

O game 451

Chapter 451 - The worries of the vast Wuji Palace!

Beside Xiudeli Haotu were the Scarlet Flower Demigod and Los Jingkong, both of whom Lin Tianhao had met before.

However, Lin Tianhao hadn't met the other person, but he could discern her identity from her name.

Yuelun Kezu (Grandmaster): Ninth Rank.

Health Points: ???

Lin Tianhao also saw a familiar face.

Xiudeli Molly (Platinum): Level 500.

Health Points: 61.52 million / 61.52 million.

Attack: 1.01 million / 1.01 million.

Skills: Words Become Law, Purification Technique, Resurrection Technique.

Lin Tianhao was somewhat surprised that this Xiudeli Molly was the third-in-command of the Demon Cave back then.

"What are you all doing here instead of staying in your own Holy Lands?"

Lin Tianhao didn't stand up. These people were more likely enemies than friends, so naturally, Lin Tianhao wouldn't give them a warm welcome.

Xiudeli Haotu smiled slightly and said, "Respected Lord of the Mortal Palace, this time we've come to talk to you with enough sincerity."

"Sincerity?"

Lin Tianhao chuckled softly, his gaze sweeping over them.

"Representatives from several Holy Lands have come, but I don't feel any sincerity. All I feel is pressure."

Xiudeli Haotu waved his hand, "Snow Emperor, when the Scarlet Flower Demigod and the others came before, I didn't see you feeling any pressure. You even extorted a God-level talent awakening stone from them."

"Extorted?"

Lin Tianhao shook his head, "Second Palace Lord Haotu, I don't like hearing you say that. How can you say I extorted them?"

"Our Mortal Palace has just been revived, and they came looking for trouble. I've already shown my benevolence by not killing them directly."

Xiudeli Haotu shook his head, "Snow Emperor, there's no need to argue about that matter. I'm here this time as a peacemaker."

"You're here for the matter of the Five Cities and Ten Towns?"

"If you want me to hand them over, then you don't need to say anything."

Lin Tianhao's attitude was firm. Although the Silver-Eyed Octopus was dormant, it had been supplemented by the Blackheart Dragon.

Moreover.

Because he killed the Blackheart Dragon.

The God of the Undead was already able to awaken briefly. If he cooperated with the Sea God Poseidon, it wasn't impossible for him to launch another self-destructive attack.

He wasn't afraid of a real fight.

Especially since he now possessed methods like Heavenly Punishment.

When he didn't use the power of the gods, his Heavenly Punishment was usually limited, as it was easily countered at close range.

But what if a god protected him? His Heavenly Punishment could then be similar to the Book of Life and Death, continuously locking onto targets.

Especially since.

His basic attack damage was much higher than the Book of Life and Death.

"Snow Emperor, there's no need to escalate things to this point. I know you have some foundation, but summoning a god should require you to pay a considerable price, right?"

"Moreover, if you really tear up the agreement, would the god behind you be willing for you to violate the rules of the Twilight of the Gods?"

"Even if he is willing, so what? We can sacrifice a portion of our people, and the god behind you will fall into a long slumber."

At this point.

Xiudeli Haotu changed the subject and continued, "Imagine, if the god behind you falls into slumber, can you, by yourself, protect the current Mortal Palace?"

Xiudeli Haotu's words seemed to be advice, but they were more of a threat.

Right now.

He felt that regardless of whether the god behind Lin Tianhao made a move or not, they would ultimately have the upper hand.

"Your analysis is reasonable, but have you ever considered that I might just need the god to protect me, and then I, in turn, will flatten all of your Holy Lands?!"

"You?"

Hearing Lin Tianhao's words, the Scarlet Flower Demigod couldn't help but sneer.

"Snow Emperor, I know your sword formation is very strong. Ordinary Ninth Rank experts would have difficulty dealing with it under your sword formation."

"But don't forget, we are Holy Lands. We don't just have Ninth Ranks!"

Lin Tianhao smiled slightly, looking at the Scarlet Flower Demigod with interest.

"Scarlet Flower Demigod, do you believe that even without the sword formation, I can still beat you until you run away with your tail between your legs?"

The Scarlet Flower Demigod's expression was somewhat gloomy. Naturally, she didn't believe Lin Tianhao.

In fact, she felt that.

Even if Lin Tianhao used that sword formation, he probably wouldn't be her match.

"Since that's the case, then why not spar? Speaking of which, the Mortal Palace has been absent from the Holy Land Tournament several times. Let the Scarlet Flower Demigod warm up with you, Snow Emperor."

Holy Land Tournament?

Lin Tianhao naturally knew about it, but in his previous life, players weren't qualified to participate.

The Holy Land Tournament was a decisive battle between the most elite experts of the Holy Lands.

The first tournament was held two years after the launch of the Twilight of the Gods.

It was just that at that time, players didn't even have the qualifications to watch.

Lin Tianhao only knew that the Vast Infinity Palace had won the Holy Land Tournament of the Vast Continent for two consecutive sessions.

The third session, which was also the first after the descent of the Great Cataclysm, was won by Icefire Los Island.

As for the details, Lin Tianhao wasn't very clear.

However, there were rumors that Icefire Los Island had come into contact with a special existence after the Great Cataclysm, which allowed their strength to advance by leaps and bounds.

But that wasn't important.

Now that the Scarlet Flower Demigod had stepped forward, she looked at Lin Tianhao with interest.

Clearly.

She didn't think Lin Tianhao could beat her until she ran away with her tail between her legs based on his own strength.

Even if Lin Tianhao had a god-level expert protecting him, he still couldn't do it.

Above the central square of the Mortal Palace.

Lin Tianhao and the Scarlet Flower Demigod stood facing each other.

The other experts were all watching from a distance.

Los Jingkong frowned and said, "From the information we've gathered, although the Snow Emperor is arrogant, he seems to be confident in everything he does."

Yuelun Kezu glanced at Los Jingkong, "Judging from those words, do you think it's possible for the Snow Emperor to defeat the Scarlet Flower Demigod?"

Xiudeli Haotu smiled, "Let's watch and see. If the Snow Emperor can really beat the Scarlet Flower Demigod until she runs away with her tail between her legs, then we really have to reconsider our negotiations with him."

Yuelun Kezu seemed to be worried that Xiudeli Haotu's thoughts would change, and immediately said from the side:

"There can be no compromise on the matter of territory. If we compromise today, the Snow Emperor will become even more unscrupulous in the future."

"It's not impossible that one day, he will really come up with the idea of completely reviving the Mountain Sea Empire."

Xiudeli Haotu glanced at Yuelun Kezu and said with a smile:

"I know your concerns, or else why do you think I'm here?"

The Vast Infinity Palace has rarely participated in the struggles between the Holy Lands in recent years, let alone take such a clear stance as it is today.

But he still came.

The fundamental reason was simple.

That was, if the matter of territory was compromised, the Snow Emperor might really do something outrageous in the future.

After all, the land under the feet of their Vast Infinity Palace once belonged to the Mountain Sea Empire.

During their conversation, the battle between Lin Tianhao and the Scarlet Flower Demigod officially began!!

A First Rank Archer VS a Demigod powerhouse!!

Chapter 452 - Compensate me with ten cities and twenty towns!

"Of course."

It's not entirely due to Lin Tianhao himself.

He will have a god-level powerhouse protecting him, which means he has been in an invincible position from the start.

This is also a method Lin Tianhao figured out himself after obtaining the Heavenly Punishment.

Gods protect him, Heavenly Punishment takes lives.

The Crimson Flower Demigod raised her hand, and countless petals flew towards Lin Tianhao.

The Poseidon Domain instantly expanded, blocking all these petals.

"Three Heads Six Arms!"

After activating Three Heads Six Arms, Lin Tianhao immediately fired nine arrows per second.

The arrows flew towards the Crimson Flower Demigod.

If it's not physical, it should be a mental body.

But her mental wave still failed to block Lin Tianhao's arrows.

"Fake?"

The Crimson Flower Demigod was suspicious for a moment. If it was an illusion, she should be able to see through it completely with her ability.

"Not bad illusion, but if it's just like this, what's the use?"

"Illusion?"

The corners of Lin Tianhao's mouth rose, outlining a playful arc.

"Who told you my attack is an illusion?"

As soon as he finished speaking.

The first three arrows had already successfully hit the Crimson Flower Demigod.

- 4.52 million!!

- 4.52 million!!

Critical hit!!

- 9.04 million!!

.....

The three consecutive damage numbers stunned the Crimson Flower Demigod.

This attack actually hurt her and caused her such great damage.

Petals gathered.

The Crimson Flower Demigod's health began to recover rapidly.

But this is not the end.

Next, there will be a steady stream of arrows flying towards her.

The Crimson Flower Demigod knew that blocking the arrows was not an option, so she directly chose to teleport.

But the result was that after teleporting, the arrows also teleported with her, and each arrow accurately hit her.

The surrounding crowd was a little surprised to see this scene.

Ouyang Wenlong couldn't help but sigh: "Lord Palace Master has become even more powerful this time he came back."

In the arena.

Shudeli Molly couldn't help but say: "Father, I still insist on my opinion, we really shouldn't be enemies with Snow Emperor. I see a huge potential in him."

"Becoming a god?"

Shudeli Haotu smiled and said, "I have to say, I also think that if this kid doesn't have any accidents, he will most likely be able to become a god."

"But in the Age of Gods, we all have the possibility of becoming gods, especially you."

Shudeli Molly shook her head and said with an extremely serious expression:

"Father, I'm not talking about becoming a god."

Hearing this.

Shudeli Haotu was stunned for a moment and couldn't help but say:

"Molly, you are too young. Sometimes you will infinitely magnify a person's talent. I also admit Snow Emperor's talent, but I still think it is unlikely that he can become above the gods."

In the arena.

The battle is still going on.

To be precise.

It's the Crimson Flower Demigod being beaten unilaterally.

The Crimson Flower Demigod found that after teleporting, the arrows would still teleport with her.

But if she ran by herself, the arrows would not teleport, but would follow her with a normal bullet speed.

So.

The Crimson Flower Demigod started to run, trying to get rid of Lin Tianhao's arrows with her extremely fast movement speed.

But she found that.

She couldn't get rid of Lin Tianhao's arrows at all.

The arrows chasing her from behind were becoming more and more numerous.

"If this speed continues, when there are enough arrows chasing the Crimson Flower Demigod, she may be instantly killed."

Shudeli Molly expressed her opinion.

Los Jingkong and Yue Lun Kezu both looked ugly.

They didn't speak, but they were also very clear that Shudeli Molly wasn't joking.

If this continues, the Crimson Flower Demigod may be killed.

Shudeli Haotu looked at this scene, "Yue Lun Kezu, what do you think, how should we negotiate?"

Although this question was directed at Yue Lun Kezu, Yue Lun Kezu also knew what Shudeli Haotu meant.

The strength that Lin Tianhao is showing now is too terrifying. If they insist on being enemies with Lin Tianhao, the consequences will be unimaginable.

"Actually, when I came today, I already knew that we must make concessions in today's negotiations."

"It's just that I don't know to what extent we need to make concessions, and I don't want to face it."

Yue Lun Kezu's voice was filled with sadness, "I thought about the revival of Fan Temple, but I never thought about the situation today."

Shudeli Haotu sighed, "Yes, I never thought about the situation today either."

In the arena.

The Crimson Flower Demigod also realized the seriousness of the problem.

She immediately left the Fan Temple range and flew towards the Moon Wheel Empire's resurrection altar.

Watching the Crimson Flower Demigod fly away.

Lin Tianhao did not continue to attack, but looked at Shudeli Haotu.

"Second Palace Master Haotu, what do you think?"

Shudeli Haotu smiled slightly, "Your methods are indeed a bit beyond my expectations, but the premise is that the gods around you must be able to protect you."

Obviously.

Shudeli Haotu still hadn't thought about compromising like this.

He was still trying to put pressure on Lin Tianhao.

Lin Tianhao is not a three-year-old child. Shudeli Haotu wanted to scare him like this, obviously underestimating him too much.

"If you think so, then there is no need to talk. I need the power of the gods now, what about in the future?"

"Don't forget my growth rate!"

Lin Tianhao's voice was calm, seeming not like a threat, but more like stating a fact.

"Of course."

"If you think your growth rate is faster than mine, then you can try."

Hearing this.

Shudeli Haotu, Yue Lun Kezu, Los Jingkong and others all looked very ugly.

They knew that Lin Tianhao was very arrogant, but they didn't expect Lin Tianhao to be so arrogant.

"Since this is the case, then there is no need to test each other. We are here today to talk about the five cities and ten towns. You can talk about your thoughts."

"Thoughts?"

Lin Tianhao smiled and continued: "The Moon Wheel Empire attacked my Mountain and Sea Empire, and we retaliated, which is reasonable."

"We are not wrong in this matter. The Moon Wheel Empire is wrong. Therefore, the Moon Wheel Empire needs to compensate us with ten more cities and twenty towns!"

Yue Lun Kezu roared angrily:

"Snow Emperor, you are dreaming. We are here today to ask you for compensation. You're good, you dare to ask me for compensation!!"

Chapter 453 - In that case, then leave your life behind!

Lin Tianhao's expression remained calm, with even a hint of a smile on his face.

"I'm just stating my demands according to what Second Master Haotu said. As for whether you agree or not, I won't force it."

At this point.

Lin Tianhao changed the subject and lowered his voice, saying:

"If you don't compensate, then I'll just take it myself."

"You!!"

Yue Lunkezu was furious, but he couldn't do anything about Lin Tianhao.

"Second Master Haotu, you have to say something fair about this matter."

Xiudeli Haotu pondered slightly, then slowly said:

"Snow Emperor, the matter of territory is too sensitive. I hope you can understand."

"Understand?"

Lin Tianhao couldn't help but sneer: "Second Master Haotu, what you said is too casual."

"Since you said the territory is too sensitive, shouldn't this matter be handled more seriously?"

Xiudeli Haotu nodded, "Compensation is possible, but ten cities and twenty towns are too much."

When Yue Lunkezu heard this, he immediately became anxious.

He immediately wanted to say something, but before he could speak, Xiudeli Haotu raised his hand to interrupt him.

Xiudeli Haotu looked at Lin Tianhao very calmly and said:

"Moreover, compensating with cities is definitely not feasible. I think we can use something else instead."

When Lin Tianhao heard this, he became even more certain of his guess.

They don't intend to open the territory issue.

Even if he has the advantage today, they don't want Lin Tianhao to take the territory of the Yue Lun Empire.

"Replace it with something else? I wonder what the Yue Lun Empire can offer that would make me compromise?"

"This can be discussed."

"Okay, one hundred Divine-grade Hidden Class Change Scrolls, and the matter of ten cities and twenty towns will be considered settled."

"One hundred copies?"

Yue Lunkezu thought he had misheard.

"Snow Emperor, do you think Divine-grade Hidden Classes are common things? You're asking for one hundred copies."

Yue Lunkezu didn't know what to say for a moment.

This is really treating Divine-grade Hidden Classes as cheap goods.

"Snow Emperor, let's forget about this unrealistic compensation."

"One hundred Equipment Evolution Scrolls, or twenty Talent Evolution Flowers, how about that?"

Xiudeli Haotu came out to smooth things over.

It's just that his smoothing things over made Lin Tianhao very unhappy.

Is this smoothing things over?

This is clearly playing rogue!

And it's playing rogue without any reason at all.

At this time.

The Scarlet Flower Demigod finally returned.

Her expression was very ugly at this time.

Because what Lin Tianhao said had come true.

If she hadn't run away, Lin Tianhao would have really killed her.

It's just that she had only just returned when she realized that the atmosphere here was a bit wrong.

She had just landed.

When she heard Lin Tianhao say:

"This time it's a negotiation, so the Scarlet Flower Demigod is still alive."

"If it weren't for the negotiation, do you believe that she would already be dead now!!"

Lin Tianhao's voice wasn't loud, but it made the Scarlet Flower Demigod's expression even uglier.

The reason is nothing else.

Lin Tianhao's words were really too hurtful.

"Snow Emperor, I don't want to say any threatening words. We've all come here today, so you should know our attitude."

Xiudeli Haotu's voice carried a hint of coldness, "If we can reach an agreement on today's matter, that would naturally be the best."

"But if we can't reach an agreement..."

Xiudeli Haotu still wanted to continue speaking, but Xiudeli Moli beside him pulled him.

Xiudeli Moli shook her head at him, signaling him not to continue.

Xiudeli Haotu didn't care, "Moli, don't worry, Father knows what he's doing."

After saying that.

Xiudeli Haotu once again focused his gaze on Lin Tianhao.

"If we can't reach an agreement, the other holy land powerhouses of the Vast Continent will all attack you. When billions of troops are at your city gates, it will be the common people who suffer!"

Lin Tianhao smiled. It was like this again, pointing fingers from the moral high ground.

To be honest.

Lin Tianhao didn't like this kind of pointing fingers from the moral high ground.

Especially.

When the person who said these words was extremely hypocritical himself.

Lin Tianhao looked at Xiudeli Haotu indifferently, like he was watching a clown.

"Do you know how ridiculous you sound when you say that? Don't you know why the Fan Temple is dormant?"

"Don't you know who the original owner of the Vast Continent was? How do you, an outsider, have the courage to say such shameless words!!"

Shangguan Hongxun and Ouyang Wenlong in the distance were stunned.

The Scarlet Flower Demigod, Losu Jingkong, and Yue Lunkezu were even more dumbfounded.

It had been a long time since someone dared to speak to the people of the Vast Limitless Palace like this.

Especially since the person in front of them was the Second Palace Master of the Vast Limitless Palace, who was a remarkable powerhouse himself.

"Snow Emperor, you've finally revealed your true thoughts. You want to completely revive the Mountain and Sea Empire."

Xiudeli Haotu looked at Lin Tianhao with cold eyes.

"The Yue Lun Empire is just the beginning. Next, all of us, as long as we exist on the Vast Continent, you will all clear us out, right?"

This seemed to be a question, but Xiudeli Haotu obviously already had the answer in his heart.

After these words were spoken.

After these words were spoken, Xiudeli Haotu exuded a powerful pressure from his body.

"Snow Emperor, you think you're very strong, but you will soon realize how foolish your decision today is!!"

Lin Tianhao smiled noncommittally.

"These words should be what I say to you."

Hearing these words.

Xiudeli Haotu just smiled and didn't say anything.

"Since that's the case, then let's meet on the battlefield!"

After Xiudeli Haotu said this, he immediately prepared to leave.

Lin Tianhao sighed.

"Actually, it's quite good for me to cooperate with your daughter, but compared to your daughter, you are too foolish."

Xiudeli Haotu shook his head, "No, it's my daughter who overestimated you."

"Is that so? Since that's the case, then please use your life to see if your daughter overestimated me!"

Lin Tianhao's voice was calm. He had already made up his mind to kill.

Someone must die today!

It could be someone else, or it could be Xiudeli Haotu.

And Lin Tianhao wanted Xiudeli Haotu to die.

Even if his daughter Xiudeli Moli had some cooperation with him, that was not a reason for Xiudeli Haotu to live.

"Kill me?"

Xiudeli Haotu couldn't help but sneer. He looked at Lin Tianhao and asked:

"Snow Emperor, I didn't hear wrong, did I? You want to kill me? Do you think you have the ability to kill me?"

"Just now, your methods were indeed a bit skillful, but if I leave your sight, you probably won't be able to continue attacking me, right?"

"Father."

Xiudeli Moli's expression changed drastically, "Snow Emperor has never made such jokes. The people he says he wants to kill are all dead!!"

Chapter 454 - Someone must die here today!

With that said.

Xiudeli Molly looked at Lin Tianhao and pleaded:

"Snow Emperor, I will persuade my father. Our Boundless Expanse Palace will not interfere in the affairs of the Moon Wheel Empire in the future."

"Can you represent the Boundless Expanse Palace?" Lin Tianhao asked.

"She can't."

Xiudeli Haotu answered this question.

"Snow Emperor, I really want to know, how are you going to kill me?"

Xiudeli Molly's face was pale.

She knew it was over!!

With her understanding of Lin Tianhao, her father's provocation meant that there was no room for maneuver.

"Okay, then you can watch carefully."

Lin Tianhao sacrificed the Seven Treasures Exquisite Pagoda, which was a blessing from Pagoda-Bearing Heavenly King Li.

At the same time as sacrificing the pagoda, Lin Tianhao also asked the Sea God Poseidon and Blackheart Dragon to release their divine might at the same time.

The double divine might brought great pressure to Xiudeli Haotu.

"Receive!!"

Lin Tianhao pulled Xiudeli Haotu into the Seven Treasures Exquisite Pagoda.

His Heavenly Punishment could indeed not continue to attack once it lost sight of him.

But what if Xiudeli Haotu was trapped in the Seven Treasures Exquisite Pagoda?

Xiudeli Haotu's expression changed drastically. He originally had the power to resist.

However, the appearance of the double divine might prevented him from resisting and he was taken into the Seven Treasures Exquisite Pagoda.

As soon as he was taken into the Seven Treasures Exquisite Pagoda, Lin Tianhao activated Heavenly Punishment, maxing out his attack speed to nine arrows per second.

Nine arrows per second with three heads and six arms could be considered very weak.

However, Lin Tianhao's damage and the lock-on of Heavenly Punishment, coupled with the protection of the gods and the restrictions of the Seven Treasures Exquisite Pagoda, the result was self-evident.

Xiudeli Haotu quickly realized that things were not good. Without the slightest hesitation, nine talismans appeared in his hand.

He crushed all nine talismans at the same time.

At the same time.

Nine puppets in dark golden armor appeared, and they began to frantically attack the Seven Treasures Exquisite Pagoda, trying to destroy it.

But how could Lin Tianhao let him succeed?

"Blackheart Dragon!"

Lin Tianhao directly ordered Blackheart Dragon to attack.

These dark golden armored puppets were simply unable to withstand Blackheart Dragon.

And Lin Tianhao's feather arrows were still flying towards Xiudeli Haotu.

Outside the Seven Treasures Exquisite Pagoda.

Xiudeli Molly paced back and forth, very worried.

She couldn't help but worry.

Because of some things Lin Tianhao had said before, some things that sounded absurd.

He really did them.

"Miss Molly, you don't need to worry. Although Snow Emperor has some skills, wanting to kill your father is just wishful thinking."

Xiudeli Haotu was obviously more powerful than Red Flower Demigod.

"You are all wrong. I have been in contact with Snow Emperor, and I understand him too well. He will not do things he is not sure of."

With that said.

Xiudeli Molly looked at Red Flower Demigod meaningfully.

"Senior Red Flower, if my father is killed later, I beg you to work with me to use the Resurrection Technique to resurrect my father."

She possessed the Resurrection Technique, but she was too weak.

It was almost impossible for her to resurrect her father on her own.

After all, the success rate of the Resurrection Technique itself was very low.

However, if Red Flower Demigod was willing to cooperate with her, there was still a good chance to resurrect her father.

Red Flower Demigod was stunned, and she wondered if she had misheard.

"Molly, do you believe in Snow Emperor so much? Are you so sure that he can kill your father?"

Xiudeli Molly nodded heavily, "I have seen countless possibilities in Snow Emperor, especially, I am very clear that there is definitely more than one god by his side."

With that said.

Xiudeli Molly looked at Moon Wheel Ke Cu and gritted her teeth: "Is that so? Senior Ke Cu!"

Moon Wheel Ke Cu was startled, and he hesitated.

Yes.

He hesitated.

Everyone thought that there should be a god by Lin Tianhao's side.

Moon Wheel Ke Cu also told them so.

However, Moon Wheel Ke Cu himself was very clear.

There should be at least two gods by Lin Tianhao's side!

Because that night when Lin Tianhao led people to attack the Moon Wheel Empire, two gods descended on their Moon Wheel Empire at the same time.

One in the Holy Land, one in the palace!

It's just.

In order to get the people from Boundless Expanse Palace to come over, he lied.

Red Flower Demigod and Losu Jingkong understood something when they saw Moon Wheel Ke Cu hesitate.

They looked at Moon Wheel Ke Cu and said angrily: "Moon Wheel Ke Cu, you are courting death!!"

"Having one more god by his side, do you know what that means? If Second Palace Master Haotu dies because of this, have you thought about what consequences you will bear?"

Red Flower Demigod roared furiously.

She was really angry, misjudging Lin Tianhao's strength, especially hiding a god, was a very terrifying thing.

"I... I didn't expect things to develop like this today."

"You!!"

Xiudeli Molly couldn't wait to tear Moon Wheel Ke Cu to pieces, but thinking about her current lack of strength.

She finally gave up.

Shangguan Hongxun and Ouyang Wenlong heard their conversation, and their emotions were a little excited.

Their Palace Master had two gods by his side, and the foundation of their Mortal Palace instantly improved.

When the time came, let's see who would dare to underestimate their Mortal Palace.

It's just.

They also thought about it.

If Lin Tianhao really killed the Second Palace Master of Boundless Expanse Palace, what would be the consequences?

Especially now that the Mortal Palace itself was being pressured by the major holy lands.

For a time.

Shangguan Hongxun and Ouyang Wenlong didn't know whether they should be happy or worried.

Inside the Seven Treasures Exquisite Pagoda.

Xiudeli Haotu was already a little frightened at this time.

Lin Tianhao's damage was too high.

He was a demigod, and he had equipment that exempted critical strike damage, and his health recovery ability was also very good.

However, Lin Tianhao fired nine arrows per second, which meant.

One arrow for 4.52 million!

Nine arrows were 40.68 million!!

He had a skill similar to the Bloodthirsty Dragon Armor, which allowed him to recover 50% of his health after taking damage.

In addition to some other health recovery methods, he could actually withstand Lin Tianhao's damage through health recovery methods.

However, his other methods included using one-time health recovery items and potions.

Since they were one-time health recovery items and potions, then he would definitely run out of them.

If he ran out, he might really die.

Moreover.

He could feel it.

Lin Tianhao's damage was increasing at a slight speed.

It showed that Lin Tianhao was using him to stack health points.

His idea was actually not wrong.

Lin Tianhao fired nine arrows per second, and he could stack twenty-seven health points per second. Adding the four points from the Book of Life and Death, he could increase thirty-one health points per second.

One minute was one thousand eight hundred and six. If he continued like this, his health points would increase a lot.

Lin Tianhao had already begun to pray, praying that this Second Palace Master Haotu could last longer.

Because in this way, he could increase even more health points.

Chapter 455 - Double resurrection!

"Xue Di, let's end it here. You can't kill me in a short time, and if we continue this stalemate, you won't feel good either."

Lin Tianhao: ? ? ?

Won't feel good either?

He wished he could maintain this for a few months.

After all, according to the current rate of stacking life value, he can stack more than 2.6 million a day.

Adding the life value increase from the Tears of the Goddess of Life and Fatty's bond, the actual life value he increases per day is as high as 3.4 million.

In this way, his Hand of Heavenly Punishment can be upgraded to four stars in a day.

At that time, a normal attack can stack four points of life value.

Of course.

Currently, these are just Lin Tianhao's fantasies, and the situation he envisioned obviously does not exist.

Not to mention a day.

Given the current situation.

Xiudeli Haotu can't even hold on for an hour.

"I do hope you can keep going," Lin Tianhao said with a smile.

Xiudeli Haotu is not a fool either, and naturally saw that Lin Tianhao was using him to stack attributes.

If it continues, it will really be playing into his hands.

"Xue Di, let's end it here."

Xiudeli Haotu finally compromised, "I admit your strength, but killing me won't do you any good."

Lin Tianhao smiled, "Of the people I said I would kill, only two types can live."

"Which two types?" Xiudeli Haotu subconsciously asked.

"The first type, powerful enough that I can't kill them."

Xiudeli Haotu was obviously not the first type, so he directly asked: "Then what about the second type?"

"Buying your life, give me enough benefits in exchange for me not killing you."

Xiudeli Haotu's face sank slightly. He knew that he, like Chihua Banshen and the others, was going to be extorted by Lin Tianhao.

Just as Xiudeli Haotu was about to say what benefits he could offer, a feather arrow landed on him.

And then... he died!!

It was the Wheel of Death!!

Although when facing high-level, high-grade existences, this kind of probability would be suppressed very, very low.

But even if it's low, there is still a tiny bit of chance.

Unfortunately.

Xiudeli Haotu encountered this tiny bit of chance.

It's just.

This was not a good time. Compared to killing Xiudeli Haotu, Lin Tianhao wanted to get more benefits from him.

After all, he was the Second Palace Lord of Haomiao Wuji Palace, and he should have a lot of good things.

Hiding or not hiding was no longer important.

"Server-wide announcement, congratulations to player Xue Di for successfully killing Xiudeli Haotu, hereby announced, hoping that the majority of players will continue to work hard!!"

... ..

The sound of the server-wide announcement rang out.

Outside the Seven Treasures Exquisite Pagoda.

Xiudeli Moli's face was pale.

Although she had already anticipated the result, she still felt some grief when she really heard that her father had been killed.

In other parts of the Haomiao Continent, many powerhouses were shaken by it.

After all, many of them knew a big figure like Xiudeli Haotu.

"Xue Di killed Xiudeli Haotu, is he crazy? Isn't he afraid of suffering the Haomiao Wuji Palace's crazy revenge?"

"The Second Palace Lord of Haomiao Wuji Palace died? This Xue Di is too brave, but how could an adventurer like him kill the Second Palace Lord of Haomiao Wuji Palace at this stage?"

"It seems that the Haomiao Continent is about to usher in a major change, a chaotic world is coming."

... ..

The Second Palace Lord of Haomiao Wuji Palace died.

If he had just died at the hands of an ordinary player, that would have been fine.

But this player was also the Palace Master of Fan Palace, which was not simple.

At this time.

Fan Palace, above the central square.

Lin Tianhao did not leave the Seven Treasures Exquisite Pagoda immediately, but began to loot the corpse.

Since he was dead, he could only squeeze out the last bit of value.

"Ding, you have obtained the Divine Power Haomiao Wuji."

"Ding, you have obtained equipment +2."

"Ding, you have obtained the waist tag of the Second Palace Lord of Haomiao Wuji Palace."

"Ding, you have obtained free attribute points +1000."

"Ding, you have obtained..."

... ..

The reward for killing Xiudeli Haotu was indeed generous, giving 1,000 free attribute points.

Looting the corpse ended.

Lin Tianhao then brought out Xiudeli Haotu's body.

Seeing her father's body, Xiudeli Moli rushed up immediately.

Normally speaking.

The shorter the death time, the greater the chance of resurrection.

Therefore, Xiudeli Moli wanted to resurrect her father as soon as possible.

"Chihua Senior, help me!"

At the same time as speaking.

An dark golden book had already appeared in Xiudeli Moli's hand.

The book exuded a faint light, and complicated incantations were recited from Xiudeli Moli's mouth.

Chihua Banshen's fingertips trembled slightly, and she actually hesitated for a moment.

Because if Xiudeli Haotu died, Haomiao Wuji Palace would inevitably fight Lin Tianhao to the death.

But it was only a moment of hesitation.

She was very clear that if she didn't take action, Haomiao Wuji Palace would also hold her accountable.

This was not what she wanted to see.

Therefore.

After a moment of hesitation, she still took action.

Chihua Banshen and Xiudeli Moli simultaneously released the Resurrection Spell.

Lin Tianhao knew they were using the Resurrection Spell.

This was the first time in Lin Tianhao's life that he had seen someone else use the Resurrection Spell.

It's just.

Can they succeed?

To be honest, Lin Tianhao didn't quite believe they could do it.

The probability of the Resurrection Spell was too low, even if two Resurrection Spells were used, it might not help.

Although Chihua Banshen released the Resurrection Spell later, because of its grade, her Resurrection Spell's light descended from the sky first and fell on Xiudeli Haotu.

The light enveloped Xiudeli Haotu, and it continued without dissipating.

The body of Xiudeli Haotu, shrouded in the light, did not change at all. He was still lying there quietly, motionless.

Immediately after.

The light released by Xiudeli Moli fell.

After this second light fell, Xiudeli Haotu's body still did not change in the slightest.

Lin Tianhao watched quietly, he did not stop them for a reason.

After all, in the end, he did think about stopping and talking.

Chihua Banshen bit her lip and injected the strands of divine power she had accumulated into the light.

As a Demi-God.

It was extremely difficult for her to accumulate divine power.

It was generally kept for saving lives.

But today she still used a part of it, because she knew very well what the consequences would be after Xiudeli Haotu's death.

Similarly.

She also knew.

This was an opportunity.

What she did, given the past style of Haomiao Wuji Palace, would inevitably give her compensation, and would also owe her a big favor.

Among the onlookers, the most nervous was undoubtedly Yue Lunkezu.

After all, in his opinion, it was because he concealed the matter of the second god that he killed Xiudeli Haotu.

Chapter 456 - Get ten cities and twenty towns!

Shudeli Molly felt somewhat grateful when she saw the Red Flower Demigod use divine power.

But seeing no sign of her father's revival, her face turned extremely unpleasant.

Suddenly.

"Don't, if you die too, the vast continent will truly be in chaos."

Lin Tianhao didn't know why the Red Flower Demigod was so nervous, but he also realized that Shudeli Molly was probably going to do something extremely bad.

"She's going to sacrifice her own source power to use 'Words Become Law'."

The voice of the Sea God Poseidon echoed in Lin Tianhao's mind.

Accompanying the fall of the Sea God Poseidon's voice.

Shudeli Molly had already floated into mid-air.

The dark golden book in her hand opened, and she slowly spoke.

"Father, come back to life!"

A very simple sentence, but it seemed to drain all of Shudeli Molly's energy.

The equipment on her body, including the book in her hand, all shattered.

Her attributes underwent earth-shattering changes in Lin Tianhao's eyes.

Shudeli Molly (Normal): Level 1.

Health Points: 1 / 1.

Attack: 1.

Skills: Words Become Law, Purification, Resurrection.

This was sacrificing herself to the extreme. In this situation, even an ordinary player could kill her with a little forced damage.

The double resurrection spell, coupled with the source-sacrificing 'Words Become Law', finally worked.

Shudeli Haotu, who had been lying there motionless, slowly moved and finally opened his eyes.

Seeing this scene.

Shudeli Molly cried with joy, and the others breathed a sigh of relief.

But then.

Everyone looked at Lin Tianhao with vigilance.

Obviously.

They were all worried that Lin Tianhao would strike again, in which case there would really be no room for maneuver.

"Second Palace Lord Haotu."

Lin Tianhao looked at the newly resurrected Shudeli Haotu.

Shudeli Haotu's face was very unsightly. He saw his daughter's state and could vaguely guess something.

"Along the way, many people have tried to stop me from completing my mission, but their ultimate fate has not been good."

Lin Tianhao's voice was not loud, but it carried a faint sense of oppression.

Shudeli Haotu's expression was somewhat solemn. He looked at Lin Tianhao and said in a deep voice:

"I can see that you are doing things with the will of the Eastern gods, but sometimes, we simply have no choice."

"Just like they would have stopped you from reviving the Shan Hai Empire, we are the same. Not stopping you is destruction, stopping you still leaves a glimmer of hope."

Shudeli Haotu's attitude in these words was already very clear.

His words.

Made the atmosphere even more tense.

They all knew.

Lin Tianhao could kill Shudeli Haotu once, and he could kill Shudeli Haotu a second time.

Shudeli Haotu himself also knew.

But he did not shrink back or fear because of this.

As the Second Palace Lord of the Boundless Limitless Palace, he still had this courage.

"Why is not stopping you destruction? You can still make other choices, such as... pledging allegiance to our Mortal Palace."

Hearing this.

Everyone present felt that Lin Tianhao was crazy.

He actually tried to make such a behemoth like the Boundless Limitless Palace pledge allegiance. No matter how you look at it, this was a pipe dream.

"Snow Emperor, have you ever thought that even the Land of Chaos and the Star Kingdom have gods behind them, would our Boundless Limitless Palace have none?"

"You have only placed the Holy Land's greatest reliance on the surface, and we have not done so, but it does not mean that we will not do so."

At this point.

Shudeli Haotu changed the subject and said coldly:

"The Boundless Continent has maintained its current situation for a long time, and I will never allow anyone to break the current situation."

Lin Tianhao's expression was indifferent, "I originally thought that your Boundless Limitless Palace would not provoke the East-West confrontation, but now it seems that I have thought too simply."

Shudeli Haotu shook his head, "It has nothing to do with the East-West confrontation, but I am already used to the current life, and I will not allow anyone to break it."

"Is that so?"

Lin Tianhao smiled noncommittally, "I also advocate peace. If it can be resolved peacefully, that is naturally the best."

At this point.

A cold light flashed in Lin Tianhao's eyes, "But if someone wants to make trouble for me, I am not someone to be easily bullied."

"You!!"

Shudeli Haotu's face was extremely gloomy. How could this guy have the face to grandly say that he advocated peace?

"Since that's the case, then there's nothing to talk about." Shudeli Haotu said angrily.

Lin Tianhao didn't care and waved his hand indifferently.

"Your daughter can revive you once, but I wonder if your daughter can revive you a second time?"

The meaning of Lin Tianhao's words was already very clear.

If the Boundless Limitless Palace had such an attitude, then Shudeli Haotu was destined to die here today.

Upon hearing Lin Tianhao's words.

Shudeli Haotu's aura became somewhat chaotic.

He knew very well that Lin Tianhao was not joking.

"Snow Emperor, according to what you said before, the Moon Wheel Empire will compensate you with ten cities and twenty towns. As for what happens later, we will talk about it later."

"Good."

A smile appeared on Lin Tianhao's face, "It is indeed easy to talk to smart people."

Moon Wheel Ke Cu beside him wanted to say something but stopped, but in the end, he didn't say anything.

He had concealed information and had already offended the Boundless Limitless Palace.

If he dared to say no at this time, he might really be pinned to the ground and frantically rubbed.

"Okay, I will arrange for my people to give up the city."

Moon Wheel Ke Cu knew the current situation. He had to make concessions. If he didn't make concessions, the other Holy Lands might isolate him.

"Ouyang Wenlong, arrange for people to take over the city. Before my people take over the city, please stay in our Mortal Palace for a while longer."

Red Flower Demigod's face was cold and stern, and she rebuked: "You don't trust us?!"

Lin Tianhao smiled, "Do you have anything that is worth my trust?"

Red Flower Demigod was somewhat annoyed. She still wanted to say something, but she was stopped by Shudeli Haotu raising his hand.

"Since he wants peace of mind, then let's wait."

Shudeli Haotu had already spoken, and the others didn't say anything more.

After waiting for six hours, Ouyang Wenlong sent back the news that the city had been given up.

At the same time.

The task of Lin Tianhao's two God-Given Blessing pre-quest scrolls was also completed.

"Snow Emperor, you have already obtained what you wanted."

Moon Wheel Ke Cu said in a deep voice.

"Then I won't see you off."

Lin Tianhao didn't say much. He just wanted everyone to know that his Mortal Palace was not a place where anyone could come and go as they pleased!!

Once you come, you will lose a layer of skin even if you don't die!!

Chapter 457 - Clay figures and seventy-two transformations!

Shudeli Haotu took a meaningful look at Lin Tianhao, and finally left with a few people without saying anything more.

Lin Tianhao knew that after today's events, he had completely fallen out with these holy lands of the Vast Continent.

He just didn't know what they would do next, whether they would really bring a large army as Shudeli Haotu said.

If the other powerhouses of the Vast Continent joined forces, it would indeed be very troublesome.

But he wanted to revive the entire Mountain Sea Empire, and this path was extremely difficult in itself.

Retracting his thoughts.

Lin Tianhao began to use the Blessing of the Gods without hesitation.

"Ding, you have used the Blessing of the Gods, the Gods are blessing you..."

"Ding, Goddess Nuwa is blessing you..."

"Ding, you have obtained the skill Sculpting Clay into Humans."

Sculpting Clay into Humans?

Lin Tianhao was stunned for a moment, he knew the legend of Nuwa creating humans.

What is this Sculpting Clay into Humans?

Sculpting Clay into Humans: 1 Star.

Effect: You can use clay to sculpt human figures, thereby transforming them into real people. Currently, you can sculpt ordinary humans of level twenty.

Consumption: None.

Cooldown: None.

Proficiency: 0/10000.

(Note: The people you sculpt are absolutely loyal to you, but their descendants may develop disloyalty.)

A look of astonishment appeared on Lin Tianhao's face.

This skill.

Seems a bit strong.

One star is a level twenty ordinary human, what about two stars?

Lin Tianhao felt a little excited just thinking about it.

He just didn't know how fast he could sculpt clay people, but it seemed that as long as he was proficient.

The speed of sculpting clay people shouldn't be too slow.

If he could sculpt tens of thousands of clay people a day, Lin Tianhao could sculpt an army of millions in a year.

Of course.

The specific speed of sculpting clay people still needs to be tested later.

If it works, then he can quickly build an army loyal to him.

However, this skill seems to be similar to the skill stripped from the God of the Undead by the Godslayer Mark.

Next.

Is the second Blessing of the Gods.

"Use the Blessing of the Gods."

"Ding, you have used the Blessing of the Gods, the Gods are blessing you..."

"Ding, Patriarch Bodhi is blessing you..."

"Ding, you have obtained the Seventy-Two Transformations."

Lin Tianhao was a little surprised, because the orthodox Seventy-Two Transformations is more than just seventy-two kinds of changes.

Seventy-Two Transformations is a virtual number, in theory, many things can be transformed into.

Seventy-Two Transformations: Cannot be upgraded.

Effect: You can transform into the appearance of anything you have seen, and simulate its corresponding attributes.

Consumption: 10000 Mana.

Cooldown: None.

Proficiency: Cannot be upgraded.

Sure enough.

It's just like what he guessed.

Seventy-Two Transformations is not just able to transform into seventy-two kinds of things.

The fact that he can transform into anything he has seen is really a bit perverted.

He just doesn't know if he will be easily seen through after transforming.

If he is easily seen through, then these Seventy-Two Transformations will be useless.

"Shangguan Hongxun."

Lin Tianhao directly called Shangguan Hongxun over.

"Lord Palace Master, what are your orders?"

Shangguan Hongxun was already absolutely loyal to Lin Tianhao.

Lin Tianhao's performance during this period has made him completely convinced.

Lin Tianhao smiled slightly, moved his body, and transformed into Ouyang Wenlong's appearance.

"Shangguan Hongxun, can you see any problems with me?"

As a Nine-Revolution Star Radiance level powerhouse, Shangguan Hongxun's strength is naturally beyond doubt.

If he can't see anything wrong, then these Seventy-Two Transformations are very promising.

"I can't see it, but if Lord Palace Master speaks, I can still hear some differences in the timbre."

"If you only look at the appearance, you can definitely pass off the fake as the real thing."

Lin Tianhao was secretly delighted, it seems that his Seventy-Two Transformations are really good.

"Okay, go and prepare some clay, preferably clay that can be directly used to sculpt clay people."

Lin Tianhao ordered again.

He wanted to try out the effect of his Sculpting Clay into Humans skill.

"Yes, Lord Palace Master."

Shangguan Hongxun didn't know what Lin Tianhao wanted to do.

But as long as it was what Lin Tianhao ordered, he would spare no effort to complete it.

After Shangguan Hongxun left, Lin Tianhao was thinking about what he should do next.

At Shangguan Hongxun's speed, it is estimated that it will still take some time.

Lin Tianhao's time is very tight now, and there are many things waiting for him to deal with.

Currently, the most urgent thing should be Youming Island.

The Youming Qi emitted from Youming Island is affecting the coastal areas of the Mountain Sea Empire.

Moreover, there are two known gods in the Youming Sea.

One is the Dark Night Spirit God Moilai, from whom Lin Tianhao has been fleeing.

As for the other one, it is the one on Youming Island.

If these two gods can be included in the Conferred God List, then the God of the Undead will definitely be able to recover.

In addition to these two gods, he will have five gods in full bloom in one breath.

In this way, when facing the next storm, he will also be able to have more sufficient heritage.

With this in mind.

Lin Tianhao used the Seventy-Two Transformations to directly transform into a passer-by he had seen in Fudlan City.

Then he took a step and reappeared in Fudlan City.

This Fudlan City is still the same as when Lin Tianhao came last time.

It is very similar to the architectural style of the modern Western 20th century.

Lin Tianhao knows that this place is very xenophobic, and they seem extremely unwilling for anyone to enter here.

Anyone who comes here, they will define as a bloodthirsty demon and then expel them.

Therefore.

Lin Tianhao was not in a hurry to find what he wanted to find, he was walking very normally on the street.

Familiar with the streets here, of course, more is to be familiar with the social rules here.

Lin Tianhao's feeling is that the social rules here are also similar to those of the 1970s and 1980s.

Fudlan City is larger than any city Lin Tianhao has ever been in contact with.

From his current observation, more than 30 million humans and... lizardmen live in Fudlan City.

That's right.

It's lizardmen!

Lin Tianhao has fiery eyes and golden pupils, and he can see that there are some lizardmen hidden in Fudlan City.

They are very well disguised, each dressed in a dignified manner, and seem to be wealthy businessmen and dignitaries of Fudlan City.

This made Lin Tianhao even more certain of his guess.

This Fudlan City is probably already ruled by lizardmen.

Based on this speculation, it can be roughly known that the body of the god on Youming Island should be a lizard.

Lin Tianhao walked and watched, while also capturing and searching for Youming Qi.

There is indeed a faint Youming Qi in this Fudlan City, but it is not strong.

At least.

It doesn't seem like the kind of place that can emit a huge Youming Qi to affect the Mountain Sea Empire.

Chapter 458 - The person from the holy land who appeared on Nether Island!

From the Nether Sea, one can see that the source of the Nether energy is indeed Nether Island.

There should be no mistake about this, it's just that he hasn't discovered it yet.

Lin Tianhao was wandering around until evening when he suddenly saw a familiar figure.

It was none other than the lizardwoman captain who had expelled Lin Tianhao last time.

She entered a coffee shop, seemingly to meet someone.

This lizardwoman captain must know something. If he wants to break the situation in Fordland City, perhaps he should start with the lizardmen.

After waiting for more than ten minutes, the door of the private room opened, and the lizardwoman walked out.

Following closely behind was another person.

However.

When Lin Tianhao saw this person, he couldn't help but be a little surprised.

Losville (Star Radiance): Ninth Revolution.

Health Points: ???

Attack: ???

Skills: ???

This person was too conspicuous.

Especially.

He shared the same surname as Los Jingkong, which inevitably made Lin Tianhao think more.

What could be the reason for someone from Icefire Los Island to appear here?

Lin Tianhao suddenly thought of how Icefire Los Island had risen suddenly after the Great Cataclysm in his previous life, surpassing the Boundless Limitless Palace.

It was rumored that they relied on some strange methods.

Could it be that the sudden rise of Icefire Los Island was related to Nether Island?

After all, a holy land-level force would need a huge amount of energy behind it to rise suddenly.

This was not something ordinary people could do.

And Fordland City, a large city with a population of over 30 million, also had a god sitting behind it.

Not only that.

It was also continuously emitting Nether energy, which showed that the waters of Fordland City were deeper than they appeared on the surface.

Therefore.

The sudden rise of Los Icefire Island was likely related to Fordland City.

However, Lin Tianhao didn't know what they were talking about, so he could only observe first.

The lizardman captain and Losville quickly separated, and Lin Tianhao followed the lizardman captain.

He was still following the lizardman captain. As for Losville, Lin Tianhao felt that there was no need to track him now.

Because the lizardman captain's level and rank were not high enough, this should be the initial cooperation between Los Icefire Island and Fordland City.

The lizardman captain walked towards the inner city of Fordland City.

However.

To enter the inner city, you need a permit, and Lin Tianhao didn't have one. If he wanted to enter the inner city, he probably needed to plan it out.

Suddenly.

Lin Tianhao thought of a way.

He could transform. As long as he transformed into an inspector entering the inner city, wouldn't he be able to enter the inner city?

Lin Tianhao observed the list, and soon he found an opportunity: an inspector left.

Now was the time.

After the inspector left, Lin Tianhao immediately transformed into the inspector's appearance and walked out from the direction the inspector had left.

The other three inspectors didn't pay attention when they saw their leaving teammate return so quickly.

One of the slightly chubby men teased Lin Tianhao, "Jeru, did you forget to take paper to wipe again?"

Lin Tianhao smiled and said, "I did forget something, but it's not paper."

Saying that.

Lin Tianhao walked towards the inner city on his own.

The slightly chubby man immediately stopped Lin Tianhao, "Jeru, where are you going?"

Lin Tianhao smiled slightly, "Going to get something."

The slightly chubby man was puzzled, but he didn't think much about it and watched Lin Tianhao go in.

After entering the inner city.

Lin Tianhao found a deserted corner, transformed into another person, and strolled around the inner city.

Not long after Lin Tianhao entered the inner city, Jeru, who had gone to the toilet, returned.

But when he saw the direction Jeru was coming from, the slightly chubby man's expression changed drastically, and the other two inspectors also looked at Jeru in astonishment.

"Jeru, didn't you go in?"

Jeru couldn't help but curse, "I just went to the toilet, how did I go in? I think you're the one who's going in, your whole family is going in!"

The slightly chubby man immediately explained, "What are you thinking? I'm saying you went into the inner city."

"When did I go into the inner city? Are you seeing things because you've been going to the Scarlet-Haired Salon too much lately?"

The slightly chubby man's face turned red, "Don't talk nonsense, I didn't go last night."

At this point.

The slightly chubby man felt that he shouldn't have explained it like that, and immediately said:

"It's not just me who saw it, they saw it too."

The other two inspectors nodded, one of them seemed to have realized something.

"Jeru, are you deliberately playing with us? Going in from here and then sneaking out to scare us on purpose."

"Get lost!"

Jeru couldn't help but angrily say, "I think you're the ones who want to play with me."

Just as they were about to say something, a cold voice came.

"What are you doing?"

The four of them changed their expressions and immediately became serious.

"Lord Wallin, it's Jeru, he's joking and scaring me."

Hearing this.

Before the middle-aged man called Wallin could speak, Jeru retorted:

"Lord Wallin, it's them, I just went to the toilet, and they insisted that I went into the inner city."

Wallin's gaze swept over them and asked in a deep voice, "What exactly is going on?"

"Lord, we didn't play with him, we really saw him enter the inner city."

The other two inspectors also echoed, "Yes, Lord Wallin, we all saw it."

Wallin Morris frowned, he keenly sensed that something seemed a little wrong.

If it were before.

He might not have cared too much, but recently, outsiders had been entering Fordland City one after another.

The news had been passed down from above that they must pay attention and not let any Bloodfiends sneak in.

"Okay, report this matter immediately, no matter what the reason, it must be investigated."

Wallin Morris issued the order very decisively.

"The inner city is not like the outer city, you must pay more attention and never neglect your duties."

"Yes, Lord Wallin."

.....

Although Lin Tianhao had mixed into the inner city, someone already suspected him, so someone began to investigate.

Fordland City, inner city.

After Lin Tianhao came in, he couldn't find the lizardman captain for the time being, so he could only familiarize himself with the situation in the inner city first.

The number of lizardmen in the inner city was much larger than in the outer city.

Currently unable to find the lizardman captain, Lin Tianhao did not dare to let the gods recklessly release their divine sense.

In case he was discovered by the god behind them, it would be a waste of effort.

Of course.

Lin Tianhao actually had another option.

That was to directly meet the ruler of Fordland City and show his cards.

Lin Tianhao went all the way forward, and in Fordland City, there was also a core city.

At the gate of the core city, Lin Tianhao discovered something interesting.

That was that all those entering the core city were lizardmen.

"It seems that showing my cards directly is the best option at the moment."

Lin Tianhao transformed into the Palace Master of the Moon Wheel Demon Palace, Moon Wheel Kucu, and swaggered towards the core city.

Chapter 459 - Deputy Lord of Fordland City!

"Halt."

Lin Tianhao had only just approached when a powerful aura pressed down on him.

Immediately afterward, two experts wielding long spears emerged.

They looked quite similar, seemingly brothers.

Huming Daxiong (Gold): Eighth Rank.

Health Points: ???

Attack: ???

Skills: ???

An Eighth Rank Gold-level boss was quite strong at this stage, but Lin Tianhao didn't care.

Lin Tianhao spoke calmly, "Yuelun Demon Palace Master, Yuelun Kezu, wishes to see your city lord."

"Yuelun Demon Palace Master?"

Hearing the information Lin Tianhao revealed, Huming Daxiong pondered slightly, "Wait a moment."

He returned to the core city, seemingly to report.

After about fifteen minutes, Huming Daxiong reappeared.

He respectfully bowed to Lin Tianhao, "Our city lord is not in, but our deputy city lord is already waiting for you in the reception hall."

It must be said.

The Seventy-Two Transformations were truly useful.

Even Shangguan Hongxun, a Ninth Rank Star Radiance level expert, couldn't see through the deception, so the deputy city lord of Fudelan City shouldn't be able to see anything either.

Lin Tianhao followed Huming Daxiong into the core city.

The core city wasn't very large, and Lin Tianhao quickly arrived at the city lord's mansion in the center of the core city.

In terms of structure, it was somewhat similar to the main cities outside.

City Lord's Mansion, Reception Hall.

Health Points: ???

Attack: ???

Skills: ???

Without further suspense, everything was question marks.

In terms of rank, she was one level higher than Shangguan Hongxun, but judging from her expression, she didn't seem to see anything wrong with Lin Tianhao.

"I've long heard of the Yuelun Demon Palace, a top holy land in the Vast Continent, but it's a pity. If the Shanhai Empire doesn't revive, even if you swallow the Star Kingdom and the Land of Chaos, you'll only have a chance to surpass the Vast Boundless Palace."

Lin Tianhao smiled and said, "Shouldn't the real pity be for you? You could have used the Netherworld as a springboard to occupy the Land of Chaos and the Star Kingdom, and walked out of this small Netherworld Island."

"Hahaha!"

Xiaozhe Lanshi laughed, "It seems Palace Master Kezu has something to discuss today?"

“Could it be that you want to join forces with us to deal with the Shanhai Empire?”

Lin Tianhao shook his head and said seriously, "It's not."

“The Shanhai Empire has the support of the Mortal Hall, and the current hall master of the Mortal Hall is wise and powerful, with extraordinary strength. This time, he even killed the Second Palace Master of the Vast Boundless Palace.”

“Oh?”

“I've also heard about this. That fellow Xue Di is indeed remarkable.”

Indeed!

Lin Tianhao had long suspected that Fudelan City seemed to have no contact with the outside world.

But Lin Tianhao didn't think so.

It could be heard from Xiaoze Lanshi's words that they were obtaining information from the outside world.

“Actually, his strength is one aspect, the biggest problem is that he is an adventurer, and his future potential is unimaginable.”

“Now that he is already so strong, if he is given another three to five years, how far will he grow?”

Lin Tianhao's analysis made Xiaoze Lanshi nod repeatedly.

“In that case, you don't want to be enemies with the Shanhai Empire?”

“Of course not.”

Lin Tianhao, disguised as Yuelun Kezu, answered with certainty.

“What I want to do is to unite with you and attack the Xitu Empire together.”

“Ah!”

Xiaozhe Lanshi was stunned for a moment, "The Xitu Empire seems to be very low-key recently, and has no grievances with you, why do you want to attack the Xitu Empire?"

“To escape!”

Lin Tianhao's answer was still very simple, "Today that Xue Di was able to kill the Second Palace Master of the Vast Boundless Palace, what about in the future?"

“The Vast Boundless Palace can't stop Xue Di's footsteps, I have to make plans early.”

Xiaozhe Lanshi nodded, "I can understand that you want to make plans early, but why the Xitu Empire?"

“First, the Xitu Empire is close to the Northern Heavenly Sea. After we take the Xitu Empire, we can use the Xitu Empire as a springboard to learn from Binghuo Luosi Island and establish a maritime regime.”

“Second, the Xitu Empire has been very low-key these years, but it has been secretly plundering the resources of our Yuelun Empire. I have no reason to let them go.”

Hearing this.

Xiaozhe Lanshi pondered slightly and asked softly:

“What you said makes a little sense, but what can we get?”

“That depends on what you want? I am preparing to move the entire country to the sea, so I can give up many things in the Yuelun Empire.”

Xiaoze Lanshi smiled slightly, "I want women, a lot of women."

Lin Tianhao was a little surprised that the other party's request was actually for women, which Lin Tianhao hadn't expected.

“Women are not a problem, provided that you need to send troops to the Xitu Empire.”

“I want to see the women first.” Xiaoze Lanshi said.

Lin Tianhao pondered for a moment, and still said, "I can give you a hundred women first."

“Palace Master Kezu, don't joke, a hundred? Is there a need for cooperation?”

“I want ten thousand women, this is still the first batch.”

Lin Tianhao's eyes narrowed slightly, Xiaoze Lanshi was asking for too much.

But thinking of his means of creating people from clay, Lin Tianhao still said:

“Yes, but I won't take action. You help me take ten cities and twenty towns of the Xitu Empire, how about it?”

Xiaoze Lanshi's expression sank slightly, she didn't expect Lin Tianhao to agree.

But more than that, she felt that Lin Tianhao's request was a bit outrageous.

Ten cities and twenty towns, this is not a simple matter.

But thinking of ten thousand women, Xiaoze Lanshi was really tempted.

Especially.

If they capture cities, there will inevitably be women in those cities as well.

“Okay, when your women arrive, I will start the war.”

“For the first cooperation, I want you to act first, and then I will send the women over.”

Lin Tianhao said seriously, "You don't have to worry about me going back on my word. If I go back on my word, you can turn around and help the Xitu Empire to fight me."

Xiaoze Lanshi felt that something was wrong, but she couldn't say exactly what was wrong.

“You said it, this is the first cooperation, I need to see a thousand women first.”

Lin Tianhao's eyes narrowed slightly, he knew that the other party would not act without seeing the benefits.

But for him, giving Xiaoze Lanshi women was not an unacceptable thing.

Xiaoze Lanshi must have some unspeakable secrets for wanting women.

And the people created by pinching clay are absolutely loyal to him.

In this way, Lin Tianhao can obtain the other party's information.

"Five hundred."

Lin Tianhao naturally couldn't completely satisfy the other party's conditions.

What he wanted was to get Fudelan City to muddy the waters of the Vast Continent.

This can save him a lot of effort.

The Shanhai Empire's current foundation is still a bit difficult to face the entire Vast Continent head-on.

Therefore, outsmarting is a very necessary thing!

Chapter 460 - Defeat the Shanhai Empire and regain lost territory!

Xiao Ze Lanshi pondered slightly, and finally nodded, saying, "Okay, then I'll do as you say, five hundred."

"As soon as we see the person, our Underworld Island will immediately send troops."

Lin Tianhao nodded. This matter was a bit too smooth.

Especially since.

Underworld Island had previously shown itself to be detached from the world.

Would they really choose to expose themselves for a woman and send troops?

Lin Tianhao didn't know.

But thinking that he could create people from mud, five hundred people was nothing.

On this point, he didn't seem to need to worry.

"Five hundred people is not a small number. How should I bring them in?" Lin Tianhao asked.

Xiao Ze Lanshi smiled slightly, "That's simple."

After saying that.

She took out a gray-white dead fish eye from her bosom.

"This thing is the teleportation key to our Fodland City. You can use it to teleport your people over."

Lin Tianhao took the dead fish eye, and its information appeared before his eyes.

Fodland Fish Eye: Special item.

Effect: After use, you can teleport yourself and the people around you to the inner city teleportation array of Fodland City.

Durability: 100.

(Note: This item can teleport up to 10,000 people at a time and can only be used three times.)

Lin Tianhao raised his eyebrows. The effect of this Fodland Fish Eye was so great.

Ten thousand people is already an army.

If you master the forging method of this kind of item, it is entirely possible to have troops descend from the sky.

Of course.

Lin Tianhao can only think about it now.

This item obviously has many limitations.

"I'll go back and prepare now."

Lin Tianhao bid farewell and left immediately.

He didn't use the Kunlun Mirror directly, but waited until he was out of the city before using the Kunlun Mirror to leave.

Fodland City, City Lord's Mansion.

Not long after Lin Tianhao left, a very fat woman walked out slowly.

She was so fat that she looked like a meatball, and her entire face was folded together by fat, barely able to see a slit that was her eyes.

After looking at this fat woman, Xiao Ze Lanshi respectfully said: "Lord City Lord."

The fat woman waved her hand and smiled: "This Moon Wheel Kecter is a bit off."

Xiao Ze Lanshi nodded, "I also feel something, but I haven't found any direct problems."

The fat woman waved her hand, "You should have asked for more women. We are too short of women now."

Xiao Ze Lansi immediately explained: "If we attack the Xitu Empire together, there will be a lot of women."

The fat woman pondered for a while, "Do you really want to send troops to attack the Xitu Empire?"

The fat woman nodded, "The method is feasible. I heard that the Snow Emperor killed the Second Palace Master of the Vast Expanse Boundless Palace this time. If it weren't for his daughter and the Crimson Flower Demigod taking action together, the conflict would have already started."

Xiao Ze Lansi pondered for a moment and said, "Lord City Lord, I think, is it possible for us to kill Xiudeli Molly."

"I heard that she sacrificed her origin to release the Law of Words, and is now very weak."

"If she is killed, the Second Palace Master of the Vast Expanse Boundless Palace will definitely target the Snow Emperor."

The fat woman's eyes lit up, "Good, good, you are indeed the resourceful star of our Fodland City, immediately arrange for someone to do it."

"I don't want Xiudeli Molly to see the sun tomorrow."

... ..

After Lin Tianhao returned to the Mortal Hall, Shangguan Hongxun had already prepared the mud for Lin Tianhao to create mud figures.

"Lord Palace Master, I have prepared everything you asked me to prepare."

Lin Tianhao nodded with satisfaction, "Okay, go and do your own thing."

Looking at the mud that had been prepared in front of him, Lin Tianhao directly started.

Thanks to the blessing of this God-given skill, the first mud figure Lin Tianhao pinched was quite decent.

However.

This first mud figure took Lin Tianhao half an hour.

If this was the efficiency, it would be too slow.

But Lin Tianhao knew that he had just pinched it too meticulously, and it would get faster later.

After Lin Tianhao pinched out the first mud figure, he activated the skill of creating people from mud on the mud figure.

The mud figure began to grow rapidly, and finally turned into a living woman.

Unnamed (Ordinary): Level 20.

Health Points: 2150 / 2150.

Attack: 151.

Skills: Chain Punch, Heavy Punch.

The attributes are very average, even insignificant for Lin Tianhao now.

Lin Tianhao found that he could name the mud figures he pinched.

It could be a specified name, or it could be a random name.

Lin Tianhao was going to pinch a lot of mud figures, so naturally it was impossible to specify a name. He directly chose a random name.

Next is the second mud figure.

As Lin Tianhao expected, after knowing the process and technique, the time for his second mud figure was directly reduced by half.

It only took fifteen minutes to pinch it out.

"Speaking of which, do mud figures not need to be pinched so delicately to become real people?"

Lin Tianhao felt.

Even if he was more proficient in pinching this kind of delicate mud figure, it was estimated that it would take no less than three minutes.

This speed.

It was still too long for Lin Tianhao.

This time.

The mud figure Lin Tianhao pinched was relatively rough. After activating the creation of people from mud, it was successful!

It was still a living woman.

But because Lin Tianhao pinched it roughly, her appearance was also a bit mediocre.

Even so.

But Lin Tianhao didn't care. He didn't open a brothel, and appearance was not important.

Lin Tianhao could pinch this kind of rough mud figure in three minutes.

Moreover.

As he became more and more proficient, the speed at which he pinched mud figures also became faster and faster.

Four hours later.

Lin Tianhao's speed of pinching mud figures had increased to one per minute.

That's sixty in an hour.

This speed was not very fast for Lin Tianhao, but it was enough.

Adding the four hours he pinched before, Lin Tianhao spent more than five hours to pinch out five hundred women.

In order not to make Xiao Ze Lanshi think too much, Lin Tianhao used the Kunlun Mirror to reach the border, and then quickly headed towards the Moon Wheel Empire.

He planned to find a place in the Moon Wheel Empire to teleport over, so that it would seem more realistic.

After entering the Moon Wheel Empire.

Lin Tianhao saw some interesting things.

That is, many people of the Moon Wheel Empire actually put up banners.

The content on the banner is also very simple:

Down with the Shanhai Empire, recover lost territory!!

Lin Tianhao helplessly touched his nose. It seems that the Moon Wheel Empire really needs to be uprooted.
