

O game 601

Chapter 601 - The best actor in the world: Bai Yun!

As the words fell.

Powerful auras soared into the sky, alarming many in the vicinity.

An epoch-defining battle was about to erupt.

Above the firmament.

Thunderclouds churned incessantly, and thunder dragons roared and howled.

In just an instant.

More than ten deities simultaneously unleashed power exceeding the limits of the Twilight of the Gods.

It was as if they had returned to the ancient era of divine demise.

The noble gods were no longer noble; they were all like cannon fodder, burning their lives in the war.

“Rumble—”

Violent collisions resounded continuously.

Space collapsed and twisted.

Spatial rifts appeared, carrying terrifying and violent auras from the depths of those rifts.

The tragic nature of this battle was astonishing.

It even surpassed the war of the gods that Lin Tianhao had previously instigated in the Vast Unending Palace.

The Earth Deficiency Merchant Guild, the One Thought Temple, and the Dragon Suppression Precious Temple were all gambling their foundations and burning themselves.

The Locke Temple was the same.

The five deities who had followed the demigod Locke had all used power beyond the limitations of the Twilight of the Gods.

The terrifying power made every collision exceptionally frightening.

The earth was shattered into pieces, and even the Situ Temple, protected by a great formation, was razed to the ground.

From afar, gazes converged on this place.

They knew.

This battle was related to the future of the Vast Continent.

Just as the battle was nearing its end, the earth shattered instantly.

A sun-obscuring arm stretched out from the earth.

This arm carried an extremely terrifying aura.

The moment it appeared, the gathering speed of the thunderclouds above the firmament suddenly increased.

The originally purple thunderclouds had now turned into black thunderclouds.

All the deities' expressions changed drastically; they all sensed an extremely terrifying aura from this giant arm flowing with magma.

“Bang—”

With a muffled sound, a deity who had unleashed their full power was swatted away by the arm, unable to withstand the immense force in the air, their body exploding and turning into a mist of blood.

“This...”

Xiudeli Baiyun gasped, one strike, killing a deity.

This was just an arm; if the entire body were to appear, how terrifying would that be?

“Is this the powerhouse among the demons?”

The black lightning struck the giant arm, and the giant arm cracked inch by inch.

Then, with a "bang," the arm shattered suddenly.

Seeing this scene.

Xiudeli Baiyun, who had not made a move all along, revealed an excited expression on her face.

“After acting for so long, we have finally obtained it.”

As the words fell.

Her body transformed into a stream of light, instantly arriving in the middle of those bloody chunks of flesh.

She spread her hands, and blood flowed out from the bloody chunks of flesh, all of which poured into Xiudeli Baiyun's body.

If someone could observe Xiudeli Baiyun's attributes, they would discover.

At this moment.

Xiudeli Baiyun was crazily increasing at a terrifying speed.

“Accompanying you all in acting step by step until today, today, you supporting characters can all die.”

Xiudeli Baiyun's face was ferocious as she laughed wildly, looking up.

A terrifying aura emanated from her body.

She was still not a deity.

But the aura emanating from her body was not at all inferior to that of a deity.

Even.

From a certain perspective, her aura was even stronger than that of an ordinary deity.

Chang Shuiyang's eyes narrowed slightly, and an extremely bad premonition welled up in his heart.

And at this time.

Although Lin Tianhao was trapped in the Heaven and Earth Imprisonment Formation.

He could, through watching a live broadcast, have the people of the Mad War Blades transmit the scene and sound here to him.

The Mad War Blades had an official background, and basically every slightly larger main city on the Vast Continent had their people.

Therefore, it was not difficult for Lin Tianhao to see what was happening in this Situ Temple.

The change in Xiudeli Baiyun's aura also startled Lin Tianhao.

His mind began to race wildly; everything that had happened in the past was Xiudeli Baiyun acting.

The purpose was to stage this scene today.

If all of this was planned by Xiudeli Baiyun, then it was too terrifying.

She needed to know in advance that the Situ Temple was colluding with demons.

Then.

She needed a way to make the Situ Temple take the initiative to expose itself.

This tested her grasp of human nature.

Although Lin Tianhao was in the cage, news from the major holy lands was being transmitted to him.

The background of the Mad War Blades was not a joke; not only those main cities, but almost every known holy land on the Vast Continent now had their people.

Therefore, even the things that happened in those holy lands, the Mad War Blades could transmit to Lin Tianhao.

Combining these.

Lin Tianhao had to accept a reality.

That was that today's battle was deliberately planned by her.

This could also explain why Xiudeli Baiyun was entangled in her choice at the outer square of the Vast Unending Palace.

She first agreed to Demigod Red Flower, the purpose was to make the Locke Temple take action, and to deploy most of its deities.

If she had not been persuaded by Demigod Red Flower, even if the Locke Temple took action, it would be difficult to say that it would deploy five deities in one go, and it would inevitably regard their Vast Unending Palace and the Tutulu Holy Mountain as the main force.

And after the Locke Temple brought out five deities, she then decided to take action with an entangled attitude, and complained to Tutulu Hongqiong.

Saying that whether she took action or not, she would eventually suffer losses.

The purpose was to reduce the proportion of their Vast Unending Palace's efforts and make the Tutulu Holy Mountain contribute more.

And in fact.

That was indeed the case.

With just two entangled choices, their Vast Unending Palace had become the party that suffered losses, and did not need to contribute much effort.

The most important thing was.

Their Vast Unending Palace did not need to contribute much effort, and she, Xiudeli Baiyun, could still successfully obtain what she wanted.

Thinking of this.

Lin Tianhao had to sigh at Xiudeli Baiyun's horror.

Her calculations were not simple tricks.

She was already calculating human nature!!

This kind of person was the most terrifying and the most difficult to deal with.

Sending himself into the cage, provoking disputes among the major holy lands, choosing to retreat, forcing Demigod Situ to expose his demon background.

Then, through two hesitant choices, she pushed the Bairok Temple and the Tutulu Holy Mountain to the front as cannon fodder.

In the end, she reaped the benefits!!

If it weren't because Lin Tianhao was receiving various information, almost watching these recent events from God's perspective, he might not have been able to understand the layers of calculations within.

In the arena.

Geerlier Chalu seemed to have thought of something, and he shouted in a low voice:

“Kill her!!”

Chapter 602 - Xu Deli Bai Yun's ambition!

As the words fell.

Gorrell Grimjaw let out a low roar, his body transforming into a stream of light, arriving before Xiudeli Baiyun in the blink of an eye.

As a Divine being of the body cultivation path, Gorrell Grimjaw's punch caused the space before Xiudeli Baiyun to visibly vibrate and tremble.

Faced with the punch of a body cultivation Divine being, Xiudeli Baiyun merely sneered.

"Is this the fist of a body cultivation Divine being? It seems... nothing more than this!"

As Xiudeli Baiyun's voice faded, a blood-colored light shield appeared around her, blocking Gorrell Grimjaw's powerful and heavy punch.

After blocking the punch, the blood-colored light shield only trembled slightly, showing no signs of damage.

"If that's all there is to it, then this vast continent will belong to our Boundless Unrestrained Palace from now on."

Xiudeli Baiyun had been planning step by step, waiting for the demon ancestor Zukui to make a move.

Then, she would use the lightning tribulation to shatter his arm.

This was a dangerous move, so she needed to calculate every step carefully.

Fortunately, the Locke Temple contributed a lot this time, along with the Tutulu Sacred Mountain and the Divine beings of the other three great sacred grounds.

This forced the demon ancestor Zukui to take action.

Now, she had finally achieved her wish, merging with the bloodline of the demon ancestor Zukui, elevating her grade from King to Emperor.

Not only that.

She had also obtained some powerful demonic methods, allowing her to defend against the attacks of Divine beings with relative ease.

Although she was not yet strong enough to directly kill a Divine being, her power had exceeded the limit allowed by the Twilight of the Gods.

In other words.

For a Divine being to fight her, they would have to use power exceeding the limit of the Twilight of the Gods' rules, or they would not be able to defeat her.

Seeing that Xiudeli Baiyun had actually blocked his attack, Gorrell Grimjaw couldn't help but be shocked.

"Die!"

Xiudeli Baiyun instantly arrived before Xitu, the demigod.

The demonic hand behind Xitu immediately slapped towards Xiudeli Baiyun.

"Bang—"

Xitu's huge demonic hand was actually blocked by Xiudeli Baiyun's small palm.

Then, Xiudeli Baiyun grabbed hard, her five fingers embedding themselves into the flesh of the demonic hand, seizing one of the finger bones.

Intense pain transmitted to Xitu's body, causing cold sweat to break out on his forehead.

"Snap!"

Xiudeli Baiyun grabbed the demonic hand and performed an over-the-shoulder throw, slamming him heavily into the ground.

"Too weak, really too weak."

Xiudeli Baiyun shook her head, "This feeling of being invincible is really so exhilarating!"

"Tear—"

Xiudeli Baiyun used force with both hands, and the previously powerful demonic arm was actually torn apart by Xiudeli Baiyun from the middle.

This terrifying scene left everyone present dumbfounded.

With the demonic arm destroyed, Xitu spat out blood, clearly suffering serious injuries.

But before he could react.

Xiudeli Baiyun kicked out towards Xitu's head.

If this kick landed, even if Xitu was tenacious, he would probably die here.

"Bang—"

Then.

Someone blocked this kick for Xitu.

The person who made the move was none other than Gorrell Grimjaw.

Among so many people present, the only one capable of directly receiving Xiudeli Baiyun's attack without triggering the lightning tribulation was Gorrell Grimjaw, a Divine being of the body cultivation path.

Lin Tianhao watched this scene through the live broadcast, knowing that it would be very difficult for him to conquer the Vast Continent.

The power that Xiudeli Baiyun was now displaying was in no way inferior to the Sea of Imprisonment Death Maiden.

But the difference was.

The Sea of Imprisonment Death Maiden could only stay at sea and could not come to land to fight.

Using the Sea of Imprisonment Death Maiden to deal with Xiudeli Baiyun would not be an easy task either.

Xiudeli Baiyun's sudden rise caught many people off guard.

Faced with Gorrell Grimjaw's attack, Xiudeli Baiyun did not resist head-on.

She directly deployed the blood-colored light shield, which blocked all of Gorrell Grimjaw's attacks.

And with just one gap, Xiudeli Baiyun once again attacked Xitu, the demigod.

This time, Xitu had nowhere to hide, and no one else could come to his aid.

"Bang—"

Xitu's head was kicked apart, and brain matter splashed out along with various fluids.

A generation of sacred ground master had fallen.

Seeing Xitu's fall, the remaining Divine beings of the Xitu Temple immediately fled.

Gorrell Grimjaw also knew that the situation was hopeless today, and Xiudeli Baiyun's strong rise was something they could no longer stop.

"Withdraw!!"

As a Divine being of the body cultivation path, Gorrell Grimjaw could still suppress Xiudeli Baiyun somewhat.

Others in Xiudeli Baiyun's hands were merely toys, vulnerable to a single blow!

Chihua, the demigod, dared not be negligent and immediately led his people away.

After the people of the Chihua Sand Palace retreated, Gorrell Grimjaw gave Xiudeli Baiyun a meaningful look.

"Baiyun, congratulations, if possible, I think we can still cooperate."

After saying this.

Gorrell Grimjaw quickly retreated.

Although he was powerful, if Xiudeli Baiyun was willing to sacrifice two Divine beings, there was still a high probability that he would be left behind.

"Congratulations, you are the first Emperor below the Divine beings of our Vast Continent."

Tutulu Hongqiong walked up with a smile, "If it weren't for you this time, our several great sacred grounds would probably have suffered heavy losses."

Xiudeli Baiyun nodded with a fake smile, and said:

"You, now sign the slave contract and submit to my Boundless Unrestrained Palace, how about it?"

Tutulu Hongqiong was stunned for a moment. Just now, they were still on the same side, fighting side by side.

But now, she actually wanted them to sign a slave contract. This was simply not giving them a way out.

"Baiyun, what do you want to do? The Joyful Divinity Society hasn't been resolved yet, and the demons haven't been dealt with cleanly yet. Is it not good to have infighting now?"

Tutulu Hongqiong said seriously.

As soon as his voice fell, a terrifying force enveloped him.

In the next instant.

Xiudeli Baiyun grabbed Tutulu Hongqiong's neck with one hand and lifted him up.

The King-level Xiudeli Baiyun was already able to beat Tutulu Hongqiong.

Now that she was an Emperor-level Xiudeli Baiyun, beating a Tutulu Hongqiong was really too easy.

"Either submit, or... die!!"

Xiudeli Baiyun's voice was indifferent, without the slightest emotion.

She had prepared so much, and finally merged with the arm of the demon ancestor Zukui, obtaining such powerful power.

How could she easily let these people go.

Not far away.

Chang Shuiyang and the others exchanged glances.

Then.

They flew out in different directions in unison.

With Xiudeli Baiyun's current attitude, after dealing with Tutulu Hongqiong, she would definitely attack them next.

Chapter 603 - Lin Tianhao returns and wins!

Only...

Chang Shuiyang and the others reacted quickly, but they had only just turned around, preparing to flee.

A full six gods appeared, from different directions, blocking their retreat.

Chang Shuiyang's expression changed drastically. After successive battles, they had suffered heavy losses. Facing the obstruction of these six gods, it was no longer realistic for them to resist.

"Either submit, or... die!!"

"I'll give you three seconds to consider."

Xiudeli Baiyun's tone was icy, filled with killing intent.

This was the perfect opportunity for their Vast Infinity Palace to rise, and she would not miss it.

Tutu Lu Hongqiong was being strangled by Xiudeli Baiyun, and he could feel it.

If Xiudeli Baiyun wanted to kill him, it would only take a thought.

"Baiyun, our Tutu Lu Sacred Mountain is not in the Vast Continent, could..."

Tutu Lu Hongqiong still wanted to struggle a bit.

But the result was that Xiudeli Baiyun exerted force with her palm, causing his health bar to rapidly decrease.

After the recent battle, among the major forces, besides the Vast Infinity Palace, there were only two gods still standing.

One was a god of the One Thought Sect, and the other was a god from Tutu Lu Sacred Mountain.

The god from Tutu Lu Sacred Mountain saw this scene and roared:

"Want us to submit? Dream on!"

As soon as he spoke,

He rushed up.

"Bang—"

In the blink of an eye, he had already collided with Xiudeli Baiyun.

Without any suspense,

The god from Tutu Lu Sacred Mountain was knocked flying.

Without using power that exceeded the limits of the Twilight of the Gods rules, ordinary gods could not do anything to Xiudeli Baiyun.

"A mayfly trying to shake a tree, overestimating yourself!!"

Xiudeli Baiyun sneered disdainfully.

She was not a god, but the power she now possessed gave her the feeling that she had no enemies in the world.

Naturally, she would not take ordinary gods seriously.

"Arrogant!"

The god from Tutu Lu Sacred Mountain roared, his aura erupting completely.

Above the sky, thunderclouds rolled.

The god from Tutu Lu Sacred Mountain charged again.

Xiudeli Baiyun sneered disdainfully, activating a blood-colored light罩.

No matter how the god from Tutu Lu Sacred Mountain attacked, he could not break the blood-colored light罩.

In the end, divine punishment fell, and the god from Tutu Lu Sacred Mountain was struck into slumber.

Xiudeli Baiyun raised her hand and struck out with a palm, killing the god who had been struck into slumber by the divine punishment.

"You!!!!"

Tutu Lu Hongqiong was furious.

This was their god from Tutu Lu Sacred Mountain, and Xiudeli Baiyun had killed him without hesitation, without leaving any room for maneuver.

"Now, you should make a decision."

Xiudeli Baiyun killed a god, but her expression did not change in the slightest.

Her cold gaze swept over everyone present, and she did not make any concessions.

Tutu Lu Hongqiong was furious.

But he knew that today they were all fish on the chopping board.

Before them.

The demigod Locke took the lead and prepared to escape at the cost of his life.

But the result was without any suspense.

A god from the Vast Infinity Palace took action and easily severely injured the demigod Locke.

"Demigod Locke, a wise man submits to circumstances. Your actions are very foolish."

The demigod Locke sneered, "Our Locke Temple may be destroyed, but it is absolutely impossible for us to be slaves!!"

As soon as he finished speaking.

The demigod Locke charged again.

But he was only a demigod after all. He had strength, but facing a god, his strength was really insignificant.

After several consecutive collisions, the god from the Vast Infinity Palace did not really deliver a fatal blow.

They were more like a cat playing with a mouse, gradually extinguishing the demigod Locke's fighting spirit.

The few people in the field.

Already knew the outcome today.

Xiudeli Baiyun rose strongly, and the Vast Infinity Palace reaped the benefits.

"Is there still a chance...?"

Chang Shuiyang muttered to himself. The current situation was too unfavorable for them.

To submit, or to be destroyed?

"Also, the Snow Emperor is our last trump card!"

The god of the One Thought Sect said seriously, "If the Snow Emperor can appear here with the God Sealing List, then we still have a chance."

"Is it possible?"

Chang Shuiyang smiled bitterly, "The Snow Emperor is trapped in the Heaven and Earth Cage Formation, and his whereabouts are still unknown. The probability of him coming is too low."

Xiudeli Baiyun flew over, grabbing Tutu Lu Hongqiong.

"It's good that you know your current situation. If you insist on fighting, then I can only destroy you."

Chang Shuiyang and the others all had gloomy expressions, and they did not say a word.

To make them submit and sign a slave contract was something they could never do.

But in this situation, did they still have a choice?

The answer was no!

"Baiyun, you have deceived all of us, but do you really think that no one can deal with you?"

As the voice fell.

Lin Tianhao strode forward.

Behind him, followed the Killing Angel, the Nine-Tailed Fox, and Muyunli Sayuan, three gods.

Seeing Lin Tianhao's appearance.

Xiudeli Baiyun frowned, "You escaped? The Music God Society is really useless, actually letting you escape."

Lin Tianhao smiled and said:

"That's not important anymore. What's important is, I want to protect them. Do you have any objections?"

Hearing this.

Xiudeli Baiyun sneered, "You want to protect them? Do you have the strength to do so?"

Lin Tianhao sacrificed his longbow and said indifferently:

"Want to try?"

"You have devoured the power of the demon, and although your strength has been greatly improved."

"But the side effects should be considerable, right? If you continue to fight at high intensity, the power in your body will lose control, and it's not impossible for you to explode and die."

"As for the remaining six gods of your Vast Infinity Palace, I'm really not afraid of a desperate fight!"

Lin Tianhao said it lightly, but it gave Xiudeli Baiyun an invisible pressure.

Because Lin Tianhao was right, the power of the demon Zu Kui was raging in her body. If she didn't calm it down as soon as possible, it would be ominous.

After a little thought.

Xiudeli Baiyun already had an answer in her heart.

If she completely absorbed and refined the power of the demon Zu Kui, she would not even fear gods.

In addition, due to the rules of the Twilight of the Gods, ordinary gods would either run away or use power that exceeded the limits of the rules when fighting her.

Then, they would suffer divine punishment and be killed by her.

In other words.

Once she adjusted, she would be invincible.

At least.

Looking at the current situation in the Vast Continent, she was invincible.

"Snow Emperor, I'll give you face today. I'll leave, but it won't be long before I unify the Vast Continent."

Chapter 604 - The dawn of hope in the darkness, a turning point!

Lin Tianhao didn't respond, only offering an ambiguous smile.

Xiudeli Baiyun turned to leave, and the six gods of the Vast Expanse Palace followed suit.

After seeing those people off, the demigod Locke flew over.

"Snow Emperor, Xiudeli Baiyun is ambitious. We gods of the Tutulu Sacred Mountain who have suffered thunder tribulation are willing to ascend the God Conferring List and deal with Xiudeli Baiyun together."

Xiudeli Baiyun's ambition had already been revealed.

This was something Tutulu Hongqiong was unwilling to accept.

Lin Tianhao took a deep breath and waved his hand, saying:

"Let's go first."

Tutulu Hongqiong nodded helplessly, and everyone returned to the Dique Merchant Guild together.

Inside the Dique Merchant Guild.

The demigod Locke looked at Lin Tianhao very seriously and said:

"Snow Emperor, Xiudeli Baiyun is a big trouble now. We should have risked it just now and left Xiudeli Baiyun behind."

Chang Shuiyang waved his hand and said:

"Demigod Locke, the Snow Emperor didn't take action, naturally there is a reason for not taking action."

Tutulu Hongqiong was also a little dissatisfied.

"If we miss this opportunity, when Xiudeli Baiyun completely absorbs the power of the demon ancestor Kui, then none of us will be able to deal with her."

Lin Tianhao's gaze swept over everyone, and he said solemnly:

"It's not that I don't want to take action, but my main body is still in the Heaven and Earth Imprisonment Formation, this is just one of my clones."

The current Lin Tianhao is a Water Condensation Clone. When he left the pioneering team, he left the Water Condensation Clone on the ship.

This appearance was also forced.

He couldn't just watch the Tutulu Sacred Mountain, Dique Merchant Guild, One Thought Temple, and other forces be eroded little by little.

That's why he had Poseidon and the others bring his clone over to deter Xiudeli Baiyun.

Fortunately, the result was good, and Xiudeli Baiyun did not choose to confront him head-on.

Hearing Lin Tianhao say that he was just a clone, everyone present instantly felt dejected.

"Then what do we do next?" Demigod Locke frowned.

Chang Shuiyang said seriously:

"Rescue the Snow Emperor. This time, we all have gods who have suffered thunder tribulation. As long as these gods who have suffered thunder tribulation ascend the God Conferring List and return to their peak, then all problems can be solved easily."

Tutulu Hongqiong looked at the Water Condensation Clone and asked: "Do you know where your main body is?"

"I don't know."

The Water Condensation Clone shook his head, "The Heaven and Earth Imprisonment Formation will isolate my perception of the outside world. I really don't know where I am now."

"But there is one thing you have to be prepared for, Xiudeli Baiyun will absorb the power of that demon at most within a month."

"If my main body can't get out within a month, you can only retreat to the sea."

At sea, there are the Sea Imprisoning Death Maiden and the Sea God Poseidon. Even Xiudeli Baiyun would not be easy to deal with the Sea Imprisoning Death Maiden.

Moreover, there is also the existence of the Sea God Poseidon, who can completely engage them in a protracted battle.

Tutulu Hongqiong said solemnly:

"I will have all our people mobilized to find your main body in the shortest possible time."

"We too."

Demigod Locke, Chang Shuiyang, and others all expressed their attitudes.

Xiudeli Baiyun has already revealed her ambition. Now, they only have a chance if they unite as one.

"Well, whether or not the situation in the Vast Expanse Continent can be changed depends on you."

Lin Tianhao himself didn't know where he was. It was too difficult, too difficult to seek a way out.

He also contacted Crazy Blade and asked Crazy Blade to help find him.

Now, all Lin Tianhao can do is wait, wait for someone among these people to find him.

"In addition, Xiudeli Baiyun should know very soon that I am just a clone. You still need to be careful during this period of time."

"Understood." Chang Shuiyang nodded heavily.

.....

Godslayer Academy.

A figure appeared on the periphery of the Godslayer Academy, holding a formation plate in his hand, with a sinister smile on his face.

"Now those people should all be searching for the Snow Emperor all over the world. If I bring him to the Godslayer Academy, even if they turn the Vast Expanse Continent upside down, they will not be able to find him."

Thinking like this in his heart.

The smile on the face of this figure became more and more intense.

"Let Xiudeli Baiyun make a scene first. Relying on the power of our demon ancestor Kui to rise, after she clears the obstacles, everything will be mine."

And Lin Tianhao, who was in the Heaven and Earth Imprisonment Formation, did not know that he had been brought back to the Godslayer Academy.

If he knew, he would definitely say: Dude, you are so clever!!

Because in the Godslayer Academy, the Dark Night Spirit God will recover quickly.

If it is fast, it may recover in about half a month, and if it is slow, it will only take more than a month.

However.

At this time, Lin Tianhao has new things to pay attention to.

As the master of the Holy Land, it is time for the monthly rewards again.

Last month, Lin Tianhao gave out a lot of free attribute points because he gave out two bounty missions.

He himself also obtained a large number of free attribute points in return.

Looking at the more than 125,000 free attribute points he obtained, Lin Tianhao unhesitatingly added them all to attack speed.

Then directly converted it into Heavenly Punishment attack speed.

The Heavenly Punishment attack speed increased from the original 5.86 to 7.77 in one breath!!

The improvement of the Heavenly Punishment attack speed is huge for Lin Tianhao's combat power.

But now Lin Tianhao is trapped in the Heaven and Earth Imprisonment Formation, even if he has that strength, he cannot display it.

.....

The following time.

The Vast Expanse Continent seemed very peaceful.

All wars have been suspended.

It's just.

Many forces are looking for something, which makes many people feel like a storm is coming.

The undercurrents of the major forces are surging, and a super battle may break out at any time.

In the blink of an eye.

Half a month passed.

On the Demon Vine Ghost Ship.

Chang Shuiyang's expression was solemn, "There is still no news. The Snow Emperor seems to have disappeared from the Vast Expanse Continent out of thin air."

Because they were worried that Xiudeli Baiyun would take action again, these high-level officials of the Holy Land transferred to the Demon Vine Ghost Ship.

This way, even if Xiudeli Baiyun finds them, they will have the power to resist.

Tutulu Hongqiong sighed helplessly.

"The Vast Expanse Continent is so big, there are endless deserts, sea areas, extraterritorial lands, and so many secret realms."

"If they are determined to hide the Snow Emperor, it will be too difficult for us to find him."

Demigod Locke's expression was solemn, and he said:

"I'm afraid they hid the Snow Emperor in the Vast Expanse Palace."

"Then we won't have any way at all."

The people of the major forces are very headache. Xiudeli Baiyun may leave seclusion at any time.

When Xiudeli Baiyun leaves seclusion, who will be able to protect the Vast Expanse Continent?

I am afraid that it will not be long before the Vast Expanse Continent will fall into the control of Xiudeli Baiyun.

In the Godslayer Academy.

As time passed, the Dark Night Spirit God was also recovering rapidly.

In the blink of an eye, another week passed.

Lin Tianhao was a little disheartened. He hadn't found his main body for so long, and it would probably be even more difficult in the future.

He was cautious every step of the way, but will he end up dying here?

Just at this moment.

A familiar voice came.

"Master, are you trapped?"

Chapter 605 - Kill twelve gods in a row!

The owner of this voice was none other than the Dark Night Spirit God, Mo'eralai!

The Dark Night Spirit God, Mo'eralai, would recover quickly in the Godslayer Academy.

After this period of recovery, she had finally revived.

"You've revived?"

Lin Tianhao was somewhat surprised when he heard the Dark Night Spirit God's voice.

Immediately afterward, he knew where he was.

Godslayer Academy!!

Only the Godslayer Academy could allow the Dark Night Spirit God, Mo'erylai, to recover so quickly.

"Dark Night Spirit God, help me escape!"

Lin Tianhao couldn't break free from the Heaven and Earth Cage Formation himself, but for a god, breaking free from the Heaven and Earth Cage Formation wasn't a difficult task.

The Dark Night Spirit God didn't hesitate and immediately used her power.

The first time.

She didn't use power that exceeded the limits of the Twilight of the Gods.

The Heaven and Earth Cage Formation trembled violently, but it didn't break.

Seeing this.

The Dark Night Spirit God was about to increase her power.

But Lin Tianhao shook his head, "This is the Godslayer Academy, we only need to make some noise."

The person who sent him to the Godslayer Academy was likely the same as the Black Heart Dragon.

Belonging to an external force, once discovered, they would inevitably be dealt with.

Just as Lin Tianhao expected.

When the Dark Night Spirit God, Mo'erlai, caused the Heaven and Earth Cage Formation to tremble violently, this power fluctuation immediately alarmed some instructors of the Godslayer Academy.

The man who controlled the formation plate's expression changed drastically, and he instantly felt several powerful forces sweeping towards him.

Although he ran, he didn't have time to take away the Heaven and Earth Cage Formation.

In an instant.

Two figures landed beside the Heaven and Earth Cage Formation.

One of these two people was a hunched old woman.

And the other person was Lin Tianhao's former instructor: Wen Suyao.

"The aura of a demon, although hidden very well, tearing through the void just now still exposed his source power."

The old woman frowned slightly.

Wen Suyao didn't care; those who could enter must have been tacitly approved by 'that one'.

Otherwise, with that adult's existence, a single thought would be enough to wipe out these guys.

She stepped forward to the Heaven and Earth Cage Formation and carefully sensed it.

"It's him."

With just a slight sense, Wen Suyao already knew who was trapped in the Heaven and Earth Cage Formation.

She raised her hand and shattered the Heaven and Earth Cage Formation into pieces.

Lin Tianhao finally emerged from the Heaven and Earth Cage Formation.

He looked at Wen Suyao and bowed, "Thank you, Teacher, for saving me."

"What happened?" Wen Suyao asked.

"I was plotted against by the people of the Limitless Vast Expanse Palace in the Vast Expanse Continent, which is why I ended up like this."

"The situation in the Vast Expanse Continent is not optimistic, and I must return."

Wen Suyao waved her hand and said, "Go."

"But you don't need to be too attached to the Vast Expanse Continent; some things, if you can't hold onto them, you can't hold onto them, no matter how hard you try."

Lin Tianhao looked at Wen Suyao meaningfully.

"I still have to try, at least, I still have time."

After speaking.

Lin Tianhao summoned the Kunlun Mirror, took a step, and disappeared.

On the Demon Teng Ghost Ship.

Lin Tianhao finally returned.

Seeing Lin Tianhao return, Chang Shuiyang, One Thought Spirit God, and the others all showed excited expressions.

The situation in the Vast Expanse Continent was not optimistic; if Lin Tianhao didn't return, they would really be in big trouble.

"Snow Emperor, you're finally back." Chang Shuiyang said with a smile on his face.

Lin Tianhao looked solemn, his gaze sweeping over everyone present.

"Dealing with the current Limitless Vast Expanse Palace is not an easy task. I want to send you, those gods who have been punished by lightning, to the God Conferring List. What do you think?"

Lin Tianhao knew.

This was an opportunity for him to rise, a perfect opportunity for him to fill the God Conferring List.

Apart from the five gods of the White Locke Temple being killed by the demon ancestor Kui, the gods of other forces were only punished by lightning and did not die.

"That's what we want."

Chang Shuiyang nodded heavily.

Tutu Lu Hongqiong only hesitated slightly before nodding in agreement.

Earth Deficient Merchant Guild, One Thought Temple, Dragon Suppression Treasure Temple, Tutu Lu Holy Mountain, a total of twelve gods who were punished by lightning.

It was a pity that the five gods of the White Locke Temple died; otherwise, there could have been seventeen.

"Ding, you have killed the Withered Grievance Spirit God. A server-wide announcement is about to be made. Do you want to hide your name?"

"Ding, you have killed the Hundred Slaughter Spirit God. A server-wide announcement is about to be made. Do you want to hide your name?"

"Ding, you have killed..."

... ..

System prompts kept coming, and Lin Tianhao was rapidly killing these gods.

The Godslayer Mark was also constantly providing Lin Tianhao with abilities.

This time.

Not only did he kill twelve gods in one go, but he also obtained huge rewards.

The free attribute points obtained just from killing gods had already reached 240,000!!

Lin Tianhao once again converted all these free attribute points into Heavenly Punishment attack speed.

Heavenly Punishment attack speed increased from the original 7.77 to 10.31!!

Heavenly Punishment attack speed had thus broken ten!

In addition to Three Heads Six Arms and Source Burning, even when facing ordinary gods, Lin Tianhao could quickly knock off 30% of the opponent's health.

If you also calculate critical hits and various damage increases, the horror of that damage is unimaginable.

What Lin Tianhao lacked now was no longer his own damage, but his understanding of the Dao.

Without his own domain, this had become a major drawback for Lin Tianhao now.

Without a domain, when facing truly strong opponents, it would be difficult for him to compete with them.

However, such an improvement was already commendable.

And at this time.

Server-wide announcements resounded across the Vast Expanse Continent.

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Withered Grievance Spirit God. Special announcement, hoping that the majority of players will continue to work hard!!"

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Hundred Slaughter Spirit God. Special announcement, hoping that the majority of players will continue to work hard!!"

... ..

Server-wide announcements rang out one after another, which can be said to have shaken the entire Vast Expanse Continent.

"Damn, damn, damn, I don't know how to describe my current mood anymore."

"We're all players of the same age, why am I still fighting wits and courage with fourth and fifth-tier monsters, while Snow Emperor is already slaying gods."

"I can barely accept god slaying, but what is this thing that kills twelve gods in one go? Is this blatant cheating? Is no one going to come out and manage it?"

"If Snow Emperor isn't cheating, I'll broadcast myself using an electric fan for five shifts a day. It's really frustrating. Also, I'm offering a large sum of money for the same cheat that Snow Emperor uses."

... ..

The players exploded directly, just because killing twelve gods in a row was too shocking.

Not only the players, but also the major forces were surprised by this.

However, the Limitless Vast Expanse Palace was very calm; they had expected this day to come.

Chapter 606 - The decisive battle begins, the tough Bai Yun!

In the vast and boundless Boundless Palace.

Xiudeli Baiyun strode out.

After this period of closed-door cultivation, she had completely integrated the power of the demon ancestor Kui.

Now, with every move she made, she had a posture of looking down upon the world.

It was as if, looking at the world, she was already invincible.

Now, the Boundless Palace had only nine gods left who could fight.

The previous continuous battles had already greatly impacted the foundation of the Boundless Palace.

It was already commendable to be able to gather nine gods who could fight.

"The Snow Emperor is back, he is back with the God Conferring List, are you afraid?"

Xiudeli Baiyun's gaze swept over the nine gods in front of her.

If it were before.

Even she would be polite to these gods.

But now.

She no longer had the politeness she once had, as if the gods in front of her were just her chess pieces.

"Baiyun, we have reached this point, there is no turning back."

She was not a god, but she had combat power close to that of a god, and defensive means of a high-level god.

In a normal battle, gods could not beat her without erupting, and erupting would be attacked by thunder punishment.

In short, she completely countered gods!!

"Let's go, follow me to the Mortal Palace!"

Xiudeli Baiyun did not retreat because Lin Tianhao had killed twelve gods in a row, but instead prepared to take the initiative.

The nine gods looked at each other and finally nodded.

"Yes."

The strong rise of Xiudeli Baiyun was an excellent opportunity for them to unify the Boundless Continent.

Once the Boundless Continent was unified, resources were integrated, and the Dragon Cave was swept away, their Boundless Palace would greatly increase in strength in a short period of time.

In the Boundless Continent, the reason why king-level existences were so rare was because resources were too scarce.

Or rather.

The resources were too scattered.

These scattered resources were difficult to support them in reaching the king level.

Even reaching the Grandmaster level was rare.

Even the high-level members of those holy lands were mostly only diamond-level and star-耀级.

Mortal Palace!!

Powerful auras descended, completely enveloping the Mortal Palace.

When Xiudeli Baiyun arrived at the Mortal Palace with the nine gods, Lin Tianhao had already received the news.

He used the Kunlun Mirror to lead the high-level members of the major holy lands directly back to the Mortal Palace.

Mortal Palace, Central Square.

The atmosphere was solemn.

Ordinary seventh and eighth rank professionals could not even lift their heads here.

Because at this time, there were more than twenty gods confronting each other in the square.

"Xiudeli Baiyun, I gave you a chance, but unfortunately, you did not cherish it," Lin Tianhao said indifferently.

Xiudeli Baiyun had already chosen her own death, and he could not let Xiudeli Baiyun leave alive.

Hearing Lin Tianhao's words, Xiudeli Baiyun sneered.

"Snow Emperor, I admit that you have some abilities, but you are not enough to compete with me."

"There can only be one master in this Boundless Continent, and that is our Boundless Palace!!"

Lin Tianhao sighed and said:

"It seems that after absorbing the power of the demon ancestor Kui, you are really confident."

"However, your confidence is ridiculous in my opinion."

As soon as he finished speaking.

Lin Tianhao immediately ordered three gods to kill Xiudeli Baiyun.

Without using power beyond what the Twilight of the Gods rules allowed, gods were also not Xiudeli Baiyun's opponent.

But if three gods attacked together, even without fully erupting, they could still hold Xiudeli Baiyun back.

At least, holding Xiudeli Baiyun back for a few seconds was not a problem.

"Three Heads and Six Arms!!"

"Heaven's Punishment!!"

Lin Tianhao did not hesitate to activate Three Heads and Six Arms and Heaven's Punishment.

Thirty arrows per second, each arrow had Lin Tianhao's high damage, as well as the source burning damage attached to the feather arrows.

Although the source burning damage would not be increased by damage-increasing skills such as double true damage.

But the fixed one-thousandth percentage was still very terrifying.

Thirty arrows per second, the damage brought by the source burning alone could already knock out three percent of Xiudeli Baiyun's maximum health.

In addition, there was the damage from Lin Tianhao's Hand of Heaven's Punishment, as well as the damage increase from the Book of Life and Death, and some skills obtained from the gods by the Godslayer's Mark.

It could still deal very good damage.

As long as the three gods could suppress Xiudeli Baiyun's health recovery, it would only take Lin Tianhao half a minute to kill Xiudeli Baiyun.

-85.9 billion!!

-85.9 billion!!

.....

Huge damage numbers popped up from above Xiudeli Baiyun's head.

Obviously.

Her health was not as good as the Captive Sea Dead Woman's.

The guaranteed hit attached to Heaven's Punishment, even if Xiudeli Baiyun used her blood-colored罩 that could withstand god attacks, was still useless.

The feather arrows penetrated her blood-colored罩, constantly knocking out her health.

"How could this be..."

Xiudeli Baiyun was a little surprised.

Lin Tianhao's damage was already outrageous, but in addition to that outrageous damage, this guaranteed hit characteristic also gave her a headache.

"Snow Emperor, I admit that I underestimated you, but if it's just like this, you still can't kill me."

Xiudeli Baiyun directly ignored Lin Tianhao and began to frantically collide with the three gods Lin Tianhao sent out.

Lin Tianhao could knock out about four percent of her health per second, but her blood-sucking was not inferior at all, and even gave Lin Tianhao the feeling that her blood-sucking was about to overflow.

Sure enough.

Four percent damage per second was still too low.

This level of damage was still too difficult to kill Xiudeli Baiyun.

Lin Tianhao could not knock out Xiudeli Baiyun's health, but Xiudeli Baiyun became more and more courageous as she fought, and even beat the three gods back step by step.

If this continued for a long time, the three gods would definitely fall into Xiudeli Baiyun's hands.

But Lin Tianhao did not stop, he was still doing everything he could to shoot his feather arrows at Xiudeli Baiyun.

His feather arrow damage could not kill Xiudeli Baiyun.

Then he would gamble!

Gamble on his death reincarnation.

Although death reincarnation was difficult to trigger when facing a high-level, high-grade powerhouse like Xiudeli Baiyun.

But during this time.

Lin Tianhao's luck attribute had already been greatly improved.

Moreover.

In order to welcome today's battle, Lin Tianhao specially asked the Mad War Blade to collect thirty lucky coins for him, in order to increase his probability of triggering death reincarnation.

Time passed second by second.

The three gods were already a little unable to resist, and one of the gods took the lead in erupting, in order to buy time for Lin Tianhao.

Sure enough.

When the gods fully erupted, Xiudeli Baiyun could only choose to open the blood-colored罩 to avoid its edge.

But Lin Tianhao's damage was still too difficult to shake Xiudeli Baiyun.

"If we continue to fight like this, we will only be defeated by Xiudeli Baiyun one by one," Tutulu Hong穹 frowned.

Chapter 607 - Kill Xiudeli Baiyun!

Lin Tianhao remained unmoved.

Shudeli Baiyun was indeed troublesome, but he still had one chance, and that was Death Reincarnation!!

Looking at Shudeli Baiyun now, she was obviously not wary of his Death Reincarnation.

Therefore.

Lin Tianhao had a chance.

Thirty arrows per second, three hundred arrows in ten seconds!!

Lin Tianhao just didn't believe that he was so unlucky that he could never trigger Death Reincarnation.

Even if the probability of existence was low, there was still a possibility of triggering it!

A god fully erupted, and soon the thunder punishment fell, and this god suffered heavy damage.

Lin Tianhao immediately included this god in the God Conferring List and dispatched a new god.

The nine great gods of the Vast and Boundless Palace side all watched coldly.

Because their views were the same as Tutulu Hongqiong's, fighting a war of attrition like this would inevitably be to the disadvantage of Lin Tianhao's side.

After all, judging from the current situation, even if the three gods joined forces, they still couldn't do anything to Shudeli Baiyun.

They would also be forced to fully erupt by Shudeli Baiyun, and finally suffer thunder punishment.

Shudeli Baiyun's gaze fell on Lin Tianhao with a hint of smugness.

Obviously.

She was provoking Lin Tianhao.

And even mocking Lin Tianhao.

Lin Tianhao remained unmoved.

Because he now had a sufficient number of gods under his command and could afford to delay!

But Shudeli Baiyun might not be able to afford to delay.

His lucky attribute bonus was already quite considerable.

In addition, he had also experienced a baptism of grade + 1.

Therefore.

The probability of triggering Death Reincarnation would not be as low as before.

If one hundred arrows didn't work, then one thousand arrows, if one thousand arrows didn't work, then ten thousand arrows!!

This price.

The current Lin Tianhao could completely bear it.

Shudeli Baiyun was originally fighting vigorously.

But in the next moment.

She was dumbfounded.

Because her health bar was instantly cleared!!

This came too suddenly, she didn't react at all, and her health bar had already been cleared.

"Ding, congratulations, you have successfully killed Shudeli Baiyun, a server-wide announcement will be made soon, do you want to hide your name?"

"No!!"

"Server-wide announcement, congratulations to player Xue Di for successfully killing Shudeli Baiyun, this announcement is made to encourage all players to continue their efforts!!"

... ..

The server-wide announcement resounded in the sky above the Vast and Boundless Continent.

The major forces were shaken.

They knew.

When Shudeli Baiyun fell, the situation in the Vast and Boundless Continent could no longer be reversed.

The era of the Mortal Palace had returned.

The future Vast and Boundless Continent would once again be controlled by the Mortal Palace.

"It's killed just like that?!"

Everyone present was very surprised.

Originally, they all felt that it would be difficult to reverse the situation today.

But now they realized that they were wrong.

"Xue Di, you... how did you do it?!"

Tutulu Hongqiong felt a little terrified.

"Is it a low-probability instant kill skill?!"

Before Lin Tianhao could answer, Chang Shuiyang said his guess.

Lin Tianhao didn't explain this question.

His gaze fell on the front, where there were still the nine gods of the Vast and Boundless Palace.

These nine gods didn't have any intention of fighting, nor did they negotiate.

Among these nine gods, a tall female god walked out.

She smiled slightly at Lin Tianhao and said:

"Xue Di, from now on, our Vast and Boundless Palace and Vast and Boundless Empire will be sealed and will no longer interfere in the affairs of the Vast and Boundless Continent."

Lin Tianhao frowned slightly.

To say what he thought, he definitely wanted to keep them all and send them all to the God Conferring List.

Seeming to see Lin Tianhao's thoughts, Tutulu Hongqiong quickly said:

"Xue Di, know when to stop, this result is already very good."

Lin Tianhao said in a deep voice:

"But I still want to send them to the God Conferring List!!"

Although sending them all to the God Conferring List might require Lin Tianhao to exchange one for one.

However, his Godslayer mark for killing gods could strip them of their abilities and reward a high amount of free attribute points.

Moreover.

He wouldn't lose out even if it was one for one.

After all, he could revive the gods who were punished by thunder.

Chang Shuiyang came quickly, "Xue Di, no."

That tall god looked at Lin Tianhao and said with a smile:

"Xue Di, you are still an adventurer after all, and you know too little about this world."

"Why do you think the Mortal Palace was not destroyed in the first place, but sealed instead? As the master of the Mortal Palace now, you should know that the Mortal Palace back then didn't even have the qualifications to be sealed."

"Any holy land in our Western world could have destroyed the former Mortal Palace with all its strength."

Having said that.

The tall god changed the subject, "And why do we gods listen to the orders of the holy land masters, even knowing that we will suffer thunder punishment, and willingly be pawns?"

"The real masters of all this are the powerhouses in the God Realm. We ourselves are pawns left in the Vast and Boundless Continent."

"The point-to-point sealing at the cost of sealing is the rule set by those adults. If you break it, they don't mind returning from the God Realm."

Lin Tianhao frowned and said nothing.

He really didn't know these things before.

As for why the gods listened to the holy land masters, Lin Tianhao only thought that they were all one family.

Everything they did was for the holy land.

But now it seems that these holy lands are just incense inheritances left in this world.

The truly powerful existences have already gone to the God Realm.

God Realm!!

Lin Tianhao had also heard of it for a long time, but had never set foot in it.

He didn't know what kind of scene it was in the God Realm.

Not to mention the God Realm.

Even just in this Vast and Boundless Continent, he couldn't be considered a strong person.

And beyond the Vast and Boundless Continent, there was also the Divine Continent.

Above the Divine Continent was the God Realm!

In his previous life for ten years.

Lin Tianhao was just a small shrimp in a remote corner.

Compared to the current him, the previous him only had a higher level than the current him.

"Sealing is possible, but as the defeated party, I want something from your Vast and Boundless Palace."

Shudeli Baiyun said before that their Vast and Boundless Palace had a Heavenly Punishment equipment.

If the Vast and Boundless Palace and Vast and Boundless Empire chose to seal, it would be very difficult for him to obtain that Heavenly Punishment equipment again.

Therefore.

Lin Tianhao must obtain it before the Vast and Boundless Palace is sealed.

"Due to the rules of the Twilight of the Gods, I cannot directly give you that Heavenly Punishment equipment, unless you can allow our Vast and Boundless Palace to continue to stay in the Vast and Boundless Continent."

"Similar to the One Thought Temple and the Dragon Suppressing Treasure Temple."

Lin Tianhao frowned and shook his head, and said seriously:

"No."

"Agreeing to let your Vast and Boundless Palace be sealed is already considered a benefit to you, don't bargain!"

Hearing this.

The tall god also didn't give in at all, and said calmly:

"No, this is not a benefit. We want to be sealed, and you cannot stop us, otherwise you will be forcing the powerhouses of the God Realm to take action!!"

Chapter 608 - The vast Wuji Palace is covered in dust!

"I can't stop it, but I can kill you all now. As for the sealing of the Limitless Vast Expanse Palace afterward, I don't care."

"Xiudeli Baiyun led you to our Mortal Palace to cause trouble, seriously injuring three of our gods in succession, intending to destroy our Mortal Palace."

"Our Mortal Palace killed the invaders, what's wrong with that?!"

Lin Tianhao's expression was indifferent, his attitude resolute.

Having lived two lives,

he knew these NPCs' nature very well.

To get good things from them, he couldn't just compromise blindly.

Especially since,

he was the victor now. If he compromised, where would he put his face?

"That Heaven's Punishment equipment is not a reward, but the price for your nine lives!!"

The tall goddess's face instantly darkened.

As gods, they all had their own pride.

Now being humiliated by Lin Tianhao like this made them somewhat angry.

But thinking about their current situation, the tall goddess suppressed the anger in her heart.

As gods,

even being killed was not unacceptable to them.

After all, sometimes dignity is greater than life.

But if they were killed by Lin Tianhao, it wouldn't be a simple death.

Instead, they would be sent to the God Conferring List, becoming Lin Tianhao's slaves, completely controlled by Lin Tianhao.

This was unacceptable to them.

Was it worth doing this for a Heaven's Punishment equipment?

Perhaps not giving it to Lin Tianhao could slow down Lin Tianhao's development, but looking at the current situation,

Lin Tianhao's development could no longer be stopped.

Letting their nine gods become Lin Tianhao's slaves just to slow down Lin Tianhao's development speed.

No matter how you looked at it, it wasn't worth it!

Therefore,

after only a slight hesitation, the tall goddess finally chose to compromise.

"Ding, the Platinum Smoke Goddess has issued you a mission."

"Mission Requirement: Let them leave safely, and agree to the sealing of their Limitless Vast Expanse Palace and Vast Expanse Empire."

"Mission Reward: Heaven's Punishment Ring +1."

"Mission Penalty: Unknown."

"Ding, accept?"

Lin Tianhao didn't expect that this Platinum Smoke Goddess would be so cautious.

She even issued this item in the form of a mission, not giving Lin Tianhao any chance to go back on his word.

But to be honest,

Lin Tianhao didn't care about these things, and directly accepted the mission.

After accepting the mission, due to the rules of the Twilight of the Gods, neither party could go back on their word.

Lin Tianhao nodded.

With so many gods on his God Conferring List now, he wasn't worried about the Limitless Vast Expanse Palace causing any more trouble.

If anyone really caused trouble, then that would be perfect, he would just flatten the Limitless Vast Expanse Palace.

After all, sealing was a fallback.

The fallback had already been given, if they didn't grasp it themselves, then they couldn't blame Lin Tianhao.

Arriving at the Limitless Vast Expanse Palace.

The Platinum Smoke Goddess took out a ring from the Limitless Vast Expanse Palace, and she handed the ring to Lin Tianhao.

"Ding, congratulations, you have completed the Platinum Smoke Goddess's mission."

A faint smile appeared on Lin Tianhao's face. The second Heaven's Punishment equipment was in hand, which meant that he could carry out his third class advancement.

"Okay, according to the agreement, your Limitless Vast Expanse Palace and Vast Expanse Empire should take the initiative to seal themselves."

Helping the Moon Wheel Empire settle its people had already made Lin Tianhao feel the trouble.

The Vast Expanse Empire had even more people.

If he also had to help settle them, it would be even more troublesome in the future.

If they took the initiative to seal themselves, then there wouldn't be much of a problem.

A faint smile appeared on Lin Tianhao's face. He also wanted to see what it would be like for a holy land and a country to seal themselves.

The Platinum Smoke Goddess nodded, and she stepped into the Vast Expanse Holy Land.

In the next instant, a server-wide announcement echoed in the sky above the Vast Expanse Continent.

"Server-wide Announcement, all players of the Vast Expanse Empire, please note that the Vast Expanse Empire and the Limitless Vast Expanse Palace will be sealed in three minutes. All missions taken from the Vast Expanse Empire and the Limitless Vast Expanse Palace by adventurers will be interrupted without penalty. This announcement is hereby made, please be aware!!"

... ..

When this server-wide announcement rang out, everyone was dumbfounded.

The Limitless Vast Expanse Palace had always been recognized as the number one holy land of the Vast Expanse Continent.

They never expected that the Limitless Vast Expanse Palace would take the initiative to seal itself.

The last ones to be beaten into sealing were the Mortal Palace and the Mountain Sea Empire.

"Brothers, have you discovered the pattern? You can't be the first bird to be shot."

"I heard that the former Mortal Palace and Mountain Sea Empire were the rulers of the Vast Expanse Continent, commonly known as the number one holy land of the Vast Expanse Continent."

“Then, the Mortal Palace and the Mountain Sea Empire were beaten into sealing by the major holy lands. Now the tables have turned, and it has become the Limitless Vast Expanse Palace.”

The person who said this was talking with great interest, and a person next to him immediately made a gesture to silence him.

“Do you not want to live anymore? Saying this kind of thing, no matter whose world the Vast Expanse Continent becomes next, you are offending the next number one holy land of the Vast Expanse Continent.”

“Moreover, according to my speculation, the next number one holy land of the Vast Expanse Continent should be the Mortal Palace.”

“Who is the master of the Mortal Palace? That is the insidious, cunning, and vengeful Snow Emperor. If the Snow Emperor knows that you are speaking ill of him, then it will be too difficult for you.”

The brother who spoke earlier coldly glanced at the person who said this, with an expression of who is really seeking death.

This was just a small interlude.

Lin Tianhao stood in the sky above the Limitless Vast Expanse Palace, with a faint smile on his face.

After working so hard for so long, although there were twists and turns, he finally got his wish.

The Limitless Vast Expanse Palace had fallen, and the biggest obstacle on the Vast Expanse Continent was gone.

The Limitless Vast Expanse Palace, as well as all the buildings of the Vast Expanse Empire that Lin Tianhao could see, began to sink.

The Platinum Smoke Goddess glanced at Lin Tianhao meaningfully and said seriously:

“Snow Emperor, I know what you are thinking, but I must tell you, don’t be too happy too soon.”

“Although our Limitless Vast Expanse Palace has fallen into slumber, there are still the Joyful God Society and demons in existence.”

“They have always been waiting, waiting for us two sides to decide the victor, and then they will reap the benefits.”

Lin Tianhao frowned slightly, he had also thought about the Joyful God Society and the demons.

Like the gods, most of the demons are in a sealed state, and very few demons can come out and cause trouble.

But now Lin Tianhao had sufficient foundation, and now he had obtained another Heaven’s Punishment equipment, his strength could be improved again.

Not only that,

after he subdued the Vast Expanse Empire, he could also obtain rewards, and his strength would also be improved.

Therefore,

in the next period of time, Lin Tianhao’s strength could be greatly improved.

But Lin Tianhao knew that being too arrogant easily leads to disaster!

Didn’t Xiudeli Baiyun suffer this time because she was too arrogant?

Otherwise, if Xiudeli Baiyun fought him in a tug-of-war, it wouldn't really be easy for him to kill her.

"Thank you for the reminder, senior, I will pay attention to the Joyful God Society and the demons!!"

Lin Tianhao said solemnly.

He wasn't joking either.

When facing the life forms of the Arlett Star System, Lin Tianhao had always maintained a high degree of vigilance.

Chapter 609 - God on the list!

The Platinum Smoke God smiled and retreated into the vast Illimitable Palace, following it as it slowly sank into the ground.

"Having personally witnessed the sealing of the Illimitable Palace, isn't this something to brag about for a long time?"

"Indeed, a top-tier sacred ground of an era is now sealed. I even gave gifts to the stewards of the Illimitable Palace, preparing to join. Now it seems that my efforts have gone to waste."

"Gifts? Who taught you to play the game like this? I didn't give any gifts. Why should you get to!"

... ..

With the Illimitable Palace and the Illimitable Empire sealed, the cities belonging to the Mountain Sea Empire on their former territories began to revive.

Cities rose from the ground, and the people, soldiers, officials, and so on, all began to slowly recover.

“Ding, congratulations, you have further revived the Mountain Sea Empire, rewarding the skill: Return, Mountain Sea Empire Luck +10, Personal Luck +20, Free Attribute Points +100,000.”

Return: Cannot be upgraded.

Note: Return cannot be blocked. God-level formations, seals, and controls cannot block Return.

Consumption: None.

Cooldown: Three times per day.

Proficiency: Cannot be upgraded.

Lin Tianhao narrowed his eyes slightly. This skill, just looking at it, doesn't seem like much.

But considering his experience of being trapped in the Heaven and Earth Imprisonment Formation this time.

This Return skill is still quite awesome.

With this skill, even gods can't trap him.

Before the fusion of the game and reality, the biggest problem Lin Tianhao would encounter was being trapped.

This Heaven and Earth Imprisonment Formation was a lesson.

If it weren't for the timely revival of the Dark Night Spirit God, Moilai, he would have suffered a great loss this time.

He might have even been delayed until the Great Cataclysm arrived, and then been killed.

This Return skill can avoid this problem very well.

Most importantly.

After Lin Tianhao unifies the Illimitable Continent, he will definitely have to find a way to explore the sea and other places of the Divine Continent.

In other places, there may be even more powerful forces.

Withdrawing his thoughts.

Lin Tianhao checked the equipment attributes of the Heaven Punishment Ring.

Heaven Punishment Ring: Unknown.

Equipping Requirement: Heaven Punishment Archer.

Effect 1: Heaven Punishment Attack Speed +1, not affected by the stage reduction of attack speed.

Effect 2: Percentage damage reduction 5%, still effective against god-level attacks.

Effect 3: Can block one fatal attack, cooldown time one hour.

Effect 4: Luck +10.

Effect 5: Clear mind, enlightenment speed +10 times.

Effect 6: Maximum health increased by 50%.

Effect 7: Maximum armor increased by 50%.

Effect 8: Maximum magic resistance increased by 50%.

Effect 9: Absolute Slow (You actively release it, allowing the target unit to have a 90% reduction in movement speed and a 90% reduction in attack speed for the next three seconds. Absolute Slow is absolutely established, and even gods will be slowed down, cooldown time one hour.)

Durability: Cannot be destroyed, cannot be stolen after wearing, cannot be dropped.

Seeing these attributes, Lin Tianhao was somewhat prepared and not too surprised.

However, the skill name Absolute Slow is similar to the skill obtained from the Ghost Grass God with the Godslayer Mark.

However.

The Absolute Weakness value of the Ghost Grass God is 50%, and it will be weakened to 20% for gods.

The Absolute Slow attached to the Heaven Punishment Ring has a weakening effect of up to 90%, and even gods cannot be immune.

The difference is obvious.

Moreover.

The attributes of this Heaven Punishment Ring and the Heaven Punishment Heart Mirror are almost exactly the same, only Absolute Block has become Absolute Slow.

In the future, will the Heaven Punishment equipment also have powerful absolute skills?

If so, Lin Tianhao's future solo ability and support ability will be extremely terrifying.

Now Lin Tianhao's attributes are not enough, and the opponents he faces are too strong.

In a real battle between experts of the same level, it is really possible to determine the winner with a single mistake or a second of control.

Just imagine.

What if the opponent Lin Tianhao faces has similar attributes and similar damage to him?

What would the battle be like?

It is really possible to lose one's life with a single mistake.

After all, Lin Tianhao's current output ability can no longer be described with the word "terrifying."

That is perverted!

It can even be said to be cheating!!

After Lin Tianhao wore the Heaven Punishment Ring, his health broke through the 3.6 billion mark!!

The 50% increase in health from the Heaven Punishment Ring and the Heaven Punishment Heart Mirror cannot be stacked.

For example, if the base health is 100, wearing the Heaven Punishment Ring increases the health by 50%, which is 150.

And then wearing the Heaven Punishment Heart Mirror.

It is not 150 multiplied by 150%, but 100 multiplied by 200%.

Both increases are based on the increase in base health.

Therefore.

Wearing the Heaven Punishment Ring and the Heaven Punishment Heart Mirror at the same time, Lin Tianhao's health breaks through 3.6 billion!

Otherwise, with an incremental increase, Lin Tianhao's current health should have broken through the 4.2 billion mark.

But this is the terror of the Heaven Punishment equipment.

Because the base health increases, this increase will continue to improve.

Now Lin Tianhao's 3.6 billion+ health, the 4% maximum health damage of the Heaven Punishment Hand is more than 140 million.

And because of the skill Lin Tianhao obtained from the Slaughter Angel, killing monsters can increase attack power.

And Lin Tianhao himself has attack power, this damage value can also be improved.

Of course.

This degree of improvement is not much.

But.

Lin Tianhao also has double damage increase and the 20% damage increase effect of the Galaxy Wargod.

These two damage increases alone are as high as 220%.

After the damage value of more than 140 million is increased by 220%, it can be further improved.

The damage value breaks through 300 million!!

And Lin Tianhao's current critical hit has broken through 100%.

One arrow out, the damage directly breaks 600 million!!

This damage value is somewhat insignificant in the eyes of the strong of the major sacred grounds.

But relative to Lin Tianhao's current level of strength, it is already quite terrifying.

Lin Tianhao withdrew his thoughts, and a shallow smile appeared on his face.

Next.

It's time to check the rewards for killing twelve gods in a row before.

Opening the panel of the Godslayer Mark, Lin Tianhao prepared to sort out and check all the skills in his current Godslayer Mark.

Godslayer Mark: God-level.

Effect 1: You will not be affected by divine might.

Effect 2: Every time you kill a god, you can strip away one of their powers.

[Currently killed gods:

No. 1, Ice and Snow Goddess: You are immune to ice and snow damage and negative effects.

No. 2, God of the Undead: You can enslave the souls of the creatures you kill, lasting for 30 days, with a maximum number of one million.

No. 3, Sea God: When in the ocean, as long as you are not instantly killed, your health will recover to full value in one second. (Recovery will consume the origin power of the ocean.)

No. 4, Silver Eye · Nicolas: Your affinity for space is increased by a thousand times, which helps you understand the Dao and skills of space.

No. 5, Blackheart Dragon: Your movement speed in the air is increased by 50% without reduction.

No. 6, Dark Night Spirit God: All your attributes in the dark are doubled.

7. Olufdland: You can influence the consciousness of those whose mental power is weaker than yours, allowing them to see, hear, and smell everything you want them to perceive.

Note: The greater the difference in mental power, the greater the probability of success and the greater the influence on consciousness.

8. Mu Yunli · Safeng (Infinite Tracking): You can track what you want to track by releasing your own power. The stronger you are, the wider the range you can track.

Di Sa Yuan (Star River Eye): You actively release, consuming 100,000 mana. In the next five seconds, anyone who sees your eyes will see an endless sea of stars.

10. Yuan Feng God (Wall of Wind): Release a wall of wind in one direction to block all attacks coming from that direction within two seconds.

Note: God-level attacks cannot be blocked.

11. Yuan Huo God (Source Burning): Your attacks and skills will deal true damage equal to one-thousandth of the target unit's maximum health.

12. Yuan Shui God (Water Clone): You can create a clone using water elements. This clone has 50% of your attributes and can exist for a long time until its health bar is emptied, then it will disappear.

13. God of Ghost Grass (Absolute Weakness): When you release it on a target unit, it will reduce the target unit's attack speed and movement speed by 50%. This effect is absolute, and even gods cannot be immune, but the effect on gods is only 20%.

14. God of the Blood Moon (Under the Blood Moon): Under the moon, your damage will be amplified. The amplification varies depending on the moon's phases, with a maximum amplification of 100%.

15. Killing Angel (Killing Enlightenment): After you kill a creature whose level is not lower than your own, you can permanently increase your own attack power by one point.

... ..

These fifteen gods were killed by Lin Tianhao before.

Each god gives Lin Tianhao quite powerful methods.

Especially the skill given to Lin Tianhao by the Dark Night Spirit God Mo Yilai, coupled with the gods amplified by the Blood Moon God to Lin Tianhao.

Under the amplification of the two.

If it is in a dark night state with a moon, Lin Tianhao's damage will directly increase by two times, which is not a problem.

Retract your thoughts.

Lin Tianhao began to check the twelve gods he had killed before.

The twelve gods were killed by Lin Tianhao in one breath.

After the kill, he clashed head-on with Xiudeli · Baiyun. Lin Tianhao had no time to check the skills that the Godslayer mark had stripped from these twelve gods.

16. God of Withered Grievances (Affinity with Buddha): If you choose to join Buddhism, you can receive the blessings of the gods, and at least one blessing from the gods.

Lin Tianhao was stunned for a moment.

What is this thing??

Whether this benefit exists or not is a waste!

Join Buddhism?

A blessing from the gods wants him to join Buddhism, which is a bit of an underestimation of him.

As for the so-called "at least one", Lin Tianhao directly ignored it.

As for the reason, Lin Tianhao still knows some of the ways of Buddhism.

17. God of Hundred Slayings (Hundred Slayings Enhancement): Every time you continuously kill one hundred creatures of the same level, damage is increased by 10%, up to a maximum of 100%.

Lin Tianhao raised his eyebrows, this skill seems to have some strength.

At least.

Lin Tianhao is already an invincible existence at the same level.

Kill one hundred?

Killing one thousand, killing ten thousand, is not a difficult thing for Lin Tianhao.

18. Zhengmu God (Wood Transfer): You can transfer the vitality of woody plants to other life forms to heal other life forms.

Note: This healing effect is still effective for some injuries that cannot be restored on their own.

Lin Tianhao's eyes lit up.

At this stage, there is no such thing as incurable injuries.

But having lived two lives, Lin Tianhao knows that some powerful methods can cause injuries that cannot be healed.

Normally, after being attacked, losing blood can automatically recover to full health, or you can go to the resurrection altar to recover, or take medicine.

But.

This is not absolute.

Certain special and powerful methods may prevent enemies from recovering health.

The main reason why this method has not yet appeared is because of the existence of the resurrection mechanism.

In other words.

It's not that there are no such powerful methods.

Yes!!

But the resurrection altar is too strong, and there is currently no injury that the current resurrection altar cannot recover from.

When the Great Cataclysm comes, the resurrection mechanism will be eliminated, and the power of the resurrection altar will be greatly reduced compared to now.

19. God of Six Blessings (Laifu): Your Luck attribute +60.

The name of this skill is very down-to-earth, but the effect of this skill is of great help to Lin Tianhao.

Luck attributes are difficult to improve through conventional means.

Increasing sixty points of luck in one breath is already rare.

20. God of Compassion (Compassion): You can use your power to influence all living beings and mobilize the sad emotions of all living beings.

Lin Tianhao felt a little egg pain.

This God of Compassion is obviously also a god of Buddhism.

This compassion... is it useful?

It seems useless at all.

Indeed.

It is really not an easy task to get benefits from the hands of Buddhist gods.

21. God of Asking the Heart: (Asking the Heart to Understand the Tao): Ask virtue of your original heart, the original heart is clear, you can greatly increase your speed of enlightenment, the better your state of mind, the greater the increase in the speed of enlightenment, up to a hundred times the speed of enlightenment.

22: God of North Ice (Infinite Ice Explosion): In the presence of ice, you can explode ice in mid-air, causing considerable damage.

23: Fire Wolf God (Bloodthirsty Wolf Transformation): You transform into a werewolf form and enter close combat mode, increasing bloodsucking by 30%.

24: Ink Knife God (Soaring Fighting Spirit): Forcibly enhance your fighting will, you can dispel the negative effects on yourself and enhance your own combat power by 10%.

25: Blue Bear God (Son of the Sky): You can freely walk and run in the sky.

26: Green Shirt Sword God (Supreme Sword Heart): Your understanding of kendo is increased by 100 times, and the power of your kendo methods is increased by 10 times.

27: Gluttony God (Infinite Gluttony): You can increase your free attribute points by eating things. The more energy the things you eat contain, the more energy points you can get.

After reading the twelve new abilities he had acquired, Lin Tianhao couldn't help but gasp.

Except for the abilities brought by the two Buddhist gods that made people scalp numb, the abilities brought to Lin Tianhao by the other gods were very powerful.

Especially the last gluttony god, this is a rare means to infinitely increase free attribute points.

Not only that.

The Supreme Sword Heart is also very powerful.

Lin Tianhao himself is a kendo seed, coupled with this supreme kendo, as long as Lin Tianhao is willing to work hard on kendo.

In the future, his achievements in kendo will definitely not be bad!

Chapter 610 - The Shitu Empire has become a demonic copy!

Glancing at the God Conferment List, not all twenty-seven deities within it were in a state of complete recovery.

The previous battle against Xiudeli Baiyun had resulted in three of Lin Tianhao's deities being struck by lightning and falling into slumber.

Adding to the previously dormant Silver-Eyed Octopus, Black Heart Dragon, Muyunli Safeng, and other deities, Lin Tianhao currently had fourteen deities in a state of recovery.

This was even counting the newly revived God of the Undead.

To be honest.

The God of the Undead was truly a meritorious figure in Lin Tianhao's hands.

Among all the deities, the God of the Undead was not only the first deity on Lin Tianhao's God Conferment List,

but also played a very powerful role in enslaving the undead for Lin Tianhao.

It could enslave millions of undead.

Of course.

The most crucial point was that among the many deities on Lin Tianhao's God Conferment List, the God of the Undead had been struck by lightning the most times.

Now that the God of the Undead had revived again, given its characteristics, Lin Tianhao would likely have it step up again if needed next time.

Mainly because the God of the Undead was much easier to revive compared to other deities.

Regaining his thoughts.

Lin Tianhao could now be said to have reached his peak state.

Fourteen deities capable of unleashing their full power, combined with Lin Tianhao's own skills, who could possibly stop him?

The 100,000 free attribute points obtained from reviving the Vast Empire were all converted into Heavenly Punishment attack speed by Lin Tianhao.

After equipping the Heavenly Punishment Ring, his Heavenly Punishment attack speed had reached 11.31.

This conversion further increased Lin Tianhao's Heavenly Punishment attack speed, reaching 12.15.

After breaking through twelve attack speed, converting Heavenly Punishment attack speed again would require several times the free attribute points.

Normally it would be ten.

The Heavenly Punishment attack speed granted by Lin Tianhao's Heavenly Punishment Heart Mirror and Heavenly Punishment Ring was unrestricted and unreduced.

Therefore, after breaking through twelve attack speed, the required free attribute points would increase exponentially.

Having obtained the Heavenly Punishment Ring, Lin Tianhao could undergo another class change.

He just didn't know what kind of abilities he would gain this time.

During his first class change to Heavenly Punishment Archer, Lin Tianhao obtained Heavenly Punishment.

During his second class change, he obtained damage transfer, allowing him to transfer ninety percent of the damage.

This time, for his third class change, Lin Tianhao also wanted to see what kind of rewards he would obtain.

With the experience of the previous two times, Lin Tianhao was now very familiar with changing classes.

Before long.

Lin Tianhao had already completed his class change.

After completing his third class change, Lin Tianhao immediately checked the new ability he had obtained.

Arrow from the Heart: You can shoot arrows with just your mind without using feathered arrows. These arrows enjoy all your attributes and skill enhancements.

Upon seeing this skill, Lin Tianhao couldn't help but be stunned.

Followed by uncontrollable ecstasy.

The reason why the Heaven and Earth Cage Formation was able to trap him this time was because he couldn't resist within the Heaven and Earth Cage Formation.

But if he mastered this Arrow from the Heart, then even if he was controlled, he could still shoot arrows.

Arrow from the Heart!!

As long as the brain can still think, it can still fight.

Lin Tianhao's eyes narrowed slightly, what if this Arrow from the Heart was combined with Three Heads and Six Arms?

Wouldn't that be equivalent to him having four longbows firing at full power?

With this skill, Lin Tianhao's combat power rose to another level.

Now everything was almost ready.

Next, Lin Tianhao could sweep through the Xitu Empire.

The Moon Wheel Empire and the Vast Empire had already been conquered by Lin Tianhao. The next Xitu Empire was the last step for Lin Tianhao to fully revive the Mountain and Sea Empire.

As long as he fully revived the Mountain and Sea Empire, the rewards Lin Tianhao could obtain might be incomparably rich.

Thinking like this.

Lin Tianhao immediately prepared to order an attack on the Xitu Empire.

But at this moment.

A server-wide announcement resounded above everyone's heads.

"Server-wide Announcement: The Xitu Empire has degenerated and become a paradise for demons. The Xitu Empire is now a national dungeon. All adventurers can enter this dungeon to hunt demons. All kills will receive double rewards. We hope that all adventurers will work together to wipe out the Xitu Empire."

...

The server-wide announcement rang out three times, and Lin Tianhao's expression couldn't help but become serious.

A country, turned into a dungeon?

If it was within a secret realm, Lin Tianhao could barely accept it.

But this was not within a secret realm, this was outside of a secret realm. An empire that originally stood at the pinnacle had actually turned into a dungeon.

National dungeon, double rewards!

This attraction was undoubtedly great, but Lin Tianhao knew that this was an opportunity, and also a crisis.

Demons were different from ordinary monsters, and killing demons would not be easy.

"It seems that to completely revive the Mountain and Sea Empire, I must clear this national dungeon."

Lin Tianhao muttered to himself.

He just didn't know if this dungeon would have any restrictions.

For example.

Restricting god-level powerhouses from taking action?

Because it was a dungeon, there would be an entry requirement.

For example, for some third or fourth class change dungeons, if seventh or eighth class change people could enter, it would be too unbalanced.

Taking a step.

Lin Tianhao arrived at the border of the Xitu Empire.

The Xitu Empire had already undergone a major change. The entire Xitu Empire was shrouded in blood.

Cracks appeared in the land of the Xitu Empire, and those blood lights emanated from those cracks.

At this time, many adventurers were gathered at the border of the Xitu Empire.

Twilight of the Gods had been open for almost eight months.

Most players were no longer newbies.

Although this was the first time they had encountered this kind of national dungeon, they did not dare to enter easily.

Many people were recruiting people there.

"Is there a stronger priest? I have nine strong DPS here, but we are missing a priest."

"Level 395 archer looking for a strong team, well-equipped, priority will be given to equipment distribution."

"The Shura Guild is forming a hundred-man team, welcome casual players to join, we can share rewards together."

...

Seeing this, Lin Tianhao felt that he was now in a game world.

During this period, he had been fighting against the major holy lands, with various intrigues and deceptions.

Lin Tianhao even felt that this was not a game, but was seeking the path to immortality in some fantasy world.

Lin Tianhao had no intention of forming a team, and even if he wanted to form a team, it would definitely not be with the people in front of him.

Lin Tianhao was about to enter the Xitu Empire.

A voice came.

"Team up? Yes, you, that level 100 archer."

Lin Tianhao was currently in a hidden nickname state, but although people with higher levels than him could not see his nickname, they could see his level.

Level 100.

At this stage of Twilight of the Gods, it was a bit low.

After all, on the current level leaderboard, those who can make the list are all starting at level 500.

"No team."

Lin Tianhao responded faintly.

"The national dungeon must be very difficult. Are you going in alone just to die?"
