Chapter 1351: The Dean's Mission!

The dean of Baili Academy did not hide anything and directly showed Lin Tianhao a task page.

"Eliminate the rebels in Guro Forest."

"Encourage disciples to realize the truth."

"The inheritance of Confucianism and Taoism cannot be broken."

.....

There are details about these tasks below, such as the reward for disciples' enlightenment. As long as the disciples of Baili Academy improve their enlightenment level, they can get rewards.

The inheritance of Confucianism and Taoism cannot be interrupted. Any disciple of Baili Academy who recommends other disciples with Confucianism and Taoism talents to enter Baili Academy can also receive rewards.

Lin Tianhao took a quick look and found that there were dozens of tasks, and this was not the whole picture.

After just a quick glance, Lin Tianhao roughly knew what was going on.

however.

Most of the tasks in the task library of the dean of Baili Academy are not applicable to Lin Tianhao.

There are a few quests that are useful though.

For example, recommending talented disciples to join the Fan Palace, helping talented disciples to attain enlightenment and improve themselves, etc., all of these can be included in his task list.

Besides.

Lin Tianhao also plans to set up a new department to monitor all officials.

Previously, a large number of brainwashed officials appeared in the Shanhai Empire, which was an extremely serious matter.

A thousand-mile dam is destroyed by an ant hole.

Lin Tianhao understood this truth.

"Let's not talk about anything else for now, just give me the flower of talent evolution first." Lin Tianhao said.

The dean of Baili Academy directly took out a talent evolution flower and said, "This talent evolution flower is what I can give you, and it also includes these two god-level talent awakening stones."

"As for the remaining one, you need to complete the corresponding task."

"Mission." Lin Tianhao said straight to the point.

"Ding, the dean of Baili Academy has issued you the task [Out-of-region Demon Suppression]."

【Demon Suppression Outside the Territory】

Mission introduction: The Outer Land is connected to the Devil's Sea. Some time ago, some monsters sneaked into the Outer Land from the Devil's Sea. Their evil spirit will affect the character of scholars and affect their understanding of Confucianism.

Mission requirements: Kill the monsters that sneak into the outside world, the number must be no less than ten, and the mission time limit is one month.

Mission rewards: Talent Evolution Flower +1, Baili City Reputation +5000, Free Attribute Points +1000, Haoran Sword +1.

Mission penalty: unknown.

"Ding, do you want to accept it?"

Lin Tianhao narrowed his eyes slightly. The difficulty of this task did not seem too great. Ten monsters in the extraterritorial area were no big problem.

The dean of Baili Academy handed Lin Tianhao another note, "Usually only the talented disciples who join Baili Academy can get this reminder, but Xue Di, you can also get it."

"This contains clues about the seven monsters I found. It can help you, Xue Di, complete the task quickly."

Lin Tianhao opened the note, and its contents came into view.

Kuren Town, Zhou Xingyu, a new apprentice in the blacksmith shop.

Kuren Town, a little beggar wandering outside the town.

Beiyuan City, Lianyue, the new maidservant of the city lord's youngest son.

.....

Lin Tianhao raised his eyes to glance at the dean of Baili Academy and said:

"Why do I feel like you know the locations of ten monsters, but you only told me seven?"

The dean of Baili Academy laughed bitterly, "Xue Di, this is already the limit. Everyone said that it was too obvious that it was not cheating."

Lin Tianhao was too lazy to argue about this issue and said bluntly:

"Giving me a map doesn't require any mission."

"No need, no need."

The dean of Baili Academy took out a map of the outside world.

When Lin Tianhao saw the map of the land outside the domain, he couldn't help but be a little surprised.

I have heard that the land outside the domain is very huge, but I didn't expect it to be three times larger than the current territory of the Shanhai Empire! !

As if he had seen the surprise on Lin Tianhao's face, the dean of Baili Academy said indifferently:

"The land outside the domain is a bit large, but due to geographical reasons, most of it is mountainous and desert. The place suitable for survival is mainly around the River of All Beings."

"The population of this area outside the territory is probably over 100 billion," said Lin Tianhao.

The dean of Baili Academy nodded and said, "Yes, there are more than that. There should be two or three hundred billion people. I haven't really counted them."

"After all, we are not like you, who are managed by the Empire. We are more like a holy land that governs one side, so our management is naturally not as comprehensive as that of a country."

"gone."

Lin Tianhao waved his hand and turned to leave.

After watching Lin Tianhao leave, the dean of Baili Academy took out several sound transmission notes and said, "The Snow Queen has come to the outer land. Everyone, come and discuss quickly."

.....

After Lin Tianhao came out of Baili Academy, he did not go directly to look for monsters, but started running around the map.

He is now in an invincible virtual state, and his movement speed has been increased by a million times, making it most suitable for him to run around the map.

but.

Lin Tianhao ran away to the three places where there were monsters.

Night falls.

One day flies by in a blink of an eye.

Kuren Town.

In front of the blacksmith shop.

Lin Tianhao, exhausted, stood at the door of the blacksmith shop.

In the blacksmith shop, there was a clanging sound.

Inside the blacksmith shop, a burly man looked over.

"Little brother, do you want to build or repair equipment?"

Lin Tianhao shook his head and said:

"I have a friend here." Lin Tianhao opened the Eye of Insight and looked inside the blacksmith shop.

really.

Inside the blacksmith shop, an inconspicuous middle-aged man was hammering a piece of iron. A trace of demonic aura emanated from this middle-aged man.

"Zhou Xingyi, long time no see."

The middle-aged man who was forging iron looked up at Lin Tianhao, his eyes full of doubt.

"Long time no see indeed."

Zhou Xingyi seemed to have thought of something, and ran towards the outside of Ku Ren Town.

Lin Tianhao shot the arrow from his heart and made the move.

When Zhou Xingyi saw the feather arrow flying towards him from Lin Tianhao, his face changed drastically.

A breath of death enveloped him.

he knows.

He must not catch this arrow, otherwise he will definitely die! !

His body turned into a ball of black mist, "Run."

The moment his body turned into black mist, he shouted at the little beggar in the distance.

The little beggar's face changed drastically, and when he wanted to escape again, he found that it was too late.

-112 million! !

-91 million! !

The two monsters were killed without any resistance under Lin Tianhao's Heavenly Punishment Headlock.

"too weak!"

Lin Tianhao sighed. These two monsters were no match for him.

"Ding, congratulations, you have successfully killed the monster Kui Zombie Brain. We will announce it to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully killing the Kui Insect Brain. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

"Ding, congratulations, you have successfully killed the Ink Snake monster. We will announce it to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully killing the ink snake. We hereby announce this and hope all adventurers will keep up the good work!!"

Chapter 1352: Health value 4.6 trillion!

Lin Tianhao didn't even touch the corpse. He used the Kunlun Mirror to kill all five monsters in the remaining two places.

Server-wide announcements came one after another, and Lin Tianhao then began to search the corpse quickly.

"Ding, you got skill book +2."

"Ding, you got equipment +2."

"Ding, you got +200 free attribute points."

"Ding, you got it..."

.....

"Ding, because you killed the monster, you get an extra free attribute point +100."

"Ding, because you killed the monster, you get an extra free attribute point +100."

.....

Lin Tianhao was a little surprised. The reward for killing these monsters seemed to be quite a lot.

However, this monster can disguise itself, know how to escape, and has hundreds of billions of health points.

It is not easy to kill them.

After dealing with these monsters, Lin Tianhao discovered a problem.

His health points seemed to be one level higher than before.

Previously, his health points were more than 4.2 trillion.

But now, it has reached 4.6 trillion!!

now it is night.

Thanks to the skills of the Dark Night Spirit God Moirai, Lin Tianhao's health points exceeded 9.2 trillion.

of course.

This is temporary and will disappear during the day.

But even if we don't count this.

Lin Tianhao also gained an additional health bonus of nearly 400 billion.

The little health points added by Lin Tianhao's own Book of Life and Death and normal attacks are not enough to give Lin Tianhao such a huge improvement.

suddenly.

Lin Tianhao noticed the Human King Order!!

"Because I conquered the Tutulu Empire!!"

Lin Tianhao instantly understood the reason.

He conquered the Tutulu Empire, and the Human King Order allowed him to gain a health bonus for everyone in the area he ruled.

Naturally, the Tutulu Empire does not have 400 billion people.

However, Wang Ling's overall attribute increase also increased from the previous 77% to 83%.

At the beginning, the Human King Order was 78%. Due to poisoning incidents in many places in the Shanhai Empire, the increase in all attributes of the Human King Order dropped by 1%.

This time, the conquest of the Tutulu Empire increased Wang Ling's overall attributes to eighty-three percent.

Besides.

Lin Tianhao also has four pieces of Heavenly Punishment equipment and Tears of the Goddess of Life, which increase the maximum health of these equipment.

Therefore, this time, conquering the Shanhai Empire increased Lin Tianhao's health by nearly 400 billion!
!

Among them, there is an increase brought by the people of the Shanhai Empire, as well as a 6% increase in Wang Ling's all attributes and an increase in original health points.

This 6 percent increase is based on Lin Tianhao's original health value, not the health value after the increase, otherwise it would be more.

"It seems that if I want to increase my health, I still need to rely on conquering other forces."

Lin Tianhao thought secretly.

Don't say anything else.

If Lin Tianhao had not conquered the Tutulu Empire, even if he had relied on the Book of Life and Death to increase his health points, it would have taken him ten years to increase that much.

As for his Hand of Heavenly Punishment, although it has reached five stars, it will be more difficult to improve its proficiency in the future.

The only good news is that the thing obtained from the ancient mysterious realm can allow Lin Tianhao to imprison the soul essence of the killed creatures.

just.

Hei Tian Aozhen has been searching for such a long time, but still has not found out from the ruins what is imprisoning the essence of the soul.

Take back your thoughts.

Lin Tianhao will go look for the remaining three monsters next.

This land outside the domain is too vast. Although Lin Tianhao has been to many places by running maps, the area covered is still too small.

Lin Tianhao used the Eye of Insight to focus on detecting those guys with demonic energy.

According to Lin Tianhao's observation, the hiding ability of these monsters is not very good, and his eyes of insight can detect their demonic energy from a long distance.

Lin Tianhao constantly used the Kunlun Mirror to switch positions.

A quarter of an hour later.

Lin Tianhao successfully found two monsters.

With the arrows shot from his heart and the Heavenly Punishment Lock, Lin Tianhao can kill these two monsters from a long distance.

The next step was to announce the whole server and search corpses, but the results were mediocre.

After dealing with these two monsters, there is only one monster left, and Lin Tianhao will be able to complete the task.

Lin Tianhao continued to explore and found that there were far more than ten monsters in this foreign land. He killed another one with an arrow from his heart and then went to Baili Academy.

Baili Academy.

The dean of Baili Academy listened to the announcement for the entire server and was well prepared.

"The Snow Queen is worthy of being the Snow Queen. She moves so quickly." The dean of Baili Academy couldn't help but compliment her.

Lin Tianhao waved his hand and said:

"Dean Baili, please stop flattering me. If you really think I'm amazing, then join my Fan Palace."

The dean of Baili Academy smiled bitterly and said:

"They are not the same thing."

Lin Tianhao didn't waste any time and submitted the task directly.

Another flower of talent evolution is obtained.

"What about the others?" Lin Tianhao asked.

The dean of Baili Academy nodded and said:

"Don't worry, after you left, Xue Di, I contacted several other holy land masters."

As the dean of Baili Academy finished speaking, Lin Tianhao saw four more masters of holy places appear.

it's here.

Lin Tianhao did not see the leader of the Yin-Yang Hehuan Sect and the owner of the Han Tower. It seemed that they were still in the ancient god mysterious realm and had not come out.

The four masters of the holy land before them, without exception, are all of the king grade. Among them, there are nine-turn, demigods, and pseudo-gods.

"Snow Emperor, I have long admired your name!"

The masters of these holy places were very polite to Lin Tianhao.

"We can all personally give you a Talent Evolution Flower, Xue Di, and we can also give you a task that rewards a Talent Evolution Flower. This way, you will have all ten Talent Evolution Flowers."

"it is good."

It seems to be a good thing to be able to collect ten flowers of talent evolution.

"Ding, the leader of the Nanman Saint Sect has issued you a mission [The Ruins of the Nanman Castle]."

"Ding, the Lord of Shenhui Ancient City has issued you a task [Fragments of Shenhui Ultimate Intention]."

.....

The lords of each holy land issued tasks to Lin Tianhao.

The dean of Baili Academy bowed to Lin Tianhao and said:

"Xue Di, the owner of Han Tower and the owner of Yin Yang He Huan Sect are still in the Ancient Mystical Realm. When they come out, they may be able to give you the Flower of Talent Evolution."

Lin Tianhao waved his hand and said, "Let me finish their tasks first, then we can talk about it."

"It is good."

Judging from the rewards, the tasks of these four holy land masters are not too difficult.

Lin Tianhao has an eye of insight, and with the task instructions they gave, completing these tasks is only a matter of time.

Do these tasks.

It was already late at night.

Lin Tianhao found a place to gain enlightenment and was not in a hurry to take action.

Extraterritorial place.

Kuntian City!

This city was also built next to the River of All Beings. It was huge in scale and was considered the largest city Lin Tianhao had arrived at since he came here.

Chapter 1353 Kuntian City, listening to music, Zhou family!

There is a large population here. According to Lin Tianhao's estimation, this can be considered a big city with a population of over one billion.

Lin Tianhao chose a small building next to the Zhongsheng River in Kuntian City to live in.

Lin Tianhao was exhausted after his trip to Mo Yuan some time ago. After coming back this time, Lin Tianhao still wanted to have a good rest.

On the banks of the River of All Living Things, many young men and women were dancing around the bonfire, creating a very lively atmosphere.

Lin Tianhao sat by the window, ordered a few side dishes, and drank and had fun.

"Wouldn't it be a bit boring to be objective about someone?"

At this moment, a woman with a graceful figure and cool clothes walked towards them, holding a pipa.

"I am willing to play a song for you, sir. It only costs one hundred gold coins. How about that?"

Lin Tianhao waved his hand and threw out a large bag of gold coins.

"One song is enough, sing all night long."

Looking at the big bag of gold coins on the ground, the graceful girl was a little stunned.

This bag of gold coins contains at least 50,000.

This is her income for almost half a year.

"You are too arrogant, sir. It's just a one-night stand. I have the will but I don't have the ability."

Lin Tianhao waved his hand and said:

"I'm not really asking you to sing all the time. If you're tired, come and have a couple of drinks."

"it is good."

The graceful girl played the pipa, and the soothing singing voice came, and Lin Tianhao was also a little surprised.

This kind of singing is even better than some singers from Dragon Country.

One song is over, two songs, three songs...

Lin Tianhao looked out the window, feeling a little emotional.

Have I been pushing myself too hard during this period?

He wants to become stronger madly, and will stop at nothing to get stronger, not letting go of any opportunity to become stronger.

Lin Tianhao's heartstrings seemed to be always tense and never relaxed.

Now that he had finally sat down, Lin Tianhao felt... a little tired!!

Saving the world was a burden so heavy that it made him feel a little breathless.

He is very strong now, but recently, Lin Tianhao suddenly found that he seemed to have reached a bottleneck.

The Book of Life and Death is adding up life points, but the hundreds of thousands of life points that the Book of Life and Death adds up every day are really not enough compared to the opponents he will encounter now.

Looking at the bustling outside the window.

Watching the men and women singing and dancing around the campfire, and listening to the singing of the graceful girls in my ears.

Lin Tianhao really wanted to stop.

Right here, living a life of drunkenness and dreaming for a while.

Drink the strongest liquor and pick up the hottest chicks!!

Enjoy the treatment like a king!!

Shouldn't he enjoy it?

He has worked so hard for so long and has achieved what he has today, shouldn't he enjoy it? !

But now he can let go of everything and indulge himself.

A week, half a month, or even a month is fine!!

No one knows what will happen tomorrow, but whatever he wants to do today, he seems to be able to do it.

Lin Tianhao's eyes gradually became clear. He should become stronger and try to save this world.

But he doesn't need to give up his life for this matter.

Just at this moment, an unpleasant voice was heard.

"Boy, just because you have a little money, you want to torment others like this?"

"If you have any conscience, you shouldn't let Miss Moqin keep singing like this. You'll hurt her voice if you do this."

Lin Tianhao raised his eyebrows and looked in the direction of the voice, and saw that the person speaking was a young man in gorgeous clothes.

The way he accused Lin Tianhao with such righteousness made it seem as if Lin Tianhao had really done something terribly wrong.

The woman who was playing the pipa did not stop. She continued to play the pipa and sing the song.

The handsome young man in gorgeous clothes was a little dissatisfied. "Can't you hear me? Do you really think I am air?"

"Miss Moqin, there's no need to sing. I'll pay the same price as he does."

Miss Mo Qin hesitated for a moment before she slowly said:

"Mr. Zhou, this young man offered 50,000 gold coins."

"What?!!"

Mr. Zhou's expression changed slightly, and he looked incredulous.

But it was only a brief surprise, and then he said:

"You are really generous, but I can still afford a mere fifty thousand gold coins."

"Miss Moqin, it's only 50,000 gold coins, you don't have to sing for him."

Miss Mo Qin was a little embarrassed, "But I have already promised this gentleman."

This Mr. Zhou looked at Lin Tianhao coldly and said:

"Boy, Miss Moqin belongs to me tonight, do you have any objection?"

Lin Tianhao frowned. He hadn't met such an idiot for a long time.

"Of course."

Lin Tianhao chuckled and said, "Miss Moqin, I spent 50,000 gold coins, and you pay 50,000. That's unreasonable."

"You have to let me make some money, right?"

Hear this.

Mr. Zhou smiled playfully and said:

"How much do you want?"

Lin Tianhao opened his palms.

Mr. Zhou frowned and said:

"Half a million?!"

"You really know how to ask for a lot, but do you think this can stump me?"

Lin Tianhao shook his head and said: "No, no, no, it's not 500,000, it's 500 million!!"

"what?!"

A fierce light flashed in Mr. Zhou's eyes.

"Boy, I think you are crazy about money."

"No money? Then don't try to pretend to be rich!" Lin Tianhao said.

Mr. Zhou angrily shouted:

"Boy, you are looking for trouble on purpose, right?"

As Master Zhou's voice fell, the two guards behind him stepped forward and drew out the long swords in their hands.

Lin Tianhao glanced at the two guards. Both were level 1,000 silver guards, which meant they had some strength.

just.

Compared with Lin Tianhao, the gap is not small.

Seeing this, Miss Moqin quickly said:

"Master Zhou, calm down. We can't fight here."

Young Master Zhou snorted coldly, "In this Huaxiang Tower, others can't do it, but I can!!"

As Master Zhou's voice fell, the two guards raised their swords and slashed towards Lin Tianhao.

Lin Tianhao's expression remained unchanged. He shot the arrow from his heart, and the feathered arrow arrived first and directly hit the two guards.

Without any suspense, the two guards were killed instantly on the spot.

Mr. Zhou's expression changed drastically, "You... you are so brave, do you know who I am?!"

"You dare to kill my guards, you are really..."

Lin Tianhao did not reply, but still shot an arrow and killed Mr. Zhou.

Killing is not the right path!!

After Lin Tianhao killed them, he couldn't help but frowned.

"Is this the indifference of the strong to life?"

Lin Tianhao looked at the three people he had killed, as if he had crushed three ants, without any ripples in his heart.

Miss Mo Qin, who was not far away, widened her eyes and said in shock:

"You...you killed Master Zhou!!"

Lin Tianhao raised his eyebrows and asked:

"Is this Mr. Zhou really that great?"

Miss Mo Qin nodded heavily, "The Zhou family is a well-known large family in our Kuntian City. There are no less than fifty seventh-level experts in the family, and there are also several ninth-level elders in the clan."

"The most important thing is that someone from the Zhou family serves as an elder in the Southern Barbarian Saint Sect. He is a powerful person at the Nine Revolutions Star Glory level."

Lin Tianhao: "..."

Chapter 1354: Killing people one after another, beautiful women invite you!

"It is indeed very strong. There are several ninth-level masters, including a ninth-level star-level master. It can be regarded as a well-known number one force."

Miss Mo Qin said repeatedly:

"Young Master, please leave quickly. If you wait for the Zhou family to arrive before you leave, it will be too late."

Lin Tianhao chuckled and said:

"You haven't finished your song yet."

Miss Mo Qin was stunned for a moment. Seeing Lin Tianhao's calm and composed look, she couldn't help but ask:

"Young Master is also from the Holy Land?"

"I guess so." Lin Tianhao said.

He is the master of the Mortal Palace and can be considered to be from a holy land.

At this moment.

An angry voice was heard.

"Boy, even if you are from the Holy Land and killed our Zhou family's direct descendants, you must give an explanation!!"

As the voice fell, a tall middle-aged man walked over quickly.

He glanced at the corpse on the ground and said sadly:

"Son, you died miserably!!"

"But don't worry, father will definitely send him down to be buried with you."

The words fell.

The tall middle-aged man's eyes fell on Lin Tianhao.

"Boy, do you know what the consequences will be if you kill someone from our Zhou family?"

Lin Tianhao shook his head and said:

"I don't know. How about this, you tell me what the consequences will be!"

"Die. Your family will all die. Even if you are a disciple of the Holy Land, you must die."

Lin Tianhao picked up the wine in his hand, took a sip, and said:

"You...are not qualified to kill people from the Holy Land."

The tall middle-aged man's face darkened, and just as he was about to say something, a figure blocked his way.

"Zhou Shanlian, we in Huaxianglou are not allowed to fight."

Hear the words.

Zhou Shanlian shouted angrily:

"Not allowed to do anything?"

"My son was killed in your Huaxiang Building, and you told me not to do it?!"

The woman in red who suddenly appeared smiled and said:

"Since the incident happened in our Huaxiang Building, I will naturally give you an explanation."

Lin Tianhao looked at them with a strange look in his eyes.

His killing of Master Zhou and his guards was announced to the entire server.

It looked like they didn't hear anything.

At this stage, there are quite a lot of server-wide notifications, and many people will turn off the server-wide notification prompts for kills.

The same is true for NPCs.

Look.

All of them turned off the server-wide notification of kills, otherwise, they would probably be able to hear it.

It may also be because there are not many adventurers in the outer land right now, and if they turn on the server-wide notification of the kill, they will only be constantly disturbed.

"Sir, we prohibit violence in Huaxiang Tower. Since you have already committed violence in Huaxiang Tower, please leave." The woman in red said politely.

Lin Tianhao said calmly:

"But I haven't finished listening to this song yet."

"You broke the rules, so you should bear all the losses."

Lin Tianhao frowned slightly, "This is you being unreasonable. We can't fight here, and you didn't explain it to me clearly."

"Let's talk again."

"They were the ones who wanted to take action, so I took action."

The woman in red snapped her fingers, and the wine table in front of Lin Tianhao exploded instantly.

"If you don't want to leave, then don't leave."

Lin Tianhao narrowed his eyes and looked at the woman in red.

"You are so brave."

"I said I came from the Holy Land, but you didn't even ask me which Holy Land I came from?"

"unimportant."

The woman in red shook her head and said:

"This is Kuntian City. Among the powerful forces here, who doesn't have a holy land as a backer?"

"Who doesn't have a few people who hold important positions in the Holy Land? Do you think we would be afraid of you, a disciple of the Holy Land?"

Lin Tianhao smiled playfully and said:

"Who told you that I am a disciple of the Holy Land?"

That's it.

Lin Tianhao waved his hand and said:

"Alright, I'm here today, and anyone who attacks me will be killed without mercy!"

Hear this.

Zhou Shanlian shouted, "Boy, you are too arrogant!"

As the voice fell, the area around him instantly expanded.

"call out--"

Lin Tianhao didn't waste any time and shot out with his feather arrow, killing Zhou Shanlian on the spot.

"Ding, congratulations, you have successfully killed Zhou Shanlian. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to player Xue Di for successfully killing Zhou Shan Lian. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

"Instant kill?!"

The red-dressed woman's expression turned extremely ugly.

Before, when Lin Tianhao killed Master Zhou and several others with a single arrow, she was only slightly surprised, but she also felt that Lin Tianhao was worthy of the status of a disciple of the holy land.

But he didn't take Lin Tianhao too seriously.

however.

Zhou Shanlian is a gold-level expert of over 2,500 levels and already has his own domain.

Moreover, Zhou Shanlian had just expanded his territory first.

But even so, Zhou Shanlian was killed instantly.

"Not taking action?" Lin Tianhao asked with a smile.

A little cold sweat appeared on the forehead of the woman in red.

"I was rude just now. I wonder what your address is, sir?"

Lin Tianhao smiled noncommittally, "You overturned my wine table, which is also considered as attacking me."

"Sir, I am a little girl..."

The woman in red wanted to say something, but Lin Tianhao's feather arrow had already flown towards her.

See this scene.

The red-clothed woman's expression suddenly changed and she threw out three talismans.

The three talismans turned into three ferocious tigers, trying to block Lin Tianhao's feather arrows.

But it was of no avail.

The woman in red was extremely unhappy. The moment the arrow hit her, no damage number appeared.

Substitution!

This is also a relatively popular method.

But under Lin Tianhao's Heavenly Punishment Headlock, this substitution technique is of no use at all.

No doubt, it was a steal!!

At this time, many guests in Huaxiang Tower noticed the battle here.

Many of them were looking at this scene with shock on their faces.

"This young man is so strong that he even killed Lady Hong with one arrow. He is so strong that it is unbelievable."

"I don't know which holy land this kid is from. He is so bold. The Zhou family is related to the Southern Barbarian Holy Sect, and this Huaxiang Tower is said to be related to the Yin Yang Hehuan Sect."

"This young man has offended two major holy places at the same time. I'm afraid today will not end well."

.....

There was constant discussion all around, and at this moment, a light and elegant voice was heard.

"The young master's wine table has been destroyed. If you don't mind, how about coming over and drinking with me?"

Lin Tianhao was a little surprised.

At this time in Huaxiang Tower, someone actually invited him to drink.

When he looked over, he saw that the person speaking was a woman wearing a veil.

Her clear and beautiful eyes fell on Lin Tianhao.

"Miss, aren't you afraid of getting into trouble?" Lin Tianhao said.

That being said.

Lin Tianhao still walked over and sat opposite her.

At the same time, the Fiery Eyes and Golden Pupils were also observing the other party.

??? (???):???

life value: ? ? ?

attack: ? ? ?

Skill: ? ? ?

All are question marks!!

Lin Tianhao couldn't help but be a little surprised. In this foreign land, he could meet a woman who was full of question marks!

Chapter 1355: Destroy the Zhou family, the veiled woman takes action!

The veiled woman poured a glass of wine for Lin Tianhao, "Young Master, you killed someone in public, and you were still calm and composed. You must have a plan to deal with it."

"I just offered you a drink, they won't be angry with me."

Lin Tianhao couldn't figure out the details of this woman, but at this stage, there should be very few women who could prevent him from knowing any information about them.

It's not that he has any very special equipment or props.

Otherwise, she is really amazing.

The realm of the great emperor?

Or ten revolutions, eleven revolutions, or even the legendary twelve revolutions?

Lin Tianhao wasn't sure either.

After taking a sip of the wine, Lin Tianhao said:

"I am unlucky. I have just arrived in Kuntian City and I have caused such a big trouble."

"Unlucky?"

The veiled woman smiled and shook her head. "I think this is not bad luck. It can make drinking a little more fun. Isn't this good?"

The voice just fell.

The veiled woman looked out the window.

"coming."

"There are people from the Zhou family in Huaxiang Tower. They seem to be coming with great force."

Lin Tianhao didn't care. "Maybe my temper has improved. If it were before, I probably wouldn't even drink here."

The veiled woman smiled and said:

"Are you going to destroy the Zhou family and this Huaxiang Tower directly?"

"Correct."

"Cut the grass at its roots and eliminate the trouble forever."

The veiled woman nodded slightly and said:

"Then I still think you were right. Becoming more merciful will only make you die faster."

Lin Tianhao smiled, "I think you are right, so I shouldn't be merciful."

As Lin Tianhao's voice fell, she had already used all her strength to shoot the arrow from her heart.

The next moment.

A large number of arrows flew towards the aggressive Zhou family members.

When these Zhou family members saw the feather arrows shot by Lin Tianhao, their faces changed drastically.

Because they found that they seemed completely unable to avoid Lin Tianhao's feather arrows.

Moreover, the power contained in Lin Tianhao's feather arrows also made them feel the threat of death.

"How can it be?!!"

An eighth-turn platinum-level Zhou family member had a grim expression on his face. "I am already an eighth-turn platinum-level warrior, and my level is over six thousand. But facing these feather arrows, I actually have the illusion that I can't catch them."

Eighth turn platinum level!

This is already pretty good among NPCs. At this stage, it is estimated that only a small number of high-level players can fight with them.

As for people like Lin Tianhao who want to threaten his life with just one arrow, there are very few of them.

He did not dare to be negligent at all, and immediately attacked with all his strength. The domain expanded, and a dark green shield appeared in front of him. The long sword in his right hand was also gathering strength. If the shield could not block Lin Tianhao's feather arrows, he would attack with his long sword without hesitation.

It's not just this eighth-turn platinum-level Zhou family master.

Faced with Lin Tianhao's feather arrows, these people all looked terrified.

"How can you be so strong? Who are you?!"

Some people in the Zhou family were feeling anxious.

They all tried their best and used various means to try to stop Lin Tianhao's feather arrows.

But there was no suspense about the result.

The strongest among them is only at the ninth-level diamond level. Without special equipment, there is no way they can stop Lin Tianhao's feather arrows.

The result was not in any doubt. After just one encounter, all the members of the Zhou family were killed! !

quiet! !

Deathly quiet!!

Everyone who saw this scene was stunned, looking at the scene as if they had seen a ghost.

"What did I see?"

"Is this an illusion? The Zhou family... the Zhou family has so many experts, but not one of them can block his arrow!!"

Lin Tianhao looked at everything outside the venue and couldn't help but raise his eyebrows, "Plot mission?"

Because normally speaking, the number of people coming from the Zhou family later shouldn't be so fast and so large.

It seemed as if all the Zhou family members were waiting to come.

Most NPCs in Ragnarok have a relatively strong sense of autonomy.

But there are some NPCs who are plot NPCs and will trigger action rules according to specific plots.

Although they have a certain degree of autonomy, their rules of action are embedded with relatively fixed names just like a computer.

With so many people from the Zhou family gathering here all of a sudden, Lin Tianhao couldn't help but wonder if they were just plot NPCs.

As Lin Tianhao killed these people from the Zhou family, many people in the field saw how powerful Lin Tianhao was.

In the Huaxiang Building.

There were people who were eager to try and were ready to take action to deal with Lin Tianhao.

But now.

None of them dared to move.

The Zhou family has so many experts, they can be destroyed at any time.

Such strength is too strong!

So strong that they found it unbelievable.

"When did such a person appear in our Kuntian City? He has never taken action before, and he is also from the Holy Land."

"Could it be that this is a peerless genius cultivated by the ancestors of some holy land?"

"I don't know, but with this kind of combat power, I really can't imagine which holy land he came from."

.....

There were many people outside whispering and talking, but Lin Tianhao was calm and composed, as if he had just done something insignificant.

He jumped up and began to touch the corpse.

"Ding, you got equipment +2."

"Ding, you got skill book +2."

"Ding, you got +200 free attribute points."

"Ding, you got gold coins +50000."

"Ding, you got it..."

.....

As prompt sounds came one after another, Lin Tianhao was very satisfied.

These people from the Zhou family provided Lin Tianhao with more than 4,000 free attribute points.

This battle was simple and brutal, without any difficulty.

"Young Master's strength is indeed extraordinary." The veiled woman smiled at Lin Tianhao and poured him another glass of wine.

"This Huaxiang Tower is disrespectful to you, sir. Qinxin is willing to clean this place up for you."

As the veiled woman's voice fell, ice-blue vines began to grow in the mouths, noses, eyes, and ears of everyone in Huaxiang Tower.

These vines instantly wrapped around these people's bodies and completely wiped them out!

Lin Tianhao's eyes narrowed slightly. This woman was also a little too strong.

"What's your name?" Lin Tianhao asked.

Lin Tianhao felt somewhat uneasy as he had just arrived in the outer world and encountered such a terrifying existence.

"A name is not important. If you don't mind, you can call me Seventh Sister."

"Seventh sister?" Lin Tianhao was a little surprised.

"Want to be my sister?" Lin Tianhao said.

"I'm older than you, so can't I be your sister?" asked the veiled woman.

Lin Tianhao smiled and said:

"Sister Seven is so powerful, I wonder if you can help me."

The veiled woman chuckled, "You are quite cheeky. You ask for my help on our first meeting."

"Do you think it's easy to be my sister?" Lin Tianhao replied.

The veiled woman waved her hand. "Well, tell me now, what do you want me to do for you?"

Chapter 1356: The fragments of the scroll of Hongmeng Alchemist's job transfer!

"I'm looking for the Heavenly Punishment equipment. I wonder if Seventh Sister has any clues."

This veiled woman in front of me is so mysterious, perhaps she knows the clues about the Heavenly Punishment Equipment.

really!

The veiled woman nodded slightly, "Of course I know this. It's in this outer land. I know one thing, the Devil's Sea, and another one."

Lin Tianhao's eyes lit up!

He just asked casually and never thought that the veiled woman actually knew the clues to the two pieces of Heavenly Punishment equipment.

"Sister Seven, please tell me the details." Lin Tianhao stood up and bowed respectfully.

The veiled woman shook her head and said:

"I've already told you. It's inappropriate to say it again."

"As for whether you can get it, that depends on your luck."

The corner of Lin Tianhao's mouth twitched. These powerful people all like to act mysterious.

"Okay, Seventh Sister, can you give me some hints?" Lin Tianhao asked.

The veiled woman thought for a moment and said:

"The land outside the domain reaches the Heavenly Palace above and the Netherworld below. The road to the Heavenly Palace is cut off and no one can ascend. The souls of the Netherworld gather and no one can enter."

"This is my hint to you."

Lin Tianhao frowned and thought.

The Heavenly Palace and the Nine Netherworld are both legendary things. Lin Tianhao doesn't know anything about them, but someone may be able to tell him more.

"Okay, I've almost finished drinking, so I'll leave first."

As the veiled woman's voice fell, her body turned into starlight and disappeared.

This veiled woman is mysterious, powerful, and unknowable.

Appearing here, it seems like just to meet him.

As for the purpose.

It should not be that they are simply helping me deal with the people from Huaxianglou.

Did she come here just to tell herself that there were Heavenly Punishment Equipment in this outer land and the Devil's Sea?

and.

She asked him to call her Seventh Sister. Was she trying to take advantage of him, or was there really some connection between them?

Now that the veiled woman has left, Lin Tianhao is also ready to leave.

At this moment, an old woman in tattered clothes blocked Lin Tianhao's way. She came in front of Lin Tianhao and knelt down in front of him with a plop.

"Your Excellency is extremely powerful. I dare to ask you to seek justice for all 369 people in my Ke family!!"

Lin Tianhao did not respond, but just looked at the old woman quietly.

Look.

This is indeed a story mission.

just.

Generally speaking, it can be triggered simply by teaching Master Zhou a lesson.

but.

The higher his level of achievement, the better the tasks he can trigger.

"How are you sure I will help you?"

"Don't you see that there are so many people in the Zhou family? I killed them all at my command. I don't look like a kind person."

The old woman bowed again and said:

"I don't care whether you are a good person or not. I only care that you are capable of helping my family get revenge."

"If you can help my family get revenge, I will give you this heirloom."

"Ding, the old woman from the Ke family has issued you a mission [Revenge for the Ke family]."

Mission requirements: Twenty-five years ago, 369 members of the Ke family were wiped out by the Evil Tower outside the Domain. Destroy the Evil Tower outside the Domain, with no time limit.

Mission reward: Hongmeng Alchemist job transfer scroll fragment +1 (this reward can be issued in advance).

Mission penalty: None.

"Ding, do you accept it?"

Lin Tianhao's pupils suddenly shrank, Hongmeng Alchemist! !

Lin Tianhao had encountered the Hongmeng Dan Ding before when he was in the Shapai Poison City.

Hongmeng Alchemy Cauldron is a super god-level alchemy cauldron. At that time, Lin Tianhao knew that the Hongmeng Alchemist was a super god-level hidden profession.

Now it seems that it is indeed the case!!

Originally, Lin Tianhao planned to revive the Mokesha Kingdom and then find a way to obtain this super god-level hidden secondary profession.

But he didn't expect that he would encounter clues about the Hongmeng Alchemist here. To be precise, it was actually a scroll for job transfer.

Although it is a fragment, it is already very remarkable.

This can be seen from the effort Lin Tianhao put in to obtain the profession of Sky Punishment Archer.

and.

This evil building from outside the domain sounds like a very difficult thing to deal with.

Because generally speaking, a force in a large region that starts with the name of this region is more difficult to deal with.

For example...the vast Wuji Palace in front of the vast continent!

Because it is a large area with so many forces, if you don't have any ability and use the name of this area as the beginning, what will the other forces in this area think?

"accept!!"

Lin Tianhao has already defeated the vast Wuji Palace, so this so-called evil building outside the domain is not a big deal.

"Get up, I'll take your order." Lin Tianhao said calmly.

Hear this.

The old woman was overjoyed. She bowed again, raised her hands above her head, and handed the remaining scroll of the Hongmeng Alchemist's job transfer to Lin Tianhao.

Lin Tianhao took over the fragment, and the contents on it came to mind.

[Fragments of the Hongmeng Alchemist Job Change Scroll]

Grade: Unknown.

Effect: Collect three to synthesize the Hongmeng Alchemist Job Transfer Scroll, and become a Hongmeng Alchemist.

Wear resistance: Indestructible.

This introduction is quite simple.

"For a job transfer scroll of unknown grade, or a fragment of it, you are going to take on the mission of destroying the Outer Domain Evil Tower. Aren't you afraid of losing everything?"

It's not loud.

But as soon as he heard the voice, Lin Tianhao knew who was speaking.

Jindelan!!

Lin Tianhao turned around and looked.

Jin Delan stood in the crowd and was not very noticeable.

Lin Tianhao smiled and said:

"Are you following me? Why do I see you everywhere I go?"

Jin Delan smiled helplessly and said:

"Xue Di, I should have come to the outer land before you. This old woman also came to see me, but I didn't answer her."

Lin Tianhao looked around and said:

"It's not convenient to talk here. Let's find a place to chat?"

Jin Delan nodded, and together with Lin Tianhao, they found a relatively secluded tavern.

The two sat opposite each other, and Jin Delan said:

"In this outer land, the righteous have the Sun Moon Divine Sect and the Baili Academy, and the evil has only one outer evil building. These three holy places are considered the most powerful forces in the outer land."

That's it.

Jin Delan paused for a moment before continuing:

"It's not worth doing this for an incomplete secondary job transfer scroll, even if it's a god-level secondary job transfer scroll."

Lin Tianhao nodded with a smile and said:

"What you said makes sense. You know, when I go to a new place, I always like to destroy two top forces to test the waters."

Hear this.

Jin Delan was stunned for a moment, then smiled bitterly:

"Xuedi, you..."

"Forget it. For you, destroying a holy land is just a small matter. Naturally, there is no need to consider these gains and losses."

Lin Tianhao glanced at Jin Delan and said:

"The Ancient Mystical Realm is about to be fully opened. What are you doing in the outer realm at this time?"

Chapter 1357 Jin Delan knows the secret of fusion!

Jin Delan smiled awkwardly and said:

"Xue Di, this is indeed inconvenient to disclose, but Xue Di, do you know the Divine Realm?"

"know."

Jin Delan became serious and said, "Are you interested in taking me in as your younger brother? I only have one request, take me to the Divine Realm within three years."

Hear this.

Lin Tianhao narrowed his eyes slightly, what he said was quite interesting.

Three years!

What a subtle turning point.

It has been one year and ten months since the advent of Ragnarok.

What will another three years mean?

This means that there are only two months left before Ragnarok merges with reality.

Jin Delan made this request, and it seems that he also knows the time point when Ragnarok and the real world will merge.

but.

From Lin Tianhao's previous contact with Jin Delan, it can be seen that the probability of Jin Delan being a reborn person is very low.

therefore.

He must have heard the news from somewhere else.

"I don't lack brothers." Lin Tianhao said.

Jin Delan looked at Lin Tianhao very seriously, "You are indeed not short of younger brothers, but don't you also need younger brothers as powerful as me?"

Lin Tianhao shook his head, "You think you are awesome?"

"Maybe. Among the adventurers of the same period, you can indeed be considered very powerful, but among my brothers, you can't even be ranked."

Jin Delan smiled helplessly, "If you count all those gods, then I am indeed a little Karami."

Lin Tianhao waved his hand and said:

"Can you tell me why it's three years?"

Jin Delan stared at Lin Tianhao seriously and said:

"With your ability, Xue Di, as long as you want to investigate, you should be able to find the answer."

"Then why don't you just tell me directly?" Lin Tianhao said.

Jin Delan took a deep breath and said slowly:

"Because in three years and two months, this world, Ragnarok, will merge with the real world, and the resurrection mechanism will disappear."

"How do you know this?" Lin Tianhao asked.

Jin Delan hesitated before saying:

"You should know that my soul power is very, very strong. I used soul-searching techniques to search the memories of many people in the Alete galaxy. These are summarized from their memories."

Lin Tianhao raised his eyebrows slightly. Even among those guys in the Alete galaxy, not many people knew about this.

"And those guys from the Arlet Galaxy are here to invade us. Their goal is to destroy our galaxy and kill everyone in our galaxy."

That's it.

There was a hint of fear in Jin Delan's eyes.

"From their memories, I can feel the power of the Arlate Galaxy. Given the current situation of our Galaxy World, we will definitely lose!!"

"In five years, how far can these adventurers from our Blue Star grow?"

"To put it bluntly, except for us adventurers who are at the top of Ragnarok, I'm afraid that few of us can become gods in five years."

Lin Tianhao narrowed his eyes and asked:

"So, you want to go to the divine realm so that you can get rid of the trouble here in advance, right?"

Jin Delan nodded and said seriously:

"That's right. There's no need for us to fight those guys in the Alete Galaxy here. Isn't it better to go to the God's Realm and pursue a higher level of power?"

Lin Tianhao did not answer.

This is to persuade me to go to the divine realm in advance.

Is it a coincidence, or did someone want him to go to the realm of the gods before Ragnarok merged with reality?

"Your suggestion is good, but why do you have to come with me?"

"With your own growth rate, even if you don't become a god by then, the difference shouldn't be too big." Lin Tianhao said.

Jin Delan spread his hands and said:

"Snow Queen, you know that even those Nine-turn Star-shining-level masters are unwilling to easily set foot in the Divine Realm."

"If I go alone, without any background, I will be no different from a lone boat in the ocean. A bigger wave will destroy me."

Lin Tianhao shook his head and said:

"I haven't decided when to leave yet."

Jin Delan looked at Lin Tianhao very seriously and said:

"Xue Di, you are too eye-catching. When that day comes, many people will want you dead."

"Especially you don't seem to have a very good relationship with those guys in the Arlet Galaxy."

Lin Tianhao took a deep breath and said:

"Don't you have any sense of belonging to this world?"

Jin Delan shook his head and said:

"How can there be no sense of belonging? But it also depends on how you make the decision."

Lin Tianhao asked again:

"You know the purpose of those guys in the Arlate Galaxy. Have you told those people in the United States who are cooperating with the Arlate Galaxy?"

Jin Delan nodded heavily and sighed:

"Of course I did."

"But they don't care too much. They even want to use the Alite Galaxy to expand their tribe."

"You know, the United States is very special. There is a mysterious force behind them that controls this country."

"This force is an ethnic group, so they care more about the interests of their ethnic group rather than the interests of the entire American people."

Lin Tianhao's face darkened. He naturally knew something.

A race that only cares about profit.

"If you want to go to the divine realm with me, then join me and fight against the people of the Alete galaxy!"

Lin Tianhao extended an invitation.

Although he and Jin Delan were once rivals, he was also very clear that it would be difficult for him to cooperate with the people of the Alite Galaxy on his own.

"But the risk is too great." Jin Delan said.

Lin Tianhao poured Jin Delan a glass of wine and said:

"I've poured the wine, it's up to you to decide whether to drink it or not!"

Jin Delan looked at the wine glass in front of him, seeming to want to say something but stopping himself.

"I can't be your little brother, but I still hope to be your friend, or at least a partner."

Lin Tianhao raised his eyebrows, "Cooperation? As long as we can help each other, there is naturally no problem."

"I have accepted the mission to destroy the evil building outside the domain. Will you help me?"

Jin Delan hesitated for a moment and said, "Help!"

"I have quite a bit of free time in the Outer Realm recently. You can always call me if you need me."

That's it.

Jin Delan seemed to have thought of something, and continued:

"I know I may not be able to impress you, but I still want to tell you that Ragnarok is a place abandoned by the gods. Without the protection of the gods and Buddhas, we cannot compete with the people of the Alite Galaxy."

Lin Tianhao frowned slightly and said:

"If it is really unstoppable at that time, I will choose to leave."

"but."

"I still want to know how the mysterious force behind the United States plans to deal with me?"

Jin Delan hesitated and finally said:

"Instigate rebellion, create civil unrest in the Shanhai Empire, unite with other holy places to secretly invade your Shanhai Empire, and divide up the resources of the Shanhai Empire."

Chapter 1358: Meeting the Leader of the Southern Barbarian Holy Sect!

Lin Tianhao's expression changed slightly.

Jin Delan continued:

"You should know that whether it is the Moon Wheel Demon Palace or the Vast Infinite Palace, these holy places that invaded the Vast Continent actually have the secret support of holy places from other continents behind them."

"You destroyed their holy places. Some of them have always wanted to deal with you, but because of the unpredictable changes that happened in Zhongzhou, they did not take direct action."

Jin Delan sighed heavily.

"Although they didn't take direct action, it's not like they didn't do anything at all."

"I know that they are eroding some forces within your Shanhai Empire."

"Third-rate, second-rate, first-rate, and even top-tier forces, they are all eroding."

Lin Tianhao's face looked a little ugly. "These holy places are too arrogant. Will they agree to cooperate with those people from the United States?"

Jin Delan shook his head. "Of course I don't want to, but we are still negotiating."

"As for the Alet Galaxy, they are trying to drive a nail into your Shanhai Empire at all costs."

"Sometimes they even set up traps to allow their people to achieve meritorious service and thus get promoted faster."

As Lin Tianhao listened to Jin Delan's words, his expression became more and more serious.

"The administrators of the Shanhai Empire are not fools. They were already investigating the internal situation during the last poisoning incident in the Shanhai Empire."

Jin Delan nodded and said:

"I know some clues about the evil buildings outside the domain. They live in places far away from towns and are generally quite secluded."

"As far as I know, there is an underground castle to the east of Kuntian City, which is a branch of the Outer Domain Evil Tower."

"Thank you!"

Lin Tianhao slowly stood up, looked outside, and said calmly:

"A friend is coming."

As Lin Tianhao finished speaking, a man walked in from outside the door.

"Xuedi, I'm so sorry to have caused you trouble."

Lin Tianhao looked at the person who came. This person was none other than the leader of the Southern Barbarian Holy Sect. Lin Tianhao had met him before at Baili Academy.

"What do you mean?" Lin Tianhao asked knowingly.

The leader of the Southern Barbarian Saint Sect bowed and said:

"Master Xue Di, the reason why the Zhou family is so arrogant and domineering is because they have a Nine-turn Star Glory-level master serving as an elder in our Nanman Saint Sect."

Lin Tianhao raised his eyebrows slightly and said:

"You came here to apologize, are you trying to help the Zhou family settle this matter?"

The leader of the Southern Barbarian Saint Sect shook his head, "Of course not."

"The people of the Zhou family have offended you, Snow Emperor, and they deserve to die. The Star-level elder of the Zhou family has also been imprisoned by me. I can kill him with just one word from Master Snow Emperor!"

Lin Tianhao smiled slightly and said:

"You killed the elders of your own Holy Sect just for an adventurer like me. Aren't you afraid that the other people in your Holy Sect will have a problem with you?"

The leader of the Southern Barbarian Saint Sect chuckled and said:

"If they have any objections, they can stand up and oppose you, Xue Di. Anyway, I won't."

That's it.

The leader of the Southern Barbarian Saint Sect asked softly:

"Lord Xuedi, may I have a word with you?"

"It is good."

The leader of the Southern Barbarian Holy Sect came to see me in person, so it should not be just for the Zhou family.

"No need to borrow my permission. I just have something to do."

Jin Delan stood up and said to Lin Tianhao:

"Xue Di, if you need anything, you can come to me. I will help you to the best of my ability."

Lin Tianhao nodded slightly, and after Jin Delan left, the leader of the Southern Barbarian Holy Sect sat in Jin Delan's seat.

He said:

"Snow Emperor, you just conquered the Holy Mountain of Tutulu, and you came to our outer land, and you only want ten flowers of talent evolution?"

Lin Tianhao took another wine glass for the leader of the Southern Barbarian Saint Sect, "What else?"

"If you pick any one of them at random, wouldn't that be more powerful than the Holy Mountain of Tutulu?"

"I am just an adventurer with little influence and low strength. How dare I have such a big ambition?"

The leader of the Southern Barbarian Saint Sect was slightly startled, "This is different from the rumors."

"What's the rumor?" Lin Tianhao asked.

"It is said that the Snow Emperor is arrogant and insolent. He dares to fight against the gods and Buddhas in the heavens and slaughter billions of lives."

Lin Tianhao waved his hand and said, "Rumors are just rumors. You know, when I'm too famous, it's easy for some scoundrels to slander me."

The leader of the Southern Barbarian Saint Sect hesitated to speak, and Lin Tianhao said bluntly:

"If you have something to say, just say it."

The leader of the Southern Barbarian Saint Sect then said:

"Snow Emperor is extremely powerful, and his future achievements are immeasurable. The vast continent should be unified."

"And the only one who has the ability and qualifications to unify the vast continent is you, Xue Di."

Lin Tianhao did not comment, "Master, please stop flattering me. If you really want to, just join my Fan Palace."

The leader of the Southern Barbarian Saint Sect pondered for a moment and said:

"The situation outside the territory is turbulent right now. You can choose a side now, but you can't make it public."

Lin Tianhao smiled and said, "Since you don't want to join our Fan Palace, what's the point of saying so much?"

"Not joining now doesn't mean I won't join in the future. I came here just to tell you, Xue Di, about the two special places in our outer land."

"Tiangong and Jiuyou?" Lin Tianhao asked.

The leader of the Southern Barbarian Saint Sect nodded, "Yes, it seems that the Snow Queen has heard about it."

"Our land outside the domain is called outside the domain because it was once the residence of God."

Some of these [Gods] live in the Heavenly Palace, and some live in the Netherworld. They have a complete system and are very powerful.

"But later, due to some unknown changes, the road to the Heavenly Palace was cut off, and the road to the Nine Netherworld was blocked by a group of powerful ghosts, making it impossible to reach."

Lin Tianhao thought of the hint that the veiled woman had given him before, which involved Jiuyou and Tiangong.

In this land outside the domain, there are two pieces of heavenly punishment equipment, which should be related to Jiuyou and Tiangong.

In his previous life, Lin Tianhao had never received any clear information about the legends of Jiuyou and Tiangong.

But it's not unfamiliar.

After all, the Nine Netherworld Purgatory and the Shengxiao Palace are rumors in the ancient legends of the Dragon Kingdom.

However, there are some differences in the legends from all sides. Generally speaking, Jiuyou corresponds to the underworld, and Tiangong corresponds to heaven.

"Then what?" Lin Tianhao asked.

The leader of the Southern Barbarian Saint Sect said seriously:

"According to some records of our Nanman Saint Sect, these places really exist. If you, Xue Di, can reach Jiuyou or Tiangong, what you can get should be immeasurable."

Lin Tianhao chuckled, "That's easy to say. If Jiuyou and Tiangong were so easy to reach, you should have arrived long ago. Why did you wait until today?"

The leader of the Southern Barbarian Saint Sect smiled bitterly and nodded, "Master Xue Di is right. Compared with you, Master Xue Di, the gap between us is still too big."

Chapter 1359: The starry sky alien species has appeared!

"We can only reach Jiuyou and Tiangong under the leadership of Lord Xuedi."

How can the leader of the Southern Barbarian Holy Sect still have the demeanor of the lord of the holy land?

"You're flattering me again. Tomorrow I will do the tasks you gave me. As for Jiuyou and Tiangong, we'll talk about it when we have the chance."

Even though Jiuyou and Tiangong may have heavenly punishment equipment, he will definitely go to Jiuyou and Tiangong.

But now is not the time.

"How much do you know about the evil building outside the domain?" Lin Tianhao asked.

The expression of the leader of the Southern Barbarian Holy Sect became serious.

"Lord Xuedi, I don't know where the headquarters of this Outer Domain Evil Tower is, but I do know the locations of several branches."

"If you need anything, I can tell you."

Lin Tianhao smiled and said:

"Then come and listen."

"The ruins of Red Stone Lake, peaks and mountains, woods and forests, and the Skyfire Iron Sand Ridge." The leader of the Southern Barbarian Saint Sect said respectfully.

"Thank you very much."

"As for the star-level expert of the Zhou family, just kill him. If you don't uproot the grass, it will grow again in the spring breeze."

"I understand." There was no emotion on the face of the leader of the Southern Barbarian Holy Sect, as if killing an elder of their Southern Barbarian Holy Sect was as easy as killing an ant.

After seeing off the leader of the Southern Barbarian Holy Sect, Lin Tianhao's face began to frown.

"This is an open conspiracy."

Ned Lifu's shadow appeared beside Lin Tianhao and she said:

"So, you will definitely go to Tiangong and Jiuyou. He came to reveal this news to you without thinking that you would refuse."

Lin Tianhao sighed and asked:

"Senior, you are well-informed. Do you know about the Heavenly Palace and the Nine Netherworld?"

Nidlifu smiled slightly, "I came out to tell you that Tiangong and Jiuyou are not as mysterious as you think. They were the power of gods before this world became a land abandoned by gods."

"In today's world, it is similar to your current holy land, except that Tiangong and Jiuyou are more famous divine forces."

Lin Tianhao understood, "Do you have any clue about the veiled woman?"

Ned Liv hesitated for a moment before saying:

"I have no idea, but she gives me a very familiar feeling."

As Ned Lifu's voice fell, Hei Tian Aozhen's voice sounded again in Lin Tianhao's mind.

"She is indeed very familiar. I feel that her aura is a bit like the underground plant-type vine monster we encountered in the Ancient Mystical Realm."

"At the time, I speculated that it was a star alien species. Although I was unable to touch its body, I did fight with its vines, so I can sense its aura quite keenly."

When Lin Tianhao heard what Hei Tianaozhen said, he couldn't help but take a breath.

At that time, the mysterious plant-type star species underground defeated him and made him return empty-handed.

Now Heitian Aozhen actually said that the veiled woman was the plant-type star species in the ancient mysterious realm.

"It seems so!!"

Ned Liv came back to her senses instantly.

"Although the methods she used to deal with those people in Huaxiang Tower were somewhat different from those used in the Ancient Mystical Realm, the auras were very similar."

Lin Tianhao's mouth twitched and he said:

"Why did she come out instead of staying in the Ancient Mystical Realm?"

Before, when he was in the ancient god's mysterious realm, Lin Tianhao had speculated that the other party might not have used his full strength at all.

Just a slight move was the limit of what he could endure.

"She came out of the ancient mysterious realm and appeared here. Why?"

Niederlif said:

"Are you surprised that she followed you?"

Lin Tianhao shook his head. "There's no need for her to follow me. It seems like she has another purpose for coming to this foreign land."

As soon as he arrived in this foreign land, Lin Tianhao had a feeling that a storm was about to come.

I don't know whether more fish will be blown up in the foreign land behind.

In the past, Lin Tianhao thought that places outside the domain and the Mokoradin Desert were just scraps of the vast continent.

But when he really set foot in these two places and tried to understand them, he realized that these two places were not just scraps.

They all possess extremely strong power and profound historical background.

Besides.

To the north of the vast continent, there is an extremely cold place that is covered with ice and snow all year round and where even fewer humans live.

It is said.

Living in the extremely cold land is a group of orcs.

However, Lin Tianhao has not actually set foot in the extremely cold land, and knows very little about it.

Take back your thoughts.

Lin Tianhao drank the wine in the glass, stood up and left.

Originally, Lin Tianhao was planning to do the task of the leader of the Southern Barbarian Holy Sect and others tomorrow.

But now.

This place outside the domain gave Lin Tianhao a sense of oppression as if a storm was about to come, which made Lin Tianhao not want to waste any more time.

He needs to evolve his talent first before doing anything else.

Just now.

Kuangzhan Blade sent a message to Lin Tianhao.

The content was also very simple. The task of establishing a territory assigned to him by Tutulu Zhenchu had been completed, and the flower of talent evolution had been obtained.

Lin Tianhao was slightly surprised when he saw the talent evolution flower that Berserker Blade traded for.

"Three?"

Berserker Blade sent a direct message, "Most of these were collected by our people. Only when these things are in your hands, Boss Xuedi, can the benefits be maximized."

Lin Tianhao didn't waste any time and collected all three flowers of talent evolution.

"Blade, I actually have another mission for you."

"What mission?" asked Berserker Blade.

"The Shanhai Empire's government and some local forces are being infiltrated by external forces. As long as you can find these infiltrated forces or government officials, you can get rewards."

Mad War Blade's eyes lit up. He had the country's support and had a lot of people under his command.

"no problem."

That's it.

Berserker Blade hesitated for a moment, then said:

"But Xue Di, why don't you make this a national mission?"

"I won't be doing the national mission for now. I need your strength to increase faster than that of ordinary adventurers."

Lin Tianhao knew very well that only when the country's power was stronger than that of ordinary adventurers could the order of the country be stabilized.

Otherwise, order will collapse, and that would be a real big trouble.

"Thanks to your help, Xue Di, our current foundation is still pretty good." Mad War Blade replied.

"not enough."

"Firstly."

After hanging up the conversation with Berserker Blade, Lin Tianhao excitedly took out ten Talent Evolution Flowers.

Previously, Lin Tianhao obtained a flower of innate evolution from the mayor of the grassland and the bloodfly ape demon respectively.

Previously, the dean of Baili Academy and his colleagues presented Lin Tianhao with five flowers of talent evolution, plus one flower for completing the task of completing the dean of Baili Academy.

Adding the three talents evolution flowers given by Berserker Blade this time, the number of talents evolution flowers in Lin Tianhao's hand has reached eleven.

"Use the Talent Evolution Flower."

Chapter 1360 The evolution of the brain of heavenly punishment!

"Ding, because your [Hand of Heavenly Punishment] level is too high, it requires 100 Talent Evolution Flowers to evolve. Currently, there are not enough Talent Evolution Flowers. Please continue to look for Talent Evolution Flowers!!"

Lin Tianhao: "???"

Is this wrong?

One hundred?

Why don't you go grab it? !

Although he was secretly complaining in his heart, Lin Tianhao knew the reason.

His Hand of Heavenly Punishment has already evolved once. If he wants to evolve it again, the talent evolution flower required will naturally increase.

just.

These one hundred flowers are somewhat outrageous.

But here comes the problem.

Should he evolve the Heart of Heavenly Punishment or the Brain of Heavenly Punishment?

The Heart of Heavenly Punishment is skill-oriented and can be upgraded, while the Brain of Heavenly Punishment ignores shields and damage reduction, but cannot ignore the rules of physical transformation.

If the Brain of Heavenly Punishment evolves, is it possible that his normal attacks will ignore the alternative damage reduction effect brought about by the physical transformation?

Lin Tianhao didn't know. It would be interesting if he could evolve to ignore physical transformation.

But the risk of doing so is too great. What if it doesn't evolve this way?

The Heart of Heavenly Punishment is skill-oriented. If it can be transformed, will it bring different changes to him?

After all, Lin Tianhao now relies heavily on normal attacks to deal damage. In terms of skills, except for those that increase damage and health points, most of the skills are relatively unhelpful to Lin Tianhao.

After a brief thought, Lin Tianhao made a judgment.

Improve the Brain of Heavenly Punishment.

His current source of damage is still mainly based on normal attacks.

The Brain of Heavenly Punishment is an enhancement to his normal attack.

Lin Tianhao chose the Brain of Heavenly Punishment for evolution.

"Ding, you are about to evolve your talent [Brain of Heavenly Punishment]. Evolution requires ten talent evolution flowers. Are you sure you want to evolve?"

"determine."

"Ding, congratulations, your [Brain of Heavenly Punishment] has evolved successfully."

Lin Tianhao immediately began to check the evolved Brain of Heavenly Punishment.

Brain of Heavenly Punishment: 1 star.

When seeing this, Lin Tianhao's expression couldn't help but change slightly. The evolved Brain of Heavenly Punishment could actually be upgraded to a higher star level.

Effect 1: Any of your attacks will ignore any form of shield, damage reduction, and cause absolute true damage.

Effect 2: Any of your attacks will ignore any form of counter-injury and negative effects.

Effect 3: Any attack you make will permanently reduce the target's health by 1 point.

Proficiency: 9/1000.

Lin Tianhao's face was filled with ecstasy. This skill!!

It's outrageous!!

He didn't launch an attack just now, but his proficiency has increased.

What does it mean?

The Book of Life and Death can also trigger this effect!!

If so.

This skill of his, combined with the Book of Life and Death, means that anyone who stands in his way will be killed, and anyone who stands in his way will be killed! !

If you take his attack, your health will be permanently reduced, and you can also upgrade your star!!

As long as the target range locked by Lin Tianhao's Book of Life and Death cannot be exempted from the damage of the Book of Life and Death, and cannot continue to increase the maximum health value, then even if the opponent is a god, he will be killed! !

just.

The effect of this Brain of Heavenly Punishment seems to be good, but on second thought, it doesn't seem to have much effect.

After all, permanently reducing maximum health is currently only useful for adventurers.

Or a guy like Village Chief Wang who can be resurrected continuously.

but.....

I don't know whether the attributes of wild monsters that can be resurrected will be permanently reduced after resurrection.

probably not.

Because wild monsters are not simply killed, they are refreshed.

"Wu Xiaodao..."

Lin Tianhao raised his lips, "I wonder if the adventurer's maximum health value drops to zero, can he still be resurrected?"

Lin Tianhao had a bold idea in his mind, and he was ready to put it into action.

of course.

not now.

Because of his current health value, the Book of Life and Death locks Wu Xiaodao, and Wu Xiaodao will be killed instantly.

The adventurer cannot take any damage during the resurrection period, and the lock of the Book of Life and Death is useless.

At Wu Xiaodao's current level, it might take more than a hundred seconds to revive once.

Even if you kill him back to level one and revive him, it will take fifteen seconds.

A permanent drop in health points every fifteen seconds is, to be honest, too little for Lin Tianhao.

and so.

Lin Tianhao plans to improve his proficiency in the Brain of Heavenly Punishment first.

At least get three stars, or even four stars.

This is the only way to clear Wu Xiaodao's health as quickly as possible.

The Book of Life and Death can continue to increase Lin Tianhao's proficiency, and Lin Tianhao himself also plans to take action.

He first went to do the tasks given to him by the masters of the holy land. His Heart of Heavenly Punishment had not evolved yet. If possible, Lin Tianhao wanted to evolve the Heart of Heavenly Punishment.

If you work hard, you can still gather ten flowers of talent evolution.

Just do it.

Lin Tianhao went directly to complete the task of being the leader of the Southern Barbarian Holy Sect.

The remains of the Nanman Castle!

This was the place where the Nanman Holy Sect once originated. Later, as the Nanman Holy Land developed better and better, the Nanman Holy Sect moved to a better place.

The Nanman Castle was gradually abandoned, with only a small number of disciples coming to clean the place from time to time.

But some time ago.

A group of Taishan ants appeared around the Nanman Castle and killed several disciples of their Nanman Holy Sect.

The mission requires you to clear out all the monsters in the Nanman Castle.

This kind of monster-killing task is the easiest for Lin Tianhao.

After all, the reward given by the leader of the Southern Barbarian Holy Sect is just so much, so this task is destined to be difficult, but it will definitely not be too high.

Facts have proved that it is true.

With Lin Tianhao's Eye of Insight and the Heavenly Punishment Lock, he completely crushed them all the way.

This time.

Lin Tianhao not only killed these Taishan ants, but also spared their soul origins.

If you can add a little more health, that's a little more.

Besides.

of course.

Compared with adding health points, Lin Tianhao is more concerned about the star upgrade of the Hand of Heavenly Punishment.

With every star increase in the Hand of Heavenly Punishment, the damage that Lin Tianhao's feather arrows can inflict will increase greatly.

The outer periphery of this southern barbarian castle is filled with Tarzan ants, and there are some even more powerful monsters inside.

But under the suppression of Lin Tianhao's absolute strength, it was still easy to sweep all the way through.

Lin Tianhao's attributes doubled at night, and there was a damage bonus under the blood moon. In this barbarian castle, there wasn't even a monster that could withstand an arrow from Lin Tianhao.

Sweep all the way.

It took less than half an hour for Lin Tianhao to clear out all the monsters in the Southern Barbarian Castle.

After clearing out these monsters, Lin Tianhao was not in a hurry to leave.

What is the purpose of these monsters suddenly gathering in Nanman Castle?

Lin Tianhao activated the Eye of Insight, trying to find clues about how these wild monsters came to the Nanman Castle.

But the result was nothing!

"Forget it, go submit the task first."

Lin Tianhao opened his Eye of Insight and found the leader of the Southern Barbarian Holy Sect in Kuntian City.
