

O game 691

Chapter 691 - Enter the secret realm of the Five Mountains!

"So long-winded!"

Lin Tianhao complained, immediately maximizing his attack speed and striking at the approaching tentacles.

A layer of domain actually unfolded on the tentacles, blocking all of Lin Tianhao's arrows.

"Domain!"

Fan Hua Luo Yu's face turned grim. The emergence of a domain meant a dimensional reduction attack for them.

Currently, among their players, besides Xue Di, no one should possess a domain.

However.

Fan Hua Luo Yu might have taken things for granted, because Lin Tianhao also didn't have a domain.

"Heaven's Punishment!"

Lin Tianhao directly activated Heaven's Punishment state.

The owner of the dark green tentacles seemed to sense the threat and broke out of the ground.

Its main body was also revealed in front of Lin Tianhao and the others.

Dark Poison Octopus (Platinum): Level 2000.

Health Points: 43.9 billion / 43.9 billion.

Attack: 10.01 million.

Skills: Dark Poison Domain, Dark Poison Spread, Octopus Poison Cannon, Super Armor, Berserk...

Lin Tianhao couldn't help but roll his eyes. He originally thought this guy, with his boastful words, would be a very strong existence.

Turns out.

That's it?!

Lin Tianhao possessed the Fiery Eyes of Truth, so he could see the Dark Poison Octopus's attributes.

Long Dui and the others couldn't even see the Dark Poison Octopus's attributes.

The moment the Dark Poison Octopus emerged, Lin Tianhao had already fired more than twenty arrows!

And killing the Dark Poison Octopus didn't even require twenty arrows.

So.

The result was that the Dark Poison Octopus had just emerged.

When Lin Tianhao's arrows directly killed it.

"Ding, you have killed the Dark Poison Octopus. A server-wide announcement will be made. Hide your name?"

"No."

"Server-wide announcement, congratulations to player Xue Di for completing the first kill of the Dark Poison Octopus. Special announcement, hoping all players will continue to work hard."

...

Long Dui and the others were still dumbfounded at this time.

They even thought that this might be a fierce battle, but the result left them all stunned.

A dignified domain expert couldn't escape the fate of being instantly killed in front of Xue Di.

They had no more words to describe their current mood.

"Ding, congratulations to your team for completing the first clear of the Deep Sea Cave. A server-wide announcement will be made. Hide your name?"

"No."

"Server-wide announcement, congratulations to player Xue Di, Hidden Nickname 1, Hidden Nickname 2, Hidden Nickname 3, Hidden Nickname 4 and others for completing the first clear of the Deep Sea Cave. Special announcement, hoping all players will continue to work hard!"

...

Long Dui and the others all uniformly hid their nicknames, which could be considered a slight precaution.

Lin Tianhao walked to the front and began to settle the dungeon completion rewards.

"Ding, you have obtained +88 skill books."

"Ding, you have obtained +211 pieces of equipment."

"Ding, you have obtained +9000 free attribute points."

"Ding, you have obtained +900,000 gold coins!"

...

Good harvest.

Because the team set the reward distribution to nine-one.

Therefore, Lin Tianhao's rewards were very generous.

As for what Kuang Zhan Daofeng said, that the dungeon rewards would all belong to him, it was impossible to fully realize.

Because nine-one distribution was the limit.

Other items might still be tradable, but free attribute points cannot be traded, which was a fatal flaw.

At the same time.

Lin Tianhao also discovered.

That first clears of special dungeons like this really gave a lot of free attribute points.

If he could clear more dungeons like this, the free attribute points he could harvest might be more than the free attribute points from the mission feedback as the Holy Land Master.

It's just.

That special dungeons like this were not so easy to find. Just like this Deep Sea Cave dungeon this time.

Entering required a scroll to activate. Without a scroll, you didn't even have the qualification to enter the dungeon.

Returning to his thoughts.

Lin Tianhao looked ahead.

"Ding, you have triggered a hidden secret realm. Enter?"

"Friendly reminder, this secret realm is a special closed secret realm. Once inside, you cannot leave voluntarily. Please choose carefully."

A light gate appeared in front of them.

Lin Tianhao strode over.

"Ding, enter the Five Mountains Secret Realm? Please choose carefully."

Lin Tianhao was a little surprised. This was really the Five Mountains Secret Realm. Lin Tianhao originally thought that this would be some secret realm with a similar name.

Because the entrance to the Five Mountains Secret Realm that Lin Tianhao knew in his previous life was not here.

But it was also normal.

Some super-large dungeons often had more than one entrance.

"Enter."

Lin Tianhao chose to enter the Five Mountains Secret Realm without hesitation.

"Ding, you have entered the Five Mountains Secret Realm. You will randomly descend to a certain location in the Five Mountains Secret Realm."

As the system prompt's voice fell, the white light on Lin Tianhao's body faded, and he also saw clearly the situation around him.

It's just.

That he had just come out.

When Lin Tianhao heard a voice.

"Heavens, Ye Fan actually broke through on the spot. Is this the number one genius of our Jiang Jue City? Truly terrifying!"

Lin Tianhao raised his eyes to look, only to see that he was in a square, and in the center of the square was a arena.

On the arena.

Two young men were colliding with each other, and the sound of metal clashing could be heard endlessly.

Around the arena, many people were watching the excitement.

Lin Tianhao's gaze fell on the two people on the arena.

Ye Fan (Platinum): Level 500.

Health Points: 3.1 billion / 3.2 billion.

Attack: 3.19 million.

Skills: Mysterious Fire Sword Formation, Sword Control Technique, Inscription Sword Technique, Falling Sword Without a Trace, Berserk, Super Armor...

This Ye Fan's overall attributes were not bad.

Especially since he was a master who mainly cultivated the Sword Dao.

On the arena.

The one fighting Ye Fan was a dual-wielding warrior.

This dual-wielding warrior's attacks were sharp, but they were all blocked by Ye Fan one by one.

Five Mountains Secret Realm.

Lin Tianhao had only heard others talk about it in his previous life, but he didn't know much about it.

However, from listening to the discussions of those people around him just now, Lin Tianhao already knew what the situation was.

Jiang Jue City's number one genius, Ye Fan, broke off the engagement with the Nalan family's Nalan Ruoxue of Jiang Jue City, causing the Nalan family and Nalan Ruoxue to lose face.

Nalan Ruoxue's older brother couldn't stand it and arranged this arena battle, wanting to teach Ye Fan a lesson.

In terms of age, Nalan Ruoxue's older brother, Nalan Dao Tu, was a full eight years older than Ye Fan, which was already bullying the younger one.

But even so.

Nalan Dao Tu was still at a disadvantage.

Now that Ye Fan had broken through on the spot, Nalan Dao Tu was even less of a match for Ye Fan.

"Nalan Dao Tu, you are no match for me, why bother humiliating yourself!" Ye Fan spoke indifferently.

"Humiliating myself?"

Nalan Dao Tu snorted coldly, "Ye Fan, it is you who are being too much. My younger sister is a proper young lady, and you broke off the engagement. Have you considered what she will do in the future?"

"What will she do? What does it have to do with me? Women will only affect my speed of drawing my sword!"

"Breaking off the engagement is good for me and good for her. Otherwise, if she marries me, she can only live like a widow!"

Ye Fan's words did not carry the slightest emotion, and his emotions did not fluctuate at all.

Lin Tianhao watched silently. This was interesting.

In the past, he had always heard of women breaking off engagements with men, but it was rare for a woman to be broken off with by a man.

Chapter 692 - Jiang Juecheng: Exorcism Inscription!

"Ye Fan, you are bullying me too much!"

Nalan Dao's figure transformed into a blur, rushing towards Ye Fan.

Ye Fan remained unmoved, three flying swords orbiting him, continuously blocking Nalan Dao's attacks.

"Nalan Dao, since you insist on humiliating yourself, then don't blame me!"

Ye Fan raised his hand, and a fourth flying sword soared into the sky, transforming into a mighty White Tiger, charging towards Nalan Dao.

Nalan Dao let out a low roar.

"Law Manifestation of Heaven and Earth!"

"Black Tortoise True Dragon Shield!"

He consecutively unleashed a divine power and a powerful skill.

Nalan Dao was already giving it his all!

But facing Ye Fan's sword, his Black Tortoise True Dragon Shield only managed to block for an instant before countless cracks appeared, and then with a bang, the Black Tortoise True Dragon Shield shattered.

The White Tiger flying sword sent Nalan Dao, who had activated Law Manifestation of Heaven and Earth, flying away.

“The Law of the Sword combined with Sword Control Technique is actually this terrifying!”

“Ye Fan has only stepped into the first level of the Law of the Sword, yet he is already powerful to this extent.”

“The ordinary first level of the Law of the Sword is naturally not this powerful; Ye Fan possesses the Advent Sword Physique, so his swordsmanship will be even more powerful than ordinary people.”

... ..

Lin Tianhao's Sword Dao Law has already reached the sixth level, much higher than this Ye Fan.

However, in terms of Sword Dao divine powers, he is still lacking compared to Ye Fan before him.

Not only that.

After the domain reaches the level of law, it meets the conditions for opening.

However.

Meeting the conditions for opening and truly opening the domain are still somewhat different.

Turning one's own law into a domain requires further comprehension.

The reasons why Lin Tianhao hasn't moved towards this step are, firstly, time, and secondly, the necessity wasn't that great before.

“Ye Fan!”

Just then.

A clear and cold voice came.

“You broke off our engagement, causing me to lose face. Although I, Nalan Ruoxue, am not your opponent now, I will remember this humiliation!”

“Today.”

“I want to make a three-year agreement with you. Do you dare to accept the challenge!”

Lin Tianhao turned his head to look.

He saw a woman in red walking over.

Her appearance was outstanding; just standing there, she seemed to become the center of attention, causing countless people to look at her.

“What a pity, Nalan Ruoxue is so beautiful, Ye Fan doesn't appreciate her.”

“Didn't you hear what Ye Fan said? Women will only affect the speed of his sword drawing. Besides, with a genius like Ye Fan, what kind of woman can't he get?”

“This Nalan Ruoxue is indeed overestimating herself; with just a mortal body, she dares to make this three-year agreement with Ye Fan. She's simply overestimating herself!”

... ..

“Are you sure?”

“Sure!”

Nalan Ruoxue's gaze was firm, “Today, in front of everyone in Jiangjue City, I, Nalan Ruoxue, challenge you, Ye Fan, and make this three-year agreement. You... dare to accept the challenge!”

“Hahaha, what is there to not dare!”

Ye Fan laughed heartily, “I originally thought that breaking off the engagement with you would cause your Dao heart to collapse, making you unable to recover.”

“But seeing you today, I underestimated you!”

“Very well, if after three years, you can take three swords from me, I will retract today's engagement annulment and marry you as my wife!”

Lin Tianhao was stunned when he heard Ye Fan's words.

This Ye Fan is too confident!

Why does he think that after breaking off the engagement today, Nalan Ruoxue will still be willing to marry him in three years?

Nalan Ruoxue's eyes were cold, "There's no need, defeating you is only to perfect my Dao heart; you are not worthy of being my husband."

"My husband should be above all others, a supreme existence who can slay gods with a mortal body!"

Hearing these words.

The surroundings were filled with sighs.

Slaying gods with a mortal body?

This is somewhat of a daydream.

"Nalan Ruoxue, is the person you want to marry perhaps the Ghost Book Sword God, Beishan Fengmo?"

"Challenging Ye Fan is already overestimating herself; wanting to marry the Ghost Book Sword God, Beishan Fengmo, is even more of a daydream."

"Nalan Ruoxue is as beautiful as a celestial being, but unfortunately, she doesn't have a brain."

... ..

Various criticisms came, but Nalan Ruoxue remained unmoved.

Ye Fan looked at Nalan Ruoxue coldly and rebuked:

"Nalan Ruoxue, you think too highly of yourself, thinking that only an existence like the Ghost Book Sword God is worthy of you."

Nalan Ruoxue did not respond to this question; she turned around gracefully and said indifferently:

“Ye Fan, remember our three-year agreement!”

After speaking.

Nalan Ruoxue strode away.

Lin Tianhao witnessed all of this; he didn't care about these things.

The biggest purpose of entering the Five Mountains Secret Realm this time is to obtain the warrior's Super God-level hidden class.

Pulling up the chat box.

Lin Tianhao tried to communicate with Long Team and the others, but found that the message could not be sent at all.

But this is not important anymore; after all, his cooperation with Long Team and the others is limited to entering the Five Mountains Secret Realm.

To open up the situation in an unfamiliar secret realm, you must first contact their high-level officials.

And the simplest way to contact high-level officials is to trigger tasks.

If you only do some ordinary tasks, it will be difficult to really stand on the same level as those high-level officials.

Therefore.

Lin Tianhao's goal is to get the Gods Blessing pre-task scroll!

Speaking of which.

Lin Tianhao hasn't gotten the Gods Blessing pre-task scroll for a while.

Setting his initial goal on the Gods Blessing pre-task scroll is just right.

Otherwise, exposing his goal of wanting a Super God-level hidden class from the beginning may attract a lot of trouble.

However.

Where should I start since I just arrived?

Ye Fan, Nalan Ruoxue...

These seem to be able to be used as breakthroughs.

However.

In Lin Tianhao's view, they are still lacking.

"Let's wander around first."

Lin Tianhao retracted his thoughts; sometimes being too hasty is not a good thing.

Since I'm here, I'll be at ease!

He prepared to wander around Jiangjue City first, understand the basic information of Jiangjue City, and also understand some information about the Five Mountains Secret Realm.

After all, he knew too little about the Five Mountains Secret Realm in his previous life.

The overall layout of this Jiangjue City is similar to some of the cities Lin Tianhao had been to before.

The only difference is that special runes are engraved on the buildings here.

“This place is a bit interesting, there are so many exorcism runes.”

Nidalee's voice came.

She is not a remnant soul now, just a projection, so she can still speak and appear in the form of a projection.

Of course.

Nidalee did not appear, just transmitted her voice to Lin Tianhao.

Lin Tianhao was even more surprised, could it be that there are demons around this Jiangjue City?

As expected.

Before long, Lin Tianhao heard people discussing.

“Have you heard? Three children died in Shanle Hall last night, all of them were skinned by demons.”

“Alas, what can be done? Shanle Hall can't afford high-level inscription masters at all. I said before that something would happen to Shanle Hall sooner or later.”

Chapter 693 - Red Lantern Inn, skinning the demon!

Demons, the Shanle Hall, skinning...

Lin Tianhao gathered one piece of information after another.

For the next half-day, Lin Tianhao wandered around Jiangjue City.

In this half-day, Lin Tianhao learned a lot of information.

This is the territory of the Nanyue Shuiheng tribe in the Five Sacred Mountains Secret Realm.

The five tribes all live in the mountains, and there are many strange and evil things in the mountains and forests, especially in these mountains that stretch for an unknown number of miles, where there are countless demons and evil spirits.

Therefore.

Every household will invite inscription masters to inscribe exorcism runes to avoid being disturbed by demons.

As for the Shanle Hall before, in their Blue Star language, it was an orphanage.

Now the sky is getting dark, and there are fewer and fewer people on the streets.

Night.

That is the world of demons.

Even in the city, it is not safe.

Lin Tianhao came to an inn, and the waiter greeted him very warmly.

“This master, are you staying at the inn?”

Lin Tianhao nodded, “Give me a top-class room.”

The waiter nodded and said:

“No problem, master, please come upstairs with me.”

Lin Tianhao stepped up the stairs.

Second floor.

There is a long corridor with some strange runes inscribed on the edges of the corridor.

Some red lanterns are also hung above the corridor for lighting.

If you look closely, you will find that the three lanterns at the entrance of the corridor stairs are significantly brighter than the other lanterns.

Lin Tianhao looked at the red lanterns, then at the runes on the corridor, and asked with a smile:

“The runes in your house are a bit different from those in other houses.”

The waiter grinned and said:

“That’s natural. We hired a Star Radiance-level inscription master at a high price to help us inscribe the exorcism runes. Naturally, there are some differences from those ordinary exorcism runes.”

Lin Tianhao smiled noncommittally and said:

“Everything else is fine, but on this corridor, the three lanterns at the entrance of the stairs are so bright, but the other lanterns are a bit dim.”

The waiter smiled slightly and said: “Master, these are all minor problems. We will replace them with new lamp oil in two days.”

“Okay.”

Lin Tianhao said.

Then he asked:

“What kind of lamp oil do you use for these lanterns?”

“I heard that some demons like to make human skin lanterns and use human oil to light the lamps, which can confuse people’s minds.”

The waiter’s expression instantly became a little unnatural.

But it was only a moment of unnaturalness, and he quickly returned to normal.

“That’s right, the demons nowadays are very cruel.”

“But master, you can rest assured that our Red Lantern Inn is absolutely safe.”

The waiter echoed Lin Tianhao and then began to vouch for it.

Lin Tianhao didn't care, and asked casually:

"I heard that three children died in the Shanle Hall last night, and all of them were skinned. The way they died was terrible."

The waiter's expression showed a moment of unnaturalness again.

"I heard about it too. The city used to be quite safe, but since the last beast tide, Jiangjue City is no longer as safe as it used to be."

Lin Tianhao nodded and said:

"Yes, it's really not easy to live now. They were skinned before they were even six years old. Demons, they really deserve to die!"

The waiter changed the subject and said with a smile:

"Master, the room has arrived."

"By the way, you haven't said how much it costs yet."

"Aren't you afraid that I'll stay without paying if you don't collect the money first?" Lin Tianhao said.

The waiter hurriedly flattered him:

"Master, you look like a distinguished person at first glance, how could you possibly stay without paying."

Lin Tianhao waved his hand, "Forget it, I'll give you the money."

Saying that.

Lin Tianhao took something out of his pocket.

But at this moment.

Lin Tianhao drew a carving knife from his pocket and stabbed it fiercely into the waiter's heart.

But Lin Tianhao's carving knife seemed to be stabbing a ball, and it didn't have any penetrating power.

No damage numbers appeared above the waiter's head either.

Lin Tianhao knew.

This was because the waiter had been prepared.

After the waiter used a substitute technique to distance himself, he looked at Lin Tianhao coldly.

"When did Jiangjue City get a demon hunter like you."

"Demon hunter?"

Lin Tianhao had also heard this term today, which refers to hunters who specifically target demons.

All demons can be killed!

After killing them, you can take the demon's heart to the government to receive a reward.

The higher the level of the demon that is killed, the more generous the reward.

Lin Tianhao wants to open up the situation in these Five Sacred Mountains. A high-level demon's heart is his certificate of honor!

Demons are extremely strange. They can disguise themselves as humans, imitate human speech and behavior, and even have intelligence that is not inferior to humans.

This is also the reason why demons can lurk in the city.

But Lin Tianhao's Fiery Eyes of Truth can discover these demons, and even the aura they leave behind can be discovered by the Fiery Eyes of Truth.

In other words.

Lin Tianhao is a natural counter to demons when it comes to finding them.

During the day.

Lin Tianhao noticed this Red Lantern Inn. The reason why he chose to come at night.

It is because his attributes will be doubled at night, and with the blessing of the Blood Moon, his combat power can be increased by up to three times at night!

"I am just an unknown person now, but tomorrow, I will be famous in Jiangjue City." Lin Tianhao smiled.

The waiter's face darkened, "You want to step on me to become famous, you overestimate yourself too much."

When the words fell.

The waiter's figure blurred, and he disappeared in the next instant.

When he appeared again, Lin Tianhao felt a white bone palm slapping his back.

“Clang!”

Lin Tianhao switched weapons to the God-Slaying Whip and slammed it on the white bone palm.

Then he activated the Earth Connection Heavenly Eye to lock onto the waiter's position.

“Arrows follow the heart!”

The feather arrows were released instantly, enveloping the waiter.

Black mist rolled in front of the waiter, trying to corrode Lin Tianhao's feather arrows.

But his little trick is useless with the Punishment of Heaven locking on!

Critical hit!

- 13.1 billion!

- 13.1 billion!

.....

The high amount of damage that appeared one after another made the waiter's face change drastically.

He raised his hand, and the red lanterns flew towards Lin Tianhao in an instant.

Inside the lanterns, a group of children with hideous faces were roaring in pain.

Lin Tianhao frowned slightly.

Because these roars could actually affect his mind, causing him to fall into a state of illusion and madness.

This is still because Lin Tianhao's soul power has now exceeded 15 million.

Otherwise, he would have been hit directly.

At this moment.

A cool sensation came from the Purification Jade Pendant, and the affected mind quickly returned to normal.

“How is it possible? You weren’t affected!” The waiter’s shocked voice came.

Lin Tianhao didn’t waste any words and directly activated the Three Heads and Six Arms, going all out.

This guy is not that easy to deal with.

Activating the Three Heads and Six Arms, coupled with Arrows Follow the Heart, forty-eight arrows per second, instantly flew towards the waiter.

The waiter knew how terrifying Lin Tianhao was and no longer sat still and waited for death. He instantly rushed to Lin Tianhao, and the white bone palm grabbed at Lin Tianhao again.

Chapter 694 - Spider-Demon: Men in Black!

Lin Tianhao retreated, but the waiter's palm flew almost touching Lin Tianhao.

"Space Blink!"

Lin Tianhao released his displacement skill.

But the opponent teleported almost in sync with Lin Tianhao.

This is... a follow-type skill.

"Clang——"

Lin Tianhao held the God-Striking Whip in front of him, forcibly receiving the waiter's palm.

Despite the obstruction of the God-Striking Whip, Lin Tianhao was still sent flying by the enormous impact.

-1.01 million!

The God-Striking Whip helped Lin Tianhao block a large amount of damage, so the actual damage Lin Tianhao received was not high.

Now that the gods are forbidden, Lin Tianhao's damage transfer has re-bound to someone.

Village Chief Wang!

Village Chief Wang has over a trillion health points, and as the target of Lin Tianhao's damage transfer, there is absolutely no problem.

In addition, due to the special nature of Village Chief Wang as a monster, even if he is killed, he can be resurrected, which has almost no impact on Lin Tianhao's damage transfer.

After all, the cooldown time for this damage transfer is as long as half a month. Currently, the gods cannot take action, and Lin Tianhao's reliance on damage transfer is still relatively high.

The waiter's pupils suddenly shrank when he saw the damage numbers popping up above Lin Tianhao's head.

"Dual class, such high damage and such strong damage reduction at the same time, who exactly are you?!"

Lin Tianhao grinned and said:

"The one who will kill you."

This waiter was already a dying man, and Lin Tianhao didn't need to waste words with him.

This waiter's strength was only at eighth level, but his grade had reached Diamond, and his health was not low.

However, his immunity to critical hits was not that strong, so he couldn't withstand the damage from Lin Tianhao's Heavenly Punishment Lock.

"Ding, you have killed the seventh clone of the White Bone Corpse King, a national announcement will be made soon, do you want to hide your name?"

"No."

"National Announcement: Congratulations to player Snow Emperor for successfully killing the seventh clone of the White Bone Corpse King. This announcement is hereby made, hoping that the majority of players will continue to work hard!"

.....

This thing.

Should be its heart.

White Bone Corpse King Clone Heart: Special.

Introduction: Can be eaten directly, can increase strength, but there is a certain risk of becoming a monster, but if you hand it over to the yamen, you can exchange it for a lot of rewards.

Durability: 100.

Next.

It's the ever-popular corpse looting session.

"Ding, you have obtained the skill book [Skinning and Oil Refining]."

"Ding, you have obtained the equipment [Skinning Gloves]."

"Ding, you have obtained free attribute points +200."

"Ding, you have obtained gold coins +10,000."

.....

This skill book and equipment are somewhat special.

Normal people generally can't use this equipment.

Putting away the skill book and equipment, Lin Tianhao looked up at the end of the corridor.

Under the observation of Lin Tianhao's Fiery Eyes, he could clearly see that there was a demonic aura in the room at the end of the corridor, which was obviously much stronger than the waiter's demonic aura.

Walking to the door of this room, Lin Tianhao slowly pushed open the door.

The door did not have any resistance and was easily pushed open by Lin Tianhao.

The moment the door opened, a subtle thread flew towards Lin Tianhao's neck.

While Lin Tianhao dodged to the side, he switched his weapon to the Asura God Sword and slashed towards the left.

A spider web was torn apart by Lin Tianhao.

The moment the spider web was torn apart, an invisible domain instantly spread to his front.

With just a breath, this domain could swallow Lin Tianhao.

With Lin Tianhao's current strength, being swallowed by the domain would not be a good thing.

Therefore.

Lin Tianhao almost did not hesitate, using the Asura God Sword to block in front of him, stepping into the void, and flew out.

His attributes are now doubled, plus the 50% increase in movement speed in the air brought by the Black Heart Dragon.

At this time, his movement speed has broken through two hundred.

He pulled to the street to fight, because Lin Tianhao's Earthly Eyes did not find the demon that attacked him.

Suddenly.

Lin Tianhao felt a slight ripple in the space behind him, and several spider silks flew out of thin air, flying towards Lin Tianhao.

"Dimensional Walk?"

Lin Tianhao's eyes narrowed slightly. He did notice the demon aura fluctuations in the direction the spider silk flew from, but the Earthly Eyes and Fiery Eyes did not see the spider demon.

This situation of being attacked all the time without finding the opponent's location made Lin Tianhao feel somewhat棘手.

"You are not its opponent, let me do it!"

A indifferent voice came, and then, Lin Tianhao saw a man in night clothes with a long sword in his hand appear on this empty street.

He raised his hand, and the long sword was wrapped in flames, surrounding him, and the flames turned into a circle around him.

"Blazing Wildlands Slash!"

The man slashed out with his sword, and eight flames flew in eight different directions with him as the center.

"Zi Zi Zi——"

The scorching flames burned and tore the spider silk laid around.

"Flame..."

Lin Tianhao murmured to himself, he had overlooked this problem.

Spider silk is afraid of flames.

He himself has special flames.

Especially the Great River Earth Flame he obtained before, that flame is even more surging, endless.

If used, it may be possible to force out the spider demon hidden in the dark.

But now that this black-clothed man has taken action, Lin Tianhao is not worried.

It's not that Lin Tianhao thinks this black-clothed man is so powerful that he can defeat this hidden spider demon.

But Lin Tianhao felt that with him attracting the spider demon's attention, he could buy him time to find the spider demon.

But what Lin Tianhao didn't expect was that the spider demon ignored the black-clothed man, and the spider silk continued to attack Lin Tianhao.

Lin Tianhao held the Asura God Sword, and it was very easy to block.

The black-clothed man was slightly annoyed when he saw that the spider demon ignored him.

"Ignoring me will come at a price!"

As soon as he finished speaking.

The black-clothed man raised his hand, and nine flying swords soared into the sky.

Then the black-clothed man sacrificed a writing brush and drew several runes in the air.

These runes flew around and formed an inscription array.

"Clang——"

With a muffled sound, something hit the rune array.

The nine flying swords immediately swooped down and flew towards the location where the collision sound had just been made.

But this move seemed to anger the spider demon, and a slender and sharp black long knife slashed out of the void, actually killing all nine flying swords.

Lin Tianhao narrowed his eyes and smiled:

"Found you."

As soon as he finished speaking.

Lin Tianhao's feather arrows poured out.

This slender and sharp thing is not a real black long knife, but a spider leg.

After the spider demon showed its long legs, Lin Tianhao had already locked on to it.

Seemingly feeling the crisis.

The spider demon actually broke its own spider leg directly.

Throwing the spider leg as a flying knife towards Lin Tianhao.

And it itself, disappeared into the void again.

"So cautious?"

Lin Tianhao was a little surprised, preferring to break a leg rather than withstand Lin Tianhao's feather arrow attack.

Chapter 695 - The Black Demon Spider: Ye Fan!

The man in black was slightly surprised by this scene.

"This spider demon should already be above seventh rank, possibly even eighth rank, yet it's so afraid of your attacks."

Lin Tianhao smiled but didn't explain.

The avatar of that Bone Corpse King was killed by him in just a few seconds.

This spider demon had seen it all.

How could it dare to easily withstand Lin Tianhao's damage now?

"This spider demon is too difficult to deal with. It keeps hiding in the void, and my inscription array won't last much longer," the man in black frowned.

Lin Tianhao grinned and said:

"It doesn't matter. If it doesn't come out, we'll force it out."

As he spoke.

Lin Tianhao formed a hand seal, and the Great River Earth Flame flew from his palm, transforming into a ceaseless river, surging towards the center of the inscription array.

"This is... river water?"

"The spider demon doesn't seem to be afraid of river water."

The man in black had barely finished speaking when he realized something was wrong.

"This... this... this is fire, fire like river water."

Lin Tianhao still didn't explain. The Great River Earth Flame flowed ceaselessly in the inscription array, and even the void showed some ripples.

"Damn it, do you only feel satisfied when we fight to the death!"

An enraged female voice came.

Immediately afterward.

Skills: Void Walk, Dimensional Weaving, Infinite Spider Silk, Bloodthirsty Strike, Overlord Body, Berserk, Dimensional Transfer...

Lin Tianhao's eyes narrowed slightly. This Black Demon Spider Elf's health points were a bit too high.

Without the help of a god, this eighth-rank Diamond grade demon still made Lin Tianhao feel a bit of pressure.

But it was only a bit of pressure.

The moment it appeared.

Lin Tianhao's feather arrow had already been released.

- 7.9 billion!

Critical hit!

- 15.8 billion!

- 15.8 billion!

...

With the Source Burning and Lin Tianhao's current damage bonus, the damage of one arrow was already extremely terrifying.

Lin Tianhao's forty-eight arrows per second could take away one-third of this guy's health points in one second.

But as an eighth-rank Diamond grade demon, damage absorption and health regeneration were basic skills.

+ 3.45 billion!

+ 7.9 billion!

+ 7.9 billion!

...

Not far away.

The man in black was already dumbfounded.

"Normal attack damage of over 10 billion, what is this existence?!"

Eighth-rank Diamond grade could already be considered very powerful in this Jiangjue City.

But the attack power of an eighth-rank Diamond grade physical class was generally only around 200-500 million.

This arrow dealing over 15 billion, even if it was because of critical hit damage, the base attack value still exceeded 7 billion!

With such attack power, perhaps only a ninth-rank Star Radiance grade, or even a Star Radiance grade demigod, could have such terrifying attack power.

"Pa—"

With a crisp sound, the inscription array was easily torn apart.

The Black Demon Spider Elf glanced at Lin Tianhao indifferently, then traversed the void and disappeared.

Lin Tianhao's eyes narrowed. "Vast Sea Universe!"

Now that it had come to this, how could he let the Black Demon Spider Elf escape?

The Black Demon Spider Elf's figure crashed out of the void. It looked at Lin Tianhao angrily and rebuked:

"You forced me to do this!"

As it spoke.

The Black Demon Spider Elf fully expanded its domain and charged towards Lin Tianhao.

Lin Tianhao frowned slightly, raised his hand, and summoned the undead of the Fire Cluster Remnant Soul.

Without a domain, he could only rely on the power of the undead.

The Fire Cluster Remnant Soul was, after all, a ninth-rank Grandmaster level expert. Its appearance was a direct crush.

Even with seventy percent of its attributes, it was still an undeniable crush.

Coupled with Lin Tianhao's output ability, the Black Demon Spider Elf no longer had any chance of survival.

Not far away, by the window of a pavilion.

A man held a sword finger, and a flying sword the size of an index finger floated beside him.

With a faint smile on his face, he said:

"It seems I don't need to take action. This little guy is quite terrifying."

Beside the man was a woman in red robes. She raised her eyebrows and said:

"Indeed extraordinary. He's clearly just a level 200 little guy, yet he simultaneously possesses the three classes of archer, warrior, and summoner."

The man smiled slightly and said:

"Our Jiangjue City is about to become lively. An adventurer has arrived, and such a strong one at that."

The woman in red robes nodded, "Looking at his strength, it's not a bad thing for our Jiangjue City. We finally have a chance to send out the missions in our hands."

As NPCs of Twilight of the Gods, they all knew of the existence of adventurers.

Because most of them possessed their own missions, or reward items similar to Lin Tianhao's, which could only be taken out in the form of missions.

In the arena.

After Lin Tianhao summoned the Fire Cluster Remnant Soul, the battle was already one-sided.

"Ding, you have successfully killed the Black Demon Spider Elf. A national announcement is about to be made. Do you want to hide your name?"

"No."

"National announcement, congratulations to player Xue Di for successfully killing the Black Demon Spider Elf, hereby announced, hoping that the majority of players will continue to work hard!!"

...

After resolving the Black Demon Spider Elf, Lin Tianhao's gaze fell on the man in black, and he asked with a smile:

"What should I call you?"

The man in black pondered for a moment before cupping his hands and saying, "Ye Fan."

"You're quite honest. I thought you would use a fake identity."

The night suit Ye Fan was wearing had a certain concealment effect.

But it was still penetrated by Lin Tianhao's Fiery Eyes.

"I saw you take action during the day. You've hidden your strength, and you've also hidden your identity as an inscriptionist."

Ye Fan smiled bitterly and helplessly:

"If a tree stands out in the forest, the wind will surely destroy it. If the people of Jiangjue City didn't know when I awakened the Sword Body, I would have wanted to hide even more."

Lin Tianhao waved his hand, "It doesn't matter. I'm not from Jiangjue City, so whether you hide it or not doesn't matter to me."

Hearing this.

Ye Fan cupped his hands again in salute, "Having just seen Senior take action, Junior was indeed amazed."

"Junior is not talented, but I have created a force in Jiangjue City that lacks a strong person to guard it. I wonder if Senior is willing to be an honorary elder of my force."

Lin Tianhao frowned, "I don't like being constrained, and besides, I have my own force."

"I see, Junior was presumptuous. If Senior needs anything in Jiangjue City recently, you can contact me at any time."

"In this Jiangjue City, Junior still has some control."

Lin Tianhao narrowed his eyes slightly. This Ye Fan was indeed extraordinary.

"What level of inscriptionist are you?"

"Platinum."

Ye Fan was quite proud, obviously, being able to become a Platinum-level inscriptionist at his age was a very proud thing.

Chapter 696 - Ouyang Dali, the gem of life!

Lin Tianhao raised an eyebrow. A platinum-level inscriptionist was not quite worthy of being recruited into the Mortal Palace.

However, considering Ye Fan's level, he was qualified to join the Mortal Palace.

But since he didn't know much about Ye Fan yet, he gave up the idea after a moment's thought.

"Not bad, considered a very powerful rising star."

After saying that,

Lin Tianhao walked to the corpse of the Black Demon Spider, and started looting.

"Ding, you have obtained the skill [Void Perception]."

"Ding, you have obtained the material Black Demon Spider Leg * 8."

"Ding, you have obtained the Black Demon Spider's Heart + 1."

"Ding, you have obtained free attribute points + 200."

"Ding, you have obtained... ..."

... ..

Lin Tianhao's eyes lit up, because this skill was actually a perception-type skill.

Normally, it would take a lot of time for people to comprehend the Dao.

However, there were also many things similar to the Jade Plate of Creation that could enhance comprehension.

Of course.

The enhancement couldn't be as comprehensive as the Jade Plate of Creation.

The Jade Plate of Creation would increase the comprehension speed of all Great Daos by 100 times, which was very terrifying.

The Secret Manual of the True Meaning of the Sea that Lin Tianhao had obtained before was also a tool to increase the speed of comprehension.

Void Perception: Cannot be upgraded.

Learning Requirements: None.

Effect: You have a stronger comprehension of the Dao of Space, increasing your comprehension speed of the Dao of Space by two times.

Consumption: None.

Cooldown: None.

Proficiency: Cannot be upgraded.

"Ding, learn?"

There was also the Fairy Picture that increased it by 10 times, which was 1,110 times.

And the Mind-Questioning Comprehension obtained from the Mind-Questioning God could increase the comprehension speed by up to 100 times.

Even if Lin Tianhao's state of mind was not enough, the minimum increase in comprehension speed was 20 times.

This two times was too low.

But it was better than nothing.

Fortunately, it was a passive skill, and a little improvement was already good.

Looting ended.

Lin Tianhao put away the items and smiled at Ye Fan: "We'll meet again."

Ye Fan quickly spoke up.

"Senior, I wonder if you can sell these spider legs to this junior. This junior can exchange them for Life Gems."

Lin Tianhao's eyes lit up.

Life Gems were a good thing that could increase health points without limit.

Garbage Life Gems might permanently increase 100 health points after use.

And good Life Gems could permanently increase 10 billion health points after use.

This span was very large.

"Sure, how many Life Gems are you willing to exchange?"

Hearing this,

Ye Fan pondered slightly and slowly said:

"One million quota for one leg, ten million for eight legs, how about that?"

This was only an Rank 8 material, and it was already good to be able to exchange it for this price.

"Okay."

Lin Tianhao didn't haggle either.

Ye Fan took out a blood-red gem and traded it to Lin Tianhao.

Life Gem (Special): One-time use item.

Usage Requirements: None.

Effect: Permanently increases maximum health points by 10 million.

Durability: 100.

Lin Tianhao raised an eyebrow. He hesitated for a moment.

Giving this to Goudao Wangu seemed to maximize its help to him.

After all, Goudao Wangu only had good enough dual resistance, and his own health points were not that high.

As for Lin Tianhao himself.

With his current 32 billion+ health points, having this 10 million more wouldn't make much of a difference.

In the future Great Calamity, he could turn the tide alone, but if he really had to fight against everyone alone, it wouldn't be realistic.

He needed to cultivate trustworthy experts, Fatty, Monkey, Glasses, his sister, and also Goudao Wangu.

Especially since.

This Life Gem's improvement to Lin Tianhao himself was not that obvious.

However.

Lin Tianhao was not in a hurry. In this Five Mountains Secret Realm, he couldn't trade it out even if he wanted to give it to Goudao Wangu.

"Thank you, senior, this junior will take his leave."

Ye Fan respectfully bowed to Lin Tianhao, took the spider legs, and turned to leave.

Just as they turned around, a woman in a red robe stepped out.

"Xue Di."

Lin Tianhao looked up.

Ouyang Dali (Diamond): Rank 9.

Health Points: ? ? ?

Attack: ? ? ?

Skills: ? ? ?

Lin Tianhao raised an eyebrow. He couldn't even see through this guy's information.

However.

His name was comparable to Zhuge Gou Dan.

"Who are you?" Lin Tianhao asked.

Ouyang Dali smiled charmingly, "Deputy Director of the Demon Suppression Division of Jiangjue City, Hong Niang."

"Hong Niang?"

Lin Tianhao smiled noncommittally. Wasn't she called Dali?

It seemed.

There were always some people who were dissatisfied with the names given by their parents.

"I wonder what brings Deputy Director Hong Niang to a small adventurer like me?" Lin Tianhao asked politely.

"You're not small. I just saw you shooting so fast and outputting so high, you're very fierce."

Ouyang Dali walked towards Lin Tianhao with a smile.

"You solved the problem of these two powerful demons for our Jiangjue City, so I'm naturally here to reward you."

"Reward?"

Lin Tianhao smiled, "How are you going to reward me?"

Ouyang Dali leaned close to Lin Tianhao's ear and said in a breathy voice:

"What do you want? As long as this sister has it, I can give it to you."

Lin Tianhao sized Ouyang Dali up and down. Facing Lin Tianhao's wanton gaze, Ouyang Dali frowned slightly, but didn't say a word.

"I want, I want the Blessing of the Gods, does this sister have it?"

Hearing this,

Ouyang Dali's expression changed slightly, and she said:

"There are not many people in the entire Jiangjue City who have the Pre-Quest Scroll for the Blessing of the Gods. This sister can't give you the Blessing of the Gods."

"But..."

"If you can help this sister deal with some troublesome things, this sister might be able to help you find the Pre-Quest Scroll for the Blessing of the Gods."

Lin Tianhao pondered slightly, "Let's not talk about helping for now. What rewards can I get for killing these two demons?"

"The Bone Corpse King's clone, a Life Gem with a quota of seven million, the Black Demon Spider, a Life Gem with a quota of eight million."

Lin Tianhao didn't understand the market, but since he could get such a reward just for killing them, Lin Tianhao had no reason to refuse.

"No problem."

This was the first cooperation.

Lin Tianhao didn't plan to haggle.

What's more.

He took action this time.

He originally wanted to get in touch with the big shots of Jiangjue City, and now it seemed that his plan was very successful.

This Deputy Director of the Demon Suppression Division should also be considered a big shot in Jiangjue City.

More importantly.

Lin Tianhao could use her to get in touch with the real big shots of Jiangjue City.

Ouyang Dali directly traded the Life Gems to Lin Tianhao.

"Are there many Life Gems in Jiangjue City?" Lin Tianhao asked.

Ye Fan used Life Gems for the transaction, and Ouyang Dali also used Life Gems for the reward.

Chapter 697 - The mission of Hantan!

Ouyang Dali smiled slightly and said, "That's natural. Our Shuiheng Tribe has veins of Life Gems."

Lin Tianhao's eyes lit up. This was quite something.

"So, most of the transactions here use Life Gems?"

If that were the case, then he could consider obtaining Life Gems in large quantities here.

"How is that possible? The main trading item is still gold coins. Only particularly precious things are traded with Life Gems."

Lin Tianhao nodded, slightly disappointed.

However,

it was still good that killing high-level demons could reliably yield Life Gems.

"You said you wanted me to help. I wonder what you want me to help with?" Lin Tianhao asked.

"About eighty miles east of our Jiangjue City, there is a cold pool. In the cold pool, there is a Rank Nine Diamond-level demon, the Ice Soul Magic Puppet."

"The cold pool is unfathomably deep. Our City Lord once tried to kill the Ice Soul Magic Puppet, but because the cold air of the pool was too difficult to deal with,"

"he not only failed, but his weapon, the Nebula Sword, also fell there."

Lin Tianhao raised his eyebrows. "You're really good to your City Lord."

"That's natural. Who told him to be my father?"

"More importantly, without the Nebula Sword, my father's combat power has been damaged, and his strength is not as good as before, allowing many demons to dare to cause trouble in our Jiangjue City."

As Ouyang Dali's voice fell, Lin Tianhao also received a system notification.

"Ding, the Deputy Director of the Demon Suppression Division has issued you a mission: Retrieve the lost Nebula Sword."

"Mission Requirements: Go to the cold pool outside the city and retrieve the lost Nebula Sword. It would be best to kill the Ice Soul Magic Puppet in the cold pool as well. Time limit: one month."

"Mission Reward: 50 million Life Gems worth of credit, clues to the preliminary quest scroll for the Blessing of the Gods (Note: If you kill the Ice Soul Magic Puppet, you can double the Life Gem reward)."

"Mission Penalty: None."

"Ding, accept?"

"Accept."

Lin Tianhao accepted the mission without hesitation.

"You think my flames can resist the cold air of the cold pool?" Lin Tianhao smiled.

"Great River Earth Flame is extremely rare and has a miraculous effect on places like cold pools."

Ouyang Dali said seriously:

"More importantly, you have enough strength to deal with the Ice Soul Magic Puppet."

Lin Tianhao nodded. "It doesn't matter anymore. Now that I've accepted your mission, I will definitely find a way to complete it."

Ouyang Dali said with a smile, "This is my father's weapon. It's really important."

"Alright."

Lin Tianhao was also bold because of his skill. He wasn't afraid of Ouyang Dali playing tricks by letting her follow.

"If you don't mind, stay in our Demon Suppression Division for the night."

"Then I won't stand on ceremony."

Ouyang Dali brought Lin Tianhao to the Demon Suppression Division in Jiangjue City.

When Lin Tianhao was strolling around Jiangjue City during the day, he had already noticed this Demon Suppression Division.

Because this Demon Suppression Division was quite special, especially the huge stone sword wrapped in nine iron chains on top, the visual impact was still very strong.

Entering the Demon Suppression Division.

The Demon Suppression Division was very lively at this time, and many people were chatting in the Demon Suppression Division.

Seeing Ouyang Dali return, many people's eyes converged.

"It's quite lively." Lin Tianhao smiled.

Ouyang Dali smiled slightly and said:

"Demons are mostly active at night, so there's no way around it. We've also adjusted our activity hours accordingly."

"Hongniang, who is this pretty boy? Why haven't I ever seen him before?!"

A bearded fatty showed a lewd smile, his eyes alternating between Ouyang Dali and Lin Tianhao.

His expression seemed to say, 'If you two are just friends, I'll eat my hat.'

Hearing this.

Ouyang Dali's expression instantly darkened, and she scolded:

"Black Beard, if you're tired of living, say whatever you want. This senior just killed two Rank Eight demons today."

"Senior?"

Black Beard and many people in the Demon Suppression Division hall were a little surprised.

Although most of the people who can become demon hunters in the Demon Suppression Division are at least Rank Seven.

After all, if they're weak, they're basically giving themselves away.

What they cared more about was Ouyang Dali's address to Lin Tianhao.

Senior!

"Hongniang, what's the situation with this one?" Black Beard put away his lewd smile.

"He accepted the mission to go to the cold pool. I'll go with him tomorrow. You guys behave yourselves in the city."

Black Beard and other experts from the Demon Suppression Division were even more surprised.

Because they all knew how tricky the cold pool mission was. Even their City Lord had suffered a loss there back then.

"Hongniang, speaking of this, I just happen to have something to tell you."

Black Beard's expression became serious. "A woman wearing a bamboo hat just came. She accepted the mission to go to the cold pool."

"Oh?"

Ouyang Dali was a little surprised, because the mission to go to the cold pool had been hanging in their Demon Suppression Division for some time.

In the beginning, some people went to try to do this mission, but in the last two months, no one had accepted this mission anymore.

After all.

Although the mission reward was tempting, you had to have the life to claim it.

Black Beard continued:

"Not only that, judging from the voice of the woman in the bamboo hat, she shouldn't be very old."

"Oh?"

Ouyang Dali was even more surprised. She looked at Lin Tianhao and smiled:

"Senior Xue Di, are there any other adventurers who came to Jiangjue City with you this time?"

Young, with a certain amount of strength, and daring to accept the mission to go to the cold pool.

No matter how you look at it, they're not locals from Jiangjue City.

"I don't know about that."

Lin Tianhao spread his hands.

Dragon Team and the others all landed randomly in the Five Mountains Secret Realm. It's really hard to say whether they're in Jiangjue City or not.

Just then.

A national announcement sounded.

"National Announcement, congratulations to player Hidden Nickname for successfully killing Bloodscar Demon Child. Special announcement, hoping that the majority of players will continue to work hard!!"

.....

Now, there aren't many adventurers in the Five Mountains Secret Realm.

This national announcement is most likely made by Dragon Team and the others.

The Demon Suppression Division was lively at night. Lin Tianhao didn't stay in the hall for long and went to the room that Ouyang Dali had arranged under her lead.

After settling down, Lin Tianhao didn't sleep but chose to comprehend the Dao.

Continuing to comprehend the Sword Dao.

Lin Tianhao's attainments in the Sword Dao are now the highest, and he may condense the Sword Domain at any time.

Nothing happened overnight.

The next morning.

Lin Tianhao saw Ouyang Dali as soon as he came out of the room.

"Departure?" Ouyang Dali asked.

Lin Tianhao nodded and set off with Ouyang Dali.

With a wave of her hand, Ouyang Dali summoned a white crane.

This white crane was very large. Lin Tianhao and Ouyang Dali standing on it together didn't seem crowded.

Just as Lin Tianhao and Ouyang Dali were about to set off, a figure rushed over in a hurry.

"It's not good, another child has been skinned in Shanle Hall."

Chapter 698 - Master Ku, demonic aura!

Hearing this, Ouyang Dali and Lin Tianhao exchanged a glance, both their eyes revealing surprise.

Last night, Lin Tianhao went to the Red Lantern Inn and already dealt with the skinning demon.

"Could it be another clone of the White Bone Corpse King?"

Last night, the first demon Lin Tianhao killed was a clone of the White Bone Corpse King.

As for whether he was looking in the wrong direction, Lin Tianhao felt it was impossible.

Because he tracked down the Red Lantern Inn based on the demonic aura left in the Shanle Hall.

“Snow Emperor, it should be another clone of the White Bone Corpse King who took action. Director Si is not in Jiangjue City right now, so I might have to go over there.”

“Let's go together.”

There's no rush to go to the Cold Pool right now.

As for the woman in the bamboo hat who took on the Cold Pool mission, Lin Tianhao was not worried at all.

If the Cold Pool mission was so easy to solve, it wouldn't have waited until today.

Moreover,

Last night, when Ouyang Dali said he had taken on the Cold Pool mission, the other Demon Suppression Division experts looked at him differently.

This shows how outrageous the Cold Pool mission is.

Besides,

Even if the Cold Pool mission is snatched away, it won't have much impact on Lin Tianhao.

After all, Lin Tianhao's goal is the Scroll of Divine Blessing Prerequisite Mission. As long as Ouyang Dali is still around, there won't be any major problems.

Ouyang Dali nodded. Lin Tianhao was willing to go with him, which was naturally what he wanted.

“Okay.”

The two set off together, accompanied by Black Beard, who teased Lin Tianhao last night.

Shanle Hall.

Lin Tianhao had been here yesterday. It wasn't large in scale, just a small courtyard with about twenty rooms.

At this time,

Two members of the Demon Suppression Division were already guarding the entrance of Shanle Hall.

When they saw Ouyang Dali arrive, they hurried over.

“Madam Hongniang, the situation is worse than yesterday. This time, five children died. The most important thing is that the exorcism spell left by Master Ku yesterday was not triggered.”

Hearing this,

Ouyang Dali's expression changed slightly. It was quite outrageous that it wasn't triggered.

The existence of the exorcism spell is actually difficult to resist high-level demons.

However, it can trigger an alarm for high-level demons, so that the experts of the Demon Suppression Division can go there as soon as possible.

“What's going on?” Lin Tianhao asked.

Ouyang Dali said solemnly: "The day before yesterday, a child was killed in Shanle Hall. We thought that the exorcism spell in Shanle Hall was not very effective, and a high-level demon sneaked in without triggering the exorcism spell."

"After Master Ku in the city learned about this, he re-did the exorcism spell for Shanle Hall for free."

"But now you see, something happened to Shanle Hall again, and it happened without triggering the exorcism spell."

Just as Ouyang Dali finished speaking, a somewhat thin old man walked over quickly.

After arriving at the entrance of Shanle Hall, he didn't say much, and went straight to the gate of Shanle Hall to carefully observe his exorcism rune.

After watching for a few seconds, his eyes sank slightly.

"Madam Hongniang, this time, I'm afraid it's not just the work of a simple demon."

Lin Tianhao and Ouyang Dali walked over.

"Master Ku, what's wrong?"

Master Ku pointed to the exorcism spell on the gate and said in a deep voice:

"Someone tampered with the exorcism spell I drew. With my ability to draw exorcism spells, even a Nine-Rotation Diamond-level demon would find it difficult to destroy the exorcism spell without triggering it."

Ouyang Dali's pupils shrank, "You mean, someone destroyed the exorcism spell."

The exorcism spell is effective against demons, but it has no effect on humans.

Even a three-year-old child can destroy the exorcism spell.

But the meaning of the exorcism spell is special, and the painted position is relatively high, so it is difficult for ignorant children to reach it.

And people who can touch the exorcism spell will not easily damage the exorcism spell.

Leading demons in is a serious crime.

Master Ku nodded solemnly and said:

“That's what I guessed.”

“Actually, when I came to draw the exorcism spell yesterday, I found that the previous exorcism spell in Shanle Hall still had traces of being destroyed.”

“It's just that the degree of damage was very subtle, and I only thought it was natural damage that hadn't been repaired for too long.”

“But now it seems that things are not that simple.”

Ouyang Dali's expression was extremely serious.

If a human being cooperates with a demon, it would almost be a disaster.

Because the human being who cooperates with the demon only needs to choose to destroy some exorcism spells at night to allow the demon to quietly invade.

Lin Tianhao raised his eyebrows and asked:

"I've always been curious, wouldn't it be possible to prevent demons from entering by engraving exorcism spells on the city walls?"

Master Ku raised his eyes to look at Lin Tianhao, "This is the Snow Emperor, right?"

Obviously,

Master Ku also heard the previous national announcement, and many people knew about his visit to the Demon Suppression Division last night.

It's not surprising that Master Ku could guess his identity.

"Yes." Lin Tianhao said.

Master Ku nodded, "A rising star, killing two Eight-Rotation demons in a row, is definitely one of the best among the younger generation."

Lin Tianhao looked at the exorcism spell above the gate and asked:

"You said, is it possible that a Nine-Rotation Diamond-level or higher demon came?"

"This Shanle Hall shouldn't have any conflicts of interest with others, so it shouldn't be targeted."

Hearing this,

Master Ku shook his head and said:

"Snow Emperor, you're new here, so you may not be very clear."

“Demons especially like to hunt children and women. If someone cooperates with a demon, the motive is most likely children, not a grudge against Shanle Hall.”

Lin Tianhao looked towards the inside of Shanle Hall, and even in the courtyard of Shanle Hall, there were several corpses covered with white cloth.

There were also some blood stains on the ground.

“Let's go in and take a look first.”

Ouyang Dali took the lead and walked in, followed closely by Lin Tianhao.

Under Lin Tianhao's Fiery Eyes, there was indeed a demonic aura left here.

The remaining demonic aura extended all the way to the inner city of Jiangjue City.

Most of the people who can live in the inner city of Jiangjue City are dignitaries.

If that demon is in the inner city, I'm afraid it won't be so easy to deal with.

“Snow Emperor, have you found anything unusual?” Ouyang Dali asked.

Lin Tianhao shook his head. He didn't say that he could see the remaining demonic aura.

Because,

He also saw a demonic aura on this Master Ku.

Although it was different from the demonic aura in Shanle Hall, it was still a genuine demonic aura.

A high-level inscription master has contact with demons?

If so, it would be a great disaster for Jiangjue City.

“Madam Hongniang, you must solve the harmful demon as soon as possible. The children in our Shanle Hall are already miserable enough, and they have to be skinned and refined into oil. Where is the justice!”

Chapter 699 - New mission, investigate Ye Fan!

An old woman, somewhat hunched over, with tear-reddened eyes, pleaded with Ouyang Dali.

Ouyang Dali took a deep breath and said solemnly, "Hall Master Chen, rest assured, our Demon Suppression Division will handle this properly. Tonight, I will arrange for experts from the Demon Suppression Division to be stationed here."

Having said that.

Ouyang Dali said to Black Beard:

"Black Beard, stay here for the next two days and protect the children of Shanle Hall."

Black Beard nodded in agreement, "Those damned demons, not even sparing such young children, they are simply heartless and insane!"

Just then.

A person came quickly.

"Lord Hongniang, there's a new clue. Someone reported that someone lingered at the entrance of Shanle Hall last night and activated the demon banishing spell."

"What?!"

Ouyang Dali was furious. Although he had guessed before that it might be man-made.

Ouyang Dali still hoped that the speculation was wrong and that a more powerful demon was responsible.

After all, if it was a human who did it, the nature of the matter would be completely different.

"Who?!"

Ouyang Dali asked coldly.

The subordinate handed a crystal ball to Ouyang Dali.

This was a crystal ball that could record images. The location where the crystal ball was recording was some distance away from Shanle Hall.

It could only vaguely be seen that a man in black was lingering at the entrance of Shanle Hall, and seemed to have touched the demon banishing spell on it.

"Damn it!!"

Ouyang Dali's fists cracked as he clenched them. "No matter who it is, find him for me, I will kill him!"

Lin Tianhao's eyes narrowed slightly. Although the crystal ball's recording was not very clear, he already had a vague guess in his mind.

Ye Fan, who had helped him deal with the Black Demon Spider last night!

Does he cooperate with demons?

Lin Tianhao didn't quite believe it.

He had observed Ye Fan last night. He didn't have any demonic aura on him, and with his talent and strength, there seemed to be no need to cooperate with demons.

The crystal ball's recording did not end. The person recording it kept a very far distance from the man in black.

When the man in black was about to reach a residence, he changed out of his night clothes, revealing his original appearance.

"Ye Fan!!"

Ouyang Dali's pupils suddenly shrank, and his expression became extremely solemn.

"Ye family, Ye Fan!!"

"How could it be him? Isn't he the sword dao prodigy of our Jiangjue City?"

Master Ku looked surprised, "He is so talented, why would he choose to cooperate with demons? Could it be someone behind him...?"

Halfway through his words.

Master Ku stopped talking, and a murderous intent flashed in Black Beard's eyes.

"Hongniang, what should we do? Should we notify the city lord?"

The Ye family.

Is one of the three major families in Jiangjue City, with deep foundations and many experts.

Ouyang Dali did not make a decision immediately, she looked at Lin Tianhao.

"Snow Emperor, I'm afraid we still need your help with this matter."

"Ding, the Deputy Director of the Demon Suppression Division has issued you a mission: Bring Ye Fan."

"Yes."

The reward for this mission was relatively average, but instinct told Lin Tianhao that this was likely a chain mission.

If he could handle this mission well, the benefits he could obtain later would definitely be very high.

Seeing this, Master Ku immediately said:

"Hongniang, Snow Emperor has accepted the mission of the Cold Pool, and finding the Nebula Sword is the top priority now."

"I am an Inscriptionist, and I can go to the Ye family with this identity. When the time comes, I can take him away by accepting him as a disciple on the grounds that Ye Fan is exceptionally talented."

"The Ye family is, after all, one of the three major families in Jiangjue City. If Snow Emperor goes to the Ye family rashly, a single improper handling may bring a devastating blow to Jiangjue City."

Ouyang Dali pondered for a while, she was clearly somewhat shaken.

Lin Tianhao said from the side:

"Hongniang, I have a sense of propriety in doing things, you can rest assured about this."

"Moreover."

"Last night, I brazenly killed two Rank 8 demons. If the Ye family really has a problem, they might even reveal their flaws."

Master Ku still wanted to say something, but Ouyang Dali said:

"Master Ku, let's leave it at that for now, I still believe in Snow Emperor's abilities."

"Black Beard, I'll leave this place to you, I have some things I still need to discuss with Snow Emperor."

After speaking.

Ouyang Dali took Lin Tianhao back to the Demon Suppression Division.

In a separate room.

Ouyang Dali asked in a deep voice:

"Snow Emperor, what do you think?"

"I also saw Ye Fan's attack last night. He is an Inscriptionist, an exceptionally talented Inscriptionist. Coupled with his talent in swordsmanship and his attack on demons, I don't believe he would cooperate with demons."

Seeing that there was no one around, Lin Tianhao smiled and said:

"You met with me alone, you should have a guess, right?"

Ouyang Dali shook her head and said:

"Your visit to the Red Lantern Inn last night was not accidental. You went to Shanle Hall first, and then directly to the Red Lantern Inn."

"I have reason to believe that you can track the location of demons."

Lin Tianhao's eyes narrowed slightly, "You investigated me."

Ouyang Dali smiled helplessly, "Your appearance was too sudden, we need to have a certain understanding of you."

"But you can rest assured, we are keeping your ability to track demons a secret."

Lin Tianhao nodded, this was also within his expectations.

"I can indeed track demons. I can't say whether Ye Fan has a problem, but that Master Ku definitely has a problem."

"He has the aura of a demon on him."

Upon hearing this.

Ouyang Dali stood up abruptly, she looked at Lin Tianhao in disbelief.

"You're not lying to me? Master Ku is one of the top five Inscriptionists in our Jiangjue City."

Lin Tianhao nodded seriously, "I have no need to lie to you, however, the demonic aura on Master Ku is different from the demonic aura of the demon who skinned people in Shanle Hall."

"As for more, I think Ye Fan might be the breakthrough point."

Ouyang Dali took a deep breath and said:

"Snow Emperor, things are more troublesome than I imagined, I'll have to trouble you with Ye Fan's side."

Lin Tianhao smiled slightly, "Since I have accepted your mission, I will definitely do my best to complete it."

.....

Ye family.

Lin Tianhao knocked on the door of the Ye family.

A gatekeeper opened a crack in the door, glanced at Lin Tianhao, and asked in a childish voice:

"Who are you? Who are you looking for here?"

"Snow Emperor, looking for Ye Fan."

The gatekeeper widened his eyes when he heard Lin Tianhao's name and said:

"You are Snow Emperor? The old butler said that you are a very powerful demon hunter."

"So-so."

"Okay, please wait a moment, I'll go call Brother Ye Fan."

After a while.

Ye Fan walked out from inside.

"Senior, we meet again so soon."

"Find a convenient place to talk."

Chapter 700 - A conspiracy is also an open conspiracy!

"Okay."

Ye Fan nodded and led Lin Tianhao to a small courtyard next to the Ye family's residence.

Then, he cast a few array flags and placed them around the courtyard to isolate it from external exploration.

"You know quite a bit," Lin Tianhao said.

Lin Tianhao didn't beat around the bush and said directly:

"Five more children died at Shanle Hall yesterday, and Master Ku said that the exorcism charm he drew was destroyed by someone."

"Coincidentally, someone saw you appear at the entrance of Shanle Hall last night, and you seemed to have touched the exorcism charm of Shanle Hall."

Ye Fan's eyes narrowed, and his expression became extremely serious.

"You suspect that I destroyed the exorcism charm, or in other words, the Demon Suppression Division suspects me, but they are considering our Ye family, so they sent you to come and test the waters first."

Lin Tianhao nodded and said: "Yes, I also want to know the reason, what did you do at the entrance of Shanle Hall last night."

"I passed by Shanle Hall and happened to find that the exorcism charm of Shanle Hall was destroyed, so I took action to complete the exorcism charm of Shanle Hall," Ye Fan said.

Lin Tianhao wasn't surprised, because he had already guessed it before coming.

In his speculation, the destruction of the exorcism charm was Master Ku's own doing, and this also included the crystal ball.

After all, Master Ku has the aura of a demon on him, and he seems to be the most worthy of suspicion.

"Someone recorded a crystal ball image, and the image is enough to prove that you, Ye Fan, stayed at Shanle Hall last night and touched the exorcism charm of Shanle Hall."

"Wouldn't you say it's a coincidence that the person who recorded it was a little far away, so they didn't record clearly what you did to the exorcism charm, but they happened to zoom in when you returned to the Ye family, recording your face clearly."

Ye Fan's expression changed, "Someone is deliberately framing me!"

At this point.

Ye Fan thought of something and immediately said:

"Does the Demon Suppression Division believe it?"

If he, Ye Fan, is labeled as cooperating with demons, then he would be basically ruined.

Not to mention Jiangjue City, the entire Shuiheng tribe would have no place for him.

Lin Tianhao shook his head and said: "Does that matter?"

"Of course it matters, if the Demon Suppression Division believes me, then..."

Ye Fan's words had just reached this point when he froze.

"This is a conspiracy, and also a blatant scheme, the Demon Suppression Division has no choice, right?"

Lin Tianhao nodded, although Ouyang Dali didn't say it, anyone who is slightly smarter can see that this matter cannot be controlled by the Demon Suppression Division at all.

Ye Fan will have to pay the price for his compassion.

Even the entire Jiangjue City will be thrown into turmoil because of his actions.

"Even if the Demon Suppression Division believes you, the people of Jiangjue City will not believe you, regardless of whether the Demon Suppression Division believes you or not, that video crystal will spread throughout Jiangjue City in a short time."

"At that time, the crime of the Ye family colluding with demons and killing eight innocent children will be placed on your Ye family's head."

Lin Tianhao said "Ye family" instead of "Ye Fan."

This is because Ye Fan is exceptionally talented, and his existence can already represent the Ye family.

Ye Fan was speechless.

His expression became extremely unsightly, he didn't expect that doing a good deed would eventually lead him into such a predicament.

"It seems that I have no choice, at this time, I can only take the blame myself and run away," Ye Fan said.

"Why not prove your innocence?" Lin Tianhao asked.

Ye Fan spread his hands and said: "Prove my innocence? Are you kidding me, even if the people of the Ye family believe me, you believe me, the Demon Suppression Division believes me, so what?"

"The people of Jiangjue City will not believe me, they will be swayed by this rhythm, I can even imagine that some people will say that Ye Fan's achievements today are all because of cooperating with demons."

"I was once the number one genius of Jiangjue City, and my Ye family is one of the three great families of Jiangjue City, there are too many people who want to bring down our Ye family, both openly and secretly!"

"As long as the public opinion comes, I'm afraid there will be no shortage of people who kick us when we're down, at that time, it will be difficult to argue, and white can be painted black."

Ye Fan's emotions were a little agitated, but overall he was still calm.

If it were any other peer, they would probably be completely at a loss.

Lin Tianhao pondered for a while and said:

"Actually, there is a way to break the situation."

Ye Fan's eyes lit up when he heard this, if there was a way to break the situation, that would be great.

"Senior, if you can help me break this predicament, I will definitely repay you handsomely!" Ye Fan said.

Lin Tianhao's eyes narrowed slightly and said: "What reward do you have?"

Lin Tianhao also had his own considerations about this matter.

When he first saw the image of the crystal ball, Lin Tianhao guessed the purpose of the person behind the scenes.

At that time, Lin Tianhao's first thought was to hide the matter of Master Ku.

Wait for the person behind the scenes to cause trouble and make the matter bigger.

At that time, Jiangjue City will fall into crisis.

Demons are lurking around.

If the Ye family, one of the three great families, is forced to the opposite side, then an internal war will inevitably break out.

Moreover.

There are also two small pieces of information that are easily overlooked.

First, the city lord of Jiangjue City lost the Nebula Sword, and his combat power was damaged.

Second, the director of the Demon Suppression Division is not in Jiangjue City.

In other words.

Jiangjue City now lacks a top combat power, and another top combat power is damaged.

Therefore.

Lin Tianhao can completely let this matter ferment, and when the government and the Ye family are unable to end it, he can come out and say that he can break the situation.

That way, he can extort a large reward at once, or even a scroll for a preliminary mission of the Gods' Blessing.

But doing so would offend too many people.

Therefore.

Lin Tianhao directly told Ouyang Dali that Master Ku had the aura of a demon on him.

It can only be said.

He treats Ouyang Dali sincerely, and he also hopes that Ouyang Dali will not learn from those NPCs in the Star Kingdom and the Land of Chaos.

Otherwise... he can only start killing.

Of course.

There is also a very important reason.

That is, even if he tells Ouyang Dali that Master Ku has a problem, the matter of Shanle Hall will still ferment.

Because Master Ku has a respected status, and this time he is helping Shanle Hall out of kindness, without any evidence, if the government dares to openly arrest, no, even openly investigate, it will cause trouble.

Ye Fan naturally didn't know Lin Tianhao's considerations, he thought for a while before saying:

"A life gem with a value of one hundred million."

Lin Tianhao's eyes narrowed slightly, this thing was still quite good.

After all, the price he needs to pay is not high.

"I know it's not enough, but if this matter gets to the end, the ones who will suffer are still the people."

"The people?"

"Aren't they just trying to use the sword of the people to kill you?" Lin Tianhao said.

Ye Fan shook his head and said solemnly:

"Senior, you can't say that, the people are water, water can carry a boat and also capsize it, they are just being used, it's not their fault."

"They just want to punish the villains they see."
