

## O game 76

Chapter 76 The prototype of the monopoly guild!

They only knew that Lin Tianhao was very strong, but they never dreamed that the warrior beside Lin Tianhao would have such terrifying health points.

“Retreat!”

The other three were a little unwilling. “Sister Qi, it’s a 500-hit combo, we have a chance.”

“I said retreat.”

The mage increased his tone, then waved the staff in his hand, and flames appeared under Lin Tianhao's feet.

These flames had a certain slowing effect, the purpose of which was to slow down Lin Tianhao and give their people a chance to retreat.

However.

They thought too simply.

After Lin Tianhao landed, he raised his hand and shot an arrow.

With just one arrow, all of them were wiped out.

Because it triggered lightning jump.

Even if it was just splash damage, these people couldn't withstand it at all.

“Brother Hao, who are they?” Zhou Xiaopang asked in astonishment.

Lin Tianhao shook his head, “Not sure yet, they should be here for the bounty on Demon King Grevolon.”

While speaking, Lin Tianhao had already picked up the equipment dropped by those people.

“With this bounty on my head, it’s a bit troublesome. Next, you try to kill me.”

The reason for saying 'try' is because Lin Tianhao doesn't really know how much damage Zhou Xiaopang can do now.

“By the way, these three skill books are all suitable for you.”

Lin Tianhao gave Zhou Xiaopang three skill books, namely Overlord Body, Berserk, and Bloodthirsty Dragon Armor, all of which were dropped from the Blood-Eyed Dragon Turtle.

“Brother Hao, you are too awesome.”

Lin Tianhao smiled noncommittally and took off all the equipment on his body.

No choice.

If he wore the equipment, it would be almost impossible for Zhou Xiaopang to kill him.

“Come on.”

Zhou Xiaopang didn't hesitate at all. He has now completed his job change. The path he is taking is not a shield warrior, but a berserker.

Because he felt that after being bound to Lin Tianhao, he already had extremely high health points. Taking the berserker job change route to make up for his lack of damage was the wisest choice.

In addition, his three passive skills made it entirely possible for him to be invincible.

A sword fell.

Then he killed Lin Tianhao once and received the Star Kingdom's bounty reward.

Plus some equipment he had accumulated himself, his attack power was already quite impressive.

But just as his damage was dealt, a healing number appeared above Lin Tianhao's head.

+46.

+500.

These were the effects brought about by the Bloodthirsty Dragon Armor skill and the Revival skill respectively.

No way.

Lin Tianhao could take off his equipment, but he couldn't take off his skills.

“Wait a moment, it’s too slow to fight like this.”

Lin Tianhao went to kill ordinary Bloodback Xuan Turtles until he killed five Blood-Eyed Xuan Turtles before he stopped.

The five Blood-Eyed Xuan Turtles began to attack Lin Tianhao frantically.

As a level 45 black iron boss, they still knocked out one-third of Lin Tianhao's health in a short period of time when Lin Tianhao didn't fight back.

Finally, when there was still more than 10,000 health left, Lin Tianhao ran away.

After disengaging from the battle, Zhou Xiaopang was ready and frantically output damage to Lin Tianhao.

-919.

Stone Shattering Slash!

-1258.

-1258.

This skill triggered the passive skill Double Slash effect, so one skill dealt two skill damage.

This is also the reason why Zhou Xiaopang was able to establish an advantage in the early stage.

Under Zhou Xiaopang's storm-like output, Lin Tianhao was killed.

Because his red name value was too high, he undoubtedly dropped to level one.

Resurrected from the resurrection altar.

Lin Tianhao's red name value immediately attracted the attention of many people, but they discovered a very serious problem.

Grevolon's bounty was gone, because Lin Tianhao had been killed.

As the saying goes, no one gets up early without a benefit.

Lin Tianhao no longer had a bounty on him, and continuing to find trouble with Lin Tianhao was a waste of time.

However, just because players didn't look for trouble with him, it didn't mean that the City Guards wouldn't.

Not long after Lin Tianhao resurrected, a team of City Guards rushed over.

“Our Blackwind City does not welcome heinous people, please leave immediately.”

Lin Tianhao raised his eyebrows.

Being expelled from the main city was completely within Lin Tianhao's expectations.

But at this moment.

An old voice came.

“Get out of the way.”

Hearing the voice, the City Guard squad leader frowned, “The City Guard is enforcing the law, irrelevant people should get out of the way quickly?!”

Hearing this.

Clinfeis Bird took out a token from his arms.

The moment they saw the token.

The City Guards immediately bowed respectfully and saluted, "Greetings, Lord."

"I want to take this person away."

Clinfeis Bird said lightly, and then took Lin Tianhao away.

Some players around were very surprised to see this scene.

For most players, the status of the City Guards in the main city is quite high.

The City Guards can handle many things.

But today, the City Guards actually knelt down to someone collectively. After kneeling, they even took Lin Tianhao away.

"What's wrong with Xue Di? Why was he taken away?"

"Could it be because his red name value is too high and he is going to be executed?"

"Doesn't look like it. Judging from my experience, Xue Di probably triggered some hidden reward."

... ..

The surrounding players were talking about it.

Lin Tianhao followed Clinfeis Bird into the palace.

“Xue Di, you are a smart person. You should understand what to say when you see the king later.”

“Understood.”

Lin Tianhao nodded.

Clinfeis Bird took Lin Tianhao to a place outside a palace.

You could hear people inside the palace toasting and exchanging pleasantries.

From time to time, there were voices complimenting Leona.

“Princess Leona, this is really a blockbuster. At such a young age, you have the help of a benefactor.”

Then someone asked, “Princess Leona, I wonder who is the benefactor who helped you? Can you tell us?”

The NPCs of Twilight of the Gods are very smart. When they heard the global announcement, they knew that it was not their people who killed Greylolinson.

Because according to the rules of this world, only adventurers or adventurer teams who kill the boss for the first time will receive a global announcement.

“Prime Minister, I must keep the identity of this benefactor a secret, so I cannot tell you, please forgive me.” Leona politely refused.

At this moment.

Prime Minister Kesonro grinned and said:

"I heard that recently a adventurer named Xue Di appeared in our Star Kingdom. He can be said to be rising to fame, and he has won many global announcements."

"It's a pity that he is a sinful person with a million red name value. Otherwise, he could be accepted as a disciple and cultivated."

At this point.

Prime Minister Kesonro paused for a moment before subconsciously saying: "Princess Leona, it shouldn't be that sinful person Xue Di who helped you kill Greylolinson, right?"

As soon as these words came out, Leona's face sank.

"Prime Minister, you are also a veteran in the officialdom. It's not good to speculate on uncertain things!"
