

O game 641

Chapter 641 - Break up and go your separate ways!

"And this Dragon Lair was discovered by us, therefore, we should get the lion's share."

Lin Tianhao frowned slightly, and Berserker Blade was about to say something, but Madam Jiuhua raised her hand to interrupt him.

"Blade, before you speak, figure out your own position. Whose side are you really on?"

"Your attitude towards Emperor Xue makes me very suspicious. Are you one of us, or are you one of Emperor Xue's people?"

Berserker Blade became anxious upon hearing this.

"Madam, I think you've misunderstood. I have absolutely no disloyalty towards my country or my leader."

"Everything I do is for our country."

Madam Jiuhua snorted coldly, "Since you have absolutely no disloyalty towards your leader, then will you listen to what I, your leader, say, or not?"

Berserker Blade opened his mouth, wanting to say something, but was interrupted by Madam Jiuhua again.

"Alright, I'm talking to Emperor Xue now."

With that, Madam Jiuhua changed the subject and continued to say to Lin Tianhao:

"Emperor Xue, the Heaven and Earth Harmony Pill is one thing, and secondly, you have two summoning scrolls. Does that mean you just passed two levels inside?"

"You wouldn't say that the two levels together only rewarded these three Heaven and Earth Harmony Pills, would you?"

Lin Tianhao frowned, "Indeed, only these three Heaven and Earth Harmony Pills were rewarded."

"Okay, I'll believe you for now. Then give us two of these three Heaven and Earth Harmony Pills. You don't have any objections, do you?"

Before Lin Tianhao could speak, Madam Jiuhua continued:

"You should know that we've always been at a disadvantage because every time we divide the rewards, you get an extra summoning scroll."

"According to our estimation, this summoning scroll can summon a god, so even if you don't share other rewards, you're naturally making a fortune."

Lin Tianhao narrowed his eyes and took out the three Heaven and Earth Harmony Pills he had just obtained.

"Okay, two pills, as you wish, here you go."

"Just an adventurer, do you really think we can't play without him?"

Berserker Blade hesitated, but still said:

"Emperor Xue is too far ahead of us. Cooperating with Emperor Xue won't be a loss for us."

"Just like these rewards we got this time, without Emperor Xue, it would be almost impossible for us to get them."

Hearing this,

Berserker Blade sighed helplessly, but Madam Jiuhua gave him a cold look.

"Blade, remember, our country rose from adversity."

"Have we faced few troubles in the past? Even when facing a national extinction crisis, we never bowed our heads to those great powers."

"Now, we have considerable strength and a solid foundation. Do we still need to look at someone's face?"

Berserker Blade said seriously:

"Madam Jiuhua, this isn't about looking at Emperor Xue's face. It's cooperation, each taking what they need."

"Precisely because it's cooperation, I think the distribution method should be more fair and reasonable."

At this point,

Madam Jiuhua changed the subject and asked:

"Do you also think my distribution plan is wrong?"

"Emperor Xue took a scroll to summon a god, and he still wants to take the lion's share of other rewards. Is that reasonable?"

"But... ..."

Before Berserker Blade could explain, Madam Jiuhua waved her hand.

"No buts."

"The matter is settled. I'm not against cooperating with Emperor Xue, but I don't agree with giving up benefits to cooperate with him again and again."

Berserker Blade looked at Dragon Team, wanting Dragon Team to say a word to help.

Dragon Team hesitated for a moment, but still said:

"Madam, the distribution of benefits can be discussed. I have a small suggestion. Emperor Xue is, after all, our close partner. This time, regarding the attitude and wording, should we... ..."

Before Dragon Team could finish speaking, Madam Jiuhua interrupted him.

"Is there a problem with my attitude? Is there a problem with my wording?"

"I don't think so!"

"If Dragon Team, you also don't want to explore the Dragon Lair, then leave now, and I'll replace you with someone else."

Dragon Team waved his hand, "Explore, I will definitely continue to explore. Everything will be according to the leader's instructions."

Not long after Lin Tianhao left, Berserker Blade sent a message to Lin Tianhao again.

"Emperor Xue, Madam has some official airs. Please forgive her for any inappropriate remarks."

"We can still continue to cooperate in the future. If there are any problems, Emperor Xue can still come to me."

Lin Tianhao was actually not very angry. It was completely within his expectations that this kind of thing would happen.

Not to mention a country, even a family will have conflicts and disagreements.

This is also the reason why Lin Tianhao is unwilling to find a spouse.

You can start from the kidneys, but not from the heart.

No matter how loving you were in the beginning, there will definitely be times of arguing, and there will definitely be all kinds of contradictions.

Lin Tianhao doesn't want to deal with those contradictions.

Or perhaps,

He is just very average in handling interpersonal relationships.

At least,

So far, he has been driving the people around him to become stronger, but he has not really taught them hand-in-hand.

Even his sister is usually in a free-range state.

Thinking of his sister Lin Qingqing.

Lin Tianhao suddenly realized a problem.

Her talent seems to be very terrifying, could it also be super-god level?

In other words,

If his sister enters the Dragon Lair, would she be like him, not completely suppressed?

But now Lin Tianhao no longer has the opportunity to practice, because he currently has no clues about the Dragon Lair.

Returning to the Mortal Palace.

Lin Tianhao wants to figure out how to become stronger.

How to clear the Xitu Empire.

Originally, he thought that solving the great trouble of the Vast Boundless Palace would solve the remaining Xitu Empire easily.

But now Lin Tianhao realized that the so-called easy solution was completely nonsense.

The Xitu Empire has become a dungeon, and god-level powerhouses are not allowed to take action.

Lin Tianhao seems to have been beaten back to his original form, a clown, and has no use in the Xitu Empire.

Withdraw his thoughts.

Lin Tianhao took out the Free Withering Fruit.

He used a hundred of them himself, and then traded a hundred to Fatty, Monkey, and his sister.

When Monkey received the Free Withering Fruit, he danced with excitement.

"Father is above, please accept a bow from your child!!"

"But Father, you haven't released any bounty missions this month. Release some bounty missions, ah. The speed at which I'm getting free attribute points has slowed down a lot recently."

Seeing Monkey's message, Lin Tianhao was also very helpless.

He also wanted to release bounty missions and distribute the reward quotas in his hand.

But the problem is that he doesn't have anything that is good for bounty now.

Before, Lin Tianhao had also considered offering a bounty for the Xitu Empire.

But later he discovered that the Xitu Empire itself is a national dungeon, and the rewards for killing demons inside are doubled, so it is impossible to offer a bounty.

Chapter 642 - Enter the Shitu Empire again and fight!

It's just that.

Lin Tianhao really doesn't have anything good to offer as a reward right now.

This thing, Lin Tianhao can only think about it more.

The free attribute points can be converted into Heavenly Punishment attack speed, which is of great help to Lin Tianhao.

Therefore, if possible, Lin Tianhao wants to distribute his indicators as the Lord of the Holy Land more than a monkey.

Withdraw his thoughts.

Lin Tianhao continued to trade free withered fruits to Glasses.

But he failed.

Without thinking, he knew that Glasses should be tomb raiding in some ancient tomb again.

Subsequently.

Lin Tianhao continued to give free withered fruits to others.

苟到万古 (Gou Dao Wangu), 小小剑 (Xiao Xiao Jian), 剑无双 (Jian Wushuang), 一箭破天 (Yijian Potian), 我真是近战法师 (Wo Zhenshi Jinzhan Fashi), 苏璃 (Su Li), six people, fifty free withered fruits each.

When Lin Tianhao gave them the free withered fruits, they were all very excited.

After all, this is equivalent to five thousand free attribute points.

If it is obtained by upgrading, it is enough for them to upgrade a thousand levels.

Although there are many ways to obtain free attribute points, such as fighting bosses and doing quests.

But to obtain such a high amount of free attribute points at one time, it is still a great help to them.

After distributing the free withered fruits, Lin Tianhao began to think about how he would fight next.

As a national copy, the demons killed in the Xitu Empire cannot be resurrected.

In other words.

Lin Tianhao can fight a war of attrition.

Kill all the other middle and high-level demons in the Xitu Empire, and then find a way to slowly conquer the remaining powerful demons.

With the return skill, he doesn't have to worry about being calculated by those demons in the Xitu Empire. As long as he is willing, he can return to the Mortal Palace at any time.

Currently.

Lin Tianhao doesn't have a better choice.

With one step.

Lin Tianhao came to the border of the Xitu Empire.

The power of these middle and high-level demons to attack these villages and towns is completely a dimensionality reduction strike.

And Lin Tianhao himself.

Still constantly changing the battlefield, attacking the middle and high-level demons of the Xitu Empire from different angles.

"Xue Di, you are too shameless."

Gray Fulongte's angry voice came.

Immediately afterwards.

I saw Gray Fulongte soaring into the sky.

The Nether Soul Domain unfolded, and a magic claw slapped towards Lin Tianhao.

Lin Tianhao frowned slightly, constantly pulling his position, while pulling the attack speed to the maximum, and shot towards Gray Fulongte.

The reason why Lin Tianhao is willing to come to consume the Xitu Empire is to bet on a possibility.

Bet on his cycle of death.

Each time he shoots Gray Fulongte hundreds of arrows, after a few more times, Gray Fulongte will die under his cycle of death.

"Attack together, leave him behind."

Gray Fulongte seemed to have guessed Lin Tianhao's thoughts, he shouted loudly, trying to leave Lin Tianhao behind.

Along with his voice, a sword light, as if it was the dawn that broke through the dawn, swept towards Lin Tianhao.

This sword light was terrifyingly abnormal, and it was a headshot as soon as it was shot, not giving Lin Tianhao a chance to dodge.

"Wind Barrier! !"

Lin Tianhao knew that he could not withstand this sword light, and immediately released a wind barrier in front of him.

The sword light collided with the wind barrier and was blocked by Lin Tianhao's wind barrier.

"Demon Assimilation!"

Another voice came, and Lin Tianhao only felt his body sink, and then thick scales appeared on his body.

The other party wanted to assimilate him into a demon.

"Star Moon Purification! !"

"Overlord Body! !"

Lin Tianhao used two methods in succession, but the trend of demonization on his body did not subside, which made Lin Tianhao a little unable to explain.

"Invincible Golden Body! !"

Lin Tianhao did not sit still and wait for death. While the feather arrows were frantically shot, he also released the Invincible Golden Body.

"Demon Sky Seal! !"

Just when Lin Tianhao used the Invincible Golden Body to temporarily suppress the demon assimilation, a large seal with billowing demonic energy fell from the sky, trying to completely suppress Lin Tianhao.

Lin Tianhao's eyes narrowed slightly, he wanted to use the displacement skill, but he still gave up in the end.

Because he cannot use displacement skills other than returning now.

But it would be a pity to return now.

Therefore.

Lin Tianhao is ready to withstand this attack.

There is damage transfer, and there is also withered trees in spring.

Not only that.

There is also the fatal defense brought by the Heavenly Punishment Heart Mirror.

Under these multiple blessings, it is definitely not a problem for Lin Tianhao to withstand this attack.

- 3.58 billion! !

An extremely terrifying damage number popped out from the top of Lin Tianhao's head.

The power of this Demon Sky Curse has exceeded Lin Tianhao's imagination.

Bloodthirsty Dragon Armor and Withered Trees in Spring began to restore Lin Tianhao's health.

However, this attack contained a terrifying serious injury effect.

The Bloodthirsty Dragon Armor and the Withered Trees in Spring together only allowed Lin Tianhao to restore about one billion health points.

"A little interesting! !"

An interested female voice came, and then, a long spear wrapped in demonic energy came from nowhere, and it was already close to Lin Tianhao in an instant.

Lin Tianhao knew.

He definitely can't withstand this attack.

He will die! !

Lin Tianhao wanted to avoid it, but it was too late.

Use return?

Lin Tianhao still gave up.

Isn't the other party just trying to kill him once?

With resurrection in place, what does he fear of death?

What's more, he also has the defensive means of the Heavenly Punishment Heart Mirror, which can completely help him block this fatal blow.

really.

When this long spear wrapped in demonic energy pierced Lin Tianhao's body.

A brilliant light emanated from the Heavenly Punishment Heart Mirror.

This brilliant light enveloped Lin Tianhao.

After one blow, Lin Tianhao's health was full!

It was not the Heavenly Punishment Heart Mirror that restored Lin Tianhao to full health, but because Lin Tianhao's feather arrow in the Heavenly Punishment state hit Gray Fulongte.

Not to mention Lin Tianhao's own blood-sucking ability, the ordinary attack of the Hand of Heavenly Punishment is enough to restore Lin Tianhao to full health in one second with the blood-sucking effect of 4% of the maximum health value.

This is a long story, but it's just a moment's effort.

In this moment's effort.

Lin Tianhao's Wind Barrier, Invincible Golden Body, Overlord Body, Star Moon Purification, Withered Trees in Spring, and Fatal Defense have all been used.

Now Lin Tianhao still has one fatal defense of the Heavenly Punishment Ring and one absolute block of the Heavenly Punishment Heart Mirror.

These two skills can still delay Lin Tianhao for a while.

Lin Tianhao continued to pull the attack speed to the maximum. Since he has already started fighting, he must bet.

Bet that the cycle of death is triggered and Gray Fulongte is killed in seconds.

Gray Fulongte seemed to have guessed Lin Tianhao's thoughts, his figure moved and disappeared directly.

Lin Tianhao's face was gloomy, this old six is too stable!

Without Gray Fulongte as a target, Lin Tianhao had to turn his head and attack the Demon Swordsman.

Chapter 643 - As soon as I landed on the island, I was robbed?

The Demon Swordsman was locked onto by Lin Tianhao, but he didn't panic too much.

He simply raised his hand, and countless flying swords swept towards Lin Tianhao.

Lin Tianhao wanted to resist, but when he raised his hand, he found that he couldn't move.

Only then did Lin Tianhao realize that he had been enveloped by a domain at some point.

His qi, blood, and soul were being drawn away by the power in this domain.

A cold feeling surged into Lin Tianhao's heart.

Lin Tianhao didn't dare to be negligent and unhesitatingly used Return.

There was no other way.

If he didn't use Return, this domain might even shake his origin.

In other words.

The domain that had just enveloped him might reduce his maximum health points.

Lin Tianhao's current health points didn't come easily. If his origin power was absorbed, and both his vitality and soul power were reduced, then he would really have no place to cry.

Returning to the Mortal Palace, Lin Tianhao didn't go back to the Xitu Empire immediately.

He wanted to wait for the cooldown of skills like Invincible Golden Body.

He could use this time to farm the Goblin Kingdom and stack some health points.

Now, it only takes Lin Tianhao five hours to clear the Goblin Kingdom once.

This time isn't too long. Compared to the health points Lin Tianhao can stack, the return on investment is already very high.

After coming out of the Goblin Kingdom, Lin Tianhao's skills were almost cooled down. Next, he could re-enter the Xitu Empire.

But at this moment.

"What great treasure?" Lin Tianhao asked with interest.

Glasses often wanders in various ancient tombs, so it is possible to find some treasures that are not available outside.

"Dragon Cave," Glasses said.

Lin Tianhao's expression changed slightly, Dragon Cave!!

This was somewhat beyond Lin Tianhao's expectations. He had just given up exploring the Dragon Cave they found because of some conflicts with Madam Jiuhua.

At this time, Glasses actually found a Dragon Cave.

"Glasses, you are really my great treasure. Send me the location and call Fatty and Monkey. Let's explore the Dragon Cave together."

"No, wait a minute."

Saying that.

Lin Tianhao directly sent a quest to Glasses.

Quest requirement: Tell him the location of the Dragon Cave and agree to let him enter for exploration.

Quest reward: 100,000 free attribute points!!

The value of the Dragon Cave is immeasurable. If it only provides the location, this reward seems very high, but relative to the good things that may be obtained in the Dragon Cave, this reward is not much.

What Lin Tianhao didn't expect was that this quest was actually generated.

In other words, his reward of 100,000 free attribute points is reasonable.

Glasses was also dumbfounded when he saw this quest.

100,000 free attribute points, this reward is a bit heaven-defying.

"Brother Hao, although so many free attribute points are helpful to me, I feel that it would be better for Brother Monkey."

"I will tell Monkey the location of the Dragon Cave, and you send the quest to Monkey, so that the benefits will be maximized."

What is brotherhood!!

This is brotherhood!!

Faced with a reward of 100,000 free attribute points, he can still calmly refuse and give this reward to Monkey.

Lin Tianhao didn't stand on ceremony and directly agreed.

After a while, Glasses rejected the quest,

Monkey took the initiative to contact Lin Tianhao.

Lin Tianhao followed suit and gave the quest to Monkey.

Monkey danced with joy after seeing the quest reward.

"From now on, Brother Hao is my godfather, and Glasses is my godfather!!"

Monkey accepted the quest and sent the location of the Dragon Cave to Lin Tianhao.

After seeing the coordinates sent by Monkey, Lin Tianhao was a little surprised, because the location was actually on an overseas island.

Moreover.

It was still an island that Lin Tianhao had previously helped the Moon Wheel Empire develop.

Lin Tianhao hadn't hung up the voice call with Glasses, and couldn't help but ask:

"You've been tomb raiding overseas?"

At the same time.

Lin Tianhao sent a message to Monkey and Fatty, asking them to wait for him in the nearest main city. He would use the Kunlun Mirror to pick them up.

The ancient tomb discovered by Glasses is overseas. Under this circumstance, it would take too long for Fatty and Monkey to rush over on their own.

"Brother Hao, this time, because of some clues, I went out to sea and explored an underwater tomb. The harvest was good, and I also discovered some clues about this Dragon Cave."

"Following the clues, I just found the Dragon Cave."

The corner of Lin Tianhao's mouth twitched. Glasses' luck is not ordinary.

Recovering his thoughts.

Lin Tianhao sent a message to Lin Qingqing again.

After coming out of the Dragon Cave discovered by the official, Lin Tianhao thought that if there was a chance, he would take his sister Lin Qingqing to explore the Dragon Cave together.

To see what she would be like after entering the Dragon Cave.

He didn't expect the opportunity to come so quickly. In such a short time, Lin Tianhao waited for this opportunity.

Offering the Kunlun Mirror, Lin Tianhao picked up Fatty, Monkey, and his sister in turn and came to the place where Glasses sent the location.

Lin Tianhao had been here before when he was developing the island, so he could directly come to the location sent by Glasses through the Kunlun Mirror.

"Qionghuang Island!"

A large island that can accommodate tens of millions of people.

Among the islands that Lin Tianhao had previously developed, it can already be regarded as a relatively high-ranking large island.

There are already many people on Qionghuang Island at this time, all of whom were originally relocated from the Moon Wheel Empire.

However, Lin Tianhao didn't greet them and went directly to the place sent by Glasses.

Suddenly.

Lin Tianhao found that someone was following them.

Not only Lin Tianhao, but Monkey and Fatty also discovered it.

Monkey moved and arrived in front of the person behind him in the blink of an eye.

"What are you doing following us?!"

Monkey's iron rod rested on the other party's shoulder, with the posture of preparing to fight if they disagreed.

"It's nothing, are you also here to explore opportunities?" The warrior said with a smile.

Monkey sneered:

"We don't need you to point fingers at what we do."

The warrior smiled and said, "It should have taken you a lot of time to rush to Qionghuang Island."

"Also, you just landed on the island, you shouldn't have bound the resurrection point in the town of Qionghuang Island yet."

Fatty also walked over at this time, he sneered:

"What? Listening to your words, are you planning to kill us back to the previous resurrection point?!"

The warrior grinned and said:

"Not yet, we are from the Batian Guild. Every player who lands on Qionghuang Island only needs to pay 10,000 gold coins to move freely."

At this point.

The warrior changed the subject and continued:

"Otherwise, just like you said, we, the Batian Guild, will kill you back to the previous resurrection point."

"And you will not only drop one level, but the time spent traveling across the sea this time will be wasted!"

"10,000 gold coins is not much, you should consider it carefully!"

Chapter 644 - The top ten legendary profiteers: still around today!

Monkey and Fatty exchanged a glance, and both laughed in unison.

"Fatty here hasn't robbed anyone, and today I'm getting robbed."

Fatty really found it hilarious, even unable to suppress the urge to throw his head back and laugh.

The warrior didn't care at all, sneering:

"You don't need to say it like that. Once you're on Qionghuang Island, if you're a dragon, you better coil up for me; if you're a tiger, you better lie down. I'd like to see."

"This is the territory of our Overlord Guild!!"

Monkey chuckled, "Overlord Guild? Just you alone?"

"Let the people of your Overlord Guild all come out and show their faces, so I can see how much you really weigh, daring to rob people on the road."

In this game world, there are quite a few people who rob others in the wild.

At the beginning, when the levels are low, it's still okay. If you lose a level, you can quickly level back up.

But after most players' levels exceed level 200, losing a level and leveling back up will take at least a few hours.

And if you're unlucky and lose equipment, that's even worse.

It is precisely because of these reasons that some ill-intentioned people have started robbing people on the road.

As long as the requirements are not particularly excessive, the other party will generally pay money to settle the matter.

Qionghuang Island is a good place.

At least it's a good place in terms of robbery.

A large island, completely for players to come back to.

And a normal landing on the island takes at least five or six hours.

If you get sent back right after landing on the island, not only will you lose a level, but the five or six hours spent on the journey will also be wasted.

Although the current time is not as precious as it was when the server first opened, no one wants to waste time for nothing.

The warrior in front of him sneered, "Since you want to see the people of our Overlord Guild, then I'll let you have a good look."

As the warrior's voice fell, figures surged out from all directions, completely surrounding the few of them.

At a rough glance, the number had actually exceeded thirty people.

Thirty people.

What difficulty could there be in dealing with the four of them?

The warrior looked at Fatty with a smile, sneering:

"The people of my Overlord Guild are here, what do you want to do?"

"What do I want to do?"

Fatty snorted coldly. His strength, not to mention taking on an entire guild alone, but just him alone, could take on hundreds of guild players with ease.

"I don't care if you're really from the Overlord Guild or not, I'm telling you now, you... you've kicked an iron plate."

With that, Fatty raised his hand and attacked the warrior.

In terms of attack speed and movement speed alone, Fatty's values are higher than many of the guild's elite players.

The warrior was dumbfounded when he saw Fatty's lightning-like fist.

But his reaction was commendable.

He immediately activated Berserk, temporarily increasing his own movement speed, and then sidestepped Fatty's punch while retreating backwards.

Fatty's movement speed is not low. Although the warrior dodged the punch head-on, he didn't panic at all.

He directly closed in and punched again.

The warrior's expression changed slightly, seeing that he was about to be killed by Fatty's punch.

Lin Tianhao appeared in front, raising his hand to stop Fatty's punch.

Compared to movement speed, Fatty is still somewhat lacking compared to Lin Tianhao.

Fatty looked at Lin Tianhao with some surprise.

Lin Tianhao smiled, "If you smash this punch down, he will die."

After speaking, Lin Tianhao looked at the warrior. Although he had hidden his nickname, Lin Tianhao's Fiery Eyes still allowed him to see his nickname.

"Jin Youzai."

Jin Youzai was a little surprised, because he had already hidden his ID, but Lin Tianhao still recognized him at a glance.

"You know me?"

Jin Youzai frowned and asked.

Lin Tianhao waved his hand, "It's not important. What's important is, how dare you come out to rob people alone, relying on these fake clones?"

Lin Tianhao possessed Fiery Eyes. When the thirty figures around him appeared, he had already seen through them.

Of these thirty, twenty-seven were illusory clones.

There were three real clones, but their strength was not very good.

"Who exactly are you?"

Jin Youzai's expression was serious. Everything about him had been seen through by Lin Tianhao. This feeling made him very unhappy.

"Who am I? You'll know when you see it."

Lin Tianhao directly revealed his ID.

When Jin Youzai saw Lin Tianhao's ID, he was dumbfounded.

"Snow... Snow Emperor!!"

Lin Tianhao smiled slightly, "I have a little notebook here. What do you say, how about I write your name on it?"

"Thump—"

Jin Youzai knelt down in front of Lin Tianhao cleanly and neatly.

“Snow Emperor, I didn't know it was you. Otherwise, even if you lent me a thousand guts, I wouldn't dare to rob you.”

“But you have already robbed me.”

Lin Tianhao looked at Jin Youzai with interest.

The reason why he didn't let Fatty kill Jin Youzai was not to tease Jin Youzai.

But Lin Tianhao knew Jin Youzai in his previous life.

Known as one of the Ten Legendary... Profiteers!!

He was one of the most representative.

In his eyes, there were only two words: Make Money!!

Although he was a profiteer, Jin Youzai's position was very firm on matters of principle.

Otherwise, if he robbed Lin Tianhao, Lin Tianhao would have directly written his name on the Book of Life and Death.

In his previous life, Jin Youzai was frantically making money, whether it was during the game stage or the Great Cataclysm stage.

In the end, the Alete Star System offered him a huge fortune to win him over, but he refused.

In the end, he tried his best to fight to the end with a group of experts from the Alete Star System.

He can be considered both righteous and evil, a person with a good nature.

The most important thing is.

His talent is worth Lin Tianhao's solicitation.

“Jin Youzai, what's wrong with you? Why do you have to rob?”

Lin Tianhao knew the reason, but he still asked knowingly.

Because Jin Youzai's talent is too special.

If you say it's strong, it's really strong beyond words.

If you say it's weak, it's really weak to the point of being outrageous.

Jin Youzai's talent will forcibly prevent him from obtaining free attribute points, and equipment, props, potions, etc. that can increase the top ten basic attributes can only increase his special attributes such as critical hit and lifesteal.

Chapter 645 - A talent like a money-eating beast!

Of course.

Skills that temporarily boost attributes, like Berserk, still work, but the base attributes are low, so the help isn't significant.

In other words.

Even if Jin Youzai reaches level 200, equipping a full set of level 200 gear, his attributes would still be those of level one!!

Therefore.

Jin Youzai's talent is weak, very weak, extremely weak.

That's because of this.

Ordinary players get stronger when they level up, but he doesn't.

He can only get stronger through his talent.

And his talent is a gold-devouring beast!!

It is said.

Jin Youzai's talent can be infinitely upgraded.

After awakening the talent, the ten basic attributes will all return to 1. Of course, health and mana are 100, attack and magic power, as well as dual resistances, are 10.

Dual penetration is 1%.

Each star the talent is upgraded, the attribute will increase by one without reduction.

And the talent can be infinitely upgraded, with no star rating limit.

Two-star health is two hundred.

Three-star is four hundred, four-star is eight hundred, five-star is one thousand six hundred, six-star is three thousand two hundred.

And so on!!

In other words.

Leveling up is useless for Jin Youzai, and equipment isn't very useful either.

According to the information Lin Tianhao learned, Jin Youzai needs gold coins to upgrade his talent in the early stages, and in the later stages, what he needs is more than just gold coins.

This is also the reason why Jin Youzai gradually developed into one of the ten legendary profiteers.

Mainly because.

His talent is too expensive.

"Boss Xue Di, it's not that I want to rob you, it's really that I have no choice," Jin Youzai said with a wry smile.

Thinking of his talent, Jin Youzai had the urge to vomit blood.

It costs one hundred gold coins to upgrade the talent from one star to two stars, which seems like a small matter.

But it costs one thousand gold coins to upgrade from two stars to three stars.

It costs ten thousand gold coins to upgrade from three stars to four stars.

After he upgraded his star rating in the early stage, only attack speed and movement speed were worth mentioning.

Even at three stars.

Who can he fight with four points of dual resistance?

Who can he fight with forty points of attack?

Even his health is only four hundred, and slightly stronger monsters can kill him.

The only things he can show off are his attack speed and movement speed, which have become his tools for showing off.

Now, after a bumpy road, his talent has finally been upgraded to five stars.

Sixteen attack speed, that's enough to make the blade swing out afterimages, but who can he fight with one hundred and sixty attack?

It's heartbreaking to imagine.

If you say he's weak, his attack speed is sixteen, and his movement speed is sixteen, which is stronger than many top players in guilds.

If you say he's strong, his health is only one thousand six hundred, and his attack is one hundred and sixty. It's difficult for him to break the defense of slightly decent monsters.

Fortunately, he has calculated that when his talent reaches eight stars, dual penetration will be able to break through one hundred percent.

In other words.

His attack is equivalent to true damage, even if the attack is low, it won't be unable to break the defense.

If he gets some equipment with critical hit and life steal attributes, plus his one hundred and twenty-eight attack speed, then his combat power will still be considerable.

It's just.

He ran into Xue Di at only five stars.

This is really a case of the emperor's business collapsing halfway!!

"Boss Xue Di, I'm a good person. I only came out to rob because of my talent. Otherwise, how could someone like me, who feels guilty even stepping on an ant, come out to rob."

"Spare me the act."

Lin Tianhao glanced at Jin Youzai and asked:

"Are you short of money?"

Jin Youzai nodded subconsciously and said seriously:

"Yes, very short!!"

Lin Tianhao's mouth rose, and he said with a smile:

"Join my Fan Palace, I'll help you raise gold coins, how about it?"

Not to mention Jin Youzai himself, even Monkey and Fatty, as well as Lin Qingqing, were a little surprised.

Lin Tianhao would actually recruit the person who robbed them.

However, they didn't ask much, because they knew that Lin Tianhao must have his reasons for doing so.

Jin Youzai looked at Lin Tianhao with a look of astonishment and couldn't help asking:

"Boss Xue Di, you're not kidding, are you? I robbed you, and you're inviting me to join your Fan Palace."

Lin Tianhao smiled slightly, "Intuition tells me that you are not a bad person, at least, you are not bad by nature."

Jin Youzai nodded repeatedly and said:

"Boss Xue Di, you really have good eyes. I really am a good person."

Lin Tianhao nodded with a smile, "Since you are a good person, then do something that a good person should do in the future."

At this point.

Lin Tianhao threw out a token and gave it to Jin Youzai, saying with a smile:

"From today onwards, you are a member of our Fan Palace. Don't let me see you doing evil again, otherwise... I will never spare you!!"

Jin Youzai nodded repeatedly, hesitated for a moment, and then whispered:

"Boss Xue Di, no, Palace Master, my talent does require a lot of gold coins. Add me as a friend, and I'll send it to you. You'll know when you see it."

Lin Tianhao added Jin Youzai as a friend, and Jin Youzai also sent a screenshot of his talent situation to Lin Tianhao.

Jin Youzai's talent situation was similar to what Lin Tianhao had learned.

Eight months to upgrade this talent to five stars.

It can only be said that Jin Youzai probably hasn't done many good things.

"How about this, I'll give you 111 million gold coins first, so you can upgrade your star rating to eight stars."

It costs one million to upgrade from five stars to six stars, ten million to upgrade from six stars to seven stars, and one hundred million to upgrade from seven stars to eight stars!!

Upgrading the talent to eight stars in one go, such an enhancement can be said to be quite terrifying.

"Palace Master, you are my reborn parents."

After upgrading to eight stars, the health is still not high.

But the movement speed and attack speed both break through one hundred at the same time, and dual penetration also breaks through one hundred percent.

As long as he kites well, he can completely crush the current players.

After all, dual penetration breaks through one hundred percent, and the attack is equivalent to true damage.

Lin Tianhao waved his hand, "Work hard, your talent is still very strong when it's upgraded, especially if you can change your profession to archer, it will be very terrifying."

Hearing this.

Jin Youzai's eyes lit up, and he couldn't help but complain:

"Palace Master, I also discovered that the biggest advantage of my talent is attack speed, movement speed, and dual penetration."

"If I had known earlier, I would definitely have chosen the archer profession, but..."

At this point.

Jin Youzai changed the subject and asked: "Palace Master, do you have a way to change my profession?"

Lin Tianhao shook his head, "I don't have a way for the time being."

"It's very difficult to change professions, but there are scrolls for changing professions, but I don't have them at the moment."

"Besides that, there are also dual-profession transfer scrolls, but those things are even rarer."

Jin Youzai lowered his head helplessly, but at this moment, Lin Tianhao received a private message from Glasses.

"Brother Hao, I have a scroll to change professions."

Chapter 646 - We meet again and you are still here!

Lin Tianhao was stunned. Glasses sent him a private message, obviously wanting to see how Lin Tianhao would decide.

This was naturally a good thing.

“Do you want to give it to Monkey? I’ll post a reward mission, and then have Monkey submit it?”

Glasses was stunned for a moment, then smiled wryly:

“Brother Hao, wouldn’t you consider this exploiting a bug?”

Lin Tianhao grinned, “It counts, but it doesn’t count. After all, after encountering Jin Youzai, I do need such a scroll.”

If the things obtained through the Sacred Land mission of the Mortal Palace, wouldn’t they ultimately belong to the Mortal Palace?!

In other words.

If he gained something in the Dragon Cave, wouldn’t that mean that these gains belonged to the Mortal Palace and not to him personally.

Lin Tianhao had never been the Lord of a Sacred Land before, and he didn’t know if such a judgment would occur.

However, judging from the current situation, the possibility of such a judgment was very high.

It was just that Lin Tianhao had habitually tried to exploit bugs before, so he didn’t pay attention to this issue.

However... ..

Lin Tianhao had also previously offered a reward for reclaiming the deserted islands.

The islands reclaimed by the players did not belong to the Mortal Palace, but were free lands.

Was it because of the territory that it could be encroached upon?

Or was it that.

His reward for reclaiming the islands was itself to seek benefits for the Mortal Palace.

Therefore.

The judgment was that the islands did not directly belong to the Mortal Palace.

Regardless of whether it was or not.

Lin Tianhao was now most concerned about the Dragon Cave issue.

Although he could allocate a lot of resources from the Mortal Palace because of his great contribution to the Mortal Palace.

But this was the Dragon Cave!!

The Dragon Cave that could make the Vast and Boundless Palace the number one Sacred Land in the Vast and Boundless Continent in one fell swoop!!

If the things in the Dragon Cave were judged to belong to the Mortal Palace, even if he got all the things in the Dragon Cave, he would not be able to take them all into his possession.

“Don’t panic yet, let’s go to the Dragon Cave first.”

Lin Tianhao replied to Glasses, then sent Jin Youzai away, and finally reminded Jin Youzai not to carry out any hidden class advancement.

Because after the hidden class advancement, there would also be a certain degree of compulsion.

If he had advanced to a hidden class, even if he got a class change scroll, he might not be able to successfully change classes.

Jin Youzai looked at Lin Tianhao’s leaving figure, and still felt like he was dreaming.

111 million gold coins, just like that, were in his hands.

And it was given to him by Emperor Xue.

“Is this Emperor Xue? In addition to being powerful himself, even the personality charm he exudes is so... ..filled with the aura of wealth!!”

Jin Youzai muttered to himself.

“With Emperor Xue’s help, my previous ideas may be able to be carried out ahead of schedule.”

... ..

Lin Tianhao had now arrived at the location of the Dragon Cave under the guidance of Glasses.

In order to ensure that they were not discovered, they had repeatedly confirmed it on the way.

Lin Tianhao looked at the entrance of the Dragon Cave, pondered slightly, and then raised his hand to summon several Rank Nine Demon Fiends and Shudeli Baiyun's undead.

For no other reason.

The Dragon Cave was of great importance. This was the Dragon Cave they had discovered, so naturally there was no reason to release it like this.

Seeing these undead powerhouses summoned by Lin Tianhao, Glasses couldn't help but smile wryly:

"Brother Hao, every time I see your methods, I feel like I'm not playing the same game as you."

Fatty walked up from the side and said with a smile:

"Glasses, you're right. In the entire Twilight of the Gods, there shouldn't be many people who play the game like you."

The Twilight of the Gods had been open for eight months, and Glasses' time for killing monsters and leveling up was probably less than a month.

That month was probably the month when he first entered the game, otherwise Glasses' time for killing monsters would be even shorter.

"I've been into this Dragon Cave before. After entering, all my game methods cannot be used."

"To be precise, there are only two options: death resurrection and exit."

Having said that.

Glasses continued, "About thirty kilometers from our location, there is a small town. There is a resurrection altar there, and you can bind the resurrection point there."

"That's also the closest resurrection point."

"As for the things in the Dragon Cave, I don't know much about them."

Lin Tianhao took over the conversation and continued, "I've been in the Dragon Cave before. Let's go to that small town first, and we'll talk about the rest on the way."

A group of people followed Glasses to the small town he mentioned.

Now everyone's movement speed was not slow, and plus they all had mounts, the speed of travel was even faster.

As for Lin Tianhao.

After killing the Blue Bear God last time, his dependence on mounts was almost gone.

He walked in the air, purely in a straight line, and plus his own terrifying movement speed, he no longer needed mounts much.

At least.

The ranks and levels of those mounts that Lin Tianhao had obtained before were not very good, and it was not as good as Lin Tianhao traveling by himself.

A group of people came to the small town that Glasses mentioned.

This small town was very large, larger than many small towns on the Vast and Boundless Continent.

Not only that.

This small town was very new, and many buildings had just been built.

After Lin Tianhao helped the Moon Wheel Empire complete the reclamation here, they had already begun to frantically build infrastructure here.

Just as a few people had just arrived at this small town, they discovered an acquaintance.

Jin Youzai!

At this time, Jin Youzai was surrounded by dozens of people, all of them bearing the prefix of Batian above their heads. The result was self-evident.

Although Lin Tianhao and others had not walked over yet, what was going on was already very clear.

Jin Youzai had previously rampaged unbridledly under the name of the Batian Guild.

How could a large guild like the Batian Guild tolerate someone doing evil under their banner?

Although this matter was Jin Youzai's fault first, now Jin Youzai was after all a member of their Mortal Palace, and Lin Tianhao could not sit idly by.

But just as Lin Tianhao was about to step forward, he saw that the originally tense atmosphere had disappeared.

The leader of the Batian Guild showed a smile on his face, and they seemed to have reached some kind of agreement.

The leader of the Batian Guild actually went into the small town with Jin Youzai, arm in arm.

"I'm going, no way, could it be that this kid is really a member of the Batian Guild?" Fatty said with some suspicion.

Glasses subconsciously pushed his nose bridge. Although he had been in the game for eight months, this almost ingrained action was still often done subconsciously.

"Obviously not. Just now they were still tense, in a posture of about to start fighting."

"Now they are arm in arm, obviously Jin Youzai has reached some kind of agreement with these people from the Batian Guild."

Hearing Glasses' words, Monkey couldn't help but complain:

"That kid wouldn't have given the gold coins that Brother Hao gave him to the Batian Guild, right?"

The reason why he thought so was because the Batian Guild was so powerful, what could a small character like Jin Youzai have that could move the people of the Batian Guild.

Chapter 647 - Anyone who gets on board will have his entire family killed!

"It's not important."

Lin Tianhao waved his hand, on this point, he believed in Jin Youzai.

At least.

In terms of cunning, he and Jin Youzai were not on the same level at all.

The reason why Lin Tianhao still wanted to win over Jin Youzai was because Jin Youzai was not inherently bad.

If he supported him a little, Jin Youzai's future potential would be very high.

Especially if he changed his job to become an archer, that terrifying pulling ability, few people could withstand it.

Jin Youzai's talent was not obvious in other attributes, but the attack speed and movement speed he displayed were really abnormal.

Continuing to increase stars, his attack speed breaking ten thousand, or even breaking one hundred thousand, was not a problem.

When a person's attack speed and movement speed both break ten thousand, that terrifying lethality is simply not something ordinary people can contend with.

“Let's go, first bind the resurrection point, you have to be prepared, exploring the Dragon Cave, it is likely that you will die dozens of times, or even more.”

Lin Tianhao had previously explored the Dragon Cave discovered by the official.

At that time, Lin Tianhao realized that even he would be defeated in the Dragon Cave.

The Fatty and the others didn't care too much about losing levels.

After all, their strength had little to do with levels.

After all, the biggest impact of levels is on wearing equipment.

Most equipment has level requirements to wear, and after losing levels, it cannot be worn.

Entering the Dragon Cave.

Stepping into the Dragon Cave again, Lin Tianhao was still the same, the Heavenly Punishment series and Fiery Eyes could still be used, but everything else became decorations.

The Fatty, Monkey, and Glasses directly turned into ordinary people.

This was completely within Lin Tianhao's expectations.

He looked at Lin Qingqing and asked:

“Qingqing, has there been any change in your stats?”

Lin Qingqing blinked, “The equipment is gone, the skills are gone, and the attributes added by leveling up are gone.”

“But, my basic attributes are still there, and... my Dao is still there.”

Lin Tianhao's pupils shrank, this Lin Qingqing's attribute panel was somewhat outrageous.

The most important thing was that her Dao was still there.

He saw Lin Qingqing pinch a sword finger and swing out a flame sword qi, slashing on the ground not far away.

The ground was cut out a gully by the flame sword qi, emitting a scorching high temperature.

“If you and I join forces, clearing this Dragon Cave should be much easier.”

Lin Tianhao said with a smile.

At the same time.

Lin Tianhao also thought of the other two Gui Ye Wuqing.

One was the mechanic Gui Ye Wuqing, and the other was the level one mage Gui Ye Wuqing.

Their attributes were very unusual, whether like his sister, after entering the Dragon Cave, they could still retain some strength.

If so.

Then they could almost be 100% sure that they had some kind of special connection with his sister.

The same name was already very special.

If they could retain some strength after entering the Dragon Cave.

That would mean that, to a certain extent, they should also possess god-tier level power.

Three people with the same name and surname, all possessing god-tier level power, that would be 100% sure that there was a connection.

Only.

Now was not the time to let them come over to try, wait until they had cleared this Dragon Cave almost completely, then let them try it.

Speaking of which.

The mechanic Gui Ye Wuqing was originally a member of their Fan Hall, so it shouldn't be difficult to let her come over to try.

Retracting his thoughts.

Lin Tianhao looked forward.

This time what he saw was actually a coastline, and before, after, left, and right of the coastline, all was darkness.

Extreme darkness.

His Fiery Eyes could not see through the darkness.

And within his sight, there was a dilapidated ship.

This ship was not big, just an ordinary two-story fishing boat.

Looking at it from a distance, there were only a dozen rooms on the upper and lower floors of the fishing boat.

This was considered relatively small among fishing boats.

“Let's go, get on the ship.”

Lin Tianhao stepped towards the fishing boat.

The Fatty and the others followed closely behind, walking towards the fishing boat together.

Suddenly.

Lin Tianhao looked at Lin Qingqing and said:

“Qingqing, you can use the power of Dao, can you still fly?”

This was very important, very important!!

After all, if Lin Qingqing could fly, in this Dragon Cave, the effect would be very great.

“Yes.”

Lin Qingqing took a step, her body was wrapped in a cyan light, and the whole person also floated in mid-air.

A satisfied smile appeared on Lin Tianhao's face.

“That's great.”

Lin Qingqing asked with some surprise:

“Why? Does it mean that being able to fly in here is a great help?”

Lin Tianhao nodded and said seriously:

“It's more than just a great help, it's simply a divine skill.”

“Look at Monkey and the others, they've all become ordinary people after coming in, what do you think it means to be able to fly in a dungeon cleared by ordinary people?”

Lin Qingqing also belatedly reacted at this time.

Thinking about it this way, her being able to fly was really outrageously strong.

The group walked to the fishing boat, and there was a wooden board on the steps to board the ship.

A line of words was scrawled on the wooden board.

“Those who board the ship, may your whole family die!!”

Lin Tianhao: ???

Why does this sentence look so childish.

How could there be such childish words in the Dragon Cave.

“Who goes first?” Fatty asked.

Monkey and Glasses pointed to Fatty without hesitation.

“It's definitely you.”

“Why? Didn't you see it says going up means your whole family dies?” Fatty retorted.

“Me and Brother Hao, one is Monkey's adoptive father, and the other is Monkey's godfather, and Qingqing is Brother Hao's sister.”

“The four of us are a family, only you are an outsider.”

Glasses explained to Fatty in a serious manner.

Hearing Glasses' words, Fatty pointed to himself, and looked at Lin Tianhao and the others.

“So only I am an outsider.”

Monkey pointed to the steps and smiled: “Go on.”

Fatty had an expression of being traumatized, took a step and walked towards the ship.

“I'm going, if I hang up, please remember to burn paper money for me.”

“Go, go.” Lin Qingqing also laughed.

Just as he stepped on the steps of the ship, a cloud of black mist spread over, quickly climbing up Fatty's thigh.

Fatty immediately wanted to retreat, but found that the thigh entangled by the black mist could not move at all.

“Save me.”

Fatty whispered.

Monkey immediately stepped forward, preparing to pull Fatty off the ship.

But the speed of the black mist was too fast, just as his hand grabbed Fatty, the black mist had already enveloped Fatty.

And the black mist followed Monkey's hand holding Fatty's arm, quickly enveloping Monkey.

Lin Tianhao made a move, the feather arrow hit the black mist, shooting out a gap in the black mist.

"It's bugs."

Chapter 648 - Beetle, armored spirit, godhood!

These black mists were all emitted from the bodies of black beetles.

The large number of black beetles gathered together, creating a visual effect that made people feel like it was a cloud of black mist.

"Flame Slash!"

Lin Qingqing formed a sword finger, and a flame sword aura instantly flew out, cutting the black insects apart.

But it was already too late, Monkey and Fatty had already been sent back to their respawn points.

"They died way too fast."

Glasses said, somewhat dumbfounded.

He had been to many ancient tombs and encountered some with powerful suppressive forces.

But this was the first time he had encountered this kind of suppressive force.

"It seems that the 'die all family' saying is not without reason. If anyone is hit, the rescuers will also be affected," Lin Qingqing said.

After saying that.

She actually took the initiative to step onto the steps.

Just like before, a cloud of black mist spread towards her.

But as soon as the black mist spread onto Lin Qingqing's body, flames rose from her body.

The black beetles that came into contact with the flames crackled and emitted a burnt smell.

Lin Tianhao was not in a hurry to attack.

The black beetles surged in endlessly, and all that touched Lin Qingqing's flames were burned to ashes.

You must know.

The flames on Lin Qingqing's body are not ordinary flames, but flames containing the power of the Dao.

These black beetles were killed by Lin Tianhao with a single arrow before, indicating that they were not particularly powerful.

These black beetles were still rushing towards Lin Qingqing like they had lost their minds.

Lin Tianhao secretly rejoiced that he had brought Lin Qingqing with him this time, otherwise, relying on him to use his Heart Piercing Arrow to kill so many black beetles would not have been an easy task.

Not only that.

If no one boarded the ship, these black beetles would not appear, and he would not be able to see these black beetles.

If he wanted to use his own methods to kill the black beetles, someone had to board the ship as bait.

Or he had to go as bait himself.

But looking at the density of these black beetles, no matter who went as bait, they wouldn't be able to withstand it.

After about fifteen minutes, the black beetles finally stopped涌涌.

Glasses looked at Lin Tianhao and stepped forward.

He was scouting the way for Lin Tianhao!!

After Glasses boarded the ship, no black beetles appeared.

Obviously.

Lin Qingqing had already killed most of the black beetles.

Lin Tianhao also walked onto the deck and was not attacked.

Was the guardian of this level these black beetles?

If it weren't for Lin Qingqing, even he would have found it very troublesome to deal with these black beetles.

Passing through the deck, the first thing that came into view was the cabin.

The cabin was very empty, without tables, chairs, or benches.

Most of the cabins on fishing boats are used to hold fish.

Lin Tianhao was also curious about what he could get here.

But as soon as he stepped into the cabin, a shadow rushed towards him at lightning speed.

Was there another guardian?

This was Lin Tianhao's first thought.

The black beetles were already very powerful, but there was still danger.

Lin Tianhao retreated, and at the same time, Heart Piercing Arrow had already shot out a feather arrow.

Because he was facing beetles before, and Lin Tianhao thought there was no danger after the beetles, he did not activate the Heavenly Punishment state.

Several consecutive feather arrows were dodged by this black shadow.

"Swoosh——"

The black shadow's claws turned into streamers, and in the blink of an eye, it was already in front of Lin Tianhao.

Lin Tianhao was not flustered at all, after all, he had two death-defying defenses.

However, this attack did not land on him. A flame sword aura exploded in front of him, colliding with the black shadow.

After suffering this attack, the black shadow's figure was also exposed.

He had a blue face and fangs, and his body was covered with dark black scales. Just looking at the appearance, it was impossible to judge the identity of this guy.

Lin Tianhao did not waste any time, activated Heavenly Punishment, and the feather arrows turned into streamers, constantly attacking.

Seeing Lin Tianhao's feather arrows, this monster once again displayed his ghostly movements, trying to avoid Lin Tianhao's feather arrows.

His speed was really fast, much faster than the monster Lin Tianhao encountered in the previous dragon cave.

However.

It was useless!!

Lin Tianhao's Heavenly Punishment state specializes in treating fancy things.

This monster originally wanted to avoid Lin Tianhao's feather arrows, but by the time he reacted, it was already too late.

Several feather arrows hit him, forcibly piercing his body and ending his sinful life.

Glasses, who was watching the battle from the side, couldn't help but twitch the corners of his mouth when he saw this scene.

"Is the intensity so high? Brother Hao, if they are all of this intensity, there is no need for us to attack without attributes."

Lin Tianhao stopped talking, and finally nodded.

Glasses was right.

After all, Glasses and the others were still somewhat different from those officials.

Among the officials, some are ancient martial artists. They are highly skilled in martial arts. Even without attribute bonuses, they can exert considerable combat power in a normal human physical state.

Seeing Lin Tianhao nod, Glasses did not hesitate and directly exited the dragon cave.

Lin Tianhao also sent messages to Fatty and Monkey, telling them not to come over.

In the cabin.

After Lin Tianhao solved this monster, the same situation occurred as in the previous dragon cave.

This monster dropped a scroll.

Armored Demon Summoning Scroll: God-level item.

Usage requirements: Limited to Gui Ye Wuqing only.

Effect: Summon an Armored Demon to help you fight.

Note: This item is a one-time use item. The summoned Armored Demon has no time limit for its existence. It dies when killed.

Durability: Indestructible.

Lin Tianhao was a little surprised. What he expected was that this thing was a summoning scroll.

But what surprised Lin Tianhao was that the ownership of this Armored Demon Summoning Scroll was actually Lin Qingqing.

Because no matter how you look at it, it was he who killed the Armored Demon with his feather arrows. The ownership of this Armored Demon Summoning Scroll should have been his.

But the current situation caught Lin Tianhao a little off guard.

"Could it be because of those black beetles?"

Lin Tianhao muttered to himself. Apart from this reason, he couldn't think of any other reason.

But no matter what the reason, Lin Tianhao couldn't use this Armored Demon Summoning Scroll.

"This, it's yours."

Lin Tianhao threw the Armored Demon Summoning Scroll to Lin Qingqing.

After Lin Qingqing took the Armored Demon Summoning Scroll, a look of surprise appeared on her face.

"This is..."

"God-level Summoning Scroll?"

Lin Tianhao smiled and said:

"Be careful, there may still be danger here."

Dragon caves are too special, and many things cannot be measured by common sense.

However.

Next, Lin Tianhao and Lin Qingqing continued to move forward in the cabin without being attacked.

Suddenly.

Lin Tianhao's eyes lit up because he saw something that he found incredible.

A Divinity?!

This was somewhat beyond Lin Tianhao's expectations.

A single Divinity can create a god.

As long as you refine the Divinity, even if it is just a level one newbie, you can become a god logically!!

Chapter 649 - Please show mercy, king!

Lin Tianhao put away the Godhead and probed slightly, and couldn't help but be even more surprised.

Because this Godhead turned out to be a Confucian Godhead.

Confucianism is very difficult among all the Great Daos.

But there is actually a Confucian Godhead here.

Putting away the Confucian Godhead, a smile appeared on Lin Tianhao's face.

“According to previous experience, after starting to reap the benefits, there is no danger here.”

“However, this is limited to this area.”

Lin Qingqing nodded to Lin Tianhao. She walked through the cabin towards the room in front.

She was stunned as soon as she pushed open the first room.

“Brother, come and see, what a big egg.”

Note: This dragon egg is a mount-type dragon egg. It can reach the god level in adulthood and is not good at fighting.

Lin Tianhao was secretly surprised. A god-level mount is a very rare thing.

After all, under normal circumstances, becoming a god is already as difficult as reaching the sky. It is even more difficult to obtain a god-level mount.

Lin Qingqing also saw the extraordinariness of this thing, opened her mouth, and for a moment she didn't know how to express her current mood.

“Qingqing, you come to recognize the owner with blood.”

Lin Qingqing was a little surprised. She pointed to herself and said:

“Brother, this thing is too precious. You should keep it for yourself.”

Lin Tianhao waved his hand and said with a smile:

“I have the Kunlun Mirror, which is probably faster than a god-level mount.”

“Besides, you are my sister. If there is a need to ride this Wind God Dragon in the future, you can just ask you then.”

Lin Tianhao is not short of gods, and in the future, there is a high probability that he will be able to send some more powerful gods to the God Conferring List.

As the number of gods on the God Conferring List increases, Lin Tianhao is even a little unwilling to send ordinary gods to the God Conferring List.

Not to mention the God King level, at least it must be a high-grade god.

At this stage.

Gods are still restricted by the rules of the Twilight of the Gods, but after the Great Cataclysm comes, gods will no longer be restricted by the rules.

At that time, high-grade gods will be particularly important.

Speaking of which, Lin Tianhao has many gods on the God Conferring List, but to put it bluntly, even if they are added together, they may not be able to defeat a God King in full condition.

This is the difference!

It is precisely because of considering this issue that Lin Tianhao wants to make some choices when collecting gods on the list later.

After all, Lin Tianhao had no gods around him before, and randomly collecting a god on the list would be of great help to him.

Returning to his thoughts.

Lin Tianhao watched Lin Qingqing drip blood to recognize the owner and put away the Wind God Dragon Egg.

Next.

The two continued to explore this abandoned fishing boat, but the result was nothing.

Here.

Obtaining a Confucian Godhead and a Wind God Dragon Egg is still quite a good harvest.

This does not even include the Kappa Charm Summoning Scroll.

“Let's go, next stop.”

After coming out of the fishing boat, some changes have taken place outside.

Originally, the front of the coastline was completely impenetrable darkness.

At this time, the darkness receded, and it was the direction of the island.

A jungle appeared, and the jungle branched into three paths. Looking at this, it is almost the same as the dragon cave that the officials obtained before.

Before, in the official dragon cave, Lin Tianhao directly chose to take the middle path.

Now Lin Tianhao is not prepared to take the middle path.

He looked at Lin Qingqing and said with a smile:

“Qingqing, you choose which way to go.”

Lin Qingqing's luck is really special.

At least among the many people Lin Tianhao has met, Lin Qingqing's luck is really awesome.

Like Dream Chasing Smoke and Snow, who are already European Emperors among ordinary players, in front of his sister Lin Qingqing, they really don't deserve to carry her shoes.

Lin Qingqing also knew why Lin Tianhao asked her to choose.

She thought slightly and finally made a choice.

“Let's go to the right. It is said that men are on the left and women are on the right. Brother, you let me choose, so I will choose the right.”

Lin Tianhao was stunned. This reason... perfect!!

“Let's go!”

Following the path on the right, Lin Tianhao and Lin Qingqing walked towards the darkness.

After walking for about a quarter of an hour, a wooden house appeared in front of Lin Tianhao and Lin Qingqing.

The cabin does not take up much space, and looks like it is about a hundred square meters.

There is a small courtyard in front of the wooden house. The courtyard is overgrown with weeds, and it seems that no one has lived here for a long time.

Lin Tianhao and Lin Qingqing looked at each other, and the two walked towards the small courtyard at the same time.

As soon as he stepped into the small courtyard, the scene in front of Lin Tianhao changed dramatically.

The wooden house disappeared.

The small courtyard overgrown with weeds disappeared.

He looked up and saw a large group of people kneeling at his feet.

Around these people, there are huge dragons guarding them.

At this moment.

A respectful voice came.

“King, these millions of humans are blood food sent by the Fengxian Kingdom.”

Lin Tianhao was stunned and looked in the direction where the voice came from.

The speaker was a black dragon. It exuded a powerful aura, but under Lin Tianhao's perception.

This powerful aura...

It's so weak...

This is too contradictory!!

“The Fengxian Kingdom is really outrageous. They only sent millions of blood food. Are they planning to rebel even if they are given hundreds of years to develop?!”

Another voice came. Lin Tianhao turned his head and saw that it was a red flame dragon.

The aura on his body is also powerful and terrifying.

But in Lin Tianhao's opinion, that kind of aura seems to be very small.

Lin Tianhao looked down and realized that he no longer had a human body, but a huge dragon.

The reason why he felt that these two dragons were powerful and weak at the same time was largely because Lin Tianhao was originally weak. When facing them, they were very powerful.

But Lin Tianhao is now a dragon, so when facing these two dragons, they are weak again.

“Illusion?”

Lin Tianhao thought to himself. Just now he was still in the dragon cave, exploring the small courtyard overgrown with weeds.

But now this picture is completely inconsistent with what he was doing just now.

Lin Tianhao fully activated his Fiery Eyes and Golden Pupils, but the surrounding scene did not change.

Moreover.

Being here makes Lin Tianhao feel extremely real!!

At this moment.

The black dragon spoke again.

“King, give the order, and I will lead the army to wipe out Fengxian Kingdom.”

Below, among the group of humans lying on the ground, many people immediately raised their heads.

One of the tall and strong men quickly said:

“King, Your Majesty, our Fengxian Kingdom is just a small country with tens of millions of people. We can only offer so many sacrifices now. Please, King, be merciful.”

Chapter 650 - Different levels!

Many people were kneeling and bowing towards Lin Tianhao, begging him to show mercy.

This feeling of being able to decide the life and death of a nation with a single word was very fascinating.

Lin Tianhao's eyes were deep as he looked at these humans below.

This was an illusion, or perhaps, this was something that had truly happened in the past.

Because there were rumors that the human race was once at the very bottom of the myriad races, and the dragon race was considered a very powerful existence among the myriad races.

It's just that.

Rumor has it that the dragon race does not eat humans, because the dragon race thinks that humans are dirty ants and not worthy of becoming their food.

But no matter what Lin Tianhao was thinking, he had to make a decision at this time.

Or rather.

He had to find a way to break this illusion.

Lin Tianhao wanted to activate Arrow From the Heart, and he succeeded.

A feathered arrow appeared in front of him.

This feathered arrow was so small compared to his huge body.

But in this world, he couldn't see any signs of illusion, so how could he break this illusion?

"King."

The black dragon spoke in a low voice, urging Lin Tianhao to make a decision.

Lin Tianhao's cold eyes fell on the black dragon.

The black dragon immediately fell silent, not daring to speak.

"I'm tired, all of you retreat."

He didn't give any other orders, only wanting to find the flaws in this illusion and then break it.

The black dragon and the red dragon and other dragons were a little surprised. What was wrong with their king?

According to their king's previous temper, this Fengxian Kingdom would have been destroyed long ago.

"King, since you don't eat these people, why not reward them to your concubine?"

An ice-blue dragon flew over, casting flirtatious glances at Lin Tianhao. This huge dragon body, with eyes the size of lanterns, casting flirtatious glances, the feeling... it was so disgusting!

"No!"

Although Lin Tianhao knew that this was an illusion, he still didn't want to see the human race being eaten as food.

The ice-blue dragon looked at Lin Tianhao with a blaming expression, "King, what's wrong with you today?"

"If you don't let your concubine eat, then your concubine won't eat. Your concubine will serve the king to rest!"

Everything was so real.

He gently tapped the ground with his dragon tail, and the touch from his tail was also so real.

You must know.

His main body didn't have a tail at all.

Feeling the real touch of his tail against the ground, Lin Tianhao even suspected whether this was an illusion.

In the Twilight of the Gods, anything could happen.

Just like before.

In the Goblin Kingdom, the Goblin King had a soul swap with him.

Lin Tianhao took a deep breath, trying to calm himself down as much as possible.

If this wasn't an illusion, then how could these dragons be explained?

How could the million humans be explained?

Could it be that there was a small world in this Dragon Cave?

But thinking of the Ancient Dynasty Secret Realm, Lin Tianhao couldn't help but forehead.

There weren't many strong people in the Ancient Dynasty Secret Realm, but it also had two countries, and the population exceeded one billion.

This Dragon Cave was bigger than the Ancient Dynasty Secret Realm, so it was possible.

Not only that.

In his previous life, Lin Tianhao had also come into contact with some secret realms that were even larger than the Ancient Dynasty Secret Realm.

The Dragon Cave was too special.

Thoughts ran wild.

Lin Tianhao opened the panel and found that he could still choose to die and exit.

This option was still there, which meant that he was indeed still in the Dragon Cave and nothing more outrageous had happened.

As for whether this was an illusion, it was no longer important.

Because he already had a way out, as long as he was willing, he could leave at any time.

It's just that.

If he left like this, Lin Tianhao was unwilling.

Because Lin Tianhao could feel that the current level was more troublesome and tricky than any level he had encountered before.

Also, it was more special.

Therefore.

Lin Tianhao had reason to believe that if he could pass this level, he could get more things.

Just like the fishing boat at the beginning.

The black beetle and the beetle demon were obviously more powerful than the levels he had encountered in the official Dragon Cave before.

Therefore.

The rewards were also richer.

Whether it was the godhead or the Wind God Dragon Egg, they were both god-level rewards.

It's just that.

No matter how Lin Tianhao looked at it, this illusion was so real.

According to what Lin Tianhao knew in his previous life, there were two types of illusions, one was illusion by technique.

It was similar to the skill that Lin Tianhao had obtained from the God of the Alait Star System before, which could allow people to see the starry sky.

That was illusion by technique.

Illusion by technique must have flaws.

Generally, it can only trap the opponent for a short time, and the flaws will be found and the illusion will be broken quickly.

The second type is illusion by body.

This is when the caster personally pulls you into the illusion, similar to the weasel that Lin Tianhao encountered in the novice village at the beginning.

It's just that the weasel's illusion was too ordinary, and the weasel itself directly appeared in front of Lin Tianhao.

This was not difficult and could be directly broken.

The method to break illusion by body is actually the same as the first type, which is to find flaws.

However.

The only flaw in a clever illusion by body is the caster himself.

Looking at it now.

Lin Tianhao didn't find any flaws, so this was probably illusion by body.

He needed to find the caster from this illusion.

Judging from the information Lin Tianhao learned in his previous life, the caster must not be too far away from the target in order to maintain the stability of the illusion and not reveal other flaws.

As for this [too far], it depends on strength.

For example, the weasel in the novice village at the beginning had to stand in front of Lin Tianhao to maintain the illusion.

The more powerful, the farther away from Lin Tianhao.

The other party was able to create such a huge illusion, and its strength was immeasurable.

In addition to the previous million humans and many dragons.

It was by no means easy to investigate.

However.

This was the Dragon Cave.

Lin Tianhao had reason to believe that this level was related to dragons.

Therefore.

Lin Tianhao was prepared to start investigating from those dragons.

This illusion made him the king here, which made it much easier for him to investigate those dragons.

First of all.

It was the three dragons that had lines before.

In illusion, there is a difficulty ranking.

The simplest is that there are only objects, no living things.

The second is that there are living things, but only forms and cannot move.

Then there are those that can move and even imitate the actions and expressions of the original creatures.

Then there is speaking.

Therefore.

In the illusion, you can focus on the objects that have lines.

Because that consumes a lot of the caster.

Three dragons, a fire dragon, a dark dragon, and an ice dragon.

These three dragons were the ones who had talked to Lin Tianhao before.

It's just that.

In the process of talking to them, Lin Tianhao didn't find anything wrong with them.
