

Online game 291

Chapter 291 - Sending someone's head from a thousand miles away is a token of sentimentality!

"This matter has nothing to do with them, but you, as the town leader, are late. How can you have the face to scold people?"

Lin Tianhao rebuked.

He now realized that Sunset Town was not the same Sunset Town he had encountered in the former residence of the Drought Demon.

Although the buildings were similar, the people were no longer there.

Zhou Zhenglong was furious when he heard Lin Tianhao's words.

"I say, kid, what the hell are you talking about? It's my Sunset Town, I can scold whoever I want, is it any of your business?"

Lin Tianhao's eyes narrowed, "You're right, it is my business."

The captain of the guard immediately stepped forward, wanting to tell Zhou Zhenglong Lin Tianhao's identity.

"Town leader..."

"Get out of the way, looking at the entire Mountain Sea Empire, how many people are there that I can't afford to offend?!"

After speaking.

He walked up to Lin Tianhao commandingly. Because he was a bit short and fat, he was much shorter than Lin Tianhao and could only look up at him.

But his imposing manner was not lost at all, and he rebuked:

“Boy, don't think that you can swagger in front of me just because you helped Sunset Town repel the beast tide this time.”

A cold light flashed in Lin Tianhao's eyes, “You're so arrogant?”

Zhou Zhenglong looked Lin Tianhao up and down.

“Boy, seeing that you speak with confidence, you should also be an adventurer who has obtained an official position.”

“If you think that you can control me like this, then you are wrong.”

Lin Tianhao sneered: “Why can't I control you?”

“Control me? Then take out your official seal and let me see. I'm not afraid to tell you, my second uncle is a third-rank official in the court. You should at least see who you are trying to scam.”

“Okay, then watch carefully.”

Lin Tianhao took out the token of the Master of the Mortal Palace.

When Zhou Zhenglong saw the token in Lin Tianhao's hand, he was first stunned.

Then cold sweat began to pour out of his forehead.

“Thump!”

Zhou Zhenglong knelt down directly in front of Lin Tianhao.

“Lord Palace Master, I know I was wrong. If I had known it was you, I definitely wouldn't have dared to say a word.”

Lin Tianhao grinned, “As the town leader of Sunset Town, Sunset Town is under attack, why are you only here now?”

Zhou Zhenglong looked embarrassed, “The newly married concubine is too demanding, I... I have no other shortcomings, just that I like this.”

“I immediately issued a town-wide announcement, letting the adventurers join the battle.”

Hearing this.

Zhou Zhenglong finally didn't say anything more.

The Holy Land Master is still very good.

In the past, in such conflicts, Lin Tianhao could only use his longbow to uphold justice with feathered arrows.

But now.

He can use the power in his hands to uphold justice.

Just at this moment.

Outside Sunset Town, a huge wave of fire spread in all directions.

“Boom!!”

A loud noise came.

Lin Tianhao immediately had Poseidon, the God of the Sea, activate the Sea God Domain to block the rolling fire wave for Sunset Town.

“So strong.”

Lin Tianhao's expression became serious.

Because his undead army was completely annihilated by this rolling fire wave!

“Ninth Rank Star Radiance Level.”

The voice of Poseidon, the God of the Sea, came.

This sudden change also alarmed many NPCs and players in Sunset Town.

“What's going on? What happened?”

“It feels like a strong person has appeared. Judging from this, the person who came is not kind.”

“Could it be that Sunset Town is hiding some treasure? Why are things happening one after another.”

... ..

Discussions continued.

Lin Tianhao walked out of Sunset Town.

In front of Sunset Town, an old man with a white beard, wrapped in flames and holding a flaming broadsword, appeared there.

“Who are you?”

Lin Tianhao asked.

He was not in a hurry. With the existence of the Immortal Slaughtering Sword Formation, he could still deal with it without relying on Poseidon, the God of the Sea, and the God of the Undead.

“The person who will kill you.”

The white-bearded old man said calmly.

In the next moment.

His body disappeared and appeared behind Lin Tianhao.

“Guardian Flying Sword!”

Lin Tianhao snorted softly, and a golden flying sword blocked behind him.

A ninth-rank Star Radiance Level warrior, Lin Tianhao still had to show this much respect.

“Space Flash!”

“Immortal Slaughtering Sword Formation!”

Lin Tianhao made his move without hesitation.

Four mysterious and unparalleled flying swords rose into the sky, forming a sword formation.

In an instant.

Lin Tianhao's blue bar was drained by one hundred thousand.

Fortunately, Poseidon, the God of the Sea, immediately helped Lin Tianhao recover his blue bar, otherwise he really couldn't hold on.

The white-bearded old man's expression changed, he felt the threat of death from the Immortal Slaughtering Sword Formation.

“Boom!!”

The first sword fell.

The white-bearded old man slashed out with the broadsword in his hand, and a fire dragon surged out.

The fire dragon was torn apart by the long sword, and it went straight to kill the white-bearded old man.

The white-bearded old man was shocked.

He held the broadsword horizontally, and his body flipped backward, narrowly avoiding Lin Tianhao's first sword.

He had just avoided the first sword, and the second sword had already arrived in front of him.

“Dragon Flame Domain!”

The white-bearded old man shouted in a low voice, and flames surged out from his body, and fire dragons gathered together one after another.

They rushed towards Lin Tianhao's second sword.

However.

It was useless.

The fire dragon was torn apart without any resistance under the long sword.

“Puchi!”

A sword fell.

The long sword pierced through the white-bearded old man's body.

The Dragon Flame Domain suddenly shrank.

Quickly repairing his injuries.

However.

If he was allowed to repair like this, the Immortal Slaughtering Sword Formation would not be known as killing ninth-rank casually.

In all directions, endless power of the Great Dao frantically gathered, constantly tearing apart the white-bearded old man's body.

In just a dozen seconds, this white-bearded old man had been directly torn apart by the power of the Great Dao.

Ninth Rank Star Radiance Level, killed with two swords!!

Lin Tianhao raised his hand.

Directly enslaved the soul of the white-bearded old man.

Enslaving a ninth-rank Star Radiance Level soul will be of great help to Lin Tianhao.

Lin Tianhao put away the Immortal Slaughtering Sword Formation, stepped forward, and prepared to loot the corpse.

“Ding, you have obtained the Dragon Flame Broadsword + 1.”

“Ding, you have obtained the Fire True Meaning Secret Book + 1.”

“Ding, you have obtained Free Attribute Points + 5000.”

“Ding, you have obtained Gold Coins + 500000.”

“Ding, you have obtained...”

... ..

A smile appeared on Lin Tianhao's face. This white-bearded old man was really a good person, sending a head from a thousand miles away, the gift is light but the affection is heavy!

Far away.

On the edge of a forest.

Los Jingkong's expression was extremely gloomy, "Akahana Demigod, what do you have to say now?"

"Loff White Wisdom, a ninth-rank Star Radiance Level, was killed with two swords. If I had believed you and gone to find him myself, I would have been the one to die!"

Chapter 292 - New goals, new journey!

The Scarlet Flower Demigoddesses watched Lin Tianhao from afar, keeping a great distance to avoid being discovered.

They were worried about being discovered.

But in the next instant, both of them were stunned.

"Global Announcement, congratulations to player Snow Emperor for killing Lovel White, hereby announced, hoping that the general public will continue to work hard!!"

... ..

"Snow... ..Snow Emperor!!"

Scarlet Flower Demigoddess and Ross Ilong were no strangers to this name.

After all, Snow Emperor had been doing a lot of things recently, the Star Kingdom was overthrown by Snow Emperor.

Of course.

They didn't really take Snow Emperor seriously before.

Overthrowing the Star Kingdom sounds impressive.

But in their opinion, it was just so-so.

After all, the Star Kingdom is just a second-tier region.

Experts of the third and fourth tier are rare, and to demigod-level experts like them, they are all trash.

Of course.

None of this matters anymore.

What matters is.

How dare he not hide his name?

Isn't this blatantly telling them that he, Snow Emperor, is the Lord of the Mortal Palace?

"Snow Emperor... ..He's too arrogant, he's doing it on purpose, deliberately provoking us!"

Scarlet Flower Demigoddess watched the figure looting the corpse from afar, her fists clenched involuntarily.

Ross Ikong was also a little annoyed, but the clenched fist loosened again.

“Even if we know he's provoking us, what can we do? He can kill Lovel White with two swords, we are no match either.”

“Yes.”

Ross Ikong also nodded, “I don't believe he is that powerful either, his methods must have some kind of limitation.”

... ..

Lin Tianhao didn't hide his name because there was no need.

From the appearance of Lovel White, Lin Tianhao had already guessed that someone had sent him to test him.

As for who it was, the answer was obvious.

It must be someone who knew he had Divine Might and suspected that he might be a paper tiger.

Lin Tianhao didn't hide, just to let them know that he was not afraid of any trouble.

Because he is a real tiger!

In the dark.

An assassin in stealth mode took out a notebook and recorded:

“The new Palace Lord of the Mortal Palace is the adventurer Snow Emperor, a single feather arrow deals damage exceeding 2.4 million, with critical hits dealing close to 5 million damage.”

“Possesses methods to enslave the undead, possesses a Sword Formation that can quickly kill Ninth Tier Star Radiance level experts, the disadvantage of this Sword Formation is that it consumes mana rapidly, it is estimated that Snow Emperor can maintain it for no more than twenty seconds.”

After recording this information, the assassin retreated, keeping an even greater distance.

Lin Tianhao could feel the assassin's gaze.

But he didn't care too much, after all, as long as he took action, many eyes would be focused on him.

In the Twilight of the Gods, there are quite a few onlookers.

Whether there is one more or one less gaze, Lin Tianhao really wouldn't pay too much attention.

“Master, killing Ninth Tier Star Radiance level experts like this can restore my power relatively well.”

“If I can kill a few million experts of this level, I should be able to recover to my peak state.”

The voice of the God of the Undead echoed in his mind.

Lin Tianhao was quite happy when he heard the first half of his words.

But after hearing the second half, he was numb again.

A few million?

Are you sure it's a few million?

Isn't this teasing him?

“Speaking of which, are there a few million Ninth Tier experts in the Vast Continent?”

“No.”

The God of the Undead replied very simply, “However, the Vast Continent was originally the territory of a country in your Mountain and Sea Empire, outside the Vast Continent, there are other continents.”

Lin Tianhao wasn't surprised, after all, he had experienced the Great Cataclysm, he still knew this.

It's just that he can't come into contact with those things now.

“It's okay, the iron cavalry of the Mountain and Sea Empire will conquer all the continents in the future.”

Lin Tianhao is the Lord of the Mortal Palace, if he can unify the Vast Continent, or even unify other continents.

This will be a great help when the Twilight of the Gods merges with reality in the future.

Just.

Before that, he still needs to deal with the moths in the Mountain and Sea Empire.

For example, the God Sheep Cult.

Moreover, after communicating with Kos Moyuan before, Lin Tianhao could feel that there should be more than just the God Sheep Cult inside the Mountain and Sea Empire.

“It seems that I really need to understand the situation of the Mountain and Sea Empire well, and then find a way to find the Yellow Emperor's Secret Realm and trigger the task of further reviving the Mountain and Sea Empire.”

Lin Tianhao thought secretly, he had already begun to plan his next development route.

Develop the Mortal Palace, clean up the moths of the Mountain and Sea Empire, start the road to a strong army, and use his high-interest ability to purchase a large number of strategic materials.

In Lin Tianhao's mind, there was a huge blueprint.

The reason why the Dragon Kingdom struggled in the Great Cataclysm in his previous life was largely because it did not have its own game territory.

It can't be said that it didn't have any at all.

There were still some territories.

But the larger territories were only the size of city-states, not even comparable to the Star Kingdom, which was not worth mentioning to the vast Dragon Kingdom.

Since he has this opportunity in this life, Lin Tianhao will naturally not let it go.

If the Great Cataclysm comes, the entire Vast Continent, or even the entire Ninth Tier region, will be his territory.

Then it will be easy to resist the early stages of the Great Cataclysm.

Returning to his thoughts.

It is not easy to do this.

Taking a step.

Lin Tianhao came to the Imperial Study, where the lights were bright, and he could see Emperor Yao Wenshan processing memorials.

I have to say.

This is a very dedicated emperor.

If it were any other emperor, he would probably have had his third round or be drinking deer blood by now.

Seeing Lin Tianhao's arrival.

Yao Wenshan was about to come over and kneel down and kowtow immediately.

Lin Tianhao waved his hand, "No need to be polite."

"Palace Lord, do you have any instructions for coming here?"

Lin Tianhao smiled and said: "Don't be restrained."

Lin Tianhao still trusts this emperor very much.

Because he is also a member of the Mortal Palace.

The Lord of the Mortal Palace appoints and removes emperors, generally choosing from within the Mortal Palace.

After saving Shangguan Hongxun, everyone in the Mortal Palace is absolutely loyal to Lin Tianhao.

Of course.

This is only for those who joined the Mortal Palace before, it is not certain how the people behind will be.

This is also why Lin Tianhao asked Ouyang Wenlong to focus on character.

Good talent, poor character, is useless to Lin Tianhao.

At least, Lin Tianhao doesn't like it.

"Tell me about the distribution of power within the Mountain and Sea Empire."

"Yes."

Yao Wenshan respectfully saluted, "The officialdom of the Mountain and Sea Empire is divided into the Literary Academy and the Military Academy, which are respectively headed by Prime Minister Yuwen and Grand Marshal Zhou, mainly to help me handle the affairs of the court."

"In addition, our government has also established the Tianwu Hall and the Mountain and Sea Chamber of Commerce. The Tianwu Hall represents the high-end combat power of our Mountain and Sea Empire. At least a sixth tier is required to enter. The Mountain and Sea Chamber of Commerce is our important source of funds."

Chapter 293 - National bounty, hunting at night!

"Besides that, there's the Sky Patrol Department, which monitors the world."

Lin Tianhao nodded. "What about non-governmental forces?"

"Non-governmental forces are mainly divided into the Mo, Mu, and Yao families. Gods were once born in these three families, and they were prosperous for a time. It's just that, for various reasons, the gods in their families have already left, and currently, there are ninth-rank grandmaster-level powerhouses guarding them."

"Then there are the sects: Zhanjin Sect, Tianjian Sect, Luoxia Peak, and Yanyu Tower. These four sects used to be affiliated with the Mortal Palace."

"It's just that the Palace Master also knows the current situation of the Mortal Palace. After you took office, they probably haven't come to pay their respects, right?"

Lin Tianhao frowned, but he didn't delve into the issue.

It's not wrong for these major sects to wait and see, and act according to their own interests.

"What about the God-Sheep Sect?" Lin Tianhao asked, getting to the main point of this visit.

Hearing about the God-Sheep Sect, Emperor Yao Wenshan's expression became somewhat ugly.

"The God-Sheep Sect is one of the three great evil sects of our Shanhai Empire, along with the Spiderweb and the Three Saints Association."

"The God-Sheep Sect is formed by people who believe in the Black Goat of the Woods with a Thousand Young, Shub-Niggurath. Cthulhu has no foundation in the Vast Continent, and they have always wanted to replace a holy land in order to develop their power."

"As for the Three Saints Association, it is a force formed by the Icefire Los Island, Scarlet Flower Sand Palace, and West Pole Shrine three holy lands to infiltrate us."

"How much do you know about the God-Sheep Sect?"

Lin Tianhao knew clearly from Kosmo Yuan that the current leader of the God-Sheep Sect was possessed by the Silver-Eyed Octopus.

If he could kill the Silver-Eyed Octopus, he would have another invincible trump card.

The Three Saints Association definitely couldn't be left alone.

As for the Spiderweb, Lin Tianhao had some ideas.

He was wondering if it was possible to subdue the Spiderweb and make it work for him.

"The God-Sheep Sect hasn't existed for very long. Although they believe in the Black Goat of the Woods, according to my investigations over the years, they haven't used any methods related to the Black Goat of the Woods. They basically only use Silver-Eye Niggurath's methods."

"As for their distribution, it currently appears to be very secretive, and their leader and deputy leader are both ninth-rank."

Lin Tianhao pondered for a moment, "Alright, I understand."

After talking with Yao Wenshan, Lin Tianhao immediately contacted Berserker Blades.

"Blades, I have two tasks for you, each task rewards 10,000 free attribute points."

Berserker Blades was overjoyed. 10,000 free attribute points were not a small reward.

"What tasks?"

Lin Tianhao directly issued the tasks to Berserker Blades.

The first task was that the beast tide in Sunset Town was by no means accidental, and someone must be manipulating it behind the scenes. Find out who is behind it, reward 10,000 free attribute points.

The fact that this task was successfully issued meant that the reward Lin Tianhao gave for this task was not excessive.

As for the second task, Lin Tianhao gave the task of finding people from the God-Sheep Sect, with a reward of fifty free attribute points for each person found.

This task was also successfully issued, indicating that Lin Tianhao's reward was also within a reasonable range.

As the Holy Lord, Lin Tianhao also had to consider how to distribute the rewards in his hands.

Even with a 10% commission, one million free attribute points would still leave 100,000 free attribute points.

The most important thing was.

If so many free attribute points were distributed, it would greatly improve the overall level of the Dragon Country players.

"Damn it!"

"Snow Emperor, the task prompt says it was issued by you. Can you issue tasks now?"

Berserker Blades was a little dumbfounded.

Lin Tianhao smiled. "You should have already received the news, right? I am the Lord of the Mortal Palace. Isn't issuing tasks a small matter?"

Hearing this.

Berserker Blades became a little excited, "Then Snow Emperor, can you issue more tasks? We have a lot of people, and what we don't lack is people to do tasks."

"Then investigate the Three Saints Association and the Spiderweb again."

Lin Tianhao had actually considered asking Kosmo Yuan, but then how would these rewards be distributed?

Moreover.

There were still more than two months until the Holy Land Newcomer Genius Competition, and Lin Tianhao still had to help these people under him improve as much as possible.

So Little Little Sword, I'm Really a Melee Mage, and One Arrow Pierces the Sky, Lin Tianhao issued tasks to all of them.

As for Glasses, Lin Tianhao couldn't contact him, so naturally, there was no chance to give him a task.

There were still Floating Tower Shield Mountain, Potala Heavenly Dragon, and others on Lin Tianhao's friend list.

Without hesitation, he issued tasks to all of them.

Entering the chat group, Lin Tianhao began to issue tasks again.

So many free attribute points, and they still had to be distributed reasonably. It was really a headache.

Suddenly.

Lin Tianhao thought of a possibility.

Bounties!!

He could directly issue bounties.

Bounties for grinding monsters during the day were probably useless, because those people would grind monsters even without bounties.

Since daytime wouldn't work, then he would do it at night.

"National bounty, as night falls, Sunset Town is attacked by wild monsters. A bounty is hereby issued. Killing wild monsters no lower than one's own level in the dark night will reward free attribute points. This is a special announcement, hoping that the majority of players will actively leave the towns and hunt wild monsters."

... ..

As for the free attribute points for the bounty, ordinary monsters were worth five points, elites twenty, black iron one hundred, bronze five hundred, silver one thousand, and gold two thousand!

As for the total bounty amount, Lin Tianhao took out 800,000 free attribute points for the bounty.

The remaining 200,000 free attribute points would be left for Monkey, Berserker Blades, and Little Little Sword.

As soon as this bounty was issued.

The players of the Shanhai Empire were all boiling.

These free attribute points were almost like being given away for free.

At this stage, most ordinary players had elite-level equipment, and some even had one or two pieces of black iron-level equipment.

It should be known that these were just ordinary players.

If they were high-level players, they would have bronze equipment, and even silver-level equipment, and even in the dark night state, killing ordinary wild monsters would be a piece of cake.

It was just that under normal circumstances, ordinary wild monsters had low experience, low drop rates, and low efficiency when grinding at night.

As a result, not many people were willing to go out and grind monsters at night.

But after this bounty task came out, he immediately became excited.

Wilderness.

Yu Xiaoyao, who was wandering around, was excited when he heard this prompt.

He was originally in the wilderness. To be precise, he hadn't returned to the town for a long time.

Because his talent was an accumulation-type talent called Freedom, as long as he stayed in the wilderness for an hour, he could get ten free attribute points.

If he stayed for twenty-four hours, he would get an additional sixty free attribute points.

His talent was very strong, but he basically roamed at night. As soon as this task came out, he was immediately excited when he looked at the wild monster in front of him.

"Savage Collision!"

Chapter 294 - The leaders of the four major sects!

For Yu Xiaoyao, this was just a scene; the large influx of players into the wilderness meant that those doing the torch business were raking in money.

Icefire Los Island.

Los Jingkong noticed Lin Tianhao's bounty mission as soon as it was released.

It wasn't just him; people from all the major Holy Lands received it.

"For a dignified Holy Master to actually issue such a mission is simply a disgrace to our Holy Land Lords."

"Is no one going to do anything about this? What's the difference between this and cheating?"

"Who told him to be an adventurer himself? It's normal for him to think about helping other adventurers, but I just don't know if he'll cause any big problems by doing this."

.....

Lin Tianhao didn't care so much; after he released the bounty mission, he directly returned to the Mortal Palace.

Now that he was determined to rule the vast Haomiao Continent, there were still many things that needed to be prepared.

For example.

Lin Tianhao still needed to talk to the Four Great Sects and the Three Great Families of the Mountain Sea Empire.

After returning to the Mortal Palace.

Lin Tianhao directly ordered Ouyang Wenlong to have the people from the Four Great Sects and the Three Great Families come to see him tomorrow morning.

If they didn't come, then he would personally go to see them.

Ouyang Wenlong was slightly surprised when he heard Lin Tianhao's decree.

"Palace Master, our Mortal Palace's current foundation..."

"Just do as I say," Lin Tianhao said firmly.

"Yes, Palace Master."

There might be people from them in the government, and there might also be people from them in the Four Great Sects.

This time, Lin Tianhao wanted to see what the Four Great Sects were really like.

He still remembered the events in the Land of Chaos vividly; at the beginning, he had been kept in the dark the whole time.

He was the absolute king of this Mountain Sea Empire, so naturally, he wouldn't allow such a thing to happen again.

When he went to the Land of Chaos, he was unfamiliar with the place and had no power, so he accepted being played!

But here, if he was still being played, then he really needed to get his brain checked.

After Ouyang Wenlong left.

Lin Tianhao took out the Secret Book of the True Meaning of Fire that Lovell White had dropped and began to comprehend the True Meaning.

The next morning.

Lin Tianhao opened his eyes; the True Meaning of Fire had already reached the late stage of Attraction, and it was only one step away from entering the Solidification stage.

"Palace Master, the people from the Four Great Sects have arrived," Ouyang Wenlong's voice came from outside the door.

Lin Tianhao walked out of the room and casually asked, "What about the Three Great Families?"

"None of them came."

Lin Tianhao's eyes narrowed slightly, "After all, they are descendants of gods, so it's normal for them to be a bit arrogant."

"They are blessed by their ancestors and have some treasures left by the gods. In the past, only the Old Palace Master could barely suppress them by three points, but it wasn't to the point where they would come whenever they were called."

Lin Tianhao smiled noncommittally, "I don't care what it was like when the Old Palace Master was in charge; now I am the Palace Master of this Mortal Palace, and my rules are what I say!"

Ouyang Wenlong's heart trembled; these words were too domineering.

But as the Lord of the Holy Land, shouldn't he have such domineering power?

Lin Tianhao came to the main hall and went straight to the seat of honor.

When the leaders of the Four Great Sects saw Lin Tianhao arrive, none of them stood up, nor did they intend to salute.

After Lin Tianhao sat down, the Sect Master of the Zhanjin Sect crossed his legs and said:

"Young man, you didn't call us here this time because you can't withstand the pressure from the major Western Holy Lands and want to ask us for help, did you?"

Lin Tianhao glanced at the Sect Master of the Zhanjin Sect, "Help? Haven't they already left?"

"They did leave, scared away by your Ice Snow Goddess's divine weapon. It's just a pity that you are not a god after all. You can scare them away once with the divine weapon, but can you scare them away twice?"

Lin Tianhao smiled, "What about you three? Do you have the same attitude as him?"

The Sect Master of the Tianjian Sect immediately stood up and said indifferently:

"Our Tianjian Sect established its sect in the Mountain Sea Empire. If the Palace Master has any orders, our Tianjian Sect is willing to help, but we won't just throw our lives away."

The Master of the Yanyu Tower also cupped his hands, "Palace Master, our Yanyu Tower has always been neutral and doesn't like to participate in these disputes. No matter what, our Yanyu Tower will not take sides."

Finally, there was Falling Glow Peak.

A sect mostly made up of women.

The Peak Master of Falling Glow Peak said with a wry smile: "Palace Master, given the current situation of the Mortal Palace, we really can't take sides."

"It seems that you are all weather vanes."

Lin Tianhao's gaze swept over the four people present.

When it landed on the Sect Master of the Zhanjin Sect, the Sea God Domain instantly unfolded, and the divine power released by the true Sea God pressed down on the Sect Master of the Zhanjin Sect.

"Pa ta!"

The bench under the Sect Master of the Zhanjin Sect's buttocks instantly exploded, and the Sect Master of the Zhanjin Sect directly knelt down under the suppression of the Sea God Poseidon's divine power, unable to move.

"Such... such powerful divine power!!"

The Sect Master of the Zhanjin Sect widened his eyes, his face full of disbelief.

He was at least a Ninth-Rank Star Radiance level expert, yet he was actually forced to kneel on the ground by Lin Tianhao's divine power, unable to move.

A strange look flashed in the eyes of the Master of the Yanyu Tower, he was the only Ninth-Rank Grandmaster level among the few, and his vision was more discerning than the other three.

"This divine power... A remnant soul of a god is possessing him..."

Thinking of this.

The Master of the Yanyu Tower bowed.

"The Yanyu Tower is willing to listen to the Palace Master's dispatch."

The Peak Master of Falling Glow Peak and the Sect Master of the Tianjian Sect exchanged glances, both revealing shocked expressions.

Just relying on divine power alone was enough to suppress the Sect Master of the Zhanjin Sect, making him unable to move.

"Falling Glow Peak is willing to listen to the Palace Master's dispatch."

"The Tianjian Sect is willing to listen to the Palace Master's dispatch."

Lin Tianhao nodded with a light smile, these people were currently just weather vanes.

But it didn't matter.

What he wanted was for them to nod and agree first, as for the things behind that, it would be much easier to handle.

"What about you?"

The Sect Master of the Zhanjin Sect knelt on the ground, unable to move.

He was already sweating profusely from fright.

Regardless of whether Lin Tianhao's divine power was from a god or a divine weapon, being able to suppress him to this point meant that killing him would be as easy as flipping his hand.

"The Zhanjin Sect is willing to listen to the Palace Master's orders."

"You were the loudest just now, so I'll punish your Zhanjin Sect to guard the border city for three months. Do you have any objections?"

The Sect Master of the Zhanjin Sect gritted his teeth, the Mountain Sea Empire had just recovered, and guarding the border city for three months would greatly hinder the development of their Zhanjin Sect.

"Three sect leaders, since you have already decided to listen to my orders, then take people to surround the Three Great Families."

"What?!"

The Peak Master of Falling Glow Peak was shocked, none of the Three Great Families were weaker than them.

"You just said you would listen to my dispatch, is there a problem with my first order?" Lin Tianhao asked back.

The Peak Master of Falling Glow Peak was speechless for a moment, but the Master of the Yanyu Tower took the lead and bowed, "This subordinate will go gather manpower now."

Chapter 295 - Fish ideas!

The other two could only agree.

Ouyang Wenlong was a little worried. He hurried to Lin Tianhao and lowered his voice, saying:

"Lord, is it wise to start a war with the three major families at the same time?..."

"Are you questioning my decision?" Lin Tianhao's cold gaze fell on Ouyang Wenlong.

Ouyang Wenlong had absolute trust in Lin Tianhao. He offered this reminder to point out the potential drawbacks.

"I know you want to mention the Divine Sheep Sect and the Three Saints Association. The emergence of the Mortal Palace requires us to do something."

Ouyang Wenlong nodded, though he secretly felt that Lin Tianhao was being too headstrong.

"Yes, Lord. I'll call Shangguan Hongxun. We'll go together."

Lin Tianhao shook his head. "You can't go."

"The three major families are not simple. Relying on those three major sects might not be enough, and those three major sects might not be reliable."

"That's why you can't go even more." Lin Tianhao smiled.

Ouyang Wenlong was very puzzled. "Why?"

"Have you heard of entrapment? This time, I'm not going to destroy the three major families, but to fish."

"What are you afraid of? I'm an adventurer. I can revive. Besides, you shouldn't be asking me this. You should be asking those big fish."

After saying this,

Lin Tianhao headed towards the direction of the three major families.

The three major families of the Shanhai Empire were all located in the imperial city of Longdu. They occupied one-third of the inner city, and many dignitaries had to yield to them.

This was the prestige of the families descended from gods.

The Rain Mist Tower Lord led his men to arrive first, followed by the Heavenly Sword Sect and Falling Sunset Peak.

Lin Tianhao had already notified the three major families in advance, stating that he would personally visit.

As soon as he arrived in the inner city,

the usual prosperity was gone. All the shops were closed, and three people stood at the front of the street.

These three people had a powerful aura, and it was clear at a glance that they were people who had been in high positions for a long time.

"Snow Emperor, I received news this morning about you killing Lof Bai Zhi. I can't deny your strength, but even when the old Palace Lord was around, he wouldn't give us orders. What do you want to do?"

The Yao family head, standing in the middle, spoke first.

He was not aggressive, as if he was simply stating something perfectly normal.

"Within the Shanhai territory, everything is under the jurisdiction of the Mortal Palace. If you are unwilling to accept the jurisdiction of the Mortal Palace, then there is naturally no need for your existence."

The Mo family head snorted coldly, "The old Palace Lord of the Mortal Palace was already crazy enough. I didn't expect you to be even crazier than him."

Lin Tianhao raised his hand. "So, there's no room for negotiation?"

A dark red long sword appeared in the Mu family head's hand. "A new official always starts with three fires, but Snow Emperor, you've set the fires in the wrong place."

"I think the place where I set the fires is just right."

Lin Tianhao smiled slightly, and the God Striking Whip fell into his hand.

In an instant, tensions rose, and a great battle was about to break out.

"Three Sect Leaders, it's time for you to show your loyalty," Lin Tianhao said.

The Rain Mist Tower Lord took a step forward, adopting a battle stance.

Seeing this, the Heavenly Sword Sect Leader also summoned a long sword, and at the same time, he made a hand seal, causing thousands of flying swords to float behind him.

From both sides of the street, people from the three major families continuously emerged, all wielding weapons, clearly prepared.

Seeing this scene, the Falling Sunset Peak Lord revealed a sly look on his face, "Tower Lord Li, Sect Leader Qi, are you really prepared to fight the three major families to the death for this kid?"

"The three major families are only stronger than us, not weaker. If we fight like this, our forces will suffer a great impact."

At this point,

the Falling Sunset Peak Lord changed the subject and continued, "Why don't we join forces now, kill him, snatch his Mortal Palace Lord token, and become the carefree Palace Lord ourselves?"

The corners of Lin Tianhao's mouth rose, revealing an imperceptible smile.

The reason why he insisted on seeing them early this morning and immediately came to find these people was mainly because they probably didn't know what happened in Sunset Town late at night.

As ninth-revolution experts, they generally wouldn't pay too much attention to things in a small town, especially since most of the people in that small town were players.

It would be difficult for the news to reach these big shots by early morning.

As long as they didn't know he was the Snow Emperor, there would definitely be fish caught.

Whether they were plotting something or being two-faced, they would all reveal their true colors at this time.

Because from their perspective, they wouldn't believe that he was truly a god.

A remnant soul of a god possessing him was probably the limit of what they could imagine.

The three major families were descendants of gods, so they definitely had trump cards.

Even if they couldn't defeat the possession of a remnant soul of a god by joining forces, they could at least barely protect themselves.

Because if the power of the possessed remnant soul of a god reached a certain level, it would be subject to the rules of Twilight of the Gods.

In other words,

as long as they survived the first wave of attacks, nothing would happen.

And after the remnant soul of a god was dealt with by the rules of Twilight of the Gods, the remaining things would be much simpler.

This was what the fish were thinking.

The Rain Mist Tower Lord did not change his stance because of the words of the Falling Sunset Peak Lord.

The Heavenly Sword Sect Leader was a little hesitant. His eyes flickered constantly, but he was mostly watching the Rain Mist Tower Lord's attitude.

"I, Li Changsheng, am also a respectable person. I can't possibly take back what I just said, or I'll lose face,"

The Rain Mist Tower Lord spoke.

With this attitude, the Heavenly Sword Sect Leader's eyes also became firm.

"You two are lunatics. I really don't know what you're thinking. Are you really going to exhaust your sects' foundations?"

The Falling Sunset Peak Lord became somewhat exasperated.

Lin Tianhao was not in a hurry. Finally, the message arrived.

"Snow Emperor, the people from the Chopping Gold Gate are gathering on East Street. They don't seem to be heading towards the border city."

"Not only that, but near the Chopping Gold Gate, there are also some people of unknown identities gathering."

Seeing the message from Mad Battle Blade, Lin Tianhao's face showed a satisfied smile.

Before setting off, he had given Mad Battle Blade a task, asking him to pay attention to the movements of the Chopping Gold Gate.

This time,

he didn't bring the people from the Chopping Gold Gate here, because he wanted to pull out the carrot and bring out the mud!

Especially when the Chopping Gold Gate Master was arrogant and rude to him in the main hall before, Lin Tianhao knew that he was likely backed by the Divine Sheep Sect.

The Chopping Gold Gate Master was a ninth-revolution Star Radiance level expert, and also the master of a sect. He might be arrogant, but after knowing that he had scared away the Crimson Flower Demigod and Los Jingkong,

how could he dare to be arrogant in front of him?

He was only a ninth-revolution Star Radiance level expert!

He was the same level as Ouyang Wenlong and Shangguan Hongxun, and even a little lower in level.

There were also differences in strength between ninth-revolution Star Radiance level experts, and they were huge differences.

Just like the fourth-revolution experts that Lin Tianhao had dealt with before, such as Ze Lian Shuyun.

Level 200 was fourth-revolution, and level 500 was also fourth-revolution. There was a difference of 300 levels in between, and the difference in strength was very large.

If fourth-revolution was like this, then the difference in ninth-revolution would be even greater.

So, who gave the Chopping Gold Gate Master the courage?

Chapter 296 - Linked closely together, lure the snake out of its hole!

The answer is already obvious!

It's the Divine Sheep Sect, possessed by some remnants of gods!

I just don't know what the composition of this Falling Dusk Peak Master is.

The Spiderweb is unlikely; the Spiderweb is powerful and mysterious, only wanting to make money and gather intelligence, not to be the first to stick their neck out.

Coupled with the fact that the Falling Dusk Peak Master wasn't too surprised after just learning of his identity as the Snow Emperor.

Lin Tianhao had a guess in his heart.

The Falling Dusk Peak Master is likely related to the Three Saints Assembly.

As for why she dared to stand up even after knowing his identity, the reason is also very simple.

She hopes that the Mountain Sea Empire will be chaotic; she can't wait for a great battle to break out here, preferably one that shatters the Dragon Capital Imperial City into pieces.

However.

There is a prerequisite for this.

In this great battle, the beneficiary cannot be the Snow Emperor, let alone the Mortal Palace.

Therefore, she wants to break the balance and have everyone besiege Lin Tianhao.

Falling Dusk Peak is related to the Three Saints Assembly, and according to Blade's information, Golden Cut Gate is related to the Divine Sheep Sect.

Then who is related to the Spiderweb?

Lin Tianhao's gaze fell on Li Changsheng.

Among the four great sect leaders, the other three are Ninth-Rank Star Radiance level, only this Misty Rain Pavilion Master, Li Changsheng, is a Ninth-Rank Grandmaster level.

"Snow Emperor, our three great families will not compromise with you. If you want to fight today, then we will have to experience your skills."

The Mu Family Patriarch stepped forward, his aura rising a few notches.

Lin Tianhao looked at the patriarchs of the three great families and said with a smile, "Wait a moment."

"Wait for what?"

"Waiting for the Golden Cut Gate Master and the people of the Divine Sheep Sect."

As Lin Tianhao's voice fell.

Behind East Street.

The Golden Cut Gate Master followed a middle-aged man in a silver-edged robe, walking quickly.

"They're here."

The people of the three great families frowned. As descendants of gods, they naturally disdained cooperating with organizations like the Divine Sheep Sect.

Especially since the Divine Sheep Sect worships the evil god Mori's Black Goat, the arrogance in their bones prevents them from bowing their heads for profit.

Ge Taiquan's opening remarks were to sow discord.

Wanting to influence the Misty Rain Pavilion Master and the Heavenly Sword Sect Master's decisions.

The Falling Dusk Peak Master also seized the opportunity and immediately said:

"Pavilion Master Li, you must understand the principle of 'the rabbit dies, the hound is cooked'; if we don't pull him down today, we won't have a good end in the future."

The Misty Rain Pavilion Master's eyes narrowed slightly, with a moment of hesitation.

But in the end, he did not change his decision.

"I already said just now that I am a decent person; going back on my word is not good."

"What about you? Sect Master Qi? Do you also want to bring your Heavenly Sword Sect to destruction here?"

The Falling Dusk Peak Master turned her gaze to the Heavenly Sword Sect Master.

The Heavenly Sword Sect Master smiled slightly, "Peak Master Ran, don't look at me; I can see that you are a member of the Three Saints Assembly."

"And Gate Master Ge, Peak Master Ran at least invested in the Three Saints Assembly, which has the backing of the Holy Land; you getting involved with the Divine Sheep Sect is a bit too much."

Although they haven't revealed their cards yet, the Heavenly Sword Sect Master is also a smart person, and he knows the trickery involved with just a little thought.

"Pavilion Master Li, it seems we are in big trouble today."

The Heavenly Sword Sect Master said with a wry smile.

Lin Tianhao bowed slightly to the patriarchs of the three great families, "The three of you, would you be willing to take action together? Help me get rid of them."

The Mu Family Patriarch chuckled, "We don't seem to have a reason to help you, do we?"

Lin Tianhao grinned, "Isn't it necessary? With the Mortal Palace here, this is still the territory of the East."

"If the Mortal Palace is gone, whether the Three Saints Assembly or the Divine Sheep Sect benefits, the East will be gone."

The Mu Family Patriarch's face showed a smile, "It seems that the Snow Emperor is different from the rumors; in addition to being exceptionally talented, you also have a good brain."

"Attacking our three great families is a pretense; luring out these moths of the Mountain Sea Empire with our three great families is the real goal, right?"

"Moreover, you calculated that we would definitely take action from the moment you set up the plan, right?"

Lin Tianhao nodded, "I guess so; your ancestors all had Eastern gods appear, it's impossible for you to watch the Eastern Kingdom fall into the hands of outsiders."

"Therefore, you will definitely take action within your capabilities."

The Golden Cut Gate Master's expression suddenly changed, "You were setting me up, deliberately letting me go to the border city; in reality, you had already guessed that I was a member of the Divine Sheep Sect."

"Who told you to act like a fool, being so obvious in front of me?"

The Golden Cut Gate Master gritted his teeth, "How could you be so sure that I would bring the people of the Divine Sheep Sect?"

"With such a once-in-a-lifetime opportunity, how could you not bring them?"

Lin Tianhao was naturally very certain. Emperor Yao Wenshan had told him before that the Divine Sheep Sect had wanted to replace the Mortal Palace for a long time.

This time, he took the initiative to provoke the three great families, wanting to cause conflict; how could they sit still.

The Falling Dusk Peak Master's expression was solemn, "Snow Emperor, I really underestimated you; I originally thought you were just a young punk, but I didn't expect to be schemed against by you."

"Alright."

At this moment.

The silver-edged robe man standing next to the Golden Cut Gate Master spoke indifferently.

"Snow Emperor, you are very smart; I wanted to meet you in the Land of Chaos, but unfortunately, I never had the chance."

Lin Tianhao's eyes narrowed slightly, "Octopus, I've been looking for you for a long time too."

The robe man was not satisfied with this title, "I prefer others to call me Silver Eyes."

"Silver... Silver Eyes Octopus!!"

The Heavenly Sword Sect's face changed drastically, "Possessed by the remnant soul of a god!"

"But I still think calling you Octopus is more appropriate; otherwise, Tentacle Monster would also work."

Lin Tianhao didn't care at all. When the robe man appeared, Poseidon, the Sea God, had already sensed the existence of the Silver Eyes Octopus.

The faces of the patriarchs of the three great families also became somewhat solemn.

"Peak Master Ran, let your people come out."

The Falling Dusk Peak Master snorted coldly, "The Three Saints Assembly has also accumulated some strength in the Mountain Sea Empire; Snow Emperor, although you have calculated this situation very well today, have you considered that even if the three great families help you, you may not necessarily benefit."

As soon as the voice fell.

One after another, people appeared on the roofs of East Street.

On the other side.

On the roofs on both sides of the Golden Cut Gate's many experts, many people also appeared.

The clothes of those people all have the Silver Eyes logo on them, obviously all people of the Silver Eyes Octopus.

"Golden Cut Gate, Falling Dusk Peak, Divine Sheep Sect, Three Saints Assembly, not bad, not bad."

Lin Tianhao also did not expect that this game he made today would be so lively.

"I have the three great families, Misty Rain Pavilion, and Heavenly Sword Sect on my side; it seems there are more people than you," Lin Tianhao said with a smile.

Chapter 297 - Caught an octopus!

The Peak Master of Falling Dusk Peak smiled contemptuously, "You may have a lot of people, but what if someone attacks Sunset Town at this moment?"

Lin Tianhao's eyes narrowed, "So what if Sunset Town is captured? After I deal with you, I can just take Sunset Town back."

The Peak Master of Falling Dusk Peak casually spread his hands, "Saying it so casually, then let's fight. Anyway, I don't think a Gods' Blessing pre-quest scroll is important to Emperor Xue."

Indeed!!

However.

Lin Tianhao's expression didn't change much after hearing the words of the Peak Master of Falling Dusk Peak.

"How did you know about the Gods' Blessing pre-quest scroll in my hand?"

Both of his Gods' Blessing pre-quest scrolls were given to him by Elder Shou. The Peak Master of Falling Dusk Peak is an NPC, how did she know the quest scroll was on him?

Could it be that this quest scroll was issued by the Peak Master of Falling Dusk Peak?

Obviously.

That's impossible.

The Peak Master of Falling Dusk Peak is a member of the Three Saints Association. She probably can't wait for the Shanhai Empire to be in chaos.

How could she issue a quest that would benefit the Shanhai Empire?

Since the quest scroll isn't hers, how did she know about it?

Crazy Blade sent a message.

"Emperor Xue, another wave of monsters is attacking Sunset Town."

Lin Tianhao remained calm, his eyes fixed on the Peak Master of Falling Dusk Peak.

"Are you so sure that I would leave here for a Gods' Blessing pre-quest scroll?"

The Peak Master of Falling Dusk Peak grinned, "It's okay, you don't care. Then let's fight. Sunset Town suffered heavy losses last time. This time, I estimate it will be destroyed in fifteen minutes without being defended."

"Is that so?"

Lin Tianhao smiled noncommittally, "I still don't know how you know about the Gods' Blessing pre-quest scroll in my hand."

"But it doesn't matter anymore. Today, since you're here, don't even think about leaving!!"

The Peak Master of Falling Dusk Peak frowned, "Are you really willing to give up that Gods' Blessing pre-quest scroll?"

"I'm not willing to give it up, but why can't I have both fish and bear's paw? I insist on having everything, is there a problem?" Lin Tianhao smiled.

The Peak Master of Falling Dusk Peak snorted coldly, "Is that possible? In fifteen minutes, although we are fewer in number than you, it is absolutely impossible for you to take us down."

"It's a bit troublesome, but I want to tell you, I have arranged people on the Sunset Town side?"

Lin Tianhao was still calm and composed, without the slightest panic.

"Impossible!!"

"How could you know that I have this arrangement?" The Peak Master of Falling Dusk Peak gritted her teeth.

"You're right about that. I didn't know you were going to arrange people to attack Sunset Town before. I was just guarding against other people," Lin Tianhao said.

Lin Tianhao felt a little strange when the monsters suddenly attacked Sunset Town last time.

The Sea God Poseidon felt a power similar to the power on the Ghost Face Masked Man's ghost face mask from those monsters.

To be precise, the source of the power is the same, but the ghost face mask has divine power, while the power on those monsters is diluted countless times.

That kind of power can no longer be called divine power, but the source is divine power.

Even if the Ghost Face Masked Man wanted to retaliate against him, he shouldn't attack Sunset Town.

Therefore, from that time on, Lin Tianhao had already guessed that the content of the Gods' Blessing pre-quest scroll in his hand had been leaked.

This time, he needs to guard against the Ghost Face Masked Man when fighting against these major forces of the Shanhai Empire.

Therefore, Lin Tianhao hid the Undead Lovell Bais to in Sunset Town to deal with emergencies.

"Alright."

The voice of the middle-aged man in the robe came, "Emperor Xue, do you know that even the most exquisite calculations are castles in the air and not worth mentioning in the face of absolute power."

A powerful divine might was released.

Around the middle-aged man in the robe, silver eyes constantly appeared. These silver eyes seemed to tear through the void, observing Lin Tianhao from the void cracks, making people shudder just by looking at them.

"Releasing the domain to the extreme extent that is not sensed by the Twilight of the Gods, it seems you are also afraid,"

A smile appeared on Lin Tianhao's face, with a hint of mockery in his tone.

"Dealing with you, this little power is enough!"

Lin Tianhao didn't care, "Tentacle Monster, do you know? In today's game, everyone else is unimportant, only you are my core purpose."

"Being able to draw out Falling Dusk Peak and the Three Saints Association is just an unexpected surprise. I am sure that I will fight against the three major families, and you will definitely come out to reap the benefits."

The pupils of the middle-aged man in the robe suddenly shrank, "You want to slay a god?"

"Slay a god? The old Palace Master can slay a god, why can't I?"

At this point.

Lin Tianhao changed the subject, "And it's not like I haven't killed a god before, one more of you won't make a difference."

The middle-aged man in the robe took a deep breath, "I know you killed the God of the Undead, but I am not the trash that the God of the Undead is."

"Moreover, I feel that you have some misunderstanding about the possession of the remnant soul of a god. Do you think that the possession of the remnant soul of a god is very weak?"

Lin Tianhao waved his hand, "It doesn't matter anymore. Today, let's see how strong you really are."

As soon as the words fell.

The Death God Domain unfolded and collided with the Silver Eye Domain of the middle-aged man in the robe.

"A domain containing divine power? The third-grade Death God Domain of the God of the Undead."

A look of surprise flashed in the eyes of the middle-aged man in the robe.

"God of the Undead, I underestimated you. You actually possessed Emperor Xue."

At this point.

The middle-aged man in the robe changed the subject and continued, saying:

"It's a pity that your domain is still too poor!."

"If it is the sixth-grade Death God Domain of Death God Thanatos, perhaps it can threaten me."

Lin Tianhao was a little speechless, suspecting that he was possessed by the God of the Undead?

This brain circuit doesn't seem to be a problem.

"Whether you can beat me or not, you will only know after you fight."

"And you are afraid of the punishment of the Twilight of the Gods, but I am not afraid!"

A cold light flashed in Lin Tianhao's eyes.

The main body of the God of the Undead rushed out from the God Conferring List, and arrived in front of the middle-aged man in the robe in the blink of an eye.

"How is that possible?!"

The middle-aged man in the robe was shocked.

He thought that the God of the Undead, like him, was in a state of remnant soul.

But such a big and alive main body of the God of the Undead rushed in front of him, and completely burst out all the divine power without reservation.

As soon as the God of the Undead burst out all the divine power, thunderclouds gathered above the sky, thunder dragons rolled, and mighty heavenly power descended from the sky.

However, the God of the Undead didn't care, and directly grabbed the forehead of the middle-aged man in the robe, grabbing a translucent silver-eyed octopus from the forehead of the middle-aged man in the robe.

Chapter 298 - Kill Silver-Eye Nicholas!

Although the God of the Undead is extremely weak now, he is still the main body here.

The Silver-Eyed Octopus is just a remnant soul, and it's a fool's dream to compete with the main body of the God of the Undead.

"Berserk!"

"Three Heads and Six Arms!"

"Five Arrows Fired Simultaneously!"

The moment the God of the Undead made his move, Lin Tianhao also struck.

His feathered arrows surged out like a tide, empowered by the true meaning of archery.

Lin Tianhao's feathered arrows flew significantly faster than before.

-2701219!

-2701219!

... ..

One damage number after another appeared above the Silver-Eyed Octopus's head.

“Let go!!”

The Silver-Eyed Octopus roared, and the divine power on his body surged out.

But a remnant soul is, after all, a remnant soul. Held in the hands of the God of the Undead, no matter how hard he struggled, it was all in vain.

The Sect Master of the Slashing Gold Sect, seeing this scene, was about to take action to rescue him.

But before he could act, the Poseidon's Domain had already pressed down on him, making it difficult for him to even move!

“No!!”

“God of the Undead, you are simply a madman!!”

The Silver-Eyed Octopus roared repeatedly, but there was nothing he could do.

In less than a second, he was killed by Lin Tianhao.

“Ding, you have killed the Silver-Eyed Octopus. Since you have not changed jobs, you cannot gain experience points.”

Tianhai Island, Poseidon Temple.

Temple Master Kos Mobyuan suddenly opened his eyes, a flash of surprise flashed in his eyes, and his level also increased to level 500 at a speed visible to the naked eye.

“Snow Emperor, you really gave me a surprise.”

After laying out the plan, Lin Tianhao considered killing the Silver-Eyed Octopus, so he teamed up with Kos Mobyuan in advance.

Just like teaming up with Horn Guoling before, Kos Mobyuan takes 90% of the experience points.

... ..

Dragon Capital Imperial City, East Street!

Above the sky, a thunder dragon surged down and slammed into the God of the Undead.

The rules of Twilight of the Gods are above the gods.

Even if Lin Tianhao included the God of the Undead in the Fengshen Ranking, it would be of no avail.

However, after being bombarded, the God of the Undead did not die directly, but fell into a state of extreme weakness and fell into a deep sleep.

Only after his power recovers to a certain level can he be resurrected.

Normally speaking, this time requires at least ten thousand years, or even fifty thousand years.

However, if Lin Tianhao can kill the strong and let the God of the Undead absorb the power of the undead, he can recover quickly.

The smooth implementation of this plan is to let the God of the Undead exchange one-for-one with the Silver-Eyed Octopus.

However, this one-for-one has a benefit, that is, after the one-for-one, his Fengshen Ranking can restore the Silver-Eyed Octopus to its peak state.

And the God of the Undead is not really dead, but just fell into a long sleep.

“Ding, you have killed Silver Eye Nicholas. A full-server announcement is about to be made. Do you want to hide your name?”

After killing the gods and including them in the Fengshen Ranking, there is no way to touch the corpse, but it is not bad. This is a real addition of a god-level thug.

And this full-server announcement can be said to have alarmed the people of other holy lands.

Especially Binghuo Los Island!

Los Jingkong gritted his teeth, “How could this happen?! How did Silver Eye die?”

The demigod Chihua's expression was solemn, "According to the news sent back by the Three Saints Association before, Silver Eye was possessing the leader of the God Sheep Sect in the state of a remnant soul. This time he died, I'm afraid there is a big problem with the God Sheep Sect!"

"The specific situation will have to wait for feedback from the Three Saints Association."

... ..

Shanghai Empire, East Street.

"Peak Master Ran, Sect Master Ge, now, is it your turn?!"

A smile appeared on Lin Tianhao's face, and he asked Poseidon to activate Poseidon's Domain to the limit of the Twilight of the Gods rules detection.

Suppress with divine power.

"Run!"

Sect Master Ge's expression was extremely gloomy, and he immediately ordered the people of the God Sheep Sect and the Slashing Gold Sect to run away.

The people from Falling Xia Peak and the Three Saints Association also had no intention of fighting.

They were already few in number, and they still had to face Lin Tianhao's divine power. Wasn't this a fool's dream?

"Kill the people from the Three Saints Association first."

Lin Tianhao gave an order, and Yan Yu Lou took the lead, followed closely by Tianjian Sect.

The three family heads of the three major families looked at each other, and finally gave an order to lead the masters of the family to take action.

“Snow Emperor, I admit defeat today, but things are not over!”

Peak Master Falling Xia Peak had an extra scroll in his hand, and he immediately wanted to crush the scroll.

But at this moment.

A zither sound came, the zither sound was sad, making people feel sad and even wanting to commit suicide involuntarily.

“A song that breaks the heart, where in the world can one find a soulmate!”

An old voice came, and the scroll in the hand of Peak Master Falling Xia Peak was torn apart by a zither sound sword energy that flew at extreme speed.

“The killer of the Net, the Heartbroken Zither Demon!”

Peak Master Falling Xia Peak's face changed slightly, she instantly activated her Azure Water Domain, and at the same time activated her Overlord Body, Berserk.

A pair of translucent azure water wings appeared on his body.

The azure water wings waved, and Peak Master Falling Xia Peak soared into the sky.

But as soon as she flew up, a formation appeared above her head, and chains of ink-like darkness surged out from the dark formation and wrapped around the body of Peak Master Falling Xia Peak.

“The Dark Magic Boy!”

The Azure Water Domain on Peak Master Falling Xia Peak's body rotated, shattering the dark chains on his body.

But as soon as the chains were broken, a blood-red giant sword fell from the sky and knocked Peak Master Falling Xia Peak down from the sky.

“The Giant Arm Sword Master!”

Peak Master Falling Xia Peak simply couldn't believe his eyes.

“The three trump card killers of the Net have all been dispatched!!”

As soon as she finished speaking.

A large number of Net killers appeared again, frantically slaughtering the people of the Three Saints Association.

Under the suppression of divine power, the people of the Three Saints Association were like chickens and dogs, killed by the Net killers and the people of the Tianjian Sect.

And the Lou Master of Yan Yu Lou was fighting with the leader of the God Sheep Sect.

A chaotic battle appeared in the field, and Lin Tianhao continued to maintain the state of three heads and six arms, and feathered arrows continued to pour out.

Although the flying speed of his feathered arrows has increased a lot, these people are basically starting at five turns, six turns, and seven turns are everywhere, and there are a few eight-turn masters.

Such a lineup.

Lin Tianhao's feathered arrows simply can't attack them.

He can only rely on his attack speed to suppress them in all directions.

At the same time.

Using the ability of the Silver-Eyed Octopus to attach the silver eyes to the feathered arrows to harvest those seven-turn and eight-turners with residual health.

Because Lin Tianhao can enslave the souls of those killed by him.

And after he enslaves the souls, he can let the enslaved undead kill other residual blood, which is also counted as his kill.

The snowball will get bigger and bigger, and the number of undead army can also be greatly improved.

The most critical thing is.

This time, the souls of these people are enslaved, the number is not large, but the quality is very high, basically starting at six turns.

These are the real mid-to-high-end combat power of the Shanhai Empire.

Chapter 299 - The battle subsides: the holy land is shaking!

As the number of undead enslaved by Lin Tianhao increased.

The people from the Four Great Factions of the Three Saints Association, the Divine Sheep Cult, Falling Cloud Peak, and the Golden Chopping Gate became fewer and fewer.

But in the end, they couldn't all be kept here, and some still escaped.

But it doesn't matter anymore.

He only has one goal.

Not a single person from the Three Saints Association can escape. With the addition of the Assassin Organization, indeed, not a single one escaped.

Then.

There was a continuous stream of server-wide announcements.

Anyone killed here by Lin Tianhao, without exception, was a boss-level NPC, so killing any one of them would trigger a server-wide announcement.

Lin Tianhao had no intention of hiding it, he was playing his cards openly!

Hiding is useless, the people from the other Holy Lands can guess it.

Moreover.

The battle here was so intense, and it was on the East Main Street of Dragon Capital Emperor City, so even if they couldn't guess it, a little investigation would reveal it was him.

"Server-wide announcement, congratulations to player Snow Emperor for killing Ran Qihong, hereby announced, hoping that all players will continue to work hard."

... ..

After hearing this series of server-wide announcements, the players were all dumbfounded.

Then there was an overwhelming sound of discussion.

"Damn, damn, damn, I'm uncultured, so I can only say 'damn' to everything."

"Why do the people killed by Boss Snow Emperor seem so familiar? Oh right, many of them are from Falling Cloud Peak."

"Crying, I just joined Falling Cloud Peak for a day. I originally thought I could be carried by this ninth-ranked major power, but..."

... ..

It wasn't just the players who were constantly discussing.

Among the NPCs, there was also an overwhelming discussion.

Falling Cloud Peak.

This was one of the Four Great Sect Forces in the Mountain Sea Empire, but now, it seemed like it was about to be wiped out by Lin Tianhao.

Vast Infinity Palace.

Above the main hall.

The Second Palace Master, Xiudeli · Haotu, had deep eyes as he looked towards the direction of the Mortal Hall.

"Snow Emperor... truly interesting. For a player to be able to do this at this stage, it's truly unimaginable."

Below Xiudeli · Haotu, an old man in a white robe respectfully bowed.

"Second Palace Master, I just received an even more interesting piece of news."

"Oh?"

Xiudeli · Haotu became a little interested, "Tell me, what news is it?"

"News came from the Mountain Sea Empire that Snow Emperor is the Lord of the Mortal Hall."

"What?!"

Xiudeli · Haotu was taken aback, "Snow Emperor? He's an adventurer, is the old Hall Master of the Mortal Hall crazy? To actually choose an adventurer to be the Hall Master."

"Perhaps it's not that the old Hall Master of the Mortal Hall is crazy, but that he values Snow Emperor too much."

The old man in the white robe said solemnly, "And listen to these server-wide announcements, Snow Emperor's first battle after taking office was to target Falling Cloud Peak. The key is that he actually did it."

"Father, I think we should reconsider our relationship with the Mortal Hall."

A woman dressed as a scholar stepped out.

If Lin Tianhao were here, he would definitely recognize her.

She was the Black Robe Leader, Xiudeli · Moli.

Xiudeli · Haotu nodded, "I was just about to look for you. Snow Emperor helped you establish the Vast Sea Kingdom, how much do you know about him?"

"He seeks profit, but has his own principles. He has powerful attributes, but remains calm and collected. He is good at thinking, values gratitude and revenge, and is someone you can associate with, but not make an enemy of."

Xiudeli · Haotu was a little surprised, "You've always been arrogant, to actually say these words."

"Level 1000? Level 2000?"

Xiudeli · Moli had a strange expression on her face, "What if, Father, I told you he was only level 50?"

"How is that possible?!"

Xiudeli · Haotu denied it without even thinking.

"It's undeniable that he possesses a God-level talent, but even the permanent stacking attributes of a God-level talent can't achieve this?"

"Don't say that these adventurers have only been in Twilight of the Gods for less than two months, even if it's two years, it would be difficult for him to have such achievements."

"And listen to these server-wide announcements, who is he killing now? Sixth Transition, Seventh Transition, Eighth Transition, even the Peak Master of Falling Cloud Peak at the Ninth Transition died at his hands."

Xiudeli · Moli smiled bitterly, "Although it is indeed a bit absurd, this is the truth."

Xiudeli · Haotu stared at his daughter for a while, and finally nodded heavily.

"If that's the case, it seems I really need to personally visit the Mortal Hall."

... ..

Tutu Lu Holy Mountain!

Tutu Lu · Hongqiong had a satisfied smile on his face.

"Hahaha, old stubborn, it seems you chose a good successor. In such a short time, he not only successfully killed a god, but also resolved Falling Cloud Peak and the Three Saints Association."

... ..

Icefire Ross Island!

Ross Jingkong and the Red Flower Demigod listened to these server-wide announcements.

The two looked at each other, with disbelief in their eyes.

"What exactly happened? How could Falling Cloud Peak and the Three Saints Association be eliminated, and in such a short time."

Ross Jingkong gritted her teeth a little. They had put a lot of effort into inserting the Three Saints Association into the Mountain Sea Empire and corrupting Falling Cloud Peak.

Originally, they all thought that now that the Mountain Sea Empire was reviving, the Three Saints Association and Falling Cloud Peak would achieve great things and stir up trouble in the Mountain Sea Empire.

But how long has it been?

Before they even started stirring up trouble, they were already completely cold.

"It seems that we really need to carefully consider countermeasures for this Snow Emperor. He is more powerful and smarter than we thought."

The Red Flower Demigod had a serious expression, "After the Holy Master of the West Pole Holy Land finishes her seclusion, we'll discuss it with her again."

"We really need to treat this new Hall Master at the same level as the old Hall Master of the Mortal Hall."

Ross Jingkong nodded, she hesitated for a moment before saying:

"The Holy Land New Talent Competition in two and a half months, prepare well. The Mortal Hall is already like this, we can't let them get more resources, not even a little!"

"We can only suppress their development first, and use the rules of Twilight of the Gods to constantly become stronger, and eventually suppress them."

... ..

Mountain Sea Empire, East Main Street.

The battle has ended.

Under Lin Tianhao's targeting, not a single person from the Three Saints Association and Falling Cloud Peak escaped.

Some people from the Divine Sheep Cult and the Golden Chopping Gate did escape.

But Lin Tianhao didn't care.

He has now put the Silver-Eyed Octopus on the Conferred God List, so it won't be difficult to find the Divine Sheep Cult.

Moreover, he still has his own considerations for keeping the Divine Sheep Cult.

For example...

Let the Silver-Eyed Octopus go back to find the people of the Divine Sheep Cult and arrange for them to cause trouble in the territories belonging to other Holy Lands.

After all, if other Holy Lands can arrange for a Three Saints Association to come, why can't he insert a Divine Sheep Cult back in?

Chapter 300 - The skills of the Silver-Eyed Octopus!

He could even play a game of double espionage.

For example, he could have the Divine Sheep Sect defect to Icefire Los Island or something.

In reality, the Divine Sheep Sect would still listen to the Silver-Eyed Octopus's orders, appearing to target the Hall of the Mortal, but actually helping them.

Of course.

These ideas are still premature.

Lin Tianhao smiled at the three ace assassins of the Web of Shadows, "Thank you for your help this time. You will receive everything promised."

The Dark Magic Child was expressionless, "Then I hope Lord Hall Master will send the gold coins soon."

The people of the Web of Shadows.

Were also Lin Tianhao's doing.

They kill for money!

Lin Tianhao wanted to ensure this operation was foolproof, so the Web of Shadows assassins were crucial.

As for money?

It wasn't important to Lin Tianhao.

The existence of high interest rates allowed Lin Tianhao's money to generate money too quickly.

Now, the Mountain and Sea Empire's banking business is operating normally. Lin Tianhao currently has over 50 billion gold coins in savings, and his daily income from high interest rates exceeds 500 million!

And this amount continues to increase.

For hiring the Web of Shadows, Lin Tianhao promised to pay 100 billion gold coins.

He didn't have it temporarily.

However, Lin Tianhao's identity as the Hall Master of the Hall of the Mortal allowed the Web of Shadows to give him face and accept payment later.

Next.

Was the delightful corpse looting segment.

The people of Falling Sunset Peak and the Three Saints Association were all boss-level, and not low-level bosses at that.

"Ding, you have obtained equipment +4."

"Ding, you have obtained skill book +2."

"Ding, you have obtained gold coins +300,000."

"Ding, you have obtained free attribute points +1,000."

"Ding, you have obtained..."

.....

Lin Tianhao's gains were enormous, and the quality of these items was not low.

However, similarly, the usage requirements were also not low.

As a Tier 1, he could only look at most of the items.

However, the greatest gain had already been obtained from this scheme. These were somewhat insignificant.

"Thank you, three patriarchs."

Lin Tianhao smiled at the patriarchs of the three great families.

Patriarch Mu frowned, "Snow Emperor, if there's nothing else, we'll leave first."

"Wait."

Lin Tianhao's voice rang out again.

"The Hall of the Mortal is quite good. Why are you unwilling to join? Is it just because your ancestors produced gods?"

Patriarch Mu's expression changed slightly, "Does Lord Hall Master want to get rid of us after we've served our purpose?"

"I didn't say that."

"But I feel like that's what you want to do!"

Patriarch Mu's eyes were deep as he stared at Lin Tianhao, seemingly wanting to see through his inner thoughts.

Patriarch Mu's expression became serious, "Since you want to hear the truth, then I might as well tell you, we don't think you have the ability to rule us."

Lin Tianhao's eyes narrowed slightly, "Do you look down on me that much?"

"Just speaking the truth. Your strength relies too much on external forces. The feathered arrow you used just now had decent damage and attack speed."

"But the arrow's speed is average, and it doesn't have a domain. The level of Dao is only at the True Intent level. If you don't rely on external forces, it would be difficult for you to kill a Tier 6."

Lin Tianhao frowned. This was somewhat belittling.

But he had to admit that this guy was right.

"Then are you saying that if I can beat you, you'll listen to me?" Lin Tianhao asked.

"No, the previous Hall Master of the Hall of the Mortal could also beat me."

"In a little over two years, there will be the peak battle of the Holy Land Masters. If you can defeat any Holy Master with your personal strength, we will all submit to you."

"Three years?"

Lin Tianhao frowned, "That's too long."

"Our three great families have no malice towards the Mountain and Sea Empire, and we will never become puppets of Western forces. If necessary, we will also take action like today,"

Patriarch Mo said seriously.

Lin Tianhao pondered for a moment, and finally nodded in agreement.

"Alright, I believe you."

After dealing with the matters here, Lin Tianhao returned to the Hall of the Mortal.

At the same time, he told Chief Elder about the leaking of the contents of the Gods' Blessing pre-quest scroll.

Hall of the Mortal.

Lin Tianhao invited the Silver-Eyed Octopus out.

"Tentacle monster."

Lin Tianhao looked at the Silver-Eyed Octopus with a smile, "Shouldn't we have a good talk now?"

The Silver-Eyed Octopus's size could be adjusted. Now it had shrunk into a silver-spotted blood-colored octopus only the size of a palm.

"Lord..."

The Silver-Eyed Octopus's mood was very low.

As a dignified god, it was enslaved by Lin Tianhao.

"Hehe, don't be so unhappy. You've now returned to your peak state."

"Yes."

The Silver-Eyed Octopus waved its tentacles.

"Now that you've returned to your peak state, shouldn't you consider giving me some skills or something?"

"And you, Sea God Poseidon."

The Silver-Eyed Octopus smiled bitterly, "What skills does Lord want?"

"What skills do you have?" Lin Tianhao asked.

"Silver-Eyed Gaze, Void Shuttle, Silver-Eyed Blood Cage, Silver-Eyed Black Hole, Silver-Eyed Domain."

Lin Tianhao frowned slightly. These skills sounded like they were just average.

"Show me the effects of the skills."

Silver-Eyed Gaze: 1 Star.

Learning Requirement: None.

Effect 1: Consumes a certain amount of mana to create a silver eye in the designated location. The silver eye's perspective is synchronized with your perspective. (The amount of mana consumed is related to the space and distance the silver eye appears).

Effect 2: You can leave an extremely hidden silver eye on a person. The silver eye will always accompany this person's movement, and the movement range cannot exceed 100 kilometers from you. (Note: Only one silver eye can exist. Consumes 1,000 mana).

Consumption: 1000+.

Cooldown: 30 minutes.

Proficiency: 0/100.

This skill has no combat properties. It is surveillance and investigation in nature and can only be used for assistance.

It still has some use.

"Not bad, I'll take this skill."

Lin Tianhao smiled.

Then, the second skill.

Void Shuttle: Cannot be starred.

Learning Requirement: None.

Effect: You can step into the void for rapid traversal. The greater the traversal distance, the more mana is consumed.

Consumption: 1000+.

Cooldown: 30 minutes.

Proficiency: Cannot be starred.

Compared to the Kunlun Mirror, this Void Shuttle has a noticeable difference.

Silver-Eyed Blood Cage: 1 Star.

Learning Requirement: None.

Effect: Releases a silver eye behind the enemy. A tentacle will extend from the silver eye to entangle the enemy. The maximum casting distance is 100 meters. The control will quickly disappear after moving away from this distance.

Consumption: 100,000 maximum health points (only deducts from the source of vitality, not the health points enhanced by equipment).

Cooldown: Six hours.

Proficiency: 0/5.

(Note: The number of silver eyes and tentacles is determined by the star level. At max level, a tentacle cage can be released. This control cannot be broken by non-divine power or Dao Inquiry Realm).

.....

It's time to bring out my son's women's clothing!
