

## O game 491

Chapter 491 - Tianren's sense of crisis!

Fire Rain, as a large-area skill, doesn't have very high single-target damage. The Celestial Ninja Blood Buddha can withstand it with the magic shield on his body.

"This assassin has some ideas, but I wonder if the mage will fall for the trick," Xiudeli Haohong said with a smile.

Tutu Lu Hongqiong's expression was somewhat gloomy. He knew that his player was likely to fall for the trick.

If you misjudge the position of an assassin, you may put yourself in a situation of eternal doom.

Especially since...

...the current state is 1V1, and Gui Ye Wuqing has no one to protect her.

An assassin getting close to a mage, the result will almost certainly be without any suspense.

On the arena.

Gui Ye Wuqing seemed to have fallen for the trick, waving her staff, a large number of fireballs flew towards a more distant place.

"It's over!"

Tutu Lu Hongqiong knew that Gui Ye Wuqing had been fooled.

The next script will most likely be that the assassin will strike instantly and kill Gui Ye Wuqing the moment the magic shield in front of Gui Ye Wuqing disappears.

Seeing this scene, the Western Extremity Demigod couldn't help but smile, as if everything was developing in a good direction.

"Tutu Lu Hongqiong, it seems that your player wants to get a three-kill streak, but there is no chance."

The Western Extremity Demigod had just finished speaking when a sudden change occurred on the arena.

The fireballs that should have flown over the head of the Celestial Ninja Blood Buddha, when they reached the top of the Celestial Ninja Blood Buddha's head, actually made a turn and smashed down directly.

"How is that possible?!"

The Western Extremity Demigod stood up abruptly.

"She found out, pretended not to notice, just to trick my player, what a vicious scheme."

Xiudeli Haohong shook his head, "Western Extremity Demigod, you can't say that's vicious. On the arena, deception is never too much. Didn't your people also want to play the 'hiding in plain sight' trick just now?"

"How did she find out?" The Western Extremity Demigod asked through gritted teeth.

The Red Flower Demigod explained from the side: "Although Fire Rain cannot break your player's stealth state, raindrops falling on the body will change the trajectory of the raindrops."

"As long as you observe carefully, you will be able to find the anomaly."

At this time.

On the arena.

Gui Ye Wuqing's sudden magic turn caught the Celestial Ninja Blood Buddha off guard.

However, the Celestial Ninja Blood Buddha had performed many assassination missions in reality, and his sense of crisis was too acute.

If it weren't for hundreds of fireballs smashing towards him at the same time, he probably would have been able to dodge all the fireballs.

"This reaction is a bit too strong."

Los Jingkong couldn't help but sigh.

The Western Extremity Demigod seemed to have regained some face and responded: "This assassin's grasp of timing is very precise. Similarly, his perception of crisis is also very acute."

Tutu Lu Haohong said with a chuckle, "It is undeniable that your assassin is very strong, but compared with our Holy Land's mage, who will be better, that is still unknown."

Now that the Celestial Ninja Blood Buddha's stealth has been broken, Gui Ye Wuqing will naturally not give the other party a chance to enter the stealth state again.

With a wave of her hand, a large number of spells flew out again.

Gui Ye Wuqing's spells seemed to be infinitely blessed.

The number of each spell is very large.

The assassin loses stealth, and is still in a relatively small area like the arena, his room for maneuver will be extremely compressed.

What's more, Gui Ye Wuqing's area-of-effect skills block the way, making it even more difficult for the Celestial Ninja Blood Buddha.

To be precise.

It is the Celestial Ninja Blood Buddha.

If it were another assassin, it is estimated that he would have been chilled to the bone by now.

"Damn, awesome, I am a mage, these assassins often ambush me in the wild relying on their high damage, and I was exploded a piece of golden equipment because of this."

"Assassins are indeed disgusting, but the big guy upstairs is a real boss, even has golden equipment."

"This assassin's movement speed is so fast, and he has so many skills. If it were in the wild, even if there were warriors to protect me, I estimate I would die N times."

Especially since...

...although he tried his best to dodge, his health was still being continuously reduced in the face of this area-of-effect skill.

At this rate, his defeat is already a certainty.

"It's now."

The Celestial Ninja Blood Buddha seized an opening, teleported instantly to close the distance, and then three poison-coated throwing knives flew out from his hand.

"So cautious, he didn't even directly close the distance with this flaw, but chose to attack from a distance with throwing knives."

The Red Flower Demigod couldn't help but sigh.

Because from God's perspective, you know that the flaw was deliberately exposed by Gui Ye Wuqing, the purpose is to lure the other party to take the bait.

"Tutu Lu Hongqiong, your player has a lot of ideas, but unfortunately, she is facing the top assassin."

Three daggers pierced through [Gui Ye Wuqing]'s body.

But did not deal any damage.

This is a substitute technique.

The real Gui Ye Wuqing had already arrived at the side and rear.

If the Celestial Ninja Blood Buddha had directly closed the distance just now, he would definitely have been stabbed through the body.

On the arena.

Gui Ye Wuqing's eyebrows furrowed.

Obviously.

She deliberately sold a flaw, but the other party didn't take the bait, making her situation a little bad.

For any profession, movement skills are extremely important.

In order to sell a flaw, she used a movement skill.

In a short period of time, she could no longer use the substitute technique.

But the good news is.

The Celestial Ninja Blood Buddha teleported over, which means that they both used a movement skill respectively.

In terms of the relativity of arena battles, if you use a movement skill, and the other party also uses a movement skill.

That is equivalent to everyone not using a movement skill.

This time Gui Ye Wuqing failed to kill the Celestial Ninja Blood Buddha, what she got in return was that the Celestial Ninja Blood Buddha was more careful and cautious.

But this result made the Western Extremity Demigod unable to watch any longer.

Because there were two times.

Gui Ye Wuqing really accidentally exposed a flaw, but after the first incident, the Celestial Ninja Blood Buddha did not take action.

Lin Tianhao felt that.

An assassin like the Celestial Ninja Blood Buddha should not be so indecisive.

He must have noticed the flaw exposed by Gui Ye Wuqing.

But why he noticed the flaw, but still did not take action, there is only one answer.

That is, the Celestial Ninja Blood Buddha does not have the certainty to kill.

A Celestial Ninja will not be so indecisive in doing things.

In addition, Lin Tianhao knew something about the Celestial Ninja Blood Buddha in his previous life, and he was even more sure of his guess.

The Celestial Ninja Blood Buddha is waiting for an opportunity, an opportunity to kill Gui Ye Wuqing with certainty.

Sure enough.

Although Gui Ye Wuqing's magic is powerful, her combat skills and temperament are far inferior to the Celestial Ninja Blood Buddha.

Seeing that she could not attack for a long time and could not kill the Celestial Ninja Blood Buddha, she became a little reckless.

This made her expose a fatal flaw.

"It's over."

Lin Tianhao thought to himself, the Celestial Ninja Blood Buddha's ability to grasp the timing is really too strong.

He took action instantly, and in the blink of an eye, he came to Gui Ye Wuqing's side.

The gleaming dagger pierced into Gui Ye Wuqing's neck from behind.

Chapter 492 - Gemini talent!

Was it over?

Not yet.

Although Gui Ye Wuqing's flaw was revealed due to impatience, her methods were not limited to this.

The instant the dagger pierced her neck, her body exploded into petals.

Amidst the exploding petals, a staff flashing with firelight slammed fiercely into the chest of the Heavenly Ninja Blood Buddha.

The Heavenly Ninja Blood Buddha leaned back, his movements already somewhat defying the laws of physics.

After avoiding Gui Ye Wuqing's staff attack, the three daggers in his hand flew out, not giving Gui Ye Wuqing another chance to strike.

But Gui Ye Wuqing made a decision that surprised everyone.

Facing the flying daggers, she didn't dodge.

Waving her staff, countless earth spikes erupted from the ground, piercing the Heavenly Ninja Blood Buddha through and through.

The Heavenly Ninja Blood Buddha had already had his health depleted by Gui Ye Wuqing, and this exchange of injuries directly emptied his life bar.

Gui Ye Wuqing, after taking three daggers head-on, had her health bar plummet by half.

The daggers were poisoned, and the poison's damage caused her health to continue to drop to one-third.

But it didn't matter anymore.

The Heavenly Ninja Blood Buddha had already fallen first.

"A one-versus-two, this level one mage is a bit too fierce."

"Won't it be a one-versus-three again? Is the gap between these holy land geniuses so obvious?"

"That assassin seems to be the Heavenly Ninja Blood Buddha. Even such a strong assassin can't kill this level one mage?"

.....

Many viewers were discussing.

They all thought the battle was over.

But Lin Tianhao on the high platform knew that it was over.

However, the loser was Gui Ye Wuqing.

The real Heavenly Ninja Blood Buddha wasn't dead.

He played a trick with a substitute to fake his death!

His real body had already appeared behind Gui Ye Wuqing at this moment.

Accompanied by the Heavenly Ninja Blood Buddha's backstab, dealing high critical damage.

Gui Ye Wuqing's last one-third of her health bar was also emptied.

The battle ended.

The Heavenly Ninja Blood Buddha wins!

This sudden change caught Gui Ye Wuqing off guard.

The audience outside the arena was also stunned.

"Damn, awesome! Wasn't this assassin already killed? When did he get behind this level one mage?"

"It's a bit much. If assassins are all like this, what's the point of me playing an archer?"

"Hehe, I remember Snow Emperor is also an archer. Do you think this assassin can knife Snow Emperor?"

"Young man, your thoughts are a bit dangerous."

.....

The second match between the Tutulu Holy Mountain and the Western Extremes Divine Palace, the Western Extremes Divine Palace wins.

Third match.

2V2!

This duel is relatively crucial, because the Western Extremes Divine Palace and the Tutulu Holy Mountain are now tied one to one.

Whoever wins this third match will be able to enter the match point early.

The two players from the Tutulu Holy Mountain who took the stage in the third match did not include Gui Ye Wuqing. They changed their tactics.

On the side of the Western Extremes Divine Palace, Jin Delan didn't come, but the Heavenly Ninja Blood Buddha adjusted his state and chose to take the stage again.

Accompanying the Heavenly Ninja Blood Buddha on stage was a strong man who was over two meters tall.

His physique was strong, his muscles were explosive, and stepping onto the arena gave people a strong sense of oppression.

"It's a bit interesting."

On the high platform.

A smile appeared on Lin Tianhao's face.

This tall and strong man looked like a reckless person.

But Lin Tianhao could feel it.

He had already comprehended the True Meaning, and had even reached the level of Asking the Heart Without Self.

The True Meaning can actually be quickly comprehended by some with talent, but Asking the Heart requires a state of mind.

This tall and strong man was definitely not as simple as he appeared on the surface.

After all, Lin Tianhao didn't believe that he also had a heaven-defying treasure like the Creation Jade Disc.

His Asking the Heart Without Self was much more valuable than Lin Tianhao's Asking the Heart Without Dust.

Perhaps this time he could also record a new True Meaning, allowing him to master more True Meanings.

Of course.

Regarding recording the True Meaning.

Lin Tianhao was actually not too enthusiastic now.

Before, Lin Tianhao had lofty ambitions to comprehend thousands of Great Daos.

But now Lin Tianhao realized that the time cost required to comprehend thousands of Great Daos was too great.

As of now.

Lin Tianhao doesn't have that much time cost to comprehend thousands of Great Daos.

Now that he already has the Sword Dao Seed, he can completely continue on the Sword Dao.

Or even the Dual Sword (Arrow) Dao is also possible.

As for whether to take the path of thousands of Great Daos, he can wait until he becomes a god to talk about it.

After all, according to the trajectory of the previous life, there are still four and a half years before the day the Great Cataclysm descends.

There are still many things he needs to do next, and the most ideal thing is to become a god in the next four and a half years.

Above the arena.

The battle has already begun.

The two from the Tutulu Holy Mountain, one wielding an iron hammer, and the other wielding a giant axe, were both berserkers.

The moment the battle began, the two rushed up without hesitation.

Lin Tianhao didn't know what was so special about these two warriors that made them replace Gui Ye Wuqing.

At least in terms of current paper strength, Gui Ye Wuqing should be more fierce.

Suddenly.

Lin Tianhao realized something.

The leader of the Tutulu Holy Mountain may have predicted the arrangement of the Western Extremes Divine Palace.

The most ideal state for the Western Extremes Divine Palace to win the match point in the third game is to arrange a shield warrior to cooperate with the Heavenly Ninja Blood Buddha.

After all, judging by normal thinking, the powerful Gui Ye Wuqing should also take the stage in the third game.

In the case of Gui Ye Wuqing taking the stage, Jin Delan's Myriad Arrows will be crushed.

Therefore.

This game is a psychological game between them.

At the start of the battle.

The Heavenly Ninja Blood Buddha entered a stealth state, and the tall and strong man went up to the top.

The iron hammer warrior rushed up first, and the heavy hammer in his hand slammed fiercely at the tall and strong man.

The tall and strong man did not retreat but advanced, and a heavy sword appeared in his hand.

He is not a shield warrior, but a berserker.

"Clang clang clang — —"

In just the blink of an eye, the iron hammer warrior collided with the tall warrior more than a dozen times.

Both of them have a very fast attack speed and a very high frequency of attacks.

Because no one has dealt substantial damage yet, it is still not easy to judge who is stronger and who is weaker.

"This game has a bit of a balanced power meaning."

Xiudeli Honghong smiled.

"Snow Emperor, you are also from an adventurer background, who do you think has a greater chance of winning?"

Lin Tianhao glanced at Tutulu Hongqiong and asked: "Your two players are Gemini, right."

"Hahaha, Snow Emperor, good eyesight, they are a pair of twin brothers, they have had a great tacit understanding since childhood, and their talent is even more rare Gemini."

Gemini talent generally appears at the same time, two people, sharing one talent.

This talent is that they can share their attributes with each other.

Although Gemini is rare, the levels are also relatively clear.

Gemini talent does not have a fixed level, from yellow to god level, as for whether there is a super god level, Lin Tianhao does not know.

Chapter 493 - Man and machine are one!

The extent to which different levels of Gemini Talent can share each other's attributes varies.

“Their Gemini Talent is Saint-level, which is already considered very strong among Gemini Talents.”

Lin Tianhao was a bit curious. Generally speaking, Gemini Talents don't have many weaknesses.

Especially Saint-level Gemini Talents, which are relatively high-level, have even fewer weaknesses.

The ten basic attributes.

Few people max them all out.

Even if it's because of different professions, like physical professions not investing in magic power and magic penetration, or mage professions not investing in attack and magic power.

However, within the eight minor attributes, different professions generally prioritize investing in three to four attributes.

For example, Berserkers mainly focus on attack power, followed by attack speed and health.

Shield Warriors mainly focus on dual resistance and health.

This kind of stat allocation is enough to handle basic monster grinding, but it's only suitable for ordinary players.

However, Gemini Talents can perfectly complement this issue.

Because Gemini can obtain each other's attributes, it's somewhat similar to Fatty's talent.

The difference is that Gemini Talents can obtain all of each other's attributes.

Moreover.

Improving the Gemini Talent can increase the proportion of attributes each other obtains.

For example, a Yellow-level Gemini Talent might only allow you to obtain 10% of the other's total attributes.

While a Black-level might be 20%.

Earth-level 50%.

Heaven-level 100%!

And so on.

However, Gemini Talents are somewhat similar to Monkey and Fatty's talents.

Whether they are strong or not depends on the bond partner, and also on how many free attribute points are obtained.

Because to improve attributes, sufficient free attribute points are an essential part.

Besides that.

Those who can awaken Gemini Talents will also have very high mutual understanding.

When the two compete on the same stage, it is easy to create some dreamlike collaborations.

This is the case on the arena at this moment.

After the Heavenly Ninja Blood Buddha went invisible, the Iron Hammer Warrior got entangled with the tall and strong man, all of which was creating opportunities for the Giant Axe Warrior.

After a heavy blow, the Giant Axe Warrior followed up with an attack, instantly knocking the tall and strong man away.

-490,000!!

A huge damage number appeared above the tall and strong man's head.

The two brothers immediately prepared to follow up with further attacks.

The Heavenly Ninja Blood Buddha in stealth naturally couldn't just watch his teammate get killed.

He threw out three throwing knives from his hand.

At the same time.

The damage values of the Iron Hammer Warrior and the Giant Axe Warrior are very close.

Their attributes are exactly the same because of sharing.

The tall and strong man knew that if he kept getting knocked away, the battle would lose its suspense.

He released Body of the Tyrant without hesitation.

After releasing Body of the Tyrant, he quickly landed, raised his palm, and a blood-colored palm flew out of his palm.

“Boom!”

The blood-colored palm hit the Iron Hammer, and although it didn't cause damage, it still blasted the Iron Hammer Warrior away.

This lethality is a bit too strong.

“Hmph, it's time to end the battle now that this trump card has been hidden until now.”

On the high platform.

The Demi-God of the Western Regions revealed a smug look on his face.

“Tutulu Hongqiong, next you should watch my people perform well.”

Tutulu Hongqiong looked a little dignified, "Blood Demon Ghost Cultivator? You are cooperating with people from the Demonic Path!!"

The Demi-God of the Western Regions smiled noncommittally, "Don't put a big hat on our Western Regions Temple. When I saw him, he was already a Blood Demon Ghost Cultivator."

Lin Tianhao frowned slightly. He had heard of this Blood Demon Ghost Cultivator in his previous life.

Blood Demon Ghost Cultivators become stronger through killing. The most important thing is that they need to kill humanoid lifeforms to become stronger.

Most talents that stack attributes can be obtained by killing monsters.

“No matter how you say it, he is still from the Demonic Path.”

“But he is an adventurer. Don't forget the rules of the Twilight of the Gods. Adventurers can freely choose their own path.”

The Demi-God of the Western Regions laughed lightly.

“You—”

Tutulu Hongqiong was a little annoyed. He glanced at Xiudeli Haohong and said:

“Xiudeli Haohong, aren't you the one who likes to uphold justice the most? Don't you plan to say something about this matter?”

Xiudeli Haohong grinned, "Didn't the Demi-God of the Western Regions just say it? You don't need to delve too deeply into it."

On the arena.

Every time the tall and strong man attacks, there are either blood-colored palm prints or layers of ghost shadows.

The attacks are dazzling.

Most importantly.

The lethality of the attacks is very strong.

Just relying on him alone, he can suppress the Gemini brothers at the same time.

The Blood Demon Ghost Cultivator's fight against these Gemini brothers is still a bit of a dimensional reduction strike.

However.

Lin Tianhao felt that the Gemini brothers being able to force Gui Wuqing to appear should not just be a Saint-level Gemini Talent.

With just this talent, it is obviously not enough.

As if to confirm Lin Tianhao's guess.

Golden light flickered on the Iron Hammer Warrior's body, and then he actually used Human-Weapon Combination.

His whole person disappeared, replaced by a giant iron hammer.

The Giant Axe Warrior was the same. Under the shroud of golden light, he merged with the giant axe.

"I've heard of Human-Sword Combination, but this Human-Hammer Combination and Human-Axe Combination are the first time I've seen them."

"Who isn't? To be honest, this is what the battle between the holy land geniuses should look like. I can only say, what the heck was I watching before."

"This match is finally a bit evenly matched. That assassin hasn't exerted his strength yet, so it should be very exciting next."

... ..

The surrounding audience kept talking. This kind of flashy battle made their viewing experience very good.

Tutulu Hongqiong looked at Lin Tianhao with some concern, "Snow Emperor, which side do you think has a better chance of winning?"

"Based on paper strength, currently, your Gemini brothers from Tutulu Holy Mountain have a better chance of winning."

Lin Tianhao answered Tutulu Hongqiong's question very seriously:

"But if you're talking about my intuition, you will lose."

Tutulu Hongqiong's face collapsed, "You mean there will be a gap in terms of operation, mentality, and awareness?"

"Yes."

Lin Tianhao nodded, "There is no doubt about Heavenly Ninja Blood Buddha's mentality, and that tall warrior should not be underestimated either."

"They are both fighting very steadily and have no emotional fluctuations due to temporary setbacks."

Having said that.

Lin Tianhao continued: "Moreover, that tall and strong man and Heavenly Ninja Blood Buddha should still have trump cards they haven't used."

The Demi-God of the Western Regions' gaze instantly fell on Lin Tianhao.

"Snow Emperor, no wonder you can grow to where you are today. Your eyesight is truly extraordinary."

Hearing these words from the Demi-God of the Western Regions, Tutulu Hongqiong's heart skipped a beat.

Because the words of the Demi-God of the Western Regions were equivalent to admitting that what Lin Tianhao said was correct.

Heavenly Ninja Blood Buddha and the others still had trump cards in their hands that they hadn't used!

Chapter 494 - Lost on match point!

On the arena.

The battle continues.

Blood Hand Prints attacked the Gemini brothers from all directions.

The Gemini brothers were unwilling to be outdone, their cooperation in battle was as if they were one person.

But if it were only this, there would be no chance in this battle.

Because the Celestial Ninja Blood Buddha was still there, if they couldn't take down the tall, strong man after a long assault, the Celestial Ninja Blood Buddha only needed to find an opportunity to instantly kill one of the Gemini brothers, and then the battle would be over.

"Even with the Fusion of Man and Weapon, you can't defeat the people from the Western Paradise Divine Palace, you have no chance anymore."

Losu Jingkong found an opportunity to ridicule Tutulu Hongqiong, and naturally would not let go of such an opportunity.

"Don't speak too soon, watch carefully first."

Tutulu Hongqiong was not worried at all.

"After their Fusion of Man and Weapon, each attack is stronger than the previous one, this is not a simple Fusion of Man and Weapon."

Xiudeli Haohong saw the problem, but the number of exchanges was still small, and others didn't see it.

But if they exchanged blows more times, this method would inevitably attract attention.

This kind of method of becoming braver in battle is relatively rare, but it is not enough for Lin Tianhao to copy and record.

The Dragon Team also has such methods, it's just that I don't know to what extent these Gemini brothers can stack.

The battle continues.

The tall, strong man quickly discovered the problem.

After the Fusion of Man and Weapon, the Gemini brothers' attacks became more and more fierce.

The Celestial Ninja Blood Buddha also saw this problem, he knew that the longer he dragged on, the more unfavorable the battle would be for them.

Finally.

At the moment when the giant axe attacked, the Celestial Ninja Blood Buddha also made his move.

While his three flying knives flew out, he had an additional pitch-black dagger in his hand.

The whole person also disappeared.

Not stealth.

But the art of concealment.

He hid in the shadow of the giant axe.

This is somewhat deceptive.

Because according to normal thinking, if the Celestial Ninja Blood Buddha disappears, he should have entered a stealth state.

If you judge in this way, you may suffer a heavy blow in the following events.

Sure enough.

The giant axe was fooled.

The Celestial Ninja Blood Buddha suddenly stabbed out, dealing high damage to the giant axe warrior.

- 1.29 million!!

This is a very high damage value.

It was also this attack that broke the giant axe warrior's Fusion of Man and Weapon.

Not only that.

The giant axe warrior is now in a poisoned state and is starting to bleed continuously.

"This assassin's attack is so tricky, he actually broke the Fusion of Man and Weapon state in one attack."

Losu Jingkong was a little surprised.

Normally speaking.

In the state of Fusion of Man and Weapon, even if attacked, it will not be easily broken.

Instead, it requires attacking a specific place, or a strong enough attack damage, to break it.

However.

The Celestial Ninja Blood Buddha broke the giant axe warrior's Fusion of Man and Weapon in one move.

After the giant axe warrior's Fusion of Man and Weapon was broken, there was no suspense in the next battle.

Without the giant axe warrior, the tall, strong man seemed to be more than capable of dealing with the giant hammer in Fusion of Man and Weapon.

Moreover, with the cooperation of the Celestial Ninja Blood Buddha, he took the lead in solving the giant axe warrior.

Once the giant axe warrior fell, the remaining iron hammer warrior was also unable to recover, and fell one after another.

Tutulu Hongqiong's expression was a bit gloomy.

"How did this assassin know the method to break the Fusion of Man and Weapon?"

He was indeed a little annoyed, because if the Celestial Ninja Blood Buddha hadn't broken the Fusion of Man and Weapon in one move.

It would be really hard to say who would win this round.

Lin Tianhao didn't think much about it, everyone has their own opportunities, this is the Celestial Ninja Blood Buddha's opportunity.

His Fiery Eyes of Truth can also see how to break the Fusion of Man and Weapon, but the Celestial Ninja Blood Buddha broke it too easily.

This is not something that the Fiery Eyes of Truth alone can do.

It is likely that the Celestial Ninja Blood Buddha has some special means that are restrained against this kind of Fusion of Man and Weapon.

But no matter what, this competition is over.

In the third round.

The Western Paradise Divine Palace took the lead in taking the match point, and the next two rounds are extremely important for Tutulu Sacred Mountain.

In fact, among the major sacred grounds, Tutulu Sacred Mountain has the best relationship with Lin Tianhao, and he still hopes that the people from Tutulu Sacred Mountain can win.

At this time, as long as he takes out two flat peaches, Tutulu Sacred Mountain will have a high probability of winning.

It's just that going down to give flat peaches now is a bit against the rules.

Of course.

He can first transfer the flat peaches to Fatty in the form of a friend's transaction, and then Fatty can hand them over to the people of Tutulu Sacred Mountain.

"Snow Emperor."

"In the current situation, do you have any way to break the situation?"

Tutulu Hongqiong looked at Lin Tianhao, "I haven't been in contact with these fourth and fifth rank geniuses for too long, I don't know how to improve their combat power in a short time."

Lin Tianhao hesitated, and then said: "I do have a method."

"Cough cough."

The Western Paradise Demigod couldn't help coughing twice, "Snow Emperor, it's just a game, if you take action to guide, isn't that a bit too much?"

"And Tutulu Hongqiong, can you have some shame, you actually want Snow Emperor to help."

Tutulu Hongqiong's expression was a bit gloomy, and finally he waved his hand.

"Forget it, forget it, isn't it just a rookie competition? Our Tutulu Sacred Mountain can afford to lose."

Lin Tianhao smiled, "Actually, I think that level one mage is quite strong."

Tutulu Hongqiong shook his head, "I don't care anymore, the arrangement is up to the team leader's own decision."

During the conversation.

The fourth match between Tutulu Sacred Mountain and Western Paradise Divine Palace begins.

The Western Paradise Divine Palace's side is still the same combination as just now.

Celestial Ninja Blood Buddha and the tall, strong man.

And Tutulu Sacred Mountain's side also seems to know that their people can't beat this combination of Western Paradise Divine Palace, so the people this time have made adjustments.

The ones who came on stage were Gui Ye Wuqing and a shield warrior.

Lin Tianhao knew.

A turret mage, paired with a shield warrior.

The shield warrior is at the front, and the turret mage can output with all his strength.

If they can take away one of the opponents first, then it will be much easier to win.

It's just.

Lin Tianhao still thinks it's very difficult.

That tall, strong man's ability is too special.

It's difficult for the shield warrior to block him.

Of course.

Gui Ye Wuqing's ability is also beyond doubt.

Therefore.

It is still worth looking forward to what the result of this match will be.

Moreover.

Lin Tianhao also wants to see the team battle.

No matter how strong a person's strength is, when encountering a team with enough tacit understanding and a perfect enough combination, they may fall.

This is also an important reason why many people were able to survive under the Great Cataclysm in the previous life.

A good team is able to fight beyond their level.

It's just.

In Lin Tianhao's team in the previous life, there was a black sheep.

Lin Tianhao also died because of this.

Fourth match.

The battle begins.

Gui Ye Wuqing made his move this time extremely quickly, and did not intend to give the Celestial Ninja Blood Buddha a chance to sneak attack.

Chapter 495 - Marshal Feng Chi!

Gui Ye Wuqing's spells were instant and flew through the air with extraordinary speed.

In the blink of an eye, they were already in front of the Heavenly Ninja Blood Buddha.

However.

A bloody handprint helped the Heavenly Ninja Blood Buddha block the attack, allowing him to successfully enter stealth.

Gui Ye Wuqing wasn't too surprised by the failed interruption; it seemed to be within her expectations.

This tactic was generally used when grinding monsters.

After all, if you were fighting people, they would run away.

But.

There was an exception: the arena.

With the arena's limited space, this tactic was still viable.

However, this tactic had a prerequisite.

The shield warrior needed to be very strong; if he was instantly killed, it would be meaningless.

Just as Lin Tianhao was thinking this, the Heavenly Ninja Blood Buddha attacked.

He didn't attack Gui Ye Wuqing but instead targeted the shield warrior.

With the shield warrior present, attacking Gui Ye Wuqing might result in being hit with a combo.

"Shirr!"

The dagger instantly landed on the shield warrior, but the shield warrior blocked it with his shield, reducing a large amount of damage.

However, cracks appeared on the shield warrior's shield.

"This is... the Forget-Me-Not Dagger of the Bailoke Temple."

Tutu Lu Hongqiong's pupils suddenly shrank, and he said with a gloomy face:

"West Pole Demigod, you're going a bit too far."

"Before, Losjing Kong and the others were using things from their own holy land, but you've gone and gotten support from other holy lands."

The West Pole Demigod shook his head and said seriously:

"Hongqiong, don't make false accusations. We at the West Pole Temple are very open-minded. It's normal for an adventurer to receive some rewards after accepting a mission from the Bailoke Temple, isn't it?"

Tutu Lu Hongqiong was grinding his back teeth; this was too outrageous.

Lin Tianhao secretly shook his head; he had overestimated this New Talent Competition.

He had originally thought that some extraordinary talents would emerge, especially since he had made so many changes.

But what Lin Tianhao hadn't expected was that those who came were all of this caliber.

Lin Tianhao was certain.

There should be more than this among the adventurers.

Either these holy lands hadn't found real experts, or the real experts didn't want the attention.

After all.

So far, no ancient martial artists had appeared, and even among those who had appeared, not all had God-tier talents.

Although the quality of this first New Talent Competition wasn't high in his previous life, Lin Tianhao had originally thought that his butterfly effect would create some different changes.

Now it seemed.

He was overthinking it.

This shield warrior's level was not bad, but unfortunately, he couldn't stop the Heavenly Ninja Blood Buddha's attacks after all.

The shield shattered, and he was killed by the Heavenly Ninja Blood Buddha.

Although Gui Ye Wuqing used various spells, she was powerless to turn the tide.

She wasn't the Heavenly Ninja Blood Buddha's opponent in a one-on-one fight, let alone now.

"Lost."

Tutu Lu Hongqiong said helplessly, "West Pole Demigod, I really didn't expect you to be so well-prepared."

"There's no point in saying this now; whether we can enter the top four depends on the next round's draw."

The West Pole Demigod looked at Lin Tianhao and Xiudeli Honghong.

"With just these few people from our West Pole Temple, if we draw the Vast Limitless Palace or the Mortal Palace in the next round, I'm afraid we won't have a chance."

Xiudeli Honghong smiled slightly, "West Pole Demigod, don't be so humble. Besides, we from the Vast Limitless Palace haven't advanced to the top four yet. It's too early to say."

The West Pole Demigod opened his mouth and smiled, "With that person's existence, how could you lose?"

Clearly.

The West Pole Demigod knew something about the Vast Limitless Palace's contestants.

"The first match tomorrow morning is between your Vast Limitless Palace and the Crimson Flower Sand Palace. Crimson Flower Demigod, I haven't seen you say anything today."

The Crimson Flower Demigod smiled helplessly and said, "I don't know what to say."

"Great Palace Master, if my people accidentally eliminate your team tomorrow, you won't hate me, will you?"

The West Pole Demigod couldn't help but laugh, "Crimson Flower Demigod, you're really courageous."

"The Great Palace Master dared to bet with the Snow Emperor. Haven't you thought about the reason?"

The Crimson Flower Demigod opened his mouth, but still said, "Mainly because my team is also very strong this time."

Xiudeli Honghong waved his hand, "It's just a New Talent Competition; I can afford to lose."

"But Crimson Flower Demigod, if you eliminate my team, remember to eliminate the Snow Emperor's team as well."

"I have a bet with him."

Lin Tianhao opened his mouth but didn't speak.

After the last match ended, he also needed to think about whether or not to do something tonight.

His Seventy-Two Transformations, combined with Oulu Fudelan, still had a lot of room to play.

It was just that getting the Moon Wheel and Xitu Empires to fight seemed difficult at the moment.

Since the Moon Wheel Empire and the Xitu Empire wouldn't work, what about the Vast Empire?

If he wanted to target the Vast Empire, how should he start?

Lin Tianhao began to search for useful information from his previous life's memories.

In his previous life, the Mountain and Sea Empire hadn't revived, and the Vast Empire was the one Lin Tianhao had been active in for a relatively long time.

Therefore, after only a slight thought, Lin Tianhao knew the reason.

The Vast Empire: Marshal Feng Chi!

This Marshal Feng Chi was one of the pillars of the Vast Empire, with very high prestige in the army.

He was also upright and unyielding, but in the end, he was ruined by a woman.

Of course.

That was later.

The current Marshal Feng Chi was still a powerful official holding heavy troops.

Feng Chi was in love with a woman from the Fox Clan.

He used all sorts of means to marry the Fox Clan woman.

But the Fox Clan woman's purpose in marrying Feng Chi was to use his power to help the Fox Clan rise.

Feng Chi openly rebelled for the Fox Clan woman, but unfortunately, he ultimately failed and was ruthlessly suppressed.

The Fox Clan was also hunted down.

Lin Tianhao remembered.

In his previous life, the Vast Empire issued a reward for hunting the Fox Clan; killing a Fox Clan member would grant five hundred free attribute points.

At that time, countless people went crazy for it.

Vast Empire.

Marshal's Mansion.

Lin Tianhao secretly sneaked into the Marshal's Mansion; he needed to find the Fox Clan woman first.

In his previous life, Feng Chi's failed rebellion didn't have much impact on the Vast Empire.

But this time, Lin Tianhao was prepared to help them, helping them increase the success rate of their rebellion.

Finally.

In the inner courtyard of the Marshal's Mansion, Lin Tianhao found the Fox Woman who was playing the zither alone.

It had to be said, she was truly extremely beautiful.

Bewitching and alluring!

Especially under the night, wearing a thin veil, it made people's minds wander.

Chapter 496 - Qingshuang Damu!

Lin Tianhao was currently disguised as a servant in Grand Marshal Feng Chi's mansion.

Generally speaking, it wouldn't be easy to attract attention.

But the fox-woman, Qing Shuang Da Mu, happened to fix her gaze on Lin Tianhao.

She beckoned to Lin Tianhao and said with a smile, "You, come here."

Lin Tianhao was somewhat surprised, wondering why she was calling him over for no apparent reason.

But now that he was transformed into a servant of Grand Marshal Feng Chi's mansion, he naturally had to go when his master called.

Moreover, Lin Tianhao himself wanted to get a closer look at Qing Shuang Da Mu.

When Lin Tianhao approached, Qing Shuang Da Mu said with a smile, "Am I beautiful?"

Lin Tianhao was slightly taken aback, this question was a bit like a death trap.

Should he answer that she was beautiful, or not beautiful?

"Madam's appearance is captivating and unparalleled."

Standing in his position, he certainly couldn't just say 'beautiful,' as that would be too superficial.

Therefore.

Lin Tianhao directly used a flattering remark.

Of course.

Lin Tianhao's words weren't entirely flattery.

Because this Qing Shuang Da Mu was indeed excessively beautiful.

Hearing Lin Tianhao's words, Qing Shuang Da Mu stood up directly, bringing her delicate face close to Lin Tianhao's face.

"Then, do you want to obtain me?"

Qing Shuang Da Mu's breath was like orchids, her voice carrying an irresistible temptation.

Lin Tianhao took a deep breath, this was a bit too explosive, wasn't it?

Was Grand Marshal Feng Chi's wife, whom he had spent a great price to marry, like this?

"Grand Marshal Feng Chi won't be back today, he has already gone to the Xitu Empire, and won't be back for the next half month."

Lin Tianhao froze on the spot, this was the reaction that a servant should have.

Qing Shuang Da Mu stretched out her slender fingers, raised Lin Tianhao's chin, and said softly:

"Grand Marshal Feng Chi is just an unromantic person, I still think you're better, take me..."

Lin Tianhao shook his head, "Madam, you can't do this, Grand Marshal Feng Chi loves you so much, you can't do something that would betray him."

Hearing these words.

Qing Shuang Da Mu shook her head and chuckled, "Who told you that he loves me?"

"He's with me only to use the power of our fox clan to do some shady things."

Lin Tianhao was a little surprised, judging from her words, Grand Marshal Feng Chi seemed to have been a simple and devoted admirer.

But judging from Qing Shuang Da Mu's words, there seemed to be some other issues involved.

Could it be that Grand Marshal Feng Chi's rebellion had other hidden reasons?

Many people had said that Qing Shuang Da Mu was Su Daji from the Twilight of the Gods.

So most people hadn't considered that there might be other secrets.

Thinking about it now.

Grand Marshal Feng Chi was, after all, a Grand Marshal of the dynasty, it was impossible for him to really be a fool.

So...

Grand Marshal Feng Chi himself wanted to rebel.

He wanted to use the power of the fox clan to rebel, but in the end, the rebellion failed.

Not only did the rebellion fail, but Qing Shuang Da Mu became the scapegoat instead!

"Grand Marshal Feng Chi shouldn't be that kind of person," Lin Tianhao said.

Qing Shuang Da Mu sneered, "At a time like this, can you not talk about those things?"

"Let's hurry up and do what men and women should do."

Lin Tianhao's forehead was covered in black lines, this Qing Shuang Da Mu just coveted his body.

"Madam, we really can't do this."

Qing Shuang Da Mu sighed helplessly, "Snow Emperor, do you despise me?"

Hearing Qing Shuang Da Mu's words, a look of disbelief appeared on Lin Tianhao's face.

"You saw through me."

He subconsciously took a step back, because even demigods couldn't see through his Seventy-Two Transformations, let alone Qing Shuang Da Mu?

Qing Shuang Da Mu looked at Lin Tianhao with a smile, and said unhurriedly:

"What? Are you very surprised? My abilities are a little different from others."

"I can pry into people's hearts."

Lin Tianhao looked at Qing Shuang Da Mu meaningfully and said seriously, "Now that you've seen through my identity, why don't you call for help?"

"Call for help?"

Qing Shuang Da Mu shook her head, "Why call for help? Snow Emperor is the master of the Holy Land, his status and position are much higher than Grand Marshal Feng Chi's."

"If I can rely on your thigh, wouldn't that be even more perfect?"

Lin Tianhao smiled noncommittally, "It's better not to say such things, you have the backing of the fox clan, your status and position are not bad at all."

Hearing Lin Tianhao's words.

A look of self-deprecation appeared on Qing Shuang Da Mu's face.

"The fox clan?"

"Hehe, our fox clan looks like it has some power, but only we ourselves know that we are just rootless duckweed."

Lin Tianhao waved his hand, "Since you've already seen through me, then there's nothing to talk about."

Hearing these words.

Qing Shuang Da Mu raised her hand and grabbed Lin Tianhao.

"Snow Emperor, although you don't like my body, what I just said is true, our fox clan needs to rely on a strong backer."

"The Vast and Boundless Palace is hypocritical, it's difficult to protect our fox clan."

Lin Tianhao narrowed his eyes and asked, "There's no point in saying these things, the key is to see what you can give me."

"The fox clan's loyalty," Qing Shuang Da Mu replied very affirmatively.

Lin Tianhao chuckled, "You've already married Grand Marshal Feng Chi, but you still want to rely on my thigh."

"Doesn't this mean that if an even bigger thigh appears in the future, you will leave me and go to rely on another thigh?"

Qing Shuang Da Mu looked at Lin Tianhao with some surprise, she shook her head anxiously and said seriously:

"Snow Emperor, you've misunderstood."

"Our fox clan just wants to follow a wise lord, and I'm not Grand Marshal Feng Chi's person, I was arranged here by the Vast and Boundless Palace."

"The Vast and Boundless Palace knew that Grand Marshal Feng Chi wanted to rebel, so they used a counter-strategy, letting me pretend to join Grand Marshal Feng Chi, the purpose was to cooperate from the inside out and expose Grand Marshal Feng Chi's true colors."

Lin Tianhao frowned slightly and asked:

"Since the Vast and Boundless Palace knew that Grand Marshal Feng Chi was going to rebel, they could have just killed Grand Marshal Feng Chi, why bother with so much trouble?"

"There's no evidence."

Qing Shuang Da Mu said with a wry smile: "Grand Marshal Feng Chi has extremely high prestige in the Vast and Boundless Empire, and he also has mysterious forces supporting him behind the scenes, those mysterious forces are likely to be able to compete with the Vast and Boundless Palace."

Lin Tianhao's pupils shrank.

On the Vast and Boundless Continent, there were still forces that could compete with the Vast and Boundless Palace?

Their Mortal Palace was already very strong because of him, but if they really broke face, it was really hard to say who was stronger or weaker between him and the Vast and Boundless Palace.

According to the trajectory of his previous life, what Qing Shuang Da Mu said seemed to be true.

It's just that in the end, the Vast and Boundless Palace still crossed the river and demolished the bridge.

They attributed the crime of Grand Marshal Feng Chi's rebellion to Qing Shuang Da Mu, and in the end, the fox clan was also destroyed because of this!

Chapter 497 - Nine-tailed fairy fox!

Lin Tianhao looked at Qing Shuangda Mu indifferently and said, "The Boundless Infinite Palace has a good reputation in the Boundless Continent, it is true that you have joined the Boundless Infinite Palace."

"Saying so much just now is just to infiltrate the inside of my Mortal Palace, so as to turn me into the second Grand Marshal Feng Chi."

Qing Shuangda Mu's words are not credible, so Lin Tianhao has reason to suspect what she said.

Qing Shuangda Mu was a little surprised when she heard Lin Tianhao's words.

"Snow Emperor, what I just said is true, there is no need to lie to you."

Lin Tianhao shook his head, "Your fox clan is not very useful to me, I don't need to take risks for you."

"You can see through my Seventy-Two Transformations, logically speaking, I should kill you!"

Qing Shuangda Mu's expression changed slightly, she wanted to say something but stopped.

"Then what is your purpose for coming here today?" Qing Shuangda Mu asked, gritting her teeth.

"Coincidentally, my purpose for coming here today is to kill you," Lin Tianhao said.

Qing Shuangda Mu: ? ? ?

She was speechless for a while.

Even if you want to kill her, there is no need to be so straightforward.

"Kill you, blame the Boundless Infinite Palace, and then I will meet Grand Marshal Feng Chi as the Palace Master of the Mortal Palace and help him rebel."

Hearing this.

Qing Shuangda Mu was shocked, "So, you really want to completely revive the Mountain and Sea Empire."

"But shouldn't you take down the Moon Wheel Empire first?"

Lin Tianhao waved his hand, he didn't plan to explain any more.

As for the real reason, it is very simple, that is, the Boundless Infinite Palace will not really sit idly by.

Just like this time.

He provoked the battle between the Hope Empire and the Moon Wheel Empire.

But the people from the Boundless Infinite Palace spoke, and this matter was reduced to nothing.

So.

To open up the situation.

The Boundless Infinite Palace must be too busy to take care of itself.

"Snow Emperor, I am sincerely surrendering, the Boundless Infinite Palace is not as simple as it seems on the surface."

"I am just a pawn, but I don't want to be a pawn."

Lin Tianhao smiled, "You don't want to be a pawn? Does that mean you won't be a pawn in my hands?"

Qing Shuangda Mu shook her head, "You are a man of your word."

"I have been looking for a way out for the fox clan, I have secretly investigated all the major holy lands, and finally found that you are the only one worthy of trust."

"You have come all the way, although you have come on a path of white bones, you have never broken your promise, you have done what you promised, it's just that sometimes people always like to go back on their words."

Lin Tianhao narrowed his eyes slightly, "I am a trustworthy person, but how do I know if you are a person who goes back on their words?"

"I am willing to make a contract with you, just asking you to give our fox clan a place to recuperate."

"Don't worry, our fox clan will definitely follow you with unwavering loyalty."

"And... and I only have a cooperative relationship with Grand Marshal Feng Chi, and I am still chaste."

The corner of Lin Tianhao's mouth twitched, weren't they talking about cooperation?

What does this have to do with chastity?

Am I that kind of person?

"I am not a summoner, how can you make a contract with me?"

Lin Tianhao knew.

Warriors can only make contracts with mounts, and to make contracts with other beasts, it is generally only summoners who can do it.

"The Holy Land Lord is an exception, the Holy Lord's Order can be used to make a contract, which is considered to be recruiting guardian beasts for the Holy Land."

Hearing this.

Lin Tianhao understood in his heart that when he first took over the Mortal Palace, a demon clan named Mo Baozi came.

Her father, Mo Tianya, seemed to be the guardian beast of the Mortal Palace.

Qing Shuangda Mu may not be as powerful as Mo Tianya, but she should still have room for growth in the future.

After all, the upper limit of the fox clan is the Nine-Tailed Celestial Fox, and this Qing Shuangda Mu has been able to get to where she is today, her talent is also beyond doubt.

And after making a contract, Lin Tianhao doesn't have to worry about the other party's betrayal.

"Can you read people's minds?" Lin Tianhao asked suddenly.

Qing Shuangda Mu nodded, "I guess, but not completely, I can only peek into some of the simplest thoughts."

"Then keeping you by my side is not a good thing."

Qing Shuangda Mu smiled helplessly: "I will not peek into people's hearts at will, after all, that is also costly."

Lin Tianhao waved his hand, "It doesn't matter anymore, because you have already moved me, make a contract and become the guardian beast of our Mortal Palace."

"Okay."

Qing Shuangda Mu showed a look of joy.

Lin Tianhao took out the Holy Lord's Order and was about to make a contract with Qing Shuangda Mu.

But at this moment, a huge suction force came, and there were signs that it was going to suck away the Holy Lord's Order in Lin Tianhao's hand.

Lin Tianhao wanted to put away the Holy Lord's Order again, but found that he could no longer do it.

"Since the Holy Lord's Order has been taken out, there is no need to put it away again."

A charming voice sounded, and then Lin Tianhao saw nine pink fox tails rising from the small courtyard.

These nine pink fox tails were very huge, like nine petals, covering the small courtyard.

"Nine-Tailed Celestial Fox."

A cold light flashed in Lin Tianhao's eyes, and his gaze fell on Qing Shuangda Mu.

"So you are also a person who goes back on their words."

Qing Shuangda Mu shook her head subconsciously and looked back into the house.

"Ancestor, no."

In the room.

The charming voice of the Nine-Tailed Celestial Fox came.

"There is nothing that cannot be done, as long as we get the Holy Lord's Order, our fox clan can truly turn over and become masters."

A shallow smile appeared on Lin Tianhao's face.

"Nine-Tailed Celestial Fox, you are too confident."

While speaking.

Lin Tianhao put away the Holy Lord's Order.

"How is that possible? In my Nine-Tailed Space, how could you, a mere mortal, still take back the Holy Lord's Order."

Lin Tianhao smiled slightly, and with a wave of his hand, the Sea God Poseidon, Ouluofdelan, and Black Heart Dragon, three gods, appeared at the same time.

"Three... three gods!!"

The Nine-Tailed Celestial Fox was shocked, "You actually have three gods following you?!"

"No, if you have three gods by your side, then you should have discovered me long ago."

Lin Tianhao nodded with a smile.

"That's right, from the moment I set foot here, I discovered you, and I also knew that you discovered me, in order not to reveal any flaws, I tried my best to control my thoughts, the purpose is to wait for you to make a move."

Lin Tianhao glanced at Qing Shuangda Mu, "You also saw that it was your ancestor who didn't follow the rules and attacked me, and even wanted to seize the Holy Lord's Order in my hand."

"Tell me, what should I do?!"

Qing Shuangda Mu's heart skipped a beat, she felt murderous intent from Lin Tianhao.

She could almost be sure that Lin Tianhao had murderous intent towards her ancestor.

If it was someone else.

She might still think that the other party was unlikely to kill a god.

But Lin Tianhao is different, because Lin Tianhao has killed gods before.

"Snow Emperor, this is Grand Marshal Feng Chi's mansion, it is the imperial capital of the Boundless Empire, aren't you afraid of attracting the strong from the Boundless Infinite Palace if you make a move here?"

Chapter 498 - The new guardian beast of Fan Palace!

Lin Tianhao smiled and said, "Hearing you say that, I know you don't understand me enough."

Qing Shuangda Mu knew things were bad and whispered, "Ancestor, run!"

With three gods here, her ancestor would definitely suffer if they fought.

But Lin Tianhao didn't want to let her escape like that.

The Nine-Tailed Fox Immortal was right about one thing: this is the residence of Grand Marshal Feng Chi, in the capital of the Vast Empire. Making too much noise isn't a good thing.

Immediately after!

Lin Tianhao gave an order.

The Dark Night Spirit God, Moilai, and the newly revived God of the Undead also appeared.

Five gods completely cut off the Nine-Tailed Fox Immortal's retreat.

"This... how could this be?!"

The Nine-Tailed Fox Immortal's face showed disbelief.

"You actually have five gods with you at the same time."

The Nine-Tailed Fox Immortal no longer tried to escape because she knew.

In front of five gods, she had no chance of escaping.

"Do you really want to fight to the death?"

The Nine-Tailed Fox Immortal stared at Lin Tianhao with a sinister gaze.

"Wrong, the fish will die, but the net won't break."

Lin Tianhao took out the Holy Lord Token again.

"I don't want to say much. Either sign a contract and become our Guardian Beast of the Mortal Palace, or... you and the fox clan behind you will be destroyed by me."

Lin Tianhao's voice was calm, without any emotion.

The reason for signing a contract is firstly because if they really fought, even if it wasn't a one-for-one exchange, it would still cause chaos.

Secondly, it could save a spot on the God Conferring List and secretly bring the Nine-Tailed Fox Immortal and the fox clan under his command.

"You're threatening me!!"

The Nine-Tailed Fox Immortal was, after all, a god. Lin Tianhao might be the Holy Land Master, but he was still just a mortal.

The gap between them was still very obvious.

"It's not a threat, just giving you a way out."

Lin Tianhao's expression remained calm.

"I am, after all, the master of a Holy Land. You wanted to seize my Holy Lord Token, so it's only right for me to kill you."

"If I don't kill you, you naturally need to give me corresponding benefits."

The Nine-Tailed Fox Immortal looked at Lin Tianhao playfully and said coldly:

"Although you have five gods, if I attack regardless of the consequences, you won't get any benefits either."

"Moreover, this is the territory of the Vast Boundless Palace, and it's the crucial moment of the Holy Land Genius Rookie Competition, with all the Holy Land Masters here."

"If you really tear your face and fight, it's impossible for you to retreat unscathed, and you might even be besieged to death by several Holy Lands."

Lin Tianhao's expression was indifferent. "So, there's no room for negotiation?"

As Lin Tianhao's voice fell, Blackheart Dragon took the lead.

She had to break through the limit of the Twilight of the Gods rules.

But once she used the power to break through the limit, she would attract divine punishment.

All that was left was to defend, and when she was weakened by the thunder punishment, she would definitely die if they attacked.

If she died.

Their fox clan would be doomed.

After all, their fox clan was not lacking in ultimate beauties.

Whether it was a conflict of interest or some people greedy for beauty, they would destroy their fox clan.

She knew.

From the moment she wanted to snatch the Holy Lord Token from Lin Tianhao's hand, she had no choice.

"Stop, I agree to your conditions."

The Nine-Tailed Fox Immortal knew she had no way out.

If they continued to fight, their fox clan would only have one path: destruction.

But it was still her who was in the wrong.

She had lost this game today, lost completely.

Of course.

In fact, the Nine-Tailed Fox Immortal's view of Lin Tianhao was very similar to Qing Shuangda Mu's.

Therefore.

She didn't choose some extreme methods, but chose to agree to Lin Tianhao's request.

Lin Tianhao showed a satisfied smile on his face and said, "A wise man submits to circumstances. You've made a very wise decision."

As he spoke.

Lin Tianhao took out the Holy Lord Token and completed the contract with the Nine-Tailed Fox Immortal.

After completing the contract.

There was a trace of induction and connection between Lin Tianhao and the Nine-Tailed Fox Immortal.

This induction and connection was not very strong, but this kind of contract could not be violated even by gods.

From now on.

The Nine-Tailed Fox Immortal was the Guardian Beast of the Mortal Palace.

"Greetings, Palace Master."

Lin Tianhao nodded in satisfaction. Originally, the purpose of coming to Grand Marshal Feng Chi's residence was to sow discord, but he didn't expect to have an unexpected surprise.

"Come back to the Mortal Palace with me. Some things are not convenient to say here."

With that said.

Lin Tianhao's gaze fell on Qing Shuangda Mu again.

"Qing Shuangda Mu, find a way to get through the matter here. If there are any arrangements, I will come to you."

As he spoke.

Lin Tianhao opened the Kunlun Mirror and took the Nine-Tailed Fox Immortal back to the Mortal Palace.

After returning to the Mortal Palace, Lin Tianhao first summoned Ouyang Wenlong and Shangguan Hongxun.

Summoned in the middle of the night.

Ouyang Wenlong and Shangguan Hongxun were already used to it.

"Palace Master, I wonder what your orders are?"

Lin Tianhao smiled faintly and called out the Nine-Tailed Fox Immortal.

Ouyang Wenlong and Shangguan Hongxun showed surprised expressions on their faces when they saw the Nine-Tailed Fox Immortal.

"This is... a god!!"

A living god was standing in front of them, and this impact was extremely powerful.

"Yes, this is the Nine-Tailed Fox Immortal of the fox clan. From today onwards, she will officially join our Mortal Palace and become our Guardian Beast of the Mortal Palace."

Hearing this.

Ouyang Wenlong and Shangguan Hongxun both showed incredible expressions on their faces.

The god of the fox clan, the renowned Nine-Tailed Fox Immortal, had actually joined the Mortal Palace and become the Guardian Beast of the Mortal Palace.

However.

They had previously heard that the fox clan was close to the Vast Boundless Palace.

According to the information they had learned, the fox clan's Holy Maiden, Qing Shuangda Mu, had also married Grand Marshal Feng Chi of the Vast Empire.

But now.

This Nine-Tailed Fox Immortal had actually become their Guardian Beast, which was really unbelievable.

"Yes, greetings, Great Immortal Nine-Tails."

After a brief shock, the two respectfully greeted the Nine-Tailed Fox Immortal.

After all, the other party was a god, and this respect was still necessary.

"You guys go down first. I'll look for you if there's anything."

Lin Tianhao let Ouyang Wenlong and Shangguan Hongxun go down first, and then his gaze fell on the Nine-Tailed Fox Immortal.

"How much do you know about the Vast Boundless Palace?"

The Nine-Tailed Fox Immortal pondered for a moment before saying, "The actual ruler of the Vast Boundless Palace is the dragon clan. They have no less than ten gods among them."

"Just the ones I know, there are three Rank 4 gods."

Lin Tianhao was slightly startled. He hadn't paid much attention to the rank of gods before.

Because the current gods were already very fierce.

Rank 1 gods, or Rank 2 or Rank 3, were actually not very different.

Because they would all be restricted by the rules of the Twilight of the Gods.

Chapter 499 - The true ruler of the vast Wuji Palace!

However, Lin Tianhao knew something about the Vast Expanse Limitless Palace having a Dragon Clan background in his previous life.

It's just that the specifics...

With his previous life's small-fry status, he couldn't access that information.

As for the ten deities, this was also within Lin Tianhao's expectations.

"Are they all deities in their peak state?" Lin Tianhao asked.

"How is that possible?"

The Nine-Tailed Celestial Fox shook her head and said, "Due to some unknown reasons, the power of most deities has been weakened, and a large portion of deities have even been sealed."

"As for the purpose, based on some clues, it is speculated to be for the Fourth God-Making Era."

"Because each God-Making Era will make the deities of past God-Making Eras disappear."

"After all, if deities from past God-Making Eras interfere, then the opportunities of the new God-Making Era might not fall into the hands of those from the new era."

Speaking of which.

The Nine-Tailed Celestial Fox changed the subject and continued, "But this God-Making Era is different from the past, because deities from the past three God-Making Eras exist."

"There are even free deities like me who can protect a clan."

Lin Tianhao vaguely knew the answer, but to be sure, he still asked, "Do you know the reason?"

"Not very clear."

"But I have roughly guessed some things."

The Nine-Tailed Celestial Fox's expression was a bit serious, "I encountered foreign lifeforms in the Vast Expanse Empire, and there were even foreign deities among them."

"The real reason why we deities from past God-Making Eras exist may be to fight against foreign deities."

As expected.

This was the same as his guess.

"It's just a pity that you probably haven't truly broken ties with those foreign deities," Lin Tianhao said.

The Nine-Tailed Celestial Fox's expression was solemn, "It's not just that we haven't broken ties, some deities have even chosen to cooperate with foreign deities in order to get out of their sealed state."

Lin Tianhao's pupils suddenly shrank, the deities of the Milky Way Galaxy colluding with foreign deities was not a good thing.

"Who are you referring to?" Lin Tianhao went straight to the point.

"I am in the Vast Expanse Empire, so naturally I am talking about the deities of the Vast Expanse Limitless Palace."

The Nine-Tailed Celestial Fox said very seriously, "The Vast Expanse Limitless Palace appears neutral on the surface, but behind the scenes, they have many tricks up their sleeves!"

"They named themselves the Vast Expanse Empire because from the beginning, they wanted to dominate the Vast Expanse Continent."

"It's just that before the revival of the Mountain and Sea Empire, the Vast Expanse Continent was a three-legged stool, and strong countries outside the Vast Expanse Continent were watching, so they never had a chance to act."

"And now, the revival of the Mountain and Sea Empire has given the Vast Expanse Limitless Palace an opportunity to make use of."

Lin Tianhao smiled and said:

"The Vast Expanse Limitless Palace wants us to fight to the death with the Moon Wheel Empire, and to be on the safe side, they are also preparing to drag the Xitu Empire into the water."

"Before, I heard Qing Shuang Da Mu say that Grand Marshal Feng Chi went to the Xitu Empire, so there must be this arrangement in it."

"That's right."

The Nine-Tailed Celestial Fox nodded heavily.

"Grand Marshal Feng Chi already had the intention of rebelling, so he was sent to the Xitu Empire to assist the Xitu Empire in dealing with the Mountain and Sea Empire."

"But the Moon Wheel Empire has not yet taken action, and the Moon Wheel Empire and the Xitu Empire have only just had conflicts, so they may not cooperate well."

Lin Tianhao expressed his doubts.

The Nine-Tailed Celestial Fox pondered for a moment, then said, "I'm not too clear on the specific arrangements, but you should prepare early."

"The waters of the Vast Expanse Continent are very deep, and what you see on the surface may just be acting."

Lin Tianhao nodded heavily, also accepting the Nine-Tailed Celestial Fox's reminder.

"Do you know the locations of any deities sealed in the Vast Expanse Empire?" Lin Tianhao asked.

Since the waters of the Vast Expanse Continent were so deep, then he had nothing to say.

As long as he had enough trump cards, he would naturally be able to fear nothing.

"Can you subdue deities by killing them? Do you possess the legendary God Conferring List, right?"

The Nine-Tailed Celestial Fox revealed Lin Tianhao's thoughts in one sentence.

Lin Tianhao knew.

The God Conferring List was even more special to Western and Cthulhu deities.

The Nine-Tailed Celestial Fox nodded, "I can guess it, and other deities can probably guess it too."

"If you still want to kill deities in a sealed state, it's no longer possible."

"As long as you go, they will hide in the seal and never show their faces."

Lin Tianhao opened his mouth, feeling a bit helpless.

He had actually thought about it.

As the number of deities he killed increased, someone would inevitably discover this problem.

"You don't need to be too anxious, you are only level 50 after your first job change, you can continue to change jobs and increase your strength."

Lin Tianhao nodded, he actually had this intention.

Now that he had officially completed the first job change of the Heaven's Punishment Archer, the second job change would also be no problem.

The premise was.

He needed to find his mentor... Shui Ruyan.

That's right!

Shui Ruyan was considered the mentor of Lin Tianhao's hidden class, the Heaven's Punishment Archer.

It's just that.

Shui Ruyan was elusive, it probably wouldn't be easy to meet her.

According to what Lin Tianhao had promised her before, he had to revive the Moon Wheel Empire first.

Her parents.

Were there.

Only by reviving the current Moon Wheel Empire's territory could her parents come out.

Perhaps it would be at that time that he would have a chance to meet Shui Ruyan.

Of course.

Before that.

He could ponder the warrior's job change problem.

After all, with his class stuck at the first job change, no matter how high his stats were, he couldn't become a god.

"Do you know any other information that might be helpful to me?"

Lin Tianhao asked again.

The Nine-Tailed Celestial Fox pondered slightly, then slowly said:

"There is a divine spark in the Vast Expanse Limitless Palace, and it is a very high-grade Confucian divine spark, which was their trophy from attacking the Vast Expanse Continent."

Lin Tianhao's pupils shrank.

If we were to say which path was the most difficult among the myriad paths.

Perhaps most people would say the Confucian path.

After all, cultivating the Confucian path.

Required too much time and effort.

The most important thing was.

Even if you put in time and effort, if your talent wasn't good, you might not get any improvement even after cultivating for a long time.

"Thank you for telling me, you should hide yourself well recently, and try not to let people discover you," Lin Tianhao reminded.

The Nine-Tailed Celestial Fox nodded heavily, she naturally knew what Lin Tianhao meant.

Now, if the Vast Expanse Limitless Palace knew that she had already defected to the Mortal Palace.

Then the Fox Clan would be in danger.

Therefore.

The most ideal thing was to not let the outside world know about her joining the Mountain and Sea Empire.

After explaining the matter, Lin Tianhao arranged a place for the Nine-Tailed Celestial Fox to live.

And he himself didn't do anything else tonight, but opened the forum of Twilight of the Gods, preparing to see the recent developments of Twilight of the Gods.

Browsing the forum.

Was the simplest, fastest, and most effective way to understand the developments of Twilight of the Gods.

Chapter 500 - You little brat!

Just entering the forum, Lin Tianhao saw a lot of discussions about this Holy Land Tianjiao Rookie Competition.

Even the top post in the forum was an official betting platform.

The showdown between Vast Expanse Limitless Palace and Scarlet Flower Sand Palace tomorrow is already in full swing.

The odds are 1.2 to 4.5.

This odds difference is quite obvious.

Buying Vast Expanse Limitless Palace to win, one dollar can get you one dollar and twenty cents.

And buying Scarlet Flower Sand Palace to win, you can get 4.5 dollars in compensation.

Obviously.

The bookmaker is more optimistic about Vast Expanse Limitless Palace.

If it weren't for Lin Tianhao changing too many things in Twilight of the Gods.

He could also consider buying in.

However.

There is no need for that now.

One is because of the butterfly effect, the current opponents are different.

More importantly, Lin Tianhao is not short of money now, so there is no need to make money in this way.

Many of the top posts are relatively popular.

Lin Tianhao quickly browsed these messages, trying to find information that might be helpful to him from these messages.

Just.

Lin Tianhao's current growth progress has far exceeded the current stage of players, and it is as difficult as climbing to the sky to obtain some helpful information from them.

At this moment.

Lin Tianhao saw a very interesting post.

"Has anyone noticed that the people of the Alete Star System seem to be eager for the Vast Expanse Continent to be in chaos? I killed several people from the Alete Star System."

"They all have one characteristic, they are all secretly sowing discord, hoping that major forces will fight."

"And on this point, there is also a person in our adventurers who is very similar, that is, the Snow Emperor!"

"Snow Emperor has come all the way, really stepping on the white bones, leaving no armor wherever he goes."

"So, do you think there is a possibility that the Snow Emperor is so strong because he is backed by the Alete Star System? In the old saying, he is a traitor to our Milky Way Star System!"

Lin Tianhao: ? ? ?

For no reason, he became a traitor who defected to the Alete Star System?

This is really outrageous to the extreme.

What made Lin Tianhao speechless was that many people actually thought he was a traitor to the Alete Star System.

At least about half of the people who followed up thought he was, and about 30% thought he was not.

The remaining 20% were simply onlookers.

Seeing this post, Lin Tianhao realized what it means to be famous.

Various conspiracy theories, guesses, doubts, and even direct abuse and slander came towards him.

You know.

After Lin Tianhao became the Lord of the Mortal Palace, relying on the reward missions, many people in the Dragon Kingdom have benefited.

But now it is this result, which is really chilling.

However.

Lin Tianhao doesn't care too much, because he thinks there is another possibility.

That is, this post was deliberately made by someone, and the people who replied are basically water troops.

The purpose is to make him feel chilled.

Alienate his feelings for the Dragon Kingdom.

The Alete Star System also did this kind of thing in the previous life.

So Lin Tianhao does not rule out this possibility.

After all, he had just targeted the Gulimu family and destroyed them.

It is not impossible for the people of the Alete Star System to try to interfere.

Lin Tianhao wrote down the nickname of the poster: Xiaoyang Waiba.

Then.

Lin Tianhao directly sent a message to Berserker Blade.

"Do you know who Xiaoyang Waiba is?" Lin Tianhao asked.

Berserker Blade seemed to know the reason and immediately said: "Snow Emperor, you saw the post on the forum, right."

"You know?" Lin Tianhao asked.

"Yes."

Berserker Blade gave Lin Tianhao a definite answer.

"We are also investigating this Xiaoyang Waiba, but there are no useful clues so far."

Having said that.

Berserker Blade changed the subject and continued: "However, recently there is an organization called the Joyful God Society recruiting casual Tianjiao."

"According to our investigation, this Joyful God Society is promoted behind the scenes by people from the Alete Star System, and their purpose is currently unknown."

"But people who join the Joyful God Society will get a treasure bead that disguises their identity, and under normal circumstances, their disguise cannot be seen through."

Lin Tianhao pondered for a while and asked straight to the point: "Since you also saw the post, how do you view this post, and... what is the attitude above?"

This post is very vicious.

Because this post may not only make Lin Tianhao lose popular support, but also lose official support.

Many of Lin Tianhao's previous efforts will be in vain.

In addition to enhancing his own strength, he has done so much to enhance his appeal.

As of now, he has actually established his own appeal.

Now, as long as he uses his name of Snow Emperor, there is a natural appeal.

But this kind of slander against him will have a great impact on his appeal.

Therefore.

Lin Tianhao still needs to take care of it.

Berserker Blade was silent for a while after hearing Lin Tianhao's words.

"There is disagreement."

Berserker Blade's voice was a little low, he didn't want to lie to Lin Tianhao, but he was worried that telling the truth would make Lin Tianhao unhappy.

"Understood."

Lin Tianhao replied calmly, in fact, he himself knew very well.

Regardless of whether there is this post or not, the official high-level officials will still have differences because of his problem.

This is inevitable.

He is too unknown to the officials.

"Snow Emperor, don't misunderstand, we often have disputes in our own internal decision-making."

"It's not targeting you."

Lin Tianhao knew what Berserker Blade was thinking and said calmly: "You don't have to worry."

"These are all trivial matters, but I want to know who is investigating me."

Having said that.

Lin Tianhao changed the subject and continued:

"Also, I want to know, can you still provide me with help normally?"

Berserker Blade immediately responded: "Snow Emperor, you can rest assured about this, we just have disputes, we haven't given up on you."

"We can still maintain a very good cooperative relationship. The dispute is because our original high-level officials decided to give you some better treatment and permissions, which does not involve our cooperation."

Lin Tianhao breathed a slight sigh of relief.

Although his current achievements are very high, he still needs to rely on the official for many things.

After all, one person's strength is limited, and it is not possible to compete with the official.

Actually, it's not that Lin Tianhao can't compete with the official, the important thing is that Lin Tianhao needs to use the official's power to achieve some of his goals.

"Okay, then our continued cooperation will start from investigating this Xiaoyang Waiba."

"I want his detailed information."
