

Online game 251

Chapter 251 - The war is about to begin!

“If you gather the blessings of ten Eastern gods, the ancient Eastern kingdom will be revived. When that happens, the Land of Chaos will no longer exist, and we will all die.”

Bitterbaku's expression was bleak.

The reason they were able to unite was not only because of the gods behind them, but also because they had no choice.

Having lived in the Land of Chaos for so many years, they were all unwilling to see it destroyed.

“At least you can now leave the Land of Chaos and enter the vast continent, and you can still survive.”

“If you insist on being my enemy, I can kill everyone in the Land of Chaos.”

Bitterbaku's pupils suddenly contracted because he saw determination in Lin Tianhao's eyes.

If he continued to stubbornly resist, he would die, and his Bitter family would cease to exist.

Most importantly,

even if he did, it would not change the fate of the Land of Chaos.

Because Lin Tianhao really dared to slaughter the Land of Chaos.

The Starry Kingdom was a precedent. No matter how many people Lin Tianhao had to kill to achieve his goals, he would not be soft-hearted.

Blocking his path would only lead to death.

“Three...”

“Two...”

Lin Tianhao's eyes were burning as he began to count down.

Bitterbaku felt as if Lin Tianhao's voice was exploding in his heart, urging him to make a decision as soon as possible.

“If you compromise, do you think you can survive if you go to the vast continent?”

Just then, a voice came.

Lin Tianhao's eyes were like torches, and he instantly looked over.

It was a young man in a blood-colored robe with a gloomy face.

Vampire Marquis Mindkado!

He was still enduring the attack of the Book of Life and Death, but his health points did not show any signs of decreasing.

Lin Tianhao secretly thought it was bad because his health points were now as high as 16.3 million!!

Mindkado's health loss per second should theoretically not be less than 173,000.

Even after he devoured a drop of the Ice Goddess's divine blood, there was no reason for him to be able to do this.

“Surprised?”

Mindkado looked at Lin Tianhao playfully, “Your weird attack is indeed very annoying, and it even forced me to maintain my health by killing monsters.”

“Even after swallowing the Ice Goddess's divine blood, it is still not enough to resist that weird attack.”

Lin Tianhao did not interrupt him, even though he was a bit verbose.

He needed to know the reason so that he could better deal with Mindkado.

After all, these days, there are not many opponents like Mindkado who reveal their trump cards before a battle.

“But you have to oppose the Sea God. Lord Sea God gave me his Void Sea Scepter.”

Lin Tianhao understood.

Entities related to water, wood, light, and life have excellent recovery abilities.

As a Lawful God with water attributes, the divine gift he bestows must have terrifying recovery abilities.

But Lin Tianhao didn't care anymore.

He silently added all the free attribute points to attack speed.

Attack speed increased from 41.2 to 77.6 in one go.

Although the more attack speed you increase, the more free attribute points it takes to add, and relatively speaking, it is a bit uneconomical.

But what Lin Tianhao lacked most was attack speed and movement speed. As for the others, they didn't help much.

Armor? Magic resistance?

As long as health points are high enough, what is the point of armor and magic resistance?

If health points are high enough, you can hit me as you please, and I will kill you with one arrow. What do you think!

“Vampire Marquis Mindkado, I only saw your back in the Horne family before. Today is our first meeting.”

“Not bad.”

Mindkado nodded, “We have never met, but you locked onto my head and kept me losing health. Before that, you also killed my fiancée Leona. Tell me, how can we resolve this feud?”

“Indeed, there is no solution. How about this, I will kill you and turn you into my undead, so the hatred between us will naturally be resolved.”

As soon as he finished speaking,

Lin Tianhao raised the longbow in his hand, and in the blink of an eye, the feathered arrows poured out like a tide.

Mindkado moved and dodged, trying to avoid Lin Tianhao's feathered arrow attacks.

However,

Lin Tianhao turned around and fired five arrows at the same time, 388 arrows per second!!

It was a direct area coverage.

Dodge?

That doesn't exist!!

He wanted to see where he could dodge to.

“Swish swish swish!!”

Mindkado was ultimately unable to completely avoid Lin Tianhao's feathered arrows with his speed.

Blood mist appeared on his body, and Lin Tianhao's feathered arrows turned into nothing the moment they touched the blood mist.

But the strength of the blood mist is limited.

Being able to corrode hundreds of feathered arrows per second is already amazing enough.

However, Lin Tianhao shoots more than just a hundred feathered arrows per second.

- 978691!!

- 978691!!

.....

Lin Tianhao's current output, even without a critical hit, is close to one million damage.

In the blink of an eye,

Mindkado had already lost 20 million health points. If it continued to drop, he would soon die.

“Do it.”

Mindkado shouted in a low voice.

Bitterbaku's figure turned into an afterimage and rushed towards Lin Tianhao.

As a fourth-tier platinum-level fighter, his close combat ability is beyond doubt.

As long as he could get close to Lin Tianhao, he would be able to kill him.

“Three Heads and Six Arms!”

Lin Tianhao shouted softly, holding the God-Slaying Whip in one hand and the Floating Sea Bow in the other, while equipping all the equipment he could.

This Floating Sea Bow was dropped by a level 50 silver sea beast boss that Lin Tianhao killed.

The attributes are similar to the Nine Harmony Longbow. The most important thing is that the wear resistance is still 100, which is enough to support Lin Tianhao's battle for a while.

As for equipping other equipment, there is only one reason.

Critical hit!!

Now, with several level 50 silver equipment, he has successfully increased his critical hit chance to 100%.

The feathered arrow landed on Bitterbaku's body, emitting a scarlet critical hit damage.

- 1957385!!

This damage number had just appeared when Bitterbaku was startled.

This is too scary.

Bitterbaku regretted it a bit. Why did he have to take action?

It's a pity.

He had already taken action, and now there was no turning back.

"Alas, how did it still come to this point today."

Abelou's voice came faintly, and then a large number of Blood Crow Tower experts began to attack Lin Tianhao's undead army.

Not only the Blood Crow Tower,

the Bitter family, as well as Lorraine Muye, Bing Friss, Village Chief Wang, and others also appeared, contributing their strength without reservation.

A great battle was about to break out!

But Lin Tianhao remained calm and composed.

Mindkado was too slippery, and there was also the blood mist that could corrode feathered arrows, making it difficult to kill him in a short time.

But the people from the Blood Crow Tower and the Bitter family were different.

Chapter 252 - One person suppresses the whole audience!

Wherever Lin Tianhao's feathered arrows passed,

in an instant, more than a dozen experts from the Blood Crow Tower became souls under Lin Tianhao's feathered arrows.

Their souls were enslaved by Lin Tianhao, becoming undead, and mindlessly joined the battlefield, attacking other members of the Blood Crow Tower.

"Stop him!"

Abelulu shouted in a low voice, his body turning into a blur, and in the blink of an eye, he was in front of Lin Tianhao.

Lin Tianhao sneered, and one of his three heads and six arms, holding the God-Smiting Whip, instantly attacked.

"Bang!"

With the first strike, Abelulu's platinum weapon was not damaged.

"A platinum weapon that has used the Eternal Scroll?"

Lin Tianhao understood, because ordinary platinum weapons would have cracks on them after this one strike.

However, since there were no cracks, there was only one answer, which was that this platinum weapon had used the Eternal Scroll.

What a waste of natural resources!

Wouldn't it be nice to give such a good thing to him?

But it doesn't matter anymore.

Because in just 0.4 seconds, cracks appeared on Abelulu's shield.

Abelulu: ? ? ?

His platinum weapon that had used the Eternal Scroll was so vulnerable that it cracked in less than half a second. Was he kidding him?

Fortunately, Abelulu reacted quickly and immediately retracted his weapon. A whirlwind slash with ten sides fell, and gusts of wind blew towards Lin Tianhao.

Each whirlwind could blow a person into the sky for one second, and he had a full ten of them. If all of them hit, he could control him for ten seconds.

However...

Lin Tianhao's movement speed was so fast that Abelulu was once again dumbfounded.

Relying on his footwork.

Lin Tianhao avoided nine of them.

"Hit him!!"

The tenth whirlwind finally hit Lin Tianhao.

In Abelulu's view, Lin Tianhao would have to activate his super armor or purification skills no matter what.

First, force out Lin Tianhao's crowd control removal skills, and then create an opportunity for Betterbaku to get close.

With Betterbaku's strength, he would definitely be able to kill Lin Tianhao and buy time for others to arrive.

Who told that idiot to be so clever and speculate that Lin Tianhao would definitely go to Ze Lian Island, which led to the current dispersion of forces.

Otherwise, they wouldn't have fallen into such a passive situation.

But when the whirlwind hit Lin Tianhao.

Abelulu: ? ? ?

He almost thought he had seen it wrong.

Although he knew that Lin Tianhao's tenacity was very high and his crowd control reduction was outrageous.

However, he didn't expect it to be so outrageous.

He saw Lin Tianhao's body sway slightly, and he was controlled for about... 0.1 seconds!!

No, he wasn't even controlled for 0.1 seconds.

This is too outrageous!

Lin Tianhao had no intention of talking nonsense with him.

O'Neill and Leona's undead attacked together, causing Betterbaku to retreat steadily.

When Mindekadu saw Leona's undead, he was immediately furious.

"Ahhh!!"

"Xue Di, you bastard, you killed my fiancée and even enslaved her soul. I will kill you!!"

Mindekadu rushed towards Lin Tianhao like a madman.

"Blood Shadow: Greedy Wolf Runs to the Moon!"

The slender steel knife in Mindekadu's hand slashed down, and a blood shadow greedy wolf flew out of the steel knife and rushed towards Lin Tianhao.

0.2 seconds!

The blood shadow greedy wolf shattered, and then more feathered arrows flew towards Mindekadu.

-1957393!!

-1957393!!

He could only dodge and move while trying his best to resist Lin Tianhao.

Lin Tianhao was not in a hurry to kill Mindekadu for the time being, but instead "named" the experts of the Blood Crow Tower.

When they were killed, they would gradually strengthen Lin Tianhao's undead army.

The pressure on Village Chief Wang, Lorraine Muye and others was also increasing.

At this moment.

More and more people came to support them.

Lin Tianhao saw Kifu Taimu and Kifu Hongzu at a glance.

Not only that, but also the red-bearded old man who appeared in the Anna family back then. They all brought experts from their clans to kill them.

Lin Tianhao sneered again and again. These people were really good at acting. They had even deceived him.

But now it doesn't matter to think so much anymore. Let them arrange their plans as they please. In the face of absolute strength, everything is a fleeting cloud.

The addition of the Kifu family and the red-bearded family was not enough for Lin Tianhao to name them one by one.

Lin Tianhao could kill ordinary experts in their clans with one arrow.

The slightly stronger ones would only take a few arrows.

Skyfire Meteor Shower triggered!

A large number of meteorites with flames fell from the sky, each strike dealing nearly two million damage, and taking away many more experts from the Kifu family.

Kifu Hongzu's heart was bleeding.

Why!

Why did they have to go to war with Xue Di?

Who exactly revealed the flaw that caused this battle to break out here in advance?

"Whoosh whoosh whoosh!!"

Feathered arrows attacked again, and he just wanted to say one thing: he was really electrocuted.

Relying on his footwork, plus the weapon in his hand and the strength of a third-rank gold level, he was able to barely protect himself.

However, Lin Tianhao's feathered arrows landed on other people near him, and from time to time, jumping lightning would appear, causing considerable damage to him.

This is really outrageous.

Lin Tianhao's undead army was more like an auxiliary force. Now, Lin Tianhao was leading the battle.

Moreover.

He was almost suppressing the entire field with the power of one person.

"At this stage, how can someone's attack speed reach this level!!"

Kifu Hongzu's hands were trembling slightly.

Three hundred and eighty-eight arrows per second, and that's just in one direction.

Lin Tianhao is now in a three-headed, six-armed state, with two longbows, that's seven hundred and seventy-six arrows per second!!

How can the longbow's durability withstand this?!

Chapter 253 - A crazy and devilish slave of God!

As for Bitterbak!

He was in an even worse state.

He only had a set of bronze equipment left.

Don't ask why.

The answer is that all his other equipment had been destroyed.

Lin Tianhao had held back and didn't kill Bitterbak, otherwise this martial artist, Bitterbak, would already be dead.

Lin Tianhao hadn't even killed many of the Bitter family members.

Because Bitterbak had wavered earlier, Lin Tianhao felt that after dealing with the others, Bitterbak would hand over his Scroll of Divine Blessing Prerequisite Quest.

Although many people had already died.

Lin Tianhao had no intention of stopping.

Because there were still Lorraine Muye, Bing Fulisi, and others.

Under Lin Tianhao's rain of feathered arrows, Lorraine Muye was the first to fall.

Bing Fulisi surprised Lin Tianhao somewhat.

"Has she become Demonic?"

Lin Tianhao was indeed a little surprised, as it was rare for NPCs to undergo such a fundamental change.

He had encountered quite a few NPCs along the way, but so far, he had only encountered Village Chief Wang.

Now that Bing Fulisi had become Demonic, she might transform into someone like Village Chief Wang.

Becoming an unkillable monster that could continuously revive.

If it had been before, Lin Tianhao would have been wary.

But now.

It was not worth mentioning!

His strength was no longer something that Village Chief Wang and the others could compete with.

Under the cover of feathered arrows.

Bing Fulisi, Village Chief Wang, and others fell one after another, their souls also enslaved by Lin Tianhao, becoming Lin Tianhao's undead servants.

Although Lin Tianhao enslaved Village Chief Wang, Village Chief Wang could still reappear in the form of a refresh.

Previously, when hunting monsters and enslaving their souls, Lin Tianhao had already learned from the God of the Undead.

What he enslaved was not the essence of the soul, so even if he enslaved a monster, that monster could still be refreshed.

This was why the undead he enslaved were all muddleheaded and only knew how to fight.

However, Lin Tianhao didn't think so much now.

Now, besides the Bitter family, there were only Abelulu and Mindekaitu, as well as Lin Tianhao's undead army.

Lin Tianhao's gaze fell on Bitterbak.

"Alas, why force our Bitter family to make such a choice."

Bitterbak's eyes became increasingly firm, "Snow Emperor, I admire you greatly, for being able to rise above us in such a short time as an adventurer."

"But Mindekaitu said before that if I give it to you, no matter where we go, our Bitter family will have no way out."

"Rather than that, I, Bitterbak, want to die standing up!!"

Speaking of the end, Bitterbak roared ferociously at Lin Tianhao:

"Kill! If you have the ability, kill through the Land of Chaos, kill until there is no one left in this world, kill until the mountains and rivers are stained with blood!"

Lin Tianhao looked at Bitterbak with sharp eyes, not annoyed by his answer, nor did he have any emotional fluctuations.

From the moment he decided to tear up the agreement, he had already prepared to face any result.

"According to my understanding of the Twilight of the Gods, an area will have some Divine Blessing Prerequisite Quest Scrolls due to its background. These prerequisite quest scrolls will not disappear. Even if they expire or are destroyed, new quest scrolls will be generated."

Lin Tianhao said unhurriedly: "You can refuse to give it, as long as I kill all of you, the scroll will not disappear, but will appear in the hands of others, and someone will eventually give it."

Bitterbak's heart trembled. As the owner of the Divine Blessing Prerequisite Quest Scroll, he naturally knew that what Lin Tianhao said was true.

Abelulu stepped forward, "The ancient country of the East is reviving, and our fate is the same. Even if there is only a glimmer of hope, we will stop you."

As soon as he finished speaking, a figure rushed over quickly.

This person was none other than the ancestor of the Horne family: Horne Lieyan.

Horne Lieyan looked like a child in his early teens, and the staff in his hand was much taller than him.

"Whoosh!!"

Suddenly.

A feathered arrow cut through the sky and flew towards Lin Tianhao.

Lin Tianhao instinctively moved to the side, but the feathered arrow seemed to have eyes, continuing to fly towards Lin Tianhao.

To be precise...

There were indeed eyes on this feathered arrow, with a strange silver-white eye on it.

"Clang!"

Lin Tianhao shattered the feathered arrow with the God-Slaying Whip and looked in the direction the feathered arrow came from.

That was...

Giant-Winged Purple Bird!!

Lin Tianhao narrowed his eyes slightly, took out the Book of Life and Death, and silently wrote down Zhu Meng Yanxue's name.

In the next instant.

The Giant-Winged Purple Bird disappeared out of thin air.

That was because the owner of the Giant-Winged Purple Bird had died, and the Giant-Winged Purple Bird had entered the mount space, going to the revival altar with its owner.

After the Giant-Winged Purple Bird disappeared.

Figures descended from the sky.

There was Zelian Baoku, as well as the two Gold-level experts who hunted the Two-Headed Blood-Veined Crocodile together last time.

Of course.

None of these attracted Lin Tianhao's attention.

His gaze immediately fell on the woman in the very center.

To be precise, it was a female monster.

She had six silver-white eyes on her face, and they were unevenly distributed, looking extremely grotesque.

Behind her were two dark red tentacles covered with silver eyes, and the tentacles seemed to be swaying unconsciously.

And the skin below her neck was all dark red.

"Divine Slave!!"

Divine Slave, selling one's body and soul to the gods in exchange for powerful power.

The Archmage Abed whom Lin Tianhao dealt with before was somewhat similar to a Divine Slave.

However.

Divine Slaves are also divided into levels, generally divided into four levels: Ordinary, Frenzied, Mad, and Soul-Scattered.

Ordinary Divine Slaves, having obtained the blessing of divine power, this power is within what their bodies can withstand, so there is no obvious damage to the body, and their minds are normal.

Frenzied, having obtained power beyond their own limits, their bodies undergo some changes, and their minds gradually become frenzied, becoming moody.

Mad!!

Is a further step. Under the washing of powerful divine power, the body begins to show more obvious alienation, becoming a monster that is neither human nor god.

Their minds also fall into a state of madness, with only the most primitive desires, becoming a machine controlled by desires.

Finally.

Is also the craziest.

Soul-Scattered!

Scattering one's own soul in order to allow one's body to accept the most insane divine power baptism, becoming a puppet without consciousness, only obeying the orders of the gods.

This woman's current state, her body has obviously been alienated, at least a Mad-level Divine Slave, and the divine power in her body is more than one level stronger than the Vampire Marquis Mindekaitu.

"Snow Emperor!"

The woman spoke.

"I, Zelian Shuyun, represent the gods today and speak with you."

"Kneel down and listen to the teachings of the gods... for you!"

Chapter 254 - Mental attack!

Lin Tianhao scratched his ear. If he wasn't currently in the Three Heads Six Arms state, possessing six ears, he would have doubted whether he had misheard.

"If you came here just to spout such nonsense, then you... can go die."

Lin Tianhao unleashed a torrent of arrows, hundreds of them arriving before Zelian Shuyun in the blink of an eye.

Before Zelian Shuyun, the arrows seemed to hit an invisible barrier, suspended in mid-air.

Immediately after, one void black hole after another appeared in front of Zelian Shuyun, devouring all of Lin Tianhao's arrows.

“Snow Emperor, are you still putting up this futile resistance? Before the power of a god, you are as weak as a speck of dust between my fingers.”

“Dust, huh?”

Lin Tianhao smiled, unconcerned.

“In my understanding, every power has a limit. I want to know, how many arrows can your void black hole swallow?”

As he spoke,

Lin Tianhao unleashed another torrent of arrows.

The arrows poured forth like a tide, swallowed by the void black holes.

Lin Tianhao remained unmoved, still maintaining a steady output of over seven hundred arrows per second.

Ten seconds, twenty seconds, thirty seconds...

Lin Tianhao's arrows continued to pour forth.

Zelian Shuyun's expression shifted from initial composure to a barely perceptible change.

Lin Tianhao knew.

His judgment was correct.

“Bang!!”

A muffled sound.

Lin Tianhao sneered, “Of course, I want to continue.”

As he spoke,

Lin Tianhao directly took out the Novice Longbow.

Although the Novice Longbow didn't add critical strike rate, its inherent indestructible characteristic was still very useful.

Facing Lin Tianhao's renewed attack, Zelian Shuyun finally frowned slightly.

The black holes in front of her began to show slight ripples, clearly having reached their limit of endurance.

“Enough!!”

Zelian Shuyun shouted. She waved her hand, and the black holes disappeared, replaced by a giant silver-white eye.

The silver-white eye opened behind her, as if it were a divine eye that had traveled through layers of space.

The moment this silver-white eye appeared, Lin Tianhao felt the surrounding space constantly compressing him.

The Purification Jade Pendant failed at this moment, and the terrifying spatial pressure caused Lin Tianhao's body to sink slightly, unable to lift the longbow he was holding.

“Snow Emperor, your tenacity is high, able to reduce most control effects, but how will you deal with this Spatial Silver Eye, carrying the divine power of Lord Silver Eye?”

A smile appeared on Zelian Shuyun's face. Clearly, she already felt that victory was within her grasp. As long as she controlled Lin Tianhao, he would be fish on a chopping board, ready for her to slaughter.

“The great Lord Silver Eye sacrificed his own divine eye to deal with you. No matter how strong you are, once you enter the world within Lord Silver Eye's eye, you will never be able to escape for all eternity.”

Lin Tianhao took a deep breath, his eyes becoming even calmer, “Zelian Shuyun, right? Being able to force me to this point, you have already been very successful.”

As his voice fell,

Lin Tianhao slowly raised his Netherworld Longbow and Novice Longbow.

“This... how is this possible?!!”

Zelian Shuyun's face was filled with disbelief. She really couldn't imagine what Lin Tianhao had to resist the Silver Eye's main body, the Silver Eye.

“Nothing is impossible. You have the help of a god, but don't I?”

A dark, icy aura of death spread out from Lin Tianhao's body.

“This... this is the divine power of the God of the Undead? What exactly did you obtain when you killed the God of the Undead? You can actually mobilize the divine power of the God of the Undead.”

“It doesn't matter anymore.”

Lin Tianhao added the divine power of the God of the Undead to the Purification Jade Pendant, making the Purification Jade Pendant strong enough to contend with the Silver Eye Octopus's Spatial Silver Eye.

“Swish swish swish!!”

Arrows poured out again, and Zelian Shuyun's pupils suddenly contracted. She had just wanted to resist, but found that only a small portion of the arrows were coming towards her.

More of the arrows were going towards Yabelu and Mindekaitu.

When Lin Tianhao made his move, his cold gaze swept over Batebaku.

“Batebaku, think carefully before you act.”

Batebaku's body trembled.

He naturally knew what Lin Tianhao meant.

Just now, Lin Tianhao had already shown mercy to their Bate family.

If he dared to attack again, the result would be facing the baptism of Lin Tianhao's undead army.

The Giff family, the Red Beard family, and Blood Crow Tower were all lessons from the past.

In front of Lin Tianhao, they were all like paper, easily torn apart by Lin Tianhao.

Even their souls would not be able to rest after death, but would be enslaved by Lin Tianhao.

“Batebaku, if you waver now, if the Snow Emperor can kill you, can't we?”

Zelian Shuyun's tone was filled with a strong threat.

Clearly,

If Batebaku didn't act, she would settle the score later.

“Better take care of yourself.”

Lin Tianhao's arrow attacks on Zelian Shuyun weren't many, but that was only relatively speaking.

Two longbows, over seven hundred arrows per second, dividing one-seventh of the arrows to attack Zelian Shuyun was enough to give Zelian Shuyun a hard time.

As for Mindekaitu and Yabelu, under the barrage of Lin Tianhao's arrows, they were already finding it difficult to parry.

If they were slightly careless, they would lose tens of millions of health points.

Mindekaitu was still okay.

He had the Void Sea Pestle bestowed by the Sea God, with amazing health regeneration ability, and could barely cope.

But Yabelu's situation was not good. His health was already less than one-third.

At this rate, his fall was only a matter of time.

“Mental Shock!”

Huo Enlieran waved the staff in his hand, and a circle of translucent ripples rushed towards Lin Tianhao.

However,

Before his attack could land on Lin Tianhao,

Enengduo and the Twin-Headed Blood-Marked Crocodile's undead blocked it.

Huo Enlieran was slightly stunned when he saw the Twin-Headed Blood-Marked Crocodile, but he didn't hold back at all in his attack.

“Mental Burn!!”

He attacked again.

Enengduo and the Twin-Headed Blood-Marked Crocodile began to struggle painfully, and damage numbers kept popping up above their heads.

“Mental attack?”

Lin Tianhao was slightly surprised. This type of professional was the most difficult to deal with.

Because players rarely perceive mental attacks before the birth of divine consciousness.

Moreover, there were few ways to defend against mental attacks.

Any profession related to mental attacks started as a Earth-rank hidden profession.

However, mental attacks were still limited by the difference in source power.

If Lin Tianhao mobilized the divine power of the God of the Undead, he could isolate mental attacks.

“Then I'll deal with you first.”

Lin Tianhao mobilized the undead army and frantically charged towards Huo Enlieran.

“Snow Emperor, you underestimate me too much!!”

Chapter 255 - Three major areas are emerging!

Seeing Lin Tianhao ignoring her and constantly attacking others, Zelian Shuyi's anger surged to her head.

The two tentacles behind her struck at Lin Tianhao like lightning.

"Bang, bang!!"

Lin Tianhao couldn't help but be slightly stunned when he heard the sonic boom in the air.

"Supersonic!!"

In fact, archers, besides attack speed and movement speed, have another way to enhance themselves.

That is the flight speed of their arrows.

Lin Tianhao's attack speed is very fast, but his arrows can still be blocked by powerful NPCs, largely because Lin Tianhao's arrows fly too slowly.

In the later stages of the game, players can enhance the flight speed of their ranged attacks.

This is not limited to archers, mages, priests, and other ranged classes. Even warriors will have access to ranged attack methods.

In the later stages of the game.

If the flight speed of ranged attacks is too slow, they might even be avoided by those with fast movement speed.

Minder Kado and Abel Lu are doing just that.

Otherwise, even if their weapons were demigod-level, they would be scrapped if they directly blocked so many of Lin Tianhao's arrows.

Moreover.

With their attack speed, it is impossible to block so many of Lin Tianhao's arrows.

A big reason is that they can use movement to avoid Lin Tianhao's arrows.

At this moment.

Zelian Shuyi's two tentacles slammed down at Lin Tianhao like lightning.

The first tentacle was blocked by Lin Tianhao's God Striking Whip. The tentacle seemed to be electrocuted and instantly retracted.

Accompanying it was Zelian Shuyi's painful scream.

At the same time.

The second tentacle struck Lin Tianhao, and a huge damage number appeared above Lin Tianhao's head.

-1001980!!

A damage number exceeding one million, and that's without a critical hit.

At this stage.

It is estimated that only Lin Tianhao and Fatty can withstand this level of attack.

"What is that in your hand?"

Although Zelian Shuyi attacked Lin Tianhao, she did not continue to attack, but looked at Lin Tianhao's God Striking Whip with vigilance.

Lin Tianhao had no intention of wasting words with her, and arrows continued to pour out.

.....

Zelian City, inside the resurrection altar.

Zhumeng Yanxue's face was ashen.

This time, she only accepted a mission from Zelian Baoku to send them to a place.

Just one trip would get her a generous reward.

But before she even reached her destination.

She suffered a inexplicable attack and died directly, returning to the resurrection altar in Zelian City.

If it was just that.

She wouldn't think there was anything wrong.

After all, Zelian Baoku gave her a lot of rewards for sending them there this time.

However.

The result was constant health loss.

She has died five times now.

Zhumeng Yanxue doesn't know the reason, and she has no way to solve it now.

Suddenly.

She remembered hearing that a streamer tried to scam Xue Di and then fell into a state of constant death and respawn.

Before.

It seemed that Bate Baku's younger brother offended Xue Di in Zelian City, and a similar situation occurred.

"It's Xue Di!!"

Zhumeng Yanxue reacted, but at the same time, she was still a little confused. She just accepted a mission to send people, so how did she offend Xue Di?

Only for a moment.

She belatedly realized.

"Zelian Baoku and the others are going to deal with Xue Di..."

"Damn it, isn't this pushing me into the fire pit!!"

Zhumeng Yanxue wanted to curse.

She immediately sent a message to Xue Di through her friends.

"Xue Di, I just accepted a mission to send people. It's all a misunderstanding. If I knew they were here to deal with you, I would never have accepted their mission."

After sending, a red exclamation mark appeared.

Accompanying it was the system prompt sound.

"Sorry, you are not his (her) friend, please add him (her) as a friend before chatting."

Zhumeng Yanxue: ???

"The dignified Xue Di is such a petty person?!!"

Zhumeng Yanxue gnashed her teeth in anger.

She is at least a goddess-level figure. He is a man, but he is arguing with a woman.

What kind of man is that?

Zhumeng Yanxue cursed Lin Tianhao's ancestors in her heart, but now that she can't contact Lin Tianhao, her health loss has not ended, and resurrection means death.

Losing one or two levels doesn't matter to her, but if she drops to level one, Zhumeng Yanxue really can't accept it.

If she drops back to level one, she won't be able to equip ninety percent of the equipment on her body, and her strength will be greatly weakened.

The most important thing is.

She doesn't know when this will end.

"Send a full-server broadcast."

Zhumeng Yanxue immediately thought of a method, but when she was about to use the full-server broadcast, she realized.

There is no full-server announcement in the Land of Chaos, so the full-server broadcast is naturally useless.

Without hesitation.

Zhumeng Yanxue sent a message to the people in her guild, asking them to send a full-server broadcast.

Although it is impossible to send a full-server broadcast in the Land of Chaos, it is possible to hear it.

After all, Zhumeng Yanxue has been in the Land of Chaos for some time, and she knows whether or not she can hear it.

Bite Family!

Lin Tianhao is fighting with Zelian Shuyi.

After suffering a loss from Lin Tianhao's God Striking Whip for the first time, Zelian Shuyi's attacks became more and more cautious.

The more cautious she is, the more Abel Lu suffers.

Abel Lu kept retreating, trying to withdraw from the battlefield.

Lin Tianhao was relentless, and arrows kept flying towards Abel Lu.

"Xue Di, you are going too far!!"

Abel Lu's somewhat annoyed voice sounded.

Lin Tianhao's expression was still calm, "There are only a few of us left, is there any need to hide it? Come on, let me see your domains."

Abel Lu sighed faintly, "Xue Di, why do we have to go this far?"

Centered on Abel Lu, the cold wind was biting, and the ground was directly frozen into ice, and snowflakes fell.

"Let me reintroduce myself, Abel Lu, the divine envoy of the Ice and Snow Goddess, greetings Xue Di."

Minder Kado chuckled, "Are you giving up so soon? I wanted to play with Xue Di a little more, but it's not interesting."

Circles of deep blue seawater fell from the sky, surrounding Minder Kado.

The vampire marquis, Minder Kado, had a playful smile on his gloomy face.

"Poseidon, the sea god's divine envoy, Minder Kado, greetings Xue Di!"

The void around Zelian Shuyi turned dark red, and silver-white eyes opened from the void one after another.

Weird and terrifying.

"Zelian Shuyi, the slave of the Silver-Eyed Void God... greetings Xue Di!!"

Chapter 256 - The black robe leaves, and the battle of the realms is about to begin!

The three domains emerged simultaneously, each containing a trace of divine power.

Such intensity!

Even Lin Tianhao hadn't encountered this during the Great Cataclysm.

During the Great Cataclysm, there were actually many experts who possessed domains.

However,

domains that also contained divine power were exceedingly rare.

Basically, only the divine envoys and divine slaves could imbue their domains with divine power.

But speaking of which,

aren't these three fellows two divine envoys and one divine slave?

"Three domains, not bad, not bad. With such strength, why bother with schemes and tricks? Wouldn't it be better to just go head-on?"

Ze Lian Shuyun shook her head, "Snow Emperor, your killing of the God of the Undead forces us to be cautious."

"Originally, we were thinking of using some tricks to deal with you, sending you to the Vast Expanse Continent. Everyone would have been happy."

"But who told you to be so quick-witted? So many of us joined forces to deceive you, yet we still couldn't fool you."

Lin Tianhao spread his hands, "This is our Dragon Country's territory. It should have belonged to our Eastern nation long ago. You've occupied it for so long. Isn't it reasonable to make you spit it out now?"

Mindekai shook his head, speaking slowly, "Spit it out? Snow Emperor, how many benefits have you taken along the way? Have we ever seen you spit anything out?"

"I'm just doing quests. These are all quest rewards. I'm just an adventurer. Surely it's not wrong for me to do some quests, right?" Lin Tianhao retorted.

Yabolu waved his hand, saying in a deep voice, "Since we've already torn off the mask, what's there to say?"

"Then let's fight. Eventually, one side must be eliminated."

Lin Tianhao smiled and nodded, "Well said."

With that,

he looked in another direction, "What about you? Leader of the Black Robes, aren't you coming out yet?"

The Black Robe Leader smiled wryly, walking out from a dark corner of the Peter family.

"Alas, it's truly regrettable that things have developed to this point."

The Black Robe Leader sighed, her clear eyes lifting to meet Lin Tianhao's gaze.

She removed her black robe, revealing a face so exquisite it was like a fairy who had stepped out of a painting.

Her eyes were dark and bright, and her whole person exuded an extremely strong scholarly aura, like a female scholar who had been immersed in the Four Books and Five Classics since childhood.

"But I didn't expect that beneath your black robe was hidden such a face."

Lin Tianhao was slightly surprised. He had actually guessed that the Black Robe Leader was a woman.

"All the quest scrolls for one task: go to the Vast Expanse Continent and give up reviving the ancient Eastern Kingdom."

The Black Robe Leader's gentle and refined voice came, her voice extremely penetrating, making people want to do as she said.

"Confucianism..."

Lin Tianhao raised his eyelids, "You haven't reached the true meaning of the Dao; it should just be the manifestation of scholarly intent."

This scholarly intent was actually similar to the True Meaning of the Sea that Lin Tianhao cultivated, just at the level of True Meaning.

However, there were too few Confucian cultivators.

Generally speaking, among the special professions, there were relatively more Buddhists and Taoists, but Confucianists were relatively few.

Because it was as difficult as ascending to heaven to comprehend the True Meaning of Confucianism, and the subsequent stages of Heart Inquiry, Law, Asking the Dao, and Dao Realm were not a joke.

Not many people had the patience to read books all day long.

Moreover, enlightenment wasn't something that could be achieved through rote memorization.

"Snow Emperor, what is your choice?"

The Black Robe Leader's dark and bright eyes stared at Lin Tianhao, as if trying to penetrate his soul.

"What if I say I refuse?" Lin Tianhao said.

The Black Robe Leader sighed softly, "Snow Emperor, why do we have to make things difficult for each other?"

"I refuse. What will you do?" Lin Tianhao still gave this answer.

The Black Robe Leader gave Lin Tianhao a meaningful look.

Then her gaze swept over Ze Lian Shuyun and the others.

"I advised him, but he wouldn't listen. There's nothing I can do."

With that,

she looked at Lin Tianhao again.

"My name is Xiudeli · Molly, from one of the holy lands of the Vast Expanse Continent, the Vast Expanse Limitless Palace. If you come to the Vast Expanse Continent, you can come find me."

"I really have no intention of being your enemy. I'm leaving."

With that,

light flashed on Xiudeli · Molly's body, and a beam of light descended from the sky, and she began to slowly disappear.

The whole process took only about ten seconds.

Lin Tianhao frowned. He had thought that Xiudeli · Molly would attack.

He wouldn't have been too surprised if Xiudeli · Molly had deployed another domain.

But what he didn't expect was that Xiudeli · Molly would just leave like that.

"I knew this woman couldn't be trusted. After all, she was born in a holy land, and she's a direct descendant sent out to gain experience. How could she really help us gnaw on this hard bone?"

Mindekai scolded somewhat unhappily.

Lin Tianhao: ? ? ?

Who is the hard bone supposed to be?

Yabolu's mouth twitched twice, "What a damn life. A holy land person who came out to gain experience actually destroyed our Star Kingdom."

"Alright."

Ze Lian Shuyun raised her hand, "Without her help, we can still deal with Snow Emperor."

Having said that,

Ze Lian Shuyun raised her eyes, "Snow Emperor, three domains with divine power, is that not enough to persuade you to go to the Vast Expanse Continent?"

"I said, this place originally belongs to my Eastern nation. If anyone has to leave, it can only be you."

Mindekai spread his hands, scolding, "Ze Lian Shuyun, this guy is obviously stubborn as a bull. You can only convince him by beating him into submission, then he will listen to what we say."

With that,

Mindekai charged towards Lin Tianhao.

Before he could get close to Lin Tianhao, Enengduo stood in front of Lin Tianhao.

The domain unfolded.

It actually had some similarities with Ze Lian Shuyun's domain.

"Ze Lian Shuyun, what's going on?"

Mindekai didn't rashly attack, but instead looked at Ze Lian Shuyun.

Ze Lian Shuyun scolded somewhat angrily, "Enengduo, Silver Eye's former divine envoy. If it weren't for this guy, why would I have had to make myself like this to get Silver Eye's power boost?"

Speaking of this, Ze Lian Shuyun's voice was obviously a little irritable.

The other two were both divine envoys, but she was a divine slave, and still this inhuman and ghostly kind of divine slave!

"Leave him to me, you guys focus on dealing with Snow Emperor."

Ze Lian Shuyun slowly raised her hand towards Enengduo, and two identical domains instantly collided.

Yabolu and Mindekai were also ready to go, ready to attack Lin Tianhao at any time.

But at this moment, a hearty laugh came.

"Hahaha, so lively, how could I be missing?!"

Chapter 257 - The Death Realm appears and crushes everyone!

This voice rang out.

Everyone's expression froze, and they looked towards the direction from which the voice came.

Now that the situation has escalated to the point of opening domains, who would dare to interfere at this time?

"Hall Master of the Sea God Temple, Kos Moyuan!"

Ze Lian Shu Yun's beautiful eyes narrowed slightly, "Kos Moyuan, what are you doing here?"

Kos Moyuan pointed at Lin Tianhao and said, "This person is from our Sea God Temple. You are not playing fair, so many of you ganging up on a young man who hasn't even reached second class advancement, what is the reason for this?"

What is the reason?

Ze Lian Shu Yun: ? ? ?

Minde Kaidu: ? ? ?

Yabelu: ? ? ?

It is said that two tigers cannot share a mountain, can this sea area accommodate two Sea Gods?

"Mazu Goddess?" Lin Tianhao looked at Kos Moyuan with some astonishment.

He had always thought that Kos Moyuan was a follower of the Sea God Poseidon.

Even after Minde Kaidu appeared, Lin Tianhao was only slightly puzzled and didn't think too much about it.

But now...

"You believe in the Mazu Goddess, why before..."

Minde Kaidu mobilized his Sea Essence, and Lin Tianhao instantly understood.

Because he possessed the Sea Essence Secret Manual bestowed by the Mazu Goddess, the Sea Essence he comprehended was different from the Sea Essence of the Sea God Poseidon lineage.

It's just that his own level was not high enough to sense it.

"Then why didn't you directly give me your Gods' Blessing Pre-Quest Scroll, why make it so complicated?"

Kos Moyuan smiled wryly, "I didn't lie to you, I really don't have the Gods' Blessing Pre-Quest Scroll. When you came, I had already given it to someone else."

"That mechanic?"

Lin Tianhao subconsciously asked.

"It wouldn't be Zhu Meng Yan Xue, would it?"

If it was Zhu Meng Yan Xue, Lin Tianhao would be so angry he could die on the spot.

"It's neither, let's fight first, some things, I'll explain to you in detail later."

As soon as the words fell.

Kos Moyuan faced off against Minde Kaidu.

E Nengduo faced off against Ze Lian Shu Yun.

There was still one Yabelu left, and Lin Tianhao needed to deal with this person himself.

According to Lin Tianhao's judgment, E Nengduo was definitely no match for Ze Lian Shu Yun.

As for whether Kos Moyuan was stronger or weaker than Minde Kaidu, Lin Tianhao couldn't judge.

However, Minde Kaidu had devoured a drop of the Ice and Snow Goddess's divine blood, plus his foundation as a vampire marquis, so it was likely that Minde Kaidu was stronger.

Since that was the case.

Then his contest with Yabelu required him to achieve victory.

"Come on, don't think that only you have domains, I have one too."

Lin Tianhao unfolded a domain.

Countless wailing sounds of undead rang out, making people shudder.

This was Lin Tianhao's domain?

No.

It wasn't!

This was the domain of the God of the Undead!

Although the God of the Undead had fallen into an extremely weak state because he had consumed the Heart of Origin.

However, in the sea area, Lin Tianhao had hunted millions of sea beasts, which still allowed the God of the Undead to recover slightly.

In fact, even if he didn't recover, it didn't matter. Weakness was not equal to being sealed. An unsealed god, no matter how weak, was not something these fourth class advancement small fries could touch.

"The things you obtained from the God of the Undead are truly extraordinary."

Yabelu snorted coldly, "However, I obtained this Ice and Snow Domain fifty years ago, and it is even blessed with perfect Ice and Snow Essence, what do you have to fight me with?"

Lin Tianhao smiled and didn't explain, directly holding the God-Slaying Whip and rushed up.

The two domains instantly collided together.

In just one exchange.

Yabelu's Ice and Snow Domain began to crumble.

"This, this, this..."

Yabelu was shocked, almost thinking that Lin Tianhao's domain had some kind of illusion attack.

His Ice and Snow Domain that he had cultivated for fifty years, his Ice and Snow Domain that he had blessed with perfect Ice and Snow Essence, how could it be so vulnerable in front of Lin Tianhao.

This...

What exactly was going on!

However.

Lin Tianhao didn't give him a chance to think much.

"Boundless Sea Cosmos!"

Lin Tianhao used Boundless Sea Cosmos to prevent Yabelu from escaping, and directly crushed him with the Death God Domain.

- 500W!

- 500W!

...

One after another huge damage numbers appeared, and Yabelu's health was cleared at a speed visible to the naked eye.

"No!!!"

Yabelu only had time to utter his last powerless rage, and then died on the spot with regret.

At this time.

E Nengduo had already been pinned to the ground and was being beaten ruthlessly, and the undead body was somewhat unstable, and could be wiped out at any time.

"It's my turn."

Lin Tianhao also chose to crush him.

Ze Lian Shu Yun felt Lin Tianhao's tyrannical domain pressing over, and a look of horror appeared on her face.

"How could your domain be so powerful? Are you also a God Slave? Or a Soul Fragment level God Slave?"

Ze Lian Shu Yun only felt that her brain capacity was somewhat insufficient.

She couldn't understand.

Why was Lin Tianhao's domain so powerful.

But she no longer had the opportunity to think.

Her Silver Eye Domain was torn apart by Lin Tianhao's Death God Domain, and the Death God Domain enveloped Ze Lian Shu Yun, quickly ending Ze Lian Shu Yun's life.

Finally.

There was still the vampire marquis Minde Kaidu left.

Lin Tianhao originally wanted to crush him in one sentence, but when he looked over.

He saw Kos Moyuan madly beating Minde Kaidu.

Both were Sea Domains, and Minde Kaidu had even devoured a drop of the Ice and Snow Goddess's divine blood, so in theory, even if he was not an opponent, he should be evenly matched, fighting back and forth.

But this... it was actually a one-sided crush, which was somewhat outrageous.

Lin Tianhao raised his hand, and the undead of Ze Lian Shu Yun and Yabelu appeared.

They blocked Ze Lian Bao Ku and others who were preparing to leave.

Not far away.

Bite Baku couldn't help but swallow his saliva, he was really very fortunate.

Fortunate that he didn't take action later.

Lin Tianhao's domain was so strong that it didn't seem like a mortal could release it.

Yabelu's domain was already very strong.

Ze Lian Shu Yun's domain was even more terrifying.

But under Lin Tianhao's domain, it was like paper paste, easily torn apart, and killed without any resistance.

"Stop, let me do it."

Lin Tianhao's feathered arrows poured out.

He could enslave Minde Kaidu's soul after killing him, so that he could be used by him.

He was at least a fourth class advancement powerhouse with a domain, and Lin Tianhao could barely accept him as a temporary thug.

Chapter 258 - Although we have different positions, neither you nor I are wrong!

Mind Kahn was suppressed by Kosmo Yuan's domain and had no power to resist.

Under Lin Tianhao's terrifying damage, he was killed in an instant.

After killing so many high-level bosses, Lin Tianhao should have first looted the corpses.

However, at this moment, Lin Tianhao suppressed the excitement of looting the corpses in his heart, and he focused his gaze on Beet Baku.

"Beet Baku, now, can we have a good chat about our business?"

Beet Baku opened his mouth, but finally said, "The rules of the Twilight of the Gods cannot be changed."

"I know, but I advise you to consider it carefully."

Beet Baku saw Ze Lian Shu Yun, Mind Kahn, and others who had been enslaved by Lin Tianhao into undead, and in the end, he didn't say anything else.

"Give me my copy of the Gods' Blessing pre-quest scroll, I'll change the quest."

Lin Tianhao looked at Beet Baku warily, unsure if Beet Baku would sabotage him.

Although the probability of that was small, if he were to sabotage, it would waste a lot of Lin Tianhao's time.

Fortunately, Beet Baku was quite sensible, and after changing the quest, he returned the quest scroll to Lin Tianhao.

"Quest Requirement: Within seven days, escort all Beet family members above the second class safely to the Vast Continent."

"Quest Penalty: None."

"Quest Reward: Blessing of the Gods."

Seeing this quest, a satisfied smile finally appeared on Lin Tianhao's face.

"Is there a resurrection altar nearby?"

Players can go to the Vast Continent through the resurrection altar, and NPCs can do the same.

It just depends on whether the NPC is willing.

"Yes."

Beet Baku nodded and led Lin Tianhao to a nearby teleportation array.

Here, Lin Tianhao had Ze Lian Shu Yun guard Ze Lian Bao Ku, as for the others, they were not important.

Because he discovered that the Silver-Eyed Octopus Tentacle Fragment collection in his hand was not issued by Ze Lian Shu Yun, but by Ze Lian Bao Ku.

Clearly.

Ze Lian Shu Yun had the same idea as the ancestor of the Horne family: if Lin Tianhao was about to complete the quest, then she could only kill her own family member for the greater good.

This was also the reason why Lin Tianhao did not choose to kill Ze Lian Bao Ku.

One Gods' Blessing pre-quest scroll, Lin Tianhao still felt it was not safe enough. What if it wasn't from an Eastern god?

What if it clashed with other blessings from Eastern gods he had obtained before?

It's better to give himself more options.

Lin Tianhao watched as the Beet family members left one by one, with Beet Baku staying until the end.

"It's your turn."

Lin Tianhao glanced at the last Beet Baku.

Beet Baku nodded, and in the next instant, he actually punched himself in the head!

Lin Tianhao secretly thought something was wrong, this guy, as expected, was not honest!

"Sea Lock Universe!"

Kosmo Yuan's voice rang out, and chains formed from seawater appeared, wrapping around Beet Baku.

Beet Baku did not resist, putting on an appearance of a dead pig not afraid of boiling water.

"You think that as long as you die, preventing me from obtaining the Gods' Blessing, your clansmen will not be retaliated against by the Western forces, right?"

Lin Tianhao was not stupid. Beet Baku waited until his clansmen left before preparing to commit suicide, his intention was already very obvious.

Beet Baku did not deny it, "Since you know, you should be clear that I cannot let you succeed."

"If you obtain the Gods' Blessing from the scroll in my hand, even if our Beet family goes to the Vast Continent, we will still not escape the fate of being exterminated."

"Now this is the only way to protect them, perhaps it's unfair to you, tricking you, but I am the patriarch of the Beet family, I must think for my clansmen."

"Kill me, let me become your undead, to atone for my sins."

Lin Tianhao looked at Beet Baku with a complex expression.

"You care about your family, I can understand, but you tricked me, and I'm not happy."

Beet Baku gave a wry smile, "Actually, there is another way, how about you don't revive the ancient Eastern kingdom, will that work?"

"It won't work."

Lin Tianhao shook his head, "Actually, you're not wrong, how can I blame a person who is willing to sacrifice himself for his family?"

"Once, someone died in front of me to save me."

Lin Tianhao thought of the woman who died to save him during the Great Cataclysm in his previous life, thinking about it, it was still a bit ridiculous.

A grown man, actually reduced to being saved by a woman.

It wasn't just that.

There were too many tragic scenes in his previous life, and Lin Tianhao's heartbeat couldn't help but quicken as he recalled them.

It was precisely because he thought of the scenes from his previous life that Lin Tianhao's eyes gradually became firm.

He wanted to become stronger, to make the people around him stronger, to improve the overall combat power of the Dragon Country's players.

To do these things, sometimes, he must take some extraordinary measures.

No poison, no husband, a petty man is no gentleman!

Those who achieve great things do not stick to trifles!

In order to prevent Dragon Country from being covered in blood and countless soldiers and ten billion people from shedding their blood in the stars when the Great Cataclysm arrives.

He cannot retreat.

The revival of the ancient Eastern kingdom is imperative!

He must also obtain the super-god-level hidden profession in Shui Ruyan's hands.

"Beet Baku, do you think that letting your family go to the Vast Continent will make them safe?"

Beet Baku's heart tightened, "What do you want to do?"

He knew that some undead people possessed some strange and unpredictable methods.

Lin Tianhao smiled, opened the Book of Life and Death, and changed Zhu Meng Yan Xue's name to Beet Baku.

"You should know about the bizarre health drain of the Vampire Marquis Mind Kahn. As long as I write someone's name on this, they will continuously lose health, endlessly."

Having said that.

Lin Tianhao smiled slightly: "Coincidentally, I have memorized all the names of your Beet family members."

Beet Baku's face became somewhat ferocious, "Impossible, how could you possibly remember so many names."

Lin Tianhao remained calm, "Beet Lulin, Beet Water Cluster, Beet Aigu, Beet..."

One name after another came out of Lin Tianhao's mouth.

These were all the people who had just gone to the Vast Continent through the resurrection altar.

Of course.

Lin Tianhao couldn't remember so many names, the God of the Undead helped him remember them.

Every time Lin Tianhao said a name, Beet Baku's heart would tremble.

"Okay, okay, don't say anymore, I'll go, isn't it okay if I go!!"

Beet Baku's psychological defense was completely shattered by Lin Tianhao.

Lin Tianhao stepped forward and patted Beet Baku on the shoulder.

"Standing in your position, what you have done is understandable, but standing in my position, what I have done is also necessary."

"It's all for the future of our own race, I admire you, if one day I establish a territory in the Vast Continent, and you are still alive, you can come and join me."

Chapter 259 - Someone coming from the underworld!

Bitbaku nodded, "I hope my clansmen and I will still be alive by then."

Lin Tianhao gestured to Kos Moya.

Kos Moya nodded and put Bitbaku down.

However, those deep blue iron chains still surrounded Bitbaku, obviously worried that Bitbaku would do something stupid again.

"Be careful!!"

Lin Tianhao's expression suddenly changed, and he immediately used a space flash to appear behind Bitbaku.

"Puchi!!"

A dark green dagger emitting a faint light pierced into Lin Tianhao's chest.

"Undying True Body!"

When he saw the damage numbers jumping above his head, Lin Tianhao activated his Undying True Body without hesitation.

There was no other reason.

It was a bright red critical damage number of more than five million.

At such a close distance, if this assassin's attack speed exceeded five, he could easily kill him.

Lin Tianhao didn't believe that an assassin with such high damage wouldn't even have an attack speed of five.

As expected.

In the blink of an eye.

This assassin stabbed Lin Tianhao's chest with several daggers in succession. If it weren't for the Undying True Body, Lin Tianhao would have already died.

Kos Moya wanted to rush to Lin Tianhao's aid, but as soon as he moved, a dark green spear fell from the sky, forcing him back.

The place where the spear landed cracked the ground within a radius of tens of meters, which shows how terrifying the power of this attack was.

Lin Tianhao couldn't care so much at this time, and immediately asked the God of the Undead to open the Death God Domain.

As for using the God-Slaying Whip to force them back, the risk was too great.

An assassin of this level must have at least three or five displacement skills.

They could easily teleport to the back and attack Bitbaku.

At the same time.

Lin Tianhao immediately ordered the undead of Zelian Shuyun, Mindekado, and Abelru to be summoned.

After the three major undead arrived, they also opened their domains at the same time to block the assassin's retreat.

"A guy from the Netherworld?"

Lin Tianhao took several large red potions in a row, staring at the petite female assassin in dark green tights with an uncertain expression.

"Master, she is a platinum-level assassin at the limit of the fourth rank, and... her aura is a bit wrong."

"And the one confronting Kos Moye is also a platinum-level at the limit of the fourth rank."

The voice of the God of the Undead came.

Suddenly.

He seemed to realize something and said in disbelief.

"How... how is it possible!"

The Netherworld sent two level 500 masters in one go, which is really a big deal.

Of course.

What really shocked Lin Tianhao was that there was still one person in the dark, who avoided the divine sense lock of the God of the Undead.

This is the real horror.

Lin Tianhao was extremely vigilant. In this situation, he didn't want any accidents to happen.

"The people from the Land of Chaos are really just wine bags and rice sacks. In the end, we still need to take action."

A rebellious voice with a hint of contempt sounded.

Lin Tianhao didn't look back, because he had expected that people from the Netherworld might come.

Therefore, the three heads and six arms state had always been on.

Lin Tianhao's current mana is close to 80,000, plus constantly taking large blue potions, the three heads and six arms can be maintained for a long time.

The owner of that rebellious voice was a tall young man with pale skin that was somewhat morbid.

He landed on the resurrection altar and tapped it lightly with the scepter in his hand, and the resurrection altar disintegrated.

His move was to cut off Lin Tianhao's possibility of sending Bitbaku away here.

"This guy's aura is even more wrong than that female assassin's. Master, be careful."

The voice of the God of the Undead came with a bit of vigilance.

Lin Tianhao felt a little heavy. He originally thought that relying on the domain of the God of the Undead, he was already invincible.

At least in this second-rank area, he was invincible.

But he didn't expect that there would still be people who could compete with him.

"Can't you deal with it either?"

"If I come out of the Fengshenbang, everyone present will be ants, but if the gods personally show up at this stage, it may cause great horror. Unless it is absolutely necessary, it is better not to do this."

Lin Tianhao breathed a sigh of relief, at least there was still a desperate guarantee.

"What? Are you going to stop me too?"

Lin Tianhao's eyes fell on the morbid young man who destroyed the resurrection altar.

The morbid young man nodded and tapped lightly with the staff in his hand, and an invisible wave spread out in all directions.

All the undead outside Lin Tianhao's domain began to disintegrate. With just this one tap, at least one-third of the undead army was lost.

One light tap has such terrifying lethality.

"Eh..."

The morbid young man was a little surprised, "Your domain is a bit different."

Lin Tianhao didn't answer, but said to Bitbaku: "Follow me, don't leave my domain, no matter how strong he is, he can't do anything to us."

Now Lin Tianhao doesn't plan to continue entanglement.

He is going to directly use the Kunlun Mirror to take Bitbaku away and go to other resurrection altars to leave.

The moment Lin Tianhao took out the Kunlun Mirror, the morbid young man disappeared.

"Bang!!"

A loud noise.

The morbid young man's staff smashed on the Death God Domain.

The entire domain trembled violently, and Lin Tianhao himself flew out.

While flying out, Lin Tianhao grabbed Bitbaku.

He can't let Bitbaku leave the Death God Domain, otherwise, with the strength that the morbid young man is showing now, he will definitely be able to easily kill Bitbaku.

"This kind of powerful domain, did you get the artifact of the God of the Undead?"

The morbid young man held the staff and continued to walk towards Lin Tianhao.

"Hand over the artifact of the God of the Undead, and I can spare you."

"Are you still dreaming or did I hear you wrong? If you want to fight, then fight, why waste words."

Lin Tianhao was extremely shocked. The Death God Domain, which had crushed everything before, was now knocked away by a staff.

"Master, he has an artifact... or..."

At this point.

The God of the Undead paused slightly before slowly saying: "Or he is like you, Master, hiding a... god on his body!!"

Lin Tianhao remained calm, but his heart had already set off stormy waves.

Whether it is an artifact or a god hidden on his body, is this the existence he can encounter at this stage?

It seems that the gods of the Netherworld are also intervening, and even the degree of intervention is greater than that of the gods of the Land of Chaos!!

Chapter 260 - The fate of the gods: the dark night spirit god!

The morbid youth didn't care what Lin Tianhao was thinking, and slammed the staff in his hand at Lin Tianhao again.

The Death God Domain instantly unfolded, and wisps of power spread out, and a dark beam of light began to appear in the sky.

This dark beam of light descended from the sky and arrived in front of Lin Tianhao in an instant.

Countless undead rushed out of the Death God Domain, frantically attacking this dark beam of light, tearing it apart bit by bit.

"Go."

Lin Tianhao couldn't care less.

He took a step forward.

Lin Tianhao took Bitbaku into the Kunlun Mirror and disappeared.

"He actually blocked it."

The morbid youth didn't panic because of Lin Tianhao's disappearance, but his eyes turned pure black.

No.

It can no longer be described as black. At this time, his eyes are more like an abyss, making people unable to see the end.

All that can be seen is endless fear.

"Found you."

A smile appeared on the morbid youth's face.

He took a step forward, and a dark door appeared in front of him.

After passing through the dark door, the morbid youth disappeared.

Kos Moyuan, who was fighting not far away, suddenly turned his head, with undisguised shock in his eyes.

"In order to prevent the revival of the ancient Eastern kingdom, have the Western gods resorted to such extreme measures?"

"You dare to be distracted while fighting me, you're courting death!!"

The fourth-tier limit expert holding the spear shouted angrily and rushed towards Kos Moyuan.

Kos Moyuan didn't even turn his head, and a seawater iron chain in his domain struck him.

Originally, this spear warrior could still fight Kos Moyuan to a draw.

But after this whip was lashed down, the spear warrior was directly sent flying.

.....

Black Wind City!

For safety's sake, Lin Tianhao directly left the scope of the chaotic land and brought Bitbaku to Black Wind City in the Han Sea Kingdom.

"Go quickly."

Lin Tianhao urged.

"No."

Bitbaku was about to take action, but Lin Tianhao immediately pulled him back.

"What's going on?"

Bitbaku was a little puzzled. Before Lin Tianhao could answer, a black hole appeared above the resurrection altar in Black Wind City.

The morbid youth fell from the black hole, and the staff in his hand smashed onto the resurrection altar of Black Wind City.

"Rumble!!"

With a loud noise.

The resurrection altar of Black Wind City was shattered.

.....

Ze Lian City!!

Lin Tianhao used the Kunlun Mirror to run away the moment the morbid youth appeared.

But it was the same result.

He had just arrived at the Ze Lian City resurrection altar, and the morbid youth followed, directly destroying the resurrection altar.

"Damn it, is this endless?"

Lin Tianhao had a bit of anger.

Under the three heads and six arms, he directly went all out, and a large number of feather arrows poured out, covering the morbid youth.

The morbid youth moved and disappeared.

When he reappeared, he was already behind Lin Tianhao.

If it weren't for the Death God Domain of the God of the Undead, he could have instantly come to his side and killed Bitbaku.

"Bitbaku, do you know this guy?" Lin Tianhao asked.

Bitbaku shook his head, "I don't know. If there was such a ruthless person in the Netherworld, our chaotic land would have been razed to the ground long ago."

The morbid youth was calm and composed, looking like he was in control.

"Continue to run?"

Lin Tianhao sighed.

"Many people have tried to stop me before, but their results were not very good."

The morbid youth still didn't care, "I am different from them, I will be an exception."

"How do you know you are an exception?"

Lin Tianhao asked back, "Let the one in your body come out and talk. There are some things you can't decide."

Hearing this.

The morbid youth, who had always been calm, showed a look of astonishment on his face.

Immediately afterwards, his body trembled slightly, and when he spoke again, his voice became a somewhat hollow woman's voice.

"You discovered me? That's right, you're using your abilities so blatantly, it's normal to be discovered."

Lin Tianhao's heart shook violently.

TM's!!

There really is a god living in this morbid youth's body.

"In order to prevent the revival of our ancient Eastern kingdom, you really are resorting to any means."

The morbid youth waved his hand indifferently, "At worst, I'll just go back to sleep for tens of thousands of years. I've slept for so many years, what's a few tens of thousands of years?"

"Is that so? You should know that the cataclysm is coming. For you gods, it is also an incredible opportunity. If you sleep, have you ever thought about what you will miss?"

A look of surprise appeared on the morbid youth's face.

"You are indeed not simple. You really know everything."

At this point.

The morbid youth changed the subject and continued, "But so what? What I get from sleeping is the sleep of your ancient Eastern kingdom?"

"Actually, I'm very curious, why did so many powerful gods in our Eastern mythology choose to sleep?"

"Are the Western gods weak? Haven't they all collectively fallen asleep?"

The morbid youth seemed to be a little impatient and waved his hand:

"Here, you can't be my opponent, even if you have the downsized version of the Kunlun Mirror and the artifact of the God of the Undead, it's still not enough."

"I am a god, unless you can also invite a god."

Lin Tianhao smiled and said, "It's true that you are a god, but I think you are just a god who has revived a lot. Your main body should still be in a sealed state."

"So what? Even if I can only exert one hundred thousandth of my peak combat power, it's still a piece of cake to bully you."

The morbid youth smiled.

"And aren't you the same? You can only exert a tiny bit of the power of the God of the Undead's artifact, otherwise it might really cause me trouble."

Lin Tianhao remained noncommittal. The god in the morbid youth's body thought that his Death God Domain came from the artifact of the God of the Undead, and it was only a tiny bit of the artifact's domain.

It can only be said.

The God of the Undead only used a tiny bit of his domain. If his domain were fully unfolded, it would immediately attract the attention of the gods.

It might even lead to the great terror of the Twilight of the Gods.

The current Death God Domain is a weak, extremely weak, ultimate weak version of the God of the Undead's domain.

"Dark Night Spirit God, I didn't expect you to be so despicable that you actually came in person."

Just at this moment.

A voice that Lin Tianhao was somewhat familiar with sounded.

Along with the voice, Kos Moyuan came unhurriedly.

On his deep blue seawater chains, he was still dragging the corpses of two people.

It was the female assassin and the spear warrior who came with the morbid youth.
