

## O game 521

Chapter 521 - A bet with the demigod Xitu!

Hearing Lin Tianhao's words.

The Xitu demigod couldn't help but laugh.

"Snow Emperor, you are really too smart, no wonder you can have today's achievements."

Having said that.

The Xitu demigod changed the subject and continued: "But there is one thing you said wrong, that is, I have no other purpose."

"The reason for requesting cooperation is because the holy land that is about to recover doesn't want to wait anymore."

Lin Tianhao pondered slightly, but did not believe the Xitu demigod's statement.

But having reached this point, it doesn't seem that important anymore whether the Xitu demigod has other purposes.

For Lin Tianhao.

What he wants is to obtain enough benefits in this negotiation.

"Okay, since you have stated your demands, now I will also state my demands," Lin Tianhao said.

"First, we can take action together, but we need to declare war on the Lunar Empire at least three days in advance."

"Second, as part of this cooperation, I need you to pay a certain amount of resources as compensation, including ten Talent Evolution Flowers, fifty Equipment Evolution Scrolls. There is no way to directly give Enlightenment Points, so forget about that, but I want you to provide information on at least three sealed gods."

As soon as Lin Tianhao made this request, the Xitu demigod's expression changed.

Talent Evolution Flower, Equipment Evolution Scroll.

Their Xitu Temple has these things, but for this cooperation, they have to take out these things, which is indeed a bit too much.

As for the last one, it is the simplest for the Xitu Temple.

But generally, only the gods they enshrine know their place of sealing.

So.

Of these three requests, she might be able to grit her teeth and agree to the first two.

But the last one, she cannot agree to.

"Snow Emperor, we are cooperating, it's not like I'm asking you to do something. The most I can do is to let you win the first place in this Holy Land Tianjiao Rookie Competition."

"In addition to the rewards you would have received for winning first place, you also made a bet with Xiudeli Haohong, and if you win, you can get a divine artifact."

Just as Lin Tianhao was about to say something, the Xitu demigod interrupted Lin Tianhao's words.

"I know what you want to say, your team is very strong and doesn't need my team to throw the match."

"But if you think that way, you are very wrong."

Lin Tianhao smiled noncommittally, "Since that's the case, why don't we make a bet too?"

"Make a bet?"

The Xitu demigod looked at Lin Tianhao with interest, "What do you want to bet on?"

"Let's bet on who will be the first in this Holy Land Tianjiao Rookie Competition. If your team is the first, then I will only make the request to declare war together. If my team wins the first place, you have to agree to the requests I just made."

Hearing this.

The Xitu demigod frowned slightly, but seemingly thinking of something, a smile appeared on her face.

"Snow Emperor, you are very confident, but I also have enough confidence that my team can defeat your team on the stage of the finals."

Lin Tianhao smiled and said, "Since that's the case, let's sign a contract."

"Okay."

The Xitu demigod had a lot of confidence, so she agreed very directly without any fear.

The two signed a contract for the bet, so that the bet would be blessed by the rules of Twilight of the Gods.

At that time, the losing party will not be able to break the contract.

As for why Lin Tianhao dared to make a bet knowing that the Xitu Temple had trump cards.

It's not because Lin Tianhao has so much confidence in his team, but because he also has his own trump cards.

This trump card is not Lin Qingqing, nor is it Jinghong Mengshuang, but Fatty!

That's right.

It's Fatty.

With the blessing of Lin Tianhao's HP, coupled with the blessing of Monkey and Goudao Wanggu on Fatty's attributes, as well as Fatty's own attributes.

Now his HP has exceeded 150 million!!

Looking at the entire Twilight of the Gods players, only Lin Qingqing should be able to surpass this HP.

150 million HP is not enough to become Lin Tianhao's trump card.

But.

What if Fatty is blessed by Su Li and Siberian Fox?

Then the situation is different.

First of all, there is the Siberian Fox, whose HP exceeded 110 million due to summoning the Flame Wyvern.

If she binds a contract with Fatty, it means that Fatty's HP can break through to 260 million.

In addition, Su Li also has the same effect.

Tonight, Lin Tianhao will be able to complete the replication of the Flame Wyvern summoning skill, and Su Li has also taken the Pan Peach.

As long as she obtains this skill, her HP can directly break through 120 million.

Bind with Fatty again.

Fatty's HP can reach 380 million.

This is a terrifying number.

Even a pervert like Lin Qingqing only has half of Fatty's HP.

Coupled with Fatty's high counter-injury, and that piece of equipment that burns in a range, Fatty is a mobile super boss.

Because that piece of equipment that burns in a range burns according to the percentage of HP.

Although the percentage of this burn will be very low, compared to Fatty's 380 million HP, no matter how low the burn damage is, it will not be too low.

Before, Fatty was too focused on double resistance and HP, and other attributes were not good.

This also led to the fact that if the opponent had enough blood-sucking, his counter-injury would be meaningless.

But.

If Lin Tianhao can get him a set of equipment with higher grievous wounds attributes, then blood-sucking will be difficult to threaten him.

"Then see you in the finals tomorrow," the Xitu demigod smiled at Lin Tianhao.

"See you in the finals."

Lin Tianhao also wanted to see what kind of skills the Xitu Temple side could come up with tomorrow.

If he could get some special skills and copy them down, it would definitely be better for Lin Tianhao than any equipment evolution scrolls.

With this bet established, there are more things Lin Tianhao needs to do next.

The first is the Siberian Fox, which must be negotiated.

Her HP is 110 million, even in the late stage of Twilight of the Gods, it can be considered very high damage.

Lin Tianhao did not directly add the Siberian Fox as a friend, because for this kind of high player, friends are generally in silent mode, and adding them directly is basically like a stone sinking into the sea.

So.

Lin Tianhao directly found Kuangzhan Daofeng.

Although the Siberian Fox is not a member of Kuangzhan Daofeng, it is by no means difficult to find the other party with Kuangzhan Daofeng's connections.

Sure enough.

In less than fifteen minutes, Kuangzhan Daofeng contacted the Siberian Fox, and let Lin Tianhao and the Siberian Fox add each other as friends.

"Snow Emperor, do you think I'm talented and want to pull me into the Mortal Hall?"

Chapter 522 - Break into the vast Wuji Palace!

Lin Tianhao replied with a helpless expression, "Haven't you already joined another Holy Land?"

"Hehe, just kidding. But, Snow Emperor, is there anything you need me for?"

The Siberian Fox was very familiar.

Lin Tianhao didn't care too much and went straight to the point:

"I do have something I need your help with."

"What is it? I'm a pretty easygoing person."

Lin Tianhao briefly explained Fatty's situation.

The Siberian Fox agreed after only a slight hesitation.

"Of course, there's no problem with that. For me, it can also increase my maximum health by ten percent. It's a win-win situation."

A satisfied smile appeared on Lin Tianhao's face. This matter was smoother than he had imagined.

"Okay, I'll recommend him as your friend. Add each other."

Saying that.

Lin Tianhao told Fatty and then pushed Fatty to the Siberian Fox.

Seeing that it was the Siberian Fox, Fatty was a little excited. He had heard Lin Tianhao mention the Siberian Fox before.

A summoner with over 110 million health.

After recommending the Siberian Fox to Fatty, the next one was Su Li.

Su Li's current health, due to sharing health with her summoned beast, and with the addition of the peaches Lin Tianhao gave her, had already exceeded 40 million.

Forty million health was actually not low.

But compared to the increase brought by summoning the Flame Wyvern, it was still a bit less.

Currently, the replication progress of the Summon Flame Wyvern skill had reached 97%. It wouldn't be long before the inscription was completed.

Before that.

Lin Tianhao had to find a way to enter the inner part of the Boundless Limitless Palace.

Although this Holy Land Pride Newcomer Competition was held in the Boundless Limitless Palace.

As for his previous life.

He was just a corporate slave in his previous life. He might know some big news about the Boundless Limitless Palace, but he knew very few details about the Boundless Limitless Palace.

Xiudeli Haohong had already become suspicious of him.

If he went in and acted like he didn't know anything, it would be easy to be suspected.

Since pretending to go in wasn't going to work, then he would use a trick and directly force his way in.

Lin Tianhao also wanted to see what the foundation of the Boundless Limitless Palace was like.

Boundless Limitless Palace.

At the entrance to the interior.

There were two Ninth-Rank experts guarding it.

Lin Tianhao didn't use any other methods and just swaggered in.

When the two guards saw Lin Tianhao, they exchanged glances, their eyes filled with a hint of coldness. Clearly, they weren't too happy about Lin Tianhao's arrival.

"The interior of the Boundless Limitless Palace is off-limits to irrelevant people."

Lin Tianhao smiled slightly, "I am the Lord of the Mortal Hall, Snow Emperor. I want to see your Palace Lord Xiudeli Haohong and Xiudeli Haotu."

The two Ninth-Rank guards frowned slightly, always looking at Lin Tianhao warily.

"Is there a problem? If there's no problem, then I'm going in."

Seeing that Lin Tianhao was actually preparing to force his way in, the two guards immediately raised their hands to stop Lin Tianhao.

"Snow Emperor, our Grand Palace Lord and Second Palace Lord both have very important things to do today and cannot receive guests. If you have anything, come back after the finals tomorrow."

Lin Tianhao smiled noncommittally. Xiudeli Haohong and the others chose to talk to the Music God Society the night before the finals.

It was estimated that they were preparing to do something after this finals.

Especially since.

Now that the lords of the eight Holy Lands were all in the Boundless Limitless Palace, if the Boundless Limitless Palace were to attack the lords of the other seven Holy Lands, it would be a disaster for the entire Boundless Continent.

However, even if the Boundless Limitless Palace had a deep foundation, it was still unlikely that they could attack the lords of the seven Holy Lands at the same time.

But wasn't one Boundless Limitless Palace enough, plus a Music God Society?

Although on the surface, the Music God Society didn't seem too terrifying.

But Lin Tianhao had experienced the Ancient Dynasty Secret Realm and had been in contact with the Guliwood family.

Just imagine.

How many people similar to the Guliwood family had the Alete Star System sent to the entire Boundless Continent?

Not to mention too many, at least ten.

If calculated in this way.

Then the Music God Society had at least ten gods.

Plus, this was the trump card of the Boundless Limitless Palace. Once they made a move, the consequences would be unimaginable.

"No, my matter is also very important. I must see them today," Lin Tianhao said coldly.

The two Ninth-Rank guards immediately summoned their long swords.

"Snow Emperor, you are the Lord of a Holy Land. I hope you don't make things difficult for us."

Lin Tianhao chuckled, "It's not me making things difficult for you, but you making things difficult for me."

As he spoke.

Lin Tianhao summoned the God-Slaying Whip. Since he was going to fight, what did he have to fear?

Seeing this scene.

The two Ninth-Rank guards were a little hesitant.

They all knew about Lin Tianhao killing their Second Palace Lord back then.

If it weren't for Chihua Demigod and Xiudeli Molly using resurrection magic, their Second Palace Lord would already be dead.

It wasn't easy for them to reach the Ninth-Rank, so they really didn't dare to fight Lin Tianhao.

In the end.

The guard on the left couldn't withstand the pressure from Lin Tianhao and said first:

"I'll report it. As for whether they'll see you or not, it depends on the two Palace Lords' intentions."

Lin Tianhao smiled, "There's no need to report. You can just take me there. That way, everyone saves time."

Hearing this.

A strong killing intent instantly erupted from the two Ninth-Rank guards.

"Snow Emperor, that's impossible. If we take you in directly, we can't afford to be blamed by the Palace Lord."

"What does it have to do with me if you can't afford it?"

As soon as the words fell.

Lin Tianhao took a step directly and walked inside.

The two Ninth-Rank guards immediately raised the long swords in their hands, trying to block Lin Tianhao's offensive.

But as soon as the long swords were raised, they were smashed to pieces by Lin Tianhao's God-Slaying Whip.

The grade of their long swords was not low, but Lin Tianhao's attack speed of sixty attacks per second didn't even need 0.1 seconds to smash their long swords.

Therefore, from a visual point of view, Lin Tianhao smashed their long swords in an instant.

The two Ninth-Rank guards were shocked when they saw this scene.

Was this the terror of the Snow Emperor?

His level was not high, but this attack speed was a bit too terrifying.

But although their long swords were broken, they didn't intend to back down.

They saw the two of them summon their long swords again.

This time, they were no longer blocking Lin Tianhao, but attacking directly.

Even their two domains were unfolded at the same time at this moment, wanting to crush Lin Tianhao.

"Stop!!"

Chapter 523 - If you want to die, then I will grant your wish!

A low shout came, followed by a woman in a long robe walking in.

She exuded an aura of refinement and gentleness, possessing the air of a learned and talented woman from ancient times.

Lin Tianhao was no stranger to this person.

Shudeli Molly!

From the very beginning in the Star Kingdom, the two had been dealing with each other.

"Long time no see," Lin Tianhao said with a smile.

Shudeli Molly looked at Lin Tianhao, her eyes somewhat complicated.

She glanced at the two Rank 9 guards and said indifferently:

"You are no match for him, step back."

The two Rank 9 guards hesitated slightly, but respectfully retreated.

After the two Rank 9 guards retreated, Shudeli Molly looked at Lin Tianhao and said:

"My father and uncle are discussing matters, your arrival at this time must be related to the matters you want to discuss with them."

Since Shudeli Molly had chosen to be straightforward, Lin Tianhao saw no need to beat around the bush.

"Yes, the affairs of the Vast Continent should not involve other forces, especially those from other worlds."

Shudeli Molly smiled wryly, "As expected, you know everything."

"My father and uncle want to cooperate with the Joy God Society. I actually feel that their approach is wrong, but I am powerless to stop them."

Lin Tianhao smiled, "If you are willing to stop them, you can take me in, and I can talk to your father and uncle."

Shudeli Molly was silent.

If she brought Lin Tianhao in, especially while they were discussing matters with the Joy God Society, it would be almost equivalent to betraying the Vast Infinity Palace.

"I don't want to betray the Vast Infinity Palace," Shudeli Molly said slowly.

Lin Tianhao didn't seem to mind too much, "This is not betraying the Vast Infinity Palace, but saving it."

"Do you know the purpose of the creatures of the Alait Star System, the masterminds behind the Joy God Society, in coming here?"

Hearing this.

Shudeli Molly shook her head, "I don't know. A meeting between two different worlds is unlikely to be a good thing."

"Since you know, you should be clear that you need to stop their cooperation, otherwise the entire Vast Continent, and even the entire Divine Continent, will be destroyed."

Shudeli Molly frowned, "Are their ambitions that great?"

Lin Tianhao looked at Shudeli Molly meaningfully and said seriously:

"The arrival of the Alait Star System is to destroy our Milky Way World. The Vast Continent is probably just their first stop."

"So, I want to stop them." Shudeli Molly stared at Lin Tianhao with a burning gaze.

"You wouldn't be saying all this just to get me to help, would you?"

Lin Tianhao spread his hands, "I have no need to deceive you, because before you appeared, I was already prepared to force my way in."

Seeing Lin Tianhao's firm attitude.

Shudeli Molly was finally moved.

"There's no need to force your way in, I'll help you. Regardless of whether what you said is true or false, there's one thing I agree with you on, and that is that I don't want our Vast Infinity Palace to cooperate with that Joy God Society."

The two hit it off immediately, and Shudeli Molly led Lin Tianhao into the interior of the Vast Infinity Palace.

After coming in.

Lin Tianhao realized.

Many places inside the Vast Infinity Palace were engraved with extremely profound runes.

These runes seemed to be connected to some mysterious ancient formation.

Lin Tianhao couldn't recognize them, but the gods around Lin Tianhao did.

The Sea God Poseidon's surprised voice came.

"I didn't expect there to be ancient formation patterns here."

Lin Tianhao had also heard of ancient formation patterns, which were products from before the Age of Gods.

Any place with ancient formation patterns would definitely contain something extraordinary.

The focus tonight was on the matter between the Vast Infinity Palace and the Joy God Society.

Following Shudeli Molly, Lin Tianhao smoothly arrived at the council hall of the Vast Infinity Palace.

Before even entering the council hall, a figure blocked Lin Tianhao and Shudeli Molly's path.

"Molly, you've really disappointed me. Have you forgotten what this person once did to us?"

The person who came was none other than Shudeli Molly's father, Shudeli Haotu.

Having been killed once by Lin Tianhao in the Mortal Palace, Shudeli Haotu naturally wouldn't have a good look on his face towards Lin Tianhao.

Seeing his father.

Shudeli Molly didn't back down. Her eyes were firm, and she said with gritted teeth:

"Father, I don't know what benefits our Vast Infinity Palace can get from cooperating with the Joy God Society, but I am very clear that those who are not of our race must have different intentions."

"Shut up!"

Shudeli Haotu seemed to be worried that Shudeli Molly's words would be heard by the people of the Joy God Society, and interrupted her with an angry shout.

Shudeli Molly didn't care at all. Her eyes stared at Shudeli Haotu with a burning gaze.

"Father, don't cooperate with the Joy God Society, please, I beg you."

Hearing these words.

Shudeli Haotu's face instantly darkened, and a chilling killing intent erupted from his body.

"Molly, you don't understand. Cooperating with the Joy God Society is a must."

"Snow Emperor, I know you want to stop us from cooperating with the Joy God Society, but can you stop it this time, and stop it a second time?"

"Our Vast Infinity Palace will definitely cooperate with the Joy God Society."

Lin Tianhao was silent. After a while, he said:

"Since that's the case, then the only option is to make your Vast Infinity Palace disappear from the Vast Continent. Only then will you not cooperate."

Hearing Lin Tianhao's words, Shudeli Haotu couldn't help but sneer.

"Hahaha, Snow Emperor, what kind of force do you think our Vast Infinity Palace is? What do you think our Vast Infinity Palace relies on to establish its current prestige in the Vast Continent?"

"Destroy us? You're too naive."

Lin Tianhao smiled noncommittally, "Naive? I used to want to do many things, and others thought they were naive, but in the end, I did them all."

Shudeli Haotu looked at Lin Tianhao coldly.

"So, what are you going to do? I'll just tell you, we are here discussing cooperation with the people of the Joy God Society, what can you do?"

Provocation!

This was a blatant provocation.

"It seems that what happened last time didn't teach you enough of a lesson."

"Oh?"

Shudeli Haotu sneered, "Then try again and see if you can kill me again."

"Since you want to die, then I will grant your wish."

As soon as he finished speaking.

Lin Tianhao immediately sacrificed the Seven Treasures Exquisite Pagoda and took Shudeli Haotu into the Seven Treasures Exquisite Pagoda.

Then, he sacrificed the Kunlun Mirror, took a step, and brought him to the Godslayer Academy.

He knew.

If he killed Shudeli Haotu in the Vast Infinity Palace, it was not impossible for a god to come out and stop him.

Chapter 524 - Mu Yunli!

After arriving at the Godslayer Academy, Lin Tianhao entered the Seven Treasure Exquisite Pagoda.

While it sounds complicated, it actually only took a few breaths. Before Xiudeli Moli could even react, Lin Tianhao disappeared in front of him.

Inside the Seven Treasure Exquisite Pagoda.

Xiudeli Haotu was not flustered at all.

He even looked at Lin Tianhao with interest.

"Xue Di, aren't you being a little too naive? This is the territory of the Boundless Infinite Palace. Even if your little pagoda is a divine artifact, the people outside can still shatter it."

Lin Tianhao found it a bit amusing, "Is this your confidence? What if I told you that this place is no longer in the Boundless Infinite Palace, or even on the Boundless Continent?"

"Xue Di, we're all people of this level, is there any point in saying such things?"

Lin Tianhao waved his hand, "Indeed, there's no point. It's a waste of time to talk nonsense with a dead man."

As soon as he finished speaking.

Lin Tianhao summoned the Netherworld Longbow, activated the Heavenly Punishment state, and began a frenzied attack.

Inside the Seven Treasure Exquisite Pagoda.

The battle between Lin Tianhao and Xiudeli Haotu began.

"Moli, look at what you've done. If your father is killed because of you, you can get out of our Boundless Infinite Palace."

Xiudeli Moli was also panicking at this moment.

She didn't expect it either.

Lin Tianhao acted as soon as he said he would, and his speed was so fast that he didn't give them any chance at all.

"I... I'll try to find a way to save my father. If it really doesn't work, I'll use the Resurrection Spell again."

Xiudeli Haohong gnashed his teeth in anger, "Use the Resurrection Spell again? Do you really think you're the Goddess of Life? The probability of the Resurrection Spell resurrecting a person twice is as difficult as ascending to heaven."

Just then.

A bald man covered in tattoos, even on his face, stepped forward.

"Perhaps I can help you find him. As long as Xiudeli Haotu is still on the Boundless Continent, or even around the Boundless Continent, I am confident that I can find him."

Upon hearing this.

Xiudeli Moli and Xiudeli Haohong seemed to see hope, and both of them looked at the bald tattooed man with fervent eyes.

Xiudeli Haohong couldn't help but scold:

"Moli, look, this is why you rejected the people of the Joyful God Society. He's willing to help us find your father."

"And look at Xue Di, you trusted him so much, but what did he do? He wants to kill your father at the slightest disagreement!"

Listening to Xiudeli Haohong's words, Xiudeli Moli didn't know how to refute for a moment.

Although she was still very reluctant to cooperate with the Joyful God Society.

What her uncle said seemed to make some sense.

After Xiudeli Haohong finished reprimanding Xiudeli Moli, his gaze fell on the bald tattooed man again.

"Lord Muyun Li, I'll have to trouble you with this matter."

A faint smile appeared on Muyun Li's face.

"You're too kind, we are partners, and I also admire your second brother's character very much. If I can help, I naturally have no reason to refuse."

As soon as he finished speaking.

Muyun Li formed a hand seal.

In the next moment.

The tattoos on his body seemed to come alive, and began to wriggle rapidly on his body.

Waves of mysterious power spread out in all directions.

This power swept across all directions, and the range of its spread was very wide, almost covering the entire Boundless Continent.

After a dozen seconds, the bald tattooed man's expression gradually darkened.

Seeing this.

Xiudeli Moli quickly asked, "Senior, have you found my father?"

Xiudeli Haohong glared at Xiudeli Moli and scolded, "Don't disturb Lord Muyun Li's spellcasting."

Muyun Li waved his hand, "It's okay, Miss Moli is also worried about her father."

"It's just..."

Muyun Li changed the subject and continued, "It's just that I just searched the entire Boundless Continent, but I couldn't find any trace of Xiudeli Haotu."

"How could this be? Could it be that Xue Di's pagoda has some hidden means to escape your search."

Xiudeli Moli's expression was ugly, and her words already revealed urgency.

Because she was very clear that Lin Tianhao really might kill her father.

Xiudeli Haohong hesitated, he wanted to say something to Muyun Li, but in the end he didn't say it, instead he scolded Xiudeli Moli:

"Moli, look at what you've done?!"

Xiudeli Moli was anxious, guilty, helpless, and even a little desperate.

Various emotions intertwined, causing Xiudeli Moli's Confucian Dao literary heart to waver at this moment.

Muyun Li hesitated for a moment, "I'll try again, this time I'll search even further."

Xiudeli Haohong respectfully bowed, "Lord Muyun Li, I don't want my second brother to die. If Lord Muyun Li can help us save my second brother this time, we can give up more benefits in the cooperation."

Hearing Xiudeli Haohong's words, a satisfied smile appeared on Muyun Li's face.

Immediately afterwards.

He formed a hand seal again.

This time.

The tattoos on his body actually floated directly above his head.

A large number of tattoos were woven into a formation plate, and with the formation plate as the center, waves of powerful and mysterious power swept across all directions.

Seeing this.

Xiudeli Haohong and Xiudeli Moli held their breaths, because success or failure depended on this one move.

This time, a full minute passed.

Fine beads of blood had seeped out of the bald tattooed man's forehead.

That's right.

It was blood beads, not sweat beads.

This shows that when the bald tattooed man used such means, the consumption was also very huge.

"Alas—"

Muyun Li sighed faintly, and said with some helplessness:

"I'm sorry, I've tried my best. Apart from a force blocking me at the Tutulu Sacred Mountain, I've searched all around the Boundless Continent, but I haven't detected the slightest aura of Xiudeli Haotu."

Hearing this.

Xiudeli Moli staggered back, with a look of despair on her face.

"I... I killed my father."

She was very uncomfortable, but she was powerless.

Xiudeli Haohong's expression was extremely gloomy.

"In any case, thank you very much, Lord Muyun Li."

Having said that.

Xiudeli Haohong said faintly, "Xue Di's methods are treacherous, maybe the means he used can shield Lord Muyun Li's search."

Muyun Li nodded, "I think so too, otherwise it's completely inexplicable."

"In such a short time, there's no way he could have left the Boundless Continent so far."

...

At this time.

Godslayer Academy.

Inside the Seven Treasure Exquisite Pagoda.

With the blessing of Poseidon, the Sea God's Domain, Lin Tianhao had already beaten Xiudeli Haotu to near death.

But Lin Tianhao stopped, he didn't plan to kill the other party so quickly.

Chapter 525 - Find the Dragon Cave!

Shudeli Haotu looked at Lin Tianhao with a face full of grief and indignation, and he couldn't help roaring:

"How could this be? Even if your little tower is a divine artifact, it should have been destroyed by now."

Lin Tianhao spread out his hands and said:

"If I were in the Hao Miao Wuji Palace right now, this little tower might indeed have been destroyed."

"It's just a pity... we are no longer in the Hao Miao Continent."

Shudeli Haotu's face was extremely ugly. Lin Tianhao had said this kind of thing before.

But he originally felt that this was just Lin Tianhao deliberately scaring him.

However.

Now that so much time has passed, and his life is hanging by a thread, this little tower is still intact, which is enough to explain a lot.

"Alas, I, Shudeli Haotu, can be considered a big figure who once dominated the Hao Miao Continent, but I was killed twice by you."

Shudeli Haotu sighed, he had already given up resisting.

It was already very lucky that he could be resurrected before.

Lin Tianhao spoke, he was not joking.

Killing a Shudeli Haotu cannot solve the current matter.

"What do you want to get from me? News about the Joyful God Society, or do you want to use my life to threaten my elder brother?"

Shudeli Haotu's face was a little ferocious, he stared at Lin Tianhao, and roared:

"But I advise you not to waste your time, you won't get anything from me."

Lin Tianhao's expression became serious, he looked at Shudeli Haotu, and said:

"I don't know what the Joyful God Society promised you, but do you know what their real purpose is?"

Shudeli Haotu sneered and remained silent, obviously feeling that Lin Tianhao's move was just to get information from him.

Lin Tianhao continued to say:

"The leaders of the Joyful God Society are from the Alete Star System. They are the vanguard of the Alete Star System. Their purpose in coming here is to destroy our Milky Way World."

"Now is the Fourth God-Making Era, and this God-Making Era is to fight against the Alete Star System. The birth of the Joyful God Society is to hinder the progress of this Fourth God-Making Era."

Shudeli Haotu looked at Lin Tianhao indifferently, "Keep making it up, you can make it sound even better."

"Since you know that this is the Fourth God-Making Era, you should understand that there were three God-Making Eras before."

"In the initial God-Demon Era, just casually resurrecting a God-Demon could easily wipe out the Joyful God Society, let alone the great existence behind it all."

"Yet, you are telling me that the existence of the Joyful God Society is to destroy our world, isn't that ridiculous?"

Lin Tianhao's expression was still serious, "No, what's ridiculous is not me, but you."

"How much do you know about the Joyful God Society? How much do you know about the Alete Star System? I enslaved a god from the Alete Star System, and he can tell you whether what I said is true or not."

As soon as he finished speaking.

Lin Tianhao summoned the Black Heart Dragon.

The appearance of the Black Heart Dragon made Shudeli Haotu reveal an unbelievable expression on his face.

"A god... you can actually enslave a god!!"

Lin Tianhao waved his hand, "That's not important, what's important is that he can tell you that I didn't lie."

The Black Heart Dragon nodded towards Shudeli Haotu, "This war is inevitable, and what my lord said is indeed true."

Shudeli Haotu clenched his fists tightly. He still believed what the god said to some extent.

Because a god has no need to deceive him at all.

Or rather.

A god has his own arrogance, and they will not lie easily unless absolutely necessary.

Thinking like this.

Shudeli Haotu's gaze fell on Lin Tianhao.

"Even if everything you said is true, so what? The cooperation between our Hao Miao Wuji Palace and the Joyful God Society is not to destroy the Hao Miao Continent, but a situation where both sides will benefit."

Lin Tianhao sighed, "Have you ever thought that the Joyful God Society is not seeing the immediate benefits in cooperating with you, but wants to use the facade of your Hao Miao Wuji Palace to achieve more unspeakable secrets."

"How is the reputation that your Hao Miao Wuji Palace has built up in the Hao Miao Continent over the years? You should know it yourself, right?"

"If the Joyful God Society does things under the guise of your Hao Miao Wuji Palace, how many people will open the back door because of this?"

Shudeli Haotu's pupils suddenly shrank.

He instantly understood the stakes involved.

The entire Hao Miao Continent, and even the major holy lands around the Hao Miao Continent.

Currently, it seems that only Tulu Holy Mountain and the Fan Palace behind Lin Tianhao are not giving them face.

Other forces will more or less give them face.

This is very terrifying.

If the Joyful God Society really does things under the name of their Hao Miao Wuji Palace, it will be unimpeded throughout the Hao Miao Continent.

"Now, can you tell me, what exactly is your cooperation with the Joyful God Society?" Lin Tianhao asked.

Shudeli Haotu hesitated, after all, he didn't trust Lin Tianhao enough.

But after a little hesitation, Shudeli Haotu still spoke.

"I don't want to become a sinner of the Hao Miao Continent, I hope you didn't lie to me."

Having said that.

Shudeli Haotu changed the subject and continued:

"The Joyful God Society took the initiative to find us for this cooperation. They told us that they could help us find the Dragon Caves."

"A big reason why our Hao Miao Wuji Palace can develop to this day is that we have obtained treasures from several Dragon Caves."

Lin Tianhao narrowed his eyes slightly, "Then you didn't think that if they could find the Dragon Caves, why would they need to cooperate with you?"

Shudeli Haotu said: "The Dragon Caves are full of dangers, and there will also be residual dragon might. The dragon might left by those dragons who became gods is even stronger than the divine might of many gods."

"And our Hao Miao Wuji Palace happens to have a way to break the dragon might."

Lin Tianhao nodded lightly, "So, you trust the Joyful God Society so much?"

"For us, there is no problem with cooperation, because they need to find the Dragon Caves for the cooperation to be established."

Having said that.

A deep surprise was revealed in Shudeli Haotu's eyes.

"They are really very powerful. We have been looking for so many years in the Hao Miao Continent, but we have not found a new Dragon Cave. However, they only used a short month to find a Dragon Cave and explored and divided the Dragon Cave with us."

Lin Tianhao was also a little surprised. These people from the Alete Star System really have some tricks.

"Is it the Muyunli family?"

At this moment.

The Black Heart Dragon's voice came, "In our Alete Star System, the people of the Muyunli family are the best at searching. Even some things that are hidden very deeply can be found by them."

Chapter 526 - Hard fight against the vast Wuji Palace!

Shudeli Haotu nodded and said, "That's right, the representative who cooperated with us was a bald, tattooed man named Mu Yunli."

"Mu Yunli?"

Blackheart Dragon shook his head, "Mu Yunli is not a name, but a family surname. He used Mu Yunli to cooperate with you, instead of his real name, which means he still has reservations about you."

Shudeli Haotu pondered slightly, and then continued:

"Now that you've told me this, what are you going to do next? Let me go? Then let me go back and persuade my big brother?"

Lin Tianhao shook his head, "Your big brother is headstrong and self-willed. You can't persuade him even if you go back."

"Then what do you want?" Shudeli Haotu asked.

Lin Tianhao waved his hand, "I haven't figured it out yet, but I also want a share of the treasures in Dragon Cave."

Having said that.

Lin Tianhao changed the subject, "As for you, stay in this small tower first, and I'll decide what to do with you later."

Shudeli Haotu wanted to say something but stopped, but in the end, he didn't say anything.

Because he knew.

Lin Tianhao was right. With his big brother's character, it was almost impossible to shake his big brother's idea.

Exiting the Seven Treasures Exquisite Pagoda.

Lin Tianhao looked at the Godslayer Academy, which was full of mystery and unknown.

The existence here.

I'm afraid it's because the God of Origin doesn't want the world under his control to be destroyed by the Alele Star System, so this God of Origin is trying to struggle.

Here, it can be regarded as giving a little hope to the creatures of these galactic worlds.

Even... ..

Lin Tianhao even suspected whether his rebirth was related to the God of Origin.

But judging from Lin Tianhao's previous conversation with the God of Origin, his rebirth didn't seem to have anything to do with the God of Origin.

Withdrawing his thoughts.

These things can only be judged later. If he wants to know about his rebirth, he probably has to wait until he becomes a god himself.

To become a god.

Lin Tianhao returned to the Vast Expanse Limitless Palace.

He had just returned.

He saw that the atmosphere in the rest room originally assigned to their Mortal Palace by the Vast Expanse Limitless Palace was a bit tense.

Sitting in the main seat of the rest room was a person.

This person was none other than the Palace Master of the Vast Expanse Limitless Palace, Shudeli Haohong.

Besides Shudeli Haohong, there were two people behind him.

Both of them were shrouded in black robes, making it impossible to see their identities.

Seeing Lin Tianhao appear.

The Fatty in the distance immediately stood up.

Lin Tianhao also noticed the situation of the Fatty and the others.

The levels of the Fatty, Monkey, Su Li and others had all become level one.

Without thinking, Lin Tianhao knew what had happened.

"Palace Master Haohong, you have good methods. You actually reduced all the contestants in our Mortal Palace back to level one."

Shudeli Haohong looked at Lin Tianhao coldly, "Compared to your methods, Snow Emperor, my little tricks are not worth mentioning."

"Taking away our Second Palace Master from our Vast Expanse Limitless Palace is unprecedented in the entire history of the Vast Expanse Limitless Palace."

Lin Tianhao waved his hand, "Why make such a big deal out of the conflict between us? Aren't you afraid that I'll fight you to the end?"

"Fight to the end?"

Shudeli Haohong sneered: "Snow Emperor, I, Shudeli Haohong, am not someone who can be frightened. If you want to fight to the end, then I will accompany you to the end."

Lin Tianhao nodded and said with a smile: "I can take away your Second Palace Master from your Vast Expanse Limitless Palace. Do you think I can take away the City Lords of other main cities in your Vast Expanse Empire!!"

"You also know that I can teleport at will. I can go to every city in your Vast Expanse Empire and slaughter them."

Shudeli Haohong's expression changed slightly. Before he could speak, a black-robed man behind him snorted coldly.

Immediately afterwards, a mighty divine power swept towards Lin Tianhao.

This black-robed man was actually a god.

Shudeli Haohong never thought of letting Lin Tianhao off easily today, so he directly invited the gods of their Vast Expanse Limitless Palace out.

Although this divine power was aimed at Lin Tianhao, it still suppressed the Fatty and the others, making them unable to lift their heads.

Lin Tianhao possessed the Godslayer Mark and was not afraid of divine power.

He slowly stood up.

Looking at Shudeli Haohong with cold eyes.

"Are you going to compete with me in terms of foundation now? Your Vast Expanse Limitless Palace has a very deep foundation, but I just don't know how many gods are willing to fight us to the bitter end for your Vast Expanse Limitless Palace."

As soon as the voice fell.

Ten gods appeared behind Lin Tianhao, and their powerful divine power directly covered the entire Vast Expanse Limitless Palace.

Not only this rest room.

The participants of the entire Vast Expanse Limitless Palace, as well as the other major holy lands, were suppressed by this powerful divine power, making it difficult for them to breathe.

Shudeli Haohong's expression instantly turned gloomy.

He never dreamed that the Mortal Palace would have such a deep foundation.

Ten gods, and they have been following Lin Tianhao.

How is this possible?

This is simply an incredible thing.

He is the Palace Master of the Vast Expanse Limitless Palace, and he usually only has one god guarding him, but Lin Tianhao actually has ten gods following him.

The masters of the major holy lands were also in the Vast Expanse Limitless Palace at this time. Feeling such a powerful divine power, they all came out.

"I had a premonition that something would happen tonight, but I didn't expect it to be such a big deal."

The demigod Xitu looked a little dignified.

The demigod Chi Hua stepped out.

"Is this the foundation of the Vast Expanse Limitless Palace? The Snow Emperor is probably going to suffer today."

Tutulu Hongqiong also came out at this time.

He frowned, lost in thought.

"I don't think so. I think it's the Vast Expanse Limitless Palace that might suffer today."

The demigod Xiji glanced at Tutulu Hongqiong and chuckled:

"Mountain Lord Hongqiong, even if you have a good relationship with the Mortal Palace, you shouldn't say such outrageous things."

"This is the Vast Expanse Limitless Palace, not the Mortal Palace. Do you really think the Snow Emperor is invincible?"

Tutulu Hongqiong smiled noncommittally, "How will it turn out? We'll know when we go and take a look."

Hearing this.

The masters of the major holy lands were all a little hesitant.

Seeing their appearance, Tutulu Hongqiong couldn't help but sneer:

"Could it be that all of you are masters of holy lands, and you don't even dare to go and take a look when you encounter this kind of thing?"

Hearing this, the expressions of the masters of the major holy lands were a little ugly.

Because Tutulu Hongqiong was really right.

They didn't dare.

With such a powerful divine power, they could tell with their butts that the Snow Emperor and Shudeli Haohong were fighting.

And both sides must have invited gods out, otherwise there wouldn't be such a strong divine power.

The demigod Chi Hua glanced at Tutulu Hongqiong, "Together?"

Chapter 527 - Middle-aged man in golden robe!

Obviously.

Everyone present wanted to join in on the fun.

But they were all a little afraid.

After all, this was the territory of the Limitless Vast Expanse Palace, and it had risen to the level of gods taking action.

This excitement wasn't so easy to join.

Tutulu Hongqiong laughed, "Hahaha, it's up to you whether you go or not, I'm going."

The other great holy land masters saw that Tutulu Hongqiong had gone over.

They hesitated slightly and followed.

As soon as the words fell.

Blackheart Dragon took the lead, his figure moved, and he charged towards Xiudeli Haohong.

Xiudeli Haohong's pupils suddenly shrank, he really didn't expect that Lin Tianhao would be so aggressive, attacking without saying a word.

The moment Blackheart Dragon attacked, a god behind Xiudeli Haohong also rushed out and collided with Blackheart Dragon.

"Boom—"

A loud noise.

Blackheart Dragon erupted with the strongest power allowed by the Twilight of the Gods rule.

The other party didn't show weakness either, and also erupted with the same level of power.

A cold light flashed in Lin Tianhao's eyes, and a surge of killing intent instantly erupted.

"Go again."

As soon as the words fell.

Dark Night Spirit God, Moilai, rushed up.

It was night.

Moilai's power would also be enhanced.

In an instant.

The two gods behind Xiudeli Haohong were both engaged in battle.

"Go again."

Lin Tianhao waved his hand, and Sea God Poseidon instantly attacked, charging towards Xiudeli Haohong.

At this moment.

A man in a golden robe stood in front of Xiudeli Haohong, blocking Sea God Poseidon.

"Everyone is a god, it's really undignified to fight over such trivial matters."

"Dignity?"

Lin Tianhao stepped out, "The matter between me and Xiudeli Haotu, if Xiudeli Haohong wants to get revenge, he can come to me, what's the meaning of attacking these fourth and fifth rank juniors?"

Hearing this, the golden-robed middle-aged man frowned, he glanced at Xiudeli Haohong.

Xiudeli Haohong lowered his head in shame.

The golden-robed middle-aged man frowned slightly, "I am very sorry for what Haohong did."

"But isn't that because you attacked our Limitless Vast Expanse Palace's Second Palace Master first, which led to the misunderstanding?"

"Misunderstanding?"

Lin Tianhao smiled, since the other party said so, it meant that the other party was unwilling to make things big.

"I said, if there is any problem with the matter between me and Xiudeli Haotu, you can come to me directly."

The golden-robed middle-aged man nodded, "Okay, no problem."

"Haohong did wrong, I will now arrange for people to bring your Mortal Palace's participating team members back to their original level, and each person will be compensated with a skill star-up scroll."

Lin Tianhao nodded, the skill star-up scroll was not very useful at this stage.

It's not even very useful in the later stages of the game.

The main place where it can be used is after the Blessing of the Gods and the fusion of reality.

As for the function of the skill star-up scroll, it is the same as its name, it can help the skill to increase by one star.

Most skills have a full value of six to ten stars.

A very few special skills can reach twelve stars at full star.

And this skill star-up scroll can be used before the skill is at full star.

Most people will choose to use the skill star-up scroll when it is about to reach full star.

Because the more the skill is at the back, the proficiency required for star-up increases by ten times or even a hundred times.

If you use this thing in the early stage, it is really a waste.

However.

The golden-robed middle-aged man said this, but he gave the sincerity to the place.

Not far away.

The masters of the great holy lands who were secretly watching were a little dumbfounded.

"Is there something wrong? The Limitless Vast Expanse Palace would actually compromise?"

"Don't you look at the situation, there are ten gods around Emperor Xue, it's not a good thing if they really fight."

"However, the background of the Limitless Vast Expanse Palace is not simple, this compromise is a bit too casual."

... ..

The masters of the great holy lands were whispering, only Tutulu Hongqiong's expression was very solemn, as if he had a premonition of something.

At this time.

Inside the resting room.

The golden-robed man saw Lin Tianhao nod, and continued:

"Haohong's mistake, I have now given a method of compensation, then what about Xiudeli Haotu? Should you hand it over."

Lin Tianhao shook his head, "It is impossible to hand it over, or else fight, if you win, I will hand it over."

Hearing Lin Tianhao's words.

The golden-robed middle-aged man nodded calmly and said, "Okay, then fight."

He said it very simply, and he didn't show too much killing intent in his tone.

But everyone present could hear his determination from his tone.

"Haohong, since you are the one who made them drop levels, then you will take them to level up."

At this point.

The golden-robed middle-aged man's eyes fell on Lin Tianhao.

He slowly said: "As for Emperor Xue and the gods of the Mortal Palace, we will take care of them."

Lin Tianhao waved his hand, "You don't have to bother with leveling up, just take out the skill star-up scrolls."

"Don't you trust us?"

The golden-robed middle-aged man smiled, and with a wave of his hand, eight skill star-up scrolls fell into the hands of Fatty, Monkey, and others.

"Fatty, take them down first, today I want to play with the gods of the Limitless Vast Expanse Palace."

Fatty hesitated for a moment, he also knew that their strength was too weak, and he couldn't help in this kind of thing at all.

"Okay, be careful."

Lin Tianhao waved his hand, not caring.

After Fatty and the others left, the golden-robed middle-aged man looked in the direction of the masters of the great holy lands again.

"Masters of the holy lands, if you have nothing to do, would you like to invite your gods out to play?"

Hearing this.

West Pole Demigod immediately waved his hand, "Something's up, something's up, I remembered that my team members still need me to guide them in enlightenment."

The other masters of the great holy lands also hurriedly found various reasons to leave.

Only Tutulu Hongqiong stayed.

He glanced at Lin Tianhao meaningfully, and then looked at the golden-robed middle-aged man, but in the end he didn't say anything, and turned to leave.

After everyone left.

Limitless Vast Expanse Palace, one after another divine might soared into the sky, sweeping towards this side.

"How to fight?" the golden-robed middle-aged man asked.

"Isn't this the Holy Land Heavenly Pride Rookie Competition? Then let's fight according to the rules of the Holy Land Heavenly Pride Rookie Competition."

The golden-robed middle-aged man's eyes narrowed slightly, "What if you lose?"

"I lose?"

Lin Tianhao smiled, "I will hand over Xiudeli Haotu."

"And I will not launch an attack against the Limitless Vast Expanse Empire within a year."

Chapter 528 - Next time, admit defeat earlier!

The golden-robed middle-aged man shook his head, "That would be meaningless."

"But it doesn't matter, let's talk after you lose."

As soon as his words fell.

The golden-robed middle-aged man waved his hand, and a god stepped out.

Lin Tianhao smiled slightly, he also raised his hand and waved, and the Dark Night Spirit God, Mo Lai, stepped out.

The reason why Lin Tianhao chose to invite the Dark Night Spirit God Mo Lai first was because the Dark Night Spirit God Mo Lai had told him that she could accelerate recovery in the darkness of the Godslayer Academy.

That kind of recovery speed is even faster than Poseidon, the Sea God, in the ocean.

"Did you hear what my lord said? He asked me to kill you, so you can die."

As the voice of the Dark Night Spirit God Mo Lai fell, in an instant, the surroundings were shrouded in darkness.

At the same time.

Above the sky, thunderclouds rolled.

Seeing this scene, the people on the side of the Boundless Supreme Palace all changed their expressions drastically.

They never dreamed that it would be this situation.

A god, going all out as soon as they arrive, this really stunned the people of the Boundless Supreme Palace.

Even the god who was facing the Dark Night Spirit God Mo Lai, was also full of astonishment at this time.

"Are you crazy?"

The Wind God Yuanfeng exclaimed, "This is not a disaster for the extermination of the clan, why are you doing this."

No matter how surprised the Wind God Yuanfeng was, he had no choice now but to step forward to meet the challenge.

Outside the arena.

Although the masters of the major holy lands temporarily left the arena, they still saw this scene that made them feel invincible.

"This is... ..Thunder Tribulation?!"

Half-God Chihua's eyes were full of shock.

"A god has used power beyond what the Twilight of the Gods rules allow."

Half-God Xiji also looked at this scene in disbelief, "Such a strong dark power, it is a dark-type god."

Tutu Lu Hongqiong frowned, this scene made him unable to figure it out.

"The Boundless Continent has been peaceful for too long, will someone finally tear through this fig leaf?"

As soon as his words fell.

Above the sky.

Thunderclouds rolled.

"Another god has used power beyond the restrictions of the Twilight of the Gods rules."

This game seems to be a bit beyond expectations.

However, not many people were surprised this time.

After all, if only one god used power beyond the rules of the gods, then the battle would be one-sided.

Whichever side uses power beyond the rules of the gods first, the other side must make an equal response, otherwise they will be waiting to die.

A smile appeared on Lin Tianhao's face.

He could feel that the Wind God Yuanfeng of the Boundless Supreme Palace was very weak.

Yes.

Very weak.

At least, judging from the power they are currently showing.

The Wind God Yuanfeng does not seem to be a god in full condition.

It is more like a remnant soul of a god.

Similar to the level of the previous battle between the Mazu Goddess and the remnant soul of the Dark Night Spirit God Mo Lai.

Although they can both use power beyond the rules of the Twilight of the Gods.

However, compared with the real full-state gods, there is still a very obvious gap.

A remnant soul of a god.

How can it be compared with a full-state god.

In just an instant.

The Wind God Yuanfeng was severely injured by the Dark Night Spirit God Mo Lai.

The golden-robed middle-aged man's expression changed drastically, and a feeling of extreme unease surged into his heart.

By the time he realized the seriousness of the problem, the Dark Night Spirit God Mo Lai had already ended the Wind God Yuanfeng.

Silence—

Pin-drop silence!

"Rumble—"

At this moment.

Above the sky, thunderclouds rolled, and thunder dragons roared, as if they were roaring angrily at those below who were provoking the rules of the Twilight of the Gods.

The Dark Night Spirit God Mo Lai looked at the golden-robed middle-aged man with deep eyes.

"Hurry up, before the thunder tribulation comes down, I can kill another god."

"Is it you, or the god next to you?"

As soon as the words fell.

The Dark Night Spirit God Mo Lai set his eyes on the god next to the golden-robed middle-aged man.

"Why don't you come."

The Fire God Yuanhuo's expression changed drastically, he only felt a chill rushing to the top of his head.

"No, we admit defeat!!"

The golden-robed middle-aged man immediately raised his hand, this was too crazy.

He had no doubt.

The Dark Night Spirit God Mo Lai would kill the Fire God Yuanhuo next to him.

After all, judging from the speed at which she just killed the Wind God Yuanfeng, it was entirely possible to kill Yuanhuo before the thunder tribulation fell.

But the moment the golden-robed middle-aged man spoke, the Dark Night Spirit God Mo Lai had already made a move.

Darkness instantly engulfed the Fire God Yuanhuo.

The Fire God Yuanhuo didn't even have a chance to resist, and was killed.

This is the gap between a full-state god and a remnant soul of a god.

"What are you doing?!"

The golden-robed middle-aged man's eyes were tearing apart, losing two gods in the blink of an eye.

Such a result made it really unacceptable to him.

"Oh, sorry, I already made a move before you admitted defeat, next time you want to admit defeat, remember to say it earlier."

The Dark Night Spirit God Mo Lai said with an innocent look.

The golden-robed middle-aged man still wanted to say something.

At this time, above the sky, a thunder dragon had already bombarded down, enveloping the Dark Night Spirit God Mo Lai.

Lin Tianhao quietly watched this scene, he really loved the Dark Night Spirit God Mo Lai to death.

It was simply too understanding of him.

Killing two gods in one breath added two more full-state gods to his God Conferring List.

Not only that.

As long as he stays in the Godslayer Academy for a year and a half, the Dark Night Spirit God Mo Lai will be able to be resurrected.

As for whether it will be a waste of time?

Lin Tianhao was not worried at all.

Because to become a god, enlightenment is inevitable.

He can completely choose to enlighten in the Godslayer Academy, so that it will not waste time and can also resurrect the Dark Night Spirit God Mo Lai.

After the thunder.

The Dark Night Spirit God Mo Lai fell into a deep sleep.

Lin Tianhao put the Dark Night Spirit God Mo Lai into the God Conferring List, and then set his eyes on the golden-robed middle-aged man.

"After the fight, I still don't know what to call you?"

The golden-robed middle-aged man's expression was gloomy, but he still said indifferently: "God Jin Xuan."

Lin Tianhao nodded with a smile, "Now you have lost, shouldn't it be my turn to talk about the conditions?"

"You killed two gods of our Boundless Supreme Palace, and you still have the nerve to say talk about conditions!!"

God Jin Xuan's eyes were about to kill, he couldn't wait to tear Lin Tianhao to pieces.

But Lin Tianhao still looked like a dead pig not afraid of boiling water.

"Winning is not allowed to talk about conditions, what is the reason, or we can continue to fight?"

God Jin Xuan was so angry that he gritted his teeth, but he knew that Lin Tianhao was a madman, and if he really fought, the consequences would be unimaginable.

"Say!!"

"But I advise you not to go too far."

"Don't worry, I'm not too much, ten Talent Evolution Flowers, in addition, for the next year, you must not interfere in the affairs of the Moon Wheel Empire."

Chapter 529 - The finals begin!

Jin Xuan, the Divine Spirit, narrowed his eyes slightly. He could still produce ten Flowers of Talent Evolution.

However, the Moon Wheel Empire concerned the situation of the entire vast continent, so he had to consider it carefully.

But then,

Jin Xuan, the Divine Spirit, seemed to have thought of something. He nodded and said, "Alright, for the next year, our Vast Unending Palace will not interfere in the affairs of the Moon Wheel Empire."

"Don't play word games with me. That also includes your Vast Empire officials," Lin Tianhao said.

Jin Xuan, the Divine Spirit, nodded, "Of course."

With that, Jin Xuan, the Divine Spirit, took out ten Flowers of Talent Evolution, "Here you go."

Lin Tianhao's face finally showed a satisfied smile after receiving the Flowers of Talent Evolution.

He already had nine Flowers of Talent Evolution, and now he had ten more, giving him a total of nineteen Flowers of Talent Evolution.

And ten Flowers of Talent Evolution would allow Lin Tianhao's Hand of Heavenly Punishment to complete its evolution.

But now was not the time for evolution. He first sent Jin Xuan, the Divine Spirit, away.

Then he called Fatty and the others back.

"Bro Hao, are you okay?"

"I'm fine."

Lin Tianhao waved his hand dismissively. It wasn't just that he was fine, he had made a huge profit this time.

Although he had sacrificed the Dark Night Spirit God Moilai, he had obtained the Fire Origin and Wind Origin, two Divine Spirits in full condition.

This made his foundation even stronger.

And he also obtained ten Flowers of Talent Evolution.

Besides that,

The Godslayer Mark had already gained two new abilities.

Lin Tianhao planned to check these out later.

Because he had more important things to do now.

"I'll take you guys to level up later."

Lin Tianhao's eyes were firm. Tomorrow was the finals, and tonight they would inevitably have a tough battle.

Fatty, Lin Qingqing, Monkey, Glasses, Dreamfrost and the other eight were all level 1 now.

It wouldn't work to level them up again by farming ordinary monsters.

Lin Tianhao directly took them to the territory of the level 1000 Lava Dryads.

At night, the attributes of monsters would be amplified, and coupled with the obstructed vision, farming would become extremely difficult.

But that was for ordinary players.

For Lin Tianhao, farming was as easy as chopping melons and vegetables.

After killing the Lava Dryads, he could enslave their souls and have them help him farm, which would greatly increase the efficiency of farming.

The night passed without incident.

The next morning,

With Lin Tianhao's tireless efforts, everyone's level finally increased.

Even Su Li's level was higher than before.

This was Lin Tianhao's terrifying farming ability. Leveling up was as easy as drinking water and sleeping.

After leading the team back to the Vast Unending Palace, Lin Tianhao found Su Li alone.

Among the many team members, besides Fatty and Monkey, Lin Tianhao had helped Su Li the most.

Even Glasses and his sister Lin Qingqing had not received much help from Lin Tianhao.

"Boss, is there anything I can do?" Su Li asked.

She sincerely recognized Lin Tianhao. He was strong and treated her well.

Lin Tianhao gave Su Li the Summon Fire Wyvern skill book that had already been replicated.

"This skill book is for you. Bind it with Fatty after you learn it."

Su Li's face showed surprise after receiving the skill book.

"This is a summoning skill like the Siberian Fox."

Lin Tianhao nodded, "Yes, the Xitu Temple should still have some unknown trump cards. This finals may be much more difficult than imagined."

Su Li nodded, "I will do my best."

"With me here, I won't let the competition be lost."

Lin Tianhao smiled and nodded, "Just do your best, don't have too much pressure."

"Yes."

... ..

After talking with Su Li, Lin Tianhao found Fatty again and gave him a set of grievous injury equipment that he had obtained from the Berserker Blade, including the equipment that could burn the surrounding area.

The difference was that,

What the Berserker Blade gave was a heart-guarding mirror, and the burning damage had reached one-thousandth of the maximum health per second.

This was higher than the value of regular burning equipment.

After binding with Su Li,

Fatty's health was approaching 390 million.

The burning damage alone was 390,000 per second.

If Fatty dealt other damage, at this stage, there were really few people who could deal with Fatty.

Finals.

On the high platform,

The masters of the major holy lands took their seats one after another.

However,

When they came, they couldn't help but glance at Lin Tianhao.

After all, although they didn't witness the battle of the gods last night,

The twilight of the gods' thunder punishment did descend.

The key was that,

Two thunder punishments.

Only one descended.

This showed that one of the gods who triggered the thunder punishment had fallen.

This caused only one of the two thunder punishments to fall in the end.

They were all very curious about whether it was the god of the Vast Unending Palace who had fallen.

Or the god of the Mortal Palace who had fallen.

However,

Although they were very curious, they couldn't directly ask.

Because no matter which family's god had fallen, asking now might bring bad luck.

The most important thing was that,

Even the winning side's gods suffered thunder punishment. Although they won, it was a pyrrhic victory.

The other masters of the holy lands would have some concerns.

But Tutulu Hongqiong wouldn't have so many concerns.

His eyes fell on Lin Tianhao.

"Snow Emperor, how was last night?"

Lin Tianhao smiled slightly, "A pyrrhic victory."

Although this answer was simple, it could explain many problems.

The Vast Unending Palace lost this battle. The one who died was the god of the Vast Unending Palace!!

If they knew that the Vast Unending Palace had lost more than one god, but two, they would probably be even more surprised.

Just then,

Xiudeli Haohong walked over.

His expression was a bit gloomy, and the masters of the major holy lands sat down obediently and stopped talking.

Anyone with a brain could know that Xiudeli Haohong's mood must be extremely bad at this time.

No one wanted to bring bad luck.

And below,

This time, the one hosting the arena was no longer Xiudeli Haotu.

But the Third Palace Master of the Vast Unending Palace, who was also the Emperor of the Vast Empire.

Xiudeli Haoxing.

After Xiudeli Haoxing walked onto the arena, he simply introduced himself.

Not many people felt there was anything wrong.

It seemed like it was okay to change the host during the finals.

Lin Tianhao leaned back in his chair. In today's game, he also wanted to see what kind of foundation the Xitu Temple had.

Finally,

Under Xiudeli Haoxing's announcement, the first match began.

The one who came out from the Mortal Palace was Fatty.

Lin Tianhao wasn't surprised.

Fatty now had nearly 390 million health, and the burning damage from the burning heart-guarding mirror was 390,000 per second.

Coupled with the counter-damage and Fatty's own damage ability, in a one-on-one situation, besides Lin Tianhao, there were really few people who could compete with him.

Chapter 530 - Nibs: Double Saint-level talent!

From the side of the Xitu Temple emerged a warrior wielding a scimitar.

He held a scimitar in each hand, a very typical aggressive warrior.

This scimitar warrior hadn't appeared before, so Lin Tianhao raised his eyes to look over.

Nibs: Level 500.

Health: 8.01 million / 8.01 million.

Attack: 410,000.

Skills: ???

Is this Xitu Temple's trump card?

This seems a bit too weak.

With eight million health and 410,000 attack, he really can't attract attention among the contestants this time.

Lin Tianhao frowned slightly, but didn't say anything.

Since the Xitu Temple is so confident, it means that this scimitar warrior has something different.

As Xiudeli Haoxing announced the start of the battle, Fatty took the lead to rush up.

As long as his Scorching Heart Mirror burned the opponent for twenty-one seconds, he would be able to burn the opponent to death, without needing any other means.

But on the arena.

The damage Nibs received was very wrong.

- 38672.

- 38671.

.....

He wouldn't have comprehensive talents like a monkey, would he?

But this is not important.

He only has eight million total health, so he is completely capable of fighting.

But the next scene that happened made Lin Tianhao's pupils shrink suddenly.

Because Nibs slashed Fatty with his knife, a scarlet number popped up from Fatty's body.

- 4.1 million!!

His attack power is only 410,000, but the damage he dealt was as high as 4.1 million.

Even with Fatty's terrifying health, it dropped by more than one percent.

The most important thing is.

The counter-attack didn't work!

Because no counter-attack damage value appeared on Nibs' body.

As for whether he was affected by serious injury, Lin Tianhao can't tell now.

Because with 4.1 million damage, even if he lifesteals 5%, it would instantly restore Nibs to full health.

Suddenly.

Lin Tianhao realized something.

The scorching damage Nibs received was one-tenth of the normal scorching damage.

And the damage he caused was ten times the true damage, ignoring counter-attack and double resistance.

And Lin Tianhao tried it out with his ability to replicate the origin.

But the result was a failure.

This shows that this is not a skill, but a talent, or the ability attached to a certain piece of equipment.

Equipment generally doesn't come with such powerful skills, so this should be Nibs' talent.

Ten times damage reduction, ten times true damage!

This talent doesn't seem like a god-level talent.

Because almost all god-level talents can infinitely stack attributes.

These two attribute abilities don't seem to meet the requirements of a god-level talent.

But if these two abilities are just a holy-level talent, then it would be too powerful.

So.

Lin Tianhao's conclusion is.

The other party has dual holy-level talents, and these dual holy-level talents complement each other, making him exceptionally terrifying.

This first game is difficult.

On the arena.

Fatty also discovered this problem.

His proud counter-attack was of no avail.

So.

He can only do his best to block Nibs' attack.

Nibs' attack is very sharp, but Fatty is not a vegetarian either.

The two were entangled together, and for a while, they were fighting inextricably.

But the situation is not friendly to Nibs.

Because Fatty's own health recovery ability is very terrifying, coupled with the blessing of the Scorching Heart Mirror.

The two didn't attack each other, but Fatty was able to continuously recover health and burn the opponent.

Nibs also discovered this, and if he can't break through Fatty's defense, he will be consumed to death.

"Three Heads and Six Arms."

Nibs used the supernatural power of Three Heads and Six Arms.

With the blessing of Three Heads and Six Arms, his attack became more and more sharp.

Fatty was not to be outdone, and also used Three Heads and Six Arms, once again blocking Nibs' sharp attack.

Nibs snorted coldly and used the supernatural power of Heaven and Earth Transformation.

Fatty followed suit and used the supernatural power of Heaven and Earth Transformation.

The two fought back and forth, evenly matched.

"See, taught by the same master, can't break the moves."

Lin Tianhao smiled at the Xitu demigod not far away.

The Xitu demigod didn't care, "It's still early, do you really think that relying on a little scorching damage will make us lose?"

Lin Tianhao spread his hands, changed the subject, and asked: "What talent does your player have, so fierce?"

"Xuedi, it's not a good habit to inquire about other people's talents."

Lin Tianhao waved his hand indifferently, "Isn't it curiosity? Dual holy-level talent? Or a more special god-level talent?"

The Xitu demigod smiled and said: "If you want to know, agree to our cooperation, and I will tell you all the talents of my team members."

Lin Tianhao waved his hand, "Forget it, if there is a chance, I will poach all the members of your Xitu Temple."

Hearing this.

The Xitu demigod smiled indifferently.

"It doesn't matter, if they can be poached by you, then such team members are of no use to us."

Lin Tianhao smiled, stopped talking, and continued to watch the battle on the arena.

On the arena.

Fatty and Nibs were fighting inextricably, and Nibs couldn't do anything to Fatty.

It depends on whether Nibs has any other means next, if not, this battle will be without suspense.

But the Xitu Temple was so confident before, how could it be so easy to win.

Nibs' scimitar flew out, and the scimitar separated in the air, turning into nine scimitars, attacking Fatty from nine different directions.

Lin Tianhao has fiery eyes and golden pupils, so he can naturally see at a glance that these nine scimitars are all real.

This is not a conventional phantom throwing knife, but an extremely rare knife splitting technique.

One knife is divided into nine knives, and Fatty is suddenly a little difficult to resist.

But Fatty is not a vegetarian either, and six energy shields appeared around him, trying to block the attack of the flying knives.

But the attack of the flying knives still has ten times the true damage bonus, and the energy shield can't stop it at all, and is quickly broken.

The battle has reached here, and it seems that there is already an answer.

After the six energy shields were broken, Fatty then used the Guardian Shield, which are all common skills for shield warriors.

The Guardian Shield triggered the characteristics of the Ninefold Shield Warrior, and three huge shields appeared at the same time, blocking the attack of the nine scimitars.

But it was only three seconds, and the Guardian Shield was fragmented.

Now Fatty can't block such a fierce attack from the front with the weapon in his hand.

He suddenly raised the heavy shield in his hand above his head, and the surrounding gravity instantly increased by a large margin.

Nibs was affected by the gravity, and his body sank slightly.

The nine flying scimitars in the air were also buzzing non-stop, obviously affected by this, and seemed to be unable to hold on, and were about to fall to the ground.
