

O games 1521

Chapter 1521 The strong man in the deep ocean!

That being said.

But Lin Tianhao was still a little worried, because the Xuanzhen Dragon Turtle seemed to be following orders! !

what does this mean?

If Hei Tianao was really taken to the Dragon Lord, his life or death would be in jeopardy! !

He is able to command so many sea beasts, even the sea beasts at the level of the Great Emperor obey his orders.

His realm has probably reached the divine level.

and.

Due to the huge number of sea beasts, the level of this dragon lord is also an unknown.

But Lin Tianhao conservatively estimated that his level would not be lower than 20,000.

Ten revolutions, divine product!!

If these two things were combined together, Hei Tianao would be in real danger.

The Xuanzhen Dragon Turtle's level was over 17,000, and the levels of the two great sea beasts in front of them were over 18,000! !

Without ten turns, there will always be a lack of heat.

Lie Hongyu fought one against two and did not lose the upper hand. He even had a tendency to suppress the opponent.

"Bai Xiaofeng, Burning Heart Nightmare, Green Fang Ghost Demon!!"

Lin Tianhao once again summoned three powerful men at the divine level.

Then he also started to output with all his strength.

Four powerful men at the level of Gods fight against two sea beasts at the level of Great Emperors.

Even in this ocean, these two sea beasts at the level of Great Emperors were still retreating step by step.

By capturing these two sea beasts at the level of Great Emperor, Lin Tianhao can help them upgrade their grades, and he will have two more powerful men at the level of Divine Grade under his command.

The more so.

The more Lin Tianhao felt, the more it seemed as if there was a big hand pushing everything from behind.

He just used the absolute teleportation and got the Beast God Bottle.

Then the adventurer from another world told him about the gambling agreement of the Star Administration.

The realm of divine quality can be regarded as the ceiling level for mortals.

but.

This is just his guess.

The God of the Source of Tao did indeed push things behind the scenes at the beginning.

But if what the young man from another world said was true, the current situation of the God of the Source of Tao was not very good.

therefore.

It may also be that I really have a good chance.

While thinking about these things in his mind, Lin Tianhao's movements did not slow down at all. He attacked continuously and arrows poured down.

"Ocean Blessing!!"

At this moment.

An ethereal female voice came from the depths of the ocean, the sea water rippled with a halo, and the aura of the two sea beasts at the level of the Great Emperor suddenly surged.

Compared to just now, it has increased by at least 80%!!

Not only has the combat effectiveness been greatly improved, but the blood volume has also been restored a lot.

They are all powerful people at the level of Great Emperor. The more powerful the person, the less effective this kind of amplification method will be.

This ocean blessing is a bit outrageous!!

"Deep Sea Purification."

The ethereal voice continued to be heard, and the negative status of the two sea beasts at the level of the Great Emperor quickly subsided.

This was a negative state imposed by a strong person at the divine level, and it disappeared so quickly.

And after the deep sea purification, any negative effects of these two sea beasts at the level of the Great Emperor were greatly weakened.

"Poseidon's Whisper: The Dragon's Summons!!"

Lin Tianhao's expression changed slightly. This skill gave Lin Tianhao a bad feeling.

"Absolute stand!!"

This skill is likely to pull away these two powerful emperors.

Lin Tianhao used his eyes of insight to try to spy on the ethereal sound coming from the depths of the ocean, but he saw nothing.

These two sea beasts at the level of the Great Emperor were the ones that Lin Tianhao had planned to include on the list.

If an 18,000-level emperor could further reach the divine level, it would be a great help to Lin Tianhao.

"Om-"

as predicted.

The moment Lin Tianhao displayed his Absolute Standpoint, it made a buzzing sound!!

"how come?"

One of the powerful sea beasts at the level of the Great Emperor showed a look of astonishment on his face.

Seeing this, Lin Tianhao couldn't help but reveal a playful smile on his face.

His bet was right.

The skill of the ethereal voice just now was to teleport these two powerful emperors away.

From an absolute standpoint, there is no possibility of survival for these two powerful sea beasts at the level of the Great Emperor.

"Seal of Revelation: Return to Heaven!"

A huge shadow rose up from the sea level in the distance.

The huge phantom pressed down with one hand, and a huge seal immediately appeared in the sky.

The seal fell slowly, pressing down on Lin Tianhao's absolute stance, causing it to buzz continuously.

Lin Tianhao narrowed his eyes slightly. The shadow looked like a mermaid, but had six arms, which actually gave Lin Tianhao a sense of holiness.

There was still a constant buzzing sound in the absolute stance, and it was actually slightly unstable.

The absolute stance that could have lasted for fifteen minutes could only last for ten minutes after this blow.

To know.

Lin Tianhao's absolute position can restrict saints and those below them.

In other words.

Even those who have just entered the stage of becoming a saint cannot break this absolute position.

Could it be because the six-armed mermaid attacked from the outside?

Or.

The attack level of this six-armed mermaid is very, very high.

Besides.

There is another possibility.

That is, she can mobilize the power of the sea.

For example, the skill that Lin Tianhao obtained from Poseidon, the god of the sea, can quickly restore health in the ocean.

"Poseidon's ultimate move: fatal water drop!"

The six-armed mermaid did not retreat. She raised her hands again and a new attack came.

I saw a drop of blue water flying towards the absolute position at a high speed.

Lin Tianhao frowned slightly. Fenxin Mengyan and the others had not yet taken down these two powerful sea beasts at the level of the Great Emperor.

And under Lin Tianhao's observation, it was the skills of the six-armed mermaid that greatly improved their ability to recover blood.

and.

The blood recovery ability of sea beasts is already very strong.

"End the battle in one minute." Lin Tianhao urged.

"Boom——"

The moment Lin Tianhao opened his mouth, the blue water drop had already hit the absolute position.

then.....

A scene that left Lin Tianhao dumbfounded appeared.

There was actually a crack in his absolute stance.

"Beast Blood Boils: Road to the Sea!"

The two sea beasts at the level of Great Emperor released the same skills almost at the same time.

Then Lin Tianhao saw the sea water flying in from the gap in the absolute position.

The healing light began to jump wildly on the two people.

Lin Tianhao's face darkened. These two guys were indeed troublesome.

In the absolute stance, the attributes dropped by 20%, but it was still able to hold on until now.

But they didn't hold out for long, as the six-armed mermaid launched three attacks. In fact, the two sea beasts at the level of the Great Emperor lasted less than ten seconds.

But with such a huge disparity in strength, it was already remarkable that the two of them could hold on for ten seconds.

The Burning Heart Nightmare immediately blocked the gap, while Lin Tianhao and his companions attacked crazily.

And the Burning Heart Nightmare was not idle either, and its soul attacks continued.

"stop!!"

There was a hint of annoyance in the six-armed mermaid's ethereal voice!

Chapter 1522 The High Priest of the Sea Tribe!

The sea water in front was rising, and it was a picture that Hei Tianaozhen's shoulders were pierced by two ink-black iron chains.

"exchange!!"

The disembodied voice seemed to be suppressing its anger.

Maybe they had already captured Hei Tian Ao Zhen, but they didn't want to let him go.

So she was just trying to rescue these two sea beasts at the level of the Great Emperor.

If she could rescue these two sea beasts at the level of the Great Emperor, then Hei Tianao would be in a very bad situation.

"Two, trade for one, we'll suffer a loss!!" Lin Tianhao said.

The six-armed mermaid said coldly:

"The sea is not short of powerful people at the level of Great Emperor, but don't you lack powerful people at the level of Half-Step Divine Grade?"

Lin Tianhao frowned. Hei Tianao had been following him for quite some time.

He couldn't bear to watch Hei Tianao die.

"Okay, deal!!"

In fact, by killing these two sea beasts at the level of the Great Emperor, he could obtain two powerful men at the level of the Divine Qualities in a short period of time. From the perspective of interests, it would definitely be better to kill them and send them to the List of Gods. This would maximize the interests of Lin Tianhao.

But Lin Tianhao is very cruel to outsiders, but he is very kind to his own people, especially to Hei Tianao, for whom he has real feelings.

"It can be said that the ancient black dragon has not followed you in vain."

The ethereal voice of the six-armed mermaid sounded.

Followed by.

The Xuanzhen Dragon Turtle came back, but he followed a tall middle-aged man.

This middle-aged man walked barefoot on the sea level. With each step he took, he covered tens of thousands of kilometers. His speed was so fast that even Lin Tianhao found it incredible.

The key is.

He did not use space travel or the method of shrinking the distance.

The power of rules lingering around him was very strange, as if he should appear thousands of miles away as soon as he took a step.

In his hands, he was dragging two iron chains, which were the two iron chains that pierced Hei Tian Aozhen.

"I have sensed before that someone has transcended the tribulation in my sea area and achieved the realm of God-level, but I never thought that there would be four of them."

This middle-aged man had beautiful features, and when Lin Tianhao first saw him, he had two feelings: domineering and handsome! !

He was not the normal kind of handsome, but the kind of handsomeness that was like that of an emperor throughout the ages. Lin Tianhao, standing in front of him, couldn't help but want to bow down in worship.

"High Priest."

Seeing the person coming, the six-armed mermaid bowed.

High Priest?

This person is not the Dragon Lord!!

The moment he saw him, Lin Tianhao thought that it was the Dragon Lord mentioned by the Xuanzhen Dragon Turtle.

The other party is not the Dragon Lord.

This put even more pressure on Lin Tianhao.

Even though he is not the Dragon Lord, he can still give him such a terrifying feeling of oppression.

??? (??):???

When Lin Tianhao took a look, it was as if billions of horses were galloping through his mind.

All question marks!!

"Ten revolutions, divine product!!"

As if realizing that Lin Tianhao was unable to see through the other party, the voice of the Burning Heart Nightmare sounded in Lin Tianhao's mind.

"Yu Ge can't save them from you, but I can!"

"The reason why I chose to trade is because the Ancient Black Dragon Clan has some connection with one of our predecessors, and I can't bear to kill him."

Lin Tianhao was silent.

He was a tenth-turn divine level cultivator, and he was still in the sea. The four divine level warriors around him might not necessarily be his opponents.

"Let's deal."

Lin Tianhao spoke calmly.

The high priest of the sea clan directly threw Hei Tian Ao Zhen over.

They didn't seem to be worried that Lin Tianhao would oppress their sea clan members.

In fact, Lin Tianhao really had no intention of holding back the sea beasts. After putting Hei Tian Aozhen back into the List of Conferred Gods, Lin Tianhao directly lifted his absolute position and let the two sea beasts at the level of the Great Emperor leave.

"You know the Arlate Galaxy..."

Before Lin Tianhao could finish his words, the high priest of the sea tribe interrupted him.

"Yes, but it has nothing to do with us. We are in the ocean and have no conflict with their goals."

Lin Tianhao frowned and said:

"If the galaxy world is lost, you will be in trouble..."

The High Priest of the Sea Clan shook his head and said, "Most people who want to reach the Tenth Level will look to us, the Sea Clan. After all, it is too inefficient to reach Level 20,000 by killing wild monsters from Level 10,000."

"So, fundamentally speaking, the people of the Alete galaxy are enemies, and so are you."

"In our eyes, land creatures have always been hostile to us."

That's it.

The High Priest of the Sea Tribe continued:

"It's just that there are indeed countless sea beasts in our ocean. We generally don't care if you hunt some of them."

"But this time, you killed the Dragon Son. Even though the Dragon Son has been resurrected, killing is killing, and there will always be a price to pay."

Lin Tianhao frowned slightly and said: "How about I let you kill it a few times, or even dozens of times."

Lin Tianhao had previously speculated that the sea area might be very strong, but he had never expected that the sea area would be so strong.

"never mind."

The High Priest of the Sea Tribe said calmly, "You are working hard to preserve your race. I should admire you."

"At the same time, I pity you. Your efforts are in vain after all."

"Your ending is destined to be miserable."

Lin Tianhao took a deep breath and said:

"Difficult, very difficult, very difficult."

"But I still have to do it. There is no other way."

The High Priest of the Sea Tribe waved his hand and said:

"The sea water will retreat back to its original position, and the sea beasts will evacuate. This time, that's it!"

Lin Tianhao hesitated to speak, but gritted his teeth and asked:

"We really have no hope against the Arlate Galaxy?"

"No."

The High Priest of the Sea Tribe answered with certainty, "Unless... you can escape and come back after you grow up."

"But that's almost impossible."

Lin Tianhao asked curiously:

"Have you ever fought in the starry sky?"

This was Lin Tianhao's subconscious question, because if the high priest of the sea clan had never conquered the starry sky, there would be no reason for him to know so many things.

"I followed the Dragon Lord out to fight for a while, so I have seen a lot."

"Also, let me add something."

The High Priest of the Sea Tribe looked at the Burning Heart Nightmare, "I am not a 10th turn... a divine one!!"

As these words fell, a terrifying aura descended.

Burning Heart Nightmare, Green Fang Ghost, Bai Xiaofeng and others all knelt down.

"how come....."

Several people showed horror on their faces. This feeling of oppression was too strong.

Lin Tianhao raised his head with difficulty and looked at the high priest of the sea clan, his heart was greatly shocked.

He...he is not a mortal at all!!

Bullshit 10th rank divine item, the other party is a saint!!

It might even be beyond the Saint realm!!

"senior....."

Burning Heart Nightmare gritted his teeth and spoke.

"gone."

The chief priest of the sea clan spoke lightly and then disappeared.

Those sea beasts also disappeared.

After they disappeared, Lin Tianhao felt the pressure on his body suddenly dissipate.

Chapter 1523 Dongzhou: Youtong Islands!

The sea water began to recede rapidly, and Lin Tianhao could not calm down for a long time.

The power of the sea people somewhat subverted his imagination.

There are actually saints among the sea people.

and.

The high priest of the sea tribe also said that the ancient black dragon had some connection with an elder of their sea tribe.

Who is this senior?

The first thing Lin Tianhao thought of was the unknown existence in the deep ocean and under the canyon.

At that time, that unknown existence also fought against the rules of the List of Gods.

"He... is a saint?" Lin Tianhao asked softly.

Burning Nightmare nodded slightly, "I should say, conservatively speaking, he is a saint."

"I never thought that there are saints in this ocean, and more than one!!"

Lin Tianhao sighed heavily and said:

"This may be fate. If you want to reach the eleventh or twelfth level later..."

Lin Tianhao's next step is the entire force. After the entire force is completed, he will focus on cultivating strong people.

Among the powerful people in the divine realm around him, Lin Tianhao really wants to help them break through to the twelfth level.

In order to reach the eleventh or even twelfth level, they need to upgrade.

The further you go, the more difficult it becomes to upgrade.

If you want to continue upgrading, sea beasts are the best choice, no doubt about it.

Only such a large number of sea beasts can support multiple people to attack the twelve turns at the same time.

But now.

The saint-level powerful High Priest of the Sea Clan is here, as well as the unknown Dragon Lord.

In other words.

It is an open secret that there are two saints in the ocean.

Besides.

Another option is to slaughter the orcs, or directly slaughter the civilians.

But if he does that, what's the difference between Lin Tianhao and the devil?

This is a dead end.

unless.....

The high priest of the sea clan and the mysterious dragon lord were able to agree to let them take action.

Disaster! !

This was worse than the sea beasts' riot, making Lin Tianhao's original plan even worse! !

Take back your thoughts.

Lin Tianhao tried his best to calm himself down.

The situation with the sea beasts was beyond his control, and he could only think about future upgrades.

After all, according to the memories of the previous life, when the Alate Galaxy attacked the Milky Way world, it did not send particularly powerful warriors right away.

It was mostly a back and forth fight, and although there was a certain advantage, it was not that big.

Perhaps in the previous life, the galactic world had not produced any adventurers who could threaten the Arlet Galaxy.

So they didn't rush into action.

of course.

There could be other reasons as well.

But no matter what, Lin Tianhao still felt that instead of praying that the Alate galaxy would not send too many powerful people over at that time, he might as well go and ask the high priest of the sea clan for help.

The trouble caused by the sea beast riot was temporarily resolved, and Lin Tianhao went to Fengzhou Continent.

In Fengzhou Continent, Lin Tianhao took out the Beast God Bottle.

There are quite a lot of masters in Fengzhou Continent.

Especially the emperor-level powerhouses. According to Lin Tianhao's statistics, there are as many as thirty-two emperor-level powerhouses in the two dynasties.

The only drawback is that neither dynasty has a strong man at the level of the Great Emperor.

But that's okay.

Lin Tianhao uses the Beast God Bottle to allow these thirty-two people to break through and enter the realm of the Great Emperor.

and.

Because these emperor-level powerhouses are basically veteran emperor-level powerhouses who have been around for many years.

They were fully capable of withstanding the upgraded thunder tribulation.

Besides.

There are also many king-level masters in the Zeming Dynasty and the Lielong Dynasty.

These people are worthy of special cultivation.

The future Ragnarok and the fusion of reality are the backbone.

As for the Holy Moon Demon Cult, although they were enemies before, they have now joined the Mortal Palace and are absolutely loyal to Lin Tianhao. It is not appropriate to attack them again.

What made Lin Tianhao most frustrated was that the list about the Alate galaxy that the Holy Moon Demon Cult gave to Lin Tianhao was basically useless.

Because those names were all known to Lin Tianhao before.

Although his health points have increased now, it is still a bit troublesome for him to use the Book of Life and Death to kill those high-level guys from the Alete Galaxy.

If Lin Tianhao wants to quickly complete the mission of Xiudeli White Fox, the best way he can do is to use the Beast God Bottle to evolve himself.

In that case, his rank will be upgraded, and there is a certain probability that his health points will reach one trillion! !

That way.

Lin Tianhao's Book of Life and Death can deal trillions of damage in one second. By then, even those high-level strong men in the Alate Galaxy will not be able to withstand Lin Tianhao's Book of Life and Death.

At least.

King level is not enough.

But if Lin Tianhao uses the Beast God Bottle to go one step further, it will be almost impossible for him to get rank +1 in Ragnarok.

and so.

Lin Tianhao still plans to integrate the forces in China according to the original plan.

If he could unify China, perhaps he would be able to go one step further.

Leaving behind Lie Hongyu and Shahaï Poison Emperor, Lin Tianhao took Bai Xiaofeng, Fenxin Mengyao, Qingya Guisha and the injured Heitian Aozhen to Dongzhou Continent.

Dongzhou Continent. According to Lin Tianhao's initial understanding, Dongzhou Continent is much more prosperous than Fengzhou Continent.

Among the five continents split from China, the most prosperous one is undoubtedly Zhongzhou.

The second place is not Haomiao Continent, nor Fengzhou Continent, but Dongzhou Continent!!

The Dongzhou Continent is extremely prosperous, but the situation there is also rather troublesome.

There is no definite authority in the Dongzhou Continent, and it is a bit like a hundred schools of thought contending with each other.

This made Lin Tianhao feel a little bit troubled.

There are hundreds of schools of thought, and if he were to conquer them one by one, even if he conquered one every day, it would still take him a hundred days.

not to mention.

The Hundred Schools of Thought does not refer to one hundred forces, but many, many.

In the Dongzhou continent, there are countries, holy places, gangs, business alliances, all kinds of them, and they are different.

A small country may be only one percent of the area of the Shanhai Empire, and a large country may be less than one-tenth the area of the Shanhai Empire.

Although there are hundreds of schools of thought in Dongzhou Continent, it is not really difficult to conquer them.

Behind the numerous large and small forces in Dongzhou, there are actually camps.

However, these camps do not have as strong binding force as the dynasties in Fengzhou Continent.

They are more of interest groups that stick together for warmth. If their interests are lost, these camps may collapse at any time.

Dongzhou.

Lin Tianhao went ashore before actually arriving in Dongzhou.

This is a large archipelago close to Dongzhou, called Youtong Islands. It is mainly composed of Youtong Island, with dozens of small and medium-sized islands around it.

The Youtong Islands are also a powerful force, with more than three billion people living on the islands.

The reason why Lin Tianhao came here first was to try his hand.

When Lin Tianhao arrived at the Youtong Islands, the situation there was somewhat bad.

Lin Tianhao found out the reason after asking someone randomly: sea beasts were rioting!

Chapter 1524 Yanshamen!

Seeing the Youtong Islands that had been destroyed beyond all recognition, Lin Tianhao couldn't help but feel secretly shocked.

Is this the background of sea beasts?

As far as he knew, the sea beasts attacked the Haomiao Continent, Fengzhou Continent and the Dongzhou Continent almost at the same time.

I heard that Zhongzhou was also attacked, but the population of Zhongzhou had dropped sharply due to the previous fog, so most people were not affected by the attack on the coastline.

But the Youtong Islands, in the ocean, according to what Lin Tianhao saw with his eyes of insight, seemed to have been destroyed, with more than 80% of the buildings destroyed and not many people left.

Under Lin Tianhao's eyes of insight, he quickly locked onto a building.

This building is a castle, part of which must have been destroyed before, and traces of new construction can be clearly seen.

Lin Tianhao used space teleportation to arrive in front of the castle.

"who?"

As soon as Lin Tianhao appeared, two guards looked at him vigilantly.

"The sea beasts are rioting, and you still stay here. Aren't you afraid that the sea beasts will attack you again?" Lin Tianhao said with a smile.

The two guards were still very wary of Lin Tianhao. After all, Lin Tianhao had used space travel to get here.

"This is our business, it has nothing to do with you."

"From your looks, you also want to annex our Youtong Islands. Even if our Youtong Islands are destroyed here, we will never join other forces."

Lin Tianhao frowned slightly and said:

"It seems that you suffered heavy losses in this sea beast riot, so much so that some people want to annex you."

The guard said in a deep voice: "We don't need your sympathy."

Lin Tianhao waved his hand and said:

"You don't have the final say over the Youtong Islands. Ask the person in charge behind you to come out."

The guards did not move, but a dozen people were walking quickly towards them from a distance.

The leader was a young man of plain appearance.

But when Lin Tianhao looked over, he was a little surprised.

This young man has only reached the seventh level, but the twelve people behind him are all at the ninth level.

Although the grade is not high, the most powerful one is only at the ninth-level diamond level, but it can be seen that this young man has some background.

"Little brother, we, the Yansha Sect, were the first to set our eyes on the Youtong Islands. It's not a good idea for you to try to snatch them away."

Look.

The young man thought that Lin Tianhao was also coming for the Youtong Islands.

but.

That seems to be true.

Lin Tianhao originally planned to take over the Youtong Islands first, and then use the Youtong Islands as a springboard to integrate the forces of the Dongzhou Continent.

"Sorry, I saw it. I was here first."

"besides....."

"Since you are here, you, the Yansha Sect, should also join me."

Hear this.

A cold light flashed in the eyes of Yan Qinglin, the young master of Yansha Sect, and he rebuked:

"Boy, which sect are you from? How dare you say such things?"

"Dian Fan." Lin Tianhao said lightly.

"Fan Dian, I've never heard of this, what kind of rubbish is this..."

Before Yan Qinglin could finish his words, the ninth-level diamond-level master beside him immediately covered his mouth.

"Young brother is the Lord of the Mortal Palace... Snow Emperor?!"

Recently, Lin Tianhao first solved the troubles in Zhongzhou Continent, and then conquered the two major dynasties in Fengzhou Continent. He can be said to have stole the limelight.

If Dongzhou Continent still doesn't know about this, then there really is something wrong.

"good."

Lin Tianhao directly revealed his nickname.

sometimes.

It would be much easier than you think to do things directly under his name.

"I didn't know it was the Snow Emperor herself. My young master has offended me just now. Please forgive me, Lord Snow Emperor."

Lin Tianhao waved his hand indifferently and said:

"What do you think of the proposal I just made?"

"Join the Fan Palace, or... leave your life behind." Lin Tianhao said.

The Dongzhou Continent is different from other places. There are too many forces here and there is no real manager.

All Lin Tianhao can do is to conquer them with iron-blooded means.

When Yan Qinglin and the other people from Yanshamen heard what Lin Tianhao said, they all showed horror on their faces.

Revolt?

They had no intention of resisting at all.

After all, they had heard about what happened in Fengzhou Continent and Zhongzhou Continent.

They still had some considerations about Lin Tianhao's strength.

"Lord Xue Di, our Yansha Sect is just an inconspicuous small sect. There are no strong people in the sect, and we are not qualified to join the Fan Palace at all." Yan Qinglin said cautiously.

As soon as he finished speaking, the ninth-level diamond-level guard beside him broke out in cold sweat.

Because facing a strong man like Lin Tianhao, his words would only make Lin Tianhao feel that he was being rejected.

And if you reject such a strong person, the lightest punishment is to kill a chicken to scare the monkeys!!

"Lord Xuedi, the young master is young and ignorant, and his words cannot be taken seriously. We are flattered to be able to join the Fan Palace. We can join the Fan Palace now."

"But if the entire Yansha Sect wants to join the Fan Palace, the Sect Master's consent is required."

This ninth-level diamond-level master was really a little panicked. He was really worried that if Lin Tianhao was unhappy, he would kill them all.

"it is good."

Lin Tianhao nodded gently, "You are also sensible of the times. From now on, you are my people in the Fan Palace."

Lin Tianhao handed over identity tokens to them.

Envious of the dozen or so people from Yanshamen joining the Fan Palace, Lin Tianhao did not receive much contribution points.

but.

This also gave Lin Tianhao hope.

His title of Snow Emperor is still very useful.

After knowing Lin Tianhao's identity as the Snow Emperor, the guard has become the current island owner of the Youtong Islands in fear and trepidation.

The reason why he is called the current island owner is because during this sea beast riot, the previous island owner of the Youtong Islands had been killed by sea beasts.

"The Lord of Youtong Islands, Youman Xun greets Master Xuedi."

You Manxun was extremely respectful to Lin Tianhao. It was because he was really worried that Lin Tianhao would take action.

Lin Tianhao waved his hand and said:

"Yanshamen has agreed to join my Fan Palace. I wonder what Master Youdao thinks?"

Hear this.

Youman Xun's heart tightened, he knew that he needed to express his stance.

Should he join Fan Palace, or choose to fight against Lin Tianhao.

If they choose to confront Lin Tianhao head-on, they will surely die.

If they choose to join the Fan Palace, they still have a chance of survival.

Lin Tianhao is not like the Yansha Sect. Although many of their strong men died in the sea beast riot in the Youtong Islands before.

But with the help of the Youtong Islands, we can deal with the Yansha Sect, which should not be a problem.

But if the opponent is Xuedi...

That would be like hitting a rock with an egg, and would lead to one's own destruction.

"We are willing." You Manyun said lightly, not daring to say a word of no.

The Youtong Islands have been severely destroyed by the sea beast riots. If they offend the Snow Emperor again, it will be a disaster for them.

"Okay." Lin Tianhao showed a satisfied smile on his face.

Chapter 1525 The Nine Emperors of Dongzhou!

Before actually landing on the Dongzhou continent, they had already defeated two major forces in succession.

This method of intimidation is still very useful.

of course.

Whether it will still be useful once we reach the Dongzhou Continent is another question.

After handing out the identity tokens of Fan Dian, Lin Tianhao asked curiously:

"The sea beast riot has such a great impact on you, why do you still want to stay here?"

"You are on an island, so you don't have to worry about the sea beasts starting a second riot."

Youman Xun shook his head and said:

"It's highly unlikely, because we have many summoners in the Youtong Islands, and they all ride sea beasts. Most of our professionals also have sea beast mounts."

"We were able to learn some information from our sea beast mounts. The reason for the sea beast riot was because the son of a great man in the deep ocean was killed."

"And the reason they retreated is because they found the perpetrators of violence, and under normal circumstances, it will be almost impossible for them to launch large-scale riots again."

That's it.

Youman Xun smiled helplessly and said:

"Master Palace Master, even if we want to leave, it will be difficult to leave."

"In our Youtong Islands, more than 95% of high-level professionals have sea beast mounts, and even the skills and secret techniques they learn are all related to the ocean."

"If we leave the ocean and head for land, the combat effectiveness of many of us will be affected."

"and."

"This is our hometown and we don't want to leave."

"Eighty percent of our people died in this sea monster riot, but there are still more than 100 million people alive."

"If you lead more than 100 million people on a migration journey without deciding where to go, you will easily become a target."

Lin Tianhao nodded slightly. This was indeed a trouble.

"Okay, I also got some news. If nothing unexpected happens, the sea beast riot should not happen again."

Hearing Lin Tianhao's words.

Youman Xun breathed a sigh of relief.

Although he also got some information, it was only a little bit of information learned from the sea beast mount, which was not of much practical help to them.

Speaking of mounts.

Lin Tianhao also has one, but the mount can no longer keep up with Lin Tianhao's growth, so Lin Tianhao hasn't used it for a long time.

Especially after having the invincible blur, it is so easy to use it to run pictures.

"Let's go to Yanshamen." Lin Tianhao looked at Yan Qinglin.

They have all joined the Fan Palace, but after all, they are not the leaders of the Yansha Sect. The only way to make it work is to recruit the leader of the Yansha Sect as well.

More than two hours later.

Lin Tianhao and his companions finally arrived at Dongzhou Continent.

In fact, before arriving at Dongzhou Continent, Lin Tianhao's Eye of Insight was already observing the situation on Dongzhou Continent.

This Dongzhou continent is indeed home to many forces.

Lin Tianhao's Eye of Insight made a casual investigation and saw dozens of major forces.

Yansha Gate.

Under the leadership of Yan Qinglin, Lin Tianhao arrived here quickly.

But just when he got here, a short and fat old man appeared in front of Lin Tianhao.

"I heard that Master Xuedi was coming, so I am here to welcome you."

Lin Tianhao narrowed his eyes slightly, feeling a little surprised.

"The realm of the great emperor?!"

Naturally, his sharp eyes could not detect any information about this short and fat old man.

The reason why Lin Tianhao could see the other party's realm at a glance was naturally because of what the Burning Heart Nightmare said.

"I am not talented, but I have gained some opportunities and have indeed reached the realm of the Great Emperor."

The short and fat old man said with a smile.

Followed by.

Powerful auras rose from the Yansha Sect.

Lin Tianhao narrowed his eyes slightly, because there were nine auras in total, and they were all at the level of the Great Emperor.

"interesting."

"You shouldn't be from Yanshamen."

"No." The short, fat old man said with a smile:

"We represent the top combat power of the Dongzhou Continent. First Zhongzhou, then Fengzhou, and finally the Earth's Core World. We already have an answer to what you want to do, Xue Di."

Lin Tianhao nodded and said:

"The Alet Galaxy is invading. I need to integrate all the forces that can be integrated. Only in this way can I be more confident in dealing with those guys in the Alet Galaxy."

The short, fat old man sneered, "Xue Di, if we join the Fan Palace, we will be affected by the rules of the Fan Palace and become your slaves."

"Not to mention the Great Emperor, even among the King-level masters, few people would be willing to be slaves to others."

Lin Tianhao narrowed his eyes slightly. It seemed that these powerful people in Dongzhou Continent knew more information.

They already knew that if they joined the Fan Palace, they would be loyal to Lin Tianhao.

"I am just a young boy, but I can get such power of rules. You should know that someone hopes that I can strengthen the Fan Palace and deal with those guys in the Alete Galaxy."

The short, fat old man waved his hand and said:

"No matter what the reason, a great and powerful emperor should not become a slave."

"What's more, if I were to be recruited by you, I would basically be dead for sure."

Hear this.

Lin Tianhao was a little annoyed and said:

"Do you look down on me so much?"

The short, fat old man shook his head and said seriously:

"Xue Di, you misunderstood. I didn't mean to look down on you."

"I'm just being realistic."

"If there were hundreds of peerless geniuses like you in this land of China, perhaps there would be a chance to turn the tide, but for you alone, the chances of success are too low."

Lin Tianhao frowned slightly and said:

"Are you guys so pessimistic?"

The short fat old man sighed and said:

"Xuedi, this is not pessimism, but a recognition based on a certain basis."

"In fact, even though you didn't come to the East State Continent, we are also trying to understand you and all of you adventurers."

"When the Alete Galaxy launches a full-scale attack, we will all go to the Divine Realm, bringing our men, relatives, and friends with us."

Lin Tianhao's face looked a little ugly, and he said:

"If you all leave, it will be even harder to save this world."

"If you stay, I can help you reach the Divine Level."

Lin Tianhao knows.

How difficult is it to upgrade from the realm of the Great Emperor to the realm of the Divine?

The appeal of Lin Tianhao's promise is immeasurable.

"Xue Di, what you said is indeed very tempting, and I don't doubt you."

"But when it comes to dealing with the Alet Galaxy, having more divine items will only delay the process a little longer."

The young man before was pessimistic, and the high priest of the sea tribe was pessimistic.

now.

These great emperors and powerful men in the Dongzhou Continent are surprisingly so pessimistic.

"I can also choose to go to the divine realm, but I still choose to stay because this is my hometown."

"I don't want to see my hometown destroyed."

"Ugh--"

The short, fat old man sighed heavily, "Xue Di, there are some things that you cannot control."

Chapter 1526 Spark, Mission, Information!

"and."

"You may be thinking too simply. I have heard from some adventurers in other worlds that you adventurers are already fish on the chopping board. None of you can escape."

Lin Tianhao's eyes narrowed slightly, and he asked in a deep voice:

"why?"

Lin Tianhao knew that there were adventurers from other worlds in Dongzhou Continent and Fengzhou Continent.

Then they may also follow the adventurers from another world to travel to another world.

The more powerful ones can leave directly and go to the divine realm.

"You are not physical entities in your current state. No matter how powerful you are, you cannot leave the galaxy world."

"As for leaving your so-called real world, does your real world have the conditions to allow you to leave the galactic world?"

Lin Tianhao was silent. He has been feeling a little upset lately.

"And when the Ragnarok can no longer protect you, the Alete Galaxy has asked the Thunder Punishment Temple to block your passage to the divine realm."

"Either flee to the endless starry sky, or... wait for destruction."

Lin Tianhao said with a gloomy face:

"I will not wait for destruction, so I am now working hard to fight against the Alete Galaxy."

That's it.

Lin Tianhao paused for a moment, then looked at the short, fat old man seriously and said:

"You told me all this just to break my self-confidence?"

The short, fat old man shook his head and said:

"No, we can hand over the Dongzhou Continent to you. For us, defending it when we can't defend it is something only a fool would do."

Lin Tianhao was slightly surprised. He originally thought that the major forces in Dongzhou Continent were complicated and it would be a bit troublesome to conquer Dongzhou Continent.

But he never expected that this short and fat old man would actually say that he could hand over the Dongzhou Continent to him.

"You don't have to doubt our ability. We can let you get the Dongzhou Continent first."

"Of course, you need to accept our mission."

"What mission?" Lin Tianhao asked curiously.

"Help us advance to the Divine Rank. I know that in your hands, there is a treasure that can help the strong men at the Great Emperor Rank advance to the Divine Rank."

Lin Tianhao narrowed his eyes and said:

"You guys are really calculating."

"We will leave the Galaxy World and head for the Divine Realm. Don't worry, we won't take too many people with us. Each of us will take no more than 3,000 people. This should be no big deal for you."

Three thousand people is indeed a drizzle compared to the trillions of people on the Dongzhou continent.

Even if there were nine of them, they could only take away more than 20,000 people in total, which would not have any impact on Lin Tianhao's Man Wang Ling.

"It seems that there is no need for me to help you advance to the God level. I can even kill you and send you to the God List. In this way, you will be at my disposal."

"The most important thing is, I don't think I can conquer the East State Continent without your help."

"Xuedi, with your ability, you do have a great chance of conquering the Dongzhou Continent, but what about the time?"

"I guess you are short of time, Xue Di."

"Your hidden profession requires you to find Heavenly Punishment equipment, but Heavenly Punishment equipment is not that easy to find."

"If you agree, we nine can tell you everything we know about the Heavenly Punishment Equipment."

That's it.

The short, fat old man continued:

"You should be able to tell that the ones coming here are not our real bodies."

"If you disagree, our main body will immediately lead people to the divine realm."

"As for the Dongzhou Continent, you can play by yourself."

Lin Tianhao frowned and thought.

indeed.

The Dongzhou continent is very large. If he were to visit each force one by one, the time cost would be too much for him to afford if he wanted to conquer so many forces on the Dongzhou continent.

"If you refuse, we can go to the Divine Realm as Great Emperors, which is not too bad. But you, while unable to send us to the Conferred God List, will also take time to conquer the East State Continent."

"And if you push too hard, these forces on the East Continent will flee, and you will be in even more trouble."

The short and fat old man was still trying to induce Lin Tianhao.

Although Lin Tianhao could not refute the words of the short and fat old man, he still felt a little unwilling.

If nine powerful men at the level of Great Emperors are put on the List of Gods, they can be trained to become nine powerful men at the level of Gods.

Seeing that Lin Tianhao seemed a little hesitant, the short and fat old man continued:

"Xue Di, although it may sound a bit harsh to say this."

"But... don't we represent the spark of the galaxy world? If we develop better in the God's Domain, we can be regarded as spreading the branches and leaves of the galaxy world."

"it is good!!"

Lin Tianhao was not a indecisive person. After weighing the pros and cons, he was ready to agree.

Let's first chew on the hard bone of Dongzhou Continent.

The short and fat old man's last words touched Lin Tianhao.

Lin Tianhao didn't know how the battle between the Galaxy World and the Alate Galaxy would end.

Maybe the final result will be just as the young man and the sea tribe chief priest expected, a dead end!
!

They can't leave these native places of Blue Planet.

I must fight to the end and let the light of the galaxy shine in the divine realm. It seems that I am not incapable of doing so.

The short, fat old man showed excitement on his face.

He immediately assigned the task to Lin Tianhao.

"Ding, Emperor Qiu Meng has issued a mission to you: help the nine of them to ascend to the realm of the Godly Grade."

"Mission requirements: Help the nine of them (Emperor Qiu Meng, Emperor Yun Hua, Emperor Feng Tian...) to reach the level of ascended rank."

"Mission Reward: Ownership of the East State, and all the information they know about the Heavenly Punishment Equipment."

"Mission penalty: None."

"Ding, do you want to accept it?"

"Accept."

Lin Tianhao just glanced at it and took on the task.

"Now, can you tell me about the Heavenly Punishment Equipment?"

The short Emperor Qiu Meng said slowly:

"Xue Di, the nine of us have already exchanged information with each other, and we know that you are coming. We have also specially checked a lot of information, just to have more capital for today's negotiation with you."

"We did gain a lot of useful information."

"There are three super god-level hidden professions in Ragnarok, namely the magic system, the warrior system and the archer system."

"However, it is rumored that there were originally six, but for some reason, only three were left."

Lin Tianhao knew some of them before, but he didn't know six, he only knew three.

And the owner of the super god-level hidden profession of warrior profession has joined his mortal temple.

As for the super god-level hidden profession in the magic system, Lin Tianhao has no news at all now and doesn't know whether he has been transferred.

"As for the Heaven Punishment Equipment, it is rumored that there are a total of 19 pieces, but due to some special reasons, there are only 13 pieces left."

"Of course, these are just the information we found in ancient books. We cannot guarantee whether they are accurate or not."

Chapter 1527 Clues to the Super God-level Talent Awakening Stone!

Lin Tianhao's mouth twitched. What difference does it make whether he said this or not?

"It's impossible, Xue Di. We have never come into direct contact with the super god-level hidden profession. I hope you can understand this."

Lin Tianhao smiled bitterly. Now Lin Tianhao has obtained the Sky Punishment Ring, Sky Punishment Cloak, Sky Punishment Boots, Sky Punishment Heart Mirror, Sky Punishment Shoulder Pads and Sky Punishment Helmet, a total of six pieces of equipment.

The mission of Xiudeli White Fox gave a Sky Punishment Ring, which is the seventh one.

There are two pieces in the extraterritorial land of the Haomiao Continent and one piece in the Dark Dragon Lake of the Zhongzhou Continent, which makes a total of ten pieces. Lin Tianhao knows this.

of course.

Just as Emperor Qiu Meng just said, the information that there are Heavenly Punishment Equipment in these places is not accurate.

The only thing that can be confirmed is the ring of heavenly punishment in the hands of Xudri White Fox.

Because the mission is accomplished, the reward will naturally be recognized.

"And we in the Dongzhou Continent also have a piece of Heavenly Punishment equipment. That piece of Heavenly Punishment equipment is in Qiongshan Menghe."

Lin Tianhao frowned slightly, poor mountains and dreaming rivers?

The name doesn't sound like a good place.

"Is this Qiongshan Menghe dangerous?" Lin Tianhao asked.

Emperor Qiu Meng nodded, then shook his head, "It is dangerous, but it is not life-threatening."

"Will we be trapped?"

"Ah."

Emperor Qiu Meng showed a solemn look on his face.

“Anyone who enters the Dream River of the Poor Mountain will feel very sleepy. The further they go, the sleepier they will feel. Eventually, they will fall asleep, and it will be almost impossible to wake up.”

"almost?"

Emperor Qiu Meng smiled slightly and said:

"Nothing is absolute in this world. There have indeed been people who woke up after falling asleep in the Qiongshan Menghe River, but there are only thirteen people who have been recorded as waking up from there."

"Ten of them are only in the outer area of Qiongshanmenghe."

Lin Tianhao sighed, this is really troublesome.

It seems that it will not be easy for him to search for the remaining Heavenly Punishment equipment.

This is troublesome.

Even if he obtained the Heavenly Punishment Ring from Xiudeli Baihu, he could only complete the eighth turn.

Eight turns. This is not enough, far from enough.

Lin Tianhao needs more.

"You know the super god-level hidden profession, but do you know the super god-level talent awakening stone?"

After Lin Tianhao's Sky Punishment series of talents awakened the Hand of Sky Punishment, the Heart of Sky Punishment and the Brain of Sky Punishment, the god-level talent awakening stone could no longer awaken talents.

"I know, but no, I've only seen it in ancient books. This kind of thing is only possible in the divine realm and the endless starry sky."

Lin Tianhao sighed. Without the super god-level talent awakening stone, his talent could not be further awakened.

To fight against those guys in the Alate Galaxy, Lin Tianhao needs to prepare a lot of things.

Changing jobs, awakening talents, increasing health points, and everything else require him to plan ahead and do it to the best of his ability.

and.

According to what Emperor Qiu Meng said, there are thirteen pieces of Heavenly Punishment equipment. Does this mean that he can complete fourteen job changes?

After all, the first job change did not use the Heavenly Punishment equipment.

In Ragnarok, he is not the only one who has the profession of Sky Punishment Archer.

There is one more person!!

Water is like smoke!!

Will she have the Heavenly Punishment equipment in her hands?

According to the information Lin Tianhao had learned from Shui Ruyan before, Shui Ruyan, as the chosen one, should not need to complete the task in the first transformation.

When you change your job later, you will most likely need Heavenly Punishment equipment.

Because Shui Ruyan said that if she knew where the Heavenly Punishment equipment was, then she would now be a false god.

From this point, it can be inferred that Shui Ruyan will need Tianfa equipment for her subsequent job change.

The Shui Ruyan that he had met at that time seemed to have reached level ninety-five, which meant that Shui Ruyan had already reached the second level.

The first transformation was because of the Chosen One, and the second transformation? Was it because of the Heavenly Punishment equipment?

Lin Tianhao's mind suddenly became active.

If so, does that mean that he might be able to get the Heavenly Punishment equipment from Shui Ruyan?

But Lin Tianhao was just thinking about it.

Shui Ruyan is a bit elusive, and Lin Tianhao hasn't seen her for a long time.

Lin Tianhao glanced at the sky and said:

"I heard that there is a world above the land of Shenzhou."

Hear this.

Emperor Qiu Meng said seriously:

"There is indeed a world called Yun Dian, but what you just said reminds me that Yun Dian might actually have a super god-level talent awakening stone, because Yun Dian can be traced back to before the Age of Gods, when it was a world where saints walked the world."

"During that period of time, it was indeed possible to misplace the Super God-level Talent Awakening Stone."

Lin Tianhao's eyes lit up. Although this was just a legend, some information was better than no information at all.

"Then do you know how to reach the Cloud World?" Lin Tianhao asked.

"do not know."

Emperor Qiu Meng smiled awkwardly and said:

"Anyway, it's not as simple as just flying up there. To be honest, we flew to the top of the clouds and specifically searched for the so-called world at the top of the clouds, but we failed."

"We have searched the entire Dongzhou continent and the surrounding seas, but have found nothing."

"According to the records we found, there is a world called Yunding above the Dongzhou Continent, and its area is not small."

Lin Tianhao frowned. There has been no good news recently.

It's mostly bad news.

The Sky Punishment equipment is difficult to obtain, and their chances of fighting against the Alite System are slim, and they don't even have a chance to escape.

and.

Most of the previous Heavenly Punishment equipment appeared in the form of tasks, and the task requirements were at least clearly visible.

At least he knew how to do it.

But now, we are given an unknown without any reason, and the most important thing is that this unknown is not authentic.

What does "no guarantee" mean? It means that he works hard for a long time, but in the end he may get nothing.

Just thinking about it made Lin Tianhao feel his scalp tingling.

"Okay, then help me conquer the Dongzhou Continent."

Lin Tianhao rubbed his temple. His previous growth path had been very smooth. Along the way, he felt that with his growth rate in this life, he would be able to compete with those guys in the Alate Galaxy in the future.

But now.

Especially lately.

The more information he learned, the stronger the feeling of uneasiness Lin Tianhao felt.

Lin Tianhao suppressed the uneasiness in his heart and tried his best to calm himself.

Next.

In just three days, the nine great emperors of Dongzhou Continent summoned the leaders and elders of all forces in Dongzhou Continent, as well as the kings and core members of some kingdoms.

And there is only one purpose, to make them join the Fan Palace.

The nine powerful emperors in the team meant that many of these people actually had some resentment.

But after Emperor Qiu Meng weighed the pros and cons for them, they all agreed.

Chapter 1528: Immortal Bird!

Just when Lin Tianhao was happily distributing the Fan Temple tokens to these guys, a voice call came from Mad War Blade.

Just after picking up the phone, Lin Tianhao heard the anxious voice of Mad Blade.

“Snow Queen, Ancient Dynasty... Something big happened in the Ancient Dynasty Secret Realm, the Ancient Dynasty was destroyed!!”

Hear this.

Lin Tianhao's expression changed drastically.

There are super god-level hidden professions in the secret realm of this ancient dynasty.

and.

The ancient dynasty is also his territory. The population of the ancient dynasty is not large, but it can provide life points for Lin Tianhao.

"I will be right back."

Lin Tianhao didn't even say hello to Emperor Qiu Meng and went straight to the secret realm of the ancient dynasty.

Entering the secret realm of the ancient dynasty, what Lin Tianhao saw was a vast expanse of barren land, devastated everywhere.

It was as if there was a meteor shower, a meteor shower covering the entire ancient dynasty!!

The entire ancient dynasty is full of potholes, and in these potholes, there is bubbling magma. Even though some time has passed, the magma still emits scorching heat.

Lin Tianhao secretly thought that something was wrong and felt a strong sense of oppression in his heart.

The super god-level hidden career transfer altar was built on the foundation of the ancient dynasty. The ancient dynasty was destroyed like this, what does this mean? It is self-evident! !

"Who is it?" Lin Tianhao asked.

"My people sent a video, which has been sent to you."

Before Berserker Blade could finish his words, a video was sent to him.

In the video, a giant flaming bird that blocked out the sky flew over the ancient dynasty.

Every time it flapped its wings, countless meteor showers would fall, sweeping across the entire ancient dynasty.

Lin Tianhao's fists were clenched so hard that they made a crackling sound. He thought that those guys from the Alate Galaxy might attack the ancient dynasty's secret realm.

But he never thought that it would be done in this way.

"Look at these traces, they look a bit like those left by the ancient immortal bird." Ned Liv's voice rang out.

Lin Tianhao narrowed his eyes slightly, the immortal bird?

This immortal bird is so huge that it is difficult to hide.

Monsters that can reach this level can basically transform into humans.

If it took the form of a human, it would be even more difficult to find it.

"How much do you know about the ancient immortal bird?" Lin Tianhao asked.

Niedlifu thought for a moment and said:

"The ancient immortal bird was originally a man-eating demon bird. Later, it accidentally swallowed a ball of immortal fire and transformed into an immortal bird."

"Although its roots have changed, its human-eating nature has not changed."

"Then it ate the descendant of a super-powerful man. The super-powerful man attacked and tore off its wings, shattering its spirit."

“But because it has acquired the characteristics of immortality after merging with the Immortal Divine Fire, that super powerful being was only sealed by it, and was unable to completely control it.”

That’s it.

Ned Liv paused for a moment before continuing:

"However, this immortal bird has disappeared for a long time. It suddenly appeared now. It is very likely that the sealed place is in the ancient dynasty secret realm, which caused such a disaster."

Lin Tianhao's face was extremely ugly. The ancient dynasty's secret realm was destroyed, which would undoubtedly slow down his growth.

however.

Even if he had some idea in his mind, he couldn't change anything now.

Lin Tianhao had already anticipated that those guys from the Alete galaxy would destroy the super god-level hidden career transfer altar.

There is a high probability that the Immortal Bird broke through the seal this time, and it is related to those guys in the Alate Galaxy.

"Are you the Snow Emperor?"

At this moment.

A majestic male voice came.

Lin Tianhao turned his head and saw a middle-aged man in a fiery red feather robe appear in his sight.

? ? ? (??):? ? ?

With just one glance, Lin Tianhao could see how outrageous this guy was.

"Who are you?" Lin Tianhao asked.

The middle-aged man spoke calmly and said:

"Phoenix, I destroyed the super god-level hidden job transfer altar. You should hate me very much."

A cold light flashed in Lin Tianhao's eyes, "You know, then you dare to appear in front of me, aren't you afraid that I will kill you?"

"I am immortal."

"You don't have the ability to kill me."

"You can try."

Lin Tianhao immediately called out Burning Heart Nightmare, Hei Tianao, Bai Xiaofeng and Green Tooth Ghost.

"You destroyed this super god-level hidden career transfer altar and killed so many people from the ancient dynasty. You... deserve to die!!"

The middle-aged man did not change his attitude because of Lin Tianhao's strong murderous intent.

"You can't kill me. On the contrary, if I fly over the Shanhai Empire, I don't know how many people my meteor shower can kill."

"Are you threatening me?!"

Lin Tianhao was even more murderous, and he couldn't let this immortal bird live.

"Correct."

The immortal bird looked at Lin Tianhao with a smile and said:

"I'm just threatening you, what can you... do to me?"

Provocation, naked provocation!!

Lin Tianhao had never encountered such a provocation before.

"calm!"

The voice of the Burning Heart Nightmare rang in Lin Tianhao's mind.

"Someone released the Immortal Bird, and it's obvious that this Immortal Bird is here to provoke you. The person who released the Immortal Bird must have some purpose."

Hearing the message from Burning Heart Nightmare, Lin Tianhao's face suddenly changed.

If nothing happened in the ancient secret realm, where should he be now and what should he be doing?

In Dongzhou Continent?

But those guys in the Alite Galaxy seem unable to stop him from conquering the Dongzhou Continent.

and many more! !

Lin Tianhao thought of something and had a very bad premonition in his heart.

Nine powerful emperors in the Dongzhou Continent provided him with information about the Heavenly Punishment Equipment to help him conquer the Dongzhou Continent.

What is the purpose?

To improve the grade!!

Before he came to the ancient dynasty secret realm, he only needed to distribute the tokens and then go to Fengzhou Continent to find the Poison Emperor of the Sand Sea to get the Beast God Bottle.

Lin Tianhao instantly took out the Kunlun Mirror.

however.

He had just taken out the Kunlun Mirror when his body was blown away by a blast of fire.

"Stop him!!"

Lin Tianhao growled.

The heritage of the Arlate Galaxy cannot be underestimated.

Lin Tianhao had no idea whether the Poison Emperor of Sand Sea could withstand it if they attacked with all their strength.

The Green Fanged Ghost Demon summoned the Divine Talisman Tower and suppressed the Immortal Bird.

The Green Fang Ghost Demon is a powerful god-level warrior of the rule type. Even if this unknown immortal bird is more powerful than the Green Fang Ghost Demon, it is by no means easy to kill the Green Fang Ghost Demon.

With the Green-fanged Ghost Demon blocking his way, Lin Tianhao immediately used the Kunlun Mirror to leave.

Fengzhou Continent, Tianjiansi!!

Because of the contract induction of the List of Gods, Lin Tianhao was able to lock the coordinates of the Poison Emperor of Sand Sea.

As soon as he arrived here, Lin Tianhao saw that the Sand Sea Poison Emperor had one arm cut off by a flying knife.

The severed arm began to quickly grow a new arm, but despite this, the Poison Emperor of Sand Sea still looked very embarrassed.

Chapter 1529 Kill the Emperor of the Alate Galaxy!

They destroyed the secret realm of the ancient dynasty and even used the immortal bird to delay themselves. These guys in the Alite galaxy were really good at scheming.

Their goal is the Beast God Vase.

It seems that Lin Tianhao's unrestrained use of the Beast God Bottle during this period has alarmed these bastards in the Alate Galaxy.

"So fast?"

The leader showed a look of astonishment on his face.

"Big Dream Butterfly Shadow!"

Although these guys from the Alate Galaxy were surprised at why Lin Tianhao came so quickly, they did not stop their actions at all.

Lin Tianhao had just landed when he felt a buzzing in his head. His whole consciousness could not bear it and he felt drowsy.

The degree of his soul transformation has reached a very high level, and he is highly immune to this kind of mental means.

But his own soul power is still a little inferior to those of these truly top-notch masters.

Burning Heart Nightmare and Bai Xiaofeng also joined the battle, which made the Poison Emperor of Sand Sea feel a little better.

Hei Tianaozhen did not take action because he had been severely injured by the high priest of the sea clan before and was still in the recovery stage.

"withdraw!!"

After seeing Lin Tianhao, the people from the Alate Galaxy no longer had any intention of fighting.

especially.

This time, Lin Tianhao brought two powerful men at the divine level with him.

It was somewhat difficult for them to deal with a powerful god-level warrior, let alone facing multiple powerful god-level warriors at the same time.

"Go back." After confirming that the Beast God Bottle was fine, Lin Tianhao took the Sand Sea Poison Emperor and returned to the ancient dynasty secret realm.

He just came back, and the Green Fang Ghost was the only one left here.

"Sir, after you left, the immortal bird simply forced me back and then ran away." said the Green Tooth Ghost.

Lin Tianhao had never thought that the Green-fanged Ghost Demon could defeat the Immortal Bird, so this time, things finally ended without any danger.

"Sand Sea Poison Emperor, are you okay?" Lin Tianhao asked.

The Sand Sea Poison Emperor said in a deep voice:

"My body has been damaged many times. Although I have recovered, it has consumed a certain amount of my life essence. It will probably take a long time to recover to its peak."

Lin Tianhao's face darkened. "Did you learn anything from fighting with them?"

The Poison Emperor of Sand Sea was able to injure a divine-level being many times in a short period of time. The people who participated in the operation from the Alite Galaxy this time were all very powerful.

"It's not about experience, but I know their attack patterns."

"They can penetrate our spirits and attack my spirits to confuse me. They are very experienced in attacking spirits and can even condense their spirits into ox-hair needles and pierce them into my spirits in an instant."

"That stinging pain can even interrupt some of my regular skills."

"Not only that, their mental power can cover my equipment, clothes, and even my body, which greatly restricts my movement and attack."

"And the third method is the flying knives they control. Their flying knives can travel through the void. This should be related to the material of the flying knives."

"Under their control, the flying knife can travel through the void and reach my throat in an instant."

Hearing these words from the Poison Emperor of Sand Sea, Lin Tianhao's face darkened.

"Is this a spiritualist? It seems like it's something that anyone with a strong soul power can do."

"But they seem to have a complete offensive and defensive system for this."

The Sand Sea Poison Emperor nodded heavily and said:

"Their purpose this time is very clear, they are coming for the Beast God Vase."

"They almost succeeded. Their mental power controlled the Beast God Vase. If I hadn't reacted quickly enough..."

Lin Tianhao said seriously: "They haven't taken direct action recently. I've been a little lax."

This time.

Thanks to the reminder from Burning Heart Nightmare, otherwise, if he really fought with the Immortal Bird, given the Immortal Bird's immortality, it would be unlikely for him to end the battle in a short time.

As for why they didn't take action when Lin Tianhao was in Dongzhou Continent.

It should be that Dongzhou Continent has spies in Fengzhou Continent, who can use talismans to transmit messages at any time.

Another reason may be to be on the safe side.

After all, if Lin Tianhao was in the Dongzhou Continent, he could return to Fengzhou at any time. Because of the existence of the Kunlun Mirror, it was very convenient for Lin Tianhao to go anywhere.

But this time.

It also sounded a wake-up call for Lin Tianhao.

Even though he is very strong now, and even though he has several powerful gods around him, he still cannot let his guard down.

Lin Tianhao took another deep look at the devastated ancient dynasty and sighed with some reluctance.

Now the super god-level hidden profession transfer altar in the Ancient Dynasty Secret Realm has been destroyed, which means that he needs to find other super god-level hidden profession transfer altars.

But how could a super god-level hidden career transfer altar be found so easily?

Lin Tianhao tried his best to calm himself down. These guys from the Alete Galaxy were causing trouble just to disrupt his rhythm.

What he needs to do now is to keep a steady mind.

It is important to return to Dongzhou Continent.

Lin Tianhao continued to issue tokens to the Fan Palace.

After integrating the Dongzhou Continent, Lin Tianhao's Human King Order increased directly to 103%! !

The increase suddenly reached 12%, which was something Lin Tianhao had not expected.

At this time, Lin Tianhao's health points also broke through the 40 trillion mark.

The damage of the Book of Life and Death lock can be taken to a higher level.

Especially at night, Lin Tianhao's all attributes doubled, which means that the Book of Life and Death can deal 800 billion damage per second.

With this amount of damage, even an ordinary king-level warrior would not be able to withstand the lock of Lin Tianhao's Book of Life and Death.

of course.

The prerequisite is that he is a king-level strongman who has not completed the physical transformation.

Next three days.

Lin Tianhao continued to gain enlightenment and practice, and by the way helped nine great emperors to ascend to the divine realm.

They were promoted to the divine level one after another.

Lin Tianhao's damage transfer had cooled down, and Lin Tianhao once again killed a master from the Alete galaxy.

and.

This time, Lin Tianhao used the power of blood recovery in the ocean and resurrected on the spot to directly kill a great emperor master from the Alite galaxy.

"Ding, congratulations, you have successfully killed Gu Limu Xuanqing. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Gu Li Mu Xuan Qing. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

"Ding, congratulations, you have successfully killed the Nine-turn Great Emperor of the Alet Galaxy. Rewards: Free Attribute Points +500000, Talent Evolution Flower +1, Equipment Evolution Scroll +10, Skill Star Upgrade Scroll +5."

Lin Tianhao raised the corner of his mouth. There have always been rewards for killing these guys from the Alete galaxy.

Chapter 1530 The 8th level of the realm of asking for the way!

But Lin Tianhao did not expect that the reward for killing a strong man at the level of the Ninth Transformation Emperor would be so generous.

"It's a pity that I don't have a list of the god-level masters in the Alait Galaxy. If I had one..."

Lin Tianhao got a little excited just thinking about it.

If he stacks up the BUFFs and uses damage transfer, even if the opponent is a strong man at the ninth level of divine quality, he can still kill him by using damage transfer.

First of all, Lin Tianhao's attributes double at night, which is 80 trillion.

Second, Lin Tianhao can restore his health to full within one second while in the sea water.

Third, Lin Tianhao also has Manxing's revival of dead trees and his second real body to cooperate with the resurrection on the spot.

Fourth, Lin Tianhao has several powerful men at the divine level. If they output at their full strength, the damage will be completely sufficient.

The inner world!

Somewhere in a secret underground palace.

A figure rushed in quickly.

"Lord Lan Bo, the Snow Queen killed the great emperor of our Gulimu family from a long distance."

After the figure entered the secret realm of the underground palace, he said with a very grim expression.

Besides.

Lin Tianhao's enlightened brain has also cooled down.

This divine brain for enlightenment will be the core of Lin Tianhao's next enlightenment.

The speed of enlightenment is ten thousand times faster, and it lasts for one day.

This is truly enlightenment in one day, which is equivalent to more than twenty years of hard practice.

This does not include the improvement in the speed of enlightenment brought by Lin Tianhao's other equipment.

Lin Tianhao began to continue his enlightenment.

The enlightenment gained during this period has allowed Lin Tianhao's understanding of the way of space to reach the fifteenth level of the realm of asking for the way.

This made Lin Tianhao a little confused about what to do.

If it were someone else, they would have reached the Dao realm long ago.

But Lin Tianhao is still stuck in the realm of asking for the way.

The key is.

The further you advance in the realm of Taoism, the more difficult it becomes to improve.

After using the Enlightenment Brain, Lin Tianhao's enlightenment speed began to increase rapidly.

The Way of Space, the sixteenth level of the realm of Taoism!!

The seventeenth level of the realm of asking questions!!

The realm of asking questions... the eighteenth level!!

At the last moment, Lin Tianhao finally took one step further and reached the eighteenth level of the Asking Dao Realm.

"no....."

Lin Tianhao was really a little confused.

When he comprehended the great way of power before, he didn't have such trouble.

just now.

He seemed to be stuck here.

In this way of space, how far must one go on the road to the realm of asking for the way before it can be considered the end.

Lin Tianhao raised his hand and ripples appeared in the space, and a space crack appeared.

Lin Tianhao took a step forward and directly traveled across a land of thousands of miles.

The key is.

With this step of ten thousand miles, Lin Tianhao hardly felt any consumption.

One more step.

This time, Lin Tianhao chose to take one step and travel 100,000 miles! !

There has been some consumption, but it is still not the limit.

So...how about trying to travel a million miles in one step?

Lin Tianhao took another step forward.

however.

This time Lin Tianhao failed.

He could not cross a distance of one million miles in one step, which was only about 650,000 miles.

And this consumption was already a bit too much for Lin Tianhao to bear.

However, Lin Tianhao could sense that although one step of 650,000 miles was a bit exhausting for him, if he walked three or four steps in a row like this, there would still be no problem.

If one step is ten thousand miles, then for Lin Tianhao, walking thirty or forty steps should not be a problem.

But Lin Tianhao hasn't tried it yet.

Not only that.

The offensive and defensive methods of this spatial way should not be underestimated either.

Lin Tianhao could feel that if he tried his best, he should be able to use the power of space to seal a small city with a population of one hundred million.

"No wonder the proportion of enlightenment becomes larger as time goes on."

What Lin Tianhao can now do with the way of space has surpassed too many skills.

Or rather.

The way of space is the origin of skills.

It is similar to the displacement skill Space Flash that Lin Tianhao obtained at the beginning.

Now Lin Tianhao can use it at will.

Multiple uses without cooling are minor problems.

Now that the Dongzhou Continent has been taken by Lin Tianhao, according to the previous rhythm, Lin Tianhao should go to the Far North Continent.

But now Lin Tianhao was a little hesitant.

Does he need to consider starting from Dongzhou Continent first? After all, there are so many powerful people at the level of Great Emperor in Dongzhou Continent.

With training, they can all become powerful people at the divine level.

Zhongzhou Continent!

"Fierce red rain."

Lin Tianhao called Lie Hongyu out.

"I want to subdue the powerful people at the level of Emperor in Dongzhou Continent. Do you have any suggestions?" Lin Tianhao asked.

After hearing this, Lie Hongyu fell into deep thought.

After a while.

She just said:

"After reaching the realm of the Great Emperor, it will be very difficult to subdue them."

"The easiest way is to kill them and send them to the list of gods."

"I thought so too." Lin Tianhao said lightly.

Rather than fighting with these powerful emperors, it is better to kill them directly! !

Those who achieve great things should not stick to trivial matters.

Lin Tianhao may be an executioner now, but he has no choice.

of course.

With Lin Tianhao's current growth rate, he will be able to negotiate with the Alate Galaxy after it attacks. He can use his ability of space to negotiate.

but.

Lin Tianhao was unwilling.

He has feelings for both Blue Star and Dragon Kingdom.

The key is.

He has a blood feud with those guys in the Alete Galaxy!!

In his previous life, he had fought many battles with those guys in the Alite Galaxy, and he saw too many human sacrifices.

Now that he's gone, what chances does the Galaxy World have of winning?

"Let's go." Lin Tianhao summoned the Kunlun Mirror.

Although the Zhongzhou continent had been severely attacked before, the top forces are still there.

Today, the Central Plains is in a state of disrepair and is beginning to develop and recover rapidly.

Led by Lie Hongyu, Lin Tianhao came to the Long family.

Long family.

A behemoth in the Zhongzhou continent, a genuine super family.

It is also a family with the level of Great Emperor in Zhongzhou Continent.

Lin Tianhao and Lie Hongyu did not hide their aura and stepped directly into the Long family.

"Lord Snow Emperor, Red Rain Emperor, no, now you should call him Red Rain Venerable."

The one who came out to greet Lin Tianhao was the powerful emperor of the Long family, Long Hong.

The name is very ordinary, but before coming, Lie Hongyu briefly introduced Long Hong's situation.

This Long Hong is also well-known throughout the entire Zhongzhou Continent.

Their Long family has the blood of the ancient dragon clan. It is said that their ancestor of the Long family combined with a powerful figure of the dragon clan and gave birth to half-human, half-demon offspring.

The ancestor of the Long family has a very high bloodline, and when combined with the blood of the dragon clan, their talent is stronger than that of most humans.

As for Long Hong, he was even more amazing. He once single-handedly forced back the seven emperors of the deep sea, and even fought on the coastline without losing the upper hand.

these years.

There have been rumors that Long Hong may be about to enter the realm of half-step godhood.

"Emperor Long Hong, I don't like beating around the bush. I came here to invite you to be on the List of Gods." Lin Tianhao said bluntly.
