

## O game 551

Chapter 551 - Chang Shuiyang's reminder!

Hearing Lin Tianhao's words.

Chang Shuiyang's face revealed a meaningful smile.

"Hahaha, well said. I have seen many confident people, but it is the first time I have seen someone as confident as you."

Lin Tianhao looked at Chang Shuiyang with a smile, "It doesn't matter what else you say, I just want to know how Chief Chang plans to choose."

"Didn't you say it all? Your name is Snow Emperor. Now, in this vast continent, just the name Snow Emperor is worth our Earth Deficiency Merchant Alliance investing in."

Hearing Chang Shuiyang's answer, a satisfied smile appeared on Lin Tianhao's face.

"Okay, I will have to trouble the Earth Deficiency Merchant Alliance to pay more attention to the affairs of the Moon Wheel Empire." Lin Tianhao cupped his hands.

Chang Shuiyang nodded, and suddenly, she asked again:

"Snow Emperor, have you ever thought that the Moon Wheel Empire's resistance to this point cannot be achieved by a few external sacred grounds."

Lin Tianhao's eyes narrowed slightly, and he instantly understood Chang Shuiyang's meaning.

"Are you trying to say that this riot in the Moon Wheel Empire was directed and acted by the Moon Wheel Magic Palace itself?"

Hearing these words.

A cold light flashed in Lin Tianhao's eyes. If this was the case, then the Moon Wheel Magic Palace was most likely behind this riot in the Moon Wheel Empire.

This would explain why the Moon Wheel Empire's people's resistance came so quickly and so fiercely.

Thinking like this.

Lin Tianhao directly summoned the Slaughter Angel in front of Chang Shuiyang.

After the Slaughter Angel appeared, he glanced at Chang Shuiyang in surprise, then looked at Lin Tianhao and said respectfully:

“Master, what are your orders?”

Lin Tianhao asked in a deep voice:

“The Moon Wheel Magic Palace is deliberately causing trouble, do you know about this?”

The Slaughter Angel shook his head, “I don’t know.”

Lin Tianhao frowned slightly. Could it be that Moon Wheel Ke Clan, or Moon Wheel Ke Xuan personally, was causing trouble behind the scenes, and it had nothing to do with the Slaughter Angel.

“It seems I need to take a trip to the Moon Wheel Magic Palace.”

Lin Tianhao cupped his hands to Chang Shuiyang, “Chief Chang, thank you for your reminder.”

Chang Shuiyang nodded with a smile, “Then you can go and take care of your own business.”

Lin Tianhao left the Earth Deficiency Dragon Cave.

He had just left when a blurry figure appeared beside Chang Shuiyang.

“Disciple, the Snow Emperor is unpredictable. Cooperating with him is like seeking skin from a tiger.”

Chang Shuiyang smiled wryly, “Master, do I still have a choice? The Snow Emperor’s arrival today obviously wants us to take a stand.”

“With his temper, it is obviously impossible to get away with it. Our Earth Deficiency Merchant Alliance must take a stand.”

The blurry figure was silent for a while, and said:

“Then you are so optimistic about the Snow Emperor? He is ultimately weak now.”

Chang Shuiyang nodded seriously, “Master, he is indeed weak now, but you should also be able to see that he has created one impossible miracle after another.”

“Everyone treats him as the master of a sacred ground, but what is his true identity? An adventurer!”

“A first-turn adventurer!”

When Chang Shuiyang said the last sentence, the blurry figure finally changed his expression.

“You are right, the Snow Emperor’s future growth limit is impeccable. If so, then let go and do it.”

“Perhaps one day, the Snow Emperor will become the most successful investment project of our entire Earth Deficiency Merchant Alliance!”

Chang Shuiyang looked serious, "Master, the Snow Emperor is different. He cannot be treated as a project."

"I understand, go ahead and do it!"

... ..

After Lin Tianhao left the Earth Deficiency Merchant Alliance, he did not go directly to the Moon Wheel Magic Palace.

He has no evidence now. If he goes directly to the Moon Wheel Magic Palace, it may cause trouble.

What he needs to figure out is whether Moon Wheel Ke Xuan's behavior is personal or represents the Moon Wheel Magic Palace.

The Slaughter Angel took the initiative to go to the God Conferring List, and the Moon Wheel Magic Palace's attitude seemed obvious.

Therefore.

Moon Wheel Ke Xuan is most likely a personal act.

If so, then some unconventional methods need to be taken against Moon Wheel Ke Xuan.

"Slaughter Angel, how much do you know about Moon Wheel Ke Xuan?"

Since he is going to attack Moon Wheel Ke Xuan, it is best to understand Moon Wheel Ke Xuan first.

Then see if there is any way to get some useful information from Moon Wheel Ke Xuan.

Although the probability of the Moon Wheel Magic Palace calculating him is very low, it is not completely impossible.

These NPCs will do anything to achieve their goals, which does not seem to be a strange thing.

Lingtai, this time the Slaughter Angel took the initiative to go to the God Conferring List, but Lin Tianhao can only think that the Moon Wheel Magic Palace is probably not a false surrender.

But this is not 100% sure. Maybe the Moon Wheel Magic Palace will really be crazy enough to do this kind of thing.

“Master, Moon Wheel Ke Xuan is the number one person under the gods of the Moon Wheel Magic Palace. He is a grandmaster-level pseudo-god, and his rank is infinitely close to the king level.”

“He is also very hopeful of becoming a god, so he did not take the position of palace master of the Moon Wheel Magic Palace, but retreated behind the scenes.”

Lin Tianhao nodded. All the major sacred grounds have such masters.

Previously, Xiudeli Baiyun of the Boundless Wuji Palace was such a master.

“Who is Moon Wheel Ke Xuan on good terms with?” Lin Tianhao asked again.

“Speaking of people, he only has a good relationship with Moon Wheel Ke Clan.”

“Oh?”

Lin Tianhao asked in surprise:

"Listening to what you said, he has a good relationship with some gods?"

"Yes."

The Slaughter Angel nodded and said: "As a strong man who is about to become a god, Moon Wheel Ke Xuan's rank is also infinitely close to the king level."

"If he really raises his rank to the king level and enters the realm of gods, most of the gods in our Moon Wheel Magic Palace are not as good as him."

Lin Tianhao understood the Slaughter Angel's meaning, which can be regarded as making friends in advance.

If Moon Wheel Ke Xuan becomes a god in the future, they can be considered old friends.

"Therefore, most of the gods in our Moon Wheel Magic Palace have a good relationship with Moon Wheel Ke Xuan."

The doubts in Lin Tianhao's heart became heavier.

Moon Wheel Ke Xuan has a good relationship with most of the gods in the Moon Wheel Magic Palace, what does this mean?

This means that Moon Wheel Ke Xuan's trip to the Underworld Profound Sacred Ground this time is probably not his personal intention, but the intention of those gods in the Moon Wheel Magic Palace.

It's just.

What Lin Tianhao doesn't understand is.

If the Moon Wheel Magic Palace really has a plan to target him, then what is the matter with the Slaughter Angel?

Not to mention that the Slaughter Angel doesn't know about the plan, is it worth it for them to take the initiative to send a god as bait to calculate themselves?

Not only that.

In this calculation.

What benefits can the Moon Wheel Magic Palace get?

However, these are not valid at the moment, and are limited to Lin Tianhao's speculation.

Chapter 552 - Meet Yuelun Kexuan!

To verify these conjectures, one can only start with Yue Lun Ke Xuan.

Yue Lun Ke Xuan and Yue Lun Ke Cu are the closest, so the most ideal approach this time is to impersonate Yue Lun Ke Cu and make Yue Lun Ke Xuan reveal his intentions.

However.

The fact that I can change my appearance is already known to some.

In addition, with Olufdelan already asleep, his Seventy-Two Transformations can only change the appearance; the simulation of voice and form is still somewhat lacking.

It would be difficult to directly transform into a person and enter using the Seventy-Two Transformations.

The most ideal situation would be to transform into something and have someone bring it in.

Ideally, something that Yue Lun Ke Xuan carries with him.

However, the Twilight of the Gods is different from people in the real world.

In the Twilight of the Gods, people basically only carry weapons and equipment; they don't carry trivial items.

This leaves Lin Tianhao at a loss.

Regaining his thoughts.

Lin Tianhao ultimately decided to first visit the Yue Lun Demon Palace to test the waters.

After all, it's clear that the Yue Lun Demon Palace has sided with him, so even if the Yue Lun Demon Palace has some ulterior motives, they wouldn't directly reveal them.

Thinking this way.

Lin Tianhao summoned the Kunlun Mirror and directly arrived at the Yue Lun Demon Palace.

Inside the Yue Lun Demon Palace.

Yue Lun Ke Cu was arranging manpower. Regardless of what he thought of this Yue Lun Empire's riot, he had to put on a show of dealing with it.

Upon learning of Lin Tianhao's arrival, Yue Lun Ke Cu immediately invited Lin Tianhao in.

"Yue Lun Ke Cu pays respects to Palace Master."

Yue Lun Ke Cu respectfully bowed to Lin Tianhao.

Lin Tianhao wore a stern face, adopting a posture of questioning.

"Yue Lun Ke Cu, you have seen the current situation. Shouldn't you give me an explanation?"

Yue Lun Ke Cu bowed in fear and explained:

"Palace Master, I didn't expect the rebellion to be so intense this time, especially with several generals at court taking the lead in causing trouble."

"What if it's not quelled within a week?" Lin Tianhao asked.

Yue Lun Ke Cu's expression froze, and after a short while, he squeezed out a smile and said:

"Palace Master, such things cannot be 100% certain. You understand this point."

Lin Tianhao smiled noncommittally, "It is indeed a bit troublesome to disperse all 23 billion citizens. I think it's necessary for us to have the army intervene."

"Also, I encountered Xiudeli Baiyun in the Boundless Limitless Palace. She is even more powerful than the Boundless Limitless Palace Master."

"I heard the Killing Angel say that you also have one in the Yue Lun Demon Palace, named Yue Lun Ke Xuan or something."

Lin Tianhao spoke casually, but he was fully activating his Fiery Eyes, trying to observe some changes in Yue Lun Ke Cu's expression.

He failed.

Yue Lun Ke Cu's expression changes were very normal.

"Yes, my elder brother, Yue Lun Ke Xuan, has been focusing on improving his realm because he has the potential to become a god and has not participated much in managing our Yue Lun Demon Palace."

Lin Tianhao nodded, "Now that the gods are restricted by the Twilight of the Gods, acting too rashly will attract divine punishment. I think you can let your elder brother come and hold the fort."

Yue Lun Ke Cu hesitated, seemingly wanting to refuse, but ultimately nodded and said:

"To be honest, Palace Master, I also have this idea."

"If my elder brother can take action, in the Yue Lun Empire, without gods, my elder brother is the number one person."

Lin Tianhao nodded with a smile and said, "Where is your brother? How about following me for a period of time and following my orders?"

Yue Lun Ke Cu shook his head almost without thinking and said:

"Palace Master, my elder brother is used to being alone. It's not easy for me to see him usually."

Lin Tianhao's eyes narrowed as he stared at Yue Lun Ke Cu and asked:

"I can't even see him? Then does your Yue Lun Demon Palace really want to side with me, or do you want to use our Mortal Palace as a shield?"

Lin Tianhao's voice was not loud, but it carried a hint of anger.

Feeling the anger in Lin Tianhao's words, Yue Lun Ke Cu frowned.

"Palace Master is thinking too much. I will contact my elder brother now."

Saying that.

Yue Lun Ke Cu crushed a talisman and said to the crushed talisman:

"Elder brother, Palace Master wants to see you and is currently in the Yue Lun Demon Palace."

After finishing the transmission, Yue Lun Ke Cu said with a smile:

"Palace Master, my elder brother usually appears and disappears unpredictably, but if he knows that it is Palace Master who wants to see him, he will definitely come as soon as possible."

"It will probably take a while, Palace Master, please rest for a while."

Lin Tianhao didn't say much, directly sat on the seat of the Yue Lun Demon Palace Master, and waited leisurely for Yue Lun Ke Xuan to appear.

After waiting for nearly half an hour, Lin Tianhao finally waited for Yue Lun Ke Xuan.

Yue Lun Ke Xuan saw Lin Tianhao sitting on the Palace Master's seat and couldn't help but raise his hand in a salute.

"Subordinate Yue Lun Ke Xuan pays respects to Palace Master."

Lin Tianhao looked up.

Yue Lun Ke Xuan (Grandmaster): Pseudo-God.

Health Points: ???

Attack Power: ???

Skills: ???

It is indeed Yue Lun Ke Xuan, that's good.

"Yue Lun Ke Xuan, Yue Lun Ke Cu said that you are the number one person under the gods in the Yue Lun Empire?"

Yue Lun Ke Xuan glared at Yue Lun Ke Cu, then turned his gaze to Lin Tianhao and smiled:

"Palace Master, don't listen to my brother bragging. He can't change that bad habit. In our Yue Lun Empire, besides our Yue Lun Demon Palace, there are still two holy lands."

"Oh?"

Lin Tianhao feigned surprise, "There are still two holy lands? Which two are they?"

"They are the Ming Xuan Holy Land and the Earth Deficiency Merchant Guild respectively. To be honest, Palace Master, I have been investigating this Ming Xuan Holy Land recently, because I feel that this time the Yue Lun Empire's riot may be related to them."

"Is the Ming Xuan Holy Land interfering?" Lin Tianhao still pretended to be very surprised.

"What are the details of this Ming Xuan Holy Land? Will their interference cause some trouble?"

Yue Lun Ke Xuan nodded with a serious expression, "Palace Master, to be ashamed, our Yue Lun Demon Palace originally had some foundation, but after the battle of the Boundless Limitless Palace, the family fortune was emptied."

Saying that.

Yue Lun Ke Xuan smiled awkwardly.

"At that time, I didn't expect you to be so fierce, Palace Master, otherwise it wouldn't have come to this day, being bullied by a Ming Xuan Holy Land."

Chapter 553 - Beinu City!

Lin Tianhao didn't know if what Yuelun Ke Xuan said was true, after all, he wasn't even sure if what the Di Que Merchant Guild said was true.

"Judging from what you're saying, you want me to deal with the Mingxuan Holy Land?"

Yuelun Ke Xuan respectfully nodded, "Yes, Lord Palace Master, in the last battle at the Vast Expanse Limitless Palace, our Yuelun Demon Palace exhausted our resources. Now, facing the Mingxuan Holy Land, we are already unable to cope."

"I implore Lord Palace Master to take action and suppress the Mingxuan Holy Land."

Lin Tianhao smiled noncommittally, "I remember that last time at the Vast Expanse Limitless Palace, most of the gods of your Yuelun Demon Palace suffered divine punishment and fell into slumber."

"To be honest, it's too wasteful for them to be asleep. Why not bring them out? I'll send them to the God Conferring List."

Hearing these words,

Yuelun Ke Xuan and Yuelun Ke Cu both changed their expressions slightly.

“Lord Palace Master, back in the Vast Expanse Limitless Palace, the slumbering gods of our Yuelun Demon Palace have already returned to the sealed land.”

“To send them to the God Conferring List, we would need to break their seals first.”

Lin Tianhao waved his hand; he knew they would say something like that.

Regardless of whether the Yuelun Demon Palace was sincerely surrendering, it was clearly impossible to get all their gods on the God Conferring List.

“Alright, I will make a trip to the Mingxuan Holy Land, but for the next period of time, you will follow me and listen to my commands, is that alright?” Lin Tianhao asked.

Yuelun Ke Xuan hesitated for a moment, but ultimately said respectfully:

“No problem, Lord Palace Master’s orders are our command.”

Lin Tianhao revealed a satisfied smile on his face.

“Since that’s the case, then you will come with me to the Rebel Army headquarters.”

This time, the main leaders of the Yuelun Empire’s rebellion were the old subordinates of the three Great Generals guarding the borders.

Although the three Great Generals guarding the borders were dead, those generals under their command were still continuing to complete the things that the three Great Generals guarding the borders had not completed.

Today.

Lin Tianhao was going to start a slaughterous feast.

He would have Yuelun Ke Xuan accompany him in the killing.

In this process, Lin Tianhao could stack his health points and attack power.

Of course.

The ultimate purpose of this slaughter was not to stack attributes.

More importantly, Lin Tianhao wanted Yuelun Ke Xuan to take action.

If Yuelun Ke Xuan was really the person causing trouble behind the scenes, then he must have some connection with these rebel armies.

If he were to take action and massacre the rebel army on a large scale, it would inevitably anger the rebel army, thereby revealing more flaws.

Beinuo City!

This was a large border city of the Yuelun Empire, the city guarded by Great General Beinuo, one of the three Great Generals guarding the borders.

Now, Beinuo City has united with the surrounding towns to resist the Yuelun Empire's disbandment.

It has become one of the representatives of the rebel army.

Since Lin Tianhao wanted to stop the rebel army, he had to start here.

“Lord Palace Master, these are all subjects of our Yuelun Empire, can you give me a chance to persuade them to surrender?”

As soon as he finished speaking.

Lin Tianhao directly released Three Heads Six Arms, then maxed out his attack speed, and feather arrows poured out like a tide.

With Lin Tianhao’s current output ability, these ordinary soldiers simply couldn’t withstand it.

Each feather arrow could take away a soldier.

Yuelun Ke Xuan did not stop him; he was just watching quietly.

This was a one-sided massacre, unstoppable and unmatched.

Finally.

Among the rebels, there appeared seventh- and eighth-revolution experts.

They unfolded their domains, blocking all of Lin Tianhao’s feather arrows.

“Yuelun Ke Xuan, it’s your turn to take action.”

Yuelun Ke Xuan knew what Lin Tianhao meant, and after hesitating slightly, he still took action.

As soon as he took action, he held nothing back, various killing moves directly slashing down, crushing everything in their path, as if to tear the heavens and earth apart.

These seventh- and eighth-revolution domain experts were so vulnerable in front of Yuelun Ke Xuan, and were easily defeated.

Lin Tianhao's eyes narrowed slightly; this Yuelun Ke Xuan was taking action too decisively.

As soon as he took action, he was crushing everything in his path.

But the attitude he had shown before was clearly wanting to leave them a way out.

If he really wanted to leave them a way out, he could have tried to persuade them again.

But he didn't.

Instead, he used this thunderous momentum to kill these domain experts.

He even seemed to not want these domain experts to see his face clearly.

This alone was very worthy of Lin Tianhao's suspicion.

"Stop!"

Lin Tianhao raised his hand, signaling Yuelun Ke Xuan to stop.

Yuelun Ke Xuan frowned slightly and stopped somewhat reluctantly.

"Lord Palace Master, since we are taking action, we should use thunderous momentum to eliminate the rebels."

Lin Tianhao glanced at Yuelun Ke Xuan, "Are you teaching me how to do things?"

“I wouldn’t dare.”

Lin Tianhao stepped out, unfolded his Xuanbing Wings, flew into the air, and asked loudly:

“Among you, who is in charge?”

In Beinu City, a girl full of youthful spirit stepped out.

She was only fifteen or sixteen years old, but her eyes were unusually firm.

“I am.”

“My father was Great General Beinu. After his death, I have the final say here.”

Two ninth-revolution diamond-level experts immediately stepped out around the girl, protecting her.

The girl raised her hand and waved, “Two Uncles, stand aside, if he wants to kill me, you can’t stop him.”

Both of them looked at Lin Tianhao with vigilant eyes.

“The people you have gathered are just cannon fodder. If I take action, you can’t stop me.”

“Instead of letting these old subordinates left by your father sacrifice themselves here in vain, it’s better to go overseas and reclaim wasteland. Maybe in the future, you can establish a kingdom.”

“Reclaim wasteland?”

The girl smiled miserably and said, "Snow Emperor, you are high above, and you can speak of reclaiming wasteland so lightly."

"Do you know the terror of the sea? Do you know the terror of those desolate islands?"

"How many of the 23 billion people of the Yuelun Empire will be swallowed by the sea when they go overseas to reclaim wasteland? Swallowed by unknown terrors?"

Having said that.

The girl's eyes carried an unimaginable determination.

"Since we are all going to die anyway, then why not stand up and resist? At least, we have tried, we have fought for our destiny!!"

Lin Tianhao waved his hand, "You are not fighting, you are using your lives as pawns for others."

"Pawns?"

The girl smiled noncommittally, "The world is so big, we are pawns, Snow Emperor, aren't you also a pawn?"

"Although pawns are small, they also have their own way of living."

Lin Tianhao frowned slightly and said:

"This is not a way of living, it's a dead end."

Hearing these words.

The girl shook her head and said seriously:

"From the beginning, I knew that this road would be extremely difficult, and many people would die."

"My father died, many uncles died, and many more people will die in the future, but we must do this. If we don't speak up, then this country will really be finished!"

Chapter 554 - Beinuo Qingji!

"Must?"

Lin Tianhao sneered, "Don't you find it ridiculous to say such sanctimonious words?"

"The land beneath your feet originally didn't belong to the Moon Wheel Empire. Your ancestors of the Moon Wheel Empire snatched it from the Mountain Sea Empire by force."

"What we are doing now is what must be done: striving and fighting for the revival of the Mountain Sea Empire."

Having said that.

Lin Tianhao raised his hand and pointed at the girl.

Then, his finger circled around the crowd.

"You are just a group of invaders. Now, you are even fighting against the true owners of this country in the name of protecting your own country."

"Don't you feel ashamed? What exactly is on top of your heads, faces or asses! !"

Lin Tianhao's words were like pearls, and the girl and the people of Beinu City looked at Lin Tianhao with stiff expressions.

Especially the last sentence Lin Tianhao said made them feel ashamed and annoyed.

For a moment, the girl didn't know what to say.

However, the nine-turn diamond-level warrior on her left had a much thicker skin.

He retorted angrily:

"Snow Emperor, what you are talking about happened many years ago. When this world first opened, there was no Mountain Sea Empire or our Moon Wheel Empire."

"This world belongs to all races. It's just that the vast continent was fortunately taken by your Mountain Sea Empire first, but that doesn't mean it belongs to your Mountain Sea Empire."

Lin Tianhao narrowed his eyes and scolded: "It seems that you really have an ass hanging on your head, shameless! !"

"According to what you said, what banner are you fighting under now? Protecting the Moon Wheel Empire?"

"Waving such a banner as invaders? How ridiculous!"

Lin Tianhao was also a keyboard warrior, scolding the Nanshan Nursing Home on the left and the Beihai Kindergarten on the right, rarely meeting an opponent.

Normally, Lin Tianhao wouldn't have said so much.

But if there really is a confrontation.

It is impossible to kill all 23 billion people of the Moon Wheel Empire.

Otherwise, the Moon Wheel Empire would probably become a paradise for the undead, and it would become extremely difficult to recover.

The nine-turn diamond-level warrior still wanted to say something, but the girl stopped him.

"Qingji, don't be bewitched by the Snow Emperor's words. Think about your father, think about the many people who died."

"We can't retreat. The vast continent has been peaceful for so long, and because of his appearance, he has been stirring up trouble on the vast continent, provoking the battle of the gods and the war of national extermination."

"He is a demon. If he is not eliminated, it is difficult to estimate how many people will die later."

Without the Immortal Slaughtering Sword Formation, without using the power of the gods.

He would need to borrow the power of Moon Wheel Kexuan to quickly kill a ninth-turn master.

Moon Wheel Kexuan understood Lin Tianhao's meaning, and the girl also understood Lin Tianhao's voice.

She immediately pleaded:

"Snow Emperor, please be merciful. I am willing to listen to you and take our people to leave the vast continent and go overseas."

The nine-turn diamond-level warrior still wanted to say something, but the girl raised her hand to interrupt him.

Lin Tianhao waved his hand, "I'll give you three days."

"If you haven't left after three days, my attitude will not be like this."

Beinuo Qingji nodded, "Snow Emperor, don't worry, we will leave tomorrow morning."

After dealing with the affairs of Beinuo City, Lin Tianhao turned and left.

But he didn't leave Beinuo City too far, but stayed outside Beinuo City, and then hid.

"Hall Master, aren't we going to the next place?"

Moon Wheel Kexuan asked curiously.

Lin Tianhao shook his head, "If we leave now, everything I just said will be in vain."

Moon Wheel Kexuan was not stupid, he knew why Lin Tianhao didn't leave after a little thought.

"Hall Master, do you mean that someone will attack General Beinuo's daughter?"

Lin Tianhao nodded with a smile, "It is obvious that only Beinuo Qingji agreed to what happened just now, and other people still seem to be dissatisfied."

"In this case, they may completely attack Beinuo Qingji."

Having said that.

Lin Tianhao changed the subject and continued:

"What's more, with the Holy Land fueling the flames behind the scenes, they will not agree to the withdrawal of the Beinu City lineage."

"So, even if the old subordinates of General Beinu do not attack Beinu Qingji, those Holy Lands who are causing trouble will take advantage of tonight to kill Beinu Qingji."

Moon Wheel Kexuan bowed to Lin Tianhao, "Hall Master is wise."

Lin Tianhao suddenly turned his head, his eyes staring straight at Moon Wheel Kexuan.

"Moon Wheel Kexuan, I'm actually thinking about a question. There are traitors in the court. Are there also traitors in your Moon Wheel Demon Palace?"

Hearing this.

Moon Wheel Kexuan's expression changed slightly, "Does Hall Master know something? If there are also people in our Moon Wheel Demon Palace who betray us, we will never forgive them."

Lin Tianhao smiled noncommittally, "No, I just suddenly thought of this. After all, everyone is human and has feelings for the Moon Wheel Empire."

"Now that the Moon Wheel Empire is gone, some people will inevitably be unable to accept it."

Moon Wheel Kexuan respectfully said, "Hall Master's analysis is correct. I will now notify my brother and let him thoroughly investigate the internal affairs of the Moon Wheel Demon Palace."

Lin Tianhao waved his hand and smiled:

"Don't worry, even if you want to investigate, you have to investigate secretly, otherwise it won't be good if you startle the snake."

"Hall Master is right."

Moon Wheel Kexuan said respectfully, but his eyes turned unconsciously, not knowing what he was thinking.

Lin Tianhao didn't care.

He asked Mu Yunli · Sayuan to release his divine sense to observe Beinu Qingji, and at the same time, he was also observing Moon Wheel Kexuan.

If there is a problem with Moon Wheel Kexuan, there is a high probability that he will secretly send a message out.

Lin Tianhao asked Mu Yunli · Sayuan's divine sense to also cover Moon Wheel Kexuan in it, just to prevent any mistakes.

Moon Wheel Kexuan was very strong, and he still noticed that he was being shrouded in divine sense.

He looked at Lin Tianhao with an increasingly solemn expression.

He knew.

Lin Tianhao had considered him in it, but there was no evidence.

Night fell.

It was about the same as Lin Tianhao expected.

In Beinu City, some people couldn't help but start taking action.

Chapter 555 - I heard you wanted to frame me?

The Diamond-grade Level Nine warrior who had previously advised Beinuo Qingji to reconsider found her again.

Knowing her current situation, Beinuo Qingji couldn't help but say:

“Uncle Como, are you here to persuade us to continue resisting, aren't you?”

Beinuo Qingji knew the attitude of these old subordinates of her father.

Especially now that her father was dead, there was no turning back.

General Como was silent, finally nodding, “Yes.”

Beinuo Qingji raised her eyes, a pair of slightly immature eyes staring at General Como.

“Uncle Como, I know someone wants to kill me, but that person isn't you, is it?”

Meeting Beinuo Qingji's innocent and pure eyes, General Como was silent again.

“Indeed, someone has ordered your death, and hopes that I can do it.”

Beinuo Qingji smiled sadly, “So... Uncle Como's late-night visit is to kill Qingji?”

General Como's heart clenched suddenly, and he knelt down to Beinuo Qingji with a thud.

“Qingji, your father treated me with great kindness. If not for General Beinuo, I wouldn't have been able to reach the Level Nine realm.”

"I'm here tonight only to do everything I can to protect you!"

Beinuo Qingji stared at General Como and asked:

"Uncle Como, can you tell me who wants to kill me?"

General Como shook his head, "I can't say. If you don't know, you'll have a chance to survive tonight. If you know, you must die."

Beinuo Qingji stopped talking and quietly sat back in her chair.

"Uncle Como, please get up. Tonight, we'll see if I can survive."

As soon as Beinuo Qingji finished speaking, a bloody smell permeated the air.

"Como, do you really think you can protect Beinuo Qingji?"

Hearing this voice.

General Como suddenly stood up, a set of armor instantly appearing around him, and a long blade wrapped in flames appeared in his hand, his entire aura rising to the extreme.

But even so.

He still didn't dare to be negligent, looking at the doorway as if facing a formidable enemy, as if the person speaking outside could defeat him with a casual move.

"Como, why bother? Isn't resisting in front of me ridiculous?"

General Como said with a sullen face, "I really didn't expect you to come in person to kill Qingji."

"Creak!"

The door opened.

A man shrouded in a bloody mist stood at the door. General Como lit up eight energy shields around him as the man stepped into the room.

"Overestimating yourself."

The blood mist man snorted coldly, and a blood-colored tentacle was drawn from the blood mist, instantly shattering all eight shields.

"Get out of the way, or I'll kill you too."

Seeing the blood mist man so powerful, Beinuo Qingji didn't retreat, she took the initiative to walk up.

"Xuedi was right, we are all pawns. When someone thinks we are useless, they will really kill us."

The blood mist man nodded with a smile, "Yes, those who are pawns must have the awareness of being pawns. Trying to resist will only make you die ugly."

At this point.

The blood mist man changed the subject and continued:

"Beinuo Qingji, I'll give you one last chance, continue to lead Beinuo City to resist, or... die!"

"And then let someone else lead Beinuo City to resist."

Beinuo Qingji shook her head, "I don't want to be a pawn anymore, especially not a pawn for someone like you who hides his head and shows his tail."

As soon as she finished speaking.

A red-tasseled spear appeared in Beinuo Qingji's hand.

"I'm not strong, but I want to try."

"A mantis trying to stop a chariot, overestimating yourself!"

Seeing that Beinuo Qingji actually wanted to resist, the blood mist man was a little angry.

"Qingji, you don't even have a domain, you can't be his opponent."

General Como stood in front of Beinuo Qingji.

"My lord, please let us go, without our Beinuo City, it won't have much impact on the rebel army."

The blood mist man was unmoved, and two blood-colored tentacles protruded from the blood mist like lightning, reaching Beinuo Qingji and General Como in the blink of an eye.

They had no doubt.

As long as the blood mist man was willing, these blood-colored tentacles could instantly smash their heads.

"Let you go?"

“If I let you go, others will also think that leaving the Vast Continent can be used as a retreat, how many people will still focus on resisting Xuedi?”

“So, you either stay, or die!!!”

Beinuo Qingji and General Como looked at each other, now they seemed to have no choice.

“We die!”

Beinuo Qingji made a decision after only a moment's hesitation.

“Offending you will result in the death of the two of us, or at worst, a group of high-level officials in Beinuo City.”

“After all, it won't lead to the death of millions of people in the entire Beinuo City, they will still have people who survive and leave.”

The blood mist man sighed, “Do you think I came here in person today just to kill the two of you?”

“If you don't agree, I will use the methods of the Angel of Slaughter to slaughter this Beinuo City.”

“Then declare to the outside world that the Angel of Slaughter was ordered by Xuedi to slaughter Beinuo City.”

“And then raise the banner, Xuedi is cruel and tyrannical, and use the general trend to overthrow the Mountain and Sea Empire!”

Hearing this.

Beinuo Qingji's fingertips trembled slightly, she was still too young after all.

The blood mist man's few words made her a little scared.

She did these things.

Even willing to sacrifice herself, just felt that sacrificing herself could preserve Beinu City.

However.

Now, the blood mist man's words completely annihilated her hope.

But at this moment, a plain voice sounded.

“Looking at your aura, you are the Great Elder of the Mingxuan Holy Land, Demigod Xuangu, right?”

Hearing this sudden voice, Demigod Xuangu's expression changed drastically.

He had been paying attention to the surrounding situation.

But even so, someone still approached silently.

“Who are you?”

Demigod Xuangu was extremely nervous, looking vigilantly in the direction of the voice.

He looked and saw a young man.

Next to the young man was an angel with six wings spread out.

This young man was none other than Lin Tianhao.

“Angel of Slaughter!!”

Seeing the six-winged angel, Demigod Xuangu exclaimed in surprise, he never dreamed that the Angel of Slaughter would be here.

“Why are you here?”

Demigod Xuangu was extremely nervous. Facing a god, he had no power to resist.

“Demigod Xuangu, I heard that you wanted to destroy Beinuo City and then frame me.”

Hearing this.

Demigod Xuangu only felt a chill rushing to the top of his head.

He wanted to frame a god, and was caught in the act by this god.

This, it's too terrifying!

“Senior Slaughter, misunderstanding, it's all a misunderstanding.”

Chapter 556 - Another purpose!

"Misunderstanding?"

The Slaughter Angel sneered, "My arrival is a misunderstanding? What if I hadn't shown up here?"

The demigod Xuan Gu hurriedly explained, "This really is a misunderstanding. I was just trying to scare this little girl."

"There are so many people in Beinu City, even if I wanted to kill, I wouldn't be able to kill them all by myself."

Hearing these words.

The Slaughter Angel no longer spoke, he retreated behind Lin Tianhao.

"If you have something to say, talk to my lord."

"As for your life or death, it all depends on my lord's will."

The demigod Xuan Gu looked at Lin Tianhao with a pleading expression, as if he had grasped a life-saving straw.

"Snow Emperor, this really is a misunderstanding."

Lin Tianhao smiled and said, "I didn't come here today to listen to your misunderstandings."

"Is your Mingxuan Holy Land very idle recently? Why do you have to interfere in the affairs of the Moon Wheel Empire?"

The demigod Xuan Gu's expression was ugly, and he gritted his teeth and said:

"Snow Emperor, our Mingxuan Holy Land just wants to use the territory of the Moon Wheel Empire to recover, that's why we did such a thing."

"As long as you let me leave, I will immediately go back and ask the Holy Lord to stop taking action."

The demigod Xuan Gu's heart skipped a beat.

He didn't doubt Lin Tianhao's determination at all, and he didn't doubt Lin Tianhao's ability even more.

This guy.

Was a ruthless man who confronted the four holy lands head-on in the Vast Expanse Palace and provoked the War of the Gods.

"Snow Emperor, do you really want to be the enemy of all the holy lands in the Vast Expanse Continent?!"

There was a hint of killing intent in the demigod Xuan Gu's voice.

He was still a demigod after all.

His initial plea for mercy was to try to smooth things over.

But seeing Lin Tianhao's attitude, that he didn't intend to go down the steps, then there was no need to pretend to be a grandson anymore.

"Can your Mingxuan Holy Land represent all the holy lands of the Vast Expanse Continent?" Lin Tianhao asked rhetorically.

The demigod Xuan Gu shook his head, "Our Mingxuan Holy Land is insignificant and cannot represent all the holy lands of the Vast Expanse Continent."

"But you have already offended the four holy lands in the Vast Expanse Palace before, and now you want to confront our Mingxuan Holy Land head-on."

"Such behavior will only make the holy lands of the Vast Expanse Continent feel insecure. If you act like this, aren't you an enemy of the entire Vast Expanse Continent?"

Hearing what the demigod Xuan Gu said, Lin Tianhao couldn't help but sneer.

"Who said I want to destroy your Mingxuan Holy Land?"

"Your Mingxuan Holy Land is hindering the revival of the Taoist and Buddhist sects. The Taoist and Buddhist sects send experts to pacify your Mingxuan Holy Land. It's reasonable, right?"

The demigod Xuan Gu's heart tightened. Yinian Temple and Zhenlong Precious Temple have reached a cooperation with Fandian.

Others may not know about this, but the Mingxuan Holy Land, as one of the holy lands, has heard about it.

"Snow Emperor, tell me, what do you want to do to be willing to let the matter rest!"

The demigod Xuan Gu was very clear.

Last time in the Vast Expanse Palace, the four holy lands had exhausted a lot of their resources.

Now, there are not many people in the Vast Expanse Continent who are willing to come out and bet their resources against Lin Tianhao, who holds the God Conferring List.

Plus the addition of Yinian Temple and Zhenlong Precious Temple.

If he doesn't handle it well, he is likely to face difficulties from the three holy lands.

"I'm actually very curious, the Moon Wheel Demon Palace has already surrendered to me, and you are unwilling to confront me head-on, why do you still want to come out and make trouble?"

Originally, Lin Tianhao had also thought that they wanted to use the land of the Moon Wheel Empire to recover.

But now it seems that this is not the case.

They don't want to fight him head-on.

So.

Even if they succeed in sabotaging in the end, what's the use?

As long as they recover on the territory of the Moon Wheel Empire, it means that they will inevitably face Fandian directly.

Even if the decision-makers of the Mingxuan Holy Land are stupid, they shouldn't do such a stupid thing.

Therefore.

Lin Tianhao had reason to suspect that they had other ulterior motives for doing this.

The demigod Xuan Gu smiled bitterly and said:

"Snow Emperor, I really don't know about this. I'm just acting on orders."

"Acting on orders?"

Lin Tianhao chuckled, "Whose orders are you acting on?"

"Your Holy Lord, or..."

Lin Tianhao paused slightly in his tone and raised his hand to point at Moon Wheel Kexuan.

"Or him, Moon Wheel Kexuan."

Hearing this.

Moon Wheel Kexuan immediately bowed.

"Palace Master, please be aware that Kexuan has nothing to do with the Mingxuan Holy Land."

A cold light flashed in Lin Tianhao's eyes, and he said coldly, "Did I ask you?"

Moon Wheel Kexuan was speechless.

Lin Tianhao then looked at the demigod Xuan Gu again.

"Demigod Xuan Gu, please answer my question."

The demigod Xuan Gu hurriedly said:

"I am acting on the orders of my Holy Lord."

As soon as he finished speaking.

Lin Tianhao immediately asked again:

"Then during this period, has Moon Wheel Kexuan been to your Mingxuan Holy Land?"

The demigod Xuan Gu did not dare to neglect and immediately replied: "No."

This answer was very fast, as if it was a subconscious answer.

"Hmph, answering so quickly and so confidently, could it be that you are by your Holy Lord's side every moment?"

The demigod Xuan Gu's heartbeat suddenly increased.

But he knew that he could not admit it.

"Indeed not."

The demigod Xuan Gu pretended to be honest and said.

Lin Tianhao glanced at Moon Wheel Kexuan and asked, "He said you haven't been to the Mingxuan Holy Land, so have you been there or not?"

"No."

Moon Wheel Kexuan's answer was equally certain.

"This period is when our Moon Wheel Demon Palace is making major decisions, plus the turmoil in the Moon Wheel Empire, I am too busy quelling the chaos, how could I go to the Mingxuan Holy Land?"

Lin Tianhao smiled and said, "But Ming Lan Xiaoqing said you have been to the Mingxuan Holy Land."

Ming Lan Xiaoqing.

The daughter of the Holy Lord of the Mingxuan Holy Land.

Lin Tianhao had only heard of this name by chance in his previous life.

He got very little information.

He only knew that Ming Lan Xiaoqing did not like to compete. Under the general trend, she only wanted to seek stability.

Therefore.

Under her leadership, the Mingxuan Holy Land has always been hiding.

Saying Ming Lan Xiaoqing, Lin Tianhao just wanted to trick Moon Wheel Kexuan.

"Palace Master, please be aware that I really have not been to the Mingxuan Holy Land."

Lin Tianhao waved his hand and smiled:

"That's not important, what's important is. I think Ming Lan Xiaoqing is more suitable to be the Holy Lord of the Mingxuan Holy Land than her old man."

At this point.

Lin Tianhao's gaze fell on the demigod Xuan Gu.

"What do you say?"

Although Lin Tianhao was asking this, everyone present could see that Lin Tianhao wanted to control the position of the Holy Lord of the Mingxuan Holy Land.

This was a terrible behavior.

If the Holy Lord of a holy land was pushed up by people from other holy lands, would the power of this holy land still be pure?

"This...our Holy Lord is still very young now, it's not a problem to manage the holy land for hundreds of years."

Lin Tianhao chuckled, "But what if your Holy Lord dies?"

"Moon Wheel Kexuan, I have indeed heard some rumors, shouldn't you prove your innocence?"

Moon Wheel Kexuan's expression changed slightly, he knew what Lin Tianhao wanted to do!!

Chapter 557 - North Kurong Mountain!

"Lord Palace Master, how do you want your subordinate to prove his innocence?"

Although he already had the answer in his heart.

Yuelun Ke Xuan still asked.

Lin Tianhao chuckled and said, "Someone said you are colluding with the Mingxuan Holy Land. The best way to prove your innocence is, of course, to kill the Holy Master of the Mingxuan Holy Land."

Hearing this.

Yuelun Ke Xuan's expression changed drastically, "Lord Palace Master, killing the master of a Holy Land is no small matter."

Yuelun Ke Xuan had already expected that Lin Tianhao would ask him to kill the Holy Master of the Mingxuan Holy Land.

But he still made such a performance.

Because he knew that if he really killed the Holy Master of the Mingxuan Holy Land.

Then his cooperation with the Mingxuan Holy Land would be ruined, and even more troubles might arise.

"I can even slaughter gods, is killing a Holy Land master a problem?"

Lin Tianhao's eyes carried a hint of playfulness, "Or are you really cooperating with the Mingxuan Holy Land, that's why you don't want to take action."

At this time, Yuelun Ke Xuan wanted to curse in his heart.

Inexplicably.

Lin Tianhao actually suspected him.

Lin Tianhao directly sent messages to Taoist Wild Ambition and Potala Tianlong, telling them that the Mingxuan Holy Land was causing trouble behind their backs and that they needed the Holy Lands behind them to help.

After doing all this.

Lin Tianhao's gaze fell on Bei Nuo Qingji again.

"Bei Nuo Qingji, it seems you won't be able to wait until tomorrow. Leave the Vast Continent tonight to avoid any unforeseen events."

In fact, even if Lin Tianhao didn't say it.

Bei Nuo Qingji also had this idea.

The Mingxuan Holy Land had taken action, but there was definitely more than just one Mingxuan Holy Land causing trouble behind the Yuelun Empire.

"Okay."

Bei Nuo Qingji immediately ordered everyone in Bei Nuo City to prepare to leave the Vast Continent.

In Bei Nuo City.

There were still some people who wanted to stay and resist.

But that was only a minority after all.

The Yuelun Empire had taken the initiative to surrender, and they had already lost their country.

Their resistance was actually destined for the result.

That was a dead end!

Therefore.

Those few who wanted to stay and resist also chose to give up.

Especially those who had close relationships with General Bei Nuo.

Leaving the Vast Continent and entering the sea was a brand new challenge.

They needed to be more united in order to seek a living space overseas.

The evacuation of millions of people, even at night, was a grand affair, and it was impossible to hide it from others.

The closest route from Bei Nuo City to the sea was naturally the North Sea.

Going north all the way, it was only over a hundred kilometers.

They were moving at a good pace, after all, no one wanted to die.

If they moved slowly, troubles would inevitably arise again.

To get to the North Sea.

They had to pass through two main cities of the Yuelun Empire.

They were Beiku City and Beihai City respectively.

In the middle of the night, the main force arrived at Beiku City.

But no one intended to enter the city.

If they hurried, it was entirely possible to reach the North Sea before dark.

But Bei Nuo Qingji wanted to bypass Beiku City, but the people in Beiku City might not agree.

"Bei Nuo Qingji, are you chickening out? You are really disgracing your father."

A voice with a hint of sarcasm came.

Immediately afterwards, a man wearing silver armor appeared in front of the main force.

"Our ten cities of Zhenbei are closely connected. Your Bei Nuo City was originally one of the three major resistance forces, but now you are taking the initiative to retreat. Have you ever thought about those of us who followed you from behind?"

When the man appeared, Lin Tianhao's gaze fell on him.

Beiku Rongshan (Diamond Grade): Nine Revolutions.

Health Points: ???

Attack Power: ???

Skills: ???

Lin Tianhao frowned. He was only a Nine Revolutions Diamond Grade, the same as General Como who was previously by Bei Nuo Qingji's side.

But Lin Tianhao knew.

There were also differences between Diamond Grades.

Just like him.

Before, when his grade +1, all his attributes had been greatly improved, not just a simple increase of one or two times, but ten times.

Therefore.

Even if they were both Nine Revolutions Diamond Grades.

It was possible for there to be several times the difference in attributes.

But he was only a Nine Revolutions Diamond Grade after all, not to be feared.

"Uncle Rongshan, this Vast Continent originally belongs to the Shanhai Empire. We are now just returning what belongs to the Shanhai Empire."

Beiku Rongshan sneered, "Originally?"

"Qingji, you are too naive. There is nothing in this world that originally belongs to others."

"When people are alive, they have to fight. That belongs to others, that belongs to others, then what belongs to themselves?"

"For so many years, the Yuelun Empire has been ours, then the Yuelun Empire is ours, no matter who it used to belong to, now, it belongs to us!!"

Beiku Rongshan spoke powerfully.

"Now someone wants to take away what belongs to us from our hands, can we agree?"

"No!!!"

Bei Nuo Qingji frowned and did not speak.

"Uncle Rongshan, you have said it all."

"Things are obtained through struggle, but do we have the ability to compete with the Snow Emperor? Do we have the ability to compete with the Fan Palace, with the Shanhai Empire?"

At this point.

Bei Nuo Qingji paused slightly before continuing to say:

"What's more, we are just pawns. There are other forces who want us to stand up and resist so that they can gain benefits."

Beiku Rongshan chuckled and said, "Are you talking about the Mingxuan Holy Land?"

"I know, but I don't think we are pawns of the Mingxuan Holy Land. On the contrary, I think the Mingxuan Holy Land is our savior."

"The Yuelun Demon Palace has abandoned us. If we want to survive in the Vast Continent, we need the support of other Holy Lands."

"At this time, the Mingxuan Holy Land stood up. They are not treating us as pawns, but leading us to resist the invasion!!"

Lin Tianhao looked at Beiku Rongshan indifferently.

Then his gaze fell on the demigod Xuan Gu.

"Demigod Xuan Gu, is what he said true? Does your Mingxuan Holy Land want to replace the Yuelun Demon Palace and become the new Holy Land of the Yuelun Empire?"

Hearing this.

The demigod Xuan Gu's expression changed drastically.

"Snow Emperor, that's not true. Our Mingxuan Holy Land just wants to obtain a few main cities for revival. We have never thought of replacing the Yuelun Demon Palace."

Lin Tianhao smiled and said, "Whether you think so or not, others think so now."

Upon hearing this.

The demigod Xuan Gu immediately understood Lin Tianhao's meaning.

He glared angrily at Beiku Rongshan.

"Beiku Rongshan, stop spouting nonsense. I am Xuan Gu, the Great Elder of the Mingxuan Holy Land. Our Mingxuan Holy Land only wants to obtain a few main cities for revival. We have never thought of replacing the Yuelun Demon Palace."

Although saying this was somewhat detrimental to Beiku Rongshan's morale, he had no choice but to bow his head under the eaves.

As expected.

Beiku Rongshan was stunned when he heard Xuan Gu's words.

Immediately afterwards.

He seemed thoughtful and sneered:

"Snow Emperor, you have the means to transform into other people. Now you are actually transforming into the demigod Xuan Gu, trying to deceive me, dream on!!"

Chapter 558 - Action: The army charges!

Lin Tianhao was stunned.

He guessed that the one who suspected him of having transformation abilities was the Boundless Limitless Palace.

But he didn't expect the news to spread so quickly.

"Demigod Xuan Gu, you see, he suspects your identity."

Demigod Xuan Gu smiled bitterly, "Snow Emperor, this has nothing to do with me, I've said everything I needed to say."

Lin Tianhao shook his head, "You, a dignified demigod, are being questioned. Shouldn't you kill him to uphold your demigod dignity?"

Demigod Xuan Gu's expression changed slightly. He wanted him to act!!

It was easy for him to kill Bei Ku Rongshan.

The key was...

If he, with his identity, killed Bei Ku Rongshan, how would the other rebel army members view their Myriad Profound Holy Land?

"What? Is there a problem?"

Lin Tianhao exuded a surge of killing intent.

This Demigod Xuan Gu could live, or he could die!!

As for whether he lived or died, it would depend on his performance.

Demigod Xuan Gu naturally knew this.

If Lin Tianhao wanted him to die, it was just a matter of a word.

His gaze subtly shifted towards Yue Lun Ke Xuan.

Clearly.

He hoped Yue Lun Ke Xuan would do something.

Yue Lun Ke Xuan frowned, seemingly in thought.

“Palace Master, all of this is the fault of the Myriad Profound Holy Land, it has nothing to do with these people.”

“As long as the Myriad Profound Holy Land is destroyed, I believe these people will leave the Boundless Continent on their own.”

“Conversely.”

“If Bei Ku Rongshan is killed, it may anger the soldiers and civilians of Bei Ku City, which will be even more troublesome.”

Hearing this.

Demigod Xuan Gu was furious and roared:

“Yue Lun Ke Xuan, you bastard, you were the one who said we should cooperate, and now that things haven't even succeeded, you want to abandon us after we've served our purpose? Do you really think our huge Myriad Profound Holy Land is just cannon fodder?!”

Lin Tianhao looked at Yue Lun Ke Xuan with interest and asked:

“Ke Xuan, what does Demigod Xuan Gu mean by that?”

Yue Lun Ke Xuan quickly bowed and said, “Palace Master, don't listen to his nonsense, this subordinate has absolutely no cooperation with the Myriad Profound Holy Land.”

“Demigod Xuan Gu, in order to protect your Myriad Profound Holy Land, you're actually fabricating lies here.”

“You said I went to the Myriad Profound Holy Land and cooperated with your Holy Land Master, then dare to go to the Myriad Profound Holy Land now, and I'll confront your Holy Lord face to face.”

Lin Tianhao watched them arguing back and forth, just smiling silently.

Yue Lun Ke Xuan's cooperation with the Myriad Profound Holy Land was almost a certainty.

It's just that the content of their cooperation was definitely not as simple as stirring up the rebel army.

They must have other purposes!

As for the reason.

Just as Lin Tianhao said before.

If the Myriad Profound Holy Land was helping Yue Lun Ke Xuan for the sake of revival.

Then even if their Myriad Profound Holy Land really revived later, how should they deal with him, the Snow Emperor?

But now, Yue Lun Ke Xuan's words seemed to imply that he wanted him to go to the Myriad Profound Holy Land for confrontation.

They went.

Shouldn't he also go?

So.

Is there a possibility?

That Yue Lun Ke Xuan's cooperation with the Myriad Profound Holy Land was targeting him from the beginning.

A terrifying thought!

Lin Tianhao could now control three gods.

Mu Yunli · Sanyuan!

Slaughter Angel!

Nine-Tailed Celestial Fox!

In addition to this.

There was also the barely awakened God of the Undead.

It's just that the God of the Undead couldn't be considered peak combat power.

If.

Yue Lun Ke Xuan cooperated with the Myriad Profound Holy Land to stage another battle of the gods in the Myriad Profound Holy Land like in the Boundless Limitless Palace.

Last time, Lin Tianhao's possession of the Investiture of the Gods was still a secret, and very few people knew about it.

So he also used the Investiture of the Gods to snowball a bit.

But what about this time?

It would be very difficult for him to use the Investiture of the Gods to snowball again.

He didn't need much.

As long as seven or eight more gods came, they could empty his current cards.

Lin Tianhao didn't doubt their determination at all.

The battle of the Boundless Limitless Palace.

His reputation soared.

In addition, the fact that he wanted to completely revive the Mountains and Seas Empire was already well known.

The other holy lands on the Boundless Continent were probably eager to make a move.

It was entirely possible to gather ten gods to wear down the gods in his hands.

His current attributes.

Were definitely unmatched among the players.

But if compared with these Nine Revolutions, or even Demigod powerhouses, his strength was somewhat insignificant.

At this time.

Demigod Xuan Gu and Yue Lun Ke Xuan were still arguing.

Lin Tianhao couldn't bear to watch any longer and scolded softly:

“Enough!”

“I don't believe any of your words. What I care about now is how to get these people from Bei Ku City to leave the Boundless Continent together.”

Bei Ku Rongshan sneered.

“Snow Emperor, it's impossible for us to leave. The only thing you can do is kill all the people in our Bei Ku City.”

As Bei Ku Rongshan's voice fell.

Behind him, soldiers holding torches appeared one by one.

Looking at them, they were densely packed, probably no less than 200,000.

Lin Tianhao smiled slightly, “You are not a good general.”

“Because a good general would not bring his subordinates to their deaths.”

At this point.

Lin Tianhao changed the subject and continued, saying:

“But it's not important anymore. To achieve great things, some people must be sacrificed after all.”

Lin Tianhao activated Three Heads Six Arms and activated the Heavenly Punishment state.

The 3.11 attack speed of Heavenly Punishment was not fast, but under Three Heads Six Arms, it could achieve nine arrows per second.

In addition, Lin Tianhao's current health exceeded 1.8 billion, and the base damage that could be dealt with one arrow exceeded 100 million.

If it was a critical hit, it would be 200 million+.

Moreover.

Lin Tianhao's talent, Hand of Heavenly Punishment, was already on the verge of star enhancement.

If Hand of Heavenly Punishment reached four stars, then the damage of Lin Tianhao's one arrow would reach another level.

Not only that.

Lin Tianhao also had Lightning Leap and Heavenly Fire Meteor, two range-triggered passive skills.

Lightning Leap was still okay, but if Heavenly Fire Meteor was triggered, it would be a large-scale kill.

Seeing Lin Tianhao take action, Bei Ku Rongshan was also unwilling to be outdone.

“Kill!!!”

With his order, the army of Bei Ku City began to charge.

A cold light flashed in Lin Tianhao's eyes, and thousands of undead appeared with a wave of his hand.

This was the method of enslaving the undead that Lin Tianhao obtained from the God of the Undead.

The creatures killed in the past month could all have their undead enslaved by Lin Tianhao to fight for him.

The upper limit was one million.

Now, the undead enslaved by Lin Tianhao were still far from reaching one million.

Bei Nuo Qingji's expression was ugly. She was unwilling to start a war with Bei Ku City.

But now that Bei Ku City had already attacked, if they didn't take action, they would be killed.

They had no choice!

Chapter 559 - Hand of God's Punishment: Four stars!

The great battle was about to break out.

Bei Ku Rongshan activated his domain and charged toward Lin Tianhao.

Yue Lun Kexuan, standing to the side, frowned slightly. His figure transformed into a blur, instantly repelling Bei Ku Rongshan.

A pseudo-god nearing the King rank, fighting a Rank 9 Diamond like Bei Ku Rongshan, was simply too easy.

After enduring Yue Lun Kexuan's attack, Bei Ku Rongshan's health bar plummeted.

"Yue Lun Kexuan, I respect you, but you shouldn't be a lackey of the Snow Emperor."

"If you had any backbone, you should join us and kill the Snow Emperor!"

Yue Lun Kexuan remained unmoved.

He unleashed his domain and, without even using a weapon, easily suppressed Bei Ku Rongshan.

"Bei Ku Rongshan, if you want to lead the people of Bei Ku City to their deaths, I will grant your wish."

As soon as he finished speaking.

Yue Lun Kexuan clashed with Bei Ku Rongshan again in the blink of an eye.

In less than five seconds, Bei Ku Rongshan was killed by Yue Lun Kexuan.

The absolute suppression of grade and level.

Left Bei Ku Rongshan without even a chance to retaliate against Yue Lun Kexuan.

"Everyone, stop fighting. Bei Ku Rongshan is dead. Continuing to fight is futile and will only lead to meaningless deaths."

Bei Nuo Qingji said loudly.

Many people in the army of Bei Ku City were wavering.

They wanted to resist.

But that didn't mean they wanted to die in vain.

"Leave the Vastsea Continent with me. This is our only chance now."

"Overseas, with our strength, we could start a new life."

Yue Lun Kexuan frowned almost imperceptibly, wondering what he was thinking.

Lin Tianhao, on the other hand, wasn't panicking.

He was prepared to see what choices the people of Bei Ku City would make.

Whether to leave or stay.

"Are we all soldiers without any backbone? The Moon Wheel Demon Palace weakly bowed its head to the Mortal Palace."

"Are we also going to weakly bow our heads? What is the point of our resistance then?"

"Those with guts, charge with me and kill the Snow Emperor!!"

The vice-general of Bei Ku Rongshan stood up. His rallying cry managed to boost the morale of the Bei Ku City soldiers again.

Along with his order?

The army of Bei Ku City began to charge frantically again.

"Kill!!!"

"Kill!!!"

"Kill!!!"

... ..

Just at this moment.

Shouts of killing also came from behind.

General Komo flew into the air and looked back.

"Not good, it's the armies of Bei Yan City and Bei Xiong City. When did they sneak up on us?"

Lin Tianhao frowned slightly. Now, besides the army, there were also many civilians here with Bei Nuo Qingji.

Faced with this situation of being attacked from both sides, the army was already somewhat panicked, let alone these civilians.

"I'd rather die than be a slave of a fallen nation, kill them with me!!"

Another roar.

A general led the army to charge.

The chaotic civilians began to scatter and flee, and Bei Nuo Qingji's army was temporarily unable to form a large-scale resistance.

"Bei Nuo Qingji, turn back, join us in resisting the Snow Emperor."

"Slay the Snow Emperor, defend the Moon Wheel!!"

"Slay the Snow Emperor, defend the Moon Wheel!!"

... ..

Hundreds of thousands of troops shouted and killed, with great momentum.

Seeing this, Yue Lun Kexuan immediately said:

"Palace Master, the situation is getting out of control. I'll cover the rear, you leave."

The demigod Xuan Gu, not far away, was secretly delighted.

He had been forcibly kept by Lin Tianhao's side, considered a prisoner.

But now that Lin Tianhao was being attacked from both sides, he could completely find an opportunity to run away.

"Leave? Why should we leave?"

"Since we came to quell the rebellion this time, now that the rebels have come, there's no reason to leave, is there?"

As soon as he finished speaking.

Lin Tianhao deactivated his Heavenly Punishment state, directly maxed out his attack speed, and feather arrows surged out like a tide.

This time, his target was no longer the domain experts, but the ordinary soldiers.

He wanted to quickly kill the ordinary soldiers and then enslave their undead.

Not only that.

Lin Tianhao could also make his Hand of Heavenly Punishment reach four stars as soon as possible by killing these ordinary soldiers.

After four stars, the damage of Heavenly Punishment would increase by eighteen million.

Plus double true damage, that would be thirty-six million.

If there was a critical hit, that would be seventy-two million.

This was only the damage increase of a single basic attack.

After the Hand of Heavenly Punishment reached four stars, it would be easier for him to kill those domain experts by locking their heads with Heavenly Punishment.

Of course.

It would only be a little easier.

Because every domain expert generally has no less than 10 billion health points.

After all, most of those who can comprehend the domain are Rank 7 or above experts.

The grade of NPCs who can reach Rank 7 is basically no lower than Gold grade.

The health of a Rank 7 Gold grade is generally between 10 billion and 30 billion.

Depending on the profession, this health fluctuation will be even greater.

A Rank 7 Gold grade squishy profession may not even have 10 billion, while a meat shield may have more than 30 billion.

Just according to the average level.

In the Heavenly Punishment state, even if Lin Tianhao's every attack was a critical hit, it would take about ten seconds to kill a Rank 7 Gold grade NPC.

As for Rank 8, or even Rank 9.

Without the Immortal Slaughtering Sword Formation.

Without relying on the gods.

It was almost impossible for Lin Tianhao to kill them now.

As for Death Reincarnation.

The level gap was too large, and the probability of triggering it would be very low.

Before, because of the Immortal Slaughtering Sword Formation.

Lin Tianhao reached a height that did not belong to him.

Later, because of the Investiture of the Gods.

He was even more invincible in the Holy Land.

But this time.

He felt a strange palpitation in his heart.

It may be the battle of the gods of the Vastsea Boundless Palace.

Or it may be that he calculated that if the other Holy Lands sent ten more gods to wear him down, his trump cards would be completely exhausted.

But he had no way out.

From the moment he chose to revive the entire Mountain and Sea Empire, his road ahead was destined to be rugged and tortuous.

"Ding, congratulations, your Hand of Heavenly Punishment has successfully been upgraded to four stars."

Hand of Heavenly Punishment (Super God Grade): 4 stars

Effect 1: Each basic attack deals 4% of the user's health as true damage.

Effect 2: Each basic attack permanently increases health by 4 points.

Proficiency: 0 / 1 billion.

Lin Tianhao couldn't help but twitch his mouth. This four-star to five-star upgrade actually required one billion proficiency.

One billion effective basic attacks, each adding four points of health.

Then he would have to rely on the Hand of Heavenly Punishment to stack 4 billion health points to upgrade this Heavenly Punishment to four stars.

This was estimated to be an extremely long process.

At this time.

The armies had already engaged in a melee.

Lin Tianhao activated the Heavenly Punishment state and began to precisely lock heads.

- 145 million!!

Critical hit!

- 290 million!!

Lin Tianhao's current damage value was quite terrifying.

Those Rank 7, and even Rank 8, Gold grade soldiers, could not withstand Lin Tianhao's feather arrows for long.

Only those who reached Platinum grade could withstand Lin Tianhao's feather arrows for a longer time.

After activating Heavenly Punishment.

Lin Tianhao discovered a problem.

That was that Yue Lun Kexuan was not fighting so hard.

Killing a Rank 7 Gold grade actually took him several seconds, or even a dozen seconds.

string

Chapter 560 - Heavenly Soul Skill: Endless Killing!

He was a pseudo-god about to reach the King rank!

Instantly killing a seventh-rank Gold level should be commonplace.

Was he slacking off?

Why!

There were gods by his side.

These domain experts posed no threat to him.

Because he could have the Slaughter Angel deploy a domain to protect him, while he himself could output damage without taking any.

But for him to do this... what good could it do?

It would only allow the strength of the opposing sides to remain in a relatively balanced state as much as possible.

Such a great battle.

In a relatively balanced state, it wouldn't be a stalemate, but only bloody casualties.

Because under the great battle.

People would inevitably die every moment.

That is to say.

Yue Lunke Xuan's slacking off would only lead to more deaths.

As a high-level member of the Moon Wheel Demon Palace, shouldn't he try his best to minimize the deaths of the Moon Wheel Empire's citizens?

"Kill!!!"

"Kill!!!"

... ..

Deafening shouts of killing came again.

In the Ten Cities of Zhenbei, armies from other cities also arrived.

At the same time.

Yue Lunke Xuan's voice came.

"Palace Master, I have already sent a message back, and my second brother has already dispatched an army to support us."

Hearing this.

Lin Tianhao's eyes narrowed slightly.

Intuition told him.

There was a problem here, a big problem.

What exactly did Yue Lunke Xuan want to do?

Currently, what Yue Lunke Xuan was doing seemed to only cause heavy casualties to the Moon Wheel Empire, and posed no threat to him, Lin Tianhao.

Without a god present.

If Lin Tianhao wanted to rely on the Kunlun Mirror to leave, no one could stop him at all.

Suddenly.

Lin Tianhao thought of the God of the Undead.

The more and stronger the creatures killed, the faster the God of the Undead would recover.

If he thought about it from this perspective.

Then what Yue Lunke Xuan wanted to do seemed much easier to understand.

Lin Tianhao turned around abruptly and looked in one direction.

That direction was the Mountain of Corpses and Sea of Blood!!

The straight-line distance from here to the Mountain of Corpses and Sea of Blood was less than one hundred kilometers!

Lin Tianhao had heard before that the God of Slaughter was in the Mountain of Corpses and Sea of Blood!

After the Slaughter Angel took the initiative to come to his door, Lin Tianhao had never thought about this.

But it was precisely at this location.

Yue Lunke Xuan was deliberately trying to stalemate the battle situation...

What did this mean?

A crazy idea was born in Lin Tianhao's mind.

The Slaughter Angel was the Slaughter Angel.

The God of Slaughter was the God of Slaughter!!

The two were not the same god at all.

Based on Lin Tianhao's experience in his previous life, this was entirely possible.

But Lin Tianhao was still puzzled.

If just killing tens or hundreds of thousands of people could solve this battle, then there seemed to be no need to make it so troublesome.

What exactly did Yue Lunke Xuan want to do!!

He wanted to revive the God of Slaughter in the Mountain of Corpses and Sea of Blood!

Then use the power of the God of Slaughter to deal with himself?

God of Slaughter!

That was a true God-King!

The destruction that a God-King could bring would be terrifying.

God-King...

God of Slaughter...

Thoughts flashed through Lin Tianhao's mind as he eliminated one possibility after another.

Profound Nether Holy Land...

Earth Deficiency Merchant Guild...

Submission of the Moon Wheel Demon Palace...

Slaughter Angel...

These one after another, link by link, there must be something he hadn't figured out.

From the Moon Wheel Demon Palace taking the initiative to submit, he felt that it was somewhat unreal.

The Moon Wheel Demon Palace had its foundation emptied, but there was still the Profound Nether Holy Land, and the Earth Deficiency Merchant Guild.

If they were willing.

Wouldn't it be better to look for the Profound Nether Holy Land?

At least.

If they looked for the Profound Nether Holy Land, the 23 billion people of the Moon Wheel Empire wouldn't need to be relocated.

But if they had a problem.

They truly and sincerely put the Slaughter Angel on the God Conferring List.

Moreover.

He asked the Slaughter Angel many questions, and didn't notice anything wrong.

Was he thinking too much?

Or was their plan this time so meticulous that he couldn't find any flaws.

"God of the Undead, do you know what is different between the revival of a God-King and an ordinary god? I'm referring to the God of Slaughter."

Lin Tianhao felt.

He must have missed some information.

If the guess that Yue Lunke Xuan wanted to revive the God of Slaughter was true.

And the God of Slaughter, apart from being a God-King, didn't seem to have anything special about him.

In Lin Tianhao's understanding.

God-Kings might be similar to Starlight-level and Grandmaster-level among mortals.

It was probably just a difference in rank.

Mainly because Lin Tianhao didn't have much contact with gods in his previous life, let alone a God-King.

"Master, the difference between a God-King and an ordinary god lies in the fact that they all possess their own Heavenly Dao Soul Skill."

"I remember that the Heavenly Dao Divine Skill of the God of Slaughter is Endless Slaughter. The opponent locked by his Heavenly Dao Divine Skill will face endless slaughter."

"Unless there are other restraining Heavenly Dao Soul Skills to offset it, otherwise, they can only be completely killed."

Lin Tianhao's pupils suddenly shrank, and he seemed to understand something.

"How many people need to die for a God-King to revive?" Lin Tianhao asked in a deep voice.

He knew that the revival of the God of the Undead was related to slaughter, and the stronger the target of the slaughter, the more energy he could obtain.

Now looking at this God of Slaughter, it was likely that he was also using slaughter to revive.

The revival of the God of the Undead required killing a large number of creatures, even gods.

As a God-King, the number of people needed to be slaughtered to revive the God of Slaughter was definitely not as simple as hundreds of thousands.

Therefore.

Yue Lunke Xuan hoped to start a world-shaking battle here, preferably with millions of casualties.

He didn't even need the God of Slaughter to be completely revived, as long as he could revive to the point where he could make a move once.

Let the God of Slaughter use Endless Slaughter on him once.

According to the God of the Undead, he would be continuously killed by Endless Slaughter, endlessly.

After figuring out Yue Lunke Xuan's plan, the next step was how to break the situation.

As long as the God of Slaughter revived, he would be completely trapped in endless death.

Then when the Great Cataclysm descended, he would die completely.

"Stop!!"

Lin Tianhao roared angrily, his voice thick and resounding.

He wanted to stop this battle.

"Are you, the Ten Cities of Zhenbei, really going to fight to the point of exhaustion here?"

Hearing Lin Tianhao's voice, the battle began to gradually subside.

Yue Lunke Xuan's eyes wrinkled imperceptibly.

Lin Tianhao used Mu Yunli · Sanyuan's power to fly into the air and said loudly:

"The revival of the Mountain and Sea Empire is inevitable. I know you are unwilling to leave the Moon Wheel Empire."

"I am not a butcher, and I do not want the land that once belonged to the Mountain and Sea Empire to be filled with blood."

An elderly general walked out of the rebel army, his eyes sharp as he looked coldly at Lin Tianhao.

"Snow Emperor, what you say sounds so high-sounding. If we don't fight here, even if we go to sea, we will still have to risk our lives."

Lin Tianhao's eyes fell on Yue Lunke Xuan.

"This is Yue Lunke Xuan, the elder brother of Yue Lunke Cu, the palace master of the Moon Wheel Demon Palace. We can guarantee to you that when you go to sea, the Moon Wheel Demon Palace and our Mortal Palace will both send experts to escort you until you find a place to live."
