

O game 381

Chapter 381 - Lucky coin, more boxes and less leaves!

Three years, in reality, is a bit much for Lin Tianhao.

He doesn't need three years.

Of course.

This is just his own expectation for the time being.

Lin Tianhao doesn't know how long it will really take.

But three years, as it stands, shouldn't be necessary.

"Alright, I still need to fish, you should leave too."

The fishing old man waved his hand.

In the next instant.

Lin Tianhao only felt a slight fluctuation in the space around him.

When this fluctuation ended, Lin Tianhao and Potala Tianlong had already returned to the large stone before they entered the Ancient Fire instance.

"You don't seem to have gained anything.", Lin Tianhao said.

Potala Tianlong raised his hand, and a ghostly white flame appeared in his hand, "Isn't this a gain?"

"Besides, this time it's mainly about you, Snow Emperor. I will return to the Holy Land and discuss it with them, and give you a reply as soon as possible."

This time, Lin Tianhao obtained a total of eighteen treasure chests in this instance.

Among them, six were bronze treasure chests, six were silver treasure chests, and six were gold treasure chests.

To be honest.

If he hadn't triggered the task of further reviving the Mountain Sea Empire, Lin Tianhao would have cried to death there.

After all, for Lin Tianhao, gold-level equipment was just so-so.

However.

Lin Tianhao still took out the Red Maple Bronze Leaf he had obtained before.

This thing was obtained by Lin Tianhao when he looted the corpse of the Seventh Elder of the Huang family, and it can open bronze-level treasure chests.

Lin Tianhao opened a bronze-level treasure chest without hesitation.

After the treasure chest was opened, a coin appeared inside the treasure chest.

Lucky Coin: Bronze.

Wearing Requirements: None.

Effect: Luck +1.

Durability: 100.

Lin Tianhao was stunned, this!!!!

This is too good!

Bronze-level equipment can increase luck?

Impossible!

Based on Lin Tianhao's ten years of gaming experience in his previous life, bronze-level equipment cannot increase luck at all.

Only those who have experienced it understand how painful it is to have too low luck.

And only those who have tried to improve their luck attribute know how difficult it is to improve the luck attribute.

With anticipation in his heart, Lin Tianhao opened the second bronze treasure chest.

Lucky Coin +1!!

Lin Tianhao smiled, this is not a bronze treasure chest, this is his lucky treasure chest!

This is just a bronze-level treasure chest, how much will he be able to gain after opening the silver-level and gold-level treasure chests behind?

Unfortunately.

Lin Tianhao doesn't have the Red Maple Bronze Leaf now, so he can't open the treasure chests behind.

Thinking of this.

Lin Tianhao sent a message in the group he had previously created.

"Anyone have Red Maple Bronze Leaves, I'm buying them at a high price, silver and gold ones are also needed."

Shura Yize: Wow wow wow, Snow Emperor is also looking for leaves, we are also looking for them.

Jinghong Mengshuang: Snow Emperor, there are currently more chests than leaves, but you are really awesome, Snow Emperor. Our guild only got two bronze treasure chests in total, and the others are basically black iron level.

Lin Tianhao also pulled a few guild leaders who had contributed more during the defense of Youyan Town into the group.

However, only those two people are replying to messages in the entire group for the time being.

"Have you come into contact with any big shots in the Ancient Dynasty Secret Realm? If you have the opportunity, you can share some information with me, and I can buy it with gold coins."

Shura Yize: Snow Emperor, you're too kind. I have indeed come into contact with a big shot recently, who gave me two hundred free attribute points and a special piece of equipment.

"What big shot?" Lin Tianhao was a little surprised.

Shura Yize didn't say it in the group, but chose to chat with Lin Tianhao privately.

"The Third Prince in the palace asked me to buy a brothel. He will provide the gold coins, and the reward will be very generous after completion."

"Could it be Hundred Flowers Pavilion?" Lin Tianhao asked.

"No, it's a place called Du Yue Tower in Red Maple City. This Du Yue Tower has branches in many places in the Ancient Dynasty, and its headquarters is in Red Maple City."

Lin Tianhao was a little strange, "What is the Third Prince buying Du Yue Tower for?"

"He didn't say it clearly, but I guess it's to serve those big shots of the Ancient Dynasty. After all, heroes can't resist the charms of beautiful women."

"Using beauties to corrupt those high-ranking officials, win them over, and help yourself fight for the throne, this is a very normal thing."

Shura Yize analyzed in a logical manner.

Lin Tianhao remained noncommittal. Shura Yize's analysis sounded reasonable, but whether that was really the purpose was uncertain.

"Don't mention the money. Snow Emperor, can you leak some of your Life Orbs? We will also equip some for the elite team."

"Okay."

Lin Tianhao actually already had this consideration.

During this period, the speed at which his three clones refined Life Orbs has become faster and faster, and he has given a lot of Life Orbs to the Mad War Guild.

It is indeed possible to sell some of them and let other large guilds in the Dragon Kingdom also equip some.

"That's really thank you.", Shura Yize said excitedly.

Lin Tianhao traded the three Life Orbs that the clone had just refined to Shura Yize.

"One will be considered as this time's reward, and the other two will be considered as a deposit. You can contact me as soon as possible if you have any news about these big shots later."

Lin Tianhao was always the one being plotted against in the past.

Lin Tianhao himself has also summarized the reasons.

Information gap!!

This is the core problem.

That is, others know a lot of things, but he doesn't know.

It's similar to when he went to the Land of Chaos, so many NPCs united to set a trap for him.

It's because of the information gap.

When he went to the Land of Chaos, he knew very, very little about the Land of Chaos.

But those NPCs in the Land of Chaos already knew him and knew a lot of his information, so they could naturally set up a plan against him.

Besides.

There is also a problem.

That is, the layout needs a targeted object. To put it bluntly, Lin Tianhao doesn't want to target anyone. Everything is just to get certain things.

But this time in the Ancient Dynasty, Lin Tianhao didn't want to plot against anyone, but he also didn't want to become a chess piece again.

To avoid this, he must understand more information and know what these big shots are doing.

"Snow Emperor is generous. I will definitely contact you as soon as possible if I have any news."

After ending the chat with Shura Yize, Lin Tianhao prepared to meet the Sixth Prince.

One was to contact him again to see if he could find any useful clues on the Sixth Prince.

The second was that he needed Red Maple Bronze Leaves.

The City Lord of Red Maple City is a member of the Sixth Prince, so there is a high probability that the Sixth Prince has the leaves needed to open the treasure chest.

Tangu City, the Sixth Prince's mansion.

Lin Tianhao and the Sixth Prince sat opposite each other, and the Sixth Prince personally poured a cup of tea for Lin Tianhao.

Lin Tianhao couldn't help frowning when he saw the Sixth Prince's expression.

His eyes were sunken, his face was haggard, his spirit was listless, and his whole person was like...indulging in excessive lust.

Chapter 382 - The Sixth Prince's new mission!

"It seems there are quite a few more girls at the Sixth Prince's residence."

Lin Tianhao said with a smile, "Such a life is truly enviable."

The Sixth Prince waved his hand, "Don't talk about me, you killed Fish Gut Scholar so quickly, but why are things a bit stuck now?"

"Do you know that you arranged for the death of someone next to the Lord of Black Mountain?" Lin Tianhao asked.

The Sixth Prince nodded, then shook his head, "Sort of, but not really."

"The people arranged around the Lord of Black Mountain will inevitably have one or two discovered by him, so that he thinks he's clever."

"Moreover, only by stepping on the lives of our own people can we completely gain the trust of the Lord of Black Mountain."

Lin Tianhao's eyes narrowed slightly; this Sixth Prince was a ruthless person.

Treating the lives of his subordinates as stepping stones to gain the trust of the Lord of Black Mountain was a bit too cruel!

"I met the Lord of Black Mountain not long ago," Lin Tianhao said.

"What do you think of him?" the Sixth Prince asked.

Lin Tianhao pondered for a moment before saying, "I don't know how to say it; which aspect do you want to hear about?"

"Just your opinion, should he be killed?" the Sixth Prince asked.

Lin Tianhao shook his head, "I don't know, but you said, is it possible he's your long-lost younger brother?"

"Impossible."

The Sixth Prince answered very definitively.

He picked up his teacup, took a light sip, and then said:

"Snow Emperor, you don't visit the Three Treasures Hall without a reason; what's your purpose this time? Speak directly."

Lin Tianhao grinned, "I've had good luck recently and obtained a few treasure chests from the Red Maple Ancient Ruins; I wanted to ask if the Sixth Prince has any leaves for opening treasure chests."

"What level are they?"

"Bronze, silver, and gold, all of them."

Hearing this.

The Sixth Prince was very surprised, "Your luck is indeed a bit too good; it's been a long time since anyone obtained a golden treasure chest in the Red Maple Ancient Ruins."

"So, these leaves..."

“I do have them, but I can't give them to you for free; help me with another task.”

“Ding, the Sixth Prince has issued you a task.”

“Task Requirements: At the Deyuan Temple Buddha Questioning Assembly three days from now, become the Buddha Child of Deyuan Temple (you or your friend, as long as they are adventurers, are acceptable).”

“Task Penalty: Unknown.”

“Task Reward: Red Maple Golden Leaf + 2.”

“Ding, accept or decline?”

The Red Maple Golden Leaf was clearly extremely precious; giving two at once, Lin Tianhao seemed to have no reason to refuse.

It's just.

Why would the Buddha Questioning Assembly want an adventurer to be their Buddha Child?

“Okay.”

Lin Tianhao agreed.

Lin Tianhao didn't expect this Sixth Prince to be quite nice.

Although it seemed a bit inappropriate to praise someone for giving a little benefit.

But if you don't praise the person who gives benefits, then who do you praise?

"Thanks."

Lin Tianhao said with a smile, "How about you give me a few more leaves, and I'll go kill the King of Northern Garrison."

"King of Northern Garrison..."

"We'll talk about that later; I want to observe a little longer."

Lin Tianhao nodded, "But you princes are all so strange; the Third Prince wants to acquire Du Yue Tower, and you want us adventurers to be the Buddha Child of a temple; these don't seem like proper tasks."

The Sixth Prince smiled meaningfully, saying somewhat strangely, "Snow Emperor, if one day I die, I hope you can protect the Ancient Dynasty for me."

Lin Tianhao was stunned, "Afraid of failing in the struggle for the throne?"

The Sixth Prince shook his head, "It's not as simple as you think; the situation of the Ancient Dynasty is very complicated."

Lin Tianhao knew that continuing to chat with the Sixth Prince would be difficult to gain anything, so he simply bid farewell and left.

After coming out of the Sixth Prince's residence, Lin Tianhao returned to the Hundred Flowers Building.

He first used two Red Maple Bronze Leaves to open two bronze treasure chests.

The first was a Lucky Coin, but the second was not.

Guardian Black Stone: Bronze.

Equip Requirement: None.

Effect: After equipping, it can absorb three billion damage for you.

Durability: 100.

(Note: This item is a special cumulative item; it will automatically break after absorbing damage accumulates to three billion.)

This...

Looking at this value, Lin Tianhao couldn't help but feel a little disappointed.

Being able to absorb three billion damage, this thing looks good.

But the help to Lin Tianhao is minimal.

His health points were already ridiculously high.

Plus, with lifesteal, the demand for this kind of damage-absorbing item wasn't great.

However, the Holy Land Prodigy Newcomer Competition was about to begin; at that time, he could give this thing to the contestants.

For example, Little Sword or One Arrow Breaks the Sky and others.

Hundred Flowers Building.

Hua Baixin came to the elegant room where Lin Tianhao was with a smile.

“Snow Emperor.”

Lin Tianhao picked up his wine glass and drank it all in one gulp, “I heard that someone from your Seven Kill Hall wants to kill me.”

Hua Baixin obviously knew about it; she sighed, “Fish Gut Scholar was being cultivated as the face of our Seven Kill Hall; you killed him, so the other few in the Seven Kill Hall have some thoughts.”

Lin Tianhao didn't care, saying bluntly, “You are in this Hundred Flowers Building and backed by the Seven Kill Hall, so you should know a lot of information about the Ancient Dynasty, right?”

“What does Snow Emperor want to know?” Hua Baixin asked.

“Who do you think among the princes of the Ancient Dynasty has more potential to become the next emperor?”

Hua Baixin chuckled and shook her head, “Snow Emperor, you are trying to harm me; discussing royal matters is not something we common people should do.”

“You're a commoner?” Lin Tianhao asked.

Hua Baixin restrained her smile, saying seriously, “The princes all have hope.”

“If you don't want to say, then forget it; do you know Deyuan Temple?”

Hua Baixin nodded, “Of course I know; Deyuan Temple is the largest temple in the Ancient Dynasty, with many pilgrims and believers; it has branch temples in many cities.”

Lin Tianhao's eyes narrowed, because the Du Yue Tower that the Third Prince wanted to acquire also seemed to have this characteristic.

Many customers, with branches in many cities of the Ancient Dynasty.

It seemed that what the Third Prince and Sixth Prince wanted to do was similar.

Moreover, interestingly, Lin Tianhao had not yet discovered any clues of infighting among the princes.

Or perhaps he had only been in the Ancient Dynasty for a relatively short time, so he had not discovered it.

"You can leave; I have a friend coming later." Lin Tianhao had an appointment with Potala Dragon.

Hua Baixin retreated with a smile.

Without making Lin Tianhao wait too long, Potala Dragon returned.

"How is it? What is the attitude of the Holy Land behind you?" Lin Tianhao asked.

Potala Dragon sighed helplessly, "They are temporarily unwilling to budge; our Holy Land is more ancient than the Mortal Palace, and they want to respect the Mortal Palace, so they can't accept it for the time being."

Lin Tianhao pointed to the seat next to him, "Sit down."

"It seems you guessed this would be the result." Potala Dragon said with a bitter smile.

Chapter 383 - Arlate Galaxy: Gu Limu Family!

"The main reason is that I guessed the sacred ground behind you should be a Buddhist sect. Based on my understanding of Buddhism, they won't easily bow their heads,"

Having said that.

He changed the subject and continued, "I'm looking for you this time to ask if you know about Deyuan Temple?"

Pǎn Tianlong nodded, "The largest Buddhist force in the ancient dynasty. I've had some contact with them and even received a pretty good reward mission from them."

"If I were to make you a Buddhist disciple of Deyuan Temple, are you confident?" Lin Tianhao asked again.

Pǎn Tianlong was slightly surprised. Before he could answer, Lin Tianhao continued:

"I accepted a mission that requires an adventurer to become a Buddhist disciple of Deyuan Temple."

Pǎn Tianlong understood, "From what I know, with my abilities, it would be difficult to become a Buddhist disciple of Deyuan Temple."

"Why?"

"There is someone who should already be a candidate for Buddhist disciple. It will be difficult for me, an outsider, to compete with him."

Lin Tianhao smiled slightly, "What's his name?"

"Venerable Miaoshan."

"A nun?"

PŕT Tianlong nodded, "Yes, she has a high probability of being the next Buddhist disciple."

"If I get rid of her, can you become the Buddhist disciple of Deyuan Temple?" Lin Tianhao asked.

"Most likely, yes."

"Good, then I'll await good news."

Lin Tianhao got up and walked towards Deyuan Temple.

Tiangu City.

Deyuan Temple Headquarters.

There were still many pilgrims here when Lin Tianhao entered.

Lin Tianhao asked the little monk guarding the door, "Little master, may I ask if Venerable Miaoshan is here?"

"Venerable Miaoshan has recently been lecturing and preaching at the Hongfeng City branch temple. If the benefactor wants to listen to Venerable Miaoshan's lecture, you can go there."

Lin Tianhao nodded with a smile, "Thank you."

After leaving Tiangu City, Lin Tianhao used the Kunlun Mirror to directly arrive at Hongfeng City.

Deyuan Temple.

It was getting dark now.

"Venerable Miaoshan is tired today. If the benefactor wants to listen to Venerable Miaoshan's lecture, you can come again in four days."

"Yuanfu, let him in."

A calm voice came. The little monk Yuanfu beside Lin Tianhao immediately bowed respectfully.

"Benefactor, please."

Lin Tianhao, led by the little monk Yuanfu, saw a woman, this...

Lin Tianhao didn't know how to describe it.

If he had to describe it, it was like seeing Wu Meiniang as a nun.

Of course.

It was better than Wu Meiniang, after all, Wu Meiniang was wearing thin gauze, which was semi-transparent.

When Lin Tianhao was watching that drama, he really wanted to complain, was Wu Meiniang wearing a nun's uniform?

No, it should be called a uniform!!

At least the Venerable Miaoshan in front of him was wearing a proper nun's uniform.

"What do you want from me?" Venerable Miaoshan looked kind and benevolent.

Lin Tianhao moved closer to Venerable Miaoshan and said, "Someone asked me to kill you."

Venerable Miaoshan frowned, and her expression changed almost imperceptibly, "So, are you here to kill me?"

"I guess so."

Lin Tianhao said.

Venerable Miaoshan shook her head, "This is Deyuan Temple. If you attack in Deyuan Temple, you will die."

"I'm not afraid of death."

"But after seeing you, I don't want to kill you just like that."

Lin Tianhao looked Venerable Miaoshan up and down.

Venerable Miaoshan's face darkened, Lin Tianhao's gaze made her very uncomfortable.

"Then what do you want to do?" Venerable Miaoshan frowned.

A cold light flashed in Lin Tianhao's eyes, and he said coldly, "I want to ask, how many people from your Gu Liumu family have come this time?"

When Venerable Miaoshan heard Lin Tianhao say the words Gu Liumu family, her face changed drastically.

She looked at Lin Tianhao in disbelief.

"Who exactly are you?"

"Just an adventurer."

Lin Tianhao replied calmly, "You should have a cumulative divine concealment item on you, but you think I can see through your disguise, so you didn't use it, right?"

Venerable Miaoshan's expression was gloomy, "What do you want?"

"It's not what I want, but what do you want? The Gu Liumu family, as a god-level family in the Alete star system, why don't you stay in your Alete star system and run here?"

Venerable Miaoshan staggered back, her face full of disbelief.

What Lin Tianhao said was right. She did have a disguise item on her that could deceive even gods.

It was just because it was a cumulative type and had a limited number of uses, so she didn't use it most of the time.

But even so, she also had other very high-level disguise items on her.

It was just a pity that for some reason, this disguise item was completely useless against Lin Tianhao.

Of course.

When Lin Tianhao said her family name, she still had a glimmer of hope.

But when Lin Tianhao said the Alete star system, she realized that she had been completely exposed.

"Name your price, what do I need to do to keep my information confidential?" Venerable Miaoshan said in a deep voice.

Lin Tianhao chuckled, "That depends on what you have?"

In fact, when Lin Tianhao saw Venerable Miaoshan's name for the first time, he couldn't wait to kill her on the spot.

Alete star system, Gu Liumu family!

At the beginning of the attack on Blue Star, they followed the same policy as the little devils back then.

Three Alls!!

They killed wherever they went, mercilessly, never considering women, children, or the elderly.

It was a real bloodbath, mercilessly.

But Lin Tianhao felt that killing her like this was too cheap for her.

Moreover, she definitely didn't come here alone.

Combined with some of the information Lin Tianhao had learned before, he already had some guesses in his mind.

This woman must be killed, but before killing her, Lin Tianhao still had to consider whether he could get anything useful from her.

When dealing with these people from the Alete star system, anything goes.

After all, compared to the pain that these beasts from the Alete star system inflicted on them in his previous life, even if he cut them into pieces, it would be difficult to relieve the hatred in his heart.

"Three red maple silver leaves, three thousand free attribute points."

Lin Tianhao smiled, "That's it?"

"Your Gu Liumu family is at least a god family, but you're so stingy."

Gu Liumu Miaoshan frowned, "I fled from the Alete star system, and I really don't have anything good on me. In addition, there is this skill book, the passive Split Bow skill that your archers dream of."

Lin Tianhao's eyes lit up.

Most of the split bows are active skills, and passive ones are very rare.

This skill is indeed useful to him.

"I'll give you the things, don't tell anyone about today's matter."

"You don't have the right to negotiate."

Lin Tianhao said coldly, "Give me the things, and I can temporarily not tell others, but if you don't give them to me, I guarantee that everyone will know about it tonight."

Chapter 384 - Falling out!

Kuyinagi · Myōzen's expression was sinister as she angrily retorted, "You're going too far. Don't tell me you're trying to treat me like your long-term meal ticket?"

Lin Tianhao smiled and nodded, "Your awareness is not bad. That's exactly what I'm thinking."

"You're dreaming!!"

Kuyinagi · Myōzen angrily retorted, "I am the Myōzen Dharma Master of Deyuan Temple, with countless followers. Even if you go out and say that I'm from the Alright Star System, would they believe you?"

Lin Tianhao smiled slightly, then revealed his name.

"My name is Xuedi. You can try and see if anyone will believe what I say,"

Kuyinagi · Myōzen's expression darkened, but she still didn't back down.

"Even so, so what? How many people know about our Alright Star System? Even if they believe you that I'm from the Alright Star System, so what? They still won't think there's anything wrong with me."

"Is that so?"

Lin Tianhao smiled noncommittally, "If you really think so, then just pretend I never came."

Kuyinagi · Myōzen became somewhat anxious. She naturally knew that ordinary people might not believe Lin Tianhao.

Her followers might even help her deal with Lin Tianhao.

But in this matter, the decisive factor was definitely not the ordinary people.

The Gu Dynasty's royal family had already noticed some clues. If Lin Tianhao were to cause trouble again, then the royal family would definitely target them.

At that time, all of their plans in the Gu Dynasty would be disrupted.

"I've already given you everything I can give. Even if you want more, I can't give it to you,"

Kuyinagi · Myōzen finally compromised.

"Then tell me, who else is with you, and what is your purpose here?" Lin Tianhao said.

Those rewards were actually not important.

What he truly valued was the purpose of these people from the Alright Star System coming here.

There were still four years and seven months before their large-scale invasion of Blue Star.

To encounter them here in the Gu Dynasty at this time, what did they want to do?

Were they aiming for the Source of Dao God?

Lin Tianhao could only guess this for the time being.

Because according to Lin Tianhao's understanding, the Source of Dao God should be even stronger than the strongest god in the Alright Star System.

It's just that in his previous life, he never knew of the existence of the Source of Dao God. In the process of fighting against the Alright Star System, he also didn't come into contact with any information about the Source of Dao God.

It's also possible that his status in his previous life was too low, and even if there was this information, he didn't have access to it.

"That's impossible. You're already extorting me just by knowing my identity. If you knew more, I can't imagine what you would do."

Lin Tianhao stretched out his hand, "Give me what you just promised me, and I can stop bothering you for three months."

Kuyinagi · Myōzen looked at Lin Tianhao meaningfully. She didn't know if what Lin Tianhao said was true or false.

But thinking of Lin Tianhao's reputation as Xuedi, she still gave Lin Tianhao the reward she had just promised.

After receiving the items, Lin Tianhao took out the Book of Life and Death.

He wrote down Kuyinagi · Myōzen's name on it, and Kuyinagi · Myōzen immediately started losing health above her head.

-66.9W!!

"Xuedi, you're supposed to be a top-tier player, yet you're going back on your word so shamelessly!!"

"Reputation?!!"

Lin Tianhao sneered, "If I can eliminate all of you, what does it matter if my reputation is ruined?"

Kuyinagi · Myōzen's eyes were about to burst, "Xuedi, you want to kill me, but it's not that easy."

"Silver Eye."

Lin Tianhao wouldn't give Kuyinagi · Myōzen even the slightest chance. He directly had Silver Eye activate its spatial domain to seal off the space.

As expected.

A circle of light flickered around Kuyinagi · Myōzen, but after the light flickered, she was still in the same spot.

"How... how is this possible?!!"

Kuyinagi · Myōzen's face was full of disbelief. Her teleportation talisman just now was capable of forced teleportation.

Even the methods of some Pseudo-God level experts couldn't interrupt her teleportation.

This was simply too unbelievable.

"How exactly did you do it? Even if you had heaven-defying luck and comprehended the spatial domain early on, you shouldn't be able to block my teleportation!!"

Lin Tianhao had no intention of explaining. He raised the Netherworld Longbow, and feathered arrows poured out.

Kuyinagi · Myōzen refused to be outdone, and also unleashed a domain around herself.

Regarding this,

Lin Tianhao wasn't surprised.

To be dispatched by the Alright Star System to carry out missions, it was only normal to have a domain.

It's just a pity.

Domains also have their strengths and weaknesses.

It was easy for Kuyinagi · Myōzen to hide her name in this Gu Dynasty, but it was still difficult to hide her level.

Therefore, her level was actually not that high.

Only at the Sixth Rank Limit.

Therefore, the strength of her domain was also very limited.

Silver Eye's domain completely crushed Kuyinagi · Myōzen's domain.

"Someone, come!!"

Kuyinagi · Myōzen knew that she was no match for Lin Tianhao, and could only see if the experts in Deyuan Temple could come out.

Red Maple City was one of the three top-tier cities in the Gu Dynasty. Naturally, there were experts in Deyuan Temple in Red Maple City.

When the domain battle erupted here, the experts in Deyuan Temple had already noticed it.

"Amitabha, Benefactor, is it not appropriate to attack our monks in our Deyuan Temple?"

As the voice came, a circle of golden light ripples swept towards Lin Tianhao.

Lin Tianhao was not afraid at all. The golden light ripples collided with Silver Eye's domain and instantly dissipated.

"Eh..."

Old Monk Deting was somewhat surprised. He was very confident in his attack.

But such an attack actually failed to break through Lin Tianhao's domain.

"Old monk, I'm helping your Deyuan Temple eliminate a scourge. You should be helping me," Lin Tianhao said calmly.

Old Monk Deting snorted coldly, "Dharma Master Myōzen is the number one among the younger generation in our Deyuan Temple, and will carry forward our Buddhist faith in the future."

"Oh? I think if she's still alive in the future, she'll definitely be the first to destroy your Buddhist faith."

Lin Tianhao wasn't making this up, because in his previous life, the Kuyinagi family destroyed the most Buddhist temples.

The number of monks who died at the hands of the Kuyinagi family was at least eight million if not ten million.

"Uncle-Master Deting, save me! This person has the ambition of a wolf, and is bloodthirsty by nature. He slaughtered millions of living beings in the Star Cluster Kingdom, and slaughtered the Chaos Lands until they were devastated. He must not be allowed to live,"

Kuyinagi · Myōzen shouted loudly.

Old Monk Deting angrily rebuked, "Hmph, brat, I could tell at a glance that you were not a good person. I didn't expect you to be such a murderous demon."

"Today, this poor monk will act on behalf of Heaven!"

As soon as the words fell,

Old Monk Deting also released a domain around himself.

Golden light rippled in the domain, carrying a faint sense of oppression.

But

Just as his domain was about to unfold, he discovered that a blue-haired, blue-eyed middle-aged man had appeared beside him...

Chapter 385 - Special letter: The fourth daughter Miaoshan!

The old monk Deting was horrified. He had already unfolded his domain, so how could someone suddenly appear beside him?

Without even thinking, he knew that this person who had suddenly appeared was very strong, so strong that it was unbelievable.

"My lord is helping you, don't be ungrateful."

Hearing these words,

Old Monk Deting's face was unsightly.

He was already one of the top combat powers in the Gu Dynasty, but he never expected that someone could be so powerful.

So powerful that he would find it unbelievable.

"May I ask how to address you, senior?" Old Monk Deting asked respectfully.

"The name is not important, you just need to know that our lord is not a bad person."

Seeing that Old Monk Deting was not moving, Gu Limu Miaoshan roared angrily:

"Uncle-Master Deting, if you don't take action, I'm really going to be beaten to death."

Old Monk Deting frowned. He looked at the Sea God Poseidon and said in a deep voice:

"Senior, could there be some misunderstanding here?"

"There is no misunderstanding."

If he didn't move, he could still live.

If he took action, the only result would be death.

The wisest thing to do was not to take action.

"Snow Emperor, you killed my sixth brother, and today you want to kill me too. Do you really think I'm easy to bully?"

Three cards appeared in Gu Limu Miaoshan's hand.

These cards flashed with cold light, and three flying knives flew out from the cards.

Lin Tianhao frowned slightly. The power contained in these three flying knives had exceeded the limit that Silver Eyes could withstand.

"I'll do it."

Lin Tianhao didn't care.

The flying knives were very fast, ridiculously fast, and came in front of Lin Tianhao in the blink of an eye.

-1098W!!

-1121W!!

-1185W!!

Three consecutive damage numbers popped up above Lin Tianhao's head.

At the same time,

The blood-sucking dragon armor's damage reduction and blood-sucking notification came?

Lin Tianhao only lost 33 million health points, and then recovered almost 10 million health points.

The most important thing was.

When Lin Tianhao took 33 million damage, his health bar only dropped by half.

Seeing this scene, Gu Limu Miaoshan staggered and looked dazed.

She felt that her worldview had been subverted.

Dealing 33 million damage in an instant, but it only made Lin Tianhao lose half of his health.

"How can your health be so high?!"

Gu Limu Miaoshan felt that her understanding was about to collapse.

"Even if you have a god-level talent for stacking health, you shouldn't be able to stack your health to this level in such a short period of time!!"

Most stacking god-level talents require killing monsters no lower than one's own level to slightly increase a little bit of basic attributes.

Having more than 60 million health at this stage is too terrifying!!

"There is no need for a dead person to know so much."

Lin Tianhao continued to attack and obliterated Gu Limu Miaoshan.

Until her death, Gu Limu Miaoshan had a look of astonishment on her face.

"Ding, you have killed the Miaoshan mage. A national announcement is about to be made. Do you want to hide your name?"

Lin Tianhao looked at Old Monk Deting. He didn't know how many people had come from the Alete Star System, so it seemed necessary to hide it slightly.

But!

Lin Tianhao chose not to hide it.

He just wanted others to know that he killed the Miaoshan mage to see what their reaction would be.

"National announcement, congratulations to player Snow Emperor for successfully killing the Miaoshan mage. This is a special announcement, hoping that the majority of players will continue to work hard."

... ..

This global announcement immediately made many people boil.

There are still many believers of the Miaoshan mage, and this move can be said to have pushed himself to the forefront.

But Lin Tianhao didn't care.

What he cared about was whether other people from the Alete Star System would come to him for trouble.

If there were, that would be great.

Moreover.

He needed to let the big figures of the Gu Dynasty know what he was doing.

Outside Tiangu City.

Putuo Tianlong raised his eyes, "Is this the Snow Emperor? He really uses all means to achieve his goals."

A phantom appeared beside Putuo Tianlong.

"Then are you going to help him? Becoming a Buddha of the Deyuan Temple seems to make you the target of public criticism."

Putuo Tianlong glanced at the shadow beside him and said with a smile:

"Why not help? The era of great contention is coming, and people like the Snow Emperor can only be befriended."

The shadow was silent for a while before saying: "I sensed that she entered the Gu Dynasty secret realm, and she should have sensed me too."

"Didn't you say she wouldn't break the rules?" Putuo Tianlong frowned.

"I don't know. I took this measure to knock her off the altar. Now is the time for her to retaliate."

Putuo Tianlong was a little helpless, "We'll deal with soldiers when they come, and block water with earth. There's no other way."

... ..

After killing Gu Limu Miaoshan, Lin Tianhao stepped forward to touch the corpse.

"Ding, you have obtained equipment +2."

"Ding, you have obtained a teleportation card +1."

"Ding, you have obtained a special letter +1."

"Ding, you have obtained crystal cores +200000."

"Ding, you have obtained free attribute points +100."

... ..

The harvest seemed pretty good.

However, most of the things were of little help to Lin Tianhao.

The teleportation card is used for teleportation, which is basically useless for Lin Tianhao, who has the Kunlun Mirror.

It was this special letter that attracted Lin Tianhao's attention.

Opening the letter, Lin Tianhao checked it.

"Four female Miaoshan, the battle for the Buddha is imminent, be careful to prepare, do not slack off, six sons are incompetent, died at the hands of adventurers, you must not make any accidents, I hope you understand."

Lin Tianhao's eyes narrowed slightly, four female Miaoshan...

The previous nine sons, Black Mountain.

And the letter mentioned six sons, incompetent.

That overturned his previous speculation.

Lin Tianhao previously speculated that the nine sons, Black Mountain, was the illegitimate son of the Gu Dynasty emperor.

Now it seems that this is not the case.

The old father behind them should be from the Alethe Star System. The mastermind behind their coming to the Gu Dynasty is this old father.

Old Master Laozi said to three before that the letter was sent from the palace.

This is even more tricky.

Because their old father has already infiltrated the palace.

The letter also mentioned six sons, incompetent, who died at the hands of adventurers.

Who should these six sons be?

There are many national announcements in the Gu Dynasty, but there are not many character-type bosses killed.

Who are these six sons?

Suddenly.

Lin Tianhao thought of the three people that the sixth prince asked him to kill...

The Lord of Black Mountain controls bandits, the Fish Intestine Scholar controls assassins, and Su Youfei controls the harem.

And this Gu Limu Miaoshan controls Buddhism, and the third prince asked Xiu Luoyi Ze to acquire Duyue Tower...

There seems to be some kind of connection between them...

Chapter 386 - The possible purpose of the Gulimu family!

If we follow this line of reasoning, then Six should be obvious...

Fish Gut Scholar!!

The Lord of Black Mountain is Nine, the Fish Gut Scholar is Six, the current Abbot Miaoshan is Fourth Sister, and there should also be one person in Du Yue Tower.

That person is most likely one of that old father's children.

And also Empress Su Youfei, most likely.

The harem, brothels, bandits, Buddhist halls, assassins...

This is what Lin Tianhao currently knows.

This old father from the Alette star system is having his children constantly infiltrate all walks of life in the Ancient Dynasty.

And they are all aiming for positions of leadership.

By doing this, they can control all walks of life in the Ancient Dynasty and bring it under their control.

Once they control all walks of life in the Ancient Dynasty, the officials in the court will also come from these walks of life.

However, the imperial family members are not useless either, as can be seen from the tasks released by the Sixth Prince and the Third Prince.

They have most likely discovered something and are targeting these people.

The Sixth Prince is even specifically naming who to kill.

The Ancient Dynasty appears calm on the surface, but is actually already clashing with these people from the Alette star system.

But.

What is the purpose of these people from the Alette star system coming to the Ancient Dynasty?

At their level, is it really possible that they are here for the Source of the Dao?

But if not...

Then what is it?

Currently, much of this is Lin Tianhao's speculation.

After all, Empress Su Youfei's name is Su Youfei, not a Gu Limu family name.

And Su Youfei is a typical Eastern name, so it is impossible to judge Su Youfei's identity based on this.

Unless Su Youfei activated a disguise when she came to see him last time, so the information he saw was fake.

If that's the case.

Then Su Youfei's mind is too terrifying.

Of course.

Lin Tianhao prefers to believe that the disguise item on Su Youfei is not of the cumulative type.

She is the Empress of the Ancient Dynasty and often comes into contact with the emperor and other important figures.

If she doesn't constantly activate the disguise item, she could be discovered at any time.

The last time he met Su Youfei, it wasn't because she had complex thoughts that she activated the disguise item, but because she had been activating it for a long time.

As for the Lord of Black Mountain, he is most likely Nine, mentioned in Old Master's 'Count to Three' letter, but to be sure, he needs to see Black Mountain again.

This time, he didn't hide his name, so he can see if these people will have a change in attitude towards him.

But before that, he needs to see the Sixth Prince.

The Sixth Prince definitely knows a lot of information. The rhetoric he used to release the task before now seems like pure nonsense.

But just from the Sixth Prince's actions against the Lord of Black Mountain and the others, it can be seen that the Sixth Prince should be on his side.

Of course.

This doesn't rule out that the Sixth Prince is doing this just to gain his trust.

It's just that the probability is relatively low.

Sixth Prince's Residence.

Seeing Lin Tianhao arrive again, the Sixth Prince couldn't help but smile.

"Snow Emperor, you're visiting quite frequently."

Lin Tianhao didn't waste any words and directly said, "I've already helped you kill two, shouldn't you tell me the truth now?"

"Didn't you just kill the Fish Gut Scholar?" the Sixth Prince asked, feigning confusion.

"Alright, there's no point in pretending anymore."

The Sixth Prince said with a wry smile, "It seems you've already discovered that our Ancient Dynasty is now facing internal and external troubles."

"How much information do you have about them?" Lin Tianhao asked.

"I only know that they seem to be about the same level as us, but they have a lot of good things on them and are very good at disguises. If it weren't for their ambition being too great, we might not have discovered them."

"They come from a very distant place and are uniformly affiliated with a family called Gu Limu."

"They have infiltrated all walks of life in our Ancient Dynasty, seemingly wanting to usurp our Ancient Dynasty. As for the purpose, it is not clear for the time being, but it seems that they want to control our Ancient Dynasty."

Lin Tianhao frowned slightly. The Alette star system sent people from so far away just to control the Ancient Dynasty?

That doesn't seem necessary.

It should be very easy for them to conquer the Ancient Dynasty by force, without such complexity.

Arranging for people to descend upon the Ancient Dynasty in advance must be for a greater plot.

The Source of the Dao?

Lin Tianhao secretly shook his head. This plot is a bit too big.

Lin Tianhao still didn't want to believe that they would have such a huge plot.

Suddenly.

Lin Tianhao thought of something very terrible.

Their goal is not the Source of the Dao.

They are here for the Super God-Rank Hidden Class Transfer Altar!!

The two sides are opposing factions, and they have already planned to attack Blue Star in the future.

So what is necessary to do?

Target the local powerhouses of Blue Star and cut off the possibility of Blue Star giving birth to local powerhouses.

To cut off the possibility of Blue Star producing local powerhouses, then what would they target?

Super God-Rank Hidden Class Transfer Altar!

As long as these altars are destroyed, the possibility of Blue Star producing Super God-Rank Hidden Class transferers will be minimal.

The appearance of Super God-Rank talents is extremely difficult.

Relatively speaking.

Super God-Rank Hidden Class transferers are more likely to appear.

"Have you thought of something?" the Sixth Prince asked.

Lin Tianhao took a deep breath and said in a deep voice, "Not sure, just a guess."

"But I suspect they might be here for the Super God-Rank Hidden Class Transfer Altar."

The Sixth Prince's expression changed, and he obviously realized the seriousness of the problem.

If these people are really here for the Super God-Rank Hidden Class Transfer Altar, then this idea is too terrifying.

"If that's the case, then you really should speed up," the Sixth Prince said.

Lin Tianhao didn't respond. He was thinking, thinking about whether there was anything he had missed.

Currently, everything seems to be in order, but Lin Tianhao still feels like something is missing.

For the time being, Lin Tianhao can't think of exactly what is missing, or maybe nothing is missing, it's just that his thinking has been too sensitive recently.

But no matter what.

He needs to find a breakthrough.

Now many things have been sorted out, but there is not even a single person who is a breakthrough for him to obtain more information.

"I'm leaving."

Lin Tianhao waved his hand.

With a step.

He arrived at Nine Head Peak, before Black Mountain.

Seeing Lin Tianhao suddenly appear, the blood-patterned warriors guarding before Black Mountain focused their gazes.

A sense of chilling intent pressed down on Lin Tianhao.

Lin Tianhao smiled slightly, "Where is your Mountain Lord?"

"Eating."

Lin Tianhao didn't know whether to laugh or cry. The Lord of Black Mountain is eating. It really is just eating and more eating.

"I want to see him." Lin Tianhao didn't beat around the bush and directly stated his purpose.

"The Mountain Lord said that you are very troublesome and will not see you," the blood-patterned warrior said.

Lin Tianhao glanced at the blood-patterned warrior, "What if I insist on going in?"

"Then step over my corpse."

Chapter 387 - The temptation of the Book of Life and Death!

Lin Tianhao summoned the Netherworld Longbow. He didn't like beating around the bush; since he had decided to attack, he naturally wouldn't be soft-hearted.

Seeing this, the Blood纹 Warrior quickly said:

"Don't get excited, I'll take you in!"

Lin Tianhao was taken aback. "For the Lord of Black Mountain to choose you as a gatekeeper, he certainly misjudged people."

The Blood纹 Warrior shook his head. "No, this is exactly what our Lord Mountain Master wants. He said that if he could persuade you, it would be best if you left. If he couldn't persuade you, he couldn't attack and had to bring you in."

Lin Tianhao couldn't help but roll his eyes. Everyone liked to test his limits.

However, this Lord of Black Mountain knew to back down. If they really fought, it wouldn't be so simple.

It was still the same hall as before.

It was still the same scene as before.

The Lord of Black Mountain was there, devouring food without any regard for his image.

Lin Tianhao activated his Fiery Eyes of Truth, preparing to see the Lord of Black Mountain's real name.

However,

Lin Tianhao was disappointed.

Because he didn't see anything; the detailed information was obscured.

His Fiery Eyes of Truth could see through many things, so there was no reason why he couldn't see through the Lord of Black Mountain's disguise.

In that case,

The Lord of Black Mountain was most likely from the Arlette star system.

His killing of the Venerable Miaoshan had made the Lord of Black Mountain become vigilant.

"What do you want from me?" The Lord of Black Mountain didn't look up, asking as he ate.

"How many people from your Gu Liumu family have come?"

Hearing this,

The Lord of Black Mountain was slightly startled, then continued to eat.

"What Gu Liumu family? Are you trying to trick me?"

Lin Tianhao frowned slightly. The Lord of Black Mountain seemed to really have no problems.

"Nice acting, but you can take a look at this."

Lin Tianhao threw the letter he had obtained from 'Count to Three Old Man' to the Lord of Black Mountain.

The Lord of Black Mountain wiped his greasy hands on the tablecloth, then wiped them on his clothes.

He opened the letter.

"Ninth Black Mountain?"

The Lord of Black Mountain was immediately stunned. "Which bastard dares to call me his son?"

He threw the letter back to Lin Tianhao. "I don't know what's going on. What do you suspect me of? Being a bastard son of the ancient dynasty's emperor?"

Lin Tianhao looked at the Lord of Black Mountain meaningfully. If the Lord of Black Mountain wasn't that old father's ninth son, then the clues were wrong.

No.

It should be said that the ninth son existed, and was most likely in Black Mountain.

After all, it wasn't just the Lord of Black Mountain who had the words 'Black Mountain' in his title.

There was also... the Black Mountain High Priest!!

This was just what Lin Tianhao knew. Perhaps there were others he didn't know about.

This was a headache.

"There are people from other forces in your Black Mountain, or more accurately, people from other camps."

Lin Tianhao wasn't sure if the Lord of Black Mountain was acting. Since he couldn't test him directly, Lin Tianhao could only think of ways to test him from other angles.

"Our Black Mountain has hundreds of thousands of people. All the forces in the ancient dynasty want to win us over."

"Right now, on this Black Mountain, besides the High Priest and the Blood纹 Warrior you see, I don't trust anyone else."

Lin Tianhao gently closed his eyes, various pieces of information flashing through his mind like slides.

"The more you trust the High Priest, the more I suspect him."

Lin Tianhao said seriously.

"Venerable Miaoshan to the Deyuan Temple, Yu Chang the Scholar to the Seven Kill Hall, and this High Priest of your Black Mountain to your Black Mountain, they all seem to be about the same."

The Lord of Black Mountain gnashed his teeth in anger. "Snow Emperor, are you questioning my judgment of people? And this one letter can't prove anything."

"One letter can't prove anything, but I have a way to prove it."

"How are you going to prove it?" The Lord of Black Mountain asked.

"Tell me your name," Lin Tianhao said calmly, "including the High Priest's name."

The Lord of Black Mountain shook his head. "I don't trust you enough. I have no reason to tell you such important information as my name."

"Have you ever thought about how terrifying it would be for you if the High Priest of your Black Mountain was from the opposing camp?"

Hearing this,

The Lord of Black Mountain pondered for a moment. "I can tell you the High Priest's name, but if you dare to do anything bad using the High Priest's name, I will definitely not let you off."

"Don't think of me so badly. I'm a good person," Lin Tianhao said with a smile.

The Lord of Black Mountain shook his head. "I'm not sure if you're a bad person, but someone like you is definitely not a good person."

"I'm so sad that you say that about me."

Lin Tianhao said with a wry smile: "Let the High Priest come over, and also tell me his name."

"Ge Sanjin."

Lin Tianhao was stunned.

The name of the dignified Black Mountain High Priest was actually so common.

"I've sent a message to the High Priest. He'll be here soon."

Not long after,

The Black Mountain High Priest arrived, appearing in Lin Tianhao's sight.

Lin Tianhao also saw his full name.

It was the same as what the Lord of Black Mountain said, Ge Sanjin.

Lin Tianhao took out the Book of Life and Death.

He changed the name on it to Ge Sanjin.

As the name Ge Sanjin was written, the Black Mountain High Priest started losing health above his head.

Lin Tianhao immediately changed the name back to Darknight Spirit God Moirae.

The name was correct. The High Priest was indeed called Ge Sanjin.

Since the name was correct, then what was the problem?

Lin Tianhao's gaze fell on the Lord of Black Mountain.

Before he could speak, Ge Sanjin asked: "What just happened? Why did I suddenly lose health?"

"It's nothing."

Lin Tianhao shook his head, looking at the Lord of Black Mountain with an even deeper gaze.

Since the Black Mountain High Priest had no problems, then it seemed self-evident who had problems.

"You!!"

"I told you, I don't have any problems. What else do you want?"

"Helping you is a favor, not helping you is my duty. You need to understand the situation."

A cold glint flashed in Lin Tianhao's eyes. "If you put it that way, then I have no choice but to complete the Sixth Prince's mission."

"I'm an adventurer, it's no problem for me to do a mission, right?"

The Lord of Black Mountain raised his hand, and a spear on the weapon rack not far away instantly fell into his hand.

"Snow Emperor, I've already given you a lot of face. I am the Lord of Black Mountain, not a little kid!!"

Lin Tianhao glanced at Ge Sanjin. Ge Sanjin also raised his hand, and a staff appeared in his hand.

"Snow Emperor, this is Black Mountain. If you want to fight, you should consider the consequences."

"I must get the answer today. Either let me find the answer, or I will destroy this Black Mountain!"

As soon as he finished speaking,

Feather arrows poured out from Lin Tianhao's hand.

The Lord of Black Mountain was not a pushover either. A long dragon flew out from the spear in his hand, sweeping towards Lin Tianhao.

A great battle was about to break out!

Chapter 388 - Lord of Black Mountain: Zhuge Goudan!

“One Heart, Three Shadows!!”

The Black Mountain Lord's body split into three, and the three clones appeared around Lin Tianhao in the blink of an eye, attacking him.

An archer is at a disadvantage when fighting a high-level, high-grade warrior one-on-one.

But Lin Tianhao was no ordinary archer, and after the Black Mountain Lord approached, his God-Smiting Whip fell into his hands.

“Clang clang clang!”

Lin Tianhao did not use Three Heads, Six Arms, but purely used his speed and attack speed advantage to fight against the Black Mountain Lord's three clones simultaneously.

The Black Mountain Lord's eyes narrowed; Lin Tianhao's combat power seemed to be somewhat beyond his expectations.

Although he hadn't used any major moves yet, it was rare for anyone to be able to fight him to this extent with just normal attacks.

Especially since he could feel that Lin Tianhao's level was not high, which made it even more terrifying.

Ge Sanjin was also a little surprised by what he saw; he knew Lin Tianhao was capable, but he didn't expect Lin Tianhao to be so powerful.

“Great Priest, what are you waiting for? Let's attack together.”

The Black Mountain Lord had no intention of fighting alone, even though he hadn't used too many methods.

Sometimes ganging up is not shameful, especially when the other party is attacking your doorstep; ganging up is a matter of course.

Ge Sanjin raised the staff in his hand, “Dark Imprisonment!”

His imprisonment skill fell towards Lin Tianhao.

Lin Tianhao released a skill the moment he saw the skill falling.

“Shadow Chasing Instant Kill!”

Lin Tianhao's body disappeared from the spot and appeared behind one of the Black Mountain Lord's clones.

At the same time, he also used this shift to avoid Ge Sanjin's attack.

Ge Sanjin's attack missed and did not stop.

“Dark Curse: Light of Silence!”

A dark as ink rune appeared above Lin Tianhao's head.

In this instant.

Except for a few high-grade skills similar to Undying True Body and Invincible Golden Body, Lin Tianhao's other skills turned gray-black.

“Dark Cage!”

After silencing Lin Tianhao, Ge Sanjin released the skill again.

Wanting to rely on silence to control Lin Tianhao.

However.

Before his Dark Cage could fall, the curse mark above Lin Tianhao's head had already disappeared.

This... is a little too terrifying!!

“The curse was lifted so quickly?”

The Black Mountain Lord also noticed that Lin Tianhao's curse removal speed was too fast, unnaturally fast.

It was almost impossible to dispel the curse so quickly by simply relying on tenacity.

If that was the case, then it was likely a control reduction item or equipment.

“Dragon Absorption Hand!”

The Black Mountain Lord raised his hand, and a huge suction force was transmitted from his palm, wanting to suppress Lin Tianhao with it.

At the same time, he wanted Lin Tianhao to be controlled by the Dark Cage.

He succeeded!

His Dragon Absorption Hand caused a certain amount of control over Lin Tianhao.

However.

It was just a little bit of control effect.

And the Dark Cage also caused control over Lin Tianhao.

The combined duration of the two controls was less than a second.

“Outrageous!!”

The Black Mountain Lord was a little depressed, but he still seized this opportunity and came to Lin Tianhao in an instant, immediately connecting with a knock-up.

Followed by Storm Thrust, trying to control Lin Tianhao as much as possible.

But his Storm Thrust had just ended, and Lin Tianhao had already landed.

“What kind of godly control removal is this?!!”

The Black Mountain Lord really wanted to curse now; Lin Tianhao's control removal ability was a little too terrifying.

“Now it's my turn.”

“Three Heads, Six Arms!!”

Lin Tianhao activated the Three Heads, Six Arms form.

The God-Smiting Whip in his hand suppressed the Black Mountain Lord head-on, and the other two feather arrows kept attacking.

“Dark Vortex!”

Ge Sanjin released a vortex in front of him, trying to devour Lin Tianhao's feather arrows.

But in less than half a second, his dark vortex was torn apart, and the damage that could be devoured reached its limit.

A feather arrow landed on his body.

Critical hit!!

-819W!

A huge damage number popped out from above Ge Sanjin's head.

The health that Lin Tianhao had just lost was quickly restored.

Ge Sanjin's body merged into the darkness and disappeared.

Without Ge Sanjin, this troublesome guy, the Black Mountain Lord was even more unable to contend with Lin Tianhao head-on.

Lin Tianhao's current attack speed was only slightly lower than that of gods like Poseidon.

Although the Black Mountain Lord was powerful, it was difficult for him to contend with Lin Tianhao in terms of attack speed.

What he faced was endless attack speed suppression, and the most disgusting thing about this suppression was that there was no chance to fight back.

Because most skills have a certain pre-motion, and when this pre-motion comes out, you have to withstand at least one normal attack.

With Lin Tianhao's attack speed, it was possible for the Black Mountain Lord to withstand three to five more normal attacks.

“Damn it!!”

“There's really no skill at all, just pure suppression, right.”

The Black Mountain Lord was extremely depressed, “Night Sky Domain, open!!”

He couldn't withstand Lin Tianhao's outrageous suppression after all, and chose to open the domain.

But if the Black Mountain Lord has a domain, doesn't Lin Tianhao have a domain?

Poseidon immediately launched the Sea God Domain!

Directly suppressed the Black Mountain Lord again.

“Holy crap, are you even human?!!”

The Black Mountain Lord was incredulous, and Ge Sanjin in the darkness was also dumbfounded at this time.

Lin Tianhao was a top-tier adventurer, and they could understand that he obtained the domain through great luck.

But what is their Mountain Lord's domain?

Night Sky Domain!!

This domain can definitely be regarded as a heaven-defying domain at this stage.

But what is Lin Tianhao's domain?

Just the Sea Domain!

Why would a Sea Domain suppress the Night Sky Domain?

It would be somewhat possible if this was in the sea, but this is in the Hundred Thousand Mountains.

And...

This is Black Mountain!!

Who else can release a domain in Black Mountain besides their Mountain Lord?

The origin of this Black Mountain is very extraordinary, although it is just a corner that fell from that thing.

But besides their Mountain Lord, who else can release a domain here?

Without a domain, they are naturally weaker.

But now Lin Tianhao has released one.

Unless the one releasing the Sea Domain is not a human, but... a god!!

Otherwise, there is no way to explain the current situation.

The Black Mountain Lord could also see what Ge Sanjin could see.

“This... I'm not fighting anymore!!”

The Black Mountain Lord directly closed himself off, “You're not right.”

Lin Tianhao did not let Poseidon put away the domain, but looked at the Black Mountain Lord coldly.

“Can you tell me your name now?”

The Black Mountain Lord immediately showed an extremely aggrieved expression, and he roared at Lin Tianhao:

“My name is Zhuge Goudan, are you satisfied now? You can laugh at me with this name in the future!!”

Chapter 389 - Gulimu Black Mountain!

Lin Tianhao was stunned for a moment, he almost thought he had misheard.

Zhuge Dog-Egg?

This???

This name, paired with the identity of the Lord of Black Mountain...

This...

Lin Tianhao already didn't know how to describe it.

No wonder the Lord of Black Mountain was so resistant to saying his name.

If it were him, he wouldn't want to say this name either.

The Lord of Black Mountain started losing health above his head.

The Book of Life and Death shouldn't be wrong, the degree of health loss corresponds to his health points.

The Lord of Black Mountain's real name is Zhuge Dog-Egg.

I'll count to three, who is this letter addressed to?

"Now you see, I told you I wasn't, I wasn't, you didn't believe me, you had to make me say my name, how can there be someone as annoying as you in the world!!"

The Lord of Black Mountain rebuked Lin Tianhao like a disgruntled woman.

Lin Tianhao frowned, "Then are there any other people above Black Mountain with the Black Mountain nickname?"

"Or, do you have any suspected targets, or do you have any candidates for Black Mountain successor?"

The Lord of Black Mountain pointed at himself and said, "Look at me, do I look like I need to choose a successor?"

"As for suspected targets, besides the High Priest and Big 憨, I really don't trust anyone else in Black Mountain."

Lin Tianhao looked towards the outside of the hall, his gaze landed on the Blood 纹 Warrior.

He could see the Blood 纹 Warrior's name, he took out the Book of Life and Death, and wrote down the Blood 纹 Warrior Zhou Da 憨's name.

The Lord of Black Mountain and the Black Mountain High Priest were both following Lin Tianhao, they naturally knew what Lin Tianhao wanted to do.

"Snow Emperor, you're just wasting time, the High Priest might be a spy, but Da 憨 definitely isn't..."

The Lord of Black Mountain hadn't finished speaking when he looked at the Blood 纹 Warrior in disbelief.

Because no damage numbers popped up above the Blood 纹 Warrior's head.

He had seen the power of the Book of Life and Death in Lin Tianhao's hands when Lin Tianhao tested him and the High Priest earlier.

But now, after writing Zhou Da^愁's name on the Book of Life and Death, he didn't lose health!!

The Lord of Black Mountain gave the High Priest a look.

The High Priest understood and walked towards the Blood^纹 Warrior.

He came to the Blood^纹 Warrior's side.

“High Priest.”

The Blood^纹 Warrior respectfully saluted, his expression was a bit rigid and simple, it was really hard to associate such a person with a traitor.

Lin Tianhao changed the name on the Book of Life and Death to Gu Li Mu·Da^愁.

Because the previous^{妙善法师} was Gu Li Mu·^{妙善}.

However.

The Blood^纹 Warrior didn't lose health, indicating that his speculation was wrong.

Suddenly.

Lin Tianhao thought of the Nine Er Black Mountain in that letter.

Lin Tianhao changed it to Gu Li Mu·Black Mountain again!

That's right!!

When Lin Tianhao wrote Gu Li Mu·Black Mountain, the Blood纹 Warrior started losing health above his head.

He looked around blankly, a little confused.

The Lord of Black Mountain was right next to Lin Tianhao, so he naturally saw the name Lin Tianhao wrote.

“Da憨.”

The Lord of Black Mountain's voice was a bit low, with a faint hint of killing intent in his tone.

“I trusted you so much, but I didn't expect you to be a spy sent by other forces.”

Hearing the Lord of Black Mountain's words, Gu Li Mu·Black Mountain was slightly startled, but this hint of surprise disappeared in an instant, and he immediately showed a simple and honest smile on his face again.

“Mountain Lord, you understand me, how could I be a spy?”

Seeing that the Blood纹 Warrior still didn't admit it, the Lord of Black Mountain was even more angry.

“Gu Li Mu·Black Mountain, how long are you going to pretend for!!”

When he heard the Lord of Black Mountain accurately call out his name, Gu Li Mu·Black Mountain's expression instantly sank.

He didn't even waste any words, and turned around to run.

He was still somewhat self-aware of his own strength.

Not to mention Snow Emperor, the Lord of Black Mountain alone was enough to rub him on the ground.

If he didn't run, he might really die here.

“Night Sky Domain!!”

The Lord of Black Mountain was very angry at this time, after learning that the person he trusted the most was actually a spy sent by the opposing camp.

This kind of thing was like a knife stabbed into his heart.

Pain!!

Bone-deep pain!!

Gu Li Mu-Black Mountain was guarding the gate, and was originally on the edge of Black Mountain.

After rushing out of Black Mountain, he activated his domain as soon as possible.

A domain full of iron chains unfolded, and a heavy sense of oppression swept over.

But the moment he activated his domain, the domain was torn open by the Lord of Black Mountain's Night Sky Domain.

Gu Li Mu-Black Mountain was shocked, "Is this the Night Sky Domain?"

The iron chains in his domain flew towards the Lord of Black Mountain, but before they even touched the Lord of Black Mountain, they were torn apart by the Lord of Black Mountain's Night Sky Domain.

“The Lord of Black Mountain's domain is a bit strong.” Lin Tianhao smiled.

The Black Mountain High Priest nodded, "Yes, it's a pity that such a strong domain is still suppressed in front of you."

Lin Tianhao opened his mouth, he himself didn't even have a domain yet, so there was no question of suppression.

Moreover.

Wasn't it normal for the Lord of Black Mountain to be suppressed by Poseidon's Sea God Domain?

It would be strange if he wasn't suppressed.

“I'm not playing anymore!!”

Knowing that he was no match for the Lord of Black Mountain, Gu Li Mu-Black Mountain had a teleportation card in his hand, and it seemed that he was preparing to teleport away.

But after his teleportation card was activated, he didn't teleport away.

“It's you!!”

Gu Li Mu-Black Mountain's gaze landed on Lin Tianhao.

He could feel that the reason his teleportation card had failed just now was because of a force released from Lin Tianhao's body.

Lin Tianhao smiled slightly and said to the Lord of Black Mountain:

“Don't kill him yet, he's been undercover for so long, don't you want to know his purpose and origin?”

The Lord of Black Mountain suppressed Gu Li Mu·Black Mountain with his Night Sky Domain, and asked in a deep voice:

“Are you going to say it yourself, or should I take you back to Black Mountain and let me use Black Mountain's rules to make you say it.”

Hearing this.

Gu Li Mu·Black Mountain's expression changed drastically, as if he had thought of something terrifying.

“Dragon Sucking Hand!”

The Lord of Black Mountain sucked Gu Li Mu·Black Mountain over and threw him into Black Mountain.

After entering Black Mountain, Gu Li Mu·Black Mountain's domain couldn't be unfolded, and he directly became a lamb to the slaughter, without the slightest power to fight back in the hands of the Lord of Black Mountain.

Not only that.

With Lin Tianhao guarding the formation, Gu Li Mu·Black Mountain didn't have any chance at all.

The Lord of Black Mountain dragged Gu Li Mu·Black Mountain into the palace.

“This is your last chance, are you going to say it now, or wait until later.”

Gu Li Mu·Black Mountain didn't look at the Lord of Black Mountain, his gaze landed on Lin Tianhao.

“Can you tell me, how did you discover me?”

Chapter 390 - Blade meat!

“Bang!!”

Lin Tianhao raised his hand and slapped Gulimu Heishan directly in the face.

“I told you to answer questions, not to ask me questions!”

“Damn it, you dare hit me? Do you know who I am?!”

Gulimu Heishan roared in exasperation.

“Bang!!”

“Bang, bang, bang!!”

Lin Tianhao raised his hand and slapped him again and again, “So what if I hit you? If you don’t like it, I’ll keep hitting you!!”

The Lord of Heishan walked up to Gulimu Heishan, “My patience is limited, three seconds left.”

Gulimu Heishan gritted his teeth but remained silent.

A cold glint flashed in the Lord of Heishan’s eyes, “You have guts, in that case, you will have to pay for your own guts.”

As soon as he finished speaking.

A tall, thin, middle-aged cook wearing an apron walked in.

He grinned at Gulimu Heishan, “Big dumb guy, I’ve had my eye on this body of yours for a long time.”

Gulimu Heishan’s body trembled slightly, and the cook dragged Gulimu Heishan to a chair on the side and sat him down.

As soon as he sat down.

Gulimu Heishan’s limbs and neck were locked by mechanisms on the chair.

With a wave of his hand, the cook conjured up a whole set of cooking utensils and a stove.

He snapped his fingers, flames burst out in the stove, and he burned a pig-slaughtering knife on the flames.

“My Four Symbols Fire can raise the temperature of the knife to 2300 degrees Celsius. When it cuts into the flesh, it can instantly scorch the wound, so that not a drop of blood will flow.”

As he spoke.

The pig-slaughtering knife had already been burned red.

The Lord of Heishan glanced at Lin Tianhao, “The following scenes may be a bit unsuitable for children...”

“I’m an adult.”

Lin Tianhao said calmly, “It’s you, do you want to avoid it?”

"It's okay, I'm used to it." The Lord of Heishan smiled.

The cook put on fireproof gloves and picked up the red-hot pig-slaughtering knife.

"Sizzle—"

Just like slicing fish, a thin slice of meat was cut off Gulimu Heishan's arm.

Just as the cook said, when the meat was sliced off, it was directly cooked through.

The cut made by the knife was directly charred, and not a drop of blood flowed out.

"Ah—"

A pig-slaughtering-like scream came from Gulimu Heishan's mouth, making him grit his teeth in pain.

"In the West, there is a food called a hamburger. I also want to make one. Bear with it, it will be done soon."

Seeing the cook start to burn the knife again, cold sweat began to seep out of Gulimu Heishan's forehead.

"What exactly do you want to know?"

He was afraid!

Lin Tianhao was a little disappointed. In his previous life, many people had boasted about how powerful and amazing the existence of the Arlette star system was.

But now it seems that's all there is to it.

He couldn't even withstand this little bit.

"Who sent you here?" The Lord of Heishan asked.

"My father." Gulimu Heishan said.

"Who is your father?"

The Lord of Heishan continued to ask.

Gulimu Heishan was silent, "Father is father, I don't know either."

"It seems that the force is not enough."

The Lord of Heishan looked indifferent, he glanced at the cook.

The cook understood the meaning of the Lord of Heishan, took a step forward, and picked up the red-hot pig-slaughtering knife again.

"Your memory is not good, I'll help you recall it."

"Stop, don't, I really don't know."

"Ah—"

A heart-wrenching scream rang out again.

Lin Tianhao watched silently from the side, without the slightest fluctuation on his face.

The Lord of Heishan was right before.

He may not be a bad person, but he is definitely not a good person.

Having experienced the Great Cataclysm, Lin Tianhao has his own survival rules.

“I really can’t say, if I say it, I will die.”

Gulimu Heishan’s tears were coming out from the pain.

Especially this kind of torture is not only on the body, but also on the soul.

“Even if you die, you must say it, this is your fate!”

The Lord of Heishan said indifferently.

Gulimu Heishan knew that if he didn’t say it today, it would be difficult to even die.

“Father, he is...”

“Wait, say the last two words.” Lin Tianhao said.

Gulimu Heishan grinned at Lin Tianhao, “You’re dreaming.”

“My father is Gu...”

Just as Gulimu Heishan said the first word, cracks instantly appeared on his body.

“Get out of the way!”

Lin Tianhao shouted in a low voice, and at the same time, he shot an arrow, hitting Gulimu Heishan’s forehead.

The Lord of Heishan, the High Priest, and the cook had already moved away.

“Boom—”

A loud noise came from behind, Gulimu Heishan’s body instantly exploded and died on the spot.

Lin Tianhao frowned, this guy was a bit disgusting.

Fortunately, he launched an attack at the end, so Gulimu Heishan could be considered killed by him.

“Ding, you killed the Blood纹 Warrior, a national announcement is about to be made, do you want to hide your name?”

“No.”

“National announcement, congratulations to player Xuě Dì for successfully killing the Blood纹 Warrior, this announcement is hereby made, hoping that the majority of players will continue to work hard.”

...

Lin Tianhao didn’t intend to hide his name, he just wanted to provoke these people from the Gulimu family.

See what they are going to do!

Before, the letter that I grabbed when I counted to three said 'drive away the wolf to fight the tiger', this wolf should be the Lord of Heishan, as for the tiger, it's most likely myself.

It's just that the letter was obtained by me when I counted to three, otherwise, looking at the Lord of Heishan's trust in Gulimu Heishan before.

If Gulimu Heishan said something bad, sowing discord, he and the Lord of Heishan would most likely tear their faces and fight.

The Lord of Heishan had also read the letter before, and now he reacted.

"Damn it, still driving away the wolf to fight the tiger, treating me as a wolf, huh?!"

The Lord of Heishan was a little annoyed, "Xuě Dì, please go and investigate, find out who this guy's father behind him is, as long as you find out, I'll help you kill him."

Lin Tianhao nodded, "No problem."

Although that's what he said.

He still needs to go back and ask the Sixth Prince how it should be counted that he killed Gulimu Heishan.

Because the task requires killing the Lord of Heishan.

But before that, Lin Tianhao planned to open the treasure chest first.

He had previously obtained three Red Maple Silver Leaves from Gulimu Miaoshan, and he could open three silver chests.

"Lord of Heishan, I'm leaving first, let's get together again when we have the chance."

Lin Tianhao returned to the elegant room of the Hundred Flowers Building.

Just as he was about to open the silver treasure chest, Hua Baixin's voice came over.

“Xuě Dì, the person you've been waiting for has arrived.”
