Chapter 1511 Kill Midflying Wolf!

If Xue Di has a good attitude and is willing to negotiate, it will be the credit of their Mead family, and the Mead family will also be able to gain face in Fengzhou Continent.

I understand you very much!

Lin Tianhao came out of Miss Yanxia's room, feeling refreshed.

Comfortable!

Lin Tianhao had just come out when the madam came up with her head held high.

"Snow Emperor..."

Lin Tianhao smiled slightly, "It seems that you all know my identity."

The madam nodded and said:

"Someone from the Meade family is here. She wants to meet you. She said she has no hostility, she just wants to chat."

Lin Tianhao smiled and said:

"Why? Is she here to compensate me for my mental damages?"

The madam smiled somewhat unnaturally.

The two words "Snow Emperor" are really a big name.

Even in their Fengzhou Continent, there are many people who know this name.

Under the guidance of the madam, Lin Tianhao successfully met Midas Feiyan.

Midea Feiyan, a middle-aged woman, has a well-proportioned figure and nothing special about her.

Her rank is not low, she is a ninth-level grandmaster.

If this were placed in the Shanhai Empire, it would also be able to stand on its own.

"I heard that the Meade family has a king-level expert, so why did they let you come?"

Hear this.

Midfeiyan smiled bitterly.

"Because they are afraid!!"

"They don't know your attitude, Xue Di, and they're afraid that if you get upset, they'll kill you."

Mid Feiyan looked a little silly, as if she didn't see through Mid Feilong's little thoughts.

But she is a master of the ninth level after all. No matter how stupid she is, she has figured things out on the way to Zui Dong You.

"So... you're not afraid of death?"

Midfeiyang waved his hands repeatedly and said:

"Xue Di, everyone is not afraid of death, but I am afraid of death, very afraid of death. What can I do about it? I am from the Meade family. If I don't come and choose to run away halfway, what will happen to the Meade family?"

Lin Tianhao waved his hand and said:

"Tell me, how do you want to deal with the Midvers matter?"

Midfeiyang hesitated for a moment and said:

"I believe that you, Xue Di, killed Midvers for a reason. You killed him, and he deserved to die. This was his fate. We in the Mid Family have absolutely no complaints."

Lin Tianhao smiled and asked:

"Is it that the Meade family has no complaints at all, or is it that you don't have any complaints?"

Midfeiyang said very seriously:

"Xue Di, I am here to represent the Meade family."

"Then what?" Lin Tianhao asked again.

"Not only will we not avenge Midversus, we are also willing to pay a certain price. Please, Lord Xuedi, forgive our Midversus family."

Lin Tianhao was a little surprised. "Your Meade family has a king-level expert after all, so why are you so afraid of me?"

"It's not fear, it's respect."

"Sir Xuedi is proficient in both literary and military strategies, and is also a young genius. Looking across the entire Shenzhou land, I'm afraid there is no one who can be compared with you."

"Flattery?"

Lin Tianhao did not comment, "Since you said you want compensation, what can you give as compensation?"

Midfeiyan immediately took out the things she had prepared.

"Two equipment evolution scrolls, 10,000 free attribute points, and a set of Nine Revolutions Star-level suit."

Lin Tianhao raised his eyebrows and said:

"It seems that this is your sincerity, not the Meade family's sincerity."

Lin Tianhao knew what was going on as soon as he heard about this reward.

"You want to deal with me, but what you bring out is really not very exciting."

Midfeiyan's expression changed slightly. She knew that the things she took out were a little too little.

But Midfords had been killed, and she originally thought that Lin Tianhao would go down the stairs.

Midfeiyan looked at Lin Tianhao seriously and said:

"Since Lord Xuedi said this is my sincerity, then this is my sincerity. I hope that Lord Xuedi can show some mercy to me."

Lin Tianhao was even more surprised.

"You're not going to help the Meade family negotiate peace."

Midfeiyang smiled bitterly, "They pushed me out to test your attitude. According to rumors, if I came to negotiate normally, I would almost certainly die."

"That's right. They don't care about your life or death, so you don't need to care too much about theirs."

That's it.

Lin Tianhao said bluntly:

"Show your sincerity."

"It is good."

"Ding, you got the equipment evolution scroll +2."

"Ding, you got +10000 free attribute points."

"Ding, you obtained the Nine Revolutions Star Glory Level Suit +1."

.....

Although these things are very common, it doesn't seem to be a big deal if it only lets one person from the Mead family go.

not to mention.

Lin Tianhao actually had no intention of causing trouble in the Mead family.

Now that Zuidodongni's business is over, Lin Tianhao plans to take a day off and go take a look at the things of the technological god tomorrow.

But now.

Lin Tianhao is preparing to visit the Mead family.

Push a woman out to test yourself.

This can also be called a royal family, which is somewhat irresponsible.

"I want to go to the Mead family to help you get revenge, how about that?" Lin Tianhao said with a smile.

Midfeiyan thought for a moment and said:

"I guess there's no one left in the Meade family now. They've heard a lot of rumors about you, Xue Di. After I left, they should have moved to another location. They might even split up into smaller groups and have people keep an eye on this place."

"If the negotiations fail, they will withdraw immediately."

Lin Tianhao nodded and said:

"They are quite cautious then. But they are all quite famous. It shouldn't be difficult for me to find them."

Upon hearing this.

Midfeiyan's heart tightened.

Lin Tianhao glanced outside. It was already late at night. Under the cover of night, the attributes doubled.

I wonder if they can withstand being put on the List of Gods at this time?

"Tell me their names." Lin Tianhao said.

"You should know that I can also know it from other people."

Mid Feiyan nodded. Their Mid family was quite famous in the surrounding area, and many people knew their names.

"My eldest brother, Mid Flying Dragon, is at the half-step king level, and my second brother, Mid Flying Wolf, is a ninth-level master."

"My father, Mid Xuanxu, is at the ninth level of King."

Lin Tianhao smiled slightly, took out the Book of Life and Death, and wrote Midfeilang's name on it.

at this time.

Mid Wolf, who had received the order to hide, suddenly saw the damage number popping up above his head and his face changed drastically.

He instantly expanded his territory and tried to fight back.

But the result is, it's useless!!

In just two seconds, Mid Wolf was killed by the lock damage of the Book of Life and Death.

"Ding, congratulations on successfully killing Midflying Wolf. We will announce it to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Mid Wolf. We hereby announce this and hope all adventurers will keep up the good work!!"

Chapter 1512: Heavenly Supervisor: Ke Liansida!

When Midfeiyan saw Lin Tianhao's operation, she was stunned.

Just use a small notebook, write down the name of Mid Wolf, and Mid Wolf will die! !

Her strength is not even as good as Midflying Wolf. If her name is written in the little notebook, will she be killed directly?

"Let the senior members of your Mead family come over, or I will continue to kill!" Lin Tianhao said calmly.

Midfeiyan took a deep breath, immediately took out a sound transmission talisman, and began to transmit the information.

Mid Flying Wolf was killed by a long-distance headlock, which made Mid Flying Dragon and Mid Xuanxu, who originally wanted to escape, know about this.

Under Lin Tianhao's long-range lock, they might not be able to withstand it.

"Father, are you going?"

Midfeilong was a little hesitant. He no longer expected to be able to compete with Lin Tianhao.

This is not even on the same level.

"go."

"Let's talk about it."

Mid Xuanxu looked solemn, "We thought the rumors were false, but now it seems that the rumors are true, and we even underestimated Xue Di a little."

I understand you very much!

Mid Feilong and Evil Xuanxu came quickly.

Seeing the two of them, Midfeiyan's eyes were complicated.

It was impossible for Midfeiyan to say that she had no resentment towards her elder brother and father for pushing her out as a shield.

"Snow Emperor."

Mid Xuanxu bowed to Lin Tianhao and said, "I am deeply sorry about what happened in Midfors."

Lin Tianhao shook his head and said:

"You shouldn't say sorry to me. I killed someone from your Meade family. As a king-level warrior, you don't even have the most basic sense of responsibility."

Midxuanxu was secretly complaining in his heart, taking responsibility?

Come here and be killed by you, Xue Di, is this called responsibility?

"Recently, sea beasts are rampant. I was defending the coastline against sea beasts and have just returned. So I asked Feiyan to talk to Xue Dihe first."

"My second son has a bad temper and acts rashly, so he is not suitable for negotiation."

"The eldest son is Midversus's father. I am worried that he might act out of anger, so I arranged for Feiyan to come."

Lin Tianhao smiled without comment, but his words made sense.

"Do you know why I called you here?" Lin Tianhao asked.

Mid Xuanxu shook his head, "I don't know, but if the Snow Queen has any instructions, you can tell me."

"I want you to join the Fan Palace." Lin Tianhao said lightly.

Although they seem to have some grudges against each other, as long as they are willing to join the Fan Palace, these will not be a problem.

Mid Xuanxu pondered for a moment. Seeing his hesitation, Hei Tianaozhen beside Lin Tianhao snorted coldly, and an invisible pressure spread out instantly.

Midxuanxu's body was bent by this powerful force, and he fell to his knees with a thud.

"It is your honor that the Master allows you to join the Fan Palace!!"

"This....."

See this scene.

Mid Feiyan and Mid Feilong were both greatly shocked.

Their father, a powerful king-level warrior, was forced to his knees so easily.

He really couldn't imagine how this was done.

Midxuanxu was also shocked.

Those who can achieve this must be at least at the level of Great Emperor, or above the tenth level.

In other words.

The person in front of him was just a guard of the Snow Queen, but he was actually a powerful person at the level of a Great Emperor! !

"I am willing to join the Fan Palace."

The moment Midxuanxu figured out Hei Tianao's true realm, he bowed to Lin Tianhao.

Lin Tianhao threw a few tokens to them and said with a smile:

"From now on, you are my people in the mortal palace."

"Yes, Lord Palace Master."

After conquering the Meade family, Lin Tianhao looked at Meade Xuanxu and said:

"Mide Xuanxu, tell me about the situation in Fengzhou Continent."

Lin Tianhao is now in Fengzhou Continent. If he wants to take over Fengzhou Continent, he naturally needs to know something about it.

"Master Palace Master, the forces in Fengzhou Continent are complicated, but the two major dynasties are still the Lielong Dynasty and the Zeming Dynasty."

"Under the two dynasties, there are ten great families and five great holy places, as well as six court officials and the Heavenly Supervisory Department."

"Our Meade family is one of the top ten families in the Lilong Dynasty. However, if we have to talk about strength, the most powerful family is the Dynasty's Heavenly Supervisor. They monitor the world and have great power. They can mobilize the army and are extremely difficult to deal with."

Lin Tianhao raised his eyebrows, a faint smile appeared on his face, and said:

"If I want to conquer the Lielung Dynasty, where should I start?"

Hear this.

Mid Xuanxu, Mid Feiyan and Mid Feilong were all horrified.

When Lin Tianhao opened his mouth, he actually wanted to swallow up the Lielong Dynasty. This appetite was really too big.

"Forehead....."

Midxuanxu hesitated for a moment, then said:

"If you are strong enough, you can first control the Heavenly Monitoring Department, then march straight to the palace, force the king to surrender, and use the Heavenly Monitoring Department's pressure to intimidate the ministers."

"There will be some trouble with the five holy places. They may unite with the big families to fight against us. But as long as the Lord Palace Master can control the Heavenly Monitoring Department and the King, the probability of swallowing up the holy places will be very high."

Lin Tianhao understood.

"In that case, let's go to the Heavenly Monitoring Division first."

Mid Xuanxu took a deep breath. He never thought that Lin Tianhao would be so arrogant and actually planned to go to Jiantiansi.

"You stay with me, the other two can go back and manage the Meade family well. Don't act rashly without my order."

"Yes, Lord Palace Master."

Midfeilong and Midfeiyan both bowed in greeting.

Lin Tianhao directly used the invincible virtualization and started running around the map.

In the Lielong Dynasty, Lin Tianhao ran around the map according to the map he got. After running through several important locations, before dawn, Lin Tianhao brought Midxuanxu to a black building complex.

In front of this black building complex, there is a stone tablet with three large characters "Jiantiansi" engraved on it.

Lin Tianhao and Midxuanxu had just arrived here when a middle-aged man with a black knife on his waist stepped out from the Jiantian Division.

"Mide Xuanxu, the person next to you should be the Snow Queen."

Lin Tianhao looked at the person who came.

Keliansida (King level): Level 15951.

.....

This Keliansida's king-level rank was not low, and its level was close to 16,000, which meant that he was even more powerful than many ninth-level king-level professionals.

After reaching level 10,000, upgrading becomes extremely difficult.

This Keliansida was able to upgrade to level 5,951 after reaching level 10,000, which was very valuable.

Mid Xuanxu whispered in Lin Tianhao's ear:

"This is Ke Lianshida, one of the four deputy directors of the Tianjian Division. Among the king-level ones, he is already close to the top."

Lin Tianhao raised his eyebrows, "Where is your director?"

Klenstad frowned and said:

"Our director is very busy, and I don't know where he is. If Xue Di has anything to say, you can tell me."

Chapter 1513 9th turn star-level mechanical drawings!

Lin Tianhao nodded slightly and said:

"It's not a big deal, I just want to invite you to join the Fan Palace."

Keliansda's expression changed slightly, and there was a hint of anger on his face.

He rebuked in a deep voice:

"Xue Di, I know you are very powerful. Since Mid Xuan Xu is able to submit to you, I will not look down on you."

"But you have to know that with a few strong men by your side, you can get our respect, but you can't make us submit to you."

Lin Tianhao narrowed his eyes slightly, but he was not angry.

"There is no harm in joining me. We are not enemies to each other."

Ke Lianshida shook his head again and said:

"Xue Di, if you want us to surrender, that's not possible. Everything else can be discussed."

Lin Tianhao sighed and said:

"But what I want most is for you to surrender. Or, if you can increase my rank by 1, I can stop the war."

Ke Lianshida thought for a moment and said:

"I don't have such a mission. This matter needs to be considered carefully."

Lin Tianhao took a deep breath and said:

"But what I lack most is time."

"Three days, still here, I will give you an answer."

"If the Snow Emperor is not satisfied, it won't be too late to start a war again. If you, the Snow Emperor, are satisfied, then we can have the best of both worlds."

Lin Tianhao nodded, turned and left.

After returning to Manlodo City, Lin Tianhao began to gain enlightenment.

He could still wait for three days.

The next day.

Night is approaching.

Lin Tianhao came to the Serre Auction House.

Lin Tianhao still wanted to take a look at the things left behind by the god of technology. After all, Lin Tianhao had a lot of gold coins in his hands.

Maybe it was because of Midxuanxu, or maybe it was because of Lin Tianhao's own identity.

it's here.

Lin Tianhao sat in the best seat.

for these.

Lin Tianhao didn't care. What he cared about was whether there would be something that would excite him at today's auction.

"Welcome everyone to the Seere Auction House. I believe that everyone is here for the things left behind by the technological god. There will be no other items at this auction. All of them are the things left behind by the technological god."

A hot fox girl stood on the auction table, attracting a lot of people's attention.

Lin Tianhao looked indifferent. Women would only affect the speed at which he pulled out the arrow.

"Little Fox will not waste your time. Next, let us take out the first item. This is a special piece of metal. We cannot spy on its properties, but even a ninth-level star-level warrior cannot leave the slightest mark on it."

"and."

"Although this piece of metal is only the size of a fist, it weighs more than 500 kilograms. Its mass is astonishingly large."

While talking.

A blue metal the size of a fist appeared in Lin Tianhao's sight.

Mysterious Metal: Unknown.

Introduction: This is a mysterious metal, and its properties cannot be revealed for the time being.

Lin Tianhao frowned slightly. He did not bring Kui Wei Changtian with him, so he could not directly know the value of the metal.

"Mysterious metal, starting price is 10,000 gold coins, each bid must not be less than 1,000 gold coins."

As the fox girl finished speaking, a deep voice sounded.

"Fifty thousand gold coins."

Lin Tianhao looked in the direction where the sound came from.

Right next to him, in private room number two, there is also a person of high status.

"One hundred thousand gold coins." Lin Tianhao raised the price calmly.

Although he couldn't tell what the blue metal was, he had money.

After only two price increases, no one continued to raise the price.

Such a piece of metal with unknown properties may have some value, even more than 100,000 gold coins.

But that's also for those who can use it.

None of them can be used, even if I spend 10,000 gold coins, it's not worth it.

"Congratulations to the gentleman in Room 1 for successfully bidding for this piece of blue metal. Someone will deliver it to your room shortly."

Someone took the blue metal away, and the fox girl continued:

"This second lot is a mechanical blueprint. According to the blueprint description, this is a mechanical blueprint for making a Nine-turn Star-shining Puppet."

This statement came out.

There was a commotion throughout the auction venue.

The blueprint of a Nine-turn Star-level puppet?

This value is invaluable.

Lin Tianhao also narrowed his eyes slightly. This thing is really good.

Especially Lin Tianhao's Mechanical Overlord, which gives the mechanical items made by Lin Tianhao a 50% chance of upgrading their grade, and the maximum grade can be upgraded by three grades.

what does this mean?

If Lin Tianhao is lucky enough, he can use this Nine Revolutions Star Glory level blueprint to create a Nine Revolutions Emperor level mechanical puppet! !

"The blueprint of the Nine-turn Star-shining Mechanical Puppet. The starting price is one million gold coins. Each bid increase must not be less than one hundred thousand."

"Fifty million."

As soon as the fox girl finished speaking, the price of private room number 2 next to Lin Tianhao increased again.

Just this first increase in price showed his determination.

It seemed as if he just wanted to tell the people present not to compete with him for the blueprint, as he was determined to get it.

"One hundred million."

however.

Than gold coins.

Looking at the entire vast continent, Lin Tianhao really has nothing to fear.

Even without the support of high interest rates, Lin Tianhao's current amount of gold coins is an astronomical figure.

And with the high interest, these gold coins are really just numbers to Lin Tianhao.

In private room number two, a man wearing a bamboo hat had a sinister look on his face.

"Two hundred million!!"

It was just two words, but everyone present could feel that he seemed a little servile.

"Three hundred million!!"

Lin Tianhao spoke calmly. What he valued was not something that others could fight for.

In the auction venue, many people started to watch the show.

After all, this has nothing to do with them anymore.

This is a blueprint, and it is just a blueprint. It is not an easy task to produce it.

"One billion!!"

A sense of pressure came from private room No. 2. It seemed that he wanted to force Lin Tianhao to submit.

A cold light flashed in Lin Tianhao's eyes. Using force to suppress others?

He didn't use his power to overpower others, so why would that guy want to overpower others? !

Mid Xuanxu immediately exuded his own aura, and the king-level pressure spread out.

The two forces of pressure were equally matched, which meant that the person in private room number two was most likely also at the king level.

"Five billion."

According to Lin Tianhao's estimation, this blueprint is worth more than ten billion gold coins without a doubt.

If you take into account the blessing of his Mechanical Overlord, it could be worth tens of billions.

"Brother, it's just a blueprint, why bother? If you like mechanical puppets, I can give you a ninth-turn grandmaster-level mechanical puppet."

The people in private room number two seemed to have discovered that Lin Tianhao was not so easy to control, and their voices lowered.

"Two billion!!"

Lin Tianhao smiled noncommittally and said:

"I may disappoint you. I also like this drawing. Otherwise, you can quit."

That's it.

Lin Tianhao continued to raise the price indifferently: "Four billion!!"

Chapter 1514 A young man from another world!

"hiss--"

When Lin Tianhao quoted the price of 4 billion gold coins, many people in the field gasped.

There is no other reason.

This price is too high, it is already seriously overpriced.

The key is.

Lin Tianhao raised his wealth directly from 2 billion to 4 billion!!

For many of them, 2 billion is already a serious premium.

But Lin Tianhao was able to raise the price again and raised it to 4 billion.

"you win."

There is no more competition for private room number two.

However, everyone present could feel that the people in private room number two were very unhappy, very, very unhappy.

The fox girl congratulated Room 1 again and took out the third lot.

"This third lot is 9,595 pieces of molten gold crystals that have been tempered. They are of great use to both equipment refiners and mechanics."

Lava gold crystal: special material.

Introduction: This is the material used to make Star-level equipment. If combined with other high-level metals, it can even be used to refine Grandmaster-level equipment. It is also an excellent mechanical material.

Wear resistance: 100.

Lin Tianhao just took a glance and was ready to take them all.

The grade of this material should be Star Glory grade, and more than 9,000 pieces is not a small number.

Starting from the lava gold crystal, Lin Tianhao started to go on a shopping spree. As long as he set his eyes on something, he would buy it all without leaving anything behind.

Several times, the guy in room 2 was on the verge of losing control.

Several things he had his eyes on were already grabbed by Lin Tianhao.

"It seems that the person next door is a mechanic of high rank. My Fan Palace needs such talents." Lin Tianhao said with a smile.

"It seems that the owner of Room 1 wants to clear out the inventory today. Now, there is only one item left."

"It's also an unknown metal, also the size of a fist."

"The difference is that this piece of metal, which is only the size of a fist, weighs more than 400,000 kilograms."

"This quality can explain a lot of problems."

"The starting price for this mysterious metal is 10 billion gold coins, and each bid must not be less than 1 billion gold coins."

This time.

There were other people involved.

But the price was only raised to 18 billion gold coins, and no one continued to raise it.

"One hundred and nineteen billion."

Lin Tianhao took a look at private room number two. The person who had been competing with him for the room did not raise the price this time.

I don't know if he has given up, after all, he lost the previous bidding.

Without the bidder in private room No. 2, this mysterious metal weighing 400,000 kilograms fell into Lin Tianhao's hands.

Lin Tianhao called Hei Tianaozhen out and glanced at private room number two.

Hei Tian Ao Zhen bowed and said respectfully: "Don't worry, sir, I will invite him here."

Lin Tianhao nodded. The guy next door should be a mechanic with some background and is worth winning over.

Meade's!

Lin Tianhao met the mechanic smoothly.

When he heard the voice before, Lin Tianhao thought the other party was an old man. Now that he saw him, he was a little surprised.

This guy, it seems like it's questionable whether he's over 18 years old.

"Are you Snow Emperor?"

The young man frowned slightly when he saw Lin Tianhao, "It seems that you have exceeded the line."

"Boundary?" Lin Tianhao was a little surprised.

The young man nodded. "You probably don't know that there are five continents in China, four of which are for adventurers from other worlds like us to develop, not for local adventurers like you."

"Different world?"

Lin Tianhao was a little surprised. He had met people from other worlds before in the Mekoradin Desert.

"Yes."

The young man nodded. "Under normal circumstances, when Ragnarok merges with reality, the fastest of you will be able to upgrade to nine levels, while the slowest should only be around seven levels."

"And you, normally it's very difficult to come to other continents."

Lin Tianhao raised his eyebrows and said:

"I'm sorry to disappoint you, but I just came here."

"By the way, are there many adventurers in other worlds like you?" Lin Tianhao asked.

"Not too many. Only the peerless geniuses are qualified to come here."

Lin Tianhao smiled and said:

"You really know how to flatter yourself."

"From what you said, you are a bit of a genius?"

The young man nodded seriously, "I am nineteen years old this year, and I only awakened my talent when I was sixteen. In three years, although my level is only over a thousand, my grade has reached the king level."

Lin Tianhao narrowed his eyes and said:

"No wonder Mid Xuanxu told me that your pressure is a bit strange, it's the sixth-turn king level, but it's rare."

That's it.

Lin Tianhao paused for a moment before continuing:

"However, I have met a first-level king-level expert before, who is more powerful than you."

"Level one king?" The young man was a little surprised.

"It should be due to special reasons that he couldn't upgrade, but he has reached the king level in three years. I am already unprecedented in history."

Lin Tianhao nodded and said:

"It is undeniable. Then can you tell me why you were able to improve your rank so quickly?"

"Opportunity."

The young man spoke slowly, "My talent is quite special. I can glimpse an opportunity once a month, and I can choose the direction. Naturally, I choose to improve my rank in a targeted way."

Lin Tianhao's eyes lit up and he said:

"That's great. Can you tell me about the opportunity you saw? I also want to improve my rank."

The young man's face darkened, and he said calmly:

"Do you think it's possible to use my talent to help you get an opportunity?"

"You don't have to think about trying to threaten me. I can leave here on my own. If I encounter danger or a strong mental attack of confusion, I will leave automatically."

Lin Tianhao lost interest instantly and said slowly:

"Let me guess. You're attending this auction this time probably because of a chance hint."

The young man shook his head decisively, "No, it just happened that I am also a mechanic, so I came to take a look."

"you are lying."

"After all, you're only nineteen years old. It's easy to tell that you're lying."

Lin Tianhao was not joking. When the young man was lying, his heartbeat and facial expressions changed slightly.

"I'm here, I'll keep an eye on you. You won't get this opportunity. Why don't you tell me what the opportunity is, and I can trade with you."

The young man stared at Lin Tianhao for a while and said:

"Why should I trust you?"

"If you trust me, we can still trade and you can get benefits. If you don't trust me, then there is no point in talking."

"and."

"If you don't mind, you can join my Mortal Palace. Then I'll take you to the Mountain and Sea Empire, and you can walk sideways."

The young man shook his head and said:

"Forget about joining the Mortal Palace. I shouldn't have too much of a bond with you, because the destruction of your Galaxy world is almost inevitable."

Chapter 1515 The power of the Starry Sky Administration!

"Oh?"

Lin Tianhao raised his eyebrows slightly and said with a smile:

"Are you so sure?"

The young man nodded and said:

"Of course. If you don't have the help of the powerful stars, the Alet Galaxy will cooperate with the Thunder Punishment Temple of the Divine Realm to cut off the passage between the Milky Way World and the Divine Realm when they launch a full-scale attack on you."

"By then, you will not be able to go to the divine realm, nor will you have the strength to wander the starry sky. The only thing that awaits you is destruction."

Lin Tianhao was silent. "It seems that you know a lot of information."

The young man nodded and said, "That's natural."

"The masters of the Alete Galaxy only dare to attack you, mainly because you are short of successors."

Lin Tianhao took a deep breath and said:

"You mean, apart from that great being, we have no top masters."

"That's it."

The young man nodded, "The gods abandoned the emperor and he fell. This is not without reason."

"But we still have that..." Lin Tianhao spoke slowly.

"That person is very, very powerful to you, but he also has his own limitations."

The young man waved his hand and said:

"I've actually said a lot. Under normal circumstances, I shouldn't say so much."

Lin Tianhao smiled slightly and said:

"I like to listen. If you tell me more, I can prepare myself in advance."

The young man looked at Lin Tianhao as if he were an idiot and said:

"you are too naive."

"When Ragnarok merges with reality, how far can you go?"

"Becoming a god should be your limit. It's useless."

"Although the Galaxy Galaxy belongs to an owned world due to the laws of the Starry Sky Administration, and can only be fought over by signing a gambling agreement, you can't compete with it."

"Betting agreement?" Lin Tianhao was a little surprised.

"Well, the bet agreement is that you can only use people at the same stage to attack."

"It would be best if none of you adventurers could become gods. They can't even use the spirits of the gods, so you can still struggle a bit."

"If one of you becomes a god, you won't have any chance unless that person has a limit on his/her ability to attack."

"Because if they can mobilize the gods, then if they send a few strong men at the level of God Emperor, you will be useless."

Hear it here.

Lin Tianhao's original feeling of depression disappeared completely.

"That is to say, no matter what, the saint will not personally take action."

The young man shook his head, "Not necessarily. What if your great being wants to kill the saint?"

"of course."

"The probability of this happening is extremely small. He will most likely limit your realm to that of a mortal, so that you can still struggle a bit."

That's it.

The young man paused for a moment and sighed:

"But it's useless. If a 12th-turn Divine-grade expert attacks, none of you will be able to withstand it."

Lin Tianhao was silent.

"You told me this, didn't someone instruct you to do so? After all, if you say this, you will definitely offend those guys in the Alete Galaxy."

The young man waved his hand and said:

"We are not afraid, so it doesn't matter."

Lin Tianhao bowed and said, "Although I'm not sure if what you said is true, I'm still very grateful for telling me this."

"No need to thank you."

"From your perspective, you should be blaming me. After all...what if I'm the reason why you're forced to not ascend to a god?"

Lin Tianhao smiled and said:

"I don't have that concern."

"Let's talk about the topic just now. Can you give me the chance? I just want to save my people."

"It's no use to you."

The young man shook his head decisively, "You are now at the pinnacle of the vast continent. You should know that it is much more difficult for you to get a rank +1 now than at the beginning."

"Logically speaking, with your current position, it should be easy for you to get such missions."

Lin Tianhao raised his eyebrows and asked:

"Is there any other explanation here?"

"Of course."

"When your health is 1, how much can you improve by rank +1? When your health is trillion, how much can you improve by rank +?"

"This is the galactic world, a world created by powerful beings. Any form of strengthening requires energy as support."

"With your current strength, the probability of getting a grade +1 is already very low."

The words end here.

The young man seemed to have thought of something and continued:

"Actually, if it were normal, it wouldn't be difficult for you to continue to upgrade your rank. The main thing is that the person in your world... It's hard to explain in a few words. I don't know the details, but the situation is pretty bad anyway."

Apparently, if he wanted to increase his rank by +1, the easiest way would be to use the Evolutionary Divine Fluid.

Even he himself doesn't know what rank he is now.

If we only talk about attributes, his attributes have surpassed the Nine Revolutions King level.

But Lin Tianhao knew very well that his rank should not be entirely determined by these things.

Lin Tianhao thought for a moment and thought about the situation in his previous life.

It seems that there was indeed no help from gods in their previous life, which is also the key to their survival.

"Indeed, the situation in our galactic world is difficult, but I still want to give it a try." Lin Tianhao said in a firm tone.

The young man smiled and nodded:

"No one wants to see their home destroyed, and I'm telling you this because mine was destroyed, too."

"If I hadn't been gifted and valued by a powerful person in the Eternal Realm and saved by him, I would have been dead too."

Lin Tianhao was silent for a while, then he asked: "Does the destruction of the world happen often?"

"It's natural."

"Just like when you become stronger, you want to expand your territory. Especially for people like us, because we can provide incense power and reproduce very quickly, we are super popular in the starry sky."

"I heard from the man who saved me that the reason why the Starry Sky Administration has such a big say in the endless starry sky is that they own 4.9 billion planets with human life."

"Under their control, 4.9 billion incense gods will be born every hundred years!!"

"He's not an ordinary god, but a god king."

When Lin Tianhao heard this, he was stunned. He thought that there would be many powerful people in the endless starry sky.

But no one had ever thought that an organization could mass-produce so many powerful people at the level of God King.

"Don't underestimate the billions of people in your group. There are more than a million planets in the entire galaxy. With a little bit of transformation, at least one-third of them can allow humans to survive."

"And you, the billions of people, will become reproductive tools. In the shortest possible time, you will fill up one-third of this planet with life and provide the power of incense."

Chapter 1516: Not so smooth negotiations!

Lin Tianhao couldn't help but gasp as he thought of everything that happened in his previous life.

Those guys from the Alete Galaxy clearly came with the determination to exterminate them.

They were all killed...

and many more! !

What did Lin Tianhao think of? He had the List of Gods, and the killed gods could be resurrected in full condition, but what about mortals?

And in Ragnarok, all adventurers can be resurrected infinitely, does that mean...

After Ragnarok merges with reality, those killed will be resurrected at a specific location and then enslaved by the Arlate Galaxy.

"There are so many planets in the Milky Way, why is our one..."

The young man made a gesture to keep quiet. "We cannot guess what a big shot is thinking."

That's it.

The young man waved his hand and looked at Heitian Aozhen solemnly, "You are very strong and have enough background. I hope you can protect your world."

"I go first."

The information that the young man told Lin Tianhao was very useful to Lin Tianhao.

Temple of Thunder Punishment, Starry Sky Administration.

These are things that Lin Tianhao has never come into contact with before.

This world is more magnificent than he had imagined.

There are 4.9 billion planets with human life, and a stable output of so many God-Kings every hundred years.

This.....

Does this mean that in the endless starry sky, there are as many gods as dogs.

"Do you think what he said is true or false?"

Burning Heart Nightmare spoke first, "According to my observation, he did not lie, but...what he said was too unbelievable."

Every hundred years, 4.9 billion strong men at the level of God Kings are cultivated steadily! !

This is just one force, the Starry Sky Administration. Even if other forces are not as strong as the Starry Sky Administration, they should also be powerful and own many such life planets.

"It should be true."

Nidlifu said with some lingering fear:

"Whether it's the Thunder Punishment Temple or the Starry Sky Administration, I've heard of them before."

"The Thunder Punishment Temple enforces the law on behalf of the gods. It is the spokesperson for the laws of the gods and helps the gods do things."

"And the Starry Sky Administration manages the entire endless starry sky. They are so powerful that even the Heavenly Dao is wary of them."

"This Heavenly Dao is not a small Heavenly Dao like the Milky Way World, but the main Heavenly Dao of the endless starry sky."

Hear this.

Lin Tianhao narrowed his eyes and said:

"If that's the case, then our chances of success against those guys in the Alet Galaxy are still very high."

"If the gods can't take action, the usefulness of my Conferred God List will become less, but at the same time, my combat power and the effect of the Beast God Bottle will be infinitely magnified."

Ned Liv frowned and said:

"Xuedi, is there a possibility that the Alet Galaxy can send out a large number of strong men at the Divine Level, or strong men at the Twelveth Level?"

Lin Tianhao's expression changed slightly, but he still said in a deep voice:

"I can't care about that. Besides, if the gods don't take action, this is already a great opportunity for us."

"There are still more than two years left. If I can complete the twelve revolutions, the probability of success will increase significantly."

Twelve turns!!

Lin Tianhao felt that this was not completely impossible.

"besides."

"I will also train Burning Heart Nightmare, Sand Sea Poison Emperor, and Black Sky Aozhen as much as possible, so that they can all grow up in a short period of time."

These are more of plans at the moment, and Lin Tianhao himself doesn't know how far they can go.

All he could do was try his best to become stronger. As for the rest, he couldn't do it and had no way of doing it.

Three days passed in a blink of an eye.

Lin Tianhao came to the Tianjian Division again.

At the gate of the Tianjian Division, Ke Liansida stood respectfully at the door and smiled at Lin Tianhao.

"Your Majesty, the Imperial Master and our Director are here. Lord Xuedi, please come in."

Lin Tianhao smiled and nodded. It was a good thing to be able to sit down and negotiate.

Jiantiansi, meeting hall.

Lin Tianhao saw a refined and easy-going young man.

Behind this young man stood two people, one was very old and the other was full of murderous aura.

The two men had deep eyes, and their gazes fell on Lin Tianhao, as if they could see through Lin Tianhao's body.

"Xuedi, I am the current monarch of the Lielong Dynasty, Lielong Heer, this is Lanlun State Master, and this is the Director of Mozhou."

Lin Tianhao nodded, and Lielonher continued:

"Klensida has already told us your request. We have conducted targeted research on your request, but the result may disappoint you. We cannot give you a reward of +1 rank. We don't even have such a task."

Lin Tianhao raised his eyebrows and said:

"I waited three days to come here, just to hear you reject me?"

A cold light flashed in Director Mozhou's eyes, and he was obviously dissatisfied with Lin Tianhao's attitude.

Even if an adventurer has some strength, it is not a reason for him to disrespect his king.

Lelongher smiled and said:

"We really can't come up with a rank +1, and we're deeply sorry about that. However, the three of us can come up with a task that rewards more than million free attribute points."

"With your strength, Xue Di, it won't be difficult to complete these tasks."

Lin Tianhao frowned slightly. Ten million free attribute points were indeed a lot, but for Lin Tianhao, it was still not enough.

Even if all his health points were increased, his basic health points could only be increased by 100 million, which was obviously not enough.

"Where is the Heavenly Punishment equipment?" Lin Tianhao asked.

Lielonher shook his head. "No, if it weren't for you, Xuedi, I wouldn't even know about the Heavenly Punishment Equipment."

"Neither this nor that. I feel like you guys don't respect me." Lin Tianhao said.

Lelongher sighed and said:

"I'm deeply sorry that I can't help Xue Di. I'm the king of a country, and there's no need for me to lie to you about something like this."

"Ten million free attribute points. This is the food I prepared for you, Xue Di. It's up to you whether you want to eat it or not."

Lielongher did not stand up, but the imperial aura on his body was still overwhelming.

At this time, Lanlun State Master spoke up, "Xuedi, the Alite Galaxy wants to invade us, you have to fight them."

"But what's the difference between what you are doing now and what the Alate Galaxy is going to do?"

Lin Tianhao narrowed his eyes slightly, gave a little sweetness, and then used moral blackmail...

These people really treated him like a rookie.

"In our Dragon Country, there was once a man who led his cavalry to trample over the six countries, shedding countless blood, and unified the six countries!"

"The galaxy is about to be hit by a catastrophe. If we are not united internally, how can we unite against the outside world?"

"I'm afraid we won't be able to get through this crisis."

Director Mozhou snorted coldly and said:

"Xuedi, you are very ambitious and you fly a good banner."

"But we don't want to be enslaved by the Alite Galaxy, and we don't want to be slaves of a conquered nation."

Chapter 1517 Best of 5!

"So, this battle is inevitable." Lin Tianhao said.

As Lin Tianhao finished speaking, the atmosphere instantly dropped to freezing point.

"Xuedi, you are very strong, but you alone cannot defeat our Lielong Dynasty."

"As for sending a large army to start a war, it would be a waste of time and money and is not a wise move."

Lin Tianhao said calmly, "I landed in Manlodo City. So, I will start attacking the Lielong Dynasty from Manlodo City. How about you defend it?"

Hear this.

Master Lanlun shook his head and said:

"Xuedi, you can do whatever you want, but don't worry, our masters will not stop you. I will lead the masters to the Shanhai Empire as soon as possible and use all means to capture cities and plunder resources in the Shanhai Empire."

"We are no match for you, so let's change homes."

Lin Tianhao narrowed his eyes and said:

"Change home?"

"Okay, that's it, I'll wait for you to move to another home."

Lielongher's eyes narrowed slightly. He originally thought that Lin Tianhao would give in.

But I didn't expect that Lin Tianhao would be so tough.

"Compared to you, those guys in the Alethe galaxy are more troublesome than you."

"I dare to come to Fengzhou Continent because I am confident that I can suppress them." Lin Tianhao said calmly.

Lielongher's expression became even uglier.

"Xuedi, starting a war is not good for us. How about this, you and the one next to you don't make a move, and we have a duel, best of five, how about that?"

"If you win, I will surrender to you. If you win, I will leave Fengzhou Continent. How about that?"

Lin Tianhao narrowed his eyes slightly, "Best of five games?"

"You seem very confident."

Lielongher shook his head and said:

"I don't have confidence. I just know very well that if a fight really breaks out, the consequences will be disastrous."

"I don't want the people and soldiers of my Lielong Dynasty to suffer, but I am unwilling to submit to them like this."

Lin Tianhao nodded and said:

"No problem, when does it start?"

"A month later."

Hear this.

Lin Tianhao's expression changed slightly, "Are you deliberately stalling for time?"

"No."

Lielonher shook his head. "This matter concerns the future of Fengzhou Continent. We definitely need to be fully prepared."

"It's been too long. I've been really busy."

In fact, Lin Tianhao can definitely wait for a month.

"Just one month, I'll go discuss it with Zeming Dynasty,"

"As long as you win, the Zeming Dynasty will also be yours."

As soon as Lielongher's words fell, a figure suddenly appeared here.

This is a projection.

He looked at Lin Tianhao and said calmly, "Seven days, I can advance it to seven days, but for this best-of-five match, I only accept team battles. The members of each team cannot be repeated. We will follow the regular twelve-man team battle method."

Lin Tianhao narrowed his eyes slightly. A team battle usually involves six or twelve people.

Mainly mages, assassins, archers, priests, berserkers and shield warriors.

Some will also cancel assassins and replace them with summoners.

Because the summoner has a large number of summons and has better pulling ability.

And a team of twelve people basically has no disadvantages.

"If that's the case, he and I must be able to join the battle." Lin Tianhao said bluntly.

Although these guys in the Aleta Galaxy are difficult to deal with, they are not completely unsolvable.

As for the twelve-person team competition, it was obvious that they wanted to take advantage of the difference in the number of experts to win.

Obviously.

They didn't think that Lin Tianhao could produce so many powerful people in a short period of time.

With Lin Tianhao's strength, he can win by just pairing up with any number of people.

Hei Tian Ao Zhen and Sha Hai Du Di can team up to give it a try, while Burning Heart Nightmare and Pluto Bai Xiao Feng can also win a victory when they team up.

Except them.

Lin Tianhao still has the Green Fang Ghost Demon in his hand.

It is not difficult for a team led by two geniuses to win.

Best of five games, as long as Lin Tianhao wins the first three games, it will be fine.

Besides.

As long as Lin Tianhao and Lie Hongyu are with him, he is completely invincible.

but.

The other party must have been prepared if they dared to make such a request.

If they can gather twelve emperors, then even if two powerful men at the divine level join forces, they may not be able to win.

however.

Lin Tianhao just had this idea in mind, but he suppressed it again.

It is not easy to gather twelve powerful men at the level of great emperors even in Zhongzhou Continent, let alone Fengzhou Continent.

"Okay, then it's seven days, twelve against twelve." Lin Tianhao said.

Lin Tianhao has to arrange the candidates.

In the first match, I will play with Heitian Aozhen, in the second match, the Poison Emperor of Sand Sea will play with the Burning Heart Nightmare, and in the third match, the Green Fang Ghost will play with the Lie Hongyu.

As for the others, there is no need for them anymore.

but.

Lin Tianhao has never been a confident person.

He still plans to fill up the staff.

There are still many masters in the Shanhai Empire. With the addition of Lie Hongyu's subordinates, as well as the owner of Gaolou and the leader of the Yin-Yang Hehuan Sect, Lin Tianhao's foundation is still not bad.

If something unexpected happens.

He also had the Buzhou Divine Stone as a hidden weapon, so Lin Tianhao felt that there was no possibility of failure for him.

Seven days is neither long nor short.

If he wins, Fengzhou Continent will become part of his territory. If he loses... well, the probability of losing is too low.

He is still the Sky Supervisor of the Lielong Dynasty.

"When strong men fight each other, the ordinary arena is meaningless. I will designate an area and the fight will take place within the area," said Lielongher.

As he spoke, he pointed to a stone tablet in front of him.

"How about using this stone tablet as the center and the area within a radius of ten kilometers as the battlefield?"

Lin Tianhao narrowed his eyes slightly. This was no problem for him.

"Row."

Lin Tianhao doesn't care.

In this first match, he planned to fight alone with Heitian Aozhen to see what the strength of Fengzhou Continent was like.

"Xue Di, in your first match, will it be just the two of you?"

Seeing that Lin Tianhao only had two people on the field in the first game, Lielong Heer couldn't help but frown slightly.

"It seems that there is no rule that there must be at least twelve people on board." Lin Tianhao said.

Lielongher narrowed his eyes slightly, although there was no rule that there must be twelve people on board.

But there were only two people in the first game, which was somewhat disrespectful to them.

"Come on." Lin Tianhao said.

On the other side, twelve people stepped out.

Twelve people, all of them are king level.

If we put aside the strong men gathered by Lin Tianhao, these twelve people are considered to be very strong.

At least.

In the previous Shanhai Empire, only Xiudeli Baiyun reached the king level.

of course.

It is right for the Lord of Luotian to stay in seclusion.

The first match is between twelve king-level masters.

"Let them admit defeat. I will take action and they will die." Lin Tianhao said lightly.

The lethality of his feather arrows is incomparable to that of the Book of Life and Death.

Chapter 1518: Win the first game!

These king-level masters, some of them strong enough, might be able to withstand one of his arrows.

The weaker ones might not even be able to withstand a single arrow from him.

"When we came here, we knew that someone would die. To defeat you, someone would have to sacrifice themselves."

The shield warrior standing in front had a resolute look on his face.

"let's start!"

Lin Tianhao has already reminded them, since they won't listen, then he will beat them.

The moment Lin Tianhao finished speaking, he felt his body sink and he couldn't move.

Followed by.

A swamp appeared under Lin Tianhao's feet, and vines stretched out, trying to drag Lin Tianhao into the swamp.

The aura around Heitian Aozhen shook slightly, and the vines and swamps instantly collapsed.

Lin Tianhao shot the arrow from his heart, and a feather arrow flew towards the shield warrior in front.

just.

When Lin Tianhao's feather arrow touched the shield warrior's body, the shield warrior's body immediately collapsed.

This is a phantom!!

The moment Lin Tianhao broke the phantom of the shield warrior, a black hole appeared in the sky, trying to pull Hei Tian Aozhen in.

Hei Tian Ao Zhen was not affected at all. He raised his hand and slapped out, and the black hole shattered into pieces.

"this--"

Lelongher, who was watching the battle from a distance, showed an incredible look on his face.

"We have underestimated the guard beside Xue Di."

State Master Lanlun spoke in a deep voice, "It's a bit troublesome. Although we have been collecting as much information as possible about the Snow Queen and the strong people around her in the past seven days, it is indeed too little."

The server-wide announcements between different continents are not the same. It is too difficult for them to investigate Lin Tianhao thoroughly within seven days.

After all, let alone the people from Fengzhou Continent, even the people of the Shanhai Empire don't know much about the strong people around Lin Tianhao.

The moment the black hole was destroyed, the shield warrior had already performed a phantom charge and arrived in front of Lin Tianhao and Hei Tianaozhen almost instantly.

A khaki area unfolded and suppressed Hei Tianao.

Hei Tian Ao Zhen gathered all his strength and punched out.

The punching wind is fierce.

The shield warrior's body and his domain were actually blown away by this attack.

A white light enveloped the shield warrior, and the health that the shield warrior had just lost began to recover rapidly.

Lin Tianhao said calmly: "Take my arrow."

The words fell.

Twelve feather arrows flew towards the twelve people in front.

This also includes stealth assassins.

Under the surveillance of Lin Tianhao's Fiery Eyes and Eyes of Insight, most stealth cannot escape Lin Tianhao's eyes.

Lin Tianhao only shot a feather arrow, but the faces of the twelve people in the field changed drastically.

"Unstoppable!!"

"Ten-star Sky-crossing Lock!!"

The berserker let out a low roar, and twelve golden locks appeared, locking all of Lin Tianhao's twelve feather arrows.

"Buzzing—"

The feather arrows kept buzzing under the golden lock.

"Bam—"

And then, something happened that surprised Lin Tianhao.

His feather arrow actually exploded along with the golden lock.

"good."

Lin Tianhao smiled slightly. There were many king-level people who could block his feather arrows, but there were only a handful of people who could destroy his feather arrows!

"Power over mountains and rivers!"

Lin Tianhao spoke calmly. These guys have some abilities, so Lin Tianhao should take them seriously.

With the force of suppressing mountains and rivers, he releases a suppression barrier of the source of power with himself as the center, which suppresses the body, soul, and source of power of all living beings within the barrier in all directions.

The twelve king-level masters felt the oppressive feeling brought by Lin Tianhao's overwhelming force, and expressions of astonishment appeared on their faces.

"The power of the Dao Realm!!"

"You are so young, yet you have already mastered the power of the Dao Realm!!"

Lin Tianhao didn't explain and shot the feather arrow again.

He is in no hurry.

With Heitian Aozhen, he is naturally invincible.

He also wanted to see how far these people could go.

"Forbidden Magic: Bloom of Life!" The king-level wizard waved his staff.

Lin Tianhao only felt a mysterious force descending upon him.

Hei Tian Ao Zhen couldn't help but frown slightly.

Blood-red flowers bloomed on Lin Tianhao and Hei Tianaozhen's bodies.

Every time a blood-red flower blooms, the health of both people will decrease a little.

And then...it continued to decline.

"It is rare for such a high-level attack to appear on a king-level master."

Hei Tianaozhen couldn't help but sigh.

"But it's still a little bit lacking. If you were at the level of a great emperor, using this move might be able to threaten me."

Hear this.

Everyone present was shocked. Before they could react, the blood-red flowers on Lin Tianhao and Hei Tianaozhen's bodies began to wither.

"Bang bang bang-"

at the same time.

Lin Tianhao's feather arrows exploded again.

The strength of these veteran king-level masters should not be underestimated.

"Are you finally going to take action?"

A space-breaking field expanded around Lin Tianhao, and he turned around and ran while stabbing with a knife.

The assassin's dagger had just approached Lin Tianhao when it collided with the inconspicuous carving knife in Lin Tianhao's hand.

"clang--"

With a crisp sound, the dagger in the assassin's hand exploded directly, and the carving knife in Lin Tianhao's hand attacked the assassin with undiminished power.

The assassin was startled and retreated like a ghost.

But just as he retreated, his body stopped.

This is space confinement!

Lin Tianhao attacked again with the carving knife in his hand.

And right now.

The void behind the assassin split open, and a white hand appeared, grabbing the assassin away.

Lin Tianhao was not angry. He turned around and shot out another twelve arrows.

These twelve people were not willing to be outdone and continued to attack, but they were all resolved one by one by Hei Tian Ao Zhen.

Lin Tianhao only shoots twelve arrows each time.

At the beginning, they were able to block the enemy with ease, but later on, it became increasingly difficult for them to do so.

"We throw in the towel."

At this moment.

Came the voice of Lelongher.

He watched the entire battle and came to the same conclusion: an old man teasing a naughty boy! !

It was a pure crushing defeat. The twelve of them tried every possible means, but were all blocked by Heitian Aozhen alone.

The gap in strength is really too big.

Lin Tianhao smiled slightly and said:

"You admitted defeat in time, otherwise, they would really die."

Li Longheer said helplessly:

"The gap between us and you, Xue Di, is too obvious. Let's have a second game."

The reason why it is a best-of-five match is because Lielong Heer has considered that Lin Tianhao must have enough top-notch experts to lead Lin Tianhao to victory.

But if they only use the top powerhouses to win one or two games, then they still have the power to resist.

second round.

Lin Tianhao asked Shaha Dudi and Lie Hongyu to lead the team.

Of the twelve people that appeared on the opposite side, ten were king level and two were emperor level.

If such a lineup was placed in the former Shanhai Empire, it would be able to easily defeat the Shanhai Empire.

But now...

Chapter 1519 Conquering two great dynasties!

Faced with a team led by two powerful men at the divine level, their current lineup is not enough and the gap is too big.

And this second round was even easier than when Lin Tianhao and Hei Tianao joined forces.

A complete crushing victory!!

In fact, the others are all redundant. The team led by two emperor-level powerhouses is facing a team led by two god-level powerhouses. The gap in strength is too great.

Game three.

Lin Tianhao didn't even give him any chance.

The Green Fanged Ghost, the Burning Heart Nightmare, and the Pluto Bai Xiaofeng, all three appeared together.

And this time.

Lin Tianhao could also see that the Lielong Dynasty was also ready to fight to the death.

Twelve people, all of them are emperor level!!

and.

Among these twelve emperors, there are four demigods and two false gods!!

"It seems that you still have some background." Lin Tianhao said lightly.

Lielongher's eyes were burning. They had speculated that Lin Tianhao was most likely going to concentrate the top players in the first three games, and then win them with ease, without dragging the game into the fourth one.

therefore.

As long as they can hold on for the third game, they still have a chance.

however.

When the battle begins.

Lielongher realized how naive his ideas were.

Although they mobilized demigods and pseudo-gods, they were superior in rank to Burning Heart Nightmare and Bai Xiaofeng and the others.

But the difference in grade cannot be made up by this level.

of course.

If it is a job change beyond the ninth turn, such as the tenth or eleventh turn, it may be possible to make up for the difference in grade.

"But alas, they are not."

The difficulty of the tenth turn is still too great for most professionals.

Especially upgrades.

After the ninth level, upgrading is already difficult, let alone upgrading to 10,000 levels to reach the threshold of the tenth level.

"Defeated!!"

Less than three minutes into the third round, Lielonher sighed.

Although the twelve people were still struggling, Lelongher could still see it.

This is because Lin Tianhao's men did not want to kill indiscriminately, otherwise the battle would be over in one minute, let alone three minutes.

"This gap is too obvious."

The King of the Zeming Dynasty, Zeming Longyan, couldn't help but sigh.

"The Snow Emperor is very fierce, and his subordinates are even more fierce than him."

"Such a strong man can become a subordinate of the Snow Emperor. It doesn't seem to be a bad thing for us to join the Snow Emperor."

Hearing these words from Ze Ming Long Yan.

Lielonher said in a deep voice: "But in this way... we will become the kings of a fallen country."

Ze Minglong hesitated and finally sighed:

"The troubled times are coming, and joining the Snow Emperor may not be a bad thing."

"We are also part of the Galaxy World. Weren't your Lielong Dynasty and my Zeming Dynasty also established after annexing various forces?"

Lelongher was silent. He did not refute, nor could he refute.

Lin Tianhao walked over and said with a smile:

"Concession."

Lielong Heer bowed to Lin Tianhao and said, "I accept the defeat. From now on, the Lielong Dynasty will officially join the Mortal Palace."

Zeming Longyan also bowed and said, "Zeming Dynasty, also join the Fan Palace."

Lin Tianhao showed a satisfied smile on his face. This trip to Fengzhou went smoother than he had imagined.

Lin Tianhao distributed the identity tokens of Fan Dian.

"Don't worry, even though you have all joined the Mortal Palace, in most cases, I will not influence your decision."

"You are still the same as before. You can also understand that you are a subsidiary force of the Fan Palace."

Lielong Heer and Zeming Longyan both nodded slightly.

After they took over the tokens from the Fan Palace, their eyes changed slightly.

"Ding, congratulations, you have successfully conquered the Lielong Dynasty. An announcement will be made to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully joining the Lielong Dynasty. We hereby announce this and hope that all adventurers will continue to work hard!!"

.....

"Ding, congratulations, you have successfully conquered the Zeming Dynasty. An announcement will be made to the entire server soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully joining the Ze Ming Dynasty. We hereby announce this and hope that all adventurers will continue to work hard!!"

.....

"Ding, congratulations on successfully inviting the Lielong Dynasty to join the Fan Palace. The Fan Palace contribution value is rewarded +100000 billion."

"Ding, congratulations on successfully inviting the Zeming Dynasty to join the Fan Palace. The Fan Palace contribution value is rewarded +120000 billion."

.....

The two dynasties provided completely different contribution values to Lin Tianhao.

But that doesn't matter anymore.

After conquering the two great dynasties, Lin Tianhao's health points directly exceeded 33 trillion! !

The increase in the Human King Order also reached 82%, and it increased to 91% in one go! !

Before, when Lin Tianhao subdued Lie Hongyu and Buzhou Holy Land, Lin Tianhao's Human King Order slightly increased to 91%.

All attributes were raised by 9% in one go, and the result was that Lin Tianhao's health value exceeded 33 trillion! !

The overall improvement in health points has greatly enhanced Lin Tianhao's output capabilities.

"Now that you have been incorporated into our mortal palace, I will tell you directly, do you have any special tasks in hand?"

Lielonher spread his hands helplessly and said:

"For some reason, we are different from the native professionals of the Shanhai Empire. We can only issue very few tasks."

"Free attribute points are the most reward we can give out."

"Ten million free attribute points are too unattractive to me."

Ten million free attribute points are of certain use, but if it means spending a lot of time on them, it will not be in line with Lin Tianhao's next plan.

Lielonher spread his hands helplessly, "In addition, we also have some equipment evolution scrolls, talent evolution flowers, and a small number of pre-quest scrolls for the blessings of the gods."

Lin Tianhao narrowed his eyes slightly. The pre-task scroll of the Gods' Blessing, this

"Okay, in that case, I'll go to Dongzhou first."

These free attribute point rewards are tasteless to take but a pity to throw away.

Grade +1 is a bit difficult, but Lin Tianhao will not change his determination for Ragnarok.

"By the way, you can store your gold coins with me, and I will give you 50% dividend income every year." Lin Tianhao said.

Although Lin Tianhao already has a lot of gold coins in his hands, he still plans to earn more.

Gold coins are still somewhat useful at the moment.

"An annualized rate of return of 50 percent?"

Everyone present showed surprise on their faces.

This profit ratio is already very high.

"No problem." They have all joined the Fan Palace, so naturally they will not go against Lin Tianhao's will.

however.

Just now.

A figure came over at high speed.

"Your Majesty, something terrible has happened. More than 10 million sea monsters have launched a surprise attack on our coastline!!"

Chapter 1520 Xuanzhen Dragon Turtle, absolute mockery!

"Also, there are more than ten king-level sea beasts this time. I can't stop them at all." The person who came to report was also a king-level professional.

But his current condition is not very good, and his health is only 30% left.

Sea beasts riot!

Lin Tianhao had also received news that there were also sea beast disturbances on the coastline of the Shanhai Empire, but it was not as serious as this one.

But right now.

Berserker Blade's voice call came in.

"Boss Xuedi, something terrible has happened. The sea water has risen by a hundred meters and is sweeping towards our Shanhai Empire. More than five major cities along the coast have been submerged. Countless sea beasts have invaded the land, and the entire Shanhai Empire coastline has collapsed."

The voice of Berserker Blade had just fallen when another figure landed beside Ze Ming Long Yan.

"Your Majesty, the sea beasts are rioting. Our Zeming Dynasty's coastline has been destroyed. The sea beasts' offensive is unprecedentedly large. It seems that a sea beast at the level of the Great Emperor is behind it."

"what?!"

Ze Ming Long Yan's expression changed wildly, "The sea beasts haven't caused unrest for a long time, how could there be such a big unrest this time?"

Lin Tianhao also thought that something was wrong.

"My Shanhai Empire has also encountered a sea beast disturbance. I need to rush back immediately."

"Sand Sea Poison Emperor, you stay and help them, and the others follow me."

Lin Tianhao looked serious. He took out the Kunlun Mirror and headed towards the city near the coastline of the Shanhai Empire.

just.

Lin Tianhao had just arrived here when a look of astonishment appeared on his face.

Because originally only a few scattered buildings could be seen in the city, and other places had been submerged by sea water.

The city defense formation has been shattered. There are not many corpses below, and some scattered corpses are being eaten by fish and shrimp.

Break the city and eat people!!

A surge of anger rose from Lin Tianhao's heart.

The Eye of Insight opened up, and the sea water in front was still sweeping towards the land and sea.

A large number of sea beasts were rushing towards where Lin Tianhao was.

"Found it, what a great deal!!"

Lin Tianhao moved and instantly rushed towards the three auras he had just locked onto.

"Three sea beasts at the level of the Great Emperors have stirred up these raging waves and slaughtered the people of our Mountain and Sea Empire."

Lin Tianhao stood on the void, with Hei Tian Ao Zhen and Fen Xin Meng Yan on his left and right sides.

"boom--"

A column of water shot up into the sky and swept towards Lin Tianhao.

A black light shield blocked the water column outside.

However, the huge impact force contained in the water column still sent Lin Tianhao flying with the black light shield.

"It is this aura, human, that the race has found you."

An extremely angry voice came from the ocean.

Followed by.

The waves rose again to a height of a hundred meters, and a huge sea beast turned into a stream of light and rushed out of the sea.

"You are the one who killed the Dragon Son. You will pay for your stupidity. All human beings will pay for your stupidity!!"

This sea beast was surrounded by a majestic aura, and its voice could be heard thousands of miles away.

Lin Tianhao's eyes narrowed slightly. Son of Dragon?

When did he kill the Son of the Dragon?

There was only a moment of doubt in his mind, and Lin Tianhao already had the answer.

"You not only killed the Dragon's Son, you also killed so many sea beasts along the way."

"We have just slaughtered so many of your people, and you are so anxious?"

"To put it bluntly, haven't you killed enough sea beasts?!"

Lin Tianhao narrowed his eyes and said in a deep voice:

"I'm telling you why there's a sea beast riot!!"

Lin Tianhao knew very well that there were no sea beast riots in the vast continent in his previous life.

He might not know about the small-scale sea beast riot, but there was no reason for him not to know about a sea beast riot of this magnitude.

"Boy, you deserve to die. We sea beasts have always kept to ourselves in the ocean, yet you actually slaughtered us sea beasts like this and killed our dragon son!!"

Lin Tianhao sighed and said:

"No matter what the reason for the conflict between us, we are now incompatible."

to be frank.

Lin Tianhao had not expected that slaughtering sea beasts would actually lead to these troubles.

"Now that you know, you should understand that you must die!!"

Lin Tianhao narrowed his eyes and said:

"It's not certain who will die."

Hei Tianaozhen acted decisively, summoned the ancient black tower and killed him.

Lin Tianhao also shot arrows from his heart and exploded with three heads and six arms, and feather arrows poured out.

"Dragon?!"

Feeling the powerful aura emanating from Heitian Aozhen, Xuanzhen Dragon Turtle showed a look of surprise on his face.

"You are a member of the dragon clan, and a descendant of the ancient black dragon. How can you be willing to work for a human?"

The Xuanzhen Dragon Turtle was not afraid of Heitian Aozhen, who was at the half-step divine level, and even took two steps forward.

"Ancient Black Dragon, it's not too late to turn back now. Let's work together to kill this human kid. He killed the Dragon Son, and the Dragon Lord is furious. Even if you are an Ancient Black Dragon at the half-step divine level, you still can't save him."

Hei Tianaozhen's eyes were complicated, and he spoke in a deep voice:

"Without my master, I wouldn't be where I am today."

"Although we both belong to the demon clan, you even have dragon blood in your body."

"But I won't let you hurt the adults. If you know what's good for you, just leave."

Xuanzhen Dragon Turtle snorted angrily and scolded:

"A dignified ancient black dragon is actually willing to become someone else's slave. How shameful, hateful, and pathetic!!"

I can tell.

Xuanzhen Dragon Turtle was really angry.

His bloodline level is not as good as Hei Tian Ao Zhen, and his grade is not as good as Hei Tian Ao Zhen.

Even because of Lin Tianhao's previous massacre of the orcs, Hei Tianao's level has reached 20,000.

His level is also not as good as Heitian Aozhen.

But at this time.

Facing Heitian Aozhen head-on, the Xuanzhen Dragon Turtle's momentum was surprisingly no less than his.

"Xuanwu Fengtian, an absolute mockery!!"

A huge dragon turtle phantom appeared behind the Xuanzhen Dragon Turtle, and powerful force swept in all directions.

Above the sky, blocking out the sun, a blood-red beam of light fell from the sky and landed on Heitian Aozhen.

"not good!!"

Hei Tianaozhen secretly thought that something was not good.

The Xuanzhen Dragon Turtle moved its body and disappeared.

And this red beam of light seemed to be pulled by some force, and it actually mocked Heitian Aozhen as it flew over.

"It's an absolute mockery and cannot be interrupted. My Lord, be careful."

Hei Tianao could only remind Lin Tianhao like this and then fly towards the depths of the ocean.

Lin Tianhao's expression changed slightly, because in just a breath, Hei Tianaozhen had disappeared from Lin Tianhao's sight.

"Boy, without this ancient black dragon protecting you, I don't know if you can still compete with us at the level of the Great Emperor!!"

There were three sea beasts at the level of Great Emperors here just now.

Now that Xuanzhen Dragon Turtle has taken Heitian Aozhen away, there are only two powerful emperors left.

Lin Tianhao immediately called Lie Hongyu out.

"Who told you that the only person I can rely on is the Ancient Black Dragon?"
