

Online game 311

Chapter 311 - Gravity suppression, cheat to win!

So it is.

Under the intense battle, Dual Blade War God's health has dropped to twenty percent.

While Dragon Team still has thirty percent health.

If the battle continues at the current pace, Dragon Team has a very high chance of winning.

"Hahaha, Dragon Team is invincible, Dragon Country is invincible! Weren't these Western players so arrogant? Let's see how arrogant they are later."

"Dragon Team seems to be getting stronger as they fight. If this continues, victory is definitely ours."

"Keep going, staying steady is victory!"

... ..

The players from Dragon Country seemed to see hope, and they were all extremely excited.

The emotions of the Western players were somewhat low.

They were the ones who provoked the fight, but now they are showing signs of defeat in the first battle.

"Axi ba, what the hell is going on? Weren't they very arrogant before? How did it turn out like this?"

"Ba ga ya lu, this Dual Blade War God is simply trash. If I had known, we should have let the Heavenly Ninja Blood Buddha of the Sakura Empire take action. He would definitely be able to kill this Dragon Team easily."

"Sh*t f*ck! What the hell is Dual Blade War God doing? He was so arrogant just now, but he can't even beat the first person from Dragon Country. Don't say you are from our Great Rice Empire when you go out in the future, it's too embarrassing!!"

... ..

The allied players, represented by the West, were all furious, as the first battle greatly disappointed them.

However.

Everyone thought that Dragon Team was sure to win, including Dragon Team themselves.

But Dual Blade War God was calmly terrifying, with a kind of mysterious confidence, as if he was the one getting stronger as he fought.

The battle continued.

Dragon Team still completely suppressed Dual Blade War God, which made the Dragon Country players cheer.

The number of viewers for this battle directly exceeded one hundred million, and many players even stopped farming monsters to watch the outcome of this battle.

Finally.

After Dragon Team sacrificed six percent of their health, they successfully reduced Dual Blade War God's health to below ten percent.

But at this moment.

Dual Blade War God's health began to recover rapidly.

This is not another skill, but the skill Lin Tianhao obtained in the novice village: Withered Wood Revives in Spring!!

Withered Wood Revives in Spring comes from the ultimate boss, Nine-Headed Hydra, in the hell-level difficulty of the Twisted Jungle in the novice village!!

The hell-level difficulty of the Twisted Jungle is self-evident.

To clear the hell-level Twisted Jungle can be said to be extremely difficult.

But this Dual Blade War God actually obtained the skill Withered Wood Revives in Spring.

In other words.

"How did Dual Blade War God's health recover by thirty percent?!"

"How can there be such a perverted skill? Is there a priest healing him?"

... ..

Dual Blade War God looked at Dragon Team playfully.

"I now have forty percent health, compared to your twenty-four percent, do you still have a chance of winning?"

Dragon Team's expression was solemn, and a cold light flashed on his spear.

"True Meaning of Spear?"

"I didn't expect you to have hidden something!"

Dual Blade War God was a little surprised, but that was all.

He didn't worry that he would lose because Dragon Team used the True Meaning of Spear.

In the previous battle, Dual Blade War God seemed to have used all his methods, and he didn't believe that the other party had any other tricks.

But now in the battle, he didn't have the opportunity to think so much.

"Clang clang clang——"

The two collided again.

Dual Blade War God, with his health advantage, was still no match for Dragon Team and was completely suppressed.

Dragon Team used fourteen percent of his health to knock off the thirty percent health that Dual Blade War God had just recovered.

And this speed is still increasing.

"Dragon Team, Dragon Team, Dragon Team!!"

"As expected of a master from our Dragon Country, this is too cool."

"Is that all? Is that all? Is that all? Weren't you very arrogant before? Even if you have an advantage in skills, you are still no match for our Dragon Team."

... ..

The players from Dragon Country seemed to have seen victory.

The current health of both sides is ten percent.

Looking at the previous battle situation, Dual Blade War God has no chance at all.

The players from various Western countries were gnashing their teeth with anger, cursing Dual Blade War God's ancestors for eighteen generations.

These external discussions did not affect the two in the battle.

Dual Blade War God looked at Dragon Team playfully and sneered: "What? Dragon Team, do you think you have a sure chance of winning?"

"Since that's the case, then let me show you my ultimate move."

Dual Blade War God pressed his dual blades down, and a fierce aura erupted.

"Do you think you have a chance to unleash your ultimate move?"

Dragon Team immediately wanted to rush up to interrupt Dual Blade War God from unleashing his ultimate move.

Only a fool would watch his opponent charge up his ultimate move without doing anything.

But just as Dragon Team was about to rush up, he felt his body sink, as if a thousand-pound boulder had been added to his body, making his movements sluggish.

"What's going on?!"

Dragon Team was shocked. He could be sure that the source of this method was not Dual Blade War God.

"It's you!!"

Dragon Team looked at a tall warrior behind Dual Blade War God, who was over two and a half meters tall.

This invisible pressure came from this tall warrior.

The tall warrior noticed Dragon Team's gaze, and a wicked smile appeared on his face.

Then he raised his middle finger and gave Dragon Team an international "friendly" gesture.

In the Special Forces team.

Shadow Kill was the first to notice Dragon Team's abnormality.

"Something's wrong, Dragon Team's condition seems to be having problems."

"Dragon Team's overall movements have slowed down a lot, what's going on?"

... ..

In the distance.

Potala Tianlong recited a Buddhist chant.

"Amitabha, it's really despicable."

In the battlefield.

Dual Blade War God had completed his charge.

"Dual Blade Soul Severing Slash!!"

The blade light gathered, dazzling and eye-catching. The live broadcast screen was full of blinding white light, and only some people on the scene could barely see what was happening in the battle.

-23847.

-23831.

-23852.

... ..

Under the ravages of the blade light.

Dragon Team's health was quickly cleared, and he fell on the spot.

Silence!

Pin-drop silence!

After a brief silence, there was a wave-like discussion.

"What happened? How could this be?"

"Wasn't Dragon Team fighting back and forth with this Dual Blade War God just now? How could he be instantly killed all of a sudden?"

"Ah ah ah, no, I can't accept this result, how could this be?"

... ..

The players from Dragon Country began to collapse. They originally thought they had a sure chance of winning, but they didn't expect such a change to occur.

And on the foreign network.

The people who were just spraying Dual Blade War God changed their tune all of a sudden.

"Hahaha, as expected of a master from our Great Rice Empire, Dual Blade War God is invincible. I said that our Great Rice Empire has Dual Blade War God, enough to sweep everything!"

Chapter 312 - Cheating? You are too naive!

"That's it? That's it? That's it? Who was just saying we were doomed to fail? Step forward."

"It's undeniable, the Dragon Country is too trash. One move and they're instantly killed, no pressure at all."

... ..

The sound of discussion continued.

The Twin Blade War God stepped forward and picked up a golden-grade heart guard that the Dragon Team had dropped.

"This is the expert from your Dragon Country? To be honest, it's really disappointing."

"You!!"

Little Nie was furious, but Shadow Kill immediately grabbed him and stepped forward.

"Just now, the Dragon Team was not in the right state. He was obviously suppressed by some means, and his overall speed was reduced too much."

"The source of that suppression power isn't you. You have other people cheating!"

Shadow Kill was not at the center of the battlefield and couldn't determine the source of the suppression power.

But he observed very carefully, and the root of that suppression power was not on the Twin Blade War God.

The Twin Blade War God smiled disdainfully, "Is this the expert from the Dragon Country? Losing and still finding such high-sounding excuses for themselves."

"This is not an excuse. With the speed of our Dragon Team, he would definitely be able to interrupt you from releasing your ultimate move, but he was suppressed."

The Dragon Team has already lost, how much chance of winning would they have if they went up?

Seeing this scene, the Twin Blade War God couldn't help but sneer: "What? Giving up already?"

"If you're giving up like this, then publicly admit defeat and admit that all the players in your Dragon Country are trash."

Shadow Kill gritted his teeth, "You cheated, and you still have the nerve to clamor."

The Twin Blade War God sneered, "Giving up is giving up, why bother finding such excuses for yourself? It's really laughable!"

The Dragon Country players were all a little unbearable.

"Is there no expert in our Dragon Country anymore? Is Xue Di the only one who can be put on the table?"

"Speaking of which, where did Xue Di run off to? Why doesn't he come out? Is he really scared?"

"Actually, I also feel that there was a problem with the Dragon Team's state just now. The suppression method must be real, but unfortunately, the invisible and traceless attack cannot be defined at all."

... ..

There were many people discussing, and some believed Shadow Kill's judgment, but unfortunately there was no evidence, and nothing could be done.

The Special Forces team and others were all gnashing their teeth. This situation of knowing that the other party was cheating but being unable to do anything made them all very uncomfortable.

Seeing that no one came out, the Twin Blade War God took a bottle of Big Red Potion and said:

"Is there really no one left in your Dragon Country? Is there no one who can fight anymore?"

Shadow Kill was about to say to wait for the Dragon Team to come and start a team fight, but at this moment.

He received a message.

When he saw the name and content of the person who sent the message, a smile couldn't help but appear on his face.

He stepped forward, his eyes falling on the Twin Blade War God and others.

"Don't you want to fight? Today, I, Shadow Kill, am here to accept the challenge of anyone from your Western countries!"

"You, whoever comes, I will kill! !"

The Special Forces team were all dumbfounded. They all knew that the Twin Blade War God's side had a strange suppression method.

But they didn't expect that he would dare to take action.

The Twin Blade War God was also dumbfounded. He didn't expect who gave Shadow Kill the confidence to dare to say such words.

"Okay."

"My state has only recovered fifteen percent, and I will challenge you with this fifteen percent state!"

The Twin Blade War God didn't take Shadow Kill seriously at all. To be precise, he had confidence in his teammates.

After the Twin Blade War God walked out, he inadvertently gave the tall warrior a look.

"Come on."

The Twin Blade War God held his twin blades and rushed up immediately.

Shadow Kill sneered, "A mantis trying to stop a chariot, overestimating yourself!"

The voice fell.

Shadow Kill also rushed up.

When the two were about to collide, Shadow Kill only felt a sinking feeling on his body, and his movements slowed down.

But compared to his slowness, the Twin Blade War God seemed to be directly imprisoned, and even moving was a problem.

"Puchi!"

The dagger easily cut open the Twin Blade War God's throat.

Critical hit! !

- 63850!

Bleeding!

- 10000.

- 10010.

... ..

Huge damage numbers appeared one after another, and the Twin Blade War God fell in an instant.

"How is that possible?!"

Seeing this scene, everyone present was stunned.

Immediately following was a tsunami-like discussion.

"This Shadow Kill is so strong, he instantly killed the Twin Blade War God with one blow."

"Are assassins so terrifying in head-on combat? This is too strong."

"Shadow Kill is indeed strong, but I feel that it's still because the Twin Blade War God was careless, plus his state was not very good, which gave Shadow Kill a chance."

... ..

The tall warrior was stunned when he saw the Twin Blade War God being killed. After all, he had clearly seen Shadow Kill's movements slow down just now.

It shows that his attack was effective.

But even so, it was actually the Twin Blade War God who died.

The tall warrior's thoughts were the same as many onlookers, that it was because the Twin Blade War God was careless that this was the result.

"You, is there anyone else?"

Shadow Kill looked at the tall warrior and others.

Heavenly Ninja Blood Buddha took a step forward and rebuked: "Shadow Kill, we are all assassins, then let's have a duel between assassins."

The voice fell.

Heavenly Ninja Blood Buddha directly entered stealth mode.

Shadow Kill also entered stealth mode. The players couldn't see them and could only guess who would reveal their flaws first.

But in just over ten seconds, Shadow Kill and Heavenly Ninja Blood Buddha appeared.

Shadow Kill was seen using a dagger to cut open Heavenly Ninja Blood Buddha's throat, then backstabbing and lightning combo.

In less than a second!

Heavenly Ninja Blood Buddha's health bar was cleared.

"Awesome, awesome, awesome! ! This is too awesome. Heavenly Ninja Blood Buddha is so strong, but he is still so easily killed in front of Shadow Kill."

"I have to admit, I used to underestimate Shadow Kill too much. He should be the most underestimated assassin in our Dragon Country."

"Let me say one thing, Shadow Kill is the number one assassin in Twilight of the Gods, who agrees, who opposes?"

... ..

The Dragon Country players were all so excited.

The gloomy mood of the Dragon Team's previous defeat completely disappeared, two wins in two battles.

If they felt that there was a fluke element when Shadow Kill killed the Twin Blade War God at the beginning.

But this killing of Heavenly Ninja Blood Buddha, both sides were in full state.

"Shadow Kill, you cheated! !"

At this moment, the tall warrior stepped out.

"Heavenly Ninja Blood Buddha sent me a message just now, he was suppressed by a particularly powerful force, and the source of that power is not you at all! !"

Chapter 313 - Piano sound attack!

Shadow Kill glanced at the tall warrior and chuckled, "To quote that so-called 'Twin Blade War God,' you're just making excuses because you can't win."

"If you're scared, then admit defeat and acknowledge that all Western players are trash. If you have the ability, then stand up and defeat me fair and square."

Shadow Kill used the Twin Blade War God's words to retort, leaving the tall warrior speechless.

The tall warrior's expression darkened, "Good, very good, excellent. I'd like to see just how powerful the person helping you really is."

With that, the tall warrior stepped forward, preparing to fight Shadow Kill.

"Fruxiang, you are not his opponent, step back."

Upon hearing this, the tall warrior's expression became respectful.

He respectfully saluted the golden-robed man who spoke, "Yes, Lord Jindelan."

Jindelan's gaze fell on Shadow Kill, "You are not my opponent, step back."

Shadow Kill didn't care, "How would I know I'm not your opponent if I don't fight?"

"Enough."

Jindelan raised his hand, and a powerful force pressed down on Shadow Kill, bending his figure slightly.

"Snow Emperor, I know it's you. Now that you're here, why not show yourself?"

Shadow Kill was shocked. This Jindelan was no simple character, actually knowing that the Snow Emperor was helping him.

It was Lin Tianhao who had sent him the message, and it was Lin Tianhao who was using Divine Might to help Shadow Kill win.

"Jindelan, right? You are a divine envoy, yet you condone your people cheating?"

Lin Tianhao walked out unhurriedly.

He was indeed a little late, because he was only one step away from breaking through to the mindless state, and it would be a waste if he didn't do it in one fell swoop.

Moreover, the seven-day agreement never specified whether it was morning or afternoon.

His arrival this afternoon didn't count as breaking the agreement.

It was Jindelan and the others who seized this opportunity to publicize it, and it was unknown what their intentions were.

"Cheating? Snow Emperor, you jest. How could we Westerners cheat?"

Jindelan clearly didn't intend to admit it.

Lin Tianhao chuckled, "If you put it that way, doesn't that mean we won? Best two out of three, the Dragon Team lost one game, and Shadow Kill won two."

Jindelan's eyes narrowed, "Snow Emperor, that's never been the agreement."

"You were the ones who invited us, you came alone, what's this about meeting alone!"

Faced with Jindelan's ridicule, Lin Tianhao didn't care, "Your thick skin is truly the first I've ever seen. If you hadn't turned black and white upside down and publicized it on the internet, would this situation have arisen?"

"Besides, the seven-day agreement didn't specify morning or afternoon. How am I breaking the agreement by coming now?"

Jindelan's eyes narrowed. They indeed wanted to take this opportunity to create momentum.

That post was prepared in advance, just to create hype.

Because they wanted to defeat the Snow Emperor under the spotlight, that's what would be truly meaningful.

"That's not important. Now that you're here, I just want to ask one question: does your offer to meet alone still stand?"

"It stands," Lin Tianhao replied.

With that, Lin Tianhao's gaze fell on the tall warrior, "The guy with gravity suppression, you're called Earth Jies, right?"

As he spoke, Lin Tianhao wrote down his name in the Book of Life and Death. Lin Tianhao still had an impression of this warrior with gravity suppression from his previous life.

Relying on gravity suppression to cheat, he slapped many people's faces.

-481958!

-215841!

Two seconds!

This Earth Jies only withstood Lin Tianhao's Book of Life and Death for two seconds before being sent back.

"What are you doing?" Jindelan stared at Lin Tianhao.

Lin Tianhao smiled, "What do you think?"

Jindelan's expression was solemn, "Good, good, good, Snow Emperor, you're ruthless enough."

"You've created such a big commotion, you must have many trump cards, right? Let me see just how good your trump cards are."

Jindelan nodded heavily, "Alright, Snow Emperor, your era will ultimately be ended by us today."

As his voice fell, a melodious zither sound came from the Black Iron Canyon.

This zither sound collided with the Black Iron Canyon, constantly amplifying the sound.

The entire Black Iron Canyon was like a giant loudspeaker.

"No, this sound is so piercing, I feel like my heart is about to stop."

"Damn it, listening to you play the zither is really life-threatening. I can't take it anymore, my poor eardrums."

.....

Lin Tianhao was still nonchalant, but the Eastern and Western players watching were being attacked by the indiscriminate zither sound and were already starting to struggle.

"Sunset Barrier!"

Flourishing Rain waved her staff, and a huge barrier appeared in front, blocking part of the zither sound.

"Shield of Heaven!"

Another person stepped forward, his shield stuck in the ground, a huge semi-transparent shield over fifty meters high and twenty meters wide appeared directly in front of the shield, blocking part of the sound again.

The two took action.

But the penetrating power of this zither sound was too terrifying.

The Sunset Barrier and the Shield of Heaven only blocked it for a short while before shattering.

"Here it comes again, this zither sound is too scary."

Some players covered their ears, but the penetrating power of this sound was too terrifying, and covering their ears was of little use.

"Amitabha."

Potala Tianlong chanted a Buddhist mantra and stepped out.

He walked to the front of the crowd, sat cross-legged, and began to chant Buddhist scriptures. Circles of golden light rippled out, forming a layer of golden protective cover, blocking the zither sound.

"Our Dragon Country players are truly full of hidden dragons and crouching tigers."

"Look at the Western side, they've also blocked the zither sound."

On the Western players' side, a warrior placed a cross in front, with a halo of light flowing on the cross, resisting the zither sound.

To watch the show, these players were also going all out.

In the field, Lin Tianhao was calm and composed.

With his state of mind reaching egolessness, the impact of such a zither sound on Lin Tianhao was already minimal.

"Is that all?"

Lin Tianhao looked at Jindelan.

Jindelan's eyes narrowed, his body turned into an afterimage, and he rushed towards Lin Tianhao in the blink of an eye.

The greatsword in his hand slashed towards Lin Tianhao's face.

"Clang!"

Lin Tianhao blocked Jindelan's attack with the God Striking Whip, followed by a God Striking Whip smashing towards Jindelan's head.

This was purely because the attack speed was fast enough, making people feel like Lin Tianhao's God Striking Whip had forked, blocking Jindelan's attack while also knocking on his head.

However, Lin Tianhao's swift blow missed.

Jindelan disappeared, and when he reappeared, he was already next to the left rock wall of the Black Iron Canyon.

Lin Tianhao frowned slightly. He didn't have much impression of this Jindelan in his previous life, and he wasn't very clear about his skills.

The speed of this teleport was actually faster than his spatial flicker.

But it didn't matter.

Lin Tianhao's feather arrows poured out.

This time, the same situation appeared. Jindelan disappeared and appeared next to the opposite rock wall.

Chapter 314 - Sword coming? Kill instantly with one arrow!

“Continuous teleportation, and using the same teleportation technique...”

Lin Tianhao muttered to himself.

This Kintland seems to have some tricks up his sleeve.

Just at this moment.

Archers began to attack Lin Tianhao.

Arrows flew, and from the frequency of the arrows, it could be seen that the archers' attack speed was around twenty?

Not bad.

It's already almost a quarter of Lin Tianhao's attack speed.

“If this is all you've got, then I just want to ask, who gave you the courage to provoke me?”

Five arrows fired simultaneously!

Lin Tianhao directly activated indiscriminate attack mode.

More than four hundred arrows per second, directly covering the area with arrows.

The various live broadcast rooms saw this scene and were immediately filled with question marks.

This attack speed is too terrifying!

“This, this, this, this... What am I seeing? This rate of fire, even a Gatling gun is nothing compared to this.”

“Young man, most Gatling guns have a rate of fire of four thousand to six thousand rounds per minute. From what I know, the highest is seven thousand two hundred rounds.”

“I just slowed down Xue Di's arrows by thirty times and saw that the arrows per second are no less than four hundred, which is twenty-four thousand arrows per minute, equivalent to four Gatling guns firing like crazy.”

... ..

In the barrage, many people were dumbfounded.

Especially after someone explained the rate of fire of Gatling guns, these players were even more stunned.

One person is equivalent to four Gatling guns firing like crazy, which can no longer be described as terrifying.

This is outrageous to the extreme, outrageously outrageous.

Such wild output directly suppressed Kintland and his group from the front.

The archer was directly dumbfounded.

Having an attack speed of twenty at this stage has always been one of his proudest assets.

But Lin Tianhao's arrows left him with no power to fight back.

“Iron Torrent!”

Kintland raised his hand, and countless iron sand ores in the Black Iron Canyon floated into the air, constantly blocking Lin Tianhao's attack.

“Withered Hand!”

Behind Kintland, the priest in golden armor made his move.

A cyan-gray palm appeared from under Lin Tianhao's feet, trying to grab Lin Tianhao.

But the moment the cyan-gray palm appeared, Lin Tianhao had already started moving, easily avoiding the Withered Hand.

“Bloodthirsty Ghost Curse!”

Not far away, a woman wearing a blood-colored robe waved her staff.

A curse mark appeared above Lin Tianhao's head.

“Ding, you are affected by the curse, all attributes are reduced by 2.25%, and you will enter a state of continuous health loss.”

... ..

Damage numbers constantly appeared above Lin Tianhao's head, but.

The amount of health lost was not even more than Lin Tianhao's base health recovery, having no impact at all.

“Damn it, what exactly are you?!”

The curse master couldn't help but curse. He cast a big curse, but the effect was so small, it was too outrageous.

Lin Tianhao smiled slightly. The strength of the Purification Jade Pendant was not a joke now.

This bit of negative effect was not enough to affect Lin Tianhao.

Lin Tianhao was not in a hurry, his eyes always fixed on Kintland.

Here.

Only Kintland had any combat power.

“Kintland, you publicized so much, didn't you just want to defeat me in front of everyone? Is this all you've got?”

Lin Tianhao said calmly, he wanted Kintland to use his trump card.

It was also a good opportunity to learn about the masters who had emerged from the West.

“Since you've said so much, then I'll let you see my real trump card.”

Kintland raised his hand.

“Sword... Come!!”

As the voice fell, countless weapons floated into the air.

“Magneto?”

Lin Tianhao was slightly surprised. What Kintland used was obviously the power to control metal.

As for the real 'sword come', it's not just about making weapons float.

Every flying sword contains the power of rules, whether it is true meaning or law.

There will be the power of rules.

Although Kintland made these weapons float, Lin Tianhao could feel it.

These weapons did not contain the power of rules.

Lin Tianhao could see it, but others might not be able to.

Seeing these overwhelming weapons, they were all dumbfounded.

“This... Shouldn't this be the method of our Eastern great god players?”

“With a shout of 'sword come', ten thousand swords fly together. This scene is truly shocking.”

“No wonder he dares to challenge Xue Di. With this one hand alone, I feel that Xue Di might actually lose.”

... ..

People who originally thought that Lin Tianhao was just unilaterally crushing him had begun to undergo subtle changes in their attitudes after seeing this scene.

As for the foreign network.

At this time, it was even more exaggerated, as if as soon as the ten thousand swords fell, Lin Tianhao would die on the spot.

“Tai Ri: Sky Full of Scorching Suns!!”

The mage who had not made a move also made a move.

All the weapons were ignited by flames.

The original sky full of weapons was already full of momentum, and now that these weapons were ignited, their momentum was raised again, appearing exceptionally terrifying.

“It's over, this is too strong.”

“Why do I feel like Xue Di is going to lose? This is too terrifying.”

“Xue Di, you must hold on, I'll give you ten Super Fires, you can't lose.”

Big shots in the live broadcast room had already started swiping Super Fires to cheer for Lin Tianhao.

Seeing the Super Fires in the live broadcast room, the streamers showed imperceptible smiles on their faces.

They also began to cheer for Lin Tianhao righteously.

Whether it was for the Super Fires, or because this battle concerned the honor of the East and the West.

They didn't want Lin Tianhao to lose.

“The ultimate move is good, but the charging time is a bit long.”

Lin Tianhao's ghostly voice sounded.

The next moment.

Kintland only felt Lin Tianhao flicker in front of him, and then he had already appeared behind him.

Space Flash + Shadow Chasing Instant Kill!

“Be careful!!”

Someone exclaimed to remind him.

Kintland sneered.

“You are too naive, don't you know that I can teleport infinitely?”

As soon as the voice fell.

Kintland disappeared, avoiding Lin Tianhao's attack.

Lin Tianhao didn't care, switched weapons, and shot an arrow at the air at the cliff wall.

Kintland reappeared and was hit by Lin Tianhao's arrow.

Critical hit!!

- 1012569!!

With one critical hit, Kintland's health bar was directly emptied. In front of Lin Tianhao, he had no power to fight back.

When Kintland was hit by the arrow, his eyes widened. He never dreamed of how Lin Tianhao knew where he was going to appear.

This time, Lin Tianhao did not let the Silver-Eyed Octopus and Poseidon directly help him.

Because if even dealing with these small fries required the gods to come down, then it would be too trashy.

Moreover.

Lin Tianhao didn't want to rely too much on the power of the gods during battles, which would not be good for his combat skills and the use of skills.

This time, Lin Tianhao was able to know where Kintland was going to land because he released a Silver Eye on Kintland. The Silver Eye would move with Kintland, giving Lin Tianhao the possibility to predict Kintland's landing point.

Chapter 315 - The final blow that consumes the essence of the soul!

At this moment, the onlookers were once again stunned.

“Did he just one-shot him with an arrow? Are you kidding me? I was ready to see countless swords flying and the Snow Emperor unleashing great divine powers to fight back.”

“And this is what I get to see? Are you kidding me?”

“That kill was too easy, right? I even took my pants off, and this is what I get to see?”

.....

Although Lin Tianhao killed Jin Delan.

Many players felt a bit disappointed.

They finally saw the climax, they even took their pants off, and this is what they got to see?

With Jin Delan dead and the steel torrent gone, the remaining people couldn't stop Lin Tianhao's attacks at all.

In the blink of an eye.

Lin Tianhao's arrows covered them.

Not a single person could withstand Lin Tianhao's arrow.

In an instant.

All of these people fell under Lin Tianhao's arrows.

Some of them had teleportation scrolls to escape.

But not a single person used a teleportation scroll, because losing was one thing.

But being timid before the battle and running away was another thing.

This battle!

Ended with Lin Tianhao's absolute crushing victory.

“Metal memory, reset!”

Just when everyone thought the battle was about to end with Lin Tianhao's crushing victory.

A violent roar sounded.

Immediately afterward, Jin Delan, who had already been killed by Lin Tianhao, appeared in the canyon with a teleport.

“Snow Emperor, the battle is not over yet. Today, you must die!!”

Jin Delan roared angrily. He raised his hand, and a large number of weapons burning with flames floated into the sky.

“Myriad Blade Meteor Shower!”

Jin Delan pressed down with his hand, and all the flaming weapons flew towards Lin Tianhao.

“Damn, I thought it was over, but I didn't expect there to be a reversal.”

“Hahaha, that's great, that's great. I never dreamed that I would be able to see Jin Delan use this ultimate move to attack the Snow Emperor.”

“What will the result be this time? Can the Snow Emperor withstand it?”

.....

Lin Tianhao looked at the flaming weapons flying like a meteor shower and couldn't help but smile.

“Silver Eye Black Hole!”

A one-star Silver Eye Black Hole can absorb one million damage, which is not enough to stop this steel torrent.

“Berserk!”

“Three Heads Six Arms!”

Lin Tianhao equipped the Nether Longbow, the God-Smiting Whip, and the Novice Longbow.

Five arrows fired simultaneously!

A thousand arrows per second!

In addition, Lin Tianhao was equipped with the God-Smiting Whip, so as long as he was hit by his arrows, the attached 100% armor penetration and 100% armor breaking attributes would explode.

In one second, thousands of flaming weapons were shattered by Lin Tianhao.

“Skyfire Meteor!”

Under Lin Tianhao's high-intensity attack, Skyfire Meteor was triggered, and thousands of flaming meteors fell from the sky.

The scene was gorgeous!

Both the flaming meteors and the flaming weapons fell from the sky, and the two collided, with explosions ringing out incessantly.

If Skyfire Meteor can be triggered once, it can be triggered a second time.

“Wow, wow, wow, it's so exciting. Isn't this better than those Sakura Country movies?”

“Ahem, you have a problem upstairs.”

“I don't, you misunderstood. I'm talking about Sadako.”

“Yo yo yo, a bit of a heavy taste.”

“What are you guys talking about with such an exciting scene?”

.....

The barrage flew all over the sky, and the people at the scene even got goosebumps.

This gorgeous battle was not fought by two top mages.

But an archer and a warrior collided and created such sparks.

“My arrows have no limit, what about your weapons? Even if they are ordinary weapons, how many do you have?”

Lin Tianhao showed a smile on his face.

With the Arrow Art True Intent blessed on the arrows, plus the constantly triggered Skyfire Meteor, Jin Delan was already difficult to parry.

“Snow Emperor, what kind of monster are you!!”

Jin Delan no longer had any weapons to control, and could only use the iron sand ore of the Xuan Iron Canyon to create a steel torrent to resist Lin Tianhao's attacks.

“Jin Delan, you can be proud of yourself for persisting so long under my hands,” Lin Tianhao said.

“No!!”

Jin Delan roared, “I will not lose, and I cannot lose.”

He spread his arms, “Come, come, I want more metal, I want you to die, Snow Emperor!!”

The entire Xuan Iron Canyon began to tremble violently. The players standing nearby swayed, and many even fell directly to the ground.

“What's going on? What is Jin Delan doing? Why do I feel like he has released some incredible ultimate move?”

“Isn't this too scary? He's really Magneto in the flesh.”

“Speaking of which, doesn't he consume anything? Controlling such a huge amount of metal should consume a lot, right?”

.....

The players were dumbfounded.

Lin Tianhao frowned slightly.

“I don't seem to have offended you, right? You're consuming your soul origin like this. Don't play yourself into an idiot.”

Lin Tianhao really had no memory of offending this person anywhere.

But how could he have such a deep hatred that he would consume his soul origin to kill him?

Consuming life origin reduces the upper limit of health, reducing the maximum health.

But if what is consumed is the soul origin, it is directly damaging the soul, and the severity of this is far above consuming life origin.

“Rise!!”

Jin Delan did not answer Lin Tianhao's question. All the iron sand ore in the entire Xuan Iron Canyon floated into the air.

These iron sand ores blotted out the sky and covered the sun, making people shudder.

And blood tears had already begun to flow from Jin Delan's eyes.

Not only his eyes, but also his mouth, nose, and ears were flowing with blood.

Fine cracks appeared on his entire face and arms, and wisps of blood seeped out of his skin.

At this time.

United States Battle Department!

A game nutrition pod was frantically issuing warnings.

“Warning, warning, the player's body is showing abnormalities, it is recommended to force offline.”

“Warning, warning, the player's body is showing abnormalities, it is recommended to force offline.”

.....

The prompt sound kept ringing, immediately alarming the guards outside.

The guards were flustered. All the elites of the US Battle Department were here, and he was not qualified to make decisions, so he could only report it immediately.

In the game.

Many people noticed the changes in Jin Delan's state.

"This... will it damage the real body..."

Shadow Kill looked solemn. He knew more about this game than ordinary players.

This kind of almost desperate fighting style could potentially cause damage to the real body.

"Definitely."

Dragon Team had already revived. He looked very serious, "This Jin Delan is too desperate, but that's okay."

"In the short term, we will have one less very strong enemy."

In the arena.

Lin Tianhao watched Jin Delan with interest.

He didn't interrupt. He didn't want to destroy the last hope of a person who was willing to risk damaging his soul origin to get him to drop a level.

"Can you tell me, what kind of deep hatred do I have with you? Is it worth you doing this!!" Lin Tianhao asked.

Chapter 316 - Different faction, so I can't help you!

"Want to know?"

"Take this attack of mine, and I'll tell you."

Kim De Lan roared, and then countless attacks of iron sand and stone rushed towards Lin Tianhao.

-10005.

+3001.

-10008,

+3002.

.....

Because of the Bloodthirsty Dragon Armor, Lin Tianhao would recover health when taking damage.

Therefore, each piece of iron sand and stone actually reduced Lin Tianhao's health by a little over seven thousand.

Even a thousand pieces of iron sand and stone would only amount to a little over seven million.

But Lin Tianhao also had heavy armor damage reflection.

Now that the heavy armor damage reflection had reached six stars, Lin Tianhao could reflect six percent of the damage he received, and also inflict a six percent grievous injury effect.

This grievous injury effect was somewhat insignificant.

But the six percent damage reflection was terrifying.

Each piece of iron sand and stone allowed Lin Tianhao to reflect about six hundred damage back.

Lin Tianhao just stood there, without any action, no attacking, no dodging, and no defending.

He just quietly watched Kim De Lan's frantic attacks.

Silence!

Pin-drop silence!!

Kim De Lan was stunned.

The players present were also stunned.

And the viewers in the live broadcast room were all stunned.

What did they want to see?

They wanted to see Lin Tianhao unleash a powerful move, leading to a peak collision.

And then?

What did they see?

Lin Tianhao stood there motionless, relying solely on damage reflection to bring Kim De Lan to low health.

And what about Lin Tianhao himself?

He still had nearly two-thirds of his health remaining.

This... was he even human!!

"Now can you tell me, why do you insist on killing me?"

"We don't have any deep-seated hatred, and everyone is a player. It doesn't seem to do you much good to kill me once, does it?"

Lin Tianhao was indeed very puzzled, what was this guy going crazy about?

He didn't seem to have any deep-seated hatred with this guy. Was it worth it to expend his divine soul essence to kill him once?

The key was, he couldn't even kill him.

"Snow Emperor, name a price, how about letting me kill you once?"

Kim De Lan did not explain. He looked at Lin Tianhao in a very sorry state, still not giving up on killing Lin Tianhao.

"Reason?"

"Killing you once will allow me to complete a very important mission."

Kim De Lan did not hide anything, because he knew that if he wanted to kill Lin Tianhao, he had to get Lin Tianhao to agree himself.

Otherwise, with Lin Tianhao's current damage reflection ability, he simply couldn't kill him.

Unless.

Lin Tianhao allowed him to attack with normal attacks, because normal attacks could drain blood, and this level of damage reflection was harmless to him.

"Mission?"

Lin Tianhao frowned, "Whose mission? What's the point of putting a bounty on me, a player."

"I can't say any more than that. Just tell me if it's okay or not. Anyway, dying once won't affect you much. I can give you a Flower of Talent Evolution, which should still be very helpful to you."

Lin Tianhao was slightly surprised, "The conditions are indeed tempting. If you were a Dragon Country player, I might have agreed. It's a pity you're not."

Hearing these words.

Kim De Lan's eyes were about to split open.

He was now bleeding from all seven orifices, and coupled with this expression, he looked ferocious and terrifying.

"Snow Emperor!!"

Kim De Lan stared at Lin Tianhao, "Although we belong to different countries, this world is all about interests."

"Sorry, interests also depend on the person. For people I don't understand, I'll look at their faction."

"I don't understand you, but I understand the faction behind you."

Lin Tianhao's expression was indifferent. Under the Great Cataclysm, the West not only did not contribute, but also did some disgusting things.

Some of them even had their entire countries defect to the Alete Star System, making the already difficult survival of Blue Star even worse.

Lin Tianhao didn't understand this Kim De Lan, but he was from the Western faction, so Lin Tianhao would be more wary of him.

He could give benefits to Eastern players, and sometimes he didn't mind suffering a small loss himself.

But not the West.

Of course.

This doesn't mean that everyone in the West is bad.

Among the Western countries, there are still some amazingly talented people who have worked hard to fight against the Alete Star System.

Many of them have died on the battlefield, their blood spilled in the starry sky.

"If you don't make a move, then I'm going to make a move."

Lin Tianhao raised the feather arrow in his hand.

Kim De Lan closed his eyes, which were still shedding bloody tears, "How hateful!"

"How could there be a freak like you in the Twilight of the Gods."

After saying this last sentence.

Kim De Lan was hit by Lin Tianhao's feather arrow and fell on the spot.

"Wow, wow, wow, so strong, how can Snow Emperor be so strong, fighting against so many Western experts with his own strength."

"Although Snow Emperor didn't do anything in the end, I inexplicably feel so handsome. It's really like, I only need to make a slight move, and it's already the limit of this rank."

"Laughing to death, Snow Emperor is too funny, Kim De Lan desperately released the forbidden curse, but almost got killed by damage reflection."

.....

The Dragon Country players were boiling, cheering, discussing, and excited.

Lin Tianhao's strength once again deeply rooted in people's hearts.

The Western players were silent.

For a moment, they didn't know what to say.

Was Kim De Lan not strong?

Strong, ridiculously strong, you could even say that it would be difficult for anyone else to contend with Kim De Lan.

Except for a certain fat man who was lying down to win...

Was Kim De Lan not trying?

Trying!!

In order to defeat Lin Tianhao, he had already consumed his divine soul essence.

Perhaps other players couldn't see that he had consumed his divine soul essence, but Kim De Lan's bleeding from all seven orifices and cracked skin was visible to everyone.

"If the heavens didn't give birth to our great Snow Emperor, the arrow path would be like a long night for all eternity!"

"I can only say that Kim De Lan's loss was not unjust. Snow Emperor's strength is simply not something any single player can contend with."

"Three more experts like Kim De Lan might be able to kill Snow Emperor."

.....

Discussions were still endless. The battle was over, but the discussion about this battle would not end.

Shadow Kill swallowed a mouthful of saliva. He looked at the Dragon Team beside him and asked in a trembling voice:

"Dragon Team, in this Twilight of the Gods, are there really any players who can contend with Snow Emperor?"

The Dragon Team was silent. He actually knew some other experts, but there was no one as terrifying as Snow Emperor.

"Probably not anymore. He's too comprehensive, so comprehensive that I feel like he's not a normal person."

Prosperity Falls Rain opened her mouth, "I have to admit, I underestimated Snow Emperor before."

"His strength has exceeded my imagination."

The Dragon Team glared at Prosperity Falls Rain, "It's good that you know, but you're not bad either. At least, the combination of your two Saint-level talents is comparable to a God-level talent."

"Captain, do you think Snow Emperor's talent is really just a God-level talent? Could it be... that there's an even higher level of talent above God-level talent?" Prosperity Falls Rain asked.

Chapter 317 - Battle power list!

"Probably."

Team Leader Long nodded heavily, "According to the clues we've found, different talents correspond to different upper limits."

"God-level talents will eventually become gods as long as they grow, but what's above gods?"

"In our Eastern myths and legends, there are still the existences of Sages."

... ..

Luo Xuan City!

Jin Delan revived from the resurrection altar. The bleeding from his orifices had stopped, but his condition was still very bad.

His face was pale, and his fingers trembled slightly.

In his mind, a deep voice sounded.

“Your defeat was something I expected.”

Jin Delan smiled bitterly, “Then why did you still make me burn my divine soul essence?”

“This battle was to make you realize the gap between you and him. At the same time, I also wanted to see just how much this God-Slaying person is worth.”

“Moreover, if you could kill him, coupled with that thing in your hand, it would allow you to reach a level that others can hardly achieve in a short period.”

Hearing this.

Jin Delan sighed: “He's too strong, so strong that I can't see any hope of defeating him.”

“No!”

Lord Gute immediately denied Jin Delan's statement.

“Initially, I was also worried that this God-Slaying person possessed some power beyond the mortal realm, but the result is not so.”

“He has a God-level talent, just a relatively powerful God-level talent.”

“I also have a God-level talent...”

Jin Delan opened his mouth, “But the gap between me and him is really too big.”

“It's normal for it to be big. His talent is very strong in the early stages, very, very strong, but in the later stages, it might not be as strong as it is now.”

“Oh?”

Jin Delan became interested, “What talent does Xue Di have?”

“Killing living beings infinitely stacks life value, and normal attacks will cause a certain percentage of the target's maximum life value as true damage, which is why he appears to have high life value and high damage.”

“As for attack speed, it's also likely infinitely stacked, or it may be related to the Blessings of the Gods or his free attribute points being sufficient.”

“But it doesn't matter anymore. From the current point of view, he just possesses a particularly strong God-level talent.”

“As long as you grow according to the path I've arranged for you, surpassing him is by no means difficult.”

A look of surprise appeared on Jin Delan's face, “Really?”

“That's natural. You go prepare the medicinal herbs first, and I'll help you repair your divine soul essence.”

... ..

White Bone Swamp, Cyan Stone Tablet.

Lin Tianhao came here again.

He had previously reached the sixth-to-last stone slab.

With only the last five left, he would be able to pass through.

Kunlun Mirror!

Lin Tianhao took a step and arrived on the sixth stone slab.

Space Flicker!

Fifth-to-last stone tablet.

The pressure increased again. Lin Tianhao supported himself on the ground with both hands, and he began to lose health because of the immense pressure he was enduring.

-19238.

-19534.

... ..

One damage number after another floated above Lin Tianhao's head.

Lin Tianhao was pleasantly surprised to find that his Creation Jade Disc had finally recorded power beyond the Egoless level.

Dustless Initial!

“Kunlun Mirror!”

Lin Tianhao returned to the Cyan Stone Tablet again.

Comprehension!

Seven days passed in the blink of an eye.

Lin Tianhao's state of mind had already reached the Dustless Initial level!

Outside!

A server-wide announcement rang out.

“Server-wide announcement, the Twilight of the Gods Combat Power Ranking and Arena Ranking are now open, and the Arena is also open. Special announcement, hoping that all players will continue to work hard!”

... ..

“Server-wide announcement, the Combat Power Ranking is now open. The Combat Power Ranking is based on a comprehensive assessment of players' combat power to rank them. The Combat Power Ranking is officially open and will soon announce the nicknames of the top ten players.”

“Combat Power Ranking tenth, Jin Delan, affiliated with the Western Paradise Holy Land.”

When the name of the tenth-ranked player on the Combat Power Ranking was announced, everyone was dumbfounded.

“I didn't hear wrong, did I? That Jin Delan who summons swords with a single word, is only tenth on the Combat Power Ranking.”

“Damn, does that mean that besides Xue Di, there are eight people who are even fiercer than Jin Delan?”

“Could it be because Jin Delan consumed too much energy before, leading to a decline in combat power? Otherwise, I really can't imagine why he's only tenth.”

... ..

If it were other unknown people, players from various countries could understand.

But this is Jin Delan, the person who had a peak battle with Lin Tianhao before.

How strong was that kind of strength, it could be described as terrifying.

Even though... he was unilaterally crushed by Lin Tianhao, that doesn't negate Jin Delan's strength.

Luo Xuan Mountains.

Jin Delan, who had just repaired his divine soul, suddenly opened his eyes, his eyes filled with disbelief.

“Lord Gute, I... I'm actually only tenth? Now that my divine soul has recovered to ninety percent, although it's not as good as my peak, it shouldn't be tenth.”

Lord Gute was calm, “Don't be impatient. You met me a little late. Tenth is already not bad.”

“Sometimes, don't just see yourself growing; others are also growing.”

“Yes, Lord Gute.”

... ..

“Combat Power Ranking ninth, Physical True God, affiliated with the Mortal Palace.”

Physical True God?

When this name came out, many people were stunned.

Because this is really an unknown name.

The monkey and Fatty, who were currently farming dungeons, were both stunned.

“Damn, Glasses, you've been hiding so deeply? Ninth on the Combat Power Ranking, really? I even suspect that this Combat Power Ranking has problems.”

The monkey couldn't help but complain: “To be honest, I feel like I can crush Glasses with one hand.”

... ..

Combat Power Ranking eighth, Hidden Nickname, Affiliated Force, Hidden!

There's nothing to say about eighth. The hidden nickname probably means they don't want others to know their identity.

“Combat Power Ranking seventh, Lord of the Night, affiliated with None.”

Lord of the Night is also an unknown name. Very few people know about it.

“Judging from the name, this Lord of the Night is also from our Dragon Country. How could we have let just one Team Leader Long come out before when there are so many experts in our Dragon Country?”

“Combat Power Ranking sixth, Hidden Nickname, Affiliated Force Hidden.”

“Combat Power Ranking fifth, Potala Heavenly Dragon, affiliated with the Town Dragon Ancient Temple.”

Some people know the name of Potala Heavenly Dragon, but they never expected that Potala Heavenly Dragon would actually be ranked fifth.

“Combat Power Ranking fourth, Godfat Invincible, affiliated with the Mortal Palace.”

Another server-wide announcement rang out, this time it was Fatty who made the list.

The monkey next to Fatty had a face full of question marks.

“Why? Even Glasses can make the list, why can't I make the list? I have to question the authority of this list now.”

The monkey really couldn't figure it out. He knew that his combat power was not as good as Fatty's, at least he couldn't beat Fatty.

In other words.

Since Fatty is out, he has no chance to be on the list.

“Combat Power Ranking third, Hidden Nickname, Affiliated Force Hidden.”

“Combat Power Ranking second, Hidden Nickname, Affiliated Force Hidden.”

Second and third both chose to hide their nicknames, which is a great pity.

They actually wanted to see what kind of fierce people the second and third on the Combat Power Ranking would be.

Chapter 318 - Get on the list!

Unfortunately, they were going to be disappointed.

Second and third place were hidden.

“There shouldn't be any suspense for first place, right? Besides that person, who else could take the top spot on the Twilight of the Gods Combat Power Ranking!”

“That man's name is about to be revealed, I'm looking forward to it.”

“Have you guys noticed that besides the hidden nicknames, there's only one person from the West on the list, Jinderan!”

... ..

“Combat Power Ranking First Place, Snow Emperor, affiliated with the Mortal Palace!!”

There was no suspense at all.

Lin Tianhao took first place on the Combat Power Ranking.

As a person who made it onto the Combat Power Ranking, there were also rewards of free attribute points and equipment.

Bone Marsh, beside the cyan stone tablet.

Lin Tianhao looked at his first-place reward from the Combat Power Ranking.

Five hundred free attribute points, an Equipment Evolution Scroll, and a Skill Upgrade Scroll.

Skill Upgrade Scroll.

Can directly upgrade a skill by one star.

After getting it, Lin Tianhao began to ponder which skill to use it on.

His strongest skill right now is undoubtedly Death Reincarnation.

Currently, Death Reincarnation has already reached four stars, with a probability of 2%.

This probability is already very high.

However, skill upgrade scrolls are rare and valuable, so they must be used wisely.

It's best to use it when a nine-star skill is being upgraded to ten stars, that's when the skill upgrade scroll is maximized.

Thinking like this.

Lin Tianhao put away the Skill Upgrade Scroll.

Next is the Equipment Evolution Scroll, Lin Tianhao did not hesitate and continued to use it on the Purification Jade Pendant.

As long as he works hard enough, he will eventually be able to increase the Purification Jade Pendant to 100%.

“Ding, congratulations, your Purification Jade Pendant has successfully evolved.”

Lin Tianhao's eyes lit up, and a look of surprise appeared on his face.

The value of the Purification Jade Pendant increased from 92.5% to 93%.

An increase of 0.5% may not seem like much, but small things add up.

In the beginning, the value of the Purification Jade Pendant was only 80%, but now Lin Tianhao has raised it to this point.

Moreover, evolving it now will result in a greater increase when it is upgraded in the future.

Withdrawing his thoughts.

Lin Tianhao looked at the Bone Marsh.

He is now only four stone slabs away from clearing the level.

But these last four stone slabs are like a chasm, making it difficult for him to cross.

“It seems that it is unlikely to conquer this ancient tomb in a short period of time, but I can see if I can record the advanced Dao of Dustlessness.”

Lin Tianhao once again used the Kunlun Mirror to teleport over, and then connected the space to flicker.

Arriving at the fourth-to-last step.

Lin Tianhao successfully recorded the intermediate level of Dustlessness here.

Following the same method.

Next is the third-to-last piece, the second-to-last piece.

It wasn't until the second-to-last stone slab that Lin Tianhao recorded the advanced Dustlessness.

But this was already Lin Tianhao's limit.

He was almost crushed to death on the second stone slab.

According to Lin Tianhao's speculation, if he were to go to the last stone slab now, he would be suppressed to the point where he couldn't even return with the Kunlun Mirror.

“Huff—”

Lin Tianhao let out a breath of turbid air and did not comprehend the Dao first.

Instead, he used the Kunlun Mirror to leave.

Now that the Arena Ranking has opened, Lin Tianhao can try to challenge the top spot on the Arena Ranking.

He also has a Twilight of the Gods Blessing prerequisite quest, which requires him to take the top ten of both the Arena Ranking and the Combat Power Ranking within a month to complete.

Lin Tianhao is first on the Combat Power Ranking, so naturally there is nothing to say.

... ..

“Look, the rewards for this Arena Ranking are so generous, the first place reward is five hundred free attribute points, an Equipment Evolution Scroll, and a Saint-level Talent Awakening Stone.”

“The top 10,000 all have free attribute point rewards, this is so cool.”

“Charge, charge, I'm not talented, but I have awakened a Earth-level talent, so entering the top 10,000 should be easy.”

The opening of the arena.

Made the originally somewhat boring night become interesting.

After all, it is indeed too troublesome to farm monsters at night.

Especially since Dao Comprehension has not yet been popularized, it will be after most players join forces that more and more people will attach importance to Dao Comprehension.

At that time, most players will choose to farm monsters and level up during the day, and comprehend the Dao at night.

The Twilight of the Gods at night is still very lively.

As long as you are in the town, you can enter the Arena Ranking anytime, anywhere.

Lin Tianhao returned to the Mortal Palace and clicked to start ranking.

After the battle in the Xuan Iron Canyon ended last time, Lin Tianhao changed the name of the Book of Life and Death back to Dark Night Spirit God Moilai.

Now his health has reached more than 49 million.

In addition, the City God Temple is now operating normally, and Lin Tianhao's magic resistance has broken through the 10,000 mark.

Currently, Lin Tianhao's only weakness is armor.

The key is.

The weakness of armor is also relative.

At least in front of players, this cannot be considered a weakness.

Twilight of the Gods will match him with opponents, and defeating opponents will earn points. There are also rank distinctions in the arena.

Below one hundred points is black iron, one hundred to nine hundred and ninety-nine is bronze, one thousand to nine thousand nine hundred and ninety-nine is silver, and so on.

Those at the top of the Arena Ranking can receive rewards every month, so the competition has always been very fierce.

Especially the rewards for the top ten are particularly generous.

Soon.

Lin Tianhao was successfully matched, and he did not hide his nickname, just stood there swaggeringly.

Opposite was an archer like him.

"Snow... Snow Emperor!"

After the archer saw Lin Tianhao's nickname, he was completely dumbfounded.

There are more than one billion players worldwide, and now it is night, there are so many people in the ranking, why did he have to meet the Snow Emperor.

"I'm in a hurry."

Lin Tianhao raised his hand and shot an arrow.

-12315.

With one arrow, this level 59 archer fell down.

I have to say.

Death in the arena will not drop equipment, nor will it drop levels, mainly to accumulate points.

Defeating a small fry, Lin Tianhao gained six points.

Continue.

The matching speed is very fast at this stage.

After all, a lot of players are matching.

In one night.

Lin Tianhao did not encounter even one opponent, basically killing them instantly upon meeting.

His points also increased to more than 7,500 in just one night.

The Arena Ranking has just opened, and the rankings will not be released immediately, but will be officially released after 24 hours.

Lin Tianhao is not worried at all. With the Book of Life and Death stacking health, he can confidently rush to the top of the ranking.

Moreover.

His Heart of Heavenly Punishment is only one step away from reaching four stars.

After reaching four stars, the skill can stack four points of health per damage.

Then the speed at which Lin Tianhao's health increases can be raised to another level.

Just the Book of Life and Death, four points per second, can stack 345,600 health per day.

If you include the bonus from Lin Tianhao's Tears of the Goddess of Life and Fatty's bond, the health that he can stack per day relying on the Book of Life and Death is as high as 449,280!!

Chapter 319 - Xue Di VS Shen Pang Wu Di!

Even if he did nothing, Lin Tianhao could still steadily increase his health points.

Daytime was just another day.

It wasn't until the afternoon that Lin Tianhao finally encountered someone slightly more formidable.

Godly Fatty Invincible!

"Brother Hao."

The fatty was momentarily stunned to see that it was Lin Tianhao.

"Not bad, Fatty. You must have quite a few points to be matched with me," Lin Tianhao said with a smile.

The later the ranking on the arena leaderboard, the longer the matching time and the stronger the opponent matched.

Lin Tianhao now had to wait five minutes or more for a match, and sometimes even ten minutes or more.

There was a reason for this.

Lin Tianhao had remained undefeated all the way up.

Winning streaks came with extra point rewards.

He gained seven thousand five hundred points overnight yesterday, and only barely broke ten thousand points today during the day.

There was a reason for this.

It was precisely because the matching time was too long.

"Brother Hao, I actually really want to spar with you and see if my full body of reflection damage is useful against you."

The fatty was slightly smug. His reflection damage had already stacked to nineteen percent before.

Now that he dared to say this, it meant that the level of reflection damage had improved again.

In addition, his health points were higher than Lin Tianhao's, which would still bring some trouble to Lin Tianhao.

But that was before.

Now that Lin Tianhao had awakened the Brain of Heavenly Punishment, reflection damage had no effect on him anymore.

"Since that's the case, then let me see how much you really weigh."

Lin Tianhao did not use his bow and arrows, because then he would not be able to see the fatty's growth.

He also didn't use the Godly Whip, but instead took out a novice wooden sword.

"Brother Hao, you're being a little disrespectful to me."

The fatty felt that he had been looked down upon.

He also knew what Lin Tianhao's strongest form was.

"My ranking is much higher than Jin Delan's. Have you ever thought that my advantages come from more than just my talent?"

As soon as he finished speaking.

The fatty's body sank, and a huge phantom appeared behind him.

If the attack methods of the Twilight of the Gods were to be divided, they would be: basic attacks, skills, divine abilities, and laws!

In that order of progression.

But it was not absolute.

Similar to Lin Tianhao's basic attacks, they were stronger than skills.

Some powerful skills, in terms of power, were stronger than ordinary divine abilities.

It could only be said that under similar circumstances, the power of skills was about the same.

"Sweeping a Thousand Armies!"

The huge dharma form wielded its giant sword and slashed towards Lin Tianhao.

The dharma form's attack seemed slow, but in reality, it was extremely fast.

"Interesting. Fatty, you've actually pushed your attack speed to ten."

Lin Tianhao really didn't expect it. He thought that the fatty would focus on attack power and movement speed, but he never thought that his attack speed would also break ten.

Lin Tianhao moved, turning into an afterimage.

This was purely an effect brought about by the speed being too fast.

Lin Tianhao's current movement speed was something that many fifth-rank powerhouses might not be able to match.

"Brother Hao, you run really fast, but what if it's like this?"

The fatty's lips curled up, and the dharma form's shield descended from the sky.

The dharma form emitted terrifying pressure, trying to reduce Lin Tianhao's movement speed.

But it was useless.

The Purification Jade Pendant also had a weakening effect on this kind of suppressive negative effect.

The fatty was ultimately not the White Bone Swamp. The suppression there came from the gods, and Lin Tianhao even guessed that it might be from above the gods.

Therefore, the Purification Jade Pendant could not resist it.

In order not to damage the Purification Jade Pendant, Lin Tianhao did not wear it when he was on the stone slab.

"Earth Whirlwind Slash!"

After the fatty discovered that his suppression was useless against Lin Tianhao, he directly released a range attack.

This time, he also happened to trigger multiple skills.

Three Earth Whirlwinds swept towards Lin Tianhao.

"Shadow Chasing Instant Slash!"

Lin Tianhao directly used a displacement skill to come behind the fatty, and the wooden sword in his hand reached the fatty in the blink of an eye.

"Petrified Skin!"

The fatty reacted quickly and released Petrified Skin to block Lin Tianhao's attack.

Critical hit!!

- 5.92 million!

+ 1.18 million!!

Two consecutive numbers appeared. The fatty's Petrified Skin was useless against Lin Tianhao.

It's just that the fatty also has the Bloodthirsty Dragon Armor skill, and judging from this, the star rating has reached four stars.

Not as good as Lin Tianhao's!

Although Lin Tianhao doesn't get hit often, every time he gets hit, the amount of health he loses is ridiculously high.

Therefore, the proficiency of the Bloodthirsty Dragon Armor stacks quickly.

As for the fatty.

The fatty has high health points and is often beaten, but his defense is also high, so the actual damage he takes is not high.

"Damn it, Brother Hao, you're not affected by my reflection damage."

An unbelievable look appeared on the fatty's face.

But this was only for a moment.

Because Lin Tianhao's second attack had already arrived in front of him.

He raised his heavy shield to block.

Critical hit!!

- 5.92 million.

+ 1.18 million.

Two more huge damage numbers appeared.

The fatty was dumbfounded. He felt that his worldview was about to collapse.

"Brother Hao, you're being a little too outrageous."

Heavy Shield Block, this can reduce most of the damage.

But his... didn't reduce any damage at all.

This is simply unscientific!

Brain of Heavenly Punishment, all damage reduction methods are ineffective.

Unless the fatty can achieve a damage-free block.

Damage-free block.

It is a skill of the warrior class.

This skill is the same as a warrior using a weapon to knock away his arrows. The timing is very important.

Simple blocking only has a damage reduction effect, but it cannot invalidate the attack judgment.

Lin Tianhao was not a warrior in his previous life. He had only seen high-level game players use this damage-free block in the later stages.

"Fatty, in fact, blocking can not only reduce damage, but also achieve damage-free blocking, as long as you can unload the opponent's attack while blocking it."

Lin Tianhao said seriously.

This is a bit like talking on paper. Whether he can do it depends on the fatty's comprehension.

But judging from his previous life.

The fatty's comprehension is still very good.

It's just that the talent was awakened too late, and after awakening, he didn't find a strong teammate to bind with in a short time.

The monkey is also in a similar situation. The talent was awakened late, and a lot of free attribute points were wasted.

In the later stage, without accumulated advantages, it is not easy to obtain free attribute points.

Just like the arena leaderboard, there are rewards for free attribute points for entering the top 10,000.

But without an advantage, it is extremely difficult to enter the top 10,000 among more than a billion players.

Other first kills and first passes have nothing to do with the monkey.

He can only try his luck and see if he can receive a task that rewards free attribute points, so as to grow slowly.

Chapter 320 - Woman in bamboo hat, sister appears!

In his previous life, Monkey and Fatty's talents were too wasted.

But at least they awakened.

Lin Tianhao was the unlucky one, unable to awaken his talent even until his death.

"Brother Hao, you're too abnormal. Anti-damage is useless, and damage reduction is also useless."

Fatty was on the verge of tears. His greatest reliance was so insignificant in front of Lin Tianhao.

Lin Tianhao didn't care and swung the novice wooden sword in his hand again.

"Taunt!"

Fatty unhesitatingly released Taunt.

"Starmoon Purification!"

Lin Tianhao didn't give him any chance.

Fatty didn't hold back either, and his skills followed one after another.

But Lin Tianhao didn't care at all.

He moved sideways, and the wooden sword in his hand slashed at Fatty again.

Fatty's movement speed was also not slow, and he tried to move to create distance.

But his movement speed was only not slow; compared to Lin Tianhao's movement speed, his was truly insignificant.

Fatty's health was high enough, but he only withstood thirteen sword strikes before being killed by Lin Tianhao.

This was even after he used all his skills.

"Ding, you defeated Invincible Fatty God, points +28."

Although the matching speed was slower now, the points awarded for killing one person were still quite generous.

Lin Tianhao glanced at his current points. Getting into the top ten was not a problem.

There were still five hours before the arena rankings were announced.

Lin Tianhao hesitated whether to pause or not.

But after only a slight hesitation, Lin Tianhao chose to continue climbing the rankings.

During this time, Lin Tianhao had been more engaged in outsmarting NPCs and hadn't clashed with players much.

Lin Tianhao actually wanted to see what butterfly effect had occurred under the influence of this time-space butterfly and what kind of experts had emerged.

This ranking did allow Lin Tianhao to encounter some experts.

But that was it.

However, the overall feeling was that they were more powerful than Fatty.

Of course.

This doesn't mean Fatty is weak.

On the contrary.

Fatty is very powerful now.

It's just a pity that Lin Tianhao's talent counters Fatty.

Ignoring damage reduction, anti-damage, and dealing true damage.

Fatty's strongest dual resistance, damage reduction, and anti-damage were all useless against Lin Tianhao.

As for health.

Relying on health to withstand Lin Tianhao now is almost a pipe dream.

He continued to rank until eleven o'clock in the evening.

Now Lin Tianhao's ranking speed was getting slower and slower, and sometimes he couldn't even find a match for half an hour.

His points were too high.

"Ding, matching successful. You are about to enter the arena."

Lin Tianhao heard the system prompt.

Entering the arena.

Standing in front of Lin Tianhao was a woman wearing a black hat.

He could clearly see her hidden nickname. This hat woman's level was only one.

"It's you."

Lin Tianhao was a little surprised.

The first time he went to the Mountain and Sea Empire Palace to see Emperor Yao Wenshan, he happened to meet her in front of the palace gate.

She didn't speak. With a wave of the staff in her hand, a raging fire instantly ignited in the arena.

This flame didn't belong to the burning negative effect, but was direct skill damage, so the Purification Jade Pendant was useless.

-59.

-66.

.....

Lin Tianhao was constantly attacked in this flame, and the flame directly covered the entire arena. He couldn't even move if he wanted to.

However, this damage stunned the hat woman on the opposite side.

She still knew something about her spell damage. How could this damage be so low?

Didn't the rumors say that Snow Emperor's dual resistance could be ignored?

The hat woman was confused. It could only be said that the rumors were false, but that was before the City God Temple was built.

Now, Lin Tianhao's magic resistance has exceeded 10,000. It is naturally commendable to be able to use small skills to knock off dozens of points of his health.

Lin Tianhao took out the Netherworld Longbow and began to attack.

The hat woman raised her hand again.

Countless golden shields appeared in the air. These golden shields seemed endless, constantly blocking Lin Tianhao's arrows.

"Continuously releasing skills, the blue bar hasn't dropped..."

Lin Tianhao murmured to himself. This hat woman was indeed extraordinary.

Skills didn't consume blue, and the number of small skills that could be released was very large. It's just that I don't know what the cooldown is like.

If the cooldown is still fast, then it's a bit unsolvable.

Immediately afterwards.

The hat woman also summoned a batch of earth wolves.

That's right.

It was a batch, because there were more than a thousand of them!

Lin Tianhao's eyes lit up.

This is a good thing.

He raised his hand and easily killed all these earth wolves.

Although they were all instantly killed, these thousand earth wolves still allowed Lin Tianhao to increase his health by 3,000!

Lin Tianhao stopped and asked with a smile: "Friend, how long is the cooldown for your summoning earth wolves?"

The hat woman didn't respond. One fireball after another appeared, and thousands of fireballs smashed towards Lin Tianhao.

Lin Tianhao didn't resist. This little damage was really just tickling him.

"Friend, how about we make friends? To be honest, I have a strange sense of familiarity when I see you. Can you summon more earth wolves?"

The hat woman frowned slightly, "Want to use my earth wolves to stack health for you? Aren't you being too whimsical?"

Lin Tianhao raised his eyebrows, "Qingqing?"

He couldn't judge the other party's identity without hearing her speak before, but this voice, although slightly indifferent, was almost identical to his sister Lin Qingqing's voice.

The hat woman frowned, "I don't know what you're talking about."

"I'm your brother, Qingqing."

Lin Tianhao was a little excited. He spent so much gold to shout on the entire server and searched for his sister for so long, and he actually found her here today!!
