

O game 371

Chapter 371 - Captain of Jiufeng Mountain!

Under Lin Tianhao's arrow barrage, the large yellow weasel had no chance of survival and was completely killed.

"Ding, you have killed the Seventh Elder of the Huang family. A national announcement will be made. Do you want to hide your name?"

"No."

"National announcement, congratulations to player Snow Emperor for completing the first kill of the Huang family's Seventh Elder. This is a special announcement, hoping that all players will continue to work hard."

... ..

Lin Tianhao didn't care about the global announcement.

However, he did notice a detail.

Since the Huang family's Seventh Elder was a first kill, it was likely that it would respawn.

In other words,

this group of yellow weasels might be targeting him.

Lin Tianhao was not afraid. Maybe he could get something from this group of yellow weasels.

For example, the black light emanating from the Huang family's Seventh Elder earlier was quite extraordinary.

It only started to crack after absorbing more than fifty of Lin Tianhao's arrows.

Lin Tianhao's talent was true damage, coupled with his current damage ability.

The fact that the black light could withstand fifty arrows before cracking already said a lot.

"Let's see if I can loot it from the corpse."

"Ding, you have obtained Equipment + 2."

"Ding, you have obtained Special Item: Red Maple Bronze Leaf + 2."

"Ding, you have obtained Free Attribute Points + 100."

"Ding, you have obtained"

Unfortunately,

Lin Tianhao did not get the item he wanted that could emit black light.

However, the Red Maple Bronze Leaf piqued Lin Tianhao's interest.

Red Maple Bronze Leaf: Special Item.

Usage Requirement: None.

Effect: Can be used to open some bronze treasure chests or bronze doors in the Red Maple Ancient Ruins.

Durability: 100.

(Note: This item is a one-time item and will disappear completely after use.)

Looking at the description, the Red Maple Bronze Leaf was quite useful.

It was just bronze level, which sounded a bit trashy.

In terms of chests, the items that came out of different tiers of chests were also different.

Bronze chests would most likely yield bronze-level items.

This level of item was good for ordinary players, but for Lin Tianhao, it was indeed a bit worthless.

But having something was better than having nothing.

Lin Tianhao put away the items and continued towards the Shiwan Mountains.

He had not forgotten the purpose of his trip.

Lord of Black Mountain.

A notorious existence.

Lin Tianhao wasn't really just listening to music in Baihua Building, he was also gathering information.

At the same time, he would also browse the forums.

He had seen the forums on Twilight of the Gods.

It was obvious that someone was stirring up trouble.

Having lived two lives,

Lin Tianhao would not be defeated by those insignificant remarks.

Moreover, there were many people on the forum who spoke up for him.

Besides,

the people on the internet were talking about Snow Emperor, what did it have to do with him, Lin Tianhao?

After walking in the Shiwan Mountains for half a day,

the sun was already hanging overhead when Lin Tianhao finally discovered a few petty thieves.

Jiutou Peak Bandit (Elite): Level 205.

Health Points: 119850 / 119850.

Attack: 2333.

Skills: Spear Thrust, Fiery Spear Technique, Flame Piercing Thrust, Upward Thrust, Consecutive Thrust.

Jiutou Peak Bandit

It seemed that the bandits of the Shiwan Mountains should be gathered at Jiutou Peak.

According to the Sixth Prince, the bandits of the Shiwan Mountains should be a group of people.

This group of people should be in a certain place in the Shiwan Mountains.

The name itself could already explain a lot.

Lin Tianhao walked out generously.

"Hello, everyone."

Seeing Lin Tianhao's appearance, the Jiutou Peak bandits immediately became vigilant.

"Who are you?"

A Jiutou Peak bandit scolded from the side: "Who cares who he is, if he comes to our Jiutou Peak's territory, even a beggar has to shed a layer of skin!"

As he spoke,

the Jiutou Peak bandit pointed the spear in his hand at Lin Tianhao, "Boy, hand over all the valuables on your body."

"Is this thing valuable?" Lin Tianhao took out a Black Iron grade spear.

The Jiutou Peak bandit's eyes lit up. This was a good thing.

The spear in his hand was only an Elite grade spear.

"Are there any more? Take them all out."

The Jiutou Peak bandit thought that Lin Tianhao was afraid and became even more complacent.

Lin Tianhao took out another Bronze grade spear.

"How about this one?"

The eyes of several Jiutou Peak bandits began to shine.

One of the bandits took the Bronze grade spear and stroked it with love.

As if stroking a naked peerless beauty, he was completely infatuated.

"I have even better ones here."

Lin Tianhao raised his hand.

A Silver grade spear appeared in his hand.

Seeing this,

the breathing of several Jiutou Peak bandits became rapid.

"My god, this luck is too good. Which young master from a rich family is here to give out benefits?"

Lin Tianhao smiled slightly, "These are not the better ones, I have even better ones."

As soon as he finished speaking,

Lin Tianhao took out a Gold grade spear.

Several Jiutou Peak bandits were directly dumbfounded.

They finally realized that something was not quite right.

"Who exactly are you?"

A Jiutou Peak bandit asked vigilantly.

"Me? A person who admires the Lord of Black Mountain and wants to meet the Lord of Black Mountain."

"If you want to see our Lord of Black Mountain, these few weapons are not enough."

A low voice came.

Immediately, a middle-aged man with dark copper-colored skin and a tall, well-proportioned figure walked over.

Jiutou Peak Captain (Bronze): Level 235.

Health Points: 1145W / 1145W.

Attack: 153521.

Skills: Berserk, Super Armor, Black Mountain Spear Technique, Tyrant Dragon Spear, Mountain Suppressing Three Styles, Mad Bull Charge, Storm Sweep, Upward Thrust, Consecutive Thrust, Cold Light.

"Then I don't know what you think is enough?" Lin Tianhao said.

While speaking,

he revealed his nickname.

"Snow Emperor"

When he saw Lin Tianhao's game nickname, an expression of astonishment appeared on his face.

Although Lin Tianhao had not been in the Ancient Dynasty Secret Realm for a long time, he still had some fame.

"Wait a moment, I need to report it."

"Okay."

Lin Tianhao was not in a hurry.

Killing the Lord of Black Mountain directly would be a bit of a waste.

If he could get some benefits from the Lord of Black Mountain, that would definitely be the best thing.

After about five minutes,

the Jiutou Peak Captain returned. He said to Lin Tianhao: "Snow Emperor, our Mountain Lord invites you in."

"Okay."

Lin Tianhao followed the Jiutou Peak Captain towards the inside.

After walking for half an hour, Lin Tianhao finally saw a mountain that was not particularly large.

The mountain was bare, all made of black stones.

Even the buildings on it were black. If it weren't for the Fiery Eyes of Truth, it would be really hard to see those buildings on this mountain, which was all black stones.

"Snow Emperor, Black Mountain is ahead. I have no right to enter. After you pass, someone will take you to see the Lord of Black Mountain."

Chapter 372 - Lord of Black Mountain!

Lin Tianhao nodded and walked towards Black Mountain alone.

Before the entrance to Black Mountain, Lin Tianhao looked around.

The entire Black Mountain was shrouded in a formation.

"A fifth-tier area can have such a large formation?" Lin Tianhao frowned.

"It's incomplete, and it's obviously something left here from countless years ago."

The voice of Poseidon, the Sea God, came.

Lin Tianhao understood in his heart, and a burly, strong man walked out of Black Mountain.

He was entwined with a large ink-black iron chain, and there were dark red runes on both the chain and his skin.

Blood纹 Warrior (Gold): Level 1000.

Health Points: ???

Attack: ???

Skills: ???

“Let’s go.”

The Blood纹 Warrior’s voice was turbid and muffled, like an irregular broken clock ringing from the inside.

Lin Tianhao followed the Blood纹 Warrior into Black Mountain.

As soon as he entered, Lin Tianhao noticed that the surrounding rules had changed.

To be precise, there were no rules here!

“This is too strange.”

The voice of Poseidon, the Sea God, was transmitted, “There are no rules in this place, no, there are very primitive initial rules that have not yet evolved into new rules.”

Lin Tianhao did not respond. The Ancient Dynasty Secret Realm always revealed things that surpassed this level.

The Nine Heavens Divine Stone used by the man from the Seven Kill Hall before, the black light on the Seventh Elder of the Huang family, and the primitive rules here.

They all seemed to be faintly pointing to what Lin Tianhao saw before he opened the Ancient Dynasty Secret Realm at the beginning.

Especially the person who carved the three thousand gods and demons, who was it?

Source God?

How strong is an existence that can create three thousand gods and demons?

How many secrets does this Ancient Dynasty Secret Realm have that he doesn't know?

These things can only be unlocked little by little.

He followed the Blood紋 Warrior to a palace.

A yellow-skinned man was sitting on the steps of the palace.

Black Mountain High Priest (Platinum): Level 2000.

Health Points: ???

Attack: ???

Skills: ???

“Lord Mountain Master, the person has been brought.”

The Black Mountain High Priest waved his hand. He patted the steps next to him and said:

Lin Tianhao smiled.

He knew that the person in front of him was not the Master of Black Mountain, but he didn't expose it, and just said lightly:

“Someone offered me a price I couldn't refuse to kill the Master of Black Mountain,” Lin Tianhao said.

“Oh?”

The Black Mountain High Priest was not surprised at all, “Since you have already said it is a price you can't refuse, then do it.”

Lin Tianhao smiled slightly, “Isn't it because I haven't seen the Master of Black Mountain yet?”

Hearing this.

The Black Mountain High Priest narrowed his eyes. He had disguised himself, but Lin Tianhao still saw through him.

“That's right, our Mountain Master is very busy, so naturally he can't personally meet everyone.”

The Black Mountain High Priest said with a smile:

“If you want to kill our Mountain Master, you must kill me first.”

Lin Tianhao shook his head, "Actually, I don't want to kill anyone else."

The Black Mountain High Priest nodded, "So the Sixth Prince sent you here?"

"Are you someone from the Sixth Prince?" Lin Tianhao asked.

"Sort of. He said he would find a way to kill the Master of Black Mountain and support me to become the new Master of Black Mountain."

Lin Tianhao was a little surprised, "You just said it without concealing it?"

"Isn't there no one else here?"

The Black Mountain High Priest smiled.

"When you came, I guessed your purpose in seeing the Master of Black Mountain. You came here either to accept a mission or to cause trouble."

"Then I don't know what you think?" Lin Tianhao asked.

The Black Mountain High Priest slowly stood up, "To be honest, I find it hard to believe that you can kill the Master of Black Mountain."

"But you can give me a reason to take you to see the Master of Black Mountain."

Lin Tianhao pondered for a while and raised his hand.

The True Meaning of Power was activated and pressed on the Black Mountain High Priest.

"Gravity suppression?"

The Black Mountain High Priest was a little surprised, but then he reacted.

“No, there are only primitive rules here. What you are using is not gravity suppression... True Meaning of Power!!”

The Black Mountain High Priest was very surprised, “You have mastered the True Meaning of Power?!”

“That’s right.”

The Black Mountain High Priest nodded heavily, “Enough, I’ll take you to see the Master of Black Mountain.”

At this point.

The Black Mountain High Priest changed the subject and continued:

“Also, if you want to do something, I will definitely take action in order not to expose my identity.”

“So, you’d better think carefully about whether to do it here.”

Lin Tianhao nodded, he didn't care.

As long as he had been here, he could use the Kunlun Mirror to come over at any time to kill the Master of Black Mountain.

After entering the palace.

There was a large round table in the middle of the palace.

The round table was filled with a large number of delicacies, and a twelve or thirteen-year-old boy was feasting.

Master of Black Mountain (Platinum): Level 2300.

Health Points: ???

Attack: ???

Skills: ???

This little boy was actually the Master of Black Mountain.

A level 2300 Platinum-level expert, this could already be considered very strong.

Leveling up is relatively easy, but upgrading the rank is extremely difficult.

But once the rank is upgraded.

The improvement in combat power is not a star and a half.

A level 5 Elite-level wild monster can be stronger than a level 15 or even level 20 ordinary wild monster.

A level 5 Black Iron-level boss can even be stronger than a level 100 ordinary wild monster.

“Your Mountain Master has a good appetite.”

Lin Tianhao looked at the little boy who was eating voraciously and couldn't help but be a little surprised.

The Master of Black Mountain had almost finished eating at this time, and he wiped his hands on the tablecloth.

“Snow Emperor, what’s your purpose? Tell me.”

Lin Tianhao smiled, “Scroll for the Pre-Quest for the Blessing of the Gods.”

“Also, can you tell me about this Black Mountain of yours?”

Lin Tianhao still remembered the secret realm mission of the Ancient Dynasty Secret Realm.

This Black Mountain is likely related to the Source God of Dao.

“I have the scroll for the pre-quest for the Blessing of the Gods, but I don’t want to give it to you. I do know about this Black Mountain, but I don’t want to tell you either.”

The Master of Black Mountain said unhurriedly, with a mocking smile on his face.

“Because I know you came to accept the Sixth Prince’s mission.”

Lin Tianhao didn’t care, “The High Priest is your man. He was testing me before.”

“Smart.”

The Master of Black Mountain nodded, “I know that there are people from other forces in our Black Mountain, and I have also found out a few suspicious people.”

“But I have never found out who is always placing people by my side.”

Lin Tianhao took out the Netherworld Longbow, "Since you have already said that, then there is nothing to say."

Chapter 373 - The inheritor of the gods!

The Lord of Black Mountain grinned, "Just kidding, don't be so excited."

"咻!"

Lin Tianhao's feathered arrow had already been released.

Seeing this, the High Priest couldn't help but frown slightly. He raised his hand and pointed, and a stream of Geng metal energy flew out, trying to intercept Lin Tianhao's feathered arrow.

The idea was good, but he failed.

Lin Tianhao's feathered arrow could deal 4 million+ damage. If it was a critical hit, it could deal a terrifying 8 million damage.

Although the Black Mountain High Priest's attack was meant to block, it was not a full effort, so it was impossible to stop Lin Tianhao's arrow.

The Lord of Black Mountain simply sidestepped, avoiding Lin Tianhao's arrow.

"Lord Xue, don't be so fiery. Our Ancient Dynasty belongs to the East, so we can be considered to have the same roots."

The Lord of Black Mountain really didn't seem to want to fight.

"You are an adventurer, and I am an NPC. Logically, we are in a cooperative relationship. If you gain my approval, I will give you a task."

Lin Tianhao shook his head, "I already said before that the Sixth Prince gave me a benefit that I couldn't refuse."

The Lord of Black Mountain frowned slightly, "What the Sixth Prince can give you, I may not be able to give you."

"A Transcendence-Grade Hidden Class Transfer Altar," Lin Tianhao said bluntly.

Hearing this.

"Why should I believe you?"

Lin Tianhao asked again, not believing that what the Lord of Black Mountain said was true.

"There's no need for me to lie to you about this. You should be able to verify it yourself. I won't run away, you can come back later if you want to kill me."

The Lord of Black Mountain said, grabbing a chicken leg from the table and saying unhurriedly:

"Actually, I don't have any conflicting interests with the Sixth Prince. It's just that he's too cautious in his actions, with his head full of conspiracy theories."

Lin Tianhao wouldn't believe the Lord of Black Mountain's one-sided story.

"Then tell me about this Black Mountain. After you tell me, I'll leave immediately."

The Lord of Black Mountain smiled and nodded, "Legend has it that a long, long time ago, there were only two lifeforms in the world."

"One of the lifeforms felt too bored, so he used his laws to create new lifeforms."

"And this Black Mountain is a piece of gravel that fell off when he was carving new lifeforms."

Lin Tianhao frowned. The secret realm mission didn't treat this as a new event.

Obviously, it was because this event overlapped with the Source God of Dao carving the Three Thousand Gods and Demons.

"How much do you know about the Source God of Dao?" Lin Tianhao asked directly.

The Lord of Black Mountain and the Black Mountain High Priest both had their pupils suddenly shrink, looking at Lin Tianhao with a ghostly expression.

Then, seemingly realizing something, their expressions relaxed slightly.

The Lord of Black Mountain took a bite of the chicken leg and said with a smile:

"Let's not discuss the affairs of that existence. We might be erased without even knowing what happened."

"Besides, I've told you about the Black Mountain, shouldn't you be leaving now?" The Lord of Black Mountain urged.

Lin Tianhao waved his hand and stepped away.

He didn't use the Kunlun Mirror.

Because he knew that it wouldn't work even if he used it, so there was no need to embarrass himself.

The rules here were problematic. The Kunlun Mirror was operating by borrowing the rules of space, but Poseidon and the others couldn't even sense the rules of space here.

Coming out of the Black Mountain, the Black Mountain High Priest quickened his pace and came to Lin Tianhao's side.

"Lord Xue, the waters of the Ancient Dynasty are deep, don't be deceived."

Lin Tianhao glanced at the Black Mountain High Priest, "Any place with benefits will become deep, that's inevitable."

"It's not what you think. In the Ancient Dynasty, not everyone is human. Just like the second question you asked Lord Mountain just now, there are actually some people who want to know."

Lin Tianhao was slightly stunned. What did he ask? About the Source God of Dao?

"You may not feel it yet, but we live here, so we are closer to that great existence."

"We vaguely suspect that there is a very powerful, mysterious force coming from an unknown place, crossing countless distances to get here."

"They are trying to understand that great existence. As for the purpose, we don't know, but it's probably not a good thing."

Lin Tianhao frowned, thinking of some rumors from his previous life.

In his previous life, the Arlett Star System had actually discovered Blue Star very early on, but they were hesitant to act because they didn't know enough about Blue Star and were afraid of certain forces on Blue Star.

Was the Black Mountain High Priest talking about this?

In his previous life, the Mountain and Sea Empire didn't revive, and the Ancient Dynasty Secret Realm didn't open.

So these secrets weren't discovered in his previous life.

Or rather, someone had discovered clues from other places, otherwise there wouldn't have been such rumors.

"I understand."

Lin Tianhao waved his hand, stepped into the Kunlun Mirror, and disappeared.

This Ancient Dynasty was becoming more and more interesting.

There was still a lot of information he didn't know, but the top priority was still to transfer classes.

As for what the Lord of Black Mountain said about the three things needed to activate the Transcendence-Grade Hidden Class Transfer Altar, Lin Tianhao still needed to verify it.

In the Ancient Dynasty, the person who knew the most information was most likely the emperor of the Ancient Dynasty.

For the time being, he couldn't directly contact that emperor, but he could see what news Su Youfei could find out.

At the same time.

Lin Tianhao also needed to go to the Red Maple Ancient Ruins.

Many things pointed to the Red Maple Ancient Ruins.

Lin Tianhao even suspected that the Transcendence-Grade Hidden Class Transfer Altar was in the Red Maple Ancient Ruins.

Just then.

There was a call from outside.

Lin Tianhao logged off.

Fatty was making instant noodles, "Brother Hao, I finally passed, Monkey is almost there too."

"Yeah, I passed too," Lin Tianhao said.

Fatty made instant noodles while saying, "How is it? Are there many benefits in Fodlan City?"

"Not sure, but don't reveal your identity as an outsider. I'm doing other tasks for now, not in Fodlan City."

Lin Tianhao replenished the nutrient solution in the game pod and sat across from Fatty.

"I haven't had a good chat with you for a while. Have you made any unusual discoveries in Twilight of the Gods?"

The more awesome the player, the more likely they are to come into contact with something special.

Under his training, Fatty and Monkey were already among the top players in Twilight of the Gods.

"Brother Hao, I did get some different information a couple of days ago, but I think you should know about it."

"It's called a God Spirit Inheritor, probably a descendant of a god."

Chapter 374 – I'll count to three!

Lin Tianhao was stunned; he naturally knew about inheritors of gods.

"You mean a god wants to take you as an inheritor?"

Most who can become inheritors of gods have god-level talents, and some have saint-level talents.

As for those below saint-level, there are fewer.

However, in the early stages of the Twilight of the Gods, the probability of obtaining a god's inheritance is still relatively low.

Because the timeline is short, gods can see very little.

If the inheritor they choose turns out to be a mediocre talent, they'll have nowhere to cry.

"Not me, it's that mechanic whose voice is very similar to Qingqing's."

Lin Tianhao's eyes narrowed slightly. He had previously heard the 殿主 of the Sea God Temple, Cosmos Abyss, say that the Mazu goddess behind him and several eastern gods were vying for a genius.

He had wondered who it was before, but after seeing Lin Qingqing's somewhat abnormal luck, Lin Tianhao suspected it was Lin Qingqing. But now it seems that there is a higher probability that it is the mechanic Gui Ye Wuqing.

In fact, he is still unclear about the relationship between that Tier 1 mage, this mechanic, and his sister Lin Qingqing.

"Alright, work hard to become stronger. There's still a little over a month until the Holy Land Newcomer Genius Competition. Our Mortal Palace has just emerged, so we can't be bullied by other geniuses."

Fatty patted his chest and said confidently, "In the arena, within a fixed range, apart from Brother Hao, I haven't met anyone who can compete with me."

Fatty's tankiness is quite outrageous. Without true damage or relatively high penetration attributes, hitting him barely reduces his health.

If you can really reduce his health, you should consider the impact of reflected damage.

"Well, as long as you don't encounter those with very high true damage, you'll basically be fine."

Lin Tianhao glanced at the instant noodles Fatty was eating, "Aren't you satisfied with all the delicious food in the game?"

"It's just that I've eaten too much delicacies in the game, this thing is still simple and satisfying."

Lin Tianhao facepalmed, "Alright, that's it for now, I'm going online."

Returning to the game.

Lin Tianhao found that there was an extra person beside him.

This person was none other than Potala Heavenly Dragon.

"Snow Emperor, you're too capricious, aren't you? Logging off in the wild, aren't you afraid of being backstabbed?"

Potala Heavenly Dragon laughed.

Lin Tianhao said indifferently, "Who would backstab me for no reason?"

As soon as he said this, Lin Tianhao froze.

Stole the gold coins on his body while he was offline.

The number of gold coins on his body exceeded 100 billion. Such a huge sum of gold coins could not be stolen by ordinary thieves.

"What's wrong?"

Potala Heavenly Dragon noticed that Lin Tianhao's face was a little strange and couldn't help but ask.

"I don't know."

Lin Tianhao's eyes were cold, "A little thief has targeted me."

"You really got stolen from."

"Talk later."

Lin Tianhao replied, took a step, and disappeared.

"Poseidon, who did it?" Lin Tianhao asked.

"A level 70 female thief, Silver Eye left a mark on her," Poseidon said.

Lin Tianhao almost died of anger, "Silver Eye, you left a mark but you didn't stop her."

"Couldn't stop her."

Silver Eye said helplessly, "She was too far away, I couldn't leave the God Conferring List without your instructions, and I didn't know she was here to steal your things."

"Remote theft, and able to steal so many things from me at once, I roughly know who it is."

Female, remote theft, and so outrageous, the target can almost be locked.

Lin Tianhao directly added someone as a friend.

I'll count to three!!

A violent female assassin, originally wanted to be an assassin, but after awakening her talent, her talent was very compatible with thieves.

It was a god-level thief talent, but thieves are somewhat marginalized professions.

Even with god-level talents, it is more reflected in stealing, and does not help much with combat power.

Ancient Dynasty, Red Maple City.

In a tavern full of strong young men, I'll Count to Three was spending money like water.

"This one, that one, and the three over there, I want them all!!!"

Young, strong, and with eight-pack abs, the key is not explosive, just stepping on I'll Count to Three's aesthetics.

"If you make this old lady happy, gold coins are just small change."

Speaking.

I'll Count to Three grabbed two handfuls of gold coins and threw them out.

Making these strong young men excited.

The owner of the Jade Tree Tavern in the distance smiled so much that his eyes narrowed into a line.

If this kind of big boss comes to spend a few more times, he can buy a small courtyard in the core area of Tiangu City.

Living a superior life is just around the corner.

However.

Just at this moment.

The boss in his eyes changed his face drastically, as if he had encountered something extremely terrifying.

I'll Count to Three was indeed frightened. She came to Red Maple City as soon as she stole Lin Tianhao's gold coins.

Even if the other party finds out, it will not be easy to find her.

But seeing the name of the person adding her as a friend: Snow Emperor!!

She just stole the other party's money, and the other party came to add her as a friend, this purpose is already obvious.

"Hi, Snow Emperor, I have admired your name for a long time. It is my honor to have you take the initiative to add me as a friend."

Lin Tianhao didn't want to waste time with her, and said in a deep voice: "You stole my money and went to order little brothers, you know how to play!"

I'll Count to Three only felt chills down her spine.

Lin Tianhao is too terrifying, not only knows that she did it, but also knows where she is.

She originally wanted to quibble, but when Lin Tianhao said her location, she knew that quibbling was useless.

"I'll return the gold coins to you, it's all a misunderstanding."

I'll Count to Three directly transferred the gold coins to Lin Tianhao.

"Less," Lin Tianhao scolded.

"No, Snow Emperor, don't wrong me, I spent a little, but I have my own savings, at most I spent my own savings."

"You have a lot of guts, I'll send you to the fountain to take a bath a hundred times, I wish you a pleasant experience."

"Don't."

I'll Count to Three hurriedly said: "I can make up for it, Snow Emperor, give me a chance, I am a god-level talent, you can definitely use me."

"I'm just greedy, but I really don't dare to take anything else from you, and I really don't dare to spend a single gold coin."

"And I didn't expect you to be so rich, I panicked when I got it, just give me a chance, okay."

.....

"Make up for it, what can you do to help me?" Lin Tianhao asked.

"I know someone is going to deal with you, I stole a letter before, it's about Snow Emperor you," I'll Count to Three said anxiously.

Chapter 375 - Jiuer Heishan, the mysterious gem!

I knew Lin Tianhao's long-range lock-on skills when I counted to three.

So, when she saw Lin Tianhao add her as a friend, she knew she was done for!

"Oh?"

Lin Tianhao didn't expect this to happen.

"If the letter in your hand is useful to me, I can let you off this time."

Old Man Counts to Three was overjoyed, "Absolutely useful, very useful, super useful."

"I'm coming over, tell your harem to leave."

Seeing the message from Lin Tianhao, Old Man Counts to Three blushed slightly.

She didn't mind playing around herself, but letting other men know made her feel ashamed.

But it was only a moment of shame before she waved her hand, "You guys can leave."

The faces of the people who had just watched Old Man Counts to Three spend money like water changed.

One of them showed a gentle smile, "Third Sister, did we do something wrong?"

"You did nothing wrong. I'll find you later. Third Sister has something important to do."

One by one, the "ying ying yan yan" men retreated.

Outside the door.

Lin Tianhao strode in.

"Give me the letter."

Old Man Counts to Three grinned, "Snow Emperor, if I give you the thing, you can't go back on your word and mess with me, okay?"

"You have so many harem members, it's not my turn," Lin Tianhao said.

Old Man Counts to Three was stunned for a moment, then reacted.

"That's not what I meant, and I just look, I didn't dare to really touch one, really."

Lin Tianhao waved his hand, "Alright, give me the thing."

"With my great reputation, I wouldn't haggle with you over such a small matter."

"To Jiu'er Heishan."

Lin Tianhao became interested.

He took out the letter inside.

"Jiu'er Heishan, Snow Emperor opened the ancient dynasty secret realm, adventurers poured in, making the situation of the ancient dynasty more complicated."

"Father wants to drive wolves to fight tigers, I hope Jiu'er can understand Father's meaning."

Lin Tianhao glanced at Old Man Counts to Three, "That's it?"

"This letter was sent from the Heavenly Ancient City Palace to the Lord of Heishan."

Lin Tianhao frowned, "Finish your sentence."

Old Man Counts to Three continued, "This is obviously a letter from the ancient dynasty emperor to the Lord of Heishan. Judging from the content of the letter, the Lord of Heishan should be the emperor's illegitimate son."

"As for driving wolves to fight tigers, who is the wolf? Who is the tiger? I'm not sure yet, but it's obvious that one of the wolves and tigers must be Snow Emperor you."

Lin Tianhao didn't speak. Old Man Counts to Three's analysis seemed to be correct.

Especially since he had only been here for a short time and had already received the Sixth Prince's mission.

Could it be that he is the wolf, and the tiger is the Sixth Prince? But that doesn't seem right either.

Or... the King of the North and Su Youfei are the so-called tigers.

"Snow Emperor, I'm stupid and can only think of so much, but Snow Emperor, you are wise and powerful, you will definitely be able to deduce more content from this letter."

"How do you know this was sent to the Lord of Heishan?" Lin Tianhao asked.

"The messenger was heading towards Nine Head Peak, and it's Jiu'er Heishan, who else could it be but the Lord of Heishan?"

Lin Tianhao put away the letter, "This is the first time, and the last time. If you dare to steal my things again, don't blame me for being impolite."

"I wouldn't dare, I definitely wouldn't dare," Old Man Counts to Three waved his hands repeatedly.

Lin Tianhao was about to leave, then stopped, "If you steal something special, you can sell it to me. Gold coins are easy to talk about."

Hearing this.

Old Man Counts to Three took out a dark green bead from her bosom.

"Is this thing useful to you?"

Mysterious Bead: Unknown.

Usage Requirements: Unknown.

Effect: Unknown.

Durability: 100.

(Note: This item is a one-time use item and cannot be used again after use.)

Lin Tianhao was a little surprised. This thing was a little different.

Everything was unknown.

"Poseidon, Silver Eyes, do you know what this is?" Lin Tianhao asked.

"I don't know. It should be something that hasn't been appraised, or even something that may not have appeared before. Only in this way can we explain why everything is unknown," Poseidon said.

"Something that hasn't appeared before?"

Lin Tianhao was a little incredulous. Such things were extremely rare in his previous life of ten years.

Although he didn't know what it was yet, Lin Tianhao already had an intention.

"How many gold coins do you want?" Lin Tianhao asked.

"A small goal," Old Man Counts to Three said without even thinking.

"One million," Lin Tianhao replied.

Old Man Counts to Three was stunned for a moment, "Snow Emperor, I'm selling sincerely, you're undercutting a bit too much."

"I'm not stupid. This thing is all unknown, it must be very useful."

Lin Tianhao nodded, "I believe you, but it's useless now, and it's a one-time use item, even if it's useful, its value can't be too high."

"But your one million is indeed too low. Five million gold coins, a sincere price."

Lin Tianhao nodded, "Okay, as you say, five million gold coins."

Gold coins were just numbers to Lin Tianhao. He could get a lot of gold coins by farming monsters himself.

There was also a high profit like a printing machine that allowed him to continuously obtain gold coins.

After completing the transaction, Lin Tianhao checked it carefully, "If you can't tell what it is, then it's estimated that it's useless to find an appraiser."

After putting away the bead, Putuo Tianlong's message came.

"Snow Emperor, how is it? Did you get the thing back?"

Lin Tianhao had seen that the other party seemed to have something to ask of him, so he asked straight to the point:

"What do you want from me?"

"Red Maple Ancient Ruins, there is a place that requires a team to enter. I have a scroll to enter, and I want to find Snow Emperor to team up with."

Lin Tianhao became interested. He himself wanted to go to the Red Maple Ancient Ruins.

And listening to Putuo Tianlong's words, the place he was going to was a special dungeon in the Red Maple Ancient Ruins.

Because most dungeons only have level requirements or team requirements to enter.

But just now Putuo Tianlong said that it required a scroll to enter, so it belonged to a special dungeon.

In his previous life, the scrolls needed to enter this special dungeon were called tickets. Some special dungeons with generous rewards even had cases where a ticket could be exchanged for gold-grade or even higher-grade equipment.

"Okay, I'll go with you."

It hadn't been long since he came to the ancient dynasty secret realm, but Lin Tianhao had already heard about the Red Maple Ancient Ruins several times.

Lin Tianhao's feeling was that the Red Maple Ancient Ruins were a huge treasure trove, containing a lot of good things.

"Then we'll meet at the entrance of the Red Maple Ancient Ruins."

Lin Tianhao replied to the message and directly used the Kunlun Mirror to come outside Red Maple City.

Then he sat on his Flame Fire Chicken King and headed towards the Red Maple Ancient Ruins.

In Red Maple City, a man dressed as an ordinary waiter looked at Lin Tianhao's back with a profound gaze, a thoughtful expression on his face...

Chapter 376 - Ancient Fire Copy!

After Lin Tianhao walked away, he entered a temple not far away.

Passing through the temple courtyard, there was a nun chanting scriptures in the backyard.

The nun heard the footsteps, but did not move, continuing to knock on the wooden fish, chanting Buddhist scriptures in a low voice.

"Sixth brother is dead, they are using adventurers to target us."

The nun did not raise her eyes, but said calmly: "He was too high-profile, it's normal for him to die, it's just a pity that we put in a lot of effort to support him to that position, it was a waste."

"Then do we need to do something? The existence of the Snow Emperor is always a trouble."

The nun stood up, "There is no need, currently those adventurers still have the protection of rules, they can be resurrected infinitely."

"Moreover, the Snow Emperor is not to be feared for now, don't forget our real purpose for coming here."

Speaking of this.

The nun changed the subject and said coldly:

"Also, don't come to me if there's nothing important in the future."

“Yes.”

The servant turned and left.

... ..

Red Maple Ancient Ruins.

Many players come in and out of here.

This kind of place with a bit of adventure attribute, and potentially unexpected gains, has a huge attraction for most players.

Potala Heavenly Dragon was already waiting outside the Red Maple Ancient Ruins at this time.

Seeing Lin Tianhao arrive, he couldn't help but smile slightly, “Amitabha, let's set off.”

Lin Tianhao nodded, and casually asked: “What kind of instance dungeon is this?”

“Judging from the information on the entry ticket, it should be a treasure chest instance dungeon. According to the information I obtained, each small level will yield at least a bronze treasure chest.”

Potala Heavenly Dragon smiled slightly, “Moreover, according to what I've learned, if the clearance rating is relatively high, a hidden instance dungeon may appear.”

Lin Tianhao's eyes lit up.

Potala Heavenly Dragon would say this, indicating that he indeed knew some information.

Entering the Red Maple Ancient Ruins.

The rules here are running somewhat chaotically, which is very abnormal.

A fifth-tier area shouldn't have anyone who can have such a big influence on the rules.

Besides that.

After entering the Red Maple Ancient Ruins, Lin Tianhao felt an inexplicable sense of oppression.

It seemed that after entering the Red Maple Ancient Ruins, Lin Tianhao felt that he had no desires, and all desires were disappearing imperceptibly.

It felt like the blessings of the gods didn't seem to be of much use, and the Talent Evolution Flower wasn't of much use either... ..

Most importantly.

Lin Tianhao now had a very, very terrifying thought.

His own life... ..didn't seem to be of any use!!!

When he had such a thought in his heart, Lin Tianhao only felt his scalp tingle.

This was really too terrifying.

How could he have such an outrageous idea.

Lin Tianhao even felt that he was going crazy.

“Snow Emperor, have you noticed it?”

Potala Heavenly Dragon’s expression was solemn, “This Red Maple Ancient Ruins can make people become depressed, make people feel that everything in the world is useless, whether you get it or not is useless, whether you live or die is also useless.”

Lin Tianhao nodded lightly, this kind of influence that directly hits the soul was a bit too terrifying.

If it weren’t for his strong willpower, he probably would have really felt that his life was of no use.

“Snow Emperor, have you been to the Red Maple Ancient Ruins before?”

“First time here.” Lin Tianhao said.

Potala Heavenly Dragon said very seriously:

“The Red Maple Ancient Ruins are very different from many places I’ve been to before. Here, it seems to be an amusement park, with a naughty child leaving all kinds of good things in the amusement park.”

“Waiting for destined people to find them.”

Potala Heavenly Dragon didn’t care much about these.

“Heavenly Dragon, after you came to the Ancient Dynasty, have you come into contact with any important figures of the Ancient Dynasty? Such as princesses, princes, assassins from the Seven Kill Hall, etc.?”

Potala Heavenly Dragon nodded, “People from the Seven Kill Hall did contact me before, but they were very bad, they wanted me to take a bath in the spring.”

“What’s wrong?” Lin Tianhao asked.

“They wanted me to kill you.”

Potala Heavenly Dragon smiled bitterly, “Kill you? When I heard it, I even wondered if they had taken on a mission to assassinate me.”

Lin Tianhao was a little helpless.

It seemed that the Seven Kill Hall was not of one mind.

Hua Baixin seemed to have let him go.

But the other people in the Seven Kill Hall didn't seem to have any intention of letting him go.

“And then? Did you get any clues from them, or did they talk to you about some relatively special topics.”

“For example... ..God of the Source of Dao.”

Potala Heavenly Dragon was stunned for a moment, “What kind of god is that?”

Lin Tianhao was a little disappointed, it seemed that he still needed to investigate the God of the Source of Dao himself.

There were many monsters in the Red Maple Ancient Ruins, but they were not a problem for Lin Tianhao and Potala Heavenly Dragon, and they could be easily dealt with.

They arrived at the special instance dungeon entrance that Potala Heavenly Dragon mentioned.

This was a boulder, and there was nothing wrong with it.

Even Lin Tianhao's Fiery Eyes of Truth couldn't see anything.

"My Fiery Eyes of Truth are almost the same as not having them."

Lin Tianhao complained in his heart, because there were slightly fewer places where he could use them.

Potala Heavenly Dragon threw a team invitation to Lin Tianhao.

Reward distribution: 60% to Lin Tianhao, 40% to Potala Heavenly Dragon.

This Potala Heavenly Dragon could be considered to be aware of the situation, knowing to give him a higher percentage.

"This is the entry ticket."

Potala Heavenly Dragon handed a small scroll to Lin Tianhao.

Lin Tianhao glanced at it.

Ancient Fire Instance Dungeon Entry Ticket: Special.

Usage Requirements: None.

Effect: Used as a ticket when entering the Ancient Fire Instance Dungeon.

Durability: 49.

(Note: This item is a one-time use item and will disappear after use.)

Potala Heavenly Dragon had already walked in front, and Lin Tianhao followed closely behind.

After the two of them came in, there was a stage to choose the difficulty of the instance dungeon.

Potala Heavenly Dragon didn't choose, but gave the position of team leader to Lin Tianhao.

Lin Tianhao didn't even think about it, and directly chose Hell difficulty.

One was because both of them were strong enough, and the other reason was because Hell difficulty could maximize the rewards.

Potala Heavenly Dragon didn't say anything, Lin Tianhao's choice of Hell difficulty instance dungeon was already within his expectations.

Entering the instance dungeon.

Cold!

Extremely cold.

The name was Ancient Fire Instance Dungeon, but the extreme cold after coming in still made Lin Tianhao and Potala Heavenly Dragon a little stunned.

However, the monsters inside the instance dungeon obviously didn't intend to give Lin Tianhao and Potala Heavenly Dragon a chance to think.

A claw with ghostly white flames slapped towards Lin Tianhao.

Lin Tianhao leaned back trying to avoid it, but the ghostly white flames on the claw suddenly surged, burning Lin Tianhao's body.

-17598!

Lin Tianhao only felt a terrifying chill spread from the ghostly white flames on his body to his whole body.

Chapter 377 - The corpse got up again!

Moreover, after the flames hit Lin Tianhao, they ignited his skin and began to spread to other areas.

Damage numbers continuously appeared above his head.

"Ding, you are affected by burning and will continuously lose health."

-1001.

-1001.

... ..

"Ding, you are affected by freezing. Movement speed and attack speed decreased by 3.75%."

Lin Tianhao immediately activated the power of the Silver Eye's domain to dispel the flames from his body.

"Master, this is the Ice Spirit Ancient Flame, a very ancient flame. Its greatest use is not attack, but healing."

Lin Tianhao understood and looked at the creature that had just attacked him.

Ice Spirit Fire Monkey (Elite): Level 500.

Health: 140W / 140W.

Attack: 29962.

Skills: Berserk, Ice Spirit Possession, Teleportation, Ice Flame Lock, Distraction Claw.

An elite-level monkey with over a million health.

And its movement speed just now was already very fast.

As Lin Tianhao looked at the Ice Spirit Fire Monkey, Potala Tianlong attacked.

In the blink of an eye, he arrived in front of the Ice Spirit Fire Monkey, and with his Zen staff emitting a faint golden light, he smashed it towards the Ice Spirit Fire Monkey's abdomen.

As a monster in the hell-level dungeon, the Ice Spirit Fire Monkey's intelligence was enhanced, and there was an additional bonus in the hell-level difficulty dungeon.

Faced with Potala Tianlong's attack, it didn't foolishly try to take it head-on, but instead did a backflip to try to avoid Potala Tianlong's attack.

The corners of Potala Tianlong's mouth rose.

Critical hit!!

-269042!!

... ..

Lin Tianhao was a little surprised, "Multi-form weapon?"

This type of weapon is relatively rare, adjusting its form according to combat needs.

Moreover.

Because of the profession, even if the form is adjusted, it is useless.

The warrior profession can only use warrior-type weapons. Changing from a long sword to a spear is not affected.

But for Potala Tianlong to change from a Zen staff to a machine gun, this is definitely affected by the profession.

Guns can only be used by mechanics.

It's not that other professions can't use them, they can be used in a non-binding form.

But that would only have the attribute bonus of the equipment itself, and their own attributes cannot be added.

It's like the handguns used by those law enforcement officers seen in Freudland City before. They can fire bullets and hurt people.

But the damage value is only related to the handgun and has nothing to do with the person firing the gun.

Even if the person firing the gun has an attack power of one million or ten million, it's useless.

But Potala Tianlong's bullets have as much as 130,000+ damage, which is obviously blessed with his own attributes.

Otherwise, how could his Zen staff add more than 100,000 attack power?

To be honest, Lin Tianhao didn't quite believe it.

In other words.

Potala Tianlong, like him, has dual professions.

And this second profession is a mechanic.

In less than a second.

The Ice Spirit Fire Monkey in the air had already been killed.

Dungeons generally settle rewards uniformly after clearing, so there is no reward for killing the Ice Spirit Fire Monkey now.

"Dual profession?" Lin Tianhao asked.

Potala Tianlong smiled slightly, "A little bit of luck, I have successfully changed to a mechanic."

"Hidden profession?" Lin Tianhao asked.

"Not yet, still looking for it. If Snow Emperor has any god-level hidden profession transfer guides for mechanics, this poor monk is willing to trade for a high price."

“So you have a lot of good things on hand?”

Potala Tianlong waved his hand, “Compared to you, Snow Emperor, my little bit of good things are naturally not worth mentioning.”

Lin Tianhao waved his hand. Potala Tianlong had a lot of thoughts.

He even wanted three god-levels!

But wasn't he the same? What he wanted was three super god-levels.

It's just that compared to Potala Tianlong, his luck was a little worse. He hasn't even transferred to a super god-level hidden profession yet.

The two continued to move forward.

With preparation, the remaining Ice Spirit Fire Monkeys had no impact on Lin Tianhao and Potala Tianlong.

Under Lin Tianhao's feather arrows, these guys were all slaughtered without even having a chance to resist.

“It's really easy to farm dungeons with you, Snow Emperor.”

After clearing the first level of the dungeon, a bronze treasure chest appeared in front.

Bronze Treasure Chest: Unlocked.

Introduction: Open it, and you can have good gains.

Abrasion resistance: 100.

Potala Tianlong spread his hands, “This thing is useless to me.”

Needless to say, Lin Tianhao also knew that Potala Tianlong's purpose in this trip was not simple.

But this thing was the more the better for Lin Tianhao.

Even if he couldn't use it, he could give it to others.

Just as Lin Tianhao and Potala Tianlong wanted to go to the next level.

The Ice Spirit Fire Monkeys that had just been killed by Lin Tianhao and Potala Tianlong actually stood up again one by one.

After they stood up, there was no health bar above their heads, indicating that they were indeed dead.

“Corpse Controller...”

A relatively unpopular profession that can control corpses to help them fight.

Their favorite thing to do is to collect the corpses of some strong people.

There was actually a corpse controller hidden in this Ancient Flame Secret Realm.

“Boundless Buddhism, evil spirits retreat!”

Potala Tianlong inserted the Zen staff into the ground, clasped his hands together, and a circle of golden light impacted outward with him as the center.

The standing corpses were all blasted away.

However.

Things didn't end there.

After these blasted corpses landed, they staggered and stood up again.

They rushed towards Lin Tianhao and Potala Tianlong like crazy.

Potala Tianlong grabbed the Zen staff and rushed up.

He smashed the Zen staff on one of the Ice Spirit Fire Monkeys, causing its chest to collapse.

“Useless?”

Potala Tianlong frowned slightly. He waved the Zen staff in his hand and smashed the head of an Ice Spirit Fire Monkey to pieces.

However.

The Ice Spirit Fire Monkey without a head still didn't fall down and continued to attack.

“It shouldn't be corpse control technique.”

Potala Tianlong retreated repeatedly, and Lin Tianhao also discovered the problem.

Corpse controllers have a medium to control corpses, and this medium is usually the heart or the cerebellum.

Potala Tianlong's two attacks just now were to test the medium through which the corpses were controlled.

But what he didn't expect was that the medium of these corpses was not the heart or the cerebellum.

“Shoo shoo shoo—”

Lin Tianhao's feather arrows shot out. His feather arrows shattered the knees of these Ice Spirit Fire Monkeys.

Things that have lost their lives will be destroyed when attacked again.

Lin Tianhao's feather arrows generally cannot shatter the bodies of living beings, but corpses are different.

Looking at these corpses whose knees were shattered, but were still clawing and crawling towards them, Lin Tianhao walked over with the Netherworld Longbow in hand.

“Shoo shoo shoo—”

Feather arrows poured down again.

Lin Tianhao wanted to experiment and find out what the medium through which these corpses were controlled was.

Chapter 378 - A conspiracy that affects your mood!

If the corpses are being controlled by a corpse controller, there must be a medium for manipulation. If it's not the heart or cerebellum, it should be somewhere else.

However.

Lin Tianhao was disappointed.

He shattered the organs and limbs of the Ice Spirit Fire Monkeys in front of him, but it was still to no avail.

Even if only a hand remained, it would still move and try to attack them.

“This shouldn't be the method of a corpse controller, otherwise it would be too terrifying.”

Putuo Tianlong said somewhat tremulously, mainly because this situation had exceeded his understanding.

“Master, it should be rules, some kind of rules at play.”

The voice of Poseidon, the Sea God, entered Lin Tianhao's ears.

Lin Tianhao frowned, “These corpses don't seem to affect our entry into the next level.”

Putuo Tianlong was silent, “Could there be more trouble later? After all, these corpses are strange, but they really don't affect our entry into the next level.”

“Then smash their limbs and heads to eliminate any possible future trouble.”

As soon as he finished speaking.

Lin Tianhao took the lead.

Using feathered arrows to shatter the limbs and heads of these corpses.

Putuo Tianlong's fingertips trembled slightly, "Amitabha, this humble monk just wants to save you."

Saying that.

He also began to destroy the limbs and heads of the corpses.

After the destruction was almost complete, Putuo Tianlong turned to look at Lin Tianhao.

"A group of elite-level corpses, why did we have to do this..."

This seemed to be a question that struck at the soul.

Lin Tianhao subconsciously replied: "If they gather together later..."

Halfway through his answer.

Lin Tianhao fell silent again.

For no other reason.

What threat could a group of elite-level corpses pose to him? They had done such cruel things to prevent this possibility from happening.

Killing monsters isn't cruel.

But killing them and then destroying their limbs and heads is cruel!

“From the moment we entered the Red Maple Ancient Ruins, our state of mind has been affected, but that kind of influence is very direct, and we can detect it immediately.”

Putuo Tianlong's expression became more and more serious, “After entering this instance, I vaguely felt that something of mine was being stirred, and now it seems that a string in my state of mind has been affected.”

Lin Tianhao looked around. He had also been confused in the Youming Island before.

The feeling of being completely crushed and manipulated in terms of state of mind and emotions was very unpleasant.

A god who can control people's seven emotions and six desires.

Lin Tianhao knew one person.

Queen of Ten Thousand Demons!

She belongs to the demon race, so she shouldn't be considered a god.

However, it's not her who can control the seven emotions and six desires, but the Seven Emotions and Six Desires Stone in her hand.

In addition to this Seven Emotions and Six Desires Stone, Lin Tianhao also knew some existences related to the seven emotions and six desires.

“Let's go, to the next level.” Lin Tianhao said.

Putuo Tianlong pointed out the problem here, making Lin Tianhao more cautious.

Health: 170W / 170W.

Attack: 36899.

Skills: Berserk, Ice Spirit Possession, Teleportation, Ice Flame Lock, Distracting Claw.

The level has been increased by one hundred, the health has been increased by three hundred thousand, the attack power has been increased by several thousand, and the skills have not changed.

This level of improvement is not significant and does not pose a threat to Lin Tianhao and Putuo Tianlong.

Just at this moment.

A group of corpses without limbs and heads suddenly appeared behind Lin Tianhao and Putuo Tianlong.

The corpses with only torsos were still wriggling, trying to get close to Lin Tianhao.

“It seems that our speculation is correct.” Lin Tianhao said.

Putuo Tianlong's expression became even more serious, “This is a naked conspiracy!”

Before he could explain further, the Ice Spirit Fire Monkeys in front had already rushed up.

“Shoo, shoo, shoo——”

“Tat, tat, tat——”

Lin Tianhao and Putuo Tianlong went all out, and quickly solved these Ice Spirit Fire Monkeys.

But as before, after these Ice Spirit Fire Monkeys were dealt with, their corpses stood up again.

“Smash their limbs.”

Lin Tianhao did not hesitate, he still chose to smash their limbs.

After all, it had been determined that these corpses would be teleported to the next level, and not solving them would always be a problem.

Moreover, because they are corpses and not living beings, Lin Tianhao's feathered arrow attacks cannot stack health on them.

They are completely useless to Lin Tianhao.

If smashing their limbs and heads before was because their state of mind was affected, and they did such cruel things based on a guess.

Then now he is doing this entirely because he is more rational and doesn't want trouble later.

After smashing the limbs of these Ice Spirit Fire Monkeys, Putuo Tianlong recited a few Buddhist chants, and then said seriously:

“Snow Emperor, this is a conspiracy targeting the state of mind.”

Lin Tianhao had actually seen it too, “Letting us constantly destroy the limbs of these corpses, this approach will definitely subtly affect our state of mind.”

The state of mind of a person who often kills people is definitely different from that of a person who often does good deeds.

“After our state of mind is affected, it will be infinitely magnified here, and we may even be manipulated emotionally!”

Lin Tianhao was emotionally manipulated at the beginning when he was on Youming Island.

To the point that he lost his normal ability to think and was completely following his emotions.

Here, it may be that the ability of the god's instance to influence emotions is not that strong, so they have us constantly destroy the corpses to interfere with our emotions.

However...

Lin Tianhao didn't know whether Putuo Tianlong would be affected emotionally by abusing corpses.

But he wouldn't.

Even if he would, it would be minimal.

Because Lin Tianhao had seen too much life and death in his previous life.

Even to some extent, Lin Tianhao was somewhat indifferent to life.

Using this secondary trampling on life to stir his state of mind is not realistic.

“Let's continue.”

After Lin Tianhao collected the bronze treasure chest from this level, he went to the third level with Putuo Tianlong.

As with the second level, the previous corpses were teleported over.

Because these corpses had already had their limbs smashed by Lin Tianhao and Putuo Tianlong, the impact on them was minimal.

The Ice Spirit Fire Monkeys here are level 700, the level has increased by one hundred, and the attributes have also been improved.

But the increase is not significant, and Lin Tianhao and Putuo Tianlong still solved them in a very short time.

After solving them, the corpses stood up, still the same as before, smashing their limbs.

“What's wrong?”

Lin Tianhao looked at Putuo Tianlong, he saw a few blood streaks in Putuo Tianlong's eyes.

“Amitabha, my sins, my sins...”

Putuo Tianlong's face was very ugly, like a child who had made a mistake, sitting there repenting for his mistakes.

Chapter 379 - I don't think you actually work in northern Myanmar!

A short while later.

Potala Tianlong stood up.

He looked at Lin Tianhao with some astonishment, "You weren't affected?"

"Sort of."

Lin Tianhao said, "There was a little bit of an effect, but it wasn't obvious."

Potala Tianlong couldn't help but gasp, he looked at Lin Tianhao with the eyes of a monster, and said in disbelief:

"How is that possible?"

"The Corpse Desecration Mindset will definitely have some fluctuations, and here, the fluctuations of the mindset will be amplified without limit."

At this point.

Potala Tianlong seemed to have thought of something, looking at Lin Tianhao in disbelief.

His body even took a step back involuntarily, "Unless... Unless you can disregard life!!"

Few people can disregard life.

Because it's really too difficult, life is precious.

Killing monsters in games that can be resurrected doesn't really have much of an impact.

But the cruel act of desecrating corpses, I'm afraid only those who disregard life can be as calm as Lin Tianhao.

Lin Tianhao smiled slightly and said, "It's not that I disregard life, but because I've seen too much, so I'm used to it."

Lin Tianhao had seen too much in his previous life, this is just a small scene, not worth mentioning.

"Snow Emperor, could it be that you work in northern Myanmar in reality?"

Potala Tianlong asked cautiously.

In today's society, those who can disregard life like Lin Tianhao are probably only those people in northern Myanmar.

"No, don't think too much, I'll take care of the rest."

Potala Tianlong's mindset was indeed affected.

This place has the ability to amplify emotional fluctuations, and he didn't have any emotional fluctuations when he smashed the limbs of these Ice Spirit Fire Monkeys.

To the point that he didn't think there was anything wrong.

But Potala Tianlong is different, he is a Buddhist, and this kind of corpse desecration behavior will definitely have emotional fluctuations.

And this kind of emotional fluctuation will be constantly amplified, tormenting Potala Tianlong.

The fourth level is level 800, the fifth level is level 900, and the sixth level is level 1000!

Each time is a torment to the mindset.

Each time, Lin Tianhao took action to smash the limbs of these monsters.

Potala Tianlong was chanting scriptures on the side, no longer having the calmness of the past.

"This game isn't as simple as you think, you'll encounter many more things like this in the future."

Lin Tianhao reminded.

Potala Tianlong was thoughtful, "Before my master passed away, he did say some strange things to me, it should be related to the Twilight of the Gods."

The attack of the Alright Star System almost destroyed the human civilization of Blue Star.

At least.

In Lin Tianhao's previous life when he was reborn, the human civilization of Blue Star was already on the verge of destruction.

Relying on some power to survive, but it was difficult to compete with the powerhouses of the Alright Star System.

The reason why it is said to be the civilization of Blue Star is because outside of Blue Star, there are also human civilizations.

Not the human civilization in the Twilight of the Gods, but a more distant human civilization.

Many of the backgrounds of the Twilight of the Gods are actually very similar to Blue Star.

Rather than saying that the Twilight of the Gods is another human civilization, it is better to say that they are the human civilization of Blue Star's parallel world.

It's just that until Lin Tianhao died, he had never really come into contact with the existence of other human civilizations.

"Snow Emperor, sometimes I also wonder, the Twilight of the Gods, is it a game, or a real world?" Potala Tianlong suddenly said.

Lin Tianhao smiled slightly, "Your mindset will be affected by destroying the corpses of these Ice Spirit Fire Monkeys, which means you already have an answer in your heart."

"Yes."

Potala Tianlong sighed, "I often feel uneasy, wondering if something uncontrollable is really going to happen."

"Don't think so much."

Lin Tianhao patted Potala Tianlong on the shoulder, "You need to know that even if you think about it now, you still can't change anything."

"All you can do is try your best to become stronger to deal with what might happen in the future."

Potala Tianlong nodded and entered the seventh level with Lin Tianhao.

In the seventh level, the monsters finally didn't increase by one hundred levels again.

On the contrary, their levels dropped to level 500.

Ice Spirit Fire Monkey Leader (Black Iron Grade): Level 500.

Health Points: ???

Attack: ???

Skills: ???

After the grade was raised to Black Iron Grade, Lin Tianhao could no longer see their specific attributes.

But that's not important.

After being upgraded from Elite Grade to Black Iron Grade, the health points are estimated to have exceeded ten million, most likely close to twenty million.

With Lin Tianhao's 100% critical hit bonus, this amount of health points is only a matter of three arrows.

When facing these Black Iron Grade Ice Spirit Fire Monkeys, Potala Tianlong's damage was a bit lacking.

The numerical values of the Hell difficulty monsters are already high, plus this is a level 500 boss, its numerical values are even higher.

If it were only one or two, Potala Tianlong would still be able to deal with it.

The key is that there is a group here.

Potala Tianlong tried to attack, but found that after a set of skills, he could only deal half of the health points of one Ice Spirit Fire Monkey.

So he gave up.

It's not that his damage is low, but that Lin Tianhao's damage is too high.

Which level 50 archer can deal such terrifying damage.

He was also glad that he pulled Lin Tianhao to team up this time, otherwise he would really have suffered this time.

In less than fifteen seconds.

The Ice Spirit Fire Monkey Leaders in this level were all killed by Lin Tianhao.

Potala Tianlong smiled awkwardly, he raised his hand and clapped, "Great."

Lin Tianhao glanced at Potala Tianlong and smiled, "You are already very strong."

"At this stage, it is already commendable to be able to deal tens of millions of damage in one set."

"Oh."

Potala Tianlong was even more depressed, and whispered, "My set is only a little bit higher than your normal attack."

This time it was a Silver Treasure Chest.

Lin Tianhao put away the Silver Treasure Chest, and Lin Tianhao also broke all the limbs of these Ice Spirit Fire Monkeys, without any mercy.

Potala Tianlong followed Lin Tianhao like a little fanboy.

"Snow Emperor, you are so powerful, have you ever thought about unifying the Misty Continent and establishing yourself as king?"

"Establishing your own army, so that you can have a stronger foundation to resist the unknown in the turbulent future."

Lin Tianhao glanced at Potala Tianlong, "We'll talk about it later."

In fact, Lin Tianhao himself had this idea.

Reviving the Mountain and Sea Empire itself has this idea in it.

The East also needs to have its own country and holy land.

Because if he were to establish a territory himself, it would be very, very difficult to reach the level of a country.

But reviving an ancient country belonging to their East would be much easier.

Chapter 380 - Old man fishing!

"Do you have some ulterior motive? I prefer directness, so don't beat around the bush with me," Lin Tianhao said.

♂Heavenly Dragon smiled awkwardly and said, "Snow Emperor, I've actually already joined a Holy Land, one that belongs to the East."

Lin Tianhao wasn't surprised. It might seem like each country only has one Holy Land, but that's not actually the case.

It's just that some Holy Lands are hidden, and these Holy Lands might be even more powerful.

"And then?" Lin Tianhao asked.

"The Holy Land behind me wants to emerge, and it needs a medium. The ideal scenario is to emerge by stepping on another Holy Land."

"Just like the Mountain Sea Empire, emerging by stepping on the 瀚Sea Kingdom, Netherworld, and Land of Chaos."

Lin Tianhao pondered for a moment, then subconsciously asked, “If I help you emerge, would you be able to become the Holy Master of your Holy Land?”

PᑭᑭHeavenly Dragon gave a wry smile. “Most likely.”

“You want me to help you?”

Lin Tianhao and PᑭᑭHeavenly Dragon swept through the area, while also chatting about the Holy Land behind him.

“Yes, if I can become the Holy Land Master, our Eastern adventurers will have two Holy Lands, and we'll be able to compete for more resources in the future.”

“For example, the Holy Land Prodigy Rookie Competition that will be held soon. Our Holy Land hasn't emerged yet, so we're not qualified to participate.”

“You should know that if our Eastern players can rank high, both the participants and our Holy Land itself will receive huge benefits.”

Lin Tianhao pondered slightly and asked, “Which Holy Land do you want to step on to emerge?”

“Moon Wheel Demon Palace!!”

PᑭᑭHeavenly Dragon clearly had a plan.

“Snow Emperor, you have conflicts with the Moon Wheel Empire, and it's only a matter of time before a large-scale war breaks out.”

Lin Tianhao nodded. “So you think this is a natural progression.”

“But have you ever thought about why I should give it to you if I take down the Moon Wheel Empire?”

P陀Heavenly Dragon was silent. He really wanted to say that everyone was from the East.

But in the end, he couldn't say it, because that was just too shameless.

“The Moon Wheel Empire will still be yours. We'll only replace the Moon Wheel Demon Palace and won't interfere with your management of the Moon Wheel Empire.”

“Not enough.”

Lin Tianhao shook his head. “I can help you, for a better future for the East.”

“However, I want your Holy Land to respect my Mortal Palace as the leader, the kind that needs to be made public to the entire continent.”

P陀Heavenly Dragon was silent again.

After a short while, he said, “I can't make a decision on this.”

“Also, I think I need to be honest with you about something.”

“Is it about this dungeon?” Lin Tianhao looked at P陀Heavenly Dragon with interest.

“Passing a level and getting a treasure chest doesn't seem like enough.”

P陀Heavenly Dragon nodded. “If you continue down, you'll most likely trigger the task of continuing to revive the Mountain Sea Empire, and then your attack on the Moon Wheel Empire will definitely be put on the agenda.”

“I can negotiate with you as a representative of our Holy Land, and emerge in the Moon Wheel Empire.”

Lin Tianhao's gaze was deep as he stared straight at Pǐtiān Heavenly Dragon.

“Do you know what I hate the most? I hate being schemed against, no matter who it is.”

Pǐtiān Heavenly Dragon smiled wryly. “I didn't think about scheming against you, I just thought we could benefit each other.”

“On this point, you should be the one who benefits the most, right?”

“Using my hand to help you become a Holy Land Master.”

Pǐtiān Heavenly Dragon opened his mouth. “I know it's redundant to explain now, but my original intention was really to hope that we can benefit each other and become stronger together.”

Lin Tianhao raised his hand to interrupt Pǐtiān Heavenly Dragon. “You've helped me before, so I can let this matter go, but you can seriously consider the conditions I just mentioned.”

“Or, consider it with the Holy Land behind you.”

Pǐtiān Heavenly Dragon nodded. “Okay, I'll give you an answer as soon as possible.”

“Then this dungeon...”

“We've already come this far, so naturally there's no reason to leave now, and you're right, I'm already looking for a task to continue reviving the Mountain Sea Empire.”

After that, the two of them didn't speak anymore, and Lin Tianhao led P_陀 Heavenly Dragon to sweep through the area.

With Lin Tianhao's current output ability, it was really easy to clear a dungeon of this difficulty.

They killed all the way to the nineteenth level.

Finally, there was a change.

This was no longer a monster, but a wooden house with a small courtyard. Outside the courtyard was a pond, and next to the pond was an old man fishing.

He was a little surprised when he saw someone arrive, and turned his head. "How long has it been? There are still people who can get here."

"Senior is also a member of Mortal Palace?" Lin Tianhao asked in surprise.

"No, but your old Palace Master can be considered half my disciple."

Lin Tianhao was stunned.

He still knew a little about how fierce the old Palace Master of Mortal Palace was.

The person in front of him actually said that he was the old Palace Master's master, so his foundation was naturally beyond doubt.

"May I know how to address you, Senior?" Lin Tianhao asked.

The old man waved his hand. "Just a fisherman, not worth mentioning. You've become the new Palace Master of Mortal Palace, I wonder how far the Mountain Sea Empire has been revived?"

“Star Kingdom, Land of Chaos, Netherworld, and five cities and ten towns of the Moon Wheel Empire.”

“Oh?”

The fishing old man was a little surprised. “You were able to withstand the pressure from other Holy Lands and take back five cities and ten towns from the Moon Wheel Empire. It's truly commendable.”

“Your old Palace Master always wanted to see the Mountain Sea Empire return to its peak. As an old man of the Mountain Sea Empire, I also hope that the Mountain Sea Empire can return to its peak.”

"Ding, the fishing old man has issued a task to you."

“Task requirement: Completely revive the Mountain Sea Empire within three years.”

“Task penalty: Unknown.”

“Task reward: Title of King of Humans +1, Token of King of Humans +1, Sword of King of Humans +1.”

King of Humans?

Is this fishing old man related to the King of Humans?

Before, Cosmos Abyss told him that to accept this task, he needed to find the Yellow Emperor.

This reward is also related to the King of Humans, could it be that this fishing old man is one of the ancestors of mankind: the Yellow Emperor!!!

Lin Tianhao couldn't help but feel a sense of awe. He was a man of the East, so naturally he was a descendant of 炎黄.

The person in front of him was one of the ancestors of their East, worthy of Lin Tianhao's respect.

“I killed my way here, Senior, aren't you afraid that I'm a person who disregards life?” Lin Tianhao asked.

The fishing old man smiled and shook his head. “If you were a person who disregards life, you wouldn't be able to get here.”

Lin Tianhao didn't know the reason, but since the fishing old man said so, he didn't need to continue to ask.

“Okay, I'll accept the task. I'll take back the Mountain Sea Empire's territory as soon as possible.”
