

Online game: I have super god-level talent

#3 - Chapter 3: Resurrection Ring!

Zhou Xiaopang quickly stood up, "Manager Li, Brother Hao is definitely watching the promotional video to better understand the game."

"Moreover, I got two silver coins today, I'll give one to Brother Hao, okay?"

"No."

Li Haitao said coldly, "If you're slow in the game, you'll be slow every step of the way. How will you keep up with the pace in the future?"

Zhou Xiaopang wanted to say something, but Lin Tianhao raised his hand to stop him.

"Fatty, forget it."

"But your sister still needs money for surgery, and without a job..."

"Don't worry, I can earn the surgery fee."

Lin Tianhao got up and turned to leave.

Walking out of the Dream Chasing Club.

Lin Tianhao felt relieved. In his previous life, he wasted too much time here, putting too much energy into gold farming.

Zhou Xiaopang chased after him from the club, "Brother Hao, there are still 20,000 yuan in this card, you can use it for emergencies first. When I earn money, I'll give you some more. I'll definitely help you raise enough money for Qingqing's surgery."

Lin Tianhao was quite moved. Fatty, Skinny Monkey, and Glasses, these were Lin Tianhao's three best brothers.

They were also the three brothers who spared no effort to help him when Lin Tianhao was poor and down on his luck in his previous life.

"Fatty, leave the Dream Chasing Club and come out and work with me. Let's start a studio and be our own bosses."

Zhou Xiaopang was stunned for a moment, "Brother Hao, if you say so, I won't hesitate, but your sister..."

"I understand what you mean. Three days, I only need three days to earn enough money for the surgery from the game."

Lin Tianhao's eyes were firm, even without a super-god-level talent.

With his memories from his previous life, he still had a way to earn his sister's surgery fee through the game.

"Okay."

Zhou Xiaopang didn't question Lin Tianhao, "Then I'll call Skinny Monkey and Glasses together."

"Okay."

Zhou Xiaopang returned to the Dream Chasing Club and quit his job directly.

A bare resignation!

He wouldn't get a single penny.

But he didn't care.

He believed in Lin Tianhao.

This is brotherhood!

Skinny Monkey and Glasses were not in Binhai right now, but Zhou Xiaopang had already sent them a message, and they both said it was no problem at all.

Heading to the Twilight of the Gods login device sales point, Lin Tianhao and Zhou Xiaopang spent 20,000 yuan to buy two game pods.

Returning to the rented house.

His sister was in the hospital at this time, but Lin Tianhao didn't go to see her.

It wasn't that he wasn't worried, but Lin Tianhao knew that the most important thing now was to make money.

"Fatty, after you enter the game, level up first. After you reach level ten, don't rush to the main city."

"Okay."

Re-entering the game.

Twilight of the Gods directly binds to the iris and DNA, so changing the login device will not create a new account, it will still be the original account.

Returning to the game, Lin Tianhao continued to hunt red-eyed rabbits.

Five hours passed in a flash!

"9998."

"9999."

First, he accepted the quest to collect red eyes, and then he submitted ten thousand red eyes.

"Great adventurer, you are truly a person of extraordinary perseverance. I will give you a special reward."

The old village chief smiled at Lin Tianhao with great satisfaction.

"Ding, you have completed the Red Eye quest, reward experience points +1000, silver coins +5, skill normal attack amplification +1."

"Learn skill."

Lin Tianhao learned the skill without hesitation.

Normal Attack Amplification (Passive Skill): 1 star.

Effect: Your normal attack range is increased by five percent.

Cooldown: None.

Consumption: None.

Proficiency: 0 / 1000.

As expected!

"Brave adventurer, your perseverance is the only one I've ever seen. If you can hunt ten BOSSes, I will give you an unexpected reward."

Lin Tianhao was stunned for a moment. Ten BOSSes? What kind of immortal promotion quest was this?

He had thought that there might be a follow-up to this quest, but he didn't expect it to be so outrageous.

"Ding, the old village chief has issued a new quest to you, hunt ten BOSSes in the novice village, quest penalty: deprive you of your skill [Normal Attack Amplification], quest reward: unknown, do you accept?"

"Accept!"

Hunting BOSSes coincided with what he was planning to do next.

To make money, it was necessary to consider hunting BOSSes.

Leaving the novice village, Lin Tianhao went directly to the territory of the level ten Twisted Treant.

He needed to level up first, otherwise his attack speed would not be enough to hunt BOSSes.

Twisted Treant (Normal): Level 10.

HP: 1900 / 1900.

Attack: 32.

Skills: Vine Rotation, Revival.

"Swoosh!"

Lin Tianhao raised his hand and shot out an arrow.

-424.

After hunting red-eyed rabbits, Lin Tianhao's health had reached more than 21,200 points.

Although his attack power could not break through the Twisted Treant's defense, the true damage of the Hand of Heavenly Punishment passive should not be underestimated.

Nineteen hundred health points was only a matter of five arrows.

"Ding, you have killed the Twisted Treant, experience points +90."

A satisfied smile appeared on Lin Tianhao's face. The experience point reward for killing monsters beyond his level was truly generous.

Normally, killing an ordinary Twisted Treant would only give ten experience points, but now, it gave a full ninety points.

Adding the one thousand experience points rewarded for completing the quest before, Lin Tianhao only needed to hunt twenty Twisted Treants to level up.

Not only that, but killing Twisted Treants beyond his level would also increase the drop rate.

"Ding, you have killed the Twisted Treant, experience points +90."

"Ding, you have killed the Twisted Treant, experience points +90."

...

"Ding, you have reached level 3, free attribute points +5."

Without the slightest hesitation, Lin Tianhao added all the free attribute points to attack speed.

The original 0.73 attack speed increased to 0.83.

After hunting twenty Twisted Treants, equipment finally dropped.

Revival Ring: Normal.

Wearing Requirement: Level 10.

Effect: Restores 2 health points per second.

Durability: 100.

It's actually a ring!!

Lin Tianhao was taken aback. This was actually the ring that was the hardest to drop in Twilight of the Gods.

It's just that this effect was really useless to Lin Tianhao.

Restoring two health points per second, weak.

But it was useless to him, but he believed that someone would be willing to buy it.

Thinking like this, Lin Tianhao directly put this equipment on the trading house.

He chose the auction mode, with a starting price of five hundred and an auction time of five minutes.

If it was in an earlier novice village, Lin Tianhao would definitely directly list it for 10,000 yuan, after all, those guilds that wanted to compete for advantages in the early stage would naturally buy it at a high price.

Five minutes later...

"Ding, player Floating Tower Shield Mountain has purchased your equipment."

"Ding, player Floating Tower Shield Mountain requests to add you as a friend."

"People from the Floating Tower Guild?"

Seeing this prefix, Lin Tianhao couldn't help but be a little surprised.

The Floating Tower Guild was one of the top ten guilds in Dragon Country, so logically speaking, they shouldn't have entered the game so late.

"Snow Emperor, leave a friend slot, can I take the liberty to ask, what quest did you get this Revival Ring from? I'll pay for the information."
