

O game 391

Chapter 391 - The army surrounded Baihua Tower!

As Hua Baixin's voice faded, Su Youfei, wearing a bamboo hat, appeared at the entrance of the elegant room.

Lin Tianhao saw Su Youfei and silently took out the Book of Life and Death, rewriting Su Youfei's name on it.

The Su Youfei in front of him didn't lose any health; the name was fake.

As expected!

This Su Youfei also has a problem, most likely a member of the Gu Limu family.

The only question is what role she plays in the Gu Limu family.

Is she a daughter... or a "father figure"!

Lin Tianhao subtly changed the name back to Dark Night Spirit God Moirae.

"Has the Empress Dowager gained anything from this visit?" Lin Tianhao asked.

Su Youfei nodded. "Indeed, there is news."

"What news?" Lin Tianhao asked.

"The Sixth Prince intends to rebel, colluding with adventurers from another world to assassinate me. I went deep into the enemy's lair, obtained evidence, and now the Sixth Prince has been captured. Next, it's your turn, accomplice."

Su Youfei spoke calmly.

As her voice fell, a large number of soldiers surged out from all directions, surrounding Hundred Flowers Tower completely.

Lin Tianhao remained unmoved, calmly glancing at Hua Baixin.

"Flower Master, were you also involved in this?" Lin Tianhao asked.

Hua Baixin spread her hands helplessly. "You killed Scholar Yuchang, then you killed Dharma Master Miaoshan, and now you want to kill the current Empress. I'm under a lot of pressure too."

Lin Tianhao's face revealed a strange smile. "Aren't you afraid of playing with fire and getting burned?"

"I'm not involved; this matter has nothing to do with me today."

Hua Baixin exited the elegant room. "Snow Emperor, you're acting too hastily. This is the Gu Dynasty, not your territory."

With that, Hua Baixin left, seemingly not intending to interfere with the matter here.

Lin Tianhao's gaze fell on Su Youfei.

"Empress Dowager, your self-righteousness makes you look truly foolish."

Su Youfei's expression was indifferent. "Snow Emperor, you were going to kill me, so naturally, I couldn't let you live."

Lin Tianhao summoned the God-Slaying Whip. "Since that's the case, let's begin."

"Space Lock!"

Su Youfei took out a talisman, saying with a smile:

"Snow Emperor, I know you have equipment that allows you to traverse space, but today, you have no chance of leaving here."

"Does the Empress also enjoy talking nonsense so much?"

The corners of Lin Tianhao's mouth rose, and in the blink of an eye, he arrived before her, the God-Slaying Whip in his hand instantly striking down.

"Clang—"

A long spear blocked Lin Tianhao's attack.

But in just an instant, cracks appeared on the long spear.

This long spear wasn't platinum-grade; it was only gold-grade.

However, the level of this long spear was as high as level 1000, so as a gold-grade weapon, it didn't shatter after blocking Lin Tianhao's attack once, only developing cracks.

Even so, it greatly shocked the commander wielding the long spear.

Lin Tianhao wanted to attack again, but he felt his body stiffen.

Petrification!

A mage in the distance cast a skill on him.

It was only a brief moment of control.

Lin Tianhao had already broken free from the control.

The power of the Purification Jade Pendant was self-evident.

But in that brief moment, a soldier rushed up and unleashed an uppercut.

Then a second, a third...

They didn't use flashy skills; it was just the simplest, most ordinary uppercut.

They also saw that Lin Tianhao's ability to break free from control was extraordinary.

Therefore, they directly lined up to uppercut.

As Lin Tianhao was knocked into the air, the archers and mages in the distance also began to attack Lin Tianhao.

"Overlord Body!!"

"Three Heads and Six Arms!!"

Lin Tianhao didn't intend to hold back anymore. Since these people wanted to die, then Lin Tianhao would send them to the afterlife.

Arrows rained down.

In addition, Lin Tianhao's equipment included the God-Slaying Whip, which gave his arrows a 100% armor-piercing effect.

The soldiers who had just knocked Lin Tianhao into the air began to fall one by one.

"Ding, you have killed a Black Iron Soldier. A national announcement is about to be made. Do you want to hide your name?"

"Ding, you have killed a Bronze Captain. A national announcement is about to be made. Do you want to hide your name?"

"Ding, you have killed a Silver Deputy Commander. A national announcement is about to be made. Do you want to hide your name?"

...

Hide!!

Lin Tianhao didn't choose to reveal his name because he didn't plan to completely break ties with the Gu Dynasty yet.

Based on the current situation, this action should have been initiated by Su Youfei.

If he didn't hide his name, once this matter was over, the Gu Dynasty would ultimately need to give the people an explanation.

Su Youfei was a little dumbfounded by Lin Tianhao's current slaughter speed.

"Archers, mages, mechanics, suppress with ranged firepower, melee retreat."

Su Youfei commanded with a gloomy face.

"Ranged suppression?"

The corners of Lin Tianhao's mouth rose, revealing a wicked smile.

If it were just archers, it might indeed be possible to be suppressed by ranged attacks.

But...

He was still a warrior!!

"Shadow Blink Kill!!"

In the blink of an eye, Lin Tianhao arrived behind an archer, the God-Slaying Whip in his hand instantly smashing into the back of her head.

Critical Hit!!

-8.2 million!!

A huge damage number appeared, completely unreasonable damage!

This archer's figure flickered and disappeared.

But what awaited her was Lin Tianhao's overwhelming rain of arrows.

"Curse of the Heart Demon!"

In the distance.

A curse master cast a curse on Lin Tianhao.

Lin Tianhao's heart suddenly beat faster, and a large number of negative emotions flooded his mind.

Lin Tianhao took a deep breath, but the expression on his face didn't change even in the slightest.

"Berserk!!"

Not only did Lin Tianhao not stop, but his attacks became even more violent.

Lightning Jump!

Eye of Frost!

Cycle of Death!

Meteor Shower!

...

The effects of Lin Tianhao's passive skills continued to appear, causing these people to retreat in defeat.

The sound of national announcements continued to ring out, stunning many people in the Gu Dynasty.

Even some adventurers were very surprised.

"The Star Kingdom was destroyed, the Han Hai Kingdom was destroyed, the Chaotic Lands were destroyed, and now... is it the Gu Dynasty's turn?"

"I would like to call Snow Emperor the God of Slaughter, he really goes wherever he kills."

"We farm monsters to level up, Snow Emperor kills NPCs to level up, this may be the difference between me and Snow Emperor."

"I seriously suspect that Snow Emperor's talent is to become stronger by killing NPCs. It seems that the NPCs don't have a good ending wherever he goes."

...

Although Lin Tianhao hid his nickname, a large number of players still guessed that it was Lin Tianhao who was slaughtering these NPCs.

Because they knew that apart from Lin Tianhao, there probably wasn't anyone else who would slaughter NPCs so crazily.

Hundred Flowers Tower.

The current Hundred Flowers Tower had been razed to the ground.

A large number of scantily clad fallen women and a small number of fallen men fled from the Hundred Flowers Tower.

There were also some customers of the Hundred Flowers Tower who were fleeing.

Lin Tianhao, with his Three Heads and Six Arms, was like a fierce god who had walked out of an ancient ruin, killing so many that corpses littered the field and blood flowed like a river!

Chapter 392 - Guarding formation, the emperor of the ancient dynasty!

This is Tiangu City.

In the central area of the ancient city, Lin Tianhao's battle with the city guards attracted a lot of onlookers.

Su Youfei, seeing the crowd, shouted:

"Xue Di, you are fierce and cruel, murdering Master Miaoshan, you must pay for your life today!!"

Su Youfei's voice was loud, and many people around heard it.

"What? He killed Master Miaoshan? Master Miaoshan was such a good person, how could you bear to do it!!"

"Kill him, this kind of ambitious person must not be let go."

"Too hateful, how can there be such a person who doesn't even spare monks."

... ..

Lin Tianhao was instantly subjected to various accusations, and some people even began to release skills to help the city guards deal with Lin Tianhao.

She looked at Lin Tianhao with great interest, seemingly excited that her conspiracy had succeeded.

"Immortal Slaughtering Sword Formation!"

Lin Tianhao didn't plan to hold back anymore. Since Su Youfei wanted to die, he didn't need to hold back either.

Four flying swords flew towards Su Youfei at the same time, and in the blink of an eye, they had already arrived in front of Su Youfei.

Su Youfei's expression changed drastically.

She felt the threat of death from Lin Tianhao's flying sword.

In just an instant.

A domain unfolded around her.

But even with the domain unfolded, the feeling of threatening her life still didn't dissipate, as if she would be a dead person in the next moment.

"Nine Heavens Divine Stone!"

Su Youfei sacrificed a stone as black as ink.

"Clang—"

Lin Tianhao's ever-victorious flying sword was actually blocked when it touched the Nine Heavens Divine Stone.

Su Youfei moved, she was a little panicked and wanted to escape.

"Silver Eyes!"

Lin Tianhao didn't waste any words, a figure landed behind Su Youfei.

Su Youfei was shocked, her domain was still unfolded at this time, but this person seemed to appear out of thin air, landing beside her.

"Storm Severance!!"

Su Youfei released a skill towards the Silver-Eyed Octopus.

The Silver-Eyed Octopus sneered, raised his hand and pointed, and Su Youfei's skill instantly shattered.

"Who are you?"

Su Youfei was a little panicked, because the combat power displayed by Silver Eyes now was a little too terrifying.

"The one who will kill you!"

The Silver-Eyed Octopus smiled slightly, raised his hand and grabbed towards Su Youfei.

Su Youfei wanted to dodge, but it was obviously too late.

The Silver-Eyed Octopus grabbed Su Youfei's neck with one hand.

But in the next moment.

Su Youfei disappeared, and what was in the Silver-Eyed Octopus's hand became a scarecrow.

"Pa..."

The Silver-Eyed Octopus took a step and reappeared beside Su Youfei.

Su Youfei crushed a teleportation scroll, she wanted to teleport away, but she failed.

With the Silver-Eyed Octopus, a god in charge of space, Su Youfei had no chance to teleport away.

Just as the Silver-Eyed Octopus's attack was about to land on Su Youfei, a formation plate lit up in Tiangu City.

From the formation plate, two beams of light descended from the sky.

Lin Tianhao's body sank slightly, and the huge pressure made it impossible for him to even raise his hand.

The Silver-Eyed Octopus not far away was still standing straight.

It was just that he frowned at this time, "What a strong guardian formation, this shouldn't be a guardian formation that a fifth-tier area should have."

Seeing Lin Tianhao and the Silver-Eyed Octopus being suppressed by the beams of light, Su Youfei's nervous expression immediately recovered.

"Xue Di, you are too arrogant, daring to kill in Tiangu City, today, you are doomed."

Looking at Su Youfei's smug look, Lin Tianhao wanted to stand up straight, but this pressure was too great, making it difficult for him to breathe.

"My lord, I can break this formation, but..."

The Silver-Eyed Octopus transmitted his voice to Lin Tianhao.

Lin Tianhao naturally knew what the Silver-Eyed Octopus wanted to say.

As long as he exploded with all his strength, breaking the formation would not be difficult.

It's just that in that case, the Twilight of the Gods would definitely bring down thunder.

Lin Tianhao's eyes narrowed slightly, and before he could react, a wave of spatial fluctuations swept over.

In the next moment.

Lin Tianhao disappeared from the ruins of this Hundred Flowers Building.

When the spatial fluctuations ended, Lin Tianhao appeared in a sealing formation.

"What is this place?"

Lin Tianhao looked around, surrounded by stones as black as ink, airtight.

"They are all Nine Heavens Divine Stones?"

Lin Tianhao recognized the materials used to build this sealing formation.

His Immortal Slaughtering Sword Formation couldn't break these stones, and to get out, he would probably have to rely on the power of the Silver-Eyed Octopus or Poseidon, the Sea God.

However, Lin Tianhao was not in a hurry, he had the God-Slaying Whip, and he himself might be able to smash these stones.

Just as Lin Tianhao was preparing to attack these Nine Heavens Divine Stones, a dignified voice sounded.

"Xue Di."

Lin Tianhao looked over when he heard the sound, and saw a person wearing a dragon robe walking towards him unhurriedly.

To be precise, this was a phantom, not the main body.

"Let me introduce myself, I am the emperor of the Gu Dynasty."

Lin Tianhao frowned slightly, "Did you teleport me here?"

The emperor of the Gu Dynasty nodded, "Yes, but I have no malice."

"Then what do you mean?" Lin Tianhao asked.

The emperor of the Gu Dynasty took a deep breath and said: "I know you are investigating some things, and recently you also killed some people from the Guli Mu family."

"But that can't solve the fundamental problem."

Lin Tianhao nodded, "The people I solved, they all seem to be listening to their father."

"I know their father is in the palace."

The emperor of the Gu Dynasty nodded, "What you said is not wrong, but there is one thing you are thinking too simply, if they only had that little background, I would be able to handle it myself without you taking action."

Lin Tianhao looked around, "So, you think I disrupted your plan?"

"A little, but it's not a bad thing for now, I asked you to come here because my sixth brother said you are looking for a super-god-level hidden job transfer altar."

Lin Tianhao nodded, "You also want to deal with those people, we can be considered partners, take me to the super-god-level hidden job transfer altar, let me transfer jobs, I will become stronger, and I can help you deal with them better, right."

"Some rules cannot be broken, since the sixth brother has already given you a task, then wait until you complete the task and he will take you there."

Hearing this.

Lin Tianhao was furious, "I'm about to complete the task."

"No, you are about to kill a large number of people in our Tiangu City, I sensed a great killing intent at the time, if I hadn't taken action, many people in our Tiangu City would have died."

"Su Youfei?" Lin Tianhao asked.

The emperor of the Gu Dynasty shook his head, "She doesn't have that much strength, it's a powerful existence who came with a divine weapon."

"My Tiangu guardian formation is useless against him, and I can't lock his position, I only know that he often stays in my palace."

Chapter 393 - New mission, Valley Pear Split!

Lin Tianhao's expression turned slightly沉, it seemed the Alete Star System had come prepared this time.

Artifact!!

Not just anyone can use that.

Especially since.

This is the fifth transition zone, and I estimate the seventh transition is the ceiling.

Of course.

If that guy is holding an artifact and disguising himself very well.

Then he's likely not just at the seventh transition, but the ninth, a demigod, or even a false god.

Perhaps even... a god!!

Lin Tianhao only dared to make such guesses.

"I can only have my sons distract them a little, and try to disrupt their schemes as much as possible."

Lin Tianhao nodded. Before absolute strength, all schemes and tricks were laughable.

The strength of that old father had already reached a level that the Emperor of the Ancient Dynasty couldn't control.

"Then aren't you worried about being killed?" Lin Tianhao asked.

The Emperor of the Ancient Dynasty shook his head again, "His goal isn't to control the Ancient Dynasty; they seem to be looking for something."

"It might be a super-god-tier hidden class transfer altar, or something else. The main thing is that our Ancient Dynasty is different from other places."

"In our Ancient Dynasty, there are many things that shouldn't belong to our level."

Lin Tianhao suddenly smiled, "What is this place?"

"This? This is a quiet room created by a great existence to force himself to do some work. After that great existence left, this place has lost much of its power, but it's said that it can still trap pseudo-god experts."

"Is that great existence the God of the Source of Dao?"

The Emperor of the Ancient Dynasty was slightly stunned. He hadn't expected Lin Tianhao to say the name of that great existence so bluntly.

"Yes, but it's best not to mention that great existence too often."

As soon as the Emperor of the Ancient Dynasty said this, Lin Tianhao noticed that the secret realm quest of the Ancient Dynasty Secret Realm had progressed.

Originally, there was only the event of carving the deeds of three thousand gods and demons, but now there was an additional one: building a quiet room to force oneself to work.

Of the four events related to the God of the Source of Dao, Lin Tianhao had now completed two.

"Regarding that great existence, what other deeds do you know about him? I've admired him for a long time."

Lin Tianhao's face was full of curiosity.

As long as the Emperor of the Ancient Dynasty told him two more events about the God of the Source of Dao, he would only be missing a carving knife to complete the secret realm quest.

"It's unspeakable. You've come here, so I'm telling you this much. I can't say anything else."

Lin Tianhao was a little depressed. This old emperor was being unkind.

"Then how do you plan to arrange me?" Lin Tianhao looked around, "Are you going to trap me here?"

The Emperor of the Ancient Dynasty shook his head and said, "I never thought of being your enemy, and I'm powerless to solve the Ancient Dynasty's troubles. I can only rely on you adventurers."

"I will send you outside the city. I hope you can wipe out the people from the Alete Star System, but you can't let too many people from our Ancient Dynasty die."

"Ding, the Emperor of the Ancient Dynasty has issued a quest to you."

"Quest Requirement: Kill all the people from the Alete Star System in the Ancient Dynasty (If more than one million people from the Ancient Dynasty die because of the Alete Star System's people, the quest will be considered a failure)."

"Quest Penalty: Unknown."

"Quest Reward: Free Attribute Points +1000, Scroll for the Prelude to the Blessing of the Gods +1, Equipment Evolution Scroll +1, Flower of Talent Evolution +1."

"Ding, do you accept?"

"Accept."

Even without this quest, Lin Tianhao would accept it.

After all, whether there was this quest or not, he would deal with these people from the Alete Star System.

"Alright, let's do that for now. Maybe we'll meet again."

The Emperor of the Ancient Dynasty raised his hand, and the surrounding space fluctuated.

In the next instant.

Lin Tianhao appeared outside of Tiangu City.

After coming out.

Lin Tianhao wasn't in a hurry to do anything else.

He took out the things he had previously obtained from Monk Miaoshan.

First was the skill book.

Valley Pear Split: Cannot be upgraded.

Learning Requirement: Ranged class.

Effect: Your normal attack will split into two additional feathered arrows, dealing 50% of your normal attack damage. The split feathered arrows cannot trigger skill effects.

Cost: None.

Cooldown: None.

Proficiency: Cannot be upgraded.

This effect was quite good, stronger than most splitting skills.

Most importantly, it was a passive skill.

After learning the skill, Lin Tianhao took out the Red Maple Silver Leaf and opened the first silver treasure chest.

"Ding, you have obtained a Free Attribute Point Pack +1."

Free Attribute Pack: Silver.

Usage Requirement: None.

Effect: Grants 1000 Free Attribute Points upon use.

Durability: 100.

(Note: This item is a one-time consumable item.)

Lin Tianhao froze for a moment.

He glanced at his accumulated Free Attribute Points, which were almost at two hundred thousand.

This thousand didn't seem to help much.

"My son Monkey, you are blessed."

Lin Tianhao opened the second silver treasure chest.

"Ding, you have obtained a Free Attribute Pack +1."

Lin Tianhao couldn't help but twitch his lips. This was a bit tragic.

He couldn't use it. A thousand Free Attribute Points were very useful to other players, but it didn't help him much.

There was one last Red Maple Silver Leaf left. If he didn't get something good, Lin Tianhao would really cry here.

"Ding, you have obtained a Nine Heavens Divine Stone."

Lin Tianhao's face fell.

Before, when he was preparing to kill the black mist assassin from the Seven Kill Hall after killing Yu Chang Scholar, the black mist assassin used a Nine Heavens Divine Stone to block Lin Tianhao's attack.

It could only be said.

This Nine Heavens Divine Stone could be used as a shield.

As for other uses, Lin Tianhao hadn't discovered any major ones yet.

Right!

There was also building a sealing formation. This would probably be difficult for even demigod experts to break.

But with just these two uses, it wasn't of much help to Lin Tianhao.

It would really be better to get another Free Attribute Pack.

But thinking so much now was meaningless.

Lin Tianhao pulled up Monkey's chat window and sent the two Free Attribute Packs to Monkey.

After seeing the two Free Attribute Packs, Monkey jumped up excitedly.

"Father, please accept my bow. In the future, if Father has anything, please command me. Your son will go through fire and water, and will not hesitate."

Lin Tianhao: "..."

"The Holy Land Prodigy Newcomer Battle is getting closer and closer. You guys have to work hard."

"Father, don't worry, your son will definitely be invincible and unstoppable!"

After saying a few simple words, Lin Tianhao began to think about what he should do next.

This old father from the Alete Star System was very strong and had an artifact in his hand. If he acted recklessly, the entire Tiangu City could be wiped out.

This was also the Emperor of the Ancient Dynasty's worry.

To deal with him, the Silver-Eyed Octopus and Poseidon, the God of the Sea, would likely have to go into slumber.

Chapter 394 - Su Youfei was born after three years of pregnancy!

Even so.

He couldn't make a move within Tian Gu City, otherwise, everyone inside would be dead.

To achieve this, he had to lure the old father out of Tian Gu City.

But what could he do to make the old father leave Tian Gu City?

The old father had been in the Tian Gu City Imperial Palace, either controlling the overall situation or something in the palace was attracting him to stay there.

But no matter the reason.

Lin Tianhao needed to give the old father a reason, a reason to leave Tian Gu City.

Capture his children?

This seemed like a solution, but the intention was too obvious.

He might not appear.

Because when Lin Tianhao killed Mage Miaoshan in Red Maple City, the Fish Gut Scholar in the wild, and the Blood纹 Warrior in Black Mountain, he didn't show up.

This time.

When he wanted to kill Su Youfei, he became anxious, even revealing a strong killing intent.

Why?

He wasn't anxious when the previous three were killed, but he was anxious when Su Youfei was killed.

Was it because Su Youfei was the queen, with a high position and great power, so nothing could happen to her?

This explanation seemed reasonable, but it was still a bit far-fetched.

If not.

Then there must be some secret hidden in Su Youfei.

What secret could Su Youfei have that the old father would care about?

If he could figure this out, perhaps he could find a way to lure the old father out of the city.

He didn't know the answer to this question.

Perhaps the emperor of Gu Dynasty knew, or perhaps even he himself didn't know.

However.

Perhaps there was still one place where he could try his luck.

That was the Zhenbei King's Mansion!!

Lin Tianhao learned that Su Youfei was the daughter of the Zhenbei King, so maybe he could find some clues in the Zhenbei King's Mansion.

Zhenbei City.

After arriving here, Lin Tianhao didn't rush to the Zhenbei King's Mansion.

He found a tavern and sat down.

Sometimes getting some information first might make it easier to take action.

Inside the tavern.

Lin Tianhao specifically chose a seat with many people.

It was lively here, and many people were talking.

They were talking about all sorts of things.

The widow on which street was pregnant, whose child entered the Zhenbei King's Mansion to work, whose daughter was favored by a wealthy merchant.

There was all sorts of messy information, most of which was filtered out by Lin Tianhao.

He sat until nightfall, Lin Tianhao had eaten ten plates of peanuts and five pounds of sliced beef, but he still hadn't gotten any useful information.

"Snow Emperor, big shot."

At this moment, a person walked to Lin Tianhao's table.

"Dream Chaser Yanxue?"

Lin Tianhao frowned slightly, he didn't have a good impression of this woman.

"You still have the nerve to say hello to me?" Lin Tianhao asked.

Dream Chaser Yanxue sat down opposite Lin Tianhao very familiarly.

"We are all adventurers, everything is for profit, there is not much deep hatred between us, I really think we can be friends."

"But I don't want to be friends with you," Lin Tianhao said.

Dream Chaser Yanxue smiled slightly, "Don't be like this, being friends with someone with very good luck, sometimes unexpected surprises can happen."

"Actually, I saw you when you came today, you have been sitting in crowded places, which means you want to inquire about something, but you should not have heard the news you want to hear."

Lin Tianhao frowned, "You talk too much."

Dream Chaser Yanxue didn't care, but said with a smile:

"Snow Emperor, how about we make a bet, I sit opposite you, and you will be able to hear the news you want to hear soon."

Lin Tianhao was stunned, "I know you have good luck, but you are a bit too confident."

Dream Chaser Yanxue nodded, "My confidence naturally has my bottom line, if I win the bet, you make me this friend, if I lose, I will give you the Zhenbei King's Divine Blessing pre-quest scroll."

Lin Tianhao took a deep breath, he almost wanted to curse.

Why!

Why could this woman get the Zhenbei King's Divine Blessing pre-quest scroll?

This is unscientific!!

Extremely unscientific!!

"Okay, I'll take that bet with you," Lin Tianhao said.

He really didn't believe in evil.

If you say the luck is better, it can be reflected in the explosion rate, probability, and hidden tasks, he thinks it can be accepted.

But if you say that just because of good luck, you can hear what you want to hear, Lin Tianhao really doesn't believe it.

Because in his previous life, Lin Tianhao hadn't heard that Dream Chaser Yanxue had such awesome luck.

It's true that she has good luck, but it's really not that awesome.

So.

Lin Tianhao felt that this time he was sure to win the bet.

If he loses, he doesn't consider it a loss.

After all, Dream Chaser Yanxue is right about one thing, they are not much of a deep hatred.

The cause was just his initial aversion to some of the management systems of Dream Chaser Yanxue as a former employee of Dream Chaser Club.

But the boss and the employees have always been mutually selected.

He chose to work at Dream Chaser Club in his previous life, it was his own choice, there is no reason to throw the blame on others.

Of course.

Lin Tianhao still felt that he couldn't possibly lose.

He really didn't believe that Dream Chaser Yanxue's luck could be so heaven-defying.

But just as Lin Tianhao was thinking this, two merchants sat down to drink wine not far away, and one of them said:

"How long has it been since Tian Gu City used the Tian Gu Guardian Formation, but this time it was used for Queen Su."

"At least she is the queen of a country, if she died in Tian Gu City, how would we explain to the people, how would we explain to the Zhenbei King."

Lin Tianhao frowned, although Su Youfei was mentioned, this was not what he wanted to hear.

After all, he knew these things himself.

But the two merchants continued to talk.

"Su Youfei is a femme fatale, because of Su Youfei, Gu Dynasty almost went to war with the Barbarian Dynasty."

"Who says it isn't, others are pregnant for ten months, but this Su Youfei, was pregnant for three years before giving birth, it doesn't look like a normal person at all."

"It is said that only the demon race will be pregnant for years, there were rumors that..."

"Shh!"

Before the merchant could finish speaking, the other merchant made a gesture of silence.

"Don't you want to live anymore? This is Zhenbei City, if people from the Zhenbei King's Mansion hear it, be careful your head will be moved!"

While speaking, the merchant looked around again, and seemed relieved that he didn't find anyone from the Zhenbei King's Mansion.

"What? It turns out that you want to hear news about Su Youfei?"

Dream Chaser Yanxue chuckled and said, "That's right, you just had a big fight with Su Youfei in Tian Gu City, it's reasonable to come here to inquire about Su Youfei's news."

Chapter 395 - The cleverness of chasing dreams in the snow!

Lin Tianhao's expression was slightly沉, this Dream Chasing Smokesnow's luck was a bit outrageous.

“Let's just leave it at that.”

Lin Tianhao got up, preparing to leave.

Dream Chasing Smokesnow immediately said, "Snow Emperor, Big Brother, does this mean we're friends now?"

Lin Tianhao sent a friend request to Dream Chasing Smokesnow. Although he didn't like her, he was willing to accept defeat. He wasn't so petty as to lack that kind of magnanimity.

Coming out of the restaurant, Lin Tianhao realized that he might have entered a misunderstanding.

He had always regarded Su Youfei as a member of the Gu Limu family, but now it seemed that might not be the case.

A three-year pregnancy was inherently problematic.

The Gu Limu family's old father's concern for Su Youfei shouldn't be because she was one of their own, but for another reason.

This could also explain why the Gu Limu family's old father didn't take action when Lin Tianhao killed Miao Shan Monk and Yu Chang Scholar.

As for why Su Youfei attacked him, it wasn't difficult to understand.

He had made it clear that he wanted to kill her. If she, the dignified queen of a country, had really compromised, that would have been problematic.

Setting up a trap to kill him, from the current perspective, was the normal thing to do.

It was just that from the beginning, Lin Tianhao, after using the Book of Life and Death to determine that Su Youfei was not the queen's real name,

had almost firmly believed that she was a member of the Gu Limu family.

If that were the case,

then it seemed everything could be explained.

The Gu Limu family's old father stayed in the palace because of Su Youfei.

Su Youfei's three-year pregnancy, being different from ordinary people, must have some secret about her.

Not many people would know this secret. It was highly likely that the Prince of Zhenbei, Su Beilong, knew about it.

It seems

he needs to go to the Prince of Zhenbei's mansion.

But just at this moment,

Lin Tianhao stopped, his expression a little unsightly.

In the back alley of the restaurant,

Dream Chasing Smokesnow walked together with the two merchants who had previously chatted about Su Youfei.

“Well done.”

Dream Chasing Smokesnow nodded in satisfaction, taking out a bag filled with crystal cores and throwing it over.

The two merchants were ecstatic, catching the bag and repeatedly thanking her.

“Boss, if you have this kind of work in the future, look for us again. Our acting skills have always been good.”

Dream Chasing Smokesnow waved her hand, signaling them to leave.

After the two merchants left, Dream Chasing Smokesnow also prepared to turn around and leave.

But as soon as she turned around, she saw a person standing at the end of the alley.

Dream Chasing Smokesnow smiled wryly, “Snow Emperor, I really didn't mean to, I just wanted to maintain a good relationship with you.”

Lin Tianhao's expression was indifferent, “Alright, you cheated, the bet is void.”

With that,

Lin Tianhao directly blacklisted Dream Chasing Smokesnow.

“Also, to make friends, you should never rely on petty tricks.”

After saying this, Lin Tianhao strode away, leaving behind Dream Chasing Smokesnow, looking embarrassed.

Dream Chasing Smokesnow bit her red lip lightly, feeling somewhat annoyed, “There are so many men who want to get close to me, why is it so difficult to just want to be friends with you!!”

Lin Tianhao left.

He was relieved, relieved that Dream Chasing Smokesnow didn't rely on luck to get those two merchants to say those words.

If that were really the case, then Dream Chasing Smokesnow's luck would be a bit too terrifying!

Only.

Now Lin Tianhao was facing a completely new problem.

That was, since those two merchants were Dream Chasing Smokesnow's hired "actors," could their words still be trusted?

Even so,

Lin Tianhao wasn't worried, because if the three-year pregnancy was real, it wouldn't be difficult for him to find out about this news from other sources.

Thinking like this,

Lin Tianhao found a coachman in Zhenbei City.

Seeing Lin Tianhao, the coachman immediately smiled with delight.

“Young master, do you want to take a carriage?”

Lin Tianhao threw out a bag of crystal cores, “I want to ask you a few questions.”

The coachman looked around, whispering, “Young master wants to ask about the Prince of Zhenbei's mansion?”

“You know?” Lin Tianhao was a little surprised.

The coachman smiled and nodded, “Recently, many people have come to Zhenbei City, and they are all inquiring about the Prince of Zhenbei's mansion.”

Hearing this,

Lin Tianhao understood. After the adventurers entered the Ancient Dynasty Secret Realm, they were definitely trying to find ways to obtain quests.

Tiangu City, Hongfeng City, and Dongyun City, the Ancient Dynasty's three top-tier cities, diverted most of the adventurers.

But it was inevitable that some adventurers would play small tricks and try their luck in some other small cities.

Now that the game time has been more than four months, players have figured out many rules.

They naturally know that the top forces in a place are the easiest to have some big quests.

After players come to Zhenbei City, they will definitely inquire about the Prince of Zhenbei's mansion.

“I want to hear about Su Youfei.” Lin Tianhao said.

The coachman looked around, making sure no one was around before whispering:

“Su Youfei's mother was the famous female general of our Zhenbei City, Mu Qilan.”

“After returning from an expedition, General Mu became pregnant with the Prince of Zhenbei's child, which is Princess Su. This pregnancy lasted for three years.”

“It is said that the Prince of Zhenbei and General Mu have powerful bloodlines, so they were pregnant for three years before giving birth to Princess Su.”

The coachman looked around again, whispering:

“This Princess Su also did not disappoint her powerful bloodline. In just eighteen years, she has already reached the peak of the fifth rank, and now she is even the esteemed Empress, with rumors saying that she has already reached the seventh rank, one of the few seventh-rank experts in the Ancient Dynasty.”

Lin Tianhao became a little interested. This was a bit interesting.

The three-year pregnancy was real!

Then his previous speculation was valid.

“Does the Prince of Zhenbei have any other children?”

“Of course, the Prince of Zhenbei has a full thirty-two children.”

Lin Tianhao: “.....”

Is this the life of a prince? Even a prince guarding the border.

“Does your prince have any other children with Mu Qilan? Is the pregnancy time normal?”

“No.”

The coachman shook his head, "They only have Empress as a daughter, and the Prince of Zhenbei's other children all had normal ten-month pregnancies."

"Has anything major happened in Zhenbei City recently? Or anything strange happening." Lin Tianhao asked.

The coachman moved closer to Lin Tianhao, whispering: "If you want to talk about major events, it seems there are none. If I had to say, that would be Empress's mother, that General Mu, went to Tiangu City today."

Lin Tianhao threw another bag of crystal cores to the coachman, "Zhenbei City is not far from Black Mountain. I heard that there are hundreds of thousands of bandits entrenched in Black Mountain."

The coachman nodded, "Yes, but they don't rob us poor people. When they encounter wealthy merchants, they only take 20% of their wealth."

"Then these Black Mountain bandits have a bit of conscience." Lin Tianhao said.

The coachman smiled wryly and nodded, "You can't say that either. Although they don't rob us, it's no different from robbing us."

Chapter 396 - Ge Eryan: Spreading rumors!

"The merchants' wealth is plundered, and the things they buy will increase in price. In the end, aren't we, the common people, the ones paying the bill?"

The groom's face was full of sorrow, clearly indicating that he, a commoner at the bottom of society, was being exploited.

"Since that's the case, hasn't the Prince of Zhenbei thought about clearing out those bandits in Black Mountain?" Lin Tianhao asked.

He was actually trying to test the waters and see what kind of person this Prince of Zhenbei was.

“The Prince of Zhenbei has sent troops out a few times, but each time it's been a lot of thunder and very little rain.”

Lin Tianhao couldn't help but laugh a little. It reminded him of the way some people handled things in the real world.

It was pretty much the same.

The groom looked around again, and after making sure no one was around, he whispered:

“I'll only tell you this. It's said that the Prince of Zhenbei has long harbored intentions of rebellion and has a cooperative relationship with Black Mountain. In fact, Black Mountain itself was created by the Prince of Zhenbei.”

“The purpose is to gather wealth and raise an army, waiting for the day to rebel and claim the throne!”

Although Lin Tianhao already knew this information, he still asked in confusion:

“The Prince of Zhenbei's daughter, Su Youfei, is the current Empress. In the future, her son will inevitably become the Emperor of the Gu Dynasty. Why would he need to do this?”

Lin Tianhao smiled and nodded, “Thank you for the information.”

After saying that,

He turned and left.

The groom knew a little too much, making him feel a little strange.

Actually!

It wouldn't be unacceptable if he knew a little too much, but when he said that the Prince of Zhenbei intended to rebel,

Lin Tianhao felt that there was something wrong with him.

Living in Zhenbei City and begging for food, would he say such a head-chopping thing just because a stranger gave him some money?

Not to mention this kind of imperial dynasty with feudal systems, even in the relatively enlightened situation of the real world,

A normal person wouldn't say bad things about their ruler to a stranger, let alone such a big accusation.

In addition to what the groom said before, that many people were inquiring about the Prince of Zhenbei's residence, what would someone with ulterior motives do if they knew this?

Bribe those who might be approached by players to inquire about information, and then use this to pass on messages to adventurers.

What kind of message do they want to convey by doing this?

Based on Lin Tianhao's conversation with the groom just now, he already had a conclusion.

The Prince of Zhenbei colluded with or even established Black Mountain himself, intending to rebel!!

The people behind the scenes wanted to spread this message, clearly intending to push the Prince of Zhenbei into the limelight.

It was already late at night.

Lin Tianhao wasn't in a hurry. He had to wait.

If there was something wrong with the groom, someone would definitely come to meet them.

Moreover,

Lin Tianhao suspected that the groom wasn't a real groom and might have been replaced.

This also included some other professions in Zhenbei City.

As night fell,

The main street of Zhenbei City was still brightly lit, but the alleys were already very dark.

Only the occasional red lanterns could bring a little light to the alleys.

In this night, shadows intertwined.

Lin Tianhao was also in the darkness. He released the Peeping Silver Eye on the groom, leaving a Silver Eye on the groom's body.

He just wanted to see if his guess was correct.

Seemingly to confirm Lin Tianhao's guess, the groom went to the old city and entered an ancestral hall after making several turns.

More than twenty people came one after another from other places.

Like the groom, they were all low-level professionals wandering in Zhenbei City.

A person wearing a ghost face mask appeared behind the ancestral hall.

Everyone was silent, standing there respectfully.

“The Prince of Zhenbei's side has discovered some clues, so you shouldn't say anything next. When needed, I will notify you again.”

“Yes, Lord Mu Yang.”

The masked man, called Lord Mu Yang, waved his hand and threw out a jade bottle.

“Work hard for me, and I can guarantee your safety.”

These people excitedly divided the pills in the jade bottle, as crazy as if they were possessed.

After they took the pills, they gradually calmed down.

“Thank you, Lord, for the medicine.”

Lord Mu Yang waved his hand, “Go down, be smart, and don't be discovered.”

After these people left, the 【Mu Yang】 was also preparing to leave.

But at this moment.

He only felt his body sink, and an invisible pressure fell on him.

“Who is it?!”

【Mu Yang】 suddenly turned around and saw a youth with dazzling handsomeness appearing at the entrance of the ancestral hall.

“Who are you? Did you see everything just now?”

【Mu Yang】 exuded a chilling killing intent, apparently knowing that his secret had been discovered and not intending to let Lin Tianhao live.

Lin Tianhao walked over and said calmly: “Me? Just a small adventurer.”

“You are an adventurer...”

【Mu Yang】 was stunned. Seemingly knowing that adventurers could be resurrected and killing once was useless, the killing intent on his body subsided.

“Since you are an adventurer, I have a task here. Are you willing to work with me to achieve great things?”

Lin Tianhao smiled slightly, “You might as well tell me, what great things can I achieve by following you?”

“Of course, you can be crowned king and become a minister, enjoy wealth and glory, and be accompanied by countless beauties.” 【Mu Yang】 said.

Lin Tianhao shook his head, “Your words are not convincing.”

“It doesn't matter, as long as you are willing to help me do something, I can give you generous rewards.”

“What is it?”

“Ding, Mu Yang has issued a task to you.”

“Task requirements: Do not tell anyone about what you saw here today.”

“Task punishment: Unknown.”

“Task reward: Free attribute points +50.”

“Ding, do you accept?”

Lin Tianhao: ? ? ?

“This is the generous reward you said?”

【Mu Yang】 nodded as a matter of course, “Isn't my reward generous enough? You must know that with my reward, you have to complete the first kill of a boss that is higher level than you to get it.”

“Now you can get this reward just by keeping your mouth shut.”

Lin Tianhao shook his head and said: “General Ge Da of Zhenbei City, are you so stingy?”

Hearing this,

【Mu Yang】 's face changed drastically because Lin Tianhao had revealed his identity.

“Who exactly are you?”

Ge Eryan's eyes were deep, staring at Lin Tianhao.

Lin Tianhao was able to see through his identity.

The reason was naturally because of the Fiery Eyes.

Although his Fiery Eyes seemed a bit useless when facing those guys from the Alete Star System,

It was still invincible when used on other ordinary NPCs.

“It doesn't matter, I'm very curious, you are a general under the Prince of Zhenbei, why do you still treat the Prince of Zhenbei like this?!”

Chapter 397 - The old father's purpose!

Ge Er'yan did not answer Lin Tianhao's question. Instead, a crimson scimitar appeared in his hand.

“You lied to me. You are not an adventurer at all.”

“An adventurer could never know my name, nor could they know so much information.”

Ge Er'yan was very certain of his judgment.

He raised the crimson scimitar in his hand, pointing it at Lin Tianhao, and said in a deep voice:

“You say you are an adventurer, no more than wanting to tell me that you can revive indefinitely, and that even if I kill you, it will be useless.”

“But you were too hasty, directly revealing my identity, without considering that my identity has never been told to any adventurer.”

Seeing Ge Er'yan's confident appearance, Lin Tianhao couldn't help but find it a bit amusing.

“Your name is Ge Er'yan, what is your relationship with Ge Sanjin?” Lin Tianhao asked.

Hearing Lin Tianhao say the three words 'Ge Sanjin', Ge Er'yan was stunned.

“You know my third brother?”

“Just like I thought, but your third brother looks older than you.”

Lin Tianhao found this increasingly interesting. Ge Sanjin had previously told him that he was a member of the Sixth Prince's faction.

This Ge Er'yan doesn't seem to get along with the Zhenbei King, so it's also possible that he's a member of the Sixth Prince's faction.

“Considering you know my third brother, tell me your purpose, and I can spare your life.”

Ge Er'yan pointed the crimson scimitar at Lin Tianhao, as if everything was already under his control.

Hearing Ge Er'yan's words, Lin Tianhao shook his head.

“General Ge, you may not have figured out the situation. Right now, you are the prisoner, not me.”

Ge Er'yan was taken aback, then sneered:

Lin Tianhao smiled playfully, “A Platinum-level expert at level 2000, wouldn't you have a domain?”

Ge Er'yan's eyes narrowed. His little trick was once again seen through by Lin Tianhao, but he remained calm and instead revealed a smile.

Centered on him, a domain was also released.

"I am really curious, what exactly is your identity? You know my third brother, and you possess a domain, especially since I have never heard a single piece of information about a powerhouse like you."

At this point.

Ge Er'yan seemed to have thought of something, and he reacted.

"You... you are the Snow Emperor?!"

"Finally figured it out?" A faint smile appeared on Lin Tianhao's face.

"I am an adventurer, I only seek benefits in what I do. This time I came to Zhenbei City, just to investigate Su Youfei's matter."

Ge Er'yan's eyes were solemn, "Weren't you imprisoned by the Emperor? How could you appear here?"

"Don't ask me, now I'm asking you." Lin Tianhao was a little displeased.

Ge Er'yan stared at Lin Tianhao for a while, "I can tell you everything I know, but what you see today, you must keep secret."

"Okay, I'll keep it secret." Lin Tianhao said.

He didn't care, anyway, the Silver-Eyed Octopus and Poseidon saw what happened today.

If he really wanted to leak the news he saw today, then he could completely let Poseidon and the Silver-Eyed Octopus tell it.

What they leaked has nothing to do with him, Lin Tianhao!

Of course.

For now, there is no need to be a bigmouth.

“Su Youfei is not the Zhenbei King's daughter, her real name is not Su Youfei either. Back then, the Zhenbei King led us on an expedition, and during the journey, Mu Qilan disappeared for a period of time. When she reappeared, she was already pregnant.”

“Although I don't know what Mu Qilan said to the Zhenbei King to make him admit that he was Su Youfei's father, that is not the case.”

“Mu Qilan has always kept her distance from the Zhenbei King. Even after so many years, the Zhenbei King and Mu Qilan have always lived separately.”

This is a bit explosive.

A dignified prince is actually willing to take the blame for a general.

The key is that this is not an ordinary blame.

Almost every man would be very resistant to this kind of thing, let alone a dignified prince.

“Anything else?”

Lin Tianhao asked curiously.

If Su Youfei's father is not the Zhenbei King, then who could it be?

Or rather, whose genes could allow Mu Qilan to be pregnant for three years?

Isn't this the Nezha version?

It's just that in myths and legends, Nezha's parents are relatively normal, and the first two older brothers also had normal ten-month pregnancies.

This is also why Lin Tianhao had not considered that Su Youfei's father might be someone else.

“After you had a conflict with Su Youfei in Tiangu City, the news was sent back, and Mu Qilan went to Tiangu City, reportedly bringing three special treasures obtained from the Crimson Maple Ancient Ruins, it seems she went to fight you to the death.”

Lin Tianhao frowned slightly, what was his fault that she wanted to fight him to the death?

“What about you?”

Lin Tianhao looked at Ge Er'yan with interest, “You are in Zhenbei City, your third brother is in Black Mountain, don't you also have an older brother?”

Ge Er'yan shook his head, “I promised you to tell you about Su Youfei, I have said everything I can tell you, you shouldn't ask me anything else.”

Lin Tianhao shook his head, “Then ask about Su Youfei, who do you think Su Youfei's father could be? Is there anything special about her?”

Ge Er'yan pondered slightly, then said: “I really don't know who her father is, and I can't guess, it might be a demon from the Ten Thousand Mountains. The Ten Thousand Mountains are continuous, and there are many great demons living there.”

“There have long been rumors of fox spirits transforming into humans and walking out of the deep mountains. It is entirely possible that there are other more powerful great demons.”

At this point.

Ge Er'yan changed the subject and continued:

“As for whether there is anything special about Su Youfei, I really haven't found anything. Everything is normal.”

“If I had to say there was, it would be that she has a very special natural body fragrance, a bit like the fragrance of gardenias.”

Lin Tianhao didn't respond. What Ge Er'yan said didn't seem to be any useful clues.

However, this time he had obtained a definite piece of information in Zhenbei City.

That is, Su Youfei is likely not from the Alette Star System.

That old father of the Gu Limei family values Su Youfei so much, it is likely related to Su Youfei's background.

Although Lin Tianhao is still unable to know Su Youfei's background.

But as long as that old father of the Gu Limei family cares about Su Youfei, that is enough.

As long as Su Youfei leaves Tiangu City, that old father of the Gu Limei family will also leave Tiangu City.

At that time, outside Tiangu City, he can let Silver Eyes take action and kill that old father of the Gu Limei family.

Chapter 398 - Work hard and stack fairy pictures crazily!

For a god in perfect condition, breaking the rules to kill someone beneath the divine level is not difficult.

Although the Silver-Eyed Octopus would fall into a deep sleep as a result, Lin Tianhao was willing to make this sacrifice to thwart the Aleit Star System's conspiracy.

Of course.

The sacrifice of the Silver-Eyed Octopus was also due to Lin Tianhao's consideration of its origins.

If their ancestral god were to awaken, the Silver-Eyed Octopus would likely vanish completely.

Therefore.

Sacrificing the Silver-Eyed Octopus was the most rational approach.

"Thank you for the information, I'm leaving."

Lin Tianhao waved his hand, passed through the Kunlun Mirror, and disappeared.

In the next instant.

Lin Tianhao appeared in the Sixth Prince's residence.

At this time, the Sixth Prince had not yet rested, and Lin Tianhao could hear the murmurs of a woman coming from the Sixth Prince's room.

Ahem!!

No wonder the Sixth Prince looked somewhat extremely deficient when he last met him; he didn't expect him to be so unrestrained.

There was a guard at the door of the room, and he was not surprised to see Lin Tianhao appear.

Because this was not the first time Lin Tianhao had come here.

He gestured for Lin Tianhao to be silent and whispered, "Young Master Xue, please wait a moment, it should be over in a few breaths."

"A few breaths?"

In the real world, where everyone stays up late and is in a sub-healthy state, such things are calculated in minutes.

This guard actually calculates it by breaths...

This...

Just how bad is the Sixth Prince's health?

Just then, a maid came carrying a bowl of deer blood.

Don't ask Lin Tianhao how he could tell; these things have names.

"Tell the lord that Young Master Xue has arrived."

The guard stepped aside and said to the maid.

The maid nodded and entered the room with the deer blood.

The room was already silent, but Lin Tianhao still waited a full quarter of an hour before the Sixth Prince walked out.

Only, when Lin Tianhao saw the Sixth Prince, he found him even more haggard.

Moreover.

His legs were even trembling slightly as he walked; if it weren't for the foundation of his body still supporting him, Lin Tianhao doubted whether he could even stand up.

"Sixth Prince, it's better to be more restrained in your activities."

The Sixth Prince forced out a smile with difficulty, "Sit, I have a sense of proportion, my body can still handle it."

Lin Tianhao opened his mouth, he actually knew the Sixth Prince's purpose in doing this.

But he didn't expect the Sixth Prince to be so desperate.

"You all go down first."

The Sixth Prince told his subordinates to leave before sitting down shakily and asking Lin Tianhao:

"Is there something that you absolutely must see my father about? Can't you tell me?" the Sixth Prince asked.

Lin Tianhao shook his head and said seriously, "You're actually right about this, only your father can make the final decision on what I'm going to do next."

The Sixth Prince pondered for a moment, "The matter between you and the Empress not long ago caused quite a stir. If you want to enter the palace, it might be a bit troublesome."

"If you have any arrangements, you can tell me, and I'll tell my father."

Lin Tianhao shook his head again.

Ge Eryan is in Zhenbei City, Ge Sanjin is in Black Mountain, and Lin Tianhao's trust in this Sixth Prince is discounted.

At most, it can prove that he, the Sixth Prince, is not from the Aleit Star System, but that's all.

Lin Tianhao couldn't guarantee whether the Sixth Prince would come up with other tricks for the sake of the imperial throne.

"Since that's the case, then I can only try my best to arrange it. You may have to wait a few days."

A cold light flashed in Lin Tianhao's eyes.

Waiting a few days, that sounded like he was trying to fool someone.

"If you can't help me, I can only ask the other princes for help," Lin Tianhao's voice was indifferent, without a trace of emotion.

The Sixth Prince frowned, obviously somewhat displeased.

"Emperor Xue, I'm not lying to you. Last time you fought with the Empress's people at Hundred Flowers Tower, now the Empress's mother is still looking for you everywhere."

"If you show your face now, she will come and fight you to the death."

"Don't think that you adventurers are so great just because you can be resurrected infinitely. You've also seen the sealing formation that your father used to imprison you before. If you're trapped inside, you won't be able to do anything."

Lin Tianhao looked at the Sixth Prince coldly, "Are you threatening me by saying this?"

"I'm not threatening you, I'm saying all this entirely for your own good."

The Sixth Prince spoke earnestly, as if he was really doing it for Lin Tianhao's own good.

"I'll disguise myself and enter the palace with you, you don't need to worry about anything else," Lin Tianhao said.

"You're trying to harm me."

The Sixth Prince became agitated and coughed violently as a result.

"Last time, the Empress said that we were colluding together. If I bring you in this time, wouldn't that be playing right into her hands?"

"A prince colluding with an adventurer, plotting to harm the Empress, I can't bear such a big crime."

Lin Tianhao frowned, "Then please take a trip to the palace and tell your father that I have something very important to see him about."

Hearing this.

The Sixth Prince was on the verge of tears, "Okay, okay, I'll go, is that okay?"

"You get the benefits, I take the risks, this prince is really useless."

"Go now," Lin Tianhao added.

"Emperor Xue!!"

The Sixth Prince roared in exasperation, "It's the middle of the night, you want me to go? Have you ever considered my feelings!"

Lin Tianhao waved his hand, "Then go tomorrow morning, very early. I really have something very important to see your father about."

That old father of the Gulim family is always a scourge.

Lin Tianhao didn't care what schemes or tricks he had, just one thing, he was from the Aleit Star System, and he was from the Gulim family, then there was no need to let him live.

Moreover.

After dealing with this old father of the Gulim family, Lin Tianhao could go directly to the Transcendent-grade Hidden Class Advancement Altar to advance.

This was the fastest method, without one.

As for the Sixth Prince's mission, it was no longer important after solving this old father of the Gulim family.

After discussing things with the Sixth Prince, Lin Tianhao prepared to go to Hundred Flowers Tower through the Kunlun Mirror.

But thinking that Hundred Flowers Tower had just been destroyed by him, he could only go somewhere else now.

Moreover, Lin Tianhao already had a place in mind to go.

Du Yue Tower!!

Shura Yize had said before that the Third Prince had asked him to acquire Du Yue Tower.

Combined with Du Yue Tower's own situation, it meant that there was likely someone from the Gulim family in Du Yue Tower as well.

He might as well go to Du Yue Tower to familiarize himself with the situation.

Don't get me wrong.

Lin Tianhao is a gentleman.

Going to Du Yue Tower is definitely not to find those fallen girls, let alone find fallen boys.

At most, he would listen to a little tune to pass the time.

Chapter 399 - Super god-level hidden career transfer altar!

Sitting in a private room at Du Yue Lou, away from the window.

Lin Tianhao sent a message to Shura Yize, asking him to come and have a couple of drinks with him.

Of course.

The main purpose was to learn about Du Yue Lou's situation from him.

Now that he was preparing to make a move against the old father of the Gu Limei family, he definitely needed to understand the situation here first.

However.

Lin Tianhao had just sent a message to Shura Yize when the door to his private room was pushed open.

A woman in a long shirt, with a handsome face, stepped in.

She had a faint air of killing, and was obviously not someone easy to get along with.

She sat down opposite Lin Tianhao, carrying a package in her hand.

She threw the package in her hand towards Lin Tianhao.

The package rolled open, and a bloody human head rolled out of it.

It was the head of a man with a haggard face and a terrified expression.

Sixth Prince!!

He had only separated from the Sixth Prince for such a short time, and his head had already moved house!!

Lin Tianhao's gaze fell on the woman again.

Mu Qilan (Diamond): Level 2000.

Health Points: ???

Attack: ???

Skills: ???

Lin Tianhao's expression changed slightly.

He had come all this way.

Apart from gods, this was the first time he had encountered a being whose quality reached the Diamond level.

Of course.

The Ancient Dynasty Emperor's quality could not be determined because he was a phantom.

Mu Qilan sat down opposite Lin Tianhao unhurriedly, and poured herself a glass of wine.

She drank it all in one gulp.

The whole process was relaxed and casual, but she exuded a powerful and terrifying pressure.

"I haven't been out and about for too long, but that doesn't mean I can't lift a knife anymore."

Mu Qilan's voice was extremely calm, and it was impossible to tell whether she was happy or angry.

But the aura she exuded was even more terrifying.

"It seems the rumors are true, Su Youfei is not the daughter of the King of the North, her father is someone else. You were able to reach the Diamond level because of Su Youfei's father, right?" Lin Tianhao asked with a smile.

Mu Qilan was slightly surprised, as if she hadn't expected Lin Tianhao to be able to see through her grade.

"It doesn't matter."

"What matters is that you conspired with the Sixth Prince to try to kill my daughter."

Lin Tianhao was about to say something, but Mu Qilan's voice rang out again.

"No need to quibble, I have already gotten the answer from the Sixth Prince. He is dead, so your mission naturally fails."

Lin Tianhao picked up the wine pot, filled Mu Qilan's glass, and then filled his own.

"General Mu was able to find me accurately, so you must have some means. The Sixth Prince is dead, so there's no point in saying anything else. If you want to say something, just say it."

After saying this, Lin Tianhao drank it all in one gulp, but he was not worried that Mu Qilan would attack here.

"You have killed many people from the Gu Limei family recently, have you thought about the consequences?"

"How many people do you think they sent, and what is their purpose?"

Lin Tianhao shook his head, "I don't know."

"It also doesn't matter. No matter how many people come, I will kill them all."

"You are too naive."

Mu Qilan shook her head, "I know you want to use my daughter as bait to lure the strong one from the Gu Limei family away from the palace."

"I don't know where you get the confidence to kill him, but I won't let my daughter leave Tiangu City, at least, not now."

"But this is something that must be done," Lin Tianhao replied decisively.

"What you seek is nothing more than the Transcendent-grade Hidden Class Advancement Altar. I will take you there, why make it so complicated?"

Lin Tianhao's eyes lit up, "You are willing to take me to advance?"

"Yes."

"Although you seem a little weak to me, your future potential is endless."

A smile appeared on Lin Tianhao's face, "General Mu, I knew you were a good person the first time I saw you."

"When are we going to the Transcendent-grade Hidden Class Advancement Altar?" Lin Tianhao asked.

He had been waiting for this advancement for a long time, and no one was more eager than him to complete this advancement.

“Now,” Mu Qilan said.

Lin Tianhao nodded with a smile, and got up to leave the city with Mu Qilan.

After leaving the city, Mu Qilan summoned a level 2000 platinum-grade flying mount, the Violet Lightning Wyvern.

Lin Tianhao wasn't jealous at all. Isn't it just a level 2000 platinum-grade flying mount? He had seen diamond-grade ones in his previous life, so what's the big deal!

He walked onto the back of the Violet Lightning Wyvern with Mu Qilan.

The Violet Lightning Wyvern flapped its wings and flew into the sky.

Looking down from the sky, Lin Tianhao realized that this Ancient Dynasty was somewhat unusual.

The mountain ranges and city layout of the Ancient Dynasty just formed a yin-yang double fish pattern.

“Do you see it? This is the Transcendent-grade Hidden Class Advancement Altar you are looking for. In fact, from the moment you entered the Ancient Dynasty, you have already been inside the altar.”

“If you meet the conditions, you can advance at any time, so even if you help the Sixth Prince complete the mission, he will only tell you that the altar is under your feet.”

Lin Tianhao was stunned. This Sixth Prince is a bit too much.

Lin Tianhao originally thought it would be difficult to find, but he didn't expect it to be under his feet all along.

Thinking of this.

Lin Tianhao took out the Heavenly Punishment Archer Advancement Order he got from Shui Ruyan.

He immediately chose to advance, but there was no reaction.

“Do you think such a big formation plate can be activated so easily?”

Mu Qilan looked at Lin Tianhao with the eyes of an idiot.

“The formation plate is here, but you still need three things to advance.”

Lin Tianhao thought of what the Black Mountain Lord had told him.

His Black Mountain was one of the things to activate the Transcendent-grade Hidden Class Advancement Altar.

“What things?” Lin Tianhao asked.

“I don’t know, only those who possess the activation items will know,” Mu Qilan said.

Lin Tianhao was a little depressed, “Any clues?”

Mu Qilan nodded, “There are clues, and that is that this formation was left by a great being. Anything related to that great being may be the items to activate this great formation.”

When Mu Qilan said this, Lin Tianhao's secret realm mission moved again.

The deeds of the God of Origin of Tao appeared for the third time, creating the Transcendent-grade Hidden Class Advancement Altar.

“What else do you know about that great being?” Lin Tianhao asked.

Only the last deed was missing, and all four deeds would be complete.

Once he found that carving knife, his secret realm mission would be considered complete.

“No comment.”

Mu Qilan refused very decisively.

Lin Tianhao pouted and said:

“You brought me here, it shouldn’t be just to see this formation, right?”

To see this Transcendent-grade Hidden Class Advancement Altar, there was no need to fly so high into the sky.

“There are too many people below, only at this altitude of ten thousand meters, perhaps, will it be a little better.”

Hearing this.

Lin Tianhao knew that the things Mu Qilan was about to say were not simple, he asked softly: “What do you want to say?”

“A very powerful being has descended on the Ancient Dynasty, and is subtly controlling some people.”

Chapter 400 - First meeting the third prince!

Lin Tianhao nodded, "People from the Gulimu family? I've crossed paths with them recently. Their old patriarch might be strong, but the others are so-so."

"You're too naive."

Mu Qilan shook her head, "The Gulimu family is just the tip of the iceberg. There are truly terrifying beings in the Ancient Dynasty."

"I don't know how to describe them. It's like someone very close to you suddenly changes."

"They look exactly like the people around you, have the same memories, but they always make me feel like strangers."

Lin Tianhao pondered for a moment, "Maybe you're just too sensitive."

Mu Qilan shook her head, "It's not that. I can feel that there is indeed a very powerful being doing this."

"They may not be in the same camp as the Gulimu family, or they might be, but the arrival of the Gulimu family might be an accident."

"Oh?"

Lin Tianhao was a little surprised. What Mu Qilan said made him feel that something was wrong.

Is the situation in the Ancient Dynasty really that complicated?

"According to my judgment, the Gulimu family's purpose in coming to the Ancient Dynasty is this transcendent hidden class change altar, but another force may be plotting something bigger."

Lin Tianhao spread his hands helplessly, "What you're saying sounds like castles in the air, too unsubstantial."

"Maybe so."

Mu Qilan sighed, "But I believe my judgment. I'm telling you this just hoping you can change something."

"Why should I be the one to change it?" Lin Tianhao asked.

Mu Qilan looked at Lin Tianhao seriously, "Because you killed the people of the Gulimu family without the slightest hesitation, which shows that you have a strong sense of camp."

"The origin of the Ancient Dynasty is related to that great being, and the arrival of opposing camps here always makes me very uneasy."

"Moreover, this secret realm was opened to the outside world because of you. You should have already come into contact with things that others haven't."

Lin Tianhao was silent for a moment, then he looked down at the Ancient Dynasty below.

"This secret realm is related to the origin of our civilization, so I pay special attention to this secret realm."

"I will pay attention to what you said."

Mu Qilan nodded, "By the way, let me tell you one more thing, those people with problems have a very poor ability to accept new things, and at the same time, their memory is also very poor."

"They might forget what they said a few seconds later."

Lin Tianhao was stunned. How bad would their memory have to be to forget what they said a few seconds later?

"Okay."

Lin Tianhao ended the conversation with Mu Qilan. Mu Qilan left Lin Tianhao outside Zhenbei City.

She herself entered Zhenbei City.

Before, everyone said that she went to Tiangu City to find him, but now it seems that the main purpose should be to find the Sixth Prince.

And what she said to Lin Tianhao was more like nonsense.

They were all baseless guesses, and she didn't even make complete guesses.

Lin Tianhao didn't want to delve into those things, because at this stage, nothing was more important than his class change.

Thinking like this.

Lin Tianhao took a step and came outside Black Mountain.

Before Lin Tianhao could speak, the Lord of Black Mountain said first.

Lin Tianhao was a little surprised, "You have good information?"

"It's not that I have good information, but I heard that she went to Tiangu City, and I knew that she must have gone to kill the Sixth Prince and then find you."

Lin Tianhao nodded, "Yes, she took me to see the transcendent hidden class change altar and said some strange things."

"But that's not important anymore. What's important is that she told me that activating the transcendent hidden class change altar requires three things, and you also told me this."

The Lord of Black Mountain smiled and said, "You want to ask me what the other two things needed to activate the transcendent hidden class change altar are, right?"

"Yes."

"One is in the hands of the Ancient Dynasty Emperor, and the other is in the hands of the Barbarian Dynasty Emperor."

Lin Tianhao frowned, "The other two are in the hands of the Emperor, why is one in your hands?"

"What? You don't believe me?"

"My domain is the Night Sky Domain, and I also have an identity... Night Sky Sovereign!!"

"The Sovereign under the night!!"

Lin Tianhao wasn't sure if what the Lord of Black Mountain said was true, but he shouldn't need to lie to him about this kind of thing.

"What about the High Priest?" Lin Tianhao asked.

"Ran away."

"He is the Sixth Prince's man, Da Han is the Gulimu family's man, ha ha, the two people I trusted the most are actually not my people, how sad, how sad."

Lin Tianhao didn't know whether to laugh or cry, "It shows that you are not good at judging people."

"But I am an exception, I am very sincere to people."

The Lord of Black Mountain shook his head with a wry smile, "Alright, good luck, I have high hopes for you."

Lin Tianhao waved his hand and took a step out.

Returned to Du Yue Lou again.

Shura Yize was already waiting here.

When he saw Lin Tianhao return, he pointed to the Sixth Prince's head on the ground and said:

"Snow Emperor, if you didn't come back, I would have suspected that you killed the Sixth Prince and wanted to frame me."

Lin Tianhao put away the Sixth Prince's head.

"Don't worry, the Ancient Dynasty Emperor should know who the murderer is who killed the Sixth Prince, this pot won't fall on you."

Shura Yize breathed a sigh of relief, "Snow Emperor, you called me here this time because you want to know about Du Yue Lou's situation, right."

"Yes."

Lin Tianhao nodded.

"The current owner of Du Yue Lou is mysterious, I haven't even seen him, the person in charge of Du Yue Lou now is their Young Master, a sickly Go player who likes to play Go, saying that he will only introduce me to his mother if my people win against him."

Lin Tianhao didn't know whether to laugh or cry, "If you can't win, don't you know to find a Go master?"

"I did, I even invited last year's Go champion, but do you know what? He was completely crushed, not even a chance."

"What about AI?"

Shura Yize took a sip of wine and said, "I used it, I even cheated by having many people help me play together, but I still couldn't win."

"I'm not good at playing chess, but can you take me to see the Third Prince?" Lin Tianhao asked.

"That's not a problem, I have a good relationship with the Third Prince, he's in this Du Yue Lou, I'll take you up."

Having said that.

Shura Yize changed the subject and said with a smile, "But if I take you up, don't kill him like the Sixth Prince."

"My mission is not yet complete."

Lin Tianhao shook his head with a wry smile, "I didn't kill the Sixth Prince, if I did, you should have heard the national announcement."

"That's good."

Shura Yize led Lin Tianhao upstairs. In the luxurious private room upstairs, Lin Tianhao saw the Third Prince listening to music.

Thick eyebrows and big ears, looking like a bandit, without the slightest appearance of a prince.

"Third Prince, this is my friend Snow Emperor, he wants to see you."

The Third Prince waved his hand to signal them to sit down.

Shura Yize let Lin Tianhao sit down first.

But at this moment.

The Third Prince interrupted Shura Yize's movements.

"Yize, I asked you to sit down, but I didn't ask him to sit down!!"
