

O game 91

Chapter 91 - The Lord of the Fan Palace!

As a god, her knowledge is definitely profound.

However, she truly encountered a perverted existence like Lin Tianhao for the first time.

But.

Lin Tianhao didn't give her much time to think, because his attack was already launched.

Fighting a god whose attributes he couldn't see, he couldn't afford to be careless in the slightest.

Otherwise, what awaited him would inevitably be a devastating disaster.

Lin Tianhao maximized his attack speed and output relentlessly.

Such high-intensity combat was insignificant to the Ice and Snow Goddess.

“Adventurer, although you have given me a great surprise, you are ultimately just an ordinary adventurer. Even with the God-Slayer Mark, you are still just an ordinary adventurer.”

The Ice and Snow Goddess gradually calmed down.

Lin Tianhao's output was very strong, and her current strength was less than one ten-thousandth of her peak.

But so what?!

Even with just a normal attack, she had the confidence to kill Lin Tianhao.

However.

Lin Tianhao did not respond with words.

Because there was no need.

Who would ultimately win would only be known after the battle.

“Whoosh whoosh whoosh!!”

She struck Lin Tianhao ten times in a row.

This attack speed was also not to be underestimated.

Lin Tianhao's health bar suddenly dropped by more than a million.

“Hehe.”

The Ice and Snow Goddess couldn't help but reveal a smug smile when she saw Lin Tianhao's health bar drop so much.

“Hehe, I thought you were so powerful, but it turns out you're nothing more than that.”

In the Ice and Snow Goddess's view.

This battle no longer had any suspense.

If the battle continued at the current pace, there would only be one outcome.

And that was Lin Tianhao's inevitable death!

But just as the Ice and Snow Goddess was feeling somewhat smug, a fatal sense of crisis surged into her heart.

She inexplicably felt nervous.

What exactly was going on!

The Ice and Snow Goddess couldn't understand.

Because even with her current eyesight, she couldn't see the special power contained within Lin Tianhao's feather arrows.

“Whoosh!!”

Accompanied by a soft sound.

The Ice and Snow Goddess fell down just like that.

The Cycle of Death was triggered, and she, had fallen!!

The Ice and Snow Goddess didn't understand even in death, why.

Why exactly.

Why could a level one adventurer instantly kill her.

“No!!”

The Ice and Snow Goddess felt her vitality dissipate, and only had time to let out a miserable scream before completely falling.

“Ding, you have killed the spirit body of the Ice and Snow Goddess.”

“Ding, you have cleared the Snow Corpse's Footprints instance.”

“Ding, you have obtained 311 skill books.”

“Ding, you have obtained 598 pieces of equipment.”

“Ding, you have obtained +39999 gold coins.”

“Ding, you have obtained +500 free attribute points.”

“Ding, you have obtained +1 Golden Lord's Heart.”

“Ding,.....”

The system's notification sounds were incessant.

At the same time.

Lin Tianhao's level was also rapidly increasing.

In the blink of an eye, he had already reached level twenty.

If he wasn't limited by the job change, his level increase would definitely be even greater.

At least, it wouldn't be limited to level twenty.

This instance was cleared just like that.

At this moment.

A ray of light soared into the sky from within the Mortal Palace.

Immediately afterwards, this ray of light sprinkled onto Lin Tianhao's body.

“Ding, brave adventurer, congratulations on killing the Ice and Snow Goddess. In you, I see the hope of the human race rising.”

“It's just a pity that you are an archer. You cannot obtain my inheritance, otherwise, I would definitely give my inheritance to you.”

“However, you have helped me greatly, and I will give you a great reward.”

As soon as the words fell.

The phantom in front pointed a finger.

“Ding, the Lord of the Mortal Palace has gifted you a special skill, do you want to accept it.”

“Accept.”

The next moment.

A ray of light entered Lin Tianhao's body.

At the same time.

An additional skill appeared in Lin Tianhao's skill bar.

Dual True Damage (Passive): Cannot be upgraded.

Effect: Your damage will be converted into true damage, and the damage dealt will be doubled.

Consumption: None.

Cooldown: None.

Proficiency: None.

Everything was uniformly 'None'.

Lin Tianhao raised his eyebrows.

This skill...

Is very strong, very, very strong.

But for him, it was a bit ordinary.

First of all.

Lin Tianhao's normal attacks were already true damage, so the point of converting attack damage into true damage was dispensable for him.

What was somewhat useful should be the double true damage.

But this bit of use, in Lin Tianhao's view, was not necessarily a good thing.

He wanted to stack health.

If the damage was too high and he killed the monster with one arrow, then he wouldn't be able to stack health normally.

However, this skill was already bound, and there was nothing he could change for the time being.

Not only that.

Higher damage was also a good thing, at least his efficiency in farming monsters could be improved, and he could explore more maps.

Moreover.

Lin Tianhao discovered a very interesting thing.

That was that the three passive skills obtained by Zhou Xiaopang also started with 'Dual', could there be some kind of transaction between them?

Thinking this in his heart, Lin Tianhao didn't ask any further.

“Senior, are you the strong person who killed the Ice and Snow Goddess?”

Lin Tianhao asked curiously.

The phantom in front nodded, "That's right, it's me."

"Back then, I was also young and vigorous, and couldn't stand the gods oppressing us, so I took action, but as a result, the entire Eastern Ancient Kingdom was put to sleep here."

Lin Tianhao's eyes lit up, he didn't want the Star Kingdom, but chose to confront the Ice and Snow Goddess head-on, wasn't it for this opportunity now?

"Senior, what do I need to do to revive the Eastern Ancient Kingdom?"

The Lord of the Mortal Palace looked at Lin Tianhao with some surprise, "Reviving the Eastern Ancient Kingdom, a very good idea."

"However, the Eastern Ancient Kingdom was suppressed by the Western Gods together, if you want to revive the Eastern Ancient Kingdom, you need to break the power of the Western Gods."

"But the current you does not have this power yet."

"Before the second job change, collect the blessings of ten gods of my East, and come here again, perhaps you can break the seal."

Upon hearing these words.

The corners of Lin Tianhao's mouth couldn't help but twitch.

"Remember, it's before the second job change, if you complete the second job change, you probably won't be able to enter here."

The Lord of the Mortal Palace reminded.

Lin Tianhao didn't know what to say.

Before the second job change?

The blessings of ten gods?

And it had to be the blessings of Eastern gods, this was really outrageous.

For ordinary players, not to mention the second job change, even if they could get the blessing of one god before the third job change, they would be thanking the heavens.

He actually had to gather the blessings of ten gods before the second job change, and it had to be the blessings of ten different Eastern gods.

This difficulty was not ordinary.

He currently had a total of three divine blessings.

Two came from the Mother Earth Goddess, and one from the Ice and Snow Goddess.

But if according to the requirements of the Lord of the Mortal Palace, he could only be considered to have obtained the blessing of one Eastern god.

“Okay, I will do my best to strive to obtain the blessings of ten Eastern gods before the second job change.” Lin Tianhao nodded.
