Chapter 1481 Saint Vision, Behind the Domain!

The Lord of Luotian was at the level of the Great Emperor before. Even if he has reached the level of the Divine Grade now, he should not become so strong.

After all, the dark angel in front of him is a saint-level life form.

To be precise, it is very likely a life form above the saint level.

Even though he has not recovered even one millionth of his peak strength, he still cannot be killed by mortal man.

"You are very bold, but do you know me? How dare you say you will kill me?"

There was a hint of mockery in the dark angel's eyes as he looked at Lord Luo Tian.

Obviously.

Even the Dark Angel himself thought that it was a fantasy for the Lord of Luotian to want to kill him.

however.

The Lord of Luotian looked at Lin Tianhao meaningfully and said:

"Xue Di, you are the heir of the Fan Palace. You have enough resources and talents. In fact, in the future, you can consider pursuing the ultimate."

"In the Ancient Mystical Realm, you should know that there is a monster who has reached the Ninth Level Emperor Realm. You can do the same, too. In fact, you can do even more than him."

"The ultimate of a mortal is better for your future path."

"Some people pursue perfection in the mortal realm, and never want to go further after becoming a god. Such people never pursue stopping at the divine realm."

As Lord Luo Tian spoke, his aura continued to rise.

His eyes fell on the Dark Angel, and he said calmly:

"You ask me who you are? You are just a reptile hiding in the dark. You rely on the fact that you have lived long enough to improve your life level step by step, and then you become the big tail wolf here."

"You know why you are here and haven't been expelled? Because you need to be a stepping stone for some people."

"This is also... a little compensation for me."

Hearing these words from Lord Luo Tian, the Dark Angel frowned.

He stared at the Lord of Luotian, "What do you mean?"

"Even if you have entered the Divine Level with the Multi-Grade Emperor Realm, how far have you gone in the Divine Level? Why do you think you can deal with me?"

The Lord of Luotian smiled and said:

"You're not running? I would have thought it was a waste of effort, but if that's the case, then it's simple."

The dark angel was angry.

"Run? Why should I run? Just because of you? What right do you have to make me run!?"

The Lord of Luotian did not answer, he just made a hand gesture.

"The Yin-Yang Lotus grows on the earth, the sun, moon and stars spread across the sky, and the six paths of reincarnation begin..."

As the Lord of Luotian spoke, a black and white lotus appeared on the ground, and the sun, moon and stars appeared in the sky at the same time.

Behind the Lord of Luotian, the Six Paths of Reincarnation appeared, and endless pressure was released.

Even though Lin Tianhao did not face all this directly, his body was still pressed down and he almost knelt down.

Even powerful masters like the Burning Heart Nightmare and the Sand Sea Poison Emperor, who were at the level of divine masters, were still suppressed and looked ugly.

"How... how is it possible?!"

"Saint Vision!!"

"How can a mere mortal like you master the visions of a saint?!"

The Dark Angel could no longer remain calm at this point, and a look of fear appeared on his face.

"No no no... This is absolutely impossible!!"

"No one can master the vision of a saint in the mortal realm. This is all fake. You want to scare me away with this method? Watch me shoot it with one arrow! "

The dark angel drew his bow and drew his arrow again.

Obviously.

He didn't believe what he saw and wanted to resist.

But his resistance was so ridiculous.

A star lit up, and the power of the star poured down. The infinite might instantly brought the dark angel to his knees.

"I have been practicing hard in this land of China for such a long time, and I have only managed to light up a star. Now, I want to borrow your power to light up the moon."

"no, do not want!!"

"Please, it's really not easy for me to survive to this day, please..."

"what--"

A dim moon suddenly came closer, and the huge moon seemed to be attached to the back of the dark angel.

Followed by.

Lin Tianhao could clearly feel that the power of the dark angel began to flow into the moon continuously.

Lin Tianhao couldn't help but take a breath. The power of Lord Luotian once again subverted Lin Tianhao's imagination.

"You...I underestimated you." Lin Tianhao said with a wry smile.

The Lord of Luotian smiled and said:

"I just have better talent and have spent more time cultivating."

"I am also very talented." Lin Tianhao said.

The Lord of Luotian smiled slightly, "When I told you that I have better talent, it means... that I am better than you."

"At least, better than you are now."

Hear it here.

Lin Tianhao couldn't help but gasp.

Although he has only awakened three of the Heavenly Punishment angles, it is already quite amazing.

But the Lord of Luotian actually said that his talent was better than his current one.

"How strong was this guy at his peak?" Lin Tianhao asked.

The Lord of Luotian thought for a moment and said:

"do not know."

"He should be around the Heavenly Dao Saint realm, and probably not yet at the Eternal realm."

Lin Tianhao took a deep breath. The Heavenly Dao Saint Realm, this was also quite terrifying.

Just thinking about it gives one the chills.

"It's a bargain for me, and it's also a bargain for you."

"His body was beaten to pieces and his strength was dispersed, so I had the opportunity to use the Saint Vision to devour him."

Lin Tianhao couldn't help but gasp, "Saint vision? What is that?"

Lin Tianhao had spent the past ten years of his life struggling in the mortal realm, and knew very little about this saintly vision.

The Lord of Luotian thought for a moment and said:

"It can be regarded as a sublimation of the field."

"Domain, God's Domain, Realm, and then vision, saint vision, heavenly saint vision, this is the general process of promotion."

Lin Tianhao raised his eyebrows. He really didn't know much about this.

"There is no hierarchy in a domain. The strength of a domain depends only on one's understanding of the Dao of the corresponding domain."

"For example, your Sky-Splitting Domain. The stronger your Space Avenue is, the stronger your Sky-Splitting Domain will be."

"You know the Divine Realm. It's not just a place name, it's also a name for the second realm of the domain."

"The divine realm is not simply about enlightenment. It requires the complete fusion of one's own Dao and divine power, and the sublimation of one's own realm. Only in this way can one enter the divine realm."

"In your own divine domain, you can mobilize the divine image at will and use it to assist in battle."

"And the realm, that is, the divine realm has been sublimated again, and has become a small world."

"But at this time, the small world is still just a pure elemental force, using elemental power to influence reality."

Lin Tianhao listened with great interest. Not everyone could teach him this knowledge.

If you learn this knowledge now, you can avoid many detours in the future.

"When you reach the vision, it actually means that the things in the small world begin to materialize. After materialization, the things will be more powerful."

Chapter 1482: Heavenly Vision: A Sinful Fog!

"Similar to my vision of the sun, moon and stars, even if I light up a star, the star power that pours out is far beyond the ability of ordinary people to contend with."

Lin Tianhao was secretly shocked. "Before I heard you say this, I just thought that the saint's vision was very strong, but I didn't have a more intuitive concept."

"But after listening to what you said, I realized how outrageous it is that you have mastered the saint vision at this stage."

The Lord of Luotian smiled without comment and said:

"You have only been practicing for a little over two years, and you have already reached this point. You can even kill gods. This is actually outrageous to us."

"I have seen many geniuses born, but none like you."

Lin Tianhao smiled awkwardly and said:

"Isn't it because I am in the era of creating gods? It is normal to make faster progress."

The Lord of Luotian shook his head and said:

"You still underestimate yourself. Work hard. In the same amount of time, my current achievements may not be better than yours."

Lin Tianhao was silent.

Lord Luo Tian has indeed been practicing for a long time, but what he said is somewhat self-deprecating.

Because Lin Tianhao just saw it.

The Lord of Luotian has more than one saintly vision.

"Lord Luo Tian, I have a question."

"Should we pursue multiple paths or should we pursue ultimate power?"

This is a question in Lin Tianhao's mind.

He was practicing in a scattered manner before, but now he began to concentrate on comprehending the way of space because Lin Tianhao had such doubts in his mind.

"If you pursue the ultimate in a single power, you will progress very quickly, but you will get stuck at a certain level and won't be able to improve any further. This is inevitable."

"If you pursue multiple paths, as long as the arrangements are reasonable enough, your progress will be slower, but your ceiling in the future will also be higher."

"The higher your talent, the higher the limit of your pursuit will naturally be."

"It's just like these people in Zhongzhou Continent. They are not afraid of being masters at the level of Great Emperors, but they still stay to pursue the tenth and eleventh revolutions."

Lin Tianhao understood.

Just as the Lord of Luotian said, is it better to become a god directly after the ninth transformation, or to pursue the tenth or eleventh transformation?

After all, in terms of power level, a tenth-level being is not as good as a real god.

And at this time.

The dark angel was imprisoned in the saintly vision of the Lord of Luo Tian and could not move.

He could only watch helplessly as his power was devoured bit by bit by the Lord of Luotian.

"You are devouring my power to fill your saintly vision. This is simply forcing things to grow faster than they actually are. It will do more harm than good."

The dark angel gritted his teeth and said, "Let me go, I can find opportunities for you and help you fill the saint's vision."

"I can also sign a master-servant contract with you. I will be your slave and follow you around, helping you achieve eternity!!"

The Dark Angel wants to live.

He has lived for a long time, but he still doesn't want to die.

"What I said is true. It is my honor to follow a peerless genius like you."

"Even those geniuses of all races in the endless starry sky are nothing in front of you, young master. No!!!"

"They are nothing!!"

"Young Master's talent is the only one I have ever seen in my life!!"

The Lord of Luo Tian looked at the dark angel calmly and said slowly:

"Don't worry, you won't die."

"I said, that person kept you to make me successful, and also to make the person next to me successful."

Hearing these words from Lord Luo Tian, the Dark Angel glanced at Lin Tianhao.

"Why don't I quite understand what you mean?"

"You will understand soon." said the Lord of Luotian.

At this moment.

The fog in the sky began to dissipate at a speed visible to the naked eye.

"By devouring you, I can devour the power of your other clones, which saves a lot of trouble."

It is naturally impossible for this dark angel alone to light up the moon, but the fog of the Central Plains continent and all other fog monsters together constitute the true form of this monster.

The dark angel before him was only a small part of this starry sky monster.

"Sir, I really didn't lie to you. Relying on devouring the power of living beings to fill your vision will destroy your vision."

"You are gifted and your future achievements are limitless. You shouldn't use this method to force your growth."

The Lord of Luo Tian glanced at the dark angel indifferently and said calmly:

"Guess how my star is lit?"

"I have often set foot in the endless starry sky. Don't you think it's childish to deceive me with such words?"

The dark angel's expression did not change at all, and he said bluntly:

"I didn't lie to you, everything I said is true!!"

The Lord of Luotian turned a deaf ear and said nothing.

See here.

The dark angel's expression was extremely gloomy.

"I told you that I really wanted to follow you, but you didn't appreciate it."

"Since we're all going to die anyway, we might as well give it one last try."

As the Dark Angel finished speaking, the fog in the sky began to gather madly.

"You have the vision of the saint, and Laozi also has the vision of the saint of heaven."

"Heavenly Vision: The Sinful Mist that Covers the Sky!!"

Countless mists began to gather, and Lin Tianhao's heart tightened.

This must be the dark angel trying his best.

"Snapped--"

however.

Just now.

The Lord of Luotian snapped his fingers.

This strange phenomenon of heaven suddenly collapsed.

"How... how is it possible?"

"How could you possibly interrupt my Heavenly Vision!!"

The Dark Angel felt that his three perspectives were about to be shattered.

"If you were a Heavenly Dao Sage now, I would definitely not be able to interrupt you if you used Heavenly Dao Visions. But now you only have this much strength. It is not difficult to interrupt the Heavenly Dao Visions that are barely gathered together."

"It's not difficult, sir!!"

The dark angel couldn't help but swear, "What kind of monster are you?"

"What kind of little world is this? How could it give birth to a monster like you?"

"Impossible, this is simply impossible!!"

The Lord of Luotian smiled and said:

"There is nothing strange in this world, and nothing is impossible."

"Just like you, who is just a reptile, can actually grow to the level of a Heavenly Saint. Isn't this also impossible?"

The Dark Angel's face became extremely ugly. He lost his composure and started to resist frantically.

But his resistance seemed so funny, ridiculous and completely useless.

After about half an hour, the moon of Lord Luotian was already half lit.

at this time.

The Lord of Luotian looked at Lin Tianhao and said:

"Kill him and send him to the list of gods."

Lin Tianhao widened his eyes and said in disbelief:

"What do you mean? He is a powerful person at the level of Heavenly Saint. Can the Conferred God List withstand it?"

The Lord of Luotian smiled without comment and said:

"Don't worry, the Conferred God List in your hand is not the Conferred God List written by a saint."

Chapter 1483 1 million free attribute points, the Lord of Luotian goes to the Divine Realm!

Lin Tianhao took a deep breath, and he instantly understood what Lord Luotian meant.

The List of Gods in his hand came from the List of Gods of the Source of Tao.

The Source God of Tao is an existence above the Eternal Realm, at least two realms higher than the Heavenly Dao Saint.

Under such circumstances, there is a high probability that the List of Gods taken out by the God of the Source of Tao will be able to suppress this guy.

"it is good!!"

Wealth and wealth are found in danger.

Although Lin Tianhao still feels that there are some risks, if he can really send this dark angel to the list of gods, then he will have a super trump card.

Arrows poured out.

The fog monster, which had previously only been weakened by Lin Tianhao, now began to panic.

"No, no, no... please don't kill me, please..."

Lin Tianhao did not answer, but directly poured out feather arrows, killing him.

"Ding, congratulations, you have successfully killed an unknown creature, free attribute points +1 million, and a server-wide announcement will be made soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to the player Xue Di for successfully killing an unknown creature, and gaining +1 million free attribute points. We hereby announce this, and hope that all adventurers will continue to work hard!!"

.....

When this server-wide announcement was made, the entire Ragnarok world was in an uproar.

"What did I hear?? How much is the reward? How much is this reward?!!"

"One hundred million?? Did I hear it right? Who the hell did Xue Di kill? The reward is one hundred million free attribute points. This is really a case of one dying of drought or one dying of flood, right?"

"I was so proud of myself today for getting 150 free attribute points, and you told me that Xue Di killed a monster and was rewarded with 100 million free attribute points?"

"The gap between people is like the gap between people and heaven. It is impossible to overcome it in this lifetime."

.....

100 million free attribute points!!

This is so shocking.

No one can remain calm.

Even Lin Tianhao himself was a little excited.

It was the first time for him to obtain so many free attribute points. If all of them were converted into Heavenly Punishment Attack Speed, could his Heavenly Punishment Attack Speed exceed 100?

Lin Tianhao felt that even if it wasn't possible, it would be almost the same.

Before, because continuing to increase the attack speed of the Heavenly Punishment required a huge amount of free attribute points, Lin Tianhao was about to give up.

I didn't expect that such a windfall would come.

at the same time.

Lin Tianhao also included the Dark Angel in the List of Gods.

This is a saint of heaven. Even with the endorsement of the Lord of Luotian, Lin Tianhao is still a little worried that the List of Gods will not be able to accommodate the Dark Angel.

Available soon.

Lin Tianhao realized that he was worrying too much.

but.

Lin Tianhao's face fell before he could even feel happy about successfully sending this dark angel to the List of Gods.

Because he found out.

After this dark angel was listed on the Conferred God List, his strength was reduced to the peak of the God Emperor! !

and.

Because the gods cannot take action, the dark angel has fallen silent.

Besides.

There is another thing that makes Lin Tianhao a little bit upset.

That is.

The Investiture of the Gods forcibly lowered the realm of the Dark Angel, but Lin Tianhao could barely accept it.

But why has the realm of the Dark Angel been suppressed, and why has the Mark of the God Slayer not been obtained yet?

It turns out that when I killed him, I was still a Heavenly Saint, but after the kill, I was downgraded to the level of God Emperor in the List of Conferred Gods, right?

This is a disadvantage no matter how you look at it.

But on second thought, Lin Tianhao felt that it was not a loss.

After all, he got 100 million free attribute points and a thug at the level of God Emperor.

and.

According to Lin Tianhao's speculation, although this dark angel is now at the level of God Emperor, his combat power should be far above that of ordinary God Emperors.

"The troubles of Zhongzhou Continent have been solved just like that."

Lie Hongyu came from the air with a look of disbelief on his face.

She glanced at Lord Luo Tian, then looked at Lin Tianhao.

"There is actually such a strong person in this land of Shenzhou."

Lin Tianhao spread his hands and said:

"Although I have known Lord Luo Tian for some time, I only just found out how powerful he is."

The Lord of Luotian smiled and said:

"Xue Di, I am going to the Divine Realm. It won't be long before you will also come to the Divine Realm. Then, we will see each other in the Divine Realm."

Lin Tianhao cupped his hands and said:

"Well, Lord Luo Tian, by the time I go to the Divine Realm, you may already be a giant. By then, you have to protect me."

"I hope so."

The words fell.

The Lord of Luotian soared into the sky.

A beam of light descended from the sky, enveloping the Lord of Luo Tian.

In just a few breaths, the Lord of Luotian disappeared.

Lin Tianhao took a deep breath, looked at Lie Hongyu, and said:

"I have resolved the crisis in the Central Continent, so you must give me some generous rewards."

Lie Hongyu smiled awkwardly and said:

"To be precise, it was the senior who just went to the Divine Realm who solved it. However, since you killed the fog monster, I will reward you for capturing up to three fog monsters."

Lin Tianhao was a little disappointed. Even if Lie Hongyu was his own person, it would still be unlikely for him to find a bug.

But with three million free attribute points and three million contribution points, it's not bad.

Besides.

Lin Tianhao also realized a problem.

That is.....

The significance of the existence of this fog monster seems to be related to himself and the Lord of Luotian.

If he had not stood out in his previous life, this fog monster might have become Lord Luo Tian's meal shortly after entering the Zhongzhou Continent.

This is probably the reason why not many people know about the happenings in Zhongzhou.

Because according to the time process, the time point when this fog monster entered the Zhongzhou continent should be about a year and a half after the launch of Ragnarok.

At that time, there were not many adventurers from various countries who entered the Mekolatin Desert, let alone crossed the Mekolatin Desert and then crossed the sea to reach the Central Plains.

After all, one and a half years is the time when people level up like crazy. Only a few people reach level 2,000 and begin to attain enlightenment.

At this point in time, it is not even time to explore the map.

and.

It is very likely that the fog monster was intercepted as soon as it entered the galaxy world.

After all, Lord Luotian said that this fog monster should be a little compensation given to him by that person.

In fact, Lin Tianhao had some guesses at the beginning.

There is a high probability that his existence has robbed some opportunities that should have belonged to the Lord of Luo Tian.

Some traces of the past are also shown.

If one were to explain it in a reasonable way, it would be that before he entered Ragnarok, the destined protagonist of this world was the Lord of Luotian.

After he arrived at Ragnarok, especially after he awakened his super-god-level talent, he replaced the Lord of Luotian and became the new Son of Destiny of the Galactic World.

In this way, everything seems to be explained.

As for who defines the Son of Destiny, it is probably the God of the Source of Tao.

Chapter 1484: Ghost gives birth to an old boy!

After watching Lord Luotian leave, the crisis in Zhongzhou Continent was resolved.

Including the 3 million free attribute points he got from Lie Hongyu this time, Lin Tianhao gained more than 111 million free attribute points during this trip to Zhongzhou.

Looking at his long string of free attribute points, Lin Tianhao couldn't help but feel a little excited.

Because this is the first time that Lin Tianhao has obtained so many free attribute points.

However, Lin Tianhao was not in a hurry to use these free attribute points. Instead, he looked at Lie Hongyu and said:

"I will help you to advance to the God level now, can you do it?"

Lin Tianhao had just killed the dark angel, and new liquid naturally accumulated in the Beast God's Bottle.

and.

After Lin Tianhao killed the Dark Angel, he could feel that the Beast God Bottle in his hand seemed a little different.

Just as if.

By killing the Dark Angel, he obtained not only a drop of Evolutionary Divine Liquid, but also some changes occurred in the Beast God Aquarius itself.

It's just that this change cannot be observed directly.

therefore.

Lin Tianhao couldn't tell for a moment what this change was.

"no problem."

Lie Hongyu was a little excited. To be promoted to a divine level was something she had never dared to think of in her dreams.

But now.

Lin Tianhao told her that he would help her advance to the Divine Level!!

"For us veteran emperors, we all have a good foundation."

Lie Hongyu has stayed in the realm of the Great Emperor for quite a long time, so her background is naturally not to be underestimated.

"bring it on."

Since Lie Hongyu said there was no problem, Lin Tianhao was naturally willing to believe Lie Hongyu.

After Lie Hongyu took the divine liquid of evolution, his aura began to rise continuously.

In just a few breaths, Lie Hongyu had broken through the shackles of the Great Emperor realm and reached the divine realm.

"Rumble--"

Above the sky, thunderclouds rolled.

It's another thunder tribulation, but this time there isn't any big problem.

Lie Hongyu entered the realm of divinity very smoothly.

Feeling the surging power in his body, Lie Hongyu's face showed excitement.

"Is this the realm of the Divine Master? I feel like even if I were to face ten of my past selves, I'd be able to defeat them!!"

around.

When the people in Nulong City saw Lie Hongyu ascend to the divine level, excitement showed on their faces.

Lie Fusheng flew over directly and said excitedly:

"Sister, you have been promoted to the Divine Level!!"

Lie Hongyu nodded, but Lin Tianhao said:

"Let's go to Wuji Dengtian Palace." Lin Tianhao said slowly.

Plus the fierce red rain.

He now has three powerful men at the divine level around him. In this situation, there is no one in the entire Ragnarok who can stop him.

Unless... a saint or a being above a saint takes action.

Lie Hongyu nodded slightly. She knew very well what Lin Tianhao wanted to do, but she had already been on the List of Gods and was absolutely loyal to Lin Tianhao. There was no way she would go against Lin Tianhao's will.

"Okay, let's go there now."

Lin Tianhao looked at Lie Fusheng and said:

"You take them here and rebuild the city-state. The fog crisis has been resolved and you can resume your previous life."

Lie Fusheng bowed and said, "Yes, Lord Palace Master."

Only then did Lin Tianhao and Lie Hongyu head towards the Wuji Dengtian Palace together.

"Are there many powerful people in Wuji Dengtian Palace?" Lin Tianhao asked.

Lie Hongyu thought for a moment and said:

"There is no one in Wuji Dengtian Palace who is too powerful. He is not at the ninth level of the Great Emperor."

That's it.

Lie Hongyu paused for a moment before slowly saying:

"But it is rumored that there is an old ancestor in Wuji Dengtian Palace who has never appeared in the world. He has already reached the realm of the Tenth Revolution Great Emperor."

"This rumor is from a long time ago. Many people speculate that the ancestor of Wuji Dengtian Palace may have gone to the Divine Realm."

"The reason why Wuji Dengtian Palace didn't tell anyone is probably because they wanted this powerful Tenth Revolution Emperor to continue to intimidate us."

Lin Tianhao raised his eyebrows and said:

"Are there monsters in your Zhongzhou Continent?"

There are hidden monsters in the vast continent. When the monsters revived, Xudeli Baiyun borrowed the power of the monsters to reach the king level, and it was not an ordinary king level.

Wuji Dengtian Palace is the super power behind the vast Wuji Palace. They may also be able to gain power from monsters.

If that's the case, he needs to be cautious.

just in case.....

This powerful emperor who has reached the tenth level is really still in the Wuji Dengtian Palace. If he were to go one step further and achieve the realm of the tenth level of divine quality, it would indeed be a lot more troublesome for him to deal with.

"Of course I know that, but the monsters have basically been dormant. I haven't heard of monsters in the entire Zhongzhou continent for a long time."

"There are some wild monsters with demonic properties, but compared to real monsters, the gap is still very obvious."

The two of them came to a golden city. On the golden city were three words: Wuji City! !

Judging from the name, Wuji City is closely related to Wuji Dengtian Palace.

"As the fog descended, Wuji Dengtian Palace also built a golden city near their forces."

Lie Hongyu's voice sounded, "Many masters of Wuji Dengtian Palace should be in this golden city."

"Fierce red rain."

Just at this moment, a calm voice was heard.

Followed by.

Lin Tianhao saw a middle-aged man in a long gown walking towards him.

I see it coming.

Lie Hongyu was a little surprised.

"Ghosts give birth to old children."

Guisheng Laotong nodded gently, "So you still remember me."

Lin Tianhao glanced at this ghost-like old boy.

The Ninth Revolution King level, if it was placed before, it would still have some capabilities.

But now.

The Ninth Revolution King level seemed insignificant in front of Lin Tianhao.

"What are you doing here? Where are the other people from Wuji Dengtian Palace?" Lie Hongyu asked.

"The fog has disappeared, and the Snow Queen is shining brightly again in the Central Continent. At this time, anyone with a brain knows that the Snow Queen will settle the score later."

"Not only that."

"You should have told Xue Di that our Palace Master has clues about the Heavenly Punishment Equipment."

Lin Tianhao smiled and nodded, saying:

"You are right. So, where are the people from Wuji Dengtian Palace?"

"Or do you think you can stop me?"

Guisheng Laotong smiled noncommittally and said:

"The Snow Queen has great skills, so I won't embarrass myself in front of you, the Snow Queen, with my little tricks."

"I'm saying this because I feel like I should do something."

Lin Tianhao raised his eyebrows and said:

"What do you want to do?"

"Please advise the Snow Queen to show mercy." Guisheng Laotong said.

Lin Tianhao sneered, "You're trying to persuade me to show mercy, but do you know how many people in our Shanhai Empire died this time?"

Chapter 1485 Xiudeli White Fox!

Guisheng Laotong nodded gently, "I didn't know it before, but I know it later. Now I can understand your anger."

"So, are you here to die?" Lin Tianhao said.

Guisheng Laotong shook his head and said very seriously:

"No one wants to die, and I am no exception. I just think that the dead cannot be resurrected. Even if you kill all of us, it will be useless."

Lin Tianhao chuckled, "But I still want to kill you all."

Guisheng Laotong was still not in a hurry, "Don't you, Xuedi, want the Heaven Punishment equipment?"

"Since I'm here to talk to you, Xue Di, I naturally have bargaining chips."

Lin Tianhao smiled playfully and said:

"I don't have much patience, so just tell me what leverage you have."

Lin Tianhao felt that he was already very patient.

"Heavenly punishment equipment."

Guisheng Laotong's answer was very simple.

"You want the Heavenly Punishment equipment, we can give it to you, including the corresponding tasks, and we can also reduce the difficulty to the lowest level."

Lin Tianhao raised his eyebrows and said without comment:

"Alright, leave the Heavenly Punishment equipment to me, and we can discuss everything else."

Hearing Lin Tianhao's words.

Guisheng Laotong was stunned for a moment. He never expected that Lin Tianhao would be so easy to talk to. According to his estimation, Lin Tianhao would not agree to his conditions so easily. At least he would try to persuade him.

But Lin Tianhao's straightforward agreement made him a little stunned.

"What? Do you want to go back on the conditions you proposed?" Lin Tianhao asked.

Guisheng Laotong smiled bitterly and said:

"No, I just didn't expect you to agree so readily."

Lin Tianhao waved his hand and said:

"Okay, who can issue a task for me? Let the person who can issue tasks come."

For Lin Tianhao, nothing was more helpful than his job change.

If you can change your job first, other things can be discussed later.

He wanted to push for ten, eleven, or even twelve revolutions! !

"Okay, I need to inform our Palace Master."

Guisheng Laotong took out a jade talisman, through which he transmitted sound.

After a while.

The old boy said slowly:

"Xuedi, wait a moment, our Palace Master will be here soon."

Lin Tianhao was not in a hurry. It was already very good that he could get the Tianfa equipment so smoothly.

Lin Tianhao didn't have to wait too long. A figure flew over at a high speed and landed in front of Lin Tianhao.

Eyes facing each other.

Lin Tianhao thought to himself: What a beautiful woman who brings disaster! !

This woman's face and figure can only be described in one word.

Disaster to the country and the people!!

It is difficult to describe the temperament she possesses in words. She just stands there, without doing anything, and it seems that she can charm all the men in the world.

Hundred Refinements Red Dust Tower...

Lin Tianhao felt a little nervous.

He is a man.

A man full of vigor and vitality.

Faced with such a woman, he didn't have much resistance.

"Hello, I am the current Palace Master of Wuji Dengtian Palace. You can call me Xiudeli Baihu."

Lin Tianhao raised his eyebrows and said with a smile:

"You really do look like a vixen."

Xiudeli White Fox walked towards Lin Tianhao.

"If you can help me reach the level of a god, I will be your vixen."

Lin Tianhao raised his eyebrows and brought out the List of Gods.

"Of course, if you are willing to be on the Conferred God List, I will agree to it."

Xiudeli Baihu glanced at the Conferred God List with some fear and said:

"Sir, this is a bit difficult for me."

"Although I am charming, I am still a virgin. If you have made up your mind, you can come to me and I will serve you well."

Lin Tianhao took a deep breath. These words of Xudeli Baihu simply numbed him to the core, making him want to do something right now.

This is really... beauty is the root of trouble!!

Lin Tianhao tried his best to calm his inner throbbing and said:

"You are playing with fire. If I wanted, I could force you to be on the Conferred God List right now."

Xiu Deli Baihu nodded, "Young Master is so powerful, if he wants to do something to me, I will naturally not be able to resist."

"But if I am included in the Conferred God List, the mission of this Heavenly Punishment Equipment may change."

Lin Tianhao chuckled, "The Heaven Punishment Equipment can be found again, but if you miss such a beautiful woman, it will be gone forever."

When the words fell.

Lin Tianhao directly lifted up Xiudeli White Fox's chin.

Such bold behavior and frivolous words actually made Xiudeli Baihu's eyes flash with panic.

But this moment of panic only lasted for a moment, and he recovered.

"Hehehe, it is my honor that you think so highly of me."

"It's just that I am a woman, and if I hinder you from becoming stronger, it would be a great sin."

That's it.

Xiudeli Baihu dodged and distanced himself from Lin Tianhao, and continued:

"How about we talk about the mission of the Heavenly Punishment Equipment first?"

Lin Tianhao nodded and said:

"Okay, then please tell me, Lord White Fox, what kind of task do you plan to use to make things difficult for me?"

Xiudeli White Fox shook his head and said:

"How could I make things difficult for you, sir? I was also tricked by the previous incident on the Haomiao Continent."

"How about this? In order to make up for my mistake, I will set this mission to kill those guys in the Alete galaxy. How about that?"

After Xiudeli Baihu said this, Lin Tianhao also received the task reminder.

"Ding, Xiudeli White Fox has issued you a mission: [Kill 100 people in the Alete Galaxy]."

[Killing Hundreds of People in the Alite Galaxy]

Mission requirements: Kill one hundred people from the Alete galaxy within one year (0/100).

Mission penalty: None.

Mission reward: Heavenly Punishment Ring +1, Free Attribute Points +10000.

"Ding, do you accept it?"

Lin Tianhao was slightly surprised.

He originally thought that Shudri White Fox might have some shameful secret with those guys in the Alate galaxy.

But he never expected that Xudeli White Fox would give him such a task.

Besides.

This time the reward was the Heavenly Punishment Ring that Lin Tianhao had obtained before.

The rings are double-hand rings, and professionals can wear two rings at the same time.

"One hundred people is a bit too many. I can't find them at all now." Lin Tianhao said.

Xiudeli White Fox smiled helplessly and said:

"Sir, this is already the easiest task."

Lin Tianhao frowned slightly, but finally chose to accept the task.

If this mission can be accomplished, it means that there are more than a hundred guys from the Arlate Galaxy in Ragnarok.

and.

The previous poisoning incident in the Shanhai Empire was obviously caused by those scums from the Alate Galaxy. He was going to seek revenge on those guys in the Alate Galaxy.

Chapter 1486 Dark Dragon Lake!

"Do you know about the Dark Dragon Lake?" Lin Tianhao suddenly asked.

Before, Lin Tianhao got the news from the female magician of Feng family that there might be Heavenly Punishment equipment in Dark Dragon Lake.

If this news is true.

Then he can also obtain two pieces of Heavenly Punishment equipment in Zhongzhou Continent.

Now that he has reached the seventh level, if he consumes these two pieces of Heavenly Punishment equipment, he will be able to complete the ninth level.

After reaching the ninth level, there were few people in the entire Ragnarok who could suppress him in terms of level.

in contrast.

He can also suppress the opponent by level.

"Few people go there. Dark Dragon Swamp is a huge swamp. It got this name because the swamp is black. Once a dragon stepped into it and got stuck in the swamp and never came out."

"Hence, it is named Dark Dragon Lake."

"It wasn't just one powerful dragon who fell there. I know of four."

Lin Tianhao frowned. Is the situation in the Dark Dragon Lake somewhat similar to that in the Heavenly Palace Jiuyou outside the domain?

These are almost taboo places, and if he sets foot in them now, he will be in danger of death.

"Then you have never tried to explore the Dark Dragon Swamp?" Lin Tianhao asked.

Xiudeli White Fox nodded and said:

"It has certainly been explored, but the result is nothing, and those who went in can't get out."

Lin Tianhao frowned. "A true master can fly into the sky and hide in the ground. He is omnipotent. How could he be trapped in a place like that?"

Xiudeli White Fox smiled and said:

"I haven't been in there, but there have been tests. Those who have entered it cannot fly. As for burrowing underground, it is highly unlikely that this is possible either."

Lin Tianhao frowned. Given the current situation, should he go to the Dark Dragon Lake or not?

The ninth-level king-level female mage from the Feng family has already joined the Fan Palace.

In other words.

She shouldn't deceive herself.

unless.....

This was a trap set by her grandfather, with the purpose of plotting against him one day.

Or maybe.

He was plotting against the person who possessed the Sky Punishment Archer.

Because according to the timeline, when the grandfather of the female sorceress of the Feng family left Ragnarok, he should not have grown up yet, and there was even no concept of Ragnarok at that time.

Lin Tianhao didn't know.

"When did I become so cautious?"

Lin Tianhao couldn't help but smile bitterly. When he just entered Ragnarok, he didn't have so much fear.

Even though he knew that it would be difficult to revive the Shanhai Empire, he still did it without hesitation.

Now that it is a relatively dangerous place, he actually started to look back and forth, worried about falling into a trap.

He has grown up and knows that it is not easy to reach the level he is at today, so he is afraid!!

is it?

Lin Tianhao didn't know either, and he seemed to have some concerns.

He was worried that if he took a wrong step, all the strength he had accumulated over such a long period of time would be wasted.

"okay, I get it."

Dark Dragon Lake, he must go! !

"Let's go to Dark Dragon Lake."

Lin Tianhao looked at Lie Hongyu.

Lie Hongyu is a powerful emperor in Zhongzhou Continent. There should be very little about Zhongzhou Continent that she doesn't know.

Especially places like Dark Dragon Lake that are quite representative.

Lie Hongyu did not dissuade him, she had confidence in Lin Tianhao.

Simultaneously.

She also knew very well that she couldn't persuade Lin Tianhao.

On the way to Dark Dragon Lake, Lin Tianhao saw a number of empty cities.

Lie Hongyu was in a low mood.

"Too many people died in Zhongzhou this time. I don't know how long it will take for Zhongzhou to recover to its former peak."

Lin Tianhao thought for a moment and said:

"It's very difficult. Even if you start to reproduce like crazy, it will probably take at least a hundred years to restore the population to its previous level."

"maybe."

Lie Hongyu nodded, "I always feel that the current Zhongzhou continent is a little too empty."

"Except for a few superpowers whose inheritances are well preserved, the inheritances of other powers are basically destroyed."

Lin Tianhao said helplessly:

"There is nothing we can do about it. The fog monster was originally a super powerful being at the level of Heavenly Dao Saint."

"That is, your bodies were beaten to pieces and turned into misty monsters. Only in this way could you survive in his hands."

"Otherwise, with his strength at his peak, the Central Plains should have been destroyed long ago."

Lie Hongyu hesitated to speak. She looked up at the sky and said slowly:

"I can feel that a great catastrophe is about to strike this world, and it won't be long before it arrives."

"My lord, you are gifted and have never thought of leaving early. With us here and so many gods on your Conferred God List, it will be safe for you to go to the God Realm now."

Lin Tianhao smiled bitterly and shook his head, saying:

"I have my own obsessions. I have to do something. If I leave now, it may become a hurdle in my heart that I may not be able to overcome in the future."

That's it.

Lin Tianhao looked at Lie Hongyu again and said:

"Do you think that with our current strength and resources, we have no power to resist the impending catastrophe?"

Lie Hongyu took a deep breath and said:

"do not know."

"But I know Shudri White Fox."

"She was able to cooperate with those guys from the Arlate Galaxy. It must be that the Arlate Galaxy offered her some benefits that she couldn't refuse."

"I destroyed the Haomiao Wuji Palace, so she should have hated me." Lin Tianhao said.

Hear this.

Lie Hongyu shook his head and said:

"No, Xiudeli White Fox is very extreme in what she does. If she really wants to attack you, she will do it with all her strength."

"What she did in the Vast Continent was more like helping those guys in the Alite Galaxy."

"She set the mission to kill those guys in the Alete Galaxy this time. It's not that she deliberately made things difficult for you, but those guys in the Alete Galaxy may not have given her what she was satisfied with."

Lin Tianhao thought about it for a while and felt that what Lie Hongyu said made sense.

"Okay, I roughly understand it." Lin Tianhao said.

As the two were talking, they soon arrived at the Dark Dragon Lake.

After all, Lie Hongyu is a powerful person at the divine level, so naturally he is traveling at a fast speed with Lin Tianhao.

At a glance, there is a black swamp with no end in sight ahead.

Lin Tianhao opened his Eye of Insight, trying to get a glimpse of the full picture of the Dark Dragon Lake.

But the result surprised Lin Tianhao.

The diameter of this Dark Dragon Lake has exceeded 50,000 kilometers.

The entire Dark Dragon Lake is black. Looking down from the sky with the Eye of Insight, it looks like a huge obsidian.

It is also like a huge pupil, an eye belonging only to the earth, looking at the endless sky.

Lin Tianhao raised his hand and pointed, and mechanical puppets flew forward.

Chapter 1487 The inner world of the earth, the sacred land of Buzhou!

Lin Tianhao came to Zhongzhou Continent this time with some preparations.

This kind of flying mechanical puppet used for exploration is very useful.

although.

According to Lin Tianhao's speculation, these guys in Zhongzhou Continent have probably also explored using flying mechanical puppets.

The result didn't surprise Lin Tianhao too much.

The flying mechanical puppet lost control as soon as it flew over the Dark Dragon Lake, and crashed straight into the Dark Dragon Lake.

Lie Hongyu smiled bitterly and said:

"Sir, many people have explored this Dark Dragon Swamp, and they must have used many exploration methods."

Lin Tianhao nodded gently, "If that's the case, then it seems that the only option is to take the risk."

Lie Hongyu hesitated to speak, obviously a little worried.

It's too risky to risk one's life.

"grown ups."

Ned Liv's voice suddenly sounded.

"You are originally comprehending the avenue of space. Theoretically, there is no place that is completely off-limits to the air. It is just a rule to suppress those whose avenue is lower than yours."

Lin Tianhao hesitated for a moment and said:

"Do you think I can come back after I have made greater achievements in the avenue of space?"

Nidlifu nodded, "Yes."

"If I were an adult, I would go to the center of the earth. To maximize the benefits of the Human King Order, the center of the earth is also a good choice."

"The most important thing is that, judging from the current situation, there is a high probability that those guys in the Alete Galaxy are hiding in the inner world."

Lin Tianhao frowned, "But there are not many natives in the inner world, most of them are demons."

When Lin Tianhao was in the inner world before, he had come into contact with those guys in the inner world.

"That may not be the case. After all, the demons are a high-level race. The population of the inner world is huge, and it is impossible that all of them are high-level races."

"and."

"For you, if you can join the Mortal Palace, what difference does it make between the demon race or the human race?"

Lin Tianhao raised his eyebrows slightly, because what Ned Liv said made sense.

Nidlifu seemed to have thought of something and continued:

"Compared with Tiangong Jiuyou, the unknowns here in Dark Dragon Lake make me feel that Tiangong Jiuyou is safer."

"At least, we returned alive from Jiuyou, but if we go deeper into the Dark Dragon Swamp, it's hard to say whether we can return alive."

That's it.

Ned Levee paused for a moment.

"If you must do it, my suggestion is to start from the inner world, then the Nine Netherworld, the Heavenly Palace, the Devil's Island, and finally the Dark Dragon Lake."

Lin Tianhao looked at the dark dragon lake in front of him and asked:

"Ned Liv, do you know something?"

Niederif shook her head and said:

"I have never been to Dark Dragon Lake before, but looking at the situation here, combined with what Xiudeli White Fox said, I can still analyze some things."

Lin Tianhao smiled and said:

"You are right. I am a person who listens to advice. So let's go to the inner world first."

The words fell.

Lin Tianhao summoned the Kunlun Mirror and headed for the center of the earth.

Perhaps because Lin Tianhao had dealt with many powerful demons before, the inner world of the earth is now very prosperous.

Lin Tianhao found a relatively large city.

Forget the city of worry.

The name is good, but I don't know if it can really make people forget their worries.

Outside the city, Lin Tianhao could see many adventurers coming and going.

The levels of these adventurers are not high, most of them are only around level 1,000.

It has been more than two years since Ragnarok was launched, but it is only around level 1,000. The upgrade speed is a bit slow.

After all, many adventurers in the surface world are striving to reach the seventh level.

Lin Tianhao stepped into Wangyou City. It was bustling with people coming and going.

There are quite a few NPCs here. It seems that I have thought too much. Although the inner world has been invaded by demons, they are not extinct.

Just like the Zhongzhou continent, after suffering this great disaster, there are still so many people alive.

Although Lin Tianhao had run maps in the inner world before, he mostly ran maps against the demons.

He is not very clear about the distribution of power in the inner world.

Walking into a grocery store, Lin Tianhao asked directly:

"Is there a map?"

The grocery store owner was a middle-aged man with long hair. He pointed to the second shelf.

"The second layer cannot be disassembled."

Lin Tianhao saw a number of rolled-up maps with wrapping paper on them.

【Detailed map of Wangyou City. 】

【Detailed map of Buzhou Holy Land. 】

[A general map of the Buzhou Holy Land.]

[A rough map of the inner world.]

This map of Wangyou City was of no use to Lin Tianhao, so he bought three other maps.

After getting the map, Lin Tianhao unfolded it and took a look.

I think I understand it.

The area he is currently in is under the jurisdiction of the Buzhou Holy Land.

Wangyou City is a main city under the jurisdiction of Buzhou Holy Land.

There are a total of eleven cities like Wangyou City in the Buzhou Holy Land.

It seems so.

This Buzhou Holy Land is not that great.

After all, there are hundreds of main cities in the Shanhai Empire.

Take back your thoughts.

Lin Tianhao took another look at the rough map of the inner world.

This... is indeed quite rough.

There are a total of seven holy places in this inner world, all marked above.

The areas of the seven holy places are divided, and the core main cities of the seven holy places and the locations of the seven holy places are also marked.

then.....

There's no after that.

If this map were in the hands of anyone else, it would be useless.

But in Lin Tianhao's hands, it is very useful.

Because he only needs to find these holy places.

It looks like it will take some effort to conquer the seven holy places.

He just hoped that they would not be ungrateful, otherwise, he would have to resort to extraordinary measures.

Think about this.

Lin Tianhao headed towards the Buzhou Holy Land marked on the map.

This time.

Lin Tianhao was not only hurrying on his way, but also observing these adventurers from the inner world.

The overall level of these adventurers in the inner world is indeed a level lower than that of the adventurers in the vast continent.

Not only that.

Lin Tianhao actually found some demons among the NPCs.

just.

These demons are now hiding among the NPCs and are not as arrogant as they were at the beginning.

Buzhou Holy Land.

Lin Tianhao arrived in front of the gate.

"Stop, this is the sacred place of Buzhou. No outsiders are allowed to enter."

Two NPCs of over level 1,500 blocked Lin Tianhao's way.

just.

Lin Tianhao walked in swaggeringly, as if he didn't see them.

The two NPCs' pupils widened, their faces filled with fear.

It wasn't that they didn't want to stop Lin Tianhao, but because when Lin Tianhao approached, their bodies couldn't move! !

Chapter 1488 Betley Buluo!

This was not done by the people around Lin Tianhao, but by Lin Tianhao's own strength.

With the power of the fourteenth level of the Inquiry Realm, it is easy to imprison two little Karamis who are over one thousand levels.

This is the power of Tao.

If there was no [Tao], Lin Tianhao could only kill them.

With Lin Tianhao's output ability, there was no way the two of them could withstand a single arrow from Lin Tianhao.

As soon as Lin Tianhao entered the Buzhou Holy Land, the guards of the Buzhou Holy Land noticed Lin Tianhao.

But the result was the same, they were trapped on the spot, unable to move.

Lin Tianhao took a step forward.

Directly travel through the void and walk inside.

"My friend, are you looking down on our Buzhou Holy Land by blatantly breaking into it like this?"

A slightly displeased voice came.

Lin Tianhao looked up and saw that the person who spoke was an old man with a goatee.

Si Huafeng (Grandmaster): Level 11251.

.....

Lin Tianhao raised his eyebrows slightly. This guy is only at the Grandmaster level. To be honest, he is very weak, extremely weak.

For Lin Tianhao now, he can be wiped out with just a casual move.

"Are you the Holy Lord of Buzhou Holy Land?" Lin Tianhao asked.

Si Huafeng did not comment and said:

"My friend, you have trespassed into the sacred land of Buzhou. I should be the one to question you."

"No? Then step down." Lin Tianhao said.

Si Huafeng felt a little annoyed, wondering how he, a master of the Ninth Revolution Grandmaster level, had ever been treated like this.

But before he could get angry, he felt a terrifying pressure descending on him, making it difficult for him to breathe.

"you--"

Si Huafeng was horrified. He was completely suppressed by just relying on pressure. How terrifying must this person's strength be! !

"Is there no one in charge of the Buzhou Holy Land?" Lin Tianhao asked loudly.

Si Huafeng gritted his teeth and said:

"I am the one in charge. Our Lord Saint has gone to encircle and suppress the demons. Now, I am in charge of any issues in the Buzhou Holy Land."

Lin Tianhao chuckled, "Encircle and suppress the demons? With your strength, can you finish the encirclement and suppression? Along the way, I have seen at least 800 demons, if not 1,000!!"

Lin Tianhao was not joking. Although he did not use the Eye of Insight to observe the demons, just in the towns he passed through on his way to the Buzhou Holy Land, Lin Tianhao saw many demons disguised as humans.

"Who are you, young man? What brings you to our Buzhou Holy Land?"

Although he was suppressed desperately, Si Huafeng remained calm.

Lin Tianhao smiled slightly and said:

"You can't make the decision, and you have no right to talk to me. Where is the Lord of your Holy Land?"

Hear this.

Si Huafeng was a little worried, while Lin Tianhao angrily scolded:

"What are you worried about? If I were here to seek revenge, I could easily kill all of you."

Si Huafeng was a little annoyed. When had they, the Buzhou Holy Land, ever been looked down upon like this?

But he couldn't say anything because he knew that Lin Tianhao was not bragging.

If Lin Tianhao wanted to, he could really wipe them all out.

"The Lord Saint took several elders to the Ten Thousand Graves Cave. There is news that there are Grandmaster-level Nine-turn Demons there."

"The Ten Thousand Tombs? Where is it and how far away is it?"

Si Huafeng raised his hand and pointed in a direction, "About 1,200 kilometers."

Lin Tianhao raised his eyebrows. That was still quite close.

Take one step.

The body shuttled through the void and moved forward.

"I hope you guys won't be cold by the time I get there."

Lin Tianhao thought secretly in his heart.

Although he has eliminated many of the most powerful demons, this does not mean that there are no more capable demons in the inner world.

Before Lin Tianhao reached the Cave of Ten Thousand Tombs, he felt the violent energy fluctuations.

Followed by.

In the sky, a gray-white sword light covered the sky and tore into pieces the body of a monster.

Lin Tianhao's eyes narrowed slightly, "People from the Alite Galaxy."

The aura of these attacks from the Alete galaxy is different from that of the attacks from the Milky Way world.

If it was just a normal attack, it might be hard to see.

But Lin Tianhao could still see through this powerful move at a glance.

"past."

Lin Tianhao used space teleportation again and came to the center of the battlefield.

at this time.

There are already three more corpses of demons on the ground.

A middle-aged man bowed to the young man who had just drawn his sword and said, "Thank you for your help, if it weren't for you, we would have had a hard time escaping unscathed this time."

As soon as the middle-aged man finished speaking, he looked at Lin Tianhao vigilantly.

Lin Tianhao's sudden appearance scared him.

"Snow Emperor!!"

When he saw Lin Tianhao, the young man in gray robe recognized him instantly.

As one of the top masters in the Alate galaxy, there are few people who don't know Lin Tianhao.

Lin Tianhao smiled playfully and said:

"In order to win people's hearts, they actually started to help deal with the demons."

The gray cannon youth frowned and said:

"Xuedi, we are already avoiding you, why do you have to kill us all?"

Lin Tianhao snorted coldly, "What a great way to turn the tables and kill me? Have you forgotten what you did to my Shanhai Empire some time ago?"

"Hundreds of millions of people in our Shanhai Empire died because of the poisonous fog you created."

Hear this.

The young man flatly denied it, "Xuedi, please stop slandering us. We have been avoiding you. How could we possibly attack your Shanhai Empire again?"

"The ones who really took action were those people from Zhongzhou Continent. We have been in the Earth's Core, helping them rebuild their homes and deal with the masters of the Demon Clan. We don't have the time to target you."

The middle-aged man next to the gray-robed young man heard the problem and said:

"Hello, Xuedi. I am Si Tianfu, the Holy Lord of Buzhou Holy Land. I can testify that the gods have been helping us deal with the demons recently."

A cold light flashed in Lin Tianhao's eyes. These guys in the Alite Galaxy are getting better and better at playing.

Win over these NPCs in the inner earth world and help them deal with the demons. If you take action against them, you will become the enemy of these NPCs in the entire inner earth world.

This is really a good plan.

Stand directly on the moral high ground.

But who is Lin Tianhao?

Since Lin Tianhao has no morals, he will not be kidnapped by morality.

"I have my own information channels. You can't just say no to them."

"I've been to the Extreme Cold Land and the Central Plains Continent, and the results have proven one thing: it was you who attacked the Shanhai Empire!!"

The gray cannon youth said with a gloomy face:

"Xue Di, I know there are some grievances between you and me. If you are dissatisfied with us and want to attack us, why bother looking for such a high-sounding excuse? Just attack us directly!!"

"I, Belit Buluo, have always acted uprightly throughout my life. I am worthy of heaven and earth, and even more worthy of my own conscience!!"

Chapter 1489 The Lord of Buzhou Holy Land: Si Tianfu!

When Lin Tianhao heard what Belit Buluo said, he couldn't help but want to laugh.

This is really a high-sounding statement.

"Xue Di, you, like the Lord God's Envoy, have made great contributions to the Underworld over the years. I respect you. I can also tell you for sure that the Lord God's Envoy has been in the Underworld recently and has indeed not been to the surface world."

"They... they wouldn't do something like slaughtering tens of billions of people."

Lin Tianhao smiled noncommittally and said:

"You want to protect him?"

"Or... do you think you can protect him?"

These guys from the Alate Galaxy are plotting something! !

If he takes action here, the indigenous people of the inner world will definitely have a bad impression of him, and it will be extremely difficult for him to develop his own power in the inner world in the future.

Kill him or not, he will suffer losses!!

But would Lin Tianhao care about these? He wouldn't!!

After just a moment of thought, Lin Tianhao's feather arrow was already launched.

When Belit Bulu saw this scene, a look of horror appeared on his face.

His strength is not bad, although he is only at the Nine Revolutions Grandmaster level, but because of some special methods of his own, he is also able to fight against the Nine Revolutions King level.

People like him who can fight across a level are rare in the entire Ragnarok.

of course.

Lin Tianhao is an exception.

In Ragnarok.

Even among adventurers, there are battles across levels, but there are very few who want to fight across grades.

There was an extra stone talisman in Belit Buluo's hand, and black light was flowing on the stone talisman.

This stone talisman of his can withstand three trillion-level attacks and is a life-saving item that he treasures on his body.

Whenever he encounters an opponent he cannot contend with, he will use this stone talisman.

After fending off three trillion-level attacks from his opponent, this time was enough for him to escape.

"Snapped--"

But the next moment.

What shocked Belit Buluo was that his stone talisman that could withstand three trillion-level attacks was pierced through by Lin Tianhao's feather arrow in an instant.

"This...how is this possible?!"

Belit Bulu retreated frantically, and his body became a phantom.

While retreating, he slashed out with the gray-white sword light again.

He did not try to use the gray-white sword light to block Lin Tianhao's attack.

He wanted to force Lin Tianhao to retreat.

This gray-white sword light was directed at Lin Tianhao.

Lin Tianhao took a deep breath, a cold light flashed in his eyes, "Don't overestimate your own abilities!!"

Lin Tianhao did not dodge, but shot three arrows in succession.

Just the first arrow raised the sword light.

Si Tianfu, the Lord of Buzhou Holy Land, opened his eyes wide with disbelief on his face.

He really couldn't imagine how Lin Tianhao had done it to become so powerful.

"Die!!"

Lin Tianhao used the space rules again to imprison Belit Bulu.

With Lin Tianhao's current control over the rules of space, it is impossible to completely imprison Belit Buluo.

However, it is still very easy to temporarily restrain Belit Bulu.

"Do not--"

Belit Buluo was terrified. He screamed in despair, but it was of no use.

When Lin Tianhao shot the arrow, he never thought of giving him a chance to survive.

"Ding, congratulations, you have successfully killed Belit Bu Luo. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

Belit Bu Luo, the ninth-level Grandmaster, was killed. It wouldn't make much sense for him to hide his name.

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Belit Bu Luo. We hereby announce this and hope that all adventurers will continue to work hard!!"

.....

When Si Tianfu saw Lin Tianhao kill Belit Buluo with one arrow, a look of astonishment appeared on his face.

He was a master whose combat power was equivalent to that of the Ninth Revolution King, yet he was killed so easily by just one arrow.

Lin Tianhao walked forward casually and touched the corpse.

"Ding, you got equipment +3."

"Ding, you got skill book +2."

"Ding, you obtained the item Defense Stone Talisman +1."

"Ding, you got +2000 free attribute points."

"Ding, you got it..."

.....

The harvest was average and there wasn't much excitement.

Si Tianfu did not leave, he was a little at a loss at this time.

I don't know what I should do.

It seemed that if Lin Tianhao didn't speak, everything he did would be wrong.

"Do you know where their lair is?" Lin Tianhao asked.

Si Tianfu shook his head and said:

"No... I don't know. They don't seem to have a fixed residence. As long as there are demons, they will appear, especially powerful demons."

Lin Tianhao smiled noncommittally and said:

"Is that why you call them messengers of God?"

Si Tianfu was a little embarrassed and said:

"Lord Xuedi, do you have a grudge against them?"

"Holiday?"

"They are from the Arlet Galaxy and are here to invade us."

"They came here for only one purpose, and that is to occupy our galactic world."

"One of the main reasons why the Fourth Age of God Creation has begun at this stage is because of them."

Hear these words.

Si Tianfu couldn't help but be slightly surprised, "If that's the case, then why are they still helping me?"

"To win people's hearts." Lin Tianhao said lightly.

"They help you deal with the demons, so you are grateful to them. Then they stir up conflicts between the surface world and your inner world, which will cause constant disputes between the two worlds."

"If you don't believe me, you can go to the Shanhai Empire and take a look. Not long ago, tens of billions of people in our Shanhai Empire were poisoned to death."

"They are the only ones who can do this and have the ability to do this."

"And all the evidence I obtained proves that it was them."

Si Tianfu was silent. He said very seriously:

"If that's the case, I should really help you, but I really don't know where their lair is."

Lin Tianhao waved his hand. After knowing that Belit Buluo was killed, these guys from the Alete galaxy would most likely retreat.

of course.

There is another possibility.

That is, these guys from the Aleta galaxy united and attacked him directly.

Lin Tianhao even hoped that they would do that, because in that way, Lin Tianhao could quickly complete the task of Xiudeli White Fox.

"It doesn't matter. I came to the inner world this time to find you, or rather, to find you, the masters of the holy land."

"Oh?"

Si Tianfu was a little surprised. He seemed to have thought of something and said:

"I heard that you are integrating the forces in the vast continent. From the look of you now, you want to integrate us as well."

"good."

Lin Tianhao nodded gently, "Join the Fan Palace."

Si Tianfu hesitated for a moment and asked, "What benefits can we get from joining the Fan Palace?"

Chapter 1490: There is an emperor in Buzhou Holy Land!

"I'll give you five places and help you upgrade one grade." Lin Tianhao said.

"In addition, after joining the Fan Palace, the demons in your inner world will also be our enemies. We in the Fan Palace will also do our best to help you deal with these demons."

Si Tianfu took a deep breath, because the benefits promised by Lin Tianhao were indeed very tempting.

Five quotas, grade +1.

This was already very tempting to him.

"Can the Emperor Realm also have a grade +1?" Si Tianfu asked.

Lin Tianhao was slightly surprised. "You have a strong man in the Emperor Realm in your Buzhou Holy Land?"

Si Tianfu smiled mysteriously and said:

"A little bit of background is nothing compared to Xue Di."

That's it.

Si Tianfu waved his hand again and said:

"Xuedi, what will you do if I refuse?"

"Cultivate a force that is willing to join the Fan Palace and replace you." Lin Tianhao's answer was simple.

He really couldn't kill them all. What he wanted was to subdue these people and increase his health.

"It seems that we don't have much choice."

Lin Tianhao chuckled and said:

"No, you still have a choice."

"For example... heading to the divine realm."

"Since your Buzhou Holy Land has a strong man at the level of the Great Emperor, under his leadership, you will go to the Divine Realm. You will also have a place in the Divine Realm."

Si Tianfu shook his head and smiled bitterly:

"Lord Xue Di, you may think it's too simple. If it's as simple as you say, we won't be troubled by these demons."

"Is the emperor-level expert from your Buzhou Holy Land ill?"

It seems that only this explanation can explain Si Tianfu's current behavior.

Si Tianfu nodded and said very seriously:

"That's it."

Lin Tianhao took a deep breath and said:

"You should just tell me your choice. I don't have much time."

"Also, I need to tell you that there are an unusually large number of demons in the inner world."

Si Tianfu thought for a long time before saying:

"I no longer have the right to refuse. I am willing to bring the Buzhou Holy Land with me to join your Mortal Palace."

Hear this.

Lin Tianhao just showed a satisfied smile on his face.

"very good."

"From today on, you are the elder of my Fan Palace."

Lin Tianhao took out the elder token of the Fan Palace and handed it to Si Tianfu.

Si Tianfu took the token and his eyes changed subtly.

"It seems that the news is true. If you join the Fan Palace, you will be affected by the power of rules and be loyal to Master Xuedi."

Lin Tianhao was a little surprised, "Who told you?"

"Those guys from the Arlate system."

Si Tianfu responded calmly, "But I don't regret this decision."

"The era of great contention is coming, and many people want to keep themselves out of trouble and then seek benefits in this era of great contention."

"But I don't think that's a good idea. In a world of great strife, we can't easily influence it. We need to take sides in advance."

That's it.

Si Tianfu looked at Lin Tianhao seriously and said:

"Because I have been harassed by demons for a long time, I firmly believe that those who are not of my kind must have different hearts."

"After all, those guys in the Alete Galaxy are not creatures from the same world as us. It's too risky to stand with them."

Lin Tianhao smiled and said:

"Have you ever thought about joining the side of other forces? There are many powerful people in Haomiao Continent, Zhongzhou Continent, and the other three continents."

Hear this.

Si Tianfu shook his head and said:

"Perhaps there is still a force that can surpass the Mortal Palace, but this period of time will definitely not exceed three years."

"According to my speculation, within three years at most, the Fan Palace will become the number one force in the land of Shenzhou."

Lin Tianhao did not comment, although the Zhongzhou continent was hit hard by the fog monster.

But the foundations of those superpowers are still there.

With their abilities, they should be able to recover soon.

"Let's go to Buzhou Holy Land. I also want to see the emperor-level masters of your Buzhou Holy Land."

According to Lin Tianhao's speculation.

The emperor-level powerhouse in Buzhou Holy Land might be similar to the Poison Emperor of Sand Sea.

"correct."

"I need you. To advance from the Emperor Realm to the Divine Realm, you will face extremely powerful thunder tribulations. If you are physically ill, it will be difficult to survive the tribulation."

Si Tianfu smiled slightly and said:

"Your Excellency does not need to worry too much about this problem. This emperor-level senior from our Buzhou Holy Land will definitely have no problem overcoming the tribulation."

Following Si Tianfu, Lin Tianhao returned to the Buzhou Holy Land.

After coming back.

The first thing was to announce that Buzhou Holy Land had joined the Mortal Palace and summon the elders of Buzhou Holy Land to come.

When the elders of Buzhou Holy Land learned that they were going to join the Fan Palace, they were all somewhat resistant.

After all, their own Taoist school is very reluctant to join other forces.

"The Lord Palace Master can help the ancestor ascend to the realm of the Divine Grade."

Si Tianfu saw that these elders were somewhat reluctant, so he spoke directly.

These words were truly shocking, and everyone present showed horror on their faces.

"Lord Saint, you are not kidding. That is the realm of the Godly Grade. It has been who knows how long since a strong man of the Godly Grade was born in the entire Ragnarok."

As soon as the elder finished speaking, an unparalleled pressure instantly swept across the entire place.

"This pressure..."

Feeling the pressure released by Lie Hongyu, the elders of Buzhou Holy Land all widened their eyes, with expressions of horror on their faces.

"This is much more powerful than the pressure from our ancestors. This... is this the pressure from a godly level?!"

Lin Tianhao smiled slightly and said:

"I, Xue Di, am also somewhat famous. There is no need for me to lie to you on this issue."

Si Tianfu took over Lin Tianhao's words and continued:

"In addition, the Lord Palace Master can also help four of us to upgrade one grade."

"If you maintain this attitude now, I will have to think carefully about the selection of people for promotion."

When Si Tianfu said this, the faces of the elders present changed instantly.

"We are all willing to join the Fan Palace and meet the Lord Palace Master."

Lin Tianhao couldn't help but find it funny when he saw their faces.

Even these old monsters who have reached the ninth level have this side.

"Okay, from today on, you will be the deacons of my Fan Palace." Lin Tianhao handed them tokens.

After handing out the tokens, Lin Tianhao looked at Si Tianfu and said:

"Take me to see your ancestors."

Si Tianfu nodded and took Lin Tianhao towards the back mountain of Buzhou Holy Land.

Behind the Buzhou Holy Land are endless mountains.

When they reached a valley, Si Tianfu stopped, clasped his hands together, a barrier appeared, and then slowly opened a hole.

"Palace Master, please."

Lin Tianhao entered through the opening in the barrier.

There are pavilions and towers here, surrounded by fairy mist, just like a fairyland on earth.
