Chapter 461 - It is possible that Fordland City wants a woman!

If we can get Fodland City to take action this time, the vast continent will definitely be thrown into chaos.

And the Moon Wheel Empire will inevitably bear the brunt, entering the vortex of the storm.

Thinking like this.

Lin Tianhao activated the Fodland Fish Eye, and a glow emanated from the Fodland Fish Eye, enveloping Lin Tianhao and the five hundred women he brought.

The next moment.

Lin Tianhao and the five hundred women disappeared together.

Opening his eyes again.

Lin Tianhao appeared in the inner city altar of Fodland City.

Xiao Zhelansi had given instructions in advance. Seeing Lin Tianhao with five hundred women, a middle-aged man in a robe walked over.

“Respected Lord Ke Cu, the Deputy City Lord is already waiting for your arrival.”

Lin Tianhao nodded. This middle-aged man in a robe, like Xiao Zhelansi, was originally a lizardman.

Core city, City Lord's Mansion!

Lin Tianhao saw Xiao Zhelansi again.

Xiao Zhelansi saw the five hundred women behind Lin Tianhao, and a satisfied smile appeared on her face.

“Good, very good.”

Xiao Zhelansi nodded repeatedly, “As expected of the Lord of the Holy Land, you are efficient and thorough in your work.”

Lin Tianhao smiled slightly and said, “I have shown my sincerity. Next, shouldn't you show some sincerity as well?”

Xiao Zhelansi nodded, “Don't worry, our people are already preparing. Within three hours, our people will take Nan Tu City of the Xitu Empire!”

“Okay, then I'll wait for the good news.”

Lin Tianhao has always been unable to completely trust the words of these NPCs of Twilight of the Gods.

After all, when it comes to cunning, these guys are ridiculously cunning.

After handing these women over to Xiao Zhelansi, Lin Tianhao sent a message to Berserker Blade, asking him to pay attention to Nan Tu City of the Xitu Empire.

As a main city, Nan Tu City has a daily active player base of over one hundred thousand.

It is not difficult to observe the situation of Nan Tu City.

Berserker Blade agreed, and he received news in less than five minutes.

“Snow Emperor, a battle suddenly broke out in Nan Tu City. It seems that the Moon Wheel Empire sent troops to launch a fierce attack on Nan Tu City.”

The Xitu Empire is not adjacent to the Mountain Sea Empire. If Berserker Blade didn't really have connections, he wouldn't have gotten the news in such a short time.

“Xiao Zhelansi, you took action, and you're still using our Moon Wheel Empire's banner.”

As soon as Lin Tianhao said this, Xiao Zhelansi smiled slightly and said:

“Our Fodland City has always been in a state of seclusion. If we personally intervene, it will have a very big impact on our Fodland City.”

Lin Tianhao knew what Xiao Zhelansi was thinking, which was that she wanted the women, but didn't want to get involved.

But this approach was exactly what Lin Tianhao wanted.

Because he wanted to provoke a conflict between the Xitu Empire and the Moon Wheel Empire.

It would be best if a war could break out between the two great powers to deplete their forces.

“Lord Ke Cu, the battle has already begun. I don't expect you to send troops. We will take care of the counterattack from the Xitu Empire for you.”

“However, you need to continuously send women.”

Lin Tianhao hesitated slightly, but still said, “May I ask, what are you doing with so many women?”

As the saying goes, something abnormal must be a demon.

What do they want to do with so many women?

Xiao Zhelansi was a little embarrassed. She shook her head and said, "Lord Ke Cu, everyone has their own secrets. Didn't your Moon Wheel Demon Palace initially gain a foothold in the vast continent because you had your own secrets?"

Lin Tianhao showed a knowing look, "Okay, anyway, I wish us a happy cooperation."

"As long as you have enough women, our Fodland City can help you kill even the Snow Emperor, and we can take action in the name of Fodland City."

The corners of Lin Tianhao's mouth twitched slightly. Fodland City was quite confident.

Moreover, they seemed to value the proportion of women very much, which Lin Tianhao had not expected.

From this, it could be confirmed that their use of women should be very great.

Fodland City was willing to attack Nan Tu City for these women, so the role of these women was very likely to help the gods behind them.

Under Lin Tianhao's perception, the five hundred women were still in the core city, but they were constantly going deeper underground.

This made Lin Tianhao even more certain of his guess that these women were probably related to that god.

Suddenly.

A very crazy thing came to Lin Tianhao's mind.

That was, could the birth of Nether Energy be related to these women.

Because there was another possibility for the birth of Nether Energy.

That is, aborting a fetus that is more than three months pregnant!!

If this was the case, then it would be too appalling.

But apart from this possibility, Lin Tianhao really couldn't think of what Fodland City wanted so many women for.

Thinking of this.

An unnamed anger rose in Lin Tianhao's heart. If they really did this, Lin Tianhao would definitely take action to destroy Fodland City.

Even if there might be many treasures in Fodland City, he would not hesitate.

Just.

Now he needs to find a way to get in, otherwise, everything else is useless.

If he wanted to move freely in the City Lord's Mansion, his best choice now was to use Seventy-Two Transformations to transform into Xiao Zhelansi.

After all, Xiao Zhelansi was the Deputy City Lord of Fodland City, with high status and authority in Fodland City.

Even Xiao Zhelansi couldn't see through his Seventy-Two Transformations, so it was likely that others couldn't see through it either.

But he still had to guard against one possibility, which was bloodline induction.

There were not many people who could come into contact with this thing now, and very few people would awaken their bloodline in the later stages, and there was a sense of induction between the same bloodlines.

Especially family bloodlines, there was a strong sense of induction between them.

For example, the famous divine beast bloodline families of the previous life, their sense of induction between each other was very strong.

Xiao Zhelansi and the people in the City Lord's Mansion were all lizardmen, so it could not be ruled out that they had bloodline induction.

Therefore.

There was still a certain risk in transforming into Xiao Zhelansi.

Sometimes, to succeed, you must take risks.

There are things that are risk-free, but if you want zero risk and high returns, then there are none.

Therefore.

Lin Tianhao still decided to take a risk.

He transformed into Xiao Zhelansi and used the Kunlun Mirror to appear in the City Lord's Mansion.

Then, he walked in the direction of the women he had kneaded.

His women disappeared deep in the City Lord's Mansion.

If Lin Tianhao wanted to go in, he was likely to run into Xiao Zhelansi herself, which would be a complete failure.

Therefore, he had to lure Xiao Zhelansi away.

“Blackheart Dragon, take action.”

Chapter 462 - The underground city under the city of Fordland!

Blackheart Dragon, receiving Lin Tianhao's order, immediately took action outside the City Lord's mansion, killing two lizardmen guards on the spot.

This sudden change immediately triggered the city's alarm.

Experts inside the City Lord's mansion were lying in wait.

Lin Tianhao hid in the shadows, transforming himself into a pebble and landing in a potted plant full of pebbles.

The Seventy-Two Transformations can transform into things he has seen, but not things he hasn't.

In Twilight of the Gods, the smallest creature Lin Tianhao has seen so far should be the Red-Eyed Rabbit.

But it's not realistic to transform into a Red-Eyed Rabbit to get in.

However, the probability of him being discovered in his current form as a pebble is very, very low.

And he.

Can observe the surroundings.

Finally.

After waiting for about twenty minutes, he saw Xiao Ze Lan Si go out herself.

This made Lin Tianhao realize that the opportunity had come.

He transformed back into Xiao Ze Lan Si and walked towards the depths of the City Lord's mansion.

The further Lin Tianhao walked into the City Lord's mansion, the more incredible he found it.

Because although the aura of the Netherworld was not strong here, it was very pure.

This pure feeling was as if it was directly emanating from a Netherworld God.

At the entrance of an inconspicuous small courtyard, Lin Tianhao saw two lizardmen guards.

Hu Ming Tu Ku (Diamond): Ninth Rank.

Health Points: ???

Attack: ???

Skills: ???

Both were ninth-rank Diamond-level experts, which could be considered pillars of strength even in the Holy Lands of the Vast Continent.

But here, they were only used to guard this courtyard.

This further confirmed Lin Tianhao's guess that their use of women was related to the god behind them.

Because apart from a god, there was no reason to arrange two ninth-rank Diamond-level experts to guard this courtyard deep within the City Lord's mansion.

Now.

It was time to gamble on whether they had a bloodline connection.

Because these two guards were also lizardmen, if there was a bloodline connection, they would definitely be able to detect his problem.

Gamble!

Lin Tianhao stepped out, pretending to be Xiao Ze Lan Si, and strode towards the courtyard.

He currently couldn't imitate a woman's voice, which was a problem, so he couldn't speak before going in.

The two lizardmen guards saw Lin Tianhao, and both subconsciously gave a respectful salute.

Lin Tianhao didn't speak and stepped inside.

As Lin Tianhao passed by the two lizardmen guards, one of the lizardmen raised his head and looked at the other lizardman with some doubt.

Clearly.

He had discovered something.

But the other lizardman shook his head at him, this action was not noticed by Lin Tianhao, but Poseidon, the Sea God, noticed it and told Lin Tianhao.

Lin Tianhao realized that he might have been discovered.

But unexpectedly, the two lizardmen guards didn't call out to him.

This made Lin Tianhao breathe a sigh of relief and continue walking towards the courtyard.

His women had disappeared here, or rather, their aura began to decline here.

This indicated that there was a secret passage here that led downwards.

Lin Tianhao immediately asked Poseidon, the Sea God, to help find the mechanism.

The two guards just now must have become suspicious, if he couldn't find the mechanism smoothly after coming in, then they would basically be sure that he was an imposter.

Perhaps because Flander City had little contact with the outside world, or perhaps because this was the core area of the City Lord's mansion.

Therefore.

The mechanism was somewhat perfunctory.

Even without Poseidon, the Sea God, speaking, Lin Tianhao's Fiery Eyes already discovered the location of the mechanism.

Just as Lin Tianhao was about to activate the mechanism, Poseidon, the Sea God's voice came.

"Master, don't move, that mechanism is a trap."

Lin Tianhao was shocked, this was deliberately setting up a simple mechanism to confuse people.

These people were really cautious.

"The real mechanism is inside, on the third branch of the ornamental tree on the left."

Lin Tianhao looked up, the branch was blocked by leaves, and the branch was made extremely realistic, at a glance, it seemed to be a whole tree.

This mechanism was cleverly designed.

Even the cable pulling the mechanism was a thin vine, not a mechanical device.

If it weren't for Poseidon, the Sea God, being a full-state god with strong insight, Lin Tianhao probably wouldn't have been able to find it for a while.

Lin Tianhao stepped forward and turned the third branch, the stone wall on the right side of the courtyard separated, and a staircase leading downwards appeared.

The two lizardmen guards at the door noticed this scene, their expressions became serious, and they no longer paid attention to Lin Tianhao.

Clearly.

They were indeed suspicious.

Only seeing Lin Tianhao smoothly open the mechanism, this dispelled their concerns.

Looking at it this way.

They might not have a bloodline connection, but they had some other sensory abilities, just not strong.

Poseidon, the Sea God, took in their reactions and told Lin Tianhao.

And Lin Tianhao was already walking down the stairs.

After entering.

The aura of the Netherworld was obviously a bit stronger.

And the further down, the stronger the aura of the Netherworld.

The stairs didn't go straight down in one direction, but spiraled downwards.

After walking for a full half an hour, the front suddenly opened up.

Only.

When Lin Tianhao saw the scene in front of him, an astonished look appeared on his face.

Because below, it wasn't a place to seal gods, but... a small city.

Here.

Lin Tianhao felt an extremely strong sense of oppression, and Poseidon, the Sea God, immediately sent a message to Lin Tianhao.

"Master, divine might, such strong divine might, not a full-state god, should be a very high-ranking god!!"

Lin Tianhao was shocked, if this god's rank was really high, then the situation would be more difficult.

Before, when he killed Blackheart Dragon, it was always a one-for-one trade at the limit.

If it was a god of extremely high rank, then it would be difficult for him to even make a one-for-one trade at the limit.

But similarly.

If he could kill him, then the benefits he could get would be considerable.

"Not good."

Poseidon, the Sea God's somewhat urgent voice came, "He has discovered me."

Lin Tianhao's expression changed slightly.

Poseidon, the Sea God, releasing his divine sense was discovered by the other god, which was not a good thing.

Just as Poseidon, the Sea God's voice fell, a figure suddenly appeared in front of Lin Tianhao.

Hu Ming Ren Fu (Grandmaster): Demigod.

Health Points: ???

Attack: ???

Skills: ???

After he appeared, he respectfully saluted Lin Tianhao and said very politely:

"Respectable Lord Poseidon, my master invites you to come into the city and have a seat."

Lin Tianhao knew that the other party had misunderstood, but he was even more clear that he was already here, there was no reason to turn back.

"Lead the way."

Chapter 463 - Holy Land of Oru!

Under the guidance of Hu Mingrenfu, Lin Tianhao entered the small city.

After entering the city.

Lin Tianhao was completely shocked.

Everyone here was at least a seventh-rank, and their grades were not low.

Besides.

In this underground city, Lin Tianhao didn't see a single woman.

Although it was a small city, there should be no less than ten thousand people here.

What was the concept of tens of thousands of seventh-rank or higher experts?

How many seventh-rank or higher experts did their Fan Hall have?

Looking at the vast continent, it was estimated that only the Boundless Limitless Palace could gather so many seventh-rank or higher experts.

This was just a possibility, and it was likely that they still couldn't gather so many.

Therefore.

This small city was more like a holy land, just like the Boundless Limitless Palace.

Just like the Dragon Suppressing Treasure Temple behind Putuo Tianlong, it was a hidden holy land.

It's just.

Whether this was really hidden from the world, or whether there were other unspeakable secrets, was unknown.

In the largest courtyard of this small city, Lin Tianhao saw a somewhat youth.

He showed a faint smile on his face when he saw Lin Tianhao's arrival.

"Snow Emperor, a good transformation technique, this shouldn't be Poseidon's method."

The youth's voice was calm, and he saw through Lin Tianhao's disguise.

However, Lin Tianhao couldn't see any information about him.

"Olu?" Lin Tianhao asked.

The youth nodded and smiled, "That's right, the revival of the Fan Hall is beyond my expectations, therefore, you are qualified to become my subordinate."

"But I don't want to be your subordinate," Lin Tianhao responded indifferently.

Olu was not surprised by Lin Tianhao's answer, he said to Lin Tianhao:

"You actually have no choice, I believe you will soon discover that although my people are ostensibly flying the flag of the Moon Wheel Empire, all the details are leading towards the Mountain Sea Empire."

"As long as the people of the Xitu Empire discover the details we inadvertently reveal, they will understand that it is not the Moon Wheel Empire that is attacking them, but the Mountain Sea Empire."

Lin Tianhao frowned slightly, "You saw through my identity a long time ago?"

Olu shook his head, "Not really, if you hadn't appeared in front of me, I wouldn't have known you were the Snow Emperor."

"Pretending to be the Mountain Sea Empire to attack was originally planned in advance."

"Why?" Lin Tianhao asked.

Olu said as a matter of course: "I shouldn't have told you this, but it doesn't matter, in my opinion, you have no chance to break the situation."

"My Olu Holy Land is not afraid of any holy land in the vast continent now, but there is one exception."

Olu hadn't finished speaking, but Lin Tianhao already knew the answer.

"The exception is the Fan Hall, but the current Fan Hall is not enough to compete with your Olu Holy Land, so you are talking about the fully revived Fan Hall."

A satisfied smile appeared on Olu 's face, "That's right, so, when Xiao Zelandas agreed to help you, she really regarded you as Moon Wheel

"So, it is also a good thing for Moon Wheel to arrange for people to pretend to be from the Mountain Sea Empire."

"Because after this incident, the Moon Wheel Empire and the Xitu Empire can justifiably join forces to deal with the Mountain Sea Empire."

At this point.

Olu couldn't help but laugh, "This is really an unintentional act, Xiao Zelandas is really helping Moon Wheel, but this Moon Wheel is the Snow Emperor."

Lin Tianhao's face was a little ugly, this Olu had actually discovered him long ago.

As for what he said, it was completely intentional.

"Can you tell me, why do you want so many women?" Lin Tianhao asked.

Olu smiled slightly, "I can't tell you this, but I think we can cooperate."

"Afraid? Why be afraid? Even if the Mountain Sea Empire is completely revived, it will at most be on par with me."

Olu's tone was calm, but the confidence in his words was so strong that Lin Tianhao felt suffocated.

But having lived two lives.

Lin Tianhao was not suppressed by Olu's momentum.

"Then tell me, how are we going to cooperate?" Lin Tianhao asked.

"I want women, you want the Mountain Sea Empire to be completely revived, our goals do not conflict."

Olu's answer was within Lin Tianhao's expectations.

But such an answer made Lin Tianhao feel even more that there was a problem.

How much help can women provide to a god?

The more Lin Tianhao thought about it, the more he felt that this must be related to the Nether energy.

"I don't know what you are doing with women, I can't send a large number of women to you here."

Lin Tianhao directly stated his words, he was not joking, he needed to know what Olu was doing with women.

"Hahaha, you wouldn't think that I want to use women to create Nether energy, would you?!"

Olu couldn't help but look up and laugh when he saw Lin Tianhao's serious expression.

Lin Tianhao was full of black lines, and without pretending, he bluntly said:

"I do have such a guess, and I have to have such a guess."

Olu shook his head, "Snow Emperor, if you think so, then I can only say that you really underestimate me, you don't even know what a great existence I am standing in front of you."

Lin Tianhao didn't answer, just looked at Olu quietly.

Olu looked at Lin Tianhao, and after a while, he said:

"Snow Emperor, I know what you are thinking, but you won't suffer if you help me."

Lin Tianhao pondered for a while and said:

"No matter what the purpose is, I have to know."

Olu's expression became a little ugly.

"Snow Emperor, I have said everything that should be said, if you agree, then we will cooperate, if you don't agree, then you will stay here forever."

A cold light flashed in Lin Tianhao's eyes, "Do you think you can trap me?"

Olu looked at Lin Tianhao with the eyes of an idiot.

"Snow Emperor, this is my land of faith, everything here is up to me, tell me, can I trap you."

"Then I really want to try, whether I can get out of here."

As soon as the words fell.

Lin Tianhao sacrificed the Kunlun Mirror.

He wanted to use the Kunlun Mirror to teleport away directly.

But Olu's teasing voice came.

"Using your little mirror in my land of faith, aren't you afraid that your mirror will shatter?"

Lin Tianhao paused, his eyes fell on Olu

"Keeping me in your land of faith is not a good decision."

Olu spread his hands, "Wait until you can get out of here alive."

Chapter 464 - The second deity of the Holy Land of Oru!

Lin Tianhao put away the Kunlun Mirror, and a novice longbow appeared in his hand.

"It might be difficult for me to kill you, but these Rank Nine experts in your city are definitely not a problem."

As soon as he finished speaking.

Lin Tianhao activated Heavenly Punishment, drew his bow and nocked an arrow, and the feathered arrow was released.

In the Heavenly Punishment state, Lin Tianhao's feathered arrows were guaranteed to hit.

He only needed to have the Sea God Poseidon protect him, and he would naturally be in an invincible position.

Olu Fudelan pointed his finger, trying to block Lin Tianhao's feathered arrow.

But Olu Fudelan's power directly passed through Lin Tianhao's feathered arrow and did not intercept Lin Tianhao's feathered arrow.

Then.

Two feathered arrows accurately hit Olu Fudelan.

-4.94 million!!

-4.94 million!!

Two huge damage numbers emerged from the top of Olu Fudelan's head.

Such damage values did not make Olu Fudelan feel anything.

However, the unstoppable characteristic of Lin Tianhao's feathered arrow made him feel a little troubled.

As a high-level god, Olu Fudelan's lost health quickly recovered.

Although facing a high-level god, the probability of triggering the Cycle of Death would be very, very low.

“Snow Emperor, your attacks have some tricks, but like this, it is not enough to fight against me.”

Olu Fudelan spoke, his tone seemingly without even a trace of emotion, calm to the point of being unbelievable.

Lin Tianhao nodded seriously, "You are right, I really can't kill you, but what about the other people in your land of faith?"

"Unstoppable feathered arrows are indeed powerful, and the damage is also so-so, but you are only level fifty after all. No matter how powerful you are, can you compete with me?"

Lin Tianhao smiled slightly, "If there were no restrictions of the Twilight of the Gods, I might really be helpless."

"However, precisely because of the restrictions of the Twilight of the Gods, the power you and the Sea God Poseidon can use is the same. If you exceed that power limit, you will be punished by thunder."

A strange smile appeared on Olu Fudelan's face.

"You are right, but other than Poseidon, do you have any other gods?"

As Olu Fudelan's voice fell, a thin man stepped out.

As soon as he appeared, he exuded a powerful force that made Lin Tianhao feel unbelievable.

"If I let him exchange one-for-one with the Sea God Poseidon, what other trump cards do you have to fight against me?"

Olu Fudelan's tone was somewhat teasing, as if he was a cat playing with a mouse as he looked at Lin Tianhao.

"It seems that this time, I really have to fight to the bitter end."

Lin Tianhao said lightly, "Haven't you noticed that when I came in, a god in Fudelan City was already causing trouble?"

Olu Fudelan gently closed his eyes, seemingly probing.

After a while, he slowly opened his eyes, and a murderous intent burst out from the depths of his eyes.

"An alien god?"

"I really didn't expect that you would actually cooperate with an alien god. If that's the case, then I can't let you stay even more."

Lin Tianhao was not surprised by Olu Fudelan's attitude. After all, the Cthulhu and Eastern and Western systems both belong to the Milky Way civilization's god system.

However, Blackheart Dragon belonged to a civilization outside the Milky Way.

"Cooperation?"

Lin Tianhao shook his head, "Would enslaving an alien god count as cooperation? Then I really have quite a few gods I am currently cooperating with."

"Enslavement?!"

Olu Fudelan's expression changed slightly, with a hint of doubt in his expression.

"Otherwise, why do you think a god would help me?"

Olu Fudelan waved his hand, "It's not important anymore. You are walking with an alien god, which means that you have already chosen a path to death."

As soon as he finished speaking.

Olu Fudelan moved, and in the next instant, he had already appeared beside Lin Tianhao.

The Sea God Poseidon appeared without hesitation, blocking Olu Fudelan for Lin Tianhao.

Olu Fudelan frowned slightly and angrily said: "Poseidon, as a god of the Milky Way, you would actually help this traitorous fellow."

The Sea God Poseidon shook his head, "My lord is not a traitor. Not long ago, he destroyed a family in the Alethe star system, and that god outside is from that family, and now he has been subdued by my lord."

Olu Fudelan saw the Sea God Poseidon appear to explain, moved, and returned to his original position.

"So, this kid can really enslave gods?"

This question was very subtle, and the thin man beside Olu Fudelan also looked at Lin Tianhao warily.

If Lin Tianhao could really enslave gods, then they, as gods, would inevitably need to consider doing something.

The Sea God Poseidon could naturally see the thoughts in Olu Fudelan's heart, and he said lightly:

"Fudelan, I advise you not to have any crooked thoughts."

"In the Twilight of the Gods, you can enslave gods. Haven't you ever thought about why?"

The Sea God Poseidon did not directly answer Olu Fudelan, but it made Olu Fudelan silent.

Yes.

Why?

A level 50 adventurer can enslave gods?

This in itself is an incredible thing.

Suddenly.

Olu Fudelan seemed to have thought of something, and an unbelievable expression appeared on his face.

Because he had a bold and crazy guess in his mind.

In the end.

He still didn't ask his guess, but the way he looked at Lin Tianhao had already undergone a subtle change.

"Snow Emperor, it seems that I need to talk to you again. At least, I need to talk to you at the same level as me."

Lin Tianhao was not surprised by Olu Fudelan's attitude, because he also knew what Olu Fudelan was guessing in his heart.

Being able to enslave gods, especially enslaving gods at level 50.

If you said he didn't have any background, probably no one would believe it.

“What do you want to talk about?”

Lin Tianhao looked at Olu Fudelan with a smile, “Actually, when I first came here, I thought about enslaving you.”

“But after seeing you, I realized that my idea was a bit crazy.”

Olu Fudelan waved his hand, “Crazy? I think you are quite looking forward to it.”

With that said.

Olu Fudelan waved his hand and said seriously: “I can help you revive the Mountain and Sea Empire, but I cannot violate the rules of the Twilight of the Gods.”

“Do you still want women?”

Lin Tianhao asked.

Olu Fudelan nodded, “Yes.”

“Doesn't this bring us back to the previous topic? I don't know what you are doing with women, but I will never give you women.”

Lin Tianhao's attitude remained unchanged.

Olu Fudelan sighed, “I know your worries. Since you want to know, then I will take you to see.”

Chapter 465 - A nutrition warehouse full of women!

Lin Tianhao was curious and nodded in agreement.

He really wanted to know what Orfordland was doing with these women.

Following Orfordland, Lin Tianhao and Poseidon, the Sea God, went down the dungeon together.

Below the dungeon, there was another building, which seemed to be a castle.

But Lin Tianhao could still feel that beneath the castle was a sealing formation.

Entering the castle.

Lin Tianhao saw rows of nutrient tanks full of technology, and inside each nutrient tank lay a woman.

In the center of the castle was a wide, deep well, surrounded by nutrient tanks.

These nutrient tanks seemed to be stacked from the depths of the well, and the bottom could not be seen at a glance.

But Lin Tianhao could also see that there were hundreds of nutrient tanks in one circle.

According to his visual estimate, the number of nutrient tanks here was no less than one hundred thousand!

And that was just a conservative estimate.

Each nutrient tank contained a woman.

"What is this?" Lin Tianhao frowned and asked.

"Below here is sealed an extremely powerful Outer Realm Evil Demon, which can evoke people's seven emotions and six desires on a large scale, making people become crazy and become lunatics dominated by the seven emotions and six desires."

Orfordland's expression became extremely serious, "I created a dreamlike space to seal his consciousness in it."

"But if you want to seal his consciousness for a long time, you need a constant stream of women to enter the consciousness space and satisfy his seven emotions and six desires."

Lin Tianhao's face sank. Although these women's bodies were in the nutrient tanks, their consciousness was being tortured by the Outer Realm Evil Demon that Orfordland was talking about.

"Is there no other way to deal with it?" Lin Tianhao asked.

Orfordland shook his head, "No, you should have noticed that there are no women in my land of faith."

"Because they are all here. Two of them are even pseudo-gods, but in order to trap this guy, we have to do this."

Orfordland looked at Lin Tianhao seriously.

"Snow Emperor, I know that this approach is a bit wrong, but I don't have a better way."

"If this Outer Realm Evil Demon breaks through the dreamlike space I wove, more people will be affected."

Lin Tianhao frowned slightly and asked, "Where is the main body of this Outer Realm Evil Demon?"

In fact, as long as he could find the main body of this Outer Realm Evil Demon, Lin Tianhao had a chance to kill him.

After all, although the trigger probability of Death Reincarnation was low, Lin Tianhao's attack speed was fast enough.

However, his immortal characteristic made Lin Tianhao a little hesitant.

After all, the premise of the God Conferring List was to kill the opponent.

Immortality meant that he had no chance.

Of course.

Lin Tianhao still had a question mark in his heart about Orfordland's words.

"What's below? Why is there a constant stream of Nether energy overflowing?"

Lin Tianhao looked at the deep well and asked his doubts.

"Below is a space crack, and the other end of the crack is connected to a world full of Nether energy. I call it the Underworld World."

Orfordland paused at this point and continued:

"Our Orford Holy Land once chose to stay here to suppress the space crack below."

"Otherwise, the entire Vast Continent would now be shrouded in Nether energy."

Lin Tianhao felt that all of Orfordland's words seemed to make sense, but Lin Tianhao still felt that there was a problem here.

"Snow Emperor, now you have seen what you wanted to see, so what about our cooperation?"

Orfordland asked tentatively.

Lin Tianhao pondered for a while before saying, "I have women, and I can arrange them for you, but I really can't gather so many women in a short time."

"Even a little is good." Orfordland was not discouraged.

"You are an adventurer. For you, the complete revival of the Mountain and Sea Empire should bring you many benefits."

Lin Tianhao nodded, "Okay, today's conversation ends here. I'm going back to the Vast Continent."

Orfordland did not stop Lin Tianhao, and even personally escorted Lin Tianhao out of Fordland City.

Back in the Ordinary Hall.

Lin Tianhao asked, "Poseidon, how much of what Orfordland said do you think is true and how much is false?"

Poseidon, the Sea God, pondered for a while before saying:

"Master, if you ask me this, I really can't say."

"But there is one thing I do know, it's definitely not as simple as he said."

Lin Tianhao nodded, "I feel that those women are used to create Nether energy. What Underworld World, that's just nonsense."

Poseidon, the Sea God, hesitated to speak, "Actually, this is no longer important. No matter what the situation is, we can't provide women to Orfordland."

"Even if what Orfordland said is true, continuing to provide women will only make that Outer Realm Evil Demon become more powerful."

Hearing this.

Lin Tianhao was even more certain that there was a problem with what Orfordland said.

Those women in the nutrient tanks might really be used to create Nether energy.

If that's the case.

Then Fordland City must be destroyed.

It's just.

When he thought of the foundation of the Orford Holy Land, Lin Tianhao felt a little powerless again.

There were too many strong people in the Orford Holy Land. Unless everyone in the Vast Continent took action, it would be impossible to contend with the Orford Holy Land.

"Master, that Orfordland is bluffing."

An extremely weak voice came. It was the God of the Undead, who had not spoken for a long time.

After Lin Tianhao killed the Blackheart Dragon, the God of the Undead had already awakened, but he was still very weak and would mostly choose to sleep and rest.

Now that he spoke, Lin Tianhao immediately realized that something was wrong.

"The real life forms in the Orford Holy Land do not exceed ten people. As for those gods, they are all fake. Everything is an illusion. They are all confusing us."

The God of the Undead could be described as making shocking statements.

Poseidon, the Sea God, asked in disbelief, "I am also a god. Could it be that Orfordland has become so powerful that he can even confuse my divine sense?"

The God of the Undead said seriously:

"Although this is indeed a bit unbelievable, my Great Path of the Undead has a very strong perception of souls."

"I sensed that most of the people in Orfordland have no souls. They are walking corpses. More likely, they are all illusions, so they have no souls."

The words of the God of the Undead could be said to have opened up a whole new line of thinking for Lin Tianhao.

"So, this Orfordland is deliberately trying to trick me!!!"

Chapter 466 - Bounty for Lizardmen!

"Yes, but he should be able to invade consciousness, so I didn't remind you, Your Excellency, when I was in the Holy Land of Oulu."

The God of the Undead continued, "However, the boxes below the Holy Land of Oulu are all real people, and I can feel that new life is being conceived in the wombs of those women."

These words of the God of the Undead instantly made Lin Tianhao understand everything.

Deliberately pretending to be powerful, creating the illusion that the Holy Land of Oulu is very powerful.

The purpose was to make him give up the idea of attacking him.

As for showing himself the nutrient cabin, it was just to get more women from him.

I have to say.

Olufuland is very smart and has calculated everything very well.

If it weren't for the God of the Undead's perception of soul aura far exceeding ordinary gods, Lin Tianhao would probably have been fooled.

"Poseidon, do you think Olufuland is at his peak state?" Lin Tianhao asked.

The Sea God Poseidon shook his head, "It shouldn't be, it's true that his rank is very high, but the pressure he brings to me corresponding to his rank is not strong."

"I suspect that the Olufuland we saw is not his main body, his main body is most likely under that deep well, still in a sealed state."

"And the reason why he wants to create a large amount of Nether Energy should be related to breaking the seal."

The Sea God Poseidon's analysis was similar to Lin Tianhao's guess.

If that's the case.

Then he can really consider going to the Holy Land of Oulu again and find a way to kill Olufuland.

After all, if the Holy Land of Oulu only has him, a god who is not at his full state, it will be much easier to deal with.

Of course.

After all, he is a high-ranking god, so Lin Tianhao still needs to think carefully before taking action.

Because if he is not careful, he may cause trouble.

Just as Lin Tianhao was thinking this, Ouyang Wenlong strode over.

"Lord Palace Master, it's not good, the Xitu Empire has sent us a war letter, questioning why we suddenly sent troops to attack their Nantuo City."

Lin Tianhao knew that this was all the calculation of Xiaozelan Si and the others, and directly responded, "Our Shanhai Empire did not send troops, it was the Moon Wheel Empire uniting with external forces to frame us, and I have evidence."

Saying that.

Lin Tianhao took out a crystal ball, which is a very ordinary crystal ball for recording images.

It was the process of Lin Tianhao transforming into Moon Wheel Ke Cu and negotiating with Xiaozelan Si.

From the beginning, he had thought about what he should do if Youming Island turned against him.

After all, from the beginning, Lin Tianhao never thought about giving Fulande City 10,000 women.

The purpose was just to get Fulande City to take action and muddy the waters of the Vast Continent.

Ouyang Wenlong's eyes lit up when he saw the picture recorded in the crystal ball given by Lin Tianhao.

He knew very well what kind of impact the exposure of the image in this crystal ball would bring to the Moon Wheel Empire.

Especially the Moon Wheel Ke Cu's approach of wanting to sacrifice the Xitu Empire and protect himself would raise the contradiction.

"Lord Palace Master, your subordinate knows what to do."

Ouyang Wenlong was very happy. Originally, their Shanhai Empire was opposed to the entire Vast Continent, but now the situation has been directly reversed.

The Moon Wheel Empire will become the target of public criticism.

After sending Ouyang Wenlong away, Lin Tianhao immediately issued a reward mission.

"National Reward: Youming Island's Fulande City has wolfish ambitions and attempts to provoke the Shanhai Empire and the Xitu Empire, so a national reward is issued: Capture Fulande City!"

"Mission Requirements: Directly or indirectly kill lizardmen in Fulande City."

"Mission Reward: Every lizardman killed will be rewarded with 1000-20000 free attribute points."

"Mission Penalty: None."

Lin Tianhao hasn't given out many free attribute points this month.

This is an opportunity for Lin Tianhao.

He wanted to capture Fulande City.

After all, according to the sea area, Youming Island, where Fulande City is located, should also belong to their Shanhai Empire.

So.

Lin Tianhao has no reason to let go of Fulande City.

This national reward resounded above the heads of all players in the Shanhai Empire, and they all became extremely excited.

Because this time Lin Tianhao's reward mission gave too generous rewards.

A thousand free attribute points to start.

This is not a small number.

If you only upgrade, you need to upgrade two hundred levels to get a thousand free attribute points.

"Your Excellency, will this mission be too difficult for ordinary adventurers?"

The Sea God Poseidon said in a deep voice, "Currently, the mainstream adventurers should only be around level 200, and most of the lizardmen in Fulande City are above level 500."

"Poseidon, Your Excellency's mission requirement is to directly or indirectly kill lizardmen, not necessarily directly kill them."

The voice of the God of the Undead came.

The Sea God Poseidon was a little puzzled, "What do you mean?"

Lin Tianhao couldn't help but roll his eyes, "Poseidon, don't underestimate human wisdom, lizardmen disguise themselves and rule Fulande City."

"From what we learned before, the people of Fulande City do not know the existence of lizardmen."

"So, as long as the adventurers can reveal the identity of the lizardmen, it is almost equivalent to killing the lizardmen."

The Sea God Poseidon's eyes lit up and said, "So that's how it is, but with Xiaozelan Si's existence, she should not allow the lizardmen to be slaughtered."

"Just wait and see, not only I have opportunities among the adventurers, the number of adventurers in our Shanhai Empire alone is hundreds of millions."

Lin Tianhao said very calmly, "As long as even one person among these hundreds of millions can stand up and break the balance, Fulande City will be finished."

It is indeed not easy to kill lizardmen, otherwise Lin Tianhao would not have given a reward starting at a thousand free attribute points.

Lin Tianhao issued a national reward, and other holy places and Fulande City received the news.

Fulande City.

Xiaozelan Si roared angrily, "Is this Xue Di crazy? How dare he? How dare he reward our Fulande City like this, is he not afraid that those adventurers will have no return?"

"Pass down the order, tell all the people that the Bloodthirsty Demons are about to launch a large-scale attack on our Fulande City, and Fulande City is entering a state of national defense."

"The city is here, the people are here, the city is destroyed, the people die!"

Xiaozelan Si's eyes were sinister, "Don't you want to kill us? I see if you can't even enter the city, what way can you kill us!"

.....

Moon Wheel Magic Palace!

Moon Wheel Ke Cu looked at the document sent by Xitu Holy Land with a question mark on his face.

"What? I colluded with Youming Island? It's really wanting to add a crime, there's no excuse!!!"

Chapter 467 - Conversation with the Dark Night Spirit God!

Moon Wheel Krough could be said to be gnashing his teeth in anger, feeling more wronged than Dou E.

After all, in his opinion, he really hadn't done anything.

"Lord Palace Master, the Xitu Holy Land has also sent this crystal ball, please take a look."

Moon Wheel Krough took the crystal ball, and the image in the crystal ball was none other than:

The scene of him talking to Little Zelans.

Moon Wheel Krough: ? ? ?

He was now covered in black lines because he could be sure that the person in the image was not him.

"Slander, this is definitely slander, I didn't, I TM haven't been to Youming Island, let alone met this Little Zelans."

"This is a conspiracy against our Moon Wheel Empire."

Moon Wheel Krough was really gnashing his teeth in anger.

Such a blatant act of slander actually happened to him.

"Lord Palace Master, I also know that you have been wronged, but it's not enough for us to know, the Xitu Empire needs to know, and the people of the Vast Expanse Palace need to know."

Moon Wheel Krough took a deep breath, he knew very well that what Bu Gulin said was not a joke.

Now that the Mountain Sea Empire is already eyeing them covetously, he must handle this matter well.

"Go, make a trip to the Xitu Holy Land, it is necessary to explain this matter clearly to the people of the Xitu Holy Land."

.....

The other major holy lands were also taking action because of this matter.

Especially Icefire Los Island, after all, Moon Wheel Krough was wronged, but they really had contact with Fort Friedland.

The outside world was turbulent.

And Lin Tianhao had his own considerations.

Dark Night Spirit God Moira.

This one could also be considered an old friend of Lin Tianhao.

If he could include her in the God Sealing List, then the success rate of dealing with Orloff Friedland later would be even greater.

Especially.

This was a once-in-a-lifetime opportunity.

"Ouyang Wenlong."

Lin Tianhao directly called Ouyang Wenlong over.

"Lord Palace Master, what are your orders?" Ouyang Wenlong said respectfully.

"Send a declaration of war to the Moon Wheel Empire, saying that they are ambitious, colluding with Fort Friedland to frame us, intending to harm the Mountain Sea Empire."

"Those who offend my Mountain Sea shall be killed no matter how far away they are. The Mountain Sea Empire will launch a national war against the Moon Wheel Empire soon!"

Ouyang Wenlong was a little surprised.

Lin Tianhao had recently taken fifteen cities and thirty towns of the Moon Wheel Empire.

This time, he was actually preparing to continue attacking the Moon Wheel Empire.

However.

I have to say.

What Lin Tianhao said was completely correct, he had a justified reason!

Just like the previous two times, Lin Tianhao had a justified reason, and in the end, the Moon Wheel Empire was not strong enough and could only retreat.

"Yes, Lord Palace Master, I will go and send the declaration of war."

Ouyang Wenlong respectfully took his leave, while Lin Tianhao reappeared in the Youming Sea area.

He found Mutins and Yadiris, they definitely knew the location of Dark Night Spirit God Moira.

As long as he found Dark Night Spirit God Moira, Lin Tianhao would be confident in killing Moira.

In the Youming Sea area, it was not difficult to find Yadiris and Mutins.

In less than an hour, Lin Tianhao successfully found Mutins.

Mutins was still that sickly pale, he saw Lin Tianhao and gave Lin Tianhao a respectful salute.

"Lord Snow Emperor, I am really very happy for your action."

Mutins was very polite to Lin Tianhao, "You have taken ten cities and twenty towns of the Moon Wheel Empire, which can be regarded as avenging us."

Lin Tianhao looked at Mutins and smiled: "Where is Yadiris?"

"She has been busy with her own affairs recently, if Lord Snow Emperor wants to find her, I can send her a message."

Lin Tianhao waved his hand and said: "I came this time actually to find Dark Night Spirit God Moira."

Hearing this.

Mutins' expression changed, "Lord Snow Emperor, what are you looking for Lord Moira for?"

"A god, after all, is admirable, I want to try if I can accept a mission from her."

At this point.

Lin Tianhao changed the subject and continued:

"Moreover, Youming Island continues to emit Youming Qi, and my current investigation has reached a bottleneck, so I want to ask the Dark Night Spirit God if she knows anything."

What Lin Tianhao said was not entirely false.

Mutins pondered for a while, he obviously had not thought that Lin Tianhao's real purpose was to kill the Dark Night Spirit God.

Therefore, after thinking about it, he nodded and agreed.

"Okay, Lord Snow Emperor, I am willing to lead the way for you."

A satisfied smile appeared on Lin Tianhao's face.

Under Mutins' leadership, Lin Tianhao saw the sealed place of Dark Night Spirit God Moira in an underwater cave.

"Lord Moira was punished by thunder because she violated the rules of the Twilight of the Gods, and is now in a very weak state."

Mutins explained, and then called out to the sealed place:

"Lord Moira, the adventurer Snow Emperor wants to meet you."

As Mutins' voice fell, Moira did not appear.

Lin Tianhao frowned slightly, the God of the Undead could feel Moira's existence, indicating that Mutins had not deceived him.

Moira was indeed sealed below this cave, but he did not know why she did not come out for the time being.

"Snow Emperor."

Just as Lin Tianhao was wondering how to make the Dark Night Spirit God appear, the extremely weak voice of the Dark Night Spirit God came.

"You came to find me, what exactly is the matter?"

Lin Tianhao smiled slightly and said: "Dark Night Spirit God, won't you come out to meet me?"

The weak voice of the Dark Night Spirit God came, "I was punished by thunder not long ago, and it is already difficult to speak now."

Lin Tianhao frowned, if the Dark Night Spirit God did not appear, he would not have the opportunity to kill the Dark Night Spirit God.

After all, separated by the seal, he could not see the Dark Night Spirit God, and the Heavenly Punishment would be useless.

"Do you know Orloff Friedland?"

Lin Tianhao had no way to start, and could only ask for other information.

"I know, an extremely powerful Cthulhu god."

Lin Tianhao nodded, "This is what I know, about Orloff Friedland, is there anything I don't know?"

"I don't seem to have an obligation to tell you this."

There was a bit of coldness in the Dark Night Spirit God's voice, "Don't forget, from the beginning, we were hostile."

Lin Tianhao smiled indifferently, "There are no eternal enemies in this world, as long as we can talk, there is nothing that cannot be said."

"Want to turn enemies into friends?"

The Dark Night Spirit God sneered, "If you want to turn enemies into friends, you shouldn't have been locking me up all the time."

Lin Tianhao spread his hands and said: "Didn't you say that we were hostile before? You disrupted my plan, it seems reasonable for me to attack you."

Chapter 468 - Kill Moirai!

The Dark Night Spirit God was silent for a while before saying:

"I have no reason to help you. The enemy of my enemy is my friend. From a certain perspective, I should help Olufderan."

Lin Tianhao shook his head, "That's not right. As far as I know, you Western gods are quite repulsed by Cthulhu gods."

"Unless it's truly a last resort, you won't cooperate with Cthulhu gods."

Hearing this.

The Dark Night Spirit God chuckled: "Snow Emperor, it's not like you don't know, I've cooperated with Cthulhu gods before."

"Compared to dealing with you, I don't care about cooperating with Cthulhu gods."

Lin Tianhao was a little helpless and asked, "We don't have any grudges between us. Why do you always like to make things difficult for me?"

"Our positions are different, so we are destined not to become friends."

The Dark Night Spirit God's voice carried a hint of coldness, "And you don't need to try to get any benefits from me. I have already chosen a successor."

"I will spare no effort to cultivate my successor. Since the gods descending cannot contend with you, I will let my successor, as an adventurer, defeat you."

Lin Tianhao: ? ? ?

“Who gave you such confidence? Your successor? If I aim my lock-on skill at your successor’s head, is there still a chance for her to develop?” Lin Tianhao joked.

The Dark Night Spirit God’s expression became somewhat unsightly, but she still quibbled: “The premise is that you have to know who she is.”

“Is that difficult?”

Lin Tianhao retorted, “A successor of a god, and the Dark Night Spirit God, a god with such strong personal characteristics, your successor will definitely become famous.”

“You—”

The Dark Night Spirit God realized that she was actually somewhat unable to argue with Lin Tianhao.

She had to admit.

With her successor’s current strength, it was impossible to withstand Lin Tianhao’s current lock-on damage.

“Moirai.”

Just at this moment, the Sea God Poseidon’s voice rang out, and he walked out from the God Conferring List.

“Poseidon, you broke the seal, and... you’re still at your peak state!!!”

The Dark Night Spirit God Moirai was directly dumbfounded.

There was no other reason.

The impact of this scene was too great.

A god who was sealed like her had actually broken through the seal.

And now he was still at his peak state.

“How did you do it?!”

The Dark Night Spirit God was very curious. If she could break through the seal, then she would definitely be able to recover quickly.

“I’ve been out for a while. During this time, I’ve been by Lord Snow Emperor’s side, met many people, and learned many things. Only then did I realize that we were all deceived in the beginning.”

“Lord Snow Emperor?”

The Dark Night Spirit God frowned, somewhat dissatisfied with the Sea God Poseidon’s address to Lin Tianhao.

“Did Snow Emperor release you? So you chose to submit to him?”

The Dark Night Spirit God’s voice carried a hint of coldness, “If that’s the case, I would rather be sealed here forever.”

The Sea God Poseidon shook his head, “Moirai, do you know how the East-West conflict came about?”

“Do you know how the Cthulhu’s indiscriminate hostility came about?”

“From the beginning, we were pushed into a conspiracy of internal strife.”

The Sea God Poseidon spoke earnestly, wanting to awaken the stubborn Dark Night Spirit God.

However.

The Sea God Poseidon’s words made the Dark Night Spirit God somewhat unsure of how to respond.

The Dark Night Spirit God was silent. She really didn’t know how to answer this question.

“The Eastern and Western gods are essentially gods of the Milky Way world. We should unite against external enemies, not engage in internal strife here.”

The Dark Night Spirit God was silent. After a short while, her avatar walked out from below the seal.

She looked very weak.

“Are you saying that there are other civilizations trying to attack our Milky Way world?” Moirai asked.

“Yes.”

The Sea God Poseidon nodded, “But we’ll talk about that later. Next, there is something more important.”

As the Sea God Poseidon’s voice fell, Lin Tianhao sacrificed the Seven Treasure Exquisite Pagoda.

“收! (Shōu!) - Capture/Collect!”

Moirai's expression changed slightly. She thought something was wrong, but there was no chance to go back.

A sea-blue formation appeared under her feet, cutting off her possibility of returning to the sealed land.

“Poseidon, what do you want to do?”

Moirai roared angrily, erupting with the little divine power she had, trying to return to the sealed land.

“You can't escape.”

Blackheart Dragon appeared behind Moirai, the air instantly compressed, pushing Moirai towards the Seven Treasure Exquisite Pagoda.

“Another god?!”

Moirai's expression changed drastically. She knew she was done for. In the current situation, she had no way out.

Mu Dings, who was on the side, was also dumbfounded. He believed in the Dark Night Spirit God, but at this time, he only raised his hand and didn't dare to attack after all.

Two gods plus Snow Emperor, he knew very well that if he attacked, the forces behind him would definitely be purged.

Moreover.

From the moment he and Yadirus decided to cooperate with Lin Tianhao, his faith in the Dark Night Spirit God had already loosened.

Moirai was taken into the Seven Treasure Exquisite Pagoda by Lin Tianhao, and then it was a gang fight.

In the Seven Treasure Exquisite Pagoda, Lin Tianhao activated the Heavenly Punishment state and Three Heads Six Arms, directly maxing out his attack speed.

Blackheart Dragon and the Sea God Poseidon also attacked together.

After Moirai was taken into the Seven Treasure Exquisite Pagoda, this battle was already doomed.

“Poseidon, you bastard, you’re actually helping outsiders to kill me!!”

Moirai was furious, but she was powerless.

Under the double suppression of Blackheart Dragon and the Sea God Poseidon, she could only be passively beaten.

“Moirai, don’t worry, I’m not trying to harm you. One day, you will thank me.”

“Following an adult with limitless potential may allow us to reach higher levels.”

Hearing the Sea God Poseidon’s words, Moirai couldn’t hold back any longer.

“Go to your mother’s, if I ever believe your nonsense again, I’m a dog!!”

The Sea God Poseidon smiled bitterly helplessly. He didn’t explain any further, because he knew very well that at this moment, no matter how much he explained, Moirai would never listen.

Under the siege of the three, Lin Tianhao completed the final harvest with his feather arrows.

“Ding, congratulations, you have successfully killed the Dark Night Spirit God Moirai. A server-wide announcement will be made. Do you want to hide your name?”

“No.”

“Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Dark Night Spirit God Moirai. Special announcement, I hope the majority of players will continue to work hard!!”

.....

As the server-wide announcement rang out, the entire Twilight of the Gods boiled over.

Snow Emperor... successfully killed a god!!

Chapter 469 - New ability: Double the night attribute!

After the all-server announcement of the Dark Night Spirit God Moile being killed by Lin Tianhao rang out.

Moon Wheel Empire.

A woman wearing a black hat suddenly raised her eyes, her face showing disbelief.

"Snow Emperor!!!"

Xiao Zhelan respectfully bowed to Olu Flander and said:

"Fortunately, the lord had foresight. Now the Snow Emperor must think that our Olu Holy Land is powerful and unmatched, and dare not easily attack us."

Olu Flander sighed quietly and said, "Hopefully."

"But the Snow Emperor is not that simple, he may still come back."

.....

Vast Limitless Palace.

When the Second Palace Master, Shudeli Haotu, heard the all-server announcement, his face instantly turned extremely gloomy.

"What does the Snow Emperor want to do? Openly killing a god, is he trying to give us a show of strength?"

Shudeli Moli had recovered somewhat at this time. After hearing Shudeli Haotu's words, a look of astonishment appeared on his face.

"Father, the Snow Emperor killed Lord Moile, this could cause trouble."

Hearing this.

Shudeli Haotu seemed to have realized something.

"Yes, the Snow Emperor's killing of Lord Moile will definitely cause a big mess. Next, we can sit back and watch the tigers fight."

Shudeli Moli shook his head and said very seriously:

"Father, you're thinking too simply. The most likely result of the Snow Emperor's actions is to drive wolves to fight tigers, and we are the wolves."

Shudeli Haotu nodded slightly and said somewhat helplessly: "You're right, it is indeed driving wolves to fight tigers."

"But to drive wolves to fight tigers, we always have to be given some benefits."

At this point.

Shudeli Haotu's expression became serious.

"Actually, after returning from the Mortal Palace last time, the conflict between us and the Snow Emperor could not be eased."

"Now that the Snow Emperor is making new enemies, it can give us more help to deal with him."

Shudeli Moli hesitated, but finally said:

"Father, I still think we should make some new preparations."

"What preparations? Preparations to evacuate the Vast Continent?"

Shudeli Haotu was a little annoyed, "Moon Wheel Kechu thinks we can't stop the Snow Emperor, and you also think we can't stop the Snow Emperor."

"Look at what place we are standing on, the Vast Limitless Palace!!"

"Do you know the gold content of the words Vast Limitless Palace? Just because of a rising star, our Vast Limitless Palace has to retreat?"

Shudeli Haotu was a little angry, "The last time we fell into the hands of the Snow Emperor was entirely because that bastard Moon Wheel Kechu didn't synchronize the information well, otherwise, as for the Snow Emperor, why would he force me to be so embarrassed!!"

Shudeli Haotu was very dissatisfied with being killed by Lin Tianhao last time.

He always felt that the last failure was due to incorrect information, which led to him not being fully prepared.

For Lin Tianhao.

His evaluation was only one word: rising star.

But that was all.

A rising star is still a latecomer after all. Compared with a large force like their Vast Limitless Palace with profound heritage, there is still a certain gap.

.....

Moon Wheel Demon Palace!

Moon Wheel Kechu had just received the challenge letter from Ouyang Wenlong when he heard such an all-server announcement, which made him tremble with fear.

"What to do? What to do?"

"The Xitu Holy Land is unwilling to see me, the Vast Limitless Palace is unhappy with me, the Mortal Palace has sent a challenge letter, and now the Snow Emperor has killed the Dark Night Spirit God Moile."

"Is this really forcing our Moon Wheel Empire into a desperate situation!!"

Moon Wheel Kechu felt like a knife was hanging over his chest, and this knife could fall at any time, possibly taking his life in an instant.

Bugu Lin saw his Palace Master like this now and said helplessly:

"Palace Master, our Moon Wheel Demon Palace has been isolated now. If the Snow Emperor brings a large army to the border at this time, I'm afraid it will be difficult for us to stop him."

Moon Wheel Kechu couldn't help but angrily said: "So, how should we break the situation?"

Bugu Lin thought slightly and said seriously: "At this time, we can only play the card of shared prosperity and shared loss."

"If the Moon Wheel Empire is breached by the Mountain Sea Empire, the next one will definitely be the Xitu Empire."

"Their Vast Limitless Palace cannot stay out of it either."

Moon Wheel Kechu took a deep breath, but finally shook his head, "Bugu Lin, it's not like you don't know that we have always been harmonious on the surface, but in fact, each family has its own little thoughts."

"You think they will be united, but I think they will not only not, but will also kick us when we are down."

Moon Wheel Kechu's face was very serious, and he continued:

"For them, the biggest trouble is never how big the territory of the Mountain Sea Empire is, but the Snow Emperor and the Mortal Palace themselves, and the two gods beside the Snow Emperor."

"So, they don't care about our life or death."

Bugu Lin was silent. He obviously knew what Moon Wheel Kechu said.

"If that's the case, then there's no choice but to fight the Snow Emperor, or, as you said, withdraw from the Vast Continent and enter the sea."

"What did I say?"

Moon Wheel Kechu was even more angry, "I've already told you, the person in the image recorded by the crystal ball is not me, not me."

"Others don't believe me, how come even you don't believe me?!"

Bugu Lin hesitated, but in the end, he didn't say anything.

.....

In addition to the Vast Limitless Palace and the Moon Wheel Demon Palace and other holy lands, other holy lands are discussing because Lin Tianhao killed the Dark Night Spirit God Moile.

The passing of a god, especially one who was killed by such a sensitive person as the Snow Emperor.

At this time.

Lin Tianhao had already included the Dark Night Spirit God Moile into the God Confinement List.

After including the Dark Night Spirit God into the God Confinement List, Lin Tianhao's God Slayer mark also had an additional effect.

Dark Night Spirit God (Moile): Your all attributes are doubled in the dark.

A very simple effect introduction.

But after this effect was introduced, Lin Tianhao realized.

He seemed to be a little invincible!

If he was in a dark state, his strength increase would definitely not be as simple as doubling it.

After checking the ability that the God Slayer mark stripped after killing the Dark Night Spirit God.

Lin Tianhao's eyes fell on Mutings.

"Still looking?"

Mutings' face changed, and he immediately left in a panic.

After Mutings left, Lin Tianhao waved his hand and summoned Moile.

As soon as Moile appeared, he roared at the Sea God Poseidon beside Lin Tianhao:

"Poseidon, you bastard, I'm going to kill you!!"

Chapter 470 - Showdown: Take action against Olufollan!

"Stop!"

Lin Tianhao raised his hand to stop Mo Ilai.

Mo Ilai was very unhappy. She wanted to say something, but feeling the contract between herself and Lin Tianhao that struck deep into her soul, she ultimately couldn't bring herself to say the words that were on the tip of her tongue.

"This... What's going on?"

Mo Ilai looked at Lin Tianhao in disbelief, "I've returned to my peak state, but why..."

Poseidon smiled at Mo Ilai and said, "This isn't a bad thing for you."

"The Great Era is coming. To be freed from a weak state and be able to follow such an enlightened ruler is truly a blessing."

Mo Ilai couldn't help but glare at Poseidon, but the influence of the contract still made her lower her proud head to Lin Tianhao.

"Your subordinate, Mo Ilai, greets Master."

Seeing this.

A satisfied smile appeared on Lin Tianhao's face.

After killing Mo Ilai, although the God of the Undead had not yet returned to his peak state, it was by no means difficult to strike again.

Now that they were in the Nether Sea, Lin Tianhao could completely strike while the iron was hot.

"Tonight, return to Fordland City!"

Lin Tianhao's eyes were firm. Now he had Mo Ilai by his side, and he had also obtained the abnormal buff of doubled darkness attributes.

His current health exceeded 80 million, and in the darkness state, it exceeded 160 million.

Lin Tianhao returned to Fordland City.

Fordland City was in chaos at this time, for only one reason: Lin Tianhao's bounty.

Just as Lin Tianhao had expected, among the hundreds of millions of players in the Mountain and Sea Empire, there would always be a very small number of people who had their own opportunities and special methods.

Currently, Lin Tianhao had discovered that infighting seemed to have already begun in Fordland City, but the reason was not yet clear.

But it was highly likely that someone was sowing discord.

After all, based on Lin Tianhao's understanding of Fordland City, under normal circumstances, they had no reason to fight among themselves.

It could only be said that.

Someone had infiltrated Fordland City and stirred up this infighting.

Lin Tianhao took a deep breath, a faint smile appearing on his face.

Fordland City was in chaos, which meant that more Lizardmen would be discovered.

The free attribute points he could distribute would naturally be more, and the free attribute points he could get in return would naturally be more as well.

This was a virtuous cycle.

However, what was more important to Lin Tianhao now was to kill Olufordland.

Because helping the Silver-Eyed Octopus recover required devouring and absorbing other small worlds.

And the Land of Faith could also be considered a small world.

A small city similar to Olu's Holy Land was an independently existing small world.

If Lin Tianhao destroyed it, the Silver-Eyed Octopus could recover to a certain extent.

Olu Holy Land.

Lin Tianhao visited here again.

The one who received Lin Tianhao this time was still the servant.

But it didn't matter anymore.

Lin Tianhao knew that this servant was just an illusion, a false image constructed from the depths of his consciousness to influence him.

"Olufordland."

Lin Tianhao walked up to Olufordland.

Olufordland looked somewhat displeased, "Snow Emperor, are you really planning to tear up the agreement?"

A cold light flashed in Lin Tianhao's eyes, "Isn't what I'm doing obvious enough?"

"It's obvious, but it also makes me very unhappy."

As soon as he finished speaking.

Seven people appeared behind Olufordland. These seven people all exuded divine might, terrifying and unparalleled.

Lin Tianhao remained unmoved.

"Olufordland, why bother using this deceptive trick again? If you really had seven gods, would you still be cowering here?"

Olufordland's expression changed upon hearing this, but he didn't admit anything because of Lin Tianhao's words.

"What? Doubting the authenticity of the gods behind me? You can try attacking."

Lin Tianhao smiled slightly, "There's no need. By guiding my consciousness, you've made me see all this."

"Your so-called Olru Holy Land is just a conscious space you've constructed yourself. You say you're sealing extraterrestrial demons, but in my opinion, you're the extraterrestrial demon."

"You use your Lizardmen subjects to enslave the people of Fordland City, brainwashing them to obey your arrangements and then provide you with a constant stream of women."

"As a result, you've obtained a large amount of Nether Energy, gradually breaking the seal."

Olufordland's expression changed with every sentence Lin Tianhao said.

Obviously.

He didn't expect Lin Tianhao to figure things out so quickly.

"Snow Emperor, you're really foolish. What you're saying is obviously based on listening to only one side of the story."

Olufordland pretended to be calm. He knew very well that he couldn't admit it.

After all, these weren't just simple illusions, but directly changing the thoughts in the depths of Lin Tianhao's consciousness.

Everything he saw in Olru's Holy Land was a change from the level of consciousness.

Logically speaking, Lin Tianhao had no reason to see that there was a problem here.

Therefore.

Olufordland felt that Lin Tianhao was just listening to slander. As long as he pretended well enough, he would definitely be able to dispel Lin Tianhao's suspicions.

"Snow Emperor, your Mountain and Sea Empire is already the target of public criticism. If you start a war with our Fordland City, it won't be a good thing for you."

Lin Tianhao smiled slightly, "Haven't you heard of youthful arrogance?"

"I bet that the gods behind you are all fake, I bet that you are the extraterrestrial demon, I bet that you are just a paper tiger!!"

As soon as he finished speaking.

Lin Tianhao immediately sacrificed the Seven Treasures Exquisite Pagoda.

However.

The Seven Treasures Exquisite Pagoda didn't fly towards [Olufordland], but towards the old servant who led the way.

In fact, Lin Tianhao had already realized that the Olufordland in front of him was just a puppet.

The real Olufordland was this old servant who led the way.

"You actually really saw through me."

A look of ferocity appeared on the face of the man in the guise of the old servant.

With a move of his body, he immediately prepared to run.

But just as he was about to run, he discovered that four gods had appeared in the four directions around him.

They were the Dark Night Spirit God, Mo Ilai, the God of the Undead, the Sea God Poseidon, and Blackheart Dragon.

"Four... Four gods!!"

Olufordland's expression changed drastically. He was currently in a sealed state, and now he was blocked by four gods. Today's ending was already destined.

"Your actions are absolutely intolerable to me."

Lin Tianhao had never had such a strong desire to kill a god before.

Not even the Dark Night Spirit God Mo Ilai, or the Sea God Poseidon back then.

They schemed and plotted, wanting to prevent Lin Tianhao from reviving the Mountain and Sea Empire, but Lin Tianhao could understand.

The conflict between them was on the level of factions, but Olufordland was different.

He used pregnant women to create Nether Energy. This kind of behavior was too heinous. Dying ten times, a hundred times, a thousand times wouldn't be enough!!
