

## O games 1441

Chapter 1441 A new way to exploit BUGs!

"I understand. I still know the principle that an innocent man is guilty of possessing a treasure." Once upon a time, there was a mountain.

Lin Tianhao couldn't help but roll his eyes, "Then why don't you send me everything?"

Once Upon a Time There Was a Mountain: "First, Big Brother Xue Di, you are the person I admire the most. Second, Big Brother Xue Di, you already know that I have a super god-level hidden profession. This can be regarded as my biggest secret. I think I can be honest with you about everything else."

"Third, and most importantly, I want to cling to you, Boss Xue Di. If I am not sincere to you, how can I cling to you?"

The once upon a time there was a mountain who spoke very directly. Lin Tianhao did not think much about it and responded:

"That's about it. That's it. I'll contact you when I have time."

After finishing the conversation with the mountain, Lin Tianhao looked at Du Luomeibu and said:

"The murderer of your father has been found." Lin Tianhao said.

Hear this.

There was murderous intent in Du Luomeibu's eyes.

"Master Palace Master, please make the decision for my father."

Hear this.

Lin Tianhao nodded slightly and said very seriously:

"It was an adventurer who killed your father. You should know that adventurers rarely kill high-level professionals like you for no reason."

Lin Tianhao had just said this when Du Luomeibu seemed to have thought of something and immediately asked:

"Master Palace Master, do you mean that someone has issued a mission, asking adventurers to kill my father?"

Lin Tianhao nodded and said:

"Yes, the person who asked the adventurers to kill your father was an old beggar. The name of the quest is The Old Beggar's Revenge. Did you offend an old beggar?"

Du Luo Mei Bu shook his head and said solemnly:

"We haven't offended any old beggar."

"But after hearing what you said, Lord Palace Master, I already have some guesses in my mind."

"This old beggar is most likely from the Gaotong family, the number one summoner family in Mokesha Country."

Du Luo Mei Bu seemed to be recalling and said slowly:

"In the beginning, the Gaotong family and our Du Luo family had a deep conflict, and we were constantly in conflict with each other. Later, our Du Luo family made a clever move and destroyed the Gaotong family."

"only."

"The Gaotong family has a deep foundation. Although we destroyed the Gaotong family, some of them still escaped."

Lin Tianhao narrowed his eyes slightly. If it was such a deep hatred, then it would make sense.

"What do you think now?" Lin Tianhao asked.

"The Palace Master is also an adventurer, so I will not let you make this trip in vain."

As soon as Du Luomeibu finished speaking, a prompt sounded in Lin Tianhao's mind.

"Ding, Du Luo Mei Bu has issued you a task: [Eliminate the remnants of the Gao Tong family]."

[Eradication of the remnants of Gao Tong's family]

"Mission requirements: Kill 0/5 of the remnants of the Mokesha Kingdom and Gaotong family."

"Quest Reward: Free Attribute Points +10000, Blessing of the Gods +1, Equipment Evolution Scroll +5."

"Mission penalty: None."

"Ding, do you want to accept it?"

Lin Tianhao raised his eyebrows slightly. The reward for Du Luomeibu's task was somewhat similar to the reward for the task "Once Upon a Time There Was a Mountain" given by the old beggar.

The only difference is that Duomeibu's mission seems to require killing five people.

There are only five people left in the Gaotai family now.

Lin Tianhao is still very confident about killing these people from the Gaotai family.

but.

What really made Lin Tianhao feel a little difficult was finding these people from the Gaotai family.

"Before dealing with these guys, let's go back to the Future Chamber of Commerce."

Lin Tianhao felt that there were two urgent tasks at the moment.

First.

The natural thing is to ask Mo Kenantian about the mission status of the second piece of Tianfa equipment.

As for entering the frozen map, Lin Tianhao still thinks it is necessary to be conservative.

After all, the core mastermind Xiaofeng is not loyal to him now.

The person Xiaofeng is truly loyal to is inside the frozen map, and Lin Tianhao absolutely cannot accept this by turning him into a two-dimensional being and entering the frozen map.

but.

Mo Kenantian was absolutely loyal to Lin Tianhao at this time, so it was not an easy thing for Lin Tianhao to ask Mo Kenantian to change his mission.

Several people returned to the Future Chamber of Commerce together.

Just after returning, the core brain Xiaofeng appeared.

"Master, how is the investigation going?"

"There is some clue." Lin Tianhao didn't say much, and then looked at Mo Kenantian who appeared a step behind.

"Mo Kenantian, now that you have joined the Fan Palace, can you give me another task?" Lin Tianhao said.

Mo Kenantian began to think.

"Master Palace Master, let me think about it. The Heaven Punishment Equipment is indeed extraordinary. Without the corresponding mission, it cannot be issued at all."

Lin Tianhao was not in a hurry. He looked at Xiaofeng again and said:

"Xiao Feng, please try to persuade your master. If he still doesn't agree, I will use force."

Hearing Lin Tianhao's words, Xiao Feng instantly understood that Lin Tianhao wanted to attack the frozen map.

"it is good."

Xiaofeng started communicating with the guy in the frozen map again.

And at this time.

Lin Tianhao seemed to have thought of something and said directly:

"I can help you advance to higher ranks, from Grandmaster to King, and from King to Emperor. How about that?"

Lin Tianhao has the Beast God Bottle, which can help them upgrade their grades, which is undoubtedly the easiest thing to do.

If this can be done, then even in the future when he encounters such tasks, he can use it to help the other party improve their grade and thus obtain rewards.

By relying on the Beast God Bottle, it will be much easier for him.

"It seems to be feasible."

Mo Kenantian's eyes lit up, and he immediately assigned a task to Lin Tianhao.

"Ding, Mo Kenantian has issued you a task: [Upgrade Rank]."

[Upgrade]

"Quest requirements: Help Mo Ke Nan Feng, Qinan Jiao Jing, and Du Luo Mei Bu from the Mo Ke Sha Kingdom complete a rank upgrade. (0/3)."

"Mission Reward: Sky Punishment Shoulder Guard +1, Free Attribute Points +30000."

"Mission penalty: None."

"Ding, do you want to accept it?"

There was no need to hesitate about this, and Lin Tianhao directly chose to accept the task.

He seems to have found a loophole!!

and.

He seems to have suffered a heavy loss!!

Because Lin Tianhao had helped the Poison Emperor of Sand Sea before, Hei Tianaozhen was promoted to a higher rank, but he did not ask them for a reward.

Under normal circumstances, the Poison Emperor of Sand Sea and Heitian Aozhen are all NPCs.

what does that mean.

Lin Tianhao helps them improve their grades. Theoretically, this can be done through tasks, and then he can complete the tasks.

This not only helps his subordinates improve their strength, but he himself can also obtain considerable mission rewards.

Although this behavior is a bit buggy, it now seems that this approach is very feasible.

Chapter 1442 7th turn, invincible realm!

Mo Kenanfeng is the younger brother of Mo Kenantian. Mo Kenantian has now entered the spiritual network world, so naturally, other people are needed to manage this reality.

Mo Kenantian's mission has just been finalized.

The communication with the core mastermind Xiaofeng has also ended.

As for the core mastermind Xiaofeng, there was no change in the communication results with her master, and her master was still unwilling to come out.

Lin Tianhao could actually attack directly. With his current output ability, this two-dimensional ice painting could hardly withstand his output.

but.

Lin Tianhao still wanted to help Qinan Jiaoliang, Du Luomeibu and Mo Kenanfeng complete their upgrades first.

The most important thing for Lin Tianhao is to get the Heavenly Punishment equipment first.

With the existence of the Beast God Bottle, it is not difficult for Lin Tianhao to help them improve their grades.

Three days passed in a blink of an eye.

In just three days, Lin Tianhao had helped Mo Kenanfeng, Qinan Jiaoliang and Du Luomeibu complete their upgrades.

"Ding, congratulations, you have successfully completed Mo Kenantian's mission [Upgrade Rank], Mission Reward: Sky Punishment Shoulder Guard +1, Free Attribute Points +30000."

Seeing this scene, Lin Tianhao couldn't help but reveal a satisfied smile on his face.

This is the first time that Lin Tianhao has had such a smooth journey since he started growing up.

In a short period of time recently, he obtained two pieces of Heavenly Punishment equipment in succession, which even gave Lin Tianhao a feeling that it was not real.

Sky Punishment Helmet: Unknown.

Wearing requirements: Heavenly Punishment Archer.

Effect 1: God's punishment attack speed +1, not affected by the phased reduction of attack speed.

Effect 2: Percent damage reduction by 5%, still effective against god-level attacks.

Effect 3: Can block a fatal attack, cooldown for one hour.

Effect 4: Luck +10.

Effect 5: Mental clarity, enlightenment speed +10 times.

Effect 6: Maximum health increased by 50%.

Effect 7: Maximum armor increased by 50%.

Effect 8: Maximum magic resistance increased by 50%.

Effect 9: Dual True Body (You can release a true body that is exactly the same as you. This true body has all your attributes, skills, and magical powers, and is completely consistent with your original body. After your original body is killed, you can choose to revive directly in this true body. When your soul power reaches a certain level, you can control the second true body to fight at the same time. The cooldown time is hours.)

Wear resistance: cannot be destroyed, cannot be stolen after wearing, cannot be dropped.

Lin Tianhao was stunned for a moment. This double identity seemed a bit outrageous.

The second true body is exactly the same as him!!

Although Yi Qi Hua San Qing is the same as him, the difference is that Yi Qi Hua San Qing can only be used for secondary profession and cannot be used in combat.

And these two real bodies can already be used in combat, but it seems difficult to do two things at the same time.

Lin Tianhao put on the Sky Punishment Shoulder Guards and directly summoned his second true body.

As soon as it was summoned, Lin Tianhao began to observe it. This second true body was indeed exactly the same as him.

and.

Lin Tianhao discovered that his consciousness could be dispersed to this second real body and control the actions of the second clone.

This is different from the One Qi Transformed into Three Purities. The One Qi Transformed into Three Purities' clone is more like a puppet that is absolutely loyal to Lin Tianhao and does things according to Lin Tianhao's orders.

And this second true body can actually be controlled by him with his consciousness.

even.

If his consciousness completely enters the second true body, then the second true body is his true body!!

This second true body is even more special than Lin Tianhao imagined.

Lin Tianhao's current soul power is already able to control the actions of his second true body.

just.

This feeling of double perspective made Lin Tianhao somewhat uncomfortable.

Because after he controlled his second real body, the senses of the second real body and the senses of his original body were transmitted into his mind.

Although he could still distinguish them, he still found it difficult to adapt.

but.

Lin Tianhao could feel that it was somewhat difficult for him to control his main body and second body at the same time, but if he could just disperse a small part of his consciousness and control the second body to do some simpler things, it would still be very simple.

such as.....

Use the Book of Life and Death!!

Lin Tianhao had to rewrite his name himself before, but now, he can disperse a small part of his consciousness and let his second true identity rewrite the name in the Book of Life and Death.

Besides.

It is also much easier to lock the head with the heavenly punishment.

and.

Lin Tianhao also discovered a very interesting point, that is, whether the things he saw could allow his second real body to launch a long-range head-locking attack.

Not only that.

Lin Tianhao also thought of a question.

That is, if his second incarnation is too far away from his original body, will there be any problem in controlling it?

Because as far as the current situation is concerned, he is controlling his second real body by dispersing his soul power into it.

There is a high probability that this control cannot be achieved because the main body is too far away from the second true body.

if so.

Then his second true body needs to stay by his side at all times.

and.

This second true body was also unable to help him attain enlightenment.

Because enlightenment requires full concentration, if one disperses a little bit of spiritual power, it will be difficult to reach the standard of enlightenment.

but.

Not necessarily.

After all, this dual true body is a skill that comes with super god-level equipment, so there shouldn't be so many restrictions.

of course.

There is also another possibility, that is, his current soul power is too weak, and it does not allow him to differentiate enough soul power to control his second true body.

The experiment on the skill of the second true body will be a matter for the future. Lin Tianhao's top priority now is to change his job.

He can now go to the ancient dynasty secret realm to complete the seventh transformation.

The secret realm of ancient dynasties.

Lin Tianhao came here again.

Same as before.

Lin Tianhao directly chose to change his job.

This is Lin Tianhao's seventh job change, and he is now very familiar with it.

soon.

Job transfer completed, Lin Tianhao successfully entered the seventh job transfer! !

After reaching the seventh level, Lin Tianhao's level can reach five thousand.

However, level has never been that important to Lin Tianhao.

After completing the job change, Lin Tianhao immediately checked the skills he had acquired after the seventh job change.

Invincible Field: 1 star.

Effect: You release a field with a radius of ten meters. Within the field, you are absolutely invincible, but you cannot leave the field for one hour.

Consumption: None.

Cooling: 24 hour.

Proficiency: 0/100.

Lin Tianhao's eyes narrowed slightly. This skill...

It's a bit outrageous!!

Invincible territory!!

Although the range was only ten meters, and after releasing this field, he was unable to leave this field.

But what does it matter? If this skill is used well, it is entirely possible to kill a top-level warrior.

Chapter 1443 The Shanhai Empire suffered a disaster!

After all, what would happen if a strong person approached Lin Tianhao and Lin Tianhao unexpectedly used his invincible field?

Even if the other party wants to escape, he probably has no chance.

Think about this.

Lin Tianhao could no longer hide his smile.

This invincible field can be said to make up for Lin Tianhao's current shortcomings.

Relying on this invincible field, Lin Tianhao is not only invincible, but can also kill strong men unexpectedly.

and.

With this invincible field, the probability of Lin Tianhao being controlled will be very, very low.

He has now completed the seventh turn, and the next step is to help Kui Wei Changtian take another step forward.

The Mo Ke family should have three more super god-level chips.

The three major families provided Lin Tianhao with a total of nine super-god-level chips.

However, Kui Wei Changtian still lacks one last super-god-level chip before he can reach the tenth level of breakthrough.

Here comes the problem.

Who will provide him with this last super-god-level chip?

The core mastermind?

It seems that he is the only one.

Lin Tianhao didn't need to think too much to know that the core mastermind must have a super god-level chip.

Thinking like this.

Lin Tianhao is ready to return to the Future Chamber of Commerce.

But before he could go back, Berserker Blade called him via video.

Lin Tianhao raised his eyebrows slightly. If there was nothing important, Berserker Blade would rarely give him a video call.

Lin Tianhao answered the video call, and then he saw that the location where Berserker Blade was was surrounded by poisonous fog.

"Boss Xuedi, something terrible has happened. Someone is poisoning the Shanhai Empire again, and this time the poisoning has been prepared for a long time. I have just received news that the entire Shanhai Empire, all the towns, all the towns, have been poisoned!!!"

Berserker Blade's voice was somewhat anxious, "They have planted a lot of people here, and my people saw some poisoners."

"They have NPCs and adventurers. Most of them are adventurers from other countries, but there are still a few adventurers from our Dragon Country."

Hearing what Mad Blade said, Lin Tianhao's face changed drastically.

"Sand Sea Poison Emperor!!"

Lin Tianhao immediately called out the Poison Emperor of Sand Sea, summoned the Kunlun Mirror, and took the Poison Emperor of Sand Sea directly back to the imperial capital, Dragon City.

As soon as he arrived at the imperial capital Dragon City, Lin Tianhao saw that the entire imperial capital Dragon City was shrouded in poisonous fog, and the situation was not optimistic.

Without even Lin Tianhao's orders, the Poison Emperor of Sand Sea had already started to act.

Followed by.

Lin Tianhao led the Sand Sea Poison Emperor to act frantically, and a large amount of poisonous fog was swallowed by the Sand Sea Poison Emperor.

But Lin Tianhao's health has dropped by 100 billion! !

This number is still rising rapidly.

"My lord, the situation is a bit bad. These toxins are a kind of plague. Although I can absorb these poisonous mists, the infected people will infect those who are not infected."

"Even if there is only a tiny bit of toxin, it could cause human-to-human transmission and quickly spread throughout the Shanhai Empire."

Hearing what the Poison Emperor of Sand Sea said, Lin Tianhao's face became extremely ugly.

The other party was well prepared for the poisoning this time.

and.

He was unable to take precautions because there were adventurers from many countries involved in the poisoning.

There are even adventurers from Dragon Country among them!!

The power of this poison was beyond Lin Tianhao's imagination.

It is extremely contagious and its lethality cannot be underestimated.

The key is.

Now the area covered by the poisonous gas is so large that Lin Tianhao is a little overwhelmed to deal with it.

"check!!"

"Blade, help me get to the bottom of this. No matter who they are, I will make them pay the price!!"

With this level of poisoning, the answer is already obvious.

Those guys from the Alete Galaxy!!

They have cooperated with those guys in the United States and the inner world.

To be precise, it's not just the United States.

The series of countries supported by Lord Shi have all cooperated with those guys in the Alate Galaxy.

What he needs to do is find those guys in the Aleta galaxy and kill them all.

"All servers, capture and kill all poisoners in the Shanhai Empire. Those who complete the capture or kill will receive generous rewards."

"All servers, capture and kill all poisoners in the Shanhai Empire. Those who complete the capture or kill will receive generous rewards."

.....

"All server speakers can dissolve the Shanhai Empire's poisonous fog and solve the Shanhai Empire's communicable toxins, and you will get rich rewards."

"All server speakers can dissolve the Shanhai Empire's poisonous fog and solve the Shanhai Empire's communicable toxins, and you will get rich rewards."

.....

Lin Tianhao immediately turned on the loudspeakers of all servers. It was difficult to solve this problem relying on his own strength now.

Even if we rely on the Sand Sea Poison City, we can only solve the problem of poisonous fog in a short time.

As for the human-to-human transmission of the poison, the Sand Sea Poison Emperor could also solve it, but the scope of the Mountain and Sea Empire is too large.

There is no way the Poison Emperor of Sand Sea could handle it all by himself.

however.

Things are far from over.

Berserker Blade soon delivered new news.

That is the Tutulu Province, which also encountered a similar situation with a large number of illegal immigrants appearing.

This was a large-scale, premeditated act.

The situation this time is too bad.

"Where did they get so much poisonous fog? Or did those guys from the Alet Galaxy bring it here?"

In terms of total amount, the poisonous fog is comparable to the toxins in the previous Mekoradin Desert.

Where did those guys in the Alete galaxy get so much poisonous fog?

Lin Tianhao didn't know.

He doesn't have that much time and energy to think about these things.

Because the mortality rate of this toxin was so high, the population of Tutulu Province began to decline on a large scale.

The most outrageous.

Lin Tianhao's Human King Order has also been handed over to 75%! !

and.

The Human King Order is still on a downward trend.

As health points decrease, the percentage of all attributes enhanced by the Human King Order decreases.

This resulted in Lin Tianhao's various attributes continuing to decline.

This was a catastrophe for Lin Tianhao, an unprecedented catastrophe.

The other party does this.

It is even possible that the amplifying effect of the Human King Order has been discovered.

Lin Tianhao was busy running around, but in the dark, many pairs of eyes were watching the show.

Tutulu Province, on a high mountain.

"Xue Di should be very angry now." A tall orc spoke slowly.

Next to him, a petite loli formed a sharp contrast with his tall stature.

This petite little girl wore silver bells on her hands and feet, held a lollipop in her mouth, and said with a smile:

"It's time to keep Xue Di busy. He has been developing so well recently. At his development speed, what will we have to do in the future?"

Chapter 1444 The situation is out of control, with heavy casualties!

The tall orc grinned and said:

"So now, can we start implementing our plan?"

Hear this.

The petite Loli thought for a moment and said:

"Go ahead, but try not to leave any clues."

"The Snow Emperor is not a good person. If he knew that we were involved, he would definitely take action against us."

After hearing what the petite loli said, the tall orc frowned and said in a deep voice:

"This is only a temporary solution, not a fundamental solution. The Snow Emperor is the root cause."

"It would be best if we could find a way to deal with Xue Di."

The petite loli shook her head, jumped up and landed on the shoulder of the tall orc.

The bells on his hands and feet made a tinkling sound.

"It's not something we can think about."

"and."

"The Snow Queen has already angered everyone. Let alone the others, the guys in the Alite Galaxy will definitely not let the Snow Queen go."

"What's more, those forces are here too. We can just follow them and enjoy some benefits. There is no need to fight to the death with the Snow Emperor."

.....

Mountain and Sea Empire.

Outside the location of the Haomiao Wuji Palace, a woman in white took out a wine jug. She poured the wine in the jug onto the ground and bowed towards the direction of the Haomiao Wuji Palace.

Behind the woman in white, a young man with his arms folded across his chest and three long swords on his back said with a hint of disdain:

"Sister, why do you worship them? They are just a bunch of trash. Just one Snow Queen destroyed the Vast Infinite Palace. It really brought shame to us."

Hear this.

The woman in white frowned slightly and said with a hint of displeasure:

"If you still have this kind of temper, you will definitely die at the hands of the Snow Emperor."

The young man with the long sword was slightly dissatisfied and said:

"If it weren't for the favor of heaven that allowed him to be resurrected infinitely, I would kill him at will."

"Kill him at random?"

The woman in white snorted coldly, "If I hadn't promised Master to keep an eye on you, I really want you to go and fight with the Snow Emperor right now, and then watch you get killed by him!!"

The young man with the long sword saw that the woman in white was a little angry, and couldn't help but grinned and said:

"Senior Sister, why do you always boost others' prestige and destroy your own morale?"

"I admit that Xue Di is strong, but we are not weak either."

The woman in white glanced coldly at the young man with the long sword and scolded:

"You are an idiot, and an arrogant idiot at that. You are really useless except for your talent!!"

"If the Snow Emperor was so easy to deal with, we wouldn't have waited until now to take action, let alone think of borrowing the power of the Alite Galaxy."

"Just watch carefully. We won't take any action for now. You will soon understand how powerful the Snow Emperor is."

.....

It's not just them.

The entire vast continent.

There are many people who are watching Lin Tianhao's every move. Their motives are not pure, and they are more cautious and careful in doing things.

at this time.

When Lin Tianhao was leading the Sand Sea Poison Emperor to solve the poison gas problems, new problems arose.

Two Star-level masters and one Grandmaster-level master broke into a main city of the Shanhai Empire, robbed a large amount of property in the main city, and killed many guards.

When Lin Tianhao heard the news, his fists were already clenched so hard that they made crackling sounds.

These guys are going too far!!

"Pluto Bai Xiaofeng, Black Sky Aozhen, Burning Heart Nightmare, if you three attack, anyone who attacks the towns of our Shanhai Empire will be killed without mercy!!"

Lin Tianhao was really angry!!

He had been plotted against in various ways before, but never like today.

these people.

They didn't even fight him head-on, and he didn't even know who his opponent was, but he had already suffered such heavy losses.

Such targeted intentions are too obvious.

After Lin Tianhao sent out Hei Tian Ao Zhen and the other two, two waves of experts attacked the main city one after another and hijacked them.

Heitian Aozhen did not kill them all, but captured them and locked them up in the ancient black tower.

An hour later, Lin Tianhao and the Poison Emperor of Sand Sea finally solved the poisonous fog.

But the remaining problems of toxins in the human body and the problem of human-to-human transmission are the real big problems.

Unless there is an antidote, distribute it quickly.

But this poison is too strong and came too suddenly, and there is no antidote at all.

Today's game is a bit unsolvable.

But the good news is.

After the poisonous fog disappeared, the rate at which Lin Tianhao's health points dropped dropped a lot, and the percentage of the Human King Order also remained at 73%.

Many priests joined the healing team. After all, there were rewards for healing these wounded.

Just an hour.

The Shanhai Empire was littered with corpses.

Lin Tianhao gave another urgent order to deal with the bodies.

If these bodies are not handled properly, there will be bigger trouble.

Tutulu Province.

The petite loli looked in the direction of the Shanhai Empire and said with a little surprise:

"The Snow Emperor's reaction speed is quite fast, and the Sand Sea Poison Emperor's ability should not be underestimated."

"but."

"We finally have this opportunity, how can we let Xue Di stop like this?"

Hear this.

The tall orc asked:

"Let's implement the second plan now?"

"Do not."

"Wait a little longer. It's a dark and windy night. Let's act after dark."

"it is good."

.....

at this time.

Problems are still arising in various parts of the Shanhai Empire.

For example, a town is bombed, a strong person loots the town, or someone in the town turns into a demon and kills people in a crowded place.

The entire Shanhai Empire fell into complete chaos.

This disaster hasn't been suppressed yet, but these bugs can't wait to cause trouble.

Lin Tianhao asked Mad Blade for help, and a large number of adventurers from the Dragon Kingdom came to the scene. Together with Heitian Aozhen, Pluto Bai Xiaofeng and Burning Heart Nightmare, the situation of the Mountain and Sea Empire finally became a little better.

Night falls.

Lin Tianhao stood on the city wall of Dragon City, with his Eye of Insight fully deployed.

As for the reason.

It's because Lin Tianhao knew that someone would definitely cause trouble tonight.

at the same time.

There were several people kneeling beside Lin Tianhao.

"You don't say anything, do you think it's okay?"

Lin Tianhao spoke slowly, his voice was extremely cold, and the faces of those who heard it all looked very ugly.

These people were none other than those who were planning to take advantage of the chaos to launch a sneak attack on the main city of the Shanhai Empire.

"Xuedi, now that I'm in your hands, there's nothing to say. You can kill me or chop me up, it's all up to you."

Lin Tianhao smiled and nodded, saying:

"As expected of a Star Glory master, you have the guts to strip them naked and hang them upside down on the city wall for public display!!"

Although Lin Tianhao had a smile on his face, it was so funny that it made people feel creepy.

"Xuedi, if you want to kill me, then do it. Why are you humiliating us like this?"

"Hurt?"

Lin Tianhao's eyes flashed with coldness. "How many lives have you slaughtered? How many innocent people of my Shanhai Empire have died because of this? You are guilty of heinous crimes. This little humiliation is just the appetizer!!"

Chapter 1445 Beast Tide: Disasters Continue!

Lin Tianhao didn't know the identities of these guys, but he felt that he could use them to fish and see whether the forces behind them would come out to rescue them.

Besides.

Lin Tianhao has another trick up his sleeve.

That is to mobilize the Tianji Pavilion!!

Use the Tianji Pavilion to deduce the forces behind these guys.

Lin Tianhao immersed his consciousness in the Tianji Pavilion and began to deduce the forces behind these people.

Just after he started to deduce, Lin Tianhao felt that a large part of his energy had been drained away.

Still in the space shrouded in fog, Lin Tianhao saw a young man with three long swords on his back, and he was giving orders.

Lin Tianhao vaguely heard a few words from his mouth: Haomiao Wuji Palace! !

Lin Tianhao narrowed his eyes slightly, it seemed that he already had the answer.

After all, the target of his deduction is the forces behind these people.

The vast and boundless palace?

But the vast Wuji Palace had already been destroyed by him.

Now that this name appears again, this young man with the long sword should be the one behind the vast Wuji Palace.

When the Haomiao Wuji Palace came to the Haomiao Continent to establish its power, it had the support of the Holy Land behind it.

Not only that.

The Moon Demon Palace, the West Pole Temple, the Xitu Temple and other holy places are all backed by powerful forces from other continents.

When Lin Tianhao destroyed the Haomiao Wuji Palace, Yuelun Demon Palace and other forces, there were rumors that the forces behind them would not let it go.

Now it seems that this is indeed the case.

They come from the power behind the Haomiao Wuji Palace, but the power behind the Haomiao Wuji Palace alone should not have such a great influence.

and so.

This time, the forces that took action against the Shanhai Empire also included major forces that were supported by other holy places.

Besides.

Those guys from the Alate Galaxy are most likely involved as well.

They have been silent for such a long time, and now they suddenly take action, definitely aiming to get rid of him.

but.

They are currently attacking the Shanhai Empire instead of attacking him directly, which means that the big forces behind these holy places are still wary of him.

If it was before.

When Lin Tianhao faces the powerful forces behind these holy places, he might really feel some pressure.

But now.

With so many experts around him, the pressure is not that great.

however.

The big powers behind these holy places never showed up, but just made small moves behind the scenes, which made Lin Tianhao feel a little frustrated that he had the power but nowhere to use it.

It seems that in order to find them, Lin Tianhao can only use the Tianji Pavilion to continue deducing.

The Burning Heart Nightmare can help Lin Tianhao recover quickly, but if Lin Tianhao uses the Tianji Pavilion continuously, the damage will be considerable.

Look.

The improvement of soul power cannot be ignored.

Just now.

Berserker Blade sent another message to Lin Tianhao.

Tides of beasts appeared in all major towns and cities of the Shanhai Empire.

Under the cover of night, a tide of beasts suddenly attacked. The main city was fine, but the small towns had already been severely eroded by the poisonous fog, and now faced with the tide of beasts, they were no longer able to cope with it.

What kind of power!!

Capable of triggering such a large-scale beast tide!!

Lin Tianhao's face became more and more ugly. He was most likely facing several super powers that were more powerful than the Haomiao Wuji Palace, as well as the Alate Galaxy, Lord Shi, and those guys from the inner world of the earth.

"I want to save this world, but this world treats me as an enemy." Lin Tianhao murmured to himself.

"My Lord, it's actually quite good to go to the Divine Realm. Let them take care of the mess here on their own."

Burning Heart Nightmare said indifferently.

"My Lord, you may not be happy to hear me say this, but I still want to say it."

"The evil of human nature far outweighs the good of human nature. There is no need to save the world for some irrelevant people."

"Just like the Crazy Emperor in our parallel world, he succeeded, but he should have gone to the Divine Realm earlier, and he could have developed better in the Divine Realm."

"The key is."

"Crazy Emperor succeeded, so it's nothing to eat breakfast, but before Crazy Emperor, there were countless people who failed. They fell one after another, and the starry sky was stained with blood."

"But what's the point? If they weren't thinking about protecting the world, they might have already been deified in the Divine Realm, or even become Divine Kings or Divine Emperors!!"

Lin Tianhao frowned. What Burning Heart Nightmare said was a bit harsh.

But Lin Tianhao knew that there was nothing wrong with what Burning Heart Nightmare said.

This is how the world is.

"But I'm different. I don't know if it's fate, but I've been tied to the Shanhai Empire. We prosper together and suffer together!!"

Lin Tianhao was not joking when he said this.

Because of the Order of the Human King, he rose to fame overnight, but it was also because of the Order of the Human King that he was bound to the Shanhai Empire.

"Let's go. Since they want to play, let's have fun." There was a cold light flashing in Lin Tianhao's eyes. Since these guys wanted to play with him, he had no reason to retreat.

"Yes, my lord."

With the intervention of Burning Heart Nightmare, Sand Sea Poison Emperor and others, these beast tides could not pose a threat and were quickly dealt with.

Not only was the beast tide resolved, the Poison Emperor of Sand Sea also helped Lin Tianhao capture several orcs who caused the beast tide.

"Orcs?"

Looking at the captured orcs in front of him, Lin Tianhao's expression became more and more sinister.

Among all the major forces in the vast continent, Lin Tianhao had never had a direct conflict with the orcs.

If we must talk about orcs, the only major force related to orcs seems to be the Holy Mountain of Tutulu!!

Could it be that these orcs are the force behind the Holy Mountain of Tutulu?

"You... are from the Holy Mountain of Tutulu." Lin Tianhao looked at the orcs in front of him and asked.

"No."

These tiger-headed orcs all shook their heads and said, "We are not from the Haomiao Continent. We came here just to get a piece of the pie."

"Back then, the Mortal Palace was sealed once. Today, the Mortal Palace will be sealed for the second time."

"When the Fan Palace is closed, we can naturally have a share of the pie."

Lin Tianhao frowned and said:

"With me here, what makes you think that the Mortal Palace will be sealed again?"

Hear this.

The tiger-headed orc who had just spoken smiled contemptuously and said:

"It is undeniable that you are really strong, but the previous Lord of the Mortal Palace was able to slaughter gods with his mortal body."

"He is not like you who relies on external forces to kill gods. He truly kills gods on his own."

"Compared to the last Lord of the Fan Palace, you are at most on par with him, but under his rule, the Fan Palace was still buried, and the Shanhai Empire was still buried."

"Xue Di, the situation is irreversible. The big guys behind us don't even need to show up in person to beat you so badly that you won't be able to fight back."

Lin Tianhao's face darkened slightly, and he said:

"But in the end, you are just a bunch of bugs hiding in the dark. If you really had the guts, you would have attacked me directly."

Chapter 1446 Soul Search, the gap between humans and orcs!

"History is always written by the victors. When you lose, the means used will no longer matter. We will have the final say." said the Star-level tiger-headed man.

Lin Tianhao raised his eyebrows and said calmly:

"Your existence is indeed a headache. If it was the previous Lord of the Mortal Palace, it would have been difficult to face an attack like yours."

"But I'm not afraid."

"Your forces may be even greater, but I believe that there must not be many of you who are masters of the Star Glory level."

"Since you want to use your background to exchange for the people, then let's have a fight and see if I'm afraid!!"

Hearing Lin Tianhao's confident words, the tiger-headed orc was a little surprised.

"We have just started, and your Shanhai Empire has already suffered heavy losses. Have you ever thought that they will run away in panic?"

"How can you keep them?!"

"What would happen to a country if there were no people?"

Lin Tianhao looked serious and said:

"So, you deserve to die."

That's it.

Lin Tianhao looked at Burning Nightmare and said:

"Can you search my soul?"

Since these guys can't serve as bait, there is no need for Lin Tianhao to keep them alive.

"can."

Burning Heart Nightmare answered confidently, "But if I search their souls, these guys will probably die."

Lin Tianhao waved his hand indifferently and said:

"They deserved to die!!"

Burning Heart Nightmare said nothing more and walked up to the tiger-headed orc.

When the tiger-headed beastman heard Lin Tianhao talk about soul searching, his face looked very ugly.

"I am a Star-level expert. If you want to search my soul and succeed, you must at least be a King-level expert."

"King level?"

A trace of contempt appeared on Burning Heart Nightmare's face, and he said slowly:

"Are you humiliating me like this?"

"Shame...humiliation?!"

The tiger-headed orc's eyes widened. He guessed that the other party was a king-level person, and he actually said that he was humiliating him.

What is the other party's true realm?

"You are...you are the emperor level?!"

Burning Heart Nightmare did not respond to the tiger-headed orc. He attacked without hesitation, with power already gathering in his palms.

He raised his hand, and a ball of black light enveloped the tiger-headed orc.

The body of the tiger-headed orc began to tremble slightly after being enveloped by the black light.

After a while.

The tiger-headed orc's body collapsed, with fear in his eyes.

Burning Heart Nightmare bowed to Lin Tianhao and said:

"Sir, just as he said, they are indeed here to share a piece of the pie, and they have nothing to do with those forces in the Vast Continent."

"No, to be precise, they originally belong to the Vast Continent. They come from the extremely cold land of the Vast Continent. It was the previous Lord of the Mortal Palace who expelled them to the extremely cold land."

"Now that they have found an opportunity, they want to come back to get a piece of the pie and return to the territory ruled by the Shanhai Empire."

That's it.

Burning Nightmare paused for a moment, then continued:

"But they also seem to be worried that we have similar means. This is all I know. After they came to the Shanhai Empire, they all acted separately, using spiritual talismans to communicate with each other, so they didn't know each other's positions and actions."

"However, the team is led by two king-level orcs, one is a polar divine bear man, and the other is a polar wind spirit cat man."

Hearing what Burning Heart Nightmare said, the other two tiger-headed orcs both showed expressions of horror.

"It seems that you are indeed very cautious and don't know each other's position."

"But I think that you are sentient beings. It is impossible that you really know nothing about each other."

Lin Tianhao set his eyes on the other two tiger-headed orcs.

"Continue soul searching."

Burning Heart Nightmare nodded slightly. He was now a powerful man at the Divine Level. Searching the souls of these Star-level orcs was a piece of cake for him.

Under the horrified gaze of the two tiger-headed orcs, their souls were searched one after another.

But what disappointed Lin Tianhao was that they actually didn't know each other's positions.

but.

It's not entirely without useful information.

At least.

More information was obtained from the mind of one of the tiger-headed orcs.

That is, a total of five hundred orcs came to the extreme cold land this time. The worst of them were diamond-level orcs, there were nearly a hundred star-level orcs, ten grandmaster-level orcs, and two king-level orcs.

Such a lineup is very luxurious.

No, it should be said that it is very, very luxurious.

I just don't know if these orcs are really going all out and if they have any hidden cards up their sleeves.

In fact, the human race is not weak, but unfortunately, the human race is not united, which is the biggest problem.

There are no less than ten holy places in the Shanhai Empire alone, but it is almost impossible for so many holy places to obey the orders of one person.

But the information obtained from the mind of this tiger-headed orc is that orcs are very united.

Each of these different orcs has a king of his own.

Then all orcs will have a recognized king.

And all orcs actually hope that the orc race can become stronger, and they are also working hard for this goal.

Knowing the situation of the orcs and then looking at the situation of the human race, Lin Tianhao couldn't help but feel sad.

In fact, many people in the human race are afraid that others are stronger than themselves.

There is a saying that sounds like a joke: I am worried that my brother is not living a good life, but I am even more worried that my brother is driving a Land Rover!

This is a joke, but it's not a joke at all.

Anyone with a little experience knows how realistic it is that people dislike you for being poor and are afraid of you for being rich.

If the human race can be as united as the orcs, there will be no worries about not accomplishing the great cause!!

There are so many problems in the Shanhai Empire now, but Lin Tianhao now knows that except for the Fan Palace and Dique Merchant Gang behind him, no other holy land has intervened.

If all these holy places of Shanhai Empire had taken action, the losses of Shanhai Empire would not have been so great.

With a sigh, Lin Tianhao knew that this time, the trouble of Shanhai Empire still depended on himself.

even.

Lin Tianhao had no doubt that there must be a lot of people watching in the dark.

There are also many people who are looking for opportunities to take advantage of others' misfortunes.

There are definitely quite a few people who want to get a piece of the pie.

Today's him.

It's like walking a tightrope.

If you are not careful, you may fall into an irretrievable situation.

"No wonder the previous Lord of the Mortal Palace chose to seal the Mountain and Sea Empire and go to the Divine Realm. If I don't have enough foundation, should I make the same choice?"

Lin Tianhao muttered to himself, he raised his eyes and looked into the distance, his whole aura suddenly increased.

"You want to use the same method you used to force the previous Lord of the Mortal Palace to force me. I can only say that you have the wrong idea."

"Let's go to the extremely cold place!!"

Chapter 1447: Killing billions in one night, shocking the world!

Lin Tianhao summoned the Kunlun Mirror and came to the place closest to the extremely cold land. Then he activated the invincible virtuality and ran towards the extremely cold land with all his strength.

Since you guys want to cause trouble, let's start settling accounts one by one.

You like playing stealing the home, right? Then let's steal the home together and see who is better.

Lin Tianhao's movement speed was already very fast, and after activating the invincibility, his speed reached an extremely terrifying level.

Lin Tianhao's body turned into a shadow and rushed into the extremely cold place in an instant.

The area of the extreme cold land is very large, but Lin Tianhao has a keen eye, so it is not difficult for him to find the gathering place of these orcs.

Lin Tianhao ran to three orc gathering places in succession, and then he gave it to Heitian Aozhen himself. The other two places were the Burning Heart Nightmare and the Sand Sea Poison Emperor, and he started to slaughter them separately.

The Orcs did not have any experts in charge at the moment, so Lin Tianhao's unhesitating attack was a one-sided massacre.

Two hours!!

fleeting.

In just two hours, more than 90% of the three orc tribes were killed or injured, and the number exceeded 10 billion! !

After doing all this, Lin Tianhao took out the Kunlun Mirror and returned to the Shanhai Empire.

I believe that these orcs will soon learn of the massacre in the Arctic Land.

Whether to attack in anger or retreat depends on what the orcs themselves think.

If you don't know what's good for you, Lin Tianhao doesn't mind going to the extremely cold place again and continuing the slaughter! !

A strong person at the divine level convenes a domain, which means he can kill wherever he goes.

especially.

The Poison Emperor of Sand Sea is good at poison. When the poison field is expanded, the entire orc tribe will suffer a devastating disaster.

In Tutulu Province, on top of a mountain covered with ice and snow.

The powerful bear man's aura suddenly rose, and an endless murderous intent burst out from his body.

"This is targeting, naked targeting!!"

The reason why the Divine Bear Man said this was because the three orc tribes that Lin Tianhao destroyed this time were bears, cats, and tigers! !

A fierce murderous intent flashed in the wind spirit cat man's vertical pupils.

"It's obvious that Xue Di already knows where we are. This is a targeting and also a warning!!"

"If we dare to continue to cause trouble in the Shanhai Empire, he will definitely continue to take action."

When the Divine Bear heard this, he said angrily:

"Feng Ling, what do you mean by this? The Snow Queen has slaughtered so many of our people, are we just going to let it go like this?!"

"We have no choice!!"

The Wind Spirit Cat Man gritted his teeth and said, "So many of our people were slaughtered, do you think I am not angry? I wish I could tear the Snow Emperor into pieces now!!"

"But please think carefully. In such a short time, how many orcs can we kill together?!"

"Hundreds of billions, not millions!!"

"Have you ever thought about what this number means?!"

"It's the Poison Emperor of Sand Sea, it must be him!!" the powerful bear man gritted his teeth.

The Wind Spirit Cat Man smiled bitterly and said:

"The news that came in said that only our cat people tribe was attacked by the Sand Sea Poison Emperor, while the bear people and tiger people tribes were attacked by someone other than the Sand Sea Poison Emperor."

After hearing what the Wind Spirit Cat said, the Divine Power Bear Man finally fell silent.

After a while.

He said somewhat unwillingly:

"From what you said, could it be that the Snow Queen brought three powerful emperors with her?"

"Even if there are not three, there are at least two, and there is a high probability that one of them is emperor-level."

"Two emperors and one king, you should know what this means."

Hear these words.

The powerful bear man finally stopped.

He gritted his teeth and said:

"But... Alas, if we had known this would happen, we shouldn't have gotten involved. The Snow Emperor is too cruel and won't give us any room for negotiation!!"

"Hundreds of billions! Hundreds of billions! That's a full Hundreds of Billions!!"

"We are in an extremely cold place, it is so difficult to develop!!"

The Wind Spirit Cat Man sighed heavily, "Everyone has done the investigation on Xue Di. If we must say, it is that we underestimated Xue Di and the masters around him."

"Let's go back to the extremely cold land."

The powerful bear man gritted his teeth. He wanted to say something, but in the end he couldn't say it.

"Alas, you reap what you sow!!"

"But I don't want to leave. I want to see how Snow Queen deals with other forces. There are so many powerful forces, I don't believe Snow Queen can really handle them all."

"If Xuedi really reaches the point where everyone is pushing him down, I will bite off a piece of flesh from him even if I risk my life!!"

The Wind Spirit Catman hesitated to speak, but finally nodded, "We stay here, and the others retreat to the extremely cold land."

.....

Extremely cold place.

The news that more than 10 billion people from the three major orc tribes of bears, cats, and tigers were slaughtered quickly spread.

Hundreds of billions of lives were slaughtered overnight, which shocked all the forces remaining in the vast continent.

"It has to be the Snow Queen. This move is really ruthless. She doesn't leave any room for mercy. Tens of billions, and she kills without hesitation."

"Hundreds of billions?!"

"If you ask me, they deserve it. How many people in our Shanhai Empire have been slaughtered by them? More than 10 billion!!"

"To be honest, I think it's not just the orcs who massacred the Shanhai Empire. There must be other powerful forces. It's just that the orcs ran into trouble and became the target of the Snow Emperor's venting of anger."

.....

The adventurers all started to talk, and the powerful forces standing by with cold eyes felt a chill at this moment.

Lin Tianhao's move was too ruthless, and he wiped out hundreds of millions of orcs with just one move!  
!

"Is this the Snow Queen? With so many sins of murder on her shoulders, aren't you afraid of having an inner demon in the future and being dragged into hell by it?"

"Young people always do things without considering the consequences. However, Xue Di's strength is terrifying. Can he mobilize the gods? Slaughtering hundreds of billions of lives in one night is not something that everyone can do."

"Alas, when the Snow Emperor was stirring up trouble in the Vast Continent, I had guessed that this day might come."

"Anyone who wants to unify the world is an enemy of the world."

.....

Shanhai Empire, the imperial capital Dragon City.

Lin Tianhao brought over the people he had captured earlier.

They had been stripped naked and fell on the city wall before, and now they were naked in front of Lin Tianhao.

They all looked at Lin Tianhao with resentment.

They were all masters of the Ninth Revolution Star Glory level. It was such a humiliation for them to be stripped naked and hung on the city wall.

"Soul search!!"

Lin Tianhao spoke indifferently. Since the forces behind them didn't care about them, Lin Tianhao would go and find the forces behind them himself.

Burning Heart Nightmare took immediate action and began to search the souls of these people.

The effect of soul searching is much better than the effect of deduction by Tianji Pavilion.

"They are from Wuji Dengtian Palace, and their headquarters is in Zhongzhou Continent. However, a great change happened in Zhongzhou Continent, and not many people survived."

Chapter 1448 Killing Xiudeli Black Emperor!

"However, there are many experts among the people who came this time, and one of them has even reached the realm of a half-step emperor."

Lin Tianhao raised his eyebrows and said:

"Half-step Great Emperor? According to the news we got before, there are not enough masters at the Half-step Great Emperor level to leave Zhongzhou Continent."

"Because of the gold coins."

The Burning Heart Nightmare gave Lin Tianhao the answer.

"Some strong men have brought a lot of gold coins from us. With the gold coins, the masters of the second stage of Zhongzhou Continent can also pass through the fog and come here."

That's it.

Burning Nightmare seemed to have thought of something and continued:

"Some of those who came this time are from Fengzhou Continent. This group of people is similar to the previous Haomiao Wuji Palace, which is a subsidiary holy land of Wuji Dengtian Palace."

Lin Tianhao raised his eyebrows, "According to what you said, this Wuji Dengtian Palace is very likely to have a strong man at the level of a great emperor."

"But this time they only sent one person who is at the half-step emperor level. Either they are hiding, or they have underestimated our strength."

Burning Heart Nightmare smiled bitterly and said:

"Sir, as long as they don't send a strong man of the Godly Level, they have underestimated your strength."

Lin Tianhao waved his hand and said:

"Under the current circumstances, it is not feasible for us to go to Zhongzhou Continent. Going to Fengzhou Continent is feasible, but it will definitely take a long time."

Fengzhou Continent is the continent in the southern part of Zhongzhou Continent.

With Zhongzhou Continent as the center, Ragnarok has five continents, namely the Haomiao Continent in the west, the Fengzhou Continent in the south, the Far North Continent in the north, and the Dongzhou Continent in the east.

In his previous life, Lin Tianhao had never even left the current territory of the Shanhai Empire, let alone these other continents.

therefore.

Lin Tianhao doesn't know much about these continents.

Together with the Zhongzhou continent, these five continents are called the Shenzhou land.

In the words of the Poison Emperor of Sand Sea, the land of China was originally connected.

But later, some unknown reasons occurred, which caused the land of China to be divided into five parts.

"Are there any other useful clues?" Lin Tianhao asked.

Under the current circumstances, if he cannot deal with these forces from other continents, then his act of slaughtering orcs will most likely be regarded by these major forces as incompetence and rage.

"Pretty much. They don't know each other's position."

"What's the name?" Lin Tianhao asked.

He has the Book of Life and Death, so as long as he knows the name, he can still take action.

Hearing Lin Tianhao's words, Fenxin Mengyan instantly understood what Lin Tianhao wanted to do.

Although Lin Tianhao's health points dropped a lot due to the damage to the Shanhai Empire, it still amounted to 27 trillion.

Using the Book of Life and Death to lock the head, the damage in one second is 270 billion. Not to mention the Star-level, even the Grandmaster-level masters can't withstand such output from Lin Tianhao.

"Shudri, the Mighty Wind."

Lin Tianhao directly wrote down Xiudeli Xiongfeng's name in the Book of Life and Death.

It is normal for Star Glory level masters to know each other. After all, there are only a few Star Glory level masters in a big force, so there is no reason not to know each other.

After a few seconds.

"Ding, congratulations, you have successfully killed Xiudeli Xiongfeng. We will announce it to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully killing Xiu Deli Xiong Feng. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

"Ding, congratulations, you have successfully killed Xiudeli Xionglan. We will announce it to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully killing Xiu Deli Xiong Lan. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

"Ding, congratulations, you have successfully killed Xiudeli Xionghuo. We will announce it to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully killing Xiu Deli Xiong Huo. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

One after another, server-wide announcements sounded. Anyone who knew a little about the Haomiao Wuji Palace knew what the Xiudeli family meant.

"The Snow Queen is so quick. She just dealt with the orcs in the Extreme Cold Land, and now she's taking action against the big power behind the Vast Infinite Palace."

"This move was too decisive, and it was such a large-scale kill. It seems that those who tried to retaliate against Xue Di really hit a wall."

"It seems that our decision to wait and see was the right one. If we had taken action, the outcome would have been even worse."

.....

Outside the former site of the vast Wuji Palace.

The young man with the long sword looked extremely ugly when he heard these server-wide announcements.

"How did he do that?!"

"We don't know the exact location of our people, and they are all scattered. How did Xue Di kill them so quickly?"

The woman in white glanced at the young man with the long sword and said in a deep voice:

"I told you from the beginning that you must never underestimate the Snow Emperor. Underestimating the Snow Emperor will only lead to our demise."

The young man with the long sword hesitated to speak, and finally said seriously:

"now what?"

At the moment when the young man with the long sword asked this question, his health bar suddenly dropped by 2 trillion! !

Before he could react, his health bar dropped another 2 trillion and he died on the spot.

This work is naturally from Lin Tianhao.

The young man with the long sword is the emperor-level master sent by Wuji Dengtian Palace.

As the top genius in Zhongzhou, his health points are not too high.

His real strength lies in his method of attack.

But now, he was directly dealt with by Lin Tianhao.

The woman in white stared at the scene blankly, feeling a chill running straight to her head.

She didn't even see who made the move, but the young man with the long sword was already killed! !

"Announcement to all servers, congratulations to Xue Di for successfully killing Shudri Black Emperor. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

When this server-wide announcement resounded over the sky above Ragnarok, those forces who had been watching from the sidelines or those who had joined forces with Wuji Dengtian Palace were all horrified.

Others may not know who Shudri Black Emperor is, but they know it very well.

"Shudri Black Emperor... is dead!!"

"What on earth happened? Didn't we say we would split up and not fight Xue Di head-on? How could this happen?!"

"It seems we have provoked something that we shouldn't have provoked. Is it too late to leave now?"

.....

Lin Tianhao's killing of Xiudeli Black Emperor still has a very strong deterrent effect on those guys in the dark.

of course.

The most important thing is that Lin Tianhao killed so many people in a row, which inevitably made them frightened.

The inner world.

A thin young man with sunken eyes looked at the latest information with disbelief in his eyes.

Chapter 1449 Dragon Blood Orc: Yang Longfu!

"It seems that we have all underestimated the Snow Emperor." The thin young man looked very ugly and he sighed.

"I've waited so long, and finally got this opportunity, but it was easily resolved by Xue Di. I can't accept this!!"

The thin young man knew very well that if there was no stronger back-up, what Lin Tianhao was doing now would be enough to intimidate those guys and make them dare not take action.

Then the crisis of the Shanhai Empire this time was resolved.

Not only that.

Because of this incident, Lin Tianhao's status will be even higher.

even.

Those wavering holy places in the Shanhai Empire will truly turn against Lin Tianhao.

By then.

It would be even more difficult for him to deal with Lin Tianhao again.

"My Lord, the Snow Emperor and our Alet Galaxy are already at loggerheads. This is our chance, we cannot retreat."

A graceful woman next to the thin young man said.

The thin young man took a deep breath and said, "All the emperors have been killed, who will go? Me?"

The graceful woman hesitated for a moment and said:

"Go all out and leave no stone unturned!!"

"No matter how far we can go, we should play our role as the vanguard."

"If we don't stop Xue Di's momentum now, when our main force arrives, will we still be able to defeat him?"

Hearing what the graceful woman said, the thin young man hesitated to speak and finally shook his head.

"Wait for the God-making Plan."

The graceful woman was somewhat unwilling, "Sir, if we don't take action now, even if the God-making plan succeeds, we..."

The thin young man interrupted the woman and said:

"We have no way to deal with the Snow Emperor. This surprise attack on the Mountain and Sea Empire was meant to be a test."

"Now the results are out. The existence of Xue Di is not something we can control."

.....

Lin Tianhao's solution to these people from the Xiudeli family caused a lot of discussion.

but.

The effect of Lin Tianhao's move this time was immediate.

For the next three days, no one attacked the Shanhai Empire.

Even other holy places in the Shanhai Empire joined in to solve the problem of the spread of the toxin.

The Shanhai Empire gradually recovered, but Lin Tianhao's losses could not be underestimated.

The health points dropped by trillions, which is a real loss.

Although they have stopped attacking, it does not mean that Lin Tianhao will stop.

Extremely cold place!

Lin Tianhao returned here again. According to the information obtained from the soul search of the Poison Emperor of the Sand Sea, Lin Tianhao found the Dragon Blood Orcs in the extremely cold land.

"Who is coming?"

Just as he arrived at the gate of the Dragon Blood Orcs, a loud shout was heard, and then two Dragon Blood Orcs appeared, blocking Lin Tianhao's way.

"Snow Emperor."

Lin Tianhao spoke calmly.

"Snow Emperor!!"

The two dragon-blooded orcs were both horrified. Lin Tianhao had slaughtered hundreds of billions of them before, and now he came here again.

"Don't worry, if I'm here to kill someone, I won't waste time talking to you. I want to see your clan leader."

The two dragonblood orcs looked at each other, and one of them said in a trembling voice:

"Wait a moment, I will report to the clan leader."

Lin Tianhao didn't have to wait too long before a dragon-blooded orc who was obviously much taller walked over.

Yang Longfu (Emperor level): Level 14121.

This guy's name was somewhat different from what Lin Tianhao expected, a very oriental name.

"Xuedi, why do you want to see me?"

Yang Longfu's face did not look good. After all, Lin Tianhao killed so many of them, which was a blood debt.

Lin Tianhao saw what Yang Longfu was thinking and said angrily:

"Are you unhappy with me?"

"We have no grudges against each other. You killed hundreds of millions of people in my Shanhai Empire with one move. I was merciful by slaughtering 10 billion of you."

Hear this.

Yang Longfu hesitated to speak, and finally waved his hand and said:

"Snow Emperor, our people have already withdrawn from the Shanhai Empire, and our orcs have paid enough for what they have done. What else do you want to do?"

"Enough price?"

"In your opinion, what is a sufficient price? Even if it's one life for one life, you've only lost 10 billion orcs, and it's still not enough."

Hearing Lin Tianhao's words, Yang Longfu was a little angry.

"Snow Emperor, don't be unreasonable. We are not the only ones who attacked your Shanhai Empire. Ten billion of us died, which is already a lot."

Lin Tianhao spread his hands and said:

"You said there are more than just you orcs, so I believe there are more than just you orcs?"

That's it.

Lin Tianhao looked straight at Yang Longfu and said:

"Yang Longfu, since you said that it's not just you orcs who attacked our Shanhai Empire, then who else is there? Tell me about it."

"If there really were more than just you orcs, I wouldn't have to make things difficult for you."

Hear this.

Yang Longfu immediately understood Lin Tianhao's thoughts.

"Xue Di, so you want to know from me about the other people who attacked your Shanhai Empire."

Lin Tianhao nodded, "Smart, if you can tell us, it's not just your forces that attacked our Shanhai Empire."

"On the contrary, if you can't explain, then it is you, the orcs, who attacked our Shanhai Empire. You, the orcs, must bear my wrath."

Yang Longfu was so angry when he heard Lin Tianhao's unreasonable words.

He gritted his teeth and said:

"Xue Di, you are pushing us into a dead end."

"Is this pushing you into a dead end?"

"I just want to know who has attacked our Shanhai Empire. Is that too much?"

Yang Longfu took a deep breath and scolded:

"But if I tell you, they will never let my orc tribe go."

"If you don't tell me, do you think I will let you go?" Lin Tianhao said.

"If you are really scared, you can lead the orcs to join the Mortal Palace. Not only can all previous grievances be written off, but I can also help you ascend to the realm of the Great Emperor. You orcs can also trade with the Shanhai Empire and obtain its resources."

Yang Longfu's eyes narrowed slightly. The conditions offered by Lin Tianhao were indeed very tempting.

even.

Standing in Yang Longfu's position, he didn't even know what reason he had to refuse Lin Tianhao.

The conditions offered by Lin Tianhao were so good that they were impossible to refuse.

"Then what do we need to do?" Yang Longfu said.

Lin Tianhao said calmly:

"If you join my Fan Palace, you will naturally be my subordinate. You need to obey my orders."

"But you don't have to worry. I only want to strengthen the Fan Palace and the Shanhai Empire. I will never order you to do something you can't do, and I will never let you sacrifice in vain."

Chapter 1450 Get the list and call out the names one by one!

Lin Tianhao came to the extremely cold place this time mainly to try and see if he could get a list of the guys in the Alate galaxy.

Also.

Lin Tianhao also held on to a glimmer of hope. If the orcs could come to their senses and join the Fan Palace, it would be beneficial to him.

"Xue Di, if you had offered me such a condition before, I would have been very tempted."

"But it's no use now. I can't agree to any of your conditions." Yang Longfu responded very seriously.

It takes courage to resist the temptation to advance to the realm of the Great Emperor.

In the entire vast continent, there are only a handful of strong people who have reached the level of Great Emperor.

But Lin Tianhao also understood why.

He had just slaughtered hundreds of billions of orcs. If Yang Longfu agreed to join the Fan Palace at this time, how would other orcs view him?

"You can refuse to join the Mortal Palace, but you cannot refuse my original purpose, or you want to take the blame for them."

Yang Longfu sighed and said:

"How could I possibly take the blame for them? I'm regretting why I did that. Although we've lived a hard life in this extremely cold place for so many years, we've actually developed quite well."

"But this time, we suffered too much loss."

Lin Tianhao waved his hand and said:

"There's no need to beat around the bush. Just tell me the names. I want a list. You know, I want to know everyone who attacked our Shanhai Empire this time."

Yang Longfu shook his head and responded very seriously:

"I do know some, but not all. I hope it will be useful to you."

talking.

Yang Longfu took out a pen and paper and quickly wrote down a list.

"Realm, faction, name, everything I know is written here."

Yang Longfu stared at Lin Tianhao meaningfully.

Because he knew that Lin Tianhao was moody and capricious, and it was completely unpredictable what he would do and when.

He was even a little worried that if he gave the list to Lin Tianhao, Lin Tianhao would take action against them after taking the list.

"That's it. Also, you can consider it. Not only you, I can help the chiefs of every tribe of your orcs to upgrade one rank."

"Joining the Fan Palace will bring you a hundred benefits without any harm. You should know that a great change has occurred in the Central Plains. You will definitely not be able to survive without a backer in the future."

When Yang Longfu heard Lin Tianhao's words, a look of horror appeared on his face.

What a bold statement it is to upgrade all the clan leaders of their orc tribe by one rank.

"Clan leader."

A dragonblood orc stepped out and said, "Xuedi is telling us that he has something that can help us advance to a higher rank."

"Moreover, he promised to help so many clan leaders of our orc tribe to upgrade, which means that the price he needs to pay to upgrade the rank of these people is not high."

That's it.

The dragonblood orc paused for a moment before saying:

"However, we cannot rule out the possibility that Xue Di is fooling us."

Yang Longfu shook his head and said:

"The probability that Xue Di is fooling us is very low, because this lie can be easily exposed, and it will not do him any good."

Yang Longfu hesitated for a moment and said without hesitation:

"Send the order immediately and summon all the chiefs of the orc tribes to a meeting."

.....

Lin Tianhao left the Dragon Blood Orc tribe and looked at the list in his hand with a cold light flashing in his eyes.

Not surprisingly.

This time, it was indeed those guys from the Alate Galaxy who took the lead and united several super powers from the Zhongzhou Continent to get rid of him.

Because of the unknown changes that have taken place in Zhongzhou Continent, the major forces in Zhongzhou Continent all want to continue their own traditions in other places.

The forces in other continents are already deeply entrenched, so it would be harmless if they only sent a small number of people there.

But if tens of millions or even hundreds of millions of people were sent there, or if a Taoist school were to be established in some place, conflicts would definitely arise.

In addition, Lin Tianhao's previous revival of the Shanhai Empire had offended many major forces, which made these super forces set their sights on him.

but.

Lin Tianhao just wanted to say that it was stupid of them to target him.

In fact, if they had come to him to have a good talk at the beginning, Lin Tianhao might not have refused.

after all.

He actually hopes that the Shanhai Empire will have as many people as possible.

Glancing at the list in his hand, Lin Tianhao showed a playful smile on his face.

"In that case, let's start the massacre with old acquaintances."

"Ding, congratulations, you have successfully killed Yuelun Kro. An announcement will be made to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Yue Lun Kro. We hereby announce this and hope that all adventurers will continue to work hard!!"

.....

"Ding, congratulations, you have successfully killed Yuelun Ketian. An announcement will be made to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully killing Yue Lun Ke Tian. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

"Ding, congratulations, you have successfully killed Yuelun Kedi. An announcement will be made to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully killing Yue Lun Ke Di. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

One after another, server-wide announcements were made. Previously, the super power corresponding to the Haomiao Wuji Palace had changed to the super power corresponding to the Yuelun Demon Palace.

But this time, it did not cause much shock.

After all, Lin Tianhao had slaughtered many masters before, and they already knew that Lin Tianhao was fighting back.

just.

Only those who are truly involved in this operation know how outrageous what Lin Tianhao is doing now.

They didn't know each other's position, but Lin Tianhao locked them accurately and took care of them.

The super powers behind the Yuelun Demon Palace and the Haomiao Wuji Palace have been sanctioned by Lin Tianhao. Who will be the next?

Everyone present had an ugly look on their face, they didn't know if they would be the next.

Lin Tianhao looked at the people on the list. The super power behind the Moon Wheel Demon Palace also sent over emperor-level masters.

However, Lin Tianhao is now unable to replicate the action that killed Xudri Black Emperor.

The reason why we were able to kill Shudri Black Emperor was not because of the Book of Life and Death, but because of damage transfer.

The second wonderful use of Lin Tianhao's double clones is that after his original body dies, he immediately uses the second clone.

After the death of the second clone, his original body was resurrected again in the same place.

Then the original body was killed again, and the second clone was resurrected.

In this way, Lin Tianhao can repeatedly transfer damage, which is almost unstoppable! !
