

## **O game 401**

### Chapter 401 - The third prince died!

Shura Yize's movements froze, but Lin Tianhao acted as if he hadn't heard the Third Prince's words and plopped down.

"Impudence!!"

A guard in green robes behind the Third Prince rebuked, his eyes full of murderous intent.

Lin Tianhao poured himself a glass of wine, "I'll just sit here, try and make me get up if you can."

The guard in green robes drew his long saber, ready to attack Lin Tianhao immediately.

However, the Third Prince raised his hand to stop him.

He walked step by step in front of Lin Tianhao, a wild and unruly smile on his face.

"Snow Emperor, I've heard of you for a long time. You're known for your wild actions, and you're even wilder in person."

"But remember one thing: tall trees catch the wind, and wild people invite disaster!"

The Third Prince patted Lin Tianhao on the shoulder, picked up the wine Lin Tianhao had just poured, and poured it at Lin Tianhao's feet.

"We'll see."

Having said that.

The Third Prince stood up.

"I've lost interest, let's go."

The Third Prince turned and walked towards the door, Lin Tianhao said nothing more.

The guard in green robes glared fiercely at Lin Tianhao.

The dancing girls also retreated.

Shura Yize was a little embarrassed, "Snow Emperor, I... I didn't expect it to turn out like this."

Lin Tianhao waved his hand, "It's nothing, just a prince."

With that, Lin Tianhao took a step and disappeared.

Red Maple Ancient Ruins.

Lin Tianhao specifically chose a deserted place.

He raised his hand, and a small paper ball appeared in his hand.

This was what the Third Prince had given him when he patted his shoulder.

"Tonight at midnight, meet at the Hollow Willow Tree in the Red Maple Ancient Ruins."

Lin Tianhao frowned slightly.

The Third Prince secretly passed this to him, just to meet him in private?

Midnight, it's almost time.

Lin Tianhao headed towards the Hollow Willow Tree.

Hollow Willow Tree.

Lin Tianhao arrived here before midnight.

However.

Lin Tianhao waited until after midnight, but the Third Prince didn't show up.

Just then.

A national announcement sounded.

"National Announcement: Congratulations to player Hidden Nickname for successfully killing the Third Prince of the Ancient Dynasty. Special announcement, hoping that all players will continue to work hard."

...

The Third Prince asked him to meet, but he didn't show up and died.

And he was killed by a player!

This is interesting.

What did the Third Prince want to see him for? Why did he die so suddenly?

"It wasn't me."

Lin Tianhao replied, and at the same time sent a message in the group.

"Do you know who killed the Third Prince?"

Seeing Lin Tianhao ask, everyone in the group popped up.

After all, there aren't many people doing quests late at night.

"Everyone thought it was you, Snow Emperor. Who would go to Tiangu City to kill a prince?"

"I heard that the Sixth Prince is also dead, and he died at the hands of his own people, NPCs. This Ancient Dynasty, the Ancient Dynasty is a bit chaotic."

"Have you guys noticed that some NPCs in the Ancient Dynasty are strange? An NPC gave me a quest yesterday, but when I went to submit the quest today, he actually said he didn't recognize me."

"I've encountered this problem too. I'm wondering if the Ancient Dynasty NPCs are also staying up late playing on their phones and computers. Their memory is so bad."

...

The people in the group were all talking about it.

At this moment, Floating Divine Wolf suddenly sent a message.

Floating Divine Wolf: "Bosses, is there anyone willing to take us in?"

Shura Yize: "Holy crap, big news! Floating Divine Wolf, are you going to jump ship?"

Floating Divine Wolf sent a face-palm emoji.

"It's a long story. I'm taking my people with me. We need to pay about 500 people, about 10,000 per person."

"If you accept us, I can forgo my salary."

Berserk Blade: "What's wrong? Are you really going to jump ship?"

Floating Divine Wolf: "Yes, it's not convenient to say the reason here. Our contract with Floating Divine Group has been processed, and we can jump over at any time."

Astonishing Dreamfrost: "Floating Divine Group is also a large group. We really don't dare to accept such a large jump ship so easily."

Berserk Blade: "Our guild can. Come over and we'll arrange it directly. I'll put you in an elite team. Those people from your previous guild can also come here to farm gold."

"The gold farming price is absolutely fair."

Berserk Blade has the backing of the government, so he has this foundation.

Moreover.

Berserk Blade is not afraid of Floating Divine Group.

Lin Tianhao also received a private message from Berserk Blade at this time.

"My people saw a scene of ten thousand swords flying in the Third Prince's mansion in Tiangu City. At the same time, Jin Delan was in Tiangu City."

Jin Delan...

Lin Tianhao muttered to himself, Jin Delan might be able to kill the Third Prince.

But after he killed the Third Prince, the situation was not expanded.

This shows that there must be an NPC involved in killing the Third Prince, and this NPC is not small.

Two princes died in Tiangu City in one day.

One was the Sixth Prince, who had contact with him, and the other was the Third Prince, who had asked him to meet alone.

The things hidden behind this are definitely not that simple.

"Do you know Jin Delan's current location?" Lin Tianhao asked.

"Du Yue Tower in Red Maple City."

"He left Tiangu City after the Third Prince died. Later, my people saw him go to Du Yue Tower in Red Maple City. Now he seems to be playing chess with the young master of Du Yue Tower."

"Thank you for letting me know."

Lin Tianhao took a step and came to Red Maple City.

After taking a few steps.

Lin Tianhao found Du Yue Tower.

Du Yue Tower was very lively, not only because it was night, but more importantly, someone was publicly playing chess with the young master of Du Yue Tower in Du Yue Tower.

Entering Du Yue Tower.

Lin Tianhao saw Jin Delan playing chess with a sickly scholar-like youth on the central platform of Du Yue Tower.

Shura Yize was also here at this time. When he saw Lin Tianhao, he waved to Lin Tianhao at the first time.

"How is it?" Lin Tianhao asked.

Shura Yize's expression was a bit serious, "Not optimistic. Jin Delan is like he ate an Indian magic drug, he's so capable."

"Now the young master of Du Yue Tower has already fallen into a disadvantage."

"We haven't been able to break this chess game. If Jin Delan breaks it, then we will lose face."

Lin Tianhao smiled slightly, "It doesn't matter, if you want him not to win, just kill him."

Saying that.

Lin Tianhao took out the Book of Life and Death and wrote Jin Delan's name on it.

A terrifying damage number of -676,000 immediately popped up above Jin Delan's head.

Jin Delan immediately stood up. He was not killed in seconds, but his health bar had plummeted.

The young master of Du Yue Tower frowned slightly, "It seems that someone doesn't want you to win against me."

Jin Delan roared with some embarrassment: "Snow Emperor, you actually calculated me like this. You Chinese people can't break the chess game, afraid that I will break it, you actually use such despicable means."

Chapter 402 - Su Youfei's sincerity!

Lin Tianhao certainly didn't think he was despicable.

Compared to what the Westerners did, what he was doing now wasn't despicable at all.

If he were truly despicable.

He could write the name of a Western expert on the Book of Life and Death every half hour while listening to music in a brothel.

Let them know what it means to bathe in the fountain of life.

He didn't do that, partly because the Book of Life and Death couldn't stack life values while the player was waiting to be resurrected after being killed.

The second reason was that he didn't want to push these Western high-level players to the brink of despair just yet.

Of course.

More importantly, he felt that killing a few Western experts would affect his life value stacking, which was not cost-effective.

"Blades, check where Kinderan is resurrecting?"

Lin Tianhao knew that Berserker Blades was well-informed, and it would be right to ask him about this kind of thing.

In just a few seconds, Lin Tianhao got the answer.

Tian Gu City!

Lin Tianhao took a step and had already arrived next to the altar of Tian Gu City.

Kinderan roared when he saw Lin Tianhao's appearance: "Snow Emperor, it really is you."

Lin Tianhao changed the name on the Book of Life and Death back to the Dark Night Spirit God, Moirai.

"Come out of the city with me."

Kinderan snorted coldly, "Why should I go out of the city with you?"

Lin Tianhao didn't answer the reason, he just silently picked up the Book of Life and Death.

"No, I'll go out of the city with you."

Kinderan was really scared.

Lin Tianhao's little book was too outrageous.

As long as you write your name on that little book, it can cause continuous blood loss.

Lin Tianhao brought Kinderan to the Red Maple Ancient Ruins, found a deserted place, and then said to Kinderan.

"Did you kill the Third Prince?"

Kinderan nodded, "There's nothing wrong with me killing an NPC, right? You've killed so many NPCs, are you going to question me for killing one?"

"Why did you kill him? Or rather, who asked you to kill him?" Lin Tianhao asked.

Kinderan was silent.

Lin Tianhao took out the Book of Life and Death.

Kinderan quickly said: "Snow Emperor, everyone has their own opportunities, aren't you being unreasonable?"

"Other places are opportunities, but this place is different."

"Empress!"

Lin Tianhao's pupils shrank, Su Youfei!

Her mother just killed the Sixth Prince, and now she killed the Third Prince.

What exactly do these two want to do?

"Moreover, the Empress's people also took action when killing the Third Prince, I was only responsible for beheading him."

"Why kill the Third Prince?" Lin Tianhao asked.

"Who knows, she didn't say, just asked me to be responsible for beheading him, and rewarded me with one hundred free attribute points and a medicinal herb to enhance soul power, I had no reason to refuse."

Lin Tianhao stared at Kinderan, he wanted to know if Kinderan was lying.

"Don't look at me like that, I don't need to lie to you, I also know what you're probably thinking."

"The Empress has great ambitions, she wants to become the Empress, I took tasks from her before, and they were all related to some people in the court."

Lin Tianhao thought, Su Youfei killed the Third Prince, Mu Qilan killed the Sixth Prince.

What exactly do this mother and daughter want to do?

Also, Lin Tianhao always felt that there was a problem with the three materials that the Lord of Black Mountain mentioned.

"Alright, that's it."

Kinderan breathed a sigh of relief when he heard this, "Then I'll go back first."

After sending Kinderan away.

Lin Tianhao felt that the most important thing he needed to do now was to see the Emperor of the Ancient Dynasty again.

Whether the three materials mentioned by the Lord of Black Mountain are real or not, there will definitely be an answer when he sees the Emperor of the Ancient Dynasty.

"Come out."

Lin Tianhao looked in one direction, someone approached as soon as Kinderan left.

A person stepped out.

This person was none other than Su Youfei, who had attacked Lin Tianhao before.

"Empress, aren't you afraid of dying in the wilderness running around here late at night?"

Lin Tianhao sacrificed the Netherworld Longbow, he always maintained a high degree of vigilance towards this woman, Su Youfei.

Su Youfei looked serious, "Snow Emperor, the battle at Hundred Flowers Tower was not my intention, but something I had to do for outsiders to see."

"Do it for outsiders to see?"

Su Youfei nodded, she took out a dark green candle and lit it.

The candle emitted bursts of fragrance.

The smoke spread, enveloping Lin Tianhao and Su Youfei in it.

"The Ancient Dynasty has been invaded by a mysterious species, we define them as Soul Control Worms, which can control people's souls, possess people's memories, but obey their mother worm."

"The battle at Hundred Flowers Tower was to tell the mother worm that we are enemies, so that it won't suspect that we will cooperate."

"Cooperate?"

Lin Tianhao looked at Su Youfei with interest, "Similar words, your mother also said to me."

"However, why did you kill the Third Prince?"

"Because he was also controlled, and he carried the will of the mother worm, wanting to see you, the purpose was to use your hand to deal with us."

Lin Tianhao frowned, "We were already enemies in the battle at Hundred Flowers Tower, and even according to your explanation, I don't seem to have any need to help you, right?"

"I have the materials you need for the Transcendent Hidden Class Transfer Altar, so I believe you will definitely help me."

"Someone told me that thing is in the hands of the Emperor of the Ancient Dynasty," Lin Tianhao said.

Su Youfei nodded seriously, "I am the Empress of the Ancient Dynasty, isn't it too much to get this thing?"

"Not too much."

Lin Tianhao didn't deny Su Youfei, "But you came here, there should be a bigger purpose, right?"

Su Youfei nodded, "Like you, I hate the people of the Aleit Star System, I know you won't easily believe me, and you won't easily help me."

"So I came here in person today, the purpose is to lure out that old father of the Aleit Star System, and then kill him to gain your trust."

Lin Tianhao smiled, "You're really direct."

"People like you don't like beating around the bush, and don't like conspiracies, so I chose to show my cards."

"We are all of the Human Race, dealing with the Soul Control Worms is what we should all do, I invite you to join the game to deal with the Soul Control Worm Mother with the materials to activate the Transcendent Hidden Class Transfer Altar as a reward, and with the sincerity of killing the mastermind of the Aleit Star System, is that enough?"

Su Youfei stared at Lin Tianhao with burning eyes, "I may die today killing the mastermind of the Aleit Star System, but I hope you can inherit my cause and continue to deal with the Soul Control Worms."

Saying that.

Su Youfei took out a jade seal.

"This is the Ancient Dynasty Jade Seal, the three materials to activate the Transcendent Hidden Class Transfer Altar, the other two are one in Black Mountain and one in the hands of the Emperor of the Barbarian Dynasty."

"I'll give you the things first, and this Green Soul Candle, which can illuminate the Soul Control Worm after it is lit."

Su Youfei gave Lin Tianhao the jade seal and ten Green Soul Candles.

"He's here, leave the next things to me, I will die, but he will also be left here."

Chapter 403 - The two faked their deaths to lure Lin Tianhao into the game!

As Su Youfei's voice faded, a surge of air swept toward this side.

"Su Youfei, no need to hide, come out."

A slightly turbid and weak voice came, similar to that of someone extremely depleted.

"I've waited so long, finally waiting for you to leave Tian Gu City."

The voice continued to echo.

"Without the assistance of the Tian Gu Guardian Formation, you are just fish on a chopping board."

"Is that so?"

Su Youfei raised her hand, and a semi-transparent long sword appeared.

She stepped out.

Lin Tianhao didn't rush to attack, he looked in the direction the voice came from.

It was a man wearing a luxurious battle robe.

Guli Mu · Liaofeng (Diamond): Level 2000.

Health Points: ???

Attack: ???

Skills: ???

Another Diamond, just like Mu Qilan.

Although Lin Tianhao didn't plan to attack for the time being, he still wrote Guli Mu · Liaofeng's name on his Book of Life and Death.

That guy on the opposite side started continuously losing health.

The name is correct.

It's just that everyone else hid their names, why didn't this guy hide his name?

Could it be because he disdained hiding his name?

"Finally willing to show your true face? I thought you would hide forever."

"Su Youfei."

Guli Mu · Liaofeng spoke coldly, "I have longed for your blood for so long."

"Come on."

"Let me have a good drink."

As soon as he finished speaking.

The two instantly collided.

Su Youfei looked gentle and weak, but she was exceptionally fierce in battle.

"Boom boom boom——"

The two collided dozens of times in the blink of an eye, with all kinds of skills dazzling the eyes.

Lin Tianhao watched silently.

The two seemed to be evenly matched.

"Silver Eye, Poseidon, what do you say, is there something wrong here?"

Lin Tianhao felt that Su Youfei's sincerity was sufficient.

She even directly gave him the Ancient Dynasty Jade Seal.

Now she's also fighting Guli Mu · Liaofeng.

Although this Guli Mu · Liaofeng is only level 2000, he is, after all, a Diamond-level, and there is still a relatively high probability that he is the old father of the Guli Mu family.

Su Youfei's combat power is also a bit too strong, actually able to fight Guli Mu · Liaofeng to a standstill.

"They seem evenly matched. But Su Youfei is fighting by burning her blood, she definitely won't be able to last too long."

"If I'm not mistaken, Su Youfei's attack will cause internal injuries to Guli Mu · Liaofeng, just waiting for an opportunity to detonate these internal injuries, and it is very likely to kill Guli Mu · Liaofeng."

Lin Tianhao shook his head, "I'm not talking about the battle."

"It's about the recent events. I was about to complete the Sixth Prince's mission, but the Sixth Prince died, and Mu Qilan directly took me to see the Super God-level Hidden Class Transfer Altar."

"I wanted to go through the Third Prince to see the Ancient Dynasty Emperor, the Third Prince seemed to be disguising, deliberately making things difficult for me, and secretly gave me a piece of paper to meet me in private."

"But precisely when he was about to meet me, he was killed, and Su Youfei delivered the class transfer materials from the Ancient Dynasty Emperor's hand to me overnight."

"Also, I wanted to kill this old father of the Guli Mu family, I was originally prepared to sacrifice you, Silver Eye, but Su Youfei came out and pulled this old father of the Guli Mu family to start fighting desperately."

Silver Eye Octopus: ???

Sure enough.

Love will disappear!!

"Master, do you think Su Youfei and Mu Qilan are helping you?" Sea God Poseidon asked.

Lin Tianhao shook his head, "There's no need. The Sixth Prince asked me to see the Ancient Dynasty Emperor, using Su Youfei to lure out this Guli Mu · Liaofeng. Wouldn't it be better if Su Youfei and I attacked together?"

After speaking.

Lin Tianhao added.

"Poseidon, can you find a way to temporarily wake up the God of the Undead?"

"It's not a big problem to wake up temporarily."

"Okay, then let him wake up temporarily," Lin Tianhao said.

After a few seconds.

The voice of the God of the Undead came faintly, "Master, waking up this old servant, is there something to command?"

"Keep an eye on the two fighting, I suspect they want to fake their deaths to escape!"

Lin Tianhao spoke his guess.

At the same time, he also explained the previous question.

"I wanted to use the Sixth Prince to see the Ancient Dynasty Emperor, the Sixth Prince died, I wanted to find the Third Prince, the Third Prince died, and now I even got the Ancient Dynasty Jade Seal, there's no need to find the Ancient Dynasty Emperor anymore."

Hearing this.

Sea God Poseidon immediately reacted, "Master means... they are preventing you from seeing the Ancient Dynasty Emperor?"

"This is one reason, there should be another reason, they want me to leave the Ancient Dynasty."

"The third item is in the hands of the Barbarian Dynasty Emperor, this old father of the Guli Mu family is dead, I have also obtained the materials from the Ancient Dynasty Emperor's hands, in the Ancient Dynasty, it seems I have nothing to miss."

It's not that Lin Tianhao is overthinking, but because the recent events have been too smooth.

So smooth that Lin Tianhao couldn't help but overthink.

The things he wanted were delivered, the people he wanted to kill were about to be killed, Su Youfei and Mu Qilan were just like his servants.

Taking care of everything for him perfectly.

The battle continued.

Su Youfei and Guli Mu · Liaofeng had entered a white-hot stage.

"Snow Emperor, remember our agreement."

Su Youfei's face became ferocious, her blood surged, and in the blink of an eye, she came in front of Guli Mu · Liaofeng.

Guli Mu · Liaofeng's face changed drastically, he seemed to know what Su Youfei wanted to do.

But it was too late for him to stop it.

Su Youfei opened her arms and locked his neck.

"Ten Thousand Blood 万血: Explode!!"

Accompanied by Su Youfei's roar, her body exploded.

"You madwoman!!"

Guli Mu · Liaofeng's body was annihilated under Su Youfei's self-explosion.

Everything returned to calm.

Guli Mu · Liaofeng and Su Youfei perished together.

Lin Tianhao looked in the direction of their self-explosion and asked in a deep voice: "How is it?"

The extremely weak voice of the God of the Undead came, "There is no soul power dissipating, nor is there death power spreading out, they are not really dead."

The voice of the Silver Eye Octopus also sounded.

"During the self-explosion, I felt the fluctuations of divine power, it is estimated that someone among them used a divine artifact."

A sneer appeared on Lin Tianhao's face, "As expected."

"Want to make me leave the Ancient Dynasty, and also want me to deal with the Soul Control Insects."

Su Youfei and this Guli Mu · Liaofeng are putting on this big show in front of him, didn't they think there would be a loophole?

His Book of Life and Death can always lock on the head.

As long as the Book of Life and Death locks on Guli Mu · Liaofeng and he can still stack health points, wouldn't that expose it?

Is it because they don't understand the Book of Life and Death in his hands?

It's also possible.

After all, in the Ancient Dynasty, Lin Tianhao hadn't used the Book of Life and Death on several people.

Therefore, Lin Tianhao changed Guli Mu · Liaofeng's name on the Book of Life and Death back to the Dark Night Spirit God Mo Yilai at the first time.

Since they want to act, then he will cooperate with the other party to act a scene.

In the past, he was always being plotted against, today, he wants to be the chess player, playing a big game of his own.

Chapter 404 - Use the opponent's tactics against them and engage in a head-on game!

"My lord, I can't hold on any longer."

The voice of the God of the Undead came, and he fell into slumber again.

Just now, the Sea God Poseidon had only temporarily awakened him.

"My lord, are we going to the Barbarian Dynasty?" the Silver-Eyed Octopus asked.

Lin Tianhao smiled and nodded, "Go? Since they want us to go, why wouldn't we?"

"This..."

The Silver-Eyed Octopus was a little surprised, "Isn't that exactly what they want?"

"Going doesn't require my main body to go in person."

Lin Tianhao took a step and came to a forging room.

One of his clones was forging here.

Lin Tianhao was going to the Barbarian Dynasty, but he wouldn't go himself.

He wanted people to know he went, so the best choice was to send his clone.

"Poseidon, you go with my clone."

As for Lin Tianhao himself, he sent a mission to the Monkey and personally told the King of the Ancient Dynasty that he wanted to see him.

As for whether the Monkey could do it, Lin Tianhao didn't doubt it.

In addition,

Lin Tianhao also sent a message to Blade, telling him to pay attention to what was happening in the Ancient Dynasty.

Especially regarding Mu Qilan and the others.

Sometimes,

Lin Tianhao didn't need to show his face in person to accomplish many things.

This was the appeal that came with his influence reaching a certain level.

Of course,

Lin Tianhao didn't let Mad War Blade work for nothing. He issued a mission in the name of the Lord of the Mortal Palace.

As long as Mad War Blade could send useful information, he could get a reward of free attribute points.

At the same time,

Lin Tianhao also contacted his sister and asked her to poke around in the Ancient Dynasty to see if she could find anything different.

Mainly because good luck is really different from ordinary people.

In fact, Pursuing Dreams and Snowy Smoke also had good luck, but Lin Tianhao didn't like her, so he didn't want to look for her.

Under Lin Tianhao's arrangement,

Some subtle actions began to take place in the Ancient Dynasty.

"Snow Emperor, I recently heard that the King of Zhenbei, Su Beilong, is showing signs of rebellion."

"My people have also discovered signs of troop movements on the King of Zhenbei's side."

Mad War Blade sent a message, and Lin Tianhao gave him a reward and also began to think.

Whether the King of Zhenbei was going to mobilize troops, whether someone was spreading rumors, or whether someone really wanted to do this.

Su Youfei and the others wanted him to leave the Ancient Dynasty, what was their purpose?

Suddenly,

Lin Tianhao thought of something.

Was it possible that what they wanted to see was the King of Zhenbei rebelling?

Su Youfei was dead, and the bond between the royal family and the King of Zhenbei was lessened.

The mission the Emperor of the Ancient Dynasty gave him earlier had requirements.

Their Ancient Dynasty people cannot die more than one million because of the Gu Limu family.

But if this war broke out, the number of deaths would not be as simple as one million.

The Emperor of the Ancient Dynasty set the number of deaths within one million, there must be a reason.

If the Emperor of the Ancient Dynasty really loved his people like his own children, he could set this number at 100,000, or even 10,000.

But why was it such a huge number of one million?

Therefore,

If more than one million people died in the Ancient Dynasty,

Something extremely bad would definitely happen.

To know all this, he needed to meet the Emperor of the Ancient Dynasty.

Even if the Monkey went to meet him, it would be fine.

"Brother Hao, I had already made an agreement with the Chief Eunuch, but he suddenly died in the hands of a player."

The Monkey sent a message to Lin Tianhao with some depression.

"Force your way in."

Lin Tianhao said in a deep voice, the more they didn't want anyone to see the Emperor of the Ancient Dynasty.

Then he must go and see him.

He wanted to force these people to take action, even if there would be some risks.

"Silver Eyes, find the location of the Emperor of the Ancient Dynasty."

Lin Tianhao also appeared in Tiangu City, but he chose to hide his information.

He was waiting.

Waiting for the Monkey and Fatty to take action first.

After receiving Lin Tianhao's order, the Monkey and Fatty directly fought at the gate of the palace.

Both of them had terrifying combat power.

The two of them taking action at the same time immediately attracted the attention of many people.

"Found it."

The voice of Silver Eyes came.

Lin Tianhao directly asked Silver Eyes to use Void Shuttle to take him there.

Silver Eyes couldn't take Lin Tianhao to shuttle through the void over long distances, but this kind of short-distance void shuttle was still no problem.

"Blade, have your people attack Mu Qilan, regardless of success or failure, there will be rewards."

"Moreover, someone will help you."

Since Lin Tianhao was going to act, he wouldn't hold back.

It was difficult for Blade and the others to deal with Mu Qilan, but what Lin Tianhao wanted was not for Blade and the others to kill Mu Qilan, but just to attract Mu Qilan's attention.

At the same time,

Lin Tianhao wrote Jin Delan's name on the Book of Life and Death.

Among Western players, Jin Delan should have large-scale destructive power. When he did the next thing, Jin Delan must honestly take a bath in the spring.

If he came to backstab again, it would be troublesome.

"Puto Tianlong, I'm counting on you outside Zhenbei City. If there is a large army coming out of Zhenbei City, you will lead my undead army to block them."

Lin Tianhao had considered the unexpected things that might happen this time.

Other things were relatively unknown.

This was the first time Lin Tianhao had taken the initiative to take action, competing with these people who set up the game.

He wanted these people who set up the game to see that he was never alone.

Next!

Let's feel the pressure he brings.

Du Yue Lou, underground secret room.

Su Youfei and Gu Limu Liaofeng, who should have died in self-destruction, were sitting here.

"My lord, an adventurer suddenly launched an attack on the palace."

Su Youfei and Gu Limu Liaofeng looked at each other, both frowning slightly.

"Snow Emperor has already left, who else would do this?" Su Youfei wondered.

As soon as her voice fell,

Someone else came in quickly.

"My lord, someone from Mu Qilan's side has sent a message that someone has attacked Mu Qilan."

"The main force is adventurers, but..."

"But what?"

Gu Limu Liaofeng's expression was a little dignified, and the successive events made her feel a little uneasy.

It was as if someone had seen through their plan.

"But Hua Baixin of the Seven Kills Palace is also among them, she also attacked Mu Qilan."

Hearing this,

Gu Limu Liaofeng clenched her fists instantly, "Hua Baixin didn't know why she had caused a seventh turn not long ago. If she takes action, Mu Qilan will be in some trouble."

A cold light flashed in Su Youfei's eyes.

"It seems that someone wants to play a game with us."

Gu Limu Liaofeng snorted coldly, "It's not important anymore, immediately order Ge Eryan to lead the army of Zhenbei City out of the city. Since it's going to be chaotic, then let it be completely chaotic."

As soon as his order was issued, another person came in quickly.

"My lords, General Ge sent a message saying that a large number of undead troops have appeared outside Zhenbei City, they may not be able to leave the city!!"

## Chapter 405 - A showdown with the emperor of the ancient dynasty!

Gu Limu · Liao Feng's expression changed drastically, "Undead army? Where did the undead army come from?!"

"Unknown."

Su Youfei immediately asked: "What about Black Mountain?"

"News from Black Mountain says a female adventurer has gone up the mountain. She is invincible with her sword alone and is currently confronting the Lord of Black Mountain."

"Another adventurer!" Su Youfei gasped. "What exactly is happening? Why is our power locked down so tightly?"

Gu Limu · Liao Feng took a deep breath and slowly said:

"It seems someone has seen through our plan and is starting to target us."

"The Zhenbei King will react soon, and Black Mountain probably won't be controlled for long either. This game is about to be torn apart."

Su Youfei frowned. "This is forcing us to take action."

"There's no choice. We need to go to Zhenbei City and see what's going on with those undead armies."

.....

Ancient Dynasty Palace.

Lin Tianhao successfully met the Emperor.

The Ancient Dynasty Emperor was slightly surprised when he saw Lin Tianhao appear.

"Why are you here?"

Lin Tianhao took out the Ancient Dynasty Jade Seal. "What's going on with this thing?"

"How did my Jade Seal end up with you?"

"Su Youfei gave it to me."

Lin Tianhao went straight to the point and said, "I don't have much time, so let's get to the point."

"What exactly is Su Youfei's identity?"

"I don't know, I only know that she is not the Zhenbei King's biological daughter."

"What about the Soul Control Worm?" Lin Tianhao asked again.

The Ancient Dynasty Emperor was stunned for a moment. "Soul Control Worm, a product of the Mantou Dynasty. They have a group of wizards who raise Soul Control Worms."

As expected!!

Lin Tianhao thought secretly. In that case, everything would make sense.

Lure him to the Mantou Dynasty, where he would most likely find the Soul Control Worm.

If he followed the normal storyline, he would be fighting wits and courage with the Soul Control Worm in the Mantou Dynasty.

By keeping him in the Mantou Dynasty, they could unscrupulously implement their plans in the Ancient Dynasty.

They prevented him from seeing the Ancient Dynasty Emperor, staging a play to get him to go to the Mantou Dynasty.

Once he went to the Mantou Dynasty, by the time Zhenbei City mobilized its army and war broke out here.

It would probably be too late for him to return.

They want to launch a sneak attack again!!

Most importantly, their target this time is the Super God-level Hidden Class Transfer Altar, which Lin Tianhao will absolutely not allow.

"Gu Limu family, you really are unwilling to give up, coming here in advance to destroy our local Super God-level Hidden Class Transfer Altar."

A nameless fire rose from Lin Tianhao's heart.

No wonder they had always been weaker in terms of high-end combat power in his previous life.

It turned out that these scraps from the Arlett star system didn't invade at that time.

They had already been planning in advance, destroying their transfer altars to prevent the birth of super powerhouses among them.

Su Youfei, Mu Qilan, and that Gu Limu · Liao Feng, each one is a good schemer.

They completely calculated him in.

However.

In this game, the initiative is not in their hands.

"You, this Emperor, are a bit useless," Lin Tianhao said.

The Ancient Dynasty Emperor smiled bitterly: "I can't leave the palace, and a lot of information can't be transmitted at all."

"You also saw that if they want to attack, my third son and sixth son will be killed."

"I heard about the acting that Su Youfei and Gu Limu · Liao Feng put on for you. Do you think Gu Limu · Liao Feng is their mastermind?"

"If you think that way, then you are very wrong. That person has always been in the palace, always monitoring me."

A cold light flashed in Lin Tianhao's eyes.

The Ancient Dynasty Emperor continued helplessly:

"I also guessed that you wanted to use Su Youfei to lure him out, but Su Youfei is his person, so how could she become your pawn?"

"He came with a divine artifact. If I hadn't found the carving knife that the God of the Source of Dao used to use, I wouldn't have been able to contend with the mastermind of the Gu Limu family at all."

Having said that.

The Ancient Dynasty Emperor continued: "Moreover, I also left a backup plan, I just don't know if he can complete my instructions."

"Oh?"

Lin Tianhao wanted to hear about the Ancient Dynasty Emperor's backup plan.

"Silver Eyes!"

Lin Tianhao had Silver Eyes deploy a domain to prevent eavesdropping.

"No need to do that, I have the carving knife of the God of the Source of Dao in my hand, he can't hear our conversation."

Lin Tianhao said with a smile, "Is your backup plan the Sixth Prince?"

The Ancient Dynasty Emperor was a little surprised, obviously not expecting Lin Tianhao to know this.

But he still nodded and said: "That's right, the Sixth Prince is my backup plan."

"From the moment the Sixth Prince gave you the mission, I knew he would die, and he also knew he would die."

"So what died was just a substitute, but how did you know this?"

Lin Tianhao smiled and took out the head of the [Sixth Prince].

"The means of concealment here in your Ancient Dynasty are really too many, making my divine talent seem黯然失色."

"But after this substitute died, I still saw that he was not the Sixth Prince, and thought that the Sixth Prince might still be alive, and should have faked his death to get away to do more important things."

"This is also one of the reasons why I suspected that Su Youfei and Gu Limu · Liao Feng faked their deaths after they perished together."

It was also because of the special nature of the Ancient Dynasty that Lin Tianhao had Poseidon, the Sea God, awaken the God of the Undead.

It was because Lin Tianhao wanted to confirm whether they had faked their deaths.

As for using the Book of Life and Death to test, that would expose him as well.

The God of the Undead's perception of the aura of death is extremely terrifying, even if there used to be a God of the Source of Dao here, causing some incomprehensible things and disguise methods.

But it is still very difficult to deceive the God of the Undead.

Facts have proved it.

His guess was correct.

Su Youfei and Gu Limu · Liao Feng really faked their deaths to get away.

But their faked deaths were more about tricking him into going to the Mantou Dynasty.

In order to smoothly implement the destruction of the Super God-level Hidden Class Transfer Altar.

Fortunately, he entered the Ancient Dynasty Secret Realm relatively early, otherwise the Ancient Dynasty Secret Realm might really have been destroyed.

"Did the Sixth Prince go to the Zhenbei King's Mansion?" Lin Tianhao asked.

The Ancient Dynasty Emperor shook his head, "No, he went to Black Mountain. Everyone thinks that Black Mountain is the Zhenbei King's man, but they don't know that the Lord of Black Mountain is my man."

Chapter 406 - Force out the mastermind behind the scenes and the decisive battle begins!

Lin Tianhao was stunned.

"I had long seen that Mu Qilan had a problem. To stop her, I brought Su Youfei into the harem, so that in the palace, I could simultaneously contain Su Youfei and the mastermind behind the Gu Limu family."

"Besides Su Youfei, there is no one more powerful among the people the Gu Limu family sent this time. If I had to say there was, it would be Mu Qilan."

"But with the Lord of Black Mountain containing Mu Qilan, it will be difficult for her to make waves."

"If she wants to rebel, she can only try to win over the King of the North, but even if the King of the North is dissatisfied with me, he is loyal to the Gu Dynasty. He knows very well that if he rebels, Black Mountain will stab him in the back."

"Therefore, he will never rebel easily, but Mu Qilan is still too powerful and has been hollowing out the King of the North."

Lin Tianhao nodded secretly. It seemed that this Gu Dynasty emperor was not 昏庸无能(hūn yōng wú néng-muddle-headed and incompetent).

There was a reason why he could argue with the Gu Limu family for so long.

“Besides that, the Seven Kill Hall is also mine. I also know that you asked Hua Baixin to deal with Mu Qilan.”

“But even if she is at the seventh rank, her grade is not as good as Mu Qilan, and she is definitely not Mu Qilan’s opponent. There will be no surprises in that battle.”

“Because the Seven Kill Hall is a unified entity, it is my trump card when I carry out the cleanup plan later.”

“For the success of this plan, except when contacting me directly, they are acting almost every moment.”

Lin Tianhao couldn't help but want to give the Gu Dynasty emperor a thumbs up.

Under such a powerful opponent, he was still able to calculate every step so meticulously.

Let his prince contain the son of the old father of the Gu Limu family, and use the Lord of Black Mountain to contain the King of the North and Mu Qilan.

He summoned Su Youfei into the harem. If she disrespected him, it would be resisting the imperial decree. If she respected him, the Gu Dynasty emperor could complete a one-against-two situation, sharing external pressure.

In addition, with the Seven Kill Hall as a trump card, he could carry out cleanup operations at any time and 诛杀(zhū shā-exterminate) the other members of the Gu Limu family.

If it weren't for his appearance, the Gu Dynasty emperor should have been able to drag them on for a long time.

“Now that everything is out in the open, I’m afraid this peak showdown is about to begin.” Lin Tianhao smiled.

The Gu Dynasty emperor sighed faintly, “Only you can still laugh. This time, I don’t know how many people will die.”

“You are an adventurer. If you lose, you can be resurrected.”

“If I lose, hundreds of millions of people in our Gu Dynasty may be destroyed with me.”

Lin Tianhao was silent.

He could feel the pressure on the Gu Dynasty emperor.

“Don’t worry, since we’ve already torn our faces, let the Gu Limu family have a good look. We炎黄子孙(Yán Huáng zǐsūn-descendants of Yan and Huang emperors, or Chinese people) are not easy to bully.”

A carving knife appeared in his hand.

The carving knife stabbed towards the void in front of him.

In an instant.

Water-like ripples appeared in the void.

The Gu Dynasty emperor’s big hand seemed to pass directly through the ripples, and even through the ripples, slashed towards a corner of the palace.

“Clang——”

With a muffled sound.

The Gu Dynasty emperor retracted his hand, and a low, hoarse voice came.

“Hahaha, little emperor, since we have already torn our faces, then let’s go out of the city to fight.”

The Gu Dynasty emperor sneered, “What? Are you afraid of my Heavenly Ancient Guardian Array?”

“Afraid?!”

“You can’t keep me. We can still fight outside the city. If we don’t go out, I’m going to do my own thing.”

The Gu Dynasty emperor’s face was a little gloomy.

Lin Tianhao stopped the Gu Dynasty emperor.

“Killing him is up to me.”

“But after killing him, you have to give me your Gods' Blessing Pre-Quest Scroll.”

Lin Tianhao was already prepared to kill the mastermind behind the Gu Limu family.

If he could also earn a Gods' Blessing Pre-Quest Scroll, that would naturally be the best thing.

“Okay.”

The Gu Dynasty emperor nodded with a smile.

Even so.

But he didn't believe that Lin Tianhao could kill the mastermind behind the Gu Limu family.

He relied on the carving knife of the Origin God of Dao to be able to share the spoils with the other party. Lin Tianhao didn't seem to have the background to deal with the mastermind behind the Gu Limu family.

Outside Tian Gu City.

Lin Tianhao took a step forward.

He met the middle-aged man hiding under the black robe.

“Little emperor, you don't dare to come out, so you let such a kid come and fight me?”

A cold light flashed in Lin Tianhao's eyes.

He raised his hand and poured out feather arrows.

Gu Li's Split cannot split when facing a single target. In this respect, it is still weaker than Five-Arrow Barrage.

A silver-white pistol appeared in the hand of the middle-aged man in black robe.

He raised the spear in his hand, and the dark muzzle was aimed at Lin Tianhao.

“Since you want to die, then I will fulfill you first.”

“Bang——”

The moment the gunshot rang, the bullet had already reached Lin Tianhao's eyebrows.

Critical hit!

-19.12 million!!

One shot!!

Just one shot, the damage caused Lin Tianhao to froze for a moment.

Fortunately, there was also the passive of the Bloodthirsty Dragon Armor.

Let Lin Tianhao restore more than six million health points.

“Bang——”

Another gunshot.

Lin Tianhao released the skill the moment the gunshot rang.

“Shadow Chasing Instant Kill!”

In the blink of an eye, Lin Tianhao came behind the middle-aged man in black robe.

The God-Smiting Whip he switched out in his hand struck the opponent.

“Clang——”

With a crisp sound.

Lin Tianhao's God-Smiting Whip was blocked by a shield.

“Eh...”

The middle-aged man in black robe was a little surprised, “Unexpectedly, he didn't suffer any backlash damage.”

Lin Tianhao's awakened Brain of Heavenly Punishment can ignore backlash damage and shields.

His shield should have a backlash effect, but it was useless to Lin Tianhao.

Lin Tianhao's attack did not stop. The God-Smiting Whip in his hand turned into an afterimage and kept landing on the middle-aged man in black robe.

“Monkey!”

Lin Tianhao shouted in a low voice, “Whether you can take this big order depends on your good fortune.”

Before the layout, Lin Tianhao had considered that he might tear his face and have a big battle with the old father of the Gu Limu family.

This was also an opportunity for him to give Monkey and the others a lot of rewards in a legitimate way.

“Here it comes!”

Monkey's movement speed was astonishingly fast, and he came to the side of the middle-aged man in black robe in the blink of an eye.

“Light of Atrophy!”

Not only Monkey, but also high-level players from the Mad Warrior Guild, Shura Guild, Jinghong Guild, and other major guilds came.

This game.

Lin Tianhao wanted to kill the old father of the Gu Limu family without sacrificing Silver Eyes.

at the same time.

He also had to send out the mission rewards that needed to be released as the Lord of the Holy Land.

“Freezing Technique!”

“Savage Collision!”

“Thorn Entanglement!”

.....

One skill after another flew towards the middle-aged man in black robe.

These were all high-level players from major guilds.

Lin Tianhao also wanted to see to what extent these high-level players in the Dragon Kingdom had grown under the influence of his butterfly wings.

The middle-aged man in black robe glanced over everyone and sneered, "A bunch of trash at level one or two hundred actually (wàng xiǎng-vainly attempt) to kill me. You are really overestimating yourselves!!"

Chapter 407 - Artifact: The magic mirror!

As the words fell.

The black-robed middle-aged man's aura suddenly soared.

"Wrath Blood Domain, open!!!"

A dark red domain unfolded from the black-robed middle-aged man's body.

The Asura Emperor walked out of the darkness, raising his hand.

"I've had this divine ability for a long time, but I've never been able to meet the release conditions. Today, let the first use of this divine ability be for you."

As he spoke.

The Asura Emperor raised his palm.

"Star Plucking Hand!!!"

A giant hand, about half the size of a football field, descended from the sky, slamming down on the black-robed middle-aged man.

"Boom--"

The Star Plucking Hand struck the Wrath Blood Domain, causing it to tremble slightly.

At the same time as the Asura Emperor made his move, Shadow Kill had already arrived behind the black-robed middle-aged man.

"Ninefold Shadow · Soul Severing Slash!"

Shadow Kill's body transformed into a series of afterimages, forcibly delivering him behind the black-robed middle-aged man.

The dagger in his hand fell.

Critical Hit!!

-780,000!!

Shadow Kill's damage was still terrifying, this attack was completely suppressive.

The battle may sound slow, but it all happened in an instant.

The moment Shadow Kill's dagger fell, he was torn apart by the domain.

Just as Shadow Kill was killed, a rumbling sound came from the distance.

Eighteen Redcoat Cannons launched a frenzied bombardment at the black-robed middle-aged man.

"Five Arrows Barrage!"

Lin Tianhao, as the main force of this output, naturally wouldn't retreat.

Feathered arrows poured out, frantically bombarding the black-robed middle-aged man's domain.

The black-robed middle-aged man put away his shield, and a silver-white spear appeared in each of his left and right hands.

"Bang bang bang--"

Bullets flew everywhere.

Especially the black-robed middle-aged man's bullet speed was ridiculously fast.

Remote professions with slow reactions were almost instantly killed.

"Frost Array!"

"Falling Ice Formation."

"Mystic Ice Freeze!"

"Chaotic World Mad Blade Slash!!"

Su Li waved her staff, and one summoned beast after another rushed out.

"Divine Ability: Law Manifestation of Heaven and Earth!"

Monkey let out a low roar, and his body swelled up rapidly, instantly growing to the height of a two-story building.

The weapon in his hand also switched to a totem stone pillar with strange totems on it.

"Boom--"

The giant totem stone pillar slammed down on the Wrath Blood Domain, actually causing the Wrath Blood Domain to tremble slightly.

"Wind Shuttle!"

Fatty rushed to the front of the black-robed middle-aged man's domain in the blink of an eye, holding up his shield and bracing himself.

"Clang--"

A bullet hit Fatty's shield, leaving a dent in it.

At the same time, it also knocked off more than three million of Fatty's health points.

"This guy is a bit tough."

Fatty had a headache, his shield was a special equipment, belonging to the indestructible type.

But this one shot actually caused a dent to appear.

"Back off, I'm about to start showing off."

The white-clothed man who had previously made a move in Youyan Town reappeared, and this time he still raised his hand to summon ten thousand swords.

Last time, Lin Tianhao had specifically asked him his name.

White-Clothed Sword Immortal!

A somewhat cool name.

Fortunately, he really obtained the inheritance of a sword dao master, otherwise he would have been ridiculed to death for this name.

It seemed that he had received guidance from the white-clothed scholar in Youyan Town last time, and the White-Clothed Sword Immortal's control of swords was now even more effortless.

"Go!!"

Tens of thousands of flying swords simultaneously bombarded the Wrath Blood Domain.

The Dragon Country's group of high-level players were frantically attacking the black-robed middle-aged man's Wrath Blood Domain.

"Insects, have you had enough? If this is all you've got, then I can only say that the battle should be over."

Lin Tianhao sighed, the gap was still too obvious.

Black-Robed Man (Diamond): Level 5000.

Health Points: ???

Attack: ???

Skills: ???

This black-robed middle-aged man was as high as level 5000, belonging to the seventh-rank peak.

His grade was also Diamond.

His overall combat power could be said to be quite terrifying.

"White-Clothed Sword Immortal, your Ten Thousand Swords Flying Together is very handsome, but compared to mine, it's still a bit lacking."

Lin Tianhao smiled, raised his hand, and sacrificed the Immortal Slaughtering Sword Formation.

Four flying swords soared into the air, and in the blink of an eye, they killed their way to the black-robed middle-aged man.

The black-robed middle-aged man was slightly startled, because these four flying swords were not blocked by his Wrath Blood Domain.

Previously, he had endured a lot of attacks.

But the only attack that truly landed on him was that one from Shadow Kill.

All other attacks were basically blocked by his domain.

"You really are a pervert!"

The black-robed middle-aged man couldn't help but complain.

He could feel that these flying swords posed a very great threat to him.

If he didn't block them, he would die.

"Godspeed Mirror!!"

A mirror fell into his hand.

The light within the mirror greatly increased, actually knocking all of Lin Tianhao's flying swords away.

"Is that the divine artifact in your hand?"

Lin Tianhao's lips curled up, "Although I can't use divine artifacts right now, it's not bad to take it as a reserve."

The black-robed middle-aged man snorted coldly, "You want the divine artifact in my hand, you're dreaming."

While speaking.

The black-robed middle-aged man aimed the mirror at Lin Tianhao.

A black light locked onto Lin Tianhao in the blink of an eye.

Lin Tianhao discovered that almost all of his skills had entered a gray state.

The reason it was almost was because Divine Skills such as Death Reincarnation, Heavenly Fire Meteor, and Undying True Body were still normal.

If a god were to use it personally, Lin Tianhao estimated that he wouldn't be able to use any of his skills.

Headlock-type skills also came with a forced silence effect, which could already be considered very terrifying.

"Ten Thousand Layer Shield!"

Fatty flashed in front of Lin Tianhao, and his shield continuously stacked out layer after layer of illusory shields.

When the black light touched the illusory shields, they were torn apart in an instant.

Shield after shield, easily torn apart.

"Guardian Shield!"

Fatty let out a low roar, and a giant illusory shield appeared.

"Boom--"

But there was still no suspense.

All the shields.

Including the real shield in Fatty's hand, were all shattered.

-51,020,000!!

A terrifying damage number popped up above Fatty's head.

He had bound himself to Goudao Wangu and Monkey, and his dual resistances were ridiculously high.

Plus the resistance of so many shields, yet he still lost fifty-one million health points.

If it had landed on Lin Tianhao, there was a high probability that even the Dry Wood Reviving Spring wouldn't have been triggered before he was instantly killed.

"What? Is that all you've got?"

Fatty took out another shield, "It's not enough to tickle Fatty."

The black-robed middle-aged man was stunned for a moment, and at the same time, a damage number exceeding ten million popped up above his head.

This was the reflected damage that Fatty had brought.

Fatty helped Lin Tianhao block the attack, while Lin Tianhao controlled the flying swords to continue killing the black-robed middle-aged man.

The black-robed middle-aged man shrouded himself with the Godspeed Mirror, not giving Lin Tianhao the slightest chance.

Chapter 408 - Kill the middle-aged man in black robe!

As a divine artifact.

Even if the black-robed middle-aged man couldn't unleash the full power of the Divine Travel Mirror, it wouldn't be difficult to contend with Lin Tianhao's Four Swords of Zhuxian.

"Snow Emperor, watch me."

The voice of the Ancient Dynasty Emperor came.

Immediately afterward, ripples appeared in the void, and a large hand holding a carving knife reached out from the void, fiercely slashing at the dark light.

The dark light emitted by the Divine Travel Mirror, protecting the black-robed middle-aged man, was forcibly torn open.

Lin Tianhao seized the opportunity, and the four flying swords flew out simultaneously.

The black-robed middle-aged man was greatly alarmed, "Divine Travel Hundreds of Miles!"

The greatest function of the Divine Travel Mirror was not combat, but displacement.

In this life-or-death crisis, the black-robed middle-aged man no longer had the idea of continuing to fight.

"Spatial Imprisonment!"

However.

"Ka Ka — —"

The power of the Divine Travel Mirror collided with the power of the Silver-Eyed Octopus, and even tiny cracks appeared in the void, looking extremely frightening.

"No — —"

"How could you possibly interrupt the Divine Travel Mirror's displacement!!"

As a divine artifact, even though he could only unleash a very small portion of its power, the Divine Travel Mirror shouldn't have been something Lin Tianhao could interrupt.

Lin Tianhao didn't plan to explain, and the flying swords arrived in front of the black-robed middle-aged man in the blink of an eye.

"Dang Dang Dang — —"

The black-robed middle-aged man held the Divine Travel Mirror in front of him.

Barely blocking the attack of Lin Tianhao's Zhuxian Sword Formation.

The dark light closed.

The black-robed middle-aged man was a little panicked!

He had just used the Divine Travel Mirror and still couldn't escape, which was a bit too terrifying.

"My lord, the Ancient Dynasty Emperor is not simple, he should have another divine artifact besides the carving knife, he was the one who stopped this black-robed man from escaping just now."

The voice of the Silver-Eyed Octopus came.

Lin Tianhao nodded secretly, but didn't pay much attention.

This Ancient Dynasty Secret Realm was related to the Origin of Dao God, it wasn't incomprehensible to Lin Tianhao that the Ancient Dynasty Emperor had some different things.

"Gray Pupil: Curse Gaze!"

A soft voice came.

Jinghong Mengshuang's eyes turned gray-white, and after those gray-white eyes looked out.

The speed at which the black-robed middle-aged man's Fury Blood Domain was operating actually dropped abruptly.

"Let me break through this broken domain."

Jian Wushuang, holding a blue longsword, stepped out, her body surging with sword intent.

"Sword One: Listening to the Tide!"

Jian Wushuang slashed out with the longsword in her hand, and sword energy like a tide bombarded the domain.

"Sword Two: Treading Leaves!"

Jian Wushuang struck again, and leaves all over the sky were driven by sword energy, crashing into the Fury Blood Domain with a rustling sound.

A trace of a gap finally appeared in the powerful Fury Blood Domain.

"I'll go."

Another person stepped out, his weapon was a pair of gauntlets, standard fighter equipment.

"Overlord Eight-Step Force!"

This fighter punched at the gap in the Fury Blood Domain, causing the gap to explode instantly.

"Everyone's bringing out the big guns, then I can't hide anything either."

Su Li chuckled and spoke, she waved her staff, and an unremarkable orange cat was summoned by her.

Sky-Stepping Cat (Diamond): Level 200.

Health Points: ? ? ?

Attack: ? ? ?

Skills: ? ? ?

Although the level was only two hundred, the grade was as high as Diamond.

The strength of its attributes was self-evident.

"Meow!"

The Sky-Stepping Cat meowed, and actually unfolded a domain around itself.

"Swoosh!"

The Sky-Stepping Cat rushed up in the blink of an eye, completely tearing apart the black-robed middle-aged man's domain.

"Sword Three: Snowfall!"

Jian Wushuang slashed out with the third sword, and the sword energy turned into countless snowflakes, bombarding the dark light around the black-robed middle-aged man.

But the dark light remained motionless!

Although the power of the crowd was gathered to tear apart his domain, it was still extremely difficult to break through the protective shield released by the divine artifact.

Many experts, all kinds of methods emerged endlessly.

The black-robed middle-aged man's attributes could be considered weak even among world bosses.

But he happened to have a divine artifact, which was a bit abnormal.

"Again, kill him!"

The voice of the Ancient Dynasty Emperor came.

His large hand holding the carving knife appeared again.

The carving knife in his hand once again cut through the black-robed middle-aged man's protective dark light.

Immediately afterward, an iron chain flew out, hitting the Divine Travel Mirror.

The Divine Travel Mirror was knocked open by the iron chain, and Lin Tianhao's four flying swords simultaneously pierced through the black-robed middle-aged man's body.

"Ding, you have killed the black-robed man, a national announcement is about to be made, do you want to hide your name?"

"No."

"National announcement, congratulations to player Snow Emperor for completing the first kill of the black-robed man, hereby announced, hoping that the majority of players will continue to work hard!"

... ..

After the black-robed middle-aged man was killed, Lin Tianhao rushed towards the Divine Travel Mirror as soon as possible.

But a palm reached out from the void and grabbed the Divine Travel Mirror.

The person who suddenly took action was none other than the Ancient Dynasty Emperor.

"Snow Emperor, you can't handle this Divine Travel Mirror, let me do it."

A cold light flashed in Lin Tianhao's eyes.

"Silver Eye Cage!"

Lin Tianhao wouldn't hide anything, he released the skill given to him by the Silver Eye, consuming 100,000 of his maximum health points, successfully binding the Ancient Dynasty Emperor's palm.

Chapter 409 - Projection of gods!

Lin Tianhao flickered through space, taking the Divine Travel Mirror into his hand.

"Emperor, I helped your Ancient Dynasty solve this great calamity, and you still want to snatch the items dropped from the monster I killed? My heart aches so much."

Ripples appeared in the void once again, and the Ancient Dynasty Emperor's other hand reached out, wielding an engraving knife to sever the silver-eyed tentacle.

Afterward, both hands retracted, and the Ancient Dynasty Emperor remained silent.

Next up was the delightful corpse-looting segment.

But just as Lin Tianhao prepared to step forward and loot the corpse, lightning flashed and thunder rumbled in the sky above.

Dark clouds gathered, as if a powerful expert was about to undergo tribulation and ascend.

However, the thunderclouds actually coalesced into a humanoid phantom.

This humanoid phantom roared at Lin Tianhao:

“You arrogant brat, return my Divine Travel Mirror!!”

Lin Tianhao was shocked, “A god's projection!”

This should be the true owner of the Divine Travel Mirror, a genuine god.

“Boom—”

Before the transparent palm could land, a bolt of lightning struck it.

The gigantic, transparent palm was shattered into pieces by the lightning.

“Ah, ah, ah—”

“Damn it, damn it!!”

“You brat, hand over the Divine Travel Mirror, or when my Alete army arrives one day, this deity will be the first to kill you!!”

The phantom roared in exasperation.

“Kill me?”

Lin Tianhao raised his hand, “Then I'll wait for your Alete Star System army to arrive, and we'll have a good contest.”

“To be honest, I want to slay a god, to kill a god in his true, peak state, especially a god from your Alete Star System!!”

The projection in the sky roared:

“Arrogant! A mere mortal dares to dream of slaying a god? Like an ant trying to shake a tree, you overestimate yourself!”

Lin Tianhao didn't waste any more words, and a pair of Xuanbing Wings appeared behind him, and he soared into the sky.

“Disperse for me!!”

Four flying swords shot toward the god's projection from the Alete Star System.

A projection.

Moreover, due to the restrictions of the Twilight of the Gods rules, it could not unleash much power.

Under Lin Tianhao's Immortal Execution Sword Formation, it had no power to resist at all.

“Snow Emperor, I've remembered you. You will pay the price for what you've done today.”

Under the绞杀 of the four flying swords, this god's projection was completely torn apart.

The Ancient Dynasty Emperor's voice came.

“Snow Emperor, I already said that you couldn't hold onto the Divine Travel Mirror. Now you've attracted the covetousness of a god. Are you satisfied now?”

“A god is all? If he dares to come, I'll slay him.” Lin Tianhao said indifferently.

Then he landed beside the black-robed middle-aged man and began to loot the corpse.

“Ding, you have obtained Equipment +2.”

“Ding, you have obtained Skill Book +2.”

“Ding, you have obtained Vigorous Vajra Pill +10.”

“Ding, you have obtained Free Attribute Points +500.”

... ..

All sorts of good things brought Lin Tianhao a great harvest.

Among them, the Concealment Black Robe among the equipment was worth mentioning.

Concealment Black Robe: God-Given.

Wearing Requirement: None.

Effect: You can conceal a large amount of information, such as your level, health points, nickname, etc.

Durability: Indestructible.

(Note: Once this equipment is worn, it cannot be dropped or stolen.)

This equipment had the characteristic of being undroppable.

Yet it still dropped from the black-robed middle-aged man.

This was interesting.

Generally speaking, items that cannot be dropped truly cannot be dropped, at least it is difficult to drop them through conventional killing.

Unless... .. this item is not protected by the Twilight of the Gods.

Clearly, the black-robed middle-aged man's Concealment Black Robe was not recognized by the rules of the Twilight of the Gods, so it could be dropped.

The same was true for the Divine Travel Mirror.

Almost all divine artifacts cannot be dropped.

However,

If you are on the side of the invaders, it is entirely possible for them to drop.

But if Lin Tianhao wore it, the undroppable attribute would be recognized by the rules of the Twilight of the Gods.

This was a very bad point for the invaders.

That is, some special attributes that cannot be dropped will lose their effect when you invade other rule worlds.

Lin Tianhao also looked at the skill books. Both were offensive skill books, and both were skill books where the higher the attack power, the higher the damage.

They were not very helpful to Lin Tianhao because Lin Tianhao's attack power was too low.

What he needed were skill books that were released based on health points.

Similar to the 枯木逢春 type.

It's a pity.

The drop rate of this type of skill book was too low. Every skill book of this type was a god-tier book for tank professions.

Looting the corpse ended.

Next was the distribution of rewards!

Lin Tianhao gave rewards to all the adventurers who participated in the operation.

It was just a matter of how much was given based on the degree of participation.

Just like that.

Lin Tianhao still sent out 120,000 free attribute points in one go.

It could be said that many people had gained a lot.

At the same time.

Poseidon was leading Lin Tianhao's clone to the Barbarian Dynasty.

After Lin Tianhao distributed the rewards, these players were all very excited. Clearly, they had not expected the rewards to be so generous this time.

In the distance.

A woman dressed as a beggar quietly walked away and took out a small notebook in a deserted corner.

She recorded on it: "Snow Emperor, suspected to have dual god-level talents, and has already obtained the qualification to change to a super god-level hidden profession, and is looking for a super god-level hidden profession altar to change."

"His appeal to adventurers is extremely strong, and he cannot be underestimated. He can be promoted to a Level A target for key targeting."

After finishing the recording, the servant took a step and disappeared.

Lin Tianhao had already returned to the palace at this time.

“Emperor, I killed the mastermind behind the Gu Limu family. The reward you promised me is...”

“Snow Emperor, the task I gave you was to kill all the people from the Alete Star System in the Ancient Dynasty. Their old father is dead, but there are still others alive.”

The Ancient Dynasty Emperor spread out his hands, “You have not completed my task.”

Lin Tianhao glanced at the Ancient Dynasty Emperor's engraving knife and asked, “What do you want? You can give me the engraving knife in your hand.”

“Snow Emperor, can we not talk nonsense? You have also seen the power of my engraving knife. Even if you use the Divine Travel Mirror to trade, I will not agree.”

The Ancient Dynasty Emperor answered very decisively, not giving any room for negotiation.

Lin Tianhao looked at the Ancient Dynasty Emperor with a smile that was not a smile, “Emperor, I have always believed that anything can be negotiated, it just depends on what the bargaining chip is.”

The Ancient Dynasty Emperor nodded lightly, “I agree with what you said, but the biggest trouble of the Gu Limu family has already been resolved. Even if you don't continue to do the task of killing people from the Alete Star System, it won't hurt me.”

Chapter 410 - Su Beilong, the King of Zhenbei!

“Don't speak so soon, I still believe you will have this need.”

After saying this.

Lin Tianhao turned and left.

Ancient Dynasty.

Transcendent-grade Hidden Class Transfer Altar.

Lin Tianhao always felt that something was wrong.

Su Youfei knew about the Transcendent-grade Hidden Class Transfer Altar, which Lin Tianhao could understand.

But she even knew the conditions to activate the Transcendent-grade Hidden Class Transfer Altar, which was a bit strange.

Adding to the words the black-robed middle-aged man said at the end, Lin Tianhao became suspicious of the Ancient Dynasty Emperor.

Regardless of whether the black-robed middle-aged man was deliberately trying to sow discord, Lin Tianhao needed to maintain his suspicion.

Thinking of this.

Lin Tianhao contacted Berserker Blades and asked him about Mu Qilan's current situation.

The answer he received was that Mu Qilan had already fled.

As for Su Youfei and Taniguchi Rika ▪ Liao Feng, there were currently no clues.

The matter of the Ancient Dynasty seemed to have entered a bottleneck.

Regardless of the Ancient Dynasty's affairs, Lin Tianhao still planned to go to the Barbarian Dynasty.

But at this moment.

Potala Tianlong sent a message to Lin Tianhao.

“Snow Emperor, are you going to the Barbarian Dynasty? Take me with you.”

Potala Tianlong obviously knew the use of Lin Tianhao's Kunlun Mirror, or rather, most people knew the use of the Kunlun Mirror.

“What are you going to do in the Barbarian Dynasty?”

Potala Tianlong smiled mysteriously and said, “To settle a score. Speaking of which, you should also know that Snow Emperor.”

“Who?”

“The Yellow Emperor's daughter, Hanba!”

Lin Tianhao's eyes narrowed slightly, “How did you get involved with her?”

“It's not that I got involved with her, it's that the Sacred Ground behind me has some connection with her. Back then, when she was sealed, the Sacred Ground behind me made a great contribution!”

“Made a great contribution?”

Lin Tianhao looked at Potala Tianlong strangely, “Are you going to the Barbarian Dynasty to let her unilaterally abuse you?”

Lin Tianhao wasn't quite sure whether Hanba was a True God, but one thing was undeniable: she had combat power no weaker than a True God.

“Let's talk. If the negotiation breaks down, it won't be my turn to take action. Someone from the Sacred Ground behind me will take action.”

“But if that's the case, it's not a good thing.”

At this point.

Potala Tianlong waved his hand and said, “Snow Emperor, are you looking for the Transcendent-grade Hidden Class Transfer Altar?”

“Isn't it obvious?” Lin Tianhao asked rhetorically.

“The experts from the Sacred Ground behind me told me that there is no Transcendent-grade Hidden Class Transfer Altar in the Ancient Dynasty.”

“Because the person behind me sealed the Yellow Emperor's daughter, this secret realm is related to the Yellow Emperor, so they know something about the Ancient Dynasty.”

Lin Tianhao's expression darkened. If the Transcendent-grade Hidden Class Transfer Altar was fake, then what was the great formation that Mu Qilan showed him?

After a little thought.

Lin Tianhao already had an answer in his heart.

When he first proposed to look for the Transcendent-grade Hidden Class Transfer Altar, the Sixth Prince said that he knew and gave him the task of dealing with the Taniguchi Rika family.

And Mu Qilan and Su Youfei were from the Taniguchi Rika family. They used a trick, using the materials needed to activate the Transcendent-grade Hidden Class Transfer Altar to get him to leave the Ancient Dynasty.

But there must still be something he didn't know.

“Then does the person behind you know where the Transcendent-grade Hidden Class Transfer Altar is?” Lin Tianhao asked.

“It's in this secret realm, but the person behind me didn't say exactly where.” Potala Tianlong said with a wry smile.

Lin Tianhao had a headache.

“I'll send you to the Barbarian Dynasty. Also, I'm willing to help you make peace. If you want to see Hanba, you can say so in advance.”

Although this was to help Potala Tianlong, more than that, Lin Tianhao also wanted to see Hanba.

This secret realm was related to the Yellow Emperor, so maybe the Yellow Emperor's daughter knew some secrets.

Lin Tianhao took a step and brought Potala Tianlong to the Barbarian Dynasty.

After sending Potala Tianlong over, Lin Tianhao returned on his own.

If what Potala Tianlong said was true, then collecting the three materials was also a lie.

If that was the case.

Then there must still be a problem he didn't know.

As a prince, the Prince of Northern Garrison must know some secrets.

And this time, he chose to mobilize the army, whether he was being sidelined or for some other reason.

He must know some information.

“Silver Eyes, help me find the location of the Prince of Northern Garrison.”

While Lin Tianhao was doing his own thing, he had Poseidon of the Sea take his clone to the major cities of the Barbarian Dynasty.

To light up the map for his Kunlun Mirror. Based on what he knew so far, his trip to the Barbarian Dynasty was a certainty.

“Found it.”

Silver Eyes took Lin Tianhao through the void and came to the study of Su Beilong, the Prince of Northern Garrison.

Su Beilong was holding a letter and examining it.

Noticing Lin Tianhao's sudden appearance, he immediately stood up and said sharply, “Who is it?!”

“Snow Emperor.”

Hearing this.

Su Beilong was as if facing a great enemy, and a dark golden spear instantly appeared in his hand.

“Did Your Majesty send you to kill me?”

Lin Tianhao shook his head and said, “No, he doesn't even know I'm here to see you.”

“Then what is your purpose here?” Su Beilong asked.

“Do you know about the Transcendent-grade Hidden Class Transfer Altar?” Lin Tianhao asked straight to the point.

Su Beilong frowned, “Of course I know. That is the altar built by that great being, to cultivate the most outstanding rising stars.”

Lin Tianhao nodded secretly. This was true, because his secret realm mission was progressing.

“This time you are preparing to send troops to rebel, what are you thinking?” Lin Tianhao asked again.

Su Beilong snorted coldly and rebuked:

“Su Beichu listens to slander and fosters corruption. I suspect that he relied on the Soul Control Insect when he ascended the throne!”

Lin Tianhao's eyes narrowed, “So the mother insect of the Soul Control Insect is in his hands?”

Su Beilong nodded, “I don't know exactly who has it, but it must be in the hands of Su Beichu and his cronies.”

“The Third Prince discovered this long ago and endured for many years, but in the end, he was still killed by the Emperor!”

“Wasn't he killed by Su Youfei's men?” Lin Tianhao asked rhetorically.

“It was just using a knife to kill someone. The Third Prince has always been indulging in pleasure, ignoring politics, and has always been a tyrannical person, not the best candidate to compete for the throne.”

“But Su Beichu gave him the task of fighting against the Taniguchi Rika family. Isn't this clearly asking him to die?”

This was the first time Lin Tianhao had heard this statement.

“Then what's the matter with Mu Qilan and Su Youfei? I heard that Su Youfei isn't your daughter?”

“Bullshit!!”

Su Beilong shouted angrily: “Su Youfei is my seed, but she was born with a heavenly destiny and will definitely be a female emperor in the future!”

“Su Beichu is afraid, but he has no excuse to kill her directly, so he forcibly took her as a concubine. Su Beichu and I are cousins, this act of his is simply outrageous!”
