

O game 97

Chapter 97 - Clues to super god-level hidden professions!

Lin Tianhao's eyes narrowed slightly, "You have a grudge against the Ice and Snow Goddess? But what does that have to do with me? I'm just an ordinary adventurer."

"An ordinary adventurer?"

Shui Ruyan smiled noncommittally, "Yes, you're just an adventurer who can be resurrected even if you die. In that case, let me have some fun."

Lin Tianhao subconsciously took a step back, "This is the royal capital. Aren't you afraid you won't be able to leave the royal capital if you attack here?"

Shui Ruyan didn't say anything more. With a wave of her hand, a dark gray longbow condensed in front of her.

The moment this longbow appeared, Lin Tianhao felt an extremely strong sense of palpitations.

"You scum who defected to the West, I, on behalf of the Lord of the Mortal Palace, unleash divine punishment upon you!"

"Wait!"

Lin Tianhao frowned and said, "You think I destroyed the Mortal Palace?"

"Otherwise?"

Shui Ruyan said coldly.

Lin Tianhao shook his head, "No, you misunderstood. I didn't destroy the Mortal Palace."

"Hmph, do you think I'll believe your words? If you didn't destroy the Mortal Palace, how did you receive his blessing?"

Lin Tianhao smiled and pointed at the center of his brow.

A special mark appeared on Lin Tianhao's brow.

When Shui Ruyan saw this mark, she was shocked.

"Godslayer Mark?!"

"How is that possible? Even if the village chief gave you this, it would disappear after you destroyed the Mortal Palace."

Lin Tianhao was secretly startled, it seemed his guess was correct.

If the Mortal Palace was destroyed, the Godslayer Mark once possessed by the Lord of the Mortal Palace would also disappear.

In that case...

His choice to kill the remnant soul of the Ice and Snow Goddess was absolutely correct.

The Godslayer Mark, in addition to being immune to divine power, can also plunder the power of the gods after killing them.

For example, the Ice and Snow Goddess, who was killed by the Lord of the Mortal Palace while he possessed the Godslayer Mark, contributed the characteristic of ice and snow damage immunity.

"Since you know, you should understand that I didn't destroy the Mortal Palace."

Shui Ruyan looked at Lin Tianhao with suspicion, "Then where did you get the Ice and Snow Goddess's blessing?"

"Have you heard a saying?"

"What saying?"

"V me fifty, show me your strength."

Shui Ruyan: "???"

Lin Tianhao knew she hadn't heard of it from the change in Shui Ruyan's expression.

"The Ice and Snow Goddess asked me to destroy the Mortal Palace, and the benefit was to give me the Star Constellation Kingdom. I certainly didn't believe it, so I asked her to V me fifty to show me her strength."

"V you fifty? That's her blessing?" Shui Ruyan asked suspiciously.

Lin Tianhao nodded, "That's right."

"Then you took the benefits but didn't destroy the Mortal Palace?" Shui Ruyan asked.

Lin Tianhao nodded, "Yes, after all, V me fifty is just to show strength. I recognized her strength, so I killed her."

Shui Ruyan's pupils shrank. She realized that she couldn't see through Lin Tianhao anymore.

But the Godslayer Mark couldn't be faked.

In addition, the returned Eastern Novice Village seemed to further corroborate Lin Tianhao's words.

Shui Ruyan put away the longbow, and Lin Tianhao asked, "May I ask, what is your class? I haven't changed classes yet."

"I am the Heavenly Punishment," Shui Ruyan responded indifferently.

"Heavenly Punishment?"

Lin Tianhao had never heard of this class in his previous life, but seeing Shui Ruyan summoning the longbow earlier, it was obviously an archer.

It seemed that Saint-tier and God-tier hidden classes were not worth mentioning in her eyes.

As expected...

Heavenly Punishment, the same as his Super God-tier talent name.

Super God-tier!!!

Lin Tianhao was just testing when he asked. Judging from Shui Ruyan's reaction, his guess was likely correct.

Shui Ruyan has a Super God-tier hidden class!

And it's an archer's!!

If that's really the case, then Lin Tianhao must get it no matter what.

Super God-tier talent, plus a Super God-tier hidden class, Lin Tianhao couldn't imagine how powerful he could become.

What Arete Star System, what Western Gods, what Ancient Gods of all races.

Sorry, I'm not targeting anyone.

I just want to say, everyone here is trash!!

"If you want to obtain my inheritance, wait until you revive the ancient Eastern kingdom, then come to me. At that time, I can give you the opportunity to obtain my inheritance."

Shui Ruyan said calmly.

Then she waved her hand, took a step, and disappeared.

Lin Tianhao waved his hand.

The vase next to him shattered, and Lin Tianhao saw a mission scroll inside the vase.

Lin Tianhao unfolded the mission scroll, and the content on it appeared in front of Lin Tianhao.

"As a person of the East, how can you beg for mercy in the Western country? Even if your strength is not strong, you must do your best for the revival of the ancient Eastern kingdom."

"Mission Requirements: Kill one hundred Star Constellation Kingdom government NPCs."

"Mission Penalty: Unknown."

"Mission Reward: Unknown."

Lin Tianhao raised his eyebrows.

It seems that there was already information about the ancient Eastern kingdom in his previous life, but it was not spread out.

The person who announced this guide in his previous life only announced the process of obtaining this mission scroll.

He didn't announce the specific content of the mission and the subsequent continuous missions.

Therefore...

Lin Tianhao only knows the content of this mission now.

However...

Now that he has contacted Shui Ruyan...

Lin Tianhao didn't immediately accept this mission.

Since all the clues are now heading towards the revival of the ancient Eastern kingdom, then revive the ancient Eastern kingdom first.

What if... what if he triggers the Super God-tier hidden class of the archer because of this, then it would really be taking off on the spot.

According to the method said by the Lord of the Mortal Palace, he needs the blessing of ten Eastern gods to have the ability to revive the ancient Eastern kingdom.

Currently, he has only obtained the blessings of Yue Lao and Houtu, the two Eastern gods. Looking at it this way, he is still short of the blessings of eight Eastern gods.

After pondering for a while...

Lin Tianhao thought about the various guides he saw in his previous life.

And where those places could obtain the blessings of the gods.

After Lin Tianhao briefly sorted out his thoughts, he recalled two guides, and one that might trigger the blessings of the gods.

No other reason.

Those players don't really like to announce such guides.

It is estimated that only one or two out of ten will announce their guides.

But having two or three is two or three, and for the rest, he can only rely on himself.

He believes...

With his own strength, it is entirely possible to trigger more blessings from the gods.

The mission scroll is already in hand, and Lin Tianhao has no need to stay here any longer, so he leaves directly.

Just as he came out of the Peach Blossom House, another figure blocked Lin Tianhao's path.

"Snow Emperor really has good taste. This Peach Blossom House, you should be the first adventurer to patronize it, right?"
