Chapter 411 - Zhuge Longting!

Lin Tianhao wanted to say something but stopped, finding this situation somewhat complex.

However, Lin Tianhao reserved his own opinion about what Su Beilong said.

Because Su Youfei's real name wasn't actually Su Youfei, which was clearly problematic.

"According to you, Su Youfei is cooperating with the Gurimu family to deal with Emperor Su Beichu?"

Su Beilong nodded, "That's right. Su Beichu is ambitious and ruthless. He used you to destroy the Gurimu family, and next, it will be my turn."

"So why haven't you run away yet?" Lin Tianhao asked.

"Run?"

"Where could I run to? The Mantuo Dynasty? I love the Gu Dynasty. I would rather die than surrender to the Mantuo Dynasty."

Lin Tianhao fell into thought. He didn't know how to respond to the Town North King's words.

"Where is the Super God-Tier Hidden Class Advancement Altar? What conditions are required to activate it?" Lin Tianhao asked.

The Town North King said in a deep voice: "It's in our Gu Dynasty. Our entire Gu Dynasty is the Super God-Tier Hidden Class Advancement Altar."

"The seals in the hands of the three Celestial Sovereigns of this small world are the materials to activate this Super God-Tier Hidden Class Advancement Altar."

"They are the Black Mountain Seal of the Night Celestial Sovereign, also known as the Lord of Black Mountain, the Engraving Knife of the Gu Dynasty's Celestial Sovereign Su Beichu, and the God-Striking Stone of the Mantuo Dynasty's Celestial Sovereign Zhuge Longting."

Lin Tianhao narrowed his eyes, staring at the Town North King with some surprise, "The Emperor of the Mantuo Dynasty is called Zhuge Longting?"

"Yes."

Lin Tianhao was genuinely surprised, not because the materials to activate the formation were different, but because of the name of the Mantuo Dynasty's Emperor.

The Lord of Black Mountain is called Zhuge Goudan, and the Gu Dynasty Emperor Su Beichu said that the Lord of Black Mountain was his man.

But the Town North King said that the Mantuo Dynasty's Emperor is called Zhuge Longting.

This is interesting, very interesting!

"Snow Emperor, I'm afraid I can't escape death, but Su Youfei and Mu Qilan are not members of the Gurimu family. They were forced by Su Beichu and went astray."

"If possible, when you encounter them, could you show mercy?"

"Given up? Why should I give up?"

Mu Qilan was very annoyed, "You're being too clever for your own good, letting things develop to this point, and you still want to continue?"

"This isn't being too clever, I just want to rely on my own efforts to take back what originally belonged to me."

"If things are successful, I can get everything I want."

Mu Qilan gritted her teeth and said, "Didn't you receive the news from Tiangu City? Snow Emperor is a madman. When he goes crazy, he doesn't even care about the gods. You're using him like this..."

"Shut up!!"

The Town North King shouted angrily, "When did I use him?"

"Isn't what he wants to advance his class? He advances his class, our goals don't conflict."

Mu Qilan opened her mouth, but in the end, she didn't say anything.

"Alright, I hope your decision is right."

... ..

Mantuo Dynasty.

Tianman City!

This is the Imperial City of the Mantuo Dynasty, the most prosperous city.

The Mantuo Dynasty is different from the Gu Dynasty.

The Gu Dynasty is divided into three major cities, but the Mantuo Dynasty's nickname is [Tianman Gathering].

In short.

Tianman City is frantically absorbing the sunrise industries of other cities, leaving only some sunset industries in the other cities.

This has led to the Mantuo Dynasty having a population of over 100 million, with Tianman City alone accounting for 50 million.

Entering Tianman City.

Lin Tianhao saw rows of honeycomb buildings.

Tianman City has many industries and a large population.

Only a small fraction of people at the top of the pyramid can live in detached courtyards.

And more, especially those at the bottom of society, live in these honeycomb buildings.

The main body of these honeycomb buildings is made of wood and stone, with only a small amount of metal used for reinforcement in a few places.

According to the information learned by Lin Tianhao's clone and Poseidon, the God of the Sea.

Even these honeycomb buildings require the payment of high rents to live in.

The reason it is rent.

Is because even such honeycomb buildings are rare to be able to afford.

Lin Tianhao couldn't help but feel some emotion.

The NPCs in Gods' Twilight don't have such a good life either.

Lin Tianhao found the clone, sent the clone back to continue refining the Life Orb, and Lin Tianhao prepared to meet the Emperor of the Mantuo Dynasty.

He needed to confirm the matter of the Super God-Tier Hidden Class Advancement Altar.

If it was confirmed, and the Gu Dynasty Emperor and the Mantuo Emperor were unwilling to give the things he needed for advancement, Lin Tianhao could only take some unconventional measures.

However, according to the rules of Gods' Twilight.

If the things in their hands are really the materials to activate the Super God-Tier Hidden Class Advancement Altar, it is inevitable that conditions can be triggered to make them hand them over.

"Silver Eye, let's go to the palace."

Lin Tianhao didn't waste time like he did in the Gu Dynasty, he chose to go straight to the point.

Under the leadership of Silver Eye.

Lin Tianhao successfully met the Emperor of the Mantuo Dynasty.

"Do you know that trespassing into the Imperial Palace of the Mantuo Dynasty is a capital crime?"

The Emperor of the Mantuo Dynasty was a middle-aged man who looked amiable.

His gaze fell on Lin Tianhao, without panic or surprise, just stating a fact calmly.

"But I'm still alive and well."

"You have two choices, we fight and then talk, or we talk now."

The Mantuo Emperor was amused, "This is the Imperial Palace, and you actually think you can fight me."

Lin Tianhao took out the Book of Life and Death and rewrote Zhuge Longting's name.

Immediately afterwards.

The Mantuo Emperor began to lose health above his head.

The Town North King didn't lie about this, this guy was really called Zhuge Longting.

Then... ..

Would he have any connection with Zhuge Goudan?

The Gu Dynasty Emperor thought that Zhuge Goudan was his man, but from the current point of view, Zhuge Goudan and this Zhuge Longting are likely to be related by blood.

Are the two Emperors playing a game of spy vs. spy?

"Continuous health loss like a lock-on skill, and the damage is quite high, are you threatening me?"

Lin Tianhao changed the name in the Book of Life and Death back to Moyrai, the Night Spirit God.

"It's not a threat, you are at least a Seventh-Rank Diamond-level expert, this little bit of damage isn't enough to pose a threat to you."

Zhuge Longting waved his hand, "Speak, why have you come to find me?"

"The Super God-Tier Hidden Class Advancement Altar."

Hearing this.

Zhuge Longting paused.

"I have indeed heard of this Advancement Altar, and I even have one of the materials needed to activate the altar in my hand."

"Name your condition, I want the thing in your hand," Lin Tianhao said.

Zhuge Longting said bluntly: "It's very simple, destroy the Mother Worm of the Soul-Controlling Insects, and I will give you the thing."

Chapter 412 - Eliminate the Gu Limu family!

"Ding, the Barbarian Emperor has issued you a quest."

"Quest Objective: Kill the Soul Control Insect Queen within three months."

"Quest Penalty: Unknown."

"Quest Reward: Free Attribute Points +200, God Smiting Stone +1."

"Ding, accept?"

Lin Tianhao was a little surprised, because the Barbarian Emperor was being too agreeable.

He was actually preparing to take it out so casually.

"Accept."

Lin Tianhao had no reason to refuse, the Soul Control Insect Queen was related to the Ancient Dynasty Emperor.

Solve the Soul Control Insect Queen, then solve the Ancient Dynasty Emperor, and both the Engraving Knife and the God Smiting Stone would be in hand.

"Do you know the Lord of Black Mountain?"

Lin Tianhao asked after accepting the quest.

"My unworthy son, because he disagreed with me on some things, ran to the Ten Thousand Mountains to establish himself as king, and even called himself the Night Emperor, making people laugh," Zhuge Longting said.

Lin Tianhao waved his hand, "Do you know where the Soul Control Insect Queen is?"

"Probably in the hands of the Ancient Dynasty Emperor," Zhuge Longting said uncertainly.

"The Soul Control Insects are already infiltrating our Barbarian Dynasty, I hope you can speed up your pace."

"Okay."

Lin Tianhao walked out of the palace.

Although only four months of game time had passed.

But he didn't want to delay.

This job change.

Was too important for him.

In just over a month, it would be the Holy Land Prodigy Rookie Competition, and he still needed to go to Youming Island.

During this time in the Ancient Dynasty, enlightenment had also been temporarily put on hold.

Since that's the case.

Then let's tear off the mask.

Ancient Dynasty Palace.

Lin Tianhao stepped out and reappeared here.

The Ancient Dynasty Emperor looked at Lin Tianhao and said calmly, "You came back faster than I thought."

"I've lost my patience, this is your last chance, give me the Engraving Knife," Lin Tianhao said indifferently.

"What if I don't give it?" The Ancient Dynasty Emperor's voice turned cold.

The Ancient Dynasty Emperor shook his head, "Sorry, I can't give it to you, the Engraving Knife is still of great use to me."

"Okay, wait."

Lin Tianhao stepped out and disappeared.

The Ancient Dynasty Emperor narrowed his eyes, and then saw blood loss appearing above his head.

-683,000!

-683,000!

... ..

One damage number after another popped out from above his head, this level of damage was not something the Ancient Dynasty Emperor could withstand.

He also needed to rely on the resurrection altar to recover health in order to barely cope.

Lin Tianhao directly left the Ancient Dynasty Emperor.

Desolate Corpse Land!

Lin Tianhao rode the Flame Fire Chicken King to this place.

This was where the level 3000 wild monster, the Desolate Ancient Corpse, spawned.

Lin Tianhao's Undead Domination could only last for a month, and most of the powerful undead he had previously dominated had exceeded the time limit and disappeared.

So Lin Tianhao now needed to re-enslave his undead army.

And the Desolate Ancient Corpse was a wild monster with relatively high comprehensive attributes.

After walking for a while, Lin Tianhao saw corpses with shriveled flesh and blood.

They wandered aimlessly in the desert.

Desolate Ancient Corpse (Normal): Level 3000.

Health: ? ? ?

Attack: ? ? ?

Skills: ? ? ?

"Whoosh!"

Lin Tianhao shot an arrow as soon as they met.

No critical hit.

-598745!

Instant kill!!

The normal wild monsters of Twilight of the Gods were as weak as ever, even this level 3000 Desolate Ancient Corpse with relatively high comprehensive attributes only had about 600,000 health.

"Whoosh whoosh whoosh—"

Lin Tianhao turned on the targeting mode, one arrow for each small ancient corpse.

These ordinary ancient corpses had average combat power, Lin Tianhao's goal was to open the ancient corpse dungeon and kill high-grade Desolate Ancient Corpses on hell difficulty, so that he could enslave more and stronger Desolate Ancient Corpses.

Five days passed in a flash!

Lin Tianhao brushed out the ancient corpse dungeon on the first day.

Then it was endless brushing of hell difficulty dungeons.

In these five days, Lin Tianhao's health also had a direct increase.

Total health broke through 70 million. Reaching 71 million.

Ancient Dynasty Altar.

The Ancient Dynasty Emperor was drinking tea in the altar.

Looking at the damage numbers popping out above his head not only not stopping, but also constantly rising, he couldn't help but frown.

"Have you found any clues about the Snow Emperor? Do you know what he's been doing recently?"

Standing under the Ancient Dynasty Emperor was the Sixth Prince.

He shook his head, "Father, these past few days, the Snow Emperor has seemed to evaporate from the world, completely losing contact."

"Hmph! He thinks he can make me compromise by using this strange method to lock my head, it's really too naive!!" The Ancient Dynasty Emperor snorted coldly.

The Sixth Prince wanted to say something but stopped, but still said: "Father, although the great disaster of the Alete Star System has disappeared now."

"But there are still people in and out of the court who are eyeing us covetously, offending the Snow Emperor, I'm afraid... ..."

Hearing this.

The Ancient Dynasty Emperor scolded: "If I can't even afford to offend a small adventurer, then I might as well just quit being this emperor."

"Moreover, I want to establish my grand hegemony, I still need the Engraving Knife."

The Sixth Prince ultimately didn't say anything more.

Ancient Dynasty.

Lin Tianhao has now enslaved more than 100,000 Desolate Ancient Corpses.

Among them, there are many powerful existences of Black Iron grade, Bronze grade, and even Silver grade and Gold grade.

There are even hundreds of Platinum grade Desolate Ancient Corpse Kings!

All of them are at the bottom of level 3000, Lin Tianhao felt that he could completely sweep the Ancient Dynasty.

The Ancient Dynasty Emperor was right.

Even if he killed him, he wouldn't necessarily get the Engraving Knife.

Just like the previous Twilight of the Gods blessing pre-quest scroll, it wasn't something that could be obtained by killing the other party.

But as an emperor, he might not be afraid of his own death, but he would definitely be afraid of the destruction of the dynasty.

It just so happened that he still had a lot of free attribute points that he hadn't distributed this month.

He didn't mind forcing the Ancient Dynasty to launch a national war, replicating the scene of the Star Kingdom back then.

Of course.

That was the worst plan.

"Blades, how is the matter I asked you to investigate?" Lin Tianhao contacted Mad War Blades after returning to the Ancient Dynasty.

"It's all been investigated, some people are uncertain, but basically they've all been locked down." Blades' answer made Lin Tianhao very satisfied.

There were still people from the Gulimu family in the Ancient Dynasty, as for the remaining stragglers, it would be very troublesome for Lin Tianhao to investigate.

But it would be much easier for Mad War Blades to investigate.

In five days.

Mad War Blades had already helped Lin Tianhao figure out the situation.

"Okay, then prepare to take action."

Lin Tianhao issued the order.

Before fighting with the Ancient Dynasty Emperor, Lin Tianhao had to take the rewards that the Ancient Dynasty Emperor had previously issued.

Lin Tianhao personally led the team, with the assistance of high-level players from major guilds, and the Silver-Eyed Octopus and Poseidon the Sea God guarding the formation.

An operation targeting the remnants of Gulimu was launched in the Ancient Dynasty.

Chapter 413 - Preparation: Expose Su Youfei!

One night passed!

The remaining members of the Gu Laimu family were completely purged.

With so many top players, Lin Tianhao, and two deities, they had no chance of survival.

After completing the purge, Lin Tianhao still rewarded merits and distributed free attribute points.

This wave saw another 130,000 free attribute points handed out.

This was a win-win situation for both Lin Tianhao and the major guilds.

After purging the Gu Laimu family and their people, Lin Tianhao didn't go directly to see the Guchao Emperor, but instead went to the Zhenbei King's mansion.

"Your Highness, I hope you've been well since our last meeting," Lin Tianhao said with a smile.

The Zhenbei King looked at Lin Tianhao with a solemn expression, "Snow Emperor, you endured for several days without making a move, but once you did, you purged everyone in the Gu Laimu family, truly making me look at you in a new light."

Lin Tianhao waved his hand, "No need to say those useless things, I didn't come here to see you."

Mu Qilan was hiding in a secret room behind the bookshelf, which Silver Eyes had discovered the last time Lin Tianhao came.

It was just that Lin Tianhao didn't expose it last time.

The Zhenbei King was shocked, and Mu Qilan, behind the bookshelf, was equally surprised.

The secret room she was in naturally had certain concealment methods, but it was still discovered.

The bookshelf split open from the middle, and Mu Qilan stepped out.

"Did the Snow Emperor come here to kill me?" Mu Qilan asked.

Lin Tianhao shook his head, "You and Su Youfei helped the people of the Gu Laimu family, I should have killed you, but considering that you were forced by the Guchao Emperor, as long as you tell me where the blood sacrifice formation set up by the Gu Laimu family is, I can spare you from death."

This time, Lin Tianhao prepared a 130,000-level undead army, ready to tear apart his relationship with the Guchao Emperor.

But he had to destroy the Gu Laimu family's blood sacrifice formation first.

"I don't know."

Lin Tianhao didn't waste words, and raised the God Striking Whip.

"Even so, then you have no need to live."

Upon seeing this, the Zhenbei King quickly said: "Qilan, now that things have come to this, just tell him."

Mu Qilan glanced at the Zhenbei King, then turned her gaze to Lin Tianhao.

"Su Beilong, are you stupid? He's asking this question because he clearly wants to stir up war, and doesn't want the Transcendent-grade hidden class transfer altar to be destroyed. If I tell him, Guchao will be plunged into misery!!"

After speaking.

Mu Qilan looked coldly at Lin Tianhao, and sneered: "Want to know about the blood sacrifice formation from my mouth? No way!!"

"Kill me or cut me, do as you please. If I, Mu Qilan, even frown, then I'm not the number one female general of Zhenbei City!!"

Lin Tianhao's fist clenched instantly, and he rebuked: "You speak so grandly, but when you incited the Zhenbei King to send troops before, did you ever think about the people being plunged into misery?"

"Now you're using such a grandiose excuse to prevaricate me, don't you find it laughable?"

Mu Qilan was silent, and after a short while, she said: "The blood sacrifice formation is our last trump card. If we tell you, we will truly be fish on the chopping board!"

"Before we can ensure our safety, this information cannot be told to you."

Lin Tianhao sneered: "In the end, you're still afraid of death and want to protect yourself."

"If you don't tell me, I'll go kill Su Youfei now."

Lin Tianhao wasn't some benevolent man or pious woman, and he didn't want to waste any more time.

Whoever stood in his way, he would use any means necessary and wouldn't let them go!

"You dare!!"

"There's nothing I wouldn't dare to do!"

Lin Tianhao's voice was ice-cold, "Those who submit to me will prosper, those who oppose me will perish!!"

"I was able to purge the Gu Laimu family overnight, and I can also purge your Zhenbei King's mansion overnight!!"

Lin Tianhao's words were powerful and resolute, not retreating in the slightest.

The Zhenbei King sighed, "Alas, Qilan, if the Snow Emperor wants to kill you, you have nowhere to run."

"Transcendent-grade hidden class transfer, he is bound to do it. Even if it doesn't work here, he will go to other places to do it. But here, it will inevitably be a river of blood."

Mu Qilan bit her lip, obviously knowing what the Zhenbei King was saying.

"Alright, I'll take you there, I hope you can keep your promise afterwards and not touch us."

Mu Qilan compromised.

She led Lin Tianhao to a temple in Zhenbei City.

Pushing open the Buddha statue in the temple, there was a secret passage beneath the Buddha statue.

"The blood sacrifice formation has a total of three array nodes, and this below is one of them."

"You go first."

Although Lin Tianhao was strong, he still had the necessary vigilance.

Under Mu Qilan's lead, Lin Tianhao successfully saw the blood sacrifice formation.

A very strange formation.

Lin Tianhao didn't act rashly, but destroyed this array node after confirming with Silver Eyes Octopus and Sea God Poseidon.

Next were the array nodes in Tiangu City and Hongfeng City, which Lin Tianhao destroyed one by one under Mu Qilan's lead.

Thereupon.

The blood sacrifice formation no longer existed.

"In the future, don't cooperate with people from the A'Lai Te Star System anymore, because... I really will kill people!!"

Lin Tianhao's voice was icy cold. Cooperating with the A'Lai Te Star System was something he couldn't accept.

Mu Qilan nodded heavily, "Understood, this time I cooperated with the people of the Gu Laimu family, and I also discovered that cooperating with them is like letting wolves into the house."

"I hope you're not just saying these words to save your life."

Lin Tianhao said indifferently.

After speaking.

Lin Tianhao stepped out and arrived at the Guchao Imperial Palace.

The Guchao Emperor was currently drinking tea by the spring.

Seeing Lin Tianhao walk in, he couldn't help but smile, "You still dare to appear here, aren't you afraid that I've set up an inescapable net to attack you?"

"I have completed the task of purging the people of the A'Lai Te Star System within Guchao, so I naturally came to submit the task."

The Guchao Emperor shook his head with a smile, "No, you have not completed my task."

"The Soul Control Worm also comes from the A'Lai Te Star System."

Lin Tianhao's expression darkened. He had heard of the Soul Control Worm in his previous life, but he had never heard of where the Soul Control Worm came from.

"That's just as well, I'm going to kill the Soul Control Worm Mother Bug," Lin Tianhao said with a smile.

The Guchao Emperor nodded, "Very good, then you go kill the Soul Control Worm Mother Bug."

Lin Tianhao looked towards the corner, and said faintly, "Sixth Prince, I hope you've been well since our last meeting."

From that corner, the Sixth Prince walked out with a smile.

"Su Youfei, what about you? How long are you planning to hide?"

When Lin Tianhao said this, Su Youfei walked out from the shadows in disbelief. She stared at Lin Tianhao and questioned:

"How did you know I was here?"

"It's not important anymore."

Lin Tianhao responded calmly, without explaining.

Su Youfei's name was fake, indicating that she had another identity.

At first, Lin Tianhao thought that Su Youfei was from the Gu Laimu family, so her real name should start with Gu Laimu.

But after seeing the Zhenbei King, purging the Gu Laimu family, and some information that Crazy Blade found out.

Lin Tianhao realized that Su Youfei was really the daughter of the Zhenbei King, Su Beilong.

But his Book of Life and Death wouldn't be wrong, which meant that Su Youfei had another identity.

For example... the Soul Control Worm Mother Bug!!

Chapter 414 - The emperor of the ancient dynasty was controlled!

After having this guess, Lin Tianhao let Silver Eye use Silver Eye Peering on him.

The reason it was Silver Eye and not himself was because Lin Tianhao wanted to ensure complete certainty and avoid being discovered.

The Soul Control Worms belong to the soul system. Besides having ridiculously powerful concealment abilities, they also have powerful perception.

Only Silver Eye's action could ensure complete certainty.

Under Silver Eye's peering, Lin Tianhao's guess was also confirmed.

The real Su Youfei was most likely already dead.

The [Su Youfei] he had been in contact with before was actually the Soul Control Worm's Mother Worm.

[Su Youfei] was exposed by Lin Tianhao, but she was not annoyed. Instead, she said with a smile:

"Snow Emperor, you are very smart. What His Majesty didn't tell you is that I am his biggest trump card."

"I have already infiltrated the Gulimu family. If you give me a little more time, without you, the Gulimu family will also disappear."

Lin Tianhao nodded, his eyes falling on the emperor of the Gu Dynasty.

"This also explains the real reason why you took action when I wanted to kill Su Youfei before."

"In the beginning, you said that the mastermind behind the Gulimu family had exposed his killing intent."

"But later I discovered that you rely on the carving knife and the Ancient Sky Guardian Formation. The mastermind behind the Gulimu family is still a bit weaker than you. There is no need for you to stop me from killing Su Youfei."

"Clap clap clap..."

The emperor of the Gu Dynasty couldn't help but clap his hands and applaud, "Good, good, good, very good."

"Snow Emperor, I really don't want to be your enemy."

Lin Tianhao smiled slightly, "Isn't this very simple? Give me the carving knife, and everything will be fine."

"I know you want to use the carving knife to change jobs, but I really can't give it to you," the emperor of the Gu Dynasty shook his head.

"Since that's the case, then there's nothing to talk about."

Lin Tianhao raised the God Striking Whip, "Before I came, I specifically destroyed the blood sacrifice formation in the Alait star system, all for this game today!"

Around Lin Tianhao, four flying swords soared into the sky, blocking the beam of light that fell from the sky.

This is Lin Tianhao's strongest attack method now: the Immortal Execution Sword Formation!

"Your sword formation is indeed very strong, but the consumption is also very huge. I don't know how long you can delay."

"Delay?"

Lin Tianhao smiled playfully, "The one who needs to delay is you!"

As soon as he finished speaking.

A venerable desert ancient corpse undead of level 3,000 appeared.

There were as many as 100,000 of them, instantly surrounding the imperial palace of the Gu Dynasty.

Everyone present was stunned.

In the Gu Dynasty, level 1,000 was considered a master.

Level 2,000 was already the top group of people.

But Lin Tianhao actually summoned an undead army of 100,000 level 3,000 in one breath.

The impact of this was very terrifying.

"Who exactly are you?!"

The emperor of the Gu Dynasty couldn't even help but take a step back.

Lin Tianhao looked indifferent, staring at the emperor of the Gu Dynasty.

"Give me the carving knife, otherwise I will wash the imperial palace with blood today!!"

Lin Tianhao's attitude was decisive, with no room for negotiation.

The emperor of the Gu Dynasty's expression was a bit gloomy.

With Lin Tianhao leading an undead army of 100,000 level 3,000, it would be by no means difficult to wash them with blood.

"Snow Emperor, other conditions are easy to negotiate, but the carving knife is really not possible."

"I need your carving knife to complete the super-god-level hidden job transfer. If you don't give it to me, it is impossible for me to retreat."

The emperor of the Gu Dynasty looked gloomy, and he was really a little panicked now.

If Lin Tianhao really wanted to start a massacre, their entire Gu Dynasty would be finished!

"Su Beichu, all I ask for is a carving knife. Why are you unwilling to take it out?"

Although the carving knife was good, Lin Tianhao had already done this, but the emperor of the Gu Dynasty was still unwilling to hand over the carving knife.

This can only mean that the carving knife is really important to him, very important.

"Snow Emperor, why do you have to do this? Are you really going to wash the Gu Dynasty with blood for your own job transfer?"

The emperor of the Gu Dynasty roared angrily.

Lin Tianhao took a step forward, "You're right."

"Today I can kill 100,000, kill a million, because I know very well that I must become stronger."

"What's more, I have already given you the opportunity. If the Gu Dynasty is full of blood, you also have an inescapable responsibility."

The Sixth Prince saw that the situation was a bit out of control and quickly took a step forward.

"Father, now that things have come to this, put down your obsession and give the carving knife to Snow Emperor. Do you really want to become a sinner of the ages?"

"No!!"

The emperor of the Gu Dynasty roared hoarsely, "Do you know what I want to do with the carving knife? I can't give it to him, never!!"

The Sixth Prince knelt down with a plop.

"Father."

"My father is determined to resurrect my mother. The carving knife is an extremely important link. Please, Snow Emperor, for the sake of my father's infatuation, don't let the Gu Dynasty be plunged into misery."

Lin Tianhao did not listen to the Sixth Prince, but lit a candle.

This was a candle that was extremely similar to the one Su Youfei had given Lin Tianhao before.

After the candle was lit.

A transparent worm emerged from the back of the emperor of the Gu Dynasty's neck.

"Your father is unwilling to hand over the carving knife, not because he wants to resurrect your mother, but because he has been controlled by the Soul Control Worm."

"Father!"

The Sixth Prince eagerly wanted to rush up, but was slapped away by the emperor of the Gu Dynasty.

[Su Youfei] stepped forward, "The candle I gave you can only illuminate some of the lowest-level larvae. This one is not the one I gave you."

Lin Tianhao nodded, "After guessing your identity, I will naturally be prepared."

"Snow Emperor, you are really too terrifying. You will become an obstacle for the Alait star system to rule this world."

[Su Youfei] looked at Lin Tianhao with cold eyes. She raised her jade hand, and a large number of Soul Control Worms swept towards Lin Tianhao.

"Do it."

As the voice fell.

Someone killed out of the shadows.

The person who suddenly killed out was none other than Mu Qilan.

Besides Mu Qilan, there were also some generals from up and down the Gu Dynasty.

Lin Tianhao remained unmoved. With a wave of his hand, the soul body of the old father of the Gulimu family appeared.

"Divine Travel Mirror!!"

Lin Tianhao himself could not use the Divine Travel Mirror, but the old father of the Gulimu family could use the Divine Travel Mirror.

"Kill the Soul Control Worm Mother!"

With an order, the war began!

Sea God Domain!

Silver Eye Domain!

The two major domains were instantly unfolded.

An undead army of 100,000 built from desert ancient corpses appeared.

The sense of oppression was directly maxed out.

[Su Youfei]'s expression changed drastically, and a powerful divine power pressed on her, pressing her body to bend.

"Worm Mother, besides the super-god-level hidden job transfer altar here, you should be my biggest gain this time."

Chapter 415 - Kill the insect queen!

Lin Tianhao smiled wickedly.

[Su Youfei] angrily said, "Snow Emperor, it's not over until it's over."

"You think you've destroyed the Blood Sacrifice Formation, but you'd never dream that there are actually two Blood Sacrifice Formations."

"One is for destroying the array flags of the Super God-level Hidden Class Advancement Altar, and the other is for sacrificing to me."

Su Youfei was very proud, "When the battle breaks out, enough people will die here, which means I can become stronger through blood sacrifice. You can't possibly be my opponent."

As soon as she finished speaking.

Mu Qilan pointed her spear and actually knocked [Su Youfei] flying.

"What are you doing?"

"The worm is still on you, how can you be okay?"

[Su Youfei] looked at Mu Qilan in disbelief. Her Soul Control Worm had clearly controlled Mu Qilan, yet Mu Qilan would attack her.

Mu Qilan had no intention of explaining. She attacked frantically, wanting to kill [Su Youfei].

"It's you!!"

[Su Youfei] pulled away, staring at Lin Tianhao, "You did all this."

Lin Tianhao nodded with a smile, "When Mu Qilan took me to destroy the Blood Sacrifice Formation, I discovered the worm on her."

"So I used a trick, helped Mu Qilan wake up, and asked about your Blood Sacrifice Formation, so now, both Blood Sacrifice Formations have been destroyed."

"Impossible!!"

[Su Youfei] glared at Lin Tianhao, "Even if you have the means to wake Mu Qilan up, my Blood Sacrifice Formations are guarded by my people. You will inevitably alarm my people if you go in."

"You're too confident about that."

Lin Tianhao didn't want to explain. With the existence of the Silver Eyes, those people were just decorations.

"You deserve to die."

As soon as the words fell.

Lin Tianhao fired five arrows simultaneously, maximizing his attack speed.

The Ancient Dynasty Emperor still wanted to attack, but Poseidon appeared behind him.

His hand was placed on the back of the Ancient Dynasty Emperor's neck, and a translucent worm was grabbed down by Poseidon and then crushed!

The Ancient Dynasty Emperor regained his clarity and quickly recovered.

"Worm Mother, I kindly supported you, for the sake of a common cause, yet you enslaved me!"

The Ancient Dynasty Emperor was furious and turned the Heavenly Ancient Guardian Formation to kill [Su Youfei].

At the same time, the carving knife in his hand also cut through the sky, wanting to kill [Su Youfei].

For a time.

Su Youfei fell into a situation where everyone was against her.

Even as the Soul Control Worm Mother, she controlled many experts.

But Lin Tianhao had prepared too well for today's game.

A hundred thousand level 3000 undead army, this lineup, the Ancient Dynasty's experts were just younger brothers, not worth mentioning at all.

And here on the main battlefield.

With the Silver Eye Octopus and Poseidon, the Soul Control Worm Mother had no chance.

Under Lin Tianhao's overwhelming feather arrows and everyone's concentrated fire, she was unable to withstand it.

"Roar—"

[Su Youfei] roared angrily, her body transforming into a huge two-story-high worm.

A powerful mental wave swept in all directions, and many people's bodies began to tremble violently because of this mental wave.

"Come on, come on, since we're going to fight, then let's fight to our heart's content."

In Heavenly Ancient City!

There were soldiers, commoners, civil and military officials...

One by one, they rushed out as if they were crazy, rushing towards the palace.

It's just.

They had just started to go crazy.

Frenzy Blade, Shura Yize, Jinghong Mengshuang, and other guild leaders began to lead their guilds to stop them.

A large number of undead assassin troops joined the battle, constantly forcing these people back.

The Sixth Prince was grateful and bowed deeply, "Your Excellency is benevolent!!"

Lin Tianhao stopped talking nonsense.

He focused all his attention on dealing with the Soul Control Worm Mother.

A light purple jade pendant appeared on top of the Worm Mother's head, and this jade pendant emitted circles of halo.

"Snow Emperor, even if I die today, I will drag you down with me."

As soon as the words fell.

The Worm Mother instantly merged with the jade pendant, and her entire body turned into a stream of light, instantly arriving in front of Lin Tianhao.

"Kunlun Mirror!"

Lin Tianhao had already calculated that the Worm Mother would fight desperately, so he had prepared the Kunlun Mirror when the Worm Mother's aura rose.

The moment the Worm Mother made her move, Lin Tianhao used the Kunlun Mirror to pull away.

The Worm Mother's desperate attack didn't even touch the corner of Lin Tianhao's clothes.

"Ah ah ah!!"

The Worm Mother roared in exasperation, "Snow Emperor, you shrinking turtle!!"

Lin Tianhao didn't teleport too far. Hearing the Worm Mother's exasperated voice, he couldn't help but smile slightly.

He wasn't stupid, there was no reason to directly resist the Worm Mother's attack.

The Worm Mother's desperate counterattack failed, and under the dual god suppression of Poseidon and the Silver Eye Octopus, she was quickly killed.

Even if the Worm Mother used some rather strange methods, they were still not worth mentioning in front of the two gods.

"Ding, you have killed the Soul Control Worm Mother, a national announcement is about to be made, do you want to hide your name?"

"No."

"National announcement, congratulations to player Snow Emperor for successfully killing the Soul Control Worm Mother, hereby announce, hoping that the majority of players will continue to work hard."

...

This announcement had just fallen.

Another system announcement sounded.

"Full-server announcement, it has been detected that life forms from the Alete Star System have invaded Twilight of the Gods. The following national mission is now released: Hunt life forms from the Alete Star System. Successfully hunting life forms from the Alete Star System will reward you with generous rewards. We hope that the majority of players will actively participate."

...

Lin Tianhao raised his eyebrows. The fact that Twilight of the Gods would independently issue such a mission already explained a lot of problems.

There were Alete Star System beings, not just in the Ancient Dynasty Secret Realm.

The vast continent already contained Alete Star System life forms, but he had never noticed it before.

The Ancient Dynasty was related to the Source of Dao God and the Super God-level Hidden Class Advancement Altar. His appearance made these guys from the Alete Star System unable to sit still.

More importantly.

It wasn't the Gurim Family staring at the Ancient Dynasty, but the Alete Star System!!

Destroying the Super God-level Hidden Class Advancement Altar was just their first step.

And probing the information of the Source of Dao God should be the key.

It was just because of the level of the Ancient Dynasty Secret Realm itself, that powerful Alete Star System experts couldn't enter at all.

Therefore, the old father of the Gurim Family who was arranged to come in was only a Seventh Turn and held a divine artifact.

From Lin Tianhao's past experience, this was simply unrealistic.

But in order to layout the Ancient Dynasty Secret Realm, they still did so.

More importantly.

They might not have thought that the Ancient Dynasty Secret Realm would be opened, after all, no adventurer could comprehend the True Meaning of Power as quickly as he did, and cheat with the Kunlun Mirror.

Chapter 416 - Make a fortune in one go!

In other words.

The Creation Jade Disk and the Kunlun Mirror are indispensable.

Without one, it would be difficult for Lin Tianhao to open the ancient dynasty's secret realm.

Therefore.

Could these two divine blessings have a deeper meaning?

Especially the Creation Jade Disk.

Because enlightenment usually happens after the sixth transformation.

The transition from the sixth to the seventh transformation isn't simply reaching the required level to change class.

Besides some conventional class change requirements, there's also a more hardcore requirement.

That is, you need to have your own domain!!

Lin Tianhao is still too early to impact the seventh transformation, yet the Creation Jade Disk has arrived.

What does this mean?

It's terrifying to think about!

If there really is a saint setting this up behind the scenes, with gods participating, then he seems more like a pawn.

Seemingly by chance, he discovered the tomb of the Yellow Emperor, and by chance, he opened the secret realm of the ancient dynasty.

But Lin Tianhao always felt that there seemed to be an invisible hand controlling everything in the dark.

But this is no longer important, he is not a simple pawn.

Today he is not strong enough, perhaps he is a pawn, but one day, he will become the one who holds the pieces.

After the Soul Control Insect Queen was killed, those controlled by the Soul Control Insects became even more frantic.

Without the power boost from the Insect Queen, these Soul Control Insects could no longer hide, and with everyone able to see them, solving these bugs was not a difficult task.

Inside the palace.

Lin Tianhao stepped forward to the Soul Control Insect Queen and began to loot the corpse.

"Ding, you have obtained Seventh Grade Soul Jade + 1."

"Ding, you have obtained Heavenly Soul Umbrella + 1."

"Ding, you have obtained skill book Soul Jade Hand + 1."

"Ding, you have obtained free attribute points + 500."

"Ding, you have obtained... .."

... ..

Lin Tianhao could be said to have gained a lot this time, unlike killing the old father of the Gu Limu family.

This time, the things obtained from killing the Soul Control Insect Queen had quite a few that he could use.

Seventh Grade Soul Jade: Diamond material.

Usage requirements: None.

Effect: After refining and absorbing, it can greatly increase soul power, and it can also be used to refine Seventh Grade Soul Jade Pills, which can maximize its medicinal effect.

Durability: 100.

Soul power is not reflected in the attributes, but it is a real existence.

Emphasis on soul power is during the sixth to seventh transformation.

Because people with stronger soul power will comprehend the Dao faster.

This improvement is very obvious.

Heavenly Soul Umbrella: Pseudo-divine artifact.

Equip requirement: Soul-based classes above level 2000.

Effect 1: Can conceal soul aura, undetectable by means below the divine level.

Effect 2: Soul-based skill effect + 300%.

Effect 3: Health + 100 million.

Effect 4: Mana + 20 million.

Effect 5: All-system damage reduction 50% below God.

Effect 6: Any attack comes with an additional 2 million magic damage.

Effect 7: After taking damage, the Heavenly Soul Umbrella can automatically protect the user.

Effect 8: If your attack speed is lower than sixty, it will automatically be supplemented to sixty, if it exceeds sixty and is lower than one hundred, increase five attack speed, if it exceeds one hundred and is lower than one thousand, increase one attack speed.

Durability: Indestructible.

Lin Tianhao can only look at it, although it is not like a divine artifact that limits wearing.

But Lin Tianhao also has no chance with soul-based classes.

It is estimated that this Heavenly Soul Umbrella is the main reason why Lin Tianhao's Fiery Eyes couldn't see through the Soul Control Insect.

As for the Silver-Eyed Octopus and the Sea God Poseidon.

Although they are gods, the power they can use is below the divine level.

Including this time dealing with the Soul Control Insect Queen, they also deliberately suppressed their power.

Otherwise, why would they need to take action together, any one of them could beat the Soul Control Insect Queen.

Soul Jade Hand: 1 star.

Learning requirements: Soul-based classes.

Effect 1: Your hands can touch the soul and deal 2% of normal damage to the soul.

Effect 2: Your hands can touch the soul and heal the soul, the healing value is 1% of the caster's soul strength.

Cooldown: None.

Consumption: None.

Proficiency: 0 / 1000.

(Note: Healing methods can only be released on the same soul once a month.)

Again, it requires a soul-based class, Lin Tianhao can't learn it, and can only be used as a reserve.

See if there are any suitable professionals around in the future, these things can be given to them.

As for the Seventh Grade Soul Jade, it is also of great help to Lin Tianhao.

This is considered a very high-level one in the Soul Jade.

See if you can find a high-level alchemist to refine it into a Seventh Grade Soul Jade Pill, so that you can maximize the effect of the Seventh Grade Soul Jade.

"Emperor, Sixth Prince, isn't it time for you to fulfill the rewards?"

Lin Tianhao's eyes swept over them.

The Ancient Dynasty Emperor and the Sixth Prince both nodded and immediately took out the rewards.

After killing the Soul Control Insect Queen, Lin Tianhao can be considered to have completely completed the task of purging the Ancient Dynasty's Alete Star System.

According to the task reward, Lin Tianhao obtained a pre-task scroll for the Blessing of the Gods, an equipment evolution scroll, and a flower of talent evolution.

There is also the carving knife that Lin Tianhao has been thinking about and a thousand free attribute points.

As for the Sixth Prince's reward, it is also very generous.

A pre-task scroll for the Blessing of the Gods, a fairy picture full of stacks, and two red maple golden leaves.

Because Puto Tianlong has already helped Lin Tianhao complete the task of becoming a Buddhist son of Deyuan Temple.

These.

But it's not all the rewards.

There is also the task of killing the Soul Control Insect Queen issued by the Mantu Emperor, Lin Tianhao's harvest this time can be said to be very huge.

In order to avoid a long night and many dreams.

Lin Tianhao took a step and came to the Mantu Dynasty, the palace!

In this palace.

Lin Tianhao did not see the Mantu Emperor.

Here is a woman in a purple dress.

Her body proportions are almost perfect, her waist is slender, but the places where there should be flesh are of considerable size.

Her face is exquisite and her temperament is aloof.

Placed in this Twilight of the Gods, it can also be regarded as a rare beauty.

"You are the Snow Emperor."

The woman in purple looked at Lin Tianhao with a smile.

"Who are you?"

Lin Tianhao asked in a deep voice.

The Mantu Emperor is not here, which made Lin Tianhao slightly uneasy.

Only this last kick is left, he doesn't want any more problems.

The woman in purple raised her hand, and a stone appeared in Lin Tianhao's hand.

"In this way, you tell me how you stripped the skills from the gods, and I will tell you who I am?"

"I have no reason to tell you."

Lin Tianhao said coldly.

It is estimated that his means of enslaving the undead made the other party suspect him.

While speaking.

Lin Tianhao let the Silver Eyes spread their spiritual consciousness to find the Mantu Emperor.

"What a pure spiritual consciousness, you really have a great secret on you."

A flash of cold light flashed in the eyes of the woman in purple, "You don't need to try, I can help you change jobs, but, you need to promise me three conditions."

"I have no reason to believe you."

Lin Tianhao replied coldly.

"Whatever, don't you want to know who I am? I won't hide it, you can see for yourself... .."

Lin Tianhao raised his eyes to look, and couldn't help but shrink his pupils suddenly.

Because the name above the woman in purple's head is... .. God Beating Stone?!

Chapter 417 - The divine stone and the demon-slaying sword!

"Zhuge Longting agreed to give me to you as a reward."

The woman in purple slowly approached, "From now on, I am yours, Young Master. You can do whatever you want to me, and I cannot resist."

The purple-clothed woman's breath was like orchids, full of charm.

She paused here.

Then, changing the subject, she continued, "But if you want me to do something, I cannot agree."

Lin Tianhao fanned the air in front of his nose. "Can you stay away from me? Has no one told you that you have a terrible smell?"

Hearing this.

The purple-clothed woman's expression darkened slightly, but she immediately smiled and said, "Young Master is truly joking. How could a stone like me have such a pungent smell?"

"Still pretending? Yellow weasel."

The moment Lin Tianhao said the words "yellow weasel," the purple-clothed woman's expression changed drastically.

"You have some ability to actually see through me."

Lin Tianhao shook his head. "I didn't actually see through you. Your smell is truly awful. I smelled your urine stench from a mile away."

"You!!"

The purple-clothed woman's anger rose from her heart. "You dare provoke me? I see you don't want the Godsmite Stone."

"I just killed a worm mother. It seems I'll have to kill a big weasel now."

Lin Tianhao took out the Godsmite Whip. Since these guys like to cause trouble, he would just beat his way through.

"Did you come because of the two big weasels I killed before? If you want revenge, you've come to the wrong place."

The purple-clothed woman's eyes were icy cold. "Our Huang family always repays even the smallest grievance. You may be strong, but without the Godsmite Stone, you still won't be able to complete your class advancement."

A cold light flashed in Lin Tianhao's eyes. "You know about it? If it were at the beginning, I might have patiently communicated with you."

"But if you have this attitude, then I can only say, I'll wipe out your weasel den today."

As soon as he finished speaking.

The undead army instantly appeared.

The pressure brought by a legion of three-thousand-level undead was unimaginable.

Lin Tianhao had used this undead army in the Ancient Dynasty Palace before, but the news hadn't spread this quickly.

When the purple-clothed woman saw this massive undead army, she was completely stunned.

"Pass down my order, enter the Ten Thousand Mountains, and kill any yellow weasels you encounter!!"

Lin Tianhao gave an order, and the undead army knelt on one knee, shouting in unison, "Understood!"

The undead army rose and headed towards the Ten Thousand Mountains.

"Wait!!"

The purple-clothed woman panicked.

She had no choice but to panic.

What she had learned before was that Snow Emperor was strong, but his strength was only his own.

As long as she managed things well, Snow Emperor alone wouldn't be able to turn the Ten Thousand Mountains upside down.

But now she realized she was wrong.

This three-thousand-level undead army could completely wreak havoc in the Ten Thousand Mountains.

"So, where is the Manchu Emperor?" Lin Tianhao asked coldly.

Ripples appeared in the space, and a figure walked out of the ripples.

"Zi Xun, now do you believe that Snow Emperor is not so easy to deal with?"

After the Manchu Emperor finished speaking to Huang Zi Xun, he directly took out the reward.

Two hundred free attribute points were insignificant, the most important thing was the Godsmite Stone.

Godsmite Stone: God-given.

Equip requirement: None.

Effect 1: Deals true damage to gods and is guaranteed to be a critical hit.

Effect 2: Has a 1% chance to stun gods.

Effect 3: Armor penetration + 100%.

Effect 4: Armor reduction + 100%.

Durability: Indestructible.

The effects of this Godsmite Stone are similar to the Godsmite Whip.

The only difference is that it has a stun effect.

Godsmite Stone in the left hand, Godsmite Whip in the right, even gods will tremble!

With the Godsmite Stone in hand.

Next is the last item.

The Black Mountain Seal in the hands of the Lord of Black Mountain.

Lin Tianhao stepped out, passed through the Kunlun Mirror, and arrived before Black Mountain.

Before Black Mountain.

A five- or six-year-old girl saw Lin Tianhao's arrival, raised her slender arm, and blocked Lin Tianhao's path.

"Who comes here? State your name."

"Snow Emperor."

The little girl immediately stepped aside respectfully upon hearing this.

"Welcome, Snow Emperor."

Lin Tianhao stepped into Black Mountain and saw the Lord of Black Mountain eating.

"Looking at you, your appetite isn't as good as before," Lin Tianhao asked.

The Lord of Black Mountain raised his head and sighed, "Such a large Black Mountain, yet there is no one I can trust. How sad."

"So you changed the doorman to a little girl? That's child labor in our world, it's illegal."

The Lord of Black Mountain drooped his face. "Alright, Snow Emperor, don't mock me anymore."

"I know the purpose of your trip, but rules won't allow me to give you the Black Mountain Seal for free."

Lin Tianhao naturally understood that the Ancient Dynasty Emperor gave the Engraving Knife not only as a task, but also because Lin Tianhao had saved the entire Ancient Dynasty.

"Speak, what do you want me to help you do?" Lin Tianhao asked.

The Lord of Black Mountain smiled slightly. "I've been thinking about this question since I heard that the Worm Mother died."

"I thought about having you help me become the Manchu Emperor, thought about having you take me away from this sad place, but I ultimately rejected them all."

Lin Tianhao urged, "Stop talking nonsense and just say it."

"Don't be anxious. I want you to come with me to the Ancient Lotus Tower where that great being once resided."

"Ding, the Lord of Black Mountain has issued you a mission: Escort him to the Ancient Lotus Tower."

"Mission Requirements: You accompany him and safely deliver him to the Ancient Lotus Tower, within a time limit of three months."

"Mission Penalty: None."

"Mission Reward: Free Attribute Points + 200, Black Mountain Seal + 1."

"Ding, accept?"

"Accept."

Lin Tianhao himself was investigating the deeds of the God of the Source of Dao. This mission could be said to kill two birds with one stone, and he had no reason to refuse.

"Do you know where the Ancient Lotus Tower is?" Lin Tianhao asked.

The Lord of Black Mountain shook his head. "I know the general direction, but not the specific location."

"Alright."

Lin Tianhao nodded. "You prepare first, I need to prepare as well."

Saying that.

Lin Tianhao rubbed his hands. "New Divine Blessing, come on."

"Ding, you have used the Blessing of the Gods, the Gods are bestowing blessings upon you..."

"Ding, you have received the blessing of Celestial Master Zhong Kui..."

"Ding, you have obtained the Demon Slayer Sword."

Lin Tianhao was slightly dissatisfied.

After all, he already had the Godsmite Whip, and having another Demon Slayer Sword for close combat seemed somewhat redundant.

Demon Slayer Sword: Special.

Lin Tianhao: ???

Outrageous.

It had been a long time since Lin Tianhao had received something of Special grade from the Divine Blessing.

Not to mention Saint-given, most of them were God-given, okay?

Demon Slayer Sword: Special.

Equip Requirement: Melee class.

Effect 1: Deals 200% additional damage to demons and evil beings.

Effect 2: Grants 50% immunity to damage from demons and evil beings.

Effect 3: Actively activating it will point to the location of nearby demons and evil beings (prioritizes powerful demons and evil beings).

Durability: Indestructible.

Chapter 418 - The frightened Lord of Black Mountain!

This first blessing from the gods left Lin Tianhao slightly dissatisfied.

He took a deep breath and calmed himself before using the second blessing from the gods.

“Ding, you have used a blessing from the gods. The gods are bestowing a blessing upon you...”

“Ding, you have received the blessing of Pagoda-Bearing Heavenly King Li...”

“Ding, you have obtained the Seven Treasure Exquisite Pagoda.”

The name was a bit long, so Lin Tianhao checked the attributes of this pagoda immediately.

Seven Treasure Exquisite Pagoda: God-given.

Equip Requirement: Snow Emperor only.

Effect 1: The pagoda has seven levels, each a secret realm, corresponding to the seven attributes of metal, wood, water, fire, earth, wind, and ice. It can take enemies inside and suppress them using the secret realm that counters their attributes.

Effect 2: The pagoda can release attacks of the seven attributes of metal, wood, water, fire, earth, wind, and ice. (The power of the released attack varies depending on the mana consumed. Injecting 10 billion mana into a wind blade can unleash god-slaying power.)

Durability: Indestructible.

(Note: Only the Snow Emperor can use it. It cannot be stolen or dropped.)

Lin Tianhao frowned slightly. The good news was that it was god-given.

The probability of success for another evolution was already extremely low.

He had collected eight Talent Evolution Flowers, only two more away from being able to evolve his talent.

Besides this.

Lin Tianhao also had two Red Maple Golden Leaves.

Judging from the rewards he had obtained from opening treasure chests before, the good things inside this golden treasure chest were definitely not simple.

“Ding, you have opened a golden treasure chest...”

“Ding, you have obtained Equipment Evolution Scroll + 5.”

Lin Tianhao: ? ? ?

Was this trying to make him go further and further down the road of gambling?

His luck attribute was still a bit lacking. Lin Tianhao was considering whether to gamble these five equipment evolution scrolls directly on the Purification Jade Pendant.

Or perhaps.

Find a way to get some more lucky coins, preferably a few hundred.

Lin Tianhao opened the second golden treasure chest.

“Ding, you have opened a golden treasure chest...”

“Ding, you have obtained Talent Evolution Flower + 1.”

Another thing that Lin Tianhao could use.

Adding this one, Lin Tianhao only needed one more to evolve his super-god-level talent once.

The items obtained from the two golden treasure chests were both good.

But Lin Tianhao was still a little disappointed.

He had originally wanted to get something a bit more special.

But he didn't.

After Lin Tianhao had checked his rewards, the Black Mountain Master had not yet returned.

He didn't know what he had gone to deal with.

Just at this moment.

A message came from Potala Heavenly Dragon.

“Snow Emperor, outside the Red Maple Ancient Ruins, are you coming? I'm about to meet with the Drought Demon.”

Lin Tianhao thought about it and felt that it was necessary for him to go.

The Drought Demon was related to the Yellow Emperor. This trip might yield some information related to the Ancient Lotus Tower or the Source of the Dao God.

“Little girl, tell your master that I'm going out for a while and will be back later.”

As he said this, Lin Tianhao was about to leave.

The Black Mountain Master happened to come in at this time, “If you don't mind, can you take me with you? I'm actually quite curious to know what you adventurers usually do.”

“Are you sure?” Lin Tianhao asked.

The Black Mountain Master replied very certainly, “Sure, don't worry, I won't hinder you from doing things. Just treat me like a passerby.”

“Alright.”

Lin Tianhao took the Black Mountain Master and stepped out, arriving outside the Red Maple Ancient Ruins.

He only searched slightly before finding Potala Heavenly Dragon.

At this time, Potala Heavenly Dragon had already set up tables and chairs and was brewing tea around a stove.

“Not bad.”

Lin Tianhao sat down, grabbed an orange, and started peeling it.

“What's the situation? How many people have come from the holy land behind you? Are we going to fight in a bit?”

Potala Heavenly Dragon coughed twice, “Does Snow Emperor also like to joke so much at heart?”

“Not really, it's mainly because a task I've been doing recently is finally about to be completed, so I'm in a good mood.”

Potala Heavenly Dragon nodded, his gaze falling on the Black Mountain Master.

“Black Mountain Master, how have you been?”

Potala Heavenly Dragon actually knew the Black Mountain Master, so they probably had some interaction.

The Black Mountain Master didn't care too much, “Bald donkey, don't mind me, I'm just a passerby now.”

Potala Heavenly Dragon shook his head with a wry smile, “Since you've come, it wouldn't hurt to sit down and have a cup of tea.”

“You're quite sensible.”

The Black Mountain Master sat down opposite Lin Tianhao in a tsundere manner and also picked up an orange to peel.

Moreover, the Black Mountain Master's foodie nature was quickly revealed. He quickly ate almost all of the not-so-much stuff.

“Black Mountain Master, the main character hasn't come yet, and you've already eaten almost everything. How am I going to entertain the main character later?”

The Black Mountain Master waved his hand dismissively, “It doesn't matter. Looking at the entire Ancient Dynasty Secret Realm, the only person I can't afford to offend is sitting opposite me.”

“I really don't care about anyone else.”

Potala Heavenly Dragon shook his head helplessly.

The Black Mountain Master also grabbed the remaining few longans.

“If the main character questions you later, just tell him that the Black Mountain Master ate everything. Let's see what he can do!”

Lin Tianhao really wanted to laugh. He wondered what the Black Mountain Master's expression would be when he saw the Drought Demon.

Anyway, he didn't know whether the Drought Demon had become a god, but she casually had Ninth Revolutions.

It was as easy as pinching a chick to control the Black Mountain Master.

Before long.

A woman wearing a fiery red robe walked over.

The Black Mountain Master seemed to sense something and suddenly turned his head to look.

The moment he saw this red-robed woman, his hair stood on end instantly.

He only felt icy cold all over, as if this red-robed woman was an ancient fierce spirit, capable of crushing him to death at will.

“Bald donkey, is this the lord you wanted to meet?”

Potala Heavenly Dragon nodded lightly, then stood up and gave a respectful salute to the red-robed woman.

“Junior Potala Heavenly Dragon, greetings, Senior. Please sit down, Senior.”

The red-robed woman glanced at Lin Tianhao, “You invited him to be a peacemaker?”

Lin Tianhao smiled and said, “I’m just joining in the fun.”

“What about you?”

The red-robed woman’s gaze fell on the Black Mountain Master.

The Black Mountain Master immediately became restless, “I... I... I’m also joining in the fun.”

“One person joining in the fun is enough.”

The Black Mountain Master reacted very quickly, “Okay, then I’ll leave.”

As soon as he said that.

He ran away without a trace.

The Black Mountain Master stopped and breathed heavily only after running deep into the Red Maple Ancient Ruins.

At this time, his back was already soaked, not from exhaustion, but completely from fright.

The Black Mountain Master could even hear his own violent heartbeat.

“Thump... thump... thump...”

“Mommy, what kind of moths is this bald donkey stirring up? How could he meet with such a terrifying existence!!”

Chapter 419 - New secret mission!

Outside the Red Maple Ancient Ruins.

P陀 Heavenly Dragon proactively poured tea for the woman in red robes.

He also took out some food from his backpack again.

“Senior, please help yourself.”

The woman in red robes picked up an orange, peeled it, and asked, “Your elders only sent you here, it seems the镇Dragon Precious Temple really has no one left.”

P陀 Heavenly Dragon smiled awkwardly, “Junior is not talented, but possesses god-level talent and a god-level hidden profession. Furthermore, I am the current world walker of the镇Dragon Precious Temple, so I think I am qualified to represent the镇Dragon Precious Temple and say a few words to you, Senior.”

“Double god-level is very impressive?”

The woman in red robes smiled disdainfully, “Only in this era of divine fall can you be considered so-so. If you were in the past, you would at most be considered a slightly larger cannon fodder.”

P陀 Heavenly Dragon did not argue, and went straight to the point.

“Senior, I, a junior, don’t know much about the grievances of the past. The ones who participated in sealing you back then have already left the Vast Continent, you...”

“Leaving the Vast Continent can be used as a reason? Or are you saying that your鎮Dragon Precious Temple doesn’t want to take responsibility for what your predecessors did?”

Although the woman in red robes spoke calmly, the pressure emanating from her aura still made P陀 Heavenly Dragon feel somewhat unnatural.

“Amitabha, Senior, you misunderstand. I just think that our鎮Dragon Precious Temple believes in one person doing something and taking responsibility for it. Those who participated in sealing you have gone to other places. You can also go and find trouble with them.”

The woman in red robes laughed, a laugh that sent chills down one's spine.

“Are you trying to shirk responsibility? If that’s what you want to say, then there’s nothing to talk about.”

P陀 Heavenly Dragon shook his head, “I don’t mean to shirk responsibility. Now that we’re sitting down, Senior, please tell us your needs first.”

“Since you’ve said so, then let’s be frank. I have three conditions. If you can do them, I will let bygones be bygones.”

“If you can’t, then your鎮Dragon Precious Temple can forget about emerging into the world.”

Lin Tianhao pointed at himself. He was caught in the crossfire.

“Don’t worry, I won’t make things difficult for you.”

The woman in red robes took out a bag of leaves, mostly Red Maple Black Iron Leaves, but there were also Bronze, Silver, and Gold ones.

The total number was no less than one hundred.

This was a bit extravagant.

“Hahaha, why are you being so polite.”

Lin Tianhao reached out to pick up the bag.

P陀 Heavenly Dragon immediately raised his hand to stop Lin Tianhao.

“Snow Emperor, our鎮Dragon Precious Temple’s sincerity is also very strong.”

Lin Tianhao’s gaze swept over the two of them, “Why don’t you tell me your conditions first? Maybe P陀 Heavenly Dragon can agree to them.”

P陀 Heavenly Dragon also made a gesture of invitation, “Senior, please speak, Junior is all ears.”

“First, I need the Earth Core Divine Flame of the鎮Dragon Precious Temple. I don’t need much, just a wisp will do.”

“Second, I need three drops of the鎮Dragon Heart Blood.”

“Third, take me to find the Ancient Lotus Tower.”

Again, the Ancient Lotus Tower!

The Lord of Black Mountain wanted to go, and this Drought Demon also wanted to go.

“The first one is no problem, the third one I can try my best to do, but I can’t guarantee finding it. As for the second one, one drop is fine, but three drops, I really can’t produce.”

The woman in red robes ate the last segment of the orange and scolded, “Do you think I’m negotiating with you?”

“You either agree to this matter or you don’t. There are only two options.”

P陀 Heavenly Dragon looked at Lin Tianhao, but the woman in red robes preemptively said:

“Looking at him is useless. If I were to reveal the dirty things your鎮Dragon Precious Temple did back then to the Snow Emperor, I estimate he would turn your鎮Dragon Precious Temple into a dungeon to farm.”

Lin Tianhao coughed twice and said with a smile, “Don’t say that about me, I’m a very kind person.”

“Oh.”

“Do you believe that yourself when you say that?”

The woman in red robes rolled her eyes and looked at P陀 Heavenly Dragon.

“Now, you should tell me your answer.”

P陀 Heavenly Dragon pondered for a while, and finally nodded:

“Okay, what happened back then was indeed the fault of our鎮Dragon Precious Temple. I agree to all the requirements.”

“You’re quite sensible.”

Lin Tianhao's gaze swept over the two of them, and finally landed on the woman in red robes.

"Senior, how much do you know about the Ancient Lotus Tower?"

"The Ancient Lotus Tower, the place where that great existence once resided. My father was able to become famous throughout the ages thanks to that senior as well."

Lin Tianhao quickly asked, "What did he do for your father?"

As long as the woman in red robes said it, then his secret realm mission would be completed.

The woman in red robes stared at Lin Tianhao with interest, "You seem very concerned about the affairs of that existence."

"What? Is there a mission related to that existence?"

Lin Tianhao chuckled, "Yes, I also accepted a mission to go to the Ancient Lotus Tower, so I wanted to ask about the affairs of that existence."

The woman in red robes stared at Lin Tianhao for a while, "Are you trying to trick me? It's not impossible to get clues from me, but it depends on what benefits you can give me."

Lin Tianhao was stunned. She was asking for benefits right away, making it seem like he was an NPC.

"No problem, I'll appoint you as an elder of our Mortal Hall. You have to know that I'm the only Eastern Sacred Ground that has revived, and with my leadership as a gifted person, joining will be a sure profit."

"Okay, deal."

The woman in red robes agreed very readily, which stunned Lin Tianhao.

He was just joking, after all, there was no reason for a Drought Demon to join the Mortal Hall.

A sense of digging a pit for himself welled up in Lin Tianhao's heart.

However, Lin Tianhao had no reason to take back the words he had already spoken.

“Okay, tell me.”

“Back then, my father was just the leader of a small tribe. He was able to rise quickly thanks to some of the skills that great existence taught him.”

“Later, my father did some sorting and created a classic. Originally, the classic was intended to be named after that great existence, but it was rejected.”

♂ Heavenly Dragon asked from the side, “Are you talking about the Yellow Emperor's Inner Canon?”

“That's right.”

The woman in red robes nodded.

Lin Tianhao was a little dumbfounded. The famous Yellow Emperor's Inner Canon actually came about like this.

After the woman in red robes said this, Lin Tianhao heard the system notification sound.

This proved that the woman in red robes was not lying.

“Ding, you have completed the first stage of the Ancient Dynasty Secret Realm mission. Mission reward: Blessing of Gods and Demons, Comprehension Points +3.”

“Ding, you have unlocked a new mission: Dialogue Across Three God System Eras!”

“Mission requirements: Find the original or descendants of Eastern Gods, Western Gods, and Cthulhu Gods respectively, and take them to the Ancient Lotus Tower. As a person of the Fourth Creation God Era, have a cross-temporal dialogue with the God of the Source of Dao, limited to one year.”

“Mission penalty: Unknown.”

“Mission reward: Blessing of the God of the Source of Dao +1.”

Chapter 420 - Blessing of the hour, time stops!

Lin Tianhao couldn't help but be stunned when he saw this quest.

Because this quest revealed a very important piece of information.

That was the Fourth God-Making Era!!

Lin Tianhao had also learned about the three major god systems of the East, the West, and Cthulhu in his previous life.

Eastern gods could be traced back to Pangu's creation of the world, which was the era of the three thousand demon gods.

However, with the demise of the Shang Dynasty, the Eastern god system began to disappear.

As for Western gods, such as Greek mythology, if calculated according to historical trends, it would be around the Warring States period in the Dragon Country's background.

In other words,

when Greek mythology flourished, the East was already "godless"!

At least,

during the Warring States period, it was the world of civil and military officials, not dominated by gods.

And the Cthulhu mythos after Greek mythology can already be regarded as near-modern mythology.

Cthulhu gods have bizarre and indescribable methods, which are very unique.

The quest mentioned the Fourth God-Making Era, so does that mean... what he is experiencing now is the Fourth God-Making Era?

His mind was filled with thoughts.

Lin Tianhao was momentarily unable to calm his restless heart.

In his previous life, it was revealed that the Galaxy Main God created the Twilight of the Gods, although he didn't know if it was true or false.

But as it stands now,

this Galaxy Main God is likely the Source God of Dao.

It is estimated that only the Source God of Dao could create such an unbelievable Twilight of the Gods.

Bringing his thoughts back.

Lin Tianhao began to count the rewards he had obtained this time.

The blessing of gods and demons was the first time Lin Tianhao had received it.

Judging from the name, it was likely a blessing from the three thousand demon gods.

However,

what kind of blessing he would ultimately receive probably depended on luck.

“Ding, you have used the blessing of gods and demons, and the gods and demons are bestowing blessings upon you...”

“Ding, you have obtained the blessing of the Time Demon God, Shichen...”

“Ding, you have obtained Time Stop!”

Lin Tianhao gasped, Time Stop, that's a bit terrifying.

Time Stop: Cannot be upgraded.

Learning requirement: Limited to Snow Emperor.

Cooldown: 24 hours.

Proficiency: Cannot be upgraded.

“Ding, learn?”

“Learn!”

Lin Tianhao took a deep breath. He had no reason not to learn this Time Stop.

Don't underestimate this one second of time stop.

If used well, this one second can save your life or kill your opponent.

It's just that powerful skills come with huge costs.

The Immortal Slaughtering Sword Formation, the Seven Treasures Exquisite Pagoda, and this Time Stop.

They all seem to be telling Lin Tianhao.

He needs to stack mana.

If Lin Tianhao's current free attribute points were stacked on mana, his mana could increase by one million points.

For the time being, Lin Tianhao doesn't plan to do that.

“You got another blessing.”

Potala Heavenly Dragon looked at Lin Tianhao with some envy.

Lin Tianhao smiled slightly, "It's okay, but aren't you all going to the Ancient Lotus Tower? Let's go together then.”

Lin Tianhao has Poseidon, the Sea God, and the Silver-Eyed Octopus. He already has gods from the Western and Cthulhu systems.

He is only missing an Eastern god, or a descendant of an Eastern god.

Lin Tianhao is not sure if Drought Demon is a god, but he is definitely a descendant of an Eastern god.

This is beyond doubt.

Therefore,

their being together can just help Lin Tianhao complete the secret realm quest.

This trip can be said to kill two birds with one stone!

Complete the quest of the Lord of Black Mountain and also complete his own secret realm quest.

The blessing of the Source God of Dao!

What would that be like?

“Okay, in that case, let's set off.” The red-robed woman said.

The Lord of Black Mountain trotted over obsequiously.

“Hello, senior, these are fruits produced near our Black Mountain, they are very sweet.”

The Lord of Black Mountain was extremely fawning when facing the red-robed woman.

The red-robed woman coldly glanced at the Lord of Black Mountain.

“What are you doing going to the Ancient Lotus Tower?”

The Lord of Black Mountain chuckled, "Just curious."

“Aren't you afraid of being killed by your own curiosity? The place where that great being resides is not a place anyone can go to.”

As soon as the red-robed woman said this, Lin Tianhao knew that she probably didn't want to bring the Lord of Black Mountain.

“Senior, that thing in the Lord of Black Mountain's hands is really important to me, so taking him along shouldn't be a problem.”

“You don't have to call me senior.”

The red-robed woman was still indifferent, "I have now joined the Mortal Palace and become an elder of your Mortal Palace. You can call me Elder Wuxin.”

“Wu... Wuxin?” Lin Tianhao smiled awkwardly.

Is that the name of the Yellow Emperor's daughter?

Obviously not.

But Lin Tianhao was too lazy to care about these things.

“Then Elder Wuxin, what do you think of my suggestion?” Lin Tianhao asked.

Elder Wuxin nodded, "I don't care, but since it's important, my suggestion is to let him give me the thing. In case he dies halfway, the rules won't redistribute it."

Lin Tianhao naturally understood what Elder Wuxin meant.

Some special items cannot be dropped by killing.

It's similar to the prerequisite quest scroll for the Blessing of the Gods.

If Lin Tianhao directly kills the NPC, it will not drop.

Instead, it will refresh on other people in the area.

As for what will happen after killing all the people in this area, Lin Tianhao doesn't know, because no one did that in his previous life.

"I don't think this suggestion is good."

The Lord of Black Mountain shook his head, "Senior, although you are a senior, this approach is inappropriate."

Elder Wuxin waved her hand, "Do you think I would care about the thing in your hand? I'm just considering it for our Holy Lord."

"Don't you think so? Holy Lord."

What Elder Wuxin said really hit Lin Tianhao's heart.

He is very strong.

If it were a normal quest, he wouldn't care.

But going to the Ancient Lotus Tower is related to that great being, which made Lin Tianhao a little worried.

"I think that makes sense." Lin Tianhao nodded.

The Lord of Black Mountain pondered for a moment, "Okay, but not now. If I'm really going to die, I'll give the thing to senior."

"Alright."

Elder Wuxin didn't waste any words and stood up directly.

"Let's go, I'll take you there."

"Also, I need to remind you that we cannot go alone. We must go with you adventurers. And once we step on the road leading to the Ancient Lotus Tower, our abilities will be greatly restricted, and even you will be restricted."

Lin Tianhao nodded solemnly, "Let's go, let's talk as we walk."

Elder Wuxin followed Lin Tianhao, and she slowly said.

"I don't know much either. I only know that we belong to the past era of gods. To enter that road, you need to have people from the current God-Making Era in your team."

"And you adventurers are people from the current God-Making Era."
