

## O game 90

Chapter 90 Shocking the Ice and Snow Goddess!

"Help me destroy the mortal palace you saw when you came, and help me break the seal," the Ice Goddess said.

"You can rest assured that there are no strong individuals in the mortal palace, and you can handle it completely."

Lin Tianhao nodded. "I see. Then give me the Gods' Blessing first."

"Alright."

The Ice Goddess raised her fair, jade-like palm, a smile appearing on her face.

Immediately afterward, a beam of light descended from the sky, enveloping Lin Tianhao within it.

"Ding, the Ice Goddess is bestowing a blessing upon you. Do you wish to accept?"

"Accept."

"Ding, you have received the Ice Goddess's Blessing: Eye of Frost."

Eye of Frost (Passive): 1 Star.

Effect: Your attacks have a 5% chance to freeze the opponent, and after freezing the opponent, your next attack will break the ice, dealing 1.5 times the damage.

Cost: None.

Cooldown: None.

Proficiency: 0/100. (Each trigger of this passive increases proficiency by one point.)

Lin Tianhao raised his eyebrows. This Eye of Frost seems pretty good.

Normal attacks come with a freezing effect, and breaking the ice increases damage.

Looking at it this way, this skill can really be considered very powerful.

Adding control, adding damage.

Just ask, who else has this?

Most importantly,

the trigger probability is very high.

And this is only one star!

What if it were ten stars?

A 50% chance of freezing, plus an even higher damage increase, that would truly be unstoppable.

"Adventurer, now, isn't it time for you to fulfill your promise?" the Ice Goddess asked.

"What promise?"

"Destroy the mortal palace and release me."

Lin Tianhao shook his head. "When did I ever promise to help you destroy the mortal palace?"

"Moreover, you said you'd give me the Star Kingdom, but that hasn't been fulfilled yet."

Upon hearing Lin Tianhao's words, the Ice Goddess's expression became somewhat sinister.

"So, you were just playing with me?!"

The Ice Goddess was a little annoyed.

She didn't care much about a Gods' Blessing.

Hearing Lin Tianhao's words, the Ice Goddess calmed down slightly.

Immediately afterward,

"Adventurer, as long as you can release me, you will become the king of the Star Kingdom."

"Ding, the Ice Goddess has issued a quest to you. Do you wish to accept?"

"Quest Requirements: Destroy the mortal palace and break her seal."

"Quest Penalty: Unknown."

"Quest Reward: Star Kingdom."

Lin Tianhao raised his eyebrows. It actually appeared in the form of a quest, which meant that this quest was genuinely valid.

If he destroyed the mortal palace and broke the seal, he could really obtain the Star Kingdom.

It's just that...

after a brief moment of thought, Lin Tianhao did not accept the quest.

The Star Kingdom was good for him at this stage, very, very good.

But his goal was not the Star Kingdom.

Or rather,

the Star Kingdom was good, but it was ultimately just a second-rank kingdom.

Limited by the laws of heaven and earth, the strongest NPC in the Star Kingdom couldn't even reach the third rank.

In other words,

this Star Kingdom was only strong in the early stages, mediocre in the mid-stages, and insignificant in the later stages.

Of course,

if he didn't consider other factors, taking down the Star Kingdom first wouldn't be a problem.

But Lin Tianhao had already learned along the way that the Eastern Ancient Kingdom was sealed below.

If he released the Ice Goddess, his quest this time might come to an end.

He wanted to see what the Eastern Ancient Kingdom was like.

Even,

Lin Tianhao had the idea of reviving the Eastern Ancient Kingdom.

Therefore,

he chose to give up the immediate benefits.

Sometimes, taking a gamble could lead to immeasurable gains later on.

Lin Tianhao's lips curved upward, a faint smile appearing on his face.

"Shoo, shoo, shoo!!"

Raising his hand,

Lin Tianhao's feather arrows continuously shot out, reaching the Ice Goddess in the blink of an eye.

The Ice Goddess roared in exasperation, "Lowly human, you dare to play with me!!"

Lin Tianhao's feather arrows flew in front of the Ice Goddess, all being frozen and then shattered.

Lin Tianhao didn't care. The Ice Goddess was no longer at her peak state. To be precise, she was already dead, only a wisp of her remaining spirit was here.

And since this instance was in the Star Kingdom, she, a dead god, would still be suppressed by the laws here, unable to surpass the second rank.

Therefore, Lin Tianhao didn't believe that the Ice Goddess could freeze his feather arrows indefinitely.

Facts proved it.

That was indeed the case.

Lin Tianhao maxed out his attack speed, firing twelve arrows per second.

But the Ice Goddess's spirit's limit seemed to be freezing ten arrows per second. She couldn't freeze the other two.

-105025!!

-105025!!

A normal attack dealing over 100,000 damage stunned the enraged Ice Goddess.

"How... how is this possible!!"

She really couldn't believe why Lin Tianhao could deal such terrifying damage.

Even though her current strength was less than one ten-thousandth of her peak state,

Lin Tianhao was only level one! Even a level fifty second-rank archer couldn't possibly deal over 100,000+ damage with one arrow.

However,

she didn't have that much time to think.

Because Lin Tianhao's attacks were still coming one after another.

"Lowly human, I will kill you!"

The Ice Goddess roared, countless ice cones appearing behind her, striking out like a storm.

Such a wide-range attack couldn't be dodged with simple movements.

But Lin Tianhao had no intention of dodging at all.

Immune...

Immune...

.....

Because of the Godslayer Mark, Lin Tianhao had already gained the ability to be immune to ice damage.

Therefore, these ice cones posed no threat to Lin Tianhao at all.

"How could this be? Just what are you!!"

The Ice Goddess roared repeatedly.

Her skills were actually being immunized by Lin Tianhao.

"Damn it, it must be the Godslayer Mark. That madman actually gave you the Godslayer Mark."

Lin Tianhao didn't answer, a faint smile on his face. He continued to output damage.

"Die."

"You can be immune to ice attacks. I don't believe you can even be immune to my normal attacks!"

The Ice Goddess roared, her body turning into an afterimage, arriving in front of Lin Tianhao in the blink of an eye.

"Bang!"

She struck Lin Tianhao with a palm.

-135985.

A huge damage number appeared, Lin Tianhao losing a small portion of his health bar.

Seeing this scene,

the Ice Goddess was about to collapse.

"This... how is this possible!!"

She really couldn't believe her eyes.

She could barely accept Lin Tianhao's high damage.

But why did he have such ridiculously high health while dealing so much damage?!
