

O games 1391

Chapter 1391 The impotent rage of the hot-blooded!

Lin Tianhao was secretly shocked. This half-step god-level warrior had undergone a physical transformation, and his Heavenly Punishment Lock could not inflict full damage.

Next.

It is hard to say whether it is possible to kill this strong man who is at the half-step divine level in this second.

A large number of arrows poured out, and on the other side, Lin Tianhao also asked Heitian Aozhen and Zhao Wudi to be prepared.

If he cannot kill this half-step god-level warrior in the one second when time is paused, he will have no choice but to evacuate from here.

Judging from the current situation, there is a certain probability that he will kill this strong man who is at the half-step god level, but the probability is not high.

One second!!

Soon, very soon!!

When one second was over, this strong man who was at the half-step divine level had only lost a little more than half of his health.

Lin Tianhao knows.

Today, it is almost impossible for him to kill this strong man who is at the half-step god level.

“I’m not leaving!!”

"I come!!"

Zhao Wudi let out a low growl. He saw that this strong man who was at the half-step divine level had dropped below half his blood. He gave up leaving with Lin Tianhao and Hei Tianaozhen and actually rushed up on his own initiative.

Lin Tianhao frowned. Zhao Wudi must have some hidden cards when he said that.

Lin Tianhao has the skills of Return and Invincibility, so he is not afraid of this strong man who is at the half-step divine level.

Since Zhao Wudi wants to try again, Lin Tianhao will accompany him to try.

“Sealing Heaven and Suppressing Demons Octagonal Cage!!”

Zhao Wudi jumped up and landed next to the strong man who was at the half-step divine level in an instant.

When the blow landed, an octagonal cage appeared, imprisoning the strong man who was at the half-step divine level.

"court death!!"

The powerful man who was at the half-step divine level let out a low roar, raised his hand and swung a punch, hitting Zhao Wudi.

The spear in Zhao Wudi's hand fiercely stabbed into the ground in front of him. A mysterious force rushed out, and even lifted up the strong man who was at the half-step divine level.

Lin Tianhao was surprised, but the frequency of his attacks did not decrease.

"Blood flows a hundred feet, the divine image of the sky is shattered!!"

A strange divine figure emerged from behind this powerful man who was at the half-step god level.

In a flash.

Lin Tianhao felt as if the blood in his body had stopped flowing.

Zhao Wudi, who was the first to be hit, was in an even worse situation at this time.

He was bleeding from all seven of his orifices, and blood was seeping out of the pores on his body.

But what surprised Lin Tianhao was that although Zhao Wudi was injured, there was no blood loss sign above his head.

"How long can your blood-locking skill help you lock blood?"

"You're risking your life to fight me. Do you really think you can replace me today?!"

This strong man who was at the half-step divine level was a little annoyed.

The attacks fell on Zhao Wudi like raindrops.

"Ding Ding Ding-"

There were constant ding-ding-ding sounds coming from Zhao Wudi's body. What no one present expected was that this guy didn't lose any blood at all.

But even though Zhao Wudi did not lose blood, his injuries were getting worse.

His blood-locking skill is not as useful as imagined.

He seemed to be consuming his strength in advance to delay the occurrence of damage.

Lin Tianhao didn't know how long Zhao Wudi could last in this state.

But judging from the current situation, Zhao Wudi won't be able to hold on for long.

and.

Although this powerful man who is at the half-step divine level has not attacked Lin Tianhao yet.

But just the momentum was enough to make Lin Tianhao unable to move.

Hei Tian Ao Zhen was able to make a move, but there was a big grade difference between them. Unless Hei Tian Ao Zhen tried his best, it would be a pipe dream for him to threaten this strong man who was at the half-step divine level.

In this battle, the main output is Lin Tianhao, and the main damage-resistant person is Zhao Wudi.

But after time paused, it seemed unrealistic for Lin Tianhao's attack to threaten this strong man who was at the half-step divine level.

"Ding--"

With a crisp sound, cracks appeared on Zhao Wudi's golden body.

Looking at the current situation, Lin Tianhao secretly thought that it was not good.

This indicates that.

Zhao Wudi's blood-locking skill has reached the limit of his godhood.

Lin Tianhao's body is now imprisoned, and only the arrows shot from his heart can be continuously output.

However, the output of arrows shot from the heart was too small in number, and the threat to this strong man who was at the half-step divine level was too low.

But Zhao Wudi hasn't retreated yet, so there is naturally no reason for him to retreat.

"Rule: The impotent rage of the hot-blooded!"

Zhao Wudi once again used his power and mobilized the power of rules.

After the power of rules was used, this strong man who was at the half-step divine level did not show any changes.

But the aura of Zhao Wudi continued to rise.

"I am just an ordinary hot-blooded teenager. You are so high and mighty, you are so arrogant. I am just a speck of dust, you can bully me at will!!"

"But hot-blooded young men also have anger. Even if it is impotent rage, they still have to vent their anger."

"Have you...ever heard of the ultimate one-for-one exchange?!"

"I am just an ordinary ant at the bottom of this world..."

"And you, who are so high above me, if I were to trade one for one with you, I, Zhao Wudi, would not lose out in this life!!"

As Zhao Wudi continued to speak, his aura became stronger and stronger.

"I'm never a coward, I just want to protect my own little piece of land!"

"Sealing the Heavens - Demon-Suppressing Octagonal Cage!!!"

Zhao Wudi shouted angrily, and the same octagonal cage as before appeared.

But this time, the octagonal cage was shrouded in a strange and unpredictable force of rules.

"Come on, let's do the ultimate one-for-one!!"

"I will use my life as a commoner to exchange for your life as a big shot!!"

Lin Tianhao was a little surprised. It seemed that Zhao Wudi had the power of rules based on acting.

At this time, he played the role of an ordinary passionate young man, but he was bullied by those high-ranking "big shots".

He was angry, aggrieved, and wanted to speak out for the bullying he had suffered.

He was of humble status, had little influence, and no one could help him...

Since no one can help him, he helps himself!!

He had nothing valuable, not even his life... In the eyes of those high and mighty "big shots", it was not worth mentioning.

and so.

This passionate young man can only speak for himself and roar! !

Even in the eyes of these high and mighty "big shots", his anger was just the impotent rage of an ant!!

But he still wanted to vent his anger.

He had no better choice. For an ordinary person like him... the ultimate one-for-one exchange might be the last choice he could make!!

He is a passionate young man. He doesn't want to be stepped on, and he is unwilling to be bullied for no reason.

What is he going to do!!

This extreme anger and the endless frustration and unwillingness in his heart eventually turned him into the power of rules! !

Chapter 1392: Zhao Wudi falls!

The power of the rules of this role-playing system will be enhanced according to the performance of the player.

There are two core things in this power of rules. One is rage, and the other is the ultimate one-for-one.

Anger can increase a person's combat effectiveness to a certain extent, but as for the specific amount of increase, there is no constant value.

Especially for this kind of anger that is enhanced by the power of rules, it is even more difficult to maintain a constant level of increase.

What's more, Zhao Wudi's performance is also an amplification of the power of rules.

And this ultimate one-for-one should be a trap similar to a stance, which can forcibly pull the opponent into a stance range and the two can duel.

Under normal circumstances, rage increases combat power, and positions limit a one-on-one situation. The impotent rage of this hot-blooded man can basically solve a strong man of the same level relatively easily.

But the opponent in front of Zhao Wudi now is not an ordinary opponent, but a powerful man who is at the half-step divine level.

"Since you are furious with incompetence, then fall down with incompetence!!"

This powerful man who was at the half-step divine level rushed to Zhao Wudi in an instant.

Zhao Wudi did not retreat and faced the enemy head-on.

"Since I have decided to take action today, I have no intention of leaving alive!!"

"boom--"

Zhao Wudi collided with this strong man who was at the half-step divine level.

No doubt about it!!

Zhao Wudi was knocked out directly.

"A mantis trying to stop a chariot is overestimating one's own capabilities!!"

The powerful man who was at the half-step divine level snorted coldly and attacked again.

Zhao Wudi vomited blood, his eyes were crazy, and he laughed with his head raised.

"Hahahaha, hahahaha, I'm going to die anyway, so just die, die!!"

Zhao Wudi's aura began to rise continuously amidst this crazy laughter. He did not retreat but rushed forward again.

Lin Tianhao realized that Zhao Wudi was desperately trying to buy time for him.

But even so.

Lin Tianhao still felt that Zhao Wudi was working too hard.

Even if you want to fight head-on with this strong man who is at the half-step god level, you should think long and hard.

If you fight hard here, you may not get any good results.

but.

Zhao Wudi's efforts were still useful, because hundreds of feather arrows had already locked onto this powerful man who was at the half-step divine level.

Now Zhao Wudi is still no match for this strong man who is at the half-step divine level.

However, as Lin Tianhao's arrows locked onto this half-step divine master more and more, the threat posed by this half-step divine master to Zhao Wudi was gradually reduced.

But even so.

Zhao Wudi was still beaten to death. Judging from his appearance, he might die at any time.

"Do you still want to hold on?"

This strong man who was at the half-step divine level seemed unable to break out of the Demon-Suppressing Octagonal Cage. He gathered strength around his body again, obviously wanting to get rid of Zhao Wudi.

Seeing this, Heitian Aozhen did not dare to delay and summoned the ancient black tower without hesitation.

In this situation, he had no choice but to use the Ancient Black Tower to deal with this strong man who was at the half-step divine level.

To be precise.

It is to hold back this strong man who is at the half-step divine level.

Because they all saw that the number of feather arrows from the powerful half-step divine realm warrior that Lin Tianhao was locking onto was increasing.

The frequency of attack by this powerful warrior at the half-step god level has obviously decreased a lot.

because.

He needed to devote more strength to fight against the feather arrows under Lin Tianhao's Heavenly Punishment Headlock.

The ancient black tower fell from the sky and smashed down on the powerful man who was at the half-step divine level.

"Break it for me!!"

This powerful man who was at the half-step divine level also saw what Zhao Wudi and Hei Tianao were thinking. He pushed all his strength to the extreme and rushed towards Zhao Wudi regardless of anything.

He is now restricted by Zhao Wudi's power of rules and cannot escape to kill Lin Tianhao.

Now, all he could do was to do his best to defeat Zhao Wudi, and then kill Lin Tianhao! !

Although he didn't want to admit it, he had to face Lin Tianhao's terrifying feather arrows.

"Don't resist!!"

Lin Tianhao shouted loudly.

He could feel that Zhao Wudi had reached the limit of his endurance. If he tried to forcibly block the attack of this strong man who was at the half-step divine level again, he would most likely die.

however.

After hearing Lin Tianhao's words, Zhao Wudi did not back down. He let go of the spear in his hand and clasped his hands together. The space in front of him collapsed instantly, and black holes in space appeared, pulling on the body of this half-step divine master, trying to pull his body into the black hole.

Zhao Wudi is still trying his best!!

But what Lin Tianhao can do is to continue to output his feather arrows and maximize his output.

"A mantis trying to stop a chariot is overestimating one's own abilities!!"

This powerful warrior who was at the half-step divine level was furious. He originally thought that he could end the battle quickly by taking action, but he didn't expect that he would be delayed by Zhao Wudi for such a long time.

What he didn't expect was that Lin Tianhao, a seemingly ordinary adventurer, actually had such terrifying power of rules contained in his feather arrows.

Zhao Wudi raised his head and laughed, saying:

"Hahaha, come on, come again!!"

He clapped his palms together at the same time, and a huge crack was torn open in the space, sweeping towards the strong man who was at the half-step god level.

But as soon as Zhao Wudi's attack landed, cracks appeared on his body.

"Have you had enough fun? If you have, you can die now!!"

Lin Tianhao secretly thought that this was not good. Zhao Wudi had finally reached the limit of what he could endure.

It is already commendable that Zhao Wudi could hold on for such a long time in front of such a powerful man who is at the half-step divine level.

"Now, it's your turn!!"

The voice of this powerful man who was at the half-step divine level rang in Lin Tianhao's ears, and he completely disappeared from Lin Tianhao's sight.

At this critical moment, Lin Tianhao included Hei Tian Aozhen in the List of Gods.

After all, in the next battle, it doesn't matter whether Hei Tianao is there or not.

Lin Tianhao's earth-connecting eyes, flaming eyes, and eyes of insight were all pushed to the extreme.

The arrows shot from the heart continued, and the damage transfer had already locked onto this strong man who was at the half-step divine level.

He wanted to kill this half-step god-level warrior, so the damage transfer was the key! !

of course.

Lin Tianhao estimated that even with his damage transfer, it would be difficult to kill this strong man who was at the half-step divine level.

Because judging from the current situation, if this strong man at the half-step divine level wants to leave, he won't be able to stop him at all.

"You are very strong in defense and also very good at output. I wonder how many of my attacks you can withstand!!"

This powerful man who was at the half-step divine level attacked instantly, and his unparalleled power enveloped Lin Tianhao in an instant.

-152 million! !

-151 million! !

-153 million! !

.....

Chapter 1393: No blood loss at all, Lin Tianhao is invincible!

A series of damage numbers popped up above Lin Tianhao's head. These damage numbers were very dense. In less than a second, at least hundreds of such damage numbers appeared above Lin Tianhao's head.

"this--"

Seeing the damage number appearing above Lin Tianhao's head, this powerful man who was at the half-step divine level was stunned.

His damage was greatly weakened, but if that was all, he wouldn't have been stunned.

What really made him feel unbelievable was the damage he had just suffered!!

"Damage transfer!!"

"You were able to bounce back so much of the damage you took to me!!"

This powerful man who was at the half-step divine level looked at Lin Tianhao in doubt and surprise.

"I have just revived and a being like you has already appeared among the human race!!"

Lin Tianhao remained calm. This powerful warrior who was at the half-step divine level did not seem to realize that his normal attack could only lock his head when someone could see him.

"You can transfer damage, and I can also suck blood. I want to see which one is better, your damage transfer or my blood sucking."

Next.

This powerful man who was at the half-step divine level launched a violent attack on Lin Tianhao.

But in just three seconds, he realized the seriousness of the problem.

That is.....

His violent output lasted for three seconds, and Lin Tianhao's health was...full!!

Holy shit! !

These are the two words that popped up in the mind of this powerful man who is at the half-step divine level.

Lin Tianhao's damage reduction and damage transfer are ridiculous, but why doesn't he lose blood? ! !

This is something he can't understand at all!!

This strong man who was at the half-step divine level didn't know why, but Lin Tianhao understood it in his heart.

This is all due to the effect of the evolution of the Heart of Heavenly Punishment.

After skills and equipment cause damage to living things, they can restore 5% of their maximum health.

Lin Tianhao has many anti-injury skills. Although most of them are ineffective, the high-quality anti-injury skill of Jiuqiong True Body can be effective against the strong man who is at the half-step divine level.

Every time Lin Tianhao endures an attack, Jiuqiong's true body will rebound the damage to this strong man who is at the half-step divine level.

With each rebound, Lin Tianhao can recover 5% of his health.

Although the attack of this strong man at the half-step god level caused extremely serious injuries, the 5% of health points recovered could be reduced to 1% or even 0.5%.

Every time Lin Tianhao endures an attack, he can recover tens of billions of health points.

At present, the damage that this strong man at the half-step divine level can cause to Lin Tianhao in a single time cannot exceed 20 billion.

This resulted in the situation that no matter how this strong man at the half-step divine level attacked Lin Tianhao, Lin Tianhao would always be at full health.

He couldn't kill Lin Tianhao. With the blessing of Lin Tianhao's arrows being shot from his heart, more and more feather arrows gathered around the body of this half-step divine master, which put great pressure on him.

"Devil's blood fills the sky, souls are sealed in the forbidden land!!"

This powerful man who was at the half-step divine level also discovered that it was no longer possible for him to kill Lin Tianhao.

What he can do.

It seemed to be just sealing Lin Tianhao.

however.

It's too late to think about sealing Lin Tianhao now.

Lin Tianhao activated the invincible virtualization without hesitation.

Above the sky, a huge formation formed by demonic blood fell down, but it did not cause any harm to Lin Tianhao.

"You failed to kill me today, but I will definitely kill you!!"

Lin Tianhao's eyes were cold, it was a pity for Zhao Wudi, he was too reckless.

If he takes the long term view, he should not die.

Zhao Wudi possesses the power of immortality, and he may be able to be resurrected, but Lin Tianhao does not know when that will happen.

"How can it be?!"

Seeing that Lin Tianhao actually avoided his Demon Blood Formation, this powerful man who was at the half-step divine level showed a look of horror on his face.

What he encountered with Lin Tianhao today completely overturned his imagination.

"Who the hell are you?!"

This powerful man who was at the half-step divine level looked at Lin Tianhao in doubt and surprise.

Lin Tianhao smiled slightly, "You don't know how many people have asked me this question."

"Want to know who I am? Then join my Mortal Palace and become a part of it. It won't be difficult for you to become a saint in the future!!"

If this strong man at the half-step divine level could join his mortal palace, the problem would be much easier to solve.

Otherwise, if he kills this strong man who is at the half-step god level and then sends him to the List of Conferred Gods, he will eventually occupy a place on the List of Conferred Gods.

"Fandian?"

The strong man who was at the half-step divine level frowned slightly, "Humph, I have never heard of your Mortal Palace. You are indeed powerful, but if you want me to join your forces, you think too highly of yourself."

Lin Tianhao remained calm and said:

"You've already fought me, you should know how strong I am."

"In terms of realm and rank, I am far inferior to you, but can you do anything to me?"

"If one day I can grow to your level, how long do you think you can hold out in my hands?"

That's it.

Lin Tianhao's eyes narrowed slightly as he stared at the strong man who was at the half-step divine level and said:

"My strength is not in my realm or rank, but in these skills and magical powers that strike directly at the source."

Hearing Lin Tianhao's words, the powerful man who was at the half-step divine level sneered.

"I don't deny your strength, but you are only a human after all."

"and."

"As long as I catch you, I can naturally get the secret out of your heart."

Lin Tianhao smiled noncommittally and said:

"Catch me? Do you think you have the strength to do it?"

Hear this.

This powerful man who was at the half-step divine level didn't waste any words and attacked Lin Tianhao again.

Lin Tianhao didn't care at all. If this strong man at the half-step divine level could attack him in his invincible virtual transformation outfit, he would have died long ago.

Seeing this strong man at the half-step divine level constantly attacking him, Lin Tianhao's face showed a hint of mockery.

"You are a strong man at the half-step divine level, what's the point of attacking like this?"

"After your first attack, you should have known that your attack could not pose a threat to me."

Hearing Lin Tianhao's words, the expression of this powerful warrior at the half-step to divine level turned a little ugly.

He actually realized it, but he just felt unwilling to accept it.

"I can't do anything to you, but you can't do anything to me either. I can resist these arrows bit by bit."

"and."

"Looking at you now, although you are immune to my attacks, at the same time, you are also unable to output any damage yourself."

This powerful warrior who was at the half-step divine level regained his initial arrogance.

"You rely on your high-level skills to restrict me, but you still can't change your low-level, low-quality nature!!"

Chapter 1394 Stalemate: Invincible Void is restricted!

Lin Tianhao smiled slightly and said:

"I can see my shortcomings, can you?"

"Compared to you now, I am indeed inferior and low-quality."

"But I am confident that I can improve my level and rank."

That's it.

When Lin Tianhao looked at this strong man who was at the half-step divine level, there was a hint of provocation in his eyes.

"But what about you?"

"Are you sure that you can surpass me by so many levels and grades when you see me next time?"

"It's only a matter of time before I surpass you. What about you? One day you will be killed by me."

The strong man who was at the half-step divine level chuckled and shook his head, "Since there will be a day, let's wait until that day comes."

"You humans are ants. You should be trampled under our feet."

"Even if one or two larger ants appear occasionally, it still cannot change your fate."

Seeing the attitude of this powerful man who was at the half-step divine level, Lin Tianhao was not too surprised.

If a powerful man who is at the level of half-step to divine quality can convince the other party with just a few words, then it would be too shameful for this powerful man who is at the level of half-step to divine quality to do so.

Since we can't reach an agreement, there is no need to talk anymore.

"Then we'll meet again. I hope you can still beat me when we meet again."

Hear this.

There was a playful smile on the face of this powerful man who was at the half-step divine level.

"Hey, do you really think you can handle me?"

"If you think so, then I can only say that you are too naive!!"

As the voice fell, Lin Tianhao secretly thought that something was wrong. Although he was still in an invincible state, his body seemed to be stuck in a quagmire, making it difficult for him to move.

A strong feeling of suffocation surged into Lin Tianhao's heart, making it difficult for him to breathe.

"Skills like Invincibility and Void Transformation, of such a high grade, are truly rare and precious."

This powerful man who was at the half-step divine level looked at Lin Tianhao with contempt.

"If I were only at the ordinary half-step divine realm, it might be difficult for me to deal with your invincible virtual state."

"But I'm sorry, I used to be a genuine god-level strongman."

Lin Tianhao's face changed drastically. This was the first time he encountered such a situation in his invincible state.

"I can't kill you, but I can seal you forever."

This powerful warrior who was at the half-step divine level had a gray-black compass in his hand, and black light was flowing on the compass.

Lin Tianhao only felt that he seemed to be sinking deeper and deeper into the quagmire, making it difficult for him to move.

"You have so many arrows targeting you, and you are still using this level of attack to restrict me. Aren't you afraid that you can't block my arrows?"

Hear this.

The strong man at the half-step divine level sneered, "The damage of your feather arrows is indeed not to be underestimated, but as long as I disperse and bear these feather arrows, you still can't do anything to me."

While talking.

This strong man who was at the half-step divine level deliberately released his strength, and one feather arrow after another hit this strong man who was at the half-step divine level.

But this strong man who is at the half-step divine level is still recovering quickly.

After recovering his blood, he continued to withstand Lin Tianhao's feather arrows.

Lin Tianhao did not resist. This strong man at the half-step divine level could not kill him, so he was naturally invincible.

therefore.

Next comes the dragging.

It would take a lot of energy for this powerful warrior who is at the half-step divine level to limit his invincibility.

His invincibility can last for twenty-four hours. How long can this strong man at the half-step god level restrict him?

One hour?

Or five hours?

This powerful man who was at the half-step divine level was consuming Lin Tianhao's feather arrows bit by bit.

The number of feather arrows locking onto him became fewer and fewer, until the last feather arrow was consumed, but the cycle of death was still not triggered.

but.

This was completely within Lin Tianhao's expectations.

The realm of half a step to godliness, this level is far beyond Lin Tianhao's.

His level is also much higher than Lin Tianhao.

Under the dual suppression of level and grade, the probability of triggering this probabilistic skill is still too low.

"Now that the feather arrows are gone, shouldn't I try my strength?"

There was a hint of coldness in the eyes of this powerful man who was at the half-step divine level when he looked at Lin Tianhao.

Lin Tianhao smiled noncommittally and said:

"It's really amazing that you can restrict me in my invincible state, but I want to know, how long can your restrictive skills last?!"

Hear this.

This strong man who was at the half-step divine level said confidently:

"How long can I last?"

"Not too long, but it's more than enough to hold off until your invincible Hollow state ends."

"is it?"

Lin Tianhao did not give in at all, and even his invincible virtual state was restricted.

The next battle was no longer something he could control.

But Lin Tianhao was not too panicked.

The unknown chill in his body can keep him awake.

In this case, he can continue to use the arrow shot from the heart.

As long as he can still use the arrows from his heart, Lin Tianhao is not afraid of means such as sealing.

just now.

All Lin Tianhao wants to do is procrastinate!!

This strong man who is at the half-step divine level can restrict him in his invincible virtual state.

But it was just a restriction and could not cause any effective harm to him.

As time passed, half an hour passed in the blink of an eye...

Lin Tianhao and this strong man who is at the half-step god level are still in a stalemate.

This powerful warrior who was at the half-step divine level was calm and composed, not panicking at all.

Obviously.

He knew very well in his heart that it was impossible to defeat Lin Tianhao in a short period of time.

Three hours passed.

The powerful man who was at the half-step divine level frowned slightly, but he still looked calm because he was far from reaching his limit.

Eight hours have passed!!

Night has fallen.

The expression of this powerful warrior who was at the half-step divine level became somewhat solemn. He could see that this time the matter seemed to be somewhat out of his control.

"How long can you hold on?" Lin Tianhao asked with a smile.

He is not in a hurry, just delay it!!

His invincibility does not consume much energy and lasts for twenty-four hours.

The strong man who was at the half-step divine level snorted coldly and scolded:

"It's still early, don't get too proud."

Lin Tianhao raised his eyebrows and said with a smile:

"Okay, I respect your choice. You better do your best."

Hear this.

The expression on the face of this powerful warrior who was at the half-step divine level turned even darker.

he thinks.

This was Lin Tianhao provoking him, a naked provocation! !

But now, he can't do anything except restricting Lin Tianhao.

but.

Lin Tianhao's invincible virtual level is already very, very high. It is already amazing that this strong man at the half-step divine level can restrain him.

Twelve hours passed.

The moon was hanging high in the sky, and this powerful man at the half-step god level still maintained the power to restrict Lin Tianhao's actions.

Chapter 1395: Demonic energy erosion, crisis!

Lin Tianhao glanced at the bright moon hanging high in the sky, and a bold idea came to his mind.

Because of killing the night spirit god Moirai, all his attributes will be doubled in the dark state.

Also.

He also has the blessing of the blood moon. It is night now, and the moon is still high in the sky.

If Lin Tianhao were to use all his strength now, there would still be a certain chance that he would be able to clash with this strong man who is at the half-step divine level.

But Lin Tianhao rejected this idea as soon as it came into being.

Looking at the appearance of this strong man who is at the half-step divine level, he can see that maintaining the power that restricts him is quite exhausting on his own.

There are still twelve hours left before his invincibility ends, so he plans to delay it.

If he could escape unscathed, that would be the best option. If not, that didn't matter. It would still be difficult for this strong man at the half-step god level to kill him.

Take ten thousand steps back.

Even if this strong man who is half a step away from being a god still has hidden means to kill him, he can still be resurrected on the spot.

Fifteen hours later...

Eighteen hours later...

.....

The expression of this powerful warrior who was at the half-step divine level became more and more ugly. He originally thought that Lin Tianhao's attack would not last long.

But now.

He suddenly realized.

He was wrong, very wrong.

It has been eighteen hours. Although he can still restrict Lin Tianhao, what is the point of continuing to restrict him?

"Can't sit still?"

Lin Tianhao looked at this half-step god-level expert with great interest and said with a smile:

"Joining my Fan Palace now is the best choice for you."

"If you go against me, you will end up dead."

Lin Tianhao did not give up trying to persuade this powerful man who was at the half-step divine level to join the Mortal Palace.

Because in the current situation, he can maximize the benefits only if this strong man at the half-step divine level joins the Mortal Palace.

"Join the Fan Palace?"

This powerful man who was at the half-step divine level actually hesitated for a moment.

The main reason was that what Lin Tianhao was showing now was too incredible, which made him see the possibility of joining the Fan Palace.

"If I join your Mortal Palace, will I be able to learn your methods?"

The strong man at the half-step divine level said with contempt, "Don't joke around. If I could learn such skills by joining your Mortal Palace, then the black dragon with you wouldn't be so weak."

Lin Tianhao smiled slightly and said:

"Not necessarily."

"Just because you can't do it now doesn't mean you won't be able to do it in the future. What's more, you are a strong man who has reached the half-step divine level. It is inevitable that you will achieve the divine level in the future."

"okay!!"

The strong man who was at the half-step divine level interrupted Lin Tianhao and said, "There's no need for you to paint a rosy picture for me."

Lin Tianhao smiled slightly and said:

"I didn't paint you a rosy picture..."

That's it.

Lin Tianhao paused for a moment before continuing:

"and."

"Whether you admit it or not, you should understand that you can't keep me. If I live, you will definitely die."

This half-step god-level expert stared at Lin Tianhao and said:

"I started off well and grew smoothly, except when I faced those two crazy guys. I felt a little pressure."

"You are not enough to put any pressure on me right now."

Hear this.

Lin Tianhao couldn't help laughing and said:

"Okay, I can't change your mind."

The words fell.

Lin Tianhao began to wait again.

Now the time for his invincibility to end is getting closer and closer.

At this time, we have to see who can last until the end.

and.

Regardless of whether he can hold on to the end or not, Lin Tianhao will not leave just like that.

Because Zhao Wudi's body is still here.

The Beast God Bottle is too precious to Lin Tianhao.

This battle with this powerful man who is at the half-step god level is inevitable.

Twenty hours...

Twenty-one hours...

Twenty-four hours!!

Lin Tianhao's invincible virtual state finally arrived.

Feeling that Lin Tianhao's invincible virtual state had ended, this powerful man who was at the half-step divine level finally smiled.

"it is finally over!!"

"Then please stay on our Canglang Star forever!!"

The voice of this powerful man who was at the half-step divine level had just fallen when his body instantly appeared beside Lin Tianhao.

In the palm of his hand, a ball of ink-black venom gathered.

"Your health is high, and your HP recovery is also high, but if you are eroded by our original demonic energy, I don't know how long you can last!!"

This powerful warrior, who was at the half-step divine level, slapped the inky black poison in his palm into Lin Tianhao's chest.

This ball of venom, formed by the original demonic energy, has extremely strong destructive and corrosive power.

After this group of original demonic energy entered Lin Tianhao's body.

Lin Tianhao only felt that all his limbs were beginning to become stiff.

"You are very powerful, but your rank is not high after all. In this situation, you can't withstand the erosion of my original demonic energy."

Lin Tianhao frowned slightly. He was not sure whether he could withstand the erosion of this original evil energy.

At this moment.

His body was gradually losing consciousness.

"very nice!!!"

This powerful man who was at the half-step divine level looked at Lin Tianhao with indescribable greed in his eyes.

"Little guy, I forgot to tell you, if you are completely corrupted by my original demonic energy, then you will become my slave and be at my disposal."

"Your skills are so advanced. You must have some secrets that you cannot reveal. But looking at the situation now, these secrets are all mine."

Lin Tianhao's heart tightened, but his expression did not change even a little.

"Are you so sure that your original demonic energy can completely corrupt me?"

Hear this.

This powerful person who is at the half-step divine level is very confident.

"It seems that Zhao Wudi didn't tell you how strong our origin demonic energy is. If he had told you, you wouldn't be so confident."

That's it.

This Half-Step Divine Level expert seemed to feel that he had a sure win, and said with a smile:

"Let me tell you this. Given enough time, even a saint will be corrupted by our original demonic energy."

Lin Tianhao frowned slightly, feeling something was wrong.

Even saints can be corroded, what a powerful force this is.

and.

If so.

It's hard to say whether he can bear it.

I have worked so carefully for so long, am I going to fail here?

The original demonic energy of this strong man who is at the half-step divine level continued to erode Lin Tianhao's body.

Lin Tianhao's perception of the outside world is becoming weaker and weaker.

What he could do was to use Arrows from the Heart and Heavenly Punishment Headlock as much as possible to attack this strong man who was at the Half-Step Divine Level.

As time goes by.

Lin Tianhao's chest turned pitch black, and the dark body began to spread to Lin Tianhao's limbs and bones.

Chapter 1396 The Son of Pluto has become a changed person!

When this powerful warrior who was at the half-step divine level saw the changes in Lin Tianhao's body, the smile on his face became more and more proud.

He could feel that Lin Tianhao's body was rapidly becoming demonized.

It is only a matter of time before Lin Tianhao's body is completely demonized.

"Sir, let me out, let's fight!!!"

Hei Tian Aozhen's voice rang in Lin Tianhao's mind.

At this moment.

There is no better choice.

"It's no use."

Lin Tianhao responded with a voice transmission, "This half-step god-level expert is not someone you can contend with."

Hei Tianao is really strong, but his strength is relative.

In front of this powerful man who is at the half-step divine level, his strength is very limited.

It can even be said that Hei Tianao's real strength is not as good as Zhao Wudi's.

Zhao Wudi didn't last long in front of this strong man who was at the half-step divine level, let alone Hei Tian Aozhen.

"But in this situation, if I don't take action, I will die."

Hei Tianao was really anxious.

Just as he finished speaking, a slightly childish voice sounded.

"Let me do it."

Hear this.

Lin Tianhao was a little surprised. Ever since he subdued Bai Xiaofeng, the son of Pluto, he hadn't heard him speak for a long time.

"Your strength is far inferior to Hei Tianaozhen. What's the use of you coming out?" Lin Tianhao asked.

In fact, when the Son of Pluto took the initiative to speak, Lin Tianhao had already realized that the Son of Pluto might have a way, but he still wanted to ask.

"I am the son of Pluto. Sometimes when I am out there, I still need to have a background."

Lin Tianhao was even more surprised.

Because Bai Xiaofeng, the son of Pluto, knew very little before, but now looking at his appearance, it seems that he knows something.

"But it's still too risky for you to show up. This person is a strong man who is at the half-step divine level. If he doesn't listen to reason and attacks you directly, you might not be able to withstand a single blow and die."

The son of Hades remained calm, "My lord, don't worry. Since I dare to come out, I am not afraid of death."

Lin Tianhao was a little skeptical.

The Son of Hades has a special identity. If he dies at his hands, Hades will be furious and might really attack him without following the rules.

"Don't worry, sir."

The Son of Pluto seemed to see Lin Tianhao's worry and continued:

"Let's take a step back and say that even if I am really killed, so what? My father can revive me."

"and."

"I am confident that he doesn't dare to kill me!!"

Lin Tianhao took a deep breath, "Okay!!"

to be frank.

Lin Tianhao had no other choice at this time. As things had come to this point, he could only try his best to save the situation.

Since even the invincible Void couldn't leave, it was unlikely for Lin Tianhao to leave.

Activate the List of Gods.

Lin Tianhao released Bai Xiaofeng, the son of Pluto.

When this powerful warrior at the half-step divine level saw Bai Xiaofeng suddenly appear, a look of surprise and doubt appeared on his face.

"This breath..."

The son of Hades, Bai Xiaofeng, glanced at this half-step god-level expert and said:

"This is my master, you can't hurt him."

Listen to this.

The strong man at the half-step divine level was a little annoyed, "Little brat, do you think too highly of yourself?"

"Even if you have a special bloodline, that's not something you can rely on to command me."

Bai Xiaofeng, the son of Pluto, had a calm expression. He bit his finger and a drop of blood flowed out.

The blood drew a talisman in the air.

The talisman flew towards Lin Tianhao and actually suppressed the speed at which Lin Tianhao was eroded by the evil energy.

"I don't mean to order you around. I'm just doing what I'm supposed to do. If you're not satisfied, you can attack me."

The expression of this expert who was at the half-step divine level darkened, "Boy, you are too arrogant!!"

"You are special, and this kid is also special. I can touch this kid, so why can't I touch you?!"

This strong man who is at the half-step divine level has his own pride. If he is asked to bow down to some powerful guy he meets, then why is he still mixing around? It would be better for him to just kowtow and acknowledge the guy as his father.

"I have traveled all over the world, and apart from those two lunatics, I have never been afraid of anyone."

Bai Xiaofeng, the son of Hades, still maintained his calm and composed demeanor, as if the powerful man in front of him who was at the half-step divine level was just an insignificant ant.

This courage.

Lin Tianhao was shocked

How could Bai Xiaofeng, the son of Hades, undergo such a change in the List of Gods?

Could it be memory resurrection? !

But even if he is the son of Pluto, he still has to give some face when facing a strong man who is half a step away from becoming a god.

But what is the Son of Pluto doing now?

He was clearly trying to provoke this strong man who was at the half-step divine level.

"Before, you were only afraid of those two crazy people. Now, you have one more person to be afraid of."

"Who?!"

"You?!"

This powerful man who was at the half-step divine level looked at the son of Hades in a joking manner, as if he had heard something extremely funny, with an uncontrollable smile on his face.

The son of Hades said calmly, "You'll know when you do something to me."

That's it.

The Son of Hades even made a face at this powerful man who was half a step away from becoming a god.

"You are a strong man at the half-step divine level, you should not be afraid to attack me."

This deliberately provocative gesture made the strong man who was at the half-step divine level a little nervous.

He was a little confused about the son of Pluto in front of him.

He could feel the special aura of the Son of Pluto, but that was all.

See this scene.

Lin Tianhao was secretly surprised.

What is the Son of Pluto doing?

Is he pretending to be young in order to scare the powerful man in front of him who is at the half-step divine level?

But he underestimated this half-step god-level expert! !

For a person like this, let alone a fake tiger like you, even if it is a real tiger, it would be unlikely to scare the strong man in front of you who is at the half-step divine level.

Just now.

The Son of Hades' body froze, unable to move.

Look.

It was this powerful man who was at the half-step divine level who took action.

He did not kill the son of Hades outright, but instead froze him.

however.

What happened next surprised Lin Tianhao.

Because the Son of Pluto only paused for a few seconds, his body regained the ability to move.

"this--"

Lin Tianhao was shocked, and the strong man who was at the half-step to divine level widened his eyes.

He is still very confident in his own strength.

He didn't understand why, with his strength, he couldn't even control this little kid.

Lin Tianhao also realized something. The guy in front of him looked exactly like the Son of Pluto whom he had killed, but what they did were completely different.

Is this the same person?

Or is it really as I guessed, that memory is being revived?

This son of Pluto possesses inherited memories. Now that the memories have been revived, has he gained even more powerful strength?

This explanation also makes sense.

After all, it would be abnormal if the son of Pluto didn't have anything special about him.

Chapter 1397 The reincarnated Hades!

The Son of Hades looked at this strong man who was at the half-step divine level, and a look of helplessness appeared on his face.

"If you just want to test me in this way, then I will take my master away."

That's it.

The son of Hades actually raised his middle finger to this powerful man who was half a step away from becoming a god.

"People like you are destined not to achieve much."

Lin Tianhao didn't know what to say.

The son of Hades actually provoked this powerful man who was at the half-step divine level in this way.

What does he want to do?

Did he really want to force this powerful half-step god-level warrior to kill him?

Lin Tianhao didn't know, but the son of Pluto that appeared this time was weird in every way.

This powerful warrior who is at the half-step divine level has a sinister look on his face.

The more the Son of Pluto acted like this, the more worried he became.

Maybe this son of Pluto has some methods that he doesn't know about.

If he were to take action against the Son of Pluto now, would some unknown variables arise?

But who is he?

If a powerful man who is at the half-step divine level were to let such a little brat leave today.

Then where is his dignity? Should he still stay on this Canglang Star?

"I don't know why you are provoking me like this, but I dare to kill your master, so why shouldn't I dare to kill you?!"

really! !

If you provoke a strong man who is at the half-step divine level, the other party will definitely take action.

In an instant.

The body of the Son of Pluto began to collapse.

however.

Even when the body of the Son of Hades began to disintegrate, his face remained calm, and he even had a smug smile on his face.

"He's only a half-step god-level warrior, after all, there are too few god-level warriors to kill."

Hearing the words of the Son of Hades, this strong man who was at the half-step divine level couldn't help but feel his heart tighten. He retreated instantly. It seemed that he was also worried that some unknown changes would occur after killing the Son of Hades.

But as soon as he retreated, his eyes widened.

Because he was horrified to find that he couldn't move! !

"this!!"

He is a strong man at the half-step divine level, so why is he suddenly unable to move?

"Hey, I forgot to tell you, after I die... I'll be super fierce!!"

As the Son of Pluto uttered these words, his body completely disintegrated.

After his body completely disintegrated, a spirit flew out.

"Also, those who kill me will become my nourishment after death. This is the rule, the true rule of the Tao."

The expression of this powerful warrior who was at the half-step divine level changed drastically, and the aura around him continued to rise.

"How can it be!!"

"Who the hell are you?!"

"Impossible. How could the rules of the avenue appear in such a small place? Moreover, the rules of the avenue are so powerful and simple that there can't be such a rule."

The Son of Pluto smiled and said:

"Others can't do it, but I can!!"

"To get involved in this business, you need a background. What's your background? What's my background? Are you worthy enough to play with me?!"

The words fell.

The Son of Hades flew to the top of the head of this powerful man who was at the half-step god level and placed his palm on the crown of his head.

next moment.

The power in the body of this powerful warrior who was at the half-step divine level began to be madly absorbed by the Son of Hades.

"No no no..."

"Stop it, stop it, these are all my powers!!"

This powerful warrior who was at the half-step divine level was extremely terrified. This was a fear that he had never felt before when he was being killed.

Feeling the power in his body being devoured and absorbed, he felt as if the sky was falling.

"It was yours before, but now...it belongs to me!!"

The Son of Pluto raised the corners of his mouth slightly, revealing a smug smile on his face.

"You should be proud to be my nourishment after death."

"After all, not everyone is qualified to be my nourishment."

"Fuck you!!"

This powerful man who was at the half-step divine level couldn't help but swear. He once again mobilized all his strength and tried to fight against the Son of Pluto.

But the result is still of no avail.

He seemed to be completely restrained by an invisible force, making him unable to move.

He is a strong man at the level of half a step to godliness. Even the rules of the natural law of this world can hardly impose such huge restrictions on him.

But now, he was restricted to death.

Lin Tianhao looked at this scene in doubt and wonder, "Do you know what's going on?"

When Nidlifu's projection appeared, she was also surprised.

"This... shouldn't be the case!!"

"The person in front of me is a strong man at the half-step divine level. There is no reason for him to be restricted like this."

Lin Tianhao smiled helplessly, "But the fact is, he did it."

"Even a descendant of a saint wouldn't be able to do it. My lord, you have so many saint-level skills. Even if you are a descendant of a saint, you may not have as much saint-level power as me."

Hear it here.

Lin Tianhao pointed at Bai Xiaofeng, the son of Pluto, and said:

"Then how do you explain this? You can't say that he is a saint, right?!"

The idea that the son of Pluto is a saint is somewhat absurd.

If the Son of Pluto was a saint, then how did he kill the Son of Pluto before?

"Nothing is impossible."

Nidlifu's eyes were firm. "After discarding all possibilities, the most unlikely one might be the answer."

"The son of Hades is Hades. The reason why the sky thunder was triggered is not because of some powerful existence in the sky, but because his predecessor was a saint-level strongman, so there will be sky thunder as a warning."

That's it.

Ned Liv paused for a moment and said:

"The Son of Pluto probably hadn't fully recovered his memory before. Now that his memory has recovered and the methods that belonged to the saint have been restored, this is the current situation."

Lin Tianhao was stunned.

He hesitated for a moment before saying:

"If what you said is true, then I have subdued a saint, right?"

Ned Liv shook her head and said solemnly:

"In theory, yes, but probably not. When you killed the Son of Hades before, there was no major change. It was as if everything was developing naturally."

Lin Tianhao frowned. If that was the case, Lin Tianhao thought of the Source of Tao again.

Because apart from the God of the Source of Tao who has such power, Lin Tianhao really can't think of anyone else who can possess such powerful power.

This strong man who was at the half-step divine level was still struggling frantically, but his strength was being rapidly devoured by the Son of Hades. The strength of the struggle of this strong man who was at the half-step divine level was getting weaker and weaker, and finally his body and soul were all devoured.

"this--"

Hei Tianao really couldn't believe his eyes.

Who is this person in front of me? This person is a strong man who is at the half-step divine level! !

Just die! !

"What exactly is going on?!"

Seeing this powerful warrior at the half-step god level being sucked dry until nothing was left, Lin Tianhao looked towards the Son of Pluto in shock.

The Son of Pluto smiled and said:

"Hades has no son. I am not Hades' son. I am Hades, the reincarnated Hades."

Chapter 1398 Zhao Wudi is resurrected!

Although he was shocked, Lin Tianhao instantly realized a problem.

It seemed that he was unable to enslave the soul of this powerful being who was at the half-step divine level.

His soul, and even the origin of his soul, should have been completely devoured by the Son of Pluto.

wrong! !

Can't say Son of Pluto anymore!!

He is not the son of Hades, he is Hades!!

"But this..."

"After all, you are a reincarnated cultivator..."

Lin Tianhao still found it hard to believe. Even if he was reincarnated and cultivated again, he was a strong man at the half-step divine level. How could he be killed like a piece of paper?

Hear this.

Pluto Bai Xiaofeng seemed to see what Lin Tianhao was thinking. He smiled and said:

"I am a dual-system saint, so I am different from ordinary saints. By chance, I obtained several great Dao rules, so I am stronger than ordinary saints."

"The rules of the Tao are constant. Even those who are much stronger than me must abide by the rules of the Tao. Those who can break the rules of the Tao are rare."

Hear this.

Lin Tianhao then asked the question that he wanted to ask most.

"If that's the case, then when I killed you..."

Hear this.

There was an unconcealable trace of old age on the young face of Pluto Bai Xiaofeng.

"I do not know."

"My memory had not recovered at that time, but under normal circumstances, my memory would definitely recover when facing a life-and-death crisis."

"so."

"Someone must have restricted my memory and prevented it from being revived at that time."

"Someone wants me to be on the Conferred God List. I have some guesses in my mind, so that should be the only answer."

"Because apart from that one answer, I also can't understand why there are so many gods on the Conferred God List just because of you."

"No matter how weak the gods are, they are still gods after all, and their power systems are superior to ours."

"The projection of Nidlifu next to you is the former God King. She should know very well that when mortals face gods, they should be suppressed in all aspects."

Lin Tianhao smiled awkwardly. From her rebirth to everything she experienced now, it was all so dreamy.

This is like a dying person's last fantasy!!

That's right! !

It's just fantasy!!

Because apart from that, he seemed to find it difficult to understand why so many incredible things happened.

"I also feel that my journey to where I am today is like a dream."

"I was even a little worried that this might really be a dream, and when I woke up, everything would be gone."

Pluto Bai Xiaofeng shook his head and said:

"Looking at what happened to you from my perspective, I can tell you responsibly that what happened to you was not a dream, it was all real, all true!!"

That's it.

Pluto Bai Xiaofeng paused for a moment before continuing:

"Even I'm on the Conferred God List, which can only mean that there is an incredibly powerful being helping you."

Lin Tianhao was silent. How should he respond?

To put it simply and bluntly, someone is helping him cheat.

"What about now? After you absorbed the strength of this Half-Step Divine Level expert, to what extent has your strength been restored?"

Pluto Bai Xiaofeng thought for a moment and said:

"There is no fixed value, but if we must make a comparison, without the help of rules, we can fight with the previous half-step god-level expert."

Lin Tianhao was a little surprised. Before he could say anything, Pluto Bai Xiaofeng continued:

"But don't think too much. The rules of the avenue are very powerful, but they are fixed. Just like the rule of the avenue I just used, he must kill me before I can use it."

"and."

"After this avenue rule is used once, it cannot be used again for a thousand years."

"What?!!"

Lin Tianhao almost thought he had heard it wrong.

"It can't be used again for a thousand years?!!"

"Is the cooling time so long?"

Pluto Bai Xiaofeng nodded heavily, "What else? This rule power is too overbearing. I can use this rule power to fight across a great realm."

"Even when I was at my peak, there was someone who was one realm higher than me, but he didn't dare to kill me."

Lin Tianhao's mouth twitched, "It seems to be true."

"For you at your full potential, a thousand years shouldn't be a long time."

Pluto Bai Xiaofeng nodded and said:

"After reaching the realm of saints, a thousand years is nothing."

"A retreat may last for tens of thousands of years."

Lin Tianhao's mouth twitched and he said:

"If you look at it this way, the cooling time of your avenue rules is really not that long."

That being said.

Lin Tianhao still found it a little unbelievable.

If he had a skill with a cooldown time of a thousand years, he would probably forget about it after using it.

However, Lin Tianhao was also curious about what it would be like to go into seclusion for tens of thousands of years.

"We have dealt with the Half-Step Divine Level expert, but now a new problem has arisen. Zhao Wudi is dead, what should we do?!"

The Beast God Vase in Zhao Wudi's hand is so adorable.

Lin Tianhao was somewhat reluctant to give up like this.

Pluto Bai Xiaofeng walked to the side of Zhao Wudi's body and chanted a complicated spell.

however.

Zhao Wudi did not recover, and it was even impossible to tell what changes had taken place in him.

"The Pluto is helping Zhao Wudi to condense his soul."

Hei Tian Aozhen's voice rang in Lin Tianhao's ears.

"Zhao Wudi has an immortal body, and it will take a long time for him to be resurrected. The biggest problem is his soul."

"If the souls gather together, Zhao Wudi should be able to be resurrected in a short time."

Hearing what Hei Tianaozhen said, Lin Tianhao couldn't help but smile.

If Zhao Wudi could be resurrected quickly, then it would be almost certain that he would obtain the Beast God's Vase.

Pluto Bai Xiaofeng possesses combat power comparable to that of a half-step divine master. Coupled with his Heavenly Punishment Headlock, even if he encounters an ordinary divine master, he may be able to deal with him.

As Pluto Bai Xiaofeng continued to recite complicated spells, Zhao Wudi's complexion became better and better.

After a while.

Pluto Bai Xiaofeng finished reciting the spell, "This is all I can do. How long it will take to revive will depend on the level of Zhao Wudi's own immortality."

As soon as Pluto Bai Xiaofeng finished speaking, Zhao Wudi sat up instantly.

He looked around in disbelief and soon noticed Lin Tianhao, Hei Tian Aozhen and Pluto Bai Xiaofeng.

"Where is the Five-Colored Demon Lord?"

His first reaction when he woke up was to inquire about the situation of the Five-Colored Demon Lord.

If the Five-Colored Demon Lord is still alive, there will be big trouble next.

"Dead!" Lin Tianhao replied indifferently.

Chapter 1399 Hei Tianao really advances!

"Dead...dead?!"

Zhao Wudi widened his eyes, a look of disbelief appearing on his face.

That's a strong man who is half a step into the realm of Godly Quality! !

"Did he kill him?" Lin Tianhao's gaze fell on Pluto Bai Xiaofeng.

He could feel that there was something special about the aura of Pluto Bai Xiaofeng, but he couldn't tell exactly what was going on.

Lin Tianhao nodded and said:

"Indeed."

Think about this.

Lin Tianhao hesitated for a moment and said:

"Now, we can continue with our previous agreement."

He must get the Beast God Vase.

One month is just one month, and it is definitely worth it to spend one month to get the Beast God Bottle.

Zhao Wudi glanced at Pluto Bai Xiaofeng, then looked at Heitian Aozhen, and said:

"Are you still evolving now?"

Before the strong man who was at the half-step divine level appeared, all they were thinking about was making Hei Tian Ao Zhen evolve.

Now that Pluto Bai Xiaofeng has appeared, is there still a need for Hei Tianao to evolve?

"Or, you come to evolve?"

Zhao Wudi looked at Pluto Bai Xiaofeng and said, "If you can take one more step, you will basically be invincible."

Pluto Bai Xiaofeng shook his head and said:

"unnecessary."

Hei Tian Ao Zhen hesitated for a moment before asking:

"Are there any divine-level monsters on this Canglang Star?"

Zhao Wudi smiled bitterly, "It used to exist, but I don't know if it still exists now."

Hei Tian Aozhen thought for a moment, and finally said seriously:

"In that case, I'll evolve."

"I don't want a monster of the divine level to come and have the same situation happen again."

Lin Tianhao didn't expect that Hei Tianao would actually make this choice.

After all, the difficulty of going from the realm of half-step emperor to the realm of emperor and from the realm of half-step divine quality to the realm of divine quality are completely not on the same level.

"Are you sure?" Zhao Wudi was a little surprised.

This is all about sacrificing yourself for the team.

"Sure!!"

Hei Tian Aozhen answered very affirmatively.

Zhao Wudi said no more, took out the Beast God's Treasure Bottle and poured out a drop of liquid from it.

"This Beast God Bottle can only store one drop of liquid?" Lin Tianhao asked.

Zhao Wudi nodded and said:

"Well, so once this Beast God Treasure Bottle has the Evolutionary Divine Fluid, use it immediately so that it won't be wasted."

Lin Tianhao nodded slightly, he shouldn't be short of people to use.

There are so many masters in Fan Palace, and there are also official people.

just.

If you use the evolutionary liquid in the Beast God Bottle casually, a situation similar to Hei Tian Ao Zhen will occur.

Especially for a Star Glory level like Ouyang Wenlong, after using it he can only reach the Grandmaster level, which doesn't seem to be that profitable.

After all, this evolutionary divine liquid can help a strong person at the level of the Great Emperor to evolve to the level of a divine quality.

It's just an upgrade from the Star Level to the Grandmaster Level, which is a disadvantage no matter how you look at it.

at this time.

Hei Tian Ao Zhen has already taken this magical liquid of evolution.

When Hei Tianao really took the evolutionary divine liquid, his whole body was covered by black light. He seemed to have turned into a black hole and began to madly devour the power between heaven and earth.

The sky suddenly darkened, and above the sky, there seemed to be something huge blocking out the sun, enveloping the sky.

Lin Tianhao looked up, feeling a little surprised.

Because the giant creature in the sky is a dragon, a huge black dragon shadow!!

It was Hei Tian Ao Zhen who manifested a black dragon phantom that was stronger than him! !

At this moment.

Hei Tian Ao Zhen's aura was constantly rising, and an extremely strong pressure swept in all directions with Hei Tian Ao Zhen as the center.

Zhao Wudi was a little surprised. "Such pure dragon blood. His blood... has regressed to his ancestors!!"

Lin Tianhao smiled and said, "He is an atavistic black dragon. Now that his rank has been further improved, he will naturally get a significant improvement."

"Rumble--"

At this moment, thunder rolled, thunderclouds gathered above the sky, lightning snakes surged, and in the thunder, it seemed as if there was a god holding a thunder pestle who was attracting heavenly thunder, trying to stop Heitian Aozhen's advancement.

Heitian Aozhen looked up at the sky, his body soared into the sky and stood above the huge black dragon shadow.

"The calamity of becoming an emperor is coming, and it all depends on Hei Tian Aozhen himself." The voice of Pluto Bai Xiaofeng came.

Lin Tianhao raised his eyebrows. To enter the realm of the great emperor, he still had to overcome the tribulation.

This was something Lin Tianhao had not expected.

"To be crowned a king, become an emperor, or advance to godhood, one must overcome the calamity."

"The further back you are, the more difficult it will be to survive."

Pluto Bai Xiaofeng seemed to see the doubts in Lin Tianhao's heart, and he couldn't help but say:

"Can Hei Tianao really withstand this thunder tribulation that will lead to becoming an emperor?"

Hei Tianao is indeed quite capable, but Lin Tianhao is still a little worried.

Hear this.

Zhao Wudi said very confidently:

"Hei Tianao is truly a regressive black dragon. If he can't make it, then I guess few people can."

After hearing what Zhao Wudi said, Lin Tianhao felt relieved.

From the sky, bolts of lightning as thick as buckets fell.

These thunders as thick as buckets seemed to be just appetizers, allowing Hei Tian Aozhen to get used to it.

After these thunders as thick as buckets, the thunder became even thicker, and the purple thunder at first turned into dark purple, and then black.

"Rumble--"

The rumbling thunder made Lin Tianhao's eardrums hurt.

The thunder also grew from the thickness of a bucket to a diameter of hundreds of meters, which made Lin Tianhao terrified.

Even he now might not be able to withstand such thunder.

and.

Under Lin Tianhao's sharp eyes, he could vaguely see that there seemed to be living beings in the thunderclouds! !

This Emperor Cheng's thunder tribulation is being controlled by someone! !

But who is controlling things like thunder tribulations?

The man of God, the source of Tao?

It should be.

After all, this galactic world was created by God, the source of Tao.

The thunderstorm lasted for more than half an hour.

at this time.

Hei Tian Ao Zhen was in a very miserable state, with scorch marks left by the lightning strikes all over his body.

"Congratulations."

Lin Tianhao couldn't help but smile. Hei Tianao was really his subordinate. Now he had completed the promotion. This was a great thing for him.

Heitian Aozhen is in his original form at this time, and his huge dragon body is rising and falling slightly.

After a while.

He transformed back into human form and said calmly:

"Finally the evolution is complete. My body was almost broken into pieces."

Lin Tianhao looked up at the sky solemnly and said:

"It's good that we have survived. Next we will continue to hunt these monsters."

Lin Tianhao smiled slightly, "Heitian Aozhen, you just survived the thunder tribulation, you should have a good rest from now on, and leave the things here to us."

The words fell.

Lin Tianhao took Hei Tian Aozhen back into the List of Gods and started the next action.

Think about this.

Lin Tianhao opened his Eye of Insight and prepared to start the slaughter.

just.

It seemed that because of the thunder disaster just now, there was not a single monster to be seen within a radius of dozens of kilometers.

Chapter 1400 A master finally arrives!

But Lin Tianhao was not in a hurry.

He promised Zhao Wudi to hunt monsters here for a month, but he did not specify a certain number of monsters to hunt.

The next three days.

Lin Tianhao and Zhao Wudi started a crazy killing mode, leaving no monster alive wherever they went.

As for Pluto Bai Xiaofeng, he did not participate in the battle, mainly because he had not encountered any powerful opponents in the past three days.

For three whole days, the most powerful monsters Lin Tianhao and Zhao Wudi encountered were two twin master-level monsters.

Because they were twins with the same feeling, they cooperated well and separated to block Lin Tianhao's four arrows before being killed.

They were also the only two monsters that were not killed instantly by Lin Tianhao's arrow in these three days.

The following battle went much smoother than Lin Tianhao had expected. It was as if after the half-step divine monster was killed by Hades Bai Xiaofeng, they all retreated completely and dared not show their heads.

But Lin Tianhao still felt that these monsters would not really retreat like this.

They must be preparing something and may counterattack at any time.

and.

Lin Tianhao and Zhao Wudi have not encountered any monsters above the king level. Their discipline is too good.

The Canglang Star is so huge. In Zhao Wudi's words, there are many high-level monsters. There is no reason why we can't encounter any for three consecutive days.

"Looking at the current situation, there should be someone with great influence among the monsters who is intentionally gathering these monsters above the king level."

Zhao Wudi looked serious.

"If they started fleeing because we were too strong, it should have been a large number of monsters fleeing together, instead of leaving behind these ordinary monsters."

Lin Tianhao could naturally guess all this, but since he had already promised Zhao Wudi, he could only deal with it as it came.

and.

With their current foundation, there will basically be no problem as long as they don't encounter a strong person at the divine level.

Along the way, Lin Tianhao and Zhao Wudi killed indiscriminately.

In the blink of an eye.

Half a month passed.

Lin Tianhao and Zhao Wudi have been running rampant on Canglang Star for the past half month and no one can defeat them.

But the situation was exactly the same as the first three days. There were monsters, but no monsters above the king level were encountered.

Zhao Wudi's face looked a little ugly. He didn't know where the high-quality monster from Canglang Star had gone.

Zhao Wudi's original purpose was naturally to hope that Lin Tianhao could hunt more high-quality monsters.

But now.

No high-quality monsters appeared, which made Zhao Wudi feel a little disadvantaged.

After all, even without Lin Tianhao's help, he could still deal with these low-level monsters.

Lin Tianhao could vaguely guess some of Zhao Wudi's thoughts, but without a high-quality monster appearing, he had no way to deal with it.

If possible, he also wanted to help Zhao Wudi deal with more monsters here. During this period, he did not let up or deliberately delay time. He was determined to kill the monsters.

"It looks like even if we keep killing them all the way, it will be hard to eliminate all the monsters on the Canglang Star within the one month we agreed upon." Lin Tianhao said.

Zhao Wudi was silent, and Lin Tianhao continued:

"It seems that the planet you originally belonged to is no longer inhabited."

The Canglang Star is very close to the Blue Star. For more than half a month, Lin Tianhao and Zhao Wudi have been observing the situation of the Blue Star.

The observable result is that there seems to be no life on the blue planet.

Zhao Wudi took a deep breath and said:

"You want me to leave with you?"

Lin Tianhao nodded, "Yes, you are very capable, and your future achievements will definitely be great."

"and."

"Your master, Crazy Emperor, left you here to protect Blue Star. What else is there on Blue Star that is worth protecting?"

Zhao Wudi has extraordinary potential. If he can be recruited to Fan Palace, it will be a good thing for him.

"Let's talk about it then."

Zhao Wudi looked bitter, "I have lived here for such a long time, I have thought about leaving and going to the Divine Realm to find my master."

"It's not bad to go to the divine realm."

Lin Tianhao didn't force it, "The Blue Planet I'm on has a similar crisis to the Blue Planet you're on."

"I might have to stay and try to solve these crises."

Zhao Wudi nodded slightly and said:

"Let's solve the problem here first. If possible, I'm willing to do my best."

"We belong to a parallel world. My world is already like this, and I don't want the world you belong to to be destroyed as well."

Lin Tianhao stood on the Canglang Star, glanced at the devastated Blue Star, and felt a little emotional.

Less than three years left.

If they can't hold on at that time, the Blue Planet they are on may become the same as the Blue Planet where Zhao Wudi is.

Just now.

Lin Tianhao looked up suddenly.

In front of him and Zhao Wudi, a woman in black armor appeared.

The woman was standing in front of Lin Tianhao and Zhao Wudi, but for some reason, Lin Tianhao could not sense her presence at all.

especially.

Her appearance was so sudden that Lin Tianhao didn't notice when she appeared there at all.

"Finally, an expert is willing to come out?" Lin Tianhao said lightly.

He didn't know how strong this woman was, but since she dared to appear here, there was a high probability that she was no less than a half-step god-level figure.

The woman looked at Lin Tianhao meaningfully and said:

"You don't belong here. If you came here by coincidence, you should leave."

Lin Tianhao frowned slightly and said:

"I don't belong here, but didn't you tell me? I came here by coincidence and met new friends. There's no reason for me to leave like this."

The woman nodded slightly and said:

"I heard your conversation. I promised Zhao Wudi to slaughter people here for a month. It has been eighteen days now."

"There are only twelve days left, so let me accompany you to revive for these twelve days!!"

As soon as the woman finished speaking, she untied her armor.

The moment her armor was untied, a strange floral fragrance wafted over, and Lin Tianhao couldn't help but be attracted by the woman's hot body.

It wasn't obvious when she was wearing armor just now, but now that she's taken off the armor, the size of her figure is truly terrifying.

"Don't be tempted!!"

Zhao Wudi's anxious voice sounded, but Lin Tianhao seemed not to hear it and was still staring at the hot woman.

The woman glanced at Zhao Wudi and said:

"Go to sleep!!"

Zhao Wudi's expression changed drastically, and a feeling of sleepiness rose in his heart.

"Half...half a step to divine quality!!"

This woman also has the power of half a step to the divine realm.

"Go to sleep!!"

"Go to sleep!!"
