

O game 581

Chapter 581 - Heavenly Punishment Heart Mirror!

Just at this moment.

A reprimanding voice came.

"Hey, you stinky brat, why aren't you patrolling and instead doing here?"

Lin Tianhao looked back and found that the speaker was a burly man with a golden beard.

He looked at Lin Tianhao with some dissatisfaction, "Hurry up and go, all you know how to do is slack off all day long."

Lin Tianhao nodded with a smile, not saying much.

But before he could take two steps, the golden-bearded man stopped Lin Tianhao again.

"Randy, come to my room later tonight."

Lin Tianhao was stunned, but he could clearly see a hint of greed in the golden-bearded man's eyes.

Lin Tianhao felt a chill down his spine; this golden-bearded man had that kind of preference.

He still didn't respond and left directly.

Although he had left the captain's room, he still had Poseidon, the God of the Sea, watching the captain's room.

If the captain left the room, he could go into the room and get the Heaven's Punishment Heart Mirror.

However.

Originally, Lin Tianhao thought that the Sea of Imprisonment Death Maiden would excitedly go to the captain's room, but the result was that she returned to the sea.

She left the remaining matters to Lin Tianhao.

This surprised Lin Tianhao a bit because the Sea of Imprisonment Death Maiden had previously seemed very eager to rescue her child.

But now, she was very calm.

However, this was not a bad thing for Lin Tianhao.

This gave Lin Tianhao the opportunity to obtain the Heaven's Punishment Heart Mirror.

After Lin Tianhao waited bitterly for another two days, the opportunity finally came.

The captain left the room with the child.

Lin Tianhao couldn't possibly let go of this once-in-a-lifetime opportunity.

Therefore, he changed his appearance as soon as possible and came to the door of the captain's room.

At a corner, Lin Tianhao transformed into the captain.

Entering his room with the captain's identity didn't seem to be a problem.

The golden-bearded man in the distance saw Lin Tianhao appear and immediately said:

"Captain, weren't you going to the deck?"

Lin Tianhao didn't speak, but just glared at the golden-bearded man.

Without Olufredland's help, Lin Tianhao couldn't simulate other people's voices.

If he spoke, he would definitely be exposed.

After glaring, Lin Tianhao was about to push the door open and enter the room.

The room door was locked, but with Poseidon, the God of the Sea's divine power to crack it, this relatively ordinary door lock could be easily opened.

Seeing Lin Tianhao smoothly open the door, the golden-bearded man swallowed back the words he was about to say.

Lin Tianhao was secretly pleased. After entering the room, he immediately went to the place where the Heaven's Punishment Heart Mirror was placed.

He raised his hand and picked up the Heaven's Punishment Heart Mirror, and its attributes also appeared in Lin Tianhao's sight.

Heaven's Punishment Heart Mirror: Unknown.

Equipping Requirement: Heaven's Punishment Archer.

Effect 1: Heaven's Punishment Attack Speed +1, unaffected by attack speed stage reduction.

Effect 2: Percentage damage reduction 5%, still effective against god-level attacks.

Effect 3: Can block a fatal attack once, cooldown time one hour.

Effect 4: Luck +10.

Effect 5: Clear mind, enlightenment speed +10 times.

Effect 6: Maximum health increased by 50%.

Effect 7: Maximum armor increased by 50%.

Effect 8: Maximum magic resistance increased by 50%.

Effect 9: Absolute Block (You actively release it, and can block all damage that comes upon you in the next second. The blocking effect is absolutely established, and god-level attacks will still be blocked. Cooldown time is one hour.)

Durability: Cannot be destroyed, cannot be stolen after being equipped, and cannot be dropped.

After Lin Tianhao saw the attributes of the Heaven's Punishment Heart Mirror, he was completely dumbfounded.

These attributes were too heaven-defying!

Especially the Absolute Block, which was definitely a life-saving skill for Lin Tianhao.

Previously, Lin Tianhao was still worried about how to deal with the God of Slaughter's Endless Slaughter.

But with this Heaven's Punishment Heart Mirror, this problem was directly solved.

As long as he seized the opportunity and used Absolute Block to block the God of Slaughter's Endless Slaughter, the God of Slaughter would not be able to continuously release Endless Slaughter.

More importantly.

Absolute Block only had a one-hour cooldown time, which meant that Lin Tianhao could frequently use this skill.

Of course.

This kind of skill should still be hidden.

Just like when he was in the Star Kingdom, Lin Tianhao was consciously hiding his basic attack amplification.

This also allowed him to achieve unexpected results in the subsequent siege battles.

This Absolute Block could even block god-level attacks, which was definitely a rare opportunity.

But just at this moment.

An urgent voice sounded.

"Who are you? Get out of here immediately!!"

It was the golden-bearded man's voice, and there was some anger in his voice.

Lin Tianhao's eyes narrowed; had he been discovered?

It was estimated that someone had seen the captain's position, allowing the golden-bearded man to determine that Lin Tianhao was a fake.

Now that the Heaven's Punishment Heart Mirror was already in hand, and the God of the Undead had already been included in the God Conferred List, Lin Tianhao had made a bloody profit even if he left the Devilish Vine Ghost Ship now.

Because the God of the Undead wanted to be resurrected, it was much easier than other gods.

Therefore.

Lin Tianhao didn't need to disguise himself anymore; it was time for him to talk to this captain directly.

"I want to see your captain."

Lin Tianhao didn't open the door, but just said his request indifferently.

Outside the door.

A deep voice came.

"Open the door, I'm here."

Lin Tianhao knew that the person speaking was the captain as soon as he heard the voice.

He opened the door.

Captain Andre Jones looked at Lin Tianhao, who was exactly the same as himself, and couldn't help but feel curious.

"What's your name?"

"Snow Emperor."

Lin Tianhao said calmly.

"Oh?"

Andre Jones was a little surprised, "I've never heard of your name. You're a person sent by the Sea of Imprisonment Death Maiden."

"You could say that. She said you guys captured her son," Lin Tianhao said.

Andre Jones stroked the head of Little Qiu beside him.

"She told you Little Qiu is her child?"

"She's really shameless. The reason we went to sea this time was indeed to find Little Qiu's family, but Little Qiu's family is definitely not the Sea of Imprisonment Death Maiden, that female demon."

Lin Tianhao frowned slightly, "Oh? That's quite different from what she said. Since you say this child isn't hers, then perhaps we need a face-to-face confrontation."

"I'd be glad to."

Lin Tianhao smiled and said, "If it's a face-to-face confrontation, to ensure everything is foolproof, Little Qiu needs to stay by my side."

Hearing this, Andre Jones's expression suddenly changed.

"I'm afraid that won't do. You're with the Sea of Imprisonment Death Maiden. If we hand Little Qiu over to you, we won't have any say in the matter."

Lin Tianhao smiled and said, "You say the Sea of Imprisonment Death Maiden is a demoness. What's your basis for that?"

Chapter 582 - Lord God, blood of the fairy phoenix!

"What basis do you need for that? A demon is a demon."

"Besides, she only wants to help Little Qiu increase his rank."

Andrei Zhongs looked at Lin Tianhao warily.

"Little Qiu possesses the Immortal Phoenix bloodline of Dragon Phoenix Immortal Island, which is a necessary condition for the Rank Up of the Dead Woman of Qiu Sea."

Lin Tianhao frowned slightly, communicating with the Sea God Poseidon in his heart.

"Poseidon, who do you think I should believe?"

The Sea God Poseidon did not answer Lin Tianhao immediately, he said after a few seconds:

"I don't know."

"But I can feel that this Little Qiu does have the Immortal Phoenix bloodline, and his aura is somewhat different from that of the Dead Woman of Qiu Sea."

“In all likelihood, he is not the son of the Dead Woman of Qiu Sea.”

The Sea God Poseidon’s words were quite clear.

“I still believe your words more, but I still want to keep the child by my side,” Lin Tianhao said.

Andrei Zhongs looked at Lin Tianhao coldly and said:

“If you insist, then I have no choice but to learn your high skills.”

As Andrei Zhongs’ words fell, several people immediately walked over quickly and surrounded Lin Tianhao.

Lin Tianhao smiled slightly, letting the Sea God Poseidon release his divine might.

A look of astonishment appeared on Andrei Zhongs’ face.

His body subconsciously took a step back.

The other managers surrounding Lin Tianhao trembled and retreated.

Their strength was considered good.

But facing a god, they couldn’t muster any resistance.

“I didn’t know it was a god in person, I was rude just now, I hope the great god will forgive me.”

Andrei Zhongs bowed respectfully to Lin Tianhao, not daring to show the slightest disrespect.

Lin Tianhao smiled slightly and said, "No need to be like this. I don't take sides with either you or the Dead Woman of Qiu Sea. I just want to know who is telling the truth."

Andrei Zhongs was silent, and after a while, he said:

"Great God, I'm afraid I can't obey!"

It was a simple answer, but it contained Andrei Zhongs' determination.

"Why?"

Lin Tianhao asked calmly, "Do you still think I am with the Dead Woman of Qiu Sea?"

"No."

Andrei Zhongs shook his head and said seriously:

"I don't think you are together, but Little Qiu possesses the Immortal Phoenix bloodline, and even a god might be plotting against him."

"You're talking about yourself," Lin Tianhao said with a bit of anger.

Andrei Zhongs' heart tightened, and he said:

"Great God, I do want Little Qiu to help us find Dragon Phoenix Immortal Island, but we are only looking for the inheritance above, and we will never harm anyone's life."

"I have been with Little Qiu all this time, he is a kind child, and I cannot hand him over to you."

Lin Tianhao smiled meaningfully, "So you are really kind."

"I dare not claim to be kind, I just don't want to see this child die like this."

"Then why do you think I want to kill this child?" Lin Tianhao asked back.

"If I really want to kill this child, can you stop me?"

Andrei Zhongs said seriously: "I definitely can't do it alone, but there are so many of us here, we may not be able to fight."

Lin Tianhao frowned slightly and asked, "I found this thing in your room. Do you know any other places with this kind of equipment?"

Lin Tianhao took out the Heart-Protecting Mirror of Heavenly Punishment. It would be best if this strange rule could be broken.

If it can't be broken, it doesn't matter.

After all, Lin Tianhao is already making a lot of money now.

Seeing the Heart-Protecting Mirror of Heavenly Punishment in Lin Tianhao's hand, Andrei Zhongs said in a deep voice:

"This is Little Qiu's thing, return it to us."

Lin Tianhao was a little surprised that this Heart-Protecting Mirror of Heavenly Punishment was actually Little Qiu's thing.

Little Qiu also spoke at this time, "Big brother, please return the heart-protecting mirror to Little Qiu. Mom said that there are no more than five people in this world who can wear this heart-protecting mirror."

“It’s useless even if you take it.”

Lin Tianhao grinned, “Who told you I can’t wear it? What if I am one of the few?”

While speaking.

Lin Tianhao directly put on the Heart-Protecting Mirror of Heavenly Punishment in front of Little Qiu.

Seeing that Lin Tianhao had successfully put on the Heart-Protecting Mirror of Heavenly Punishment, Little Qiu was directly dumbfounded.

“How... how is this possible?!!”

Lin Tianhao grinned and said, “Little Qiu, tell big brother, is your mother the Dead Woman of Qiu Sea?”

Little Qiu shook his head, “My mother is not the Dead Woman of Qiu Sea. The Dead Woman of Qiu Sea is a demon, and their clan are all demons.”

“It’s all Little Qiu’s fault for being playful and shouldn’t have left Dragon Phoenix Immortal Island.”

Sure enough.

After the Sea God Poseidon analyzed it for Lin Tianhao, Lin Tianhao was already suspecting that the Dead Woman of Qiu Sea had lied to him.

Now Little Qiu’s words confirm the Dead Woman of Qiu Sea’s lie.

Could it be that Andrei Zhongs was telling the truth?

If so.

Then how did the Dead Woman of Qiu Sea become a strange existence?

Before, Lin Tianhao thought it was because the Dead Woman of Qiu Sea watched her son die, which is why she transformed into a strange existence.

But now it seems that this is not the case.

Could it be that the Dead Woman of Qiu Sea was plotted against by Andrei Zhongs and others in order to obtain Little Qiu.

Then suffered inhuman torture, and finally became a strange existence?

This explanation does not seem impossible.

After all, Andrei Zhongs and Little Qiu both said that the Dead Woman of Qiu Sea was a demon. It is not impossible for a demon to be ravaged and quickly become a strange existence.

Moreover.

This can also explain why the Dead Woman of Qiu Sea was so terrifying after becoming a strange existence.

The event was probably that the Dead Woman of Qiu Sea was plotted against, tortured, and began to become a strange existence, and then found an opportunity to obtain Little Qiu's Immortal Phoenix bloodline in a gap.

The Dead Woman of Qiu Sea, who was originally King-level, became the legendary Emperor-level after obtaining the Immortal Phoenix bloodline.

With the increase in grade, the Dead Woman of Qiu Sea's strength greatly increased.

In addition, she became a strange existence, which is why Lin Tianhao later encountered that monster on the Devil Teng Ghost Ship.

Emperor-level, three grades higher than Shangguan Hongxun and Ouyang Wenlong.

Its power is immeasurable.

According to Lin Tianhao's current deduction, it all seems reasonable.

But things are often not that simple.

Just like Lin Tianhao's previous speculation, the Dead Woman of Qiu Sea became a strange existence because her son was harmed and she was ravaged.

"Little Qiu, do you believe big brother?" Lin Tianhao said with a smile.

Little Qiu was silent, and after a while, he nodded seriously and said:

"Little Qiu believes big brother, because mom said that those who can wear that heart-protecting mirror are likely to be good people."

Lin Tianhao grinned and said, "Big brother is a good person, how about coming to big brother's side?"

Hearing this.

Little Qiu took a step and prepared to walk towards Lin Tianhao.

But Andrei Zhongs raised his hand and stopped Little Qiu.

“Little Qiu, you are still young and can’t see people accurately. Didn’t your mother say that it is likely to be a good person? There is also a small probability that he is a bad person!”

Chapter 583 - The mastermind: Little Prisoner!

Lin Tianhao narrowed his eyes slightly, coldly watching Andre Zhongsi.

“If you put it that way, the probability of you being a bad guy is even greater.”

Andre Zhongsi’s expression sank slightly, and he firmly grasped Little Prisoner, refusing to let go.

“Lord God, everyone is for their own benefit. Why don't you tell us what you want? Maybe we can cooperate.”

“Cooperate?”

Lin Tianhao smiled noncommittally. No matter how you looked at it, this Andre Zhongsi was not a good person.

Cooperating with him would be like seeking skin from a tiger.

“I’m talking to you nicely, but you’re not listening, so are we just going to fight?”

Lin Tianhao didn't like beating around the bush.

If a problem could be solved with fists, then solve it with fists.

If fists couldn't solve the problem, then it only meant the fists weren't hard enough.

Andre Zhongsi looked at Lin Tianhao indifferently, "There are millions of people on our ship. You are restricted by the rules of the Twilight of the Gods. If you really take action, it will be harmful and not beneficial to you."

Lin Tianhao smiled, "Letting so many people go to sea together, from the beginning, you were planning to use them as sacrifices. How many of them do you think are willing to risk their lives for you?"

If they were really looking for Dragon Phoenix Immortal Island, they wouldn't need so many people at all.

But now they have gathered so many people here, the reason is already clear.

They need sacrifices!

As for cannon fodder?

They are here to find Dragon Phoenix Immortal Island, not to develop a deserted island. Cannon fodder is useless at all.

Lin Tianhao had also been thinking about this question on the ship for the past few days.

That is, what is the point of Andre Zhongsi and the others taking so many people to sea to find Dragon Phoenix Immortal Island?

Even if Dragon Phoenix Immortal Island really has inheritance, wouldn't bringing so many people to the island at the same time be letting these people compete for the already scarce opportunities and inheritance?

Therefore.

The most reasonable explanation is.

So many people on the ship are sacrifices.

Sure enough.

When Andre Zhongsi heard Lin Tianhao say the word 'sacrifice', his expression changed imperceptibly.

“Lord God, your trick is a bit clumsy. You want to sow discord before even taking action.”

“You know in your heart whether I am sowing discord or not.”

“Moreover, I don't need to sow discord!”

As soon as the words fell.

Countless undead sea beast armies surrounded the ship.

“As long as I am willing, I can destroy your ship and kill everyone on board. You will get nothing at that time.”

“Captain, Captain, something is wrong. Our ship is surrounded by a large number of undead sea beasts.”

Someone rushed in to report, his expression anxious.

On this vast sea, if the ship is destroyed, the consequences will be unimaginable.

“Are you a god of the undead system?”

Andre Zhongsi's expression was a bit gloomy.

Gods of the undead system are not the top-tier gods.

But for creatures below the gods, gods of the undead system are exceptionally terrifying.

Because gods of the undead system can control the undead, even if they are killed, they will not have a good end.

“It doesn't matter, what matters is that I need an attitude from you.”

Andre Zhongsi's expression was tangled. If it were ordinary gods, they might still have the foundation to challenge them.

But gods of the undead system are different.

They can enslave the undead after killing living beings.

In other words.

If there is no super strong person to stop them, gods of the undead system can quickly gather an undead army.

“Little Prisoner, go over there. I may not be able to protect you anymore.”

Andre Zhongsi sighed faintly, as if Lin Tianhao was the bad guy.

Hearing this.

Little Prisoner did not hesitate, he quickly walked to Lin Tianhao's side.

“Big brother, can you send me back to Dragon Phoenix Immortal Island?”

Lin Tianhao smiled, "Yes and no."

"Huh?"

Little Prisoner was a little surprised.

Lin Tianhao directly grabbed the back of Little Prisoner's neck, and the Sea God Poseidon's Divine Domain instantly enveloped him.

"Found you."

Little Prisoner's expression changed slightly when Lin Tianhao grabbed him. He said anxiously:

"Big brother, what are you doing?"

Lin Tianhao smiled slightly, "Isn't it clear enough? I'm going to... slay a god!!"

This Little Prisoner was too well disguised.

He looked like just a child, and he was related to Dragon Phoenix Immortal Island, so he seemed to be naturally protected.

His concealment methods were indeed amazing. If it weren't for the Godslayer mark, plus the special blessing of the Sea God Poseidon on the ocean.

Lin Tianhao wouldn't dare to believe that this seemingly harmless Little Prisoner was actually a god.

"Seven Treasures Exquisite Pagoda!!"

Lin Tianhao sacrificed the Seven Treasures Exquisite Pagoda and pulled him into the Seven Treasures Exquisite Pagoda.

He had many previous speculations, but what he never dreamed of was that the manipulator behind this Demon Vine Ghost Ship was actually a god.

If he hadn't seen Little Prisoner with his own eyes, Lin Tianhao would have found it difficult to believe.

After all, the Prisoner Sea Death Woman herself was King-level, and after absorbing Little Prisoner's bloodline, she evolved into Emperor-level. After being corrupted, she became so terrifying, it seemed barely justifiable.

After all, Emperor-level creatures are powerful, and because of the corruption, the Prisoner Sea Death Woman's strength has been raised to another level.

Everything is so reasonable.

But if there was no one else on this Demon Vine Ghost Ship, then it would indeed be reasonable.

But unfortunately...

There is also a god on this Demon Vine Ghost Ship.

This is worth Lin Tianhao's deep thought.

A god with the Immortal Phoenix bloodline appeared on the ship. What is the meaning of his existence?

The corruption of the Prisoner Sea Death Woman was too strange, and Andre Zhongsi's search for Dragon Phoenix Immortal Island with so many people was also too abnormal.

It seems that only Little Prisoner himself has the ability to cause all this.

Little Prisoner only needs to say that so many people are needed to go to Dragon Phoenix Immortal Island, and Andre Zhongsi will inevitably prepare so many people.

And the corruption of a King-level powerhouse is by no means that simple.

Furthermore.

The Prisoner Sea Death Woman's strength is already good, and she can hide in the seabed for a long time.

It is by no means an easy task for Andre Zhongsi to catch her.

It can only be explained.

Someone is secretly helping Andre Zhongsi catch the Prisoner Sea Death Woman.

Then carry out a series of operations to corrupt the Prisoner Sea Death Woman.

According to this line of thought.

Little Prisoner is laying out a plan, the purpose is to create the Demon Vine Ghost Ship, he is deliberately raising weirdness!!

Although Lin Tianhao doesn't know the purpose of Little Prisoner's raising weirdness for the time being.

But based on the Prisoner Sea Death Woman after the previous contact, that strength, can really be said that without the gods, she is invincible in the world.

No!

To be precise.

Even if the gods take action, it is not an easy task to kill the corrupted Prisoner Sea Death Woman in a short time.

“When did you find out about me?”

Little Prisoner looked around and asked with interest.

He didn't rush to escape, because in his opinion, there was no need to escape.

He is a god, and there is also the corrupted Prisoner Sea Death Woman on this ship.

In a real confrontation, he may not be defeated.

Chapter 584 - The true strength of Poseidon!

Lin Tianhao didn't explain, but directly took action.

Three heads and six arms, attack speed maxed out!

Poseidon, the Sea God's, Sea Domain also instantly spread out.

Being on the sea, Sea God Poseidon's strength was obviously enhanced quite a bit.

And Lin Tianhao, wearing the Heavenly Punishment Heart Guard Mirror, had his Heavenly Punishment attack speed +1, reaching 5.86.

With a 50% increase in health, he broke through 2.7 billion in one go.

Lin Tianhao's damage per arrow now exceeds 220 million!!

Such an increase in combat power can definitely be described as terrifying.

Of course.

When facing gods, his main source of damage is still from Origin Burning.

-108.852 billion!!

A huge damage number appeared above Little Qiu's head.

Little Qiu's expression instantly turned sinister.

"Heaven and Earth Cage!!"

Little Qiu roared, and from the Seven Treasure Exquisite Pagoda, a huge blood-red cage fell from the sky, wanting to completely envelop Lin Tianhao.

But at this moment.

A figure flew out from the Fengshen Ranking, holding a trident in his hand, exuding an aura of dominating the world.

"Bitter Sea Imprisoning Heart, I've been looking for you for so many years, I didn't expect you to be here!!"

"Damn it, how could it be you? Shouldn't this kid have the God of the Undead on him?"

Bitter Sea Imprisoning Heart seemed to have met a natural enemy and began to retreat frantically.

But helplessly, this was within the Seven Treasure Exquisite Pagoda, even if he kept retreating, he still couldn't get out of this Seven Treasure Exquisite Pagoda.

Sea God Poseidon chuckled, "I was originally in a deep sleep, but it was because I sensed your aura on the ship that I barely woke up."

Hearing this.

Bitter Sea Imprisoning Heart's expression instantly turned ferocious.

"Sea God Poseidon, since you are still in a weak state, what makes you think you can defeat me."

Sea God Poseidon still smiled calmly.

"If it were other gods, I might really be powerless to deal with them, but don't forget, you are a part of me."

"Dealing with you is too easy."

As soon as he finished speaking.

Sea God Poseidon raised the trident in his hand.

A vast and majestic divine power surged out.

"Bitter Sea Imprisoning Heart, if you don't return now, when will you!!"

"No!!!!"

Bitter Sea Imprisoning Heart roared and roared, but under Sea God Poseidon's trident, he had no power to resist at all, and the whole person was devoured bit by bit.

"This..."

Lin Tianhao was a little surprised.

Because after Bitter Sea Imprisoning Heart was devoured, there was no system notification sound, and the Fengshen Ranking did not respond.

The death of a god would actually be so silent.

"What's going on?" Lin Tianhao looked at Sea God Poseidon.

At this time, Lin Tianhao noticed.

The originally extremely weak Sea God Poseidon was actually recovering rapidly.

Not only that.

His original divine rank also increased from second grade to third grade.

Sea God Poseidon knew the doubts in Lin Tianhao's heart, and couldn't help but say with a smile:

"Hehe, Master, back then, because I calculated that the Age of Gods' Fall would come, in order not to put all my eggs in one basket, I divided myself into seven, transforming into seven gods, scattered throughout the world."

"Now that I have merged with a clone, my strength has improved a bit."

Lin Tianhao was stunned. After understanding the meaning of Sea God Poseidon's words, he couldn't help but be shocked.

"Poseidon, do you mean that you at your peak could divide yourself into seven gods in one go?"

For most gods, being able to become a god is already as difficult as ascending to heaven.

But Sea God Poseidon was good. Not only was he a god, but he could also be divided into seven gods.

"Yes."

Sea God Poseidon nodded slightly.

Lin Tianhao asked in astonishment: "Then how powerful were you at your peak?"

"Master, you know the God of Slaughter of the Moon Wheel Empire, he is a God King. At my peak, if I were at sea, I could suppress ten of him with one hand."

Lin Tianhao was stunned. These words sounded a bit like bragging, but Sea God Poseidon's eyes were so sincere that he continued:

"The God of Slaughter and I are actually both God Kings, but the difference is that he barely became a God King by relying on slaughter, while I am already a leader among God Kings."

"Even in the territory of the God of Slaughter, in a one-on-one fight, I at my peak can still suppress him with one hand."

Lin Tianhao couldn't help but gasp.

He actually knew that.

In mythology, Sea God Poseidon's strength was good.

At least he could be considered in the second echelon.

But after he subdued Sea God Poseidon, he didn't find Sea God Poseidon to be very strong.

Second grade.

It seemed to be a little stronger than some existences who had just entered the God Realm.

But now it seemed that he had underestimated Sea God Poseidon too much.

"Let's go, let's go see the weird creature raised by my clone."

Lin Tianhao and Sea God Poseidon came out of the Seven Treasure Exquisite Pagoda together.

At this time, it had returned to its original appearance as the Demonic Teng Ghost Ship.

The Caged Sea Corpse Woman after the weird transformation appeared here, her eyes filled with fear when she looked at Sea God Poseidon.

"Lord... Master."

The original master of the Caged Sea Corpse Woman was Bitter Sea Imprisoning Heart, but now Sea God Poseidon has merged with Bitter Sea Imprisoning Heart.

Sea God Poseidon naturally became the new master of the Caged Sea Corpse Woman.

Lin Tianhao was a little excited.

He was the master of Sea God Poseidon, and Sea God Poseidon was the master of the Caged Sea Corpse Woman.

Didn't this mean that he directly controlled a terrifying weird creature with a hundred trillion health points!!!!

"Master, now the Demonic Teng Ghost Ship is yours."

Sea God Poseidon walked behind Lin Tianhao with a smile.

Lin Tianhao's eyes fell on the Caged Sea Corpse Woman.

"Now, you should tell me the truth."

The Caged Sea Corpse Woman nodded.

"This ship is for finding Dragon Phoenix Immortal Island. Did they finally find Dragon Phoenix Immortal Island?"

"Simply put, do you know where Dragon Phoenix Immortal Island is?"

The Caged Sea Corpse Woman nodded and said: "I know where Dragon Phoenix Immortal Island is, but in my current state, I cannot get close to Dragon Phoenix Immortal Island."

Lin Tianhao was overjoyed. There were great opportunities on Dragon Phoenix Immortal Island.

He could completely call Fatty and the others to go to Dragon Phoenix Immortal Island together.

If they could obtain some opportunities on Dragon Phoenix Immortal Island, their strength would definitely be able to improve further.

"What about this Heavenly Punishment Heart Guard Mirror? Do you know where it came from?" Lin Tianhao continued to ask.

"It was plundered by the master from an old man who had been to Dragon Phoenix Immortal Island."

The Caged Sea Corpse Woman answered calmly.

But this also confirmed Lin Tianhao's guess.

This Heavenly Punishment Heart Guard Mirror was brought out from Dragon Phoenix Immortal Island.

Doesn't that mean that there are other Heavenly Punishment equipment on Dragon Phoenix Immortal Island?

If so.

Lin Tianhao must go to this Dragon Phoenix Immortal Island.

But.

Before going, Lin Tianhao still had two things to do.

The first thing was naturally to carry out the second job change. He had been stuck in the first job change for some time, and it was time to take another step forward and enter the second job change.

Chapter 585 - Super God's second transformation, damage transfer!

As for the second step.

Lin Tianhao needed to understand the progress of the wasteland reclamation.

The purpose of this voyage was for wasteland reclamation.

If this wasteland reclamation was handled well.

He and the people of the Moon Wheel Empire would no longer be enemies, and could completely become allies.

Not only that.

After subduing the Sea Prisoner Death Maiden, the subsequent wasteland reclamation would also be much easier.

After these matters were handled, he would need to plan his journey to Dragon Phoenix Immortal Island.

In his previous life, the opportunities of Dragon Phoenix Immortal Island were obtained by several Americans, but in this life, Lin Tianhao wanted to seize the opportunities of Dragon Phoenix Immortal Island before those Americans.

With a step.

Lin Tianhao returned to the Ancient Dynasty Secret Realm.

The existence of the Kunlun Mirror saved Lin Tianhao a lot of time.

However, recently, because of the contest with the major holy lands, Lin Tianhao had been somewhat relaxed in searching for the pre-quest scroll for the Blessings of the Gods.

But as far as the current situation was concerned, apart from the Super God-level Hidden Class, Heavenly Punishment Archer.

And the Grade +1 that Lin Tianhao had obtained before, the Blessing of the Gods was the greatest boost to Lin Tianhao's overall combat power.

Whether it was a Super God-level Hidden Class or Grade +1, it was not easy to obtain.

Relatively speaking.

The Blessings of the Gods were much easier to obtain.

Moreover.

Lin Tianhao's current status and strength were all here, which was difficult for other people to achieve.

He could help others complete many tasks that ordinary players could not complete.

Thinking like this.

Lin Tianhao still needed to level up first.

Before, on the Demon Vine Ghost Ship, he was killed back to level one by the Sea Prisoner Death Maiden.

To carry out the second job change, he must first reach the limit of the first job change, which was level fifty.

For Lin Tianhao.

It was too easy to level up.

Just find some high-level wild monsters, and you can easily raise your level to fifty.

"Ding, you have met the second job change conditions for the Super God-level Hidden Class Heavenly Punishment Archer, do you confirm the second job change?"

"Yes!"

Along with Lin Tianhao confirming the second job change, a beam of light descended from the sky, enveloping Lin Tianhao.

In this beam of light.

Lin Tianhao was slowly lifted up by a force, and his body was constantly being transformed and improved.

This beam of light from the sky also attracted the attention of many people in the Ancient Dynasty Secret Realm.

In Black Mountain.

Zhuge Gou Dan stepped out and came outside the palace.

His eyes were deep, and he looked at the beam of light descending from the sky in the distance.

"Mountain Lord, has an adventurer obtained the Blessing of the Gods?"

Behind Zhuge Gou Dan, a short, fat man asked softly.

Zhuge Gou Dan glanced at the short, fat man, "Knowing it clearly, you still deliberately want to trick me into talking."

Hearing this.

The short, fat man smiled bitterly and said: "Another Super God-level Hidden Class has been born, how dare I casually discuss it."

"If he is like the Snow Emperor, a human butcher, wouldn't that be asking for trouble."

Zhuge Gou Dan snorted coldly, "The Snow Emperor is a human butcher, but he won't kill us just for a few words."

"Moreover, how do you know it is the second Super God-level Hidden Class, can't it be the Snow Emperor coming to carry out the second job change?"

The short, fat man hesitated for a moment, but still asked: "Then do we want to go over and take a look?"

"Go over what? Do you really want to provoke the Snow Emperor?"

.....

Not only Black Mountain.

The Ancient Dynasty Royal Family, and some top forces in the Ancient Dynasty, they all noticed Lin Tianhao's job change light.

Those who didn't know the inside story might really think that someone had obtained the Blessing of the Gods.

But the real helmsmen of the Ancient Dynasty could all know.

Someone was carrying out a Super God-level Hidden Class Job Change.

When the beam of light dissipated, Lin Tianhao immediately checked his situation after the job change.

As Lin Tianhao expected, after completing the second job change of the Heavenly Punishment Archer, he found that he had one more ability.

Damage Transfer: Cannot be starred.

Effect: You can transfer 90% of the damage you take to a bonded unit.

Cooldown: Half a month.

Consumption: None.

Proficiency: Cannot be starred.

Lin Tianhao was slightly stunned, this skill was a bit perverted!!

Being able to transfer 90% of the damage out, he could completely bind Poseidon, the Sea God.

With Poseidon's own healing ability, Lin Tianhao could completely transfer damage to him at will.

In other words.

This skill meant that Lin Tianhao directly reduced damage by 90%!!

A skill that reduces damage by 90%.

No matter when, it was extremely terrifying.

His was not quite the same as Fatty's binding bond.

Fatty's binding bond could only be a player.

And his binding bond could be an NPC!!

Even other gods of the God-Making Era.

This was very heaven-defying.

Without the slightest hesitation.

Lin Tianhao directly prepared to bind Poseidon, the Sea God.

But when he prepared to bind this bond, he discovered an extremely terrifying aspect of this bond.

That was... he seemed to be able to bind any existence he had seen.

Including those gods of the Vast Infinity Palace, and including Xiudeli Baiyun, Tutulu Hongqiong.

These people.

He could bind them all at will.

And...

He didn't seem to need to obtain their consent, he could forcibly bind them.

A bold and crazy idea surged into Lin Tianhao's heart.

Could he bind those gods of the Vast Infinity Palace who were severely injured by thunder and were dormant?

Then let Poseidon, the Sea God, attack him.

Because Poseidon, the Sea God, belonged to his subordinates, would those gods possibly be killed?

He now had 2.7 billion health points, and if he was in the ocean, he could instantly recover to full health without limit.

In an instant!!

Lin Tianhao couldn't help but get a little excited.

This second job change skill of his was a bit too perverted.

Didn't this mean that whoever he wanted to die had to die!!

He could completely let Poseidon, the Sea God, attack him, directly controlling the damage at around 27 billion.

Transferring 90% of the damage out, the target being transferred would lose 24.3 billion health points per second!!

This degree of health loss.

Not to mention Xiudeli Baiyun, even gods, I'm afraid few could withstand it.

The most critical thing was.

He didn't need to attack face-to-face, the people he had seen could all be bound.

Then, running to the ocean, he could start damage transfer.

However, Lin Tianhao also discovered a flaw in this skill, which was that the cooldown time was as high as half a month.

Such a long cooldown time was probably to prevent exploiting bugs, using forced binding to kill bonded objects.

After all, transferring as much as 90% of the damage after the job change was no joke.

Thinking like this.

Lin Tianhao still decided to start with the Vast Infinity Palace first.

After all, there were not many people who needed him to use damage transfer to kill.

"It's you, Xiudeli Baiyun!"

Chapter 586 - Negotiate again!

Without the slightest hesitation, Lin Tianhao bound himself to Xiudeli Baiyun.

Within the vast and boundless Boundless Palace.

Xiudeli Baiyun, who was in secluded cultivation, comprehending the Dao, suddenly opened her eyes.

A terrifying opportunity descended upon her.

In the depths of her being, she had somehow formed an inexplicable bond with someone else.

- 1.059 billion!!

Abruptly.

A massive damage number appeared above her head.

"What's going on?"

Xiudeli Baiyun was shocked, this sudden damage caught her off guard.

But after a brief moment of surprise, she instantly realized what was happening.

"This is... damage transfer?!"

Damage transfer!!!

"Who is it?!"

Xiudeli Baiyun was both shocked and furious, this was something she had never dreamed of.

She had been forcibly bound to a damage transfer link.

If the person who bound her had malicious intentions, the consequences would be unimaginable.

Just then.

A voice transmission flew in from outside.

"Lord Baiyun, the Snow Emperor has arrived."

Xiudeli Baiyun's eyes narrowed slightly.

The Snow Emperor's arrival at this time could not help but make her suspicious.

She took a step and arrived at the outer plaza of the Boundless Palace.

She saw the Snow Emperor standing in the center of the plaza.

"Snow Emperor, the previous matter has been settled, what do you want to do here this time?"

Xiudeli Baiyun did not give Lin Tianhao a warm reception.

Lin Tianhao smiled, "I'm here to discuss a deal with Lord Baiyun."

"A deal?"

Xiudeli Baiyun frowned slightly, "You have already taken the Moon Wheel Empire, what kind of deal is there to discuss with us?"

"I will help you attack the Tutulu Empire, and in the future, your Boundless Palace will withdraw from the Boundless Continent and replace the Tutulu Empire, how about it?"

Xiudeli Baiyun sneered, "I don't seem to have any need to cooperate with you."

"If I am willing, I can completely cooperate with the people of the Tutulu Holy Mountain, and then unite with the Xitu Empire and those hidden holy lands, you may not be able to stop us."

Lin Tianhao smiled and said, "Cooperation between the three parties is too risky for you."

"Can you completely trust the Tutulu Holy Mountain? I'm afraid not, even the Xitu Temple must be guarded against."

"After all, as far as I know, the Xitu Temple is also supported by a mysterious holy land, the situation of your Boundless Palace is not good."

Xiudeli Baiyun's eyes narrowed slightly, and she said coldly:

"You are right, I cannot completely trust them, but there is one thing that is certain."

"We have a common enemy, and that is you, Snow Emperor!!"

Lin Tianhao shook his head and said seriously: "There are no eternal enemies in this world, I am here to turn hostility into friendship."

"Is that so?"

Xiudeli Baiyun looked at Lin Tianhao coldly.

"Let's not talk about whether we can solve the Tutulu Empire, even if we can..."

"What reason do I have to give up this fertile land under our feet and go to the relatively barren Tutulu Empire?"

"You haven't noticed that Tutulu Hongqiong also wants to get a share of the Boundless Continent, but you actually want us to give up the Boundless Continent and go to a more barren place."

Lin Tianhao chuckled and said:

"If you go to the Tutulu Empire, your Boundless Palace will still be there, and the Boundless Empire will still be there, if you don't go, there will only be one path, destruction!"

Xiudeli Baiyun seemed to have heard an extremely funny joke, and said contemptuously:

"Snow Emperor, haven't you seen your current situation clearly yet?"

"We can't let you take another step forward, next, whether you attack our Boundless Empire or the Xitu Empire, the remaining forces will not sit idly by."

Lin Tianhao smiled and nodded, "You are right, if our army is pressing down on the border, your major forces will work together to resist me."

"But what if you die inexplicably in the Boundless Palace?"

"And those gods behind you who were struck by thunder and fell into slumber."

"What if they all fall?"

When Xiudeli Baiyun heard Lin Tianhao's words, she instantly understood.

"The bond on my body was placed by you?"

Lin Tianhao nodded, "I can remotely force a bond on you, and then transfer the damage to you, thereby killing you."

Xiudeli Baiyun's eyes narrowed slightly, "Your method is indeed strange, but how much health do you have, even if you have a hundred lives, you may not be able to kill me once."

"Moreover, I can also recover health in the holy land altar, it is almost impossible for you to rely on damage transfer to kill me."

Lin Tianhao smiled, "I guessed you would say that."

"Wait for me for a minute."

After the words fell.

Lin Tianhao disappeared.

He came to the sea and summoned the Sea God Poseidon.

"Poseidon, lock onto the damage and attack me."

"Instant damage of 27 billion is enough."

The Sea God Poseidon immediately unfolded his domain, even in the ocean, without violating the rules of Ragnarok, he could only control such high damage by opening his domain.

Boundless Palace!

On the outer plaza.

A huge damage number popped up from above Xiudeli Baiyun's head.

- 24.3 billion!!!

Immediately afterwards, high amounts of damage kept popping up.

- 24.3 billion!!

- 24.3 billion!!

.....

Xiudeli Baiyun's pupils suddenly shrank, and a chill went straight to the top of her head.

She didn't know how Lin Tianhao did it.

But this speed of damage transfer made it difficult for her to resist.

In the next moment.

She stopped losing health, and Lin Tianhao reappeared in front of her.

"How is it?"

Lin Tianhao looked at Xiudeli Baiyun with interest.

"As long as I am willing, I can kill you, if you fall, what will happen to the Boundless Palace?"

Xiudeli Baiyun's expression was extremely gloomy.

Her brain was working rapidly, thinking about possible countermeasures.

Lin Tianhao's method was too strange and too powerful.

Losing over 20 billion health per second, ordinary resurrection altars are simply not enough to support such a large amount of health recovery.

Although their Boundless Palace has the means to keep her alive, she is basically useless.

Not only that.

To keep her alive, a lot of resources will be consumed.

Most importantly, as long as Lin Tianhao does not stop, it will continue to consume the resources of their Boundless Palace.

Only in this way.

She has a chance to survive.

However.

That is by no means a long-term solution.

"Lord Baiyun, you don't need to rush to give me an answer, I will give you half a month to think about it, during this half month I will help the Moon Wheel Empire develop the islands."

"Half a month later, I will come to you, I hope you can give me a satisfactory answer at that time."

Xiudeli Baiyun looked at Lin Tianhao meaningfully and asked:

"If we retreat to the Tutulu Empire, will you really not attack us again?"

Chapter 587 - Land reclamation progress!

Lin Tianhao nodded very seriously and said:

"That's for sure."

"I want the Shanhai Empire to be revived, not to stain the Vast Expanse Continent with blood."

"What's more, our Shanhai Empire will also need to establish diplomacy in the future, dealing with people we are not familiar with, which is not as good as dealing with you."

"This is also why I am willing to help the Moon Wheel Empire with land reclamation. If the Xitu Empire is willing, I can also go and help them with land reclamation."

Xiudeli · Baiyun pondered for a moment, then slowly said:

"What you said is indeed worth considering. Actually, we had thought about it before. It is unlikely to defeat you, but we have no better choice."

"After all, we really can't just lightly give up our country like that."

Lin Tianhao nodded. Forces like the Vast Expanse Boundless Palace and the Xitu Temple have been rooted in the Vast Expanse Continent for so many years.

If he wants to expel them, he needs to pull back and forth.

“How about this, as you said, I will give you a definite answer in half a month. I can’t make decisions about what you said alone.”

“Okay.”

Lin Tianhao smiled and nodded.

He took a step and returned to the Demon Vine Ghost Ship.

The Demon Vine Ghost Ship is where the Sea Imprisoning Corpse Woman’s eerie transformed body is located. She is very strong, but her weaknesses are also obvious.

That is, she cannot set foot on land.

But if it is to help Lin Tianhao with land reclamation, there is no big problem.

Because the Sea Imprisoning Corpse Woman’s blood-colored vines can fly out very far, and on the coastline, they can attack the creatures on the islands.

Of course.

It is still not feasible to rely on the Sea Imprisoning Corpse Woman for land reclamation at sea.

It can only be said that for some relatively small islands, the Sea Imprisoning Corpse Woman can use blood-colored vines to help Lin Tianhao clear them quickly.

“Sea Imprisoning Corpse Woman, take me to find the ship I was on before.”

Lin Tianhao issued an order to the Sea Imprisoning Corpse Woman.

He was previously pulled onto the Demon Vine Ghost Ship by the Sea Imprisoning Corpse Woman.

Now, of course, he needs to return to the main force.

“Yes, Master.”

The Sea Imprisoning Corpse Woman nodded, and the Demon Vine Ghost Ship began to move quickly on the sea.

About three hours later, Lin Tianhao finally saw a fleet of ships in the distance.

Due to having Fiery Eyes and Golden Pupils, even if the distance was a bit far, Lin Tianhao could still see the flags on them.

That was exactly the land reclamation team from before.

At this time.

On the largest ship of the land reclamation team.

Bei Nuo Qingji frowned, her expression solemn.

After Lin Tianhao was pulled into the Demon Vine Ghost Ship, he never came out again.

Milaifulong was rolling a cigarette on the side.

He looked up at Bei Nuo Qingji and said seriously:

“Miss Qingji, don’t think about it anymore. The Demon Vine Ghost Ship is extremely terrifying. It is a taboo in this sea area. Xue Di is probably in more trouble than good.”

Bei Nuo Qingji hesitated, her eyes gradually firm.

“Xue Di is an adventurer. He can be resurrected after death. Not only that, Xue Di is so powerful, there is no reason to be trapped on the Demon Vine Ghost Ship.”

As soon as Bei Nuo Qingji finished speaking, a figure rushed in in a hurry.

“No... No good, the Demon Vine Ghost Ship is here again!!”

“Quick, quick, turn around and get away from the Demon Vine Ghost Ship.”

Many crew members had previously seen Lin Tianhao being taken away by the blood-colored vines.

Now that they saw the Demon Vine Ghost Ship again, they naturally did not dare to stay any longer.

“They seem to be afraid of the Demon Vine Ghost Ship.”

Lin Tianhao noticed that they were preparing to turn around and couldn’t help but find it a little funny.

Their ships were not slow, but compared to the Demon Vine Ghost Ship, the difference was too obvious.

In less than a quarter of an hour.

The Demon Vine Ghost Ship caught up with the land reclamation team.

“It’s over, it’s over, this damn Demon Vine Ghost Ship!!”

Milaifulong's face was a little pale when he saw the Demon Vine Ghost Ship rushing towards them at high speed, and his body couldn't stop retreating.

Bei Nuo Qingji's face was also ashen, and she murmured:

"This land reclamation, we only took down some medium-sized islands, is it going to die here?"

As soon as her voice fell, an old voice followed.

"This is not the most terrible thing. The most terrible thing is that we will have to survive in this sea area in the future."

"We are afraid that we will often encounter this Demon Vine Ghost Ship."

Hearing this from the old general, Bei Nuo Qingji felt even more like a bolt from the blue.

Was it right or wrong for them to go to sea for land reclamation?

But if they don't go to sea for land reclamation, they will all die.

This going to sea for land reclamation, now it seems, there is no good end either.

Just when everyone was a little desperate.

A figure rushed out of the Demon Vine Ghost Ship.

"That is..."

Many people were looking at the figure rushing out.

“That’s Xue Di, it’s Lord Xue Di!!”

Bei Nuo Qingji stepped forward quickly. Lin Tianhao happened to land on the deck at this time.

Milaifulong’s eyes widened, “It’s really a miracle that someone can come out alive from the Demon Vine Ghost Ship.”

“Lord Xue Di, are you okay?”

Bei Nuo Qingji looked at Lin Tianhao with some worry.

Lin Tianhao smiled and waved his hand, “I’m fine. I have already solved the trouble on this Demon Vine Ghost Ship. You don’t have to worry about it anymore in the future.”

Lin Tianhao didn’t explain much. The Sea Imprisoning Corpse Woman can be regarded as his trump card, and there is no need to expose it now.

Hearing that Lin Tianhao had solved the trouble on the Demon Vine Ghost Ship, everyone present showed joy on their faces.

“Lord Xue Di is really invincible.”

Lin Tianhao didn’t care too much about this kind of praise, but said seriously:

“Are you all right during the time I was away?” Lin Tianhao asked.

Bei Nuo Qingji shook her head, “We are all right. Because you were not here, we temporarily gave up going to reclaim the Seven Sons of the North Sea and instead attacked some small and medium-sized islands.”

“During this period, we have already taken down five medium-sized islands and twenty-six small islands, which are estimated to be able to accommodate tens of millions of people.”

Lin Tianhao nodded. Although the progress was a bit slow, after all, he was not there, and it was reasonable for them to seek stability.

Thinking like this.

Lin Tianhao communicated with Mu Yunli · Sayuan and the Killing Angel to understand their land reclamation progress.

Sure enough.

With a god sitting in charge, the progress of land reclamation is fast. They have already taken more than ten medium-sized islands, and even one medium-large island.

The islands reclaimed by their two land reclamation teams can already accommodate more than 500 million people.

They are reclaiming land in the front, and the people of the Moon Wheel Empire have also begun to gradually land on these reclaimed islands, starting construction and resource excavation.

However, based on the current progress, it will still take a relatively long time to settle the 20 billion+ people of the Moon Wheel Empire.

If you want to be fast, you can only attack the Seven Sons of the North Sea.

“Continue to the Seven Sons of the North Sea.”

With Lin Tianhao’s order, the land reclamation team sped towards the Seven Sons of the North Sea.

With Lin Tianhao's precedent of solving the taboo of the Demon Vine Ghost Ship, Milaifulong was even more respectful and polite to Lin Tianhao.

He hesitated for a moment, but still said:

"Xue Di, I heard from my ancestors that there are demon clans in the depths of the sea. They rule one sea area. I have never seen the ruler in the ocean, but you still have to be careful."

Chapter 588 - The seven sons of the North Sea disappeared, a small land!

Lin Tianhao narrowed his eyes slightly. Having lived two lives, he had always been aware of the existence of the demon race.

Moreover.

Among the demon race, there were no shortage of ambitious individuals.

Even without him initiating the Haomiao Empire's chaotic war, the demon race would have eventually entered the scene, and the Haomiao Continent would have erupted into a mixed war anyway.

However, Lin Tianhao didn't know much about the sea demon race.

He had heard of a sea域 overlord, a Nine-Headed蛟 King!!

He knew about him because of his simping deeds.

Simping to the point of having nothing, eventually becoming demonized, slaughtering everything in sight, and ultimately being ruthlessly suppressed.

There were rumors at the time.

It was said that if the Nine-Headed蛟 King hadn't become demonized, he might have been crowned emperor in the future.

It's a pity.

He wasted his life on a woman who wasn't worth it, and ultimately ended up being ruthlessly suppressed.

However, his suppression after becoming demonized was a good thing for the human race.

After all, if the Nine-Headed蛟 King had joined the battle between the human and demon races, the human race's losses would have inevitably increased.

The ship continued to move forward.

Lin Tianhao had the Imprisoned Sea Death Maiden lead the way, and the Imprisoned Sea Death Maiden could complete the reclamation of some small islands on her own.

For some medium-sized islands, Lin Tianhao personally took action and swept through them.

Because of the Imprisoned Sea Death Maiden, Lin Tianhao no longer needed to deal with the sea beasts under the sea himself.

He could place the undead slaves on these wild monsters on the islands.

"Ding, you have leveled up to level fifty-one, free attribute points +5."

"Ding, you have leveled up to level fifty-two, free attribute points +5."

...

Lin Tianhao began to reclaim islands, and the system prompt sounded continuously.

"Ding, you have leveled up to level ninety-nine, free attribute points +5."

"Ding, you have leveled up to level one hundred, free attribute points +5."

"Ding, you have reached the limit of the second job change. Please complete the third job change before you can continue to level up. Go and change your job, young man!"

Lin Tianhao's leveling speed was now ridiculously fast.

On the ship.

Milai Fulong, Bei Nuo Qingji, and others all showed shocked expressions on their faces.

They were now deeply aware of Lin Tianhao's power.

It was not only the terror of his personal combat power, but more importantly, Lin Tianhao could also enslave the undead.

Using the undead army, constantly snowballing, he could reclaim land at any cost.

With the double guarantee of the undead army and the Imprisoned Sea Death Maiden for land reclamation.

Lin Tianhao could now retreat to comprehend the Dao.

Then, he released the Water Condensation clone to preside over and control everything.

In the blink of an eye.

Half a month passed.

Lin Tianhao opened his eyes, and a look of joy flashed in his eyes.

"The Sword Dao Law has reached the fifth level!!"

Lin Tianhao sacrificed a novice long sword, and the whole person was instantly enveloped by sword intent, sharp and unconcealed.

An invisible sense of oppression swept in all directions.

On the deck.

Bei Nuo Qingji turned her head instantly.

"What a sharp sword intent, is it Lord Snow Emperor?"

Lin Tianhao stepped out of the cabin, and Bei Nuo Qingji came over as soon as possible.

"Lord Snow Emperor."

Lin Tianhao waved his hand and asked, "How far is it from the Seven Sons of the North Sea?"

It had been half a month, and with their progress, they should have arrived at the Seven Sons of the North Sea.

It was just because Lin Tianhao was at a critical moment of comprehending the Dao, so he didn't come out.

Milai Fulong came quickly at this time, and he said very solemnly:

"Lord Snow Emperor, something strange has happened. The Seven Sons of the North Sea seem to have disappeared out of thin air. It stands to reason that we should have arrived at the Seven Sons of the North Sea by now, but there is no trace of them now."

Hearing this.

Lin Tianhao frowned slightly. Something abnormal must be a demon.

The Seven Sons of the North Sea are all super islands with huge areas, and there is no reason to disappear out of thin air.

In this case.

There are probably three possibilities.

The first is that Milai Fulong has been lying from the beginning, and there is no Seven Sons of the North Sea at all, but Lin Tianhao can't think of the necessity of Milai Fulong's lie.

The second is that Milai Fulong has lost his way, and they are lost in this vast sea.

The third.

It is also the one that Lin Tianhao thinks is the most feasible.

That is, someone used means to hide the Seven Sons of the North Sea.

And the only ones who are likely to do this seem to be the demon race in the sea域.

Of course.

These three guesses are very simple to confirm.

Lin Tianhao took a step and came to the Demon Vine Ghost Ship.

"Imprisoned Sea Death Maiden, do you know the Seven Sons of the North Sea?" Lin Tianhao asked straight to the point.

The Imprisoned Sea Death Maiden was stunned for a moment, "The Seven Sons of the North Sea? Does your lord mean the seven super islands in this sea域?"

"Yes."

The Imprisoned Sea Death Maiden nodded, "There are indeed seven super islands and a small land in this sea域."

Hearing this.

Lin Tianhao's eyes lit up.

"There is also a small land here?"

He didn't know about this in both of his lives.

Logically speaking.

Places like small lands usually have countries.

"Yes."

"How much do you know about this small land?" Lin Tianhao asked.

The Imprisoned Sea Death Maiden shook her head, "I don't know. Because of the bizarre transformation, I am bound to the Demon Vine Ghost Ship and cannot go ashore. I can only drift on the sea."

"I also accidentally broke into that small land, but there is a very strong barrier there. I lost trillions of HP after breaking in."

"Later, I was discovered by the guardian of that small land."

"That guardian is very strong, so strong that it is unbelievable."

"He felt the aura of Poseidon, the sea god, from my previous master, so he decided to let me go, otherwise I would be dead now."

Lin Tianhao's pupils shrank suddenly. Even if an ordinary god explodes with all his strength, it is not easy to kill the Imprisoned Sea Death Maiden.

After all, the one hundred trillion HP is there. Even if Lin Tianhao has noble percentage true damage, it is very difficult to kill the Imprisoned Sea Death Maiden.

"Doesn't our reclamation in this sea域 mean we are snatching food from a tiger's mouth?"

Lin Tianhao's expression was a little dignified.

A terrifying existence with the strength to kill the Imprisoned Sea Death Maiden.

Moreover.

He is likely not the strongest existence in that small land, and there is likely to be other more powerful existences.

If so.

It is estimated that Lin Tianhao will be very dangerous to face them.

The Seven Sons of the North Sea here are also very likely to be hidden by them.

If so, it is really a bit troublesome.

A small land.

There may even be forces more powerful than the Moon Wheel Empire on it.

"It shouldn't be. According to the information I learned, that small land is deliberately isolated from the outside world. Even... I feel that many people on it don't know that they are just living on a small land."

"Because when they look at the barrier from the land, they see an endless starry sky."

"Entering the barrier from the inside will enter a virtual starry sky until they fall."

Chapter 589 - Cooperation with Haomiao Wuji Palace!

Lin Tianhao pondered for a moment. If that were the case, then the matter of the Seven Sons of the North Sea might really have nothing to do with the small landmass.

It's just...

Listening to the words of the Sea Imprisoning Death Woman,

this small landmass seemed more like a prison, not allowing outsiders to enter, but more importantly, not allowing those inside to leave.

The illusory starry sky seemed like a means of deceiving those on the small landmass.

This reminded Lin Tianhao of Blue Star, where he lived.

On Blue Star, there were also some relatively extreme people who proposed the Flat Earth theory, believing that beyond the land of Blue Star, there were even more vast regions.

It's just that some people didn't want them to explore the outside regions, and various conspiracy theories emerged endlessly.

However, these were not things that Lin Tianhao should be concerned about now.

Since the goal was the Seven Sons of the North Sea, he should think about how to find them.

"Poseidon, do you have any way to find the Seven Sons of the North Sea?"

The Sea God Poseidon emerged from the Investiture of the Gods list, pondered for a moment, and then said:

"During this time at sea, I have also noticed some anomalies."

"It's just that I am not at my peak now, and I am restricted by the rules of the Twilight of the Gods, so I am somewhat unclear about the anomalies I have perceived."

Lin Tianhao was slightly surprised, "At sea, they can still deceive you?"

The Sea God Poseidon's authority at sea was extremely terrifying.

The Sea God Poseidon smiled helplessly and said, "Your Excellency, don't think too highly of me. At my peak, I was only one of the sea overlords."

"There are still a few who are even stronger than me."

"The disappearance of the Seven Sons of the North Sea this time may be related to those few."

Lin Tianhao was shocked. He knew that the most powerful beings at sea were mainly the Sea God Poseidon and the Mazu Goddess.

And the Four Dragon Kings.

But the Four Dragon Kings should be inferior to the Sea God Poseidon.

As for the others, Lin Tianhao didn't know much about them.

"However, I can try to find them. Although there are a few who can contend with me at sea, they are probably still in a state of slumber."

"This time, the methods used are probably just some of the means they left behind."

"Okay."

Lin Tianhao nodded.

Or was it that there were already certain forces existing above the Seven Sons of the North Sea?

“You go and search, I want to go to the Boundless Limitless Palace.”

Lin Tianhao took a step and returned to the ship.

He asked Bei Nuo Qingji and the others to dock on a nearby island first, and he would find a way to find the Seven Sons of the North Sea.

After Lin Tianhao's wasteland reclamation during this period, he had already reclaimed islands that could accommodate more than three billion people.

It's just that this was still not enough.

To quickly settle the large number of citizens of the Moon Wheel Empire, the wasteland reclamation of the Seven Sons of the North Sea was imperative.

After arranging things, Lin Tianhao took another step and arrived at the square of the Boundless Limitless Palace.

His half-month agreement with Xiudeli Baiyun had arrived, and this time he came to see Xiudeli Baiyun's attitude.

Xiudeli Baiyun had already anticipated Lin Tianhao's arrival. The moment Lin Tianhao appeared, she had already arrived at the square.

“Snow Emperor, you are really punctual.”

Lin Tianhao waved his hand, “I have come today just to know the choice of your Boundless Limitless Palace.”

Now his Damage Transfer had already cooled down. If Xiudeli Baiyun's reply could not satisfy him,

he would directly use Damage Transfer to kill Xiudeli Baiyun, and then use the cooled-down Damage Transfer to kill the others in the Boundless Limitless Palace.

Xiudeli Baiyun looked at Lin Tianhao meaningfully and smiled:

“Our Boundless Limitless Palace can retreat, but we want to establish trade with you.”

“That's no problem.”

Lin Tianhao didn't care too much. After all, they wouldn't suffer from establishing trade with the Boundless Empire.

“Besides that, there is an even more important point.”

“That is, allow our Boundless Limitless Palace to establish branches in the Boundless Continent, and we can freely explore the dragon caves we find.”

Lin Tianhao raised his eyebrows. He could accept establishing branches in the Boundless Continent.

After all, other holy lands would inevitably revive in the Boundless Continent in the future.

He could allow the holy lands to revive, but he would not allow the holy lands to have political power.

He wanted to have management rights over these holy lands.

At least...

They should be like the One Thought Temple and the Dragon Suppressing Treasure Temple.

As for exploring the dragon caves...

The Boundless Limitless Palace started its fortune because of the dragon caves, and it was reasonable for them to have an obsession with the dragon caves.

“Exploring the dragon caves is also possible, but if you find a dragon cave, you need to inform me, and we will explore it together.”

Xiudeli Baiyun frowned and said:

“Snow Emperor, there are many opportunities in the Boundless Continent, and resources are first come, first served. Is your request a bit overbearing?”

Lin Tianhao narrowed his eyes and said in a deep voice:

“The dragon cave is a small matter. My biggest requirement is that you cannot cooperate with the Joyful God Society.”

“To be precise, you cannot cooperate with people from the Alete Star System.”

Xiudeli Baiyun frowned, “I am very curious, why do you have such great hostility towards the Alete Star System?”

Lin Tianhao said seriously: “Those who are not of our race must have different intentions!”

“The Alete Star System and we are completely different worlds. For them, it doesn't matter if they destroy our world.”

“On this point, we are completely different.”

“Although there are also conflicts between us, it is for this piece of land. Whether this Boundless Continent belongs to your Boundless Limitless Palace or our Mortal Palace, it is still in the hands of people in our world.”

“But if it is the Alete Star System, how they will treat our world is completely unknown.”

“I have reason to suspect that they are here to destroy our world.”

Xiudeli Baiyun couldn't help but be stunned when she heard Lin Tianhao's words.

“Not that bad, right?”

“The arrival of people from the Alete Star System should also be because they value some of the resources of our Boundless Continent.”

Lin Tianhao shook his head and said seriously:

“You are thinking too simply. The Alete Star System is so far away from us, the resources they need to consume to come over are huge.”

Xiudeli Baiyun took a deep breath, her expression serious.

“I can agree to what you said, but the premise is that you can abide by the principles of this cooperation.”

“Also, Mount Tutulu is now almost in full state, and with the addition of the Moon Wheel Demon Palace, I am afraid it will not be so easy to deal with.”

Lin Tianhao nodded, “I can give way on the matter of the dragon cave. If your Boundless Limitless Palace discovers a dragon cave first, I can not interfere.”

Xiudeli Baiyun's eyes lit up, "If that is the case, when dealing with Mount Tutulu, our Boundless Limitless Palace will spare no effort."

"Very good."

"Also, do you have Heavenly Punishment equipment in your hands?" Lin Tianhao asked.

Chapter 590 - The three parties joined forces and fell into danger again!

The Boundless Saint Palace was the number one holy land of the Boundless Continent, and they possessed abundant resources.

Lin Tianhao had reason to suspect that the Boundless Saint Palace possessed Heavenly Punishment equipment.

Xiudeli Baiyun was stunned for a moment, "You really have a lot of information. We do indeed have a piece of Heavenly Punishment equipment in the Boundless Saint Palace."

Lin Tianhao's eyes lit up, and he tried his best to suppress the excitement in his heart.

"I want it."

Lin Tianhao said straightforwardly, without any hesitation.

Lin Tianhao nodded. This was just like the God's Blessing pre-quest scroll. He needed to complete the corresponding task to get such a reward.

Even he himself was the same.

He had a lot of rewards in his hand, but he couldn't give them away for nothing.

Even Fatty, Monkey, and Glasses needed to complete the tasks he issued to get those rewards from him.

"We in the Boundless Saint Palace don't have any good tasks to issue right now."

Xiudeli Baiyun fell into thought.

After a while.

Xiudeli Baiyun said:

"Help our Boundless Saint Palace open the seal of the Xuan Tian Dragon King, how about it?"

"Ding, Xiudeli Baiyun has issued you a task."

"Task requirement: Open the seal of the Xuan Tian Dragon King."

"Task penalty: None."

"Task reward: Heavenly Punishment Ring."

"Ding, do you accept?"

Lin Tianhao narrowed his eyes slightly, "Xuan Tian Dragon King? A God King powerhouse from your Boundless Saint Palace?"

Generally, those who could be called Kings were either of King-level rank or in the realm of God Kings.

Of course.

Some kingdom kings would also be called Kings, but that was relatively rare.

Combined with Xiudeli Baiyun's identity and the level of reward, this Xuan Tian Dragon King was most likely a God King.

"That's right."

Xiudeli Baiyun nodded, "The seal of the Xuan Tian Dragon King is very strong, and ordinary methods cannot break it, but I believe this is not a difficult task for you."

"I need to consider this. By the way, what is needed to break the seal of the Xuan Tian Dragon King?"

Lin Tianhao did not agree immediately.

After all, it was a God King. Helping the Boundless Saint Palace to revive a God King was not necessarily a good thing for him.

"If we knew what was needed to break the seal of the Xuan Tian Dragon King, this task probably wouldn't fall on you."

Xiudeli Baiyun said helplessly.

Lin Tianhao nodded, "Let's cooperate to deal with the Tutulu Holy Mountain first. As for this task, I need to consider it further."

Hearing this.

Xiudeli Baiyun grinned, "What? You've already decided to cooperate, and you're still guarding against us?"

Lin Tianhao shook his head, "You've misunderstood. I'm just afraid that if I accept the task and can't complete it, it will delay time."

"I have a lot of things to do now, and I don't want to waste time."

"Alright."

Xiudeli Baiyun nodded, "Then I wish us a happy cooperation."

As soon as she finished speaking.

A cold voice came.

"Baiyun, cooperating with the Snow Emperor is tantamount to seeking skin from a tiger!"

"To use a phrase your Boundless Saint Palace once said, few people who cooperate with the Snow Emperor have a good ending."

The person who came was none other than the Hitu Demigod.

Seeing the appearance of the Hitu Demigod, Xiudeli Baiyun frowned.

"When you wanted to cooperate with the Snow Emperor, we reminded you, but you didn't listen, did you?"

The Hitu Demigod nodded, "Yes, so we were ultimately played."

"We originally thought about dividing the Moon Wheel Empire with the Snow Emperor, but what was the result? He monopolized the Moon Wheel Empire."

Lin Tianhao frowned slightly. He knew that if he wanted to cooperate with the Boundless Saint Palace, the Hitu Temple would definitely not agree.

"He's promising you now that you can replace the Tutulu Empire, but if it really comes to that point, what will he do? That's hard to say."

Xiudeli Baiyun frowned slightly and said in a deep voice:

"Actually, the Snow Emperor is right about one thing. What he wants is the Boundless Continent. Your original plan destined you to become enemies."

The Hitu Demigod sneered and said:

"Baiyun, haven't you understood yet? The Snow Emperor is a person who values interests above all else. Today, you are useful to him, and he can cooperate with you."

"If he destroys your Boundless Saint Palace after you withdraw from the Boundless Continent and are no longer useful to him, that's also something he can do easily."

As soon as the Hitu Demigod finished speaking.

A hearty voice came.

"The Hitu Demigod is right."

"Baiyun, you need to know our current situation. If you compromise, our Tutulu Holy Mountain will suffer, and the Hitu Temple will also suffer."

"In the end, the Mortal Hall of the Boundless Continent will dominate, will he let go of your Boundless Saint Palace?"

The person speaking was none other than Tutulu Hongqiong.

"If you want to solve the problem once and for all, the most correct approach is to solve this big trouble, the Snow Emperor."

"If the Snow Emperor falls, the strength between us will be evenly matched, and we will only restrain each other."

"And at that time, I can replace the original territory of the Moon Wheel Empire, and the territory of the Mountain and Sea Empire will be divided equally among the three of us. Wouldn't it be wonderful for the Boundless Continent to return to a three-legged situation?"

Tutulu Hongqiong's words were really tempting.

If they cooperated with Lin Tianhao, they would need to retreat to the territory of the Tutulu Empire, which was much poorer.

Not only that.

Even if they defeated the Tutulu Empire together with Lin Tianhao, Lin Tianhao would eventually dominate.

At that time, it would be easy for Lin Tianhao to destroy them. Their Boundless Saint Palace could be easily destroyed by Lin Tianhao.

In other words.

If they really developed according to that route, their fate would be to become fish on Lin Tianhao's chopping board.

Thinking of this.

Xiudeli Baiyun couldn't help but shudder.

She trusted Lin Tianhao too much before, thinking that Lin Tianhao would not target their Boundless Saint Palace if they gave up the Boundless Continent.

But now it seems.

Is Lin Tianhao trustworthy?

With just a little thought, Xiudeli Baiyun already had the answer in her heart.

Lin Tianhao is not trustworthy!!

Moreover.

Even if Lin Tianhao has a certain degree of credibility, she shouldn't do this.

Thinking of this.

There was a slight change in Xiudeli Baiyun's eyes.

"Snow Emperor, they have already said everything to this point, you should know my choice."

Lin Tianhao took a deep breath and said seriously:

"I didn't expect you to be such a fickle person."

Tutulu Hongqiong looked at Lin Tianhao indifferently.

"Snow Emperor, we have no intention of tearing up the face, you have pushed us to this point step by step."

"Now you have sent two gods to open up wasteland overseas, presumably, you don't have many gods around you..."
