Chapter 65: The Hunchbacked Old Woman: Clinface Bird!

This is just one scene.

Other guilds have also reported the situation here.

“Snow Emperor can kill a level 45 Blood-Eyed Xuan Turtle alone. At this stage, our chances of killing him are very low. Even if we succeed, the price we pay may not be better than the reward.”

Floating Pagoda Club.

Floating Pagoda Divine Wolf stated his judgment.

Only.

This time, the one sitting in the main seat was not Floating Pagoda Shield Mountain, but a cold and enchanting woman.

“The reward for Demon King Grellorinsson will definitely not be bad. At this stage, to widen the gap with other guilds, this reward is very important to us.”

She is none other than Floating Pagoda Shield Mountain's older sister, who has extremely high authority in the Floating Pagoda Guild.

It could even be said.

The actual person in control of the Floating Pagoda Club is her, not Floating Pagoda Shield Mountain.

“General Wen, this matter is indeed difficult to handle. Dream Chasing Misty Snow has the Golden Scepter, and the hundred-plus people who took action were all members of the elite team.”

“But the result was a complete wipeout, and everyone dropped a level.”

Floating Pagoda Hongwen's gaze fell on Floating Pagoda Shield Mountain,

“Old brother, I remember you have a good relationship with Snow Emperor. Go and talk to him, we can pay a certain price to let him stand still and let us kill him once.”

Floating Pagoda Shield Mountain's expression changed, “Sister, don't joke around. Snow Emperor and I are just casual acquaintances.”

“Besides, he's level 20 now. With his red name value, if he dies, he'll drop straight back to level 1.”

“It's easy for him to return to level 20 with his ability. You can go find him. Five million for one death, I believe he won't refuse.”

Floating Pagoda Shield Mountain sighed, “I'm not going.”

“Old brother, don't be so rebellious. Twilight of the Gods is different from other games. Regardless of whether Snow Emperor agrees or not, you should go and ask.”

“I said I'm not going, do whatever you want, don't involve me.”

Floating Pagoda Shield Mountain got a little angry, slammed the table, and turned to leave the conference room.

Floating Pagoda Divine Wolf sighed inwardly.

His inner thought was that Floating Pagoda Hongwen was too headstrong.

The reason is none other than.

Does Lin Tianhao lack money?

Impossible!

With Lin Tianhao's current combat power, he can earn a lot of money just by selling skill books and equipment.

Only.

Now Floating Pagoda Hongwen is clearly in a fit of anger, and if he goes to say those things, he'll only be scolded.

From some perspectives.

He very much agrees with Floating Pagoda Shield Mountain's approach.

In the current situation.

Snow Emperor can only be won over, not provoked.

It's just a pity.

Floating Pagoda Hongwen is used to using money to overwhelm people, thinking that having money means you can do whatever you want, but she has overlooked an important issue.

Some people, even if they lack money, will look at their mood before accepting yours.

Moreover, Snow Emperor doesn't lack money.

... ..

Back at the Bloodback Xuan Turtle's location.

Lin Tianhao was still tirelessly farming monsters.

Finally.

Someone came.

But the one who came was not Leona, whom Lin Tianhao was thinking about.

But a hunchbacked old woman.

Lin Tianhao looked over.

Klinfeis Bird (??): ??!

Health Points: ???

Attack: ???

Skills: ???

(Note: Her background is not small. If you can receive a quest from her, you may get unexpected benefits, but remember, never anger her, what she likes to do most is to taste fresh blood.)

Lin Tianhao's eyes narrowed.

Apart from her name, he couldn't see anything about this guy.

This body full of question marks made Lin Tianhao clear that he was probably not her opponent.

“Hello, is there anything I can help you with?”

Lin Tianhao showed a faint smile, and asked in the language that adventurers habitually use when facing NPCs.

Klinfeis Bird laughed, revealing her uneven, yellow and blackened teeth.

“Snow Emperor.”

She called out Lin Tianhao's name, “You are the most powerful adventurer I have ever seen. You shouldn't be mediocre. You should become a nobleman, a count, a marquis, or even a duke, it's all possible.”

She started with rainbow farts, and if it were other players, they would probably be flattered.

But Lin Tianhao was very clear.

Something is abnormal must be a demon.

Such an unfathomable powerhouse came to find him, and even complimented him like this.

Is this normal?

Not normal!

“Senior, if you have anything, please speak without reservation.” Lin Tianhao said straightforwardly.

Hearing this.

Klinfeis Bird nodded, “Someone killed Demon King's son Grellorinsson, and the king is very happy and wants to reward Princess Leona.”

“Oh? Do you need me to get some game for drinking?”

Lin Tianhao deliberately changed the topic.

Klinfeis Bird shook her head, “No, I hope you go to the palace and take the initiative to admit that you are the one who killed Grellorinsson.”

Lin Tianhao was shocked.

How did the other party know that he was the one who killed Grellorinsson?

Wait.

She doesn't know that he is the one who killed Grellorinsson, but hopes that it is him!!

Grellorinsson was killed, and Leona deserves the credit.

Undoubtedly.

She will definitely be valued by the king.

But what if the one who helped Leona kill Grellorinsson was a sinful person with more than 900,000 red name value on his body?

Then the situation would be different.

"You want me to frame Princess Leona?" Lin Tianhao exclaimed.

Klinfeis Bird nodded, "That's right, you are very smart."

"I can help you, but what if the king doesn't believe it?" Lin Tianhao asked, "How could I kill Grellorinsson in a sealed state?"

"Don't worry, I have already thought about this problem for you."

While speaking.

A bronze mirror appeared in Klinfeis Bird's hand.

"Ancient incomplete magic weapon, can open a door to space, directly cross space and enter other places."

"Oh?"

Lin Tianhao raised his eyebrows, this is a good thing.

"Second question, if I get caught with this red name value, won't I be imprisoned for life?"

Klinfeis Bird shook her head, "That won't happen, you didn't kill anyone in the main city, at most you'll be expelled, not arrested."

“Then you may not know, a team came over before to arrest me.”

“Is there such a thing?”

Klinfeis Bird pretended to be surprised, she naturally knew that Silver Commander and the others were people sent by Queen Fiodingyu, but she couldn't show it.

“You don't need to worry, the person behind me is Queen Fiodingyu, as long as you give false testimony, you will definitely not be arrested, and in the end, because you killed Grellorinsson, you will be given extrajudicial grace and allowed to walk in the main city.”

Lin Tianhao's eyes lit up.

He can't go to change his job now, a big reason is because of his red name value, going to the main city will be expelled, he can't get in at all.

If he can obtain the qualification to walk in the main city, it will definitely be of great benefit to him.

“What are the benefits? I'm taking such a big risk to help you, what can you give me?” Lin Tianhao asked.

Klinfeis Bird pondered for a while before slowly saying: “After success, I can turn Princess Leona into your servant.”

“Not only can she be used to fight, but she can also satisfy any of your requests, remember, any requests oh!”
