Bangzi Country jointly implemented a massacre plan against Dragon Country experts in Twilight of the Gods.

The purpose was to make Dragon Country players drop levels and slow down the game progress of Dragon Country players.

As for the reason.

Lin Tianhao didn't know at first, but he only knew after the Great Cataclysm. The leaders of various countries more or less guessed something about Twilight of the Gods.

Suppress Dragon Country.

Is to weaken the power of Dragon Country from the root.

And this Tianren Xuefo, with his ridiculously high attack power, assassinated many Dragon Country high-level players.

If Goudao Wangu hadn't tricked him several times, Tianren Xuefo wouldn't have easily stopped.

I have to say.

Goudao Wangu's talent is too much of a counter to Tianren Xuefo.

The armor is ridiculously high, and the counter-damage is also ridiculously high.

Tianren Xuefo attacks, but Goudao Wangu doesn't lose much health, but instead will be counter-killed by Goudao Wangu.

“It seems that I really have to find a way to get Goudao Wangu a god-level talent awakening stone.”

Lin Tianhao himself actually still needs a god-level talent awakening stone, but if he is strong alone, it will still be too difficult to turn the tide in the future.

It's best if the people around him are strong too.

Withdrawing his thoughts, Lin Tianhao looked at Kos Moyeon and asked:

"Moyeon, do you know where Abelru is?"

Chapter 240 - Please treat Mr. Snow to grilled crocodile!

"Abelru? The younger brother of the old King Abela of the former Star Kingdom?"

Kos Mo Yuan looked at Lin Tianhao with some surprise, "Why would the Son of the Sea suddenly look for him?"

"So you know him?" Lin Tianhao asked.

Kos Mo Yuan nodded, "If it were someone else, they might not know of his existence, but I have a relatively deep understanding of the Land of Chaos."

"Abelru is in the Land of Chaos, secretly manipulating things. I suspect that the Blood Raven Tower and several Tier 3 Gold-level forces are all controlled by him behind the scenes."

"Oh?"

Lin Tianhao was a little surprised, "Is this Abelru so powerful?"

Kos Mo Yuan nodded, "It's not to say that he himself is that powerful."

"The Star Kingdom started planning for the Land of Chaos from the beginning, wanting to rule us and expand their territory."

"Your Excellency may not know, but the first step for their Star Kingdom to complete its upgrade is to control our Land of Chaos and the Nether Land."

Lin Tianhao nodded secretly, suddenly thinking of something.

"So, if the Hanhai Kingdom wants to complete its upgrade, it also needs to control the Land of Chaos and the Nether Land?"

You need to know.

Of the three leaders of the Demon Cave, only the Black Robe Leader has been in contact with Lin Tianhao. Lin Tianhao has not yet met the other two leaders.

Moreover.

After the Black Robe Leader established the country, the name is still Hanhai Kingdom. This name seems to directly point to the Sea God.

What are the Great Leader and Second Leader of the Demon Cave doing now?

Moreover.

If it weren't for Zhu Meng Yanxue's reminder, Lin Tianhao would have ignored Abelru's existence.

He is really too low-key.

"Having said so much, do you know where Abelru is?" Lin Tianhao asked.

This is the key.

"Most likely in the Blood Raven Tower."

Lin Tianhao nodded, "Then do you know Abelru's level?"

"I'm not too sure about that, but he is definitely stronger than the previous King Abela."

"This is the tradition of the Star Kingdom and even many forces, that is, the strongest will not be placed on the surface."

Lin Tianhao grinned, "Then Mo Yuan, does the Sea God Temple still have other experts?"

Kos Mo Yuan smiled helplessly, "Good heavens, I am the strongest in the Sea God Temple."

"Of course, if you count His Excellency the Son of the Sea, then you are the strongest in the Sea God Temple."

Lin Tianhao smiled noncommittally. He didn't really believe Kos Mo Yuan's words.

Land of Chaos.

Measured by the history of the Twilight of the Gods, it has existed for a very, very long time.

It already existed before the God War.

Even if restricted by the Tier 2 area, and it is difficult to upgrade after breaking through the limit, Lin Tianhao doesn't believe that no Tier 4 limit NPCs have appeared in so many years.

Even if they can't really reach Tier 5, but relying on killing bosses to upgrade, it is still possible to reach Tier 4 limit.

However.

The fact is that the Sea God Temple Master is only over level 250. Even so, he is already the strongest expert on the surface in the Land of Chaos.

"Okay, I understand."

Horne Guoling seemed to have made arrangements in advance. The guards at the door immediately ran up respectfully when they saw Lin Tianhao appear.

"Is the young master here to see the head of the family?"

"Yes." Lin Tianhao nodded.

The guard smiled and said: "The head of the family has instructed that as long as it is you, young master, there is no need to report. Just take you in directly."

Lin Tianhao was a little surprised. This Horne Guoling really valued him. Even Kos Mo Yuan had not given him this kind of treatment.

"Young Master Xue, are you well?"

Horne Guoling walked over with a smile, very enthusiastic towards Lin Tianhao.

"I heard that you have a tentacle of the Silver-Eyed Octopus," Lin Tianhao said.

Horne Guoling frowned slightly, "Yes, but..."

"But what?" Lin Tianhao asked curiously.

"Young Master Xue has fought against the Two-Headed Blood-Marked Crocodile. I wonder if Young Master knows how that beast grew to Tier 4 Gold-level?"

"It wasn't by eating that tentacle, was it?" Lin Tianhao asked in surprise.

Horne Guoling nodded, "Yes, although it's absurd, that is the truth."

"The Silver-Eyed Octopus is an Evil God. Won't the Two-Headed Blood-Marked Crocodile be targeted?"

"It will, and it won't, depending on how you say it. After all, it's just a beast."

At this point, Horne Guoling changed the subject and asked: "What is Young Master Xue looking for the Silver-Eyed Octopus's tentacle for?"

"It's useful."

Lin Tianhao replied concisely.

"The Sea God Temple has it, and the Blood Raven Tower also has it."

Lin Tianhao shook his head, "I know, but I want all of it."

Horne Guoling became a little embarrassed, "The Two-Headed Blood-Marked Crocodile is our family's guardian beast, Tier 4 Gold-level. I believe the young master also knows how precious it is."

"Five hundred million gold coins."

Lin Tianhao said in a deep voice, "The Two-Headed Blood-Marked Crocodile can't help you too much. With enough gold coins, you can build an army. What do you say?"

"Hahaha."

Horne Guoling laughed loudly, "Young Master Xue is generous. In that case, I will host tonight. How about inviting Young Master Xue to eat grilled crocodile?"

"Okay."

Lin Tianhao and Horne Guoling smiled at each other.

"Young Master Xue, please wait a moment. I'll be right back."

"Patriarch Horne, may I personally wield the knife?"

"No problem."

Horne Guoling led Lin Tianhao towards the seaside.

The Two-Headed Blood-Marked Crocodile took the initiative to crawl at Horne Guoling's feet.

Horne Guoling stroked the Two-Headed Blood-Marked Crocodile's forehead twice.

"Little Crocodile, dedicate yourself to our family's rise. You can be considered to have died well."

After saying this.

The Two-Headed Blood-Marked Crocodile became a little restless, looking at Lin Tianhao warily.

But because of its master's order, it couldn't escape. It could only look at Lin Tianhao uneasily and look towards the Horne Family for help.

It wasn't looking at Horne Guoling.

But in the direction of the Horne Family.

From this point alone, Lin Tianhao could be sure.

Horne Guoling was not the Two-Headed Blood-Marked Crocodile's master. The Two-Headed Blood-Marked Crocodile's master should be the mysterious Tier 4 Platinum-level expert of the Horne Family.

It's just.

Since Horne Guoling brought him here, it meant that the expert behind him had already permitted this decision.

Taking out the Netherworld Longbow, Lin Tianhao unleashed a torrent of feather arrows.

Lin Tianhao's health points have now exceeded 12.5 million, and the damage of one arrow has exceeded 750,000. This is still without a critical hit.

Forty arrows per second, damage per second as high as 30 million!!

Adding the occasional critical hits and the damage from the Eye of Ice, the Two-Headed Blood-Marked Crocodile was killed in less than three seconds.

"Ding, you have killed the Two-Headed Blood-Marked Crocodile. Since you have not changed jobs, you cannot gain experience points."

Seeing Lin Tianhao's terrifying damage, Horne Guoling's palm couldn't help but tremble slightly.

Fine beads of sweat had already appeared on his forehead.

Lin Tianhao stepped forward to loot the corpse, and Horne Guoling subconsciously stepped aside, obviously frightened by the damage ability that Lin Tianhao had just displayed.
