

O game 661

Chapter 661 - You want to see me so much? Here I come!

Hearing these words.

The eighth-circle mage breathed a slight sigh of relief.

But his expression was still somewhat unsightly.

Although Qionghuang Island was pioneered by the Snow Emperor, it wasn't easy for them to build it to what it is today.

Moreover.

The other party only had three sea demons, while they had tens of millions of people on Qionghuang Island. If they really fought, it wasn't like they had no chance of winning.

Hearing this.

Chayun Thunder Demon sneered, "What? Are you using the Snow Emperor to suppress me?"

"Do you think I'm afraid of the Snow Emperor?"

"If the Mortal Palace didn't have Lord Poseidon, the Sea God, guarding it, I, Chayun Thunder Demon, wouldn't even look at the entire Mortal Palace, let alone the Snow Emperor."

At this point.

A few traces of coldness appeared in Chayun Thunder Demon's eyes.

"But even Lord Poseidon, the Sea God, has to be reasonable, doesn't he?"

"You trespassed into our territory without permission. We didn't attack you, and only wanted this small Qionghuang Island. Are we wrong?"

The eighth-circle mage's expression was serious. He really didn't know how to respond to this.

When they chose to retreat overseas, they had already guessed that there might be these kinds of messy troubles.

They just didn't expect that the Blood Lake Grotto-heaven would be the first to attack.

"Lord Chayun, may I ask a presumptuous question? There are so many islands, why do you insist on Qionghuang Island?" the eighth-circle mage asked.

Chayun Thunder Demon snorted coldly, "That's not something you should know."

"You just need to answer me, are you leaving or not?"

"If you don't leave, you don't need to wait a day. I'll kill you all right now."

The eighth-circle mage's face darkened.

"Lord Chayun, it's best to think carefully before doing anything. The Snow Emperor promised to help us pioneer this land, and the pioneering hasn't finished yet."

"If you attack at this time, the Snow Emperor will not sit idly by."

"The Snow Emperor?"

Chayun Thunder Demon sneered, "Snow Emperor this, Snow Emperor that, you rely on the Snow Emperor so much, then why don't you ask the Snow Emperor to come?"

"Can trash like you even contact the Snow Emperor? I don't think you can contact him!!"

Chayun Thunder Demon's words were truly heart-wrenching.

Because this eighth-circle mage really couldn't contact Lin Tianhao.

The eighth-circle mage's face became even more unsightly than if he had eaten shit.

But at this moment.

A plain voice came.

"Since you want to see me so much, I'm here."

Lin Tianhao strode out.

This somewhat dramatic scene stunned everyone present.

They didn't expect that Lin Tianhao would actually appear here.

"Snow Emperor..."

"It really is the Snow Emperor!!"

Lin Tianhao didn't hide his nickname, so Chayun Thunder Demon could naturally see the nickname above Lin Tianhao's head.

"It's me. I'm actually very curious, why does your Blood Lake Grotto-heaven insist on Qionghuang Island?"

Chayun Thunder Demon's face was gloomy. He thought of what his boss had said, and still cupped his hands towards Lin Tianhao politely.

"Snow Emperor, our Blood Lake Grotto-heaven has no intention of being enemies with your Mortal Palace. It's just that Qionghuang Island is too special to us."

"This is our territory after all. We only want this one island. We hope that you, Snow Emperor, can give up Qionghuang Island."

Lin Tianhao smiled and said:

"You say Qionghuang Island is special to you, but what exactly is so special about it?"

"We've been pioneering Qionghuang Island for more than a day or two, and it wasn't easy for these people from the Moon Wheel Empire to build Qionghuang Island."

"You want it with just a few words? I have no reason to give Qionghuang Island to you."

Chayun Thunder Demon's face was gloomy. He gritted his teeth and said:

"Snow Emperor, every force has its own secrets. This is our Blood Lake Grotto-heaven's secret. It's not a good habit to pry into other people's secrets."

Lin Tianhao waved his hand and said:

"In that case, please go back. We don't welcome you to Qionghuang Island."

Chayun Thunder Demon's expression changed, and he said coldly:

"Snow Emperor, I'm only talking to you politely here because of Poseidon, the Sea God. Are you getting a swelled head? Do you really think you're someone important?"

"No matter how talented you are, you're just a level 200 piece of trash. Crushing you is easier than crushing an ant."

Lin Tianhao grinned and said:

"Oh?"

"So, you're planning to attack me, this ant?"

Chayun Thunder Demon's face was gloomy, and he said with a hint of anger:

"Snow Emperor, I want to resolve the issue of Qionghuang Island with you in a peaceful way."

"If you have this kind of attitude, then we can only fight!"

"Then let's fight."

Lin Tianhao spread out his hands, looking indifferent.

When it comes to fighting, he's never been afraid of anyone.

Especially since.

These undersea grotto-heavens will eventually be a threat. Now that they've come out, it's best to subdue them now.

Chayun Thunder Demon raised his hand, and the waves that had stopped began to sweep in again.

Lin Tianhao once again unleashed the three great god domains.

Shanon, the God of Sand, and Shahong, the God of Sandbow.

The two gods also appeared at the same time, their divine might erupting, and their domains unfolded, rushing towards Chayun Thunder Demon and the other two.

Chayun Thunder Demon and the other two's expressions changed, "Using gods to deal with matters below the divine level, Snow Emperor, you're really shameless."

While cursing, Chayun Thunder Demon rushed into the sea.

How arrogant Chayun Thunder Demon was before, that's how fast he ran now.

Sea demons have a natural advantage in the ocean.

Lin Tianhao also gave up the pursuit.

Because he knew that now wasn't the time to chase after them.

If he was going to attack, he would flatten the entire Blood Lake Grotto-heaven to make an example of one to warn a hundred.

However, facing Chayun Thunder Demon's provocation this time, Lin Tianhao also realized that his strength wasn't enough.

If he was strong enough, he could have completely left Chayun Thunder Demon behind just now.

After Chayun Thunder Demon left, the eighth-circle mage respectfully flew in front of Lin Tianhao.

"Greetings, Lord Snow Emperor. Thank you for your help in resolving the situation just now."

Lin Tianhao waved his hand indifferently, "It's a small matter."

The eighth-circle mage hesitated for a moment, but still said:

"Lord Snow Emperor, judging from the Blood Lake Grotto-heaven's attitude, they are very likely to make a comeback, this..."

Lin Tianhao was still unconcerned.

"I wasn't prepared when I encountered them temporarily today, but don't worry, I will deal with the trouble of the Blood Lake Grotto-heaven."

The eighth-circle mage was overjoyed when he heard this, and bowed respectfully to Lin Tianhao again.

"Then I will represent the tens of millions of people on Qionghuang Island to thank Lord Snow Emperor."

Lin Tianhao waved his hand, took a step, and returned to Lin Qingqing's side.

Lin Qingqing asked softly when she saw Lin Tianhao return:

"Brother, do you need help?"

"I got a lot of good things from the first level of the Dragon Cave this time. I should be able to help you destroy that Blood Lake Grotto-heaven."

Chapter 662 - Grade +1, attributes skyrocketed!

Lin Tianhao waved his hand and smiled, "Qingqing, do you look down on your brother so much? I've even settled the Vast Expanse Limitless Palace, a mere Blood Lake Cave Dwelling is a small problem."

"Brother, I didn't mean that..." Lin Qingqing said.

Lin Tianhao smiled slightly, "I know you want to help me. Don't worry, when I need help, I will ask you for it."

"Just like this time."

Lin Qingqing opened her mouth, and said softly:

"But this time... I feel even more like this is a chance you're giving me, brother."

Lin Tianhao smiled wryly. In terms of gains, Lin Qingqing's harvest this time was truly not to be underestimated.

Especially since Lin Qingqing got most of the rewards from the first level.

Of course.

This doesn't mean that the rewards Lin Tianhao obtained were poor.

On the contrary.

Lin Tianhao obtained a Grade-Boosting Divine Pearl and also obtained a Violet Spirit Divine Fruit, which could increase his soul power by ten million.

These things.

Can directly enhance Lin Tianhao's combat power. From a certain perspective, compared to other fancy rewards, these two things are of greater help to Lin Tianhao.

Taking out the Violet Spirit Divine Fruit, this thing was smaller than a fist and was completely purple.

Lin Tianhao took a bite, the taste was sour and astringent, making it difficult to chew.

But Lin Tianhao knew that this thing could greatly enhance his attributes.

Therefore, he didn't hesitate and ate the entire Violet Spirit Divine Fruit in one go.

"Ding, you consumed the Violet Spirit Divine Fruit, Soul Power + 10 million!!"

"Ding, because your soul power has exceeded ten thousand, the Soul Power attribute is generated."

Lin Tianhao immediately checked his soul power.

Soul Power: 10.095 million!

It seems that even without the Violet Spirit Divine Fruit, it wouldn't take him long to generate the Soul Power attribute.

Of course.

The change in attributes is one thing, but the change in Lin Tianhao's senses is the most terrifying.

In an instant.

Lin Tianhao gave birth to divine sense.

Every plant, tree, person, and beast on Qionghuang Island was under Lin Tianhao's divine sense.

This feeling is simply amazing.

There was still one Violet Spirit Divine Fruit left, and Lin Tianhao also had Lin Qingqing take it.

It's just a pity.

He was tricked by the Nine Lives Illusion Cat before and lost a Violet Spirit Divine Fruit, otherwise he could have given it to one of his subordinates.

Of course.

That's not entirely a good thing either.

After all, there's only one, who would be suitable to give it to?

Many times, turning against each other is due to these problems accumulating little by little.

Therefore.

The fact that a Violet Spirit Divine Fruit was tricked away by the Nine Lives Illusion Cat was not entirely a bad thing for Lin Tianhao.

Thinking like this, Lin Tianhao was relieved.

He took out the Grade-Boosting Divine Pearl again.

This thing was something he had been looking forward to for a long time.

His current health has already approached 3.9 billion, and his other attributes are quite terrifying.

This time, another grade + 1 will definitely be of great help to Lin Tianhao.

In fact, it's possible.

Lin Tianhao could have delayed using this Grade-Boosting Divine Pearl.

After all, this Grade-Boosting Divine Pearl can improve anything below the God grade, which is considered a very awesome item.

Using it now seems a bit wasteful no matter how you look at it.

But Lin Tianhao knew that he had to use it.

Because many things next require him to do them himself.

Whether it's the Xitu Empire or the Dragon Cave, his strength needs a major boost.

And grade boosting is obviously the most direct way.

"Use Grade-Boosting Divine Pearl."

"Ding, are you sure you want to use the Grade-Boosting Divine Pearl?"

"Confirm!!"

Although Lin Tianhao knew that using it now was a bit wasteful, some things are like this.

Not everything comes at the right time.

To go all the way to the end, necessary trade-offs are a lesson everyone must experience.

Lin Tianhao had seen many people in his previous life who didn't make the trade-offs properly, always hesitating, and ultimately suffered from it.

Some even lost their lives because of it.

Therefore.

Lin Tianhao would combine his current situation to judge what kind of things he should do.

If he could completely revive the Mountain and Sea Empire, his efforts today would all be worth it.

"Ding, you used the Grade-Boosting Divine Pearl, grade is being improved..."

Lin Tianhao saw the progress bar of his grade improvement.

One percent...

Five percent...

Twenty percent...

.....

The progress bar was not progressing too fast, but it was still stable.

"Ding, congratulations, grade + 1."

Lin Tianhao couldn't check his grade, but he was actually very curious.

What grade is he now?

Black Iron?

Bronze?

Or, as Nideli F said, Diamond? Star Radiance?

The grade of ordinary players is ordinary, but that's just ordinary players.

Many people in the previous life speculated that when players complete job changes, especially when changing to hidden jobs, the grade will be improved.

Not only that.

Awakening talents, especially some powerful talents, will also improve the grade.

Of course.

These are just speculations from those people. Many people can't say exactly how this grade is determined.

Bringing back his thoughts.

Lin Tianhao stopped thinking about these messy things.

He called out his attribute panel.

Sure enough.

After completing grade + 1, his attributes have undergone earth-shattering changes.

First of all, his health directly broke through the 30 billion mark, reaching 32 billion!!

Immediately after that, his attack speed broke through the 100 mark again, reaching 120!!

His movement speed even rushed to 180 in one breath, which can really be described as brisk walking.

In addition to this.

Lin Tianhao's ten basic attributes have all been greatly improved, and his overall strength can be said to have come to a huge improvement.

For Lin Tianhao, what he cares most about is health and Heavenly Punishment attack speed.

However, this grade boosting did not improve his Heavenly Punishment attack speed.

Although this was expected, Lin Tianhao was still a little disappointed.

However.

With his health reaching 32 billion, Lin Tianhao's damage ability has already come to a qualitative leap.

The true damage of 4% of maximum health attached to the Hand of Heavenly Punishment is as high as 1.28 billion!!

If you add the double true damage, then Lin Tianhao's one arrow damage can reach 2.56 billion!!

As for adding a critical hit, the damage will directly break 5 billion.

And with the 20% damage increase from the Galaxy Wargod title, the damage will break 6 billion.

Chapter 663 - Bloodfly ape demon, 20:80 split?

Besides that.

Lin Tianhao also had means of dealing percentage damage like Source Burning, as well as some minor damage buffs from guild bonuses.

After calculating all of this.

The damage of Lin Tianhao's arrows could definitely be described as terrifying.

The increase in damage was one thing, but after the grade increased, his soul power jumped from 10.095 million to 15 million!

This increase didn't seem that big, but the base value was considerable.

The increase in soul power gave Lin Tianhao a bold idea.

That was, with enhanced soul power, would his speed of comprehending the Dao be faster?

It's no wonder Lin Tianhao would think this way.

Because many people in his previous life had speculated the same.

Although comprehending the Dao was greatly related to comprehension ability, so this theory about soul power wasn't very authoritative, many people still believed it.

And now.

Lin Tianhao could verify whether this was really the case.

Because his soul power had soared to fifteen million in one go.

This value increase was simply too great.

If an increase in soul power could really increase the speed of comprehending the Dao, then Lin Tianhao's current speed of comprehending the Dao would be much faster than before.

Because increasing soul power was very difficult, not many people in his previous life were able to verify this question.

"Qingqing, you used the Dao Rhythm Lotus today, let's rest for a day and explore the Dragon Cave tomorrow."

Lin Tianhao's strength had increased too much today.

He needed to digest it a bit.

In addition.

He also wanted to test his current speed of comprehending the Dao.

After finding an inn to stay in.

Lin Tianhao didn't waste any time and immediately started comprehending the Dao.

Lin Tianhao chose to start with the Sword Dao.

After a significant increase in soul power, Lin Tianhao prepared to feel the changes.

Just as he started comprehending the Dao, Lin Tianhao felt the changes.

Fast!!

Incredibly fast!!

Lin Tianhao had a feeling.

At his current speed of comprehending the Dao, he could reach the sixth level of the Law of the Sword in at most a week.

"It seems that some theories from my previous life still have some truth to them."

Lin Tianhao continued to comprehend the Dao.

But he hadn't encountered it for long this time.

Nidelief's voice came again.

"Snow Emperor, those people from Blood Lake Cave Mansion are here again, and the people who came this time are even stronger."

Lin Tianhao narrowed his eyes, and his divine sense spread out.

Sure enough.

He also discovered the people from Blood Lake Cave Mansion.

There were only two people in this trip.

The leader was covered in blood-colored scales, looking very difficult to mess with.

And behind him was none other than Cha Yunlei Demon.

Only.

Compared to the last time,

Cha Yunlei Demon and this Bloodscale Sea Demon were much more low-key, and they didn't cause any amazing commotion.

Their return to Qionghuang Island might reveal their purpose.

At the same time that Lin Tianhao's divine sense observed them, their divine sense also noticed Lin Tianhao.

Divine sense is something that people without divine sense can't detect even if they are being spied on.

But people with divine sense can probably discover if others are spying on them with divine sense.

Unless...

The divine sense of the person spying is far above the person being spied on.

Lin Tianhao didn't know how strong the divine sense of this Bloodscale Sea Demon was, but the moment his divine sense came into contact with the Bloodscale Sea Demon, it had already been discovered by the Bloodscale Sea Demon.

The Bloodscale Sea Demon sensed Lin Tianhao's divine sense probing and wasn't angry.

Instead, he followed his divine sense to outside Lin Tianhao's door.

"Blood Lake Cave Mansion, Third Cave Master Bloodfly Ape Demon, brings his ignorant younger brother Cha Yunlei Demon, to seek an audience with the Snow Emperor."

This Bloodfly Ape Demon was polite from the start, without any of Cha Yunlei Demon's previous arrogance.

"Enter."

Lin Tianhao said indifferently, he also wanted to see what Blood Lake Cave Mansion wanted to do.

Was it for the Dragon Cave?

On Qionghuang Island, the only thing Lin Tianhao had come into contact with that seemed worth them doing this was the Dragon Cave.

Of course.

It couldn't be ruled out that there were other precious things on Qionghuang Island.

Bloodfly Ape Demon led Cha Yunlei Demon into the room.

"Bloodfly Ape Demon, pays respects to the Snow Emperor."

Bloodfly Ape Demon respectfully bowed again, then glared at Cha Yunlei Demon.

Only then did Cha Yunlei Demon reluctantly cup his hands towards Lin Tianhao.

"Cha Yunlei Demon, pays respects to the Snow Emperor."

"Apologize!"

Bloodfly Ape Demon spoke again.

Cha Yunlei Demon was even more unwilling, but still said extremely reluctantly:

"Snow Emperor, what happened before was my fault, Cha Yunlei Demon, I'm sorry!"

Lin Tianhao smiled and said:

"If the apology is so forced, then what's the point of apologizing."

Hearing this, Cha Yunlei Demon immediately became a little angry.

Bloodfly Ape Demon preemptively said:

"Snow Emperor, my younger brother is just a simple-minded brute, if he has offended you, I hope you will be forgiving."

Lin Tianhao waved his hand and said:

"For the dignified Third Cave Master of Blood Lake Cave Mansion to personally come to me, it shouldn't just be to apologize, right."

Bloodfly Ape Demon cupped his hands, he raised his hand, and a jade box appeared in his hand.

"Snow Emperor, this jade box contains a Talent Evolution Flower, consider it a small compensation, this Qionghuang Island..."

Lin Tianhao didn't even look at the jade box and said lightly:

"Bloodfly Ape Demon, in your opinion, is this Qionghuang Island only worth this Talent Evolution Flower."

Bloodfly Ape Demon waved his hands, "Of course, I don't mean that."

"Whether or not there is this Qionghuang Island, it won't have a big impact on you, Snow Emperor."

"Not only that, our Blood Lake Cave Mansion will re-cultivate a larger island for the Moon Wheel Empire, so that they won't be affected."

Lin Tianhao looked at Bloodfly Ape Demon meaningfully, smiling and saying:

"If you put it that way, I'm really curious, what secrets are there on this Qionghuang Island that are worth you Blood Lake Cave Mansion doing this."

Bloodfly Ape Demon smiled helplessly, "Snow Emperor, this really can't be said, every force has its own secrets, just like you, Snow Emperor, don't you have big secrets hidden on you?"

"We don't need to pry into each other's secrets, we just need to consider our own gains and losses."

Lin Tianhao looked serious and said:

"Then let's start from the gains and losses, the conditions you offer are too small compared to the benefits I can get on Qionghuang Island."

Hearing this.

Bloodfly Ape Demon's expression changed, and he asked in a deep voice:

"Snow Emperor, could it be that you have already discovered the secret of Qionghuang Island?"

Lin Tianhao smiled mysteriously, "I don't even know what secret of Qionghuang Island you are talking about, so how would I know if I have discovered the secret you are talking about?"

Although Lin Tianhao guessed that this secret was probably the Dragon Cave.

But regardless of whether it was or not, just the Dragon Cave alone meant that Lin Tianhao couldn't easily give Qionghuang Island to Blood Lake Cave Mansion.

"Snow Emperor, since we have already said this, then let's just be frank."

"How about we explore together and split the profits two-eight?"

Chapter 664 - Buried in the sea tomb, 70% to 30%!

"Me eight, you two?" Lin Tianhao asked subconsciously.

Bloodfly Ape Demon's face darkened, and the Bloodfly Ape Demon beside him couldn't help but complain:

"What do you mean eight, we two? Xue Di, without us, you wouldn't even have the qualifications to enter the Sea Burial Tomb."

Lin Tianhao was slightly stunned. Sea Burial Tomb?

It seems that what they are seeking is not the Dragon Cave on Qionghuang Island.

But what exactly is this Sea Burial Tomb?

Glasses had mentioned before that he originally came because of an underwater ancient tomb.

He obtained some clues in the underwater ancient tomb, which led him to find the Dragon Cave on Qionghuang Island.

Thinking like this.

Lin Tianhao directly sent a message to Glasses.

"Glasses, is the underwater ancient tomb you mentioned the Sea Burial Tomb?"

Glasses wasn't too surprised to see Lin Tianhao's message.

"That's right, it's the Sea Burial Tomb. Brother Hao, have you entered the Sea Burial Tomb?"

Lin Tianhao: "No, just asking. How much of this Sea Burial Tomb have you explored?"

“Less than ten percent, I guess. The difficulty of the Sea Burial Tomb is no less than that of the Dragon Cave.”

Lin Tianhao then asked:

“Then can you take me into the Sea Burial Tomb?”

“No problem.”

Glasses replied affirmatively, “My key can take ten people in at a time. Besides myself, I can still take nine people.”

“Okay, I understand.”

After ending the chat with Glasses, Lin Tianhao looked at the two Bloodfly Ape Demons.

The Bloodfly Ape Demon looked at Lin Tianhao with a smile and said:

“Xue Di, my brother doesn’t speak with tact, but what he said is not without reason.”

“Without us, you wouldn’t even be able to enter the Sea Burial Tomb, let alone anything else.”

Lin Tianhao shook his head, “First of all, regardless of whether I can enter the Sea Burial Tomb or not, I have no reason to accept your so-called 80/20 split.”

“Secondly, I can enter the Sea Burial Tomb with or without you.”

Hearing this.

Cha Yunlei Demon snorted:

Cha Yunlei Demon wanted to say something, but was stopped by Bloodfly Ape Demon raising his hand.

"If Xue Di says he can enter, then he naturally can enter. On this point, we completely believe in Xue Di's character."

Lin Tianhao still didn't care, and said with a smile:

"If you have something to say, just get straight to the point."

Bloodfly Ape Demon nodded, "Xue Di, if you can enter the Sea Burial Tomb, you should know the difficulty of exploring the Sea Burial Tomb."

"One key can only allow ten people to enter the Sea Burial Tomb, but this is too little for exploring the Sea Burial Tomb."

"So, we can completely explore the Sea Burial Tomb together, and split the benefits 50/50, how about it?"

Lin Tianhao pondered slightly and shook his head, saying:

"I don't seem to have any need to cooperate with you. I can revive, and if I fail once, I can explore a few more times."

Bloodfly Ape Demon smiled upon hearing this.

"Xue Di, if you say this, it can only prove that you know too little about the Sea Burial Tomb."

"In the Sea Burial Tomb, death is a luxury!!"

“Our Blood Lake Cave has some understanding of the Sea Burial Tomb. Cooperating with us won’t be a loss for you, Xue Di.”

Lin Tianhao sent a few more messages to Glasses.

After seeing Glasses’s reply, Lin Tianhao finally decided to cooperate with the Blood Lake Cave.

Because according to Glasses.

He has explored ten percent of the Sea Burial Tomb, which is basically the limit.

To continue exploring, he needs someone to help.

Therefore.

Lin Tianhao felt that he could cooperate with the people from the Blood Lake Cave and also explore the secrets of this underwater world.

After all, Lin Tianhao knew too little about this underwater world.

“Eighty-twenty, just as we said before, me eight, you two.” Lin Tianhao said.

Cha Yunlei Demon’s expression changed, and he said angrily:

“Xue Di, isn’t this ratio a bit too disrespectful to our Blood Lake Cave.”

Lin Tianhao smiled and said:

“Oh? According to your meaning, when your Blood Lake Cave proposed the 80/20 split before, you were disrespecting me, Xue Di.”

Cha Yunlei Demon really wanted to say, I just look down on you!

But with Bloodfly Ape Demon here, he ultimately didn't say those words.

"Xue Di, before you didn't have a key, and we had a key, that's why the split was like that."

"Now that we both have keys, how about sixty-forty? You six, we four, how about it?"

Lin Tianhao narrowed his eyes slightly. This Bloodfly Ape Demon and Cha Yunlei Demon have completely different personalities.

"Why do you insist on cooperating with me?" Lin Tianhao asked.

Bloodfly Ape Demon said with a wry smile:

"If we don't cooperate with you, how can we act on this Qionghuang Island."

Although that's what he said.

Lin Tianhao still felt that there seemed to be something fishy about it.

If what Bloodfly Ape Demon said was true, there was actually a premise.

That is...

He was on Qionghuang Island and discovered them.

Otherwise.

The Blood Lake Cave could completely explore the Sea Burial Tomb secretly.

Of course.

It can't be ruled out that the entrance to the Sea Burial Tomb is in the new town established by the Moon Wheel Empire, which might also make them consider his relationship.

At least.

From the looks of it now, the Blood Lake Cave is still very afraid of the Sea God Poseidon.

They probably wouldn't dare to offend him rashly, so they wanted to cooperate.

That's one reason.

The second reason is probably to use his power to explore the Sea Burial Tomb.

Besides these two possibilities.

Lin Tianhao actually thought of a third possibility.

They wanted to trap him in the Sea Burial Tomb.

At least.

Trap him for a short time.

As for the purpose, Lin Tianhao wasn't clear yet.

After all, these were just Lin Tianhao's guesses.

"How about this, let's each take a step back, and split the benefits 30/70, how about it?" Lin Tianhao said.

He still dared to cooperate because he wasn't worried about other plots.

Glasses has been to the Sea Burial Tomb more than once, and it's still a bit difficult for Glasses to further conquer the Sea Burial Tomb.

But if it's just to get out of the Sea Burial Tomb, Glasses is very confident.

Bloodfly Ape Demon pondered for a while and slowly said:

"Okay, then let's do as you say."

A satisfied smile appeared on Lin Tianhao's face.

"Since that's the case, then organize some people, and we'll go to the Sea Burial Tomb at noon tomorrow."

"Noon?" Bloodfly Ape Demon was slightly stunned.

Before he could speak, Cha Yunlei Demon beside him asked:

"Why noon tomorrow? Tonight or tomorrow morning would be fine."

Lin Tianhao smiled and shook his head, saying seriously:

“I think it’s easy for things to go wrong when going to a tomb early or late. Going to the tomb at noon is just right.”

“Things go wrong early or late?”

Bloodfly Ape Demon suddenly laughed, “Hahaha, I didn’t expect you, Xue Di, to believe in these things. Then according to what you said, let’s go to the Sea Burial Tomb together at noon tomorrow.”

Chapter 665 - Thunder Dragon Palace!

After agreeing on a time, Lin Tianhao saw Bloodfly Apeman off.

He then took a step and arrived at the Dragon Cave.

If the Blood Lake Cave Mansion had any designs, it would most likely be on the Dragon Cave here.

Only.

Lin Tianhao didn't have a good way to explore the second level of the Dragon Cave for the time being, so he agreed to cooperate with the Blood Lake Cave Mansion.

At least.

He could use this cooperation to establish a relationship with the Blood Lake Cave Mansion, which would make it easier for him to learn about the underwater world in the future.

The Dragon Cave had powerhouses like Xiudeli Baiyun stationed there, so under normal circumstances, there would be no accidents.

However.

To be on the safe side, Lin Tianhao still summoned the Shannong God and the Shahong God.

“The two of you guard the entrance to the Dragon Cave. If there are experts that even Xiudeli Baiyun can't stop, tell me immediately.”

“Yes, Lord.”

The Shannong God respectfully bowed.

After dealing with the matters here at the Dragon Cave, Lin Tianhao began to arrange the candidates for this trip to the Sea Burial Tomb.

Glasses was definitely coming, followed by Fatty, Monkey, and Lin Qingqing.

Only.

Adding up the numbers, there were only five people.

Lin Tianhao could still bring five more people.

Su Li, Goudao Wangu, and the others could also come, but after thinking about it, Lin Tianhao gave up.

The Sea Burial Tomb was very special, and for Goudao Wangu and Su Li, this place might not be a good place to go.

Therefore.

Lin Tianhao decided on just the five of them.

With Glasses around, he didn't need to worry too much about not being able to get out.

Regardless of whether the Blood Lake Cave Mansion had any conspiracies, he could remain invincible.

One night of enlightenment.

Lin Tianhao had taken another step on the path of swordsmanship, and it wouldn't be long before he could achieve the sixth level of the Law of the Sword.

By noon.

Bloodfly Apeman arrived, and Cha Yunlei Demon was still with him.

In addition to the two sea demons, there were also eight ninth-rank diamond-level sea demons.

This lineup was not strong, but it was not too weak either.

"Snow Emperor, do you have any more people?"

Cha Yunlei Demon saw at a glance that Lin Tianhao's side only had five people, and couldn't help but frown and ask.

Lin Tianhao smiled faintly and said:

"Just the five of us."

Cha Yunlei Demon's expression changed slightly.

Even Bloodfly Apeman frowned.

“Snow Emperor, the Sea Burial Tomb is extremely dangerous. You only have five people, and you want to split 70%. Isn't this... a bit inappropriate?”

Lin Tianhao knew there would be such a situation when he prepared to only send five people.

“Five people?”

“Do you think you're at a disadvantage? But I alone am worth a thousand troops.”

Cha Yunlei Demon sneered, “Snow Emperor, you can't say that. No matter how powerful you are, you are indeed only five people.”

“Is that so?”

Lin Tianhao smiled noncommittally, then raised his hand, and a large number of undead appeared in front of him.

The worst of them were seventh-rank.

“I alone am equivalent to a thousand troops. According to what you said, we should be the ones at a disadvantage.”

Seeing the group of undead experts that Lin Tianhao had summoned.

Cha Yunlei Demon opened his mouth, but for a moment, he didn't know what to say.

Bloodfly Apeman smoothed things over from the side.

“Ninth brother, you can question anyone, but how can you question the Snow Emperor?”

“Have you ever seen anyone like the Snow Emperor, who leads a sacred ground and slaughters the other sacred grounds so that they can't raise their heads?”

At this point.

Bloodfly Apeman changed the subject and continued:

“Snow Emperor, my ninth brother is ignorant. You are a magnanimous person, don't be as knowledgeable as him.”

Lin Tianhao waved his hand and said:

“Alright, let's go to the tomb.”

Glasses stepped out and took out the key to open the Sea Burial Tomb.

Bloodfly Apeman saw the key in Glasses' hand, and a flash of surprise flashed in his eyes.

Because even today, before coming, Bloodfly Apeman had suspected whether Lin Tianhao really had the key to open the Sea Burial Tomb.

After all, the key to the Sea Burial Tomb was too scarce. Their Blood Lake Cave Mansion had searched for so long before finding one, and there was no reason why the Snow Emperor would also have one.

However.

Bloodfly Apeman only had a moment of surprise, and he also took out the key to open the Sea Burial Tomb.

The earth cracked open, and a deep blue light gate appeared.

Glasses held the key and stood in front of the light gate.

“Let's go.”

Glasses let Fatty and Lin Qingqing and the others go down first, and he and Lin Tianhao went in last.

Bloodfly Apeman and Cha Yunlei Demon and the other ten people also entered the Sea Burial Tomb one after another.

After descending into the Sea Burial Tomb.

Lin Tianhao looked at Bloodfly Apeman, “Bloodfly Apeman, I have already entered the Sea Burial Tomb, shouldn't you tell me the truth now?”

“The truth?”

Bloodfly Apeman was stunned, “Snow Emperor, do you think I'm lying to you about something?”

Lin Tianhao looked at Bloodfly Apeman seriously, “You went to so much trouble to get me to enter the Sea Burial Tomb with you, if you say you have no designs, would I believe you?”

Bloodfly Apeman looked at Lin Tianhao meaningfully and said:

“Snow Emperor, since you guessed that we have a plot, why did you still come to this Sea Burial Tomb with us?”

“Are you so confident that the backup you left outside can withstand the troubles you might encounter?”

Lin Tianhao narrowed his eyes, and a cold light flashed in his eyes.

“So my guess is correct, you do have a plot.”

Cha Yunlei Demon wanted to say something, but Bloodfly Apeman raised his hand to interrupt him.

“Snow Emperor, we do have a plot, but what we plot is this Sea Burial Tomb. We promised to split the loot with you three to seven, and we will keep our promise.”

“Only...”

Bloodfly Apeman hesitated slightly, but still continued:

“Only, I know that someone has taken a fancy to the Dragon Cave on Qionghuang Island, and I also know that the Snow Emperor is on Qionghuang Island, and I know very well that there is more than one god by the Snow Emperor's side.”

“So, they are preparing to attack the Dragon Cave after you enter the Sea Burial Tomb.”

Hearing this.

Lin Tianhao smiled, which was somewhat different from what he had expected.

He originally thought that these were all the people of the Blood Lake Cave Mansion who were setting up a plan, the purpose of which was to lure him into the Sea Burial Tomb and then plot the Dragon Cave.

“Who are they?” Lin Tianhao asked.

Bloodfly Apeman pondered for a while before slowly saying: “They are the Thunder Serpent Hall.”

“Not only that, but I also know that they already know how to quickly clear the first level of that Dragon Cave. As long as they can enter the Dragon Cave, they can quickly clear the first level and then return to the seabed.”

“At that time, even you, Snow Emperor, will find it difficult to deal with them.”

Lin Tianhao couldn't help but clap his hands and applaud, and Fatty complained from the side:

“You sea demons are too wicked, but you may not know that the people who plotted against our Brother Hao before are now more than a meter tall with grass on their graves.”

Bloodfly Ape man smiled bitterly and cupped his hands at Lin Tianhao.

“Snow Emperor, our Blood Lake Cave Mansion has no intention of being enemies with your Fan Palace, but we also have to consider the pressure from the Thunder Serpent Hall.”

“For this trip to the Sea Burial Tomb, we can only take two layers of benefits, and the remaining one layer is our apology.”

Chapter 666 - Buried in a sea tomb, Cha Yunlei Mo was sold out!

Lin Tianhao looked coldly at the Bloodfly Ape Demon and said:

“Eight-two?”

Lin Tianhao seemed to have heard a particularly funny joke.

“You’ve schemed against me like this, what reason do I have to split the spoils eight-two with you?”

The Bloodfly Ape Demon’s expression darkened as he looked at Lin Tianhao warily, questioning:

“Snow Emperor, are you planning to attack now?”

Lin Tianhao smiled and said:

“Why not?”

Hearing this.

The Bloodfly Ape Demon said seriously:

“Snow Emperor, I admit we schemed against you, but I can ask myself, we had no intention of harming you.”

“Our Blood Lake Cave Dwelling is only for self-preservation.”

A cold glint flashed in Lin Tianhao’s eyes, “So, for self-preservation, you have to scheme against me?”

The Bloodfly Ape Demon gritted his teeth, “Snow Emperor, nine-one split, this is my greatest sincerity, I hope you can reconsider.”

“There’s no need to consider.”

“I want everything in the Burial Sea Tomb, and I want all of your lives.”

Lin Tianhao’s words were calm, but the aura of the Holy Land Master in his words still made the Bloodfly Ape Demon’s expression unsightly.

The Cloud-Inspecting Thunder Demon on the side couldn’t bear Lin Tianhao’s attitude any longer.

“Snow Emperor, my third brother kindly told you this, don’t be ungrateful!!”

Lin Tianhao smiled playfully, "Is this already considered being ungrateful?"

At this point.

Lin Tianhao changed the subject, "You scheming against me is still giving me face."

"Since that's the case, then me killing you, isn't that giving you all a huge amount of face?"

Things had come to this point.

The Bloodfly Ape Demon also realized that it would be difficult to salvage the situation today.

He said with a gloomy face and a cold voice:

"Snow Emperor, this is the Burial Sea Tomb, although the overall suppression is not as good as the Dragon Cave, you haven't chosen the right place to act fierce here."

"Is that so?"

Lin Tianhao simply didn't waste any more time.

He directly activated the Three Heads Six Arms and turned on the Heavenly Punishment state.

Adding Arrow Comes From the Heart, forty-eight arrows per second!!

Now, the damage of one arrow from Lin Tianhao, even without calculating critical hits and origin burning.

The damage of that arrow also exceeded three billion.

Forty-eight arrows per second, that's more than 140 billion damage per second.

Seeing the battle begin, Fatty was not flustered at all. He raised the shield in his hand, and a huge shield blocked Lin Tianhao's front.

"If you insist on seeking death, then don't blame us."

The Bloodfly Ape Demon roared angrily. He raised his hand, and several flying needles pierced through the air.

"Bang—"

Fatty's Guardian Shield only blocked one flying needle and was shattered by the second flying needle.

Monkey's movement speed was extremely fast, and in an instant, he arrived behind the Bloodfly Ape Demon, sweeping out the totem pole in his hand.

"Overestimating yourself!"

The Bloodfly Ape Demon didn't even bother to pay attention to Monkey. He unfolded the domain around him, knocking Monkey away.

Just as Monkey was knocked away, several fiery sword energies had already arrived in front of him.

What he didn't expect was that these fiery sword energies only seemed to contain the power of the Law of the Sword, but they forcefully broke a hole in his domain.

If Lin Qingqing's sword energy made the Bloodfly Ape Demon a little surprised, then Lin Tianhao's feathered arrows stunned him.

Because his domain couldn't completely block Lin Tianhao's feathered arrows, which was really unbelievable.

But then.

Something happened that he never dreamed of.

After the feathered arrow hit him, a terrifying damage that made him tremble appeared above his head.

With the blessing of Three Heads Six Arms and Arrow Comes From the Heart, the number of feathered arrows from Lin Tianhao was truly astonishing.

"Essence Blood Returns to Ruin!"

The Bloodfly Ape Demon formed hand seals, and a virtual bloodfly appeared above Lin Tianhao's head.

In the next instant.

Lin Tianhao's health bar dropped sharply.

-1.1 billion!!

This damage value can be said to be very terrifying.

But compared to Lin Tianhao's 32 billion health points, this bit of damage was somewhat insignificant.

"What kind of monster are you?!"

The Bloodfly Ape Demon was very confident in his attack just now. Even existences of the same level as him would lose hundreds of billions of health points.

But Lin Tianhao only lost 1.1 billion, which made the Bloodfly Ape Demon feel a little unbelievable.

“I’m not a monster, I’m just an ordinary third-job archer.” Lin Tianhao responded calmly.

The Bloodfly Ape Demon only felt his scalp tingle.

I believe in your evil.

With your ferocity, third-job? And still freaking ordinary, who believes that?!

“Raging Thunder Eight Desolations!”

The Cloud-Inspecting Thunder Demon didn’t freeze either. He unfolded his domain, used his divine power, and killed Lin Tianhao.

Looking at his appearance, this attack was aimed at taking Lin Tianhao’s life.

Thunderbolts bombarded Lin Tianhao.

Lin Tianhao was not afraid at all. He retreated, but he was still resisting the Cloud-Inspecting Thunder Demon’s attack.

-100 million!!

-99 million!!

-100 million!!

.....

Thunderbolts struck Lin Tianhao, dealing one damage number after another.

These damages were quite terrifying.

At least.

Judging purely from the damage value, it was extremely impressive.

But Lin Tianhao had damage transfer, and this level of damage was not enough to take Lin Tianhao's life.

With damage transfer and the evolved Hand of Heavenly Punishment.

Lin Tianhao's ability to withstand damage and his recovery ability were extremely terrifying.

He could completely recover the health points he just lost through blood-sucking.

"Damn it, monster, how can there be a monster like you!!"

The Bloodfly Ape Demon was annoyed. He felt that he had already thought highly of Lin Tianhao.

But when he really fought Lin Tianhao, he realized how terrifying Lin Tianhao was.

"Bloodfly Ape Demon, True Form Demon Ascension!"

The Bloodfly Ape Demon no longer held back, directly transforming into his true form and unfolding his domain to kill Lin Tianhao.

Lin Tianhao immediately summoned several ninth-rank undead to block the Bloodfly Ape Demon.

But the Bloodfly Ape Demon didn't really rush up. He moved and flashed behind the Cloud-Inspecting Thunder Demon.

Then he pushed the Cloud-Inspecting Thunder Demon out.

"Snow Emperor, today I, the Bloodfly Ape Demon, admit defeat, let's fight again another day!"

After speaking.

The Bloodfly Ape Demon rushed into a tomb passage in the Burial Sea Tomb and disappeared.

The Cloud-Inspecting Thunder Demon was pushed out by the Bloodfly Ape Demon, which was both surprised and angry.

"Third brother, how could you do this?!"

But no matter how angry he was, it was useless. Lin Tianhao's feathered arrows had already locked onto him.

"Snow Emperor, even if I die, I will drag you down with me."

The Cloud-Inspecting Thunder Demon was furious. He felt that all of this was caused by Lin Tianhao.

Lin Tianhao didn't care. He even stopped attacking the Cloud-Inspecting Thunder Demon.

He just let his ninth-rank undead hold back the Cloud-Inspecting Thunder Demon.

His feathered arrows were targeting the other eight ninth-rank diamond-level sea demons of the Blood Lake Cave Dwelling.

Killing these ninth-rank diamond-level sea demons was simply too easy.

In just a few breaths, these eight ninth-rank diamond-level sea demons were killed by Lin Tianhao, leaving only the Cloud-Inspecting Thunder Demon there, raging in vain.

Chapter 667 - The six giants above sea and underwater!

Lin Tianhao looked at Cha Yunlei Demon with a smile and said:

"Cha Yunlei Demon, haven't you seen the situation clearly? You've already been sold out, why are you still struggling here?"

Cha Yunlei Demon heard this, glared at Lin Tianhao, and rebuked:

"I wasn't sold! This is the most correct choice made under life-and-death circumstances!"

Lin Qingqing chuckled and said:

"Cha Yunlei Demon, why do you have to deceive yourself like this?"

"If you had gone all out just now, you would still have had a chance to fight us."

"But your good brother chose a more secure approach, which is to sell you out."

"You're talking nonsense!!"

Cha Yunlei Demon shouted angrily:

"My relationship with my third brother is not something you trash can shake."

Lin Tianhao smiled helplessly, "Incorrigibly foolish, no wonder your third brother wants to sell you out."

Putting aside everything else.

Just these undead under Lin Tianhao's command were enough to give him a headache.

"Snow Emperor, my third brother at least said that we have no intention of opposing you, but what about you? You're still pressing us so aggressively!!"

"Perhaps I, Cha Yunlei Demon, will die today, but Blood Lake Grotto will not let you go!"

Lin Tianhao spread his hands and said:

"I really admire you, are you trying to numb yourself? If Blood Lake Grotto really dared to break ties with me, why would they go through so many twists and turns."

"Moreover, even the Thunder Serpent Hall you mentioned is using you to stall me, instead of confronting me head-on. Do you think Blood Lake Grotto can avenge you?"

Cha Yunlei Demon clenched his fists and gritted his teeth:

"Now that things have come to this, what does it matter whether they can avenge me or not?"

"I, Cha Yunlei Demon, have long heard of the Human Butcher Snow Emperor's reputation. Since I've fallen into your hands today, I never thought I could live."

Lin Tianhao waved his hand and said: "What Human Butcher? That's fake. Those who know me know that I am kind-hearted and never kill people easily."

"Look, so many experts are willing to help me with just one word. Even the former God King Poseidon has chosen to help me. You should know that I am a good person."

Cha Yunlei Demon looked at Lin Tianhao suspiciously.

He had indeed only heard about some of Lin Tianhao's deeds. He was not very clear about some of the specific details.

"Snow Emperor, what do you mean by all this? We did scheme against you after all. Are you really going to let me live?" Cha Yunlei Demon asked.

Lin Tianhao grinned, "Didn't I say? I'm a good person. Since I've said so, as long as you can atone for your sins, I can let you go."

Cha Yunlei Demon's expression changed constantly, and he asked in a deep voice:

"Is what you said true? Also, atone for my sins? What do you want me to do?"

Lin Tianhao smiled and said:

"I'm new here and don't know much about this Northern Sea. You can just give me some popular science about the information of this Northern Sea."

"That's all there is to it?"

Cha Yunlei Demon was a little surprised. The situation in the Northern Sea was obscure to outsiders.

But to him, these were not secrets.

Anyone who had some influence in the Northern Sea could tell you about it.

"The forces in the Northern Sea are mainly divided into underwater forces and above-water forces."

"There are also above-water forces?" Lin Tianhao was a little surprised.

Because he had never come into contact with above-water forces since he started exploring.

"There are no less than a hundred super islands in the Northern Sea that can accommodate hundreds of millions of people. Of course, there are forces there."

"Tell me about it."

Lin Tianhao was really curious. After all, he had not encountered any powerful above-water forces so far.

"The above-water forces mainly consist of three giants. Their strength level should be equivalent to the holy lands of your Vast Continent, or even stronger."

Lin Tianhao was even more surprised that there were actually three giants.

He hadn't encountered any of them yet.

Of course.

It was also possible that he had encountered them, but they had avoided him.

"First of all, there are the Seven Sons of the Northern Sea: Seven Star Demon Island. I believe you have already been in contact with them, but they all know that you are not easy to deal with, so they are likely to avoid fighting and have not really fought with you."

"In addition to Seven Star Demon Island, there is also Dragon Phoenix Immortal Island and a secluded force that we call Mechanical Island.

"Because on that island, the proportion of machinists exceeds 90%."

Lin Tianhao frowned slightly. He originally thought he didn't know any of this.

But now, listening to Cha Yunlei Demon say this, he actually knew all three of these above-water giants.

"What else?" Lin Tianhao asked.

Cha Yunlei Demon pondered for a while and said:

"There are indeed some other forces above-water, but those forces are not worth mentioning compared to the Fan Palace behind you, Snow Emperor, so I naturally didn't mention them."

Lin Tianhao smiled helplessly and said:

"Alright, then tell me about the forces in the underwater world."

Cha Yunlei Demon nodded and said:

"There are also three giants in the underwater world. As for the grottoes, there are many that are well-known, as many as thirty-six grottoes."

Lin Tianhao was stunned, "Then I underestimated you. I came all the way from the bottom of the sea before, but I didn't encounter a single grotto."

Cha Yunlei Demon smiled helplessly and said:

"You're overthinking it. It's not that you didn't encounter them, but that they didn't attack you."

"You even killed your way through the territory of our Blood Lake Grotto back then, but we just turned a blind eye and didn't fight you."

"I see."

"Your Blood Lake Grotto seems to have a good power. If there is a god in charge, it can already be considered a holy land."

Cha Yunlei Demon smiled bitterly, "This is the gap between us and the giants. Most of the grottoes do not have gods."

"Oh?"

"So, there are gods in the giant forces you mentioned?" Lin Tianhao asked.

Cha Yunlei Demon nodded heavily and said:

"Not only are there gods, but there is more than one."

"Thunder Serpent Hall is one of the three giants in our underwater world. There is also an Ice Fire Holy Palace and a Divine Ape Hall."

Lin Tianhao raised his eyebrows and asked:

"Do the grottoes really not have gods in charge?"

Cha Yunlei Demon was stunned for a moment before finally saying:

"Each grotto has its own foundation. I can only say that they don't have any on the surface."

Lin Tianhao smiled, "So, your Blood Lake Grotto also has gods in charge."

Cha Yunlei Demon raised two fingers, "Yes, there are still two."

At this point.

Cha Yunlei Demon changed the subject, "Snow Emperor, I have told you everything that should be said and should not be said. Now, can you let me leave?"

"Of course."

Lin Tianhao waved his hand, "You may leave."

Cha Yunlei Demon ran away in a puff of smoke. Only when he ran to the corner did he breathe a sigh of relief.

"This Snow Emperor doesn't seem as ferocious as the rumors say."

Lin Tianhao didn't pay attention to Cha Yunlei Demon, but focused his attention on Glasses.

"Glasses, do you think the two of them can help you trigger the mechanism in front?"

Chapter 668 - Machines and curses!

Glasses nodded, "Checking the strength of the Cloud-Piercing Thunder Demon and Bloodfly Ape Demon is sufficient, and they are living creatures, so there is a high probability that they can trigger the mechanisms ahead."

That's all.

Glasses hesitated slightly before saying:

"Brother Hao, the Thunder Serpent Palace is plotting against your Dragon Cave. Aren't you going out to stop them?"

Before Lin Tianhao could answer, Lin Qingqing explained from the side:

"Glasses, don't worry, Brother has already made arrangements."

"Besides, the first level of the Dragon Cave has already been cleared by us. The people from the Thunder Serpent Palace entering the second level can only help us explore the way."

"In fact, if they can't fly, they don't even have the qualifications to enter the second level."

Lin Qingqing's explanation was exactly what Lin Tianhao was considering.

Even more.

Lin Tianhao considered even more.

He also left the two deities, Shanon and Shahong, there.

If the people from the Thunder Serpent Palace who come are not strong enough, they won't even have the qualifications to enter the Dragon Cave.

Moreover.

Even if the people from the Thunder Serpent Palace enter the Dragon Cave.

With the first level having already been speed-cleared by Lin Tianhao, it is almost impossible for the people from the Thunder Serpent Palace to obtain any benefits from the Dragon Cave.

Not only that.

Even if the people from the Thunder Serpent Palace are lucky enough to obtain benefits from the Dragon Cave, Lin Tianhao will be able to take them back from their mouths.

Just at this moment.

The deity Shanon sent back a message to Lin Tianhao through the Conferred God List.

The people from the Thunder Serpent Palace have arrived, and two powerful deities are leading the way.

Upon receiving this message, Lin Tianhao directly responded to the deity Shanon.

The content of the response was also very simple, they did not need to fight the deities of the Thunder Serpent Palace.

They only needed to warn the people of the Thunder Serpent Palace.

If the people from the Thunder Serpent Palace insisted on entering the Dragon Cave, then let them in, do not take action.

The deity Shanon was very surprised to receive such a reply from Lin Tianhao.

Because they also had two deities next to the Dragon Cave.

With Lin Tianhao's personality, there was no need to let them in at all.

But with just a moment of surprise, she already understood what Lin Tianhao wanted to do.

The Dragon Cave belongs to Lin Tianhao!

As long as the people from the Thunder Serpent Palace enter the Dragon Cave, then this feud will be formed.

Later, regardless of whether the Thunder Serpent Palace obtains any benefits from the Dragon Cave, Lin Tianhao can say that the Thunder Serpent Palace took them, and even took a lot of benefits.

When the time comes.

Lin Tianhao leads the gods to pressure the Thunder Serpent Palace and ask the Thunder Serpent Palace to compensate. Will the Thunder Serpent Palace compensate or not?

If Lin Tianhao knew the deity Shanon's thoughts, he would only nod silently.

Moreover.

This is his open scheme!

Because the Thunder Serpent Palace has already decided to take action, they will not easily back down.

And the first level of the Dragon Cave has already been cleared by Lin Qingqing. Their entry into the Dragon Cave will most likely result in a complete loss.

And he.

Can justifiably put this blame on the Thunder Serpent Palace and ask the Thunder Serpent Palace to compensate.

Even if the Thunder Serpent Palace does not compensate, other giants will know that the Thunder Serpent Palace has obtained the treasures of the entire level of the Dragon Cave and will be wary of the Thunder Serpent Palace.

Therefore.

Letting the Thunder Serpent Palace enter the Dragon Cave is beneficial and harmless to him!

And he now.

Just needs to make good use of the Bloodfly Ape Demon and Cloud-Piercing Thunder Demon to explore the way.

The reason why Lin Tianhao chose to cooperate with the Bloodfly Ape Demon before was because Glasses said that he needed a strong person as a blood sacrifice to trigger the subsequent mechanisms, so as to further explore the Burial Sea Tomb.

Now there is this opportunity, and the Bloodfly Ape Demon and Cloud-Piercing Thunder Demon have taken the initiative to come to his door.

Inside the Burial Sea Tomb.

After confirming that it was temporarily safe, the Bloodfly Ape Demon began to observe the surrounding situation.

He dared to enter this Burial Sea Tomb, so he naturally had some understanding of this Burial Sea Tomb.

The entrance to the Burial Sea Tomb is on Qionghuang Island, but in reality, the Burial Sea Tomb is deep in the seabed.

Their sea demons have a natural advantage in the Burial Sea Tomb.

The biggest problem with the Burial Sea Tomb is that there are countless mechanisms, and they all have a certain power of rules, which are difficult to crack by ordinary means.

At this time, he was in a side chamber, and there were some armors placed in this side chamber, all of which were of gold quality.

If these were placed outside, they could be sold for a good price.

But these things.

Do not have any attraction to the existence of the Bloodfly Ape Demon's level.

Moreover.

The Bloodfly Ape Demon knows.

In the Burial Sea Tomb, there are many things that cannot be taken, otherwise it will trigger some strange things.

According to the information he learned, there is a very special curse in the Burial Sea Tomb. Once cursed, an immortal and indestructible corpse ghost will appear to chase after him.

This corpse ghost cannot be eliminated by any means. According to the information he learned, it is that the corpse ghost jumps out of the Three Realms and is not in the Six Paths.

The methods in the Three Realms and Six Paths cannot cause harm to the corpse ghost.

And the reason for the curse may be taking something that should not be taken.

Therefore.

The Bloodfly Ape Demon will not easily waste the opportunity to take things.

"According to the information I learned before, the Burial Sea Tomb has two layers, upper and lower. As long as I can thoroughly understand one layer, my strength can also be greatly improved."

"After my strength is improved, I will solve the trouble of the Snow Emperor."

When thinking of the Snow Emperor, the Bloodfly Ape Demon's expression became even more sinister.

He always felt that what he did was not wrong.

Under the coercion of the Thunder Serpent Palace, he had already made the best choice.

It's the Snow Emperor!!

It was the Snow Emperor who was unreasonable and did not understand right and wrong. He had already confessed, but he still insisted on holding on and opposing them.

"Snow Emperor, you will definitely regret opposing our Blood Lake Cave."

The Bloodfly Ape Demon thought viciously, and he stepped forward.

.....

Glasses habitually pushed his glasses frame. Perhaps because he often does this meaningless action, he has also become accustomed to it.

At least.

There is no such embarrassment as at the beginning.

"Brother Hao, Qingqing, I haven't explored this Burial Sea Tomb much. The main thing I know so far is one point."

"That is, this ancient tomb is absolutely amazing in terms of mechanisms, and the most proficient are mechanical and curse methods."

"The strength of some mechanical puppets inside is so strong that it makes people doubt life."

"The mechanisms are the same. Not to mention the ingenious design, the designer also understands people's hearts. Sometimes what you think is the right thing to do will just trigger the mechanism."

That's all.

Glasses changed the subject and continued:

"But, whether it is a mechanical mechanism or a mechanical puppet, compared with curses, they are much inferior."

"I was unlucky and triggered a curse once, and then I was killed repeatedly nineteen times before I found a way to lift the curse."

Monkey shrugged his shoulders and said indifferently:

"What are you afraid of? Isn't there still Brother Hao here?"

Lin Tianhao glanced at Monkey and said seriously:

"Monkey, your idea is very dangerous. You can't put all your hopes on me."

"Understood."

Monkey grinned.

Glasses continued to say from the side:

"I was stuck in a myriad arrows formation before. As long as you enter that circular tomb, countless feather arrows will fly out from all around."

"Moreover, if those feather arrows are not broken, those feather arrows can be continuously recycled and reused."

Chapter 669 - Circular Tomb Chamber: Array of Ten Thousand Arrows!

"Moreover, I speculate that there is also a Spirit Gathering Array below the circular tomb chamber. If you can't clear it in one go, the Spirit Gathering Array will quickly gather energy to replenish the Arrow Barrage."

"Also, there's the most outrageous problem I mentioned."

"That is, the Arrow Barrage only recognizes and attacks living organisms, and will not attack non-living organisms."

Hearing what Glasses said, Lin Tianhao now understood why Glasses said they needed bait.

Suddenly.

Lin Tianhao thought of something.

“The undead I summon, in Gods' Twilight, can also be considered living organisms.”

Glasses smiled and said:

“I also realized this problem, but now that there is ready-made bait, there's no reason not to use it.”

Lin Tianhao and the others smiled in unison.

Next.

Lin Tianhao and the others followed Glasses.

Because Glasses was already quite familiar with the surroundings of the Burial Sea Tomb, the group quickly caught up with the Bloodfly Ape Demon.

To Lin Tianhao's surprise, even though he had caught up with the Bloodfly Ape Demon, he still hadn't encountered Cha Yunlei Demon.

It seemed they had missed each other somewhere.

But that didn't matter anymore.

What mattered was.

The Bloodfly Ape Demon had already arrived before the circular tomb chamber where the Arrow Barrage was located.

Whether it was because he was bold due to his skill, or because he simply couldn't see any traps ahead, the Bloodfly Ape Demon walked straight in.

As soon as he stepped into the circular tomb chamber, the Bloodfly Ape Demon didn't trigger any mechanism.

According to Glasses, once he walked to the center of the circular tomb chamber, the chamber would seal shut, and arrows would fly in from all directions.

Sure enough.

When the Bloodfly Ape Demon reached the center, the tomb door of the circular tomb chamber instantly closed.

Next.

Lin Tianhao heard the sound of arrows piercing through the air, as well as violent collision sounds.

“Bang—”

The collision didn't last long before a palm blasted a gap in the tomb door of the circular tomb chamber.

Fatty said from the side:

“Glasses, you're overestimating yourself a bit. This Bloodfly Ape Demon is polite to Brother Hao, but he's still a demigod, what level are you at?”

Hearing this, Glasses couldn't help but smile wryly.

“Brother Hao's level isn't that high either, yet he can suppress all the Sacred Grounds to the point where they can't raise their heads.”

Monkey looked at Glasses with the eyes of an idiot.

“Glasses, if you say that, you don't understand Gods' Twilight.”

“Haven't you heard? In Gods' Twilight, there are only two types of players!!”

“What?” Glasses asked.

Fatty smiled from the side:

“Snow Emperor and other players.”

Glasses: “.....”

For a moment, he was speechless.

But upon closer thought, what he said didn't seem wrong.

At this stage of Gods' Twilight, it really seemed to be just Snow Emperor and other players.

During the conversation, the Bloodfly Ape Demon finally broke through the tomb walls and ran out of the circular tomb chamber.

As soon as he came out, Lin Tianhao noticed that his health bar was only two-thirds full.

In such a short period, even the powerful Bloodfly Ape Demon had lost one-third of his health.

“So strong.”

Glasses couldn't help but say, "However, he's going to be in trouble."

"Why do you say that?" Lin Tianhao asked.

Glasses said solemnly:

"In this Burial Sea Tomb, if your health drops by more than a quarter, mechanical puppets will attack you specifically."

"The lower your health, the more mechanical puppets will appear."

While Lin Tianhao and the others were talking, the Bloodfly Ape Demon also noticed them.

His expression was serious as he stared intently at Lin Tianhao.

"Snow Emperor, this circular tomb chamber is the only way to continue exploring the Burial Sea Tomb. You just saw that I can't get through it alone, and neither can you."

Having said that.

The Bloodfly Ape Demon changed his tone and continued:

"Why don't we let bygones be bygones and explore the Burial Sea Tomb together."

"To show my apology, I can forgo any benefits, how about that?"

Although the Bloodfly Ape Demon said this, the killing intent hidden deep in his eyes hadn't diminished at all.

Lin Tianhao looked at the Bloodfly Ape Demon with a smile and said:

“Bloodfly Ape Demon, you don't need to try to pull me in, I'll give you three seconds to run, go for it!”

The Bloodfly Ape Demon's face instantly darkened. He originally thought that Lin Tianhao was really giving him a chance.

But now it seemed that wasn't the case at all.

Lin Tianhao smiled slightly and said:

“I haven't finished speaking yet, if you want to run, you can only run in that direction.”

As he spoke.

Lin Tianhao raised his hand and pointed towards the circular tomb chamber.

Seeing this.

The Bloodfly Ape Demon was even more enraged.

“Snow Emperor, you are shameless, you actually want me to scout the way for you!!”

Lin Tianhao's expression was indifferent as he calmly spoke.

“So, what is your choice?”

As these words fell.

Lin Tianhao raised three fingers.

“Three...”

The Bloodfly Ape Demon cursed Lin Tianhao's ancestors eighteen generations over in his heart, but his movements weren't slow at all. In the blink of an eye, he charged into the circular tomb chamber again.

“A wise man submits to circumstances.”

A satisfied smile appeared on Lin Tianhao's face.

Before, the Bloodfly Ape Demon, at full health and with a full team, couldn't compete with Lin Tianhao.

Now.

As long as he still had a sliver of desire to live, he wouldn't choose to fight Lin Tianhao head-on.

Therefore.

He only had one choice, and that was to run.

Even if he knew that Lin Tianhao was using him to scout the way, he had no choice but to be cannon fodder!

Seeing this scene.

Lin Qingqing couldn't help but give Lin Tianhao a thumbs up.

“Brother, with your methods and your strength, I don't know how others are supposed to play.”

Lin Tianhao spread his hands and said: "I really don't want to make enemies, but sometimes I have no choice."

Everyone fell silent.

At this time, the circular tomb chamber opened, and there was no sign of the Bloodfly Ape Demon.

The result was obvious.

The Bloodfly Ape Demon withstood the attack of the Arrow Barrage and passed through the circular tomb chamber alive.

"I'll go!"

Lin Qingqing volunteered.

She had listened to Glasses's introduction earlier and knew that there was a Spirit Gathering Array below the Arrow Barrage, and they couldn't allow the Spirit Gathering Array to restore the Arrow Barrage.

Therefore.

The moment the circular tomb chamber opened, Lin Qingqing rushed in.

Ripples of space rippled around her, and a large number of arrows were shattered by her.

But the arrows were like a tide, endless.

Lin Qingqing had just blocked the first batch of arrows when the second batch arrived.

Fortunately, the Bloodfly Ape Demon had blasted a gap in the circular tomb chamber, allowing Lin Tianhao to see the situation inside through the gap.

Likewise.

He could also use this gap to support Lin Qingqing.

Chapter 670 - The Blood Lake Cave is disbanded!

“Whoosh, whoosh, whoosh—”

Lin Tianhao released his arrows, continuously firing them into the circular tomb chamber through the opening created by the Bloodfly Ape Demon.

The Bloodfly Ape Demon's two entries into the circular tomb chamber had greatly weakened the myriad-arrow formation.

Otherwise, even with Lin Tianhao's arrow support, Lin Qingqing would not have been able to withstand the myriad-arrow formation.

Moreover,

Lin Qingqing's Dao was also very special.

Although it was only a Dao at the Law level, it was easier for her to resist these arrows than it was for the Bloodfly Ape Demon during its second entry into the circular tomb chamber.

Her Dao.

Was very special.

Just like how she could still use her Dao after entering the Dragon Cave.

After another ten seconds or so, the number of arrows in the myriad-arrow formation decreased, eventually stabilizing at three to four hundred arrows per second.

“Let's go in. Because of the Spirit Gathering Array, the arrows won't stop completely,” Lin Tianhao said.

To ensure safety, Lin Tianhao summoned several undead creatures to block the arrows, and they were able to pass through the circular tomb chamber smoothly.

Behind the circular tomb chamber was a long tomb passage, but as soon as they stepped into it, Lin Tianhao and the others stopped.

Because they saw the Bloodfly Ape Demon.

At this time, the Bloodfly Ape Demon was in very poor condition, on the verge of death.

“Save... save me.”

The Bloodfly Ape Demon trembled as he spoke, a large amount of dark green blood gushing from his mouth, making him even more listless.

Sticking out of his body were nine steel cones, each as thick as a thumb.

These steel cones pinned the Bloodfly Ape Demon to the wall, preventing him from moving.

Lin Tianhao released an arrow that accurately hit the Bloodfly Ape Demon's forehead.

“Snow Emperor, don't do this, I can still be saved...”

The Bloodfly Ape Demon looked at Lin Tianhao in horror, "Save me, I can sign a slave contract with you and become your most loyal slave."

"I am not a summoner."

Lin Tianhao shook his head, "Also, I don't need a slave like you."

"Whoosh, whoosh, whoosh—"

This time.

Lin Tianhao directly released several arrows.

The Bloodfly Ape Demon's eyes widened, filled with horror, despair, helplessness, and various other emotions.

However.

The Bloodfly Ape Demon was mostly filled with regret.

Regretting why he came to this Burial Sea Tomb, regretting why he provoked the Snow Emperor!

However.

No matter how much he regretted it, he could not change the outcome.

As the arrows continued to hit the Bloodfly Ape Demon's forehead, the little bit of health he had left was cleared by Lin Tianhao.

The Third Cave Master of Blood Lake Cave, had fallen!!

“Ding, you have successfully killed the Bloodfly Ape Demon. A server-wide announcement will be made soon. Do you want to hide your name?”

“No.”

“Server-wide announcement, congratulations to player Snow Emperor for successfully killing the Bloodfly Ape Demon. Special announcement, hoping that all players will continue to work hard!!”

... ..

Blood Lake Cave!

Previously, when Lin Tianhao killed eight Nine-Revolution Diamond-level experts from Blood Lake Cave, the experts from Blood Lake Cave had already heard the server-wide announcement.

But they felt that there was still a chance.

After all, the Bloodfly Ape Demon and Cha Yunlei Demon were still alive.

But now.

When they heard the prompt that the Bloodfly Ape Demon was killed by Lin Tianhao, they could no longer sit still.

“Snow Emperor, you killed my third brother, I will make you pay with your life!!”

The Second Cave Master of Blood Lake Cave, Blood Shadow Crimson Demon, roared angrily.

As soon as his voice fell, a man covered in blood纹 stepped out.

“What? You still want to kill Snow Emperor for revenge?” Blood Heaven Ancient Demon glanced at Blood Shadow Crimson Demon.

Blood Shadow Crimson Demon gritted his teeth and said:

“Big brother, the third brother is like a brother to us. How can we sit idly by when he is killed?”

Blood Heaven Ancient Demon scolded:

“Bloodfly Ape Demon is like a brother to you, am I not like a brother to you? Are you trying to kill me by going against Snow Emperor? Are you trying to destroy our Blood Lake Cave?”

Blood Shadow Crimson Demon opened his mouth, “Big brother, according to what you mean, are we just going to let it go?”

“Otherwise?”

Blood Heaven Ancient Demon said seriously:

“This time, not only do we have to let it go, but we also have to tuck our tails and hide well.”

Hearing this.

Blood Shadow Crimson Demon was very dissatisfied, and he was about to speak immediately.

But before he could say anything, he was interrupted by Blood Heaven Ancient Demon.

“I know what you want to say, join the Thunder Flood Dragon Hall and fight against Snow Emperor together.”

“If you really think that way, I can only say that you are too naive.”

“The news from the Vast Continent has been passed back, haven't you noticed any problems?”

“Snow Emperor first destroyed the Novice Village, then destroyed the Star Kingdom, and then leveled the Land of Chaos.”

“Even a behemoth like the Vast Limitless Palace eventually chose to seal itself and avoid its edge.”

“What is the Thunder Flood Dragon Hall, and what is our Blood Lake Cave, why should we fight Snow Emperor?”

Blood Shadow Crimson Demon was stunned.

“But big brother, since you know Snow Emperor is invincible, why do you still help the Thunder Flood Dragon Hall?”

Blood Heaven Ancient Demon took a deep breath, and then sighed:

“I was too naive. I thought that as long as we told the truth and gave up the benefits of the Burial Sea Tomb, Snow Emperor would be merciful.”

“That way, our Blood Lake Cave can continue to develop in this sea area, but now it seems that we only have the choice of relocation left.”

Blood Shadow Crimson Demon clenched his fists and said:

“Big brother, our Blood Lake Cave is also a hegemon, is it okay to retreat like this...”

“Is it what?”

Blood Heaven Ancient Demon questioned:

“Second brother, you must remember that in this world, nothing is more important than life.”

“You and I are both people with strong bloodlines. As long as we endure well, it is not impossible to become gods and kings in the future.”

Hearing Blood Heaven Ancient Demon say the words becoming gods and kings, Blood Shadow Crimson Demon, who was originally a little shaken, gradually became firm.

“Since things have come to this, we can only do this.”

It was not easy for them to cultivate to this day. It would be too foolish to give up the opportunity to become gods and kings for the sake of so-called brotherhood.

“Second brother, you don't have to be sad. When you and I become gods and kings, we will cut off Snow Emperor's head and avenge our dead third brother.”

“The most urgent task is for us to leave quickly.”

Blood Shadow Crimson Demon nodded and said solemnly: “Big brother is right.”

“Pass the order, disband Blood Lake Cave. If the other brothers are willing, we will leave together. If they are not willing, we will not force them.”

... ..

Soon.

The news of the disbandment of Blood Lake Cave spread in the North Sea.

“No way, just the death of the Third Cave Master, and Blood Lake Cave disbanded. Is this Blood Lake Cave? Isn't it too spineless?”

“Snow Emperor, Snow Emperor, is he really that scary? The affairs of our underwater world are not something that this biped has the right to interfere in.”

“Hehe, if you say such a thing, I will just say one sentence, if Snow Emperor brings out the Sea God Poseidon, how should you respond?”

... ..

The entire underwater world of the North Sea was frantically discussing, while Lin Tianhao, the instigator, was still in the Burial Sea Tomb.
