

O game 57

Chapter 57: Kill Gray Luolinson and get huge experience points!

Lin Tianhao was now level twelve, so he re-equipped the Breeze Set.

With the Ninefold Longbow's bonus, Lin Tianhao could now fire seven arrows per second!

And with Lin Tianhao's precision strikes, almost every arrow was a critical hit.

A dignified level thirty Black Iron boss, couldn't even last three seconds in Lin Tianhao's hands!

It didn't even use any skills, not even a single basic attack.

Moreover.

Because of Lightning Leap.

Many bandits who came out with this Third Head had already fallen.

"Ding, you have defeated the Third Head of Blackwind Stronghold, experience +56580, guild achievement points +300."

Killing a level thirty boss while being level twelve, the experience reward was ridiculously high.

Having only leveled up to twelve not long ago, after killing the Third Head of Blackwind Stronghold, the experience bar surged by one-third.

"Ding, you have killed the Third Head of Blackwind Stronghold, a server-wide announcement will be made, do you want to hide your name?"

"No."

"Server-wide announcement, congratulations to player Xue Di for achieving the first kill of the Third Head of Blackwind Stronghold, hereby announced, hoping all players will continue to work hard."

"Server-wide announcement, congratulations to player Xue Di for achieving the first kill of the Third Head of Blackwind Stronghold, hereby announced, hoping all players will continue to work hard."

.....

The server-wide announcement echoed throughout the Starfall Kingdom.

Startling many people.

"Damn, Xue Di is making a strong comeback, actually achieving the first kill of a level thirty Black Iron boss."

"Is the Third Head of Blackwind Stronghold a level thirty Black Iron boss? How come I didn't know? Isn't the highest level on the level排行榜 only nineteen? Who's going to grind a level thirty map?"

"Hehe, those big guilds have already sent assassins to scout the maps and check the guides, you can buy these guides for some money."

"But shouldn't Game Bro come out and explain, Xue Di is slapping him in the face online."

.....

Discussions never ceased.

Achieving the first kill of a level thirty Black Iron boss at this stage was still highly valuable.

Blackwind City.

Game Bro, who was grinding level fifteen goblins, also heard the server-wide announcement.

His expression changed slightly, he knew without thinking that there should already be words criticizing him online.

But he didn't care.

Because he had done a hidden quest and obtained a talent awakening stone, awakening a fixed star-level earth-grade talent: five times free attribute points!

When others level up, they get five free attribute points, but he gets twenty-five free attribute points per level, equivalent to others leveling up five times.

"Xue Di, when my level increases, relying on free attribute points to create powerful attributes, I will definitely surpass you!!"

Game Bro was very confident, after all, this was an earth-grade talent, far beyond what ordinary people could compare to.

Lin Tianhao didn't know any of this, at this time, in Blackwind Stronghold, the bandits... ran away!!

Lin Tianhao: ???

He knew that the human-shaped monsters in Twilight of the Gods were not low in intelligence.

But what's with this?

They don't even want the stronghold anymore?

Lin Tianhao chased all the way into the stronghold, and found that the First Head, Second Head, and the bandit lackeys had all run away.

They were running away in disarray!

Because Lin Tianhao had picked up more than twenty pieces of equipment along the way.

"This is a bandit? Is this it?"

Lin Tianhao was a little disappointed, too cowardly!

Behind Blackwind Stronghold was a continuous mountain range, chasing in would not be easy to find them, but would instead waste time.

But since they fled in a hurry, there must be a lot of good things in Blackwind Stronghold.

Looking around, Lin Tianhao found the location of the warehouse.

Opening the warehouse, there were actually thousands of standard weapons.

"Could it be... Blackwind Stronghold is colluding with some big figure in the Starfall Kingdom, this is a stronghold in name, but in reality it is... the private army of some big figure."

This was entirely possible!

Lin Tianhao went to other rooms, but there was nothing valuable in the other rooms.

Suddenly.

Lin Tianhao picked up a letter at the door of the First Head's room, it seemed to be something the First Head was going to take away.

But he was too hurried to leave, and it fell out when he was running away.

Picking up the letter.

Lin Tianhao subconsciously opened it.

"Today, the King tested the three princesses, Qing Fuyun is simple-minded and did not see through the essence, which has already caused the King's dissatisfaction, you must speed up the time to create three thousand spears for future needs."

There was no name of the letter writer, and the end of the letter was a dark red rose stamp, presumably, this was the thing that represented identity.

Before Lin Tianhao could think more, the system prompt sounded.

"Ding, you have defeated the Demon King's son, Grelo Lin Sen, experience +20.3 million, guild achievement points +2.18 million."

"Ding, you have leveled up to 13, free attribute points +5."

"Ding, you have leveled up to 14, free attribute points +5."

.....

"Ding, you have leveled up to 19, free attribute points +5."

"Ding, you have leveled up to 20, free attribute points +5."

"Ding, you have met the job change requirements, you cannot continue to gain experience before completing the job change, please complete the job change as soon as possible."

Lin Tianhao frowned, although he knew that he could not continue to gain experience before the job change.

But he still had a feeling that he had suffered a heavy loss.

The sound of the level prompt had just ended, and the guild upgrade prompt came again.

"Ding, your guild has been upgraded to 2 stars, all members' attack power +20."

"Ding, your guild has been upgraded to 3 stars, all guild members' movement speed +3."

"Ding, your guild has been upgraded to 4 stars, all guild members' attack speed +1."

"Ding, your guild has been upgraded to 5 stars, all guild members' health +10000."

The higher the guild level, the higher the bonus that can be obtained.

But.

Seeing the attributes of his guild bonus, Lin Tianhao was still quite satisfied.

Movement speed, attack speed, and health were all attribute bonuses that were useful to him.

The guild was upgraded to five stars in one go, this speed was really fast.

Defeating such a high-quality boss above his level, the rewards were really generous.

It was a pity that he couldn't touch the corpse, otherwise there would be more benefits.

"Ding, you have completed the first kill of the Demon King's son, Grelo Lin Sen, a server-wide announcement will be made, do you want to hide your name?"

"Hide."

He wasn't afraid of other players knowing about killing Grelo Lin Sen, but NPCs were different, whether they were from the Starfall Kingdom or from the Demon King's side, Lin Tianhao didn't want them to know.

"Server-wide announcement, congratulations to player Hidden Name for achieving the first kill of the Demon King's son, Grelo Lin Sen, hereby announced, hoping all players will continue to work hard."
