

## **O game 431**

### Chapter 431 - Human shadow puppet!

This time, Lin Tianhao truly understood what powerlessness meant.

Most of his skills were of the self-preservation type.

Previously, he relied on attack speed, movement speed, and terrifying damage to suppress opponents head-on.

But now, he truly felt somewhat inadequate.

Lin Tianhao fought fiercely for an hour, ultimately relying on the Immortal Slaughtering Sword Formation to win.

There was no other way.

There was simply no way to break through the defenses.

His feather arrows couldn't even reach the opponent.

He used the Immortal Slaughtering Sword Formation to earn some free attribute points.

Moreover.

This battle also made Lin Tianhao realize that no matter how strong he was, he was still just one person.

If he was suppressed by frontal firepower, he could still find a breakthrough with his dual classes.

But what if there was no breakthrough point on the other side?

This battle made Lin Tianhao realize the importance of teamwork.

"This mode of yours is not right. Coming here, there's no way to hone combat skills."

Lin Tianhao looked towards the outside of the Berserker Tower.

Hearing Lin Tianhao's voice, Wen Chou-niu suddenly appeared beside Lin Tianhao.

It was fast to the point of being outrageous.

Lin Tianhao was certain that if Wen Chou-niu wanted to kill him, it would be very easy.

What exactly was the level of this SSS rating?

"You want to go for solo battles? You'll be at a disadvantage, you know? Because killing one person is still only one hundred free attribute points."

Lin Tianhao didn't care, "What I want is to hone my combat skills."

"If you want to hone your combat skills, you can enter the Puppet Tower. There are some combat puppets left behind by War God Su Yao."

"The combat skills of those combat puppets are extremely terrifying. Fighting them is the best way to hone your combat skills."

At this point.

Wen Chou-niu changed the topic and continued, "More importantly, the puppets in the Puppet Tower can have their attack speed, movement speed, attack power, and other attributes adjusted according to your needs."

"So advanced?" Lin Tianhao was somewhat dumbfounded.

"That's natural. After all, War God Su Yao once took the time to condense a Mechanical Godhead."

"Took the time?"

"Mechanical Godhead?"

Lin Tianhao just wanted to say, couldn't you not be so 'Versailles' when you speak?

The birth of the God of Mechanics is very difficult.

"However, entering the Puppet Tower requires paying one hundred free attribute points per day."

Lin Tianhao: ???

So this thing wasn't free after all.

"You need to know that those mechanical puppets have all been implanted with Su Yao's combat memories. Those things are only available here."

"If you were in other places, you wouldn't have this kind of treatment even if you had free attribute points."

He could rent the Puppet Tower for a long-term stay.

"Okay, you can experience it first."

After saying that.

Wen Chou-niu led Lin Tianhao to another pagoda that was nine stories high.

Walking into the Mechanical Tower.

Lin Tianhao saw a humanoid mechanical puppet.

Next to this humanoid mechanical puppet was a panel containing ten basic attributes such as attack, defense, attack speed, and movement speed.

He could adjust these attributes on the panel. Lin Tianhao pondered slightly and adjusted the attack speed and movement speed to one hundred on this panel.

The attack power shouldn't be too high, but it couldn't be without lethality either. Lin Tianhao adjusted the attack power to one million.

While Lin Tianhao was adjusting the panel, he noticed that his free attribute points had dropped imperceptibly by one thousand.

The reason it was imperceptible was because his free attribute points had already exceeded two hundred thousand.

One thousand free attribute points was only one-fifth of a percent, insignificant.

After adjusting the panel, Lin Tianhao chose to start the battle.

The battle had just begun when the humanoid puppet arrived in front of him in the blink of an eye.

"Clang—"

Lin Tianhao successfully blocked the first attack, but before he could relax, the wooden sword in his hand had already changed its move, pointing at Lin Tianhao's arm.

Then came the second time, the third time...

The humanoid puppet's changing moves stunned Lin Tianhao.

He had to admit that this guy's changing moves were comparable to Wen Su Yao's.

This battle was a complete defeat!

Lin Tianhao didn't even attack the humanoid puppet once, and he was already beaten to near death.

This was somewhat outrageous, there was no chance at all.

...

Over the next ten days, Lin Tianhao fought the humanoid puppet here.

This kind of actual combat had a very obvious effect on improving Lin Tianhao's combat power.

In just ten days, Lin Tianhao went from being completely defeated at the beginning to fighting back and forth now.

All kinds of close combat details made Lin Tianhao feel extremely satisfied.

Originally, many combat skills were somewhat superficial to Lin Tianhao when he fought Wen Su Yao before.

But after fighting the humanoid puppet, many of Lin Tianhao's combat skills were put into practice.

Lin Tianhao became more proficient in using various combat skills and changing moves.

Lin Tianhao himself had experienced a lot of battles in his previous life, and his combat experience was not low.

Therefore.

Lin Tianhao was able to quickly learn the essence of these combat skills.

Moreover.

The more Lin Tianhao learned, the more he felt the terror of Wen Su Yao's set of combat skills.

Folding Swan!

This was clearly a set of combat skills that Lin Tianhao had never heard of in his previous life. He didn't expect it to be so terrifying.

After ten days, Lin Tianhao heard a system notification in his ear.

"Ding, the Holy Land Master's reward is being settled..."

"You distributed a total of 835,400 free attribute point rewards last month, and received a feedback of 83,540 free attribute points."

A satisfied smile appeared on Lin Tianhao's face.

The free attribute points distributed last month were still a bit too few.

It only returned more than 80,000.

To be honest, he really should work hard.

A new month, a new indicator.

Was this the pain of having a lot of indicators that couldn't be distributed?

"How is it?"

Wen Chou-niu came to Lin Tianhao's side, "Do you want to renew?"

"By the way, can I come back here again in the future?"

"Yes, provided you need to obtain a badge from the Godslayer Academy. If you can kill an S-level expert here, I can give you one."

"S-level?"

Lin Tianhao muttered to himself. After using the Immortal Slaughtering Sword Formation, his rating was only A.

Did that mean that S-level was above Nine Revolutions.

Demigod?!

If S-level was a demigod, then SS-level should correspond to a False God.

But if that was the case.

What about SSS-level experts like Wen Chou-niu?

God?

Lin Tianhao felt it was unlikely.

But it didn't matter anymore. Since he had come here and could directly improve his combat skills, Lin Tianhao had no reason to refuse.

Next, Lin Tianhao did not continue training, but went to the Berserker Tower.

One was to further familiarize himself with his combat skills, and the other was to earn some more free attribute points.

As the saying goes, even a mosquito's leg is meat, he had no reason to refuse.

After taking the free attribute points from the Berserker Tower, Lin Tianhao chose to take it a step further and go to Block A...

Chapter 432 - Block A: First-level Mage!

Emerging from the teleportation.

Lin Tianhao still found himself on the arena.

His appearance attracted the attention of many.

“He’s holding a wooden sword, who wants to go?”

“Hahaha, I’ll go, give the newbie some intensity.”

A burly, bearded fatty walked out with a hearty laugh.

His weapon was a horse-chopping saber.

“Newbie, remember, I’m the one sending you back to B Block, Liu Zhushan, nicknamed Fatty Thunder.”

“Enough nonsense.” Lin Tianhao said indifferently.

Fatty Thunder’s eyes flashed with lightning, and despite his considerable bulk, his movement speed was terrifying.

In the blink of an eye, he had already arrived behind Lin Tianhao.

His move was somewhat similar to Lin Tianhao’s Shadow Chasing Instant Kill.

After ten days of grueling training, Lin Tianhao wouldn’t be fazed by such an attack.

“Clang—”

The moment he turned to block Fatty Thunder, the novice wooden sword in Lin Tianhao’s hand spun, pointing towards Fatty Thunder’s lower abdomen.

-4.88 million!

Lin Tianhao's health points were now close to eighty million.

Even without a critical hit, the damage was still terrifying.

"Clang—"

Another collision, and Lin Tianhao, seemingly casually, changed his move, striking Fatty Thunder's chest.

Critical hit!!

-9.76 million!!

A huge damage number appeared, surprising many.

Even though this fatty's attack speed and movement speed weren't much lower than his, he was still completely crushed in front of Lin Tianhao.

"Su Yao War God's Folding Goose!"

After suffering several losses, Fatty Thunder couldn't help but reveal a look of shock.

"Divine Ability: Copper Skin Iron Bones!"

Fatty Thunder's skin instantly turned bronze.

This Copper Skin Iron Bones was a divine ability that greatly increased both defenses, and was a relatively basic divine ability.

In his previous life, Three Heads Six Arms, Heaven and Earth Dharma, and Copper Skin Iron Bones were all known as basic divine abilities.

If a warrior in the late game didn't know these three divine abilities, they would be laughed at.

Copper Skin Iron Bones increased both defenses, which was of no use to Lin Tianhao.

"No damage reduction?"

After clashing with Lin Tianhao again, Fatty Thunder realized the problem.

"Your basic attacks inflict true damage?!"

Realizing this, Fatty Thunder released another divine ability.

"Three Heads Six Arms!!"

Lin Tianhao also had this divine ability, but he hadn't cultivated it himself; he had received it as a blessing.

With the buff from Three Heads Six Arms.

Fatty Thunder finally stabilized the situation and was able to fight Lin Tianhao back and forth.

Lin Tianhao, in order to hone his combat skills, didn't activate Three Heads Six Arms, and continued to use the novice wooden sword to refine his fighting techniques.

"Damn it, he's actually using me to practice swordsmanship!"

Fatty Thunder wasn't stupid and quickly saw Lin Tianhao's intention.

But even if he saw it, it was useless.

Folding Goose was not only unpredictable in attack, but also had excellent defense.

With offense and defense integrated, even Fatty Thunder, with Three Heads Six Arms activated, could only have his health slowly whittled away by Lin Tianhao, eventually falling at Lin Tianhao's feet.

"Not bad, to be able to cultivate Folding Goose to this level is commendable."

A young warrior walked out, "Coincidentally, I also cultivate Folding Goose."

As soon as he spoke.

The young warrior instantly attacked Lin Tianhao.

Lin Tianhao exchanged blows with the young warrior.

He discovered that he was indeed cultivating Folding Goose, but compared to Wen Suyao's Folding Goose, it was like comparing heaven and earth.

His Folding Goose could only be said to have touched a bit of the surface.

Lin Tianhao could even be sure that the other party hadn't trained in the Puppet Tower, otherwise he wouldn't be so weak.

Complete crushing!!

There was no suspense at all.

The young warrior was completely dumbfounded.

“This is the real Folding Goose, what kind of garbage have I been cultivating!”

In the distance.

Wen Chou Niu silently watched Lin Tianhao’s battle, his eyes filled with shock.

“As expected of the person chosen by Su Yao War God, this talent is too terrifying.”

“It’s as if he was born to fight.”

... ..

After the young scholar was killed.

Lin Tianhao fought several more battles one after another.

There wasn’t much suspense, he basically won every time.

In a one-on-one situation, the Folding Goose combat technique was too perverted.

Before others could even touch Lin Tianhao, they were already crippled by him.

This forced them to use more powerful skills or divine abilities to fight Lin Tianhao.

But one thing was very strange.

None of these people used domains.

If they used domains, Lin Tianhao would really only be able to win with the Immortal Slaughtering Sword Formation.

Otherwise, his combat skills would really be difficult to use.

Until the ninth match.

Lin Tianhao met a familiar person!

That level one mage.

Like his sister, her name was also Gui Ye Wuqing.

Lin Tianhao had already fought her in the arena before.

But this time, Lin Tianhao could clearly feel that she had become much stronger.

One was her casting speed, and the second was the intensity of her spells.

Of course.

Lin Tianhao's damage was also increasing, so the increase in her spell power wasn't very obvious.

But the spell projectile speed, similar to ice cones and fireballs, which flew through the air, had a very obvious increase.

But it was still the same as before.

Mages were helpless against dual-class existences like Lin Tianhao.

But even so.

She still delayed for ten minutes before being killed by Lin Tianhao.

After being killed.

Gui Ye Wuqing resurrected, she looked at Lin Tianhao and said seriously: "Can we talk?"

Lin Tianhao nodded, he didn't know what the other party wanted to talk about.

But the unclear relationship between the other party and his sister made Lin Tianhao want to talk to her.

Furthermore, she was one of the few players Lin Tianhao had met here.

Following the level one mage off the arena, she walked out of the underground arena, allowing Lin Tianhao to see a different style of this A Block.

Here...

It was clearly an international metropolis, the degree of prosperity exceeding Lin Tianhao's imagination.

"This city is called Su Yao City, named after Su Yao War God."

The level one mage said in a very calm tone, "This city is filled with bloodshed, violence, and an extreme desire for power."

"You called me out just to say this?"

The level one mage shook her head, "I specifically investigated, Twilight of the Gods cannot have the same game nickname, but I verified it, I... am not the only Gui Ye Wuqing!"

"You added me as a friend last time, but I didn't receive it, I guess you added another Gui Ye Wuqing, right?"

Lin Tianhao nodded, "Yes, I currently know of three Gui Ye Wuqings, one of whom is my sister."

"And then my voice is very similar to your sister's, so you mistook me for your sister."

Lin Tianhao nodded.

The level one mage continued to say: "Same nickname, same voice, isn't this kind of coincidence a bit too mysterious?"

Chapter 433 - Battle against the Black Heart Dragon, completely defeat him!

"Indeed, with billions of people worldwide, it's not impossible for some extremely low-probability events to occur."

Although Lin Tianhao also felt that there must be some connection between the three Gui Ye Wuqings, he couldn't figure it out.

The only explanation now is coincidence, even though it's so far-fetched.

"No, do you know why I came here?"

"To learn God-slaying techniques?" Lin Tianhao asked subconsciously.

"No, I heard that if you successfully obtain the God-slaying Academy's badge, you'll have the opportunity to ask a great being a question."

"I want to ask about this matter."

With that, the Level 1 Mage looked at Lin Tianhao very seriously.

"I think you must also be very eager to know the answer."

Lin Tianhao frowned slightly and asked, "You want me to help you?"

"Yes."

The Level 1 Mage said solemnly, "In this A district, I'm already feeling a bit overwhelmed. If there are no accidents, it will be difficult for me to advance further."

"You want me to deliberately lose to you to help you accumulate Heart's Blood?"

The Level 1 Mage nodded, "That's right, that's what I'm thinking. With your strength, even if you lose to me, you can still win it back."

"Moreover, I've already collected eight drops of Heart's Blood, only two more to go."

Lin Tianhao closed his eyes briefly and ultimately shook his head.

Having Wild Taoist as a cautionary tale,

Lin Tianhao would question the trustworthiness of these players in the God-slaying Academy.

Moreover, doing something so obviously cheating, it's unclear whether he would be expelled from the God-slaying Academy.

But he would most likely be expelled from this city.

A hint of disappointment flashed in the Level 1 Mage's eyes, "Alright, I'll work hard on my own."

Lin Tianhao waved his hand, "If there's nothing else, I'll go back."

"You're too focused on improving your strength. Sometimes, stopping can make things much easier."

The Level 1 Mage suddenly said.

Lin Tianhao paused and shook his head with a wry smile.

"I have too much on my shoulders. I need to become stronger."

Every day, a large number of people die at the hands of those scraps from the Arlett Star System.

He didn't want the tragedies of his previous life to repeat themselves, so he needed to seize every opportunity to become stronger!

The Level 1 Mage suddenly said, "If you obtain the God-slaying Academy's badge, what would you ask that great being?"

Lin Tianhao fell silent, ultimately shaking his head and returning to the underground arena.

He actually had many questions he wanted to ask this Source of Tao God.

His existence was so powerful, yet why didn't he intervene during the Great Cataclysm?

Ask him what it would take to completely destroy the Arlett Star System.

Similarly,

Lin Tianhao also wanted to ask about his sister.

Recalling his thoughts.

Another person appeared on the arena.

“Damn, this guy actually got knocked back again.”

“This is Blackheart Dragon's ninth time going to the S district and getting beaten back. I don't know what kind of powerful people are in the S district. They're all a bit inhuman.”

“Feels like Blackheart Dragon doesn't have much of a chance. Either leave, or be a gatekeeper for the S district forever.”

.....

Lin Tianhao looked at the person in the arena with great interest.

This person was very thin, looking very weak.

If he had to be described, it would be as a bamboo pole.

He stood on the arena, seemingly as if a gust of wind could knock him down.

Lin Tianhao had now collected ten drops of Heart's Blood. He could also choose to go to the S district.

But before going, Lin Tianhao wanted to see what level this S district gatekeeper was at.

Lin Tianhao took the initiative to jump onto the arena.

Blackheart Dragon frowned, "Newcomer? I just got abused in the S district. It's not a wise move for you to come to the arena at this time!"

Lin Tianhao raised the novice wooden sword in his hand and pointed it at Blackheart Dragon, "I just want to know how much the S district gatekeeper is worth."

Blackheart Dragon narrowed his eyes, "Alright, since you want to die, then I'll grant your wish."

As soon as he finished speaking.

Blackheart Dragon raised his hand, and Lin Tianhao instantly felt the air in his chest explode, and his whole person was blasted away by the force of the explosion.

"Boom—"

-5.09 million!

A huge damage number popped up above Lin Tianhao's head.

He was still in the air and hadn't landed yet, and the air behind him exploded again.

"Overlord Body!"

At the instant the air behind him exploded, Lin Tianhao activated Overlord Body.

Landing from the air, Lin Tianhao immediately fired five arrows at once.

The moment the feathered arrows were fired, a pair of wings appeared behind Lin Tianhao.

After the Xuanbing Wings were unfolded, Lin Tianhao's speed increased again.

But before he could get close to Blackheart Dragon, a wall of air blocked Lin Tianhao's path.

Overlord Body can remove control effects, but it can't pass through means similar to walls or shields.

After all, Overlord Body is not a wall-penetrating technique.

“Bang—”

Lin Tianhao's novice wooden sword chopped on the air wall, but the air wall didn't even show a crack.

“Bang, bang, bang—”

Lin Tianhao maxed out his attack speed and smashed down more than twenty times in a row before the air wall shattered.

But as soon as the air wall shattered, a second air wall appeared again.

While Lin Tianhao was hacking at the air wall, two balls of air exploded beside him.

-5.08 million!

-5.09 million!

Two more damage numbers appeared. Although he wasn't blasted away due to Overlord Body, the damage was actually inflicted on Lin Tianhao.

Blackheart Dragon's expression was as usual, and his eyes were indifferent when looking at Lin Tianhao.

No contempt, no ridicule, just pure indifference.

Air bullets kept exploding. Lin Tianhao broke through one air wall, followed by a second one.

Blackheart Dragon's skills were very similar to those of the Level 1 Mage. They didn't seem to have any cooldown, and the skills were very powerful.

Of course.

Blackheart Dragon's skills were even stronger, but they were all single-attribute air-type means.

“Bang, bang, bang—”

Lin Tianhao's health continued to drop. Even with the Bloodthirsty Dragon Armor, he still couldn't stop such continuous health loss.

In less than five minutes, Lin Tianhao's health bar bottomed out. He triggered the Withering Tree Revives, and his health bar quickly recovered to seventy percent.

But that could only allow him to live a few more minutes, without any change to the battle situation.

Even the Zhuxian Sword Formation was so powerless when facing Blackheart Dragon.

This Blackheart Dragon was a demigod, and a relatively powerful one.

Lin Tianhao resurrected in place. Blackheart Dragon beckoned to Lin Tianhao, “Still fighting?”

"I'm not your opponent right now." Lin Tianhao had to admit.

This Blackheart Dragon was very strong, much stronger than him.

"I know the purpose of your trip. Want to chat?"

Lin Tianhao frowned, but still followed Blackheart Dragon into an elegant room.

After entering.

A strange crystal appeared in Blackheart Dragon's hand. The crystal emitted a glow, enveloping the entire room.

"Don't worry, this place is too special, so we need to use some means to prevent gods from eavesdropping!"

Chapter 434 - The god of the Gulimu family: Got the Black Mountain Seal!

"So vigilant, what exactly do you want to say?" Lin Tianhao asked.

The Blackheart Dragon raised his hand, and a small, ink-black seal appeared in his hand.

He didn't hide the attributes of the small seal, and Lin Tianhao could clearly see the information on it.

Black Mountain Seal!

This thing is the last thing needed to activate the hidden Super God-level class change altar.

"How could this thing be in your hands?"

The Blackheart Dragon shook his head, "That's not important. What's important is that I can give you the item right now."

"What's the condition?" Lin Tianhao didn't believe there was such a thing as a free lunch.

"Join our Arlett Star System. As long as you are willing to pledge allegiance to us, the Super God-level hidden class change is just the first step. We will give you the greatest support and help you become a god!"

A cold glint flashed in Lin Tianhao's eyes.

Joining the Arlett Star System was absolutely impossible.

Moreover,

Lin Tianhao had reason to suspect that the other party's motives were impure, possibly a test of him by the Source God.

"I know what you're thinking."

The Blackheart Dragon smiled slightly, then raised his hand. The Divine Travel Mirror, originally in Lin Tianhao's backpack, flew out and landed in the Blackheart Dragon's hand.

"I can take the Divine Travel Mirror out of your backpack, so you should have already guessed my identity."

Lin Tianhao's pupils suddenly constricted, "You are the god of the Gulim Family?!"

"You actually came here in person, and appeared here. Aren't you afraid of being erased?"

The Blackheart Dragon shook his head, "If I were to be erased, I would have already died."

“Since I am still alive now, I naturally have my own methods.”

The Blackheart Dragon was quite proud, and he continued, “I am a god of the Gulim Family. If I wanted to make things difficult for you, you would be trapped in Block A forever.”

“Moreover, without the Black Mountain Seal in my hand, you cannot complete the Super God-level hidden class change.”

Lin Tianhao spread his hands, “A god of the Gulim Family? Is that very impressive?”

The Blackheart Dragon's expression turned cold upon hearing this.

“Based on your words, I can destroy the Black Mountain Seal right now.”

“If you think the Black Mountain Seal can threaten me, then I can only say that you know nothing about me.”

The Blackheart Dragon was not surprised by Lin Tianhao's words. He looked at Lin Tianhao with a smile and said:

“I know what you're thinking. If there isn't a Super God-level hidden class change altar in the Ancient Dynasty, there must be others elsewhere.”

“With your strength, finding a second Super God-level hidden class change altar wouldn't be difficult.”

At this point,

The Blackheart Dragon changed the subject, “Have you ever thought that if there are experts from our Arlett Star System causing destruction here, wouldn't there be others elsewhere?”

Lin Tianhao raised the God Striking Whip in his hand, “You are strong, but this place is too special.”

“You are not my opponent, no matter how many times you try.”

The Blackheart Dragon didn't care.

“Is that so?”

The Blackheart Dragon sneered, and a wall of air appeared in front of Lin Tianhao.

But Lin Tianhao instantly unleashed the Silver Eye Domain around him.

Before, in order to hone his combat skills, he didn't use the power of the Silver Eye Octopus and the Sea God Poseidon.

But now that he knew the Blackheart Dragon was from the Gulim Family, that was a different story.

“Bang—”

The Silver Eye Domain instantly tore the air wall apart, and Lin Tianhao unfolded the Wings of Mystic Ice behind him.

“Three Heads Six Arms!”

“霸体 (Overlord Body)!”

“Berserk!”

“诛仙剑阵 (Immortal Slaughtering Sword Formation)!”

Lin Tianhao didn't hold back at all. Knowing that the other party was a god of the Arlett Star System, Lin Tianhao had already made up his mind to kill him.

The Blackheart Dragon didn't dare to be negligent upon seeing this, and he also unfolded a semi-transparent domain.

The power of this domain was comparable to the Silver Eye Domain.

The Silver Eye Octopus was fighting with the power allowed by the Twilight of the Gods rules, and so was the Blackheart Dragon.

But Lin Tianhao's trump cards weren't just the Silver Eye; he also had the Sea God Poseidon.

On Lin Tianhao's body, a Sea God Domain instantly unfolded.

The two great god domains immediately suppressed the Blackheart Dragon.

“Dual domains, and such powerful dual domains, who exactly are you?!”

The Blackheart Dragon was a little unbelievable because he discovered that the limit power allowed by the Twilight of the Gods rules was simply not enough to compete with Lin Tianhao's dual domains.

The Silver Eye Domain and the Sea God Domain slowly tore apart the Blackheart Dragon's domain.

Under the Three Heads Six Arms state, Lin Tianhao held a carving knife in one hand, a God Striking Stone in one hand, and a God Striking Whip in one hand.

He maximized all the means he had to fight.

The Blackheart Dragon's expression was very unsightly. With the Berserk buff, Lin Tianhao's attack speed increased slightly, although not by much, but the weapons in his hands were too abnormal.

Under this high-intensity attack, the Blackheart Dragon was also a little difficult to parry.

The most important thing was that Lin Tianhao's close combat skills were now completely different, giving the Blackheart Dragon a headache.

“Enough!”

The Blackheart Dragon roared, and he raised the Black Mountain Seal in his hand, smiling at Lin Tianhao:

“If you attack again, I will destroy the Black Mountain Seal.”

Lin Tianhao didn't stop. If it were someone else, he might have had some scruples.

But the other party was a god of the Gulim Family. If the Black Mountain Seal was destroyed, he would admit defeat.

Moreover,

With the existence of the Source God, Lin Tianhao believed that even if the Black Mountain Seal was really destroyed, he would still have a chance to complete the class change.

“Stop it!!”

The Blackheart Dragon couldn't hold on any longer, “The Black Mountain Seal is yours!”

Saying that,

The Blackheart Dragon actually threw the Black Mountain Seal to Lin Tianhao.

“You would be so kind?” Lin Tianhao frowned.

The Blackheart Dragon grinned, “Anyway, the Black Mountain Seal is already yours. As for whether or not you use it for the class change, that's your business.”

Lin Tianhao instantly understood the problem.

“You arranged to meet me in front of so many people in Block A, and after meeting me, I got the Black Mountain Seal from you. Any normal person would suspect that I have a collaboration with you.”

The Blackheart Dragon nodded with a smile, “That's right. As long as the fact that I am a god of the Gulim Family is exposed, then your position in the hearts of the Galaxy Gods will definitely plummet, especially that existence, who may very well regard you as a spy for our Arlett Star System.”

Lin Tianhao nodded seriously, “You're right, but if I kill you and then use this Black Mountain Seal, wouldn't that mean no one would suspect me?”

“Kill me?”

The Blackheart Dragon couldn't help but laugh as if he had heard a great joke.

“Snow Emperor, I admit that your dual domains are very strong, very, very strong. Even if I use the limit power allowed by the rules, I am no match for you.”

“But I am a god. If I want to leave, you can't stop me.”

The corners of Lin Tianhao's mouth rose, forming a shallow arc, “Whether or not I can stop you, wouldn't you know if you try?”

Since the other party was a god of the Gulim Family, Lin Tianhao had no reason to let him leave.

Even if the Silver Eye Octopus would be struck by lightning and enter a weakened state as a result, Lin Tianhao would still keep the Blackheart Dragon!

Chapter 435 - Kill an alien god for the first time!

The Blackheart Dragon looked up and laughed, "Hahaha, good, then I will see how you can keep me here."

As soon as he finished speaking.

The Divine Travel Mirror in the Blackheart Dragon's hand lit up.

"Silver Eyes!"

Lin Tianhao knew that he definitely couldn't keep the Blackheart Dragon; only Silver Eyes could.

"Silver Eyes Imprisonment!"

Silver Eyes didn't hesitate either, using his life essence to forcibly control the Blackheart Dragon.

The Blackheart Dragon's expression changed drastically, "A god?!"

"How can you have a god in peak condition by your side? Who exactly are you?!"

As Silver Eyes unleashed his full power, thunderclouds rolled in the sky; this god's actions exceeded the limits, and divine punishment was imminent.

Silver Eyes knew that time was short and didn't waste any.

"Origin Ultimate Skill: Silver Eyes Rift!"

The Blackheart Dragon's chest was instantly torn open, and a silver eye the size of a basketball opened in his chest.

"Ah ah ah—"

The intense pain caused the Blackheart Dragon to scream incessantly; he didn't dare to be negligent and fully activated his divine power.

Above the firmament.

The second thundercloud gathered, rolling even more violently.

"You are also a god; how can you be willing to be a pawn for a human? Stop..."

Before the Blackheart Dragon could finish speaking, Silver Eyes directly transformed into his true form, using his tentacles to whip wildly.

A series of high and terrifying damage numbers appeared.

"You're a madman, you're just a madman!!"

The Blackheart Dragon knew that the tribulation was coming and understood that there was no possibility of him leaving; he glared at Lin Tianhao angrily.

"Snow Emperor, if you want me to die, I won't let you have an easy time."

As soon as he finished speaking.

The Blackheart Dragon raised his hand and gouged out his own eyes, "Blood Sacrifice: Absolute Vacuum!"

As the Blackheart Dragon's voice fell, Lin Tianhao felt his breathing stagnate, completely unable to breathe oxygen.

This sudden feeling of suffocation made Lin Tianhao very uncomfortable.

"Rumble..."

Above the firmament, the thundercloud descended.

With a loud bang, the first heavenly thunder struck Silver Eyes Octopus.

Silver Eyes Octopus's body instantly became dim and lifeless.

"Boom!"

Another thunder tribulation descended, and cracks appeared on the Divine Travel Mirror, but it couldn't help the Blackheart Dragon resist too much tribulation.

This thunder tribulation still blasted the Blackheart Dragon's body until it was dim and lifeless!

"Poseidon Domain!"

Lin Tianhao didn't plan to stop.

Silver Eyes had already been knocked into a deep sleep, so naturally, there was no reason for this Blackheart Dragon to live.

God Striking Whip, God Striking Stone, and even the Engraving Knife!

Lin Tianhao maxed out his output under the three heads and six arms form.

Today, he would slay a god!

The Blackheart Dragon, already heavily injured and now blasted into a deep sleep by the thunderclouds, had his fate already sealed.

"Ding, you have killed the Blackheart Dragon. A server-wide announcement will be made. Do you want to hide your name?"

"No!!"

"Server-wide announcement: Congratulations to player Snow Emperor for successfully killing the Blackheart Dragon. This announcement is to encourage all players to continue their efforts!"

...

"Ding, you are the first player on the server to kill a foreign god, rewarding you with the Galaxy Wargod title +1, free attribute points +100000, seed of the Great Dao +1, artifact +1."

The corners of Lin Tianhao's mouth twitched; these rewards were a bit abnormal.

But Lin Tianhao was in no mood to check the rewards now!

He was currently in an absolute vacuum state, unable to breathe; losing health was a minor matter.

The key was that this feeling of suffocation was really painful.

Lin Tianhao immediately put the Blackheart Dragon into the God Conferring Board.

"Get out here and undo this absolute vacuum for me!"

Lin Tianhao roared.

He had his heart dug out by the God of the Undead before, and now he had his eyes dug out by the Blackheart Dragon; this was really outrageous.

The Blackheart Dragon was summoned out by Lin Tianhao; he was somewhat dazed.

But he discovered.

That he couldn't resist Lin Tianhao's orders; he had to obey Lin Tianhao's commands.

How was this possible?!

From the depths of his consciousness, he really wanted to resist, but he couldn't help but raise his hand and dig out his just-recovered eyes again.

After digging them out, he formed hand seals and sent the eyeballs flying from his hands.

"Absolute Vacuum, break!"

As the voice fell.

The absolute vacuum was finally broken; Lin Tianhao collapsed to the ground, breathing heavily.

He waved his hand and put the Blackheart Dragon back into the God Conferring Board.

This was the fourth god he had collected.

And also the first god from the Alright Star System.

Perhaps he could learn a lot about the Alright Star System from the Blackheart Dragon.

So as to plan against the Alright Star System.

However, before that, Lin Tianhao had to solve the current matter.

"I should thank you."

A voice with a hint of solemnity came.

Without needing to turn around, Lin Tianhao already knew who the voice belonged to.

After all, it was her territory, and such a big thing had happened; there was no reason for her not to come.

"Teacher Wen, you have really harmed me; a god, and a foreign god at that, has appeared in your land of faith."

Wen Suyao took a deep breath, "This matter is my negligence; I just didn't expect that they would infiltrate so deeply."

While speaking.

Wen Suyao raised her hand and put the strange crystal in the room into her hand.

"I see."

Lin Tianhao grinned, "That thing should be my spoils of war, right?"

Wen Suyao frowned, "It is, but this thing is useless in our hands; you can have it."

Saying that.

Wen Suyao threw the strange crystal to Lin Tianhao.

"I'm very sorry for what happened here today; as compensation, my Puppet Trial Tower can be opened to you for free; you can go anytime."

Wen Suyao threw a token to Lin Tianhao, "Activate this token, and fifteen seconds later, as long as you are in the Ancient Dynasty Secret Realm, you can directly enter the Puppet Trial Tower."

"Then thank you."

As the saying goes, being able to save a little is a little, although Lin Tianhao doesn't lack free attribute points that much.

"I know the purpose of your trip; originally, the Godslayer Academy would be your final test, but such a thing has happened, and I need to go to the Ancient Lotus Tower; you come with me."

Lin Tianhao took a deep breath; should he still thank the Blackheart Dragon for sending him the Black Mountain Seal, and now even allowing him to see that person ahead of time?

"I have a few friends; they also want to..."

Wen Suyao raised her hand and interrupted Lin Tianhao.

"Hanba can go; the others should forget it."

"Moreover, Hanba has already seen an image of that person."

Lin Tianhao was a little excited and said softly, "Can we see that person's true form?"

"No."

Wen Suyao shook her head, "An avatar."

Lin Tianhao wasn't surprised; according to his speculation, that person's true form shouldn't be in this world anymore.

Wen Suyao took Lin Tianhao a step forward and appeared next to a lake.

Walking forward along the path next to the lake, with each step, Lin Tianhao felt the surrounding space shifting and changing.

Chapter 436 - A conversation with God, the source of Tao!

Not only that.

In this short distance, Lin Tianhao actually walked through the four seasons of spring, summer, autumn, and winter.

Wen Suyao was obviously used to it, and led Lin Tianhao all the way to a small building.

"Subordinate Wen Suyao, bringing the Snow Emperor, requests to see the Lord!"

Wen Suyao was extremely respectful, seemingly afraid that her tone would be disrespectful and cause displeasure to that being.

"Come in."

A very calm voice came.

The voice was not loud, but it was extremely friendly, making people feel the urge to worship.

Wen Suyao respectfully bowed and led Lin Tianhao into the Ancient Lotus Building, where they saw that being.

When he saw the other party, Lin Tianhao was a little nervous, after all, the person in front of him was the terrifying existence who created the three thousand gods and demons.

Lin Tianhao looked at him, and a mysterious feeling surged into his heart.

He was very young, just like an eighteen-year-old teenager, a little green.

And his appearance, his clothes, Lin Tianhao could clearly see them.

But when he wanted to describe them, to remember them, this information disappeared again.

The Origin of Dao God continued: "You may leave."

Wen Suyao understood the meaning of the Origin of Dao God and respectfully withdrew.

"Snow Emperor."

The Origin of Dao God spoke.

Lin Tianhao respectfully bowed, "Present."

"From the moment you awakened your super-god-level hidden talent, I have been paying attention to you. Your existence surprised me."

Lin Tianhao didn't immediately respond, because he had even speculated whether his rebirth was related to the Origin of Dao God in front of him.

But he felt it was unlikely.

If this Origin of Dao God understood his situation, he should have arranged for him to awaken his talent in his previous life.

"I even once thought, are you an existence of the same level as me, just reincarnated into my world for some reason?"

Lin Tianhao didn't know whether to laugh or cry. This Origin of Dao God thought too highly of him.

"But it doesn't matter anymore. In you, I see variables, the variables of the Milky Way world."

"Please enlighten me, Lord," Lin Tianhao said respectfully.

"Before you appeared, what I saw was the Milky Way world being ruled by the Alete star system in fifty years."

Lin Tianhao hesitated, but still asked: "Won't the Lord take action?"

"Haven't I already taken action? Otherwise, where would the Twilight of the Gods come from, let alone the time for you to develop."

Indeed!!

Lin Tianhao's speculation was confirmed.

The Twilight of the Gods was related to this Origin of Dao God. The gods from the Alete star system had already descended, but they didn't immediately attack the Milky Way world, which actually explained it.

There must be a force strong enough to make the people of the Alete star system not dare to act rashly.

"My main body is playing chess with that person from the Alete star system. When the game ends, whether I win or he wins, the Alete star system will begin to attack the Milky Way world."

"What about you?" Lin Tianhao asked.

The Origin of Dao God smiled and said: "Do you know why that person from the Alete star system and I are playing chess?"

"Because if people at our level take action, no matter who wins or loses, the consequences will be too terrible, and it is not impossible to touch existences at a higher level."

Lin Tianhao gasped. There were people stronger than the Origin of Dao God.

"To say something that may disappoint you, the Milky Way world was created by me. If the Milky Way world is destroyed, I can completely create a new world."

"Your life and death, in my opinion, are insignificant."

To be honest.

The words of the Origin of Dao God made Lin Tianhao's heart cold.

These words were indeed too hurtful.

Seemingly knowing that his words were hurtful.

The Origin of Dao God continued: "I created the Twilight of the Gods and also delayed the time. What I have done is actually enough."

"And you can rest assured that if I don't take action, that person from the Alete star system will not take action either."

Lin Tianhao hesitated for a moment, but still couldn't help but ask:

"Lord, if that's the case, why does the Alete star system still want to attack our Milky Way world?"

Hearing this.

The Origin of Dao God smiled helplessly, "You may not believe it when I say it, because that existence went to a place to experience life. He ate a dish called the Milky Way, and it happened that the dish didn't suit his taste, so he said he wanted to make sure there was no Milky Way in the world."

Lin Tianhao was stunned.

Immediately afterward, a nameless anger surged into his heart.

"Just because of this, he wants to destroy our entire Milky Way world? Destroy our hundreds of millions of lives?"

Lin Tianhao had thought of all kinds of reasons, but he never thought that it would be such a reason.

The Origin of Dao God shook his head with a smile, "People like us can create countless lives with a wave of our hands, just like the dolls produced by your Blue Star. To you, you are living people, but to us, you are insignificant ants."

An unnamed anger rose even more in Lin Tianhao's heart.

The Origin of Dao God continued: "You should be glad that your guardian is me. The guardians of the other dozens of worlds called the Milky Way directly chose to ignore them."

"After all, for us, giving up some ants in exchange for a favor from an existence of the same level is not a bad thing."

Lin Tianhao had only heard of Heaven and Earth being unkind, treating all things as straw dogs.

Now, the words of the Origin of Dao God almost slapped this fact nakedly on Lin Tianhao's face.

"Having known the truth, what are your thoughts?" the Origin of Dao God asked.

"Anger, sadness, but more is the determination to become stronger. To change all this, one must constantly become stronger and achieve the peak."

Lin Tianhao clenched his fists. Although he knew very well that this path was very, very difficult, and even with his talent, he would not be able to reach the level of the Origin of Dao God in his lifetime.

But he would still work hard for this goal and go all out.

The Origin of Dao God looked up and laughed, "Hahaha, good, it's not in vain that I gave you the Investiture of the Gods."

Lin Tianhao was not surprised. He had actually noticed that the Investiture of the Gods was somewhat unusual, and that it was not a level that a divinely bestowed equipment could reach.

Now, the words of the Origin of Dao God have solved Lin Tianhao's doubts.

"Since you are here today, I can answer one question for you. You can ask whatever you want to ask."

Lin Tianhao pondered slightly. To be honest, he had many doubts in his heart, such as the matter of his sister.

For example, the matter of other super-god-level hidden occupations, and for example... how to reach his level.

Among these questions, Lin Tianhao thought about it and finally made a decision.

"Lord, I want to know, how can I reach your level?"

Chapter 437 - Job change: Sky Punishment Archer!

The God of Origin seemed to have anticipated this, and slowly said:

"Becoming a God is the first step you need to take, the second step is becoming a Saint, the third step is Eternity, and the fourth step, which is where I am now, is Creation."

"You should have heard of Gods or Saints; they all have one characteristic, and that is longevity."

"And Eternity, as the name suggests, is everlasting. In theory, it cannot be destroyed."

Lin Tianhao nodded secretly. The God of Origin continued:

"Creation, as you can see, can create a world, including life."

"Creating a world requires many Daos."

Lin Tianhao asked, "Do I need to master tens of thousands of Daos at the same time?"

"No."

The God of Origin still had that warm smile, "You have completed the Secret Realm mission. What should I give you?"

"I've got it, let's go with this."

As the God of Origin's voice fell, Lin Tianhao immediately heard an electronic notification in his mind.

"Ding, the God of Origin is blessing you..."

"Ding, you have obtained Origin Replication +1."

Lin Tianhao's eyes lit up, and he immediately checked it out.

Origin Replication: Cannot be upgraded.

Learning Requirement: Exclusive to the Snow Empress.

Effect: What you see is what you get. Any skill, divine ability, or secret technique, as long as you see someone use it, you can generate a skill book, consuming a certain amount of time depending on the power of the copied skill.

Consumption: None.

Cooldown: None (Only one skill book can be generated at a time. You cannot generate other skill books during the generation process, but you can record the origin and copy it later, up to three copies of the origin can be recorded.)

Proficiency: Cannot be upgraded.

"Ding, learn it?"

"Learn!"

Lin Tianhao learned it without much thought. Is this a skill? This is simply a divine skill!!

No, this is even more powerful than a divine skill.

If he sees someone in the future and thinks their skill is good, then sorry, their skill is his.

Copying ordinary skills is naturally a bit of a waste, but what about the Sky Patrol Divine Skill? What about a sure-kill skill? What about divine abilities and secret techniques?

Just thinking about it made Lin Tianhao a little excited.

He has recently been honing his combat skills and found that his proud firepower suppression becomes difficult in battle if he cannot completely suppress his opponent.

Lin Tianhao knows his current shortcomings, which is that he lacks truly powerful combat skills.

Relying solely on basic attacks makes it easy for others to figure out his attack patterns.

This method is okay for dealing with ordinary experts, but it is difficult to win if you encounter very powerful existences.

"Alright, you have received what you should receive, go."

The God of Origin waved his hand, and in the next moment, Lin Tianhao appeared in the Ten Thousand Mountains.

Everyone else was gone, only he remained.

Lin Tianhao took a step, and the Kunlun Mirror brought him to the Ancient Dynasty.

Although Potala Heavenly Dragon once told him that the Transcendent-God-Rank Hidden Class Advancement Altar was not in the Ancient Dynasty, all indications showed that Potala Heavenly Dragon's words were wrong.

The Transcendent-God-Rank Hidden Class Advancement Altar is in the Ancient Dynasty.

Now that the items needed to activate the Transcendent-God-Rank Hidden Class Advancement Altar were all gathered, Lin Tianhao did not hesitate to choose to advance.

"Ding, you are about to advance to the Transcendent-God-Rank Hidden Class: Heavenly Punishment Archer, confirm the advancement?"

"Confirm!"

Lin Tianhao chose to confirm.

Above the firmament, various powers of the Great Dao converged, and for a time, lightning and thunder flashed, and strange phenomena occurred frequently.

Below the Ancient Dynasty, sand and rocks flew, a large number of monsters were panicked, and many NPCs were puzzled.

The players also looked at the changes in the world in shock.

"What exactly is happening? Such terrifying changes are happening in this world."

"Is someone undergoing tribulation? With such a phenomenon, could it be that a world boss has appeared?"

"It's so oppressive. I feel like there is a huge rock weighing on my chest."

...

As the culprit of all this,

Lin Tianhao remained very calm.

After seeing the God of Origin, it seemed that this Transcendent-God-Rank Hidden Class was just like that.

"Rumble——"

After continuous loud noises, a beam of light fell on Lin Tianhao.

Lin Tianhao's body was taken into the air by a suspenseful aura, and countless forces were subtly transforming his body.

"Ding, congratulations, you have successfully advanced to the Transcendent-God-Rank Hidden Class: Heavenly Punishment Archer (First Advancement)."

Lin Tianhao completed the advancement of the Transcendent-God-Rank Hidden Class and is currently at the First Advancement level.

However, the First Advancement of a Transcendent-God-Rank Hidden Class should be stronger than the previous advancements.

Heavenly Punishment Archer (Transcendent-God-Rank): First Advancement.

Additional Skill: Heavenly Punishment.

Heavenly Punishment: Cannot be upgraded.

Effect 1: In the Heavenly Punishment state, your attack speed is reduced to 0.2, your basic attacks are guaranteed to hit, and cannot be dodged or blocked below the Saint level. (You can convert your attack speed into Heavenly Punishment attack speed. Except for Heavenly Punishment series equipment, other equipment that increases attack speed cannot increase Heavenly Punishment attack speed.)

Effect 2: In the Heavenly Punishment state, your basic attacks will have no attack distance. You can attack wherever your eyes (divine sense) can reach.

Consumption: None.

Cooldown: None.

Proficiency: Cannot be upgraded (The attack speed in the Heavenly Punishment state will increase with the number of advancements, and can also be converted using basic attack speed).

Lin Tianhao: ???

This is a bit outrageous!

Basic attacks are guaranteed to hit and ignore attack distance.

The only downside is that the Heavenly Punishment attack speed is too slow, and you can only launch a basic attack every five seconds.

What if I fuse all my attack speed into Heavenly Punishment?

At present, it seems a bit uneconomical.

After all, the conversion ratio will definitely be very outrageous.

After a little thought,

Lin Tianhao still intends to fuse all his basic attack speed into Heavenly Punishment attack speed.

After all, he currently has more than 380,000 free attribute points, and he can add points to basic attack speed later.

"Fuse!"

Lin Tianhao knew that Shui Ruhua had probably fused, which caused her attack speed to be so low.

She probably also realized that fast attack speed is useless if it can be blocked or cannot hit.

This method of ignoring attack distance and guaranteeing a hit is simply too outrageous.

Lin Tianhao may not be able to fully realize the power of this class because he does not yet have divine sense.

But if he has divine sense in the future, then it will be a different story!

Moreover,

The most important point is that this is only the First Advancement of the Heavenly Punishment Archer.

According to Lin Tianhao's understanding, God-Rank Hidden Classes gain new abilities with each advancement.

This Transcendent-God-Rank is likely the same!!

Chapter 438 - Artifact: Shura Sword!

If that's the case, then the future potential of this profession will be terrifying.

"Ding, attack speed conversion complete!"

Along with the notification sound, Lin Tianhao's Heavenly Punishment attack speed increased from the original 0.2 to 2.23.

Lin Tianhao's mouth twitched. His attack speed of over ninety only converted into 2.03 of Heavenly Punishment attack speed.

But this is not unacceptable, after all, the effect of Heavenly Punishment is a guaranteed hit, and it ignores attack distance.

As long as the eyes can see, it can be attacked.

Although he doesn't have divine sense yet, the distance his eyes can see is quite far.

He glanced at his current attack speed, 6.9.

This attack speed has equipment bonuses, as well as bonuses from the Holy Land and the guild.

Currently, he has enough free attribute points, so he directly spent 31,305 free attribute points to increase his attack speed to sixty points.

From sixty points of attack speed upwards, increasing it becomes very expensive in terms of free attribute points.

Sixty to seventy requires 32,000 free attribute points, seventy to eighty requires 64,000, and eighty to ninety requires 128,000.

In other words.

Lin Tianhao needs 224,000 free attribute points to raise his attack speed back to ninety.

Lin Tianhao currently has more than 350,000 free attribute points, and he can add them, but Lin Tianhao doesn't want to put them all on attack speed for the time being.

A base attack speed of sixty is enough in most situations.

What's more, he also has the red string given by the Old Man of the Moon. If he can bind with a powerful female deity with high attack speed.

Then the improvement should be very large.

For example... Wen Suyao!

A multi-divine personality god, Lin Tianhao still feels it is very necessary to contact.

Moreover, the reward from the Godslayer Academy has obviously not been fully triggered yet.

The Godslayer skill is definitely more than this, there should be second and third grades later, and there will definitely be more powerful Godslayer skills there.

In the future, if there is a chance, he still needs to go to the Godslayer Academy.

The Godslayer skill is still very necessary to learn.

Before that, Lin Tianhao prepared to take a good look at his gains this time.

First of all, the Great Dao seed.

This thing is very awesome.

Having a Great Dao seed is enough to steadily become a god.

Great Dao Seed: Sword Dao.

Usage Requirements: None.

Effect: After planting the Great Dao seed, the seed will grow on its own, equivalent to you comprehending the Dao yourself. When the seed grows to the end, it can condense a Sword Dao Godhead.

Durability: 100.

Lin Tianhao's breathing became a little rapid.

What is this?

Sword Dao?!!

If you want to say what is the most awesome of the three thousand Great Daos.

Many people may think it is the Great Dao of Strength, the Great Dao of Space, or the Great Dao of Time, or at least the Great Dao of Life.

However.

In Lin Tianhao's opinion, the most useful is the Sword Dao.

Sword Dao is not only powerful, but the key is that it is also very handsome.

One sword shines coldly over nineteen continents, how dashing.

With a shout of 'Sword Come', ten thousand swords fly together.

And still a Sword Dao god, this is simply a dream start!

"Plant the Great Dao seed."

Lin Tianhao planted the Great Dao seed, the seed disappeared and appeared in his dantian.

Strands of comprehension of the Sword Dao poured into Lin Tianhao's mind.

This feeling of being able to start comprehending the Dao without doing anything yourself is really爽 (shuang - satisfying/awesome).

In addition to the Great Dao seed, Lin Tianhao also obtained a divine artifact this time!

The divine artifact rewarded by the Twilight of the Gods, theoretically speaking, he can use it now.

Asura God Sword: Divine Artifact.

Equip Requirement: Snow Emperor only.

Effect 1: Divine Sword protects its master. The Asura God Sword can automatically protect its master, resisting any master within the demigod level.

Effect 2: The creatures you kill with the Asura God Sword will permanently increase your attack power, +1 attack power per creature.

Effect 3: Armor Penetration + 100%.

Effect 4: Physical Penetration + 100%.

Effect 5: Attack Power + 2 million.

Effect 6: Attack Speed + 30.

Effect 7: Movement Speed + 30.

Effect 8: Health Points + 2 million.

Effect 9: Mana + 500,000.

Effect 10: Critical Hit + 100%.

Durability: Cannot be destroyed, cannot be stolen.

Lin Tianhao took a deep breath.

He just wanted to say, "Good fellow."

Just the attack speed alone is higher than his total attack speed in his previous life.

It can really be said that it is ridiculously ridiculous to the extreme.

Moreover.

The strongest thing about this Asura God Sword is that it directly gives Lin Tianhao a god-level talent.

The creatures killed with the Asura God Sword will actually permanently provide attack power for Lin Tianhao.

As for other attributes, it is possible to have those attributes without divine artifacts, but it is almost impossible to have this kind of effect that permanently increases one's own attack power.

This point alone can be taken out as a divine artifact.

This reward also exceeded Lin Tianhao's expectations.

As for the Netherworld Longbow, it can also stack attributes by killing, but what grows is the weapon itself, and the growth is extremely slow.

If Lin Tianhao hadn't killed too many creatures, the growth attributes of the Netherworld Longbow would not be reflected at all.

After the more important rewards are counted, the next step is to have a good chat with the Blackheart Dragon.

Even after five years in his previous life, Lin Tianhao didn't know much about the Aleit star system.

The Blackheart Dragon was summoned by Lin Tianhao. Although he lost his eyes, he looked a little weak.

But as a god, he has divine sense. There is not much difference between seeing with divine sense and seeing with eyes.

Even divine sense is more detailed and penetrating than eyes.

"Great... Adult..."

The Blackheart Dragon called out these two words unwillingly.

He is not the same as the other gods that Lin Tianhao killed and included in the God Conferring List before.

He belongs to the external god system of the Aleit star system.

From a certain point of view, he and Lin Tianhao are completely different camps.

And now the two camps are completely opposed.

Lin Tianhao gave the Strange Crystal to the Blackheart Dragon.

"Activate this thing. I don't want anyone to hear my conversation next."

The Blackheart Dragon understood and activated the Strange Crystal.

The crystal radiated light, enveloping Lin Tianhao and the Blackheart Dragon.

After the light enveloped them, Lin Tianhao said, "Tell me about your Aleit star system's plan."

The Blackheart Dragon shook his head, "I don't know. I have been here for some time. The order is to destroy the super-god-level hidden profession transfer altar in the Ancient Dynasty Secret Realm, and try to contact the person next to that person."

Lin Tianhao frowned. The binding force of the God Conferring List is very strong, and the Blackheart Dragon should not be lying.

But if even a god doesn't know the plan, then this is a bit too scary.

"What about other places? There should be more than one super-god-level hidden profession transfer altar here, right?" Lin Tianhao asked.

The Blackheart Dragon shook his head again, "I also don't know about this. After all, this is an external world. Apart from our own mission, I know nothing else."

Chapter 439 - Return to the Deicide Academy!

"You know nothing, it's really pathetic how you're acting as a god."

Hearing Lin Tianhao's words, the Blackheart Dragon wasn't embarrassed at all.

"It's a good thing I know so little, otherwise I would become a sinner of the Aleite Star System."

Lin Tianhao: ???

He realized a problem, which was that this guy's heart wasn't really with him.

This hadn't happened with the Silver-Eyed Octopus, Sea God Poseidon, and the God of the Undead.

As long as they were included in the God Sealing List, their hearts would gradually follow him, treating him as their master.

But the Blackheart Dragon was not like that.

In his heart, he resisted him.

“Could it be because of the foreign system?”

The God Sealing List was something from the Origin God of Dao, so its binding force on the life forms of the world where the Origin God of Dao was located was the greatest.

This explanation seemed to make sense.

But Lin Tianhao still felt that things were not that simple.

Lin Tianhao didn't get any useful clues from the Blackheart Dragon, but just when Lin Tianhao wanted to give up, the Blackheart Dragon continued.

“I am actually not the first god to enter the Godslayer Academy. There, there are also gods from our Alete Star System.”

Lin Tianhao frowned, “Are you trying to understand the Origin God of Dao? Could it be that the one behind you even wants to make a move against the Origin God of Dao?”

“I don't know.”

The Blackheart Dragon shook his head, “But it shouldn't be, our goal is not to understand that one, but to understand the people around that one.”

“And also... learn godslaying techniques.”

Lin Tianhao glared at the Blackheart Dragon, “Didn’t you know? Then why did you say you didn’t know.”

“Uh...”

The Blackheart Dragon said helplessly, “You didn’t ask specifically, but I still said it. I can feel that your God Sealing List is becoming more and more binding on me.”

“I was originally thinking about what I should do next, but your words made me clear about my goal.”

After completing his class advancement, Lin Tianhao considered how he should develop next.

The biggest gain from the Lai Ancient Dynasty, the class advancement, had been completed, and he still had two God's Blessing Pre-Quest scrolls that had not been completed.

That was to take down ten cities and twenty towns of the Moon Wheel Empire.

Besides that.

The Holy Land Genius Rookie Competition was less than a month away, and he had to consider whether to train new genius rookies.

For example, the flat peach tree he got from the blessing of the Queen Mother.

That was a rare treasure, and he could use the following time to stack attack power with the Asura God Sword while earning crystal cores.

Use the crystal cores to ripen the flat peaches, so that the people under him could take the flat peaches before the Holy Land Rookie Genius Competition, and improve their combat power as much as possible.

As for the other one, that was to go to the Godslayer Academy to learn godslaying techniques, so as to enhance his overall combat power.

At first, he was a little hesitant, after all, all three could eventually get rewards and make him stronger.

But if there were other foreign gods in the Godslayer Academy, then that would be another matter.

Wearer: Snow Empress.

Effect 1: Your damage in the Galaxy World is permanently increased by 20%.

Effect 2: When you fight against foreign life forms in the Galaxy World, the damage is increased by 100%.

Wear Resistance: Cannot be destroyed, cannot be stolen, cannot be dropped, cannot be traded.

This Galaxy War God badge allowed him to get a huge increase in damage when facing foreign gods.

Besides that.

There was also the ability gained from the Godslayer Mark after killing the Blackheart Dragon last time.

Blackheart Dragon: Your movement speed in the air is increased by 50% without reduction.

This effect looks very ordinary, but it is actually very perverted.

The point is no reduction.

The faster the movement speed, the more reduction there will be in the amplification.

It is similar to the Asura God Sword +30 attack speed, added to Lin Tianhao's 60 attack speed, it is not 90.

Because of the continuous reduction, Lin Tianhao's actual attack speed is not even 65.

The same is true for movement speed.

Lin Tianhao's current base movement speed is more than sixty, and after blessing this title, it will ignore the reduction and increase the hard core by 50%, increasing the movement speed to more than ninety.

In this way, Lin Tianhao felt that he could also increase his movement speed.

After all, increasing movement speed, with the blessing of this talent, his benefits would be huge.

Retracting his thoughts.

Lin Tianhao returned to the Godslayer Academy.

The Godslayer Academy was still hidden in the white mist, and the sky above was also white mist, making the Godslayer Academy appear a bit dim.

When Lin Tianhao entered the Godslayer Academy, the voices of a man and a woman talking came from the front.

“Sis, I’m not bragging to you, this song is absolutely awesome, at least it’s a god-level dungeon.”

The woman glared at the man, “Speak Mandarin.”

“Sis, aren’t you making things difficult for me? You don’t know my Sichuan dialect, is that what people listen to?”

The man immediately retorted, “Shh, the Godslayer Academy is ahead, listen to this name, how domineering, it’s only a little bit worse than my name.”

Lin Tianhao heard their conversation, the man spoke a very authentic Sichuan local dialect.

But the woman spoke a very standard Mandarin.

Lin Tianhao still felt that this kind of local dialect sounded more cordial.

“Big brother, take me with you.”

Lin Tianhao pretended to imitate the Sichuan accent.

The man was very enthusiastic, “Fellow Sichuanese, I am Peng Yuyan from Southern Sichuan, how do you call yourself, brother.”

“What a coincidence, I am Liang Chaowei from Jiangnan.”

Lin Tianhao said casually, but the woman was quite wary and asked:

“We crossed the Shiwan Mountains, and we haven’t encountered anyone at all, how did you get here?”

“Sis, what are you doing? They are all players, do you think they are those ghostly NPCs? This brother looks like an honest person, and he won’t play tricks on us.”

Lin Tianhao almost couldn't help laughing, it could be seen that these siblings should have been played by NPCs.

"That's right, I am an honest person."

Shu Nanpeng Yuyan put his arms around Lin Tianhao's shoulders very familiarly, "Everyone is new here, we will help each other when we enter later, your brother Yan is a straightforward person, you help me, and I will treat you to wine later."

Lin Tianhao smiled slightly, "Okay."

The woman looked at Lin Tianhao, always frowning, obviously she didn't let down her guard against Lin Tianhao.

The three walked into the Godslayer Academy together, and then the three looked at each other, obviously, they all heard the prompt.

But what Lin Tianhao heard was.

"Ding, welcome back again, excellent first-year freshman, you have completed your first-year studies, please find your teacher and get the graduation certificate from her."

Shu Nanpeng Yuyan became a little excited.

"Wow, sis, I didn't lie to you, did I? Godslaying skills, skills that can slay gods, if we learn it, wouldn't I be the second Snow Emperor."

Chapter 440 - Rapid aging!

The woman rolled her eyes at Shu Nanpeng Yuyan and retorted:

"Snow Emperor is unique. He is now on a completely different level from us."

"Even if you learn the God-Slaying skill, you are not on the same level as him."

At this point.

The woman changed the subject and looked at the God-Slaying Academy, saying, "This place is too depressing, it always gives me a bad feeling."

"Sister, you are just too worried. You are always thinking about this and that. Let's go in first."

As soon as she finished speaking.

Shu Nanpeng Yuyan had already walked in.

Lin Tianhao followed behind. He didn't really have any impression of this pair of siblings.

This shows that they were not remarkable figures in their previous lives.

They came from the Ancient Dynasty Secret Realm in the Shiwan Mountains. It can be seen from this that they had this opportunity because he opened the Ancient Dynasty Secret Realm.

Otherwise, according to the game trajectory of his previous life, they should not have had the opportunity to come here.

Lin Tianhao walked towards the leftmost side of the first floor, which was his previous class.

He needed to find Wen Suyao to get a graduation certificate.

Although he had been in contact with Wen Suyao, Lin Tianhao did not dare to underestimate this God-Slaying Academy.

Especially since there are some strange rules here.

Arriving at the entrance of Class 6, Grade 1, Lin Tianhao was about to knock on the door.

But Shu Nanpeng Yuyan took the lead and walked up.

"Buddy, we are in the same class."

While speaking.

Shu Nanpeng Yuyan raised his hand and wanted to push the door open.

"It's better to be polite when you first arrive."

Just as Shu Nanpeng Yuyan was about to push open the classroom door, a very childish voice came.

It was not Lin Tianhao who spoke, but a woman wearing a Lolita skirt.

When Shu Nanpeng Yuyan saw this short-skirted woman, he was stunned.

He couldn't help swallowing, "Little sister, are you eighteen yet?"

"Be serious, I am the head teacher of Class 6, you can call me Teacher Shangguan."

"Head teacher? Teacher?"

Lin Tianhao frowned. Wasn't the teacher of Class 6 Wen Suyao?

Could it be that Class 6 has more than one teacher? If this were in reality, it wouldn't seem strange.

"Ah... Teacher?"

"Sorry, Shangguan..."

Shu Nanpeng Yuyan was about to call out, but Lin Tianhao raised his hand to stop him.

He remembered that when they came before, someone wanted him and Puto Tianlong to call him teacher.

"Why call her teacher when she is so young? Isn't it better to call her sister?"

Although they were just strangers, they were both in the Dragon Kingdom player camp after all. If he could help, he would.

Shu Nanpeng Yuyan showed a wicked smile on his face, "Teacher is more interesting than sister."

Lin Tianhao supported his forehead. He stepped aside and made a gesture of invitation, "You go in first?"

"Okay, teacher, I'll knock on the door now."

Shu Nanpeng Yuyan knocked on the door, and the door opened by itself. Shu Nanpeng Yuyan was stunned for a moment, but he still said very naturally:

"Please come in, teacher."

Hearing this, a satisfied smile appeared on the short-skirted loli's face, and her voice changed from childish to hoarse.

"Thank you, my good student."

After saying this, the short-skirted loli walked away humming a tune.

Sure enough!

She can get something by having the students call her teacher.

Shu Nanpeng Yuyan looked dazed, obviously not expecting such a change to happen.

"She should have completed a certain task or achievement on you, and the requirement is that you call her teacher."

Shu Nanpeng Yuyan's sister walked over. She did not rashly enter the classroom, obviously discovering something.

"The classes on this floor only have class numbers, but no grade numbers. This is a bit abnormal."

Shu Nanpeng Yuyan still had that big heart, and he didn't care much.

"Sister, my brother-in-law will definitely have a miserable life in the future. You are too suspicious. You can probably imagine my brother-in-law cheating in various ways."

The woman's face instantly turned gloomy, "No wonder I can't find a boyfriend, so you say that about me outside."

As soon as she finished speaking, she looked at Shu Nanpeng Yuyan in disbelief.

"You...you..."

Lin Tianhao also looked at Shu Nanpeng Yuyan in astonishment. At this time, his whole appearance had undergone earth-shattering changes.

"Sister, what's with your expression? Could it be..."

Shu Nanpeng Yuyan originally thought that his sister was deliberately scaring him.

But when he said this, he realized that his sister might not be scaring him.

Because his voice had changed, becoming mature with a hint of turbidity.

This was clearly the voice of a middle-aged uncle!

"Why has my voice changed?"

"It's not just your voice, your whole person has changed, you've become old. You look like a man in his forties now," the woman said.

Shu Nanpeng Yuyan finally belatedly realized, "It's that 'teacher', there must be some connection here."

Saying that.

Shu Nanpeng Yuyan chased after the direction where the short-skirted loli disappeared.

Lin Tianhao also followed. He actually wanted to understand what was going on.

Arriving on the second floor, Shu Nanpeng Yuyan directly wanted to push open a classroom door.

"Bang!"

The classroom door was pushed open, but Shu Nanpeng Yuyan was not attacked.

This made Lin Tianhao have more guesses in his heart.

Before, he thought that he needed to knock on the door to enter the classroom, but after thinking about it, he still felt that it was wrong.

This is a classroom, a public place.

Knocking on the door is generally used in private places, such as at home, or at least someone else's office.

It is too far-fetched to need to knock on the door in a place like a classroom.

Wait...

Lin Tianhao seemed to have captured some useful information.

The classroom is a public place, and knocking on the door is an act used in private places.

In addition, even a small thing like calling someone teacher can have such a big change, then if knocking on the door changes the nature of the classroom.

Then the backlash he would suffer would be very terrifying.

However, so far, he has not suffered any backlash, which does not rule out that his guess is wrong.

From Class 3 on the second floor to Class 1, and from Class 4 to Class 6.

Finally, they found the short-skirted loli in the classroom of Class 6.

She saw Shu Nanpeng Yuyan, who had turned into a middle-aged uncle, and a helpless smile appeared on her face.

"Don't blame me, I'm just doing it to complete the task."

However.

Shu Nanpeng Yuyan did not listen to her explanation, and raised his hand to shoot out three ice cones. In the blink of an eye, they arrived in front of the short-skirted loli.

The short-skirted loli moved sideways, avoiding the three ice cones, but as soon as the ice cones landed, the feather arrow in Shu Nanpeng Yuyan's hand was released.

"Shoo shoo shoo — —"

"Ice cone, feather arrow, dual profession?"

The short-skirted loli was shocked. She wanted to dodge, but a dagger suddenly arrived at the back of her neck...
